TIVY SCHOOL RANKS HIGH AMONG SECONDARY SCHOOLS OF STATE

Local High Granted Additional Credit
in English by State Superintendent
of Public Instruction.

Graduates of Tivy High School in the future will not be required to take entrance examinations to gain admission to any school of higher education in the country, according to Raymond A. Franklin, superintendent of the Kerrville Public Schools.

Tivy High School has been an accredited school for several years and has been steadily gaining in the number of credits allowed for work done in the school each year. Last year the credit rating of Tivy High was 18 1/2 and this coming year it will be 19 1/2, according to information received by Supt. Franklin last Saturday from the office of the State Superintendent of Public Instruction.

Credits now allowed for work done in this school are: English, 3; History, 4; civics, 1/2; Mathematics, 4; Physics, 1; Chemistry, 1; General Science, 1; Animal Husbandry, 1; Spanish, 2; and Home Economics, 2. Superintendent Franklin, with the assistance of Guy C. Moses, principal of the High School, and the able corps of teachers, has built up an institution of learning that would be a credit to a city many times the size of Kerrville. The scope of the course of study the coming term will be greatly enlarged and the outlook for the school is bright indeed.

The faculty of the school for the coming term is complete with one exception, and this vacancy is to be filled in a few days. However, the personnel of the teaching staff will not be announced until a later date.

U. S. A. PRESBYTERIANS CLOSED SUCCESSFUL MEETING MONDAY

First Summer Conference Attended
By 100 Delegates—Plan To Meet
Again Next Year.

Five hundred and sixty-one people had registered at the Westminster Encampment at noon Monday. This total is 225 ahead of the number of registrations at the camp at the same time last season. Just another indication that Westminster is growing steadily and rapidly.

The first annual summer conference of the Presbyterian Church, U. S. A., closed at noon Monday after a meeting that was highly successful in every way, exceeding the expectations of those who were at the head of the movement.

About one hundred delegates from the Austin Presbytery were in attendance at the first conference of its kind ever held by the U. S. A. Presbyterians, and all were enthusiastic in their praise of the venture. No definite arrangements were made to hold the conference here next year, although it was voted to make the summer conference and training school an annual affair. The present uncertainty lies in the date set by the Southern Presbyterians for the opening of their program next year.

It is thought, however, according to Rev. A. H. Brand, chairman of the General Committee, that the conference will be held here again next year if the opening date of the Westminster Encampment is not set any earlier than about July 12th. If that happens, he said, no plans were in view as to where next year's session will be held.

The entire faculty was present for the first conference and a lively interest was maintained in the work from beginning to end by all the delegates and others in attendance.

Rev. Geo. C. Butterfield, Ph. D., of Los Angeles, Cal., was the dean of the conference and had a corps of able assistants in the following: Rev. J. S. Hodges of Denison; Rev. Geo. S. Watson of Talequah, Okla.; O. M. Fitzhugh of San Antonio, who conducted the Course in Stewardship; Rev. Luther Dimmitt of Austin, who conducted the Bible Study; Charles Stone of San Antonio, music director; Mrs. T. A. Cowan, in charge of the recreational and athletic features of the conference; Dr. and Mrs. R. L. Rhea, Rev. L. H. Morey and Rev. Edgar Hubbard of San Antonio; Rev. Matthew Arnold of Smithville and Rev. L. D. Grafton of Austin.

The regular summer program of the Westminster Encampment will open next Tuesday with the Young People's Conference. Rev. Wesley Baker is the conference leader and Rev. W. H. Matthews is to be the director of music. The work is for young people 16 to 24 years of age and will be an intensely interesting course combining practical training and real inspiration.

The final section of the regular program at Westminster Encampment will be the Conference on the Work of the Synod. This conference opens August 12th and closes the program period August 22nd. The grounds will remain open to campers and visitors until Sept. 15th.

Rev. Brooks I. Dickey, D. D., will lead this work, which will be a combination of three conferences in one, unifying the program of the Synod and showing the interrelation of its

various parts. It is to be an intensely interesting and practical conference for ministers who desire to know more of how to work the "Progressive Program" of the Synod, and for laymen who have a real desire to be of service to their church in an intelligent manner.

During this program Dr. D. Clay Lily, chairman Assembly's Stewardship Committee, will deliver a series of lectures on "Stewardship," and Dr. W. H. Burrell will handle the Bible study.

Other seminar and group discussion leaders are: W. M. Fairley, C. H. Storey, Dr. W. P. Dickey, J. Stewart Pearce, Dr. A. F. Cunningham, Dr. L. E. Selfridge, Dr. J. W. Skinner, R. D.

Kerr County Club Boys Given Stock Judging Instruction

G. W. Barnes, Live Stock Specialist of the Extension Department of the Texas A. & M. College, visited Kerr County Monday and gave the club boys lessons in judging live stock.

Two classes were judged, dual purpose and dairy cattle. In the dual purpose class Carlton Eddins came first with the score of 95; Ernest Duderstadt second, 90; Weldon Walker and Adelbert Oehler third, 85; Sammie Griffin fourth, 75, and Charlie Oehler fifth, 70.

In judging dairy cattle Carlton Eddins won first place with the score of 80; Ernest Duderstadt second, 75; Adelbert Oehler third, 70, and Charlie Oehler fourth, 55.

The Short Course at Texas A. & M. College will commence Monday morning, July 23rd, and close Saturday noon, July 28th. During this course instruction will be given in all phases of agricultural and live stock work.

There will be contests with prizes offered for the club boys and girls as individuals and cups for the counties making the highest scores. The County Agent would like for all that can attend the Short Course. All club members are urged to attend so that Kerr County will have a team to enter into the different contests.

BUSINESS CONDITIONS ARE GOOD IN KERRVILLE AND HILL COUNTRY

Thirty-One Families Locate in Kerrville Past Week—Crop Conditions in Country Are Good.

These are indeed prosperous times for the citizens of Kerrville and the Hill Country. The ranchmen have just sold an unusually good clip of wool and mohair at good prices; the small grain crops of the farmers turned out better than expected and brought good prices; the produce and vegetable farmers have been realizing handsomely on their crops; prospects are bright for the corn and fall crops, and the stock on the ranches are in fine condition, with an excellent range to feed on.

Of course, a little rain would be appreciated throughout the Hill Country, but the local showers the past week have assisted greatly in putting moisture in the ground sufficient to tide the country over until a general rain comes.

Business in Kerrville is unusually good. The streets are constantly thronged with automobiles. Ranchmen and farmers from all sections of the Hill Country are coming here to buy their supplies, and there is a constant stream of tourists and summer visitors through the city, practically all of whom stop here for supplies and the majority of them stopping over to camp along the Guadalupe and enjoy a few days of the Hill Country's wonderful climate and the good fishing afforded by this wonderful river.

The one big thing needed in Kerrville at the present time is more and better housing facilities. Every day finds accommodations for summer visitors and people who wish to locate here permanently getting scarcer, until now there is scarcely a vacant house in the city, and some of the citizens have opened their homes and taken in families who could find no adequate quarters elsewhere.

Mrs. Amy Wallace, Secretary of the Kerrville Chamber of Commerce, is daily in receipt of letters inquiring about business prospects and housing accommodations. Through her efforts thirty-one families were provided with housing facilities last week alone. Some of these, who wished to buy homes, were turned over to local real estate dealers, who in the majority of cases supplied their wants. Others, wishing to rent, were provided with cottages, apartments and furnished rooms, while a few families were compelled to stop at local hotels owing to the scarcity of suitable residences.

Truly, Kerrville and the Hill Country are coming to the front. People all over the country are hearing of the Hill Country's wonderful climate, the good fishing and natural scenic beauty of the Guadalupe and the business opportunities afforded by Kerrville, with the resultant influx of families who desire to make their home here.

KEEPING UNDERSIZED BASS COSTS ANGLER STIFF FINE

L. T. Nichols of San Antonio Pleads
Guilty Before Justice of the Peace
Orr and Paid \$21.70.

L. T. Nichols of San Antonio pleaded guilty to the charge of having an undersized bass in his possession before Justice of the Peace J. W. Orr at Hunt last Thursday and was fined \$21.70. M. E. Bogle made the arrest.

Another case which was tried before Judge Orr Monday was appealed to the District Court after a plea of guilty had been entered. Defendant was charged with hunting without a license, and was arrested by Jim Crow, who was deputized by Mr. Orr for the purpose.

JULY SESSION COMMISSIONERS' COURT MOVES BUSINESS IN DAY

Issued \$7,500 Funding Warrants for
Road and Bridge Construction in
Precinct Number One.

The Kerr County Commissioners' Court met in regular July session at the Court House Monday and disposed of the entire docket of business in one day. Following are given the matters acted upon by the Court:

Tabulated stock law election returns held in Commissioner's Precinct No. 1, June 23rd, and declared the results as 80 votes for and 7 against the proposed stock law. The County Judge was directed to issue a proclamation of the election results which is to become effective 30 days from the date of its issuance.

The Court ordered the discontinuance of the old Junction road across the land of Miss Sue Robinson and vested the title to same in Miss Robinson.

Four mules from Precinct 1 were sold to C. W. Stone.

The County issues \$7,500 Road and Bridge funding warrants to fund the accumulated scrip from road construction in Precinct No. 1. The warrants were for \$500, with 6 per cent interest and dated July 10, 1923. They mature \$4,000 July 10, 1933, and the remaining \$3,500 July 10, 1934.

The Court increased the loan for highway construction to Chas. Schreiner Bank from \$5,500 to \$9,000. This was done because of the delay in receiving the amount due in State and Federal aid.

Miscellaneous claims against the County were allowed. Contingencies against Section D for \$527.32 were allowed.

The Court paid McCall-Moore Engineering Co. \$2,600 on the final estimate of Section C, leaving a balance due McCall-Moore of \$2,483.03.

The monthly estimate No. 5 on Section D, amounting to \$3,260.54, was paid to Gordon Alvis.

FORMER HEAD LEGION HOSPITAL TO MAKE HOME IN SAN ANTONIO

Dr. J. W. Carey and Family Left Last
Friday After Residing Here More
Than Two Years

After a residence here of over two years, during which time they made many friends, Dr. and Mrs. J. W. Carey left last Friday for San Antonio where they expect to make their home for at least the next six months. Miss Jewel Carey, their daughter, had left Kerrville some time previous.

Dr. Carey came here from north Texas to undertake the task of superintending the American Legion Sanatorium shortly after the State of Texas took over the hospital from the American Legion. With him came his estimable wife, and they were joined later by their daughter, Miss Jewel, who came from Los Angeles, Calif., here.

Dr. Carey completed his twenty-six months of efficient work as head of the Legion Hospital June 1st, when the Federal Government took over the institution. He and Mrs. Carey left last Friday for San Antonio where Dr. Carey will spend the next six months resting after his past strenuous duties at Legion. It was not definitely decided, but Dr. Carey stated that he would probably resume his professional practice in San Antonio after his rest.

Kerrville is losing a fine citizen in Dr. Carey's departure and his family will be missed as much as he. Miss Carey was a charming and talented young lady and was prominent in the cities social circles. Mrs. Carey also had a host of friends among the social set.

Dr. Carey left the following note for their friends and the people of Kerrville:

"We have lived among you for the past twenty-six months, and trust we have done more good than harm during this period of time. We have learned to think very highly of you and also the "Hill Country." We desire to thank you, one and all, for your hearty co-operation in the stu-

pendous task that we undertook, and while our hopes and ambitions have not been fully realized, with your help we have accomplished much and leave the field with the best of wishes for our successors and hope and trust that they will fulfill every expectation of the citizens of Kerrville in their care of the sick Ex-Service Men.

"Again thanking one and all, and especially Mr. and Mrs. George Morris and family, for their many kind acts of kindness during our stay at the St. Charles, we are, very truly yours,
J. W. CAREY AND FAMILY."

Cattle Clatter, in San Antonio Express, July 7th: "A very satisfactory price for my wethers sold on the Kansas City market today," declared J. J. Dent of Kerrville, Tex., after marketing 478 head of 99-pound wethers at \$8.10, says a news story from Kansas City. As Mr. Dent sold the wool clip for 54c a pound, he feels very optimistic over the sheep situation. Kerrville is a noted sheep and goat center, although a good many cattle come from that part of the State. "We have had a very favorable season," added Mr. Dent. "In our immediate territory we do not carry on much farming. Corn and small grain is raised, but not very much cotton is produced, as the sheep and goat industry leads. We sell our aged stock, ewes and wethers, and keep the lambs and mature them and get the wool clip. For this reason we supply very few lambs for market. This is my first shipment of sheep to the Kansas City market this season."

Interesting Chamber of Commerce Meet Held at Lake Side

The July membership meeting of the Kerrville Chamber of Commerce was held at Lake Side Park Tuesday evening, with forty-seven members and several visitors in attendance.

In calling the meeting to order, President Prescott made a short talk, urging the members to freely give their ideas and suggestions on all matters involving the best interests of Kerrville and the Hill Country. Mr. Prescott also extended a hearty welcome to the visiting members of the Legion Hospital Staff and assured them of the hearty support and cooperation of the Chamber of Commerce at all times.

Following the reading and approval of the minutes of the previous meeting, short reports of standing committees were heard. Howard Butt reported the cleaning up of the river bank back of the business section by the Civic League and converting of same into a beautiful park. The campaign inaugurated against mosquitoes was also discussed. W. A. Fawcett brought up the question of sidewalk improvement in the residence section of the city, under the supervision of the City Commission, and a motion was carried that the president appoint a committee to take the matter up with the City officials. Mrs. Wallace, after a brief outline of how the folders and Gristead's Magazine had been placed with the Chambers of Commerce of the leading cities of Texas, stated that in the past two weeks sixteen parties from Houston had called at the local office and said they came to the Hill Country for their vacation in response to advertising sent out by the Kerrville Chamber of Commerce. All expressed delight and promised to urge their friends to visit this section.

Under the head of unfinished business and new business, the joint celebration of Kerrville and Junction over the completion of the highway was discussed, and Hal Peterson, Walter Saenger and Milton Pampell were appointed.

COMFORT SQUARED ACCOUNTS WITH 3 TO 1 WIN OVER ATHLETICS

Locals Unable To Solve Pape's Shots
and Got Only Three Blows—Play
-W. O. W. Sunday.

The Athletics' wrecking crew was conspicuous by its absence last Sunday when Comfort Green Sox got away with the big end of a 3 to 1 game on the local diamond before a large crowd of fans.

Next Sunday at 3:30 p. m. the Athletics will take on the Woodmen of the World team on the local grounds. The W. O. W.'s are considered one of the strongest teams in San Antonio and a good game is in prospect. Manager Ben Smith says that the expressed wishes of the people to see the Alamo City's strongest teams in action here is to be granted as much as possible by the Athletic management, and he asks that everyone come out and support the home team every way they can. He says that without the support of the fans in a financial way as well as with rooting it will be impossible to bring the best teams to Kerrville, and without first class teams, good games can not be expected.

The Green Sox, true to the reports reaching here, had certainly reorganized their team and had an aggregation of ball-tossers hard to defeat. "Shotgun" Burney got off to a fair

KERRVILLE, TEXAS

LOCAL BOY MAKES IMPORTANT INVENTION FOR SAND TESTING

Harry W. Dietert, Recent Graduate
of Illinois University, Develops
New Machine.

Harry W. Dietert is the inventor of a universal sand testing machine that is expected to be an important addition to the foundry trade. Dietert is a graduate of Tivy High School, class of 1914, and has been making good at the University of Illinois, where he recently completed post graduate work with the Master of Science degree.

The following story appeared in the "Daily Illini," the student newspaper of the University, under date of July 6th:

"H. W. Dietert, '23, has invented an universal sand testing machine to be used in testing the tensile strength of sand for use in foundries. The machine, which is probably the only one of its kind, has been constructed in the University foundry testing laboratory.

"Previously only a rough and unscientific test of sand used for moulding purposes has been possible. Dietert's machine tests the sand on a scientific basis for tension, flexure, compression and shear. The invention is based on much the same principle as the tests for steel.

"The machine records the pressure in thousands of pounds per square inch for low pressures, and up to 1,000 pounds for high pressures. Since many defective castings are caused by using sand of a poor quality, the invention is an important addition to the foundry trade.

"At the present time Dietert, R. E. Kennedy, superintendent of the foundry, and B. W. Benedict, manager of the shop laboratories, are photographing and working on the technical details of the machine, preparing a report for the engineering experiment station.

"Dietert has been working on his machine in the University foundry laboratories since his graduation in June. As soon as the report is complete, he will go to Detroit, where he will do research work for the United States Radiator Corporation."

CITY PURCHASES ELECTRIC FIRE ALARM SIREN AND EQUIPMENT

Box System to Be Installed Within
Next Ninety Days—Hand Siren
For Truck.

Announcement was made the first of this week of the purchase of new equipment for the fire department and apparatus for its improvement. The City recently added 500 feet of new hose and included in the latest order are nozzles, axes, etc.

A huge electric alarm siren has been ordered and will be delivered within the next 90 days. This siren will be installed on the telephone building and will be controlled by alarm boxes which are to be placed throughout the City. It is said that the siren can be heard for a distance of several miles.

Among the equipment purchased is a hand siren to be installed on the hose

truck. This will be used as a warning to help clear the way for the truck on its run.

This is another indication that Kerrville is becoming a real city. With the installation of the sirens, the next thing will be the making of traffic regulations similar to those in the big cities, which require traffic to head for the curb when the fire apparatus goes down the street.

No action has as yet been taken on the purchase of a new fire truck with pumping equipment and it is not known just what the plans are in regard to that matter.

U. S. Inspector Urges Hill Country Farmers to Raise More Hogs

F. J. Wolma, United States Veterinary Inspector, was in Kerrville Monday and Tuesday on official business, conferring with County Agent White and prominent farmers and ranchmen of this section.

Mr. Wolma, whose home address is 1102 West Summit Avenue, San Antonio, was a visitor at The Sun office Tuesday morning in company with Mr. White. In commenting on the general condition of stock in the Hill Country, Mr. Wolma was loud in his praise of the class of animals raised, but advises the farmers and ranchmen to devote more attention to hog raising. Mr. Wolma said:

"There is a general shortage of hogs throughout the entire State of Texas owing to the drop in price. Within the past year or two the farmers have sold off everything, including their breeding stock. Hogs are of great importance to every farmer. First of all is the home production of meat which every farmer should raise; next, feeding refuse on the farm which would go to waste if not for the hog. This immediate locality is particularly adapted for the raising of stocker pigs owing to the great acreage of mast. Stocker pigs are always in great demand.

"Hog cholera is the worst disease the hog raiser has to contend with, and once the disease is in the herd it is hard to get under control. There is no cure for hog cholera, but a preventative treatment only by the use of anti-hog cholera serum and hog cholera virus. This treatment immunizes the animal against hog cholera for life. The best and cheapest time to treat pigs against hog cholera is at weaning time because it does not take so much serum, therefore making it less expensive.

"Tell the farmers if they desire any further information, they can either see the County Agent or write to the United States Department of Agriculture, Bureau of Animal Industry, 2001 F. M. Bank Building, Fort Worth, Texas, to obtain bulletins and other literature pertaining to the diseases of hogs, which will be sent to them free of charge."

MODERN TWO-STORY HOME GOING UP FOR W. G. GARRETT

Work was begun last week on the erection of a modern two-story brick veneer residence for Judge W. G. Garrett. The new home will have seven rooms, sun parlor, sleeping porch and modern conveniences, and is being built on the lot between Garrett's old home and the Episcopal Church.

The Judge plans to rebuild the old home and divide it into two houses. Jim Floyd has the contract for the new building.

Come to Kerrville

—the fastest growing little city in the country. Opportunity for investment is great. Bowden and Brown can please you in most anything you want in Real Estate.

Bowden & Brown

Office Next Door to Bakery
Phone No. 336, Kerrville, Texas.

THE WEEK IN SOCIETY

San Antonio Express, July 8th: Misses Reba and Lynn Burnett and Miss Florrie Galbraith of Kerrville are visiting in the city.

Enjoyable Dinner

Mr. and Mrs. Albert Enderle entertained a number of their friends last Sunday at dinner, complimenting the host's sister, Miss Emma Enderle of San Antonio, the occasion being her birthday.

Those who enjoyed their hospitality were: Mr. and Mrs. J. W. Diebner, Mr. and Mrs. D. G. Diebner and daughter, of Kerrville; Mr. and Mrs. James Cosgrove and son, Mr. and Mrs. L. A. Enderle and sons of San Antonio, and Mr. and Mrs. B. L. Enderle and family of Fredericksburg.

Hooper-Vining

Last Sunday's Express carried a news item from Mercedes stating that Mr. and Mrs. Jeff L. Vining of that city had announced the marriage of their daughter, Bessie, to Brooks Hooper of Phoenix, Ariz., July 4th. The young couple will make their home in Phoenix.

Mrs. Hopper has a number of friends here who wish her happiness. She was formerly a resident of Kerrville and has visited here a number of times at the home of her aunt, Mrs. Sid A. Rees.

Brice-Martin

Last Saturday morning Wm. Brice and Mrs. Amelia Martin stole a march on their friends and were quietly married at the home of Rev. F. A. White, pastor of the Methodist Church, who performed the ceremony.

Both the bride and groom are well known here, Mrs. Brice being a native of this section and Mr. Brice the popular manager of the Dixie Theater. They will be at home to their friends in the Pepper cottage on Water Street.

The Sun joins a host of friends in extending congratulations and wishing them the greatest of happiness.

Mrs. Wheelers Entertains at Bridge

One of the most delightful social events of the season was occasioned by the lovely Bridge party Tuesday afternoon, when Mrs. J. S. Wheeler honored Miss Maybelle Roberts and her house guest, Miss Patty Glass of Yoakum.

The guests were greeted at the door by Miss Dorothy Doyle, who presented them to the honorees. Mrs. Wheeler wore an afternoon dress of dotted Swiss. Miss Roberts wore a gown of beige georgette, heavily beaded in floral design. Miss Glass wore blue georgette, with henna trimmings. Miss Doyle wore a pink and lavender garden frock.

This beautiful home was fittingly decorated for the occasion. The living room was artistically decorated with blue cornflowers and scovia. The sitting room was lovely with the tall silver vases of yellow garden flowers. The predominating color used in the dining room was red. Zinnas and queen's crown in silver baskets against the dark wood of the buffet made a pleasing effect. The sun parlor was decorated with a profusion of Shasta daisies, while the cooling

breezes from electric fans made one think of springtime instead of July.

Fourteen tables of players enjoyed the afternoon. The prize for matron's high score, a dainty hand embroidered luncheon set, was won by Mrs. Warren Colvert. The consolation, a unique brige table cover, went to Miss Kate Remschel. The prize for Misses' high score, a lacquered box of bonbons, was won by Miss Margaret Thorburn; prize for low score, a hand-painted score book, went to Miss Etheldra Fraley. The honorees were presented with dainty hand-made linen handkerchiefs.

Mrs. Wheeler was assisted in entertaining by Mrs. G. M. Doyle, Mrs. Amy Wallace, Mrs. J. M. Roberts and Mrs. P. J. Domingues.

Delicious refreshments, consisting of pressed chicken, frozen pear salad, angel food cake and iced tea, were served to the following guests: Misses Patty Glass of Yoakum and Maybelle Roberts, the honorees; Mesdames A. C. Schreiner, W. L. Secor, H. Weiss, Payne Williamson, Amy Wallace, J. M. Roberts, W. G. Garrett Jr., L. D. Garrett, W. C. Fawcett, S. Eastland, Lloyd Leslie, J. B. Young, Raymond Allen, Scott Schreiner, Warren Colvert of San Antonio, G. F. Schreiner, Marguerite Hart, E. T. Marsden of San Antonio, Chas. Johnston, Emil Gold, Ally Beitel, Carl Allen, W. C. Baker, A. T. Adkins, P. J. Domingues, R. L. Scherbeck, H. H. Kuhlmann, A. C. Schreiner Jr., L. Sandel, G. M. Doyle, C. E. Brasher, A. F. McClellan, J. D. Jackson, W. A. Salter, Bernard Kuhlmann, E. H. Prescott, Chas. Rawson, Milton Pampell, J. E. McDonald, R. Holdsworth, Hutchinson of Beaumont, Jordan of Cuero and R. Halbed of Beaumont; Misses Alice Domingues, Mable Thorburn, Ruth Garrett, Yolande Robinson, Marguerite Henke, Peabody, Margaret Thorburn, Kate Remschel, Virginia Coombs, Etheldra Fraley of Houston, Dorothy Doyle, Bess Booth, Ellen Mason, Ruth Garrett and Jean Teal of Devine.

Q-V Bridge Club

One of the charming affairs of the week was the Monday afternoon Bridge party with which Mrs. L. W. Laughman complimented the Q-V Club and her sister, Mrs. A. E. Brown of Beaumont. Mrs. Laughman entertained in the home of Mrs. H. H. Kuhlmann. The rooms were lovely with decorations of zennias and cornflowers. High score was won by Mrs. H. Kuhlmann, consolation by Mrs. Joseph Bader of Galveston and Mrs. R. C. McElroy won the guest prize. Delicious ices were served to the following guests: Mesdames A. E. Brown, Joseph Bader, F. F. Nyc, J. F. Rogers, R. C. McElroy, John Kolodzey, W. G. Carpenter, W. T. Kuesel, B. Kuhlmann, Ida Newton, A. F. McClellan, A. E. Eartzon, A. G. Platte, J. M. Drodzy and H. H. Kuhlmann; Misses Maud Short, Angeline Kemper and Emma Laughman.

Universal suffrage is in force in Sweden.

U. S. A. PRESBYTERIANS
CLOSED SUCCESSFUL
MEETING MONDAY

(Continued From First Page)
Campbell and W. S. Scott. Several others have accepted, but only tentatively.

Popular addresses will be given each evening by Dr. W. B. Bizzell, president of Texas A. & M. College, Dr. A. G. Jones, Dr. J. W. Skinner, J. Stewart Pearce, Dr. D. Clay Lily and Dr. Homer McMillan.

The following people registered at the Encampment the past week:
Mr. and Mrs. Wm. F. Sargent and son Howard Jones, Mr. and Mrs. H. J. Flath and son, A. J. Toole, A. J. Toole Jr., Miss Lula Mock, Mr. and Mrs. W. T. Harris, N. W. Harris, R. C. Dickey, Mrs. A. J. Toole, Mr. and Mrs. E. N. Johnson and two children, Richard Hall, Dallas; Mr. and Mrs. H. G. Smith and son, Dr. E. T. Wilson, C. M. Stone, Mrs. Josephine Horner, Mrs. Warren Hull, W. J. Park, T. H. McDaniel, Miss Margaret J. Hull, Miss Lena Heye, Miss Meta Hertzog, N. C. Cordell, Joseph McGinnis, Miss Amy Brown, Mr. and Mrs. Theodosia Moran, William McCurdy, F. P. Meyer, Mrs. S. H. Speer and daughter, Mr. and Mrs. W. W. Bonarant and two children, Mrs. C. F. Carsner, R. S. Carsner, Miss Annie and Ellen Carsner, Mr. and Mrs. Rev. Leighton Green, wife and two daughters, Mr. and Mrs. J. E. Cappelman, Mr. and Mrs. F. M. Hagner and daughter, N. S. Hunsdon, Misses Louise and Marion Muenzenberger, Mr. Carl, Miss Martha Gross, Miss Mary Halle Austin, Mrs. C. F. A. Cowan, Miss Ruth Marris, Mr. and Mrs. L. H. Morey, and Mrs. J. C. Kinney and daughter, San Antonio; R. N. Small, Brooks Field; Mrs. A. W. Davison, Alfred and Forbes Davison, Dr. Edgar G. Mathis, wife and three children, F. L. Tibbitts, wife and three children, Mrs. E. H. Hemburger, Mr. and Mrs. M. E. Garrett and three children, Corpus Christi; Miss Lizzie Appelt, Miss Elizabeth Speary and Miss Martha Speary, Hallettsville; Miss Jane Stormont, Itasca; J. Forbes, Mr. and Mrs. J. K. Wiley and son, Mr. and Mrs. G. S. Warner and daughter, Mrs. N. L. Downey, Mr. and Mrs. T. L. Smith and three sons, and Mr. and Mrs. Chas. W. Plowden and three children, Houston; Miss R. Bennet, Miss Rose Garrett, Miss Lizzie Kyle, Mr. and Mrs. E. B. Meynard, and Robert L. McCormick, Cuero; Mr. and Mrs. H. A. Hutchison, Beaumont; Mrs. M. M. Porter, Mrs. Q. W. Myers and baby and L. M. Dimmitt, Austin; Miss Mattie Bagby, Hallettsville; Miss Clara Craig, Wayne, La.; George Hempel, George Hempel Jr. and Jene Allen, Bartlett; Mrs. S. G. Stringer and daughter, Harlingen; George Butterfield, Los Angeles, Calif.; Matthew Arnold, Smithville; Mr. and Mrs. Allen Edens and son, Corsicana; Miss Lovilla Anderson, Pittsburg, Pa.; Mr. and Mrs. J. A. Ross and three children, Ancharge; George Watson, Talequah,

Streets of Kerroville Are Being Oiled

One block of Main Street, between the Court House and the Catholic Church, was graded and a layer of asphalt road oil laid last Thursday. Property owners paid for the oil used and the city bore the expense of laying it. The street has been considerably improved by the coating of oil. The three blocks of Water Street between Washington and Clay, were also worked over and the oil was being laid late Wednesday afternoon. Water Street will be paved with asphalt, but it is thought that that will not be done for at least three months, and the oiling is being done to keep down dust during the heavy summer traffic.

FLOUR PRICES DROP TO NEW LOW LEVEL

Minneapolis, July 11.—Sympathetic with wheat, flour broke to a new low mark in about eight years when one of the largest mills here set the price at \$6.00 a barrel for family patents when sold in carlots.

The decline at the mills here today ranged from 15 to 25 cents a barrel.

Wheat Futures Off

Chicago, July 11.—Although wheat opened today at \$1.00 or above as the cost per bushel, the price soon dropped to below the dollar mark, a rare event since the World War and the first time this season that such a thing has taken place. On the initial decline this morning the July delivery touched 99 1/2 cents and September 99 1/2 cents.

To Stop Ford Boom

New York, July 11.—Charles D. Hilles, Republican National Committeeman from New York State, announced that he had started an active campaign to block the nomination of Henry Ford for President by either of the major political parties.

Mr. Hilles said he had directed that copies of a statement, in which he denounced Mr. Ford as a possible candidate, be sent to every member of both the Republican and Democratic National Committees, to Congressmen and to Republican State Chairmen.

It is a strict rule of the London Stock Exchange that no one shall be permitted to enter the building carrying a cane or umbrella.

INTERESTING CHAMBER OF COMMERCE MEET HELD AT LAKE SIDE PARK

(Continued From First Page)
pointed to confer with a committee from Junction and arrange all details for a grand basket picnic at Rembolt's, on the Johnson Fork of the Llano, Tuesday, August 28th. It is planned to have the business houses at both places close for the day and the entire citizenship of Kerr and Kibbie Counties join in the celebration. A full outline will be given later after the committees have made their arrangements.

Kearney Butt brought up the matter of a band for Kerrville, pointing out the many benefits to be secured by such an organization. The president was authorized by motion to appoint a committee to look after this important proposition.

Dr. Wm. M. Stinson of the Legion Hospital staff was introduced and made a short talk, in which he expressed his pleasure in finding here a live and progressive Chamber of Commerce, stating that such an organization was the backbone of civic improvement and advancement. Dr. Stinson strongly endorsed the start being made to oil the streets and do away with the dust. He also was very enthusiastic over the proposed golf course and offered several good suggestions towards overcoming some of the difficulties encountered.

Dr. R. L. Cook, medical officer in charge at Legion, and Dr. Wm. H. Woods, one of his staff, were called upon and made short speeches. Both officers expressed their thanks and appreciation of the co-operation accorded them by the Chamber of Commerce and the citizens of Kerrville, and predicted that the pleasant relations established would prove of mutual advantage.

Following adjournment a light lunch of sandwiches and lemonade was enjoyed, and one and all thanked Mr. McClelland for his kind invitation to hold the meeting at Lake Side Park, which he has extended to include future membership meetings.

Under the constitution and by-laws adopted at the re-organization last spring, membership meetings are to be held each month, and it is the duty

of every member to attend and take an active part. The meeting Tuesday evening was a good one, and plans are under way to make next month's still better.

Real Estate Transfers

M. L. Stoner and wife to, O. J. Brockmann, 50x208 feet on Sidney Baker St. in Kerrville; \$315.

Dean Fails to Save Amendment

ACTING GOVERNOR CALLS ELECTION OFF, DESPITE RULING OF PROFESSORS.

Austin, Tex., July 10.—Efforts of the Texas Highway Association and the University law professors were unavailing, for Acting Governor Davidson Tuesday issued his proclamation revoking the former proclamation calling an election July 28th to vote on the highway amendment.

Judge John C. Townes Sr., dean emeritus of the University law department; Dr. George C. Butte, dean, and Professor C. S. Potts, submitted a written brief to the effect that the Constitution is directory in this instance and that too much power is placed in one man to permit him to defeat an amendment to the Constitution by failing or refusing to publish the amendment in a specified time.

John Schultze and family of Austin, C. L. Eckles and family and Misses May and Camelia Eckles of San Antonio were Kerrville visitors a short time Wednesday afternoon. They were en route to their summer

camp near Waring after enjoying a fishing trip of several days on the upper reaches of the Guadalupe. Mr. Schultze is a printer and the proprietors of The Sun formerly worked with him at San Antonio.

In this issue will be found a card advertising the Estes Garage and Grocery, which is located on the Old Spanish Trail midway between Kerrville and Junction. N. B. Estes, the proprietor, is ably assisted by his wife in caring for the wants of the traveling public, and they are on the job at all hours.

FEDERAL AID—AND A FRESH START ON THE AMENDMENT

San Antonio Express: In connection with the sad muddle which legislative and State Department bungling has made of the Texas highway amendment-proposition, figures just announced officially in Washington concerning mileage of Federal-aid roads already approved or yet to be designated, are exceedingly interesting. According to this statement, Texas will receive Government assistance in building 11,655 miles of improved highway.

The Agriculture Department's estimate is based on the 1921 act, which limits the Federal-aid system of each State to 7 per cent of the total public-road mileage. The same act provided that the Government allotment must be matched by a State fund, and the State Highway Commission must spend it constructing a State road system. The wisdom and the justice of this condition are obvious. Without it the Federal money would be scattered uselessly, so far as building a connected National highway system is concerned.

Under the tentative allotment Texas would have far more Federal-aid mileage than any other State. When this is completed, it should possess a magnificent road system rivaling that of France today and far overshadowing ancient Rome's boasted highways. The system would stretch almost half around the world, and would span this continent nearly four times. Texas' mileage is more than twice that of Illinois or Arkansas, and exceeds Oklahoma's and Missouri's by 4,000 miles. This advantage is due to its large area and consequent larger public-road mileage.

That the State would surrender this splendid boon through refusal or neglect to comply with the fair, indispensable conditions of the Federal Government, is unthinkable. As the Highway Commission has pointed out, the present unfortunate confusion need not jeopardize the State's share of Federal Aid, nor need it delay projects already under way or planned for the next year or so. Texas already has received \$32,000,000 from the Federal Treasury—which exceeds New York's allotment by more than \$2,500,000—and of this, about half has been spent.

The State has until November, 1923, to comply with the Federal Aid Act—before the next Legislature meets. It would have been far better, as a matter of policy, to have established the State highway system contemplated in the amendment with the least possible delay. However, the Commission can go ahead with its program, using such funds as will be available through the motor-license fees and the gasoline-tax revenues.

In its present form the amendment would provide for organization merely, and would have no effect on the revenues. Moreover, there is little disposition on its advocates' part to accept the Attorney General's opinion as final. It might be tested by going ahead with the election on the 28th

and then submitting the question of validity to the courts afterwards. The time is too short to accomplish this before the election date. As both State and Highway departments have been put to considerable expense already, that course would be warranted from an economy standpoint.

However, as the voters are somewhat confused and doubtless disgruntled with the legal mess, that would militate against the proposition at the polls. Besides, the bond-issue clause which the Senate eliminated must be submitted at a future election. The whole difficulty suggests the need for rewriting the State Constitution so as to conform it more with present-day conditions. The principle of requiring publication three months in advance of an amendment election is sound. The purpose was to acquaint the voter with the proposal, but in this age of almost universal daily newspaper circulation, that step is not essential.

KEEP UP THE FIGHT

Fort Worth Star-Telegram: Attorney General Keeling has ruled that the election to vote on the proposed highway amendment can not be legally held because the State authorities have not complied with the provisions of the Constitution in properly advertising the election.

The Constitution provides that proposed amendments to that document shall "be duly published once a week for four weeks, commencing at least three months before an election, the time of which shall be specified by the Legislature, in one weekly newspaper of each county in which such newspaper may be published."

The provision which the Secretary of State has failed to comply with is that contained in the words "commencing at least three months before an election."

He did not send out the amendment in time and so the Attorney General rules the election can not be legally held. Nothing can be gained, perhaps, by denouncing such carelessness and such apparent ignorance of the plain provisions of the Constitution.

However, it is so glaring an instance of inefficiency that the loss of effort and money which it has occasioned would justify the most scathing criticism of those responsible for it. Indeed, it is almost a fitting culmination of this whole effort to have a highway amendment adopted, for the amendment as submitted was so badly emasculated through the carelessness of the Legislature as to precipitate, even among its friends, a controversy as to its meaning, and now the duly authorized officials have failed to comply with the plain mandate of the law for no better reason than that they were unacquainted with the provisions of the law.

The authorities did not know that the Constitution provided that the text of the amendment must be published at least three months before the election.

They thought the provision was for 30 days' notice of this kind, and it is even suggested that this impression has been prevailing at Austin for some time and that other amendments have been illegally submitted and voted on by the people under this impression.

There seems to be no way to get around the matter, and apparently there is nothing left to do but to recall the Governor's proclamation, inasmuch as the amendment would not be legally adopted even if the election were held now and the people should vote for it by an overwhelming majority.

What are the friends of the amendment to do in the face of such a situation?

The amendment is just as important today as it was before the technicality was discovered, and the problems of carrying on the highway program of the State during the next two years are quite as pressing.

The only thing that can be done, it seems to us, is to keep up the fight and to continue the campaign of education.

Another amendment can not be submitted until the next regular session of the Legislature, which is two years

off, but it must be submitted then, for if it is not in force by November, 1926, nothing we can do can prevent the cutting off of Federal aid for highway building in Texas.

The campaign of education has not been altogether lost, and its effects will be quite as definite in an election two years from now, if the work is kept up in the meantime.

The friends of the amendment should begin the new campaign right now and should not rest until the highway laws of Texas are thoroughly modernized and this State takes its place side by side with the other States in the Union in providing a National highway system made up of 48 connected State systems of permanent highways, permanently maintained.

FOR GOOD ROADS?

Texas Commercial News, July 7th: For good roads? To ask that question of a real upstanding man today, is but to reflect on that man's intelligence.

There isn't an intelligent man in Texas who is against good roads. Texans may differ in their views as to the best method of securing good roads, but they never differ in their desire for good roads.

We believe that there should be two systems of highways in Texas. First, there should be built an adequate State system of highways, under the control of the State; second, there should be added to this a county system of highways under the control of the county.

BACK YOUR HOME PAPER

The following extract is a quotation from a speech delivered by ex-Governor Francis of Missouri:

"Each year the local paper gives from \$500 to \$1,000 in free lines to the community in which it is located. No other agency can or will do this. The editor in proportion to his means does more for his home town than any other ten men, and in all fairness he ought to be supported—not because you like him or admire his writings, but because the local paper is the best investment the community can make. It may not be brilliantly edited or crowded with thought, but financially it is of more benefit to the community than the preacher or teacher. Understand me, I do not mean mentally, and yet on moral questions you will find most of the papers on the right side. Today the editors of the local papers do the most for the least money of any people on earth."

MEDICAL SCIENCE ADVANCES

Houston Chronicle: It is one of the gratifying signs of the progressive spirit of the day that new victories in the field of medicine are being daily achieved.

The ablest members of the medical profession in every country are giving attention to prevention rather than to the cure of diseases. Never before was so much attention given to the matter of fresh air and sunlight in dwellings, sanitation of workshops, wholesome water and food supply and the isolation of infected persons.

Sir George Nedman, chief medical officer of the British Government, says we are living in the "golden age of medicine."

Cholera, plague, typhus, typhoid, smallpox, tuberculosis and malaria have become at last controllable.

The antitoxin treatment of diphtheria has reduced the death rate from that disease from 29.8 per cent in 1890 to 9.3 per cent in 1922.

In 1871 enteric fever claimed 374 lives in each 1,000,000 of population; in 1922 the deaths were only 12 in each 1,000,000.

The result of the progress in medical science is that every child born today has an expectation of 12 years longer life than his grandfather had.

These are very encouraging figures, and to those whose work has resulted in such advancement universal humanity is debtors.

EDITOR ALL STUCK UP

Editor Sam Miller, of the Mineral Wells Index, tells the following tale on himself:

If we ever meet up with the man who invented fly-paper, we intend to hopelessly inundate him with a flood of bitter vituperation. This sticky contraption of Satan has caused less flies and caused more trouble and anguish than any other invention of the age. We may be unduly embittered toward it because of our very close connection with a couple of sheets of it. It happened in this way: The female portion of our family is primarily responsible, as usual, as she spread a sheet on our writing table in plain view and placed another in a hair nearby. We removed the one from the table and placed it on a chair and seated ourselves to compose a column or two of serious editorials. Of course we sat down in the chair containing the extra sheet. We do not know just how close the proverbial brother stuck, but however close it was you can raise it to the nth power, multiply by the amount of the British war debt and maybe get an idea of how close that devilish device stuck to the biggest part of our breeches. Not being constructed so we could see what we were doing in trying to separate it from us, we pulled off our trousers and absent-mindedly sat down in the other chair. We sat down rather hard, too, and completely absorbed the other sheet with our B. V. D's. For several minutes we sat in loud and vociferous meditation punctuated occasionally by peals of the most unnecessary and unreasonable laughter we ever listened to, convincing us that women, as a rule, have a perfectly perverted sense of humor. The dismal details are too gruesome to delineate, besides those were our best pair of trousers, too.

San Antonio Express: Down by the sounding sea where the dawn comes in like thunder out of Port Aransas across the bay they are bringing in an average of 20 big tarpon a day. Nowhere on any coast is there finer sport. The tarpon, pride of game fish, rises to new and higher

Mid-Season Sale

25 PER CENT REDUCTION ON LAWN MOWERS AND ICE CREAM FREEZERS

We will close out the balance of our stock of these goods at 1-4 off the regular price. We are not waiting until the end of the season when they are no longer in demand, but offer you this saving right in mid-season. This reduction will be on for only a short time, so you should buy at once. Call and see them.

ored team of Hondo, the Hondo darkies literally eating up the Kerrville Senegambians in the fray. The score stood 11 to 2, and as one of the players was heard to remark, "Dem Kerrville niggas play ball all right, but dey was up agin' Hondo."

Many people were here from Medina, Pipe Creek, Tarpley, San Antonio, Boerne, Comfort, Hondo and Kerrville, for the big celebration.

Comfort Chat

News, July 5th: Miss Marie Sperrath, Arthur Sperrath and T. E. Poppe spent Wednesday in Kerrville.

Mr. and Mrs. Henry Bergmann went to Kerrville on the Fourth with Mr. and Mrs. Henry Wellborn of Center Point.

Ernestine and Walter, two children of Mr. and Mrs. Walter Meyer of Kerrville, are here for a visit of several weeks with their aunt, Mrs. Anna Overman.

Local friends of Walter Meyer of Kerrville will be pleased to hear that he is at present the acting foreman of a large plumbing plant at Port Arthur and may remain in that splendid position for several months.

Waring-Welfare Items: Mr. and Mrs. S. P. Tomlinson and children visited relatives at Kerrville on the Fourth.

Waring-Welfare Items: Mr. and Mrs. E. J. Rose and daughter, Lola, and Mr. and Mrs. James Rose and child went to Kerrville Wednesday for the Fourth of July celebration.

San Marcos Record, July 5th: G. C. Jones, who was associated with The Record from April, 1921, to April, 1922, and is now secretary of the San Marcos Chamber of Commerce, has bought a one-third interest in The Record and will after a few weeks be again actively associated with this publication. It is with a great deal of pleasure that we make this announcement. By the addition of Mr. Jones to the business we feel that The Record is placed upon a more substantial basis and that it will be able to well fill every requirement of a newspaper in this field. The owners of The Record now are T. A. Buckner, G. C. Jones and Walter E. Buckner. It is the purpose to soon put in some more new equipment to make the plant fully up to date in every detail and able to take care of all classes of advertising in the promptest and most satisfactory manner possible.

Forestry clubs, formed by boys and girls, are becoming popular, according to the United States Forest Service. Beginning with a forestry club, organized last year in Crestone, Colo., the movement has spread to many other localities in that State. The clubs are formed under the direction of local men and women interested in both forestry and agriculture in cooperation with the County Agent and the Forest Service.

LIVE WIRE KILLS

PLUMBER AT BRADY

Menard Messenger, July 5th: George Williams, 45, a plumber, was instantly killed by electrocution Saturday night about ten o'clock, at Brady.

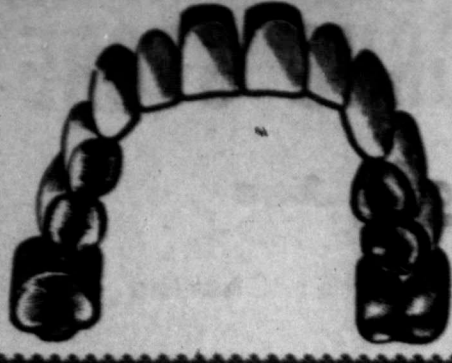

The accident followed the storm in which the lighting system was temporarily out of commission. In darkness a car struck one of the street lighting standards which was broken and the driver of the car dazed. He was taken to a nearby building, and when some men went back to look after the car they found Williams who had come up in the meantime, with one hand on the fender of the car and the other on the broken light standard, the fire flashing from his hands and he had been instantly killed, twenty-three hundred volts having passed through his body.

CATHOLIC CHURCH NOTES

By Father Kemper

WELCOMES LEGION PERSONNEL

St. Mary's Auxiliary wanted to extend the glad hand of welcome to the doctors, nurses, dieticians, teachers, mechanics and orderlies who have been recently transferred from Camp Logan, Houston, to our reopened U. S. Veteran Hospital 93. Several automobiles were sent from our school to Legion last Friday night to bring in all guests who could not be accommodated in the government cars.

Washington Hall presented a busy scene with so many couples gliding over the smooth floors, and getting acquainted with one another.

The spirit of good fellowship was in the air, and it did not take long before everyone seemed to know and esteem everyone else.

Several kinds of cold drinks were on hand to quench the thirst of the fatigued dancers.

Besides the dozen Catholic young ladies mentioned last week, there are almost as many Catholic men in the Civil Service at Legion. Bernard Sherlock has charge of the orderlies. He is assisted at the sanatorium by Emil Reed and the Tritico brothers, Leonard and Peter.

James H. Chastun of Bryan, Texas, was one of the last Catholic patients to be received in the wards, which will soon have bed capacity for many hundred veterans.

The Friday Social of St. Mary's Auxiliary was not too near after the Lake Side Picnic on Independence Day because a different group of workers was in charge of the booths at the river banks.

Among those of our congregation who volunteered their services for the success of the Fourth of July Barbecue were Mesdames Schott, Laughmann, Carpenter, Henry and Bernard Kuhlmann, Sandel, McCreary Kolodziej; Misses Mary Haberman, Lillie Newton, Stella and Frances Michon, and Angeline Kemper.

Special credit must be given to Wm. S. Farris, the Notre Dame caretaker, who cleaned up the grounds, prepared the electric illumination, helped with the decoration and arranged about 100 Notre Dame folding chairs.

Dewey and John Reno, former Notre Dame pupils, attended the Lake Side Picnic for the benefit of the City Park, and played with the Pittsburgh Water Heaters.

Notre Dame Changes
Tuesday of last week Sr. Amabilis of Amarillo came here with Sr. Gerard Majellan of St. Patrick's Academy.

This gave an opportunity to Sr. Mary Majellan and Sr. Martha to go to the Incarnate Word College at Alamo Heights. Sr. Constance, our faithful cook of many years service, went to Boerne last Thursday in order to make a ten days' spiritual retreat.

During these vacation days repairs and renovations are being made both at the convent and at the school. The campus fences that had been blown down by a recent windstorm, have been re-erected. In the Brownson Library, plate glass doors will be put on all shelves so that the librarian will have it easier to keep order among the many hundred volumes.

One of our Guadalupe students, Miss Trinidad Zamorra, will be solemnly united in marriage during Sunday Mass to Vivian Garcia. The Mexican chapel will be tastefully decorated by her schoolmates and friends.

The wedding of Wm. Brice last Saturday was an agreeable surprise to the legion of admirers that he and his "better half" can number in Kerrville.

A note of sadness mingled with the patriotic festivities of the Fourth, when Marcellus W. Carrico laid to final rest his beloved wife.

Departures
It was with regret that we bade farewell to Horace Waite and his splendid family.

On the same day Mrs. Gray left her sister, Mrs. A. L. Flye, and returned to Rockport.

Miss Estelle Comer, who has been employed in clerical work at the Schreiner Institute, resigned her position to go back to Chicago.

The family of Walter Meyer Sr. is contemplating moving their residence

to Port Arthur, where half of the members are already located. Dr. L. C. Gatz motored to Beaumont with Lawrence Taylor. His younger sister, Nannie Taylor, cousin of Mrs. Gatz, will stay with the latter during the doctor's absence.

J. L. Moore came from Vicksburg, Miss., to be benefited by our climate. He is rooming at Frank Rodger's.

ROBS CALOMEL OF NAUSEA AND DANGER

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take.

One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Advertisement, 28-40c).

Dr. Vinson On Job
Cleveland, Ohio, July 9.—Dr. Robert Ernest Vinson, formerly president of the University of Texas and successor to Charles F. Thwing as president of Western Reserve University, has assumed that office today.

There was no ceremony. An elaborate installation program will be held in October.

Red Cross Meeting
J. H. Ward, county chairman of the local Red Cross, has called a meeting of that organization to be held at the Chamber of Commerce Wednesday, July 18th, at 4 p. m.

Important business is to come before the meeting and every member is urged to attend.

Charles Young, the only Negro ever to rise to colonel's rank in the United States Army, was buried at Arlington Amphitheater, May 21. Colonel Young was graduated from West Point in 1889. He served in the Philippines, in Indian campaigns and as military attaché in Haiti and Liberia.

So finely balanced are the doors of the Bank of England that a clerk, by pressing the button under his desk, can close them instantly, and they can be opened only by special process.

Queer Feelings
"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI
The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles, and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you.

Sold Everywhere. E 90

REV. DURFEE PASSED AWAY LAST THURSDAY AFTER LONG ILLNESS

Had Recently Returned Here To Make Home With Daughter—Remains Buried at Elgin.

After a lingering illness of several months, Rev. Edward Dewey Durfee, aged 74, died at the home of his daughter, Mrs. F. E. Garrett, at 6:30 p. m., last Thursday.

Rev. Durfee was born in Oregon, Dane County, Wisconsin, January 19, 1849. He came south at the age of 19 and located at New Orleans, having accepted a position as a mail clerk on one of the large railways out of that city.

While in the Crescent City he met Miss Eva Gordon of Hazelhurst, Miss., who later became his wife. She moved with her parents to Elgin, Texas, where, a year after their meeting, they were married.

To bless this union five children were born, three girls and two boys. The deceased followed railroad work as a station agent and telegraph operator until being retired after passing his fiftieth birthday. After leaving active railroad work he taught telegraphy for a number of years in one of the leading business colleges of Austin.

Rev. Durfee united with the Baptist Church July 4, 1876, and was always active in promoting the cause of the Lord. He was ordained a deacon in 1876 and the first Baptist Sunday School in Elgin was organized in his home in 1878. He was ordained to the ministry in Hyde Park Baptist Church in Austin in February, 1919, preaching his first sermon on his seventieth birthday.

He went to Grand Maris, Minn., in the summer of last year for a visit with his brother, Judge George H. Durfee. It was while there that he contracted the illness that led to his death. He was brought to the home of his daughter here June 11th, passing in his reward July 6th.

The survivors are: Two brothers, Judge Geo. H. Durfee of Grand Maris, Minn., and Chester S. Durfee of Minneapolis, Minn.; two daughters, Mrs. F. E. Garrett and Mrs. Dewey Thiele of Kerrville, and one son, E. M. Durfee.

The funeral services were held at the Garrett residence last Friday morning, conducted by Rev. J. M. Earles of Ingram, and the remains were taken to Elgin, where they were laid to rest after final services in the First Baptist Church of that city, with Rev. Ernest Stack officiating.

The Sun joins a wide circle of friends in extending condolence to the bereaved ones in their great loss.

Card of Thanks
We wish to thank the many friends who rendered assistance and consolation, both before and after the death of our beloved wife, daughter and sister, also for the beautiful floral offerings.

M. W. Carrico. B. A. Davey and family. James Prentiss and family. Felix Watson and family. R. B. Knox and family. (Advertisement 30)

BIBLE STUDENTS

By Reporter

A close study of the Bible reveals the fact that God has been pleased to deal with the world of mankind in epochs, dispensations or "worlds." There are three "worlds" brought to our attention in the Bible (2 Pet. 3, 6, 13; Gal. 1:4). Not one of these periods is too long or too short, each has its object to accomplish towards the complete development of God's plan. It should be remembered, however, that the physical earth is the basis of all these "worlds."

Though ages pass and dispensations change, still "the earth abides forever" (Eccl. 1:4; Isa. 45:18). The Apostle Peter calls each of these periods a separate heaven and earth (2 Peter 3:5, 7, 10, 13). Heaven, symbolizing higher, spiritual, controlling powers; earth symbolizing human government and social arrangement.

Thus the first heavens and earth, or arrangement of things having served their purpose, ended at the flood (2 Peter 3:5, 6). But the physical heavens (sky, atmosphere) and the physical earth remained.

So likewise the present world or epoch (heaven and earth) will pass away (2 Pet. 3: 7, 10, 11), thereby giving place to the new heaven and the new earth (2 Pet. 3:13), under the control of Jehovah (Zach. 14:9; Psa. 72, 86:9; Isa. 2:24). Righteousness, peace and love will rule among men when present arrangements have been supplanted by the new world or epoch, the basis of which will be strictest justice.

Rev. Horn of San Antonio will preach at the Union Church Sunday, July 15, at 11 a. m. Subject: "Weeping may endure for a night, but joy cometh in the morning" (Psa. 30:5).

Wednesday, July 18th, 2:30 p. m.: Junior Harp Study. 3 p. m.: Prayer, praise and testimony meeting. "The Fruit of the Spirit is Love" (Gal. 5: 22).

Berean Study: "Jesus Amongst Friends and Foes" (Luke 10:38, 11: 54).

Card of Thanks
For the many tender acts of loving kindness from our friends and neighbors during the illness and death of our beloved father, Rev. E. D. Durfee, we wish to express the sincerest thanks of our hearts.

MRS. F. E. GARRETT. MRS. DEWEY THIELE. (Advertisement, 30)

PRESBYTERIAN CHURCH

By Member

Beginning next Sunday morning, both the morning and evening services of the Presbyterian Church will be held at the Presbyterian Encampment grounds. This is an annual custom of the local Presbyterian Church, as this move centralizes the activities of the denomination.

The Sunday School services will be continued as heretofore at the Dixie Theater. In this connection, Rev. Dickey and the church and Sunday School officials wish to thank Messrs. Brice and Mason for the use of the theater for the services of the two departments of church activity, and for the many courtesies extended.

Thos. W. Currie, D. D., of Austin, will preach next Sunday morning and evening. Rev. Currie will also deliver lectures tonight and Friday night at the Encampment on the subject of "Colossians."

WEAK, WEARY WOMEN

Learn the Cause of Daily Woes and End Them.

When the back aches and throbs, When housework is torture, When nights bring no rest nor sleep, When urinary disorders set in, Women's lot is a weary one.

Doan's Kidney Pills are for weak kidneys. Have proved their worth in Kerrville. This is one Kerrville woman's testimony.

Mrs. W. T. Chamberlain, Main St., says: "My kidneys were weak and I had such dull, nagging backaches and pains across my kidneys, I could hardly stoop or lift anything. Headaches made me miserable and my kidneys acted irregularly. Doan's Kidney Pills were not long in stopping the backaches and relieving all signs of kidney complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Chamberlain had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement)

KODAK FINISHING—The Professional Way. WHEELUS. (Advertisement 4-tfc).

Miss Edna Oakley of San Antonio arrived Wednesday evening for a week's visit with Miss Harriet Garrett.

The Charles Schreiner Co. are selling their entire stock of Ladies' Summer Ready-to-Wear at half price. (Advertisement, 28-tfc).

Mr. and Mrs. W. J. Allen of Lufkin are visiting at the home of their daughter, Mrs. C. A. Hill, having arrived last week. They expect to remain about a month.

If you don't believe our fishing tackle will bring success, just take a peep at the actual photographs of the catches in our window.—PAMPELL'S. (Advertisement 30).

Mrs. James Baker, three granddaughters and one grandson or Waco are in Kerrville this week visiting friends. They expect to spend some time in the Hill Country.

Dr. and Mrs. J. L. Fowler of Ingram left Monday in their car for Comanche, having received word that Mrs. Fowler's father, T. J. James, was seriously ill and not expected to recover.

Mr. and Mrs. R. L. Schmerbeck and Miss Harriet Garrett visited in the Alamo City Wednesday and went to see the picture play, "The Girl of the Golden West," which is playing at a theater there this week.

Mrs. Carroll Keith, who was the guest of Mrs. Martin Dies, returned to her home in Beaumont last Friday. William Keith, Caswell Keith, Jerry Stedman Jr. and Clark Ward, Beaumont students at Camp Rio Vista, were visitors at the Dies home for the Fourth of July celebration.

Remember everybody likes candy, especially Pampell's. (Advertisement)

Mr. and Mrs. J. Q. Wheeler returned to Abilene Monday after a two weeks' visit here.

Jewelry, Jewelry, Jewelry—We are selling our jewelry at very low prices. P. J. Domingues Drug Store. 30-31

Mr. and Mrs. J. R. Trussell and Mrs. F. H. Coleman of Kingsville are guests this week of Mr. and Mrs. W. C. Coleman.

Three carloads of sheep were shipped Wednesday by Schreiner & Rigby. This shipment went to Fort Worth.

Raymond Flume and Lawrence Ulrich of San Antonio are here finishing up the electrical work at the Schreiner Institute.

Misses Harriet and Ruth Garrett returned home last Friday after a visit of several days with Mrs. A. K. Oakley in San Antonio.

When you think of buying, your first thought should be—Does Pampell's have what you know it's good. (Advertisement 30).

Dr. and Mrs. E. S. Fulton of New Iberia, La., and Frank Alexander of Lafayette, La., were guests at the W. G. Garrett home Tuesday of last week.

Mrs. L. D. Garrett and little son and Mrs. D. H. Hughes and children returned home last Friday from a two weeks' visit with Mrs. C. W. Hempil at Nixon.

Photographs of the children never grow up. Your babies will smile out of their pictures at you through all the years to come. THE WHEELUS CO. (Advertisement 16-tfc).

Mr. and Mrs. Frank Jones of Houston arrived Tuesday for an indefinite visit with their daughter, Mrs. Chas. Hodges. They were accompanied by Mrs. McCrainey, who will remain here about two weeks.

C. O. Forgy and family moved back to San Antonio last Friday after a residence here of a year or more, during which time Mr. Forgy was superintendent for the McKenzie Construction Company on the Legion Hospital and Schreiner Institute.

J. L. Bering of Houston arrived in Kerrville last Thursday, accompanied by his daughter, Mrs. Emma Gray, of Memphis, Tenn., who is here for her health. Mrs. Gray entered Thompson's Sanatorium and her father left for his home the next day.

Mr. and Mrs. Wm. B. McHaskell and Mr. and Mrs. Bob August of San Antonio visited Mr. and Mrs. Louie Babb at the Kerrville Sanitarium-Hospital last Sunday. Mrs. Babb is convalescing nicely from a recent operation and friendly visits are appreciated.

The Post Office at Legion has been made a money order office and received its orders to become effective July 2nd. The sanatorium has had a Post Office for some time, but the money order business has been carried through the Post Office at Kerrville.

Among those registered at the Mountain View Inn during the past week are: Mrs. Jas. B. Baker Sr., Jas. B. Baker Jr., Misses Sallie C. Alma Louise and Virginia Lee Geor of Waco; Dr. and Mrs. J. J. Klein and Dr. and Mrs. P. B. Matz of the United States Public Health Service.

F. W. Sweeten and daughter, Miss Opal, of Rocksprings were week end visitors in Kerrville. They returned Monday, accompanied by Mrs. Sweeten and Mrs. Grace Ogilvy, her sister, who has been in the Secor Hospital for some time. Mrs. Sweeten has been here with her sister for several days.

Bandera New Era, July 5th: J. J. Yarborough, who killed Herbert Thalmann at Blue Ridge some time ago, and had been convicted for the crime and sentenced to 30 years in the penitentiary, but had been granted a new trial and was out under bond, was killed last Sunday morning by Jay Morgan, a former constable of Richmond, Texas. Herbert Thalmann was raised in Bandera County and had many friends here who express satisfaction that his death has been avenged.

Boerne Star, July 5th: During the rain and electrical storm Saturday night about 11 o'clock lightning struck and killed two race animals at the Fair Grounds, one belonging to Mr. Schott and the other, a two-year-old, belonging to Dr. Louis Zoeller of Welfare. The keeper of the horses was asleep near the horses, but was not hurt in the least. Both animals were valuable and are quite a loss to the owners. The bodies of the horses were cremated Sunday.

ART TREASURES FROM OLD WORLD TO EL PASO

Los Angeles, Calif., July 10.—A collection of serapes, blankets, venetian tapestry and letters and pictures mostly of religious subjects, considered invaluable from an art standpoint, will be transferred in a few days from a museum here to one in El Paso, Tex., in accordance with the will of Percival Henderson, who died in Los Angeles more than five years ago.

According to the will of Henderson, who was a world traveler, the collection was to be lent to Los Angeles until El Paso should provide a suitable place to house it, providing that should be done within 10 years after his death.

Adolph Hoffman, curator of the El Paso museum and secretary of the pioneer association of that city, now is here supervising the transfer of the Henderson collection to what he has testified are "suitable quarters" for the art treasures in the Texas city.

Henderson, who lived in El Paso before coming to Los Angeles, also bequeathed \$25,000 for the construction of a swimming pool there.

COMFORT SQUARED ACCOUNTS WITH WIN OVER ATHLETICS

(Continued From First Page)

start, but the visitors found him in the second and put over two runs by bunching their hits, repeating the stunt with another tally in the fourth. About all Brown could do was to hold what the home gang had.

Robertson, the big southpaw hurler from Houston who covered right field after Brown went on the mound, got next to Pape for the biggest part of the blows he gave up, getting a single and a home run in two tries. The homer came in the eighth to prevent a shutout and went over the right field wall.

Pape had a peculiar delivery which the domestics were unable to solve. He seemed to have a horse shoe or something in his pocket, for all the breaks went his way. After Brown took over the chunking the game was a pitcher's duel with Brown having the edge on Pape.

Herbert Holchak failed to hit Sunday and broke his record of hitting in consecutive games after tying the mark set at eight in a row by Stahmann. Several batting averages are due for a spell of sickness as a result of Mr. Pape's visit.

In the second Karger led off with a double. Cox singled and burgled second; Heye drove out a long double and both runners scored with nobody gone. He reached third on a low pitch by Burney. Faust hit to Saenger who made a perfect peg to the plate to nail Heye. Nowlin skied to left and Pape hit a long one to center, Flory making a pretty back-handed catch of the drive.

Heye led off in the fourth with a fly to center and Faust grounded to second. Nowlin hit for two bases. Pape took three swings at the ball, but was not called out, claiming a foul tip which Forgason had apparently caught. He then drove one to left that Henke failed to hold and Nowlin crossed the pan. Leidl singled, putting Pape on third. Hodges calmed many nerves with a grounder to Burney for the third out.

The locals started a rally in their half of the third when Baker reached first after Vielock had booted his grounder. He promptly stole second and went to third on Nowlin's error. Saenger hit a fly that looked like a hit, but Faust got under it and Baker was held at third. Holchak ended the session with a roller to short. That was the last time anybody got past the keystone sack, with the exception of Robertson, who led off in the eighth by hoisting one over the right field palings for four bases, counting the only tally for the domestics and tipping over the Green Sox's whitewash bucket.

Jim Forgason did the backstopping for the domestics while Cox was out with a spiked hand. Cox is expected to be back in the lineup next Sunday.

The box score:

COMFORT	AB.	R.	H.	O.	A.	E.

Summary: Two-base hits, Karger, Nowlin (2) and Dugat; home run, Robertson; stolen bases, Cox, Nowlin, Baker; wild pitch, Pape; innings pitched, by Burney 4, by Brown 5; hits apportioned, off Burney 6, off Brown 3; runs allowed, by Burney 3, by Brown 0; base on balls, off Brown 1; struck out, by Pape 8, by Brown 4, by Burney 2; left on bases, Comfort 8, Athletics 5; losing pitcher, Burney. Umpires, Cox and Ransleben. Time of game, 1 hour, 43 minutes.

The Camp Rio Vista baseball team took the long end of a 10-inning game at the ball park Tuesday afternoon, 9 to 8, from a miscellaneous aggregation of local boys. The campers used two pitchers, Clarence Mosel going the full route for the town gang. This win gives the campers two out of the three games played.

The Kerrville Black Arabs dropped last Sunday's game to the Lincoln-Johnsons of San Antonio on the Fair Grounds diamond. The score was 8 to 6. It was a hot game and both teams played stellar ball.

ATHEISTS BARRED AS TEACHERS AT UNIVERSITY

Austin, Tex., July 11.—Regents of the University of Texas took quite a decided stand against the teaching of Atheism and Agnosticism at the university when the board unanimously adopted this resolution:

"Be it resolved that no infidel, atheist or agnostic be employed in any capacity in the University of Texas and that, while no sectarian qualifications shall ever be required of persons now serving or who shall in the future be elected or appointed to positions in this institution, no person who does not believe in God as the supreme being and the ruler of the universe shall hereafter be employed or at any time continue in or to be elected or appointed to any office or position of any character in the university."

DIVIDE BREEZES

W. N. Hatch motored to Ingram Tuesday. Hays Wharton was a business visitor at Kerrville Monday. C. L. Leinweber was a business visitor in Kerrville last Thursday. J. P. Freeman motored to Kerrville Sunday, returning Monday. Chas. Craig is visiting a few days with Chas. Crider Jr., near Eura. H. L. Hall was a business visitor in Kerrville last Saturday. H. B. Colbath was a business visitor in Kerrville last Wednesday and Thursday. Brown Freeman and Gatt Merritt attended the barbecue at Vanderpole July 4th. Mrs. W. H. Hargrove and little daughter, Elreta, of Rochelle are visiting Mrs. I. J. Wachter. Misses Bertha and Lois Sublett of Hunt visited the past week with their sister, Mrs. T. C. Hall. Mr. and Mrs. Tom Prior are visiting the latter's mother, Mrs. J. J. Sublett, at Hunt for several weeks. Mr. and Mrs. Archie Merritt were Thursday night guests of Mr. and Mrs. Durant at Kerrville. Chester Wright of Kerrville is here to be the guest of Ted Anderson for several days. Mr. and Mrs. Ed Garven and children, Clarence and Tolbert and Miss Myrtle visited in Leakey Saturday and Sunday of last week. Mr. and Mrs. C. L. Leinweber entertained Friday night with a dance for both old and young. Everyone had an enjoyable time. Misses Dolly and Tilly Leinweber and Mrs. Percy Bacon left Sunday for a several weeks' visit with Mrs. Taylor and Mrs. Skinner at Eden, Texas. Bill Deitert and sister, Miss Helen, of the Deitert Ranch attended the dance given by Mr. and Mrs. C. L. Leinweber last Friday night. Mrs. Ruby Kindle and son, Walter, of Ingram were guests the past week at the home of Mrs. Ed Garven and family. E. H., Ralph and Miss Inez Leinweber motored to Kerrville Monday. Miss Inez left from there for Hondo to spend several weeks visiting relatives. Mr. and Mrs. J. H. Vanham and sons, Joe, William and Thomas, attended the family reunion of the Morriss family at Ed Morriss' Monday of last week. Joe and William Vanham left Monday of last week for Kerrville to attend the barbecue. Joe returned Thursday and William remained for several days visiting with Fordtran Johnston. D. H. Hughs motored to Kerrville last Thursday to bring Mrs. Hughs and Misses Portia and Dorothy home. They had been visiting Mrs. Hemphill at Nixon. They returned home from Kerrville Friday. Mr. and Mrs. Hays Wharton and children, Misses Edyth and Willa, motored to Ingram Friday, to consult the doctor about Miss Edyth, who has been sick for several days. She is doing nicely at this writing.

CENTER POINT COMMENTS

Dr. H. Y. Swayze of Kerrville visited relatives in our village Monday. Miss Marietta Thomas is absent in San Marcos, where she has gone for a visit of several weeks with friends. Miss Dorothy Rees, who has been visiting relatives at Somerset for the past month, returned home last week. Mrs. H. M. Burney, from her home on Turtle Creek, visited her son, Lee Burney, last Sunday. Mrs. M. S. Young and three sons, Mason, Hubert and Charles, are here from Dallas visiting Mrs. Fannie Swayze. Mrs. Young of Fort Worth and Mrs. Barber of Rockport are spending a few days here, the guests of their brother, Robert Mills. Hubert Merritt, a medical student from Galveston, is spending his summer vacation with his parents, Dr. and Mrs. J. W. Merritt. Mrs. Maggie Richardson and two sons from Somerset are visiting relatives here. They came up on the fourth of July. Mr. and Mrs. Henry P. Burney and two sons of San Antonio and Judge R. H. Burney of Kerrville were visiting relatives in this vicinity Sunday. Rev. Alford and wife from New Orleans are here enjoying the mountain breezes for a brief period. They are stopping with Mrs. Fannie Swayze. Miss Hortense Thomas, who is teaching a music class in Bandera County, spent the week end here with her parents, Mr. and Mrs. Geo. E. Thomas. Mrs. W. C. Bruff is spending a few days with her mother in Floresville. She has about recovered from her injuries received in an automobile wreck several weeks since. Mr. and Mrs. Bartlow of San Antonio spent the week end here, guests of Mr. and Mrs. Lee Burney. They were accompanied home by Mrs. Burney, who will spend several days in the Alamo City. Warren and Paul Rees from Austin and Georgetown are spending a few days with their parents, Mr. and Mrs. J. B. Rees. We understand that they are both to teach in the Austin High School next term. Blake Cowden returned a few days since from Greenville, where he had gone on a prospecting trip. Since returning he has secured employment with the Center Point Mill & Elevator Company. Miss Pattie Mays left Wednesday for Dallas, where she expects to spend the balance of the summer. She will return by the opening of school in September, when she will resume her duties as primary teacher. J. R. Wallace and Mrs. Amelia Richardson surprised their friends last week by driving to New Braunfels, where they were quietly married. They returned here a short time afterwards and have been receiving the congratulations of their numerous friends in and around Center Point. It is to be hoped that they will make their home here.

HUNT HAPPENINGS

Hiram Hall called at Hunt last Saturday. Miss Susan Moore is visiting Mrs. Roy Kemp this week. Mr. and Mrs. Tom Prior from the Divide are visiting relatives here. Alton Hardin and Jasper Hardin are visiting at Rocksprings. Miss Mary Orr of Austin spent the week end with her parents, Rev. and Mrs. J. W. Orr. D. C. Hall and son, H. L. Hall, passed through Hunt last week en route to Kerrville. Mr. and Mrs. W. S. Clark were the guests of Mrs. Clark's parents, Mr. and Mrs. J. J. Sublett, last Sunday. Misses Bertha and Lois Sublett returned last Saturday after a visit with their sister, Mrs. T. C. Hall. Miss Eula Smith and sister of the Johnston Creek community spent a few days with their aunt, Mrs. J. R. Mayhugh. Mr. and Mrs. Raymond Howard and little son of Devine are here on a visit to Mrs. Howard's parents, Mr. and Mrs. J. R. Mayhugh. Mr. and Mrs. W. T. Sowell and family and W. H. Page and family, with Miss Lawrence Wade, were visitors in Junction Tuesday. The following parties were registered at the Zumwalt Resort last Tuesday: Mrs. John Forbes, Mr. and Mrs. A. L. Nelson, Mrs. E. T. Walker, Miss Alice Quinius, Mrs. H. L. Quinius, Mrs. W. C. Paige, Nancy Lou Paige, Mr. and Mrs. J. T. McCouts and children, Donald, Malcolm and Robert, Mrs. W. A. Vinson, Virginia, Julia and Martha Vinson, Mrs. A. H. Culver, Cathryne Culver, Mary Forbes, Nancy Forbes, Wallace R. Russell, Lige Emerson, Mary McCormick, Dorothy Quinius, Mollie Quinius and Miss Sarah Williamson.

RECOGNITION OF MEXICO NEAR, WALL STREET HEARS

New York, July 10.—Wall Street heard rumors Tuesday that differences between the American and Mexican members of the arbitration committee had been settled and that recognition of the Obregon Government might be announced by the State Department at any time. At the offices of the Mexican financial agency, it was said that nothing supporting such rumors had been received there, but it was "hoped they were true." The rumor apparently was based on the fact that the International committee of bankers, headed by Thomas W. Lamont of J. P. Morgan and Company had Monday issued its formal call for the deposit of Mexican bonds comprehended in the agreement that was reached earlier this year. This step would not have been taken, believers of the rumor agreed, if the way to recognition of the sister republic was not assured.

Washington Silent

Washington, D. C., July 10.—High officials at the State Department authorized late Tuesday the statement that they knew of no basis in fact for rumors current in Wall Street that American recognition of Mexico was immediately imminent or that negotiations to that end in the City of Mexico had been concluded successfully. It was said positively on the highest authority at the department that there was "absolutely nothing to" the rumors in Wall Street that the department was contemplating an early announcement with relation to the Mexican situation. It was added that the department had no information upon which to base an announcement of any character with respect to the recognition negotiations. The last official report from the American Commissioners, it was said, reached the department more than three days ago. It was to the general effect that negotiations were proceeding in what the American Commissioners regarded as a favorable manner. The commissioners gave no indication as to when they hoped to be able to reach a conclusion and report to Washington for approval.

Translated into food, at the prices the farmer gets, it takes 63 1/2 dozen, or 762, eggs to pay a plasterer for one day of eight hours work in New York City. It takes 17 1/2 bushels of corn, or a year's receipts from half an acre, to pay a bricklayer one day. It takes 23 chickens weighing three pounds each to pay a painter for one day's work in New York. It requires

42 pounds of butter, or the output from 14 cows, fed and milked for 24 hours, to pay a plumber \$14 a day. To pay a carpenter for one day's work, it takes a hog weighing 175 pounds, representing eight months' feeding and care.

Many Europeans and some Chinese have taken advantage of a clause in the Immigration Restriction Act, which provides that any person who has resided for a year in Mexico, Canada, Newfoundland, Cuba or Central or South America, can enter the United States without reference to numerical quotas. Within the last nine months, 40,000 "Mexicans" and 62,000 "Canadians" have crossed the borders into the United States.

BOARD OF REGENTS FAIL TO ELECT UNIVERSITY HEAD

Austin, Tex., July 10.—No election was held by the Regents for a President of the University of Texas and the proposed loan of \$2,500,000 for permanent buildings was put over until the August meeting. These were the two major matters before the Regents in the regular monthly meeting Tuesday. Much routine was transacted, including the fixing of salaries under the lump sum appropriations and filling some places in the faculty, announcements of which will come later.

It had become known that a President would not be elected Tuesday and there is doubt about such election before some time in 1924. There is a disposition by several Regents to have Dr. W. S. Sutton, acting President, continue in that position until the next session and possibly longer. However, no definite time has been fixed to consider the Presidency.

H. J. L. Clark of Orange was re-elected chairman; Mrs. O. J. O'Hair, Coleman, vice president, and Registrar E. J. Matthews, secretary of the Regents.

Marriage Licenses

July 7th: Wm. Brice and Mrs. Amelia Martin.

July 7th: Mat V. McCartney and Mrs. Nettie Taylor.

SUCCESSFUL WORLD PEACE PLAN IS WORTH \$100,000.00

Philadelphia, Pa., July 9.—The \$100,000 that will be paid to the person or group presenting a plan whereby war will be made at least improbable, has been deposited with the Girard Trust Company, Edward W. Bok, donor of the award, has announced.

The recipient of the prize will be decided upon by a policy committee which will carefully go over each plan presented. Upon acceptance by that committee, \$50,000 will be paid, while the remaining \$50,000 will be held until the plan has been accepted by Congress.

Pointing out that President Harding had said there should be no more war, Mr. Bok said the award "is the search for an idea to show that we mean what we say."

"My endeavor," he continued, "is singly and solely to search the American mind for an idea whereby the American people can do their part with the other nations to avert another war; an idea born not of politics or of partisanship, but of the straight, thinking, ideal-loving and fair-minded American."

Celebrate Wedding Anniversary

Monday of last week at the home of their sons, Ed. and A. G. Morriss on the Divide, Mr. and Mrs. A. M. Morriss celebrated the anniversary of their wedding, which occurred sixty years ago. About 40 descendants, children, grand-children and great grand-children, were present, besides several friends of the family, who all joined in wishing the aged couple many more anniversaries of their marriage.

Mr. and Mrs. Morriss have resided in Kerrville for many years, and before that resided on a ranch above here. They have been an important factor in the development and up-building of the Hill Country and The Sun joins with their many friends in wishing them joy and happiness and hoping that their pleasures may be many in their declining years.

URGES HIGHWAY ELECTION BE HELD ON JULY 28TH

San Antonio Light, July 9th: Declaring that in his opinion, the clause of the State Constitution which provides that an election on a proposed amendment must be advertised for at least one month commencing three months before the date of the election is directory and not mandatory, Judge Augustus McCloskey, County Judge of Bexar County, Monday morning at the opening session of the highway convention here, urged that the election on the highway amendment to the constitution be held July 28th in spite of the fact that the Attorney General Saturday ruled such an election to be illegal.

While, technically, the Attorney General is right, Judge McCloskey said, it is a case where the rule of reason should be applied. Unless the Governor stops the election, he said, it should be held as scheduled.

Governor Neff, in a statement to W. T. Wheeler, manager of the Texas Highway Association, Monday morning, announced that he would issue no proclamation until after the close of the meeting here, at which it will be decided whether to push the matter to a decision or whether to wait until 1925, when the next regular session of the Legislature will be held.

If the clause of the Constitution is held mandatory, Judge McCloskey said, then it must be followed out to the letter. This, he said, puts in the hands of an individual or a newspaper the power, either through carelessness or wilfulness, to kill a proposed amendment by a failure to start the advertisement at the prescribed time. If the ruling of the Attorney General holds, he said, then most of the laws passed within the last twelve years are invalid. This being true, he said, the State will be turned inside out, men in the penitentiary will have to be released, and debts owed by the State on reclamation bonds will be no good.

The Kerrville Mountain Sun, \$1.50 per year, in advance, and worth more.
