

CLERICAL GUESTS

We were honored last week by several distinguished visitors. On Monday came Rev. P. J. Flanagan of Holy Angels Academy, who for many years was a missionary in Australia. With Father Flanagan came a Redemptorist, Rev. Andrew Joerger, of California. The latter intended to spend a vacation in our healthful climate, but received a long distance message the second day that obliged him to curtail his visit. While here Rev. Joerger had the pleasure of a private interview with Col. W. J. Bryan, and also heard the instructive talk delivered by the silver-tongued orator on Monday night.

Rev. A. G. Grattan, who has just completed a wonderful church in Port Arthur, came here on Wednesday and held the Thursday services.

Our Bishop, Rt. Rev. A. J. Drossaerts, left on Friday for his "ad limina" visit to Rome. At his formal departure from San Fernando Cathedral he was presented with a substantial purse for his travelling expenses, to which gift Notre Dame felt honored to contribute.

Sr. Charles and Sr. Fidelia joined our convent community last week and will remain with us indefinitely. In fact, if the vow of obedience would not interfere, they would like to be attached to Notre Dame for the remainder of their religious career.

Friday Nite Social

The wind-up of a busy school year will be celebrated this Friday with a dance and card party given by the High School pupils to their parents and friends of the parish. Meanwhile examinations are in progress and the scholars are anxiously awaiting the returns from San Antonio examiners, who are unknown to the students and who can judge our scholars only by the excellence of their work. These important critics are chosen for final arbiters in order to maintain the high standard of the school and to ward promotions only to the deserving.

Formal closing exercises will take place on Ascension Thursday, May 25th, at 7:30 p. m. in Washington Hall. This tenth annual Commencement of Notre Dame Institute will be free to all citizens who wish to judge for themselves the work accomplished by our self-sacrificing nuns.

Palmer Awards

Once more has the Palmer School of Penmanship honored Notre Dame. To Martin Louis Michon was awarded the Final Certificate. A testimonial of marked improvement was conferred on Frank Krueger and Lois Ethridge. Miss Ernestine Meyer secured a Progress Pin.

An aunt of Miss Mayer, Mrs. Annie Overman, came from Comfort on Saturday to participate in the Bazaar and in the observance of Mother's Day.

Clarence Mosel, one of our first graduates, is now a traveling salesman for Wurzbach Plumbing Co. He took his maiden trip here on Tuesday and had his father ride with him to Fredericksburg.

Mrs. John Power, wife of a San Antonio bus line proprietor, inspected Notre Dame Institute on Sunday.

One of our former students, Miss Lena Strackbein, graduates on Wednesday of this week from the Rock-springs High School. Her sister, Louise, is enjoying herself in our community.

John Ahnert sold out his bakery in Lampasas by doctor's advice, and motored here with his children. He intends to continue his journey to Mexico where he might locate his business, but he will probably leave his children at our convent.

Fearful of what the coal strike might mean this winter, our boiler-house has been stocked with nearly eighty tons of the black diamond, which ought to keep us comfortable with steam heat in the coldest weather.

HALF OF SUTTON GROWN WOOL ALREADY SOLD

Sonora, Tex., May 16.—It is estimated, roughly, that about half of the wool grown in the county has been sold. About 400,000 pounds has been sold recently.

John S. Allison of San Angelo purchased thousands of pounds here recently for the wool buying concern of Adams & Leland of Boston. J. M. Lea, representing Draper & Co. of Boston, is another heavy buyer in this section and has bought thousands of pounds of the fleece raised extensively by the Sutton County stockmen, and has averaged the excellent price of 30 cents for short wool and 40 cents for long wool.

Everyone is predicting 50-cent wool and mohair has already sold at the first of the season for 50 cents per pound.

Scofield School Notes

Mrs. Lula Howard spent the weekend in San Antonio, visiting her daughter, Miss Gladys Howard.

Miss Dorothy Pettet of County Kent, England, is spending this month with the little daughter of Dr. H. G. Heaney of Corpus Christi at the Scofield School.

Teachers and pupils are very busy preparing to give a little operetta at Commencement. The pupils are being drilled by Miss Lipscomb, assisted by Mrs. Howard and Mrs. Latham.

Sunday, May 14th, Miss Marion and Wallace Miller, in honor of the latter's birthday, entertained with a dinner. The table was beautifully decorated

in yellow daisies, and a delightful chicken dinner was served to the following guests: Misses Bernice Henry, Cathryn Speir, Joan Wilson and Marion Miller, and Messrs. Jimmy McKenzie and Wallace Miller.

OBITUARY

Rosa Mae Glenn, wife of Thomas Glenn, died in San Antonio, May 7th, where she had undergone two operations. She leaves a husband and three children, who formerly resided in Kerrville; a mother, two sisters, two brothers and a step-father, living in San Antonio.

The remains were shipped to Kerrville on May 8th and interment made at Mountain View Cemetery.

All who knew Rosa loved her. She was a devoted wife and loving mother. We wish to extend our greatest thanks to the Methodist minister, Brother Timmons, and the choir, as well as for the beautiful floral offerings.—THOMAS D. GLENN and Family. (Advertisement 22-1tc).

Some Man!

Anadarko, Okla., May 17.—"Big Bill," a Caddo Indian, living near Gracemont, this county, has just ordered his summer suit—pants and shirt.

It took ten yards of material to make the shirt, while the trousers had a modest waist measure of eight feet. "Big Bill" is believed to be the biggest Indian in the world. He weighs 642 pounds, has a thigh measurement of thirty-six inches and an upper-arm measurement of twenty-eight inches.

TOLL OF FLOODS IN TEXAS IS MADE PUBLIC

Houston, Tex., May 15.—More than 1,000,000 acres of crops have been destroyed by flood waters from the Colorado, Trinity, Brazos, Neche, and Sabine Rivers, and approximately 25,000 families need help to replant the crops, according to figures compiled at the Houston Bureau of Crop Estimates and forwarded to the Department of Agriculture in Washington Monday.

In compliance with the request of the Department of Agriculture inquiries were sent to the county judges in 68 counties affected by the floods. Thirty replies had been received by noon Monday, and as the replies were from practically every part of the State, it is estimated that the replies are typical and the total loss will be about double that reported by the thirty judges replying.

According to the thirty replies, 12,070 families need help and more than 500,000 acres of crops have been destroyed. It is estimated that three-fifths of the crops destroyed were cotton and a great part of the remainder corn.

In a contest at Shanghai between a Chinese adept in the use of an abacus and an American adding machine salesman, the abacus was badly worsted. MAY FESTIVAL WINS DESPITE RAINSTORM

If there ever was a time when we did not want rain it was last Saturday. From 10 in the morning till 3 o'clock in the afternoon the weather was ideal. All the booths, decorations and displays were in ship-shape order on the church corner of St. Mary's Park. That section of the campus looked like a censored Wortham Carnival minus a Ferris Wheel and nature freaks.

Next in rotation came a very attractive garden enclosed by cedar bushes. Here two prim little maids, Helen Ahngert and Imelda Boudreaux, were removing from the clothes-line the linens and fancy work which caught the eye of admiring customers. In the back-ground was a flowery bed-spread made after months of toil by Mrs. McCreary.

The west end of the park was cut off by red, white and blue balustrades so arranged as to permit of but one entrance and an opposite exit. Four girls dressed in Mexican costumes sat before their respective fire-place keeping warm the spicy foods and dispensing in cafeteria style a very appetizing supper.

On the previous day a local business man was received into Mother Church and made his First Holy Communion. Last month this neophyte celebrated his silver wedding anniversary.

At the honeysuckle bower of "Portinucula" an attractive display of hot-house plants and ferns was exhibited by Mrs. ...

A quartette of boys (Jack Flye, Johnny Joe Michon, Martin Louis Michon and Debs Rogers) erected and equipped a fish pond, which afforded many surprises for those who played this game.

Stella Michon and her cousin, Frances Michon, dispensed cold drinks and ice cream cones in their gold and blue refreshment parlor. Competing with them was Mrs. Carpenter's booth full of assorted cakes and candies.

anese basket, which contest was sponsored by Madeline Sinn. Unwelcome Downpour

An untimely shower made all the vendors and purchasers hurry and scamper with armfuls of merchandise to the adjoining Rectory, where Miss Angeline Kemper and Mrs. H. Kuhlmann refused to yield to discouragement. Luckily for them that they had such a brave spirit because, despite numerous obstacles, they managed to wind up the evening's activities far better than the Gypsies could have prophesied.

Mother's Day The second Sunday in this month of Mary was kept sacred not only in memory of our earthly mother, but also in honor of the greatest of all mothers, the Mother of Jesus, and patroness of the United States. A spiritual sermon on the veneration of the Blessed Virgin was delivered at High Mass and concluded with Longfellow's declaration: "And if our faith had given us nothing else than this example of all motherhood ..."

In compliance with the President's wishes, Old Glory was unfurled from the flagstaff. The Holy Eucharist was exposed in unbroken vigil till dusk, when a large class of parish students were enrolled among the Children of Mary, at whose beautiful shrine they consecrated their service.

On the previous day a local business man was received into Mother Church and made his First Holy Communion. Last month this neophyte celebrated his silver wedding anniversary.

Next Sunday the monthly engagement at Comfort will be held, and therefore mass will be read in St. Mary's Church at 7 a. m. Thereafter the morning services on week days will be conducted in the Convent Chapel, when the Angelus bell will be rung at 7 o'clock instead of 6:30 a. m.

Women's Bible Class Organized Thursday afternoon of last week, a meeting was called at the beautiful home of Mrs. L. A. Schreiner for the purpose of organizing a Women's Bible Class to meet with the Episcopal Sunday School.

A splendid attendance pledged themselves to regular membership. They were: Misses Elsie Johnston, Ellen Mason, Yolande Robinson and Lucille Williamson, and Mesdames Baker, Carrigan, Eldridge, W. C. Fawcett, Hart, McClelland, Milton Pampell, Schmidt, Gus P. Schreiner, L. A. Schreiner, Scott Schreiner and Gerald Walters. Miss Anita Cocks and Dr. Macdougall visited the class.

The teacher, Mrs. Scott Schreiner, was elected president; Mrs. L. A. Schreiner, vice president, and Mrs. Milton Pampell, secretary. Refreshments were served and a delightful social hour was enjoyed.

FIRST METHODIST CHURCH. J. GRADY TIMMONS. Last Sunday was a great and happy day for us, happy in ways too numerous to tabulate. The Sunday School was perhaps larger than it has ever been.

The church was crowded to its capacity at the morning service. All pews were filled and all vacant places jammed with chairs, and they were filled. It was all in honor of motherhood, when each worshiper in a devotional spirit paid a tribute to the best friend he or she had—the mother of his or her own heart.

The church was crowded to its capacity at the morning service. All pews were filled and all vacant places jammed with chairs, and they were filled.

The evening service was well attended and a splendid spirit of devotion and attentiveness was manifested. At this service we had the pleasure of receiving Mrs. M. MacFarlane into our membership. She came to us from the Methodist Episcopal Church of Belt, Mont.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Kerrville people recommend Doan's Kidney Pills. Ask your neighbor.

The program for next Sunday is as follows: The Sunday School begins at 9:45 a. m. It is essential that we begin on time so that the teachers will be able to render justice to the morning study.

The Junior League meets at 3:30 p. m. This department is doing fine work. The Senior League will meet at 7:45 p. m.

The Senior League will meet at 7:45 p. m. The evening hour of worship will be held at 8 o'clock.

There will be no preaching service at the Methodist Church at the 11 o'clock hour, due to the fact that the Baccalaureate Sermon will be preached at the High School Auditorium at that time, and all churches will go there. This pastor will be at Bandera at that same hour, preaching the Baccalaureate Sermon for the Bandera High School.

The Wednesday evening prayer meeting is progressing nicely. We are having about forty at this service. Let us see that it goes to fifty or sixty. It can be done. This service will last only thirty minutes, and you will be helped by coming.

EPISCOPAL CHURCH NOTES

Brother Macdougall, Rector

There will be no morning service on account of the Commencement at the High School, in which the rector will take part in the services.

The Sunday School, which has been recently reorganized, has more than trebled its numbers during the last few months and the members of the church are invited to attend next Sunday morning.

The rector will deliver an address on "Constructive Christianity" at Eagle Pass this Thursday, returning immediately after.

The Confirmation Class continues to add to its numbers. Adult baptism on Tuesday night at 8 p. m. Choir practice Friday, 7:30 p. m. Prayer book instruction Friday night at 8 o'clock.

The Boy Scouts Troop, which has materially increased in numbers and interest, meets on Saturday night in the Parish Hall at 7 o'clock.

BACKACHE IS DISCOURAGING

But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest.

Miss Adele Michon, Tivy St., Kerrville, says: "I keep Doan's Kidney Pills on hand and whenever I have any signs of kidney complaint they are sure to give me relief. My kidneys were weak and I had attacks of backache when I felt so tired and worn out I could scarcely do my work."

FIRST BAPTIST CHURCH. J. B. HOLT, Pastor. It began to look like the rain was going to get us Sunday, but it cleared off and the morning hour was as pretty as could be wished for.

Mr. and Mrs. Baldwin of Morris Ranch united with us by letter. We are glad to have these good people in our membership. May they be faithful and loyal in their new home.

The church observed Mother's Day at the morning hour. The pastor preached on the following words: "And Mary kept these things, pondering them in her heart." The Governor's proclamation, so artistically and beautifully printed, and so fittingly and appropriately worded, was read and the audience gave appreciative attention.

The Sunbeams met at 4 p. m. and had a good program. It is amazing how some of the little fellows can recite and talk. Mrs. Huber is doing a splendid piece of work. Let us stand by her in every way.

We had a splendid business meeting on Wednesday evening of last week. The church, by vote, put itself heartily and financially behind all the good things her young people are doing.

Our church will unite with all the others in the Commencement service at the Public School Auditorium next Sunday morning, but will have the regular service at the church at the evening hour. The pastor regrets that he will not be present on that splendid occasion.

Wednesday, May 10th, was Brother Mayhugh's 86th birthday. It has been his custom for a number of years to have his friends eat birthday dinner with him.

SOUR STOMACH INDIGESTION. Theford's Black-Draught Highly Recommended by a Tennessee Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficiency of Theford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver."

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities. Theford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Theford's.

There is no need to report rains now, unless to state that they are of almost daily occurrence. However, this section has not been much damaged by excessive rain. Hail did some damage in spots, but most of this was covered by insurance. It is believed that at the heavy rain Tuesday night, the bottom dropped out, as since then there have been few clouds.

It is reported that the Red Cross forces from the United States will leave Europe next month. It is high time that this should be done, and all other charitable relief should be stopped by this country for the Europeans, who do not appreciate what is done for them, nor do they attempt to help themselves. While the people of this Nation are sacrificing to aid these foreigners they are quarrelling, fighting and looting. Our distribution of charity is an injury instead of benefit to such people. Let them either get back to normal conditions and provide for themselves or starve.

When Congress does happen to enact some beneficial legislation in the way of protecting the childhood of America, the Supreme Court steps in and says it is unconstitutional, as it infringes on State's Rights. And when there is an attempt to stop gambling in futures so as to protect the producers, the Supreme Court again becomes solicitous about State's Rights and rules that the law is not enforceable. However, when there is a law for regulating railroad rates by the States, this same court gives a decision that the Interstate Commerce Commission has the power to do this, and State's Rights are swept into the discard. What a wonderful country, when it has courts that can adapt themselves to any situation that protects the big interests and combinations of the country. Then, when the people become disgusted with such courts and see no relief from such a source, there is a hue and cry against mob rule and lack of respect for our courts. How can there be any respect for courts that assume the powers of Congress and Legislatures to protect the strong against the weak?

One good indication of returning prosperity is in the sales of Overlands in this community. During the year 1921 Otto Morris sold only one car. In 1922, with only one-fourth of the year gone, he has sold, counting his demonstrator, eight new cars. This is also proof that Overlands are holding out—they are making good. (Advertisement 22-1tc).

For the information of those who do not know it, Willys-Knight automobiles are made by the same company that makes the Overlands. Otto Morris is the local dealer for both these cars and he wants everybody to know that the car W. J. Bryan is crossing the continent in is a Willys-Knight Sedan. (Advertisement 22-1tc).

Miss Marion Miller entertained with a dinner party on May 14th, honoring her brother's birthday anniversary and complimenting the graduating class of Scofield School. The invited guests included Bernice Henry, Joan Wilson, Catherine Speir, Dorothy Hues, Marion Miller, Wallace Miller, J. McKenzie and A. Hopkins of San Antonio.

Last week an examination was conducted at the Post Office by Edward Arnold of San Antonio, chief clerk of the Railway Mail Service in this district. It will be of interest to the general public to know that each of the three young men in the office averaged over 99 per cent. The speed on dispatching mail out of the office was tested and W. D. Reed handled thirty-four examination cards a minute, and Mark Mosty and Eugene Butt each handled twenty-five, which tests of speed are considered to be very good.

Frank Jeffries died last Monday night at Bracketville, where he was at work. Mr. Jeffries was an alderman in Kerrville about eighteen years ago, when he was a resident here for some time. Later he and family moved to San Antonio, where they have since lived. He was about 68 years old. The family and relatives have the sympathy of many friends here at their former home.

Last Saturday on the ball ground, where the Tivy boys had a game, Lawrence McCoy had started home in his father's car, when William Jonas hopped onto the running board. Either as the car was slowed down or as it started again, young Jonas fell off and he was run over, breaking one leg just above the ankle. He was carried to the hospital, where he has done finely and is rapidly recovering, as the break was such as not to splinter the bone and will heal fast. The accident was unavoidable, and serves as a reminder to boys to be more careful and not be hopping on and off cars while in motion.

Woman's Missionary Union

The Woman's Missionary Union of the Baptist Church met for their regular Missionary meeting Tuesday afternoon at the home of Mrs. J. L. Deering, with the members of the Tivy Circle as hostesses, who also had charge of the splendid program.

The subject for discussion was "W. M. U. Training School and Margaret Fund." Mrs. W. H. Nowlin was leader, ably assisted by Mrs. Machon, Mrs. F. E. Garrett, and Mrs. Gammon, who took a part for one of the members of the Circle who could not be present.

After the program a social hour was enjoyed and refreshments of ice cream and cake were served. There were twenty ladies present.

On next Saturday afternoon the W. M. U. will hold a "Rummage Sale" in the Mexican district.

Parent-Teachers' Club

The Parent-Teachers' Club met in regular session on May 10th in the High School Auditorium.

Preceding the meeting a very interesting program was put on by the pupils of the Primary and Grammar Grades, demonstrating the special work done in the recreating hour. The pupils did much credit to themselves and their teachers.

The meeting opened at 4 o'clock, and the outgoing president, Mrs. Jim Rees, then introduced the new president, Mrs. Robt. B. Knox. Mrs. Knox made a most inspiring talk, touching on the work of the past and outlining the plans and hopes for the future. She asked for the support and co-operation of all members and her appeal was met with enthusiasm.

The committee having charge of the Eastern Star dinner reported the sum of \$40.41 cleared. The club then decided to continue meeting during the summer months. Mrs. S. J. Williams was elected press chairman.

POULTRY

TUBERCULOSIS CAUSES LOSS

Insidious Manner of Attack of Disease Makes it Most Difficult to Detect.

(Prepared by the United States Department of Agriculture.)

Tuberculosis of fowls is more widely distributed over the United States than is generally supposed. It is especially destructive to flocks in the North and West. The course of the disease is slow, symptoms are apparent only in the late stages, and the mortality is high. The danger to man, however, is slight, especially since cooking the flesh of fowls destroys the tubercular bacilli. Treatment of fowls affected is declared to be useless, but the disease may be stamped out by methods described in Farmers' Bulletin 1200, which may be had upon application to the division of publications, United States Department of Agriculture.

Of all domesticated birds the fowl shows by far the highest mortality from tuberculosis. The disease has spread so extensively in some states as to cause very serious losses to the poultry industry. The insidious manner of attack makes it most difficult to combat, because affected birds show no visible symptoms until the disease processes are far advanced, and in the meantime it has been communicated to others of the flock.

Avian tuberculosis, as it is sometimes called, is caused by a micro-organism closely resembling the bacillus of human and bovine tuberculosis. While, primarily, it affects birds, it may also attack other animals. Pigs exposed to tuberculous flocks frequently are affected, and display localized tubercles in the lymph glands of the head, neck and mesentery. Rats and mice also may contract the disease naturally. Bacilli of the avian type have been found in tuberculous persons. The principal danger to humans is in eating eggs from tuberculous fowls, as eggs may be infected with the bacilli; however, as man is considered quite resistant to the avian type of tubercle bacilli, the chances of infection are doubtless slight.

Tuberculosis may be introduced on a farm in several ways, such as receiving infected fowls, exposure to neighboring infected flocks using the same

range, infection of premises by free-flying birds, carriers, such as man or animals, whose shoes or feet may carry infected droppings from nearby infected farms. Most eggs harboring the organism fail to hatch, thereby reducing to a minimum the danger of infection from this source, but if infected eggs are thrown to the fowls the disease may be established in the flock.

One of the first symptoms is gradual emaciation, which becomes especially noticeable in the breast muscles. These diminish in size until in advanced stages there is scarcely any flesh left on the breast bone. Feeling the breast region will readily detect this wasting. The appetite continues good. Lameness in one or both legs, or drooping of one or both wings is another symptom.

The bulletin mentioned describes these and other symptoms at length. Pateness of comb, wattles, skin on the head and about the eyes is evidence of the last stages. A skilled operator can apply the intradermic tuberculin test to detect the presence of the disease but medical treatment for fowls is futile. Preventive measures, the most usual being slaughtering, are the wisest. Fowls in good flesh may be used for food if they show no lesions or only slight ones. Those fowls that are badly diseased and all visceral organs should be burned. The premises should be disinfected thoroughly, including all drinking, eating and other utensils.

CENTER POINT COMMENTS

C. M. Sanders made a business trip to Bandera last Tuesday.

Albert Rees was a business visitor to the Alamo City Monday.

A. P. Hagens and J. R. Wallace made a business trip to Cypress Creek last Saturday.

Ed. White of Mexia and Mrs. F. A. White of Floresville are here visiting relatives.

Berry Cox of Pleasanton was here last Saturday visiting the scenes of his former home.

Ars and Ed Morris of the Divide country were in Center Point for a brief stay last Friday.

C. W. Dickey of Camp Verde left Tuesday for Dallas to be at the bedside of his father, who is critically ill.

Asa Lane, accompanied by his family, came up from San Antonio and spent last week-end with his mother, Mrs. M. C. Lane.

Mr. and Mrs. W. C. Burney of Lordsburg, New Mexico, arrived here last Friday. They expect to spend a few weeks here visiting relatives.

A. G. Weston, a prominent business man of Leaky, came over last Friday on a visit to his mother, Mrs. Caroline Weston, who has been quite ill for some time.

Mrs. Otto Holekamp and daughters, Misses Dolores and Cecelia, and Misses Pearl Smith and Clara Mergenthaler, all of Comfort, were in our village last Saturday.

T. A. McBryde and W. F. Jetton left Wednesday of this week for Carizsa Springs on a camping trip. They will remain for awhile at the springs for the benefit of the baths.

Miss Karon Maxwell went to Comfort Monday for the purpose of having her tonsils removed. Dr. C. C. Jones performed the operation. Miss Maxwell returned home Tuesday and will soon be out again.

A very disastrous hail storm visited the lower section of this precinct last Saturday afternoon, which destroyed the crops in its path. The farmers tributary to Center Point who suffered most were Dee and Guy Burney, Geo. Walker, Jack Moore and Fred Vaughn. Further down the river the storm was much worse. Most of our farmers carry hail insurance and do not dread the hail as they once did.

Bandera Budget

New Era, May 11: Earl Gray, one of the obliging drivers on the James Cox service and mail line, is going about on crutches as a result of accidentally shooting a hole through his foot with a pistol a few days ago. The accident occurred at his home in San Antonio while he was cleaning the revolver. The bullet partially shattered his ankle bone, ranged downward and came out near his toes.

The Bandera County Ranchmen & Farmers' Association two weeks ago sold to the F. C. Murratt Company of Boston 82,000 pounds of mohair, this spring's clip, at 44 1/2 cents per pound. The mohair was loaded out and shipped last Saturday. This price is the best that has been paid in a long time, and the association is to be congratulated upon making such a satisfactory sale.

Work on the new building to be used by St. Joseph's School will begin next Monday. M. F. Johnson will be in charge of the construction work, and it is hoped to have the structure completed by fall. It will be of stone, two stories high, four rooms downstairs and two rooms and a large auditorium upstairs. The building will be about 60x73 feet, and when completed will be a handsome structure, and quite a credit to the town.

The people of the United States will present to Brazil a statue of liberty on the one hundredth anniversary of the Republic of Brazil. The statue is of bronze. Liberty, holding a branch of laurel in her right hand, with her left, supports the flags of the United States and Brazil intertwined with laurel and palm. At the base are figures of George Washington and Abraham Lincoln, representing America, and Rio Branco and Jose Bonifacio, representing Brazil.

PRACTICAL FATTENING WAYS

Where Crates Are Used Little Space Is Necessary—Exercise Is Not Desirable.

(Prepared by the United States Department of Agriculture.)

Three methods of fattening poultry are used in this country—pen fattening, crate fattening and machine cramming. The first two are the most common; the third is used only where but a few birds are to be fattened.

Pen fattening is practiced by many persons who do not have the time and inclination to use other methods. The essentials of pen fattening are quiet, darkness, except at feeding time, and plenty of soft feed given at regular intervals, usually three times a day. Birds may be kept in flocks of 15 or 20, but the sexes should be separated.

In crate fattening a few chickens are kept in crates and fed from a trough. A crate 6 feet long, 18 inches high, and 18 or 20 inches wide, is suitable and is large enough for a dozen birds. Sometimes the crate is divided into two or three compartments, four to six birds being kept in each compartment. Little room is desirable, for the less exercise the birds have the more readily will they fatten. If the crate is to be left outdoors the top should be covered. The sides should be made of slats about two inches apart, so the birds can eat from the trough which is hung just outside the crate. The bottom of the crate should be of slats about an inch apart, to permit the droppings to fall through, or dropping pans may be used and the crates arranged in tiers. In indoor feeding the crates should be put in a well-ventilated room. Usually the birds are fed three times a day and are allowed to eat for half an hour at a time, when the uneaten feed is removed.

Crate and machine cramming are described in Farmers' Bulletin 287, issued by the United States Department of Agriculture, and it would be advisable to procure a copy.

Crate-fattening birds should always have soft feed. As they have no exercise they require a feed that can be digested easily and quickly. This mix-

Crate Fattening is One of the Most Common Methods.

ture is used in a New York poultry farm: 100 pounds finely ground barley, 100 pounds finely ground corn and 100 pounds finely ground oats (with hulls sifted out). Buttermilk or skim milk is used for mixing to the consistency of thick cream, the buttermilk being preferred. A little salt sometimes is added. In this instance the birds are fed twice a day at intervals of 12 hours and are fattened for about three weeks. It is important that the intervals between the feedings should be as nearly equal as possible.

Another ration is: 100 pounds ground oats, 100 pounds ground corn, 50 pounds low-grade flour and 4 pounds tallow.

MILK EXCELLENT FOR FOWLS

Productive of Good Money-Making Results and May Be Fed Alone or to Moistened Mash.

One class of feeds that is excellent for poultry and that can be used advantageously on dairy farms, includes milk, skim milk, buttermilk, sour milk, cottage cheese, etc. These are all productive of good money-making results and, where they are available, it is wise practice to feed them. They may be fed either alone or used to moisten the mashes.

The mash, however, should not be moistened one day and then fed dry the next. Follow one or the other of the two plans constantly. Fowls will convert what many times would otherwise waste, into meat and eggs if fed the milk and its by-products that are often obtainable on the farm.

DUST BATH FOR FOWLS

Fowls will keep themselves free from vermin during the winter months if given a convenient place to dust. A box 80 inches square and 12 inches deep may be built in one corner of the house or pen, or such a box may be made with legs so as to raise it above the floor. Almost any fine dry powder will make good dusting material.

ARKANSAS GASSER BLOWS GIANT 200-FOOT CRATER

Eldorado, Ark., May 16.—A crater 200 feet across was blown out early today at the Wild Murphy gas well, 10 miles north of Eldorado, and the gas from it and all other craters was ignited. Several smaller craters were fired last night within a radius of 200 yards, but the main well, estimated to be making more than 75,000,000 cubic feet of gas a day, did not catch fire until the huge crater was blown out today.

All hope of extinguishing the blaze has been abandoned. The roar of the flames can be heard for miles.
