## STATE SOVEREIGNTY IN THE ENFORCEMENT THE OF LAW

Argument has been made by some people that the officers and the people of the respective counties are the judges as to how the laws should be enforced in their respective counties; that the enforcement of the laws in these counties is not a matter in which the State should interfere; and that for the State to do so is a violation of the fundamental principles of local self-government. There is no such thing as local self-government in regard to violations of the law. Our government was not instituted to favor criminals, but to protect the law-abiding. Every crime that is committed is a crime against the State. The State enacts laws, not the counties. The State is the sovereign government. Counties are but political subdivisions of the State, made by the State for the convenience of the State in the administration of the government. Counties elect their officers, but elect them to enforce State laws. Every indictment charging an offense against the law begins in the name of the State and closes against the peace and dignity of the State. Every person in the penitentiary was sent there in the name of the State. The State pays the expenses of the sheriff who arrested him, of the judge who tried him, and of the penitentiary authorities who keep him. Therefore, the flag in behalf of the law and order is raised in the name of the State. State laws, not county laws, are being violated. Counties enact no laws. When county officers protest against the State sending her Rangers and her State officials to a county to enforce the laws, the protest is always made for the benefit of the criminals and not the law-abiding people. If a county is permitted to set up its own standard for law enforcement, then the criminals could take charge of some small county in Texas, and have a world of unrestrained lawlessness all their own. No parliament of gamblers, bootleggers, thieves, thugs, murderers, and trespassers of the law generally, should be permitted to establish courts, elect officers, and take charge of any county in this State. Civilization is not wrought out in disobedience to the law. The law should be enforced and respected on every foot of Texas soil.—PAT M. NEFF.

## SERIOUS SITUATION CONFRONTS KERRVILLE ON CHARITY WORK

Chairman J. Grady Timmons informs The Sun that by reference to the Red Cross records he finds that there are not any more funds in the treasury for charity work or to assist the ex-soldiers. He states that there is a balance in the treasury of about \$126.00 and that about \$150.00 is due the Southwestern Red Cross Headquarters. With this situation confronting him, Chairman Timmons has authorized that no more payments be made for any purpose out of the \$126.

As was published last week, a committee, composed of Chairman Timmons, W. G. Carpenter and Mrs. J. S. Wheelless, has been appointed to gather data about the Red Cross situation, and also to confer with the citizens of Kerrville as to means to provide for the charity work necessary to be done, as well as the aid that must be given the ex-soldiers who are ill and applicants for Government aid.

The citizens of Kerrville are in honor bound to provide some way to take care of the cases of charity that are a part of any town, and especially one where the environments are such as we have here. In addition to this humane action that devolves upon our people, we must arrange to look after the ex-soldier boys who are here now and require our services in securing their aid from the Government, as well as the larger number who will be brought here from time to time through the location of the American Legion Memorial Sanatorium at this place. Kerrville cannot afford to shirk this duty. It is a business proposition as well as a humane condition that must be met.

It is the opinion of those who have thought over the situation, that the Red Cross, in its reorganization, should arrange for a secretary and also a committee of three, the latter to take charge of the finances and look after all expenditures. Then, let the citizens subscribe to a charity fund and put it all in the hands of this committee of the Red Cross, which shall be required to investigate all requests for charity and relieve the citizens of the constant circulation of petitions to aid such distress. Then, let the citizens refuse to pay anything to any charity cases of whatever kind, but refer them to this Red Cross committee for investigation and disposition.

The Red Cross Executive Committee will soon have a meeting and after that, there will doubtless be a statement from that body to the citizens, outlining some plan of action to meet this imperative need for charity work.

Kerrville is without any funds to meet any kind of charity cases, or to attend to those of the ex-soldiers, and it is a situation the town can not afford to long let exist. Our reputation is at stake in more ways than one.

It will not do any good now to say that we are frequently imposed upon—that is a fact—and the thing to do is to plan to prevent a repetition of that burden.

## DEATH OF MRS. CHAS. M. MASON; EARLY PIONEER AT GALVESTON

Mrs. Chas. M. Mason, the mother of Lee Mason, died at the home of the latter in Kerrville on Tuesday, February 7th.

Mrs. Mason was the widow of Chas. M. Mason of Galveston and Houston, who was generally known as Major Chas. M. Mason. He was a prominent, influential and wealthy citizen of those cities. Mr. and Mrs. Mason were associated with all matters of interest in the early days of Texas.

For the past twenty-five years, Mrs. Mason had made her home in Kerrville with her son, Lee Mason, where she received every care and attention that love and reverence could command. Mrs. Mason was greatly beloved by all who knew her, and to her more intimate friends was known as "Honey" Mason.

Services for the departed were held at the family home Wednesday morning at 11:30 o'clock, which a large number of friends attended. These services were conducted in an impressive and simple manner by Rev. Dr. Macdougall, Rector of the Episcopal Church of this city.

Interment will be made at Galveston, the former home of the deceased.

The honorary pall bearers were Dr. E. E. Palmer, Wm. Nimitz, Dr. E. Galbraith, Nathan Herzog, A. C. Schreiner, L. A. Schreiner, J. L. Pampell, W. H. Rawson, B. R. Latham, Edwin Bruce, W. D. and A. S. Cleveland.

The active pall bearers were Cecil Robinson, P. L. Williamson, H. E. Butt, Milton Pampell, Glenn Brooks and Dr. J. E. McDonald.

There were numerous and lovely floral offerings from dear friends.

The relatives of the deceased have the sincere condolence of many friends here and elsewhere.

## TOURIST CAMP SITE DONATION FOR A BIRTHDAY PRESENT

C. O. Peterson, who is connected with the work at the American Legion Memorial Sanatorium, had a birthday Wednesday, and upon being asked by his wife what he desired for a birthday present, replied that she might take to The Sun office a donation for the Tourist Camp Site, so Mrs. Peterson brought a check for \$5.00, for which she and her husband have the sincere thanks of The Sun and public.

It is to be trusted that quite a number of others will have birthdays and follow the commendable example of Mr. Peterson.

R. L. Schmerbeck, accompanied by Mrs. Schmerbeck and children and Mrs. W. G. Garrett, motored to San Antonio last Sunday to attend the Jubilee Celebration and to participate in the parade Sunday afternoon, in which it is estimated that 40,000 Protestants were in the line of march, in commemoration of the 75th Anniversary of Protestantism in San Antonio.

## AMERICAN LEGION MEMORIAL SANATORIUM TO BE AMONG BEST

San Antonio Light, Feb. 5: Completion at an early date of the American Legion Memorial Sanatorium at Kerrville will give Texas an institution which will be a model of its kind and second to none in the country. Contracts amounting to \$1,032,547 have been awarded and with the exception of a few minor structures, the huge plant soon will be complete. Bids on the remaining buildings will be opened in March, after which final selection of furniture and equipment will be made.

The American Legion Memorial Sanatorium was erected in honor of Texas veterans of the World War. It was conceived by the Benevolent War Risk Society of Texas and actual construction begun in 1920. The project was sponsored and continued by the American Legion, Department of Texas. It was conveyed to the State of Texas in 1921.

The Sanatorium is situated on the south slope of a range of hills about three miles south of Kerrville, near the Guadalupe River and on the Old Spanish Trail and the S. A. & A. P. Railway. The hospital has its own railroad station, known as Legion, Texas.

### Location Is Ideal

The location is considered ideal as it has natural protection from the north and is surrounded by trees and foliage of all descriptions. The site is 1,760 feet above the sea level.

When the State took over the project in the spring of 1921, the sum of \$1,500,000 was appropriated to complete the hospital and provide accommodation for 600 patients. A building board was appointed as follows: Dr. Manton M. Carrick, Senator S. B. Cowell and Dr. J. B. McNight. The firm of Phelps & Dewees, San Antonio architects, again was selected to design the buildings necessary to complete the project.

The plant is fireproof throughout, being constructed of concrete and hollow tile, plastered inside and faced with brick outside, with 1½ inch air space between, for added insulation against heat in summer and cold in winter. Every modern device that would contribute to the comfort of the patients has been provided. These include steam heat, electric lights and many electrically operated devices, such as ceiling fans, vacuum cleaning plants, elevators and dumb waiters.

## SIXTEEN REPORTED ON TIME FOR GRAND JURY; NO EXCUSES

When Judge R. H. Burney convened the Kerr County District Court Monday morning there were sixteen men summoned as grand jurors, who reported on time and none of them offered any excuses to prevent serving. As Judge Burney remarked, this is unusual and also quite creditable, and especially so, when it is considered that all of the sixteen are representative men and have important affairs of their own to demand attention.

The following composed the list summoned, the first twelve of whom were empanelled as the Grand Jury:

Willie Hokekamp, Henry Cowan, George Walker, Lee Burney, Fred Vaughn, Arthur Real, Moritz Hokekamp, G. F. Schreiner, Robt. Saenger, Arthur Mosel, Emil Leinweber, D. H. Hughs, F. S. Ragland, George Baldwin, Wm. Nimitz and E. H. Prescott. G. F. Schreiner was named foreman.

Judge Burney gave his instructions in an impressive and forceful manner, and especially called attention to the assassination of a Mexican near Center Point some time ago and urged that a thorough investigation be made of this crime. Considerable was also said by the Judge about the Ku Klux Klan, which he emphatically condemned. As has been previously stressed by Governor Neff, mention of which is made elsewhere, Judge Burney called attention to the fact that it is the State of Texas that provides the courts, the juries and enforces the law, and not any other power—local or otherwise.

The bailiffs sworn in to serve the Grand Jury and Court: W. C. Peterson, H. I. Hardin, John Massey and C. A. Rodgers.

The following citizens compose the petit jury for this week: George Sauer, Victor Lee, R. F. Hunt, F. B. Klein, Walter Coleman, E. E. Vallier, Wm. Boerne, Wm. Boeckmann, A. T. Adkins, F. E. Hopkins, Tom Young, Chas. Heinen, Arthur Lott, B. L. Wiedenfeld, Louis Doeffler, H. C. Barfield, T. C. Hall, Oscar Neunhoefler, Will Ridgaway, Henry Henke, A. L. Colbath, Wm. Apeth, Gus Ehlers Jr. and Elmer Real.

The following cases were disposed of Monday and Tuesday:

Henry Edmons, charged with carrying a pistol; plea of guilty; fine of \$100.00 and costs of \$22.10.

Wm. Bernhard, charged with hunting deer with electric light; plea of

## ELIZABETH EASTLAND HOSTESS TO FRIENDS IN HONOR OF BIRTHDAY

Little Miss Elizabeth Eastland was hostess to forty of her friends Saturday, February 4th, in honor of her 11th birthday. Games and contests were the features of entertainment. Thelma Taylor received the first prize, a book, for pinning the arrow in the proper place on the heart, and Frances Peterson was awarded the booby. In the next contest of Candy Heart, the prize, a large stick of candy, went to Ruth Leavell and a small stick for the booby was given to Dorothy Fawcett. After enjoying games on the lawn, all were invited into the dining room, which was beautifully decorated in the Valentine motifs. A birthday cake with eleven lighted candles formed the center piece on the table. The reflector upon which it rested was surrounded by maiden hair ferns, through which tiny electric lights sparkled through red and white globes. Kewpies dressed in red and candles in crystal holders decorated the ends of the table. Valentine place cards and red and white candy boxes marked the places for the guests. Ice cream with candied cherries and cake were served.

Those who attended this delightful party were Annie Laurie Garrett, Annie Louise Schmerbeck, Ruth Garrett, Ruth Leavell, Dorothy Fawcett, Frances Peterson, Margaret Harwood, Nellie Ganter Schreiner, Josephine Fawcett, Annabelle Peterson, Lula Wesch, Martha Harwood, Elizabeth Wilson, Madeline Peterson, Elsie B. Henke, Ruth Nye, Velma Brown, Thelma Taylor, Clara and Gertrude Page, Charlotte Carpenter, Claribel Renschel, Charley Moore, Florence and Marie Speckles, Elaine and Mildred Williams, Portia and Dorothy D. Hughs, Mary Louise Gardner, Bess Nance, Imogene Ewing, Jenette Harris, Robie Dunbar, Eleanor Rees, Beulah Adkins and Edna Sauer.

## LIKE THRESHING WHEAT, MOONSHINING NOW COMMUNITY WORK

Moonshining has grown into a highly specialized business in the Kerr County hills, much like wheat threshing. Harry Hamilton, group head prohibition agent, said Saturday night, following an all-day investigation of conditions in that district, which resulted in only one arrest and one barrel of whiskey mash being seized.

Vendors of "moonshine" whiskey do not make their own liquor in that section, Mr. Hamilton said, but prepare their mash and it is distilled by another person who is reported to own a well-equipped still mounted on a truck. The "distiller" makes the rounds as often as required, like wheat threshers do in wheat-growing sections, distilling mash of the sturdy yeomanry. The distiller is either paid in cash or in whiskey. Mr. Hamilton did not learn the amount of his fee.

"We made a number of investigations, but almost came back empty handed," Mr. Hamilton said. "We had received reports of the system of one man distilling mash for the community, but gave it little credence until we spent the full day Saturday to locate some evidence. We found plenty traces of mash or mash containers, but nowhere did we see a still or hear of a still, except the one supposed to be operated by the community distiller.

"It's much like the operation of a wheat thresher in the fall. Maybe the still is operated by a crew of men and to all appearances is a legitimate enterprise, and the crew has regular working hours and go to dinner at the foot of the whistle and return to work at the same signal."

One man was arrested by the "dry" agents, who gave his name as Candelario Trevino. He was arraigned before United States Commissioner Edwards here late Saturday evening on charges of possession and sale of liquor, and was placed under \$500 bond.

Captain Stevens and Agents McKay and McFarland, headed by Mr. Hamilton, left San Antonio early Saturday morning for Kerrville, spending the entire day in that section and returning late Saturday evening.

The above article is from the San Antonio Light, and is, of course, a great surprise to many of our citizens—and especially those who ought to know if any such situation exists—as this article indicates.

Now, it is not very flattering to our people to have it published broadcast, that "Moonshining has grown into a highly specialized business in the Kerr County hills."

Further than that, this article puts us into an entirely unique and progressive class—different from any yet reported in the "moonshine" business. It is asserted that it is like threshing wheat, and is a community work.

What do you think of that? Who's got the still?

## NEW POPE IS ELECTED, TO BE KNOWN AS PIUS XI; 65 YEARS OLD

Rome, Feb. 6.—Achilleo Cardinal Ratti was today elected Pope on the seventh ballot of the Sacred College. He will assume the name of Pope Pius XI.

The smoke signal from the Vatican this morning was white and shortly afterwards it was announced that Achilleo Cardinal Ratti, an Italian, had been elected to succeed Benedict XV.

Cardinal Ratti received 38 of the 53 votes in the conclave. A two-thirds majority was necessary.

Cardinal Ratti, by his election today, becomes the 261st Pope since the time of St. Peter.

As Pope Pius XI he is expected to continue the policy of reconciliation with the Italian government, for he was a member of the Gaspari party, which stood for a rapprochement between the Quirinal and the Vatican.

Ratti was papal nuncio to Poland and recently was made Archbishop of Milan.

Cardinal Ratti is in his 65th year. Although he is an Italian, he is better known in Poland, where he had been papal representative for several years. He was consecrated Bishop at Warsaw and has had his headquarters there recently.

The new Pope was born at Milan in 1857.

Ratti's election was not a surprise, although he was one of the newest Cardinals, having been created in June, 1921, by the late Pope Benedict.

The newly elected Cardinal was asked what name he would take as Pope, and he replied:

"Pius XI."

**T. N. WHITE, Manager**

PHONE 49, KERRVILLE, TEXAS.

The Brownson Literary Society of Notre Dame promises a dollar's worth of fun to everyone who comes to witness their entertainment in Washington Hall on Saturday, February 18th, at 8 p. m. The entire management of the program and of the proceeds is left to the students. In order to help out their treasury for another encyclopedia set, the Brownsonites have decided to charge the very nominal price of fifteen cents.

Besides a humorous comedy that brings home a very necessary lesson, the boys and girls have prepared a varied program that will surely please their innumerable friends. Tickets are now on sale by the Notre Dame High School pupils, and the more you buy the greater will your co-operation be appreciated.

Many of the young folks at Notre Dame held a dance in the school annex on Saturday night. Most of the participants are taking regular dancing lessons to improve their graceful bearing.

**Arctomys Monax**  
Billie Hart scored about 28 per cent for his January forecast. After the 17th the sun went off on a long siesta behind clouds that could not quite make up their mind to befriend our drought-stricken farmers. Even on Candlemas Day, the ground hog (arctomys monax) had to be on the qui vive to see his shadow. Nevertheless, on this shadowless day Photographer Whodas came to take half a dozen panoramic views of the latest Notre Dame improvements. However forbidding the weather may have been for the ground hog, it was ideal for the kodaker.

Cuts have been made of these recent pictures and the illustrations will soon appear in the Year Book for 1921. All interested in securing a copy can have one free of charge by writing to Notre Dame.

School statistics in this annual show us that Notre Dame had an enrollment last year of 154 pupils, of whom 74 were non-Catholics. Tuition money averaged only 17 cents per scholastic monthly. At Tivy the subsidy, exclusive of tuition receipts, amounts to \$2.94 a month. In other words, the American Catholic School alone saved Kerrville in 1921 nearly \$4,100.00, and almost as much from the Mexican School. We feel, therefore, that we are the best financial backers of the public school.

A free commercial course has been incorporated in the standard high school curriculum. Even the use of the machines is given without cost.

One friend of the school donated last week 113 bound volumes and 180 pamphlets. He alone has contributed over 900 books to the growing school library. People not connected with Notre Dame may take advantage of this library by paying a dime monthly to the Brownson Literary Society.

**Music Tests**  
The Notre Dame conservatory is affiliated with the Art Publication Society of St. Louis, and from this authoritative source receives all the examination papers upon which promotion is awarded. The senior pianists received their test of 55 questions ex-

clusive of the quiz in harmony and the history of music.

A Sonatine Contest was held among the junior pianists, in which Miss Velma Brown and Miss Louise Colbath led their competitors.

We could not but compliment Father Carey of the big Notre Dame University for the stand that he and Knute Rockne took in purifying collegiate athletics from the inroads of professionalism. At the loss of twelve of her best men, some of whom were chosen for the All-American eleven, Notre Dame stood foursquare for the purity of school sports. Many weeks before the first hint of the Taylorville-Carlinville scandal was published, Father Carey wrote to seventy universities begging their enlistment for clean sports and only two Mid-Western schools as much as acknowledged the receipt of his communication, although now they are all very noisy about the rigid purgation that exposures have made imperative.

Miss Margaret Rose Cross, one of our Notre Dame boarders, enjoyed a visit from her father, who is a manager at Frank Bros. in San Antonio.

### THE COUNTY ENGINEER HAS SUCCESS AT AUSTIN

Leader, Jan. 27: Last week the meeting of the Commissioners' Court was reported, in which it was decided to proceed in a big way to build Edwards County good roads. And it was announced that the County Engineer, W. E. Simpson, was starting immediately for Austin to learn definitely as to how much State and Federal aid could be expected before contracts were let on the new roads.

This week, before our going to press, Commissioner J. W. Babb had a phone conversation with Mr. Simpson, in which the Engineer gave an outline of what he had done at Austin and said he would be in Rock-springs next Monday to give a detailed account of what he had done. However, he told Mr. Babb that he got about all that he asked for from the State Highway Department in the way of State and Federal aid, but that the funds for this county would not be available until June 1st, as the current appropriation was about exhausted.

This delay in receiving the aid is not unsatisfactory for the reason that it will take until June 1st to get ready for extensive road building. There is more engineering work to be done before work can start on all the roads. But Mr. Babb thinks work can start right away on the nine-mile stretch of road just south of town, which is now ready to contract and on which State and Federal aid was granted some weeks ago. And in the meantime the other roads can be gotten ready for contracting. Oh yes, things are now looking ultra-good.

### REDUCTION IN DODGE CARS EFFECTIVE NOW

New York, Feb. 5.—Reductions in the Dodge Brothers motor cars went into effect Wednesday of last week.

The factory price of the touring model is now \$880, a reduction of \$105. The sedan at \$1,440 is \$345 under the previous price. The coupe is reduced \$205 and the roadster is cut \$85.

Fifty years ago the Marquesas Islanders numbered more than 50,000. Now there are but 1,800 natives. Small pox and tuberculosis decimated the population.

### REPORT OF TRIP TO TENTH ANNUAL CONFERENCE

The Tenth Annual State Older Boys' Conference was held at the Agricultural and Mechanical College of Texas January 27-29th. To this conference Kerrville had nine delegates, representing the Protestant Churches and Men's Club.

The Older Boys' Conference is composed of boys of the Hi-y's of Texas; that is, the High School divisions of the Y. M. C. A.—The work of this conference is to show the boys why they should lead clean Christian lives and also show them how they might better their own community. That is, first clean out your own back yard, then you are in position to help the neighbors.

Harry Rimmer of Los Angeles was the principal speaker of the conference. He was a man that won the boys' hearts in his first talk and with a smile. Mr. Rimmer talked Saturday morning on "Unbaptized Arms," securing his subject from the evils that existed in the communities of the delegates. He likened the existing sins, including "Cussing," "Gambling," "Hootch," "Tobacco" and "Spooning." In his conclusion, Mr. Rimmer entrusted the honor of women and girls to the boys of the conference in no uncertain terms. Dr. Terrell of Dallas also spoke along the lines of clean social living, which was very impressive to the delegates.

The conference went on record (voted by the boys) as clearly and unequivocally opposing the following evils, so far as they exist in our communities, and to try to correct them as far as possible: (1) Dirty athletics. (2) All forms of unclean speech, obscene and suggestive printed matter. (3) All forms of gambling. (4) All forms of destructive drugs, liquors, and especially cigarettes. (5) Dishonesty, such as cheating in the classroom, lying, stealing, etc. (6) Rowdiness, spooning, joy riding and suggestive conversation, and emphatically endorsed the right attitude of boys towards girls.

The famous coach of the "Aggies," D. X. Bible, gave a pointed address on "Our Task in Athletics," in which he brought out the fact that a man was not fully educated until he was well developed physically; that one owed it to himself and his country.

Sunday morning, Mr. Rimmer addressed the conference on the subject, "The Valley of Decision." The real "Valley of Decision" can be reached by three trails—the Shade Trail, Inspiration Point and Drifting Down the Trinity River. He compared this beautiful spot of nature to human life in all its phases and in closing made an appeal for forward steps in the lives of the delegates, with the result that 96 delegates for the first time made a decision for Christian life, 19 Christian fellows decided to give their lives in Christian service, while 163 other delegates took other forward steps. In the World Outlook Session after dinner, 29 other delegates decided to give their lives in some form of Christian service.

Now Kerrville, keep this wonderful work up and let's send even more delegates next year. It is most certainly worth it. If you could see such a conference you would then very readily agree it is the greatest conference to help the boys.

GUY MOSES.

### Order of Sale

The State of Texas, County of Kerr. By virtue of an Order of Sale issued out of the Honorable County Court of Bexar County, Texas, for Civil Cases, on the 7th day of January, A. D. 1922, by the Clerk thereof, in the case of C. V. Heaslet vs. Frank Hester, No. 11111, and to me as Sheriff directed and delivered, I will proceed to sell to the highest bidder for cash between the hours of ten o'clock, a. m., and four o'clock, p. m., on Wednesday, the 15th day of February, A. D. 1922, at the Court House door of Kerr County, Kerrville, Texas, the following described personal property, to-wit:

One (1) FORD AUTOMOBILE, Motor Number 1476187, License Number 5954, 1920 Seal Number 358450, levied on the 17th day of January, A. D. 1922, and to be sold to satisfy a judgment dated the 6th day of January, A. D. 1921, and recorded in the minutes of said Court, in favor of C. V. Heaslet and against Frank Hester, for the sum of ONE HUNDRED & FIFTY (\$150.00) DOLLARS, with interest thereon from the date of said judgment at the rate of six (6%) per cent per annum until paid, and all costs of suit, and the further costs of sale, together with a foreclosure of a chattel mortgage lien on the above described personal property, as said lien existed on the 12th day of June, A. D. 1920, against the above named defendant.

Given under my hand, this 31st day of January, A. D. 1922. 7-2c.

J. T. MOORE,  
Sheriff of Kerr County,  
State of Texas.

### HIGH SCHOOL NOTES

By Annie Claire Enderle

Last Friday night the Seniors had a meeting at the home of Mary Claire Williams. The session was called to order by President Minnie Dietert. Each member gave the number of invitations they wished to have ordered. Music was played throughout the evening. Punch and sandwiches were served to the following: Minnie Dietert, Myrtle Rose Dietert, Annie Claire Enderle, Euola Klein, Mary Claire Williams, Guy Moses, William Henry Rawson, Clarence Mosel, Marshall Leazar, Sydney Wheelless, Bruce McGee, Horace Starkey, Raymond Fisk, Adolphus Rees and Charlie Horn. Invited guests were Eva Mae Staudt, Arthur Lochte, Dan Deibner and Scott Fawcett.

The basket ball boys and girls—the first and second teams of boys and the first team of girls—leave next Saturday to play at Boerne. Boerne played here three weeks ago, beating both teams of boys and losing the girls' game. All games are expected to be won by Tivy teams this time.

The Senior, Junior and Sophomore girls held their meeting Tuesday at 2:30 p. m. The Constitution was read and adopted by all present, and is as follows:

1. The name of the Club has not yet been decided.  
2. The purpose of the Club shall be to stimulate moral development among High School girls, and to assist in the government of the school.

dent, secretary-treasurer and press reporter; the term of office shall be one-half year, and their duties the usual ones of such officers.

2. Members: Any High School girl, 15 years of age and above, who is willing to conform to the Constitution and By-Laws, subject to control of the Board of Directors, may join by making application.

3. Honorary Members: The Club may elect honorary members at pleasure.

4. Time and Place of Meeting: The Club shall hold regular meetings each Tuesday afternoon in the High School building, and special meetings at the call of the president.

5. Directors: The Club shall be governed by a Board of Directors of six members, of which the president shall be ex-officio chairman, and all

appointments to have the approval of faculty members.

Minutes of the previous meeting were read by Margaret Morris. The Board of Directors appointed were: Lucile Taylor, Mary Claire Williams, Celeste Leisering and Anna Neblett Thorburn. Resolutions for the next meeting will be had. Pledges also will also be given out for the signatures of members.

Alice Blue Girls, Periotte Bubble Girls, Hawaiians, Peacocks, Wax Dolls and Sailor Boy Dolls will dance for you, and children from China and Holland will amuse you Saturday night in the High School Auditorium. (Advertisement 8-1tc.)

## SIR WALTER RALEIGH HAD A BRIGHT IDEA

YOU remember the episode of the rainy day when he threw his cloak into a puddle that the good queen might cross without getting wet feet and perhaps the flu. That was advertising. Sir Walter had a message of import to her majesty. He wanted a hearing. He got it—by a courteous and ingenious method of attracting favorable attention. It was another case of advertising that paid both ways.

Business today is metaphorically throwing its cloak before you. It seeks your favorable attention. It uses its most effective method of capturing it—ADVERTISING. Day after day it caters to your tastes, and your desires through advertising.

The men who advertise in this paper believe that if they succeed in getting their messages across to you, you will often be interested and sometimes inspired with a little of their own enthusiasm for their wares.

Advertising will help you. Whether you realize it or not, advertising is a big vital force in your life. Through it, American genius and American manufacturers are putting within your reach the many boons of modern life.

Advertising keeps your information up to date on every article of human need, whether food, clothing, articles of household utility, necessities or luxuries.

Advertisers deserve your support. The queen knighted Sir Walter.

CATHOLIC CHURCH NOTES  
By Father Kemper  
CONGREGATIONAL SINGING

The first attempt at congregational singing, inaugurated on Candelmas Day, proved very encouraging. For the present this custom will be continued every Wednesday during the holy sacrifice of the altar in the convent chapel. Every worshiper is supplied free of charge with a hymn book.

It is also our earnest desire that every parishioner should possess and read the Holy Bible. Those who have not yet secured a copy, can have one for nothing by applying at the Rectory. The version used in one of the 198 vernacular editions that were gotten out under papal approval in the half century between the invention of printing and the origin of Protestantism.

Notre Dame sent congratulations last week to the Ursuline nuns on their Diamond Jubilee of successful management of their academies in Galveston and San Antonio. These Sisters conducted free schools in Texas for all creeds before any public school had been opened.

Prayers for the Pope will be continued until the next successor is established in the chair of St. Peter. Owing to the absolute separation of Church and State in Italy, as everywhere else according to Catholic doctrine, it requires much deliberation to choose a Cardinal who can be truly the White Shepherd of all Christendom.

Next Sunday, due to the engagement at Comfort, services will be held in the Convent chapel at 7 a. m.

On the following Sunday, February 19th, there will be but a short sermon and no benediction, because a meeting will be conducted in St. Mary's Church immediately after mass at 10:15 a. m., for the purpose of banding together the parishioners in a helpful and harmonious unit, not only spiritually but also socially.

Ten Thousand Scholarships  
The Knights of Columbus have launched their gigantic correspondence school system. It is their intention to reach every war veteran, especially in rural communities where the advantages of a good education are not so common. No charge will be made for enrollment, tuition or material needed. Thirty recognized courses are open for selection, ranging from commercial profession to automotive engineering.

In our local council this Tuesday the Knights were given a grand musicale by the San Antonio Symphony Orchestra. Miss Elsa Schott, a frequent visitor to Kerrville, gave a recital last Sunday with other faculty members of the San Antonio College of Music.

Last week Conde Pallen delivered his Dante lecture in the K. C. Hall in commemoration of this greatest of all mortal poets.

The efforts of the K. C.'s to Americanize our school children and teach them unbiased history is meeting with fruit, because last week the American Legion took up this question and confirmed the investigation that at least six histories commonly used in our public schools are not 100 per cent American, and rank still lower in veracity. Some of these extol Benedict Arnold and denounce John Hancock and even the fathers of our Constitution.

FILMY ATTIRE OF GIRLS IS TARGET OF STUDENT BODY

Dallas, Tex., Feb. 6.—Short skirts, filmy waists and thin silk stockings which are now being worn by many of the fair co-eds at the Southern Methodist University may feel the weight of righteous indignation in a short time.

The Students' Association, following a conference with officials of the school, announce that a campaign against these articles of dress will be launched as soon as the present revival services are concluded. The association declares the ultra modern dress of the fair co-eds in not conducive to the best efforts in study.

The girls have not made any statement about the proposed ban.

FIRST METHODIST CHURCH  
J. GRADY TIMMONS

Last Sunday was a fine day. The Sunday School was larger than at any previous Sunday for the Conference year. The congregations at both services were encouraging. The house was practically filled at both hours, for which we give thanks and take courage.

At the close of the Sunday School period we had an open Sunday School for a few minutes, during which we listened with interest and profit to Prof. Guy Moses in his comprehensive and very strong presentation of the "Hi-Y" Conference at College Station, from which he had just returned, having been sent in charge of the Kerrville delegation. His talk was largely to the parents, showing them the advantages to be gained by sending their boy to this annual event. And it is hoped that the interest thus aroused will result in a larger delegation for the next year.

At the evening service Marshall Leazar, our delegate to the conference, gave a very helpful and inspiring report of his impressions and observations. It was a strong effort, delivered in a serious, straightforward manner, which showed that he took it in and brought it back.

On Thursday evening of this week at 7:30 o'clock the basket ball schedule for the Kerrville Sunday School League will open. The opening game for the season will be played between the Presbyterians and Methodists and promises to be a warm contest. Both teams are getting into fine shape and are keen for the struggle. The admission will be 10 and 25 cents. Just immediately after the game the ladies of the Methodist Church will have a pie supper in the church. Everyone is invited to remain and partake of the sumptuous feast. The game will be played on the official court at the Methodist Church.

The ladies of the Missionary Society have adopted a young man at the American Legion Memorial Sanatorium as their special charge. His name is Mr. Watson, and we were delighted to have him with us at Sunday School and church services last Sunday. The Society will look after his needs and wants and furnish him with all the necessities not provided by the Sanatorium. It is a fine and noble step and the Society is to be congratulated.

The Baraca Class of the Methodist Church met in regular session last Sunday morning. Prof. Moses explained the athletic program and plans for the game Thursday night. J. Grady Timmons, class member and teacher, conducted the lesson on the course now being studied, "Athletes of the Bible." The character for discussion was Samson, and his eventual downfall. Mention should be made of the fine attendance. The Baracas have been struggling for a long while

and are now beginning to see the fruits of their labors. The class was proud to be represented at the "Hi-Y" Conference by Marshall Leazar. We hope to send more delegates next year and thereby gain the aid and ideals of the "Y" in our work. If you are not now in some class we invite you to meet with us next Sunday morning at 9:45 o'clock, and do not miss the next business meeting on the first Thursday night at the parsonage. You are welcome.

Next Sunday the Church School will meet at 9:45. Preaching at 11 a. m. Subject: "Jesus at Home." Junior League at 3:30 p. m. Senior League at 7 p. m. Preaching at 7:30 p. m. Subject: "The Healing Stripes."

The year 1921 was the greatest year in the history of our church. We received on profession of faith alone 161,973 people. For the quadrennium there has been a gradual climb. In 1918 we received by profession of faith 94,214; 1919, 98,192; 1920, 133,694, and then the climax of 1921. In Texas alone we gained by profession of faith alone during the past year more than thirty thousand. The best part of it all is that this has not been a member-getting campaign. This work has been done with the Centenary Revival Plan. Every person brought in has been taught the doctrine of the stewardship of money, every family has been taught the necessity for family altar worship, and the young people have had lessons on Life Service and been taught to say to the Lord, "Here am I, send me."

Junior Philathea Class

The Junior Philathea Class had a business meeting last Saturday afternoon at the home of their teacher, Miss Edith Tullis. The business attended to was the election of officers. Pauline Bowden was chosen president; Flora Welborn, vice president; Vivian Wardlow, secretary; Alice Moore, treasurer, and Theo McWilliams, press reporter.

This class is to give a "Martha Washington Tea" Monday evening, February 20th, at the home of Mr. and Mrs. F. E. Garrett. The public is invited and asked to bring a silver offering. The money that is received will be put in the library fund for a Sunday School Library.

FIRST BAPTIST CHURCH  
J. B. HOLT, Pastor

It is evident in many ways that our official family means business. The deacons are on the job, the finance committee is pushing its work, and the Bible School forces are wide awake. The women are planning greater things and the young people are on the move. The athletic interests are getting in shape and we are to have some fine contests soon. Let the good work go on.

Next Sunday should be one of the best days we have had in a long time. For over two years our financial plan has worked like a charm, but due to the recent financial depression which has been in evidence everywhere, our funds have run low and we are now considerably behind. Kerrville Baptists are loyal to their church and will not let any interest drag. All that is necessary is to inform them of the real needs of their church and they will see that such needs are supplied. We are to go over the top Sunday in paying all obligations remaining against us from last year. A liberal offering from each one will put it over. You will hear from your finance committee this week. They have the matter fully in charge. They are earnestly and prayerfully striving to do their best for you and the cause. This committee is made up of the deacons and three other brethren. They will all be in evidence Sunday and are expecting the glad co-operation of every loyal member of the church and any other Baptists who live in Kerrville. Our people will show just where they stand next Lord's day. No loyal Baptist will be absent unless provisionally kept away. People of real courage will face any issue like soldiers of the cross should. To take to the woods when the battle is on is the act of a coward. Baptists should never show the white feather. If you cannot give, come and face the music anyway. Begin now to plan to be present. Bring with you every Baptist you can find. Let Baptists shine next Sunday. You are doing splendid work in your little city. Let's do better.

Remember the three great religious conventions in San Antonio next week and make your plans to attend. You will be entertained on the Harvard plan. You owe it to your church and to yourself and especially to your Lord to go to this meeting. You will be

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

Sunbeam Band

We had an interesting meeting of the Sunbeam Band last Sunday afternoon. A new roll was made for this quarter, containing the names of thirty-seven members. The names of all those who don't miss a meeting in the next three months will be placed on the Honor Roll.

The boys are contesting against the girls for new members. The successful side is to be entertained by the others.

We are grieved to know of the misfortune of Mary Elizabeth Osborne, one of our former members, and have agreed to give her a card shower.

Aside from our devotional service, we learned how a Japanese boy celebrates his birthday and how our missionaries are treated in a Japanese home.

In our business meeting, Ruth Morris was elected Personal Service Chairman. On motion, we decided to buy "Rainbow Songs" to be used by the Band and any other services for children. We closed by giving the Sunbeam Rally Cry.

We enjoy visitors who believe in us and encourage us, and if there is a "Doubting Thomas" we insist that you pay us a visit.

#### TURNING TOWARD PEACE

San Antonio Light: With dramatic suddenness the civilization of the world has made a step forward. The Washington Conference, called on the mere possibility that the nations might reach an understanding, has achieved a degree of success which few people had the faith to anticipate.

This does not necessarily mean that the end of enduring peace has been attained. It means that the world has been set in motion in that direction. The objective has been definitely fixed, and toward it the activities and thoughts of man have been turned. Hereafter, the tendency of peoples will be to think of each other in terms of peace; and as the mind thinks, so does the body act.

The conference have reached an agreement on every major issue presented. The arrangements in some cases are not ideal, but that was to have been expected in any great. Not only has all the ground over which the conference assumed jurisdiction been covered, but the influence brought to bear by this meeting of minds has resulted in the composing of differences between two nations that had a private quarrel in which the conference as a whole could not properly interfere.

As "nothing succeeds like success," so one may expect the peace-making results of the conference to be cumulative. Already, in fact, the working of this process has come into evidence. It is only natural for people to "climb upon the band-wagon." Accordingly, when the Japanese agreed to return Shantung to China, Sir Arthur Balfour, representing Great Britain, announced that his country would return Wei-Hai-Wei to its rightful owners. Previously the French had offered to give up their households in China if all other foreign nations would get out.

Although the announcements made at the fifth plenary session of the Washington Conference came with dramatic suddenness, forces working toward that moment had been of steady growth. The minds of peo-

ples everywhere had been set upon a new philosophy of world relations. Never before in the annals of man had there been such a unanimity of thought and desire. Not all of the governments are democratic in form, but the work of the Washington Conference is the result of a democracy of thought which has come to be universal.

Secretary of State Hughes spoke significantly when he remarked upon the fact that the delegates had met in the spirit of peace, and in terms of peace had discussed the weapons of war. The ability to do that was a prerequisite to adoption of concrete plans for the elimination of war from human institutions. All subsequent steps must follow from that, if at all.

The hen, the cow and the pig will bring any farmer out of debt and lay aside a surplus.

A simple rule to follow in order to avoid parking on the wrong side of the street, is to always have the right side of your automobile or vehicle to the curb.

Kimble County has several candidates for different county offices, but so far we have only one in Kerr. Are the boys here timid? Get in, the water is fine.

Kerr County has a larger poll tax list than either Bandera or Kimble Counties. Even at that, quite a number in this county did not pay their poll tax. There is apparently so little interest in political contests here that it is not considered necessary to vote.

Buy as freely as you can afford and that will ease the stringency at any time, and be sure to do your buying at home. The dollar sent away is gone beyond the reach of this community for all time. If you keep it at home and as it circulates around you have another chance at it.

Those who have been in other sections of the country state that the people here are in better financial condition than those places visited. We have a diversity of things that make this section not so dependent upon any one thing, consequently, the failure of just one or two items that go to make up our resources does not hurt so bad.

The Federal laws governing prohibition do not supercede the State laws, but co-operate with them. The Texas laws on prohibition are more far-reaching and complete than the Federal laws—when enforced. The lack of enforcement of the State laws, in too many instances, is wherein the people have gotten the idea that the Federal laws supercede the State laws.

The Arms Conference, which reached such a satisfactory agreement and started the movement for World Peace, does not have any effect with the Irish Free State. Those turbulent petrels do not have the English now to quarrel with and fight, so they have gone into a three-cornered scrap with each other. Let 'em go to it, as they seem to be bent on raising hell all the time, anyway.

## POULTRY CACKLES

### BEST RETURNS FROM PULLETS

Maturity Can Be Hastened by Right Kind of Care and Feeding—Range Desirable.

(Prepared by the United States Department of Agriculture.)

A flock of pullets that can be brought to laying in the fall will give the largest yearly profit. The average poultry keeper fails either to hatch early enough in spring, so that the pullets may reach laying maturity in October, or he does not keep them growing rapidly enough to bring this about. Pullets that do not get to laying well before the arrival of cold weather and the short days of December, will seldom start egg production before February. Thus two or three months of additional feeding are required, and the advantage of this period of highest egg prices is lost.

Very few eggs are secured on the average farm during autumn and early winter, but experienced poultrymen by better management secure a fair egg production during these seasons. It is advisable, though not essential, that the cockerels and pullets be separated as early as possible and given separate free range.

Avoid overcrowding at night. A coop that will hold 100 young chickens will not house properly more than half as many growing pullets. Their maturity will be retarded if too many are kept together, or if they are annoyed by lice or mites. Frequent inspection of the houses, especially after the pullets have gone to roost, is advisable. If mites are seen crawling on the perches or are found by a careful inspection of the house, prompt measures must be taken to kill them by spraying the interior of the house, as advised by the United States Department of Agriculture, with crude petroleum, kerosene, cresol solution, cattle dip, or some other effective solution. Body lice frequently cause much annoyance and retard growth and maturity. Individual treatment of each pullet with sodium fluorid or mercurial ointment will clean up these pests on the birds themselves.

Feed freely of a good egg-laying ration; give plenty of range, and be sure

Chickens Grow Rapidly When They Are Allowed Free Range.

they get plenty of mash. It is a help to keep it in hoppers, where they can have free access to it. A light feeding of moist mash, especially if mixed with milk, may induce them to eat a little more. If 25 per cent of buckwheat middlings is added to the amount of mash to be moistened with milk or water it will be eaten eagerly by the pullets. A liberal amount of meat scrap in the mash is advisable at this time, particularly if plenty of milk is not available.

Corn, wheat, oats and barley are the principal grains fed. Kafir and buckwheat also are used, but are not so generally available, and usually cost more. Corn and wheat are the two best grains and are about equal in value, although wheat can be fed alone better than corn, which is inclined to be fattening. Oats and barley, on account of their hulls and higher fiber content are not so good as corn or wheat. Rye is not well relished, and is seldom fed.

Corn meal, wheat bran, wheat middlings, and meat scrap form the basis of a good mash. White corn chop, corn-and-cob meal, ground oats, and low-grade flour may be added or substituted to advantage.

When on free range the fowls obtain a little of several different kinds of feed. Grain should not be made the sole feed, for then fat and not eggs is the usual result.

Place setting hens in colony houses or other rat proof buildings. Brood coops with tight floors are useful for setting hens. Many a promising hatch has been ruined by the rat that stole the eggs.

Old hens may pay their way just by producing meat for the table, but why have a flock working half-time to produce meat when it might as well work full time, producing both meat and eggs?

### COIN AND AUTOS ARE BLAMED BY TEACHER

Chicago, Feb. 7.—Too much pocket and pin-money and too many automobiles have resulted in laxness in the conduct of some Chicago High School students after hours, according to reports of Supt. Peter Mortenson, and as a result investigators have been assigned to shadow some of the boys and girls on afternoon auto rides.

According to the reports to Mr. Mortenson, most of these rides end in road-houses and "tea rooms," where the prohibition laws are not strictly enforced.

### Pocket Picked of About \$200

W. T. Gore of Ohio, who had been visiting his sister, Mrs. M. E. Bogle, left Sunday for Panama. After arriving at San Antonio and buying his ticket and Pullman reservation to New Orleans, he was engaged in conversation with two affable strangers, who desired to match money with him, but he refused. However, at some time during his talk with them, his pocket was picked of \$100.00 or more in currency and \$75.00 New York exchange, he had endorsed.

After the strangers left him and he found he was robbed, Mr. Gore called his brother-in-law, Mr. Bogle, about 10 o'clock Sunday night, who left at once in his car and got to San Antonio about 1 o'clock. Monday, Mr. Bogle secured the co-operation of the chief of detective forces and the two strangers were arrested, as they had been under surveillance but nothing had been charged against them. Mr. Gore recognized them, and they were made to buy tickets for New Orleans and leave the State, as that was all that could be done, there being no evidence that they had picked Mr. Gore's pocket, though several hundred dollars were found in their possession.

Mr. Gore secured some money from his brother-in-law and proceeded on his journey to Panama, where he will join his father in civil engineering work. The whole Gore family, consisting of father and several sons, are civil engineers.

The life-sized figure of a woman carved in a so-called rock was recently found by campers in a remote corner of Crater Lake, National Park, Oregon. It has been impossible to learn, so far, when the carving was done or by whom. The initials M. A. Y. and markings which appear to be 1843 are seen near by. This region was practically unknown by white men in 1843.

There is still about \$150.00 needed to finish paying for the plumbing and putting electric lights to the Camp. It is to be trusted that this sum will be raised. Those of our city who are among the wage earning class have not been solicited, but as many of them make more clear money than do some engaged in business, these persons are not prohibited from subscribing to the Tourist Camp Site Fund. The Sun is certain that a number of them are interested in having a suitable Camp Site and are willing to do their part, so let us hear from you.

### HUGE PARADE MARKS CLOSE OF BIG JUBILEE AT SAN ANTONIO

San Antonio, Tex., Feb. 6.—The great Protestant Diamond Jubilee came to a thrilling close Sunday afternoon with the biggest parade ever held in the city of San Antonio. It exceeded the most sanguine expectations of the executive committee.

One count of 35,000 in the parade was made by an army man secured by Chaplain J. S. Pearce, chairman of the parade committee. There was an unofficial count at Wolfson's corner that placed the number at 40,000. There were other counts that ran below that of these counts.

With ideal weather and perfect conditions in every way for the parade, it was counted a grand success and a fitting culmination to a four days' celebration of the 75th anniversary of the founding of the first Protestant churches in San Antonio. Men, women and children of every age and of every shade of Protestant belief marched in the parade that was 70 minutes in passing, and following them were 666 automobiles with from four to eight to the automobile of people who were unable to march on foot.

The marchers were by families, by Sunday School classes, by young people's societies and various groupings, the committee giving wide latitude with the exception that there were no distinguishing banners that would distinguish them as being anything except Protestants. In some cases father, mother and children formed one or more lines in a group. Some churches grouped their children together, their women next and the men last. Teachers in some cases led their classes. In practically every case the minister of the church was in the lead at the head of each group and persons selected some times for one reason and some times for another led the group with the open Bible and the flag.

Each of the five groups, all of which formed at or near the Post Office and on the Alamo Plaza, was led by a band, the band being followed by an American flag, the open Bible next and the group following, various congregations grouping themselves together and the eight standard banners, one of which was carried in each group, were distributed down through the parade.

**Ku Klux March Into Tabernacle**  
Marching single file, eight white-clad, hooded figures entered the rear door of the Travis Park Methodist Church Tabernacle last Friday night at the close of the Protestant Jubilee services, and silently stalking down the long aisle, delivered a letter signed by the Ku Klux Klan. A \$100 bill was pinned to the letter and a printed car was enclosed, upon which were statements regarding the Klan.

After delivering the letter, addressed to Arthur J. Moore, for the Protestant Jubilee Committee, the leader whistled a signal, the line faced about and left by a side door. No effort was made to stop the masked figures.

In the presence of more than one-half of the audience who were still in the tabernacle, the \$100 bill was turned over to J. E. Jarrett, chairman of the Jubilee Finance Committee, and it is understood that its acceptance is assured. The letter was read by Dr. Moore and was as follows:

"The great order of the Knights of the Ku Klux Klan, composed of men from every walk of life, who are native-born American citizens, who believe in the tenets of the Protestant Christian religion, in the eternal separating of church and state, in white supremacy, and in the American public free institutions, are truly thankful that the great Protestant element of this community has met together for the purpose of celebrating the seventy-fifth anniversary of the founding of Protestantism in San Antonio, realizing that the interests of America can only be safeguarded by the active co-operation of all Protestants in this—our glorious country. We trust that this is but the beginning of a great movement, which has for its purpose the uniting of all Protestant denominations in active support of those principles on which our Government is founded.

"In order to assist in the proper financing of the great task which you have undertaken, we are enclosing herewith a small contribution which we desire that you accept in the same spirit in which it is given. Your acknowledgement of same will be made by reading this letter to your congregation as well as the enclosed card, bearing our declaration of principles. Sincerely yours,

"SAN ANTONIO KLAN NO. 31,  
KNIGHTS OF THE KU  
KLUX KLAN.  
"By order of the Exalted Cyclops."

**Tells Its Principles**  
The letter bore the seal of the Klan and was typewritten on a letter head of the "San Antonio Knights of the Ku Klux Klan No. 31, Realm of Texas."

Upon the card enclosed in the letter it was stated that the Klan was com-

posed of men from every walk of life, that it did not believe in mob law; that the Klan did not take the law into its own hands, but aided the authorities in the enforcement of the law; that cases of tar and feathers were not committed by the Klan; that it was 100 per cent American; that it was not anti-anything; and that it was 100 per cent Protestant in that it does not admit men of Jewish or Roman Catholic faith to its membership.

Wm. Nimitz is having a new residence built near where his old one was. He has had the latter about all torn down, which will be completely razed when the new one is finished. The old house was one built by Judge R. H. Burney in 1881, and which he occupied for two or three years. It was built mostly of cypress and some of the timbers were large, having been sawed out of mammoth trees. These timbers are sound yet and would have lasted for many more years.

Mrs. J. L. Tullis was given a delightful surprise party and handkerchief shower on Wednesday afternoon of last week by the members of the Woman's Missionary Union, in honor of her birthday. It was a complete surprise and was very much enjoyed and appreciated by the honoree. Many beautiful handkerchiefs were received, also other useful and pretty gifts. The following ladies kindly remembered Mrs. Tullis: Mesdames W. B. Anglin, J. B. Holt, F. E. Garrett, A. A. Roberts, J. T. Deering, L. W. McCoy, C. Richerson, W. H. Rawson, Watson, W. C. Nowlin, A. G. Morris, A. M. Morris, Ola B. Gammon, Henry Staudt, R. D. Inscore, and Miss Faye Turley.

### Legion Election

Near the City of Legion, which is in Kerr County, as perhaps few people know, there is a State Sanatorium. At this Sanatorium the patients enjoy all the honors, privileges and joys of ill health.

Of late these patients have been molested by a Ku Klux Klan-resembling band of men, who wander about at night, placing steel traps, bricks, mesquite thorns and other implements of war into peaceful patients' beds.

On Friday last an assembly of law lovers gathered together to draw this evil spirit of lawlessness that was making the dove of peace drop its wings. They held an election, and a Mayor, County Judge, and officers to stand staunchly at their sides, were elected.

There was excitement about the Sanatorium for two days with electioneering, stump speeches and bold proclamation of platforms.

Mr. Ainsworth and Mr. Fannette would both lay claims on the seat of County Judge. Mr. Fannette suffered by a severe landslide—that is to say, his support slid from under him. Mr. Ainsworth was almost snowed under by votes, and so overcome was he by emotion through gratitude to his supporters that he lost his voice entirely when he arose to thank them.

The next two men on the ticket were Messrs. Gibson and Henderson. They were running for Mayor. Mr. Gibson, the woman's candidate, won the race. Mr. Henderson was so far back on the track that all one could see (speaking figuratively) was the slight dust raised by the few voters who stayed faithfully at his side. Mr. Henderson is a Tennessee thoroughbred and a very handsome man. These things count since the women have the ballot, but it must be remembered that his opponent, Mr. Gibson, lacks nothing in those masculine charms that so endear a man to the fairer sex. Mr. Gibson wisely catered to the women, while his opponent proclaimed a platform filled with wild privileges. As has been from time immemorial, righteousness prevailed over disguised lawlessness, and while Mr. Gibson climbed the ladder to the credited place as Mayor, Mr. Henderson took the toboggan slide to oblivion.

No one who has lived among us was surprised to find Mr. Hardin and Mr. Black, though staunch friends, running against each other for the position of District Attorney.

Mr. Hardin won by a great majority over Mr. Black. The people chose wisely, for Mr. Black, a scholar and a man of letters, would hardly have been a man suitable to deal with the humble people of Legion.

Mr. Hardin as present Prosecuting Attorney is a people's man. He loves people and has made a study of the class that he has to prosecute.

"Big Boy" Mitchell and Dick Akins were speeding along the political trick with the Sheriff shining stone as their goal. It is quite a fact that both "Big Boy" and Dick might not have always led the righteous life that a Sheriff should lead, but let bygones be by-gones.

"Big Boy" was ahead in the race by a good majority and also by sixty-one pounds in weight. The people of Legion do not propose to accept short weights in anything. Brawn and not brain is what we need in a Sheriff.

No sooner was our Sheriff elected than he was on his job and made an arrest. Jesse Hicks of Van Zandt County was arraigned and tried for lawless night raiding, but was acquitted on the grounds of temporary aberration of mind, and now the bird of peace flies over the City of Legion that nestles among the Hills of Kerr County. ONE OF THE LEGION.

"Lis'ed, Pecky—  
every sadder gives  
KELLOGG'S to  
her kiddies because  
you can eat great  
big bowls an' they  
taste good—er an'  
they're all crispy an'  
dandy an' never  
tough like leafer!"

**You never  
tasted Corn Flakes so  
joyously flavored, so  
crispy-crunchy as Kellogg's**

That's why big and little folks who know the difference insist upon KELLOGG'S! The thing to do is to make comparison—Kellogg's against any other kind of corn flakes you ever ate! If it's all-the-time crispness or delicious, appetizing flavor you want—well, just you eat Kellogg's! And, what a delight to know they're never leathery or tough!

You'll get so cheerful about Kellogg's that the day's best hours will be when it's time to sit down with the family in front of generous bowls all filled most to bursting with these big, sunny-brown Corn Flakes! Never was a better time than tomorrow morning to prove that KELLOGG'S Corn Flakes are about the "gladdest of all good things to eat."

Insist upon KELLOGG'S—the kind in the RED and GREEN package—if you want to know how wonderfully good corn flakes can be!

Remember—KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

**JUDGE JOHN B. BURNS  
TO RUN FOR CONGRESS**

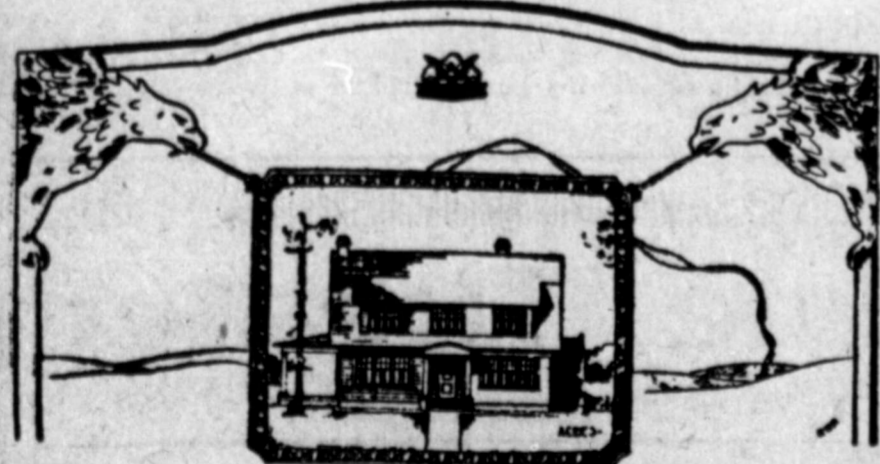

Junction Eagle, Feb. 3: John B. Burns, who several years ago was a loan broker and real estate dealer in San Angelo, has resigned as County Judge of Shelby County to become a candidate for Congress against Congressman Box, according to news just received here. Judge Burns resides at Center, Texas.

Judge Burns seeks the Congressional seat, which was for many terms

held by his father-in-law, former Congressman Dies, now a resident of Kerrville. Congressman Box was elected when Congressman Dies did not announce for re-election.

While a resident of San Angelo, Judge Burns lived in Angelo Heights. During one Congressional campaign in the Sixteenth District, he was manager in Tom Green County for Zach Lamar Cobb of El Paso, who was defeated by Congressman Claude B. Hudspeth.

**Your Ideas, Plus Our Service  
Mean a Real Home**

There is a difference between a house and a home. It isn't a home unless it combines correct architecture with practical arrangement that meets your personal needs. Creating homes has become a fine art. Correct home-building ideas have taken years and years to develop. The right kind of a home costs no more, frequently less, than the "hit or miss" kind.

These correct ideas and a Building Service by National experts are yours for the asking. Hundreds of modern designs are at this office ready for your attention. Step in and ask us about this Building Service.

A Rodeo Stunt was pulled off in Hunt by Claude Starks last Sunday. He rode a mule and two yearlings, which sadly disfigured his trousers, but his riding was extra good.

Miss Lucille Matthews entertained Misses Mabel Hardin, Lois and Susie Sublett, Velma Davis, Alma Taylor and Bertha Caddell, and Jasper Moore, Alton Hardin, Herman Sublett, Frank Crider and Charlie Griffin with a Forty-Two Party last Saturday evening.

**DEATH LEADS TO RE-  
ARREST OF STUDENT**

Austin, Tex., Feb. 7.—John K. Ross, who was shot in the abdomen Saturday night at his home in South Austin, died Tuesday at the City Hospital, where he had been taken for treatment. Otto Namie, Cuero University student, who was charged with assault to murder and released on \$1,000 bond shortly after the affray, has gone to his home.

Upon the death of Ross, the charge was changed to that of murder, and the bond increased to \$3,000. The bond was sent to Cuero, where Namie was rearrested. He is expected to make the new bond.

At the time of his arrest Saturday night Namie is said to have stated that the shooting was in self-defense.

**TUBERCULAR DEATH RATE  
INCREASES AMONG GIRLS**

Austin, Tex., Feb. 7.—Despite pronounced decline in the mortality from tuberculosis, which has taken place during the last decade, the disease is actually increasing among girls between the ages of 15 and 20 years.

This is shown clearly by figures covering the 10-year period, 1911 to 1920. Adolescent girls constitute the only group in which the tuberculosis rate has not declined.

For the period, 1911 to 1916, the death rate was 144.5; in 1919, 145.8, and in 1920, 151.5, an increase of 5 per cent. The fact that all other age groups show a decrease for the same length of time, makes this increase very important. During the same period that the tuberculosis death rate for adolescent girls was increasing 5 per cent the death rate among adolescent white boys was decreasing 25 per cent. For some time past students of tuberculosis have been giving this question considerable thought but as yet no satisfactory answer has been obtained.

"One way in which this problem can be reduced is by periodic examination so that the disease may be located in its early stages and treatment given in time so that one afflicted will have an even chance of recovery," says the Texas Public Health Association.

**HOG PRICES SOAR TO \$10  
PER HUNDREDWEIGHT**

Chicago, Feb. 7.—Advancing prices reached a new mile stone today in the live stock market here—\$10 a hundredweight for hogs. This is \$2.10 gain since last November.

**More Farm Loans Advanced**

**CENTER POINT COMMENTS**

Misses Grace and Rita Bruff visited in the Alamo City from Friday till Monday.

A. V. Vale, after a few days' sojourn here, returned to his home at Parks Camp last week.

T. N. Curtis, a business man from Medina, was here Monday helping in the Turner-McCuistian land deal.

Geo. Sellers of San Antonio had business here for several days this week. He returned to the city Wednesday.

Geo. P. Walker, F. T. Vaughn and Lee Burney are representing this section on the Grand Jury at Kerrville this week.

Mr. and Mrs. J. L. Keith and Mrs. W. G. Morris motored to San Antonio Thursday of last week on a brief visit.

We have been informed that Elder Griffith of Kerrville will preach here at the Christian Church at 3:30 p. m., Sunday, February 12th.

J. T. Talley of the Talley Hardware Co. came up from San Antonio last Saturday and is spending this week here looking after business interests.

R. P. Cox, a prosperous farmer of the Medina Valley, was circulating among our business men here Monday. He reports grain prospects in his section fully as good as they were at this time last season.

James Turner, formerly of Granger, but now of Center Point, has purchased from J. M. McCuistian of Medina fourteen acres of land lying just across the river from Center Point. This land was formerly a part of the

old Guadalupe Valley Fair Grounds, and adjoins the new depot site. This is a valuable piece of property, and Mr. Turner is to be congratulated upon securing the same. He is looking ahead and is expecting some developments on the north side of the river.

Mrs. J. D. Jackson will open a drug and confectionery business in the old drug store building in a few days. She is a very competent business lady and we predict for her success from the beginning. We welcome her to the business circle.

Mrs. W. F. Cox returned from Paris, Texas, last week, where she has been visiting her sister, Mrs. Maude Howard, for the past three or four weeks. Mrs. Howard has been quite low from the effects of an operation, but was much improved when Mrs. Cox left her.

The business men of Center Point met Tuesday afternoon and organized a Commercial Club with sixteen members. Considerable enthusiasm was manifested by some and the club bids fair to accomplish something worth while for our town. W. D. Burney was chosen chairman and Frank E. White, secretary. One of the first things taken up will be the matter of moving the railroad depot to the new location just opposite town. The Railroad Commission has ordered the Aransas Pass Co. to move the depot, but a temporary injunction was granted the company against the Railroad Commission, restraining them from enforcing their order. This injunction has never been made permanent and we hope to have these restrictions removed and the depot moved in the near future.

**"AUNT MARTHA'S CORNER CUPBOARD"**

AUNT MARTHA used to go to her corner cupboard and produce articles of common, or garden variety that folks never thought about because they were so matter-of-fact. When she told the simple story of these articles, they took on a marvelous interest and new importance.

Every week this newspaper publishes new editions of good "Aunt Martha's Corner Cupboard." These are the advertisements. Each advertisement has an interesting story to tell. It gives you information about something that will make you happier and more comfortable or save you money. They help you save steps.

Even the smallest of the advertisements says a whole lot.

### The Most Important Room in the House

THERE are any number of conveniences that help to make the home more livable, but the well equipped Bathroom is the most important requirement to make the house comfortable.

People used to believe that installing a bathroom—one that was modern and convenient—could not be done without spending a lot of money.

That is not true today. It is no longer necessary for you and your family to deny yourselves the comfort of a modern bathroom.

If your bathroom is not what you would like it to be, call us on the telephone or drop in at our office and let us show you the possibilities of installing modern fixtures and plumbing in your home. The cost will probably be less than you expect.

call bell systems, dish washing and refrigerating machinery. There is hot and cold water in every building and steam for sterilizers and other apparatus. A large and fully equipped laundry plant will serve the entire Sanatorium.

#### List of Buildings

The buildings called for in the contracts awarded by the State after it took over the construction of the project include the following: One-story wards, two-story wards, two-story semi-ambulant wards, two-story administration building, two-story nurses' dormitories, two-story nurses' home, laundry building, power house, two-story superintendent's home, library building, chapel, garage and machine shop, warehouse, concrete water tower, oil storage tank and sewage disposal plant.

The infirmary and medical administration building is one of the Sanatorium's largest structures and is almost a complete hospital in itself. It has a capacity of 120 beds and was designed to accommodate those seriously ill and all those unable to leave their beds. It is divided into private rooms and wards varying from two to eight beds capacity and has an operating room, etherizing room, sterilizing rooms, offices and waiting rooms, as well as dressing rooms, X-ray room, developing rooms, drug store, laboratories, morgue, diet kitchen, dishwashing room, dining room, utility rooms, sleeping porches and solarium. Numerous buildings in the first contracts let by the State are nearly completed and actual construction of the remainder is in progress, with the exception of two semi-ambulant wards, one helps' dormitory, library building, chapel, garage and sewage disposal plants. Bids will be taken at the offices of the architects on the remainder of the buildings early in March.

The contracts on the various units of the Sanatorium were awarded as follows: General, Walsh & Burney and McKenzie Construction Company of San Antonio; tunnel, Elder Construction Company of San Antonio; well drilling, F. M. Burkett & Son of San Antonio; heating, plumbing and vacuum cleaning, A. H. Shafer of San Antonio and John L. Martin of Austin; electrical, Martin Wright, John L. Martin, Phillippe & Crowther, Wright Brothers and Graham & Collins; electric elevator, Otis Elevator Company; pumping machinery, Krueger Machinery Company; laundry, American Laundry Machinery Company; boilers, Smith & Whitney; generator sets, Connor-Hudson Company; telephones and switchboards, Eugene Ashe Electric Company.

### VETERANS FAIL TO GRASP OPPORTUNITIES—FORBES

Washington, D. C., Feb. 4.—Declaring some ex-service men are taking training "for the sole purpose of remaining on the pay roll and drawing vocational maintenance pay which ranges from \$100 to \$170 per month," Col. Charles R. Forbes, director of the United States Veterans' Bureau, told the concluding session of the Disabled American Veterans' Convention that "others have not grasped the real opportunity to make themselves useful citizens."

He urged that such organization endeavor to awaken in the men undergoing training "a desire actually to become rehabilitated and to assist himself in his training work," since "it is a certainty men are not going to be held in vocational training who fail to show a desire to be rehabilitated."

Colonel Forbes said the men taking vocational training to stay on the pay roll formed "only a very small percentage but many had not grasped the real opportunity. He added that 105,000 were taking training at present and that it was estimated the

number would increase to 200,000 within two years.

The director told the conference that the bureau contemplated expenditures totalling about \$510,000,000 next year.

The Government is paying more than \$1,000,000 daily to former service men or their dependents, Colonel Forbes said. More than 1,200,000 claims, he added, have been filed with the bureau and others are being received at the rate of 1,000 a day. About 65,000 checks totalling approximately \$42,000,000, he added, are mailed on approved claims each month.

"In view of all these facts," the director concluded, "it is hard to my mind to reconcile the statements that the disabled ex-service man is being neglected."

Mrs. Spence Goes, who has been seriously ill at the home of her daughter, Mrs. Sid Peterson, is reported to be improving.

Mr. Reed, father of Mrs. Chas. Morris, suffered a stroke of apoplexy last Sunday, but is reported to be much improved at this time.

W. N. Barton of New York was registered at the St. Charles Hotel last Friday.

H. L. Wade of Rocksprings passed through here last Friday, en route to San Antonio.

R. S. Taylor of San Antonio, court stenographer, is here this week attending District Court.

Mr. and Mrs. Archie Merritt and baby returned Monday evening from a short visit in San Antonio.
