S. Baker, representing Walker Wool Co.; A. C. Emery and H. P. Buel, representing Studley & Emery; C. Palmer, representing Jeremiah Williams & Co.; S. D. A. D. EVANS ACCIDENTALLY KILLED; WELL KNOWN HERE

The following account of the accidental death of A. D. Evans will be very sad news to the many friends of the deceased here. He spent part of three seasons at Kerrville for his health, and with his family, became favorites of our people. The deplorable accident is greatly regretted:

Corpus Christi, Tex., Nov. 17.—A. D. Evans, former banker of Corpus Christi, died at 2:15 o'clock this morning of a wound inflicted Wednesday afternoon when a shotgun he was cleaning was accidentally discharged. Although Evans was at home alone, he made attempts to call for aid. The load of duckshot struck him in the left side, penetrating nearly all of his internal organs.

He never lost consciousness until prepared for the operation, which was unsuccessful.

He is survived by a widow, two sons, mother and two sisters. He has been an officer in each of the three banks in Corpus Christi.

MISS MAE LOUISE SCHREINER ONE OF SEASON'S DEBUTANTES

Among the functions which have followed the introduction of the debutantes by the Town Club in San Antonio, the afternoon and evening party for Miss Mae Louise Schreiner, given by her parents, Mr. and Mrs. L. A. Schreiner, at the St. Anthony Hotel, Wednesday, November 22nd, stands out as red letter event in the lives of those attending.

Miss Schreiner was assisted by the following relatives and friends, stationed in the following manner:

Just inside the ball room, which was transformed into a spacious reception room, was Mrs. Schreiner, Mrs. H. B. Shiner, Mrs. W. C. Rigby, Miss Louise Flowers, Mrs. Walter Schreiner, Mrs. H. B. GREAT FRENCHMAN COMES HERE TO PLEAD CAUSE OF FRANCE

Georges Clemenceau, former premier of France, and who is given greatest credit for saving France at a critical period of the World War, is in the United States to plead the cause of France. He wants to defend his country against the charge that it is militaristic in its policy since the great war.

Arrangements have been made for this aged and beloved Frenchman to make addresses in the principal cities of this country, so that he may have the chance to present the merits of his cause. He says that it is not his intention nor his desire to tell the American people what they should do, but that he wants them to understand the situation of France that has been twice invaded by Germany during his life-time and may be again unless precautionary measures are not taken now.

He pleads for co-operation and support from this country to aid in preventing future invasion.

HUNTER MISTAKES COMPANION FOR DEER AND KILLS HIM

Uvalde, Tex., Nov. 20.—A tragedy occurred here Saturday night in which one friend killed another, mistaking him for a deer. Jack Hale and W. A. Moon, both of North Uvalde, were out hunting a few miles from their home. They had an understanding as to the routes they would take with a rendezvous a certain tree.

Through some confusion Mr. Moon took a different route and came up on Hale who had climbed into a tree from a different way to what he expected. Hale saw the movement in the bushes and fired a load of buckshot, the charge hitting Moon in the stomach, rupturing a blood vessel and he died in his companion's arms in a few moments after being shot. Mr. Hale is prostrated with grief. Both are men well up in years and had been intimate associates for some years past.

Mr. Moon came from Iola, Grimes County, and had been in the stock trading business for some years. Only recently he had been discharged from a hospital in Fort Worth, having been in a train wreck while in charge of some sheep. He had three daughters, one in Honda, another in Orange and one in Dallas. His body was interred in the Uvalde Cemetery this afternoon.

Town Club Cotillion

An attractive group of the season's debutantes were introduced at the Town Club Cotillion, Friday evening, November 17th, in San Antonio. They were: Misses May Louise Schreiner, Beatrice Stribling, Joyce McClellan, Courtney Ferguson, Marian Hearne, Eloise Carr, Anne Page, Estelle Storms, Henrietta Steele and Hallie Fincham.

The scene was brilliant, the gowns of the debutantes being diaphanous and rich in chiffon, silver brocade, velvets, and with a glitter of beads, pearls and sequins.

Miss Schreiner led the first cotillion, dancing with Richard Vanderstratten, and was in a costume of rainbow metal cloth, draped model, with side draperies of silver and green. A high jeweled comb, over which was draped a lace mantilla, proved a most attractive head dress.

FIRST WOMAN SERVES ONE DAY AS UNITED STATES SENATOR

Congress convened in special session Monday, and the first woman ever selected as United States Senator was on hand to be sworn in. Her title to the office was by appointment by the Governor of Georgia and as successor to the late Senator Watson of that State. However, Walter P. George was regularly elected to the position at the recent election and was also in Washington with his credentials, but he was willing to refrain from presenting them for a day so that Mrs. Felton could be admitted as Senator and serve one day. She is 57 years old and is a distinguished woman of the South. The Senate adjourned Monday out of respect for the late Senator Watson, so Mrs. Felton could not be given the honor of a seat until Tuesday, when she was admitted to that august body.

It was mainly desired by the women of the country as further proof of their full acceptance on an equality with men in the elective franchise granted them by the Constitutional amendment.

NEGRO FIEND KILLS YOUNG WHITE MAN; OUTRAGES GIRL

Monday night, in Cameron Park, near Waco, a negro fiend shot and killed a young white man and threw the body over a 200-foot cliff; then outraged the girl companion of the young man and threw her over the cliff, but her dress and belt caught on a tree and saved her life. Later, she crawled to a house and phoned the police officers, but the negro had several hours the start.

The young man and girl were riding in an auto when the negro shot the former. The young man was named Grady Shipworth, aged 19, and the girl, Miss Naomi Boucher, aged 17. The girl gave a good description of the negro and officers in all that section are in the search for him. Governor Neff has sent Rangers there and some Texas Guards are also on duty to prevent a lynching or burning in case the negro is captured. When will black brutes cease such outrages? They ought to know that the punishment will be swift and severe.

HARDING URGES AID TO MERCHANT MARINE

Washington, D. C., Nov. 21.—Enactment of the administration merchant marine bill was urged upon Congress today by President Harding as necessary to relieve the Government of present "staggering losses" in operation of the war-built merchant fleet, and to establish a program of assured shipping to serve the nation in war and give a guarantee of commercial independence in time of peace.

Personally addressing a joint session of the House and Senate, the executive declared an actual monetary saving to the government would result from the proposed law. He challenged every insinuation of favored interests and the enriching of the special few at the expense of the public treasury.

The legislation, he asserted, automatically guarded against enrichment or perpetual bestowal.

"If success attend, as we hope it will," he added, "the government outlay is returned, the inspiration of opportunity to earn remains, and American transportation by sea is maintained."

Subscription Honor Roll

TWO AUTO ACCIDENTS WITH NARROW ESCAPE FROM DEATH

The past week there were two serious auto accidents in this section with narrow escape from death. The first was with a negro driver for Walter Schreiner, who was taking a Dodge touring car of Mr. Schreiner's to San Antonio last Saturday. The negro driver had another negro with him and is reported to have been making good time. In passing a buggy below Comfort the car began to skid and at the speed going turned over once or twice and was about demolished. The negroes were only slightly hurt, when it is strange they were not killed.

The other accident is reported between Fredericksburg and Mason last Monday, when a white woman said to have been considerably under the influence of liquor was driving like mad on her way to Fredericksburg, when she dodged a wagon and buggy and went up an embankment, causing the car to take one or two somersaults. The woman received a broken arm, injured internally and considerably scratched by glass of the windshield. She is said to have been an inmate of a well-known road house that is reported to have been in operation several years about seven or eight miles from Fredericksburg, and was on her way to the latter place to deposit \$500.00. This money was scattered all over the car. The woman was carried back to the road house and a physician summoned. The car was a Willys-Knight roadster and belonged to a young man who was at the road house.

A. B. FRANKS FOOTBALL TEAM LOSE TO ALL-STARS 19 TO 0

The A. B. Frank football team of San Antonio lost to the Kerrville All-Stars on the local grounds last Sunday by a score of 19 to 0. In the second period, Moore made two field goals from placement from the 30 and 35-yard lines. In the fourth period, Moore carried the ball over from the 35-yard line for a touchdown. The kick for point failed. A few minutes later, after Kerrville got the ball by intercepting a forward pass, Real made the second touchdown and Lockwood kicked goal from placement. The game was clean and hard fought.

The visitors played expertly at times, but never threatened the All-Stars' goal. The play was mostly on the visitor's side of the field. The Frank men were unsuccessful in carrying back punts, Kerrville's men getting well down the field with the ball in the air. The home boys also excelled in passing, though the visitors broke up several well planned overhead plays. A fake place kick formation resulted in the longest gain of the game by the overhead line.

Merrill distinguished himself by his tackling, while Moore carried the ball for long distances. The weather was ideal, but the field heavy.

The line-up:
A. B. Franks—Curry, left end; Albrecht, left tackle; Lehman, left guard; Burnett, center; Webb, right guard; Fieci, right tackle; Townsend, right end; Marshall, quarterback; Rothman, left halfback; Briggs, right halfback; Keeruk, fullback.

All-Stars—Lockwood, left end; Merrill, left tackle; Sykes, left guard; Saenger, center; Wiedenfeldt, right guard; Oswalt, right tackle; Gold, right end; Real, quarterback; Smith, left halfback; Flach, right halfback; Moore, fullback.

Substitutions—Ketzman for Rathman; Newman for Marshall; Bohnert for Fieci; Robman for Briggs; Marshall for Newman; Wilson for Gold; Rees for Sykes; Gold for Wilson.

Officials—Referee, Carroll; umpire, G. Rees; head linesman, Robinson.

PRESIDENT HARDING WILL ASK HELP FOR FARMERS

Washington, D. C., Nov. 21.—President Harding, in his annual message to the regular session of Congress early in December, will recommend the broadening of credit systems under Government provision and control, with a view of relieving agricultural distress.

The President announced this intention to Congress Tuesday at the conclusion of his special address, dealing with the merchant marine bill. He said that while this Congress and the executive branch of the Government had done much which had proven helpful to the farmers, admittedly it had not done enough. Government aid to the farmers was highly essential to the National welfare, he added, since no people might safely boast the good fortune which the farmer did not share.

The declaration was applauded, and Senate and House members of the Farm Bloc expressed much gratification afterward at the prospect of a more detailed recommendation later.

MOVE TEXAS CATTLE FROM DROUTH AREA TO MEXICO

El Paso, Tex., Nov. 21.—The West's greatest movement of cattle from drouth-stricken territory to pasture is under way.

For two years, and in some sections of the country for three years, ranges have had very little grass. Great herds in Southern New Mexico and localities of far Western Texas are suffering for water and grass. There is not enough pasturage to tide cattle over until winter.

Fortunately, however, not far away in Northern Mexico grass is good, and in some places is knee high. Water, too, is plentiful.

So arrangements have been made with agencies operating under the War Finance Corporation, for cattlemen in the Southwest to pasture their herds in Mexico. The states of Chihuahua and Sonora, principally the former, will receive the stock.

It is not determined yet how many thousand head will be wintered in Mexico. Stockmen and bankers at first figured that 150,000 head would have to leave the Southwest, or most of them would die. Since then, however, generous rains have fallen in parts of Texas and New Mexico, making range good enough and water sufficiently plentiful to maintain the herds. In a few instances rain in Northern New Mexico, some parts of Arizona and other parts of Texas have made it possible to have herds transferred without taking them across the international line.

It is now estimated that 70,000 head will cross the line. Probably more than two-thirds of the cattle will be driven across the line; the remaining will have to be shipped, being too weak to stand driving.

Railroads have been unable to fill orders for stock cars. Thousands of cars are needed where hundreds only are available.

Most of the cattle will be taken across the line at Columbus, New Mexico, and El Paso, Texas. Stock in Southern New Mexico will be corraled at Columbus and driven across. Weaker herds will be shipped to El Paso and taken across in cattle cars. Other herds will be driven across the line at Fabens, Texas, 20 miles from El Paso.

Most of the herds to be taken to Mexico are mortgaged through arrangements made by cattle loan associations operating under the war finance corporation. For this reason, the cattle will have to be rebranded. They bear their own ranch brands, but will be branded again to show they are mortgaged.

State officials in Chihuahua objected to the proposal to have hundreds of American cowboys accompany the stock into Mexico. They said the large number of cowboys in their typical costumes and with their pistols and rifles would alarm the rural sections of that State. So, Americans have decided that only enough American cowboys to act as foremen and overseers will accompany the herds into the Southern Republic.

Shortage of freight cars is not noticed so much by cattlemen who contemplate cattle movements into Mexico as by stockmen who are planning to ship herds to various parts of the United States. Lots of cattle will go to California for grass. Cars also are in demand to transfer stock to

REPORTED SEN. CULBERSON WILL PROTEST MAYFIELD'S ELECTION

Washington, D. C., Nov. 20.—The right of Senator-elect Earle B. Mayfield of Texas to take his seat in the Senate because of his alleged affiliations with the Ku Klux Klan in that State and the legal tangle involving his nomination and election, will be challenged by Senator Culbertson, who was defeated for re-election, and other Texans who opposed Mayfield, it was announced today.

RELIEF PROMISED FOR CAR SHORTAGE IN WEST TEXAS

Washington, D. C., Nov. 20.—Following a conference Monday morning between Representative Martin Jones and J. D. Betts, chief of the car service division of the American Railway Association, assurances were given that additional cars would be provided for West Texas.

"The situation in my section of the State is particularly acute," said Congressman Jones, "and I have pointed out the heavy losses which the shippers are sustaining. While there has been some improvement, conditions are far from normal, but I am hopeful that they will be still further improved now that the conditions are realized in Washington."

DEPUTY SHERIFF, SHOT BY NEGRO, NEAR DEATH

Marshall, Tex., Nov. 20.—Charles Martin, a prominent farmer and deputy sheriff of the eastern portion of Harrison County, was shot six times last night by Richard Johnson, a negro. Martin had under arrest one of Johnson's boys, who was suspected of having stolen a bale of cotton some time ago from Banks Eborary, another negro.

While Martin was taking young Johnson to Marshall, he was intercepted by the boy's father, who, it is reported, endeavored to take his boy from Martin. The older negro shot Martin in the arm, paralyzing him and rendering him unable to return the fire. Johnson then shot him five more times, one bullet passing through the breast.

Martin was rushed to the sanitarium in Shreveport, where he is in a precarious condition. Richard Johnson is a well-to-do negro, living on the line of Panola and Harrison Counties and near the Louisiana line.

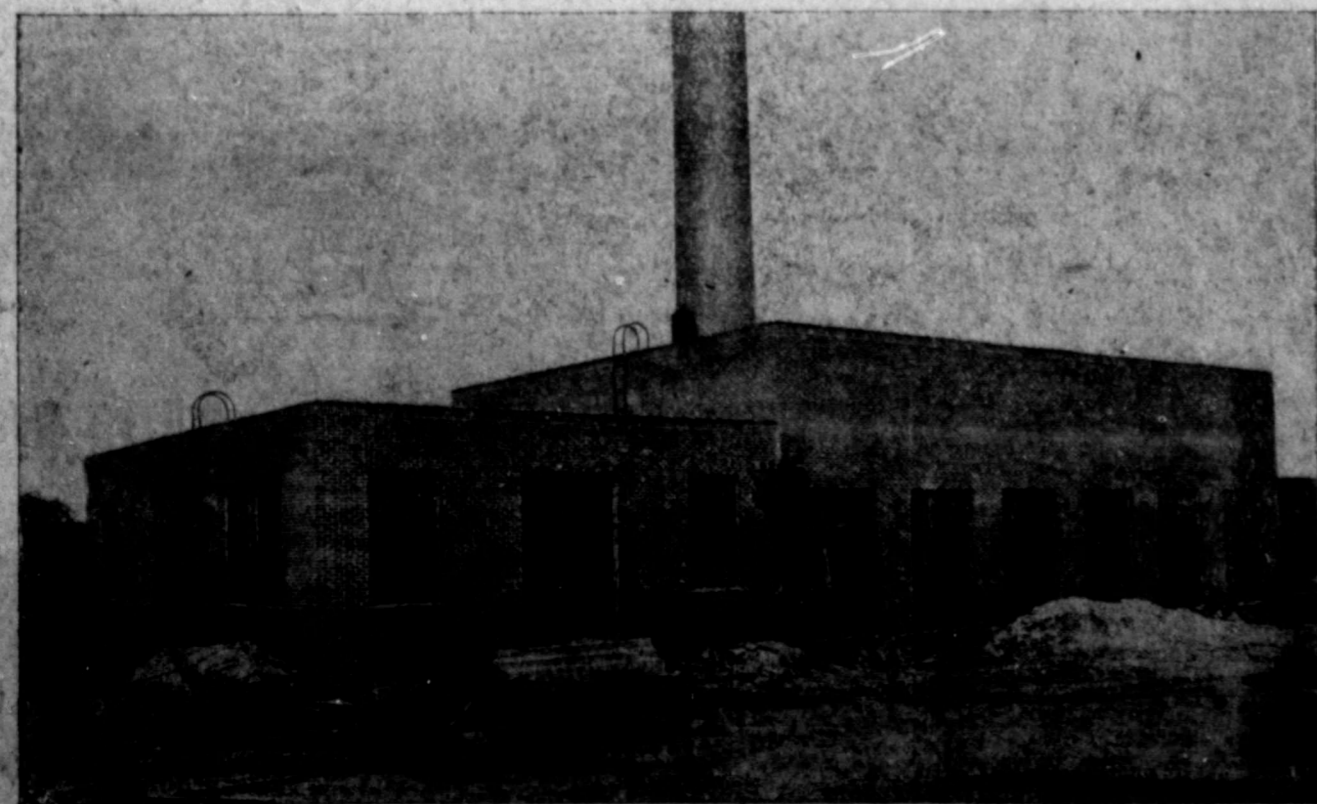

Colorado, Oklahoma, Kansas and other Middle Western States

Railroads running into El Paso alone report a shortage of more than 5,000 cars.

How many herds of cattle Mexico could take care of on ranches available without much trouble is a speculation. W. M. Sein, agricultural agent of the Federal government for Northern Chihuahua, says Northern Chihuahua alone could easily pasture 100,000 head of cattle on fine ranges.

"Chihuahua landowners are anxious to receive the cattle, and the government will afford them ample protection," he said. "We would like to see thousands of stock shipped to Mexico to teach Americans, as much as for anything else, that Mexico is a great cattle country, greatly in need of herds, and a fine stocking."

When the protest was made about cowboys accompanying the herds, the Federal and State Government promised ample protection for men, cattle and horses in the movements.

Pedy, coalition candidate for the United States Senate, according to a statement voluntarily filed with the Secretary of State here late today.

Other contributions from various sources totaled about \$10,000.
Legal expenses amounted to \$3,833.15.
Pedy's personal expenses amounted to \$900.

**TEN SHOTS BRING DOWN
HUNDRED ELEVEN DUCKS**

Eagle Lake, Tex., Nov. 16.—Since the recent cold spell, wild ducks have come into this section by the thousands and the prairies and rice fields are reported to be covered with them.

Two hunters crawled up to a pond which was literally black with ducks and began shooting as the ducks were leaving the water. Each fired five shots from an automatic shotgun. They picked up 111 ducks.

Five young men, out hunting Wednesday, bagged 123 in less than one hour's hunting time.

Oklahoma Cow Has Great Record

Sapulpa, Okla., Nov. 19.—Thomas Seif, local resident, says he has a record-breaking cow.

The cow's record corroborates his claim.

The cow has had three calvings. At the first she bore one calf. Fourteen months later she bore twins and a few days ago triplets arrived.

The family is doing well, and each member is healthy and of normal size. Self says he expects quadruplets next time.

**COPENHAGEN BISHOP
FINDS DRUNKENNESS
WANES IN NEW YORK**

New York, Nov. 18.—An old man in rough clothes who has spent some time wandering about the streets of this city and Chicago, dropped his disguise Wednesday and announced his findings on prohibition as it affects liquor.

He is Bishop Anton Bast of Copenhagen. He sails for Europe today.

"The only drunks I saw during my wanderings," the bishop said, "were four in a New York subway. On the Bowery, where I wandered on several occasions day and night, I saw no intoxicated men. But everywhere I found men sober, so much so that I believe New York is the most sober metropolis in the world."

"There is surely drinking going on here, but it is on the quiet, and the tales of wild debauchery told us in Denmark are without foundation as far as the general public is concerned."

**GIANT LIQUOR RING IS
UNEARTHED BY AGENTS
CONDUCTING INQUIRY**

Chicago, Nov. 18.—A giant bootleg combination doing a business of \$25,000,000 in a half year, was disclosed by the Federal authorities here tonight. The huge firm, with nationwide operations, purchased more than 200,000 gallons of alcohol, which it made into whiskey and distributed in various parts of the country, according to prohibition agents who made the investigation.

Operating as a manufacturing company, the firm did more business the past six months than any other single liquor ring, Federal officers alleged. Its transactions involved chemists, druggists and physicians.

**MEAT WAR PUTS PRICE
OF BEEF ON SKIDWAY**

Brackettville, Tex., Nov. 19.—The open warfare between local meat markets is benefitting the community, in price reduction on fresh meats. The price dropped slightly when one of the largest meat markets announced the sale of fresh killed meats at 15 cents a pound or two pounds for a quarter. This reduction does not apply to special cuts, but to the majority of meats sold.

Meat is selling here cheaper than for many years, even previous to the World War.

**NOW IS THE TIME TO BUY
Real Estate in Kerrville!**

If you will do a little figuring you are bound to conclude that Hill Crest Addition is right in line with the direction in which Kerrville is sure to expand. Take into consideration also that this addition is the only part of town in which building restrictions are being imposed on buyers of lots. We will not contract to sell a lot without the following provision: "The buyer agrees the lot (described) shall not be sold, rented or occupied by negroes, except as servants; that said lot shall not be used for keeping or treating for profit, persons afflicted with tuberculosis or diseases contagious or infectious. The buyer, his or her heirs, shall, whenever a dwelling house is erected thereon, erect such dwelling house to cost not less than fifteen hundred dollars."

Every lot in the addition is now accessible to water, electric light and telephone. Every lot is from 65 to 75 feet above the level of the business section of Kerrville and every lot has from 12 to 24 inches of good soil. Fruit trees will do exceptionally well on this hill.

The following citizens of Kerrville have bought from one to three lots each: Dr. A. A. Roberts, A. B. Williamson, W. B. Brown, Cecil Robinson, E. E. Saenger, Carl Mosty, Otho Morris, J. M. Drodgy, Walter Grona, Nelson Davis, Emmet Henke, Dr. J. E. McDonald and E. H. Prescott.

CATHOLIC CHURCH NOTES

By Father Kemper

STEVENSON DAY

The natal anniversary of Father Damien's illustrious champion, Robert Louis Stevenson, was commemorated by the grade pupils of Notre Dame Monday of last week. In fact, the daily story hour during the entire week was given over to this celebrated Scotch author. His defense of the heroic leper priest of Molokai formed a topic of special study. On the anniversary day the following program was rendered by the students of the Fifth Grade: Anthony Granes recited "A Good Play." George C. Laughman followed with the recital of a "A Good Boy." Next came Edith Morris who chose "The Swing." Anecdotes from "The Land of Story Books" were told by Curtis Strackbein and Raymond Meyer. Estelle Ethridge recited "Looking Forward," and Willie Mae Kaiser closed the program with "Windy Nights."

The patronal feast of the High School principal was observed in modest monastic quiet at the close of the week.

Music pupils and choiristers made a more notable celebration this Wednesday of the feast of St. Cecilia, patroness of musicians.

Nor may we forget to mention the observance of the ninth centennial of St. Americ, after whom the New World was christened.

Dean Baquet Here

We were honored Tuesday of last week by having for our guest the Very Rev. Dean P. Baquet of the San Angelo district. He had come by auto with our clerical neighbor, Rev. P. Flanagan, of Boerne. The latter has begun the erection of his new rock church on the Old Spanish Trail opposite the City Park. Father Baquet has but recently been transferred from Cuero, where in a few years he more than doubled the size, efficiency and attendance of his parochial school. It was his interest and success in educational lines that caused him to make a detour via Kerrville. This Sunday there will be 7 o'clock services in St. Mary's Church with congregational singing, owing to the engagement at Comfort. After attending Mass at the latter mission several auto loads of Knights of Columbus will motor to San Antonio to witness local candidates treading the hot sands in their initiation journey to Columbianism.

Mexican Social

Last Saturday night the Guadalupe parishioners made merry in their community center with a dance and national supper. Music was furnished by Prof. Sanchez' orchestra. Many Americans, in appreciation of the ever-ready helpfulness of the Mexi-

cans, made donations of cakes or candies to the good cause.

All proceeds, and they were very substantial, were set aside to defray the coming revival and parochial festivities of the Christmas season. Mrs. Delfina Torres, Mrs. Alejandro Arreola, Julian Medrano and several others were particularly active in the management of this successful undertaking.

At the American congregation, St. Mary's Auxiliary held its customary Third Friday Social in Washington Hall. Mrs. Newton, Mrs. Gatz and Mr. Droddy assumed responsibility that every attendant have a jolly good time. Since there was nothing but praise from the participants, the trio must have discharged their task very creditably.

George Dryden had his daughters here last Sunday from the Lady of the Lake College. He also entertained Mr. and Mrs. Clarence E. Booze of Port Arthur.

Mrs. Wm. Farrish spent the weekend in San Antonio with Mrs. Mattie Doyle and the latter's daughters, who used to reside in Kerrville. Charley Pfeifer is back in our city and lodging with the Farrish family.

85 PER CENT OF MONEY HANDLED BY THE WOMEN; GET ONE-THIRD OF VALUE

Columbus, Ohio, Nov. 18.—That 85 per cent of all money in circulation in this country passes through the hands of women who receive only one-third value for it, was an assertion made by Mrs. Edith McClure Patterson of Dayton, Ohio, addressing a State convention of building and loan men, here.

Her assertion, she said, was based upon statistics.

CHAMPION WIFE DESERTER LEAVES 300 BEHIND HIM

Constantinople, Nov. 18.—The sultan's wives and ladies of the harem are overwhelmed with grief and dismay over the flight of the sultan. They did not know he was going.

The sultan's youngest wife, whom he married only nine months ago and who is the 22-year-old daughter of his gardener, became hysterical when the fact of the sultan's flight was confirmed, and the seven faithful eunuchs who had acted as personal bodyguards to the Moslem ruler for the last five years gave themselves up to despair, fearing the sultan had been kidnapped by the Krenalists. The other eunuchs and the ladies of the palace, numbering 300, wept bitterly and soon the whole palace was in a state of commotion.

The sultan's departure was not known to his household until 9 o'clock yesterday morning when his aide de camp entered his sleeping chamber. When he gave the news that the sultan was missing the palace was searched from top to bottom for the monarch.

BACKACHE IS DISCOURAGING

But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Kerrville people recommend Doan's Kidney Pills. Ask your neighbor.

Miss Adele Michon, Tivy St., Kerrville, says: "I keep Doan's Kidney Pills on hand and whenever I have any signs of kidney complaint they are sure to give me relief. My kidneys were weak and I had attacks of backache when I felt so tired and worn out I could scarcely do my work. Headaches annoyed me and my kidneys acted irregularly. Doan's Kidney Pills from the Rock Pharmacy quickly stopped the backaches and regulated my kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get the same Miss Michon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement.)

FIRST BAPTIST CHURCH

J. B. HOLT, Pastor

The Baptist General Convention, which closed its recent session Monday noon, was perhaps the most largely attended meeting of the Baptists ever held in Texas. The great auditorium of the First Baptist Church at Waco would not at all accommodate the crowds. There were messengers present from every nook and corner of the State, and the spirit of conquest and of victory was in their hearts. Nearly a million and a half dollars were raised and expended during the year and no indebtedness was reported at the banks. Dr. F. S. Groner was re-elected general secretary for another year.

The next meeting will be held in Galveston. Through the kindness of our Baptist people the pastor was permitted to attend the above convention, and will tell all about it at the morning hour next Sunday.

After Sunday School our people visited the other churches of the city last Lord's Day in the absence of the pastor.

Our church came very near going over the top in our Fall 75 Million Campaign. Bro. J. T. S. Gammon and our committees did splendid work. Let us get ready now meet our spring pledges in full and everybody catch up.

It is to be hoped that we will have a great day next Sunday. Let every Baptist in the city come and be with us and let us get better acquainted.

Now for good fellowship and hard work and the blessings of the Lord.

Enjoyable Forty-Two Party

Mr. and Mrs. Ernest Boeckmann entertained with an enjoyable Forty-Two Party last Friday evening.

Many interesting games were played, and dainty refreshments were served to the following guests: Mr. and Mrs. L. T. Davis, Mr. and Mrs. Fred Evertson, Mr. and Mrs. F. A. Marx, Mr. and Mrs. E. B. Meeker, Mr. and Mrs. W. B. Powell, Mr. and Mrs. W. D. Reed, Mr. and Mrs. R. J. Self, Mr. and Mrs. Snyder, E. T. Paul, Mesdames J. W. McCaleb, H. Noll and J. E. Palmer.

Mr. and Mrs. Walter Coleman and Mrs. D. H. Comparette will entertain the club at the next meeting.

Christian Endeavor Party

Mrs. Marion Schreiner was hostess to the Christian Endeavor Society Friday evening, November 17th. About 43 guests were present, and no word but "hilarious" will express the kind of good time that was had by all attending.

The High School Orchestra was playing as the guests arrived, and many times during the evening they generously gave of their talents to an enjoyment of these precious. Miss Garrett deserves much credit for training this orchestra, both in music and in church work for young people.

This was a peanut party. In the games played peanuts were used—in the peanut hunt, in buying the packages auctioned off by Milton Gold, etc. A race to see who could eat six crackers and whistle first was won by Anna Neblett Thorburn; a handshaking contest found the prize in Miss

Hattie Garrett's name, but when it came time to eat all were winners.

A plate containing salad, wafers, sandwich candy and cakes, was passed to each while Miss Jewel Carey poured hot chocolate most gracefully at the dining table. A silver basket filled with pink roses, and silver candlesticks holding pink tapers were on the table, which was further decorated with a beautiful lace set.

Mrs. Schreiner was assisted in keeping the young folks entertained by Mrs. J. D. Jackson.

WILSON LEAGUE STATEMENT IS CAUSE OF STIR

Washington, D. C., Nov. 13.—Woodrow Wilson's belief that the League of Nations is not yet a dead issue, so far as the United States is concerned and his plain inference in the speech of Saturday that it will likely crop up as one of the major issues of 1924, caused a profound stir Monday in Democratic political circles in the Capital.

Democrats of every shade of opinion were studying the utterances of the former President Monday, seeking to divine, if possible, future political plans. Yet, notwithstanding the widespread interest in the speech, there were few Democrats who care to commit themselves on it, even privately.

To the rank and file of Democratic leaders in Washington the prospect of fighting the league issues all over again in 1924, is not an alluring one. The vision of making their political bid for the White House two years hence with the ill-starred league as a foundation rock, is, on the contrary, distinctly disconcerting to many Democratic Senators and Representatives.

Those never more than lukewarm toward the league were quick to point out that the widespread Democratic success at the polls on Tuesday could by no means be interpreted as a swing of National sentiment toward the league or toward greater entanglement in Europe's affairs.

They pointed out that the only two Democratic Senators to go down to defeat were prominent pro-league Senators—Hitchock in Nebraska, who led the Senate fight for Wilson, and Pomerene in Ohio, who made a number of brilliant speeches during the long fight that preceded its rejection.

On the other hand, they say, the most pronounced anti-league Democrat in the Senate, "Jim" Reed of Missouri, won notable victories in both primary and election and on both of these campaigns he stood squarely on his record of bitter opposition to Mr. Wilson's pet ideal.

Most Democrats believe their success Tuesday was due to the voters' reaction on taxation, tariff, agricultural discontent and prohibition—and not to any conviction on the part of people that they were making a mistake in turning down the league in 1920. The rank and file of Democrats believe the elections were won on domestic issues and they believe these same issues should be projected into prominence in 1924.

Parents' Day

The Parent-Teachers' Association, which meets every second Wednesday at Tivy High School, has now over one hundred members. It is a splendid, helpful organization. So far during this year they have furnished the school with \$36.00 worth

of play ground equipment; have donated \$9.50 toward the library, and are now arranging to buy a \$20.00 globe for use in the grades. The club will also help to pay for the public school music, soon to be put in at Tivy.

These things have been accomplished largely through the untiring efforts of Mrs. Robt. Knox, the president, and her faithful committees.

At the last meeting, Mrs. Knox suggested the observance of Parents' Day, as the clubs all over the State are doing, the date being Friday, November 24th. All parents or patrons of the school are invited to visit the rooms during this day to see what is being done. Besides the regular work of the classes, there will be short program by the children in the afternoon, and the excellent High School Orchestra will play.

The club urges everyone, who has a child in school, to visit on the 24th. Refreshments will be served from 1 till 3 o'clock.

THE WIRTH GOVERNMENT FAILS

Fort Worth Star-Telegram: The resignation of Chancellor Wirth and his cabinet serves to emphasize anew the great loss which Germany suffered when Walter Rathenau was assassinated. Rathenau had been the master mind of the Wirth government. He had been the chief adviser of the Chancellor and in all but name was head of the government. He was the genius behind the policy of "fulfillment" and it was he who had obtained for the government increasing confidence from abroad. Admittedly one of the very ablest men in Germany, an economist of world standing, an industrial organizer of vision and ability, he was just the man to direct the course of Germany during the trying period of reconstruction. With Rathenau by his side, Chancellor Wirth was a confident and at times even a daring leader. But with the assassination of Rathenau, the Chancellor and his government became impotent. Instead of carrying through the policy of "fulfillment," a policy which included the carrying out of the provisions of the Treaty of Versailles as far as possible, Chancellor Wirth soon bowed to public outcry and adopted the slogan "bread first and then reparations." It was a policy that could lead nowhere and which in the long run must lose support at home and abroad. It was inevitable that the Wirth government should fall. Without Rathenau it was incapable of meeting the situation which Germany faces.

What the new government will be and what alignment of parties will result from the present crisis, remains to be seen. Of chief interest to the rest of the world and to us is the character of the foreign policy which will result from the change. Germany needs now more than ever a government which will sincerely and faithfully follow a policy of "fulfillment." Had Rathenau lived, with the approach of a show-down on the whole question of reparations, we might have witnessed within the next few months a revision of the world settlement which would contribute definitely toward economic stabilization. The stabilization of the mark is not merely a need of Germany at the present moment—it is a world need. There must be international co-operation to bring this about, but much will depend upon the character of the government that comes out of the present confusion in Germany.

If you had a bunch of turkeys now, they would bring you a good price. Try to have them next year.

Butter keeps up at a good price, so take good care of that milk cow, and if you haven't one, be sure to get one.

The sale of thirteen acres of irrigated land the other day on Johnson Creek for over \$2,000.00, shows what value is placed on land in Kerr County, when it is well located and can be irrigated.

The finest tomatoes this market has had are being furnished this late in the season from a truck farm in Kerr County. This shows what can be done when there is the proper energy and knowledge back of it.

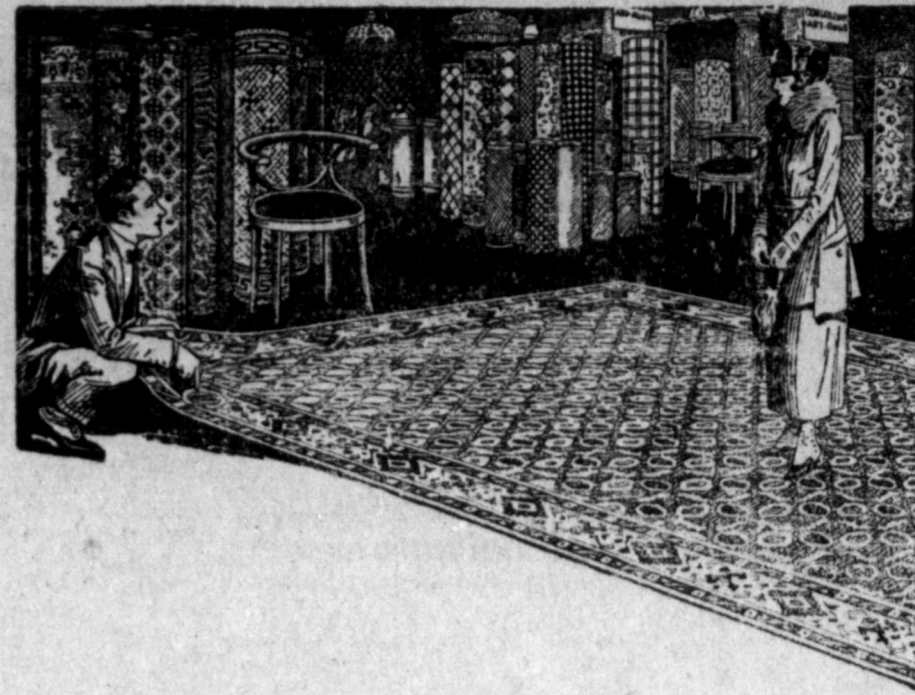

The Republican Administration and leaders of that party haven't been able yet to tell just what hit 'em at the last election. They can now have some idea how the Democrats felt when the people administered such a wallop at the former election.

It is reported that heavily loaded trucks have cut up the new Highway between Mountain Home and the Kimble County line. This is too bad, and if persisted in after a rain, such drivers of trucks ought to be made to go through the woods and not have any roads for use.

Senator Newberry of Michigan has resigned rather than go through another fight to retain his seat. The Republican party, and especially those Senators voting for Newberry to retain his seat, are no doubt glad to be rid of him, although most of the damage has already been done.

Uvalde Leader-News: The value of advertising is a subject on which there is a difference of opinion. True a good deal of advertising is money wasted. From observation, if there is one set of men who make money invested bear good dividends it is the men at the head of the big packing industries. Not long ago the Saturday Evening Post carried a two-page advertisement in colors for a certain packing house product. There were 50 words in the two pages and three-fourths of the space was white—no printing. You read their message as you would on a bill board. A few words led to the point and with a good illustration. Those 50 words cost the advertiser at least \$10,000.00 for one insertion. Not bad, \$200.00 per word. If it is good for the packers it is good for the smaller business man. The same rule applies. There is more money spent on printer's ink today than ever before and it is being spent with greater sale-producing results.

The Play House Theatre

Friday and Saturday, November 24th and 25th:

FEATURE—WILLIAM (BILL) RUSSELL in "MIXED FACES." Would you know your own sweetheart? RENE ADOREE as Miss Sayre, thought she did in this amusing story pictured by Fox. A pompous office seeker is outwitted by his opponents, and his place on the speaker's platform is taken by a double, who starts something when he comes out in favor of a wide-open town. WILLIAM RUSSELL makes a decided appeal in the way he plays the typical upstart salesman. He gets almost murdered but he thinks it is worth it when he finds the girl loves him.

COMEDY—"NO BRAINS."

Monday and Tuesday, November 27th and 28th:

FEATURE—CONSTANCE TALMADGE in "MAMA'S AFFAIR." "When Adam was only a lad, and Eve was but scantily clad." There's a big laugh coming to you when you see Connie take a tip from Eve. But even Eve proves a small-town hold-up lady compared with the trick Connie puts over. Nerry? Yes 'tis. S'nervy and s'nice. CONSTANCE TALMADGE finds a new way to win a husband in "MAMA'S AFFAIR."
FOX COMEDY—AL ST. JOHN in "ALL WET."
"MOVIE CHATS"—Something-of-Everything.

Wednesday and Thursday, November 29th and 30th:

SPECIAL FEATURE—"NANOOK OF THE NORTH." A story of life and love in the actual Arctic. THERE IS NO FILM, ANYWHERE IN THE WORLD, ON ANY SUBJECT, SO ABSOLUTELY UNIQUE AS "NANOOK." It is a picture that comes once in a lifetime. Its story is not the product of the fertile imagination of a scenarist. It is life—stark and dramatic—as it is lived day by day in a barren and uncivilized land. Photographed entirely in the frozen North—800 miles north of civilization's most northerly outposts. People of Kerr County—you owe it to yourself to see this picture.

All property in Fiji is owned in common. No man there labors as an individual, but the work is done in common and the result divided equally among all. If a man's home is destroyed he reports to his chief that he needs a new one, and a certain number of men are assigned to build it.

Buffaloes at the Canadian federal game park at Wainwright, Alberta, have increased in such numbers that government officials state the vast tract of land set aside for them is insufficient to accommodate them. Citizens of Harrah, Oklahoma, protest the ringing of the 9 o'clock curfew, because it interrupts their slumbers. Every night after the village is settled down for a good rest and the lights are turned out, the clanging of the curfew rouses the citizenry from its slumbers and the situation is becoming well-nigh unbearable, according to the delegation that registered a complaint with the County Attorney.

Seventy-five years ago a New Hampshire-born man, Horace Greeley, gave the advice, "Go west, young man." Today, New Hampshire is saying to young westeners, "Come East, young man." A board of publicity, serving without pay, is endeavoring to place before young western farmers of American type the advantages of New Hampshire. This attempt to reverse the course of American emigration is almost revolutionary and is confined wholly to those already farmers and to those of Nordic stock.

HOW RADIO CAME TO A WEST TEXAS RANCH

Texas Commercial News: Recently a radio set was installed on one of the oldest ranches of West Texas. In the afternoon when the cow punchers returned from their day's work they were surprised to see two slender steel poles in the back of the yard and upon investigation learned that one of the new-fangled radio stations was to be a regular part of their ranch equipment for the future.

There was more than a little speculation as to whether that little wire sticking up on the Plains could give them anything out of the horn in the evening or not. And the fact must be recorded there were good old American money bet that nothing would come of it unless it was tied onto the phone line in the regular manner.

Can you imagine a more striking example of the development of modern life than that offered by the contract of the old time cow-puncher, flannel shirt, boots, spurs, Bull Durham and all—sitting around open mouthed at their first radio concert? Surely the Old West is fast passing away.

After supper when they all gathered around and the erector began to turn the little knob there were knowing winks and nudges passed around when the sputter and burr and howl began to roar from the loud speaker. "I told you so," was written plainly on every face—then music. Such music as they had scarcely ever heard in their lives. Clear, full of volume, tone and quality—caught right out of the air from the wire stretched between the two little steel towers. Such silence you have never heard. Not a word was spoken—nor a foot moved. Did they enjoy it? Well— "Hot-damn, and you don't even have to wind it"—was the first thing said after the music had died away.

And thus was radio introduced to a West Texas ranch.

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Corbelle, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI

The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles . . . and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Corbelle mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you.

JUDGE BEARS DOWN ON "WET TRAFFIC"

Minneapolis, Nov. 18.—That he was severe in sentencing liquor law violators "because the law ought to be enforced," and "because it never can be made effective unless I am severe," was the statement of Judge Page Morris of the United States District Court, now in session here.

Judge Morris' wholesale sentencing to jail of bootleggers and vendors of illicit liquor has caused great consternation among those arrested for violating the law.

Many persons pleaded that they have large families and ask to be let off with fines. Such pleas generally result in heavier jail sentences and fines. "It is remarkable the number of large families we have in this district," Judge Morris asserted.

"Easy sentences don't accomplish anything," said the Federal jurist, "and I am sending liquor law violators to jail wherever the statutes enable me to do so."

Judge Morris said he imposed sentences to the Federal penitentiary at Leavenworth only in extreme cases, but that two men had been recently sent to that institution when convicted of conspiracy to violate the liquor laws.

Four county jails in this district have been comfortably filled with Federal "paying guests" since Judge Morris started his campaign several weeks ago.

"But there is plenty of room yet," he said. "Ramsey, Pennepin, Winona and Wabasha County jails are pretty full, but there is still plenty of room."

Defendants in liquor cases must be right on hand with their attorneys whenever their cases are called in Judge Morris' court, or lose their bail money. A defendant two days ago had his \$1,000 bond forfeited for appearing just 10 minutes after his name was called.

Judge Morris has adopted several means for speeding up liquor cases. For one thing an accused who pleads guilty for the first offense generally has the option of a fine or at least a comparatively short jail sentence. But to plead not guilty and then be convicted means jail.

The latest speeding up method of Judge Morris was tried Tuesday when he adopted the English system of examining jury panels en masse. This resulted in a saving of half an hour to two hours, he said.

"They go at it quicker in England," he stated.

LIVE IN FEAR OF SPIRITS

Copper Eskimos Believe Themselves Constantly Surrounded by Mysterious and Hostile Powers.

The Copper Eskimos believe that many strange and only semi-human races surround their land. The Indians, they feel, may be human, but the peoples far from them are altogether strange.

Birds and animals, think the Copper Eskimos, can be offended by scornful words, and the hunter who mocks the caribou or seal will be suddenly stricken down by illness or dogged by constant ill luck. Not only must the Eskimo propitiate the shades of his human dead, but also the spirits of the animals he kills.

Mysterious and hostile powers, invisible and incalculable, hem them in, as they believe, on every side, so that they never know from day to day whether a fatal illness or misfortune will not strike them or their families—from no apparent cause, and for no reason, save the ill will of those unseen foes.

The main distractions of the Copper Eskimos are singing and dancing. Practically all their songs are dancing songs. They have fashions in clothing. Every man and woman of fashion should possess two suits of everyday working clothes, one for summer and one for winter, a thick set of heavy winter clothing for travel and visiting, and a lighter set of short-haired summer skins ornamented with colored bands and insertions, fringes and appendages of various kinds, to wear in the dance house on ceremonial occasions.

"HAMLET" AND AMY ROBSART

Why Shakespeare Camouflaged a Story That Could Not at That Time Be Told.

It seems strange, so far as I know Shakespearean literature, that no critic has perceived the remarkable applicability of the tragedy of Amy Robsart to Hamlet, James Westfall Thompson writes in the North American Review. The language of the play most startlingly fits in with the case of Amy Robsart, the suspicion resting upon Leicester of having compassed her murder, and the suspected liaison between Leicester and Elizabeth.

As long as Elizabeth lived even guarded criticism was dangerous. It required a change of dynasty to release open discussion of the mystery of Amy Robsart or any other murder case of note, it was still quite impossible. Hence Shakespeare's resort to a drama in which under camouflaged guise Londoners might perceive the real spirit and condition of the age. Hamlet is the most brilliant assortment of double-edged language, covert criticism, cutting allusions to contemporary men, women and events, burning scorn, withering irony, to be found in any literature. If read aright, the play dazes and astounds the reader by its keenness, its satire, the stinging lash of its language, its mockery or condemnation of some of the very greatest personages in Elizabethan England.

Punishing Unfortunates.

Many Italian cities during the Middle Ages had a curious way of punishing bankrupts. A large stone was set up in the market place of the town, and to this stone, on a certain day, were led all traders who had failed within the last year. One by one they were placed in the center of the stone, and their balance sheets were read to the crowd, which was permitted to jeer at each one in turn for a specified time, the presiding official "calling time" on the abuse by striking on a bell.

When the jeering was over the bankrupt was bereft of a necessary portion of his clothing and seized by the shoulders and knees by six public officers, who deliberately bumped him on the stone 12 times, in honor, it is said, of the Twelve Apostles. Schoolboys were encouraged to attend this performance, as it was considered to give them a wholesome lesson in commercial ethics.

First Jews in America.

There may have been a few Jews here before 1654, but it was in that year that they were definitely allowed to seek asylum in New Netherlands. There was a provision that "Jews shall have permission to sail to and trade in New Netherlands and to live and remain there, provided the poor among them shall not become a burden to the company (Dutch West India company) or to the community, but be supported by their own nation." This stipulation has been lived up to so faithfully that in 1916, with a Jewish population in New York of more than 1,250,000, there were but 72 pauper Jews in the almshouse on Blackwells island.

George Borrow's Dialogue.

Circumstantial as Defoe, rich in combinations as Lesage, and with such a personal and local, as none of them possessed, this strange wild man holds on his strange wild way, and leads you captive to the end. Moreover, that his dialogue should be set down in racy, nervous, idiomatic English, with a kind of language at once primitive and scholarly, forceful but homely—the speech of the artist in suds and turfs,—if at first it surprises and charms, yet it ends by seeming so natural and just that you go on to forget all about it, and accept the whole thing as the genuine outcome of a man's experience, which it purports to be.—Henley.
