MATCH, CIGARETTE AND BOY NEARLY CAUSE SERIOUS FIRE

Last Sunday night, about 8:20 o'clock, a firm alarm sounded that brought a large crowd to the business section of Kerrville. The cause of the fire alarm was the igniting of some waste gasoline from filling a Chevrolet tank at the station of Rudolph Stehling. The latter was not attending his place of business as he was absent from the city, but had a young man on hand. There was too much gasoline asked for and the surplus caused the car tank to overflow and the extra amount to run over the car and to the ground.

While the salesman at the station went after some lubricating oil, "Tabby" Rees, who was one of the several boys in the car, lighted a cigarette and threw the match under it, causing the igniting of the waste gasoline and making quite a blaze. Fortunately, the cap had been put on the car tank and the filling station shut off, but as it was, the situation became a serious one, because the car was endangered and its tank might have exploded, had not the blaze been pushed away from the ground, while near by was the filling station with inflammable contents, and only two doors away a dining and pressing establishment, the door from there The Sun office, both containing gasoline and oils. Had the fire gotten under way the whole block would have been destroyed.

The chemical engine, which is kept at the Lee Mason & Son Garage, was at the scene in a jiffy and had the fire extinguished before it was thought possible to be done. That little chemical engine is sure a valuable acquisition to protect Kerrville from fires. The hose truck also soon got the ground ready for action, and the volunteer fire boys responded quickly.

The cigarette, the careless boy and ever-ready match have done incalculable damage elsewhere and came near doing so at Kerrville.

SCOFFIELD HOME SCHOOL FOR GIRLS OPENS TUESDAY, OCT. 3

The Scofield Home School for Girls will re-open next Tuesday, October 3rd, with a full teaching corps and excellent prospects for a good school.

Opening at the beginning of the cool season, teachers and pupils fall into work more easily and with renewed vigor.

Miss Scofield introduces three new teachers to patrons and pupils. Miss Mary Ellen McCall, graduate of T. P. C. at Milford and of Oklahoma University, then teacher in the Hugo, Okla., High School, will assist in high school and intermediate work. Miss Annie May Morris, formerly of Kerrville, who received her training at Tivy High and Texas University, will also be a resident assistant teacher. Miss Jewel Carey needs no introduction to a Kerrville public. She will take charge of vocal instruction, including chorus work. For this Miss Carey is well prepared by her training under J. Emery Shaw in Columbia, Mo., three years with the late Prof. Ashenden in Dallas, one year at T. C. U., Fort Worth, where she studied with Frank Agar, at the same time teaching as his assistant, a year under Desoff in Germany, and before coming here, two years' study with Heywood Winters in Los Angeles. For some years she has done professional singing, and for five years has been teaching public and private pupils.

Mrs. Lula Howard will teach piano and guitar to those who desire it. Miss Lipscomb has charge of the English department, and Miss McFaddin of the primary and the sewing.

With this strong personnel the school hopes to keep up its reputation for thorough and satisfactory foundation work.

MEN'S CLUB OUTLINES OBJECTIVES AND STUDY COURSE FOR NEXT YEAR

Establishing revolving student loan fund for the benefit of young people.

Assist in building cottage at Presbyterian Encampment for use of the young people during the summer.

Organize campaign for church attendance.

Support and foster work of all young people's societies.

Civic improvements.

The above objectives, together with a course of study consisting of religious, civic and local subjects, constitutes the aims of the Presbyterian Men's Club, which met at the home of Mr. and Mrs. August Henke Tuesday evening.

New officers, elected at the last meeting, were installed as follows:

W. A. Fawcett, president; J. L. Adkins, vice president; Jno. R. Leavell, secretary, and R. L. Schmeberck, treasurer.

President Fawcett announced the appointment of standing and special committees, the chairmen of the most important of which follow:

W. P. Dickey, program; E. H. Prescott, entertainment; H. C. Robinson, vice; Miller Harwood, membership; E. H. Prescott, students' loan fund; W. G. Carpenter, civic improvements; Ally C. Mel, cottage at Summer Conference; Miller Harwood, church attendance, and H. C. Crate, committee on young people's work.

That the club is full of pep and life is attested by the attainment of the

first objective of the year's work—the student loan fund—at this, the first meeting of the new year. Chairman Prescott outlined a plan which was adopted and funds raised among the members of the club, whereby funds are available to assist worthy young men to defray the expense of obtaining an education. This is indeed a worthy cause and if the Club accomplishes nothing more during the year the members will have reason to be proud.

But that is not to be the end of their endeavors, as was attested by the zeal and enthusiasm displayed in the discussion of the year's work. All were agreed that the Club filled a much needed want in Kerrville, and besides furnishing clean, wholesome entertainment and recreation for the men and boys of the city, the outline of work would be of inestimable value to the community at large.

The retiring president, W. G. Garrett Jr., and his corps of officers are entitled to great credit for the success of the Club. Their work was of necessity more along the lines of organization, but they turn over to the new officers a live, energetic organization full of life and ambition for the betterment of the welfare of the men and boys of our city.

Too much cannot be said in appreciation of the musical program which interspersed the business session Tuesday night. And the hospitality of Mr. and Mrs. Henke will long be remembered by the large membership of the Club that enjoyed it. Mrs. Henke would attain fame as a provider of refreshments and the same would be described in detail. But, being mere men, we'll say the feed was all to the good, and as for the punch—oh, boy—

We predict a great future for the Presbyterian Men's Club of Kerrville and feel confident that it will be a leading factor in the upbuilding of our little city.

REPORTER.

Kemp-Moore

Roy Kemp and Miss Mineola Moore stole a march on their many friends last Sunday and were quietly married at Boerne.

The bride is a daughter of Mr. and Mrs. T. J. Moore, now living at Rock Springs, but formerly residents of Kerr County. She is a charming and accomplished young lady and has a wide acquaintance, gained through her connection with her father's store at Ingram and later on at Hunt, in which she showed rare talent as a business woman.

The groom is now the junior member of the Weston & Kemp Garage of this city and formerly carried "he mail on the Kerrville-Junction route for many years. He also owns a fine ranch above Mountain Home and has proven an upright citizen and successful business man.

The Sun joins in hearty congratulations.

VALUE OF PRISON LANDS FAR MORE THAN \$3,000,000.00

Austin, Tex., Sept. 25.—It is the opinion of members of the Prison Relocating Committee that the prison farm lands are highly valuable and that they should bring a good price if and when the State decides to sell them. The State owns approximately 75,000 acres of farm land of which 45,000 is in cultivation.

Governor Neff, Attorney General Keeling and Land Commissioner Robinson constitute the Relocating Commission as ex-officio members. They spent last week looking at the farm lands, with the exception of the Shaw farm in Bowie County. That will be visited later by the Governor and the Land Commissioner, as the Attorney General has several times seen it during the Red River boundary controversy.

"Generally speaking, the prison farms are as rich as can be found anywhere," declared Attorney General Keeling today, "and the soil from the Farrington farm was awarded a first prize at one of the great expositions as being the richest exhibited. There are occasional overflows on part of the land, but that of a destructive kind is seldom, a man of some years having told us that these such overflows had occurred during his lifetime, and he named the years."

It was evident from the Attorney General's opinion that the Commission believes that sufficient money could be had from the sale of the farms to establish a new prison, as contemplated by law.

Commissioners to Inspect Sites

The Commission, the latter part of this week, will examine prospective sites within 75 miles of Austin, as the law stipulates, and ascertain what they will cost. The Commission will visit Marble Falls Saturday, leaving Austin early in the morning in an automobile. A visit to some of the other sites may be made Friday. After an inspection of the sites the Commission will see whether the sale of farm lands and prison property will yield sufficient funds to build a new prison system with industries and modern buildings. These sites will be between 5,000 and 10,000 acres and have sufficient tillable land to raise garden and farm stuff for the prison table and the stock animals.

Not a great many sites have been offered but the Commission has the right of eminent domain under the law to condemn the land it may need.

One difficulty in the way of selling the rich farm lands, think some members of the Commission, is the large area of the farms. A large amount of capital would be required to buy any one of the twelve farms aggregating 79,000 acres. Some of them could be divided into smaller tracts, and made

salable that way. There are many purchasers for small farm tracts but few for large tracts though capitalists may buy them and sub-divide into smaller farms for sale at a nice profit.

It is estimated that the lands as a whole can be sold for \$40 to \$50 per acre and that the gross return from either figure would be adequate to inaugurate a new prison plant with modern buildings and all the machinery and industrial adjuncts desired. The first figure would yield \$3,120,000 and the second about \$4,000,000. To this can be added the salvage from all the prison buildings, machinery, farm implements and farm animals.

When the Commission gets options on sites it will also offer the farm lands for sale subject to legislative approval and then the exact figures of cost and of income will be available.

SID PETERSON HILL CREST ADDITION LOVELY LOCATION

In this issue of The Sun is a plat of the Sid Peterson Hill Crest Addition to Kerrville. Those familiar with the location of this part of the city are aware that it is one of the most lovely sections, as it is high, level and has good soil.

From this Sid Peterson Hill Crest Addition there is a commanding view of Kerrville and surrounding country which is sufficiently inspiring to cause a surcease of weariness and be a boon to the dejected. There are also the advantages of it being a restricted section for the building of homes and the soil is rich enough to grow vegetables and fruit trees.

This addition has streets already graded, water and electric light connections, beautiful shade trees, and is far enough away to be free of dust, but is in walking distance of the city, and near the public schools.

The Sun firmly believes that real estate in Kerrville is lower now than it will be in the future. There are numerous things in process of formation that will beautify the city, make it cleaner and more sanitary, while material improvements are not far distant.

There are not many sites so close in as the Peterson Addition, nor any with better location, surroundings or advantages. An investment in one or more lots will be one that we do not believe any one would regret in the future.

All-Stars Defeat Tivy

In a practice game Wednesday afternoon, the Kerrville All-Stars defeated the Tivy High School football team on their own grounds, 20 to 0.

The game was very interesting and both sides played good football for the first game of the season.

RALLY TO PEDDY'S STANDARD BY TEXAS REPUBLICANS HALTED

San Antonio Express, Sept. 25th: There are a hundred reasons for the politically inclined to reach the conclusion former State Chairman C. K. McDowell of the State Republican Committee talked straight and true when he said "old line Republicans" would not uphold the nomination of George E. B. Peddy as a candidate of their party for the United States Senate. The more the average voter reflects on the failure of William H. Atwell, Republican nominee for Governor, to even mention either the name of Earle B. Mayfield or of Peddy in his opening speech, the more likely he is to agree with McDowell.

Measured from any standpoint, it is commonly felt and believed, the failure of Atwell to even mention the name of Peddy in his opening speech, was at least a tacit endorsement of McDowell's statements as uttered publicly through San Antonio Express. Significant, too, was his declaration that "there are some gentlemen in the Ku Klux Klan." In fact, San Antonio observers think his treatment of the three Ks was "mild and coddling," as one Republican phrased it. As Peddy's entire campaign is predicated upon anti-Ku Kluxism, all voters expected the Republicans to unite solidly in support of the opponent to Mr. Mayfield.

The McDowell interview, the Atwell omission, the soft pedal of many Wurzbach workers when they discuss the Ku Klux Klan—all these and many more symptoms—have led observers to remark that the Republicans of the State are evidently not half so violently anti-Klan as State Chairman Creager would have them be. This idea is supplemented by another and that is the belief that Governor Neff, in his acceptance speech at Beehoven Hall, September 6th, treading rather sharply on Ku Klux toes, opened the way for "grapevine" negotiations between Ku Kluxers and Republicans more directly than did the Peddy nominating convention open an entente with anti-Ku Kluxers. That suggestion is already being voiced and it is more prevalent than any other.

Anti-Peddy Man Chairman

McDowell did not hesitate to criticize the action of Creager in compelling the endorsement of Peddy by the Republican committee. His attack on the Brownsville man in this particular is echoed by many San Antonio Republicans—and San Antonio is the one spot in Texas where Peddy sentiment was expected to be strongest. The San Antonio Republicans in charge of Atwell's opening had selected Walter P. Napier to preside on the occasion. It was impossible for Napier to get to the hall on time and at the eleventh hour Judge McDowell was pressed into service as chairman. It is considered highly significant that an avowed political enemy of Peddy, now the Republican candidate for United States Senator, should have been chosen by the party authorities to handle the preliminaries at the formal opening of the party's candidate for Governor. Especially does the significance become significant when that candidate against Neff "forgot" to even whisper the name of Peddy during his entire speech. Mr. Atwell said his omission of Peddy's race was a case of absent-mindedness. Anti-Mayfield Republicans retort that memory was also lacking when McDowell was made president of the Atwell meeting.

To the ranks of those openly criticizing Creager for naming of now comes H. E. Dickinson, I

paid manager for Congressman Wurzbach. Dickinson, before going to the El Paso convention of real estate men, wrote out his views. He isn't as picturesque in his use of language as McDowell was, but he is just as direct. He will have none of Peddy and says so. In addition, his words constitute a direct reflection on the management of the Republican organization by Creager. There's an old, old saying among Texas Democratic leaders to the effect that whenever the Democrats get into a hole, the Republican leaders may be depended on to help them out of it. Quiet observers see in recent develop-

IMPORTANCE OF COLLECTING TUITION FROM TRANSIENT SCHOOL PUPILS

There is occasionally some dissatisfaction in regard to the tuition which is collected by the Public School Board, and they feel that if the taxpayers knew the real conditions which now exist, this would be eliminated.

There are two kinds of tuition payers—those who pay every month for the entire nine months, and those who pay for only part of the term.

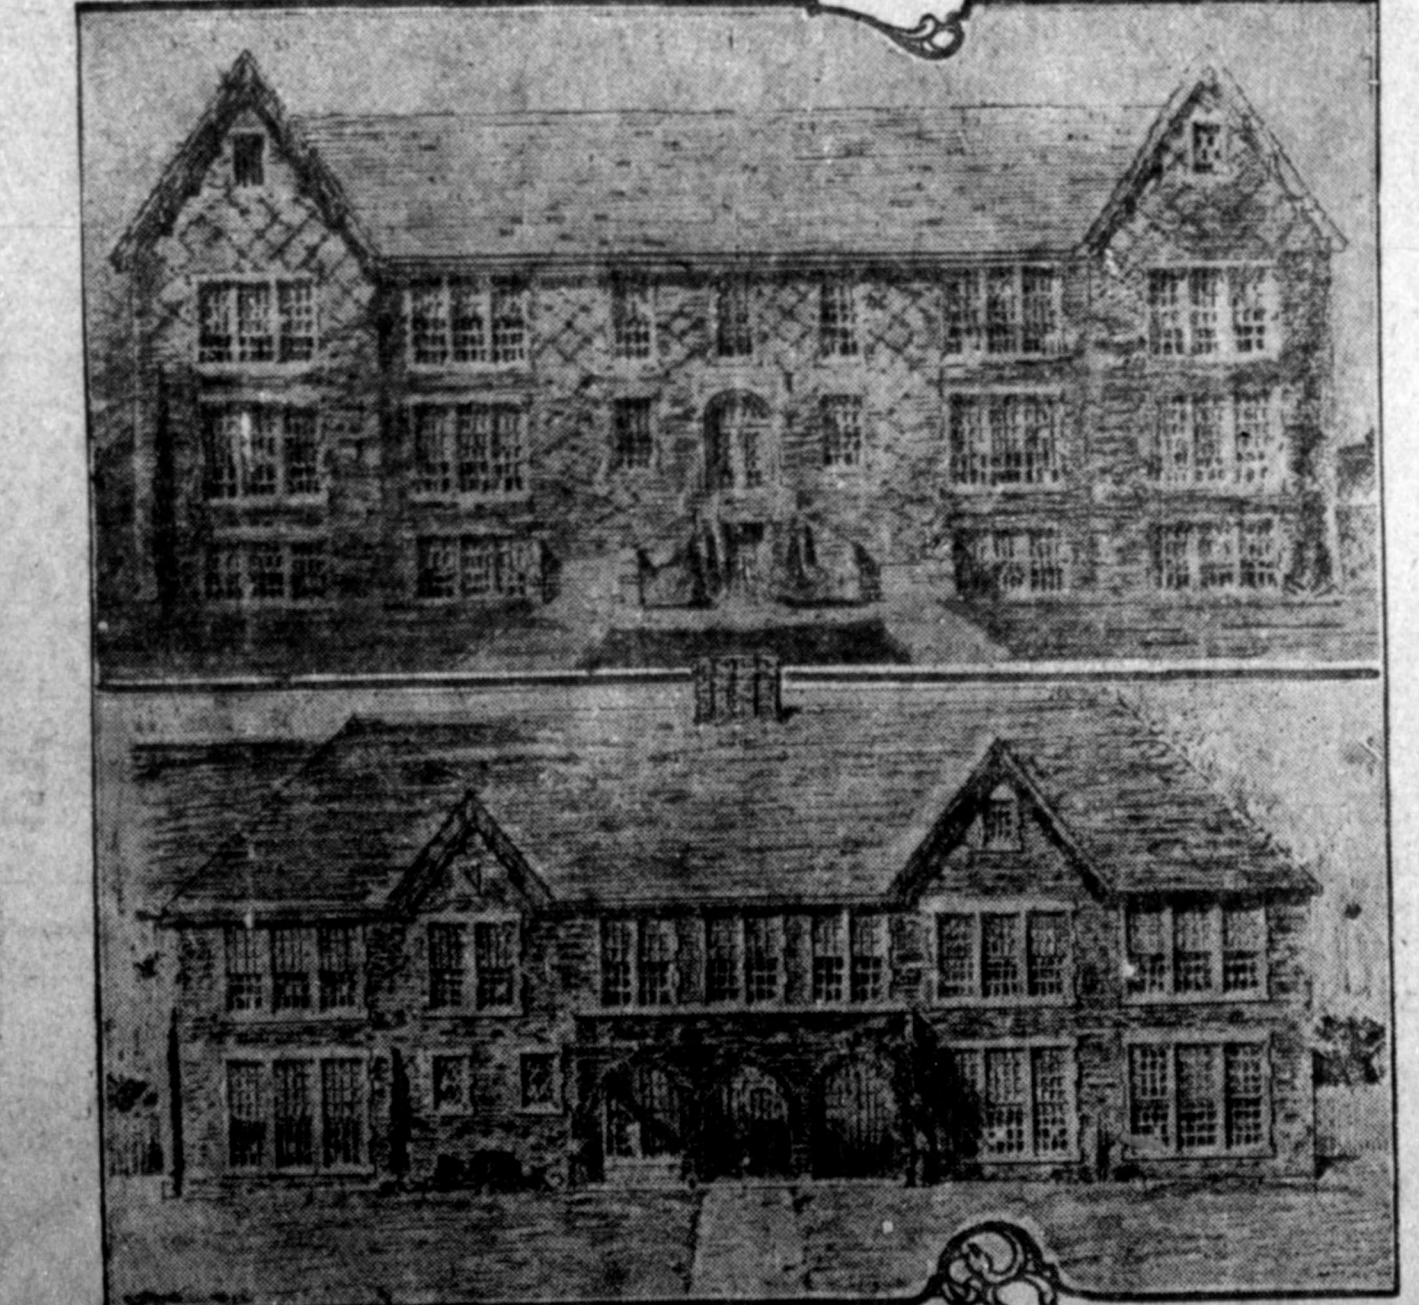

Some of Kerrville's population is transient, people who come here for a few months or a year and then leave. These people cannot transfer their state money here; they pay no taxes here, and consequently the local school does not get one cent from them. These people are not bona fide residents and are the people who charge and try to collect tuition from during the entire year. The tuition is: First and second grades, \$2; third and fourth grades, \$2.50; fifth and sixth grades, \$3; seventh, eighth, ninth, tenth and eleventh grades, \$4. The average price of tuition is about \$3 a month or \$27 a year. The average cost of schooling each child during the past session, was \$45. This shows that when the tuition is collected the school board loses \$18 a month and \$45 when none is collected.

The taxpayers of Kerrville must in their own children in order to see this shortage.

The pupils who pay tuition a day a part of the year are given transfer to this district from other districts in the county, coming from District 10. This district has no school. Day Primary is transferred here. "Herring Nuts," money, which McDowell had These children are former boys and until all of same name; "The money is a Legged Boy," by must pay. "Whow-legged for the same tuition. "Wild Flower," a game it at \$5 representing the pay \$15 a year. "Hinda Costume" for five morrothers quarters, the state a 60.00 net realized, and \$26.45 froused in the Home Ecloss of \$1ment.

For six games were played prizes awarded as follows: Winner of the married women, Mrs. S. Wheeler, a hand-embroidered table cover; of the girls, Miss Lucille Williamson, a beautifully decorated pink fan; booby to Miss May Louise Schreiner, a Huyler's var-colored candy corsage. Most delicious refreshments, consisting of a salad course and an ice course, were served to about thirty-five guests.

CONSTRUCTION OF THE SCHREINER INSTITUTE BEGAN MONDAY

Work began Monday, September 25th, on the buildings for the Schreiner Institute. The first unit will consist of administration building, one dormitory and a house for the president.

The present building program will total \$111,000 and is to be erected by Clyce & Rolfe, architects, and the McKenzie Construction Company, contractors. The heating and plumbing will be installed by W. B. Brown of Kerrville and the wiring by the Wright Electric Company of San Antonio.

The buildings are to be completed by May 1, 1923, and the school will be opened in September, 1923.

In addition to the building program, the head master, J. J. Delaney, has a force of men at work grading and preparing the school grounds for laying permanent roads and walks, planting of trees and setting of lawns and flowers. About three hundred trees will be planted, some of which will be ornamental, but a large proportion will be fruit trees and peans.

A system of irrigation will be installed which will insure a rapid growth of trees and lawns and in a few years the school and encampment grounds will be one of the beauty spots of Texas.

The construction of the school plant has been delayed from time to time by the World War and other disturbances, but now this fine gift of Capt. Charles Schreiner to Kerrville and the Hill Country will rapidly take shape and open its doors to the ambitious young manhood of our section and is destined to become a lasting and worthy monument to the far-sighted public spirit of Captain Schreiner.

"HANDS OFF" IS POLICY IN TEXAS SENATE FIGHT

Washington, D. C., Sept. 20.—The Democratic Senatorial Committee will take no stand in the Mayfield-Petty fight in Texas, regarding it strictly as a fight between Democrats and as a matter that the people of Texas can settle for themselves. This fact was learned on the highest authority here Wednesday.

One Senator expressed the opinion that Earle B. Mayfield by his refusal to announce whether or not he belonged to the Ku Klux Klan had definitely placed himself in a position to expect no aid from the National Democracy.

Senator David I. Walsh of Massachusetts, chairman of the Democratic Senatorial Election Committee, would make no statement of the Klan issue as it affects Mayfield. He simply said: "The Democratic Senatorial Committee will spend all of its time attempting to elect men whose records are known. Men who have labored here with us or are known to us. We will take no part in the Texas fight."

FORD IS RICHEST MAN IN WORLD, SAYS ARTICLE

New York, Sept. 26.—Henry Ford is the richest man in the world, according to an article published today by the Wall Street Journal.

"Henry Ford has in the Ford Motor Company the largest income and, if capitalized, the largest fortune in the world," said the newspaper.

"Profits before taxes for 1922 will exceed \$125,000,000; after taxes they will be \$110,000,000—about \$100 a car. With these earnings the Ford Motor Company could be capitalized at \$2,000,000,000 and pay 5 per cent in that capital."

"Ford condemns bankers, but with \$180,000,000 in cash he is the largest individual banker in this country, if not in the world."

"His income, adding to his boundless wealth \$500,000 a day through the busy season, is probably unequalled in all history."

"If he continues to pile up cash at this rate he can not long denounce Wall Street or the money power of the country."

"Henry Ford will be that money power."

CAMPUS FLAPPERS ARE NO MORE AT TEXAS UNIVERSITY

Austin, Tex., Sept. 22.—Flappers have been banished from the University of Texas campus this fall by a higher authority than the faculty or dean of women.

Among the co-eds appearing to register for courses, there are no bobbed haired, short-skirted specimens so prevalent during the last year. Long skirts and long hair have re-appeared this season because Dame Fashion, the supreme dictator, has decreed that the flapper must be doomed.

Co-eds beginning the fall session of the University work are endeavoring to create an impression of wisdom and maturity, judging by the long trailing dresses which they are wearing. Whether the change will be apparent in class work is yet to be determined.

FAIR DIVORCEE ADMITS HAVING BEEN ALIMONY RECIPIENT NINE TIMES

East St. Louis, Ill., Sept. 20.—Mrs. Cora Lilly, who yesterday was divorced from Albert A. Lilley, today admitted it was her ninth divorce. Mrs. Lilley said her matrimonial career began at the age of 14 years.

She had gone through two marriage ceremonies with Lilley, he previously having obtained an annulment when he learned she had not been divorced from his predecessor a year, according to Illinois law.

29 SHORT WEIGHT CHARGES ARE FILED AT AMARILLO

Amarillo, Tex., Sept. 19.—C. H. Murray and G. E. Scott, State Inspectors of Weights and Measures, are rounding up alleged violators of the law in the matter of giving short weights to customers.

Following payment of seven fines in the Corporation Court Friday for giving short weights in ice deliveries, a number of charges have been filed in Justice Court against the ice company covering the same or similar offenses.

Saturday the agents of the State caused to be filed 29 complaints against Amarillo bakers, grocers, wholesalers, peddlers, fruit dealers and other trades people, for alleged violation of the weights and measures law, and it is said there are 104 other similar cases being held in abeyance pending good behavior.

Hi-Y Club Organizes

The Kerrville High School boys met last Friday morning to reorganize the Hi-Y Club. No meetings had been held since the closing of last year's school. Marshall Leazar, former president, called the meeting to order and new officers were elected for the ensuing year as follows:

Earl Stafford, president; Scott Fawcett, vice president; Randolph Wheelless, secretary and treasurer; James Emerson, press reporter; Jack Stevens, sergeant at arms, and Otis Powell, yell leader.

A committee was appointed by the president to see about getting an adviser for the club.

NOW IS THE TIME TO BUY Real Estate in Kerrville!

With the completion of the Old Spanish Trail Highway, the American Legion Memorial Sanatorium, the Chas. Schreiner Institute and other proposed projects, Kerrville is bound to double in population within three to five years. Take advantage of this situation and invest in Kerrville real estate now. Don't put it off until too late and be sorry you did not buy before the rise in values.

If you will do a little figuring you are bound to conclude that Hill Crest Addition is right in line with the direction in which Kerrville is sure to expand. Take into consideration also that this addition is the only part of town in which building restrictions are being imposed on buyers of lots. We will not contract to sell a lot without the following provision: "The buyer agrees the lot (described) shall not be sold, rented or occupied by negroes, except as servants; that the said lot shall not be used for keeping or treating for profit, persons afflicted with tuberculosis or diseases contagious or infectious. The buyer, his or her heirs, shall, whenever a dwelling house is erected thereon, erect such dwelling house to cost not less than fifteen hundred dollars."

Every lot in the addition is now accessible to water, electric light and telephone. Every lot is from 65 to 75 feet above the level of the business section of Kerrville and every lot has from 12 to 24 inches of good soil. Fruit trees will do exceptionally well on this hill.

The following citizens of Kerrville have bought from one to three lots each: DR. A. A. ROBERTS, A. B. WILLIAMSON, W. B. BROWN, CECIL ROBINSON, E. E. SAENGER, CARL MOSTY, OTHO MORRIS, J. M. DRODDY, WALTER GRONA, DR. J. E. McDONALD and E. H. PRESCOTT.

MISSOURI DEMOCRATS OUST DONKEY; ADOPT GODDESS OF LIBERTY

St. Louis, Mo., Sept. 24.—The Goddess of Liberty today was adopted unanimously by the executive committee of the Democratic State Committee as the emblem of the Democratic party in Missouri, succeeding the donkey, which has served the Democratic party as its emblem for many years.

Members of the committee said the change was made because the donkey as an emblem was neither artistic nor dignified, and that the Goddess of Liberty was much more appropriate.

Under the decision reached by the committee the Goddess of Liberty will displace the donkey upon the Democratic ballot in the November election.

What It Costs to Stop Advertising

You remember James Pyle's Pearlina. It had been advertised regularly from 1873 to 1907.

Then the trustees of the estate saw a brilliant chance to save money. They cut out advertising.

Sales dropped like a clap hammer—profits went where soapbuds and bubbles go. In 1914 Pearlina, like Jess Willard, tried to come back. But it was too late. Other washing powders, Gold Dust, Old Dutch Cleanser, etc., had commenced advertising when Pearlina quit and clinched the trade. The business was sold at a price which is said to have covered barely the value of the machinery and inventory.

Moral: A business will grow as long as it advertises.

A salesforce will thrive as long as it tries.

You can't make progress against the current unless you keep rowing. But the harder you row, the faster you go.

How much will the readers of this paper spend in your store? Doesn't the answer to that question depend upon you?

To advertise means to sell. Not to advertise usually means disaster.—Exchange.

CATHOLIC CHURCH NOTES
By Father Kemper
NOTRE DAME ELECTS OFFICERS

The Brownson Literary Society of the Notre Dame High School re-organized for the current scholastic year with the following selection of officers:

Miss Frances Michon, president; Miss Aleida Michon, vice president; Miss Wilhelmina Mosel, secretary; Miss Madeline Sinn, treasurer; Miss Stella Michon, librarian, and Miss Stella Ruff, assistant librarian.

Mother Antoninus, novice-mistress of the Sisters of Charity, returned to the provincial house in the early part of the week after a ten days' vacation in our midst.

It has been Father Kemper's privilege to observe every birthday anniversary since his ordination by the reception of adults into Mother Church. This year there were three men and one lady added to the list.

The unique chain has thus far lost no link. All told, Rev. Dr. Kemper received sixty-one adults into the Apostolic Church by baptism, out of a total of five hundred baptisms administered in his Kerrville jurisdiction.

Last Sunday the semi-monthly engagement at the Sacred Heart Church in Comfort was filled. Milton Ralalais accompanied the pastor.

This Sunday the new St. Cecilia Choir will chant their first High Mass at 10:15 a. m. in St. Mary's Church.

During the month of October, congregational singing will be employed in the Convent Chapel on Tuesdays and Fridays.

The Parish Auxiliary will hold their customary business meeting on the first Friday. Officers of this organization beg to thank the United Charity Association for a loan extended to a Fort Arthur invalid who returned to his home in a dying condition.

St. Mary's Auxiliary donated ten dollars to the subscriptions that friends at Legion contributed.

Mrs. Regina Dimick, with her family and friends, motored to Kerrville last Sunday to visit her many acquaintances. She is a sister of the saintly and scholarly Rev. Wm. Stanton, S. J., whom the Smithsonian Institute regarded as one of the greatest naturalists of British Honduras where he consecrated his wonderful life in evangelizing the semi-civilized of the jungle.

Dr. Lawrence Gatz returned from a visit to his invalid mother in New Orleans. While in that city he visited a cousin of Father Kemper, the Rev. Chas. Heing, C. S. R., who has charge of the deaf mutes. Mrs. Gatz has accepted a position as bookkeeper at the Dixie Garage.

Last Sunday Arno Bernhard and his assistant, Willie Farris, motored to the Alamo City.

Rudolph Stelling took his sister, Rosa, back to Fredericksburg last Sunday evening and meanwhile missed the excitement at his filling station when an automobile gas tank was enveloped in flames.

John Stafford, a gassed veteran of the World War, stopped here last Sunday, en route to Junction, where he intends to open a vulcanizing plant.

Chas. A. Trollo, public weigher of San Antonio, is convalescing at Dr. Thompson's Sanatorium. Another recent patient at that hospital is Mrs. Drew J. Castille of Jennings, La.

Leakey Locals
Leader, Sept. 22nd: E. J. Davenport of the Real County State Bank has contracted his fall clip of mohair for 53 cents per pound, considering this a fair price.

Most of the ranchmen are holding their clip with the hope that mohair will reach 60 cents this fall. Fall shearing is about over with and a good clip of hair has been realized by the goatmen.

A wolf chase with a pack of wolf hounds Wednesday morning resulted

in the chasing down and killing of two wolves, one being an extra large one. Fred Large, Sam Boren and Sam Tomerlin's dogs caught the wolves, killing one on Jack Davenport's ranch and the other one on Mrs. Mears' ranch. Recently Mr. Davenport and Henry Miller ordered two fine wolf hounds for the purpose of catching some of the wolves that have been killing so many sheep and goats on the ranches north of town.

The editor and wife enjoyed a nice birthday dinner at the home of Mr. and Mrs. R. Grigsby Wednesday, Sept. 20th, given in honor of Mrs. J. G. Horton's seventy-fifth birthday. The dinner was a surprise to her, only a few of the children gathering there with a token of remembrance for her birthday.

Mrs. Horton is in the best of health and says she expects to reach the age of 100 years, although she is the mother of twelve grown children, all living except one, who are as follows: Mrs. Tom Price, Mrs. R. Grigsby, Mrs. Cam Chisum, Mrs. Grover Buchanan, Mrs. John Rieks and Miss Grace Horton, all of Leakey, Mrs. Adam Wilson of Deming, New Mexico, Mrs. E. P. Martin, of Brawley, Cal., A. G. and T. A. Horton of Knippa, and J. W. Horton of Durant, Okla. She has only a few grey hairs in her hair, has good eyesight and is able to do all her own housework. She takes great pains in her fancy work that she does so much of. During the war she spun the wool and knit a number of sweaters and socks for the Red Cross. She has twenty-seven grand children and four great-grand children living and has been a resident of Leakey for 38 years and lays her good health and activity to work.

DOUBT CANNOT EXIST
Investigation Will Only Strengthen the Proof We Give in Kerrville.

How can doubt exist in the face of such evidence? Read here the endorsement of a representative citizen of Kerrville.

Starr Bryden Stops at Texarkana
Daily (Ark.) Texarkanian, Sept. 22nd: R. S. Bryden, who left Chattanooga, Tenn., in 1913 for Kerrville, Texas, as a tubercular, was in Texarkana today on his way back home for a short visit.

Bryden is making the trip from Kerrville to Chattanooga by bicycle, a distance of 1,100 miles, of which distance he has covered 610 miles.

During his stay in Kerrville, he has successfully followed the profession of a photographer and during his trip home has made some interesting pictures of the country in Texas. He is carrying a 70-pound pack and is making the bicycle trip as an endurance test. He will leave a display of photographs in one of the windows of the Presbyterian Book Store, while he continues his trip to Tennessee. He will travel by way of Little Rock and Memphis.

About 60 years ago 300 feudal lords were in possession of all the land of Japan. The abolition of the feudal system placed the cultivators themselves in possession. Now these landowners have quit farming themselves and are leading luxurious lives on what they exact from poor tenant-farmers who toil day and night on the farms.

FIRST METHODIST CHURCH
J. GRADY TIMMONS

"When a Man's a Man" is the title of a book written some years past by Harold Bell Wright. This will be the subject of the sermon by the pastor Sunday morning. We cordially invite the public to be with us at this hour. You will reap a very great blessing from this service. Our congregations are always good, but on this Sunday we extend to you a special invitation to be with us.

Last Sunday we had a very fine day. The Sunday School was up a bit from the last few weeks past, and a large number of pupils were promoted. Promotion day is always a red letter day for pupils in the Sunday School. A nice program was arranged for the occasion and was enjoyed by all the school. A part of the program was omitted due to the fact that a part of the material ordered for the program failed to arrive in time. This portion will be given at some future time. The preaching service was well attended and we received one into the church by certificate, Leslie L. Ottinger. Leslie comes to us from Houston First Church, and we are very glad to have him with us. He is home now with his parents and of course they are very glad to have him.

The Baraca Class decided to have a picture show party on Monday night for three members of the class going away to school. The three whom we are losing are: Marshall Leazar and Elmer Palmer, who left Wednesday for Galveston for the school of pharmacy, and Charlie Horne, who left Monday for Waco, where he will enter Baylor. We regret to lose these fellows from our midst but we are proud of them because of the fact that they are deeply interested in training themselves for some useful career in life and thereby make a real contribution to the race. We remember them with the deepest love as they go and sincerely trust they will have a successful year in all respects.

On Monday afternoon we baptised the beautiful baby girl of Mr. and Mrs. Elmdridge, Elip, at 11 o'clock. This was a private one, being performed in the home of the parents.

Sunday night we were delighted with having Rev. J. H. C. Maxwell, pastor of our church at Center Point, his family and a number of his people with us for the evening hour of worship. We had a very fine congregation, one which pretty well filled the house, and the only thing which prevented a great service was a fire alarm, which disturbed the people somewhat just as we were beginning the preaching. After the loss of some minutes in which to get settled again, we were able to continue.

Next Sunday the program is as follows:
Sunday School at 9:45 a. m., William D. Reed, superintendent.
Morning worship at 11 o'clock.
The evening hour of worship will be at 7:45 instead of 8:00 as heretofore.

The Senior Epworth League will meet at 7:00 o'clock instead of 7:30 as before.

Let us note these changes, which are made because the days are getting shorter and 8:00 o'clock is a bit too late for the evening service.

The subject for the evening hour will be "An Unknown God." We most cordially invite you to all these services, which will prove beneficial to you.

Ninety per cent of all the motion picture films shown in Australia are United States productions.

Surprise Party
Mrs. L. W. McCoy delightfully entertained a few friends last Friday evening in honor of Mr. McCoy's birthday. This was a surprise to Mr. McCoy, but when the friends began to drop in casually about 8 o'clock, he readily saw that something unusual was in the air, and when he saw mysterious-looking packages appear he knew that his birthday was being honored.

During the evening music was enjoyed and jovial conversation, also a reading by Miss Edith Tullis.

Mr. McCoy was then requested to open the mysterious packages and upon doing so found several pretty ties, socks and a handy laundry bag.

Mrs. McCoy then served a delicious ice course. The evening was most enjoyable. The following friends had the pleasure to wish Mr. McCoy many happy returns of the day:
Mr. and Mrs. A. B. Williamson, Mr. and Mrs. A. B. Burton, Mr. and Mrs. F. E. Garrett and little Eileen, Mr. and Mrs. W. B. Anglin, Dr. and Mrs. J. B. Holt, Mr. and Mrs. J. L. Tullis and Miss Edith Tullis.

BALFOUR SOUNDS WARNING BEFORE LEAGUE OF NATIONS
Washington, D. C., Sept. 25.—The four naturalized Americans reported missing after the Smyrna fire are now believed to be safe, Admiral Bristol, the American High Commissioner at Constantinople, cabled to the State Department today. Admiral Bristol estimated the damage to American property in the fire at \$3,000,000.

Geneva, Sept. 25.—The Earl of Balfour told the Assembly of the League of Nations Monday that a massacre of the Greek and Armenian refugees in Smyrna is impending. He said Great Britain was ready to give 5,000 pounds to a relief fund, and he appealed to the other countries to contribute.

Lord Balfour especially asked the Persians, representing the only Muslim nation here, to do what they could toward relieving this situation, and Prince Dowleh of Persia offered to give all the help he could in promoting the relief work and to serve as a mediator, if necessary.

The assembly was much affected by Lord Balfour's appeal. According to the British report, the massacre had been set for September 30th. An Armenian dispatch Sunday said Mustapha Kemal had set September 30th as the date by which the evacuation of the 50,000 or more refugees remaining in Smyrna must be completed. If vessels were not sent by that time, it was added, the refugees would be sent into the interior. American relief workers were said to have been successful in learning the fate of 200,000 Christians already deported by the Turks.

"Come on, Alice, you know Mother said we are going to have Kellogg's Corn Flakes today. And the kind I like to eat about a whole box of, because they ain't tough to eat! Come on an' hurry up!"

Kellogg's Corn Flakes

are a taste thrill at meals or any time

That's because Kellogg's Corn Flakes are so deliciously flavored—the Kellogg flavor that is known all over the civilized world! You, as well as the little folks, can eat great bowlfuls of Kellogg's Corn Flakes day after day—and each sunny-brown, crispy, crunchy spoonful thrills the taste as though it was the first!

Put Kellogg's in comparison with imitation corn flakes! Kellogg's Corn Flakes are never tough or leathery or hard to eat! They are all-the-time crisp, all-the-time good! Don't miss such enjoyment!

Insist upon Kellogg's in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! NONE ARE GENUINE WITHOUT IT!

FIRST BAPTIST CHURCH
J. B. HOLT, Pastor

The prayer meeting, although not largely attended, was one of the best we have had. There was a very earnest spirit of intercession in the hearts of the people and we are sure it will bear fruit.

The W. M. U. Circles had good meetings Tuesday and are getting along fine in the study of the manual. Our two B. Y. P. U.'s are getting in splendid shape. The attendance is greatly improved and every one has a desire to work.

Things were on the up-grade Sunday morning. The Bible School registered a better attendance and the people came out well to the preaching service. The pastor preached on the "Baptism of the Holy Ghost and Fire." The subject of the evening service was "Finding Christ."

Rev. W. W. Lee of the Calvary Baptist Church of San Antonio is in Kerrville to spend a few days with the pastor touring the association in the interest of our great fall Catch Up Campaign. He spoke for us Monday night very much to our delight and edification. There was a very good crowd and everybody enjoyed his great message on the 75 Million Campaign.

Next Sunday morning we will have a program on State Missions. This program will be rendered by the various departments of the Bible School. You are invited to be present.

Evangelist R. L. Cole of Lufkin, one of our state evangelists, is holding a meeting this week at Center Point. He is a strong man and the revival is starting off very encouragingly.

Now is the time for us all to do our best in our church work. The days

are getting cooler and everybody is getting back home. Let us all get down to real business and see if we cannot do all we ought to do. Come to all the services next Sunday and bring the entire family.

Woman's Missionary Union
The Woman's Missionary Union of the Baptist Church met Tuesday afternoon for their regular missionary and social meeting at the pretty country home of Mrs. Robert Hagen.

The members of the Osborne Circle were the hostesses, rendering a most excellent program with Mrs. Gammoun as leader, assisted by Mesdames Anglin, Childs and Welborne.

During the social hour, delicious punch and cake were served. There were thirty-two present. The meeting was dismissed by all holding hands in a circle and singing "Blest Be the Tie That Binds."

The ladies appreciate the hospitality of Mrs. Hagen, and the meeting was enjoyable.

Picture Show Party
The Baraca Class of the First Methodist Church Monday night gave a picture show party in honor of three of its members who are this week going away to school. The three honoring were Messrs. Charlie Horne, Marshall Leazar and Elmer Palmer.

Those present were: Misses Ruth Garrett, Alice Moore, Lucile McCoy, Ruth McCoy, Ada Nance, Myrtle Rose Dieter, Onida Dunbar, Anna Neblet Thorburn, Mae Carpenter and Mrs. J. Grady Timmons; Messrs. Guy C. Moses, Pam Grinstead, D. H. Compartment Jr., Herman Rees, Earl Stafford, Herbert Robinson, Elmer Palmer, Marshall Leazar, Charlie Horne, Earl Nance, Leslie L. Ottinger and J. Grady Timmons.

After the picture show at the Play House the party went to Pampell's where delightful drinks were enjoyed. All reported a nice time.

SALE OF GOVERNMENT SHIPS

Daily Oklahoman: Wooden vessel costing the government \$300,000,000 were sold by the shipping board this week for \$750,000. All of these were bought by one concern. It is barely possible that the shipping board could not have made a better sale than that. But the disposal of the vessels at such a low figure will appear to the public as an unnecessary sacrifice.

The public would be interested in knowing whether the shipping board did its best to sell the vessels at higher prices, one by one, or in small groups, instead of in one lot of 222 at a great loss, as was done. Also whether efforts were made to sell the ships to foreign shipping interests, as well as to those of the United States. The money invested in the ships was the taxpayers' money and most of the taxpayers probably would rather have had the vessels sold to ship owners of foreign countries than lost millions of dollars. In days before the World War, this country sold some old ships to foreign nations—even battleships—rather than dispose of them at a great loss. It is probable that the purchasers of the government vessels will sell a number of them to foreigners at a large profit. They apparently bought the ships at a figure sufficiently low to enable them to feather their nests comfortably.

These are delightful days of semi-summer and fall—Indian weather it is called in Oklahoma.

Kerrville is going to continue to grow and it will acquire all of the conveniences of cities, as well as be made clean and sanitary, so there will be no excuse for people here being sick.

France has assisted in bringing back to Europe the murderous Turk so the former nation is no longer entitled to or worthy of the aid or sympathy of America. France has again become the military nation, and will go the way of Germany.

The Sun hasn't any direct interest in the Congressional race between Wurzbach and Hertzberg, because neither name sounds much like American to us. The Democrats certainly pulled a bonehead in that district when a majority of them voted for Hertzberg.

There are numerous things being formulated for the benefit of Kerrville and this section, which it is not thought proper to publish just now. However, the citizenship here, as well as the business men, and those who desire to invest in Kerrville, may rest assured that these plans contemplate one of the prettiest and most up-to-date little cities in this whole country. We have the natural location and what is lacking that can be made by a united, progressive and capable band of home people is going to be carried out.

The session of Congress just adjourned was disappointing to a large majority of the people of this country. The Republicans failed to carry out their many promises, and the Democratic minority did not exhibit any capacity worth while, to have done any better had they been in the majority. Neither of the two political parties as managed today meet the requirements of this country. The persons in power are not composed wholly of partisans, and their representatives in each vote against what their respective party platforms declare to be party principles and tenets.

Henry Ford had his plans to open the latter part of last week at the Interstate Commerce Commission had rescinded a ruling that benefitted the broker and profiteer in coal. Mr. Ford was then able to contract for sufficient coal to start up his plants in shutting down and putting out of employment over 100,000 men. Ford showed the country forcefully what was the trouble about the coal situation. He says there was enough coal above ground all along for every purpose, and the supposed scarcity was brought about for the benefit of coal brokers and profiteering mine owners which the Republican administration was assisting in carrying out.

The Sun has received the first issue of the Radio Post of Fredericksburg started by Wm. Dietel and A. R. Gold. The paper is a neat seven-column folio and has a liberal advertising patronage. The owners and publishers are well known in Gillespie County. Mr. Dietel having formerly been connected with the Standard as editor and Mr. Gold was the postmaster under the Democratic administration. Fredericksburg and Gillespie County may sustain two good papers, as that county and the town are much larger, and more thickly populated than Kerr County and Kerrville, but it requires considerable business these days for a newspaper to get by and have any profit for investment and the work necessary to produce a creditable paper. We wish both success.

EASY TO BE AN EDITOR

Yarmouth Light: Most any man can be an editor. All the editor has to do is to sit at a desk six days a week, four weeks a month and twelve months a year, and edit such stuff as this:

"Mrs. Jones of Cactus Creek let a can-opener slip last week and cut herself in the pantry."

"While Harold Green was escorting Miss Violet Wise from the church social last Saturday night a savage dog attacked them and bit Mr. Green on the public square."

"Mr. Fang, while harnessing a bronco last Saturday, was kicked just south of his corn crib."

BOOSTERS AND BUYING POWER

Texas Commercial News: There are at least two varieties of boosters. One is the talking kind, the other matches his words with his deeds. As a rule the latter does not say very much, but lets his actions speak louder than words. Texas needs more of the latter kind of boosters. The State needs men who are willing to spend their money where they make it, or where they earn it.

Texas are not loyal to Texas institutions and Texas cities are not loyal to themselves in the matter of buying.

Texas Commercial News editor listened in on recent conversations. A Texas cotton mill was running night and day on orders from Brazil. The manager was asked why the output was not sold in Texas. He said it was because Texas people do not take sufficient interest in buying Texas goods.

A Texas manufacturer of a well-known beverage declared that he could sell his output without difficulty in surrounding states, but that Texas soda fountains and Texas wholesalers and retail grocers simply would not buy his product. He says after putting on a number of expensive selling campaigns he finally abandoned the Texas trade and sought an outlet in other sections. He has built up a very large business which is constantly increasing. Therefore, his goods must have merit. But the Texas trade prefers to buy from Baltimore or San Francisco, Florida or elsewhere. In doing this they send their money so far that it will never return to help them. They banish or exile the accumulated wealth which ought to be turning over and over every day in the great construction program that Texas needs, if it is to ever have the paved highways, the double-tracked railroads, the first-class schools that should be the pride of this State.

This thing called buying power is of the utmost importance. It is the only thing that makes prosperity possible, employment sure and wages high. Wages, it should be noted, are not paid from the pockets of capital but from the profits of labor. Buying power makes demand, demand makes production, and production makes everybody busy and happy.

If you are a real booster for Texas you are a buyer of Texas manufactured products.

Cannon balls, abandoned by Gen John C. Fremont in his expedition to California in 1844, were uncovered recently by a prospector searching for gold in a small ravine not far from Pales Hot Springs in Mono County, California. Fremont's diary records that on January 28, 1844, he was obliged to leave his howitzer at a point in Deep Creek. This is eight miles north of where the cannon balls were discovered. It is supposed General Fremont abandoned his howitzer ammunition as of no further use.

Aroostook County wants to sever connections with the State of Maine and become the seventh New England State. The county is located in the northwest part of the State and occupies about a third of the State's area. The county has grown more than 30 per cent in population since 1900 and 800 per cent in valuation.

HENRY FORD FINDS FORGOTTEN DEPOSIT OF MERELY TWO MILLION

Detroit, Mich., Sept. 25.—The finding of a dollar in an old trousers' pocket or picking up a good spare tire on the back rim of a discarded "Lizzie" is a mere nothing compared with Henry Ford's recent discovery of a forgotten \$2,000,000 deposit in a Windsor, Canada, savings bank.

Henry Ford's bank balance is now reported to be around \$200,000,000. The discovery meant nothing more to Henry than the means of buying a few weeks' supply of coal, one Ford official said here today.

DR. AND MRS. S. E. THOMPSON GAVE DELIGHTFUL DANCE AT LAKE SIDE PARK

Dr. and Mrs. S. E. Thompson entertained at Lake Side Park with a dancing party last Saturday evening, the "Senseless Six" Orchestra from San Antonio furnishing the music to which the light fantastic was tripped.

Stone jars filled with brilliant zenias outlined the receiving door, and the pavilion was further decorated in Halloween colors. The lamp shades were of yellow, and the softened ceiling lights cast a beautiful glow, like moonbeams, over a truly delightful gathering.

Programs were in charge of Miss Frances Hale of El Paso and Louie Wilson. After ten regular dances the carnival dance took place, Miss Kate Conger and Walter Saenger handing out the serpentine and confetti, and a hilarious time was had, everybody trying to outdo the other in throwing confetti and entangling the dancers with the serpentine. Miss Mae Louise Schreiner and Lieutenant Gross of Kelly Field led the Grand March. Miss Ouida Dunbar and Guy Moses presided at the punch bowl. The invited guests were:

Mr. and Mrs. Chas. Mason, Mr. and Mrs. Leslie Shaw, Mr. and Mrs. M. F. Weston, Mr. and Mrs. E. H. Prescott, Mr. and Mrs. G. F. Schreiner, L. A. Schreiner, A. C. LEGION TO DEMAND U. S. PUNISH WAR PROFITEERS

Terre Haute, Ind., Sept. 26.—Alvin M. Owsley, National director of the American Legion, in an address today before the Indiana Legion Convention, said he hoped the National meeting in New Orleans, October 16, would demand the prosecution of war and post-war profiteers through whom he asserted the Government had lost millions of dollars.

Declaring that of 150,000 war contracts only 17,000 had been audited, he quoted evidence in the Department of Justice to show that of \$40,000,000 owing to the Government only \$15,000,000 had been collected.

"The War Department sold 5,630,446 pounds of roast beef which cost 43.8 cents a pound for 1.6, the Government standing a loss of \$22,392,948.05.

"While one private soldier in the service of his country served over a year in the penitentiary for the theft of a single can of beans—Government beans, mind you—men who defrauded the Government of millions of dollars in that great National crisis, still walk our streets in liberty and prosperity. This is a condition the American Legion no longer will tolerate."

In talking of hunting Monday evening, Doc Pemberton probably expressed the universal feeling of the farmers and ranchmen of this section, when he said: "I don't care how many doves are killed in my fields, but the first hunter who shoots one of my quail, out of season or in season, will have to answer to me." Quail are again getting a good start in Kerr County and all true sportsmen should unite in urging their protection for a season or two until they are again established.

How Far Will Your Dollar Go Today?

WHAT you get for a dollar determines its value. And the secret of economical buying is information. The man or woman who is best informed is the one who buys to best advantage.

Every week this newspaper contains information that you should have in order to increase your buying power. The advertisements are intimate little lessons in economy. They are notices of how—where—when and for what your dollar will go farthest.

This advertising awaits your pleasure. It does not force itself upon you. At your convenience you can study it to learn where to go for the product or service you require—to discover where and how you can buy most easily and to best advantage.

It's a fascinating and worth-while practice to see just how you can make your dollar do its best for you.

The Play House Theatre

Friday and Saturday, September 29th and 30th:

FEATURE—WILLIAM RUSSELL in "THE CRUSADER."
"THE CRUSADER" is a stirring story of a true he-man. In it, William Russell, the FOX star, appears as a young farmer who goes to the Cobalt mining district in search of his fortune. He comes in contact with claim jumpers; he deals with the plotters in good two-fisted fashion—and, naturally enough—he wins the girl.
"KINOGRAMS"—Up-to-the-Minute News.
"CIRCUS CLOWNS"—Comedy.
14th Episode of "GO-GET-EM HUTCH," Friday.

Monday and Tuesday, October 2nd and 3rd:

GRAND SUPER-SPECIAL—"THE FOUR HORSEMEN OF THE APOCALYPSE" with RUDOLPH VALENTINO and ALICE TERRY and Two Dozen Other STARS.
This magnificent production stands as the "GREATEST MOVING PICTURE" that has ever been made. It is a "WONDER WORK." 12,000 people were engaged in the undertaking. The cast is the most brilliant ever assembled. It took a year to film and six months to prepare for the screen. Some pictures you can afford to miss, but not this one. You will come away so thrilled and moved and inspired that you will never forget it!
"MOVIE CHATS"—Something of Everything.
"SCREEN SNAPSHOTS"—Movie Stars in Everyday Life.

Wednesday and Thursday, October 4th and 5th:

SUPER-SPECIAL—"ONE CLEAR CALL," with MILTON SILLS, CLAIRE WINDSOR and HENRY WALTHALL.
This is positively one of the strongest stories of the screen. You will feel New Thrills, New Smiles and New Tears when you see this drama. You won't just watch—you'll live through this romance of the South, colored with pathos and humor and sprinkled with mystery. You'll thrill when hundreds of white-capped night riders of the Klan come galloping through the streets at midnight in thundering quest of vengeance!
HAROLD LLOYD Comedy, "THE BIG IDEA."

They made the trip coming and going in their Buick car, and also several sightseeing trips from Kerrville as center, and expressed themselves as very much pleased with everything they saw.

The Kerrville Public School Board has opened a down town office in the Chamber of Commerce building. This is done for the benefit of those people who have business to transact with the board or the school officials, and have not the time to go to the High School building. Mr. Franklin will be in the office every day from 12:30 to 2:30 p. m. People are constantly going to the different members of the School Board for some sort of information or ruling, which takes time from their business and they can take no action unless they are in meeting. It would be a great help to the board if the patrons would transact their business with Mr. Franklin during his office hours.

W. B. Brown has secured the plumbing and heating contract for the Schreiner Institute for Boys. This is pleasing news to the many friends of Mr. Brown, and is a creditable advertisement for Kerrville for it to be known that we have a plumbing and heating plant that can handle a job of that kind. However, Mr. Brown has previously demonstrated that he can successfully handle large contracts in a satisfactory manner, as he did the plumbing and heating work for the residences of Gus F. and L. A. Schreiner and the store building of the Chas. Schreiner Company. It is by patronizing home lines of business, industries and concerns that cities are built. We congratulate Mr. Brown upon securing this Institute contract and feel sure that he can handle it satisfactorily and it will be of considerable benefit to Kerrville.

A NEW 15-MINUTE BEAUTY-BRINGING TREATMENT

TODAY, try this simple treatment. The results will surprise you.

First: Cleanse face and neck thoroughly with a good cold cream, pinching face gently to stimulate circulation and dislodge superfluous oil from the pores. Don't pinch hard enough to hurt, however.

Second: Remove cream with a soft face-cloth, wrung out of very hot water.

Third: To the still moist skin, apply Combination Cream JONTEEL. Pat gently with finger-tips—especially under chin. As you work, dip finger-tips occasionally into warm water—finishing with a dip or two into cold. You'll be delighted with the cool, refreshed feeling this cream gives—at the eagerness with which your skin drinks it in, and the velvety smoothness it imparts to the flesh.

Fourth: After cream has thoroughly disappeared, leaving skin soft and smooth, go over lightly with Face Powder JONTEEL. If more color is desired, add a touch of Rouge JONTEEL.

Then take a good look in the mirror. Your complexion will look fresher and younger. You'll be surprised that such a simple, easy little treatment can have accomplished so much.

And like thousands of others, you'll be in love with cool, fragrant Combination Cream JONTEEL—you'll be using it daily, to beautify, heal, and protect the skin; especially before powdering—for it leaves such a uniform surface for the powder to cling to.

Don't put off trying it. Ask for Combination Cream JONTEEL ONLY at a REXALL STORE. It is obtainable nowhere else.

Science Now Proves How Complexion is Quickly Beautified Through the Blood

There is nothing in the world today which is producing such a sensation as this simple discovery! Pick out anyone who has healthy rosy cheeks and a ravishingly beautiful complexion, and you have picked out an individual whose blood

"Ironized Yeast Has Cleared My Skin Quickly and Gloriously!"

is rich with vitamins-and-iron. This recipe of Nature, "Ironized Yeast," is now being used by thousands of men and women with startling, yet perfectly natural, results. It gives you yeast-vitamins-ironized, containing iron in the form in which it exists in the human body. It is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. Usefulness, that great beauty robber, gives way to a lily-purity which nothing else on earth can produce. Pimples, blackheads, spots, eruptions? They become practically an impossibility! Rosy cheeks, firmer and younger looking skin, rose-petal purity, velvety softness—all natural! Imagine such a skin further beautified by your favorite cream and powder. To think of it is lovely. To have it, a modern miracle! Begin taking Ironized Yeast today. There is only one Ironized Yeast in the world, sold by all druggists at \$1.00 a package. Each package contains 60 tablets, each tablet is sealed. They never lose their power. Mfd. only by Ironized Yeast Co., Atlanta, Ga. Get ready to be supremely happy.

Hunter Killed Near Floresville

Floresville, Tex., Sept. 24.—Richard Pfeiffer, aged 29 years, a young married man, was accidentally shot today while starting out hunting for doves with two other young men, and died a short time after at his home, five miles northwest of Floresville.

In company with Frank and Charlie Reimer, sons of William Reimer, and nephews of Harry Reimer, who was Pfeiffer's brother-in-law, he had been out hunting for doves and had returned to the house. A little later they started out again and had not gotten outside of the yard when the accident took place.

It is reported that Frank Reimer had "broken" his breech-loading 12-gauge shotgun and put in a shell intending to hand the loaded gun to Pfeiffer. As he threw the gun together the shot was accidentally discharged and struck Pfeiffer in the lower part of the stomach. He lived only a short time.

Pfeiffer was a very popular young man in this community. He was born and raised near Comfort, Tex., and

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI

The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles, and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you. Sold Everywhere.

The Ariola Sr. radio set recently installed in the home of Jno. S. Callaway has proven very satisfactory, and daily concerts are being enjoyed from numerous broadcasting stations from the distant ones being Minneapolis, St. Louis, Kansas City, Atlanta, Denver, Louisville, Davenport, Iowa, and many others, including various Texas points.

"There will one day spring from the brain of science a machine or force so terrible in its potentialities, so absolutely terrifying, that even man, the fighter, who will dare torture and death in order to inflict it, will be appalled, and so will abandon war forever," said Thomas A. Edison in a recent interview.

COUNTRY PINES FOR REST. IN PRESIDENT'S OPINION

Washington, D. C., Sept. 26.—President Harding is convinced that a year of absolute freedom from legislative uncertainty is necessary to enable the country to get completely back to normalcy and give free sway to returning prosperity.

With this thought in mind, he has determined, in spite of any eventualities short of a National emergency to avoid an extra session of the 68th Congress, which comes into power on March 4th. Unless there should be an extra session, the new Congress will not convene until the following December. Thus the country will have a rest throughout the spring, summer and fall.

Business interests of the Nation have impressed upon the President that this is just what they need. They declare the country has been surfeited with legislation. Congress has been in virtually continuous session since the advent of the Wilson Administration.

During these 10 years, with a recurrence of new tax and tariff laws and other measures affecting commerce and trade, the heads of business and financial establishments have been kept in a constant state of suspense and uncertainty. A breathing spell now, it is agreed, will do more than any other one thing to restore confidence and stability which together means prosperity.

In order to remove in advance every possible demand for a special session after March 4th, the Chief Executive, it was made clear in a White House statement today, will stand firmly by his original plan to call the Senate and House back immediately after the November elections.

The White House announcement said many members of both branches of Congress were opposing the proposed call, but that Mr. Harding hopes to overcome these objections.

The chief purpose of the November session would be to dispose of the ship subsidy bill.

"It is very manifest," said the White House statement, "that in order to take care of the merchant marine legislation and other legislation there should be an extra session November 1st to the President, therefore, to be a practical thing to convene Congress two or more weeks prior to the regular session and get legislation under way, and by so doing clear up the slate by the 4th of March, and then have no more Congress until next December."

Chicago, Sept. 25.—A sensational attack on the validity of Judge James H. Wilkerson's opinion in the famous injunction case against the striking shompen and their leaders, was made Monday by Donald R. Richberg, chief counsel for the defendants.

Richberg, instead of proceeding with his original plan of asking for a complete review of the case by the Circuit Court of Appeals, asked that the Government's plan for making the injunction permanent be submitted immediately to three judges for a decision.

Chicago, Sept. 25.—The drastic temporary injunction order asked by Attorney General H. M. Daugherty against shop craft strike leaders was put in force Monday by Judge James H. Wilkerson, without any of its effectiveness being modified.

Several slight changes in the wording of the order submitted Saturday were made by Judge Wilkerson to clarify its meaning.

Birthday Party for the Tots Mrs. R. L. Schermerbeck entertained in her home with a little folks party Saturday afternoon, in honor of her little daughter, Aimee Louise, whose tenth birthday it was. The little tots were separated from those a little larger and contests were entered into by both sets. The little ones tried pinning the donkey's tail in the right place and Dodo Schreiner came nearest, receiving as prize a child's tea set. Among the older ones there was a tie between Claribel Renschel and Beulah Adkins, both receiving a child's game as prize. The favors were toy balloons, and refreshments of ice cream, cake and candy were served to the following: Beulah Adkins, Elinor Allen, Dodo and Nellie Gantzer Schreiner, Annie Laurie and Mary Jane Garret, Earl Garrett, Portia and Dorothy Hughes, Mary Nell Adkins, Ruth Richards, Elizabeth and Francis Eastland, Gertrude and Jerry Bettel, Velma Brown, Thelma Taylor, Florence and Marie Spreckles, Mary Louise Gardner, Josephine Fawcett, Ruth Leavelle, Margaret and Martha Harwood, Charley Moore, Ethel May Everston, Aileen Garrett, Robbie Dunbar, Mildred and Elaine Williams, Ruth Prescott, Elsie B. Henke, Carrie Jane Harrison, Irene and Julia Ann Jackson, Kate Knox, Virginia Lieserling, Cecil Rawson, Dorothy Rawson, Claribel Renschel, Charlotte Carpenter, Lulu Wesch, Roberta McDougal, Evelyn Emerson, and the honoree; Mesdames L. D. Garrett, W. G. Garrett Jr., Misses Ruth and Hattie Garrett and the hostess.

Charged With Bootlegging Sheriff J. T. Moore recently arrested Ed Rubio and his wife, Fannie, and arraigned them in Justice of the Peace Turner's Court on the charge of bootlegging, and they were bound over to the Kerr County District Court.

It is said that they were selling the booze openly over the counter. A. J. Norwood was arrested Tuesday by Deputy Game Warden M. E. Borle and charged with hunting without a license. Justice Turner fined him \$21.70.

CENTER POINT COMMENTS

B. J. Coleman is spending the week with relatives here.

A. G. Platte of Kerrville was a business visitor here last week.

Louis Holckamp and Otto Karger of Comfort were business visitors in our village last Friday.

Mr. and Mrs. J. F. Davenport, from the Davenport Ranch, were visiting and transacting business here Monday.

Mr. and Mrs. M. W. Rogers of Kyle have spent several days here visiting Mrs. Rogers' parents, Rev. and Mrs. J. H. C. Maxwell.

S. J. Lester, superintendent of the Millard School in Beaumont, spent the week end with his wife and little son at the "Oaks."

Rev. and Mrs. J. H. C. Maxwell and daughter, Karin, and Mr. and Mrs. M. W. Rogers were visitors in Kerrville Sunday evening.

James Crotty, Pat Cox, Mr. and Mrs. F. C. Nelson and Mrs. H. C. Moore spent last Sunday in Boerne at the W. O. W. celebration.

Among those from this place attending the W. O. W. celebration at Boerne last Sunday were among others, A. P. Hages, Clinton Burney, Robert Davenport and Richard Nowlin.

Mrs. Lurene Kendall and son, Karl, and Ethridge Pafford of San Antonio were visitors here Monday and Tuesday. They were here to see Morris Kendall, who has been quite sick for several days.

Kirkwood & Whorton of San Antonio had men come here Tuesday and install a new light plant, which is to be under the supervision of F. G. Hoffman. This new plant promises to give us more satisfactory lights than we have been having.

R. McNutt, living on the north side of this river, killed a monster rattler on his premises this week, which carried fifteen rattles. It is said to be the largest snake of its kind found here in some time. In fact, the rattler snake is almost extinct in this section.

H. C. Milam, a business man from San Antonio, was here this week looking after his property. We understand that he has traded for the Startz residence on River Avenue, known as the Frank Cooke place. Mr. Milam expects to move his family here this winter.

Mrs. Dewitt Burney was hostess to the Missionary Council of the Methodist Church in a social meeting on Monday afternoon at her residence on Church Street. An interesting and instructive program was rendered, after which delicious refreshments were served to the following guests: Mesdames J. R. Herndon, Chas. Rees, H.

G. Edens, Mary A. Burney, Wm. Burney, J. W. Merritt, John Thomasson, W. D. Burney, J. M. Bruff, J. B. Rees, F. T. Vaughn, Lee Burney, M. K. Hood, W. P. Hood, W. H. Witt, T. D. Willis; Misses Julia Vaughn and Minnie Robinson and the pastor, Rev. Maxwell.

There is in progress a revival meeting at the Baptist church conducted by Rev. R. L. Cole, an evangelist of Lufkin. The services are being well attended and much interest is being manifested. Rev. Cole is a fluent speaker and his methods are without any sensational features.

Your reporter interviewed another one of our truck gardeners recently, S. G. Holloway. He said he had kept no record which would show how much he had derived from his garden, but he had done well. At present he is marketing tomatoes, snap beans, butter beans, sweet potatoes, turnips, cabbage, egg plant, cream peas, beets, green peppers and popcorn. He waters his garden from a well on his premises, pumping the water with a gasoline engine. This well is three hundred feet deep and the water is apparently inexhaustible.

News, Sept. 21st: Mrs. Ernest Meeker and children of Kerrville visited relatives here Thursday.

Mrs. Walter C. Coleman of Kerrville visited relatives here Thursday and Friday.

S. C. Hill, with the Overland Agency at Kerrville, passed through our city, en route home from San Antonio, with a new Four. He states that business is getting better and they have sold four of the Overland 4 cars the past few days and prospects for several more sales are good.

Our fellow-citizen, J. E. Herndon who is employed by the C. C. Butt Grocery at Kerrville and who drives home here every evening in a delivery truck, narrowly escaped injury Wednesday evening when the truck skidded into a telephone post on the corner at Bruff's Store here. The truck was slightly damaged and Mr. Herndon was unhurt.

EMPLOYMENT SHOWS GAIN FOR AUGUST

Washington, D. C., Sept. 25.—Despite the railroad and coal strikes employment in industry showed substantial increases in August over July, the Department of Labor announced Wednesday.

Reports from 2,995 representative establishments, covering 1,249,222 employees, in 42 manufacturing industries, showed that in 30 of these industries there were increases in the number of persons employed, while in 12 there were decreases.

Baseball and tennis are the national sports of Japan.

What About "Unseen" Plumbing?

It's unseen, but it's there—between walls, under floors, buried in the ground. One third of the cost of any good plumbing job, is for that unseen work. We believe that no part of a plumbing job is more important than the "unseen" plumbing. We know that unless unseen work is done right the first time, using the proper material and workmanship, there is sure to be costly trouble later. Our unseen plumbing stands the test of time and daily use.

RALLY TO PEDDY BY REPUBLICANS HALTED

(Continued From First Page)

ments some strong corroboration of the Democratic boast. It would be of nation-wide interest if Ku Kluxers began a quiet adhesion to the Atwell cause—as desertions of Republicans from Peddy certainly make a plausible expectation. That friends of the Governor would be quick to catch such a drift and sure to resent it openly and determinedly may not be doubted. Three of the Democratic nominees for State offices defeated alleged Kluxers in the August primary. Nobody questions where their hearts are—certainly nobody who heard T. W. Davidson accept the nomination for Lieutenant Governor. Any Ku Klux defections from Neff would start Davidson, Terrell and Marrs—for those boys don't need much ignition at most.

All this and more are possible in the rather chaotic morass of Texas politics just now. And the possible situation is, and can be, nowhere of more interest than in the 14th Congressional District, where the Wurzbach chieftains are about as silent regarding Peddy as Atwell was—which was the silence of the cemetery.

Mr. Dickinson in his first political activity since he resigned as head of the Wurzbach campaign confirms all that McDowell said two weeks earlier. He stated:

"A strong sentiment is growing among Republicans in Texas against the action of State Chairman Creager and his followers in joining and permitting the split Democrats to run a Democrat on a Republican ticket for United States Senator in the fall election.

"Nothing can be gained in building up the Republican party by the action of the Democratic Dallas convention in conjunction with Republican leadership. Old line Republicans are not in sympathy with it and they cannot condone the action of Mr. Creager. It may have looked like a good political move by the Republican leadership and professional political instincts may have been behind the action taken, but it certainly was ill advised.

"The Republican leadership in Texas made a mistake which will reflect badly on those who are responsible for this unusual condition. Never in the history of the party has the Republican party been used as a political door mat by the Democrats, with the consent and assistance of Republican leadership, for no loyal Republican will commend, approve or ratify a Democrat running for United States Senator on the Republican ticket. The Republicans had a wonderful opportunity to select a man known and respected by the people of Texas and they fell down on this, not because there was no such man in the Republican party, but—the reason can be questioned in the people's minds.

"The Democrat-Republican nominee for United States Senator is a Democrat and does not intend to leave the Democratic party. What does it profit the Republican party in Texas to coordinate in a combination like this? Democrats and also Republicans dissatisfied with the action of the majority in heated political battles, soon forget their differences and are ready to split again over other political differences, this being the life of political activity.

"To build up the Republican party the best element of men and women in all walks of life must be appealed to. The excellent principles of high ideals and the constructive aims of the Republican party must be impressed upon the people, both Democrat and Republican alike, and party fidelity must be superior to party control.

"Democrats cannot be converted into Republicans by political combination, trickery or deceit as practiced by professional politicians. To be converted means a change of belief and honest people do not make changes until they are thoroughly convinced that their beliefs need changing. The Republican party wants men and women to come into the party if they believe that the progress and prosperity of the country will advance safer and surer under Republican leadership and control, for after all, people desire and aspire to a government which provides peaceful pursuit of health, prosperity and happiness for all.

"Men and women may make mistakes in selecting leadership; they may support, endorse and brave the wrong man, but these mistakes are soon rectified, for no political leadership can maintain itself above its party. The day of professional politics is fast waning as the people are learning more and they are getting a clear understanding. Politics of the past was a game played by professionals who kept the public mystified and bewildered, but politics of the future is sure to become a business, and a clean business, in which the people seeking knowledge and becoming interested will demand that a political office seek the man and not the man seek the office. With this change brought about, political leadership will be in safer hands. The Republican party seeks the very best in citizenship through its own ideals and hangs out the welcome sign to men and women on that basis."

Unique Car for Traveling

Otho Morris has built on a Reo chassis a light, convenient and comfortable home to travel in. There is a stationary wire cot, seats and several conveniences needed while traveling.

Otho mainly constructed this traveling car for the purpose of carrying his father to Glenrose and left for that place Monday, accompanied by his uncle, George Morris, who has formerly visited there.

The body now on the car is lighter than the one originally made for it, and it is screened so as to be fly and mosquito proof, as well as a double roof to permit circulation of air and make it more comfortable when driving or camping.
