## WOODMEN OFFICERS HERE SEEKING SANATORIUM SITE

Wednesday afternoon, T. E. Patterson and J. E. Fitzgerald, high Woodmen of the World officers of the National organization, arrived in Kerrville to inspect this country as a suitable location for a Woodmen Sanatorium for tuberculars, orphans and aged.

At a called meeting of the Chamber of Commerce Tuesday afternoon, it was agreed to have a committee from that body to join a committee from the local W. O. W. to receive the distinguished visitors and show them proper courtesy and assist in viewing this section for a site for the proposed Sanatorium.

The committee representing the local Woodmen was composed of W. G. Carpenter, H. H. Kuhlmann, Sid Rees, W. A. Fawcett, Lee Wallace, Robt. Saenger, August Henke, Dr. S. E. Thompson, Dr. J. D. Jackson and Dr. A. P. Utterback. The committee to represent the Chamber of Commerce was composed of J. L. Tullis, A. B. Burton and Chas. L. Mason.

Messrs. Fitzgerald and Patterson expressed themselves as well pleased with Kerrville sites. We will hear from the W. O. W. later.

## TIES OF PRESBYTERIAN MEN'S CLUB KNIT STRONGER THAN EVER

Tuesday evening at 8 o'clock, the Men's Club of the Presbyterian Church held its regular semi-monthly meeting at Lake Side Park. The address of the evening was delivered by Rev. J. Grady Timmons. In an able and eloquent way, he traced man's effort through the ages to attain an ideal state of society by various systems of government, only to fail through the neglect of the development of the spiritual nature of the individual. The speaker's words so stirred his audience that a frank and full discussion of the theme ensued, and the members came away with a better understanding of each other's views. A spirit of splendid fellowship prevailed, and there in the half light under the cypress trees the ties of the club were knit stronger than ever.

Mr. Walker, of the business management of the Westminster Encampment, led the club in a series of old-time songs, that brought back memories of the long-ago.

Through the courtesy of Mr. McCellan, the club will hold its meetings at the Lake Side Park during the summer months, and all the members are invited to attend the next regular meeting on the evening of the second Tuesday in July.

## RECEPTION TO DISTINGUISHED PRELATES AT SCHREINER HOME

Quite the social event of the season was held at "Tulahteka," the palatial residence of Mr. and Mrs. L. A. Schreiner, on last Saturday evening. Well over two hundred persons were presented to The Right Reverend Bishop J. S. Johnston and The Right Reverend Bishop W. T. Capers, D. D., of San Antonio, on this auspicious occasion.

Entering the sun parlor, the guests were greeted by Mrs. E. E. Palmer, Mrs. J. L. Pampell and Mrs. Macdougall. In this room large Japanese lanterns cast a soft light over the trailing vines and exceptionally beautiful ferns, while against one wall a beautiful fountain was placed, and the water fell gently over sea shells, and in the basin of which Shasta daisies and dahlias floated.

In the drawing room, the two Bishops with the hostess, Mrs. L. A. Schreiner, and Mrs. G. F. Schreiner and Mrs. J. S. Wheelers, formed the receiving line. Among the beautiful objects delighting the eye in this room was the desk bronze of Napoleon asleep, showing the great soldier sitting in an armchair before a fire, where a tiny electric light bulb provided a realistic glow under the logs.

In the ball room Mrs. Conway Carrigan and Mrs. Marguerite Rummel Hart received the guests.

Vocal solos at intervals were rendered by Miss Lattie Garrett and G. W. Rogers of San Antonio, which were well received.

During the evening delicious strawberry ices, sandwiches and cakes were served. Dispensing the hospitalities of the dining room were Mrs. Henry

Weiss and Mrs. Radecliff. The decorations were carried out with Shasta daisies, dahlias and ferns, arranged most artistically.

Mrs. Schreiner was charmingly gowned in king's blue charpeuse with overdress and side draperies of ecru chiffon and silk thread lace. She was assisted in entertaining by her daughter, Miss Mae Louise, who was lovely in gown of old blue.

The numerous friends of Bishop Johnston, who is beloved by all, were most glad to greet him again, and those who had not had the pleasure of meeting Bishop Capers, were glad of an opportunity to do so.

Combined with these pleasures was the privilege of seeing this beautiful new home of Mr. and Mrs. Schreiner, which a number of the guests had not seen, and which proved even more beautiful than anticipation had led one to expect.

## LAST SUNDAY GREAT DAY FOR ST. PETER'S EPISCOPAL CHURCH

What was undoubtedly the greatest day in the history of St. Peter's Parish culminated last Sunday night in the largest class ever confirmed here. What made this fact the more striking was the quality of the class, as will be seen in the appended list of its personnel. The class was almost entirely adult, the youngest being a lad of 12.

Two Right Reverend Bishops graced the occasion, and with their striking ecclesiastical robes of office made a most impressive picture in the chancel. At both services the building was packed, although six extra benches and numerous chairs were added.

Of the music Bishop Johnston, who is not given to flattery, said that he never thought he would live to have enjoyed such excellent church music, and Bishop Capers said that it would have done credit to a large city church. The praise of this is due Mrs. Judge W. C. Baker, Mrs. Scott Schreiner, G. W. Rogers from San Antonio, and Miss Hattie Garrett, who kindly assisted with her beautiful contralto voice. Mr. Rogers' solo, "The Lord Is My Light," quite carried away his hearers with his clear enunciation and full rich tones. We are indebted to Ed. Mosel for securing this splendid vocalist. At the evening service Mrs. Scott Schreiner sang "God Is My Life." Never was her golden voice in better form, and all were enraptured as her liquid notes trilled forth.

The Bishops held a reception in honor of the twenty-four new members in the parish house after the evening service.

Mention should be made of the painstaking and efficient efforts of our organist, Mrs. J. B. Young, who presided at the organ.

The day will long be remembered in this parish and town, and all the praise and glory is due to the great Head of the Church, our Blessed Lord.

At the Annual Festival Communication of Kerrville Lodge No. 697, A. F. & A. M., last Saturday evening, the following officers were installed:

Charles L. Mason, W. M.; J. E. McDonald, S. W.; R. A. Franklin, J. W.; L. A. Schreiner, Treasurer; A. E. Self, Secretary; Cecil Robinson, S. D.; W. G. Garrett Jr., J. D.; S. Eastland, Tiler; Chas. Johnston, S. S., and Gerald Walther, J. S.

## FREDERICKSBURG GIANTS FAIL BADLY IN THE PINCHES

While they maintained a lead of 3 to 1, the Fredericksburg Giants put up a remarkable game of ball in their first meeting of the season with the Athletics at the local park last Sunday. But the final score of 14 to the above mentioned 3 shows that something happened, and happened with a vengeance.

The general opinion is that there was something lacking in the Fredericksburg makeup. It may be it is that mysterious element that sporting men call "Class." They are a strong, healthy, ambitious bunch of players, but from Sunday's game one must decide that they come far short of having the buoyancy of spirit to overlook a misplay which causes them trouble.

This was demonstrated plainly in the sixth when a hit put Keusel on first. An infield error advanced him and put Garcia on the lines. And here is where the point is demonstrated. Errors followed on the next two plays. The infield followed the sad example of the marvelous egg that fell from the wall and couldn't be put together again. When the smoke finally cleared away four runs had been scored. This inning literally gave the home boys the game.

But the Athletics have not been in the habit of accepting gifts of games this season. In the seventh they demonstrated that the Giant's misadventures could be erased from the record.

Wilson came up and was thrown out, short to first. Keusel, who started the trouble in the previous inning, laced out a single. Hollmig hit Garcia. Holchak concluded it was time to do something worth while and planted one of Mr. Hollmig's choice shoots outside the lot, counting three runs. Henke went out, third to first. With two out McCarty, Rowton and Barry hit in succession and Mac scored the fourth and last run for that spasm. The eighth was a combination of the two preceding innings, and might have been going yet had not the famous Robert E. Lee taken Hollmig's station, allowing Rowton a hit which scored the fifth run for the inning, before getting control of the situation.

We are not boasting in making a comparison of the playing of the two teams. Individually there is probably little choice between the capabilities of the players. All are fast, tried and experienced men. The difference is either in leadership or just psychological. In the second Kerrville made a costly error. In the third another fault put a runner on third with no one out. In the fifth another bungle put a run across. But the team as a whole showed no signs of confusion. During these innings the Giants had the best of the hitting, having three singles and two two-baggers to their credit. Playing steadily under such a handicap showed distinctly why Kerrville has come from behind in so many games this year.

All through the season 50 per cent of the men sent to the plate have advanced to the running paths. Pitchers have held them to few hits through the early innings many times, only to be bombarded unmercifully later. Not a man on the team has failed to prove his hitting ability at some crucial point in a game. There has been no certain point in the batting order at which the trouble starts, but once under way, stopping it has proved a difficult problem for the opposing teams.

To date the Athletics have made 107 runs to their opponent's 36. One is not saying too much in stating that they are a hard hitting, crafty, cool-headed bunch.

The large local attendance was augmented by enthusiastic fans from Fredericksburg to the number of several hundred. Standing room was scarcely available.

Barry pitched with his usual judgment and was never disconcerted when things did not look favorable. The Giants made seven hits, two of them, by Krauskopf and Lee, being two baggers. Ten of the visitors struck out.

Hollmig and Lee allowed ten singles and a home run. Hollmig struck out seven men. Each team was charged with five errors.

In the first inning Langerhous tried to score from third on a long fly to Remschel. "Slim" dropped the ball in McCarty's waiting glove as accurately as if shot from a rifled gun. The runner was yards from the plate.

Theft of the bases prevailed throughout the game, though many of the steals were due to runners being on third. McCarty pegged one runner out and second and one at third. The Giant catcher caught one stealer at second.

Klopps and Halpin umpired with general satisfaction. A return game will probably be played at Fredericksburg about July 30th. Peradventure we may lose as it is going to be difficult to get the boys to take the Giants seriously without losing to them.

Next Sunday Pleasanton will cavort on the local field. We all know how matters stand with those gentlemen. They want the third game of the series. Well, if they take it they will surely realize afterward that they have been in a ball game.

And on the Fourth we will have with us the Headquarters boys from Fort Sam Houston. We licked 'em once. How about one more in the same place? **PODGER.**

## JURY RETURNS VERDICT OF GUILTY ON CHARGE OF KILLING TURKEYS

Some time in the latter part of April, evidences of the killing of wild turkeys were found in the Duderstadt pasture near Reservation, this county. Later, Jas. A. Cooper and L. N. Cooper of San Antonio were charged with the killing of these turkeys. The trial was postponed once and Wednesday of last week the accused parties were arraigned before Justice of the Peace Turner.

I. H. Burney of San Antonio appeared for the defendants, and County Attorney Garrett was assisted in the prosecution by Judge-W. C. Baker.

There was a jury trial of the case against Jas. A. Cooper, and a verdict of guilty returned and fine of \$39.90 assessed.

After that, L. N. Walker entered a plea of guilty in two cases and a total fine of \$48.90 was assessed.

These cases were handled by Deputy Game Warden Bogle.

## DELANEY WELCOMED AT LUNCHEON AS PERMANENT RESIDENT HERE

Thursday of last week, at the regular monthly luncheon at the St. Charles Hotel, attended by the members of the Kerrville Chamber of Commerce, J. J. Delaney was extended a cordial welcome to our city as a permanent citizen.

Dr. S. E. Thompson presided and Rev. W. P. Dickey made the address of welcome, which was tersely and pertinently responded to by the guest of honor. Mr. Delaney also introduced Mr. Walker, his assistant at the Westminster Encampment.

Mr. Delaney has business control of the Encampment, and also has been selected as manager of the Schreiner Institute soon to be built here.

Our people feel that a valuable acquisition has been gained in securing Mr. Delaney as a permanent citizen. He is capable and energetic.

## LOCAL OFFICERS ACCIDENTALLY FIND STILL AND MAKE ARRESTS

While Deputy Sheriff Henry Staudt, assisted by Lee Peterson, was making a search Friday of last week of a house near Kerrville, looking for the stolen goods from the store of Mosel, Saenger & Co., they accidentally ran across a still made from a five-gallon oil can, and there was also some sour mash as well as samples of the manufactured article.

The officers arrested Geo. B. Solsman, E. B. King and Frank Phillips, charged with operating the still and manufacturing liquor. They are in jail. The men are strangers to this section.

## Kerrville Second Team Wins

While the Athletics were fairly slaughtering the Fredericksburg Giants on the local diamond last Sunday, the Kerrville second team was giving the same dose to the Fredericksburg second team on their home grounds. The score was 10 to 6.

The outstanding feature of the game was the pitching of Bill Saenger for the winners. Bill whiffed fourteen batters, allowed only four scratch hits and passed non. He kept the hits well scattered and should have had a shut-out, but a few errors allowed the Baby Giants to score. The team as a whole showed up well.

## PAT M. NEFF REVIEWS HIS WORK AS CHIEF EXECUTIVE

Plainview, Tex., June 24.—After seventeen months in the office of Governor, Pat M. Neff came to the heart of the Great Plains Country this afternoon to review his work as Chief Executive of Texas and to open his campaign for re-election. He was greeted cordially and spoke at considerable length to an audience that appeared to appreciate his words and to be in sympathy with his ambition. His address consumed more than an hour, but Hale County voters who heard him and visitors from other counties seemed interested.

Governor Neff stressed economy and told of what he had done along that line, saying on this point:

"Since taking the oath of office, I have at all times contended for an economically administered government. I advocated homespun economy. I felt that we should take our heads out of the clouds, financially, and that we should put our feet once more on the solid soil. I sought to simplify the machinery of the government. I recommended the abolishment of many boards, bureaus and commissions in order to eliminate duplication in work and cut down overhead expenses. Had my program of consolidation, elimination, co-ordination and co-operation, which I presented to the Legislature, been carried out, it would have saved the taxpayers of Texas annually a half million dollars and set high the standard of efficiency in the administration of the government. Not only did I preach economy, and not only did I suggest to the Legislature that it should practice economy, but I used the veto power in its behalf. I ordered that the tax rate be not raised, I vetoed more than six million dollars appropriated for various purposes. I vetoed appropriations until the operating expenses of the government and its institutions during the present administration are two million dollars less than the two years preceding it. I did this rather than assess additional burdens on the taxpayers of the State at a time when they were so hard pressed financially."

He quoted the Constitution in support of the movement to make all taxation "equal and uniform" and demanded that such a change in taxing practices be written into the law. The educational system of the State received much consideration. He had, he declared, an ambition to write into the life of the State an educational program of real, constructive legislation. He has not been able to do much in that direction because of the need of economy, he said, but has not relinquished the idea and hopes to see every place where learning is taught,

"from the obscurist rural school to the University," bettered and improved.

The Governor entered into details in his report of the condition of the State prison system. After reviewing its financial depression and the fact that he was forced to borrow money for its operation until this year's crops are harvested, he summed up its situation in this way:

"We are doing our best to solve the penitentiary problem. It has many angles to it. It is a problem of such proportion that one who has not closely studied and had actual experience in penitentiary affairs can little appreciate the magnitude of the task. The present Prison Commissioners are as good men for this work as can be found in Texas. During the past

## BURGLARS MAKE QUITE A HAUL OF GOODS AT MOSEL, SAENGER & CO.

Thursday night of last week, burglars entered the store of Mosel, Saenger & Co., near the depot, and got away with about \$200.00 worth of merchandise, mostly men's wearing apparel. So far, no one has been apprehended charged with the crime, although several clues have been followed.

Two young men were noticed by store employes to get over the fence a short while before closing and go to a place in the rear of the store where people get water to drink. These same two were also seen later on a platform below the store, and about 10:30 o'clock that evening a passerby noticed two men of about the same description climb the fence near the warehouse, but as there is a wagon yard and camp house back of the store, this party thought it was some one stopping there for the night.

The burglars took their time, as they opened some canned goods and ate, and also made search of different lines of goods, selecting good quality of shoes, clothing, shirts, ties and caps, the total amounting to about \$200.00. Considerable quantities of these goods were left piled up at different places, mostly at the rear window. It appears the burglars did not turn on the electric lights, but used matches, so it is fortunate no fire resulted.

There was the regular watchman in the bunk house, and also a camper in the yard within a dozen yards of the store, but it seems it was their night for sound sleeping. The burglars went on the side of the store where these men were and got an oil barrel to use in reaching the window, where they removed wooden strips and prized it open, breaking the cross-piece and glass.

Next time, burglars in that section will be given a warm reception, as a careful watchman is to be secured for all of that end of the city.

#### Sunbeam Band

The Sunbeam Band met Thursday morning of last week at the home of their leader. There were not many present, but it doesn't take a mob to have a good meeting. All we lacked was music. Children and music seem to be made for each other. We trust that our former pianist, Miss Alynne Welborn, has work among children in far away Kentucky. Happy, Christian characters, like her, do good wherever they go.

We learned, Thursday, many interesting facts about Japan as a mission field, and names and history were given of some of our missionaries there.

Wonder why so many of us are buying fruit these days? It is because we can't plant a peach seed today and gather ripe peaches tomorrow. This must be the reason so many take no interest in the Sunbeam Band. We can't see results soon enough. We haven't the necessary faith. When applicants are taking their examinations from the Foreign Mission Board and are asked under what circumstances they were first impressed to do special work, about 90 per cent of them answer: "In a Sunbeam Band."

We don't have to make our children go fishing or to the show. You

say they are interested in these things. The fact is children are interested in everything. It is entirely with us, as their parents, which one of these interests is most highly cultivated. They know us better than we know them and insist on following the path of least resistance. People who never do anything except what they want to do are never great characters. Jelly fish drift with the waves. Of what value are they?

We don't wait till our honey-suckle vine runs all over the yard and out into the street before we begin to train and prune it. We so often hear something like this: "We have so much good B. Y. P. U. material, but they seem to have no interest." We don't begin soon enough. What a pity we can't press a button and turn our children into full fledged church workers. "Line upon line, precept upon precept; here a little, there a little."

A mother once asked a noted physician what kills the greatest number of children. The answer was: "Mothers." God forbid that we, as mothers, cause their spiritual death! Jesus told us not to fear him who could destroy the body, but the one who was able to destroy the soul.

MRS. R. HUBER.

#### SUMMER NORMAL COURSE

We lost three more our Notre Dame faculty on Wednesday: Mother Laserian, Sr. Hugo and Sr. Polycarp. They were called to the Incarnate Word College on Alamo Heights to assist in the authorized normal school that has an enrollment of over six hundred students. Louise and Lena Strackbein, formerly of Notre Dame, are among the pupils seeking a standard State certificate.

A collegiate course has also been opened for post-graduate students. All of our nuns on the college faculty have their doctor's diploma or at least a master's degree in arts or sciences. Although we sympathize with our Sisters, slaving in the sweltering sun in San Antonio, we can not but feel grateful to have such superior and self-sacrificing instructors on our staff at Notre Dame Institute.

Our religious Sisterhood opened a school at Paris after their Kerrville institute was started, and christened it Notre Dame Academy in memory of the famous shrine at the capital of France. This year the city of Paris, Texas, held a competition open to all grammar students on a hygienic topic. The Board of Health, Red Cross and Civic League united in offering a prize, which we are proud to say fell to Miss Lois LeBlanc.

Sr. Constance, who has been longest connected with our Notre Dame, was returned here on Thursday after the conclusion of her annual spiritual retreat at the mother-house. Everyone loves Sister Constance and despite her humble retirement, her reputation in culinary art is more widespread than she would care to have it be.

#### Swimming Parties

Besides eating good meals the young lady campers at Notre Dame are enjoying long hikes and refreshing plunges in the Guadalupe River under the chaperonage of one or more of the Sisters of Charity.

On Saturday the boarders held high feast in the Convent because it was the name's day of mother superioress, St. John the Baptist. At the chapel exercises the choir aided the services with appropriate hymns. Every Monday evening at 7:15 p. m. there will be a rehearsal of congregational songs in St. Mary's Church.

Emma and Shirley Laughman went back to their old home in Beaumont

to spend part of their vacation with relatives.

Miss Irene Kolodzey accompanied her aunt to Yorktown when the latter concluded her stay in Kerrville.

Some of the Notre Dame boys and girls are earning pin money instead of traveling or idling away their time.

Mrs. Ralph Jackson and her husband are visiting her parents, Mr. and Mrs. Rudolph Staudt, who returned but recently from Gillespie County.

### Help You Choose Tires

500 miles at 94.48 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick pavement at record-breaking speed—that is the gruelling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,525 miles on rutted, icy Kansas roads, running day and night on a Studebaker stock car without a single tire change. This test was made by a group of Wichita automotive dealers in a tire, oil and gasoline economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the gruelling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

**165% Increase**  
The buying public is the surest barometer of the value of any article. Their approval of Oldfield value has been demonstrated by the increase of 165% in business for the first five months of 1922 over the corresponding period of 1921.

Agents Everywhere  
Oldfield Tires are distributed through 72 branches and distributing warehouses in all parts of the United States. More dealers are constantly becoming Oldfield agencies and Oldfield Tires are now available in your community.

# TONIGHT

FRIDAY, JUNE 30TH

From 6:00 P. M., at the

Catholic Church Corner

There Will Be Held

## A Lawn Party

With Supper and Ice Cold Refreshments

ALL PROCEEDS FOR LOCAL CHARITY

### CATHOLIC CHURCH NOTES

By Father Kemper

#### FRIDAY LAWN PARTY

The ladies of the Parish Auxiliary will hold a sort of picnic festival on the corner lawn of the Catholic Church this Friday evening, beginning at 6 p. m. They will serve a supper, consisting of salads, various sandwiches, cakes and coffee, or else cold refreshments, such as Pearl and ice cream. All proceeds will be expended in charitable undertakings which our fine civic organization can not very easily embrace. All who patronize the Lawn Party this Friday evening have therefore the double assurance that they are helping a most deserving cause, and are provided with an appetizing luncheon at a very nominal price.

Last Friday the usual social was held in Washington Hall with refreshments served by Mrs. F. Nye and Mrs. B. Schott. The Fisk Orchestra supplied the music for the many young couples who preferred to dance on the smooth floors rather than indulge in any of the card games which appealed more to the older attendants.

Mr. and Mrs. Ed. Schmidt maneuvered a sure enough surprise party on Thursday of last week in honor of Miss Hilda Mosel, who was connected with the Tivy staff for seven years, and is at present spending her vacation with her parents at Ingram. The secret was well kept and made the unexpected gathering all the more pleasant. Several automobiles filled with friends drove up to the Mosel home at an early hour. Wisely, those who were in on the secret, came with an abundant supply of refreshments, which diminished rapidly enough between songs and games and dances. Among the Kerrvillites who motored to Ingram, besides Mr. and Mrs. Ed. Schmidt, were Lillie Newton, Courtney Kaiser, Ruth Peterson, Alberta Power, Helen Nesbit, Ernest Norris, Jack Kent, Louis Wilson and William Saenger, and Leo Blanchard of Fredericksburg.

#### State Chaplain Here

Rev. F. J. Ledwig of Gonzales and chaplain of the American Legion came to our mountain resort on Tuesday to spend a little outing. With him came Mr. Mincha and three other Gonzales parishioners. The entire quartette had a glorious time between swimming, fishing and motoring, but they did not bargain on so many sun hours for their roughly constructed camp. Father Ledwig is at present touring the State of Texas under the auspices of the Legion in order to deliver about one hundred lectures on Americanization, and on sterling loyalty to the principles of our democracy.

Last week our diocesan school

superintendent, Very Rev. Jos. Weckesser, S. M., celebrated his golden jubilee as a member of the Marist teaching order. Rev. Weckesser was one of Father Kemper's instructors during the 90's at St. Louis College.

The infant son of Victor Perez was presented for baptism on Monday by Joe Herrerra.

Felix Arreola, one of the first Mexicans to graduate from the grammar department in Kerrville, went to San Antonio for a few days' vacation.

Rudolph and Cosmas Peche of St. Mary's College came to our city as guests of their aunt, Mrs. Pete Torres.

#### Vacation-Seekers

Tony DiCarlo of Lake Charles, La., dropped in during the week to look after his Tivy cottage. With him came his daughter, Lucy, who for several years has been teaching in San Antonio. Miss DiCarlo has been honored as a selected demonstrator for the next teachers' meeting in September.

Leo Blanchard visited his mother-in-law, Mrs. Ida Newton, and told her of the arrival of Junior.

Mrs. Oswald Herzog of Tulsa, Okla., arrived last Friday night with her children to spend the summer with her parents, Mr. and Mrs. Hy. Kuhlmann, and with her father-in-law, Nathan Herzog.

For the sixth year in succession, the well-known Houston banker, Frank E. Russell, came to our cool Hill Country with his family for a two months' sojourn.

Freddie Nyc, who is attending Rio Vista Camp through the generosity of Louis A. Schreiner, came to town to spend Sunday with his parents.

Among recent tourists we have E. G. Wood of Waco, Frank J. Meny of San Antonio and Mrs. John Ehlinger of Houston. The last-named was a manager of the Southern Pacific office in Houston, but gave up her lucrative post in order to strengthen her constitution in our invigorating climate.

Mrs. Harry Gordon was taken to Secor's Hospital on Saturday.

Ludger Dubroc motored to San Antonio to visit his grand-daughter.

#### JAMES BLAIR KEIFER

James Blair Keifer died at the home of his parents in this city last Friday, June 23rd. He was nearly 9 years old and was a fine promising boy. His death was very unexpected, although he had been ill nearly a week. All that medical skill and home care could do was done for him, but to no avail.

Funeral services were held at the home Sunday at 2 p. m. by Rev. Judd B. Holt of the Baptist Church, and interment made at Glen Rest Cemetery.

Mr. and Mrs. Keifer moved to our city from Houston about fourteen months ago and have made many friends. They have the sympathy of the whole community.

### FIRST METHODIST CHURCH

J. GRADY TIMMONS

Last Sunday was another happy, but busy day for us. The morning service was large and characterized by a devotional atmosphere. We were indeed glad to welcome into our church membership Mrs. J. D. Rose and little daughter, Marjorie. We give them a warm welcome and pray that they shall never regret having cast their lots with us, and that we shall continually be a mutual blessing and help.

Immediately after lunch the pastor left for Bandera, where he performed a wedding ceremony at the Methodist Church of that place. He was accompanied by Mrs. Siddy, Miss Kate Frazier and Marshall Leazar. It was a beautiful church wedding and the house was filled at the occasion. Those who were made happy were Lee Burney of Center Point and Miss Ella H. Fitzgerald of Bandera. After the ceremony we added our blessings and congratulations and started for home over the meanest road we ever traveled.

The evening service was well attended and very attentive.

#### The Charge Against Jesus—A Sermonette

Pilate asked them: "What accusation bring ye against this man?" They were well aware that Pilate would not accept the charge on which they had condemned him. Therefore they tried to get Pilate to countersign their sentence, assuming that they would not have condemned him to death had he not been worthy of death. "If this man were not an evil doer, we would not have delivered him unto thee." Pilate was willing for them to take charge of the affair and punish him, according to their ecclesiastical, but they demanded his death. Therefore they made a political accusation against Jesus of treason against the Roman government and there were three counts in the charge.

First count: Seditious, perverting the nation, stirring up the people by His teaching over all the land. They said He was a revolutionist. It was like blaming the doctor for giving bitter medicine, as though he were the cause of the disease; or the fire bells for disturbing the city, as if they were the cause of the fire.

Second count: Forbidding to give tribute to Caesar. This was a false conclusion drawn from the reference that He was a king, as though He needed the tribute. This question had arisen on the previous Tuesday and showed that the charge lay wholly in their minds. It was sheer, bold falsehood, and some of them at least must have known it, for Jesus had commanded loyalty to Caesar, not disloyalty. Yet the Jews had one advantage: Pilate would not know but that there was some truth in the charge.

Third count: Jesus claimed to be king, an anointed king. This charge

had a basis of truth, but they shamelessly warped that truth into a concocted falsehood. There was a sense in which Christ did claim to be a king, and He very frankly told this much to Pilate in the conversation that they had had about the matter. Jesus was a king, not in a Roman sense, but in the spiritual sphere, and there was no political collision in these two spheres.

This was the charge made against Jesus. What was the verdict of Pilate, the judge, after considering these accusations? Here it is—a simple sentence: "I find no fault in Him." It was a public acquittal, outside the court room, addressed to the Jewish leaders. This has been the verdict of history in all ages. Whatever His disciples might have done in His name, the world has always said with Pilate: "I find no fault in Him."

The program for next Sunday follows:

Sunday School at 9:45 a. m. Morning worship at 11 o'clock. Subject: "Doing versus Hearing." At this service Miss Hattie Garrett will sing a solo for us. We cordially invite you to be with us.

The Senior League meets at 7:30 p. m. Subject "Better Sabbath Keeping." Leader, Horace Starkey. Reading of the 92nd Psalm in concert. Song. Silent prayer, closed with the Lord's Prayer. Song. "A Day for God and a Day for the Family," Miss Amy Arno. "A Day for Good Books and a Day for Friendships," Carlette Tarver. "A Day for Out-of-Doors and a Day for Service," Velna Spence. "Recreation and the Sabbath," Marshall Leazar. "A Constructive Program, Miss Maggie Lowrance. Business. Song. League Benediction.

At the evening service, which will be held at 8:15 o'clock, we will make the service evangelistic. Our evening services will average about forty-five minutes in length, and we hope you will join us. The subject will be: "A Recipe for Cleansing."

#### KERRVILLE MAN'S LUCKY FIND

Will Interest Readers of The Mountain Sun.

Those having the misfortune to suffer from backache, urinary disorders, gravel, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement by a Kerrville man.

Frank Michon, City Marshal, Broadway, Kerrville, says: "My kidneys were out of order and every time I got wet or took cold, it settled on my kidneys. I had a soreness and a dull ache in the small of my back that worried me, and my kidneys didn't act right. I used Doan's Kidney Pills, bought at the Rock Pharmacy, and they soon fixed me up in good shape, the backaches left and my kidneys were regulated. I am always glad to recommend Doan's Kidney Pills for I know they are just as represented."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Michon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement).

### FIRST BAPTIST CHURCH

J. B. HOLT, Pastor

The pastor returned last Saturday afternoon from a most pleasant and helpful vacation with his relatives in the Davis Mountains. It was his privilege to preach several times on different occasions. The mountain people are big-hearted and splendid, and are responsive to the Gospel.

It did our heart good to be so warmly welcomed back home and we were so glad to see our comrades in service again. The tie that binds our hearts in Christian love is like to that above.

The Bible School was good Sunday morning. Superintendent Garrett is a live wire and wants things to move just right.

The Savior said to His Disciples, after they had been in a strenuous campaign of work, "Come apart and rest a while." This was the pastor's text for the morning service. It was a service worth while.

At the evening hour Miss Edith Tullis told us in a most interesting and helpful way about her summer course in the Southwestern Baptist Seminary at Fort Worth, and about the great teachers and earnest workers that were assembled there at that time and the wonderful things they are doing and planning to do. We are glad to be able to announce that one of our splendid young women, Miss Faye Turley, has been honored with a scholarship to our Seminary and will begin her course of study this fall. The scholarship was given by the Southwest District of our W. M. U. Workers of Texas. This is a great honor wisely bestowed.

Make your arrangements to go to the Alto Frio Encampment, August 1-11. Dr. Truett of Dallas will be one of the speakers, Dr. L. E. Gates

Thedford's Black-Draught Highly Recommended by a Tennesse Grocer for Troubles Resulting from Torpid Liver.

East Nashville, Tenn.—The efficacy of Thedford's Black-Draught, the genuine, herb, liver medicine, is vouched for by Mr. W. N. Parsons, a grocer of this city. "It is without doubt the best liver medicine, and I don't believe I could get along without it. I take it for sour stomach, headache, bad liver, indigestion, and all other troubles that are the result of a torpid liver.

"I have known and used it for years, and can and do highly recommend it to every one. I won't go to bed without it in the house. It will do all it claims to do. I can't say enough for it."

Many other men and women throughout the country have found Black-Draught just as Mr. Parsons describes—valuable in regulating the liver to its normal functions, and in cleansing the bowels of impurities.

Thedford's Black-Draught liver medicine is the original and only genuine. Accept no imitations or substitutes. Always ask for Thedford's. E. S.

of San Antonio another, and Dr. W. A. Hamlett of Austin still another. Then, besides these, many more of our denominational leaders and workers will be there and multitudes of your friends from the Hill Country. Go and camp on the grounds. Arrangements to suit you can be made. You can get tents, cots, groceries, water, etc., on the grounds, and you can eat at a restaurant at \$1 a day if you want to.

Come to the services next Sunday and bring all the family.

#### Missionary Meeting

The women's Missionary Union of the Baptist Church met for their regular missionary meeting Tuesday afternoon at the home of Mrs. Ola B. Gammon.

A splendid program on "Christian Education" was given by the members of the Osborne Circle, with Mrs. W. B. Anglin as the leader. A paper was read by Mrs. Welborne and a talk on the Southwestern Baptist Seminary at Fort Worth was given by Miss Edith Tullis. A talk was also given by Miss Faye Turley, who plans to enter the Seminary in September to prepare for her life's work as a missionary to China.

After the missionary program a most enjoyable musical program was given as follows:

Piano solo, Mary Louise Mussey; violin solo, Miss Maybelle Roberts, accompanied by Miss Marguerite Henke at the piano; vocal solo, Miss Laura Frances Bates; piano solo, Miss Martha Vernon Robinson.

Following this delightful musical treat the guests were invited out on the lawn and delicious iced tea and sandwiches were served by Misses Mabel and Bessie Hart Bates. There were thirty-seven present and the afternoon was a most enjoyable one.

Be at Kerrville, July 4th, and have a big time—something doing every hour of the day—and until the wee sma' hours of morning.

Many new cottages and residences, big improvements at Sanatorium and activity at Encampment are making Kerrville a lively place.

Oh yes, it has been rather warm weather in this section the past week, but just think how the other fellow is sweltering elsewhere—and especially at San Antonio.

The Sun has been urging the raising of pigs—but not in Kerrville. An incorporated town is no place to raise pigs, and especially inappropriate where there are summer visitors, as we have in all parts of the city.

Readers of The Sun have doubtless noted that there has not been any boosting of candidates for the various National, State and local positions. Plenty of free dope has been received from the various candidates for National and State offices, but we haven't any space to give away for such purposes.

The Civic League has started a good work in the way of Beautifying Kerrville. The interest of a considerable number of our people has been secured, and improvements in the yards and sidewalks are noticed in several parts of the city. Now, lets make this unanimous.

Several persons have made complaint to Dr. E. E. Palmer, city health officer, for the removal of some filthy pig pens and also noisy pigs. It is to be trusted he will get action soon. If you can't regulate such matters in an incorporated town, had as well discard the pretense of incorporation and stop the expense.

There was a page advertisement in the Dallas News, Sunday, June 18th, containing an excellent write-up of the American Legion Memorial Sanatorium, together with several pictures of the buildings completed or in the course of construction. This exceptionally valuable advertising was the work of J. E. Grinstead. Well, it is not regular advertising, because you cannot buy space in such papers as the Dallas News for this kind of an article, but it has a better effect. Such articles and pictures are of much benefit to Kerrville and the whole Hill Country.

**LOUIS JORDAN POST, AMERICAN LEGION**  
Fredericksburg, Texas

Don't fail to attend the big celebration at the Lake Side Park on July 4th. The Tivy High School athletic department will have charge of the program, and a most interesting time has been provided for.

There is supposed to be a list of candidates filed for the various offices in Kerr County, but the only one who has given requisite recognition of the custom to let it be known, is R. V. Nichols, for County Judge.

Kerrville is getting considerable exceptional publicity lately through the Dallas News. In addition to the page about the American Legion Memorial Sanatorium on Sunday, June 18th, there was another page in the Sunday issue of June 25th, giving some good pictures of the Westminister Encampment and river scenes, with quite a writeup. The people here very much appreciate this valuable publicity.

At Herrin, Ill., about twenty-five non-union miners and guards at a coal mine were defending themselves from attack by union miners, when the former put up the white flag for surrender. The union forces then took charge of the surrendered men, tied them together, marched them out and shot or mangled the whole number, except two or three who escaped. It was a massacre as brutal and inhuman as any the Indians ever committed in the early days of this country. The only shadow of relief to an American is, that nearly all of these assassins and murderers are foreigners or foreign born. This kind of policy by the union coal miners will further turn the unbiased public against them. It is already of the opinion that there was no real need of the strike, so this and other outrages being committed by the outlaw element of the union forces, will cause a reversal of sentiment that will go far toward breaking up the Federation of Coal Miners, as well as prejudice the public against all union organizations.

Time to stop eating heavy food!  
**Kellogg's CORN FLAKES**  
wonderful for the whole family

Nature rebels against heavy foods in warm weather. Much illness in summer is caused by overtaxing the stomach. Change your diet—and keep snappy in mind and muscle!  
Kellogg's Corn Flakes with cold milk and fresh fruit are wonderful for the hot days—for breakfast, for lunch, for supper or for "snacks." They digest without taxing the stomach and supply the nourishment the body needs.

For children, for the workers and for the aged there is no more delicious, sustaining summer food than Kellogg's Corn Flakes.

Insist upon Kellogg's Corn Flakes in the RED and GREEN package bearing the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

## HOME PEOPLE'S LOYALTY APPRECIATED

I desire to express my high and sincere appreciation of "Home People's Loyalty" in extending me their passenger and freight patronage for my Buick cars and large trucks.

When I started in to give the people of Kerrville a regular, reliable passenger and freight service that the demands required, it was an experiment that no one else seemed to want to risk. Now, that I have invested heavily in equipment and gathered a corps of experienced and reliable men to run my passenger cars and freight trucks, I feel that fair play should actuate the people in giving me the preference of their patronage, which I am glad to state they have mostly been doing.

I am running four passenger cars a day each way between Kerrville and San Antonio, with a daily freight service, and there will be additions made to both if there is a demand for it. I am paying out from \$3,000.00 to \$5,000.00 a month for help and supplies, and most of this is spent in Kerrville, keeping that much additional money in circulation here. My principal headquarters are here, where repairs are made and supplies bought.

I always contribute to anything for the upbuilding of Kerrville; also for charity, and to any educational or religious cause. I feel it my duty to do this, as a citizen and taxpayer of Kerrville.

I trust to continue to receive your patronage, and promise to give you as efficient, safe and reliable service as can be done by any individual or company.

Yours respectfully,

**Why Buick Cushions "Ride Easy"**

Buick cushions are comfortable on all roads because of their "double-deck" springs and resilient hair pads. The upper springs, which are light and easy-acting, yield to the slightest road irregularity. The lower springs are larger and stiffer. They come into play on rough country roads, carrying the passenger in comfort over bumps which cause the ordinary seat to "strike bottom".

Between the springs and the French-plated leather upholstery are two thick, yielding pads of interlaced hair which positively prevent "lumping".

In Buick seat cushions, as in every other part of the car, is built the quality which has made Buick cars the standard of comparison.

### PAT M. NEFF REVIEWS HIS WORK AS CHIEF EXECUTIVE

(Continued From First Page)

year the entire penitentiary system has been greatly improved. Many leaks have been stopped, inhuman punishment has been abolished, a system of education has been established, and the entire penitentiary has been permeated with the idea of obedience to law and service to humanity. After a fair trial, these Commissioners will either make a success of the penitentiary or explain the reason why."

Conversion of flood waters was given attention next. He declared not one bucket of rain water that falls on Texas soil should ever find its way to the sea. This immense volume of water, he said, should be saved for the irrigation of at least 12,000,000 acres of land through a system of lakes that could be established.

He is proud, he said, of the work done recently in extending the State's Highway System. Texas has, he said, 180,000 miles of public roads and 1,600 miles of this has been highly improved during the past year at a cost of \$21,000,000. Contracts for the building of 1,750 miles of additional high class roadway have been let at a cost of \$27,000,000. He called for a steady and a rapid progress in highway extension work.

The Governor stoutly defended the cause of labor and called attention to the work of his appointees in the enforcement of all laws passed for the protection of the men and women who toil. The farmer and the stockman, he stated, in a major portion of his speech, must have open markets and everything possible done to aid them to receive full value for their work of production. "I am willing to either push or pull," he said. He recommended additional State parks and praised the National Guard and the Rangers.

Law enforcement was discussed from this well known angle. In connection with this he said there is no such thing as local self government in counties where the laws are violated and the officers unable or unwilling to enforce them. Every law violation, he said, is against the State and not against any county. He admonished his hearers that there must be a stricter regard for the prohibition law and said loose views of the 18th amendment are responsible for most of the crime of the day.

No part of his speech was listened to more carefully than his comments on public officers and his description of the conditions that impelled him to declare martial law at Mexia. He said:

"Under our form of government, public peace officers are elected by the people and charged with the responsibility of enforcing the law. For this purpose the power of the State is vested in them and the resources of the government are subject to their command. The people place their trust in them by making them guardians of their property, their rights and their liberty. The one business of an officer is to enforce the law. His not to reason why; his but to do or die. The government as a government and the people as a people have a right to demand of an officer that he maintain order and uphold the law. The people should accept nothing less. If an officer willfully and corruptly fails and refuses to enforce the law, he should be immediately stripped of every official power and every insignia of office. If for any reason an officer is either unable or unwilling to do his part in enforcing the law, he should resign. If he will not resign, there should be some speedy and effective way of putting him out of office. When the laws in a county are not enforced it is because the local law-enforcing officers are incompetent or, for some reason, are unwilling to enforce them. As to whether a law is a good law or a bad one, is a matter of no official interest to the officer. He makes no laws; he executes them. If he fails in this, he has no business holding office.

"Martial law should be invoked only as a last resort to maintain law and order. During the first of this year, at Mexia, Tex., thieves, robbers, gamblers, bootleggers, thugs and crooks mobilized to ply their trade of lawlessness. These outlaws opened up houses of notorious lawlessness and guarded them with armed pickets. Eight men with high-powered guns guarded one, and 10 other outlaws watched over another. For months at those and other places, almost every character of lawlessness was carried on, unmolested and unhindered. Local officers made no pretense of enforcing the law. Neither property nor life was safe. Therefore martial law was declared. The day after the proclamation was issued declaring martial law, more than 2,000 outlaws, fearing the consequences, left Mexia. I was informed that on that day 1,100 railroad tickets were sold at Mexia to say nothing of those who left by freight train, by automobile and on foot. During the following weeks, more than 600 arrests were made; 27 still
