1,200,000 POUNDS OF MOHAIR BRING OVER \$800,000

The Schreiner Wool & Mohair Commission Company Tuesday announced the sale of their entire accumulation of mohair as follows:

September 18th they sold 200,000 pounds at 60 cents; October 10th, 200,000 pounds at 70 1/2 cents; October 11th, 400,000 pounds at 70 1/2 cents, and October 14th, 400,000 pounds at 67 1/2 cents, or a total of 1,200,000 pounds, bringing in over \$800,000.00.

The market was very strong at the beginning of the season, but after the sale on the 10th began to weaken and is declining rapidly.

MOHAIR SELLS FOR 70 CENTS PER POUND AT KERRVILLE

Boston, Oct. 16.—Mohair offered last week in the scaled sale at Kerrville, Tex., brought the highest prices obtained in that State this season, reports received here stating that as high as 70 cents was paid. The entire quantity offered of approximately 400,000 pounds of hair was sold, one Boston house taking 200,000 pounds, it was stated. Practically all of this was bought on order and will probably never see the Boston market, unless it passes through here to some mill. Thus, the local situation is not changed greatly, so far as available stocks in the hands of dealers are concerned. There is still a good demand for fine hair, and scarcely any for the less desirable grades. The principal difficulty lies in finding suitable lots.

Because of the lack of stocks here, prices in this market are regarded as nominal. Based on the top prices paid in Texas, the best hair should be quoted at above 70 cents. Prices on other grades remain at the same levels, with good combing quoted at 40 to 45 cents, ordinary combings at 35 and 40, best carding at 50 to 55, good carding at 35 to 40, and ordinary carding at 30 to 35 cents.

It is reported here that the entire clip in Oregon has been sold to a Boston house.

Activities in foreign markets are not extensive so far as American buyers are concerned, though there is said to be considerable competition for the fine kids in the Cape and also some buying in England by American houses. Some shipments of hair arrived here recently from Turkey, but nothing more is expected for some time to come. Cape summer firsts are quoted at 35 to 38 cents, with winter firsts at 27 to 32, Basutos at 30 to 35 and average Turkish at 30 to 35 cents, all in bond.

LENGTH OF GIRLS' SKIRTS TO DEPEND ON SHAPE OF LEGS

Los Angeles, Cal., Oct. 16.—The length of girls' skirts next summer will depend upon the shape of the wearer's legs, according to Miss Claire West. Miss West is a noted modiste for the Hollywood movie colony.

"The 'gosing' of 1923 will wear her skirts as long or as short as her legs are beautiful," she said. "The damsel whose legs are without contour and which run to ankle, will be wise to keep a skirt of a little more length. But the girl with beautiful legs—let her make the most of them."

And here's something else: Bobbed

hair is to remain, according to Miss West.

"The bobbed locks of next season will be worn fluffy, but devoid of kinks," she said. "Coiffures will be made more alluring by the addition of a small bandeau, a jeweled comb cunningly arranged, a shimmering pin or two."

In conclusion, she said the best of today's conceptions will merge into next spring's styles.

OUR VISITORS APPRECIATE HOSPITALITY OF KERRVILLE

The following flattering letter from James T. Elliott, secretary-treasurer of the Sheep and Goat Raisers' Association, was received by a citizen of Kerrville, and it is one that any town might well be proud to have such pleasant things said:

"In behalf of all those who attended the meeting of our Executive Committee at Kerrville on October 9-10, 1922, we desire to express to you, and through you to the other good and hospitable citizens of Kerrville, our sincere thanks and deep appreciation of the many courtesies extended on that long to be remembered occasion. The hospitality of Texas people is noted the country over, and among its most successful and pleasing exponents there are none more graciously kind and adept in exemplifying the spirit of hospitality than the citizens of Kerrville.

"With warm personal regards to you, and to those near and dear to you, and best wishes to all your citizens, we are,

"Sincerely yours,
"SHEEP AND GOAT RAISERS' ASSOCIATION OF TEXAS,

"SWIVEL CHAIR MEN" IN GOVERNMENT JOBS PLAYED IN ADDRESS

Chattanooga, Oct. 14.—Thomas R. Preston, heading of the Tennessee branch of the War Finance Corporation, in an address before the Manufacturers' Association here last night, declared the "Government of the United States was waterlogged with laws and commissions, the greater number of members of which are incompetent to handle the problems coming under their purview."

As an example, Mr. Preston said that during the war, the head of the fuel administration was a college professor and his assistant was a jeweler. "So far as I can ascertain," said Mr. Preston, "there are approximately 700,000 civilian employees on the Government payroll, while it requires but 175,000 men in the United States army to police the Nation and provide for the national defense."

Mr. Preston said that the remedy for present ills was to get back to fundamentals of government and to the spirit of the Declaration of Independence.

EXECUTIVE BOARD W. O. W. EXPECTED KERRVILLE TODAY

The following telegram was received Tuesday morning by W. G. Carpenter from W. E. Fraser, chairman of the Executive Board of the Woodmen of the World:

"Omaha, Neb., Oct. 16th.—W. G. Carpenter, Kerrville, Texas: I feel certain we can arrange to visit Kerrville on 20th. Will discuss this more fully with our board on train tomorrow and will get in touch with you immediately on reaching San Antonio.

"We visit Boerne on the 19th, but do not believe we can make both cities the same day and do them justice. We arrive at San Antonio Wednesday, 10:20 on Katy.

"W. E. FRASER."

The object of the W. O. W. Board in coming to Kerrville, is to consider this place and surrounding country, for locating a National Sanatorium that is to be built by that large benevolent organization. There was a scouting committee on visit here several months ago, and on this trip of the Executive Board it will be determined whether this place will be further considered as a location for the Sanatorium, which is expected to cost \$1,000,000.00 when completed.

It is not believed that any section has the natural advantages possessed by Kerrville for such an institution, and this should be of considerable weight with the Board in a final decision.

The local W. O. W. will likely have a committee meet the Board at San Antonio, and also arrange a reception here for these distinguished visitors. This Board should be shown every courtesy, and if Kerrville can secure such an institution, it would be of material advantage in a business way.

EARLE MAYFIELD WILL NOT GIVE UP NOMINATION; PREDICTS SURE VICTORY

Fort Worth, Tex., Oct. 16.—Commenting on a rumor said to have emanated from Austin today to the effect that he had relinquished or was considering relinquishing his nomination for the United States Senate, Earle B. Mayfield, who is in Fort Worth, said:

"It is the first I have heard of it. There is not a word of truth in it. It is concocted by the opposition and there is nothing farther from my mind. It is pure tommyrot. We will beat them in the courts and before the people. My name will go on the ballot, but even if it should not, we will beat them two to one, anyhow."

Mr. Mayfield has been in Fort Worth for several days in conference with his attorney and is awaiting developments in the litigation. He said Monday that he would not go to Corsicana in connection with the hearing before Judge Hawkins Scarborough unless called by his attorney.

UNIQUE, ENJOYABLE RECEPTION AT HOME OF MRS. FRED EVERTSON

Last Friday evening, the Methodist Church gave the pastor and wife a reception in the home of Mrs. Fred Evertson. Her large and beautiful home was appropriately decorated for the evening and her spacious reception room was filled to overflowing with a crowd of merry people.

As you entered you were tagged with a card with your name plainly written so that it was not necessary to ask everyone his or her name, if you could read you only had to look if you were not blind to ascertain your auditor. The first amusement indulged in was a Chinese puzzle in the form of strings wound and bound about each other and carrying you upon an endless journey to see where the other end was and what it had fastened upon it. The two strings, which were followed by Mr. and Mrs. Timmons, carried them from the bedroom into the reception hall, out onto the back porch, around the house, through the sleeping porch, into the sitting room, crawling through windows, unwinding the strings from various and every known type of tanglewood, like crawling through barbed wire entanglement, and ended in a clothes closet. Attached to the ends of these cords was a beautiful walrus leather suit case of a considerable value. This gift was an expression of love and appreciation from the people and we feel sure that Mr. and Mrs. Timmons saw just how much the people of the church and community loved them.

The success of this occasion is accredited to the faithful and tireless work of Mrs. Roger Self, and her assistants, who were as follows: Mesdames Self, Reed, Powell and Evertson and Miss Mary Gowan.

More than a hundred people were present, and all enjoyed themselves to the fullest extent. Delightful refreshments were served.

Name Erased As "Outlaw"

Cattle Clatter Department in San Antonio Express, Oct. 13th: Walter Schreiner is back from a visit of several weeks in New York and Coney Island, bringing with him a set of golf bag and as fine a set of golf tools as

were ever brought to San Antonio. Also, he brought along a jolly bunch of chatter, and one of the things that amused the boys was the story of his visit out to some field near New York to see a game of cricket. Cricket, you know, is an English game, in some dim fashion resembling baseball, and the humorous thing about this game that Mr. Schreiner saw was that it was being played by a lot of negroes, all dressed in uniform, 'everything.

Shortly after the gorgeous golf things arrived at the hotel where Mr. Schreiner lives, he had two callers of National repute, namely "Chick" Evans and Kobert Burns. Each of these great golfists wanted him to bring the golf things downstairs for to be admired. But he would not; instead, he said various uncivil things to them.

But the most important thing of all is that Mr. Schreiner got married, while away, and has been honeymooning, and brought Mrs. Schreiner back yesterday from the headquarters of the Gang that Walter's name had now been erased from the list of Outlaws.

THIRTY-EIGHT CAR LOADS ARE SHIPPED OUT OF HERE LATELY

Within the past ten days there have been thirty-eight car loads of products shipped from Kerrville to distant points. This gives some idea of the amount of business done at this place in the way of shipment of different things that are raised or produced here. Any section is made more prosperous by the amount realized on its natural, manufactured or cultivated products. And, considering that this is not an extensive agricultural country, nor has it any manufacturing establishments of note, still, there are a variety of products and productions contributory to a valuable total in values that are sent from here.

J. B. Sutherland has recently shipped six cars of cattle from here to Laredo, destined for Mexico.

E. T. Hamilton has shipped four cars of sheep to market at Fort Worth.

Sid Rees shipped Monday two cars of cattle to San Antonio for sale.

The Schreiner Wool & Mohair Commission Company have shipped and are shipping a total of about twenty-six cars of mohair.

Here is a total of thirty-eight cars of products shipped from Kerrville within the past ten days that will bring in quite a lot of money to be distributed among the people who make this their trading and shipping point.

GOVERNMENT HILL WINS 6-0 GAME FROM LOCAL ALL-STARS

Last Sunday at the local park, the Government Hill football team of San Antonio won from the Kerrville All-stars by a score of 6 to 0. The points were made in the first quarter, when Broetz intercepted a forward pass and carried the ball around Kerrville's right 60 yards for a touchdown. A kick for point was smothered by Dick Smith.

During the last half the local boys played desperately forcing the ball almost to the line, only to be held on the fourth down. The visitors were skillful in interfering with forward pass attempts. The All-Stars played well the showing against Kelly Field. Next Sunday Kerrville is slated to play the Knights of Columbus at San Antonio. The lineups:

Gov't Hill	Position	Kerrville
Schagien	Left End	Robinson
McDonald	Left Tackle	Rees
Hoff	Left Guard	Sikes
Broetz, Folts	Center	V. Merrill
Bain, Casey	Right Guard	Weidenfeld
Folts, Howard	Right Tackle	Oswald
Pierce	Right End	Gold
Schulz	Left Halfback	Lockwood
Morse	Right Halfback	Flach
Middleton	Fullback	Real
Colesworthy, Cain	Quarterback	Smith
Officials:	Griffin, umpire; Kuesel, referee; Franklin, head linesman.	

DELIGHTFUL ENTERTAINMENT AT THOMPSON'S SANATORIUM

Miss Thelma McCorquodale entertained at the Thompson Sanatorium with three tables of Bridge Monday evening, from 7 to 9 o'clock, in honor of Miss Frances Hale, who is leaving the latter part of the week for her home in El Paso.

The Hallowe'en motif was carried out effectively with baskets of yellow cosmos, jack-o'-lanterns and yellow shaded lights.

Ladies' high score was made by Miss Kate Conger, who was awarded lingerie clasp. The prize for men's high score, a box of candy, went to Guber Gibson. Miss Frances Hale,

DIRIGIBLE C-2 BURNED TUESDAY; FOURTH AIRSHIP LOST BY U. S.

At 9:30 o'clock, Tuesday morning, Dirigible C-2, that was in a hangar at Brooks Field, San Antonio, was burned. The huge airship was being taken from the hangar to give a sight-seeing trip to several San Antonio newspaper men. In some way the ship became unmanageable and the envelope of the bag was torn, gas escaped and then exploded. It is said the norther which was blowing caused a gust of wind to get in the hangar in such a way as to cause the dirigible to get from under control.

There were seven injured—five army officers and two newspaper men—but none seriously, though there were narrow escapes. The financial loss to the Government is over \$200,000.00.

This is the fourth airship lost by the United States within two years. The C-2 was on its return East from a trans-continental trip to the Pacific Coast.

The news of this accident was received at Kerrville soon after it happened, by S. H. Huntington picking it up at his home radio receiving station.

Lest we imagine that the time for Red Cross Service has passed let me tell you of a few of the things that have been done in the last year for the ex-service man and his family—men who come here on the last lap of their earthly journey and after a few weeks or months they answer "The Call."

Many of these men have spent their last dollar and their wives, who are often very young women, would be in desperate straits if it were not for the Red Cross Worker.

IS THE RED CROSS SOCIETY FUNCTIONING IN KERR COUNTY?

You may ask what they do—communicate with the man's home town and through a system, which would work hardship on no one if generally understood, secure guarantee of all expenses and our local chapter is not a loser in the transaction.

It has been my privilege to witness about ten of these cases in the last year.

Our firm feels perfectly safe when the Red Cross guarantees a bill, because we know that they have investigated and know that the money is coming, and not from the Kerr County Chapter, except in one instance.

Let us hear from some one else.
Yours for Red Cross Service,
JNO. H. WARD.

TRI-COUNTY STOCK JUDGING CONTEST AT MASON, OCT. 27

A Tri-County Stock Judging Contest will be held at Mason, Friday, October 27th, in which boys from Kerr, Gillespie and Mason Counties will participate.

County Agent Oswald says that there will be from twelve to fifteen boys from Kerr County, and the other two counties will probably have as many.

It is expected to hold a contest each month in one of the three counties, so as to give the boys sufficient practice to make them experts in stock judging. This is very beneficial to these boys and their experience will be valuable to the stock interests of this section in the future.

TIVY HIGH FOOTBALL TEAM AND ST. MARY'S PLAY 0-0 GAME

San Antonio, Oct. 13.—San Antonio football fans were presented with the first 0 to 0 game yesterday when Tivy High of Kerrville and the local St. Mary's College battled the entire game with neither team being able to score. Kerrville came within four yards of St. Mary's goal but could not penetrate the stonewall defense put up by the local team. It was a hard fought game from the first whistle to the last with neither of the teams ever breaking away for long gains.

Stevens and Fawcett were the bright lights for the visitors. The only long gain of the day was a 35-yard run by Stevens which put them on the 20-yard line, and a penalty of 15 yards put the Tivy warriors on the 4-yard line with four downs to make goal. In their first try they punctured the line for 2 yards; the next they did not gain an inch; the third they were thrown for a 2-yard loss, and the last try they were thrown 4 yards back by the fighting Saints. Fawcett gained a number of times through the line and around ends.

Knoulton was the main man for the locals in their back field. He intercepted a pass which netted 20 yards and gained much ground with his vigorous line bucks. Pancoast and Falbo both showed their ability as defensive players, the former turning back many runs that were started around his end, and the other held the line when a small gain would have meant victory for the Tivy eleven. The lineups:

St. Mary's	Position	Tivy High
Reye	Left End	A. Dietert
Falbo	Left Tackle	M. Dietert
Fink	Left Guard	Wolfmueller
Grenhalgh	Center	Comparette
Cull	Right Guard	Robinson
Lipscomb	Right Tackle	Rees
Pancoast	Right End	Stanley
Huth	Left Halfback	Wilson, Fawcett
Davis	Right Halfback	Saenger
Knoulton	Fullback	Powell
Howell	Quarterback	Stevens
Officials:	Referee, Hart (Texas); umpire, Oswald (Mississippi A. & M.); head line, Lutz (Main).

**BOTH PARTIES' TREASURIES
SAID TO BE ABOUT EMPTY**

Washington, D. C., Oct. 14.—Notwithstanding the fact there are no legal restrictions on the amount of money that may be expended for campaign purposes this fall, it is entirely probable, according to party leaders in Washington, that fewer dollars will be spent in this 1922 congressional election by both Democrats and Republican parties than in any campaign in recent years.

It is no sudden attack of political conscience that has decreed this state of affairs—it is necessity and grim cold poverty. Both Democratic and Republican National organizations are broke—at least badly bent.

While leaders display a disinclination to talk publicly about the state of party finances, privately they declare that organization funds are lower now than they ever have been at this stage of the game, with collections coming slower and slower.

Sources of revenue that could always be counted upon in the past have produced mere dribbles this fall, where they have not dried up altogether. A variety of reasons are ascribed—high taxes, dissatisfaction with Congress and its works, the recent business and industrial depression, and, above all, a pronounced apathy on the part of the old-time contributors as to which party controls the 68th Congress.

The Republicans have fared a little better than the Democrats in the matter of securing funds, but neither party has witnessed checks rolling in with their old-time profusion.

Senator Medill McCormick, Republican, of Illinois, and Senator David L. Walsh, Democrat, of Massachusetts, chairmen of the Senatorial Campaign Committees, have had scouts out beating the financial bullrushes for weeks, but it has been slow work and not

SHEEP INDUSTRY IS RECOVERING FROM COLLAPSE

Chicago, Oct. 14.—Five years will be required to overcome the effects of the recent collapse in the sheep industry, according to a survey made public here by the National Institute of Progressive Farming.

"How close the sheep industry in this country came to annihilation during the inflation period is not realized by the general public," stated the survey. "It was all but wiped out. Imported rams were butchered and sold as meat owing to the collapse of the market."

There is a mad scramble to get back into the business now that the market has returned to a stable level, the survey states and herds which almost disappeared are being revived.

The supply of breeding stock, sheep association officials say, is the lowest in 20 years and the demand for such stock on the Pacific coast is the greatest seen in double that time. Texas, Idaho, Wyoming and Montana also report a large demand.

"In the corn belt, where the maize crops can be fed to \$3 muttons, the problem is to find the lambs," declares the survey. "It appears that a higher price for fat lambs will prevail this fall, despite the present altitude."

"The institute believes that wool growing should be conducted as a side line rather than as an essential industry. Sheep men are in the habit of virtually ceasing business when the wool market is against them, and then slowly working back when the tide turns. While the United States cannot compete in the wool markets of the world with Australia and Argentine, yet it is unthinkable that the whole agricultural system should be thrown out of the balance by ignoring wool."

PINCHOT HITS LIQUOR

Des Moines Register: If there is any reason for the notion that the big industrial centers of the East are bound to have liquor, Gifford Pinchot is certainly inviting trouble by his campaign in Pennsylvania. In one of his most recent speeches he goes far beyond the demands of his platform, which he would hardly do if in fact sentiment is running the other way. He says: "I am determined not only to drive the saloon out of Pennsylvania, but to prevent the bootleggers from using the highways of the State for the transportation of contraband liquor. I have been informed that much illicit liquor is being transported over our highways. When I am Governor, if the State police are not able to prevent such violation of the law I will know the reason why. Some people may not like my views on the saloon and the bootleggers, but I am determined to do just what I say in relation to both of them. And I want it understood that when I discuss the liquor question I am just as dry in a wet town as I am in a dry town."

Everybody who knows anything about politics knows that even such an enthusiast as Mr. Pinchot would not needlessly court trouble in a campaign that means so much for so many other causes in which he is interested. For Mr. Pinchot did not make his campaign for the nomination on the liquor issue; that is something that has come up later. The only conclusion anybody can draw is that liquor sentiment in the industrial centers is much smaller than it is reported to be. Many more in States like Pennsylvania are glad that liquor is gone than we are hearing about. In any event, it is worthy of note, now when so much is being done to break down the anti-liquor sentiment of the

country, that in the great industrial State of Pennsylvania the Republican candidate for Governor, who undoubtedly will be elected, is talking so boldly and so definitely against liquor.

Medina Boy Killed at Moran

Bandera New Era, Oct. 12th: Leonard Caton, a well known young man of Medina, was killed at Moran, Texas, last Saturday when he became involved in an affray with two men. The men entered Mr. Caton's place of business and began using vile language, and when he remonstrated with them they attacked him with knives. He was stabbed in a number of places and was rushed to a hospital at Cisco, but died shortly after reaching there.

He was a fine young man, well liked by everybody who knew him, and was the son of Louis Caton, who now lives at Snyder. The remains were brought to Medina for interment, and the funeral was conducted Monday by Rev. Price.

very productive, according to reports to headquarters.

What money can be expended by the National organizations probably will be spent in sending speakers of National repute into the States of Ohio, Indiana, Michigan, New York, New Jersey, Massachusetts, Missouri, Iowa, Nebraska and a few other States where the senatorial contests are especially keen.

Neither the Democrats nor the Republicans have been able to pay off the deficits that were incurred during the campaign of 1920. The Republican National Committee faced an indebtedness of more than \$1,000,000 at the close of 1920, only about half of which has been paid off. The Democrats were in the hole to the extent of \$250,000, a part of which has been discharged.

FIRST METHODIST CHURCH

J. GRADY TIMMONS
Next Sunday will be the last day of the Conference year, so therefore I am making this special appeal that all of our people be present at the church services on this Lord's Day.

Last Friday evening, the church gave Mrs. Timmons and I a very delightful surprise party at the home of Mrs. Fred Evertson. Also in addition they gave us a handsome and beautiful suit case of the very highest grade material.

Last Sunday was one of the best days of the Conference year. The Sunday School was up higher than it had been for some time, and the morning preaching service was crowded.

The program for next Sunday is as follows: Sunday School at 9:45 a. m. Preaching service at 11 a. m. Subject: "Surface Impressions." Junior League meets at 3:30 p. m., and the Senior League at 7 p. m.

Those who united with our church last Sunday are: Mr. and Mrs. R. L. Mangum, Mrs. Lela Sikes, Jewel, Leonard and Morris Sikes. We are indeed glad to have these people with us.

Hi-Y Club Meetings

The Hi-Y Club held its regular meeting Wednesday evening of last week at 8 o'clock. The committees reported upon their work and other business was attended to.

H. L. Crate gave an exceedingly interesting address as instructed to talk to the boys on getting the people of Kerrville interested in the Tivy High School and its work.

FIRST BAPTIST CHURCH

J. B. HOLT, Pastor
Things were much better on the Baptist corner last Sunday. The pastor was nearly sick with a cold, but spoke at both hours.

The officers of the Hi-Y Club met in the Camp Rio Vista office last Saturday afternoon for a discussion of business. Among other things, it was decided that refreshments be served at the meetings and each member will be assessed 10 cents a week for dues.

Methodist Entertainment

The play, called "The Milkmaids' Convention," will be given by the young women at the church, Friday night, October 20th. This is a very interesting sketch, full of local color and wholesome good humor.

ASSOCIATIONAL BOARD MEETING OF W. M. U.

The Baptist Associational Board Meeting of the Medina River Association met last Saturday afternoon at the home of Mrs. J. L. Tullis. At this meeting definite plans were made for the W. M. U. program to be given at the Fifth Sunday meeting to be held at Hunt.

Mexican Baptist Church

Last Sunday was a good day with us. The congregations were fine at both services. Two of our Sunday School boys united with the church for baptism. The Lord is greatly blessing us in our efforts to build up His cause, and we are happy in His service.

Another Airplane Accident

First Lieut. Walter A. Ball, an army aviator, was crushed to death while making a flight near San Antonio, Tuesday morning, when he lost control of the machine and it fell 500 feet. There were about thirty persons who witnessed the fall.

COLLAPSE OF COAL COMBINE

The Dearborn Independent: For the present, industry seems to have put a crimp into the plans of the coal controllers for a wholesale looting of the public. A single protest brought the unholy edifice of price exploitation tumbling about the profiteers' heads. The protest was, as must always be expected, viciously misinterpreted. The sob cry was diligently persisted in by the capitalistic organs until it became positively nauseating. Interests, that had deliberately arranged to wring the last dollar out of the families of America by maintaining all through the winter the menace of empty bins and fireless homes, were suddenly consumed with sympathy for the poor workingman when industries closed down in protest rather than submit to the unspeakably wicked robbery which had been designed upon the American people. Interests that would have kept the country on curbed fires and would have made fuel the biggest item in this winter's family budget, pretended to be melted into pity for the poor employes who sacrificed \$25 in wages to save \$150 on their coal bill. It is the typical old bunk, but this year it was very badly stage-managed, in that it was directed against the wrong target.

The effect of the industrial protest was immediately felt. At the time the warning was given that in three weeks a marasmus industry would have to close unless coal conditions improved, coal was selling to manufacturers at as high as \$9 a ton. When the announcement was made, the price wavered a little. Then came the cry that it was only "bluff," a cry which arose in the same quarters whence the "sympathy" cry afterward came, and for the moment the high coal price was strengthened again. Then, as the earnestness of the protest became apparent (nothing is harder for the exploiters to understand than a straightforward honest statement) a break became noticeable. Coal climbed down to \$8 and \$7. The Saturday of the shutdown, it reached \$6.50. On Monday it was \$5.50. On Tuesday it was \$4.50. A week later, at this writing, it is offered at \$3. If bought on contract (which also plays into the hands of the profiteers) it can be had at \$2.50. And mountains of coal at that.

This rapid collapse of prices shows the artificial nature of the whole situation. There was always plenty of coal. The scarcity was make-believe. The only dangerous moment came when the Government created a real scarcity by announcing "control" of distribution. The coal problem then became an acute transportation problem. When, as a further result of the industrial protest, the Government took its hand off and ceased creating a situation which best suited the gougers' desires, the retreat became a rout, the decline became a collapse.

There still remains the domestic situation. Big Business could, of course, see that the domestic consumer gets just as immediate an advantage as industry has gained. It is hoped that coal dealers' associations will see the handwriting on the wall and not lean too trustfully on the helplessness of the unorganized and leaderless public. There is a way to make Big Business the friend of the householder in this situation, and if it is once necessary to do so, it will be goodby to some things that now exist.

Property in Kerrville is a good investment. Real estate is not likely to ever be any lower than it is now.

Get your pencil sharpened ready to write the name of Earle B. Mayfield on the Democratic ballot for United States Senator.

Plans are being perfected to trivariate several blocks on Water Street, and it to be trusted that there will be no slip in carrying out the details.

The Democrats and Republicans are meeting with little enthusiasm from the voters throughout the country, and especially the members of Congress. Neither membership of that body did anything of consequence to suit the great mass of people in this country.

Kerrville is getting on the first page with display head lines in the daily papers by mohair selling here for the top price in the country—70 cents per pound. This large sale was handled by the Schreiber Wool & Mohair Commission Company, which is one of the largest handlers of mohair and wool in the United States. Several things are happening to place Kerrville on the map.

Preliminary work is progressing satisfactorily on the Schreiber Institute for Boys. This school will add much to the educational facilities of Kerrville and be the means of bringing a number of families here to educate their boys. Then, we have a fine school for girls in the Scofield School, and the Notre Dame Institute and Public Schools complete exceptional educational advantages in Kerrville.

KEMAL'S VICTORY

Houston Chronicle: Flags—Turkish flags—are waving in Constantinople today, as they have not been permitted to wave for four years, and intermingled with them are a few French flags, just to show that the Turks appreciate a favor.

It is a strange spectacle to contemplate, even from this distance—one which most of us would have considered impossible back in 1918.

Disappointed at not having captured Berlin, we consoled ourselves with the thought that Christendom had regained Constantinople. The idea that Christendom would not hold it was too preposterous for serious consideration.

And now, in the space of four short years, we behold it going back to Mohammedan rule; not by connivance of the hated Prussians, but through the kindly offices of France.

We are not familiar with the crooks and turns of diplomacy, which can bring such an anomalous situation about. We are unable to understand why Paris should be picking up the hand which Kaiser Bill once caressed. It makes the Europe of 1922 look very much like the Europe of 1914, and it makes the "sanctity," for which we thought to have battled, seem like a great illusion.

Probably there are reasons we should accept this paradox in good faith, why we should reconcile ourselves to an inconsistency of purpose we can not understand, but requires the violent repression of some of our cherished war aims to so believe.

We shall make no fuss, of course—no more than is necessary to collect some funds with which to repair the damage, but we shall remember, and the next time we are asked to "save the world for democracy," we shall inquire how much of it has been put in cold storage for the Turk; how much of it is to be held back to trade for territory and mining concessions in Asia Minor.

Meanwhile, we take our hats off to Mustapha Kemal. He is something of a military genius, something of a clever politician. But, and this is what really hurts, he could never have accomplished what he has, save for the aid of European diplomats, allied diplomats, French and Italian diplomats.

The reliable hen is loafing on the job. Eggs continue to increase in value. Even at that, stay with the humble hen as she is a mortgage lifter and life-saver.

It appears that voters will have to write their choice on the ticket for United States Senator. Democrats will likely be more eager to vote now than if the names were printed on the ballots. The interference of United States Court is not relished by Democrats. While Little Paddy says that he did not know the Republican leaders were going to resort to the Federal Court, still, he will have to take the odium of it.

The Sun job department refused to bid on some job work sent from a neighboring town the past week, where there is a plant able to handle the business. However, it is noticed that this policy of professional ethics is not practiced by all printing offices in this section. Neither the one desiring to have the job work done elsewhere than at home, nor the office taking such business, gain anything in the long run.

France is attempting, through its leading writers and speakers, to explain the attitude of that country in its endorsement of the murderous Turk and aiding in his return to Europe, but the explanations do not satisfy. This country is deeply disappointed in the French people, and will not again bearken to any appeal they may make for help. They have placed themselves beyond the bounds of national decency in their support of the unspeakable Turk, as well as in keeping their negro soldiers on duty in the occupied parts of Germany.

MILLION DOLLAR RAIN POST- PONES SAN ANGELO FAIR

San Angelo, Tex., Oct. 17.—Open-
ing of the 1922 Tom Green Fair was
a drizzle, a drizzle that set in Mon-
day afternoon, and, reinforced with a
norther this morning, spread moisture
all over most of the West and South-
western cattle, sheep and goat coun-
try. Telephone reports from ranches
and towns within a radius of 150
miles reported rainfall of from one-
fourth to more than a half inch of
rain.

Fair association directors and offi-
cials wore wide grins that do not
ordinarily decorate the faces of pub-
lic-spirited citizens who direct fairs
and expositions. What matters the
absolute cessation of fair and play-
time activities. A million dollars
worth of winter grass and weeds were
being born.

STOCK SALES IN SUTTON MADE AT BETTER PRICES

Sonora, Tex., Oct. 16.—Live stock
deals in Sutton County, after taking
a slump some time ago, are again be-
ginning to come into prominence.
Small sales of both male sheep and
goats have been made, but not in large
amounts. Prices have been good and
the demand heavy.

T. L. Benson, veteran Sonora com-
mission dealer, is credited with mak-
ing the only sales this month. His
first sale was 1,200 goats, out of the
hair, to J. E. Sellers & Son of Del
Rio. The price paid for the goats
was \$2.25, although one bunch brought
\$2.35. Of the number sold, 300 were
purchased from R. Walter Davis, 600
from W. A. (Bill) Miers and 300 from
H. P. (Buster) Allison, it being these
goats which commanded the higher
price. This is the best price paid for
goats in this section for several years.
The flock was composed of one's and
two's and a few kids.

T. L. Benson also sold for Aldwell
Brothers, Sonora ranchers, 600 head
of old ewes to Harry Brown. Al-
though the stuff was aged, all were
well mouthed. The sheep were in the
wool and brought \$5.45. Alexander
Brothers of Paint Rock leased, through
Benson, the 12,000-acre ranch of H.
Weigel, the rental being 50 cents per
acre. The ranch will be used for
pasturing high grade sheep and cattle
and will be stocked immediately.

Death of Jno. F. Reichert

Jno. F. Reichert died Wednesday
morning at 10 o'clock, passing away
as peacefully as a child would fall
asleep. Funeral services were held
in the Presbyterian Church in the
afternoon of the same day at 3:30
o'clock, conducted by Dr. W. P.
Dickey, assisted by Dr. J. E. Holt.
The remains were taken to San An-
tonio in a hearse and from there on
the train to Houston for burial. Mrs.
W. B. Brown took the family in her
car. There were many beautiful
floral offerings.

Mr. Reichert came to Kerrville
about three years ago for his health.
For several months he had been con-
fined to his bed. He was courageous,
hopeful and patient. His deep reli-
gious convictions were his mainstay.
He lived as a Christian should, and
his influence was beneficial to those
with whom he came in contact.

Mr. Reichert left a widow and
brother-in-law, H. L. Crate, at Ker-
ville, and there are several relatives
at Houston, where burial takes place.
The Sun joins many friends in ex-
tending sympathy to the family and
relatives.

The cast-off horns of deer, elk and
moose which annually fall off are
gathered in the forests of the North-
west and manufactured into napkin
rings, umbrella and knife handles.

FRED ROBERTS SHOT DOWN IN CORPUS CHRISTI STREET

Corpus Christi, Tex., Oct. 14.—An-
nouncement was made tonight by
Chief of Police Monroe Fox, former
State Ranger, that four men had been
arrested in connection with the fatal
shooting this afternoon of Fred Rob-
erts, large land owner, personal friend
of Governor Neff, and long active in
politics in Nueces County.

Roberts was shot three times while
he sat in his automobile in front of
Warren's store on Railroad Avenue at
4:20 o'clock this afternoon. The bul-
lets entered his chest and death was
practically instantaneous.

The four men held, according to
Fox, are:
Sheriff Frank Robinson of Nueces
County.

Constable Lee Petzel,
Cleve Golf, farmer,
Joe Acebo.

While there were many in the
neighborhood of the shooting, no witness
has made a statement.

The shooting is believed to have
been the culmination of an injunction
suit filed this morning to prevent the
name of Lee Petzel going on the
Democratic ticket. Petzel won the
nomination in the recent primary, but
injunction suit was filed today by
M. G. Ellis, the allegation being that
Petzel had failed to comply with the
requirements in filing expense ac-
counts.

There was a difficulty at Warren's
store this morning which was quieted
by Chief of Police Fox.

Roberts, who formerly lived at Cle-
burne, was widely known in Nueces
County and Southwest Texas. He was
tendered an appointment on the Prison
Commission last year by Governor
Neff, but refused it.

PLANE HITS 248.5 MILES AN HOUR IN TRIAL SPIN

Mount Clemens, Mich., Oct. 16.—
Traveling at a greater speed than any
human being ever before attained,
Lieut. R. L. Maughan, United States
army pilot, today set a new world's
airplane speed record by covering a
kilometer course at the rate of 248.5
miles an hour.

The record was made during official
Government tests of speed planes that
participated in the National air races
at Selfridge Field last week, and was
electrically timed by officers from
McCook Field. Aeronautical engineers
and army and navy officers, who wit-
nessed the flight, were astounded.
The demonstration, they declared,
proved that there was no limit to the
speed that might be attained in the air.

Evening Bridge Party

Wednesday evening of last week,
Mr. and Mrs. A. C. Schreiner enter-
tained a number of their married
friends at Bridge in their beautiful
and spacious home.

Mrs. Junior Schreiner proved to be
the best player among the women, re-
ceiving as prize a bridge table set,
consisting of hand-painted pencils and
markers for four tables. E. H. Prescott
won over the men players and his
prize was a decorated score slate
for one-table bridge. Seven games
were played and then most delicious
refreshments in two courses were
served.

The following guests were present:
Dr. and Mrs. J. D. Jackson, Mr. and
Mrs. E. H. Prescott, Mr. and Mrs.
G. M. Doyle, Mr. and Mrs. Ally Beitel,
Mr. and Mrs. R. L. Schermerbeck, Mr.
and Mrs. A. C. Schreiner Jr., Mr.
L. D. Garrett, Mrs. Lee Wallace, and
the host and hostess.

The Play House Theatre

Friday and Saturday, October 20th and 21st:

FEATURE—JOHN GILBERT in "HONOR FIRST"—FOX.
John Gilbert, the man who played the COUNT OF MONTE
CRISTO, plays the dual role of two brothers—one a real
man, the other a coward at heart. They are twins. They
look exactly alike, but are entirely different in character.
The Man performs an act of great heroism, for which the
other is given credit. The Coward tricks a girl into marrying
him. They are separated after the ceremony. She meets
the twin and thinks he is her husband.
"KINOGRAMS"—Up-to-the-Minute News.
"PEGGY BE GOOD"—Comedy.
"IN THE DAYS OF BUFFALO BILL," Chapter No. 2. And
don't forget the boy or girl wearing the costume most rep-
resentative of those worn in those days will be given that
fine .22 RIFLE, in the window of the CHARLES SCHREIN-
ER CO., Friday night!

Monday and Tuesday, October 23rd and 24th:

FEATURE—CONSTANCE TALMADGE in "THE PERFECT
WOMAN." You will enjoy every minute of this delightful
picture. He wanted a girl whom the Efficiency Expert said
was 100 per cent. She determined to make herself so. His
mother said he was dead from the neck down. You're sure
to laugh, forget your woes and feel that life is worth living
after all.
"THE BASHFUL LOVER"—Comedy.
"MOVIE CHATS"—Something of Everything.

Wednesday and Thursday, October 25th and 26th:

SPECIAL FEATURE—"DANGEROUS CURVE AHEAD."
RUPERT HUGHES' great picture of married life, contains
some of the finest humor that ever registered before a
camera. Yet in its sincerity, its realism and its profound
exposition of human failings, it is more than comedy. You
will rock with laughter—and then suddenly find yourself
thrilled by an intensely dramatic situation. A Blue Book of
the Marriage Tour, with a dozen laughs on every page.

A SERIOUS ACCIDENT

The saddest part of every serious or fatal accident is the fact
that it could have been prevented by some person.

A member of your family may be involved in just such danger as
would result from a serious accident. That danger is in the form of
dis-ease, caused by disalignment of one or more of the little bones
of the spinal column. You are helpless and the sick member is de-
fenseless against this ruthless curse of disease which, too often, re-
sults in chronic illness, paralysis, and death.

Have you, as protector of that loved one, done your full duty?
Regrets are the tardy chastisements of a wronged conscience, but a
clear conscience is your supreme consolation. A word to the wise is
sufficient.

Consultation and analysis without cost or obligation.

Record Price for 1922 Mohair

San Angelo, Tex., Oct. 11.—Sixty-seven and one-half cents a pound for fall mohair has been received by Oscar Appelt of San Angelo, who owns ranches in Sutton and Edwards Counties. This is the highest price so far paid this year in Texas.

Appelt sold 10,000 pounds, shorn from 3,000 goats, through the Del Rio Wool & Mohair Association. Previously 60 cents was the highest price paid. Fall wool in this section is bringing 35 cents a pound.

Paul Nelson Drowned

Comfort News, Oct. 12th: Mr. and Mrs. C. W. Nelson of Welfare received a telegram on Saturday, which conveyed the shocking news that their youngest son, Paul, who was in the United States Navy, had drowned in Lake St. Clair, Michigan.

The body was sent home for burial and the funeral took place Wednesday afternoon at 4 o'clock. Rev. George Belsey conducted the services and the interment was made in the Boerne Cemetery in the presence of a large number of friends and relatives.

Oil Well in Edwards County

Leader, Oct. 13th: Edwards County has an oil well at last. There was always considerable mystery connected with the Cash well in Western Edwards, and many thought when it was abandoned two years ago that it was a 'producer.'

According to exchanges, the Cash well is now making 3 barrels an hour with a home-made pump from 1,000 feet. If we remember rightly this well is between 3,000 and 4,000 feet deep.

Perhaps those people in distant parts of the United States who paid fancy prices for lease acreage in this vicinity will finally decide they were not so badly skinned after all.

Dad, Mother, Ironized Yeast for Rheumatism

Do You Realize What Ironized Yeast-Vitamins Will Do for Rheumatism and Lumbago?

Do you know that vitamins and iron are part of your very life? Do you know that the iron-and-blood factory in your body needs these two materials, and needs them badly? Do you know that if your iron-and-blood does not get enough of these, that

"Whoopee! Rheumatism Pains and Agony All Gone. Ironized Yeast is Surely Wonderful!"

queer poisons, joint poisons, muscle poisons, acid poisons are formed instead of the healthy flesh and the rich blood you used to have in days gone by? If you hobble in your gait, if pains distort your body, if bending over is an unspeakable agony, if dull pains make you breathe heavily and moan, do not grumble at the roughness of the way—smile sweetly, there is a rainbow ahead. Things are different now than they used to be, in the days of liniments, salves, counter-irritants, and all that—remember? The happy secret today is ironized yeast, one of the greatest body-and-blood builders of all time. Begin taking Ironized Yeast today. Beware of imitations and substitutes, because Ironized Yeast is not a mere combination of yeast and iron, but is yeast ironized, which is a substance all by itself. There is only one Ironized Yeast in all the world. Sold at all drug stores at \$1.00 a package and containing 60 tablets, each tablet sealed. They never lose their power. Mfg. only by Ironized Yeast Co., Atlanta, Ga. Say goodbye to rheumatism from now on!

HARDLY a day goes by but some one goes out of his way to tell us that Firestone Gum-Dipped Cords are the best tires built.

Cords—as only Firestone builds them—will give you many extra thousands of miles of wear. And for fall and winter driving there's nothing like them. The strong, resilient Firestone carcass of gum-dipped cords, can stand the hardest punishment.

With the reputation Firestone Cords hold, it is not surprising that so many motorists in this community have made them standard equipment. The demand for Firestone Cords in the last few months has broken all records.

Prices were never so low as they are now. Perhaps never again can mileage be sold so cheaply.

Decide now that you will get Most Miles per Dollar. Drop in any time and let's talk tires.

Mr. and Mrs. D. Crider and family have moved to the Morris Ranch.

Byron Crider was in Kerrville Thursday of last week on business.

Mrs. J. Clifton left last Saturday for her home in San Antonio, after a visit with relatives here.

Mr. and Mrs. Tom Stanley of Kerrville were here Wednesday evening of last week to attend the Hall-Sublett nuptials.

Mr. and Mrs. Elihu Graham went to Kerrville Wednesday, where Mrs. Graham will enter the Secor Hospital for an operation.

Miss Emma Eames of Bandera and Misses Helen Ritchie and Mae Carpenter of Kerrville were here Wednesday evening of last week to attend the marriage of F. C. Hall and Miss Susie Sublett.

Mr. and Mrs. Chas. Moore and children, Hardy, Wayne and Gilbert, have moved from Bandera, where they have lived many years, and are residing on the Domingues' place on South Fork. They have many relatives and friends here who are glad they are to make their home here.

Mr. and Mrs. Johnnie Wachter have returned from spending the summer in Memphis, Tenn., and Birmingham, Ala., having made the trip in their car. Mrs. Wachter says she thoroughly enjoyed the visit to her mother in their old home at Memphis, also her other relatives in Alabama, but she is indeed glad to return to Texas and the Hill Country.

The marriage of F. C. Hall of the Divide and Miss Susie Sublett was solemnized Wednesday evening of last week at the lovely new country home of the bride's parents, Mr. and Mrs. J. J. Sublett, Rev. J. W. Orr performing the impressive ceremony. This ideal country home, with its large lawn covered with giant oaks, was indeed a lovely setting for this brilliant affair. The trees were hung with lights and the guests stood out there, while the minister and bridal party took their places on the spacious gallery for the ceremony. The bride was becomingly gowned in white georgette over white silk with hip drapery of Venetian lace and inserts of the lace in the sleeves. The bodice was trimmed in pearl beads, and a beautiful filmy meline veil, arranged coronet fashion on the head with orange blossoms, fell to the bottom of the skirt. A shower bouquet of valley lilies and white roses buds was carried, and white satin slippers completed the costume. A long table on the lawn, covered with snowy linen and large crystal vases with old-fashioned flower garden bouquets, had for its center adornment a lovely bride's cake, beautifully decorated in unique design with silver candies. A real wedding supper was served to 200 guests. This was in accordance with the customs of long ago, and consisted of baked chicken and dressing, barbecued chevon, salads of various kinds, pies, cakes and hot coffee. Mr. and Mrs. Sublett were assisted in dispensing their gracious hospitality by their daughters, Mrs. Isaac Zumwalt, Mrs. Geo. Baldwin, Mrs. Clark, Mrs. Priour and Misses Bertha and Lois Sublett. Mr. and Mrs. Hall left at 8 o'clock in their

car for San Antonio and Austin, where they will spend their honeymoon. The bride's going-away dress was navy tricotine with hat and accessories to match. On their return they will live in a new bungalow that has just been completed on the ranch of Mr. Hall on the Divide. The following relatives and friends from the Divide attended the wedding: Mr. and Mrs. D. C. Hall, H. L. Hall and Miss Louise Hall, Mr. and Mrs. J. Wachter, Mr. and Mrs. E. H. Leinweber and children, Misses Inez and Ruby and Roy, Ralph and Ernest, Mr. and Mrs. Will Moore, Miss Alta Welborn, Mr. and Mrs. Enoch Hatch, Miss Euola Klein, Barney, Felix and Warren Klein, Mr. and Mrs. Ed. Sublett and daughter, Miss Mabel, Mr. and Mrs. Will Green and children, Miss Treva and Wash.

Mr. and Mrs. L. L. Hardin are the proud parents of a baby boy.

J. S. Hope and grandson, Henry, made a business trip to San Antonio Monday.

Mr. and Mrs. A. T. Clark and sister spent Sunday with Mr. and Mrs. W. H. Page.

Mr. and Mrs. A. E. Davis and daughters spent Sunday with Rev. J. W. Orr and family.

Mrs. Nora Tedford of San Antonio is here on a visit to her parents, Mr. and Mrs. Amos Taylor.

Mr. and Mrs. Roy Kemp of Kerrville spent Sunday afternoon with her mother, Mrs. T. J. Moore.

Mr. and Mrs. Jake Masters and family of Kerrville visited her mother, Mrs. J. S. Hope, last Sunday.

Mr. and Mrs. Elton Davis of Alamo, who have been visiting his parents, Mr. and Mrs. A. E. Davis, returned to their home Tuesday.

Quite a bit of arrangements are being made for the basket supper, which will be given here at the school house, Saturday night, October 21st. All the girls are expected to bring a basket.

Miss Mina Caddell and Leon Dowdy stole a march on their many friends last Saturday night, when they drove up to the home of her uncle, Rev. Amos Taylor, and were quietly married. A large circle of friends in this section extend congratulations.

Mrs. Carrie Page-Evans, daughter of Mr. and Mrs. W. H. Page, was married in San Antonio, Saturday, October 14th, to W. H. Wingerhead of that city. They left immediately after the ceremony for Dallas, where they attended the State Fair, and will visit some of her relatives in different parts of Texas. They will be at home in San Antonio after October 26th.

A Delaware man has invented a trouser creaser of such efficiency that the customer can have the operation performed without taking the trouble to divest himself of his trousers. A modification of the device creases the arms of a coat, making it possible for a man to have his entire suit pressed on him.

A Nevada aviator, en route from Buffalo, New York, to Nome, Alaska, was forced to land at Niggerhead Flat, on Seven-mile River, 75 miles from Dawson, because of engine trouble. His airplane descended into the midst of a herd of caribou, one of which the aviator killed for food. The plane, partially wrecked, was abandoned, the aviator proceeding by steamer to Fairbanks.

R. McNutt and son, Harvey, made a visit to Hondo last Wednesday, returning Saturday.

S. R. Copenhaver of Bluff City, Tenn., arrived here Wednesday, expecting to spend the winter here.

Ganahl Walker of San Antonio was here Monday visiting his mother, Mrs. C. G. Walker, and other relatives.

Judge W. C. Baker and Lee Mason were transacting business in Center Point last Saturday.

H. M. Gathing, after several days visit with his sister, Mrs. A. E. Nowlin, left last Saturday for his home at Roscoe.

Elmer Real was in our vicinity Monday purchasing corn and cane for the purpose of feeding his cattle and sheep.

Senator Real, from his ranch home on Turtle Creek, was here for a short time Saturday. He was en route to San Antonio.

Mrs. Tom K. Moore left last Sunday for an extended visit with her brother, Dr. Norman McCloud, at Brookhaven, Miss.

Mrs. Willis Dickey, who has been here for the past two months visiting her grandparents, Mr. and Mrs. Wade Richardson, left last Friday for her home in Douglas, Ariz.

Robert T. Ross, formerly of this place but now a sales agent of El Paso, spent Monday and Tuesday here. Mr. Ross has many warm friends here who were glad to meet him.

Fred Thalman, general manager of the Bandera Ranchmen and Farmers Association, was here Wednesday loading out 72,000 pounds of mohair, which is being consigned to a Boston firm.

County Demonstrator Oswald was here Saturday assisting our stockmen in their feed problems. He works out a balanced feed ration which should bring much better results than feeding in the old way—just by guess.

Mr. and Mrs. Frank E. White returned last Wednesday from Crosbyton, where they had been for several weeks. It was during their absence that their home burned here. We understand that Mr. White intends rebuilding right away.

Mrs. J. E. Davidson went to Granger last Thursday where she will visit among relatives until about November 1st, when she will be joined by her husband and other members of the family, who are moving back to their old home to spend the winter.

Dr. H. S. Kirby received a message Tuesday morning from the old Kirby home at Chester stating that his father was not expected to live many hours. The doctor left at once. He has the sympathy of his friends here in his great affliction.

We are glad to report little Helen Rees, who has been very ill with inflammatory rheumatism, as being much better. Under the skillful care of Dr. Merritt she will no doubt soon be up and be welcomed by her classmates back in school.

What is believed to be the thickest seam of black coal discovered in the world is being exploited in Queensland, Australia. The seam is entirely free from clay bands and is 93 feet thick in places. The mine is 280 miles from the nearest seaport.

Boston has the largest pier in the world devoted exclusively to the fish business. It is 1,200 feet long, 300 feet wide, and is paved with brick and concrete in such a manner that it can be cleaned easily by flushing with water. It cost \$3,000,000 and 80 vessels can discharge their cargoes at once.

"Well! Strong!"

Mrs. Anna Clover, of R. F. D. 5, Winfield, Kans., says: "I began to suffer some months ago with womanly troubles, and I was afraid I was going to get in bed. Each month I suffered with my head, back and sides—a weak, aching, nervous feeling. I began to fry medicines as I knew I was getting worse. I did not seem to find the right remedy until someone told me of

CARDUI

The Woman's Tonic

I used two bottles before I could see any great change, but after that it was remarkable how much better I got. I am now well and strong. I can recommend Cardui, for it certainly benefited me."

If you have been experimenting on yourself with all kinds of different remedies, better get back to good, old, reliable Cardui, the medicine for women, about which you have always heard, which has helped many thousands of others, and which should help you, too. Ask your neighbor about it; she has probably used it.

For sale everywhere.

Ladybugs congregate after the first frost in the Rocky Mountains, entering rocky crevasses where they become dormant. The bugs are then gathered and put into boxes until early spring, when they are sold to orchardists to prey upon aphids and other plant life.

Cookie Recipe From Chef of Note

Hubert Van der Broeck

Hubert Van der Broeck, supervising pastry chef of the Hotel Statler, at Buffalo, has discovered a way to make bran cookies, and he is rather proud of his achievement.

The ingredients are one-half cup brown sugar, one-half cup butter, one heaping teaspoon ground cinnamon, one-half cup Sultana raisins, one-half cup chopped walnut meats, two cups flour, one level teaspoon baking soda, one heaping teaspoon baking powder, two and one-half cups of bran, one egg and one-half cup water.

Beat sugar and butter to a cream; add egg and beat well; add water, mixed with baking soda and flour, sifted with baking powder; then add the other ingredients and mix thoroughly. Drop by teaspoonfuls on greased baking sheet and bake in a moderate oven. Sufficient for thirty cookies.

What About "Unseen" Plumbing?

It's unseen, but it's there—between walls, under floors, buried in the ground. One third of the cost of any good plumbing job, is for that unseen work. We believe that no part of a plumbing job is more important than the "unseen" plumbing. We know that unless unseen work is done right the first time, using the proper material and workmanship, there is sure to be costly trouble later. Our unseen plumbing stands the test of time and daily use.

YOUNG BOYS EXPERT JOCKEYS

Mongolian Youths at Home in the Saddle at an Astonishingly Tender Age.

If a daring traveler braves the dangers of a trip into Mongolia he is fascinated by the natives at the time of their summer festivals. Then every Mongolian family puts on its best bibs and tuckers and goes to the fair, much in the same way the people in our own country sections go to the county fair. However, at the Mongolian county fair one does not "hit the baby" and get a five-cent cigar, or throw rings at cabs to obtain a prize, but one does see horse races.

Instead of sitting in a grand stand and watching the entire race, as you do here, you see only the start or finish. For the races in Mongolia are 30 miles long.

The Mongolians are great horsemen, and learn to ride at a very early age. Their lives are spent with and on horses. The women ride as well as the men, and by the time a boy has reached the age of ten he is an expert horseman. In fact, the jockeys are ten-year-old boys.

These little fellows are mounted on the very fast Mongolian ponies, without saddles. Their only trappings are a bridle, a whip and a handkerchief.

They start on their wild ride over the steppes with the courage and spirit of men, whipping their horses fiercely, but often reaching over kindly to wipe the dust from the eyes and nostrils of their ponies.

GREAT SOUTH AMERICAN HERO

Memory of Simon Bolivar Worthily Honored by the Nations He Served So Well.

Simon Bolivar lived during that period in the history of mankind when political revolution was the order of the day. He was born in Caracas, Venezuela, July 24, 1783. The American War of Independence had just then come to an end, and while visiting Paris Bolivar had an opportunity to witness the closing scenes of the French Revolution. By this time the Spanish colonies in South America were beginning to make their various struggles for political independence, and when Bolivar returned to his native land he soon found himself allied with the agitators who were struggling to free their country from the domination of Spain. He rapidly rose to a position of great prominence, both as a statesman and a soldier, and he was again and again appointed as dictator until such time as political independence would be assured. He achieved the political independence of three states: Colombia (in 1819), composed of Colombia, Venezuela and Ecuador (from which the last two withdrew in 1830); Peru (1824); and Bolivia, named after Bolivar (1825). When he died, December 17, 1830, he did not have any public money in his possession, although he had had complete control of the treasures of these republics.

Animal Folklore From India.

Chaucer and "Uncle Remus" obtained inspiration for their stories from the same source—India—according to a theory advanced by Prof. J. M. McBryde of Tulane university. Professor McBryde says the stories probably came from India, on the one hand to England by the way of the Crusaders, forming part of the great wave of animal folklore which spread over Europe, and on the other hand, through Buddhist missionaries into Africa, whence they were brought by the negroes to Southern plantation homes. Stories of the fox outwitting the wolf in the well episode as told by an English poet a century before Chaucer, and by "Uncle Remus" to "the little boys," both paralleling an ancient tale of India, and the "tar baby" theme of one of the tales of Buddha's 550 transmigrations, are among those cited by Professor McBryde to prove his point.

Good American Word.

Despite its Latin appearance, the word "caucus" never saw Rome in the person of a Latin ancestor. The term is a memorial of the Revolutionary war, and first saw the light in Boston. In a dispute with some British soldiers, the ropemakers and calkers hotly denounced the British government at a public meeting. Such meetings of protest, expressing open disloyalty to the Crown, came to be humorously characterized by the Tories as "calkers' meetings." From that term of contempt the transition of the word to its use in its present form as a part of our basic electoral machinery was short. It became firmly imbedded in the American language as distinct in several minor details from the language spoken in England.—Detroit News.

The Trial of a Lawyer.

A successful Chautauqua lecturer, a prominent attorney in his own city, has for years entertained large audiences with his lecture, "The Trial of Jesus From a Lawyer's Standpoint." Recently he listened to the following diverting introduction from the lips of a platform manager: "I am very glad to introduce to you, ladies and gentlemen, Mr. B—, who will now entertain us with his celebrated lecture, 'The Trial of Jesus From a Lawyer's Standpoint.' I can only imagine one lecture which might prove more interesting to this audience than the one announced. That would be 'The Trial of a Lawyer From Jesus' Standpoint.'"—Everybody's Magazine.
