## TIFFY HIGH DEFEATS FAST JUNCTION FOOTBALL TEAM

Thanksgiving Day, the local football fans received quite a treat when the local football team of Tivy High School defeated the strong Junction High School team by the score of 13 to 6, thus redeeming themselves for the defeat received from the same team earlier in the season.

This being the last game of the schedule quite a large number of enthusiastic fans from the surrounding country as well as from the city were out to witness the game. Owing to the fine weather which prevailed during the time of play the game was a good, fast and exciting one. However the Junction team, including the 220-pound "baby" on the line, was no match for the local contingent. Wilson, Palmer, Flach, and Franklin, playing in the strong line and supported a brick wall against the onslaught of the Junction players. Renschel and G. Rees were out of the game for the locals. However, the players were properly filled with equal strength and durability in tackling and line bucking. Every man on the Tivy team playing as a star made it impossible for the Junctionites to make but a few gains and only one touchdown.

## LEAGUE OF NATIONS DIVIDING INTO DIFFERENT GROUPS

The League of Nations has been in session long enough to have devised some plan of permanent operation, but most so far as accomplished has been the dividing into different groups for the protection of their special interests, as has been the case in Europe since the time immemorial.

Four calmly defined groups of powers have emerged from the first fortnight's session of the League of Nations Assembly. These groups include seven-eighths of the members of the league and the four or five states left over are awaiting instruction from their foreign offices before joining up one of the groups.

Although the league had aimed to promote internationalism and avoid all alliances among the powers scrutiny of the attitude of the various delegations on the problems so far considered reveals them forming cliques and coteries for mutual protection within the league just as they did without the league before the war.

The complexion of these ententes differ somewhat from that of 1914. Pace, like war, makes strange bedfellows, and the new alignment merely is the result of shuffling the cards in the diplomatic deck as the result of readjustment of the balance of power.

So far the most powerful of the four groups is that headed by Great Britain with the initial six votes exercised by the United Kingdom. Britain controls absolutely the delegations from Portugal, from her commercial treaties; Persia, from her protectorate; Siam and Liberia, through close political connections. This gives Great Britain ten votes.

Don't forget to pay your subscription before Jan. 1, 1921, as the rate will be \$2.00 per year after that date.

## Will Increase Subscription Price Jan. 1

The Mountain Sun is the only paper in this section, except one, that is still being furnished for \$1.50 per year. The management has been trusting that the price of news print would decline so that the present rate might be maintained, but seems there is little chance for this to occur.

As the price of The Mountain Sun will be increased to \$2.00 on January 1st, 1921, those who desire the paper at the old price had better pay up to date and renew for another year.

With the price increased to \$2.00 we must insist on all who are due on subscription to settle by January 1st, as at that time a cash-in-advance basis will be adopted.

We would like to continue to accommodate our subscribers by the credit system, but the high price of paper, labor and all other expenses connected with issuing a newspaper, precludes such a policy being a sound business plan.

Don't fail to pay up your subscription at earliest convenience between now and January 1st and get the benefit of the \$1.50 rate for another year.

## KERRVILLE BOY IS HERO IN FOOTBALL GAME AT AUSTIN

Francis Domingues added new laurels to his reputation as a football player in a game at Austin Thanksgiving Day and also advertised his home town, when he aided the Texas Longhorns in their victory over the Aggies, who have been supposed to be supreme in that line of sport in Texas. Kerrville is certainly proud of young Domingues.

There was a picture of young Domingues and also several fulsome articles in the daily papers of his feats in a very exciting game. He was used as a substitute at a time it appeared the Longhorns would suffer defeat.

The following are some of the references to the game by the daily papers:

Austin, Tex., Nov. 25.—Outplayed during half of a hotly contested game and carrying the short end of a 3 to 0 score, the Texas Longhorns came back in the final period here today and defeated their ancient rivals, the Aggies, 7 to 3, in one of the greatest games ever staged on Clarke Field. When Francis Domingues, a Kerrville lad, kicked the final four yards to the drive, his Tom Dennis and Swede Swenson, who played wonderful ball this day, smashed the untarnished record of the College Station squad, who for two years have held their goal line inviolate. Domingues, a back, had failed by less than an inch a few minutes before the third period ended, to make a touchdown.

Austin, Tex., Nov. 26.—Texas University has a new hero today. He is Francis Domingues, hailing from Kerrville, who in the last quarter of the annual Thanksgiving Day game carried the pigskin over the Texas Agricultural and Mechanical line for the first touchdown scored against the Aggies in two seasons and incidentally gave the State team a 7 to 3 victory. Up to the last quarter, the University trailed in a 3 to 0 count and really were outplayed by the Farmers.

Domingues was listed as a substitute, but his remarkable line plunges and spectacular playing placed him in the hero role. He came within an "ace" of scoring a touchdown in the third quarter. Of course Domingues was not the only man who deserves credit of the victory. Big Swede Swenson and Tom Dennis were a bulwark of strength and made holes for the hero substitute.

### Residence Caught on Fire

Wednesday morning a negro was burning the grass off the yard at the residence of A. T. Adkins, when the flames reached the porch and set some vines on fire which spread to the porch scorching it. Smith & Reichert and Judge Turner were passing and assisted in subduing the flames, and also turned in a fire alarm. The negro seemed to think he could put out the fire alone, but wasn't making much headway.

The chemical engine responded first and made quick time, followed by the hose truck, but the latter was not needed as the flames had been put out.

## PROHIBITION LAW MUST BE MADE STILL STRONGER

Washington, D. C., Nov. 27.—The next Congress will have to consider new legislation to enforce the prohibition laws. The Lever war-time act will be repealed along with all other war-time legislation, and when that act is null and void some substitute must be enacted to provide for enforcement of National prohibition. When the Lever act is repealed the distilleries will again be able to operate and whiskey can be produced in great quantities, and will be so produced, although it will have to be sold to drug stores and manufacturers that use alcohol in their products. There are now only five distilleries in operation in the whole country, operating under treasury license.

There is no way now, even under the Lever act, to regulate the amount of whiskey that may be manufactured and sold for medicinal purposes. In the last eight months more than 24,000,000 gallons have been withdrawn from bond for "medicinal purposes." Of course nearly everybody knows that such an amount of "booze" could not possibly have been used for medicinal purposes, in the past eight months. Three million gallons a month would have given several stiff drinks to every man, woman and child in the United States. The "old toper" evidently is still getting his, and all know that the bootlegger flourishes in the land.

Treasury enforcement of the war-time prohibition laws has not been a complete success. Treasury officials claim that Congress did not allow enough money to hire people to enforce the laws. This probably is so, but the fault also lies in the disorganized condition of the treasury law enforcement division. This was to be expected with any new law which requires a large force of special agents and which has to cover the whole country. The next Congress, however, will enact a law with teeth in it and provide an adequate amount of money to enforce it. The bootlegger and moonshiner will be suppressed in time. It will indeed be a dry time in the country then.

## BLAMES MOTHERS FOR DELINQUENCY AMONG GIRLS

San Antonio, Tex., Nov. 23.—Figuratively calling "a spade a spade" and flaying the ultra naughty fashions of the day, the automobile and the dance hall as the chief factors in delinquency among girls, which he declared existed in an alarming degree, Judge Chester H. Bryan of Houston, Judge of the Harris County Juvenile Court, this morning told the Texas Conference of Social Welfare Workers that the burden of the blame rests upon mothers.

"As pure and as sweet as she believes her daughter to be, she is certainly placing every temptation in her way when she allows her to dress as many girls dress today," Judge Bryan declared. "And some day a broken heart will pay the price that Madame Fashion has exacted."

Judge Bryan spoke on the subject, "Juvenile Courts and Causes of Delinquency," before the section on children.

Modern fashions and the automobile are the chief of all the factors in delinquency among girls, Judge Bryan declared. He said:

### Cites Scenes in Houston

"I don't know how many girls owe their broken lives to the automobiles, but I know you can stand on the principal business streets of Houston at almost any hour of the night and see young girls, not in the rear seat, but in the front, where all who wish may gaze upon them, brazenly cuddled up to the men beside them. Their clothes consist almost of nothing above the waist and only a little more than that below. Their limbs are frequently crossed until the man on the street corner can see above the knee. I am not citing unusual occurrences, but occurrences of every night. I stood in front of the Rice Hotel for about ten minutes night before last and counted four cars containing men and young girls, shamelessly dressed and brazenly cuddled against their escorts. And if that is possible in the heart of the business section, what must be true of roads about the city?"

The dance hall and the "little supper" also are major factors in delinquency among girls, but not anything like as great factors as modern dress and the automobile, Judge Bryan said.

In the open discussion which followed Judge Bryan's address, Mrs. F. W. McAlister of San Antonio made the point that for every delinquent girl or woman there is a delinquent boy or man. Mrs. McAlister said she believed in one standard of morality and believed that not enough of leniency was shown the girl or woman who has made one false step, but that if a delinquent girl or woman was to be confined for a period of time the boy or man who contributed to her delinquency should also be confined. This statement met with applause.

### Same Chance As Boy

The delinquent girl who is brought in for shoplifting or some similar offense in her case is given the same "chance" as a boy, and is returned to her home, Judge Bryan said. But such cases amount to only about 1 per cent of the delinquency among girls in his court, 99 per cent of the cases being sexual delinquency.

Mrs. E. Gertrude Bailey Hughes of San Antonio spoke on the subject, "Probation Work Among Juveniles and the Need for Detention Homes," and an open forum on the subject was led by Dr. George Fox, president of the Fort Worth Charity Commission, and one of the founders of the Texas Conference on Social Welfare. Miss Emily Beavers of Austin spoke on the subject, "The Care of the Feeble-Minded Child." Judge Augustus McCloskey, presiding Judge of the Bexar County Court, presided at the session.

### Notice, Eastern Star

On Saturday, Dec. 4th, O. E. S. degrees will be conferred on several candidates. We will have a team of O. E. S. workers from San Antonio to confer these degrees, and all of the chapters in this district will be invited.

All visiting O. E. S. members are invited and members of the Kerrville Chapter are urged to be present. We'll have a big time—be sure and come. REPORTER.

## LEWIS SAYS DEMOCRATS MUST SUPPORT HARDING

Washington, D. C., Nov. 23.—Former Senator James Hamilton Lewis, and late Democratic candidate for Governor of Illinois, who ran 400,000 votes ahead of Cox, declared here yesterday that the Democratic party at present has no issue upon which to base reorganization and urged that the party aid the Harding Administration in carrying out the mandate of the people.

"The talk as to reorganization of the Democratic party is premature and profitless," said Mr. Lewis. "The Democrats have no issue at present on which to reorganize. The next foreign policy fight of the Democracy must turn on the condition that the future events bring on the world. At home the issue will turn on the failure of the Harding Administration to help the people or its acts that hurt the country. The Democracy must wait. The Democracy must not organize only to obstruct or embarrass every act of the Harding Administration. The Democrats must do everything to help President Harding's Administration carry out the policies voted by the people. The Democracy must be patriotic, not party-idiotic."

"As to the National Committee, both the Democratic and Republican National Committees should be now abolished. They have served their usefulness and are at an end. At present National Committees in President-elects are regarded only as political collection brigandage or as traders of administration favors for corruption funds. The system should end."

### Episcopal Guild

The Guild of the Episcopal Church of San Antonio spoke on the subject, "Probation Work Among Juveniles and the Need for Detention Homes," and an open forum on the subject was led by Dr. George Fox, president of the Fort Worth Charity Commission, and one of the founders of the Texas Conference on Social Welfare. Miss Emily Beavers of Austin spoke on the subject, "The Care of the Feeble-Minded Child." Judge Augustus McCloskey, presiding Judge of the Bexar County Court, presided at the session.

This bazaar has been an annual affair for many years, and is always looked forward to as an interesting event, not only on account of the articles for sale for the Christmas season and the refreshments which are served, but for the social enjoyment as well.

At the conclusion of the business session, Mrs. Weis served delicious refreshments of chicken salad, water chips, olives, cake and tea.

## DEMOCRATS MAY LAUNCH 4-YEAR CAMPAIGN SOON

Washington, D. C., Nov. 25.—Following a series of conferences in progress for more than a week, W. G. McAdoo has served an ultimatum on Edmund H. Moore, personal representative of Governor Cox, that the defeated candidate for President must accept one of three men as chairman of the Democratic National Committee or be prepared to fight. The names presented are those of Robert W. Woolley of the Interstate Commerce Commission, Daniel L. Roper, former Commissioner of Internal Revenue, and Joseph P. Tumulty, secretary to the President.

Mr. Moore was informed that McAdoo leaders are confident they can control the entire organization but prefer to be conciliatory. Woolley, it is stated, is the real choice. Mr. Moore left for Ohio last night. He will consult with Governor Cox as soon as he returns from his hunting trip in the South.

Among the McAdoo leaders who have taken part in the conferences are Mr. McAdoo himself, Joseph P. Tumulty, Attorney General Palmer, Bernard Baruch, Thomas B. Love of Texas, James Hamilton Lewis of Illinois, E. F. Goltra of Missouri and Senator Robinson of Arkansas.

Mr. Moore, who "sat in" the last session, would make no comment on the turn Democratic affairs have taken. "We have no doubt that the Cox people will agree to majority control," said one McAdoo leader. "Moreover, we have no doubt that a compromise can be reached by which William J. Bryan will agree to come back into the fold."

Under the proposed organization it is understood that the party will never again suffer for lack of money as it did in the last campaign.

"That means that Baruch and Thomas L. Chadbourn are ready to finance a four-year campaign with McAdoo as the candidate for President in 1924," said another Democratic leader who was not so enthusiastic over the McAdoo program.

### Methodist Missionary Society

The Woman's Missionary Society met at the Methodist Church on Tuesday afternoon and heard a most excellent program in Bible study, the subject being the "Life and Works of St. Paul." The program, arranged and led by Mrs. Ben Ellis, was as follows:

"Early Life of St. Paul," Mrs. Everett.

"Paul's Ministry: Extent and Character," Mrs. Geddie.

"Last Days of St. Paul," Mrs. Compas.

**NEFF AND H. B. TERRELL CONFERENCE ON STATE APPOINTMENTS**

San Antonio Express, Nov. 26: Governor-elect Pat M. Neff will arrive here at 10 o'clock tonight from Waco and go into conference immediately with H. B. Terrell, former State Comptroller, who is registered at the Gunter. Mr. Neff is on his way to Laredo, where he will be honor guest of the Laredo Chamber of Commerce on its excursion to the City of Mexico for the inauguration of President-elect Alvaro Obregon.

While Mr. Terrell had not been advised just what matters the Governor-elect wishes to confer with him about, it is believed that the matter of appointments will be one of the major topics. Asked if he was in line for appointment, Mr. Terrell reiterated "that he was out of politics." He returned to San Antonio three weeks ago from California, where he went for his health, and most of the time since his return he has been confined by illness to his room.

Mr. Terrell said he had been advised of a number of steps Mr. Neff will take upon becoming Governor, and indicated that the knife would be used to some extent on the many special commissions now in existence. Without designating any of these bodies, he said that some would be consolidated and others discarded.

"Mr. Neff strongly believes the State has been run too extravagantly," Mr. Terrell said, "and I believe some of his first actions will be to put the administration on a more economical basis."

**EFFORT MADE TO KILL OBREGON AND HUERTA**

San Antonio, Nov. 26.—Two Mexican captives were arrested today at Mexico City, accused of making an attempt on the lives of President De La Huerta and President-elect Obregon according to word received in military quarters here today.

While eating game stuffed with oysters Wednesday, Obregon became violently ill.

Examination showed that he was suffering from ptomaine poisoning. It is charged the men substituted canned oysters known to have been spoiled, for fresh oysters, and served the dish to Obregon.

De La Huerta was warned of the affair upon Obregon's becoming ill, and an examination of food prepared for the Provisional President also showed signs of ptomaine poison.

Austin, Tex., Nov. 25.—For the first time in Texas history, the inaugural ball will be eliminated from ceremonies, when Pat M. Neff takes oath of office as Governor of this State next January.

Neff, who is a prominent Baptist, requested elimination of the ball. An informal reception in the Texas Capitol on the night of inauguration will be the only entertainment, it was announced.

**IN MEMORIAM**

Mrs. Hattie Pauline Jarmon was born on April 23rd, 1840. She was the daughter of Maj. Thomas Mull and Mrs. Pauline Mull. Marshall County, Miss., was the place of her nativity, where she grew to young womanhood. She spent several years in North Carolina and in California before coming to Texas in the early 70's. She was married to R. S. Jarmon, December 24th, 1873, in Goliad,

Tex. Mr. Jarmon died December 6th, 1886. Five children were born to Mr. and Mrs. Jarmon of whom two only survive, Ella and Walter, both residents of Kerrville.

The funeral service was conducted by Rev. Dr. Macdougall of the Episcopal Church at the family residence. Mrs. Jarmon herself joined the Presbyterian Church, when she was 16 years of age, in Mississippi.

The pall bearers were Judge R. H. Burney, Judge W. G. Garrett, D. H. Comparette, Dr. E. Galbraith, A. B. Hurton and Judge Julius Real. The remains were laid to rest in the Mountain View Cemetery on Monday, November 22nd.

We desire to express our heartfelt thanks and gratitude to all our neighbors and friends who so kindly assisted us during the illness and at the death of our dear mother, Mrs. Hattie Pauline Jarmon; also for the floral offering.

**CHAMP CLARK TO REST AT HOME OF DAUGHTER**

St. Louis, Nov. 25.—Defeated and disheartened, Missouri's favorite of her many favorite sons, Champ Clark, has left his old home, "Honey Shuck," at Bowling Green, Mo., and with his wife has gone to visit his daughter Mrs. Genevieve Thompson, of New Orleans.

In December Clark will go to Washington to attend his last Congress. He has been a member for 28 years. He was defeated in the last election in the Republican landslide.

Clark's retirement from politics is looked upon by his friends as a tragedy, and yet they admit that his age and strength seem to dictate that the time has come when he must retire in favor of the younger men.

It is reported that friends of Clark in Washington will intercede with President-elect Harding to see that he is taken care of and that his services do not become lost to the country. Clark has announced that, following the next session of Congress, he will

retire to his home in Bowling Green to pass the remaining years of his life at "Honey Shuck."

WEAK, NERVOUS, ALL RUN-DOWN

Missouri Lady Suffered Until She Tried Cardui.—Says "Result Was Surprising."—Got Along Fine, Became Normal and Healthy.

Springfield, Mo.—"My back was so weak I could hardly stand up, and I would have bearing-down pains and was not well at any time," says Mrs. D. V. Williams, wife of a well-known farmer on Route 5, this place. "I kept getting headaches and having to go to bed," continues Mrs. Williams describing the troubles from which she obtained relief through the use of Cardui. "My husband, having heard of Cardui, proposed getting it for me. I saw after taking some Cardui that I was improving. The result was surprising. I felt like a different person. "Later I suffered from weakness and weak back, and felt all run-down. I did not rest well at night, I was so nervous and cross. My husband said he would get me some Cardui, which he did. It strengthened me. My doctor said I got along fine. I was in good healthy condition. I cannot say too much for it."

Thousands of women have suffered as Mrs. Williams describes, until they found relief from the use of Cardui. Since it has helped so many, you should not hesitate to try Cardui if troubled with womanly ailments. For sale everywhere. E33

CATHOLIC CHURCH NOTES

Thanksgiving Entertainment

The Brownson Literary Society of Notre Dame institute chose the eve of their Thanksgiving vacation for presenting their customary monthly program. As might have been anticipated, all numbers were relevant to the current National festival. Complying with the school's tradition, the entertainment began and ended with a stanza of the "Star-Spangled Banner" sung by pupils and audience.

Miss Meta Michon, president of the Brownsonites and prospective graduate this May from the Twelfth Grade, read the roll call to which each member in turn responded with a memory gem from American poets. Her sister, Miss Frances Michon, assuming the duties of secretary since Miss Mona Ducote entered the Western Union service in San Antonio, read the minutes and dwelt particularly on the many generous contributions that had been made in the past month to the Notre Dame Library.

Well written essays were read by Miss Wilhelmina Mosel and Miss Meta Michon. The former described the genesis of the festival and its Christian significance in our Democracy. The latter portrayed the honest, thrifty and frugal habits of the sturdy Puritan pioneers, whose many good qualities were unfortunately marred by execrable religious bigotry. She showed that our "sweet land of liberty" owes naught of freedom to the Pilgrims, but to the Catholic colony under Lord Baltimore, who transplanted to this country the peoples' rights wrested from King John by Cardinal Langton.

Miss Mosel also delighted her audience with a piano solo. Miss Frances Michon recited a humorous monologue. Boys staged a one-act comedy of fairy color and class prophecies.

Finally the star number on the program was a Thanksgiving drama whose dramatic ability was enhanced by their costumes. Students of the Kindergarten division sang a year-old hymn and as an extra, a 3-entertained everyone with a clever little hymn.

After the program was concluded, Miss Angelina K... was surprised precipitated birthday presents.

Radioptical Lecture An electrical projector machine was added to the Notre Dame equipment. With the help of this apparatus an illustrated Travaux was given during the Thanksgiving holidays. Success of this entertainment was gratifying that the students anxiously anticipated similar educational treats.

The musical adjunct was supplied with the help of an Edison Amberola, for which three hundred and fifty additional records were purchased last week. The phonographic selection is now so varied that the Notre Dame children can arrange most any kind of educational recreation. Illustrated songs are promised as interludes with the next Radioptical lecture by members of the Brownson Literary Society.

A Thanksgiving social was given at Notre Dame by Miss Margie Farrish to her class-mates and friends.

Thanksgiving Vacation No classes were conducted at either parochial school from Wednesday evening till Monday, thus granting the pupils four consecutive free days.

Mother Lasserian, superioress of Notre Dame, and Sr. Hilda, in charge of the High School department, spent the vacation at the Incarnate Word Academy in San Antonio. They motored to the metropolis with Miss Angeline Kemper, Mrs. Nye and her two daughters. Mrs. Nye visited her son, Freddie, at St. Louis College, and Miss Kemper visited her twin nephews, Henry and William Voiss, at the same institution. William Voiss submitted on Friday to his second surgical operation for the current semester.

The Sisters, on their homeward journey, delayed in Boerne to visit Sr. Albert and Mother Roche, formerly connected with Notre Dame. Rev. F. Schneider, C. P. S., chaplain of the

Incarnate Word Academy and an experienced book-binder, proved himself a helpful friend to patrons of the Notre Dame Library.

On account of attending our own Thanksgiving services in St. Mary's Church, the Sisters arrived in San Antonio too late for the dedication exercises of the Diocesan Seminary at the First Mission, but they were welcomed later in the day by the celebrant, Most Rev. John Shaw, Archbishop of New Orleans.

Notre Dame class-mates of Eunice, Laura and William Maness extended their condolence in the death of Mrs. Maness.

Death also claimed the father of Peter Döndlinger last Friday in Nebraska.

Mexican Church

On Thanksgiving Day the parish society of Our Lady of Guadalupe congregation gave a free entertainment. The large magic lantern belonging to the Mexican Church was brought into use in an illustrated biblical lecture. Patriotic songs in English and a spiciful variety in Spanish helped to enliven the instructive evening.

Due to the fact that the patronal feast of Mexico, Our Lady of Guadalupe, falls on Sunday, Dec. 12th, the engagement at the Comfort Mission will be postponed till Dec. 19th. Our Blessed Mother is honored as patroness of the Immaculate Conception, on Dec. 8th, which is a holy day of obligation.

Friday of this week a votive High Mass in honor of the Sacred Heart of Jesus will be sung at 7:45 a. m.

The sacrament of baptism was administered to Peter, youngest son of Ramon John Castillo, last Sunday. Sponsors were Guadalupe Rodriguez and his sister, who came from San Antonio for this sole purpose. Ramon had been in the Alamo City on Tuesday and took a midnight trip to his parents in Lacoate. Seventeen years ago Mr. Castillo was a poor Mexican immigrant struggling along on a salary of seventy-five cents a week, and trying to master the English language. Today this thrifty father of a large family owns a two-story home and a mercantile establishment stocked with over two thousand dollars worth of inventory. His example refutes the erroneous impression that Mexicans are a shiftless, wandering and burdensome element to our citizenship. Relatively speaking, there is not a more Christian, obliging and charitable member in our community than this handicapped Mexican.

Mr. and Mrs. Ambrose Torres went to San Antonio to be sponsors at the baptism of Mrs. Peche's baby. Mrs. Peche is a sister of Mrs. Torres and has two sons completing their academic course in St. Mary's College.

Knights of Columbus Thirty-eight novices trod over the sands of the First Degree in the C. C. initiation last Tuesday. Local Knights attended this function and the subsequent meeting, at which a resolution was drafted in the name of 196 members, petitioning the Mayor of San Antonio to appoint a censorship board to all movie films and advertisements, a motion somewhat similar to that for the entire State, was proposed by the teachers at their Fort Worth convention.

It was also voted by the "Caseys" to perpetuate their own innovation of holding a Tuesday luncheon at the Gunter, in order to meet more intimate acquaintances.

Eubanks, captain of the football team, was a Kerrville state on Tuesday. He pitched his eleven against the St. Edward's boys of Austin last Sunday.

Dr. P. J. Domingues returned to Kerrville on Saturday evening from the University, whose victory over the A. & M. was mainly due to his own efforts. He was in the press and at the State-house reception as "the hero of Kerrville."

Leo Huth, one of the St. Mary's boys who defeated Tivy, has been selected by the dopsters as left half-back of the San Antonio All-Academic stars. Leo's father, Albert V. Huth, Bexar County Assessor, was presented with a gold fountain pen at the Houston convention of Tax Assessors whose president he has been for the past three years.

Stehling-Lange Wedding In the early part of this year, Joe Stehling was united in matrimony to Miss Mary Lange of St. Charles Hotel. Last Tuesday, at the parents'

home in Harper, Mary's sister, Hedwig, became the wife of Henry Stehling. The bridegroom is a cousin of Rudolph Stehling.

Mrs. Conner Squyres came from Yoakum to spend Thanksgiving with her parents, Mr. and Mrs. Ed. Kaiser. Henry Brandes of Yoakum and Max Vogt of Comfort were guests at Rudolph Staudt's home on Sunday.

Miss Mary Lee Scoggins, who is attending Our Lady of the Lake Academy in San Antonio, spent the week-end with her parents.

One of the seven first boarders of the now prosperous Incarnate Word Academy in San Antonio was Mrs. R. J. McDonough, who is visiting with Mrs. Hy. H. Kuhlmann. J. O. Boudreaux, manager of a Beaumont rice mill, came here on Thanksgiving to join his invalid wife and his two daughters, who are boarding at Notre Dame.

FIRST BAPTIST CHURCH

J. B. HOLT, Pastor

We had a Thanksgiving prayer meeting last Wednesday night and everybody told why he was grateful to our Great Creator and Father for His many blessings.

The pastor was accorded the joy by the Kerrville Ministers' Conference of preaching on the evening of Thanksgiving Day to a union service at the Methodist Church. There was quite a good congregation despite the cool, rainy weather.

We all appreciate our blessings to be sure, but do we tell God so? An unblest sorrow is the saddest thing in the world and an unblest joy is a tragedy. Nothing is blessed for which we do not thank God. Do we thank God for the churches? Many are glad of the churches as an advertising asset to a community who are never found in any church pew. This is to be profoundly regretted. Many of the preachers' professed good friends never hear them preach at all. Suppose the merchants' or lawyers' friends never patronized them, how long could their firms continue in business? Do we want the churches to close their doors and the ministers and their families leave town? If all of the people acted like most of them the preachers would have to quit. But maybe that would suit some people precisely. Preaching is dull to many people because they want to live for the world or do not love the truth of God's Book. But preachers will never quit. They will warn you as long as you live in sin. It is their work to fight sin. They are cowards if they don't, and the people are cowards if they do not back them up in any righteous or worthy cause.

Our people in Kerrville are as fine as can be found in any community and if they would find their ways to the House of God on the Lord's Day they would encourage their ministers and help in every good work. Why not? Are not the ministers spending their time trying to do good, and do we not want to give them the glad hand in this work or would we rather turn the town over to the Bolsheviks and the outlaw? It would then be a bad place for our wives and children to live in. Many men say to the religious forces of a community: "Go it, we are with you, but mind you, not in person." This must be amusing to the Almighty. God says: "He that is not ball team, was a Kerrville state on Tuesday. He pitched his eleven against the St. Edward's boys of Austin last Sunday."

Dr. P. J. Domingues returned to Kerrville on Saturday evening from the University, whose victory over the A. & M. was mainly due to his own efforts. He was in the press and at the State-house reception as "the hero of Kerrville."

Leo Huth, one of the St. Mary's boys who defeated Tivy, has been selected by the dopsters as left half-back of the San Antonio All-Academic stars. Leo's father, Albert V. PODGER'S PARAGRAPHS

I've got me a flivver for sale or trade; Nobody knows when the thing was made. Might of a hatched out in the sun; Don't worry a bit, so long as she'll run. She's got four wheels that's almost round; Her engine warbles a gurgling sound; She carburates as fine as silk, From bum gasoline to good sour milk. Some screws are missing and bolts are loose; They're other fine points, but what's the use? She's battle scarred and got some rust, But she ain't yet taken no feller's dust. She'll stand alone with a prop; She's hard to crank, so never let her stop. She looks like a pile of junk and tin; But she's a mighty good flivver for the shape she's in.

If tradin' is good, I'll trade right now For a one-eyed mule or a muley cow. I'm tired of ridin' and want to walk, So I don't care a snap if the mule does balk.

I'll trade for candy or chewin' gum, Or a right-hand mitten with a left-hand thumb; For some last year's weather, with ice and snow; For second-hand clouds, with an old rainbow.

So come and dicker and sing your song. For this here offer—it won't last long. I'm home sometimes, and then agin' I'm riskin' my life in this bunch o' tin. Just pin your offerin's to the gate; The dog might bite, but this flivver bait. Will likely go to the very first one Who sees this tale in The Mountain Sun.

Moral: Advertise and you'll find out what folk has got that you want.

JUST GOT OVER A COLD?

Look out for kidney troubles and backache. Colds overtax the kidneys and often leave them weak. For weak kidneys—well, read what a Kerrville man says:

Frank Michon, City Marshal, Broadway, says: "My kidneys were out of order and every time I got wet or took cold it settled in my kidneys. I had a soreness and a dull ache in the small of my back that worried me a lot. My kidneys did not act right, either. I used Doan's Kidney Pills from the Rock Pharmacy and they soon fixed me up in good shape. The backaches left and my kidneys were soon regulated. I am always glad to recommend Doan's Kidney Pills for I know they are just as represented."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Michon had. Foster-Milburn Co., 49-51c Mrs. Buffalo, N. Y.

THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2-inch tires front and rear, is a family car of class and comfort, both in summer and in winter. For touring it is a most comfortable car. The large plate glass windows make it an open car when desired, while in case of rain and all inclement weather, it can be made a most delightful closed car in a few minutes. Rain-proof, dust-proof, fine upholstery, broad, roomy seats. Simple in operation. Anybody can safely drive it. While it has all the distinctive and economical merits of the Ford car in operation and maintenance. Won't you come in and look it over?

## THE ECHO OF A LAUGH

Old pictures are perhaps the greatest echoes in the world. They echo scenes, instead of sounds. The other day an old man said to me:

"Had the best laugh today I have had for a long time. Came across an old picture of Bill Parker, the time the limb broke and he fell in the creek. Fellow with a kodak was along on the fishin' trip. He was just fixing to take Bill's picture, sitting on the limb. The limb broke. Bill fell and the fellow pulled the trigger all at the same time. When the picture came out there was Bill, lookin' wild splashin' water forty foot high, and hangin' onto that limb for dear life. Funnest sight I ever see in my life. When I come across that picture I had another good laugh at something that happen more'n twenty year ago," and the old fellow chuckled at the memory of his friend in the creek.

Then his face changed, and a wistful look came over it. "Pictures is a great thing, ain't they pardner?" he went on. "I come across another one but it didn't make me laugh. One Sunday a fellow comes along with his picture outfit, and wants to make a picture of my famby. It was summer time, and we all been eating some watermelons. The boys was chunkin' one another with rinds, and racin' about the place. I call all of 'em, and me and the old woman and the chaps lines up there in the yard and has our picture too. That was the other picture I came across. In the group was one little fellow about 5 years old. He has a stubbed toe, and had a rag tied around it. There was watermelon on his face, his jacket was unbuttoned and he looked plumb natural and boyish. There's lots in keepin' old pictures. It takes us 'back to happy times. That old picture is faded. She wasn't scientifically lighted, and I reckon the feller didn't have the finest machine in the world, but they ain't no money that could buy it. That little feller with the stubbed toe was a sergeant at Chateau Thierry, and he's sleeping somewhere over there. It's the only picture of him I got."

There is, indeed, much in pictures. They are real treasures to keep. We forget that time passes swiftly. We always intend to have those pictures made, but somehow we don't do it.

From now until Jan. 1st, while the children are home from school, I will make family groups and single portraits in your home. I have no studio. Just call me at Phone No. 2, and talk to me about it.

The Sun Will \$2 Per Year Jan. 1.

CENTER POINT COMMENTS

Baptist Ladies Aid Social

On Wednesday afternoon, Nov. 24, the Ladies Aid and a number of invited guests enjoyed the hospitality tendered them by Rev. and Mrs. Skinner in their lovely new home. On entering we were greeted by a glowing fire in the open fireplace. Autumn leaves and chrysanthemums were scattered here and there, all of which reminded us that Thanksgiving was near at hand. Merry conversation and music ensued while the guests were gathering. Devotional was then led by Brother Skinner, many others contributing by giving reasons for their thankfulness to God. Interesting contests, games and story telling were indulged in, causing much laughter. Short, but spicy, readings were given by Misses Kathleen Skinner and Emma Howland. Delicious refreshments of Boston brown bread sandwiches were served with tea and doughnuts. On departure, each one expressed her thanks to the charming hostess for the pleasant afternoon.

Death of Grandma Cox

Mrs. D. C. Cox, familiarly known as Grandma Cox, passed away at the residence of her son near Bandera on Wednesday, Nov. 24th, in her 86th year. She was buried here the next day by the side of her husband, who preceded her to the spirit world some fifteen years. The deceased leaves five sons and one daughter and thirteen grandchildren. The daughter is Mrs. Wm. Burney of Center Point. The sons are Dyer C. and Walter Cox of Bandera, Robert P. Cox of Medina and T. L. and W. F. Cox of Center Point. Mrs. Cox was born in Perry County, Alabama, in 1834, and moved with her husband and children to Kerr County in 1879 and has resided here in Bandera County since. Grandma Cox was a great and good woman, and numbered her friends by all those who were fortunate enough to know her. This fact was evidenced by the great number of people who assisted in tenderly laying her away on Thanksgiving Day beneath a mantle of flowers and evergreens.

THE TEXAS

To the Sheriff or any Constable, Kerr County, Texas:

You are hereby commanded to summon Addie Ransom and husband, Frank Ransom; Janie Carriger and husband, Wesley Carriger; Abbie Decherd and husband, D. G. Decherd; by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not then in any newspaper published in the 38th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 38th Judicial District, to appear at the next regular term of the District Court of Kerr County, to be held at the Court House thereof, in Kerrville, Texas, on the 3rd Monday in December, A. D. 1920, the same being the 20th day of December, A. D. 1920, then and there to answer a petition filed in said Court on the 26th day of December, A. D. 1919, in a suit, numbered on the docket of said Court, No. 1067, wherein Ella Bell joined pro forma by her husband, Langtry Bell, is Plaintiff, and Ellen Rees, J. B. Rees, Louis Rees and Charles J. Rees, Addie Ransom, wife of Frank Ransom; Brownie Coker, wife of W. A. Coker; Ella West, wife of W. A. West; Janie Carriger, wife of Wesley Carriger; Abbie Decherd, wife of D. G. Decherd, are Defendants, and said petition alleging:

FIRST: That plaintiff and the defendants own jointly and in common a tract of about 1,370 acres of land in one body near the town of Center Point, Kerr County, Texas, and a lot in the town of Center Point and also two lots in the City of San Antonio, Bexar County, Texas. That said acreage property has a value of about \$25,000.00, the lot in the town of Center Point, a value of about \$200.00, and the lots in the City of San Antonio, a value of about \$500.00.

SECOND: Plaintiff further avers that she and said defendants own jointly and in common bank stock of the par value of \$2,500.00 in the Guadalupe Valley Bank of Center Point, Texas, stock of the par value of \$3,000.00 in a flouring mill at Center Point, Texas, and stock of the par value of \$2,100 in the Center Point Mercantile Company. Also there is on deposit in the Schreiner Bank at Kerrville, about \$700 and in the Guadalupe Valley Bank aforesaid about \$400. Also the plaintiff and defendants own jointly and in common a note of about \$1,200, given by W. A. Coker to Alonzo Rees, now deceased,

and under whom all parties hereto inherited same. Also a note given said Alonzo Rees by said Louie Rees for \$1,200.00 and also a note given to said Alonzo Rees by Charlie Rees for \$1,400.00 and a note given said Alonzo Rees by Wiley Stinson for \$100.00 besides other notes of comparatively small sums, but the amounts thereof and by whom given petitioner does not and can not allege.

THIRD: Plaintiff further avers she is entitled to at least 1-18th of said property and the said Ellen Rees is entitled to approximately one-eighth, subject however to deductions for advancements made by any of them by the said Alonzo Rees during his life.

FOURTH: Plaintiff further avers that she and the defendants have the said Ellen Rees inherited said property from their father, the said Alonzo Rees, and the said Ellen Rees is the owner of a one-half interest in said property because same was acquired during the marriage by the joint efforts of herself and said Alonzo Rees. But petitioner alleges that the said Ellen Rees, B. Rees, Louie and Charlie Rees, have received and used funds, property or benefits by way of advancements or otherwise with which they are properly chargeable and should be required to account for in a final settlement and distribution of the property of said estate but the nature, value and amount of such advancements and funds used is not known to the pleader herein and at this time can not be more specifically alleged and shown.

FIFTH: Plaintiff further avers that all property sought to be divided and partitioned by this suit belongs to the community estate of the defendant Ellen Rees and the said Alonzo Rees deceased, but plaintiff avers that the said Alonzo Rees died intestate and debt free and that there exists no necessity for a probate proceeding on or for the appointment of an administrator to supervise and wind up the affairs of said estate.

WHEREFORE, plaintiff prays that after all parties are before the court either by service of process or waivers, that the court hear the evidence and determine what property and all the property that belongs jointly to the plaintiff and defendants as inheritors from and under the said Alonzo Rees and make proper and equitable partition and division of all of same, both real and personal property and for this purpose if found necessary by the court appoint commissioners of partition and designate a surveyor to assist in the partition of the realty, and this plaintiff prays for all relief, legal and equitable, general and special to which the court may find her entitled.

Herein Fail Not, but have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given Under My Hand and the Seal of said Court, at office in Kerrville, Texas, this 17th day of November, A. D. 1920.

(Seal) JNO. R. LEAVELL, Clerk, District Court, Kerr County

REPUBLICANS REPORT \$250 SPENT IN TEXAS

Washington, Nov. 22.—The final report filed with the clerk of the House of Representatives today by Treasurer Upham of the Republican National Committee shows disbursements to the amount of \$2,100 to Jake L. Hamon of Oklahoma for organization purposes, and \$500 to the Carter County Republican central committee for similar purposes.

The only payment made in Texas as shown by the report, was \$250 to an express company for hauling.

REDOUBLE EFFORTS AGAINST CATTLE TICK, GOV. RUSSELL, OF MISS., ASKS OF WORKERS

An appeal for full performance of duty in eradicating the cattle tick in Mississippi was recently sent by Gov. Lee M. Russell to all Federal, State and county employees engaged in the work there. Officials of the United States Department of Agriculture engaged in tick eradication say that "if the Governors of every State in which tick eradication is being conducted would take a personal interest in the work and so express themselves by letter or through the press it would be a very great assistance to the department in its co-operation with the States, and would no doubt greatly facilitate the completion of that important undertaking."

Prejudice Rapidly Disappearing

Gov. Russell's letter was as follows: "I want to congratulate the people of Mississippi upon the rapid strides they have made in the handling of the cattle tick. In the years gone by such harmful prejudice in the minds of some of our citizens has retarded the movement on the part of the State and National Government in forever eradicating the greatest enemy to the cattle industry in the South—the cattle tick. This prejudice, carelessness, and lack of information about the ravages of the tick is fast passing away, and now there are but a few communities in the entire State that are still infested with this pest. There can be but two causes for this condition: First, failure of the people to see and realize the great value to themselves in the eradication of the tick, and, as a result, the failure to cooperate together for their own good; second, the employment of incompetent and unreliable inspectors. This latter cause has brought about more dissatisfaction and trouble than possibly any other one cause in the whole work. It is hard to conceive how a man employed in this or any other public service has the audacity to draw his money when he has performed little or no service; yet this is the case in many instances. These incompetent and negligent inspectors

have either sat down and done nothing or else they have played favorites and committed every sort of serious blunder to make the people have an utter disregard for the law. There may be added a third cause, and that is that incompetent and negligent supervisors have squandered the people's money by paying worthless inspectors without fully realizing the great importance of this work—work that means millions to the farmers of this State.

"Therefore, with a sincere desire to see this State placed in the forefront of the cattle-growing industry in this Nation, I am sending to each dipping inspector in this State and other citizens in tick-infested areas this most urgent appeal, asking each to do and perform his full duty in this behalf. The citizens in many places have not been treated fairly because of negligent and incompetent inspectors, and because the supervisors fail to do their duty, and, too, in some counties, the supervisors have done their best, but the people flatly refuse to co-operate. I am making this call to all parties concerned, but to the inspectors particularly, that they either conform to the law in full, wholeheartedly, earnestly, and intelligently, or get off the job and let the people have a man who will do his duty. I want each supervisor also to do his full duty. The earnest co-operation of each of you is very much desired. All of the fair-minded taxpayers will appreciate your efforts, and with but a little co-operation, common sense, and earnest work we will be able to place the entire State tick free.

Asks for Answer to Appeal

"Please let me have an immediate answer to this appeal. This is not directed to any one man, but is an appeal direct to every man alike, and is made with a hope that by proper compliance and co-operation the greatest work of one of the greatest and most progressive steps ever taken may be completed in a very short time."

Edwards County Echoes

Leader, Nov. 26: The Del Rio Herald for last week says there is no truth in the rumors that have been going the rounds for the past several days to the effect that certain sales had been made of Del Rio wool.

W. R. Nichols was in town showing the skin of an enormous wild cat that was caught by Hugh Nichols in a trap near their camp, down this side of Hackberry, not many nights ago. Hugh caught a big fox about the same time.

According to reports, Pierre Guyon, the man who robbed the bank at Uvalde some time ago, and who was tried a few days ago in the District Court at Uvalde, was given 10 years in the pen. And it is reported the case has been appealed.

Heap big turnip—M. D. Sharp came by Wednesday and left a turnip that was grown by A. Benton in his garden. It was 21 inches in circumference and weighed 4 1/2 pounds, and was perfect in shape. It made more turnip than a good sized family could eat for their Thanksgiving dinner.

In a phone conversation J. E. Thurman, who ranches nearby, gave The Leader some news from the oil well being drilled on the Boggs & Raul ranch by the Empire Oil & Fuel Co. Mr. Thurman says they are now down 2,700 feet. They have been inactive for several days on account of waiting for a new drill bit, but new drill bits are expected to be on the ground so they can start working again the first of next week. They are now drilling in a shelly slate formation.

Mrs. J. T. McDonald, who lived with her husband and two children out on the E. F. Cloudt ranch, committed suicide by hanging herself Wednesday evening about 5 o'clock.

She used a small rope tied to the rafters of their home, and stepped off the foot of the iron bed. The rope broke the first time she tried. Then she tied it together and succeeded in making it hold. Their two children, a boy about 8 and a baby girl, were the only witnesses. Mr. McDonald was here in town. He says he had no idea she contemplated suicide, and can assign no reason for her act.

Junction Jots

Eagle, Nov. 26: Phillip Joseph had a narrow escape Sunday. While returning from Rocksprings the truck on which he was riding turned over, throwing him and the driver off. Both men were painfully bruised, but nothing serious.

Ex-Congressman Martin Dies and wife, formerly of Beaumont, but now of Kerrville, were guests of friends in Junction the first of the week. Mr. Dies is looking much better, and says he is feeling fine since coming out in the Hill Country.

Mr. and Mrs. F. M. Chase went to Kerrville Wednesday afternoon to meet their daughter, Miss Irene, and Miss Dorothy Hodges, who are in school in San Antonio and came up to Kerrville to see the football game between Junction and Kerrville.

Early Sunday morning, Mrs. Kate Griffith passed away at the home of her brother, Uncle John Weaver. For a year or more she had been frail but her immediate death was not expected. On the morning of her death she arose as usual and sat with the family at breakfast. Before the meal was finished she had to be assisted to her bed and in less than half an hour had passed away. Mrs. Griffith was born Kate Weaver in the State of Arkansas. At the time of her death she was 76 years, 5 months and 16 days old. For forty years or more she had been a resident of Kimble County. During the last twenty-five years of her widowhood she made her home with her brother, Uncle John Weaver. Two children survive her: I. O. Weaver of our county and Mrs. Nina Felps of Rankin, Texas.

Barbara Budget New Era, Nov. 26: Just as we go to press, the news is received that Grandma D. C. Cox died suddenly at 9:30 a. m. today, at her home three miles north of town. She arose this (Wednesday) morning, apparently in her usual health, and at about 9 o'clock was taken with severe pain in her heart from which she died in a few minutes, even before a physician could reach her. Deceased was 86 years of age and had been a resident of Bandera and Kerr Counties for many years. She is survived by six sons, Jim, Dave, Robert and Walter of this county and Fred and Tom, and one daughter, Mrs. Wm. Burney, of Center Point. The body will be taken to Center Point for burial.

L. C. Perkins of the M. A. McEachern Land Co. of San Antonio, received a load of turkey shot in his face and shoulders Sunday while he and Mr. McEachern were on their way to Bandera from the city. They stopped at the Crist place, twelve miles out, and saw a man bring in a wild turkey. They couldn't withstand the temptation, so they got out

RAISES THE QUALITY—LOWERS THE COST CALUMET BAKING POWDER

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit.

It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener. All you have to do is to compare costs to determine how much you can save by buying Calumet.

One pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans, instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Cream Cake Recipe

3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 cup butter, 1/2 cup granulated sugar, 1/2 cup cold water, Whites of 3 eggs, 1 teaspoon orange extract. Then mix in the regular way.

Is that what you think when you see PAMPELL'S? We hope it is. And if you could see the luscious supplies we are rounding up for our Christmas candies, you would think it in still larger letters; the heaps of nuts of all kinds, mounds of cocoanut, dates and figs, boxes of candied cherries and pineapple, great blocks of chocolate, milk chocolate and bitter chocolate—just everything that can be in any way combined with sugar and cream and butter to make the confections which have made Kerrville famous.

You know, any confectionery can give you the same old candies made in the same old way. But at least once a month PAMPELL'S tries to give you something startlingly, deliciously new. We have some candies so good that we cannot find names attractive enough to match them, and we ask your help to name them for us.

Nothing is so Christmassy as candy. How about leaving your order with us for Christmas delivery, so you will run no risk of being disappointed at the last moment?

# OUR AMBITION

AMBITION is the test of one's greatness and worth. Ambition is essential to all achievements. All the good things that we gain and the improvements that we make are the answer of ambition. As power is essential to mechanical operation so is ambition necessary to gain success. Without ambition you do not advance, but stay in a rut. This same applies to merchandising. If you wish the best, wish to save, you want to trade with the ambitious, progressive store. For such an institution will bring you satisfactory results, and as it helps them advance will also further your interests. This worthwhile desire or ambition has brought us unlimited success. We have worked for the betterment of the institution in order to be of more real service to you.

The Women's Society of the Baptist Church held a most interesting meeting Tuesday afternoon with Mrs. W. E. Williams.

A Thanksgiving program was led by Mrs. Holt, assisted by Mrs. Rawson, who led the devotional, reading the Scripture lesson on the "First Thanksgiving." Mrs. A. G. Morris told of "The Grumblers and the

Grateful." Mrs. L. R. Byrd's subject, "We Should Be Grateful Even in Adversity," was handled in a very impressive manner. Mrs. Jack Moore told of the need of "Perpetual Thanksgiving" and Mrs. F. E. Garrett spoke on "The Family Altar." Miss Ferrol Rawson gave an appropriate reading and Miss Ethel Williams played a beautiful piano solo.

A salad course was served by the hostess during the social hour.

Jake L. Hamon, an oil and railroad millionaire of Oklahoma and Texas, was shot Sunday night, Nov. 21st, in his room at a hotel in Ardmore and died Friday. He claimed his pistol was accidentally discharged while he was cleaning it. The County Attorney there charges that Clara Smith-Hamon did the shooting.

A number of years ago, Jake Hamon met Clara Smith when she was clerking in a store at Lawton, Okla. She went with him as his stenographer and secretary at Ardmore, while he was building a railroad for John Ringling from that city to Ringling in the Carter County oil fields.

Hamon's residence was at Lawton and that was considered his home up to the time of his death. Soon after he went to Ardmore his wife and two children went to Chicago, where they resided most of the time and the latter were being educated.

Some time during the period of Hamon making his wealth in Carter County, he is reported to have settled \$50,000 on Clara Smith to get her to marry his nephew. However, the two did not live together after marriage.

Hamon severed his connection with Ringling and came to the West Texas oil fields, where he added other millions to his wealth and built the railroad from Dublin to Breckenridge. He bought the interest of his partner Kell, so owned that road individually. Hamon, having secured considerable wealth, desired political honor, so went into politics. He was elected National Committeeman from Oklahoma, also joined the forces of Senator Harding at Chicago and materially aided in his nomination. If he had lived, Hamon would have had much influence in the coming Republican Administration, as he also contributed liberally to the success gained, and especially in carrying Oklahoma Republican.

Clara Smith and Hamon were also jointly charged by the Carter County Attorney with a statutory offense. After the shooting, Clara Smith escaped, and though the country has been searched for her she is still at large. Her trunks were captured at Kansas City.

Hamon claimed to his death that he accidentally shot himself, and his close friends are standing by that statement. His burial took place Monday at Ardmore, attended by many prominent citizens of the country. Hamon was a big-hearted man, possessed of a strong personality and great magnetism, and was a shrewd business man. His estate is estimated to be worth from \$15,000,000 to \$30,000,000, but it is not known how it is to be divided.

### Fredericksburg Flashes

Standard, Nov. 27: Last week the 7-year-old son of Edwin Kuhlmann unfortunately was kicked in the face by a young mule. The boy is bruised severely. However, no bones were broken.

Emil Haun and Miss Leah Turk were united in marriage last Monday evening. The groom is a son of Mr. and Mrs. Ad. Haun, and the bride a daughter of Mr. and Mrs. A. M. Turk. E. A. Feuge, living on the Mason road about 3 or 4 miles from town, reports that on last Sunday some hunter killed one of his large turkeys and crippled two others.

After spending six months undergoing medical treatment, and being finally compelled to undergo a critical operation in the Kerrville Sanitarium, Miss Elsa Hanisch returned last Sunday from Kerrville.

Considering the long illness and the serious operation, Miss Hanisch is doing very nicely at present. We are glad to report so, and do hope that she will be well and up in the near future.

News, Nov. 25: Misses Louise and Lena Wille, who went to Washington D. C. a couple of months ago, write home that they are delighted with that city and will remain indefinitely. Mrs. Otto Schwethelm and child of Kerrville spent part of last week here with relatives, and were joined on Sunday by Mr. Schwethelm, who enjoyed a hunt here and took his family home.

The people of Spring Branch have just completed the re-inforced concrete bridge across the Guadalupe which was described in these columns at the time that Contractor Ott Meyer prepared the plans a month ago. The new bridge is at the river crossing of the San Antonio-New Braunfels road, about two miles from Spring Branch post office. It is 90 feet in length. Another concrete bridge, 50 feet in length, was built across the creek at Spring Branch at the same time that the river bridge was being built. These two bridges
