LOCAL W. O. W. GAVE FINE LUNCHEON TO COMMITTEE

Friday noon of last week, the local W. O. W. gave a luncheon to the Executive Committee of the National W. O. W., who were here inspecting Kerrville as a suitable site for a proposed tubercular sanatorium for W. O. W. members afflicted with that dread disease.

The luncheon was a most delightful affair, as are all such held at the St. Charles Hotel. W. G. Carpenter was toastmaster and introduced first, Judge Lee Wallace to extend a welcome to the distinguished visitors.

In flowery and pertinent remarks, Judge Wallace extolled the advantages, the beauty and health-giving qualities of this section, of which he was an example, having been brought from a skeleton site to a heavy weight and fine flesh.

Mr. Henry, a W. O. W. officer at San Antonio, responded to the address of welcome in a happy style and pledged the support and influence of the Alamo City to Kerrville, as their city entertained the most kindly feelings for this charming place.

Judge H. C. Geddie was introduced as another tangible evidence of the recuperative powers of the climatic conditions of Kerrville. In forceful and brief remarks Judge Geddie detailed the attack of the white plague on him and the several places he went seeking relief, which he did not secure until he came to Kerrville and located. And, while he had not developed the avoirdupois of his friend, Judge Wallace, whatever he was, he owed to the exceptionally health-giving power of the climate and environments of this place.

Elisha B. Lewis of North Carolina made a few remarks, and as his section is an applicant for location of the Sanatorium, he of course thought it the most desirable and gave notice that no other had any attractions for him.

After the luncheon the Executive Committee and a number of citizens adjourned to Pampell's Hall, where there was a further discussion. Dr. S. E. Thompson was called upon to give the audience the benefit of his knowledge and experience as to tubercular and its treatment, as well as the most desirable location. While occasionally indulging in some humor, Dr. Thompson gave a succinct analysis of tubercular treatment and the character of surroundings most suitable, and he stated that while he had the whole United States to select from when he established his Sanatorium, he chose Kerrville as comprising, in his opinion, the best natural environments for the successful treatment of tubercular.

Sovereign Commander W. A. Fraser was the next and last speaker. He referred to the fact that he was a native of Texas, and a number of years ago had made a horse-back trip through this section, and realized that it possessed exceptional advantages for the location of a tubercular sanatorium, but that the Executive Committee must take many things into consideration. They would soon complete the investigation of proposed sites and render a decision within about thirty days. Mr. Fraser facetiously referred to what he considered a bunco game practiced on them in the attempt to pass off Judge Wallace as an ex-tubercular, or as one who had ever been sick, when you consider his present fine healthy appearance and heavy weight. Mr. Fraser presented to the audience each of the members of the Executive Committee.

An adjournment was then taken to permit the local W. O. W. Committee, of which W. G. Carpenter was chairman, to take the visitors to the Memorial Legion Sanatorium, Dr. Thompson's and D. E. Lewis dairy farm, where he is building a sanatorium. The sites included J. M. Thompson ranch, Schultz place and one or two others.

The following composed the Executive Committee visiting here: Sovereign Chairman W. A. Fraser, Omaha, Neb.; S. L. Caine, Columbus, Miss.; Dr. A. D. Cloyd, Omaha, Neb.;

William Ruess, Cleveland, Ohio; T. E. Patterson, Chattanooga, Tenn.; Ed. D. Campbell, Port Huron, Mich.; J. E. Fitzgerald, Omaha, Neb.; Elisha B. Lewis, Kinston, N. C.; Rainey I. Wells, Murray, Ky.; W. M. Crawford, Birmingham, Ala.; S. A. Ferrell, Johnstown, Pa.; John T. Yates, Omaha, Neb.; B. W. Jewell, Omaha, and D. E. Bradshaw, Little Rock, Ark.

Senator Morris Sheppard, who was expected to make the trip, was detained in Washington, and one other member of the council, C. D. Mills, Jacksonville, Fla., died Sunday of last week.

KERRVILLE MAY BE ON MAIN RAILROAD LINE TO THE GULF

W. T. Eldridge, millionaire railroad and sugar man of Sugarland, and Frank Kell, millionaire grain and railroad man of Wichita Falls, have been inspecting the Uvalde & Gulf Railroad line from San Antonio to Corpus Christi. This road is in the hands of United States receiver and is for sale.

It is stated by Messrs. Eldridge and Kell, that their purpose would be, in case they secure the Uvalde & Gulf, to make it a part of a trunk line connection from the Northwest to the Gulf. Mr. Kell has several short lines between here and Oklahoma, and the connections that Mr. Eldridge might be able to arrange would consolidate these short lines up with the Frisco and International & Great Northern. The Frisco would be used to Menard and from there to Kerrville it is contemplated to fill in the gap with another short line, and a survey is said to have been made of this route the past summer.

This proposed railroad purchase and connecting up into a trunk line service depends a whole lot upon the vote of the people in Nueces County for the million dollar navigation district bond issue to be presented October 31st. If these bonds are voted, together with the United States Government aid, it would enable protection to be given Corpus Christi from storms as well as deepening the harbor and channel so as to permit large vessels to enter there.

This arrangement would put Kerrville more in touch with the outside world and give it a better chance at securing people to come here for their summer and winter vacations, as well as for the benefit of our health-giving climate.

At present, the town is almost without railroad connection, except freight service, and this is used mostly for through shipments. The auto passenger cars and freight trucks have about absorbed the travel, and also freight in less than carload lots. This condition would not have been brought about had the railroad management given the people the service to which they are entitled.

DEPUTY GAME WARDEN BOGLE GETS MAN FOR KILLING DEER

Deputy Game Warden M. E. Bogle did some good detective work the first of the week in tracing down the killing of a deer in the Hildebrandt pasture below Center Point. The campers were in the Ellis pasture, but the killing of the deer is said to have been in the Hildebrandt pasture.

Deputy Bogle traced the suspected persons to San Antonio, and his evidence was all circumstantial, but he made a good guess and approached Ellis Hyde in that city and told him he had a warrant for him on the charge of killing the deer, and the young man entered a plea of guilty. The fine was \$32.65.

It seems that young Ellis, who was raised in this section, and is now working for the Texas Oil Company, accompanied by some of the officers of that company, were here last week and they spent Saturday night and Sunday with young Ellis camping in his father's pasture. The deer was found and killed Sunday in the adjoining Hildebrandt pasture.

Deputy Bogle has done good work, and it is to be trusted that this will be a warning to others to be more careful about violating the game law.

NATIONAL POLITICS ARE IN A CHAOTIC STATE

(By LOUIS SEIBOLD, National Political Correspondent of the New York Herald and San Antonio Express).

Chicago, Oct. 22.—Voters throughout the West and presumably the country over do not appear to entertain much better or different opinions of members of Congress than that held by General Dawes, Secretary of War Weeks and most of the newspapers. This fact is clearly established by reports brought to Chicago by leaders of both parties. It is further reflected by the confused and indefinite conditions under which the battle for the control of Congress is being contested along professional lines. The wholly unsatisfactory record of members of the present Congress has provoked the average citizen of the West as well as East to tighten up, not only in the matter of campaign contributions but also in pledging his moral support and, what is more significant, his (or her) vote.

The chief complaint of Congressmen who are anxious to win another term is that voters refuse to take them seriously, or think it really makes any difference whether a Republican or Democrat goes back to misrepresent his district again. The threadbare wails of party candidates for their constituents to stand by the Grand Old Party seems to have lost its power to charm or deceive.

Men and women voters alike correctly appraise stock arguments, and pledges at their true value—they don't mean anything except a pleasant time for a Congressman at the National Capitol at the expense of the taxpayer. Therefore, it is the opinion of Western leaders of both parties that the voters have lost interest as well as faith in the pretensions of candidates whose past records reveal little thought or care for so-called party principles, and legitimate issues but who follow the line of least resistance and surrender to the commands of noisy minority groups seeking special privileges at the expense of the people.

Most of the appeals that reach the National Committees from candidates for the two Houses are for money and nothing else. The home folks in mind holding the bonus scheme to tax them to the extent of \$5,000,000,000 for the benefit of able-bodied soldiers are not "coming across" with financial aid as they were expected to do. The capable ex-service men contribute noise and threats, but no money to their congressional friends.

Candidates Dodge Bonus Issue
This condition of affairs explains to some extent the tendency of candidates for the National Legislature to dodge the bonus issue wherever possible and to make only vague promises when forced into a corner. There are many other reasons for the apathy or indifference of voters to the whining appeals of congressional candidates—their failure to reduce taxes, inability to comply with the demand of farmer and trades unions for more and greater special privileges and the generally bad, or at least worthless record of the Congress elected along with President Harding two years ago.

Many leaders of both parties in several States with whom the writer has discussed the prospects of their candidates for Congress, will be surprised if a number whose present chances for re-election now seem good are not left at home and new men sent in their places on the theory that the latter cannot possibly turn out any worse than their predecessors.

According to the leaders in question political considerations will not alone be responsible for many of the changes. A rather comprehensive survey of the West made by experienced leaders strengthens the impression prevailing to date that the Republicans will hold their present advantage in the Senate and possibly gain one or two seats, and that its losses in the lower House will not

exceed 60 seats at the outside which will still leave a margin of around 40 majority.

The outstanding reason for this indicated result is that the Democratic party is losing ground faster than the Republican party. Both are admitted to be slumping and losing popular favor. Their salvation rests in the fact that while the voters express dissatisfaction with both parties, the confused local as well as National political condition have no crystallized popular sentiment in favor of a third party movement of National scope. There is admitted to be growing in many sections of the country local movements that clearly reflect dissatisfaction with the course of both parties. The most definite form these movements have assumed is nonpartisan, and portends the coming of some sort of political storm unless one or the other of the two major parties meets the necessities of the situation. Popular insurgency in the West is rapidly taking the form of radicalism, which has already broken down party lines in Missouri, Iowa, Nebraska, Minnesota, North Dakota, Wyoming, Montana and Utah, generally more damaging to Republican than Democratic interests.

TIVY HIGH LOSES TO BRACKENRIDGE IN HARD FOUGHT CONTEST, 6 TO 0

Though outplayed from start to finish, Brackenridge High won from Tivy on the local field last Friday, by the only touchdown of the game. A successful forward pass was the means used to accomplish the end sought.

Tivy not only had possession of the ball a majority of the time, but the game was played on Brackenridge territory. Only once was the Tivy goal threatened with the above result.

Playing on the defensive by the visitors after they held the advantage offset the more efficient work of the local boys. Brackenridge showed its best efficiency in intercepting forward passes.

Prof. Moses is encouraged with the showing his boys made, even if the record goes on the "red" side of the account. Stevens, regular quarterback, and a strong ground gainer, was out of the game. Likewise Comparette, who has been a mainstay in the line at center, was on the sidelines, incapacitated for service.

There is no criticism of the work of the substitutes, but these two boys have been the main cogs in the machine Moses has built up and have been in every previous game. It is only natural that their work should be missed against a team as strong as Brackenridge.

November 1st, St. Mary's Academy will play on the local field. Tivy played them to a nothing-noting score in San Antonio some weeks ago. Prof. Moses will take the boys to San Antonio November 4th to play Main Avenue High at Schwab Field. Coach Clark was anxious to get a return game for the defeat administered here three weeks ago.

Rocksprings expects to come here November 11th. The line-ups:

TAX-FREE BONDS FACING ACTION BY CONGRESS AT SHORT SESSION

Washington, D. C., Oct. 22.—Adoption of the pending resolution proposing a constitutional amendment putting an end to the issuing of tax exempt securities will be urged upon Congress at its short session, it was stated today by high fiscal officers of the Administration. They declared the question of tax-free bonds was the most important, not alone of the National tax problems, but of some of the industrial ones as well.

Administration Is Favorable

It was indicated that the proposed legislation will have the full support of the Administration. President Harding was expected to renew in his annual message to Congress in December his recommendations for such change in the organic law.

With capital in ever-increasing quantities seeking investment in tax-free securities, fiscal officers said the situation had reached the point where a remedy not only was desirable, but necessary. Aside from the direct loss in taxation to both the Federal and State Governments, it was stated that

ALL-STARS LOSE TO KNIGHTS OF COLUMBUS AT SAN ANTONIO, 13-0

With a majority of the spectators cheering for Kerrville, the Knights of Columbus were spurred to outplay themselves last Sunday at San Antonio and won by a score of 13 to 0. Their own goal was threatened but once, when Kerrville's left end made a 60-yard run after intercepting a forward pass cleanly and cleverly. It was the most spectacular play of the day. The All-Stars made little impression against the opposing line when a few yards would have been encouraging toward success.

Both teams were at their best in interfering with forward passes. An unusual amount of punting was engaged in by both teams, and Kerrville excelled, if there was any advantage, in carrying the ball back. Real was especially elusive with his reel-like dodging. Gold also specialized in speed and dodging through tacklers to get his man.

There is no alibi. Unfortunately the All-Stars were forced to make substitutions and reorganize their line at inopportune times. Wilson had to retire because of a bad hunch, at a moment when the team was getting under way nicely.

The heat was oppressive, making frequent rests necessary. The line-ups:

U. S. SENATORIAL SITUATION STILL IN MUDDLED CONDITION

Three United States Judges in session at New Orleans decided that they had no jurisdiction in the request of George Peddy and the Republican leaders that the Secretary of State be required to place the name of Peddy on the Republican ballot for United States Senator. That settles this part of the muddle, as Peddy's name will not appear.

Earle B. Mayfield's cases in the District Court at Corsicana and the Appellate Court at Dallas and Supreme Court at Austin, leave him up in the air, and which ever way all or any of them may be decided, it will not be in time to get Mayfield's name on the Democratic ballot, so that part is also apparently settled.

The muddled condition was all brought about by the refusal of the Secretary of State to allow Peddy's

name on the Republican ballot. That action was, no doubt, in accordance with technical legal requirements, but since such impediments had not been permitted to interfere with Ferguson's name going on the Democratic ticket in the primary, it would have been much better to again ignore technicalities, and let the people settle the matter.

It now rests with the voters to write the name of their choice on the ballot.

MILKMAID'S CONVENTION WAS ENJOYED BY A LARGE CROWD

Last Friday night there was an entertainment given at the Methodist Church, under the direction of Mrs. H. C. Geddie, which was termed the "Milkmaid's Convention," and it was much enjoyed by the large crowd present. The songs by Mrs. J. G. Timmons were very sweetly sung and she was effectively accompanied on the piano by Mrs. Roger Self. The male quartet rendered several excellent selections in a very creditable manner. The little girls in Chinese costume were pretty and cunning. Miss Mary Holdsworth as "Charming Chairmaid" acquitted herself with high honors; in fact, all who participated showed marked talent in their respective parts—and the smallest and youngest among the delegates to the convention was little Miss Madeline Peterson, who was cute and superb.

Mrs. Geddie is to be congratulated upon the success of the entertainment, which was humorous and satisfying for an evening's enjoyment. The program follows:

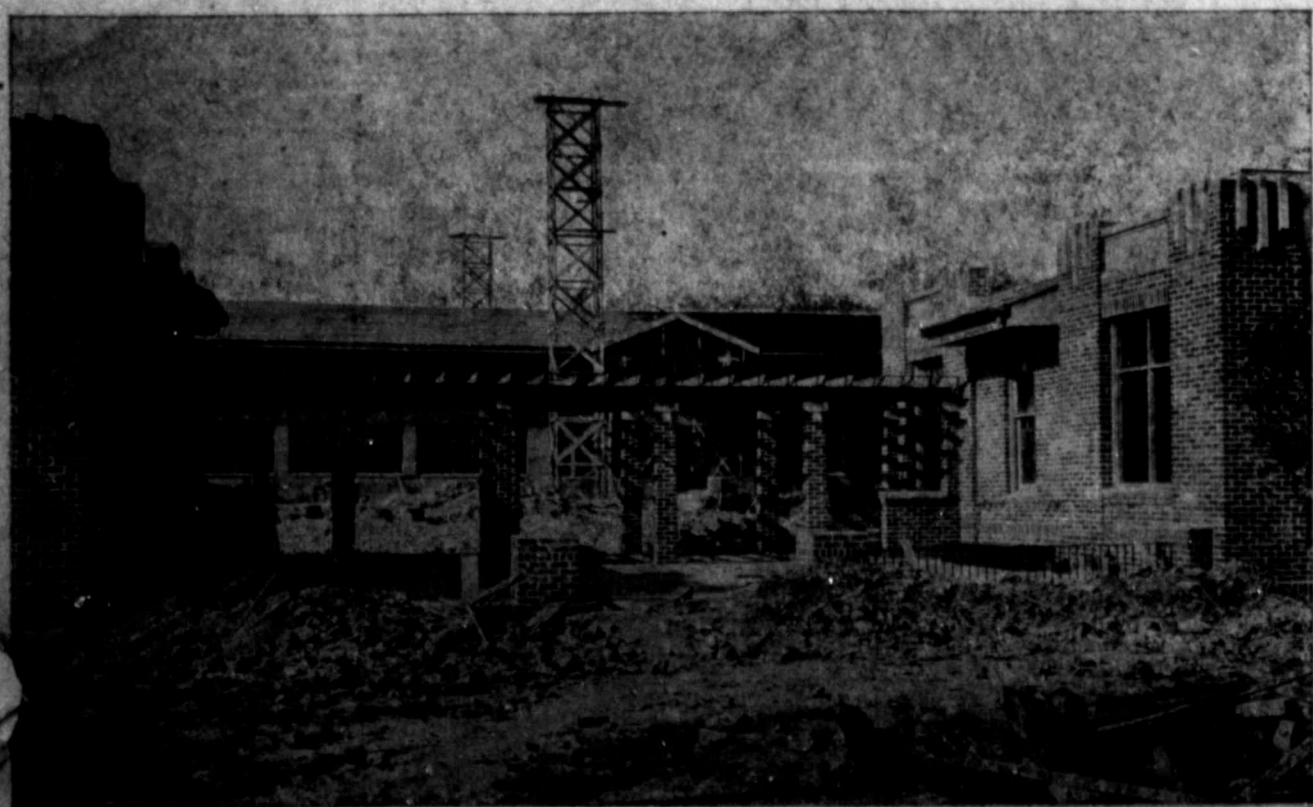

Musical Program—Male quartet: Horace Starkey, Herman Saenger, Ellis McDoniel and William Saenger. Juniors in Chinese Costume Song; Katherine Self, George Nell, Boss Nance, Anabel Peterson, Frances Peterson, Annie Lavie Coleman, Mary Louise Gardner, Thelma Taylor, Imogene Ewing, Eleanor Holdsworth and Beulah Adkins. Vocal Solo: Mrs. J. Grady Timmons.

"Milkmaid's Convention"—Editha de Smythe, the Charming Chairmaid, Miss Mary Holdsworth; Lauretta Jeannette Crabtree, Secretary, Mrs. Joe Lowrance; Birdie Larkspur, the Sweet Singer, Mrs. J. Grady Timmons; Sophronia Dufanny, from Curdsboro, Miss Willie Holdsworth; Mercy Anner Wisford, from Beechville; Mrs. L. T. Davis, Prudence Pastry, from Cowslip Bend, Mrs. Roger Self; Irene Adelpa Dowdy of Horn City, Miss Verna Spence; Zena Makefodder of Kerrville gives Address of Welcome; Priscilla Silliman, Fredericksburg, Miss Eula Grantham; Susannah Marie de Jones, San Antonio, Miss Madeline Peterson; Serelia Evangeline Hobbendorfer, Cheateo City, Miss Warren Holoman; Virginia Creeper, Califton, Mrs. Henry Noll; Deborah Higgins Templeton, Gramsburg, Miss Marion Starkey; Betsy Jane Butterpole, Austin, Miss Anabel Council; Melinda Seraphina Biggerstaff, also from Cheateo City, Miss Ada Nance; Matilda Ann Perkins, Cowtooth Bend, Miss Clara McDoniel; Reporters of Convention, Messrs. Herman Rees, Pam Grinstead and Horace Starkey.

The musical program was directed by Mrs. Roger Self, who acted as accompanist. The players were trained by Mrs. H. C. Geddie.

After the play, John Ward sold the Milkmaid's pails full of home-made candy.

The amount realized "clear" was a little over \$50.00.

**TARIFF VICTORY CAUSES
RANCHERS TO REJOICE**

(By Byron C. Utecht, Staff Correspondent of the Star-Telegram.)

San Angelo, Oct. 21.—A large number of West Texas Democrats are rejoicing over the passage of a Republican measure in Congress. In fact, these Democrats have spent considerable time and money trying to hasten along the measure, for they took the stand that party lines cease where the pocketbook, home and family are vitally concerned. The Democrats are the sheep and goat raisers and the measure is the tariff bill, which places a duty of 31 cents a pound on wool and mohair.

Time was when these ranchers could not buy automobiles, or pianos, or send their daughters "east" to Fort Worth colleges, or buy their wives furs. But they are doing it now. The emergency tariff bill put 48 cents duty on the two ranch products and soon afterwards wives deserted the wash tub. They did not want to return to the tub and got right after their husbands on this tariff thing and their husbands got right after Texas Congressmen and the Congressmen got busy.

"Down with the wash tub! Up with the tariff!" was the battle cry of these West Texas women. And they will continue to send the family washing to the laundry or hire it done. Few Congressmen, or Senators or the President realize what a potent factor the wash tub was in the fight over the tariff.

Wives Nod Approval

When their wives got after them, the ranchers, all members of the Texas Sheep and Goat Raisers' Association, sent representatives to Washington to explain why a good Democrat would never stand for free trade any more, especially on wool and mohair. Representatives were sent to the capital several times and in "regular session assembled," the association passed resolutions against free trade and for a nice, comfortable, piano-getting tariff on wool, mohair and other things, while the wives looked on and nodded approval. The men were good helpmeets after all. It is true that two lone, rock-ribbed patriotic gentlemen of the old Democratic school, stood with their backs to the wall, at safe distance from the women and argued and fought and orated and orated and fought and argued all about Jeffersonian principles, "the fathers" and the sins of high tariff. The ranchers

looked a little nervously at their wives and the latter eyed them firmly and consistently.

"Stay put," the eyes said and it was all over but the voting, the two patriarchs being the only ones in that assembly of Democrats who voted against a high protective tariff.

What is politics or party where the sugar-bowl bank is concerned? Beyond the Alpine tariff lies the wash tub, doesn't it?

Wool growers assert that for a number of years they sent their product to market and that when freight, commissions and "extras" were deducted they counted themselves lucky if they received enough to buy a fresh plug of tobacco. Sheepmen say that the present freight rates on live sheep is so high that it is prohibitive.

A Shipper's Experience

M. H. Hamilton of Del Rio shipped a carload to Kansas City recently and reported to the association that the freight bill amounted to more than what he received.

"What shall I do?" he asked the other members. "I offered to give the railroad some sheep to make up the charges but it refused."

"Oh, just ship some to Kansas City and tell the road to put the sheep out of the cars when they have ridden out their value," shouted a wag.

Wool and sheep growing in West Texas is becoming such an enormous industry that it is now a healthy rival to the cattle business and ranges once grazed upon by big herds now contain great flocks of sheep and goats whose coats are bought by Eastern markets for clothing manufacture. Thirty years ago the sheep and cattlemen engaged in a bloody warfare for right of domain, but the hatchet now has been buried.

Some of the sheep and goats are marvelous of production and the best of them fetch prices that would be paid for race horses of pedigree and track record. More than \$3,000 was paid for one Angora goat at Del Rio.

Goat Brings \$3,000

The owner of "Texas Lad," a brother of the \$3,000 Angora, refused an offer of \$2,000 for him. Texas Lad, owned by J. A. Ward of Sonora, at present wears enough mohair to make 12 men's suits. His silky hair is so long that it drags under foot and only his eyes peek out from the mass on his head. The ranchers have been organized in Texas for only seven years and yearly they hold a convention and show, at which prizes are awarded for winners in all classes of sheep and goat stock.

The West Texans are weary of having goat meat called such and they have invented a new name for it—chevon, a French derivation. No one says cow meat or sheep meat, so why call it goat meat? demanded the ranchers and they passed a resolution officially adopting the word chevon. Nay, they sent a request to ever helpful Congressmen and asked them to see to it that the people of the United States hereafter shall say chevon. In the hurry-scurry to pass the tariff bill, they probably forgot to put the chevon bill in the hopper, but the wives of the West Texans have not forgotten and have seen to it that all restaurants in their section use the word on their menus.

Angora Epicurean

There is still another thing in goat-ology the ranchers want the world to understand. Goats, at least the aristocratic Angora, do not eat tin cans, nails, bill posters, or the washing on the line, despite the cartoonist's idea of a goat's appetite. This was announced solemnly by R. H. Martin, president of the association, who went on to explain that nothing but luscious weeds, fricasse of twigs and leaves

and desert of roots would satisfy the epicurean Angora.

At present ranchers are buying breeding stock of sheep and goats from Wyoming and Ohio, including the finest of Rambouillettes and Delaines, for which they are paying \$25 to \$75 a head.

Opponents of the wool and mohair tariff set up the claim that men's clothing would be greatly increased in price as a result. The ranchers say no. But a man who never raised a sheep or goat in his life, John H. Kirby of Houston, a capitalist, comes along with a statement upholding the ranchers and says the clothing price will not be increased.

Kirby Explains

"The price of woollen clothes began to fall," said Kirby, "while the emergency tariff was on and this was 45 cents while the new rate is but 31 cents. If it is raised there is no excuse for it and will not be the fault of the tariff."

"The Southern Tariff Association points to the tariff act of 1893, when this product was on the free list. As a result the sheep industry was swept from the plains of the South and West. There is not a sheep man living now who experienced that terrible disaster who will forget the devastating influence of the bill which killed the industry almost overnight. All who have memories will recall that when the domestic production of wool was annihilated and protective levy 'for revenue' was laid on manufactured articles, the price of woollen clothing and blankets went up."

**COLOR LINE IS NOW
DEMANDED IN ENGLAND**

Boston, Oct. 20.—Restriction of negro immigration into the United Kingdom is demanded by John Bull in an article which declares both that negroes are responsible for much of the crime in England and that white women in increasing numbers are associating with them.

American negroes who came over as jazz artists, as well as others who come to England to be educated, remain here, the article charges; some of them to become criminals, others to associate with white women.

"If there is one thing more than another about the West End—the white light district—of London which strikes an Englishman recently returned from overseas with horror and disgust," the article states, "it is the enormous number of negroes and Asiatics of assorted tints to be found parading about, and the lighthearted fashion in which so many white girls enter into close relationship with them."

"Before the war these gentlemen of color were few and far between. They were mostly to be found in the neighborhood of the docks, and the only white women who associated with them were drink-sodden creatures who had sunk to the lowest depths of degradation. Now, these people saunter about dressed up like dandies, and white girls hang on to their arms."

"Poorly paid London shop girls seem to fall an easy prey to some mysterious glamor which appears to surround a black man, but if they knew the truth they would not have lost that healthy sense of shame at being seen in the company of a negro which was largely a protection to an older generation."

"Many of these negroes have been imported from America as jazz drummers and exponents of the barbaric noises which the Yankees are pleased to call music. Others of the negro invaders have been brought here for educational purposes. A very large

proportion of them do not return to their homes.

"Some of them may be found in street markets selling quack nostrums. Others, having acquired a medical degree, set up in the poorer districts as cheap doctors, and many of them are under suspicion of making illegal operations their principal source of income. A large number have been convicted of being concerned in cocaine traffic, and there is scarcely a single unpleasant feature of the underworld in which they are not involved."

"It is high time restrictions were placed on this negro immigration, otherwise the country will be branded with an ever-increasing population of half-castes."

Plastic wood is a colloid preparation made with very fine wood meal and of the consistency of putty. It is claimed to be waterproof, will set hard and can be turned with a lathe. Nails can be driven into the dried material without cracking it.

CATHOLIC CHURCH NOTES

By Father Kemper
This coming Monday will be a busy night for the fairies at Notre Dame...

BOX SUPPER

No classes will be conducted at either school on All Saints' Day, because it is a holy day of obligation...

Thursday of next week the rare privilege is granted of offering the holy sacrifice of the altar three times...

Last Friday St. Mary's Auxiliaries held its monthly social in Washington Hall...

The feast day of one of the Sisters was observed quietly last Sunday. On the same day some of the parishioners called on Sr. Rose Agnes...

Novice Mistress Here
Mother Antonius made a hurried trip to Notre Dame Tuesday in order to take with her two of our boarders...

Sr. Hilda, principal of the High School, and Sr. Eugene of the musical conservatory, spent the week-end in San Antonio last week at the provincial headquarters...

Rev. Mother General, who is well known in Kerrville, departed last Saturday on her quinquennial inspection of the schools, hospitals and orphanages conducted by this religious order in Ireland, Holland and France...

K. of C. Welfare Work
Ben Newman made his semi-monthly trip to the Soldiers' Hospital Tuesday last week in connection with the Knights of Columbus welfare work...

Last Sunday the Caseys met our local football squad on Schwab Field in San Antonio. Clarence Mosel, a member of the K. of C. eleven, was here on business Thursday and remained over to attend the Brackenridge game with Tivy...

Bill Tarrillion and Ed. Christian, also members of the fraternal order, came here to hasten the plastering work at Legion. Other newcomers aiding them at Pat Cahlan of St. Louis and Jim Rourke of Galveston...

The infant daughter of F. Saucedo was baptized last Sunday, receiving the name of Lorenza.

It was a most agreeable surprise at the Guadalupe Church last Sunday to hear the debut of the Mexican men's choir. They had practiced very faithfully with the clever little organist, Miss Carmen Torres, and certainly deserved all the flattering comments showered on them after mass...

The monthly engagement was held at Comfort last Sunday. After the services Mrs. W. H. Gaines motored to San Antonio and on her return met with a serious accident which nearly demolished her car.

FORMER HOUSTONIAN DIES AT KERRVILLE

Houston Chronicle, Oct. 18th: John F. Reichert, a former resident of Houston, died Tuesday night at Kerrville, according to word received by relatives here Wednesday morning.

Mr. Reichert, before going to Kerrville, was teller for the Lumbermen's National Bank, which position he held for many years. He resigned six years ago to go into the insurance business in Kerrville.

He is survived by his wife; two sisters, Mrs. H. Jaenecke and Mrs. John P. Dreyer; two brothers, Walter Reichert of Houston, and Will F. Reichert of San Diego, Cal.

The body will be brought to Houston and funeral services will be held at 3 Thursday afternoon at the home of his sister, Mrs. John P. Dreyer, 4004 Rusk Avenue. Burial will be in Glenwood Cemetery.

The pallbearers will be R. F. Nicholson, J. A. Fite, Frank Farrel, S. J. Baxter, Bowles Campbell and James Crate.

LEGISLATURE EXPECTED TO REMEDY TAX EVILS

San Antonio Express, Oct. 21st: The prospects for legislation at the hands of the next Legislature in the interests of equal and uniform taxation for Texas are very bright, according to Gus Reininger of New Braunfels, secretary of the Texas Tax Assessors' Association...

He stated yesterday that he had visited 50 or more of the principal towns in South, Central and West Texas, speaking to luncheon clubs, before chambers of commerce, boards of city development and other civic organizations, and in every instance the organizations have endorsed the move, and began active measures looking to winning results. The usual procedure is for such organizations to appoint committees to take the matter up with the candidates for House and Senate with a view of lining them up for the cause.

With the showing thus made, Mr. Reininger believes the cause is in a fair way to succeed when the next Legislature convenes.

FIRST METHODIST CHURCH

J. GRADY TIMMONS
Last Sunday was a great day for the Methodist Church in Kerrville, it being the last Sunday of the conference year...

The evening service was well filled and a gracious service of worship was had. At both services a number of our Presbyterian friends were with us and of course we were delighted to have them, but we deeply regret the illness of Dr. Dickey, which prevented him from filling his pulpit at these hours...

The church this year has made wonderful gains along all lines. There have been 64 additions to the membership of the church this year, many of them by profession of faith. The Woman's Missionary Society has done a great work. Besides its splendid courses of Bible and Missionary study the society has accomplished a great thing in the financial field...

The play, "A Milk Maid's Convention," given last Friday evening at the church was a great success. The house was filled, and the neat sum of \$50.00 was realized. The actresses had their parts well in hand and everyone seemed highly pleased...

There will be no services next Sunday at the church, due to the fact that the West Texas Annual Conference will be in session. It is hoped that our people will go to church somewhere on this Lord's Day. Sunday School and Leagues meet at the regular hours.

Ku Klux Klan Makes Contribution

In accordance with its policy and principle to help, aid and assist in all worthy causes the Knights of the Ku Klux Klan of Kerr County last week made through its regular channels a contribution to the conference claims fund of the Methodist Church of Kerrville. The gift was enclosed in an envelope and contained \$25.00.

This was not a personal gift to the pastor, but to the assessment of \$503 made against the Kerrville Church by the West Texas Annual Conference. The presentation was not a public affair, but was quietly handed the officials of the church by a Knight, duly designated for the purpose. It was given as a testimony of its fidelity to a deep religious sentiment and was accepted as such.

(Signed) KIEagle, Kerr County Provisional Klan.

Bandera Budget

New Era, Oct. 19th: The Wentworth firm of New York last Saturday purchased the Bandera clip of mohair, amounting to about 75,000 pounds, at 67 cents per pound. The big sale was made by Fred Thalmann, manager of the Bandera County Ranchmen and Farmers' Association, and is regarded as one of the best sales that has been made in this section. The mohair is being hauled from the warehouse here to Center Point for immediate shipment to the buyers.

FOREIGNERS ARE NOT WELCOME IN GERMANY

Berlin, Oct. 18.—Americans and other foreigners will be unwelcome in Germany this winter. A ready spirit of resentment, especially among the working classes, is setting in against what are called "valuta-strong foreigners."

And, part of this resentment it may be said in all fairness is attributable to the conduct of certain traveling foreigners, who have been swarming over Germany this summer. They have made it difficult for Americans and others whose business requires them to remain in Germany. They have flaunted in the faces of waiters and shop girls their dollars and their cheap marks; they have boasted of how cheaply they can buy foods and goods in Germany; and have said they would be "glad to get rid of this junk"—meaning the marks they bought by the bale.

The German has seen this; he has read, too, daily of how many marks can be had for a dollar, and of how the foreigners were "buying out" the country, taking along not only luxuries but necessities. He has heard of the foreigner feasting with caviar, lobster and champagne at rates comparatively low when reckoned in American or British currency.

Further, he has observed that many of the foreigners were leading a loose life—wine, women and song. Then he has turned the page, and read how many hundred marks his meat and his butter and his bread and potatoes are costing and will cost. He has reckoned that up in terms of the weekly wage running between 2,000 and 4,000 marks at present and has come to the conclusion that the economic situation is all wrong.

And, along with it, he has gathered a sullen dislike for the foreigner. The result is a distinct spirit of hostility. A few cases have come to light in the last couple of weeks where persons speaking English on the streets were hissed.

The foreigner wonders at such treatment and resents it. On the other hand, though, the German resents the boorish impoliteness and loud mouthed bragadocio which too many travelers assume.

Sensational Reduction of \$50.00 on All Ford Car Models

Announced Tuesday, October 17th, P. M.

The great many new improvements just added to all Ford Models increased the value, the appearance, and the performance of the Ford Car many times.

This reduction in price of \$50.00 coming at this time should settle definitely the last argument you might have about waiting to purchase your Ford Car.

The price of a Touring Car, Standard, filled up with gas and oil, ready to run at Kerrville, is now \$382.24; this car with Starter is \$455.08. A Roadster, Standard, is \$352.12. A Ton Truck Chassis is \$460.20. Other models in proportion.

We will appreciate your order for delivery. Cash or monthly payment plan.

LEE MASON & SON

FIRST BAPTIST CHURCH

J. B. HOLT, Pastor
Rapidly the days come and go and our little span of life continues to narrow. What we do for our Lord and others we must do quickly. We cannot afford to waste a single day...

Some of our people do not seem to realize that we will have to meet God with the record we are making these meaningful days. How carelessly we throw away hours that ought to be spent in the service of God. If we value life, then let us not waste it, for time is life. What is the Recording Angel putting in the Books of Heaven to your credit? Many of the things done in the social round are worse than useless; yes, are even sinful. Which is better, to please men or God? Many so-called Christians will run over each other to stand well in society who care not a whit how they stand with God.

For many years God's people have been meeting in the middle of the week for prayer and praise. Those who gather at such service are the choicest spirits of the churches. Who can come, but will not, confesses a decaying or non-existent spiritual life. When people quit praying at home they lose their desire for the prayer meeting. God's people dishonor Him when they choose to do their wills instead of His on prayer meeting night, and they will have to suffer for it.

Things were better all around last Sunday. The Bible School was fine in attendance and in spirit. The superintendent remarked upon the good feeling manifest everywhere.

At the morning service Chas. D. Fine, a prominent Christian gentleman of Dallas, brought us a very helpful message on the eleventh chapter of Hebrews. The splendid congregation seemed to enjoy every word that was spoken.

Both B. Y. P. U's were good. They met in joint session for a while to practice songs for the Association B. Y. P. U. meeting at Hunt next Sunday afternoon. Automobiles will assemble at the church at 1 o'clock to take the young people to this meeting. It is hoped that all of them will go.

The Fifth Sunday meeting convenes at Hunt this Friday night and will continue through Sunday. The pastor will be there and not here. It is hoped that many of our people will attend services there next Sunday.

There were a large number of visitors in our services last Sunday. We were most happy to have them, and cordially invite them to come again and again.

The women will tell of the social given at the home of Mrs. J. L. Tullis in honor of Mrs. C. H. Richerson, who left Monday to make her future home in Louisiana. Mrs. Richerson has for a long time been the efficient secretary-treasurer of the W. M. U. and one of our very best Sunday School teachers. Her going brings deep regret to all our hearts.

The pastor and Mrs. Holt visited Bro. W. L. Skinner of Center Point Monday afternoon. He has been quite sick for a time, but is better. We also dropped in on the Women's Meeting there for a little while at the home of Mrs. Moore. They have a noble body of women and are doing splendid work.

"Therefore, my beloved brethren, be ye steadfast, immovable, always abounding in the work of the Lord, inasmuch as your labor is not in vain in the Lord."

Compliment to Mrs. C. H. Richerson

The members of the Woman's Missionary Union of the Baptist Church entertained informally last Friday afternoon at the home of Mrs. J. L. Tullis in compliment to Mrs. C. H. Richerson, the faithful and efficient secretary of the society, who left Tuesday afternoon to make her home in Louisiana.

The afternoon was spent in games, contests and lively conversation. During one of the games the members took an opportunity to present Mrs. Richerson a lovely person purse as a memento of the high esteem and regard in which she is held by the entire membership.

During the social hour the guests were invited into the dining room, which was prettily decorated in green and white, and delicious hot chocolate and cake were served.

There were twenty guests present.

Mrs. W. H. Rawson Entertains

Mrs. W. H. Rawson and Miss Susie Stinson delightfully entertained the members of the Woman's Missionary Union Tuesday afternoon in their regular missionary and social meeting.

The program was given by the members of the Central Circle, with Mrs. Fisher as a most excellent leader, ably assisted by Mesdames J. T. Moore, J. B. Holt, A. M. Morris and J. L. Tullis, and Dr. Holt. After the program a short business session was held and Mrs. A. G. Morris was appointed temporary secretary by the president.

During the social hour the hostesses served delicious hot chocolate and cake. There were twenty-six present.

"PERHAPS HE WILL NOT ALWAYS WIN"

San Antonio Evening News: A little Welshman, who has cut a big figure in the world, "retires" from the stage of events. Lloyd George is the last of the war-premiers to go down before political enemies' onslaughts. Probably no potentate or official with like power ever weathered so many terrific storms as unperturbed and successfully. Few men have carried such a heavy responsibility so long and, apparently, so lightly. When the Great War's master-history is written, many pages must be devoted to Lloyd George. No man—not even excepting the Little Corporal of Corsica—has exerted a greater influence on the course of affairs. For three critical years, he held the British Empire's destinies (it is probably little exaggeration to say the world's fate) in his hand. Lloyd George measured up to the task nobly. He took the helm at the war's darkest hour and piloted the nation through many discouraging periods to ultimate victory. He exerted a powerful influence in making over the world, at the Quai d'Orsay, in 1919. He controlled through four trying years of after-war reconstruction. He weathered the Irish crisis successfully and won his contention that Ireland should be a national entity within the empire. He came out the Near East trouble strongly—only to fall before partisan opposition at home.

Lloyd George's rise from humble birth to the most powerful positions is romantic and inspiring. It suggests many a great American's career. Probably no man except Napoleon has been admired, and despised, so widely. Much of his success was due to a remarkable innate genius for politics. He possesses a brilliant faculty for reading the popular mind. Heretofore, that gift has served him well. Stephen Lausanne calls him "the political eel"—he was known at home as "the elusive Welshman". Despite this, his entrancing personality was among his best assets. His enemies compare him with Bismarck, and say he was drunk with power and arrogantly thought to dominate the world. There is something Bismarckian about his makeup; nevertheless he remains essentially democratic. Lausanne spoke prophetically two years ago: "Mr. Lloyd George is, politically speaking, a gambler. We know that the brilliant Welshman has won every hand; that he is still winning. Perhaps he will not always win".

Give the advertisers in The Sun the preference of your trade. Those who assist in the sustaining of a creditable newspaper in your midst, are entitled to some credit for it.

The man who is in business and does not aid in bringing trade to the point where he is located, is not entitled to any consideration—he is simply sponging off those who do exert themselves to bring trade. It takes advertising to bring more than the unresisting trade to any given town or city, so those who spend their money to do this advertising are the business men it will pay you to patronize, because they will give you bargains, and specially supply you with good quality of merchandise.

This United States Senatorial candidacy muddle is further proof of the ambiguity of laws passed, as well as of the incapacity of courts to properly function. There have been too many laws passed, and too many that conflict with each other, which is the fault of lawyers who compose most of the legislative law-making power. Then, the lawyers, who must interpret these conflicting laws, are usually as much at sea as those lawyers enacting them. If the country could arrange for fewer lawyers in legislative bodies it would be an improvement all round. It might decrease litigation and stop the passage of so many laws that no one is able to interpret, and to that extent the people and country would be gainers.

The political leaders—Republicans and Democrats—are very much surprised at the indifference of the people to their loud and insistent demands for financial aid, as well as the urgent request that the "Part-e" be sustained. If these leaders had any perceptive powers they would not be surprised. The people are disgusted with the assiduity of leaders in both parties, and also incensed at the failure of legislation to give proper relief from the tax-burdened conditions that exist. Both parties are playing politics and ignoring the great questions that confront this country since the World War. There doesn't seem to be any leaders in either party capable of presenting sane, practical plans to meet the emergencies that confront this country. No, the people are not going to contribute money to aid in the election of men to office, when it really makes no difference as to which of the incompetents and misfits win.

GASOLINE TANK ON AUTO IN TWO COMPARTMENTS. ONE CARRYING LIQUOR

San Antonio, Oct. 24.—An ingenious method of smuggling liquor across the Rio Grande was disclosed by the seizure of a Paige touring car near Roma, Texas, last week, according to a report received by Deputy Collector of Customs Ed Cotulla.

A partition in the gasoline tank of the car allowed 10 gallons of tequila to travel under the innocent guise of the fluid which makes motors run, and the liquor was put into its particular compartment through the gasoline indicator opening.

The car was seized by Customs Inspector D. A. Barjer of Rio Grande City, and the owner was arrested. The car was seized in 1921, according to Mr. Cotulla, but since no liquor was found in it at that time it was returned to the owner, he said.

BONE DRY LAW UPHELD AS TO THREE MILE LIMIT ON SHIPS

New York, Oct. 23.—Federal Judge Learned Hand today handed down a decision dismissing the motion of foreign and American ship companies for a permanent injunction restraining Federal prohibition agents from putting into effect the bone dry ruling of Attorney General Daugherty. He extended the stay temporarily, however, providing that the steamship companies file an immediate appeal to the United States Supreme Court.

Judge Hand decided in favor of the Government on all points. The decision was rendered on the specific matter of the application of foreign lines for an injunction protecting from seizure ships carrying liquor under seal on the eastbound voyage from the United States. The decision applies to both foreign and American lines because of the statement made by Judge Hand during the injunction proceedings last week that a defeat of the motion of the foreign lines would naturally bring about the defeat of the American lines' motion for an injunction.

The temporary extension of the stay granted by Judge Hand applies only to liquor to be used as supplies for members of ships crews on the east-bound voyage to Europe. This extension was granted on the furnishing of a bond of \$25,000 by the steamship companies to guarantee that the liquor would not be used for any other purposes than the one stipulated.

Will soon be time to sell turkeys. Kerrville will be the place to bring them to get the highest market price.

Well, the people can write the name of their choice for United States Senator, and the general opinion is, that it will result in a larger vote than expected.

Our readers would do well to especially watch closely our advertising columns at this season of the year. Bargains are being offered each week by some of our advertisers, so watch for them and then take advantage of these bargains.

There may be occasionally a little higher price paid elsewhere for mohair than is given at Kerrville, but it is very rare, and then, there is not much sold, which makes a difference. For an all-round market at highest price obtainable, Kerrville can't be beat.

There have been rains all around us and some slight sprinkling in our immediate section. Something must have gone wrong in Kerrville that the rain gives us the go-by. It is said not to be so "dry" in other respects—maybe that is the reason we do not get the right kind of moisture.

Mr. and Mrs. Jim Thompson left Tuesday for Gonzales, upon the receipt of a message that Mr. Thompson's mother was quite ill at her country home near that place. News reached here Wednesday of her death, and The Sun joins the many friends of Mr. and Mrs. Thompson in expressing sympathy for their bereavement. The five sons, two daughters and her husband, Thomas Thompson, were at her bedside at the end.

The Texas Commercial News, at Sugar Land, printed the road scene and one of concrete bridges on the highway from Kimble County line being built this way. It also added some remarks about our road building sent the News by the editor of The Sun. The Texas Commercial News will please accept our most hearty thanks for its courtesy. Such advertising is of great benefit to Kerr County and this section. The Texas Commercial News is one of the leading industrial publications in the South.

UVALDE FIRM SELLS MOHAIR FOR 74 CENTS

Uvalde, Tex., Oct. 20.—The price paid for the F. A. Piper Company holdings of mohair was announced this evening, being 74 cents for approximately 400,000 pounds. The sale was made some days ago but was withheld until today.

There was keen competition for this mohair and the price received is the highest paid in the State of Texas this season by nearly three cents.

THE BIG FOX SPECIAL—"A FOOL THERE WAS."

If the test of a picture is its ability to hold the interest continuously, then "A FOOL THERE WAS" stands this test. As relentlessly as the spirit of KIPLING'S POEM, by which it was inspired, ESTELLE TAYLOR'S performance is an unforgettable feature. She is a symmetrical, beautiful version of the notorious "RAG AND A BONE, AND A HANK OF HAIR." She is slim and wicked with beguiling eyes. Her methods as a vampire show a subtle knowledge of the demands of her role, and never once is she untrue to character. Even in her cruelty, she is beautiful and up to the last when she is shown scattering petals over the body of the man she calls her fool, she is characteristically picturesque!

PARENT-TEACHERS' CLUB HALLOWE'EN PARTY

The Parent-Teachers' Club is planning a Halloween party for all its members and friends to be given the night of October 30th, in Tivy High School auditorium. A splendid program will be given, with music, and there will be games; in fact, everything that goes with Halloween. Refreshments will be served, and a real good time for everybody is promised. Every member of the club is cordially invited to come and bring friends along, and it is desired that everyone be in Halloween costume of some sort. A small charge of 25 cents will be asked for each person admitted. Festivities will commence about 8 o'clock. (Advertisement 45-1tc).

HERE ARE TWO DUCK STORIES; TAKE YOUR PICK

Graham, Oct. 23.—Bob Henderson of Gonner Creek fired his shotgun once and killed 11 ducks and wounded another, according to a story told here. Lack of water holes over this section this season causes the ducks to take to small holes where in their density a single shot creates a great slaughter.

Three Ducks Cost \$30

Waxahachie, Oct. 23.—The killing of three wild ducks at a lake near Waxahachie one morning last week cost J. Ray of this city \$30. While walking along a slippery path Ray fell and plunged his gun barrel into the mud. Presently a bunch of ducks flew overhead. Ray opened fire on them. He brought down three of the birds, but his gun barrel burst. It cost him \$30 to get a new one.

For 12 years a Florida farmer has raised watermelons on 1,000 acres. In all that time he has never shipped a melon but let them spoil in the fields except those he and his neighbors eat. The melons are grown exclusively for their seed, which are sold to planters of Florida, Georgia and other Southern States.

There are now more than 1,500,000 radio receiving sets in the United States and the radio manufacturers in New York report that more than \$30,000,000 in unfilled orders.

"NOTICE"

The tests we have been making with RADIO AT THE PLAY HOUSE have been seriously interfered with by local electrical interference.

Realizing that this interference is unintentional and not malicious, we ask that anyone having a SPARK COIL on key, or any part of a wireless sending outfit, please do not use the same in the evening, after 7 p. m.

Federal laws are very strict in regard to this interference. We wish, however, to co-operate with all wireless and Radio enthusiasts and will be glad to arrange hours that will insure freedom from disturbance to everyone.

We are adding a well equipped RADIO DEPARTMENT to our business and will be glad to work with you in every possible way.

You are cordially invited to hear our evening concerts coming in from St. Louis, Kansas City, or nearer stations. These concerts are given every evening, and may be clearly heard for a distance of several blocks any evening that local interference is not present. (Advertisement 45-1tc).

LEE MASON & SON.

Ford Production

"Ford production for 1922 is already in excess of a million, which has been an important factor in bringing down costs. The present daily output is averaging better than 5,000 cars and trucks, which means a complete Ford car or truck every 5 1/2 seconds of each eight-hour working day. It is in anticipation of this continued demand that price adjustments are again being made in order to keep in effect the policy of selling Ford products at the lowest price consistent with quality," said Edsel B. Ford, president of the Ford Motor Company. "Quality, as usual," said Mr. Ford, "will continue to be a prime consideration in the building of Ford cars. As our business has increased we have constantly increased our equipment and manufacturing facilities, so that this price reduction merely reflects the progressive methods which come as a result of increased volume."

The removal of the mass of telephone wires from the business section of Kerrville adds considerable to the improved appearance of the city. We certainly now have a first class cable and central station wire connected telephone service.

The American Legion Auxiliary invites the women of Kerrville to meet at 2 p. m. Monday next at the home of Mrs. H. Kuhlman to make bed caps for patients at Legion Hospital and other invalids. Bring one yard of white outing flannel, needle and thimble.

Charlie Rawson says that the One Cent Sale conducted Thursday, Friday and Saturday of last week of Rexall remedies and products was the most successful that W. H. Rawson & Son have ever put on. This speaks well for the financial condition of the country, as well as to the value and prices of the products offered.

Rev. J. G. Timmons and Judge H. C. Geddie, left Tuesday morning to attend the Methodist Conference for this district, which is in session at Lampasas. It is to be trusted that Rev. Timmons will be returned to Kerrville to serve another year as pastor, or as long as a Methodist minister is allowed to remain at any one place.

Arno Bernhard of the Dixie Garage has started a passenger service between Kerrville and San Antonio, leaving here at 12:45 p. m., and returning, leaves San Antonio at 5:30 p. m. A new Light Columbia Six Sedan is being used. See advertisement elsewhere in this issue.

The Peterson Hill Crest Addition advertisement is inserted again this week. Since it was first inserted there have been more lots sold, and we believe that will be the record this time. These are very desirable lots in many respects and are being offered at prices and on terms that ought to cause the purchase of all of them. It is very evident from all circumstances surrounding conditions at Kerrville that real estate is lower now than it will be at any time in the future.

It is reported that prohibition enforcement officers from San Antonio made a visit to Kerrville Friday of last week and arrested Bibiano Savala and Fanny Rubio, on charge of having intoxicating liquors in their possession and also with having sold some. It is also reported that a white man supposed to have been implicated with them had a narrow escape. He is known to the enforcement officers, it is said, as well as some others, who will doubtless come in for further investigation later.

Starr Bryden returned Monday from Tennessee, where he went recently on his bike. Starr was willing to come back on a train. He says that part of his trip was quite fatiguing, and especially on an empty stomach, as some days his food was limited to about fifteen cents. He made the trip self-supporting, refusing any gifts. He reached home with two-lits. He says that he gained several pounds in weight and that the trip was beneficial in several ways. He looks improved. It required grit to make a trip under the circumstances that Starr traveled.

L. A. Bond, who has charge of county road improvements on the Fredericksburg road, has ceased work there until it rains. Some of the roughest spots have been smoothed over, but the main work will have to wait for rain. Mr. Bond was overseer of the work between Ingram and Hunt, which was supervised by Chairman Renschel, Gus F. Schreiner and Tom Duerstadt of the special road commission. This road improvement shows up fine and made a big improvement in travel for those having to go over that section of highway. There were also two bridges built over the Guadalupe and several large culverts put in, making in all very substantial improvements, which will be of great benefit to that immediate section in particular.

Tivy Grammar School News

Monday, two dollars were netted on a candy sale by the First Grade. This sum will go toward buying a cot to be used in a school rest room.

Full booklets, containing autumn verses and pictures are under construction in the Second Grade.

The different grades are working on Hallowe'en decorations, to be used in the rooms and later by the Parent-Teachers' Association.

Music is now furnished by a Victrola for the marching in and out of the grades at noon and recess. This gives rhythm to the marching and proves to be very helpful.

Much enthusiasm was shown over a spelling match, which was staged last Friday between the Atlas and Hercules Sixth Grades. Atlas were the winners and now they are anxiously awaiting a treat from the losing side.

At the auditorium period last Friday, the Fourth, Fifth and Sixth Grades gathered in the auditorium and spent a half hour singing old and familiar songs.

Lovely refreshments were served to the Sixth Grade (Atlas) last Friday afternoon, by the Parent-Teachers' Association, for having the greatest per cent of members for the association, for the grades upstairs. Delicious home-made ice cream and cake were served in the Domestic Science room, and one cake, baked by the president of the club, was artistically decorated with the words "Sixth Grade" and "P. T. A." upon it. It was too pretty to cut and too good to leave uncut. The president of Atlas, Madelyn Peterson, thanked the association and assured them of the cooperation of her class during the year.

The contest for the membership of the Parent-Teachers' Association, between the grades downstairs, is extended until next month.

Notice by Publication in Probate

THE STATE OF TEXAS

To the Sheriff or any Constable of Kerr County, Greeting:

You are Hereby Commanded to cause to be published (in a newspaper of general circulation, which has been published continuously and regularly for a period of not less than one year in your County) at least once a week for ten days previous to the return day hereof, copies of the following notice:

THE STATE OF TEXAS

To all Persons Interested in the Estate of Fred Hopf, Deceased: Eliza Hopf has filed an application in the County Court of Kerr County on the 16th day of October, 1922, for the Probate of the Last Will and Testament of Fred Hopf, Deceased, which said application will be heard by said Court on the 6th day of November, 1922, at the Court House of said County, in Kerrville, Texas, at which time all persons who are interested in said Estate are required to appear and answer said application, should they desire to do so.

Herein Fail Not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Kerrville, Texas, this 16th day of October, A. D. 1922.

(Seal) JNO. R. LEAVELL,

Notice of Trustee's Sale

I, R. B. Russell, Substitute Trustee, do hereby give public notice that on the first Tuesday in November, 1922, and being the 7th day of said month, I will sell at public venue to the highest cash bidder between the hours of ten o'clock A. M. and four o'clock P. M., at the court house door in the City of Kerrville, Kerr County, Texas, a tract of 500 acres of land, of which 499½ acres is out of the F. A. Sawyer Survey No. 109, and one half acre out of the W. T. Crook Survey No. 60, located near Center Point, Kerr County, Texas, and fully described in Vol. 7, beginning at page 488, Trust Deed Records of Kerr County.

Said sale is made by virtue of the power and authority contained in that certain deed of trust given August 5th, 1920, by F. F. and Fannie Cockey to E. B. Chandler, trustee, E. C. Tarrant, beneficiary, recorded as aforesaid in Vol. 7, page 488, Trust Deed Records of Kerr County, and also by

virtue of a certain written instrument dated September 28th, 1922, executed by the said E. B. Chandler, trustee, and Emmett B. Cockey of San Antonio, Texas, present owner of the note of Seven Thousand Dollars described in and secured by the terms of said trust deed, said written instrument not yet being of record, but in which the said Chandler declines to act as trustee and the said Cockey, as the present owner of the note secured thereby and as well the owner of said lien, appoints me as trustee.

When said sale is made I will apply the proceeds thereof on the Seven Thousand Dollar note described in said trust deed, and will execute to the purchaser of the property a general warranty deed thereon.

R. B. RUSSELL, Trustee.

Road Report

Edwards County Leader, Oct. 20th: The work on the new highway, leading south from town for a distance of ten miles, is still coming along.

Ashburn Brothers and their main force of road workers now have the

crushed rock surfacing on from town for a distance of about four miles.

Mason Johnson, the engineer, says they have found some excellent gravel down on the J. W. Anderson ranch that is convenient to the new road and will use gravel surfacing down at the lower end instead of crushed rock, and a force of men are now working down at that end of the road.

The inhabitants of Gomera, one of the Canary Islands, use a system of whistling signals for conveying bits of news and information over considerable distances with great rapidity. According to reports this system dates back hundreds of years.

Inactive Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a tremble feeling is often a sign that the stomach is out of order. For this I took Thedford's Black-Draught, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

If it isn't Thedford's it isn't BLACK-DRAUGHT Liver Medicine.

INGRAM ITEMS

J. M. Webb and wife were among last week's business visitors in Ingram.

Mrs. Emmy Nichols and son, Newton, spent the past week-end in San Antonio.

Mrs. Will Hardin of the Grape Creek community was shopping in Ingram last Saturday.

George Knox returned home a few days ago after an extended stay in Fredericksburg.

Arthur Leyendecker was a business visitor from the Reservation section Thursday and Friday of last week.

The rodeo and horse race in Ingram Sunday last attracted the usual large crowd, some very good stunts being pulled off.

Mesdames Ben and Chas. Moseley spent several days of the past week in Medina, visiting relatives and friends.

Bird Lee is home again after an absence of several weeks in Hondo, San Angelo, Lampasas and other Texas points.

Mrs. Hiram Hyde and Mrs. A. C. Knibbe made a trip to Kerrville Friday last, making a short stop here on their return.

R. R. Merritt and wife of the North Fork community and Otto Bass of the Stowers Ranch were business visitors here Tuesday of this week.

Miss Lela Crenshaw came up from San Antonio Friday last to attend the marriage of her sister, Miss Rena, and was the guest of Mrs. O. Garland while here.

George Morris of the St. Charles Hotel, accompanied by Otho Morris and family of Kerrville, were early morning visitors Wednesday of last week.

Ed. Morriss, a well known ranchman of the Big Paint community, accompanied by his daughter, Miss Lorene, were Ingram visitors Monday of this week, being on their return from a business trip to Kerrville.

George Duderstadt, a prominent ranchman of the Mountain Home (Eura) community, accompanied by his daughter, Miss Leona, made a business trip to Kerrville Wednesday of last week, stopping here en route.

A number from our village motored to Hunt Saturday night of last week to participate in the Box Supper given by the school of that place, and which not only afforded lots of amusement for those present, but netted very fair returns financially, as well.

The many friends here of Burnett Lee of Ingram and Miss Alice Hyde of the Divide were very much surprised to learn of their marriage, which occurred in Kerrville last Sunday, and take this means of extending best wishes and congratulations to this popular young couple.

Doris Fay Lackey, daughter of Mrs. J. J. Denton, died of blood poisoning at the Secor Hospital in Kerrville Friday of last week, resulting from a fractured bone, which occurred in Waring a short time ago, while at play at school. Doris Fay had many friends in this community, having been raised here, who extend their sympathy to the bereaved family.

Miss Rena Crenshaw and Prof. W. Bays Atkins strolled a march on their friends evening of last week, where they were quietly married. A very happy week-end honeymoon was spent in Bandera, visiting the groom's parents, Rev. and Mrs. Atkins. They have taken apartments in the home of Mrs. J. A. Hodges, Prof. Atkins having charge of Ingram's Public School. Their many friends in this community extend hearty congratulations.

John Clark recently purchased the old school building in Ingram, which is being converted into an apartment house. Mr. Clark has also purchased the properties of Chas. Keifer and C. E. Lumpkin, the latter having moved to San Marcos with his family, where he is attending the State Normal. There is a scarcity of rent houses here and we are glad to note that Mr. Clark is coming to the rescue, which shows confidence in Ingram's future by increasing his holdings here.

Savannah, Georgia, lays claim to the youngest woman—or girl—lawyer in the United States. She has just passed her seventeenth birthday and but recently passed the state bar examination and was admitted to practice. Under the laws of Georgia there is no age limit for persons admitted to the practice of law.

CENTER POINT COMMENTS

Claude Wellborne was a business visitor in San Antonio last Saturday.

Maurice Kendall was a guest of Mr. and Mrs. J. M. Bruff the past week end.

Jas. Crotty was a visitor in the Alamo City last Thursday, returning Friday.

Mrs. Salile Coleman of San Antonio is spending a week with her sister, Mrs. W. D. Burney.

J. E. Wallace, Manor Shumard and W. T. Mangrum made a business trip to Boerne Wednesday.

J. S. Aaron, a prosperous ranchman of Bandera County, was transacting business here last Saturday.

Mr. and Mrs. Nick Seigh of San Antonio were guests of Mr. and Mrs. M. K. Hood during Sunday.

Mr. and Mrs. Jack Grahn and Mrs. Grahn's mother, Mrs. Stevens, and little son were visitors here Sunday.

Mr. and Mrs. H. C. Huntress and two daughters of San Antonio spent part of last week with Mr. and Mrs. Virgil Vallier.

J. F. Harland and L. B. Adkinson and family left this week for Mount Vernon, Ark., where they aim to remain for awhile.

Dr. J. W. Merritt is the proud possessor of a new Ford, purchased from A. G. Platt, salesman for Lee Mason & Son of Kerrville.

N. H. White, who has been visiting his parents, Mr. and Mrs. F. E. White, for two weeks, left for his home at Jayton, Texas, Sunday.

Mrs. H. M. Burney, from her home on Turtle Creek, spent the past week end in Center Point, a guest in the home of her son, W. D. Burney.

A. J. Gibbens of this place and C. E. Salter of Kerrville spent several days recently at Medina Lake. They caught plenty of fish and otherwise had a pleasant outing.

J. P. Willoughby, wife and daughter from Jackson County, arrived here this week. Mrs. Willoughby and her daughter will remain here indefinitely. They come for the benefit of our climate.

Mrs. W. C. Bruff went to Floresville last Friday, being summoned there on account of the serious illness of her mother, Mrs. John Griffith. Later reports are that her mother is much improved.

G. C. Skinner of Brownwood visited his father, Rev. W. L. Skinner, for several days the past week. We are glad to report his father much improved and will soon be out again after several weeks' illness.

Rev. and Mrs. J. H. C. Maxwell went to Lampasas Monday to attend the West Texas Conference of the Methodist Church, which convened there this week. Rev. Maxwell has served this charge for the past two years and he is very popular with the members of his church as well as the citizens in general. They would be pleased to have him returned for another year.

The ladies of the Women's Missionary Council met with Mrs. H. G. Edens Monday afternoon. The subject under discussion was Birmingham. Some interesting papers were read on the work being done there by the women in the schools and hospitals. After a short devotional session the meeting resolved itself into a social gathering. After an hour or more spent in social enjoyment refreshments of chocolate and cake were served to the following guests: Mesdames J. R. Herndon, Ellen Thomason, Norman Jetton, J. W. Merritt, M. K. Hood, Lee Mosty, Wm. Burney, Chas. Rees, J. B. Rees, W. H. Witt Lee Burney, W. T. Wills, Dewitt Burney, D. N. Whorton and Julia Kidgway.

jury stage, but has ended there with the discovery that lawyers for the defense had cleverly blocked action.

The Attorney General's records show, however, that in the drive against profiteers 400 separate cases, many of them of great magnitude, and representing hundreds of millions in money paid out wrongfully by the Government, are now undergoing process of liquidation, in civil or criminal actions in the Federal courts. The department predicts that most of these cases will be terminated successfully for the Government, with recovery of a substantial part of the sums involved.

WHY PENNSYLVANIA IS CALLED "KEYSTONE STATE"

There are several theories advanced as to why Pennsylvania is known as the Keystone State. The one most generally accepted, and the most dear to all who own Pennsylvania as their native State, is that Pennsylvania decided the great issue of American independence.

At the meeting of the Continental Congress in Philadelphia, July 4th, 1776, the vote adopting the Declaration of Independence was taken by States, six had already voted in the affirmative and six in the negative; when the delegation from Pennsylvania came in, John Morton cast the deciding vote in the affirmative. Thus Pennsylvania, by her vote, decided the great issue, and was named the "Keystone State."

Another reason advanced, is that in constructing a bridge between Pennsylvania Avenue and Georgetown, Washington, D. C., a single arch was erected of stones left from the walls of the Capitol. On the thirteenth arch-stones, the names of the thirteen States were engraved, Pennsylvania, happening to fall in the keystone of the arch, became still more widely known as the "Keystone State."

New York City has formed a "Welcome Stranger Committee" to assist visitors in seeing the city and to dispel the rumor that the metropolis is reserved and cold toward newcomers.

WHAT ARE YOU DOING?

You talk of your breed of cattle
And plan for a higher strain;
You double the food of the pasture,
You heap up the measure of grain,
You draw on the wits of the Nation,
To better the barn and the pen,
But what are you doing, my brothers,
To better the breed of men?

You boast of your Morgans and Heresford's,
Of the worth of a calf or a colt,
And scoff at the scrub and the mongrel
As worthy a fool or a dolt;
You mention the points of your roaster,
With many a "wherefore" and "when,"
But oh, are you counting, my brothers,
The worth of the children of men?

You talk of your roan-colored filly,
Your heifer so shapely and sleek,
No place shall be filled in your stanchions,
By stock unworthy or wear.
But what of the stock of your household?
Have they wandered beyond your ken?

O, what is revealed in their round-up?
That brands the daughters of men?
And what of your boy? Have you measured,
His needs for a growing year?

Does your mark as his sire, in his feature
Mean less than your brand on a steer?
Thoroughbred—that is your watchword
For stable and pasture and pen;

But what is your word for the homestead?
Answer, you breeders of men.
—Rose M. Trumbell, Scottsdale, Ariz.

A humane bullfight without bloodshed was recently witnessed in Los Angeles. Instead of sharp-pointed blades, blunt prods with a glue-coated base were used by the picadors. The adhesive base held the lances against the hide, giving the appearance of reality without hurting the animals in the least.

Think This Over

Chiropractic Vertebral Adjustments are not beautiful theories, but obtain actual results. Beauty is a matter of health, illness makes for ugliness. No one admires the worm-stung rose. Life is a garden into which humanity was placed as a flower. Human life is beautiful only as it is strong in body and wholesome in soul.

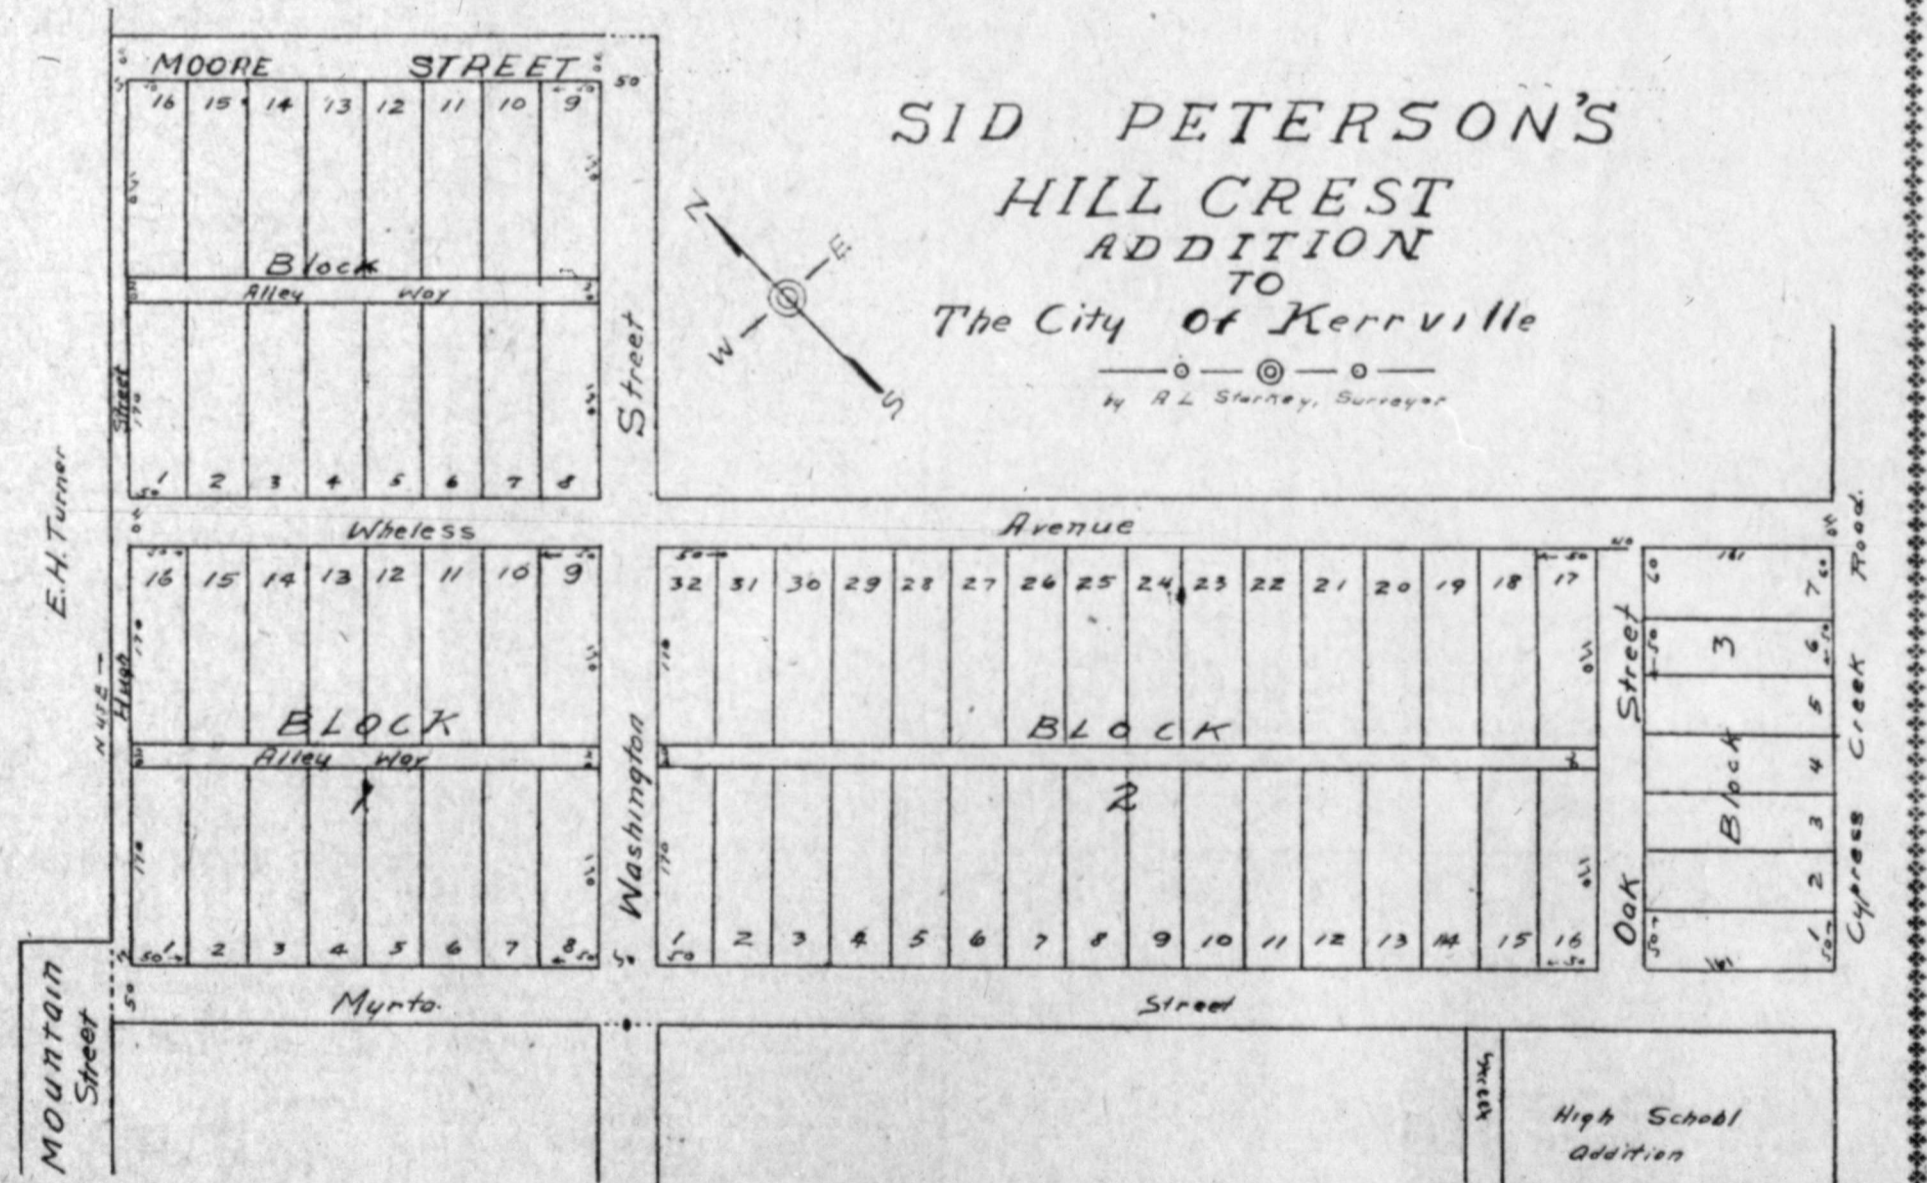

Health spells opportunity to be beautiful in life. It is a sin against self to squander opportunities that make for the good of self. The beautiful of mankind have souls that see, feel and express the beauty of life. Health and vigor are requisites to these. It puts you in possession of the fundamentals of normal life expression.

NOW IS THE TIME TO BUY Real Estate in Kerrville!

If you will do a little figuring you are bound to conclude that Hill Crest Addition is right in line with the direction in which Kerrville is sure to expand. Take into consideration also that this addition is the only part of town in which building restrictions are being imposed on buyers of lots. We will not contract to sell a lot without the following provision: "The buyer agrees the lot (described) shall not be sold, rented or occupied by negroes, except as servants; that the said lot shall not be used for keeping or treating for profit, persons afflicted with tuberculosis or diseases contagious or infectious. The buyer, his or her heirs, shall, whenever a dwelling house is erected thereon, erect such dwelling house to cost not less than fifteen hundred dollars."

Every lot in the addition is now accessible to water, electric light and telephone. Every lot is from 65 to 75 feet above the level of the business section of Kerrville and every lot has from 12 to 24 inches of good soil. Fruit trees will do exceptionally well on this hill.

The following citizens of Kerrville have bought from one to three lots each: Dr. A. A. Roberts, A. B. Williamson, W. B. Brown, Cecil Robinson, E. E. Saenger, Carl Mosty, Otho Morris, J. M. Droddy, Walter Grona, Nelson Davis, Emmet Henke, Dr. J. E. McDonald and E. H. Prescott.

Lots 50x170 feet to a 20-foot alley, \$350.00 to \$500.00.
Terms: \$10.00 Down, and \$10.00 Monthly.

What About "Unseen" Plumbing?

It's unseen, but it's there—between walls, under floors, buried in the ground. One third of the cost of any good plumbing job, is for that unseen work. We believe that no part of a plumbing job is more important than the "unseen" plumbing. We know that unless unseen work is done right the first time, using the proper material and workmanship, there is sure to be costly trouble later. TAX-FREE BONDS FACING ACTION BY CONGRESS

(Continued From First Page)
normal development of industry was retarded through inability to attract wealth at anything like reasonable interest charges.

Public Debt Piling Up
Another element in the situation upon which emphasis was laid was the inducement which it was asserted was held out to the municipalities and other subdivisions of the States to issue securities beyond their normal needs, thus piling up the already huge public indebtedness. It was declared that already in some cases credit was being strained and unnecessary burdens placed upon the taxpayers.

Treasury officers have estimated that for the past several years State and municipal bonds to the amount of \$1,000,000,000 annually have been issued with the total tax exempt bonds now outstanding around \$12,000,000,000. Other estimates place the total as high as \$15,000,000,000.

Roof Garden Party
Tuesday evening of last week, Miss Kate Conger entertained on the roof of the Thompson Sanatorium with three tables of Bridge. The colors of lavender and white were carried out in the decorations. The high score was given Dr. S. E. Thompson, a beautiful box of stationery, and the consolation, a cigarette holder, was won by Mrs. Katherine Root of Brownsville, who was visiting her aunt, Miss Nell Newton.

The invited guests were: Dr. and Mrs. S. E. Thompson, Misses Mary Haberman, Thelma McCorquodale, Bess E. Booth and Frances Hale of El Paso, who has been visiting Dr. and Mrs. S. E. Thompson for the past several weeks; Mesdames Mamie Carlisle and Katherine Root; Messrs. Guber Gibson, J. F. Stallings, Everett Henderson, Phil Rush and Dave Draper Jr. Mrs. Carlisle assisted Miss Conger in serving a most delicious course of sandwiches, salad and chocolate. A most delightful evening was spent by all present, and everyone left with the impression that Miss Conger was a most delightful hostess.

Seashore Party
Mrs. Miller Harwood entertained the little folks at her home Wednesday afternoon of last week, celebrating the fourth birthday of her son, Franklin.

As the little guests arrived they were given purses filled with imitation dimes and were then invited into the dining room, which had been converted into a ten-cent store. Here were displayed little tin buckets, spading forks, shovels, shells and bathing suits of turkey red—all things needful for a child's happy afternoon in the sea-sands.

After their shopping was done the youngsters were turned loose in their bathing suits to play in the sand pile in the yard under the grape arbor. Here a regular picnic lunch was served later with hot cocoa to drink. Inside the house the decorations carried out the Hallowe'en motif.

The invited guests were: Cornelia Fawcett, Eleanor Crate, Irene Jackson, Mary Jane Garrett, Kathleen Matthews, Earl Garrett, John Albert Jones, Carl Renschel Allen, Seaborn Eastland, Harry Schwethelm and Everett Morris.

Birthday Party
Last Saturday evening, from 6:30 until 9 o'clock, Miss Emilie Born entertained in Cottage 29 at the Thompson Sanatorium, with a delightful party, the occasion being one of the birthdays of Miss Willie Clement of Mount Pleasant, who is a patient, and of Miss Born, who is one of the nurses of the Sanatorium. Both of the young ladies were recipients of a number of useful and beautiful gifts.

"Truth," "Whispering," "Pay Back What You Borrow," and numerous other games were indulged in, and much merriment was had from these games by all present.

The invited guests were: Misses Willie Clement, Mattie Coker, Thelma McCorquodale, Louise Garland, Mary Travis and Bess E. Booth; Mesdames S. I. Robinson, Marigill Whitehead and S. L. LeBlanc; Messrs. E. H. Henderson, K. S. McCullough, J. F. Stallings, Philip Snycg, Dave Draper Jr., Philip Swayze, Charles P. Kukendall, W. M. Barton and Morrow Cummings.

A delicious ice course was served to all present and to Miss Born's other patients: Mesdames C. E. O'Meara, G. G. Simmons, Tom Sayle and C. L. Starkey.

Miss Born was declared a delightful hostess as everyone present enjoyed the evening immensely.

Pillow Found to Contain Snake

Pomeroy, Oct. 21.—After filling a pillow from a box of old feathers in an outhouse, Mrs. Kinsey Durst, living near Letart, placed the pillow on her little son's bed. For several days the child complained that his pillow was "wiggly."

Finally his mother opened it. She found a big blacksnake among the feathers.

The lad now refuses to use any pillow at all.
