LARGELY ATTENDED LUNCHEON THURSDAY NOON OF LAST WEEK

The Chamber of Commerce noon luncheon was resumed Thursday last week after a respite through the summer, at the St. Charles Hotel, and this was one of the largest attended held at that hour since started.

Ally Beitel, president of the Chamber of Commerce, presided, and the gathering was addressed by Dr. S. E. Thompson and Judge Julius Real. The former stressed the importance of sanitation and to secure it there must be a cleaner town. Dr. Thompson also called attention to the bad condition of our streets, which must be repaired and made more stable. He stated that we could not expect a continuation of the excellent growth of the town, nor the visitors and tourists to keep coming here unless we put the surroundings in a more attractive and cleaner condition, and to accomplish this sewerage and paved streets must be secured.

Judge Real said that while not a resident of the incorporation of Kerrville, that it was his town, as he had been raised in this community and felt as much interest in its progress and growth as though he did live here. He urged that the sanitation and improvements in streets be carried forward, as those things were essential to successful town building.

Chairman Beitel gave some detailed information about increased valuation of property, which was instructive, but at present this plan will not be utilized, so will not outline it.

There was one gratifying fact disclosed, and that is the hearty cooperation of the business men and citizens of Kerrville on any proposition considered necessary for the up-building and improving of this little city. That is half the battle, and we feel that whatever is found most feasible will be adopted by a most excellent committee, which was appointed at the suggestion of A. C. Schreiner.

BRITISH-TURKISH CLASH HELD IN ABEYANCE TEMPORARILY

The British-Turkish clash is held in abeyance temporarily by the commander of the latter forces agreeing to withdraw from neutral zones and to having a conference with allied representatives.

France finally said that she was estranging America from her by standing back of the murderous Turk against England, so the Turk was told to ease up on his belligerency.

The danger of war is not entirely eliminated, as Russia is putting in claims to be considered in connection with the freedom of the Dardanelle Straits.

France and Italy have made a serious diplomatic pact between them in backing Turkey to again get a foothold in Europe, which will be more apparent later.

England can be depended upon to hold to its original purpose of keeping open the Dardanelle Straits, and in case of a war would have the sympathy of this country, if not its aid, while the active support of Japan could be relied upon.

NEW 11-CENT STAMP WITH HAYS PICTURE READY FOR ISSUANCE

Washington, D. C., Oct. 2.—A new eleven-cent postage stamp, peacock blue, with portrait of Rutherford B. Hayes, will be placed on sale Wednesday at Fremont, Ohio, in connection with the commemoration of the 100th anniversary of the birth of the former President. The first stamp from the press will be presented to Mrs. Harding.

The Hayes stamp is the first of a complete new series to be placed on sale generally during the next thirty days. A five-cent "Roosevelt stamp" will be ready for distribution October 27th, the anniversary of the birth of the former President. Mr. Roosevelt's portrait was selected for the five-cent stamp, the Postoffice Department, announced yesterday, because "this denomination is most widely used on letters to foreign countries where the former President's fame was believed to be more universal than in any other." A new fifty-cent stamp bearing a picture of the Arlington amphitheater and the tomb of the Unknown Soldier will be placed on sale on Armistice Day, November 11th.

In the new series the 13-cent stamp has been discontinued, while 14-cent and 25-cent stamps have been added. The portraits and designs for the entire series are: 1-cent, Franklin; 2-cent, Washington; 3-cent, Lincoln; 4-cent, Martha Washington; 5-cent, Roosevelt; 6-cent, Garfield; 7-cent, McKinley; 8-cent, Grant; 9-cent, Jefferson; 10-cent, Monroe; 11-cent, Hayes; 12-cent, Cleveland; 14-cent, Indian; 15-cent, Statue of Liberty; 20-cent, Yosemite; 25-cent, Niagara; 30-cent, Buffalo; 50-cent, Arlington amphitheater; \$1.00, Lincoln Memorial; \$2.00, Capitol.

Marriage Licenses

Issued Sept. 29th, Guy C. Moses and Miss Ouida Dunbar.
Issued Sept. 30th, L. A. Leinweber and Mrs. Florence Nalls.

LLANO HIGH SCHOOL TEAM NO MATCH FOR TIVY FOOTBALL BOYS

The Tivy High School football team won their first official inter-school game last Saturday on the local field from Llano High, 13 to 0.

The game was fast and furious from the start. The first period was devoted mostly to line backs and end runs, which accomplished little for either side. The ball was in Llano territory most of the time.

In the second period the home boys kept the ball within range of the visitor's goal and were finally successful in putting it across the line on a long forward pass, which proved to be too long as the touchdown was made beyond the prescribed distance from the line. Not discouraged, Stevens resorted to a second attempt and was successful, netting six points to which another was added by a similar play in place of a kick for goal.

Llano tried every trick in their kit to break the Tivy line but made no effective gains during the third quarter, even losing the ball in scrimmage. Again Stevens' good arm put the ball in Stanley's hands, who evaded strong efforts to tackle him and carried it over the line. An attempt to kick goal failed, leaving the score 13 for Tivy.

Much rough play was resorted to in the remaining minutes of the third and all of the fourth quarter. Llano was determined to break through and the local lads were equally as determined to hold them.

The interference was so strong that several spectacular cross-field runs resulted in losses of yardage. Llano's attempts at forward passing failed repeatedly, both for reason of lack of accuracy and exceptional interference by the fast Tivy men.

Llano's best defensive work was in intercepting passes. They were twice penalized for premature tackling of players waiting for long passes.

The Tivy boys were outweighed by many pounds, but the handicap was more than balanced by their speed, team work and development of the pass. Young Stevens shows promise of becoming an exponent of the art of casting the oval second to none.

It is impossible to give accounts of the work of the individual players. Suffice to say that Llano made attacks upon every player in the line, but found no weak places.

The game was not largely patronized, but Kerrville folk should realize that the Tivy team merits a generous support. The line-up:

LLANO	TIVY
Walker	A. Diert
Smith	M. Diert
Unnie	Wolfmueller
Newson	Comparratte
Holtze	Robinson
Click	Rees
Delevan	Powell-Stanley
Duncan	Fawcett (Captain)
Watkins	Saenger
Lennett	Flach
Brame	Stevens
Substitutes:	Inscore, Brandon and Dunn.
Umpire, Lindsey; referee, Smith; head linesman, Oswalt.	

JOT GUNTER JONES KILLED BY MEXICAN LIQUOR SMUGGLERS

San Antonio, Tex., Oct. 2.—Orders to "shoot first" to the mounted customs men of the Mexican border were given by Collector of Customs Roy Campbell Monday morning following the murder of Jot Gunter Jones at Mercedes at midnight Sunday. Jones is the second mounted customs man to be killed recently.

Collector Campbell told his men that in dealing with border bootleggers that when they make any suspicious move to not hesitate to protect themselves as a war on the customs men appears to have been declared by smugglers and rum runners on the border.

Two persons were killed and a third seriously wounded in the shooting affray at Mercedes which resulted in the death of Inspector Jones. Jose Garcia was wounded in a fight in a dance hall where the affray took place and a young Mexican woman was shot by a member of the posse which was pursuing the slayer of Jones. The woman was in the house in which the slayer was hiding and when the posse closed around the house in the dark and the woman ran out the back door she was accidentally shot.

Jones and State Ranger Jesse Barter went to the dance hall to quell a disturbance and arrest members of a drunken party. While they were attempting to search the Mexicans Jones was knocked down from behind and his gun taken. The man who took the gun fired, killing Jones. Barter returned the fire and Jose Garcia, one of those at the dance, was seriously wounded. The Mexicans then fled into a nearby house and barricaded themselves defying the officers. A posse was formed and

while watching the house officers heard some one run out the back door. They fired and the young woman fell dead. In the excitement due to her death the Mexicans escaped from the house. Officers are on their trail.

The party of Mexicans is said to comprise about five, who, according to officers, are trying to make their way across the river.

Jot Gunter Jones was the son of the well-known cattleman, Tom Jones, a former partner of the late Jot Gunter for whom young Jones was named. He was born at Wichita Falls, November 25th, 1891. Prior to his appointment as customs inspector he was in the cattle business and had a ranch in Uvalde County. He had only been in the service since February 15th of this year, but had already won a reputation as a fearless officer.

BANQUET IS TO BE TENDERED VISITORS NEXT TUESDAY NIGHT

Under the auspices of the Chamber of Commerce, the citizens of Kerrville will tender the Executive Officers of the Sheep and Goat Raisers' Association a banquet next Tuesday night at the St. Charles Hotel.

The sheep and goat business is one of the most important in this section, and those executive officers, who have the management of the affairs of this organization, are prominent citizens who are interested in this country and have a responsible work in caring for the Association's membership, so it is an honor to have them with us.

Those who desire to attend the banquet, please notify the Chamber of Commerce at once, and state how many plates are wanted. The ladies are invited and expected. The price is \$1.00, and money with order.

Strauch-Miller

Last Saturday, Boerne was again the scene of a wedding of much interest to Kerrville, when George Miller and Miss Annette Strauch of this place were quietly married there.

The contracting parties are well known young people of this community, and the Sun joins with their many friends in extending best wishes and congratulations.

DEAD CATTLEMAN PIONEER IN AGRICULTURE OF THE STATE

Fort Worth, Sept. 30.—The sudden death in St. Louis this week of Richard King, 62, member of the famous Texas ranch family of that name, recalled to Fort Worth the fame and achievements of the founder of the King estate, Capt. Richard King, and of the subsequent accomplishments of his widow and his son-in-law, Richard Kleberg. They were facts that Richard King was one of the pioneers, who in the early 50s settled in Texas, established the King ranch, which has at this time an expanse of more than 1,000,000 acres, causes him to be a figure of interest to Texans, especially those who have seen the State developed from a wilderness to its present stage of prosperity.

King, at the time of his death, was visiting in St. Louis with his cousins, Dr. P. J. Hueb and Harry Hueb. His home was Corpus Christi, which is near the famous King ranch, where he was born and reared. He owned a large ranch there, as does his son, Richard Jr. Besides his widow, who he married in St. Louis in 1883, and his son, he is survived by his mother, two daughters, Mrs. G. Estill and Estill, Me., and Mrs. J. D. Patch, and a sister, Mrs. Robert Kleberg. After finishing high school, King finished his education at Centre College, Danville, Ky.

It is remembered that he was among the pioneers who first introduced agriculture into the Corpus Christi country, which has spread until that is one of the leading industries in that part of the State.

Captain King, father of the deceased, was an outstanding figure among Texas pioneers who have stupendous accomplishments to their credit.

During the Mexican War he fought along the Gulf coast and at its conclusion visioned the wonderful opportunity for stock farming. He obtained a tract of land 50,000 acres in extent between the Nueces and Rio Grande rivers and there stands the now famous King ranch. In those early days there was no market for fresh meat and King slaughtered his cattle for their hide and tallow and fed the offal to swine, which in turn were slaughtered for their lard. The marketable product was freighted to Corpus Christi, where it was shipped by boat.

It was in that surrounding that Richard King was born and reared. As the years went on Captain King added to his landed estate until at his death in 1885 he was the owner of 500,000 acres of virgin Texas land stocked with cattle and horses.

With the death of King the management of the vast interests fell to the shoulders of Robert Kleberg, his son-in-law, and Mrs. King, who took an active interest in her affairs. It was said, locally, that the management was turned over to Kleberg because he was older than Young King, and much better versed in the cattle business.

With the passing of the Captain Mrs. King and Kleberg extended their holdings. From 500,000 acres their ranch has increased to more than 1,000,000 acres. The exact acreage is

not known in Fort Worth, some putting the figures as high as 1,600,000.

The brands of the Kings, "K" on the hip and a running "W," are known the country over where cowmen congregate. Captain King was a leader in establishing pure bred cattle and his first efforts were with "Durham" stock, which is little known now. It is more than a home. It is a castle, an Italian villa, and a French chateau in one. But, travelers say, it has none of the stiffness of those places and that it is equipped with every device known to the American manufacturer, including an electric elevator. Its cost was more than \$200,000.

In 1915 the King ranch house, a rambling commodious structure that was known by cowboy and stranger for miles around for its hospitality, burned to the ground. It had been the early home of Richard King.

On its ashes Mrs. King constructed out from the finest homes in Texas. It is more than a home. It is a castle, an Italian villa, and a French chateau in one. But, travelers say, it has none of the stiffness of those places and that it is equipped with every device known to the American manufacturer, including an electric elevator. Its cost was more than \$200,000.

It was the old ranch house that is best remembered by those that have shared the hospitality of the Kings. Around it clung the glamor and romance that lived when Texas was young. In the early days it was the mesa for festive spirits out for a night of dancing or fun. It held its serious side, too. At convenient intervals were port holes that were used to repel Indians and Mexican bandits and cattle rustlers, and it is said that they were needed more times than once.

PECAN TREES ARE NEGLECTED IN THIS SECTION, SAYS EXPERT

Dr. O. P. Dahlken, B. S., State Forester Associate and Bexar County Forester, who has made an extensive survey of the pecan trees along the Guadalupe River in this section the past two weeks, states that the people generally do not know how to properly care for their trees and as a result are receiving very little if any returns from them.

All pecan trees should be kept well trimmed and all dead branches removed and burned to destroy insect pests. All trees should be cleaned up from under the trees for the same reason. Some of the older trees also become bark-bound and bear only small nuts, if any at all. Such trees require treatment by an experienced tree surgeon or forester, who takes off all the old dead outer bark and then splits the inner bark in several places, allowing the sap to flow freely and the tree to take on new life. Such care also enables the tree to better combat its insect enemies and in many cases repays the cost of treatment in one year by the increased yield in nuts.

Dr. Dahlken states that the people living along the river should not only care for the pecan trees they now have, but plant new trees in every foot available, as good nuts are getting scarcer every year. He also urges that the stately cypresses be kept trimmed up to add beauty to the river front and allow the flood waters to run down more quickly. The many beautiful live oaks should also receive care and attention.

The visiting tree expert highly complimented Kerrville on its beautiful Tourist Camp Site with its many fine live oaks. He also stated that the river bank back of the city could be made into a beautiful park at a nominal cost, with rustic seats and there, and wonderful vistas of the stream and bordering hills, such as no other city in the country could boast of. Such a park, besides being a constant pride and joy to the citizens of Kerrville, would cause much favorable comment by the many tourists and summer visitors on their return home and thus advertise Kerrville and the Hill Country.

O. E. S. Gives Show

The local Chapter of the Order of the Eastern Star gave a unique shower to Miss Ouida Dunbar, Thursday evening of last week, at the residence of Mr. and Mrs. August Henke.

The living rooms of this lovely home were most artistically decorated in pink and white, the mantel, piano and bookcases were banked in pink and white dahlias, while trailing runners of the pink Queen's Crown, gracefully drooping on woodwork, seemed to grow out of this floral mass. The center of attraction was the dining table, which was decorated with a large floral five-pointed star, made of the five colors of the order, in which the punch bowl was embedded, Miss Edna Henke presiding over it.

Much enjoyment was had from listening to impromptu wishes for the bride, made in form of prophecies: "The Romance of Ouida and Guy" by Miss Lydia Raaz; "What Mrs. Dunbar Thinks of Being Guy's Mother-in-Law" by Miss Bess Booth; "Their Honeymoon" by Miss Helen Diert, holding aloft a half-moon and giving her wish; "Their First Meal at Home" by Mrs. Hallie Anglin; "A Prophecy for the Future," by Mrs. Milton Pampell. With these good wishes and a well-hook, Ouida drew from a well, improvised from a barrel, many beautiful gifts from her many friends.

A regular riot was had when each of the thirty-two members present, blindfolded, tried to pin a little red star in the center of a large white star. Mrs. Dunbar came nearest, receiving a beautiful bouquet of flowers; Mrs. Ed. Mosel, coming last in the contest, received a cabbage corsage. Both prizes were made by Mrs. H. Weis.

In the two-course refreshments the color scheme of pink and white was carried out, special notice being given the little individual cakes of white with the initials "D" and "M" one in pink on each.

Chas. Schreiner Bank

WOOL AND MOHAIR COMMISSION MERCHANT

What Other People Like Will Please You

For many years, we have studied to learn what people like best in bank service. And we think you will find here those services you expect from your Ideal of a Bank.

You can come and go as you please. When competent help is wanted, we are at your call. All dealings are confidential. Our interests are mutual—every effort is made to reciprocate patronage.

You will like in our service the same things that make banking here both a pleasure and a profit to your friends and neighbors.

ESTABLISHED 1869
KERRVILLE, TEXAS

CHAS. SCHREINER BANK WILL TAKE CARE OF SCHOOL VOUCHERS

The County Board, composed of County Judge Lee Wallace, Commissioners Chas. Real, Hugo Wiedenfeld, A. J. Gibbens and James Perill, met Wednesday to consider the monthly business.

One of the most pressing problems was the exhaustion of school funds in the country districts. Schools were in progress and no money to pay the teachers except small balances in six of the thirteen districts. L. A. Schreiner, president of the Chas. Schreiner Bank, was called in, and he agreed to have his bank carry the vouchers until tax money would be available to redeem them, which means about February of next year. This is quite a favor to the County Board and a great convenience to the teachers.

There was allowed on Section A of the Highway, \$9,147.15, and the total now paid is \$64,734.85. On Section B, \$10,516.40 was allowed, making total paid, \$67,734.00. Ten per cent on this work is retained.

There was also allowed \$1,173.50 on miscellaneous claims against the Highway fund.

Schott & McCreary were allowed the contract to put in a bridge across the Guadalupe River three miles below Kerrville on the Bandera Road, at the bid of \$2,200.00. Two other bids were submitted, one for over \$2,500.00 and the other more than \$2,700.00. The estimate made by the County Engineer for this work was \$2,188.00, or about \$12.00 less than the price it was let for, which shows close figuring all around.

The County Board expected to hold a session Thursday of this week instead of next Monday, so as to give a majority of the Commissioners a chance to go to the circus at San Antonio. It was immaterial to Judge Wallace, as he had to remain here anyway on other business.

Dunbar-Moses

Last Friday evening at 9 o'clock, Miss Ouida Dunbar and Guy Moses were united in marriage at the Methodist Parsonage, Rev. J. G. Timmons performing a very beautiful and impressive ceremony. No invited guests were present, and immediately after the ceremony Mr. and Mrs. Moses left for San Antonio, returning Sunday evening.

The bride is the daughter of Mrs. R. A. Dunbar and is a very gracious and capable young woman who has lived in Kerrville for a number of years, and is well known and loved.

The groom is principal of the Tivy High School, where he is also director of athletics, and who is a popular young man in the community and stands high with the school board and faculty.

Mr. and Mrs. Moses will be at home to their many friends at the Newman residence on Main Street.

Justice Turner's Court

The following cases have been before Justice of Peace Turner since last report:

Wm. Beckmann, charged with being drunk, fighting and reckless driving; total fines of \$47.10.

A. P. Ward of San Antonio entered plea of guilty for hunting without a license; fine of \$21.70.

John and Wm. Sabban, charged with using abusive language; fine of \$18.20 in each case.

Jack Lytle, charged with being drunk; fine of \$12.70.

STARR BRYDEN ARRIVES SAFELY ON BIKE AT CHATTANOOGA, TENN.

The following telegram was received Wednesday morning from Starr Bryden, at Chattanooga, Tenn., where he arrived safely, having made the trip from Kerrville to that place on his bicycle.

"Mountain Sun, Kerrville, Texas. Arrived at Chattanooga September 29th. Traveled over fifteen hundred miles and was in six different states. It was a great trip.

"Paid out ten cents for repairs on wheel. This trip was made via bicycle and truck.

"I say it was going some for a longer. Will be back some time this month. STARR BRYDEN."

GIANTS WIN FIRST GAME IN WORLD SERIES WEDNESDAY

The Giants and Yankees of New York City played Wednesday afternoon their first game of the seven to decide the World's Series, and it was won by the Giants by a score of 3 to 2.

In the second inning the Yankees made two runs and it was the eighth inning before the Giants got a chance and they made three. Babe Ruth got two hits and struck out twice.

This baseball information reached Kerrville by the radio station at the Dixie Theater, and the news was given as the game was played by innings. Quite a crowd of local fans gathered at the theater to hear the returns.

It is said that there were 38,000 people present at the game.

Carnival at High School

Last Friday was Carnival Day at the Tivy High School. As you entered the hall you were besieged by "barkers" for the various booths to buy their wares—and they sold, too. In the auditorium the numerous classes took part in various exercises, given to show the progress made from day to day in the school.

The following program was given at 3 p. m. and at night:

Selection by Orchestra; chorus by High School; movie, given by Primary and Intermediates; "Gathering Nuts," a one-act comedy; "Old McDonald Had a Farm," by Tivy farmer boys and girls; Japanese Costume Song; "The Mouse"; "The Bow-Legged Boy," by five boys who were bow-legged for the time being; "The Wild Flower," a song by little girls representing the different flowers; Hindu Costume Song; Saenger brothers quartette.

There was \$100.00 net realized, and this is to be used in the Home Economics Department.

Enjoyable Bridge Party

Monday afternoon at 3 o'clock, Mrs. Chas. Rawson entertained at bridge, and a most pleasant time was reported by every guest who attended.

After six games were played prizes were awarded as follows:

Winner of the married women, Mrs. J. S. Wheelers, a hand-embroidered table cover; of the girls, Miss Lucille Williamson, a beautifully decorated pink fan; booty to Miss May Louise Schreiner, a Huyler's var-colored candy corsage.

Most delicious refreshments, consisting of a salad course and an ice course, were served to about thirty-five guests.

ORGANIZE YOUR TALENT

Phoebe K. Warner, in Fort Worth Star-Telegram: In every county in this State and every other State for that matter, there is talent going to waste. Most human values that are being rated below par because there is no demand for them. And these human assets are not only rated below par but they are truly depreciating in value for lack of use. Any kind of an instrument or implement will rust if not used; and this is just as true of human instruments as material ones. There is no plainer lesson taught in the Bible than the lesson of the talents. If we would keep our talent we must use it. If we would multiply it we must often-times give it away. If we would lose it all we have to do is hide it. That is one view, the selfish personal view for the talented person to take of himself.

There is another view. There is not a normal child in this world but that does not have a talent for something within them. They are created that way. God created us all in His image. Do you think He ever forgot a single one of us and let us come into this world without a gift of some kind for something? Look at Helen Keller! Living her entire life in the darkness of midnight and the silence of the tomb; robbed by disease in infancy of two of the greatest gifts of life, she has been enabled to discover her talent and to fill a great mission in life. What? To cheer and inspire and comfort those even more fortunate than herself. How? By one great teacher giving her entire talent and time to the discovery and development of the talent in the dark and silent life of Helen Keller.

But the masses of the human race with all their human senses, including two sharp eyes and two keen ears for every one, never discover their talent because their lives are never touched by anyone or anything to awaken that latent talent within them and quicken it into life to grow. It is like the germ of life in a seed. It is there but it can not plant itself. It can not create its own environment. We are born with the germ of chicken pox, measles and scarlet fever within us, but we will never "break out" with them until we are exposed to them. Do you suppose God made our spiritual nature any lower than our physical? No!

There is talent of some kind in every man and every woman and every child in your county. But it is a contagious germ and it has to be exposed to a real case of its own kind before it can germinate and reveal itself. And the trouble with most talented people is they quarantine themselves and refuse to give out the inspiration of their developed talent to others. Especially is this true of those with only one or two talents. And most of us belong to this class, and this is the chief reason we never gain any more. And if we don't look out and put into active use the few we have the radio will rob us of them: the first thing we know.

For these two reasons, to multiply your own talent and to kindle into life the latent talent in others, can we not in every county, during this school year, collect and organize the talent in our own county and use it to expose the whole county to the best there is in us all? Take music as an example. As a rule it is pathetic in the little town church. Yet there are enough men, women and children with good voices in every community to make a good chorus if they only had a leader.

Lord, give us more leaders in every phase of life. There are artists in embryo in every community and every school. But where are the teachers to discover these artists and develop their love of the beautiful to brighten their lives? And the world is full of artistic beauty. All nature is a great living picture but most of us are blind to the most beautiful and the great free art galleries all around us because we have not been taught to recognize the beautiful in the common things of life.

Practically every child is an artist in "expression" until it is trained out of him by false instructors. And there are so many gifts beside the usual

fine art gifts which after all are the least essential to existence. The talent of home making, of child rearing, of farming and commercial and professional success. The talent to touch the life of a boy in just the right spot to arouse the best in him; the talent to inspire the best in our girls. Let's get the best there is of everything in our county together this year and broadcast it to every individual and home and community in our county and trust God and the future for results.

Notice by Publication in Probate

THE STATE OF TEXAS
To the Sheriff or any Constable of Kerr County, Greeting:

You are Hereby Commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County) at least once a week for three consecutive weeks previous to the return day hereof, copies of the following notice:

THE STATE OF TEXAS

To all Persons Interested in C. E. Richardson, deceased:
Amelia Richardson and Dee Richardson have filed an application in the County Court of Kerr County on the 15th day of September, 1922, for the Probate of the Last Will and Testament of C. E. Richardson, deceased, and for Letters Testamentary, which said application will be heard by said Court on the 8th day of November, 1922, at the Court House of said County, in Kerrville, Texas, at which time all persons who are interested in said Estate are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Kerrville, Texas, this 27th day of September, 1922.

(Seal) JNO. R. LEAVELL,
Clerk County Court,
Kerr County, Texas.
By W. A. LOCHTE, Deputy.
(Advertisement 42-3tc)

An automobile, packed in knocked-down form, was shipped from Detroit to Cleveland by aerial freight.

Free for Our Readers

We have made arrangements whereby every housewife who reads this paper can obtain a copy of "Reliable Recipes" absolutely free of charge by simply writing the Home Economics Department of the Calumet Baking Powder Co., 4100-2 Fillmore Street, Chicago, Ill.

"Reliable Recipes" contains 76 pages of recipes and other information appreciated by every housewife. It is illustrated in colors and will prove quite helpful in preparing the daily menu.

We have also made arrangements with the Calumet Baking Powder Co. whereby their Home Economics Department will cheerfully answer all questions pertaining to cooking, kitchen equipment, etc. There is absolutely no charge for this service.

Write the Home Economics Department of the Calumet Baking Powder Co., 4100-2 Fillmore St., Chicago, Ill., today for a copy of "Reliable Recipes."

Bandera Budget

New Era, Sept. 28th: M. D. Faris and Miss Beula Williams of Medina were happily married at the court house Sunday night. Judge J. A. Eames officiating. The groom is the son of B. F. Faris of this city and the bride is the daughter of Henry Williams of Medina. They are excellent young people and have a host of friends who wish them much joy and happiness through life.

Doc White, Herman Harper and others went to Medina Lake this week to try to catch bass with Dr. Erwin's trained bull frog. The doctor has spent months in patient effort to train this frog and has succeeded to a remarkable degree. When taken to the river his frogship is placed on the bank near a pool where big bass lurketh, and after selecting his route, the frog dives into the pool. A bass sees the diving frog and gives chase, and in due time the frog springs out of the water with the fish in such earnest pursuit that he lands on the bank with a flop, while the frog croaks a hearty laugh.

Among the arrivals at the Riverside Inn yesterday was a gentleman who registered as Ponsondy Lewin Lee of Houston. Mr. Lee spent only an hour or two in the city, but while he was

here it became known that he was a sojourner in Bandera forty years ago, coming here from London, England when he was a young man 29 years of age. He remained in this frontier village for some time and boarded with Colonel Hugh Duffy, then departed for other points, and during the years that have flown he has visited all parts of the United States, besides making several trips to England. Now after forty years, he returns to old

Bandera, registers at the same hotel that sheltered him in the distant past, and is hospitably entertained by Miss Laura Duffy, a daughter of his host of former years. During his brief visit yesterday Mr. Lee found many familiar objects to remind him of the pleasant days that he spent here in that early period, and was pleased to learn that some of his acquaintances of those days are still living here. He plans to return to Bandera within a

short time and spend a month under the friendly roof that sheltered him forty years ago.

In Sandhurst, Bendigo, Australia, it is not uncommon to see old prospectors and tramps prospecting "for a color" after a heavy rainstorm. Gold is found by road menders and a barrow load of this storm-slued sand has been known to yield half an ounce of fine gold.

We are now placing on sale 250 pair of

WOMENS' LACE BOOTS

In the lot are boots that have been marked more than twice this price.

We are presenting this sale at an opportune time, when new shoes are needed for the winter months, and the price is within the reach of the limited pocket books, as well as for those who may want to get two pairs of boots for what they would ordinarily pay for one.

These boots were formerly priced \$6.50 to \$12.00

\$4.95

Stylish Brown Lace Boots of Calf Skin That Will Stand the Cold and Rain of the Winter Months. Shoes That Will Please Matron or Maid.

Soft Serviceable Black Kid Boots, Stylish for Any Occasion, and at the Same Time Offering Protection to Ankles on Cold Days.

- for walking and street wear.
- for afternoon calling wear.
- for outdoor sports wear.
- for women who like to be stylish and comfortably dressed for all occasions of the winter months.

This is one of the services our customers will find us always in the lead in giving—taking time by the forelock, and presenting the needed articles when they are needed at a price that offers a real saving and service to our customers when they need it most. Later on, of course, there will be numerous shoe sales, when the season is practically over; but we are offering shoes, that are in some instances just half or less than half their former price, right at the beginning of the season, before the first Norther has even made its appearance.

This is the kind of sales The Chas. Schreiner Co. will present from time to time, and it will pay you to watch for them and attend them. Shop at Home!

CATHOLIC CHURCH NOTES

By Father Kemper

FRIDAY, THIRTEENTH

In commemoration of Discovery or Columbus Day, a patriotic program will be rendered on the subsequent evening, Friday, 13th, 7:30 p. m., on the Notre Dame campus by the Brownson Literary Society. The High School boys and girls have prepared a very interesting playlet, to which they have added an interspersion of songs and readings appropriate to the Columbian festival. This entertainment will also serve as a library show, and therefore the admission will be either a suitable second-hand book or two bits. No charge for Notre Dame students.

Miss Frances Michon was hostess to a birthday party honoring her cousin, Stella Michon. Another member of the graduating class, Miss Eleanor Staudt, had her birthday party earlier in the week.

Children of Mary Reorganize

Members of the Sodality of our Blessed Lady, met in the Notre Dame library on Sunday in order to hold an election of officers for the current year. The ballots decided that Miss Stella Michon be president, Miss Margie Farrish be vice president, and Miss Aleida Michon be secretary.

All of the Children of Mary received Holy Communion in a body on the first Sunday of the month in the Convent Chapel.

The newly reorganized St. Cecilia Choir chanted their first High Mass last Sunday. They will also sing the Votive Mass in honor of the Sacred Heart on Friday at 7:15 a. m. During the month of October congregational singing will be the custom at the Tuesday and Friday mass, followed by Benediction. On the other days the Rosary will be recited in lieu of the customary morning prayers.

On Tuesday of this week the semi-monthly engagement at Comfort was filled.

Sister Euastell from France and Sister Callixtus from Holland were our guests this week at St. Mary's Convent. The latter is a sister of Sr. Liborius, who had been stationed at Notre Dame many years ago. Both visitors were agreeably surprised to find such well equipped school and dormitory buildings. They were especially delighted with our High School department, whose pupils are also taught Spanish, short-hand, typewriting, and given the free use of machines.

Half a dozen of the boarders had visits from their family this week. Chas. K. Morris called on his children prior to leaving for Mexico. Joe Boudreaux bade his sisters farewell as he returned to Beaumont. On Friday the Strackbein children enjoyed a couple of hours with their uncle, Max, from Rocksprings.

Old Notre Dame classmates of Willie Voils will be glad to learn that he is pursuing a course in journalism at Columbia University and has been made an associate sporting editor on a city daily. His twin brother, Henry, is following an engineering course at the same university.

Ice Cream Social

The children of Our Lady of Guadalupe School observed the patronal feast of their Guardian Angel Society

FIRST METHODIST CHURCH
 J. GRADY TIMMONS

Last Friday night, Prof. Guy C. Moses and Miss Ouida Dunbar stole a march on their friends and got married. They were married quietly at the parsonage, this pastor reading the ritual. They left immediately for San Antonio, where they spent a few days enjoying their honeymoon. Both parties are prominent young people in our community and their many, many friends everywhere wish them a long life of much happiness and joy.

Last Saturday afternoon we had the pleasure of baptizing the baby boy, Merritt Edward, of Brother and Sister Wright. They have lately moved to our town and are living in the flat.

We had good services at both hours last Sunday, and for this we give thanks unto the Lord. We are planning some good things for our prayer services. We had our first Wednesday night and it was enjoyed by all. The prayer service is given over to studies in Methodism. These services will be continued for some time and you are promised an interesting half hour if you come.

This week we are making every effort to get our finances up in full, and we trust every member of the church will help us out. We are several hundred dollars behind in our Conference Claims and we wish to go over the top this week. Will you not help us? I am sure we can count on you to see us through in this important matter. It is essential that we get this matter attended to at once because it is only three more weeks until Conference meets at Lampasas. If every member will rally to the cause and by this Sunday we shall find ourselves in good shape. A number of charges are now reporting out in full through the Advocate. Why not place the head of the Kerrville District in that list? See your stewards in regard to this matter if they do not see you, and let us all pull together. Kerrville has formed the habit of never falling behind in her obligations and we are certain and positive that she will not break a perfectly good and commendable precedent at this time.

For next Sunday the program is as follows:

Sunday School at 9:45 a. m., William D. Reed, superintendent.
 Preaching by the pastor at 11 o'clock.

The Senior League meets at 7 o'clock, and preaching again by the pastor at 7:45 p. m.

To all these services you are cordially invited.

The program for the Senior League is as follows:

Leader, Thelma Stoetner; subject, "True Patriotism—What It Is and What It Does"; Scripture lesson, Eula Grantham; song, "America"; reading, "Wanted," Madelyn Peterson; "What Is True Patriotism?" Clara Bell Boaz;

"Quotations," Herman Rees; song, "God of Our Fathers," and League benediction.

The Gospel is a great thing in the life of the world. It is an indispensable ingredient in the compound of happiness. The first book in the New Testament is called a Gospel. Likewise the next three in succession are Gospels. Then the chief figure in these Gospels is Jesus Christ. He is the Hero of the story and indeed He is always talking about the Gospel. In His first sermon He said He had been appointed to preach the Gospel. He sent the messengers back to John with the news that the Gospel is now

being preached. At the very end of His life He commanded the disciples to follow His example and preach the Gospel to all the world. Likewise when we turn to Paul we find the word constantly upon his lips. He is always saying, "Woe is me if I preach not the Gospel." Again to the Romans he says, "I am not ashamed of the Gospel." Then when an old man in prison, poverty stricken, yet he feels he is rich because he possesses the Gospel. In the last Book of the Bible we find the Holy Angel entrusted with the everlasting Gospel, which shall be preached to all the nations.

But what is the Gospel? The Gospel means "Good News." That is the meaning of the word. How would it do to drop the word Gospel, which by its common use has lost some of its attractive power, and to use the words, "Good News"? It would help preachers to remember that they are preachers of good news. If when he starts to preach, he would think, "Now I am a preacher of good news," it would light up and make radiant many of his sermons. To realize that if he preaches he must fill his sermon with good news, would make him less gloomy and happier in his preaching. Also, if the people would remember that they were going to hear good news they would be more eager to go to church on Sunday. Everybody wants to hear good news. When the Christians at Jerusalem were scattered they went out carrying the good news. Therefore, let us remember that when we go to church we are going to hear good news, and when we tell others about God and His love we are spreading good news. If we do this we will create a revolution in the thinking of the people about Religion.

THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Kerrville residents recommend Doan's Kidney Pills. Read this Kerrville statement.

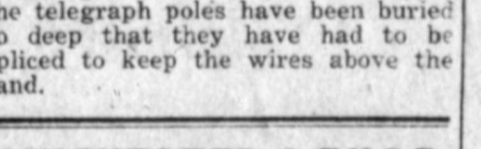

Tom Eaton, farmer, says: "My kidneys were in a bad fix. I had such severe backaches and soreness across my kidneys I could not do much stooping or lifting. Mornings I was stiff and lame and at times I had sharp catches in my kidneys and the secretions passed irregularly. I heard of Doan's Kidney Pills and used them, getting my supply at the Rock Pharmacy. It was not long before the pains and ache left my back and my kidneys were in good shape."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Eaton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

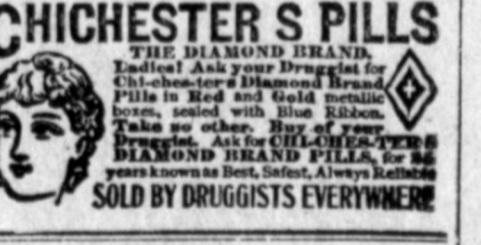

Sand dunes are forming over a large area north of Winnemucca, Nevada, and the vast field of dunes is slowly traveling eastward. In certain spots the telegraph poles have been buried so deep that they have had to be spliced to keep the wires above the sand.

"Lemme carry KELLOGG'S. Jack! I say I will! Mother said you could buy KELLOGG'S, but I could carry home! I say I will—I will!"

Wireless telephone operation across the English Channel has made possible continuous communications between English shore stations and flying planes in the Brussels-Paris service, and is particularly helpful in heavy fogs, as orders or explanations of conditions at landing fields can be conveyed to pilots of aircrafts.

At an Episcopal convention in Chicago recently, a report of a social and economic life said in part: "A fundamental change in the spirit and working of our social and industrial life is necessary to restore the world to peace and order. The fundamental change can be effected only by accepting on the basis of all our relations the principle of co-operation in service for the common good, in place of unrestricted competition for private or sectional good."

Our word for it!

You'll never know how delicious Corn Flakes can be till you eat Kellogg's

Positively—the most joyously good any-time-cereal any man or woman or child ever put in their mouths! Such flavor, such crispness! Such big sunny-brown Corn Flakes! How you'll relish a generous bowl-filled-most-to-overflowing; and a pitcher of milk or cream!

Never was such a set-out! Never did you get such a universal vote as there'll be for Kellogg's Corn Flakes! Big folks and little folks will say "Kellogg's, please, mother!" Leave it to their tastes—and yours! Prove out all we say!

For, Kellogg's Corn Flakes are a revelation in flavor; a revelation in all-the-time crispness! Kellogg's are never tough or leathery or hard to eat! Insist upon KELLOGG'S—the original Corn Flakes—the kind in the RED and GREEN package!

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and krumbled

FIRST BAPTIST CHURCH
 J. B. HOLT, Pastor

The visit of Brother Lee to our Association was a blessing to every point visited on the round. The people received us gladly and showed a fine interest in the work. We predict a splendid ingathering this fall for the 75 Million work.

Bro. F. E. Garrett led the prayer meeting Wednesday evening of last week.

Our Sunday School had on a double header last Sunday morning. At the regular study hour all annual promotions were made and then at 11 o'clock we had a splendid program on State Missions. Every class and department made an offering.

The B. Y. P. U's. had interesting sessions. The Intermediates installed their new officers and rendered a good program. The Seniors, too, had a fine time.

At the evening hour the pastor preached on "The fool hath said in his heart there is no God."

Make your plans to attend every Sunday evening service. It greatly hinders the church's evangelistic work if you are not present. The evening appeal is especially for the lost. Are you not interested in the salvation of the lost?

There is a pleasure and profit in the proper observance of Sunday:

1. Use it, making it the brightest, best and most blessed day of all the week.

2. Remember it, thinking of its source in the Father's will, its duties of rest and worship, its blessings to body and soul.

3. Do only necessary work, for some work is necessary every Sunday. Do it, then, as it should be done.

4. Attend church, for it has its

spiritual, intellectual, social and civic advantages.

5. Read the Bible, giving it special attention during the quiet hours of the Sabbath.

6. Read other good religious literature, for there are plenty of good books, papers and magazines suitable for Sabbath reading.

7. Minister to others, imitating Jesus, who performed seven of His miracles on the Sabbath day.

8. Exert a positive influence for Christ, for on Sunday the Christian has an unparalleled opportunity for service.

9. Plan for future usefulness, looking to Christian growth, equipment and service.

10. Have your quiet hour, a season of strengthening, of clarifying one's vision and aims, of communion and fellowship with God.

And now all together for the great 75 Million fall roundup. Pay your pledge in full if possible. All pledges must be in by November 1st. It will take \$800 to put us over the top. Pride and loyalty as well as faithfulness to Christ prompt us to do our best.

Do not forget your offering for current expenses. We are running behind now.

We hope to see you at all services next Lord's day.

A Japanese syndicate has acquired large estates in the far interior of Peru and is manufacturing, on a huge scale, cocaine and other alkaloids which it ships from the obscure port of Eten after packing the drug over mountain ranges instead of using the more accessible port of Callao. The natives of Peru chew the coca leaf as a stimulant to such an extent that they have become degraded to a plane slightly above that of animals, while in Chile, where the drug is unknown, the Araucanian tribe is a strong virile race that the white armies have never conquered.

Kerrville can establish improvement districts to provide for sidewalk building and the improvement of the streets, so why not do that?

With the citizenship of Kerrville united there will be means found to make the improvements needed to provide for better streets and a more healthful situation.

The price of 53 to 60 cents for mohair sounds mighty good to those who have it for sale. Wool is also bringing a good price. Kerrville has exceptionally strong financial and storage facilities for handling your wool and mohair.

Texas is operating under a deficit. If the populous and rich land counties would assess on an equal per cent of valuation with the thinly populated and stock raising counties of the State, there would be ample revenue for all needs. However, this equalization will not be reached until the State Senatorial districts can be fairly redistributed and a State Equalization Board empowered with authority to bring assessments upon a basis of equality.

MONTE CRISTO—"THE WORLD IS MINE."

MONTE CRISTO—ONE! TWO! THREE!

MONTE CRISTO'S FATEFUL WORDS AS ONE AFTER THE OTHER WENT HIS ENEMIES TO THEIR JUST DOOM.

MONTE CRISTO—From the World Renowned Novel of Alexander Dumas. The Epic of Love, Adventure and Revenge. Generations have read the story; school boy and school girl; grandmother and grandfather. It is the picture millions have waited for.

It is with pride that we offer the people of Kerrville this Wonderful Masterpiece, direct from its first run engagements in Dallas and San Antonio.

The above program represents the standard established by THE PLAY HOUSE. Your patronage and support will maintain this standard.

TEN THOUSAND EACH DAY FOR ADVERTISING

William Wrigley, of chewing gum fame, spends \$10,000 every day for advertising. He must get results or he would not have the money to spend. Other advertisers must also get results from their expenditures and some of them are enormous. For instance, pick up the Saturday Evening Post and it is never lacking for ads. Its color page sells every week for \$8,500 and the other pages bring the same figure, and black and white pages sell at \$7,000 per issue. The centerspread brings in \$17,000.

A NEW POLITICAL LINEUP

Houston Chronicle: We are in the midst of a political stampede.

Each of the two great parties is losing its identity; is ceasing to function as a vehicle of definite expression.

What is there in common between the Lodge faction of Massachusetts and the Johnson faction of California? Yet they both go under the name of Republican.

What is there in common between the recent San Antonio convention and Tammany Hall? Yet they both go under the name of Democrat.

Most of the issues which now divide us as a people have sprung into being since either party was born.

They have appealed to us without regard to party affiliations.

There are prohibitionists and anti-prohibitionists in both parties; also, injunctionists and anti-injunctionists; also, free-traders and protectionists; also, non-partisan leaguers and a Wall Street crowd.

Some Democrats want the Constitution radically revised; also, some Republicans.

Some Republicans want the Constitution let alone; also, some Democrats.

Party leaders have to trump up artificial issues to get a plausible division along party lines.

The real divisions are to be found within each party, not between them.

We are not going on this way very long. It is fundamentally opposed to the system and purposes of Government under which we live.

Issues always have, and always will, produce parties.

Don't forget the care of poultry and the milk cow. Arrange for more poultry and dairy products next year, as there will be thousands of more people through here than have heretofore visited this section. Traveling will be easier owing to our improved highways.

The building activity in and about Kerrville continues, and as fast as completed, the new residences and cottages are occupied. This indicates a steady and substantial growth of Kerrville. There is not a single business house vacant in the town, which is also a good sign of stability.

Republican leaders express themselves as pleased with the outlook for the election of a majority in Congress. Well, as long as you fellows have the President and Senate, there is no use for the Democrats to get in control of the Lower House, it would simply bring about more confusion and less legislation of any benefit, and the Lord knows it is bad enough now.

The Attorney General of Texas held that George Peddy was not eligible to a place on the Republican ticket as nominee for United States Senator. This is no doubt the law, but the disgruntled Democrats and the Republicans who were willing to accept anything that offered a chance to split the Democratic party, are very much incensed that a compliance with the law should thwart their scheme. If it could be arranged to allow Mr. Peddy's name on the Republican ticket, few Democrats would object. What the Democratic and Republican voters, opposed to such a political affiliation, would do to him would be a plenty.

PLATFORM DEMAND TO BE EXPLAINED

Texas Highway Association to Conduct Campaign of Education.

Waco, Tex.—The Texas Highway Association, with headquarters here, is preparing to conduct a campaign of education between now and the regular session of the Legislature to call attention to the full meaning of the highway plank in the Democratic platform adopted at San Antonio. The platform declares in favor of a State system of highways but recognizes that without Federal aid such a system cannot be built. It then accepts the provisions of the recent act of Congress, "which declares that in the near future Federal co-operation in road building will be extended to those States only that provide that the State, through a properly authorized and equipped agency, shall finance from funds under the direct and exclusive control of the State the construction, maintenance and operation of a State system of public highways." The platform then adds the following:

"We therefore recommend and urge upon the 38th Legislature the necessity for favorable action on all legislation, whether constitutional or statutory, that may be deemed requisite to enable the State to take over the construction, maintenance, control and operation of a system of public highways without prejudice to the constitutional rights of the counties and of the State."

The Texas Highway Association calls attention to the fact that what this proposal is to give the State Government the authority to construct a State "system" and to maintain and operate that system. Under the Federal law such a "system" shall not exceed seven per cent of the total road mileage of the State, so far as Federal aid is concerned. In Texas this seven per cent system would embrace about 12,000 miles of highways, touching practically every county in the State. The authority it is proposed to give the State over to this system would not interfere with the powers and jurisdiction of the counties over the remaining 92 per cent of the roads nor disturb any of their present revenues nor their powers of raising revenue.

The Association points out that it is necessary to pass such legislation in order to continue to receive Federal aid for highway construction in Texas, and it is necessary also if a State system of highways, such as is being constructed in other States, is ever to be a realized fact in Texas.

Ladies Suits, Coats and Dresses for fall in the newest styles and fabrics at Chas. Schreiner Co's. (Advertisement 36-tfc).

Mrs. Martin Dies returned Monday from a three days' visit in San Antonio and San Marcos with relatives, motoring both ways.

Would rent my home to a couple or small family who might care to board myself and wife. Dr. P. J. Dominguez. (Advertisement 40-tfc).

The Woman's Auxiliary of the Presbyterian Church will meet at 4 o'clock this Thursday afternoon with Mrs. J. F. Leisering as hostess.

Miss Edith Tullis has started a class in bookkeeping, shorthand and typewriting, and can take care of a few more pupils. Phone 137.

The Guild of the Episcopal Church met with Mrs. J. S. Whelless Tuesday afternoon. Business was attended to and refreshments of salad and sandwiches were served.

White House Flour for the particular housewife, every sack guaranteed. 48-lb. sack, \$1.90; 24-lb. sack, \$1.00. J. W. BURNEY, Phone 128. (Advertisement 40-tfc).

F. Fisher has bought the interest of A. Strauch in the Home Market and will continue the business at the same stand. Mr. Fisher solicits a portion of your fresh meat trade and will strive to please you in quality and price.

Tuesday morning, Mrs. J. D. Jackson left for Carthage, Ill., accompanying Mrs. Julia Stephen, grandmother of Dr. Jackson, to her home. Mrs. Jackson will remain away for a week, intending to return by Marlin, Texas, for the three days of the Presbyterian Synodical.

Fredia Peterson had with her this week-end a former El Paso school chum and classmate, Miss Lucille Buchanan, who is attending the Incommut Word College at San Antonio. Miss Buchanan expects to spend many of the coming holidays in Kerrville with her friend.

Mrs. W. C. Fawcett was hostess to the Monday Choral Club at the home of Mrs. W. A. Fawcett on the afternoon of October 2nd. Though there was a small attendance on account of a conflicting party, the work on the new song made a good showing, and those in attendance had a good time.

HIGHWAY CRISIS IS NOT REALIZED

Highway Association President Says Organization Needed to Waken People.

Waco, Tex.—The chief reason Texas is still without adequate highway laws, and is now threatened with a discontinuance of Federal aid unless those laws are modernized, is that the facts have never been properly presented to the people, in the opinion of W. V. Crawford of this city, President of the Texas Highway Association.

And the chief reason for this is that there has never been the proper organization to perform this task, he declares.

"The people cannot be expected to comprehend the highway situation unless somebody places the facts before them," says President Crawford in a statement just issued. "And placing such a question before the people of a State the size of Texas is a big job. That job can be performed only by means of organization, and organization on a scale in keeping with the size of the job. The Texas Highway Association has been organized to undertake this work and it has tackled it with no illusions as to its size. We know it is a big job, that it will take work and money to get the information to the people. And we know that it will require the co-operation of everybody who is alive to its importance. We need the co-operation of the newspapers, of chambers of commerce and other civic bodies, and most of all we need the co-operation of individual citizens who want to see Texas go forward and not backward. We want every such citizen to join the association."

"It is fashionable to blame the Legislature when there is failure of necessary legislation. We don't think the Legislature should be blamed. The average member of the Legislature wants to do the will of his constituents. But when his constituents have not been informed on a question, when they have false ideas about it, we cannot blame a member of the Legislature for reflecting that condition. We must discuss this matter with the people, and that takes organization. The man who wants to solve our highway problems in a way to promote the general welfare, therefore, can help in no better way than to join the Texas Highway Association and thus assist in the work it has undertaken."

Subscription Honor Roll

The following have either subscribed or renewed the past week to The Kerrville Mountain Sun:

- J. M. Sutton, R. L. Mangum, Capt. A. W. McMillip, L. M. Ballinger, J. J. Delaney, G. U. McCreary and Chas. Johnston, of Kerrville; Chas. Real, Rural Route; Leroy Fessenden, Ingram; Mrs. S. V. New, Hunt; Jas. Crockett, Center Point; A. D. Evans, Corpus Christi; Walter J. Anderson, Galveston; B. Nelson, Aransas Pass; Francis Melear, Conway, Ark.; and Wilbur Ellis, Kansas City, Mo.

Celery was once a fall and winter luxury associated with turkey and cranberry sauce but now it is eaten during the entire year. The celery industry in the last few years has grown from a novelty crop to a business of 17,000,000 crates in a year.

Members of the Italian Chamber of Deputies will not be permitted to carry their guns during sessions but must deposit them outside in lockers, specially designated for the purpose, in the cloakroom. The new ruling grew out of the threat of a Fascist Deputy to draw his revolver against a Communist deputy.

WILL TEXAS FORFEIT FEDERAL AID?

According to the Texas Highway Association, Texas receives five dollars from the Federal Government for highway construction for every dollar which this State contributes in taxes to the Federal highway fund. The other four dollars are paid in by other States. Texas receives more Federal aid for highways annually than any other State in the Union. But this Federal aid is threatened, the association points out, unless the laws of Texas are changed to conform to Federal regulations. The States that are paying the extra Federal taxes being spent in Texas have conformed. The association is carrying on a campaign to have the necessary changes made in our laws.

The American Bible Society, Astor Place and Fourth Avenue, New York City, now publishes the Bible in more than 700 different languages and dialects. Where savages have no written language the missionaries hit on the scheme of "phoneticizing" the spoken language and then translating the Bible into this phonetic language.

THE PRESBYTERIAN CHURCH

Cordially Invites You to the Following Services, Sunday, Oct. 8th

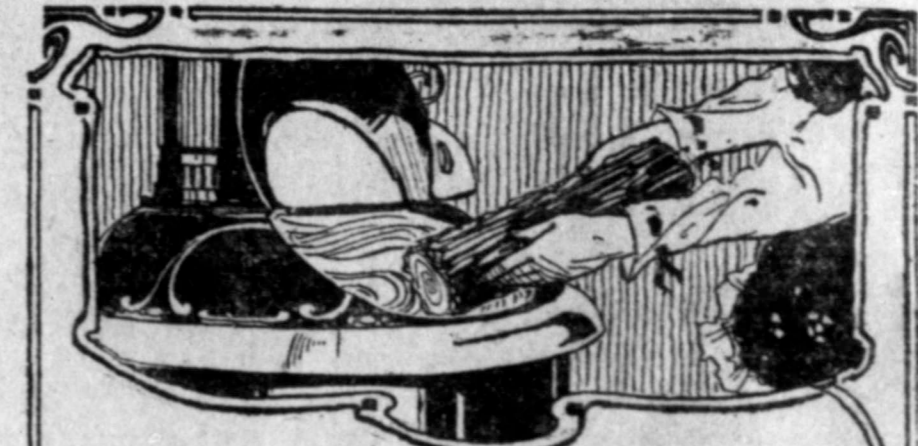

Sunday School at 9:45 A. M.
Junior Christian Endeavor at 4 P. M.
Senior Christian Endeavor at 6:45 P. M.
Preaching at 11 A. M. and 7:30 P. M. by Pastor W. P. Dickey.
Woman's Auxiliary meets this Thursday at 4 p. m. with Mrs. J. F. Leisering.

Jno. S. Callaway, prominent merchant of Ingram, was in Kerrville Wednesday afternoon on business.

Miss Helen Mueller of San Antonio is visiting among her old friends this week. She is the house guest of Mrs. and Miss Galbraith.

The average life of a \$5 bill is 18 months through the country as a whole, and but eight months in dense centers of population.

A new aluminum alloy has been developed which is sold under the name "silumin." It is the invention of a German and contains 11 to 14 per cent of silicon and 86 to 89 per cent of aluminum. It is unaffected by wet steam and resists concentrated nitric acid better than aluminum. The alloy is made from its elements in the electric furnace or directly.

Perfect Safety

NO danger of soot, sparks, smoke or ashes, from the smoke proof feed door on

COLE'S Original Air-Tight Wood Heater

No smoked wall paper or lace curtains. No danger to your clothing when putting in fuel. The construction of this smoke proof feed door is such that the smoke and flames are drawn back to the flue, eliminating all chance for sparks, soot, etc., escaping into the room.

The Play House Theatre

Friday and Saturday, October 6th and 7th:

FEATURE—CHARLES (BUCK) JONES in "WEST OF CHICAGO."
BUCK JONES' latest picture, "WEST OF CHICAGO," is a speedy picture with plenty of action, and portrays life on a Texas ranch. BUCK JONES, as Conroy Daly, gives a peppy performance and will delight his audience with his suave manners and dare-deviltry.
"KINOGRAMS"—Up-to-the-Minute News.
"UPPER AND LOWER"—Comedy.
The 15th Episode of "GO-GET-EM HUTCH" will be shown Friday.

Monday and Tuesday, October 9th and 10th:

SUPER-SPECIAL—MAE MURRAY in "BROADWAY ROSE."
You have not seen MAE MURRAY at her best until you see "BROADWAY ROSE." This is positively the best picture in which MAE MURRAY has ever appeared—it is even better than "FASCINATION," and you know that is saying a whole lot. A glittering drama of the Bright Lights of Broadway with gorgeous gowns, stupendous sets and a love story of deep appeal. Yes, and she dances—a dance daring even for Broadway.
"MOVIE CHATS"—Something of Everything.
"FATHER'S CLOSE SHAVE"—Comedy.

Wednesday and Thursday, October 11th and 12th:

GRAND SUPER-SPECIAL—"MONTE CRISTO," the FOX SPECIAL PRODUCTION.
This is the faithful reproduction of DUMAS' IMMORTAL STORY, depicting the THREE STRONGEST PASSIONS known in a life-time—LOVE! HATE! REVENGE! JOHN GILBERT heads an ALL-STAR CAST in this WONDER tale of adventure and mystery. Scenes of dazzling splendor during the reign of the great Napoleon.
HAROLD LLOYD Comedy, "HERE COMES THE GIRLS."
"PATHE NEWS."

MATINEES: Saturday, 3:00 P. M.; Monday, Tuesday, Wednesday and Thursday, 4:00 P. M.
Evenings, 7:45 P. M.

How Far Will Your Dollar Go Today?

WHAT you get for a dollar determines its value. And the secret of economical buying is information. The man or woman who is best informed is the one who buys to best advantage.

Every week this newspaper contains information that you should have in order to increase your buying power. The advertisements are intimate little lessons in economy. They are notices of how—where—when and for what your dollar will go farthest.

This advertising awaits your pleasure. It does not force itself upon you. At your convenience you can study it to learn where to go for the product or service you require—to discover where and how you can buy most easily and to best advantage.

It's a fascinating and worth-while practice to see just how you can make your dollar do its best for you.

Miller Harwood has a new 1923 model Buick, which is some classy car.

KODAK FINISHING—The Professional Way. WHEELUS. (Advertisement 30-tfc).

John Ayala has added a new Willys-Knight car to his auto service between Kerrville and San Antonio.

Pears by the bushel, truck or carload. Mosty's Nurseries, Phone 37, Center Point. (Advertisement 39-4tc).

A. P. Brown accompanied Leo Burney and family to Rocksprings last Sunday and spent several days there.

Miss Maybelle Roberts left last Sunday afternoon for Waco, where she will again attend Baylor University.

R. L. Schmerbeck spent a day in San Antonio last week and one day in Fredericksburg, buying and selling Buick cars.

Judge W. C. Baker left for Galveston Monday afternoon to be gone the greater part of the week, attending to legal business.

Mrs. W. B. Childs and little daughter, Mavis Corinne, left last Sunday for Victoria to visit Mrs. Child's parents, Mr. and Mrs. A. H. Warburton.

HOGS—I am buying hogs delivered, or will go after them, paying the market price. J. F. LEISERING, Phone 259-White. (Advertisement 30-tfc).

Fritz Bierschwale of Harper, who underwent an operation for appendicitis Monday of last week, is improving nicely, which will be pleasant news to his many friends.

L. B. Beasley, wife and two children of San Angelo were in Kerrville for several days on a visit to Mrs. Beasley's sister, Miss Kate Conger, who is a nurse at Dr. S. E. Thompson's Sanatorium.

Leo Burney and wife of Rocksprings were guests in Kerrville over night last Sunday on their way home from San Marcos, where they had been to place their two daughters in the Baptist Academy at that place.

Hemstitching, Button Holes, Buttons, Stamping, Pleating. Mail orders given special attention. Mi Ladye Shoppe, 503 N. St. Mary's St., San Antonio. Sally Goulding Vann and Viggie Dorph, Props. (Advertisement 39-4tp).

Theo Dietz, who was formerly engaged in the bakery business at Kerrville, has charge of the Pfeiffer Bakery, and has fixed it up in nice style. He solicits a share of the patronage of the public in Kerrville and surrounding country.

R. L. Mangum and family have arrived in Kerrville to make their home here for the present. Mr. Mangum is the representative in this section for the Delco Light Products. He is a genial gentleman and the Sun welcomes him and family here.

E. Nelson of Port Aransas was a pleasant caller at The Sun office Monday and had his name enrolled for a year's subscription. Mr. Nelson was born on the Johnson Fork above Kerrville and takes a great interest in this section as well as his many old acquaintances.

There will be a game of football next Sunday afternoon at 3 o'clock at the Baseball Park between the Kerrville All-Stars and the Kelly Field team of San Antonio. The game will no doubt be an interesting and lively one. It is stated that the visitors plan to make the trip in airplanes.

Capt. A. W. McKillip and wife returned last Saturday from Colorado Springs, Colo. The Captain was much improved by an operation he had a while before leaving for his summer trip, and also the change to Colorado helped him considerably. His many friends are glad to see him restored to good health.

Mrs. W. E. Williams and two grand children, Jimmie and Ethel Williams, left Monday afternoon for Portland, Ore., where they will make their home. Miss Ethel Williams and Aunt Lou Wharton accompanied them as far as San Antonio, returning the next day. Mr. and Mrs. W. G. Ward have taken over the boarding house business.

D. H. Compartment recently purchased a new Nash Six, five-passenger touring car from us and now reports that they are more than pleased with their purchase. He advises that on last record he is making 23 miles per gallon of gas. This is in line with the Nash slogan, "Nash Leads the World in Motor Car Value," and is what all Nash users have reason to expect and are getting from their cars. See us when in market for car.—RICHARDS GARAGE. (Advertisement 42-1tc).

The ladies of the Episcopal Church have for the past several months been having a series of teas to raise money for improvements on their church. Tuesday of last week Mrs. Hugh Perry gave a silver tea, at which offerings to the amount of \$11.50 were given. The guests were invited into the dining room, artistically decorated in goldenrod and zinnias, where delicious sandwiches, cake, chocolate and tea were served. Mesdames G. F. Schreiner and Frank Hart poured tea and chocolate, respectively.

Miss T. M. Gullette of Houston is a guest of Mrs. Ola B. Gammon.

Chronic car troubles solicited at Richard's Garage. (Advertisement 34-tfc).

Chas. Pincoffs has moved to the residence between August Henke and A. Enderle on Water Street.

Mrs. W. T. Montgomery of San Antonio came up Wednesday to place her daughter in the Scofield School for Girls.

Wagon Sheets—heavy Government covers—reclaimed, cheap. BURNETT'S CASH STORE. (Advertisement 41-tfc).

Mrs. A. C. Schreiner and Mrs. W. P. Dickey returned Monday evening from Glenrose, where they have been the past two weeks.

KEEP WARM! Buy my stoves—box heaters, sheet iron heaters, at a very low price. BURNETT'S CASH STORE, Phone 181. (Advertisement 42-1tc).

Mr. and Mrs. Geo. M. Doyle arrived in Kerrville Monday and expect to remain here for a week or so. Their many friends gave them a cordial greeting.

Ever get tired building fires? Cole's Original Air Tight Wood Stoves hold the fire all night. Better look at one. W. A. Fawcett Furniture Co. (Advertisement 1tc).

At Mrs. A. Schofner's, a complete line of Ladies and Misses Coat Suits, Coats, Wool and Silk Dresses, Sport Skirts, Blouses, Sweaters—everything in the way of Ladies Ready to Wear. (Advertisement 42-1tc).

Archie Merritt, wife and little daughter came down from the Anderson Ranch on the Divide last Saturday on a shopping trip and to visit with relatives and friends. They returned to their home Tuesday morning.

Mr. and Mrs. E. R. McCullough, who are making their home at the St. Anthony Hotel in San Antonio, were in Kerrville this last week on one of their regular visits to their son at Dr. Thompson's Sanatorium.

Ellis McDoniel, who was with The Sun office for quite a while, has accepted a position with the First State Bank. Ellis is a reliable and capable young man and we are glad to see him have as good an opening offered.

Evan Baker of Pontotoc, Miss., who has been spending the summer at the home of Mr. and Mrs. Dan Rees, left for Dallas last Friday to visit with Mr. and Mrs. W. B. Caldwell. Mrs. Caldwell will return to Mississippi with him.

Judge Burney returned last Saturday from Batesville, where he had been holding Zavalla County District Court. He will have to return to Batesville next week for winding up some business, and from there will go to Hondo to hold a term of court.

Charlie Henderson sent a Porto Rican yam potato to The Sun office Tuesday that weighed eight pounds. This potato was raised on Johnson Creek without irrigation. It was a fine specimen. Who is next on prize potatoes in the Johnson Creek section?

Mr. and Mrs. Leslie N. Shaw of San Antonio were pleasant visitors this past week in the homes of Judge and Mrs. Lee Wallace, and Judge and Mrs. J. S. Wheelers. Mrs. Shaw remains this week for a visit and Mr. Shaw will spend the next week-end here.

Sheep Club Boys Hold Annual Fair

Junction, Texas, Sept. 29.—The third annual show and sale of the First National Sheep Club of Kimble County was held at Junction this week. This club, organized three years ago, has a membership of 50 boys; Robert Real is president and Oren C. Reid, vice president. Each boy was furnished with registered ewes out of the Real flock. There were 800 ewes originally bought. The total number of sheep on hand is 900, all being of the Delaine class. Thirty-four bucks were on exhibit, and in the competition for prizes, C. M. Wolf, E. M. Burt and Fred Duderstadt, judges, awarded the first prize to Alton Fleming, the second to Gus Banowski and the third to J. D. Baker.

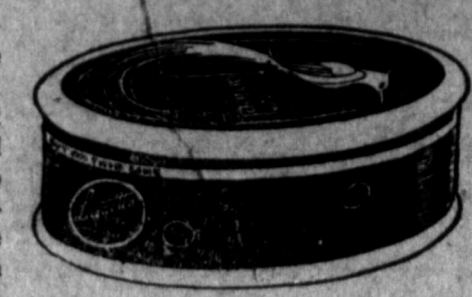

Short encouraging addresses were delivered by Weaver Baker, Judge J. E. Randolph and Coke R. Stevenson. Most of the sheep on exhibit were sold for good prices.

Yoakum Regulates All Begging

Yoakum, Texas, Sept. 28.—This little city has passed an ordinance prohibiting orders being taken, goods delivered, then or 10 days later, unless permission is obtained from the city secretary, which costs \$2.50 and is good for 12 months. Another ordinance covers subscription agents; this work cannot be carried on until credentials are examined by the city secretary and an official of the chamber of commerce, general manager of the city, after which a permit is issued, costing 50 cents.

Placards over the business section carry due notice that no charity will be administered to anyone until the proper committee of the associated charities unit here and some official from the chamber of commerce endorses the applicant. Further, it has been agreed and is closely followed that no advertising scheme is permitted to proceed until proper representatives of the chamber of commerce have endorsed it. Thus, beggars and orphan home representatives, who have plied their work here for a number of years, it is stated, term Yoakum a "hard boiled" town. It is felt that the plan is fair to all, a protection to the worthy, and saves hundreds of dollars for the business and professional men during the year.

A NEW 15-MINUTE BEAUTY-BRINGING TREATMENT

TODAY, try this simple treatment. The results will surprise you.

First: Cleanse face and neck thoroughly with a good cold cream, pinching face gently to stimulate circulation and dislodge superfluous oil from the pores. Don't pinch hard enough to hurt, however.

Second: Remove cream with a soft face-cloth, wrung out of very hot water.

Third: To the still moist skin, apply Combination Cream JONTEEL. Pat gently with finger-tips—especially under chin. As you work, dip finger-tips occasionally into warm water—finishing with a dip or two into cold. You'll be delighted with the cool, refreshed feeling this cream gives—at the eagerness with which your skin drinks it in, and the velvety smoothness it imparts to the flesh.

Fourth: After cream has thoroughly disappeared, leaving skin soft and smooth, go over lightly with Face Powder JONTEEL. If more color is desired, add a touch of Rouge JONTEEL.

Then take a good look in the mirror. Your complexion will look fresher and younger. You'll be surprised that such a simple, easy little treatment can have accomplished so much.

And like thousands of others, you'll be in love with cool, fragrant Combination Cream JONTEEL—you'll be using it daily, to beautify, heal, and protect the skin; especially before powdering—for it leaves such a uniform surface for the powder to cling to.

Don't put off trying it. Ask for Combination Cream JONTEEL ONLY at a REXALL STORE. It is obtainable nowhere else.

WHY? THAT IS WHAT I Want You to Know

Why I Can Sell You Dry Goods, Shoes, Groceries and Feed So Reasonable

Simply because I buy for Cash and my operating expenses are less.

Every line of business to be successful must figure a profit on the cost of the goods and the expense of handling them, so reducing the expense of selling goods counts for as much as buying them at a low price.

All I ask you to do is to come to my store, look over the splendid line of goods I have, price them, and if you do not find that I can save you money, I will not expect you to purchase them.

I have a free camp yard adjoining my store where you can be comfortable.

Will pay highest market price for your produce.

ISN'T THIS LOGICAL? THEN WHY BE SICK?

Within our skulls is a mass of Nerve Tissue—the most exalted form of matter, for in it somehow, somewhere, begins and resides Life, that Innate Intelligence which is born with us and never leaves us till the body is no longer a fit habitation for it.

This Life Force is delivered to every organ and tissue of your body by Nerve Fibres. Leading from the brain they pass down through the spinal canal, branching out through little foramen or holes, between every segment of your spine. They divide and sub-divide throughout the entire body and it is over these tiny strands that Life Currents are carried from the Brain to every part of the body.

Everyone knows that if the nerves leading to the arm are cut, that arm is paralyzed. Why? Because the nerves act as tiny telegraph wires, which carry this life force from brain to arm.

Now if cutting of nerves supplying the arm paralyzes it, won't cutting of nerves supplying other organs paralyze them? For instance, stomach, liver, kidneys, heart, lungs, spleen, in fact every tiny unit of the body.

BUT—it is not necessary for a nerve to be cut to lose part of its ability to carry life force. If it is squeezed, the life force will be cut off in just that proportion and all the tissues it supplies with life currents are starved of that Essential Thing by which they live and which directs them in their work.

You can see then, how these organs or tissues can not continue to live as before, but become abnormal or diseased.

If so, then what is the most sensible thing to do? Release the pressure on the nerves, of course.

That is a Chiropractor's business, to locate and adjust these Subluxated segments of the spine, Releasing the Pressure and allowing nature to go ahead with her work, bringing about Health or Ease rather than disease.

CONSULTATION FREE.

CENTER POINT COMMENTS

Mrs. Dan Posey spent last week at Mullina, guest of Mr. and Mrs. R. P. Cox.

Pat Cox and Mr. and Mrs. Dan Posey visited relatives at Medina last Sunday.

Mrs. A. J. Gibbens is spending several days in San Antonio, the guest of her daughter, Mrs. R. W. Bennett.

Mrs. M. A. Shumard of Boerne is spending several days here visiting her brother, Malnor Shumard, and his family.

Mr. and Mrs. R. L. Thompson from Mason are here visiting Mrs. Thompson's father and mother, Mr. and Mrs. W. P. Hood.

W. J. Work has recently purchased from Mrs. R. W. Nowlin a plot of some three acres of land one mile out on the Verde road where he expects to erect a residence in the near future. The location is an ideal one, on an elevation overlooking the Verde Creek valley.

County Demonstrator Oswald was here Tuesday talking with our stockmen about the proper ration for feeding cattle where one is aiming to fatten them for the market. He has promised to furnish an outline of what constitutes a balanced ration from a practical and scientific standpoint. He further said he wanted to observe these cattle and have them weighed from time to time in order to test out the feed value of the ration.

This week seems to be moving week here. J. R. Hodges has moved to his farm on Verde Creek near Camp Verde. Sam Hodges moved in from the above named farm and will occupy the residence vacated by his father, E. Page and family have moved to the McMain farm on Tule Creek. Mrs. Vida Lowrance has moved into town from her place on north side of the river. Mrs. Ferrell and Mrs. Knierime have moved to the Dewitt Burney place two miles below town.

Frank E. White had the misfortune of losing his residence by fire Sunday night. The family were absent from home at the time and hence the origin of the fire is not known. The flames had gained such headway when discovered that nothing could be done to save anything. The house and contents were a total loss. However, the house and furniture were pretty well covered by insurance. Mr. White is the owner of the Center Point News, but at present is absent in North Texas. He and his estimable family have the sympathy of the entire community in their ill luck.

Washington, D. C., Oct. 3.—Official announcement was made at the White House following today's Cabinet meeting that the United States will inaugurate no threatening gestures, either diplomatically or in a military way, in the dangerous Near Eastern situation.

It was stated on behalf of President Harding that those who expect the American Government figuratively to mount a platform and indulge in loud language are doomed to disappointment.

President Harding believes, in common with his entire Cabinet, that the American policy so far pursued—alleviating distress and nonparticipation in the political or military maneuvers of France and England—is representative of the great under-current of American sentiment.

A new machine for reducing oil from shale rock is at work near Denver. The invention is a series of revolving rotors, heated by oil burners. The shale rock is dumped in the hopper and comes out at the rear of the machine as black dust made up of hydrocarbons of high commercial value. According to the president of the Colorado School of Mines, the invention will revolutionize the oil industry.

Certain railroad trains in Rumania are so crowded with the roving populace that the conductors cannot collect fares. There are not enough passenger coaches to handle the throngs of people who want to travel and the passengers are forced to ride on the roofs, running boards, bumpers and undertrucks of the coaches. Fights and altercations and accidents, fatal and otherwise, are of frequent occurrence.

"You won the war for us, we Englishmen say it from our hearts," said the British knight, here on an official mission.

"America arrived just in time with its two million and a half men," he continued. "The greatest achievement of the war which history will record is the fact that General Pershing transported 2,500,000 men to Europe, virtually without an accident."

Chicago, Oct. 2.—Who won the war? America won the war—Rudyard Kipling, Horace Bottomley et al., to the contrary notwithstanding.

With no evasion, with no playing with words, but with force and emphasis, Sir Walter Wakefield, former Lord Mayor of London, so declared in a speech last night at the Orchestra Hall.

"America arrived just in time with its two million and a half men," he continued. "The greatest achievement of the war which history will record is the fact that General Pershing transported 2,500,000 men to Europe, virtually without an accident."

SAVE MONEY

Have your last year's hat cleaned and reblocked---it will save buying a new one. A very nice line of new hats and caps at moderate prices on display now.

KERRVILLE HAT WORKS

Edwards County Echoes

Leader, Sept. 29th: L. A. Schreiner, well known banker of Kerrville, was here Wednesday and returned to Kerrville Thursday morning. Mr. Schreiner is president of the local First State Bank.

R. M. Hurley, who moved from here to Kerrville not long since, was in town Monday, having come to get the balance of his household goods. He is now working on the Soldier's Sanatorium.

A. W. Rau, who ranches on the John Smith ranch about 20 miles west of town, was in Wednesday and reported he had been having some good showers and that his country was looking pretty good.

The pecan crop in Nueces Canyon is almost a total failure this year. While at Barksdale Saturday, Jim Brown, who has a large fine pecan grove across the river from Barksdale, told us he thought perhaps he would get enough pecans for home use. He said here and there you could find a limb full of pecans. He attributes the pecan failure to the freeze we had last March.

There was more rain about over the country Saturday afternoon. J. T. Brown says he got a good rain at his ranch about twelve miles out the Junction road, and we hear it extended on south toward Hackberry and Vance. And returning from Barksdale Saturday night we noticed a good shower had fallen in the Ed Young pasture a few miles south of town. The country from the Ed Young ranch down to the Field ranch in Pulliam Valley is assured of winter range, the grass being just about as fine as it could be.

Seattle, Wash., Oct. 2.—Capt. Raoul Amundsen and his Norwegian pilot, Lieutenant Omdahl, plan to fly from Wainwright, Alaska, late next May or early in June and attempt to cross the North Pole and reach Spitzbergen, according to J. W. Ward, Government teacher at Wainwright, who is here today en route to Washington.

The world will probably not hear of the attempt until the explorer reaches Spitzbergen or late in July from Alaska that he has started and failed. He plans to carry sandwiches and tea on the 1,700 mile flight. In the meantime, Amundsen's ship Maud is drifting north with the ice floes and is expected to reach Spitzbergen within a year.

The full amount of the National debt is approximately \$23,000,000,000. The annual fixed charges against the United States Treasury on account of the public debt are \$1,300,000,000 and not \$41,000,000,000 as has been stated.

The ancestral home of Miles Standish is to be brought to America. Within six months the four rooms of the Standish home, now located in the parish of Standish, near Wigan, Lancashire, England, will be fitted into the house for some American whose family history in this country goes back to Mayflower days. The Standish house has been occupied by the Standish family since the Norman Conquest.

An unusually successful school term is being conducted by Miss Chipman as principal, assisted by Miss Lucile Matthews. It is noteworthy that a number of the young men of the community are availing themselves of the splendid opportunity to get an education that is afforded by the public school.

T. T. Campbell was up this week to oversee some improvements on his cottage, "Camp Bell," and also to have his ground enclosed with an attractive fence. Mr. and Mrs. Campbell are planning a lovely house party for Thanksgiving, complimenting their nieces, Misses Estell and Elizabeth McGuire, of Bolixi, Miss., who are attending school in San Antonio this winter.

HUNT HAPPENINGS

Lee Hall came down from the Divide for a visit with friends the past week-end.

Ab. Davis returned this week from a visit to his sons, Elton and Gus, in Hidalgo County.

Mrs. J. Clifton of San Antonio is the guest of her daughter, Mrs. J. E. King, at "Kamp King."

R. H. Harris has returned to his home in San Antonio, after a ten days' visit with friends here.

Isaac Zumwalt has returned from the Live Oak Ranch, where he spent a couple of weeks in windmill work. Mr. and Mrs. Whetstone and children of the Honey Creek community were here last Sunday to attend services.

Mr. and Mrs. Mangold and son, Otho, are preparing to move from their home on Kelley Creek to Hunt. This community is indeed glad to have such an esteemed family cast their lot among us.

Mr. and Mrs. R. C. Raas, who spent their vacation at Guadalupe View, have returned to their home in San Antonio, both delighted with the lovely scenery and splendid climate of the Hill Country.

Mr. and Mrs. Leroy Denman and son, Leroy Jr., of San Antonio were guests at Guadalupe View a couple of days this week. Mr. Denman had been to Rocksprings to attend court as an attorney for some parties at that place.

An unusually successful school term is being conducted by Miss Chipman as principal, assisted by Miss Lucile Matthews. It is noteworthy that a number of the young men of the community are availing themselves of the splendid opportunity to get an education that is afforded by the public school.

Quit Making Faces At Your Meals!

Ironized Yeast Gives the Stomach Natural Digestive Power!

There's one organ in the human body that "kicks back" when it gets weak, and that's the stomach. No stomach on earth can operate without vitamins-and-iron. The same thing is true about the nerves. There is hardly anything that can happen

Stomach-Power Gone! Ironized Yeast Quickly Builds Up Digestive Power. You'll Relish Your Food!

to the nervous system that is not at once reflected to the stomach. Weak nerves, weak stomach! Nature has only one answer: more vitamins ironized! But remember that Ironized Yeast is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all by itself. This is why Ironized Yeast produces almost immediate results in cases of loss of appetite, aversion to food, belching, gas on the stomach, fermentation, "dump-of-lead" feeling after eating, dyspepsia, indigestion. There is only one Ironized Yeast in the world; it contains yeast-vitamins-with-organic-iron, the very natural food-power which every strong stomach and every strong nervous system possesses. The answer is, ironize! vitaminize! Ironized Yeast, is sold at all drug stores at \$1.00 a package. Each package contains 60 tablets, each tablet is sealed. They never lose their power. Get Ironized Yeast, Co. Atlanta, Ga. Take Ironized Yeast, and you'll enjoy eating, and digest thoroughly everything you eat. That's life!

Frequent Headaches

"I suffered with chronic constipation that would bring on very severe headaches. I tried different medicines and did not get relief. The headaches became very frequent. I heard of

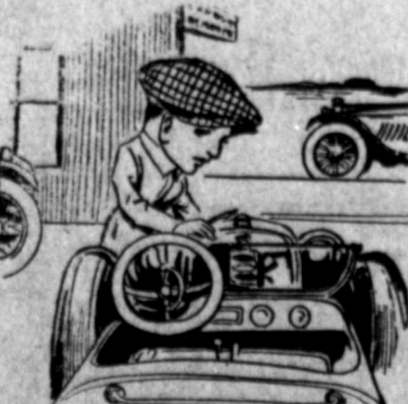

Theford's BLACK-DRAUGHT

and took it for a headache, and the relief was very quick, and it was so long before I had another headache. Now I just keep the Black-Draught, and don't let myself get in that condition." Theford's Black-Draught (purely vegetable) has been found to relieve constipation, and by stimulating the action of the liver, when it is torpid, helps to drive many poisons out of your system. Biliousness, indigestion, headache, and similar troubles are often relieved in this way. It is the natural way. Be natural! Try Black-Draught. Sold everywhere.

What About "Unseen" Plumbing?

It's unseen, but it's there—between walls, under floors, buried in the ground. One third of the cost of any good plumbing job, is for that unseen work. We believe that no part of a plumbing job is more important than the "unseen" plumbing. We know that unless unseen work is done right the first time, using the proper material and workmanship, there is sure to be costly trouble later. Our unseen plumbing stands the test of time and daily use.

BIGGEST HIGHWAY JOB IN HISTORY

National Road System to Be 160,000 Miles. To include Texas.

Waco, Texas.—The highway construction program of the Federal Government is the biggest project of its kind in history, much bigger than the project to build the Panama Canal, according to a statement issued by the Texas Highway Association here.

"The tentative program of the Government contemplates the construction of a national system of highways, composed of the various State systems, comprising seven per cent of the total post road mileage of the United States," says the statement. "It will include about 160,000 miles of improved highways, 12,000 of which would be in Texas. It will cost approximately \$3,000,000,000 and will probably require fifteen years to complete."

The Federal Government proposes to pay half of the cost of constructing this system, requiring that the State shall pay the other half in each case, and that the State shall maintain the roads after they are built.

In Texas the State has no authority to build and maintain highways, and temporarily this requirement has been suspended so far as Texas is concerned, in order to give the people the opportunity to change the laws so as to empower the State Government to build and maintain roads. So far the Federal Government has appropriated \$500,000,000 for road construction in the States, and about \$50,000,000 of this has been allotted to Texas. This money, however, is being spent only in counties which vote bonds to meet the Federal aid. The Federal law requires that this system shall be abolished and that the State system shall be constructed by the State Government as a connected and continuous system covering the entire State.

The Texas Highway Association is conducting a campaign to awaken the people to the necessity of passing the proper legislation to meet the requirements of the Federal Government and thus insure that Texas will have a State highway system as part of the national system. The Democratic platform adopted at San Antonio, urges upon the Legislature the necessity of passing such legislation.

TEXAS IS PLEDGED TO ROAD SYSTEM

Democratic Resolution Declares Acceptance of Federal Aid Pledge to Nation.

Waco, Tex.—In addition to placing in the platform a plank declaring in favor of such legislation as may be necessary to empower the State Government to co-operate with the Federal Government in constructing a State system of highways in Texas, the Democratic convention at San Antonio adopted strong separate resolutions emphasizing this matter.

Attention is being called to this fact by the Texas Highway Association, which has headquarters here. One of these resolutions particularly emphasizes the fact that in accepting Federal aid in the past, and in continuing to accept it, Texas has pledged itself to construct and maintain such a system. For Federal aid is allotted to the States on a basis which assumes that a State "system" of highways, comprising seven per cent of the total post road mileage of the State, will be constructed and maintained.

The convention expressed its recognition of this obligation in the following language: "We recognize the acceptance of Federal co-operation in highway construction, through allotments of Federal funds, as a pledge to the Nation for the construction and maintenance of a system of highways primarily serviceable as a State system, responsive to the needs of the citizens of the State, and secondarily providing the basis for a system of highways extending from State to State."

Texas has so far received and will continue to receive a larger share of Federal highway funds than any State in the Union. It is estimated that Texas receives five times as great a share of these funds as it contributes toward them in the form of Federal taxes. In other words the other States are supplying four out of every five dollars spent by the Federal Government in Texas for the construction of roads. This fact, the Texas Highway Association points out, makes the responsibility of Texas all the greater.

Most of the States in the Union have complied fully with the Federal requirements and are building State systems. Texas is one of a few States which have not complied with these requirements and the action of the Democratic convention was a pledge to the people that the Democratic nominees for the Legislature who will be voted on in November will pass the necessary legislation.

ONE COUNTY COULD DO IT.

A single county in Texas could bring about a situation in which all Federal aid for highway building in this State would be shut off, and the State Government would be powerless to prevent it. The Texas Highway Association is authority for this statement, and the Federal law is cited in support of it. The association will ask the next Legislature to make necessary changes in our laws to cure this situation.

Where Extra Service is Demanded Firestone Cords Predominate

WHEREVER the exacting and tests of tires are most severe—there you will find Firestone Cords in universal use.

The hard jobs seek Firestone. And so well has Firestone responded under difficult conditions—so consistently has mileage mounted to totals impossible to obtain from ordinary tires that today Most Miles per Dollar is the buying slogan of thinking motorists everywhere.

The blending and tempering of rubber, gum-dipped cord construction, air-bag cure—all these mileage methods have

been developed by men whose life work is the production of constantly increasing tire values for the public.

Users in this vicinity verify Firestone reputation, and report almost daily some new Firestone record of extra distance travelled.

Don't be satisfied to buy tires—buy values—the longest mileage at the lowest price consistent with such reliable performance.

Make Most Miles per Dollar your principle of tire economy—choose your next tire on that basis.
