KERR COUNTY DISTRICT COURT ADJOURNED TUESDAY

The Kerr County District Court adjourned Tuesday of this week, after disposing of quite a lengthy docket. Judge Burney believes in dispatching the business in courts and as a result he does not have any clogged dockets in his district.

Charles Merritt, who was charged with attempted bank burglary at Bandera and his case transferred to Kerr County, forfeited his bond of \$1,000.00, which was approved by Sheriff John Tobin of Bexar County.

Divorces were granted to Mineola McCoy from Roger McCoy, Bessie Baker from W. T. Baker and Emmie Nichols from Ernest Nichols.

The jury commissioners appointed at this term of court were T. J. Johnston, W. D. Burney and Geo. Baldwin, and they met Monday and selected the grand and petit jurors for the next term of court.

BAILEY'S BARNSTORMERS STORM KERRVILLE IN VAIN

The Athletics took a game from Bill Bailey's Barnstormers of San Antonio by a score of 9 to 6 at the Fair Grounds last Sunday.

Wherever Bailey picked up his players he did not do a half bad job in scouting. Even though Barry struck out eight of them, they are a dangerous bunch with the bludgeon. Five of their ten hits came in the seventh frame, netting three runs. Four of their six runs were earned, and four scores will win many ball games.

Anderlitch also allowed ten hits, but in addition passed four men at critical times.

It was an interesting game to witness, as the ball was always being whaled somewhere to somebody. Thus there was action, which is the greatest human desire at the present stage.

Charley Kuesel was back at the keystone and certainly made use of his opportunities at the plate. Renschel carried off the batting honors for the day with three hits, one for two sacks. Captain Holchak played anywhere between third and second with more than his usual spirit.

Ten errors sounds like a bundle, but there were no continuous exhibitions of bad playing. It was a far better game than one would expect under such sweltering conditions, when the heat was almost unendurable under the shade of the stand.

There will be a game next Sunday, either at the park or the Fair Grounds. For the three days of the West Texas Fair, Kelley Field and Comfort will be on the job. PODGER.

KERRVILLE VOTING PRECINCT DIVIDED INTO TWO DISTRICTS

At the meeting of the County Commissioners last week, the Kerrville voting precinct was divided into two districts, as follows:

These precincts will be known as 1 and 14, the boundary on northeast being the Gillespie County line and division in the middle of Fredericksburg road; thence southeast to E. H. Turner's city property and on to Earl Garrett Street and Guadalupe River; thence down the river to Medina road and along that river to Turtle Creek precinct line—the east side will be No. 14 and the remainder No. 1. The polling places will be at the Court House for the latter, as heretofore, and at The Play House or old Mercantile Building for No. 14. The election judges for the new precinct are G. W. Walker, presiding judge; W. G. Carpenter; Payne Williamson and Roger Self.

The County Board also apportioned \$3,000.00 of Highway Fund, as follows: \$1,380.00 to Road Precinct No. 1, \$420.00 to No. 2, \$300.00 to No. 3 and \$900.00 to No. 4.

Some Liberty bonds were sold above par, the amounts being \$1,700.00 held in the jail repair fund and \$1,500.00 held in Road District No. 2 fund.

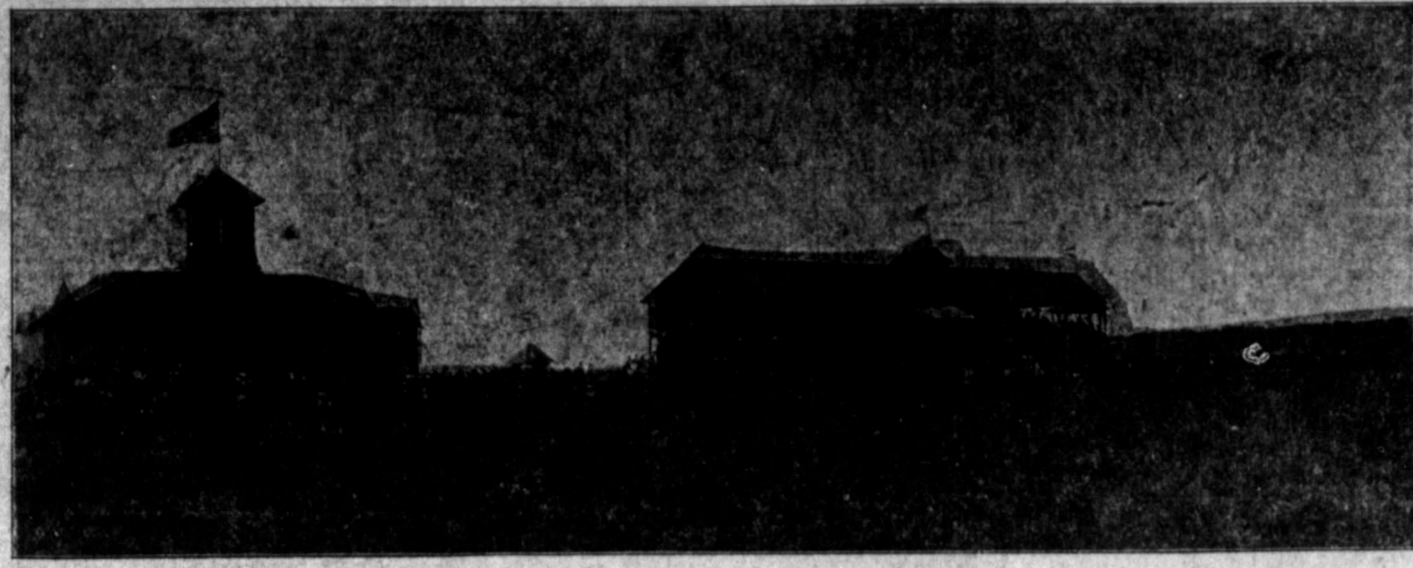

The road work outside of the Highway was allowed \$5,061.00, for which county scrip was issued against the road and bridge fund, as previously arranged.

There were sold Tick Eradication Bonds as follows: Nos. 13 and 14 for \$500.00 each to Henry Sprenth, No. 15 for \$500.00 to Paul Flach and No. 17 for \$500.00 to Wm. Fellbaum.

Attention, Women

Monday, August 28th, at 2:30 p. m. Miss Bennie Campbell, District Home Demonstration Agent from the Agricultural and Mechanical College, will give a demonstration in the art of making dress forms, artificial flowers of organza and tailored finishes in dressmaking. She will give this demonstration in the Auditorium of the Tivy High School.

Every woman in Kerrville and surrounding country is invited to attend, free of charge.

KERRVILLE CONVENTION BOTHERS WURZBACH MEN

San Antonio Express, Aug. 22nd: Capt. "Jack" Elgin is one of the bumps in the road of the Wurzbach forces that, they will privately admit, they wish were removed. He had himself elected chairman of Republicans in the 24th Senatorial district and he thinks it is the province of a chairman to call meetings and preside over them just as often as a campaign may require. To the astonishment of most of the Republicans who didn't even know there was a Senatorial chairman in existence, Elgin called a convention for next Saturday at Kerrville to nominate a candidate for the State Senate and to look after any other party business. After the trimming given Elgin by the Bexar County convention, Wurzbach controlled, most of the Congressman's friends thought the veteran disturber of political peace would not be heard from again.

But that theory proved another case of counting chickens before they come from the incubator. They didn't want a candidate for State Senator and imagined they had in hand every vein that would enable them to drive around such a contingency. Elgin upset their plans. Not that they are afraid of Julius Real of Kerrville. They know Real is their friend and if they had to have a candidate for the Senate, he's the one of all others they would select.

The bogey that faced them after Elgin's call for the convention was the fear that, if Real doesn't accept the nomination, Elgin may be able to have himself nominated. It's well within the bounds of veracity to write that, if Real continues to insist that he will not have anything to do with another campaign for the Senate, Elgin may just conclude to take the nomination himself and the Wurzbach Republicans would every bit as lief have Woodrow Wilson or William G. McAdoe running on the same ticket with the Congressman as to have Elgin. Hence the distorted vision some of them own to having, and hence the disorder in the Republican temple.

Though strenuous efforts have been made to induce Real to say just what he may be counted on as willing to do at Kerrville, no positive word had reached the Wurzbach managers yesterday. They will, however, know today and will then be in a position to shape their plans for Tuesday's actions in both the San Antonio and Kerrville sectors. If Real will consent to run, the Wurzbach view now is, it might help Wurzbach to have him run. Nobody who knows Real believes he cares very much whether he could be elected or whether he would be defeated. Whatever he decided to do, it is thought, will be done with a view of helping Wurzbach.

If Real will not run and says so today, then it will be the "paramount" duty of all the Republicans managing Wurzbach's campaign to "stock" the Kerrville convention against Elgin and attempt to pass a resolution there saying it is the voice of the Republican party that no State Senator is needed and none is wanted. If Real will run, and says so, it is believed he will be named without opposition. But there's always Elgin to be reckoned with and the average Republican kind of looks on Kerrville as possessing more of political interest Saturday than San Antonio with its convention to renominate Wurzbach will be in position to offer.

REAL ANNOUNCES HE WILL NOT RUN FOR SENATE

San Antonio Express, Aug. 23rd: Julius Real of Kerrville will not run for the State Senate as a Republican candidate. Tactfully yet firmly he faced the united and insistent urgings of a score of Republican leaders of San Antonio yesterday and came out of the conference room at Congressman Wurzbach's office in the Brady Building to say to a representative of the San Antonio Express that he meant what he said when he declared eight years ago that he had done with politics so far as running himself was concerned.

"What does that mean with reference to the Kerrville convention?" he was asked.

"I don't know. I suppose the convention will do what a majority chooses. That's the usual way with conventions of all sorts. I do not expect to be in attendance. The Gillespie

County Fair will attract my attention this week. I expect to go there tomorrow and to remain until the close. I have not lost interest in politics and expect to do all I can this fall to help re-elect Congressman Wurzbach. But I am not and shall not be a candidate for anything. It has been eight years since I quit office. I am eight years older and eight years wiser so far as running for office goes. It is time for me to be interested in Julius Real and his family more than in any office."

INDIAN OPERETTA TO BE GIVEN FRIDAY NIGHT, AUGUST 25TH

An Indian Operetta by thirty of Kerrville's prominent young people, under the direction of Mrs. Jno. Burney, will be presented at Pampell's Hall, Friday night, August 25th, at 8 o'clock.

Miss Jewel Carey will sing the part of the Queen of the tribe, and a treat is in store for those who hear her. The other principal roles will be taken by Misses Alice Domingues, Ruth Garrett and Marguerite Henke. The chorus work and the dancing will be given by the popular young women of the community.

Proceeds for the benefit of the Associated Charities.

MR. AND MRS. W. B. BROWN ENTERTAINED MEN'S CLUB

Tuesday evening, Mr. and Mrs. W. B. Brown elegantly entertained the Presbyterian Men's Club, which happened to be the first annual gathering of this organization. The pretty lawn at the lovely home of Mr. and Mrs. Brown was lighted and a long table conveniently arranged for the forty guests, and there was served sandwiches, punch, ice cream and cake.

Dr. S. E. Thompson presided at the meeting and acted as toastmaster. Dr. Arthur G. Jones, president of the Presbyterian Seminary at Austin, made an excellent address, as did Dr. P. B. Hill and L. E. Selfridge, Presbyterian ministers of San Antonio.

Several members of the Men's Club made short talks, expressing the enjoyment, pleasure and instruction received during the year's life of the organization.

The next meeting of the Club will be held at the Manse the second Tuesday in September, when new officers will be elected and also three directors.

The Men's Club has performed a most excellent work during the past year as well as providing wholesome and entertaining diversion to the members.

COAL MINERS RETURN TO WORK; WAGES TO BE SAME AS BEFORE

Chicago, Aug. 22.—Soft coal operators and miners in two more States made peace today, while anthracite operators and miners' representatives meeting in Philadelphia adjourned a joint conference subject to call without reaching an agreement.

Illinois and Indiana miners prepared tonight to enter the pits tomorrow, following the lead of Michigan, Iowa and Wyoming miners who yesterday concluded agreements with operators from these States. Southwestern operators and miners were holding conferences at Kansas City in an effort to bring about a settlement.

The peace negotiations already completed caused the Department of Labor to estimate the weekly bituminous coal production at 9,000,000 tons within a week.

All the agreements thus far in the bituminous industry have been based on the settlement in Cleveland last week between John L. Lewis, president of the United Mine Workers of America, and his associates, and operators from seven States. By the terms of the agreement the miners returned to work at the same wage scale and under the same working conditions as when they struck on April 1st, 144 days ago. This agreement is to remain in effect until next March 31st with provisions with a fact finding committee to investigate the coal industry and the selection of a subcommittee of operators and miners next fall to determine methods of negotiating future wage scales.

DOVE SEASON IN TEXAS OPENS SEPTEMBER 1

Austin, Tex., Aug. 19.—Doves may be hunted September 1st, at the opening of the dove hunting season, and State Game Commissioner W. W. Boyd, who has recently returned from extended inspections of the State, reports a gratifying number of them to hunt.

Commissioner Boyd has issued orders to his wardens throughout the State to be strict in law enforcement during the season, since the least tendency to slackness would, in view of the enormous number of hunters, mean extermination of the doves or their decrease to such a point that a permanent closed season would be demanded by conservationists.

Many hunters are arrested during each dove season for having in their possession, quail, wild turkey or plover, the open season on which comes much later. Huting season on wild ducks and geese, mud hens and marsh hens, jacksnipe and yellow legs and black-bellied and golden plover, does not open until October 16th; on buck deer, November 1st; on quail or partridges and Mexican chachalaca pheasants, December 1st.

Wild turkey gobbler hunting season was changed by the last Legislature. The general season through the State now opens November 1st, with a season limit of three gobblers. Due to scarcity of turkeys, there is no open season and even gobblers may not be shot in Cameron, Willacy, Hidalgo, Kenedy, Starr, Jim Hogg, Brooks and McMullen Counties. Of the counties with season opening March 1st instead of in the fall Gillespie and Kendall Counties have a limit of three gobblers for the two months' season, while a limit of only two gobblers is set in the counties of Angelina, Cherokee, Hardin, Liberty, Nacogdoches, Dallas, Rockwall, Tyler, Jefferson, Orange, Jasper and Newton.

Home county hunters need not have a license, but those Texans hunting in a county where they do not live must obtain a license, costing \$2, from a deputy game commissioner, game warden, county clerk, sporting goods store, or direct from the Game Commissioner's office at Austin. Hunters not living in Texas must obtain a non-resident license, the fee for which having been fixed by the Legislature at \$15.

It is illegal to hunt with trap, net, dynamite or by any means other than with a gun, not larger than 10-gauge, shot from the shoulder, or to hunt with light or lanterns, or to shoot at birds before sunrise or after sunset.

No more than 15 doves can be killed in any one day, and no more than 75 game birds of any or all kinds may be possessed or shipped at any one time. It is also illegal to shoot from power boats, sailboats or airplane; unlawful to buy game, pay another to hunt, be paid for hunting, to carry on train or to ship game without an affidavit, or to ship to a taxidermist without a permit from the commissioner or one of his deputies.

IRISH CHAOS GROWS WORSE; MIKE COLLINS ASSASSINATED

London, Aug. 23 (Wednesday, 3.30 a. m.)—Michael Collins, the most heroic figure in the recent years of turbulent guerrillaism in Ireland, last night became a martyr to his country. He was shot dead from ambush while riding in an automobile towards Cork from the southwest.

Collins was fired upon from ambush at Bandon, a town of 3,500 people, about 20 miles southwest of Cork.

Owing to the disturbed conditions and the rupture of lines of communication in Ireland and from Ireland to the outside world, due to the seizure and destruction of telephone and telegraph lines by the irregular forces and the dismantling of all the principal cable and radio stations on the Irish coast, the details of the assassination are slow in arriving. Only the mere dispatch reporting the assassination was received, and shortly afterward was followed by confirmation in a second dispatch.

ESTABLISHED 1869

KERRVILLE, TEXAS

SENATORS, DEFEATED BY WILSON, COMING BACK

Washington, D. C., Aug. 20.—They are coming back one by one, those Democratic Senators who dared to disagree with the World War policies of Woodrow Wilson, and in so doing, brought down upon their heads the wrath of the former President.

A fortnight ago the Democrats of Missouri renominated Senator James A. Reed over Breckenridge Long, the Wilson candidate, and in the face of a demand by Wilson that Reed be defeated. It is a scant two years that this names James A. Reed was denied a seat in the Wilson-controlled Democratic National Convention at San Francisco.

Last week James K. Vardaman, former Senator from Mississippi, led the field of three candidates for the Democratic nomination, which means election, to succeed Senator John Sharp Williams, who is to voluntarily retire next March. Wilson's intervention four years ago brought about Vardaman's defeat by Senator Pat Harrison. And in Mississippi this year Wilson again demanded that Vardaman be repudiated.

It is true that Vardaman in last Tuesday's primary did not win the nomination because under the Mississippi primary law the nominee must have a majority of the votes cast. The final test will come in the run-off primary September 5th, between Vardaman and his chief opponent, former Representative Hubert D. Stephens. Miss Belle Kearney, the third candidate, polled a negligible vote, around 17,000, but sufficient to prevent a majority for either major candidate.

Vardaman Polls Increase
But Vardaman led by 6,500 to 7,000. That is the significant fact of the Mississippi primary and it indicates what the result will be September 5th.

Women voted this year for the first time in a Mississippi primary last week. They polled approximately 49,000 votes. Of these, 17,000 went to the woman candidate, leaving 23,000 divided between Vardaman and Stephens. Four years ago Vardaman polled 44,000 votes. Last week he polled more than 69,000, a gain of 25,000 over his last race. The 23,000 women voters did not all go to Vardaman. It is fair to presume that they were more or less equally divided as between Vardaman and Stephens. It means Vardaman has gained 10,000 to 15,000 of the male vote of the State over four years. If Stephens predominated in the women's vote, Vardaman's gain was all the greater.

With Vardaman's near 7,000 lead to overcome, Stephens must get two-thirds of the total Kearney vote to win even by the barest margin. The odds are against him and Vardaman probably will come back.

There will be another comeback two years hence in the person of former Senator Thomas W. Hardwick of Georgia. Like Vardaman Hardwick, driven out of the Senate four years ago when Wilson demanded of the Democrats of Georgia that they nominate and elect his candidate, Senator William J. Harris, because Hardwick had dared to assert his independence of presidential dictation.

Hardwick Begins Comeback
Hardwick began his comeback two years ago when he was overwhelmingly elected Governor of Georgia over Clifford Walker, the Wilson faction's candidate. Hardwick and Walker will

go into a second gubernatorial primary September 13th, with the odds that Hardwick will administer a far more stinging defeat to his opponent than in 1920. It is already accepted as a foregone conclusion in Georgia that Hardwick will seek his old Senate seat in 1924, and if he does, it is a safe bet that he will get it.

Senator Hoke Smith of Georgia, another of those to incur the Wilson displeasure, did not come back two years ago, but in his stead came the bitterest foe to Wilsonism of them all, Senator Thomas E. Watson.

There will be another Wilson test in 1924 over the seat of Senator John K. Shields of Tennessee. Shields came back in 1918, but that was before the League of Nations issue. It can be safely stated that Shields' stock has risen in Tennessee in the last twelve months, particularly since his firm stand against the Washington disarmament conference treaties. That stamped him as consistent in his stand against foreign entanglements, regardless of from what party they emanated.

They are coming back, one by one.

RADIO BUG GETTING IN ITS WORK AMONG KERRVILLE PEOPLE

Kerrville is developing quite a number of Radio enthusiasts of late, as shown by the antennas being erected in various parts of the city. Dr. Secor has just installed a powerful radio receiver of a new type purchased by him on his recent trip to Chicago and the East. It uses three steps of Radio and two of Audio amplification and with this set Kansas City, Denver, Chicago, Pittsburg and Atlanta have been picked up.

The Dixie Theater has been getting better results this week with the larger machine for which they exchanged their former instrument, which proved unsuited for their requirements. Tuesday night during the show several concerts were brought in, one from the Sweeney station at Kansas City coming clear and in good volume. This set has an advertised range of from 150 to 27,000 meters, the latter coming within the range of the trans-Atlantic and European stations, which they hope to pick up this winter under exceptionally good atmospheric conditions.

S. H. Huntington is getting very satisfactory results at his home, bringing in the San Antonio, Houston, Fort Worth and Kansas City concerts clear and distinct.

Young Otto Sommers at Blue Bell, the summer home of Otto Wurmund, has installed a radio set and is getting good results from it.

Jno. S. Callaway at Ingram has received his instrument and is installing it at present.

Eugene Butt has one of the leading makes of radio receiver in transit and expects to have it in this week.

From now on air conditions are steadily improving, the summer static, which causes so much disturbance, is passing and excellent results are being anticipated by the various radio fans for the coming winter.

AMERICAN WOMEN ARE THE MOST COSTLY DRESSED IN WORLD, SAYS LONDON

London, Aug. 20.—Staggering the British smart set by appearing in public with lavish gowns, some of which are said to be worth \$500,000, American women this season have definitely established the reputation of being the most costly dressed women in the world.

Dress experts who were requested to study the taste and style of the visitors declare that American women now surpass the standard set in Paris while for money expended on clothes they leave the women of all other countries far behind.

Americans have even displaced the women of the Russian aristocracy, who held the palm in the pre-war days.

At the Savoy Hotel earlier in the season one American woman created a great sensation by wearing platinum and diamonds massed on her white gown. Another wore a pearl decorated dress of great value, while both had magnificent necklaces, tiaras, bracelets and rings.

It is generally admitted that very few English women during the country's present lean years will be able to compete with Americans for display of jewels, as fully 75 per cent of the best pearls, diamonds and other precious stones are now owned in the United States.

Princess Mary is one of the few exceptions. Her jewel collection, including the famous Clamirade gems, is worth \$3,500,000.

Shaw's Spicer Oil Well

San Antonio Express, Aug. 19th: Leslie N. Shaw, oil geologist, who has been interested in the Shaw No. 1 well on the Spicer Ranch seven miles south of Kerrville, which is being drilled by California people and which is now down 632 feet, has opened an office

in San Antonio in the Gibbs Building for the Oil Fields Clearing House and will conduct his operations hereafter from San Antonio. The Shaw No. 1 on the Spicer Ranch is being drilled by the Central Oil & Development Company.

Mr. Shaw is now in Rockdale and adjoining territory making inspections of some property there.

Leakey Locals

Leader, Aug. 18th: A new concrete low-water bridge has been placed across the river on the East Frio, known as the Stidham crossing.

Partial showers continue to fall every day. A general rain is badly needed and would put things on the boom for a fall crop and winter grass.

Little Alma Alice Caskey happened to a very serious accident a few days ago, while playing around a well drill that was drilling a well at their home just south of town, when her dress became fastened in the machinery, breaking her arm and dislocating her shoulder. A smaller sister barely escaped injury.

A number of accidents has happened recently. R. M. Tally of Dry Creek fell from a load of hay and had his shoulder thrown out of place and his collar bone broken. Dewey Van Pelt was thrown from a horse and his shoulder was thrown out of place. Fred Van Pelt's boy was thrown from a yearling and had an arm broken. Mr. James, son-in-law of J. J. Burditt, cut his foot badly with an ax and is going around on crutches.

Tom Richardson, a nephew of J. L. Hobbs, who has been gone from Leakey twenty-five years, came in Friday to visit relatives and old friends, and will probably make this place his home again. Mr. Richardson was reported dead some twenty years ago somewhere out West and a body was identified as that of Mr. Richardson's and buried. It was quite a surprise for Mr. Hobbs when he arrived here. Mr. Richardson has been for several years in Wyoming.

A "Splashing" Good Time

Mr. and Mrs. Scott Schreiner entertained a large number of their friends Wednesday of last week, complimenting Misses Ruth Garrett, Marion McCaslin of Fort Worth, Cora and Mary Louise Barnes and Helen Merrill of Chattanooga, Tenn.

First in their scheme for the enjoyment of their guests was a swim at Lake Side Park, after which a Mexican supper was served on the lawn at the Schreiner home. Long tables, tastefully decorated with clematis and zinnias, were laden with viands cooked a la Mexicano. Old fashioned games were played on the lawn, while dancing enticed a number indoors. One is always assured of a fund of entertainment when invited to this home, whose doors have been opened to friends frequently in the past few weeks.

Noted Actress Was Visitor Here

San Antonio Express, Aug. 20th: "Mrs. Eugene Walters, better known to San Antonians as Charlotte Walker, who has been spending some time in Center Point visiting relatives, was a guest of her brother, Ganahl Walker, and Mr. and Mrs. John Tobin in the city Thursday, en route to New York. Mrs. Walters, who was reared and educated in San Antonio, has a wide circle of friends who look forward with interest and pride to her successful stage career. She will appear in the new play, 'The Circle,' with an all-star cast, to be presented in New York this fall and winter."

Mrs. Walters is the sister of Geo. P. Walker and with her brother was a visitor in our city several times during her stay with her brother and family on their ranch near Center Point.

FLAPPERS DYING BECAUSE MEN SEE TOO MUCH LEGS

New York, Aug. 19.—The flapper race is dying out simply because men refuse to marry scantily-garbed girls.

It is the swish of long skirts that aways men into marrying. In the interests of matrimony—the ultimate aim of every girl—modern femininity is bundling up so it can again mystify man into a trip to the altar.

"When girls by self-revelment cease to be mysterious, men no longer want to marry them," Andre Tridon, famous French psychologist, said today, when asked to analyze the change of style back to long skirts.

"Women found they were matrimonially undesirable and that there are semi-nudity.

"Clothes have long been a secondary sexual choice of women who change them as men's interest wanes.

"The flapper, therefore, to escape spinsterhood, is returning to the good old age of feminine mystery. In the future, something will be left to the imagination."

Party at Lake Side Park

Mrs. A. F. McClellan entertained Thursday of last week with a four-table bridge party in her pretty bungalow at Lake Side Park. The living room was made gay by the profusion of sunflowers, and the yellow motif was carried out in the delicious pineapple cream that was served to the following guests:

Mesdames Platt, Sandel, Mason, W. M. Wheelless, Chas. Rawson, A. T. Adkins, Utterback, Hy. Kuhlmann, Oswald Herzog and Lee Wallace, and Misses Jewel Carey, Ellen Bason, Yolande Robinson, Annie Platt, Lucille Williamson and Elsie Johnston.

Miss Elsie Johnston won the prize for high score, which was a most beautiful blue fruit bowl on a black pedestal. Miss Yolande Robinson was more than consoled with a fan, of which she was proud both because of its beauty as well as usefulness.

A Charming Party

Mrs. Scott Schreiner complimented Mesdames Warren Colvert and Chas. Armstrong with a bridge party last Saturday afternoon. After six games of four hands each had been played the guests were invited into the dining room, where the table was a most beautiful sight for the eyes. A basket of brilliant flowers, reposing in a bed of greenery, proved to be a most delectable cake with butter sauce filling, and upon whose laced top rested candy flowers in the shape of zinnias, violets and little roses in their natural colorings. A plate containing sandwiches, wafers and a rounded slice of frozen fruit salad, resting on crisp lettuce leaves, together with a glass of iced tea, made the mouth of each guest water. The table was further decorated with vases of sunflowers, whose gaudy blossoms enlivened the whole room. These same flowers in great profusion decorated the rooms in which bridge was played.

Those present were: Mesdames Caulfield, Moore, Patton, Seth Strong, Leroy Garrett, Robert Scherbeck, Chas. Rawson, Clarence Brashear, Hugh McClellan, Dick Eastland, A. C. Schreiner Jr., Siddy, Lee Wallace and Payne Williamson, and Misses Bess Booth, Margaret Thorburn and Josephine Coombs, the honorees and the hostess.

Motoring Bridge Party

Friday morning of last week the bridge-players had a delightful time as the guests of Miss Elsie Johnston at the home of her parents, Mr. and Mrs. T. C. Johnston.

The living rooms were thrown open into one big room, and the floral decorations were huge glass bowls

holding masses of dahlias, and silver baskets holding sprays of clematis and queen's crown, which seemed to clamber from them.

Mrs. Lee Mason held high score and received a lace collar and cuff set. Mrs. Dick Eastland received two white linen handkerchiefs when she cut for consolation.

The guest list included: Mesdames A. C. Schreiner Jr., J. D. Jackson, Ally Beitel, Scott Schreiner, Warren Colvert, Chas. Armstrong, G. F. Schreiner, E. H. Prescott, W. M. Wheelless, Lee Wallace, Al Manny, Leonard Rawson, Chas. Rawson, L. D. Garrett, Clarence Brashear, W. C. Baker, Dick Eastland, Allen, Frank Hart, Robert Scherbeck, Payne Williamson, Herzog, Patton, P. J. Domingue, Hy. Kuhlmann, McClellan, Ed. Mosel, Pampell, L. A. Schreiner, Wm. Lee Secor, Sandel, R. A. Franklin, J. B. Young, Hugh Perry, E. W. Speckels, Chas. Johnston, Will Garrett, and Misses Bess Booth, Kate Renschel, May Louise Schreiner, Celeste Jones, Alice Domingue, Ella Rummel, Margaret Thorburn, Mabel Thorburn, Jewel Carey, Yolande Robinson, Ellen Mason, Ethel Williams, Helena Brown, Clara Herzog, Cora Barnes, Mary Louise Barnes, Helen Merrill and Edna Henke.

Get Your Share of Extra Mileage

IT is all true—every word of the news that's going around about Firestone mileage records and the phenomenal sales that have resulted.

Chances are you really haven't heard the full story of the wonderful success of Firestone Cords. We'd like you to call and get the actual facts. That is one sure way to make your next tire purchase a logical business buy. We'll explain the blending and tempering of rubber—double gum-dipping—and the air-bag cure—special Firestone processes.

The unusual mileage being made everywhere will stir your ambition to reduce the operating costs of your own car.

A call on us entails no obligation. Get the records—divide the distances these Cords are covering by Firestone prices. Then you'll be convinced that Most Miles per Dollar means what it says.

CATHOLIC CHURCH NOTES

By Father Kemper
GOLDEN WEDDING SOLEMNIZED
The first Catholic golden wedding to be observed in Kerr County took place at Our Lady of Guadalupe Church on the 17th inst., when the parents of Mrs. Ramon Castillo renewed the nuptial promises they made half a century ago.

Mexican Sunday School
The principal of the Guadalupe School came back to Kerrville with her assistant, Sr. Josephine, in time to be helpful at the Herrera jubilee. Despite the absence of these nuns the Mexican students did remarkably well in their faithful attendance at Sunday service.

Camper Robbed
Miss Grace Start, one of the non-Catholic guests at our free encampment, learned on her return home that while she was having such a good time at Notre Dame, a thief had broken into her house and helped himself to nearly all her valuables.

Willis Barton had his second serious accident last Saturday as a result of trying to crank an auto. The first time he broke his wrist, and this time he nearly knocked out his left eye.
L. W. Laughman welcomed back his daughters, Emma and Shirley, who had spent the summer with relatives in Beaumont, and returned to be in time for the reopening of Notre Dame Institute, Tuesday, September 5th.

Kellogg's digest easily and rest the stomach and help keep your head clear and your body cool.
Kellogg's Corn Flakes are wonderful with the fresh fruits now in season; and, as an extra-dessert treat, serve Kellogg's with fresh fruit and plenty of cream!
Kellogg's Corn Flakes are sold only in the RED and GREEN package bearing the signature of W. K. Kellogg, originator of Corn Flakes. None are genuine without it!

FIRST BAPTIST CHURCH
J. B. HOLT, Pastor

God's people are the best people in the world. A good Christian is always planning how to make somebody happy. Our women are always doing beautiful things. At their meeting Tuesday afternoon of last week they gave to Mrs. W. C. Nowlin, who is moving to Houston, a shower of many useful articles.

The pastor told about our campaign for the new Baptist Hospital, which is to be built in San Antonio. This was our subject last Sunday morning. Many of our people are very much interested in this enterprise, and our women have already pledged \$300. The campaign will be climaxed the middle of September. Every Baptist will be asked to give a sacrificial gift to this worthy institution.

FIRST METHODIST CHURCH
J. GRADY TIMMONS

In spite of the extreme hot August we are having, Sunday was a very satisfactory day with us. The Sunday School jumped back toward its normal winter standard. The morning preaching service was attended by a very fine congregation of sincere worshippers. We are very appreciative of this expression of loyalty and interest, especially as the weather is so warm and uncomfortable.

The pastor told about our campaign for the new Baptist Hospital, which is to be built in San Antonio. This was our subject last Sunday morning. How to Help

One of the most difficult things in the world is to help men. How to do it, in the most effective sense has been the burden of human philosophy since ancient days and is the purpose of all modern philanthropy. The business world believes that men are really helped only when they are aided and encouraged to help themselves. And this is the business philosophy of the First State Bank.

THOSE WHO GOVERN US

Houston Chronicle: "No man undertakes a trade he has not learned, even the meanest; yet everyone thinks himself qualified for the hardest of all trades—that of government."—Socrates.

The Chronicle recently reproduced an address by Hon. H. M. Garwood of Houston, in which that gentleman ably discussed the need of educated men in our present-day political life.

The men who framed the Constitution of the United States and laid the foundation of this Nation—such as Madison, Jefferson, Hamilton and their compatriots—were men thoroughly educated. They were familiar with history, politics, philanthropy and the science of government.

They had sounded the depths and shoals of learning. They knew the causes which had repressed freedom and brought about the downfall of nations, and they so fashioned this Government as to avoid those dangers, and in so doing wrought the greatest work ever achieved by the human intellect.

If we skip a century and use as examples such men as Alexander H. Stephens, Roscoe Conkling, Allen G. Thurman, James A. Garfield, L. Q. C. Lamar, Benjamin H. Hill, Thomas F. Bayard, Richard Coke and J. Z. George, we find that they were all cultured and scholarly men, and some of them stood in the front ranks of the world's greatest orators.

It may surprise some to see Richard Coke named in the list, but he was a graduate of William and Mary College, an institution which has sent forth more leaders in the public life of this Nation, in proportion to the membership of its alumni, than any other in America; and Thomas Francis Bayard once said that he and many of his colleagues believed Richard Coke has never had an intellectual superior in the Senate of the United States since the Government was founded.

No, the scholar is not in politics, as sore as is the need for him.

He is in the retirement of a professor's study, in the solitude of his cloister, and in the "unvoiced silence of a student's cell" views, as we may well believe, with silent amazement and contempt the political acrobats, the intellectual stardlings and the puny marionettes now masquerading as statesmen.

Even if it be conceded that men are prone to magnify the merits of men of past days, yet the fact remains that never before were so few really learned and scholarly men in politics, and no man with a half-way decent regard for truth will say that there can be found in both Houses of Congress today nine men even approximating in ability the nine men above named.

If we ask, is the scholar in politics in Texas? the answer is quick and lamentably discouraging.

Saturday of this week is the date for the run-off primary, but as Kerr County is not going to hold one, we should be concerned. Let the other fellows do the worrying.

President Ward of the West Texas Fair says that there have been more applications for entry of fine stock than ever before, and also more swift race horses are scheduled to be here.

The tariff bill has finally been passed. The Democrats say that it will result in adding three billion dollars to the cost of necessities of the people of this country, but Republican leaders claim that the tariff will greatly benefit the country as a whole. This particular section hasn't any complaint to make about the tariff on wool and mohair, we suppose. If the raisers of wool and mohair had no protection the manufactured article would get the benefit anyway, so why not the raw product come in for part of it? The Democrats are going to make the tariff a National issue, so let 'em go to it.

With all of his millions, John D. Rockefeller is due some sympathy when the antics of his daughter and husband and her children are considered. For nearly ten years Mrs. McCormick remained in Switzerland with her two daughters, and one is said to be engaged to marry a Swiss horse riding instructor more than twice her age. While in that country Mrs. McCormick got some kind of fool cult into her head, which resulted in her keeping company with a gang of leeches, and she brought one of them back with her, a goner, aged about twenty-eight years, who she will marry next year, it is said. She is fifty. Then, there is her husband, who has just married a noted Polish actress before the legal limit of his divorce had taken effect. That is one of the curses of great riches—they have nothing to do, so resort to all kinds of fads and fancies, regardless of the rules of decency or morality.

HAM, EGGS, AND GREEN OLIVES

Friends pop in for a meal and no meal is ready—what woman has not been in this predicament? This recipe solves the problem nicely: Eggs, bread, butter and a bottle of green olives always on hand, parsley in the garden, ham in the corner store—and you have everything you need.

Put one-half pound boiled ham through the food chopper and fry in a little butter. Add six eggs and mix thoroughly. Stir in one cup chopped Spanish green olives and one teaspoonful minced parsley. Serve hot on a buttered toast. It's delicious.

BIG FOUR HEADS OPTIMISTIC ON OUTCOME OF RAIL STRIKE

Cleveland, Ohio, Aug. 22.—Warren S. Stone, president of the Brotherhood of Locomotive Engineers, and D. B. Robertson, president of the Brotherhood of Locomotive Firemen and Enginemen, are optimistic regarding tomorrow's conference of railroad executives and transportation brotherhood chiefs in New York in an effort to reach a settlement of the shopmen's strike.

"I am optimistic regarding tomorrow's conference with the railroad managers," said Mr. Stone late today. "Some way will have to be reached to end the strike. I am hopeful of reaching an agreement."

Mr. Robertson expressed the same optimistic feeling.

Judge R. H. Burney went to Bander Wednesday to hear argument on motion in some litigation.

John E. Storts of San Antonio is at the Sawyer Ranch, visiting his friend, Walter Schreiner. They were both in Kerrville Sunday and Monday.

Found a Snake's Nest

Comfort News, Aug. 17th: One day last week, while William and Arthur Lich were hauling some refuse from their barnyard, they unearthed a nest containing twenty snake eggs. The eggs were about the size of bantam hen eggs, and when broken open were found to contain live snakes six inches or so in length, which seemed just about ready to be hatched out.

Some persons who inspected this outfit of young serpents expressed the opinion that they were rattlesnakes. This, however, is wholly erroneous, as rattlesnakes are not hatched from eggs, but are born like mammals.

It is to be trusted that the next Legislature will repeal the suspended sentence law.

While about fifty cottages and residences have been built in Kerrville the past six months, there is still an unsatisfied demand for good rent property with modern conveniences.

Kerrville has the reputation of being a fine market for country produce. No trouble to sell poultry and eggs, fruit and vegetables. Our visitors and those seeking health cause a good all-round year demand.

Mrs. Geo. Morris entertained Wednesday night on the St. Charles Hotel Roof Garden, complimenting Mrs. Viles of Bolivar, Mo., who will be remembered as Miss Eunice Caldwell of Center Point. The evening was spent in playing bridge. Delicious refreshments were served.

O. Bennett of Houston is on a visit to his brother-in-law, Henry Talge, also formerly of Houston, who recently bought fifteen acres of land from L. A. Schreiner on Town Creek and will engage in truck farming. Both these men and their families are friends of Chas. Pincoffs, who was instrumental in getting them to come to Kerrville.

The new brick building for the Ward Undertaking Company is completed and it is a conveniently arranged and elegantly finished structure. In the front entrance is the business office with hallway to left, and at the right is a private office and parlor, which is adjoined by the vault. There is also a hallway on the right side, which permits access and egress to and from the morgue. The stock room is back of the vault and is roomy and convenient. It is a creditable building.

The editor and wife had the pleasure last Sunday afternoon of a trip to the Morris Ranch in the new Willys-Knight car of Otho Morris. Others of the party were Mr. and Mrs. Morris and their guest, Miss Minnie Kimey of Houston. We stopped at the hospitable home of Mr. and Mrs. Reginald Morris at the Ranch and also met their sweet little daughter and Miss Tibbie Morris, an aunt. We were taken for a ride over a considerable portion of that immense Ranch, and also shown some fine young colts of blooded animals, as well as a bunch of goats that had a fine fleece. The afternoon was most enjoyably spent.

Friday and Saturday, August 25th and 26th:

CENTURY Comedy.
KINOGRAMS.
CHARLES RAY in "PEACEFUL VALLEY."

Ninth Episode of "GO-GET-EM HUTCH" will be shown Friday only, in place of comedy and news reel.

"PEACEFUL VALLEY" radiates humor, and is a "Home Run" for CHARLES RAY. Real human beings laugh and cry their way through true-to-life struggles.

Monday and Tuesday, August 28th and 29th:

"THE PICKANNINNY"—Some Different Comedy!
"MOVIE CHATS"—A Bit of Everything.
NORMA TALMADGE in "YES OR NO?"

"YES OR NO?" is NORMA TALMADGE at her best in a thrilling dual role of two unhappy wives—one a spoiled daughter of wealth, the other a child of the tenements. What kind of men do women admire? Flatterer or Truthful?

Wednesday and Thursday, August 30th and 31st:
PROGRAM EXTRAORDINARY!

HAROLD LLOYD Comedy.
PATHE NEWS—The Latest in News.
MAE MURRAY in "FASCINATION."

"FASCINATION" is the triumph of MAE MURRAY. You liked "PEACOCK ALLEY." "FASCINATION" is even more magnificent and stands alone as one of the most "fascinating" pictures of the year.

These programs reflect the standard established by THE PLAY HOUSE. Each one is arranged to give a full evening's entertainment of the Best in Motion Pictures.

A Real Cord Tire for Small Cars at a Popular Price

The new Goodyear Cross-Rib Tread Cord in the 30 x 3 1/2 inch clincher type is a tire that the small car owner will warmly welcome.

It gives him, at a price lower than the net price he is asked to pay for many "long discount" tires, every advantage of quality cord tire performance, for it is a quality tire through and through.

It is made of high-grade long-staple cotton; it embodies the reliable Goodyear quality of materials; its clean-cut tread engages the road like a cogwheel.

The scientific distribution of rubber in this tread—the wide center rib and the semi-flat contour—gives a thick, broad surface that is exceedingly slow to wear.

The tough tread stock in this tire is carried down the side-walls clear to the bead, making it rut-proof to an extraordinary degree.

In every particular it is a representative Goodyear product, built to safeguard the world-wide Goodyear reputation.

Despite its high quality, and the expertness of its construction, it sells at a price as low or lower than that of tires which lack its important features.

The 30 x 3 1/2 inch Cross-Rib Cord clincher **\$12.50**

This price includes manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

8,000 HIKING CLUBS IN GREATER NEW YORK

They Swing Along Highways and Through Woods in Groups of Varying Size.

New York.—One must walk nowadays to be in the swim. Statistics gleaned from the out-door departments of the newspapers, from the Boy Scout and Campfire Girls' organizations, from the Y. M. C. A. branches and kindred bodies, from scores of amateur athletic clubs and from the leading dealers in sporting goods, indicate that

"Best Walkers Make Best Citizens," Says Mayor of New York.

Today there are no less than 8,000 hiking clubs in Greater New York, with a total membership of more than a quarter of a million men and women, who are keeping themselves in the pink of condition and experiencing the real joy of living by getting regularly out into the open country with no other means of locomotion than their God-given legs.

The city of New York has taken official notice of the movement. On three occasions recently Mayor Hylan has congratulated the boys and girls of the public schools upon their enthusiasm in taking up the new sport of hiking. In his dedication of the great new public playground in the Bronx the other day Mayor Hylan extolled the athletic tendencies of the boys and girls and impressed upon them that there was no better or more profitable way in which they could pass their vacations and utilize their holidays than by the excursions into field and forest of their walking clubs. He gave the same message to the Amateur Athletic Union of Brooklyn a few days later, and when a club of East Side boys and girls visited him at city hall preparatory to a hike to the tomb of Roosevelt at Oyster Bay he assured them that the best walkers among them would make the best citizens.

Walk and Be Well

No less enthusiastic a champion of the walking game is Dr. Royal S. Copeland, city health commissioner. "The benefit to health and the safeguard to morals to be found in long walks," said Dr. Copeland in an interview, "are too apparent to speak of them. If one takes long walks alone it is well, for he walks the road of health, but if he takes long walks in company it is better for he adds the tonic of companionship to his exercise. Walking is the one form of exercise in which there is the minimum risk of overdoing it. In short, I consider walking the most beneficial of all exercises and it is never out of season."

"Never in my life-time," said Edward R. Wilbur, manager of a nationally known sporting goods store, "have I known such a demand as now for outdoor garments and shoes and stockings and appliances for the tourist's luncheon box. The rapid spread and tremendous popularity of the walking-club idea has no parallel in our experience."

"The hiker can make his requisite just what he feels like spending. Really, there are only two or three articles indispensable to hiking—thick walking shoes that allow lots of room, thick woolen socks and clothing that will give freedom of limb. He should have a canvas or leather musette bag, such as the soldiers used in France.

The Cow in the Knapsack

"To get the real benefit and joy out of hiking luncheon should be carried and prepared and eaten in the open. Bread and cheese, a few slices of bacon, some coffee, a can of condensed milk, and a cake of chocolate furnish high-powered fuel for the hiker and are readily and happily assimilated even by those who in their pre-hiking days were afflicted with digestive apparatus so feeble as to balk at crackers and milk. Fortunately for the hiker, he can replenish his simple larder at any cross-roads store and provide himself with the most nutritious and appetizing food in a form that can be conveniently carried.

"No single development in the problem of food transportation for the hunter, fisherman, hiker and all lovers of the out-of-doors can compare with the gift bestowed by the man who first found the way to make condensed milk, thereby putting a dairy in every man's knapsack. Before long there will be a national association of hikers, and Gall Berden will be its patron saint. Such an association could do much to encourage the spread of the most beneficial and universal of all outdoor pastimes, map out interesting routes, secure the establishment of shelters, rest-stations, and camp sites at suitable locations, and insure the rights of pedestrians on country roads."
