ADMINISTRATION HALL AND DORMITORY UNIT AT THE SCHREINER INSTITUTE

CORNERSTONE TO BE LAID AT SCHREINER INSTITUTE

Formal Ceremonies To Be Observed
on Campus of School Next Wednesday Afternoon.

The ceremony of laying the cornerstone of Schreiner Institute will be observed on the campus of the school next Wednesday, August 15th, at 4 o'clock. At the same time the new buildings of the institution will be thrown open for inspection by the public.

The program for the cornerstone laying will consist of appropriate music and an address by Rev. Arthur G. Jones of Austin. It is also hoped that Dr. R. E. Vinson, now president of Western Reserve University at Cleveland, Ohio, will take part in the ceremony. Dr. Vinson has been actively interested in the school since it was first proposed, and it will be a great pleasure to his many friends here if he can be present.

It is also hoped that Capt. Charles Schreiner, the man who made possible the establishment of the Institute, can be present to witness the formal dedication and realize a dream he has long cherished: The foundation of a school whose courses of study and all conditions are especially adapted to meet the needs of boys living in this section.

Schreiner Institute is one of the greatest additions to Kerrville and the Hill Country. It has been so generously provided for that in buildings, equipment and faculty it rivals any preparatory school in the Southwest. Its courses are designed to take boys from the sixth grade up and give them competent training in every particular to fit them for entrance in grade A colleges, Texas University and the Agricultural & Mechanical College of Texas.

At the request of Captain Schreiner, arrangements have been made to give every possible opportunity to ambitious and industrious boys, whose parents are unable to pay the full tuition, to earn a part of their expenses by work during the school term and in their vacations. About ten boys have been working this summer for the Institute and for the Westminster Encampment, and have earned substantial credits on their ex-

penses for the coming year. In addition to this, twenty scholarships have been established and will be awarded to promising boys by the faculty.

Officials of Schreiner Institute have issued the following authoritative statement concerning athletics: "The Institute intends to have high class athletic teams capable of competing with any schools of like grade, but no concessions of any kind, either in expenses or class work, will be made to secure athletes. Such students will be given the opportunity to earn their way on exactly the same basis as other students and must make the standard grades to be retained."

An excellent opening attendance is now assured, and Kerrville and the Hill Country will have in Schreiner Institute a school of which they may well feel proud. May the institution be marked with the greatest of success that it may be a fit monument to the generosity and public spirit of one of the most useful and big-hearted citizens that Texas ever had, Capt. Charles Schreiner.

CHAMBER OF COMMERCE TO MEET AT LAKE SIDE PARK NEXT TUESDAY

At the close of the meeting refreshments of sandwiches and lemonade will be served.

DISTRICT COURT CONVENED MONDAY IN SUMMER TERM

Civil Docket Practically Cleared; Special Venue of 64 Men Ordered in C. W. Stone Case.

The summer session of Kerr County District Court convened at 10 o'clock Monday morning at the Court House with Judge R. H. Burney presiding. The Grand Jury was impaneled and trial of civil cases was begun immediately after.

Judge Burney delivered his charge to the Grand Jury extemporaneously and in his characteristic forceful style. His charge was taken from the oath and consisted mainly of an explanation of its different points and how they pointed out the duties of Grand Jurors.

The duty of Grand Jurors, Judge Burney said, is to comply with the oath in every way and to demand proof of violations of the laws before returning indictments. He also dwelt upon favor, fear and other motives that might enter into a Grand Juror's presenting a violation of the law and stated that they must not let any of these motives affect them in the investigation of such cases.

Judge Burney addressed the Jury on divulging its secrets by word or sign, saying that a good deal of complaint had arisen over the State because of the disclosing of secrets of Grand Jurors in the investigations.

He also made several remarks relative to the spread of crime and the increasing number of law violations. Regarding this he said that the courts were the only place to investigate law

KERRVILLE RETAIL MERCHANTS' ASSOCIATION MEETS TOMORROW

First August Meeting To Be Held at Chamber of Commerce Promptly At 3 P. M.

The Retail Merchants' Association of Kerrville will hold its first meeting for this month tomorrow, August 10th, at the Chamber of Commerce, beginning promptly at 3 p. m. A report on the directory of the local business houses, which is being compiled by the secretary, and other matters of interest will come before the meeting.

Mrs. Amy Wallace, secretary, reports that the members are reporting returns from the advertisement which is being run in The Sun the first and last weeks of each month, and that other publicity is being arranged to carry on the campaign of education.

Andrew McCurdy of the Schreiner Institute made an address at the last meeting of the Association, July 27th, which was greatly enjoyed by the members present.

GOLF COURSE TO BE READY FOR PLAY BY FIRST OF NEXT WEEK

Actual Play Can Be Begun Saturday or Sunday, but Links Will Not Be Finished at That Time.

Kerrville's temporary 9-hole golf course at the Fair Grounds is expected to be ready for play early next week, according to Will H. Symonds Jr., who is in charge of the construction of the course. Mr. Symonds stated that play could be commenced Saturday or Sunday, but the full course will not be finished until the first of the week.

Work has been progressing very rapidly under the able direction of Mr. Symonds, who arrived Tuesday of last week. Mr. Symonds laid out and built the municipal course at Brackenridge Park in San Antonio, considered one of the best in the South.

A number of the old buildings at the Fair Grounds are being torn down and the fences around the race track have been removed so as to make room for the course. Nine holes have been laid out and a large part of them have been finished. The course will be about

2,400 yards long and is expected to afford a great deal of enjoyment to golf fans until the permanent course is built, probably this fall.

A number of local business men, who are interested in the game, have already been out on the course and those who are just taking up the game are receiving lessons from Mr. Symonds. Quite a bit of enthusiasm is being manifested and indications point to the fact that the "golf bug" has at last nibbled on Kerrville and the bite has taken effect.

PRESIDENT HARDING PASSED AWAY LAST THURSDAY NIGHT

Chief Executive Succumbs to Stroke of Apoplexy When Seemingly on Road to Recovery.

Warren G. Harding, President of the United States, died instantly and without warning last Thursday night at 7:30 o'clock (coast time), in the Palace Hotel, San Francisco, a victim of a stroke of apoplexy, which struck him down in his weakened condition after an illness of exactly a week.

CIVIC LEAGUE MEETING TO BE HELD IN NEW CITY PARK FRIDAY

Regular Business Session to Be Held There to Enable Members to See Improvements Made.

The regular monthly business meeting of the Kerr County Civic League will be held Friday afternoon at 4 o'clock.

This session is to be held in the new City Park to enable the members to see the park and the improvements that have been made through their efforts. It will also help them to make any suggestions relative to any other improvements they may decide upon, according to one of the members.

No special program had been arranged at the time The Sun went to press, but an interesting meeting is expected to take place.

During the past few weeks workmen have been busy finishing the cleaning up of the park, building steps into same, draining seepage along the banks and building seats and benches for the use of park patrons. It is understood that in the near future the ladies of the Civic League will stage a picnic in the park, to which all of the citizens of Kerrville and vicinity, as well as all visitors, will be invited.

FINAL ARRANGEMENTS BEING MADE FOR JOINT HIGHWAY CELEBRATION

Committees All Working Hard to Make the Kerrville-Junction Picnic, Aug. 28th, a Grand Success.

By the last of this week the committees in charge of the Kerrville-Junction Joint Picnic, celebrating the completion of the highway, expect to have all details worked out to insure the success of the undertaking. Some trouble has been experienced in making arrangements for a military band to furnish music during the day and for the big free dance at night, but the committee in charge of that feature hopes to report success within a few days. The program of amusements for the day was published last week and men skilled in that line of work will be on hand to see that the events are carried out in snappy order. A. F. McClellan of Lake Side Park, who will be in charge of the large concession stand, has his work well in hand as he is an experienced man in that line.

All the leading business men in both Kerrville and Junction have already agreed to close for the day and it is hoped to make the closing agreement unanimous to the end that the entire citizenship of both cities may attend the picnic, augment the already strong ties of friendship and jointly welcome the large crowd of visitors from the neighboring towns and communities.

The Women's Missionary Conference ended last Friday night with a brilliant pageant in which quite a number of people took part, among them being the orphans from the Presbyterian Home at Itasca. A "stunt night" program was given Saturday night and was enjoyed by everyone.

Next Saturday night a negro minstrel show will be given at the Encampment by a number of the boys from Camp Rio Vista, under the direction of Herbert L. Crate. A good program is expected.

ROUSING AMERICAN LEGION MEETING HELD AT LAKE SIDE LAST THURSDAY

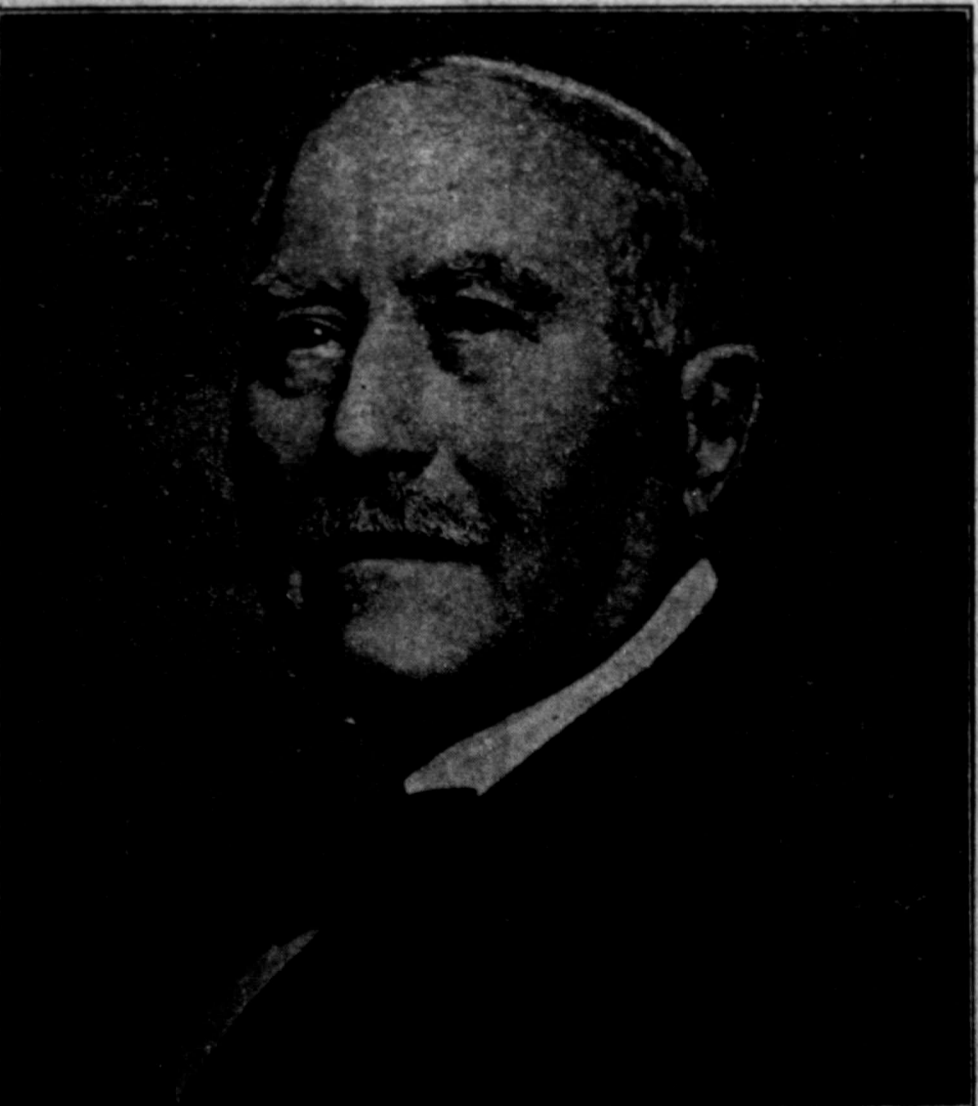

Over Fifty Members in Attendance; Cecil Robinson to Represent Post At State Meeting.

Last Thursday evening at 8 o'clock the former service men of Kerrville and vicinity demonstrated that the American Legion movement in this community is not dead, by turning out over fifty strong at the meeting of Garret-Baker Post No. 13, held at Lake Side Park. Quite a few of those in attendance were from the Legion Hospital, and all displayed an enthusiasm that assures for Kerrville an "up-and-at-em" post.

THE WEEK IN SOCIETY

American Legion Auxiliary

The Woman's Auxiliary to Garrett-Baker Post of the American Legion held their monthly meeting at Lake Side Park last Thursday night. At this meeting it was decided to put on a membership drive within the next week or two.

The Auxiliary elected Mrs. H. H. Kuhlmann and Mrs. G. M. Doyle as delegates to the Auxiliary convention to be held in Galveston the latter part of this month. Mrs. E. E. Palmer and Mrs. J. S. Wheelers were elected as alternates.

A benefit card party is being planned by the Auxiliary and will be given at Lake Side Park some time next week, no definite date having been set as yet.

Birthday Party

Mr. and Mrs. E. H. Prescott entertained for their daughter, Miss Ruth, last Saturday afternoon in honor of her twelfth birthday anniversary.

Swimming was first enjoyed by the little folks, after which were served supper and cold drinks. Dainty little caps were the favors. The little lady was the recipient of many presents from her friends.

Mr. and Mrs. Prescott were assisted in entertaining by several of their friends.

Those present were: Adelaide and Elizabeth Reed, Elizabeth Eastland, Velma Brown, Gertrude Beitel, Thelma Taylor, Mary Louise Gardiner, Aimee Louise Scherbeck, Annie Laurie Garrett, Charley Moore, Josephine Fawcett, Elsie Bea Henke, Mildred Williams, Florence and Marie Speckels, Claribel Remschel and Madeline Peterson.

Miss Henke Entertains

One of the enjoyable social affairs of the past week was the Bridge Party with which Miss Marguerite Henke complimented Miss Manira Hoon of San Antonio and Miss Maybelle Roberts, at her lovely home Wednesday of last week. The occasion was also the birthday anniversary of Miss Roberts.

Prize for high score went to Miss Yolande Robinson and was a beautiful hand painted fan. Miss Mollie Quinius received the booby, a guest towel. The guest prizes were a bottle of black narcissus perfume, which went to Miss Hoon and a set of shoe trees, received by Miss Roberts.

The guests were: Miss Manira Hoon of San Antonio and Miss Maybelle Roberts, the honorees; Misses Alice Domingues, Ethelra Fraley, Mollie Quinius, Mary Vineyard, Margaret and Anna Neblett Thorburn, Helena Brown, Yolande Robinson, Kate Remschel, Dorothy Doyle, Ruth Garrett and Mesdames W. L. Jordan and W. C. Fawcett.

Musicals at Lake Side

One of the most attractive affairs of the season was the musicals at Lake Side Park last Friday afternoon, given by Mesdames J. B. Young, A. F. McClellan and J. S. Wheelers, for the benefit of the Episcopal Church. There was an unusually interesting program presented, and the consensus of opinion was that Kerrville is to be congratulated on having in her midst so many gifted artists.

The program was as follows: Military Polonaise (Chopin), Miss Marguerite Henke; (a) Across the Desert Sand (Finden), (b) Bounded Up in Glory (Oscar Fox), Miss Hattie Garrett; Gavotte (Bohm), Miss Maybelle Roberts; Minute Waltz (Chopin), Adelaide Reed; Essay on Boys, Frances Eastland; (a) Joy of the Morning (Ware), (b) Little Brown Owl (Sanderson), Miss Green; (a) Andante Religioso (Thorne), (b) Orientale (Ceasar Cui), Miss Ethelra Fraley; The Foolish Little Bonnet, Elizabeth Reed; (a) A Dream (Bartlett), (b) Jest Her Way, Mrs. Aloise Remschel; Gypsy Dance, Miss Alice Domingues; (a) Oh! Lovely Night (Ronald), (b) My Lover Will Come Today (De Coven), Mrs. Doyle; The Pursuit (aesthetic dance), Adelaide and Elizabeth Reed.

The grown-ups showed rare talent in voice, violin and instrumental selections, and the dance by Miss Domingues was the poetry of motion. A large share of applause went to the children on the program. Little Frances Eastland gave her reading in a quaint costume of 1860. Her per-

CAPTAIN SCHREINER, GREAT BENEFACTOR

(Continued From First Page)

prize, is outstanding as a figure who has toiled hard to build a mighty fortune, and who has forgotten neither the people who toiled with him nor the country that yielded up its riches at his behest.

All Kerrville recently joined in celebrating the eighty-fifth birthday of this strong, handsome veteran of many a community struggle. In the silver gray of Captain Schreiner's hair run the threads of a colorful life drama painted with scenes of Indian fighting, adventuring as a State Ranger, soldiering in the Confederate Army, and building up a sound commerce.

In 1869 Captain Schreiner, with his character and industry as security, invested the late August Faltn to invest \$5,000 in a wood and mohair commission business, the house of Faltn & Schreiner being established. The enterprise started with headquarters in a cypress shack sixteen feet wide and eighteen feet long, set beside the little trail that represented the main avenue of traffic. Ten years later Captain Schreiner bought his partner out, and continued the business alone.

This firm, started fifty-four years ago, on such a modest scale, marked the beginning of one of the largest commission businesses of its kind in Texas, and made Kerrville the largest interior wood and mohair market in the United States. Then came, as logical developments, the Schreiner Livestock Company, a big bank, and numerous other needed concerns. For two years Captain Schreiner served his people as District Clerk and for thirty years as County Treasurer. He has never denied his community the full advantage of his experience, his ability, his wisdom and his prestige.

Through his efforts many trade lanes have been diverted in the direction of the country he loves so well. Captain Schreiner, not content with the prosperity reflecting on his section from the success of his numerous activities, has for many years made a practice of giving liberally to education, to infirmaries, to civil improvements, and to a large array of miscellaneous causes. Among his principal benefactions are the following:

To the Schreiner Institute, a Presbyterian school for boys, \$250,000 and a 140-acre farm.
To the American Legion Hospital for Tubercular Soldiers, \$40,000 for the purchase of a site.
To permanent maintenance fund for certain Kerr County roads, \$175,000.
To Real County road between Kerrville and Rocksprings, on Schreiner Highway, \$35,000.
To building six miles of hard-surfaced roads, Kerrville precinct, \$35,000.

To hospital in Kerrville, the income to be applied to operations and treatment of indigent citizens of Kerr County, \$40,000.

As the Kerrville Mountain Sun so truly comments, "The life of Captain Schreiner would be an object lesson to all Americans who are fighting battles against adversity. Beginning with nothing and having to fight to keep it, at that, his rise was a determined battle against every sort of woe, to a financial independence which has made his neighboring Texans many times large beneficiaries. Kerr County and Southwest Texas perhaps never had a more useful citizen than he."

Captain Schreiner's is a life well spent, filled with many good deeds

sonality is sweet and pleasing and she displayed the savior faire of a woman of the world

The little twin daughters of Mrs. Guy Reed have many accomplishments. One of them played a selection from Chopin, the other gave a reading, and the two closed the program with an artistic dance, in which they showed uncommon ability in the terpsichorean art.

At the conclusion of the program, frozen orange punch and walnut macaroons were served. There was a basket on the serving table for silver contributions and a neat little sum was realized for the church.

Morning Bridge Party

Mrs. Dick Eastland was hostess to a number of her friends Wednesday with a Morning Bridge Party, complimenting her sister, Mrs. J. O. Eastland, of Meridian, Miss., and Mrs. Alois Remschel.

The rooms were tastefully decorated with zinnias and queen's crown. Matron's first prize went to Mrs. S. E. Thompson and the first prize for young ladies went to Miss Mabel Thorburn. Mrs. Nannie Sommers cut the consolation. Guest prizes were presented the honorees.

Ten tables of players enjoyed the hospitality of Mrs. Eastland on this occasion. A delectable plate lunch was served.

Miss Doyle Gives Bridge Party

Miss Dorothy Doyle was hostess at a charmingly appointed Bridge Party Tuesday afternoon, complimenting Mrs. Richard Alois Remschel. The home was lovely in its decorations of zinnias and cut flowers, placed throughout the rooms in vases and banked to form a pretty setting for the games.

First prize went to Mrs. Otto Koehler of San Antonio, and was a dainty vanity. Mrs. Valeska Kuhlmann of Houston cut the consolation, a set of bridge cards. The guest prize was a beautiful wicker basket filled with old fashioned ferns and pink.

A delicious salad course was served. Miss Doyle was assisted in entertaining by her mother and Miss Mae Belle Roberts.

The guests included: Mrs. Alois Remschel, the honoree; Misses Ellen Mason, Mae Belle Roberts, Yolande Robinson, Ruth Garrett, Margaret Thorburn, Helena Brown, Kate Remschel, Ethelra Fraley, Alice Domingues, Virginia Coombs, Mae Carpenter, Mabel Thorburn, Anna Neblett Thorburn, Marguerite Henke, Mary Margaret Forbes of Houston, Manira Hoon of San Antonio, Margaret Griffith of Taylor and Mary Louise Barnes; Mesdames Milton Pampell, P. L. Williamson, W. C. Fawcett, W. L. Jordan, Otto Koehler of San Antonio, Edward Marsden, Milton Gold, Bernard Kuhlmann, Valeska Kuhlmann of Houston, C. C. Halbedel and J. O. Eastland.

Guests for tea were: Misses Lydia Raas, Harriett Garrett, Margaret Delaney; Mesdames H. Remschel, Carl Allen, Robt. Remschel, J. M. Roberts, J. S. Wheelers, Guy Reed of Beaumont, J. J. Delaney and Wm. Skinner.

violations and crime and to punish those guilty of same.

Judge Burney said further, that his sentiments were against any secret or masked outfit looking into anything of that nature and trying to mete out punishment to the ones they accused. He said that if he were to be tried for any violation he wanted to be confronted by the witnesses and by the ones who were trying him for any alleged misdemeanor. He took the laws of the State and showed clearly that a person accused of a violation must be confronted by witnesses and tried in open court.

The Judge stated that many good men were led astray on such matters and that he did not wish his position to be misunderstood. He said that mob rule usually resulted from the investigations by secret and masked organizations and that civilization could not exist long under such rule. Judge Burney concluded his charge by impressing upon the Jurors that they should take great pride in their being selected for such work and that they should carry out diligently every point in the oath.

The Grand Jury impeached and sworn in Monday morning is composed of the following: Julius Real, foreman; D. H. Hughes, T. C. Hall, Ivy Rees, Ernest H. Duderstadt; J. J.

Starkey, A. B. Hardin, H. E. Butt, William Burney, T. J. Parks and A. W. Henke. Bailiffs: John Massey, Vernon Merritt and W. C. Peterson.

The civil docket was practically cleared Tuesday, when court recessed until Thursday morning. All but two of the cases had been disposed of and in addition two cases on the criminal docket were tried. They were the cases of State vs. Encarnacion Villaseñor and Chas. H. Pierce, in which the defendants plead guilty to unlawfully carrying a pistol. Fines of \$100 and costs of court were imposed in each instance.

Trial of criminal cases is set to begin this morning. Upon application a special venire of 64 men was ordered, appearable Thursday, August 16th, in the case of State vs. C. W. Stone, charged with murder.

The civil cases and their dispositions follow: Ellie Key vs. Geo. Key, plaintiff takes non suit; L. A. Schreiner vs. J. N. Whitworth, dismissed at costs of plaintiff; S. M. Bush vs. H. S. McCall and Bart Moore Jr., dismissed under rule for costs, etc.; Ellen Rees et al. vs. Ella Bell et al., passed; S. B. Peters vs. J. C. Lawson, settled and dismissed at cost of defendant by agreement; Archie Lee Cowden vs. Jas-

Baker appointed to represent defendant cited by publication; Nancy Lynk vs. John Lynk, same as in preceding case; L. A. Schreiner vs. Cornell Bargeant, continued by agreement; Roy Littlefield and James Carson vs. Miss Sue Robinson and Commissioners' Court of Kerr County, postponed by agreement and not to be called up without notice.

The following cases were continued for service: Francis Pena vs. Santiago Pena; Geo. Morris vs. B. W. Hopson and the Hopson-Davis Co.; C. H. Leesman vs. Jennie Leesman; W. A. Stroemer vs. J. Lee Corder, and L. A. Schreiner vs. G. L. Martin.

DEATH RATE IN HILL COUNTRY ON DECREASE LAST FEW YEARS

Monthly Average for 1921 Was 7; For First Six Months of 1923 Less Than 5½ Persons.

The death rate in the Hill Country has been on the decrease for the past several years, as shown by the records kept by Jno. H. Ward of the Ward Undertaking Company. In 1921 an average of 7 persons died every month, during 1922 the average was 6½, while for the first half of 1923 the average is less than 5½ monthly.

During last year (1922) 75 persons died within the territory covered by the local undertaking establishment. This region composes practically all of Kerr County, part of Gillespie County and territory as far as Medina, Bandera and almost to Junction, an area of several hundred square miles with a population of at least 10,000.

Of the 75 deaths during 1922, 53 were from tuberculosis and the remaining 22 were from natural causes. Practically all of the tuberculars came here from other places in the last stages of the disease and too late to save them. Those who perished from natural causes were all residents of the Hill Country.

In a population of 10,000 with from 300 to 500 tuberculars and sick people in Kerrville alone each month, this death rate of 6½ is indeed low. Considering the rate of demise of residents of this section, it is even lower.

Yet one hears occasionally that from two to five persons die in Kerrville every day and some days an even larger number perish. Stories also circulate around the country that at least one corpse is shipped out of here every day. Evidently these stories are exaggerations, when statistics show there are actually less than two deaths per week with only a few bodies being shipped out in a year's time.

One of the main reasons these tales get out can be explained very easily. Mr. Ward states that his firm has five

vehicles in service in their business. They are all motorized and are taken out several times a week, exclusive of actual death calls, so as to keep them in good running condition and build up the storage batteries.

Every time one of these vehicles is seen it gives the impression that someone has died and phone calls come in to Mr. Ward making inquiries to this effect. Some people, who see the vehicles out, do not even inquire whether a death has occurred, but take it for granted that such is the case and are naturally impressed that a large number of deaths occur here because they see the undertaker's cars out a number of times.

Mistakes will occur in anything, but few things have ever been told that were any further from the actual facts than the death rate in the Hill Country. Statistics show that this section has an unusually low rate, and any rumors to the contrary should be discounted and not taken at their face value.

People who come to this section or who are planning to come here, whether to locate permanently or temporarily, need not worry about a high death rate, for there is none here. For general health conditions and climate, Kerrville and the Hill Country are unexcelled, and this fact is being broadcast over the land with the result that more people are coming here and this section is experiencing a steady and substantial growth.

TELLING IT STRAIGHT

Rockdale Reporter: Some people seem to think that a printing office is one business that ought not to be affected by rising prices. They insinuate that these public burden bearers should run for the good of the country without profit to the runner thereof. Which is possibly explained by the fact that newspaper men have acquired reputations as notoriously poor business men. The public apparently feels that notwithstanding prices of paper and other materials have doubled and trebled in the past few years, and printers' salaries have done likewise, still the publisher should be able to eke out an existence and do work at before the war prices. Which is a sad mistake. The average country newspaper does more free work and gives more to the community than any other business institution. This it does cheerfully and freely because it is in a position to do it. But dog-gone our cats if this publisher is going to work sixteen hours a day, wear out his equipment, and not have money enough to buy more with, and be rode as a free horse all his life. The newspaper is entitled to a fair price for its services, and that we are going to have henceforth or not have any newspaper.

If the business interests want to solicit bids from all over the country, that is their business and we will not complain. They will probably find

some idiot who will do the work cheaper than we can and live. But it will be cheaper work too. And the money is gone out of circulation locally. We do not charge exorbitant prices for our work, but we are entitled to a living profit on what we do, just the same as the cobbler, the baker, the groceryman, druggist or undertaker. And when we want a few yards of calico or a toothbrush or a pair of socks we are going to buy it from our home merchants and not ask bids from all the mail order houses in the country. And our local banks will get all our loans. We are not going to forsake them with our business. This newspaper, be it understood, is a legitimate business enterprise, and is not a hijacking institution. It is entitled to a fair profit on its work, and is going to have it. And because of the great amount of free work it necessarily does for the town and community it is entitled to every job of printing needed in this town or community. These are facts the statement of which makes the hot weather more bearable. Hot dog!

The weather is entirely too hot to think up heavy stuff, so The Reporter stole the above editorial bodily from the Garland News. It is a plain talk, and applicable to almost any small town newspaper.

Junction Eagle: People are peculiar beings! Every once in a while some one asks us why we did not mention this or that news item. Their mention of the matter was our first knowledge of it. There is nothing superhuman about a country newspaper editor, except his ability to work from twelve to fifteen hours a day. A newspaper can only print such matter as comes to its notice, and is not able to read the people's minds, or to think out news items that it has no way of securing. A little co-operation on the part of those who wonder why news items of interest to them are omitted, will be mutually beneficial. We have a phone and the postoffice is still in operation. When you know of news that should be printed, tell us about it. We are as anxious to print all the news as you are to read it.

CONTINUAL STREAM OF TOURISTS PASS THROUGH KERRVILLE DAILY

Register at Tourist Park Shows 401 People in 113 Cars Stopped Here Last Two Weeks in July.

Tourists and summer travelers continue to pass through here in a steady stream every day. From the time Old Sol first peeps over the eastern rim of surrounding mountains until he slides out of sight on the west in a flaming ball of fire, automobiles carrying the travelers to and from their destinations along all the roads radiating from Kerrville.

While there is at present no accurate system of keeping check on the number whose routes lead them to or through "The Gem of the Guadalupe", the register at the local Tourist Park on the west side of the city gives a fairly accurate idea of the volume of tourist traffic. There are large numbers of people who pass through without stopping any longer than may be necessary to take on supplies, and these are the ones who do not, as a rule, fill out one of the cards at the Park. Only by a rough guess can this number be decided upon.

During the last two weeks of July 401 people registered at the local Tourist Camp. One hundred and thirteen cars brought these people to Kerrville. Of this number, 11 people and four cars came from out of the State, the remainder of which were Texans.

In this large number of vehicles, 19 makes of automobiles were represented. They were: Ford 53, Buick 12, Chevrolet and Studebaker 8 each, Overland 5, Hupmobile 4, Star 3, Nash, Lincoln and Cadillac 2 each, and one each of the following: Packard, Maxwell, Scripps-Booth, Hudson, Crown, Franklin, Chalmers and Auburn.

Tourists, travelers and people on their vacations, select Kerrville because of the cool breezes that prevail during the day and for the nights that are termed almost cold. They come here from the hot and crowded, smoke-filled, noisy cities seeking coolness and quiet and the clean, pure air of the Hill Country; they come here from other cities larger or smaller than Kerrville to spend a short while in a country that is a paradise in comparison with some sections of the State that are suffering from the heat waves which have covered the country for some weeks past.

Then when they have rested they return to their homes and boost Kerrville and the Hill Country to everyone they meet. This is also true of the tourists and vacationists include Kerrville in their itinerary for at least a short visit.

The register at the Tourist Park shows the following parties who stopped there during the last two weeks of July:

- E. C. Johnson (4 in party), K. G. Wickwire (5), A. W. Dye (3), W. R. Lucky and family (4), Mr. and Mrs. W. T. Rhodes, Mr. and Mrs. P. H. Gleason, W. R. Crammond (5), Mr. and Mrs. E. W. Jambars, A. PRESIDENT HARDING PASSED AWAY LAST THURSDAY NIGHT

(Continued From First Page)

sonality, one of the world's leading figures, passed away at the time when his physicians, his family and his people thought that medical skill, hope and prayer had won the battle against disease.

The sad news was soon flashed all over the country and official announcement sent Vice President Calvin Coolidge, and department heads at Washington, D. C.

Calvin Coolidge, Vice President of the United States, was sworn into office as President last Friday morning. Col. John C. Coolidge, the President's father, who is 78 years of age, administered the oath of office to his son.

The ceremony, which was short and simple, took place in the country home of Colonel Coolidge near Plymouth Notch, Vt.

A special train left San Francisco Friday evening at 7 o'clock on the sad trip across the United States to the Capital. The body of the President was borne in the rear car, which was lighted at night, and at all times two sailors and two sailors, a part of the naval and military guard of sixteen enlisted men, stood at attention guarding the casket.

The train carried the presidential party as composed during the trip across the country to Alaska, and also General Pershing, Attorney General Daugherty, and Mr. and Mrs. E. F. Rensberg and family, Mrs. Rensberg being a sister of the President.

Untold thousands of American citizens stood with uncovered heads, day and night, as the train passed. Tuesday, as the train passed through Ohio, Mr. Harding's home State, it was greeted by throngs at every station and wayplace, and as a result was about eight hours late in its schedule.

President Harding's funeral train, freighted with the sorrow of the Nation, reached Washington at 10:22 o'clock Tuesday night, nine hours late. With full military and official honor the casket was escorted to the White House, thousands at the station and along the route paying silent tribute to the dead chieftain.

After lying in state in the East Room of the White House, which was filled with floral tributes from high and low of the entire world, Mr. Harding's body was escorted to the Capitol Wednesday to receive the last official and military honors of the Nation.

Marion, Ohio, Aug. 7.—Simplicity almost approaching severity will characterize the last rites of Warren G. Harding, when his body is brought here from Washington, Thursday morning, August 9, at about 10 o'clock. Carrying out the expressed desire of Mrs. Harding, as communicated by her to those in charge of funeral ar-

The above cartoon was drawn by Eben E. Lawson of Willmar, Minn., who was a resident of Kerrville several weeks last spring for the benefit of his wife's health. It was such a good likeness that Col. Frank P. Holland, editor of the Farm and Ranch, asked permission to run it in his publication and same appeared July 28th with the following comment:

"The publisher of The Kerrville Mountain Sun in one of his moments of relaxation, Editor Salter, Kerrville, Texas, is a good editor, but a much better fisherman, it is averred. He is the veritable Isak Walton of the Southwest. It may be remarked that Lawson, the cartoonist, is hardly less of a celebrity than the subject of his sketching."

Mr. Lawson also made a cartoon of J. E. Grinstead, editor of Grinstead's Graphic, which will appear at an early date in both publications.

San Antonio Light, August 5th: "True sportsmanship has been shown by two residents of Kerrville, C. E. Salter of The Kerrville Mountain Sun and Chester Henke who helps operate a meat market in the beautiful hill city. Every Sunday recently they have spent their time seining the drying holes on Turtle Creek and transferring their catches to the deep pools and to the Guadalupe River. Already they have saved thousands of fry."

Last Friday The Sun editor was assisted by Rudolph Coles, who is a guest at Riverside Inn, Sherman's Mill, and six cans of bass were seined out of Kelly Creek and put in the river.

Roger Self and Marvin Evans joined in the good work last Sunday and took charge of Goat Creek. They found a great many holes drying up and plan to return the latter part of this week, if it does not rain, for further work.

Extra help in this line is badly needed and if the dry weather continues it is hoped that others will volunteer to assist in the work.

Thanks are due the Lewis Dairy and the American Creamery for the large milk cans used in handling the fish.

CATHOLIC CHURCH NOTES

By Father Kemper

Four Guadalupe Students Wed

What was probably the first double church wedding in Kerr County took place last Sunday in the Mexican colony.

The bride procession, which numbered thirty-eight members, formed on the campus of the parochial school.

Heading the first section came the midjet flower girl, Leonor Ramirez, with a silver basket full of fresh cut roses, which she strewed along the nave.

The second division, that of Benito Ayala and Marie Lopez, had a similar line-up. Serapia Castillo was flower girl, and her baby brother Pedro, was ring-bearer.

Because so many Mexican young ladies were used as "madrini," it was necessary to augment the choir with half a dozen of the best singers from St. Mary's Church.

After the solemn church functions were concluded, the lengthy bridal procession, followed in orderly ranks by over one hundred parishioners, made its way to the Mexican Hidalgo Hall where a bounteous banquet was prepared for the entire community.

On the double wedding day, Bridget Sanchez, daughter of Florin Sanchez, was brought to the baptismal font. In St. Mary's Church on the same day, the sacrament of baptism was administered to the infant son of August Michon and of W. C. Baker.

President Harding Mourned Before sunrise last Friday the American flag was raised at half-mast at the Catholic Church, and thus heralded the sad death of our late President.

Next Sunday an early Mass will be read in St. Mary's Church at 7 a. m., on account of the monthly engagement at Comfort.

Last Sunday A. H. Piper, vice president of the City National Bank in San Antonio, came here with his wife and parents to see our parochial plant.

Honoring her birthday anniversary, numerous friends of Miss Mary Mosel followed her with useful presents last Sunday and took her on a watermelon party and basket picnic up the river.

The building adjoining the drug store has been overhauled and enlarged, ready to be occupied as a post office as soon as the new fixtures arrive. Mrs. Jackson, the postmaster in charge, is making this move in order to have the office convenient to her drug business. Rev. W. L. Skinner, pastor of the Baptist Church here, has resigned his pastorate, to take effect next Sunday. The services at the church upon this occasion will be in the nature of a commemoration of the completion of fifty-seven years of pastoral work by Brother Skinner. He preached his first sermon fifty-seven years ago this month in the town of Pleasant Hill, Miss. He announces that he will preach from the same subject he used then at the 11 o'clock hour Sunday. He will line his hymn, which will be sung without the instrument, as they used to sing in the olden times. Other special music will be rendered and the exercises promise to be of much interest. The other churches of the town will dismiss their services in order that all may attend these special services at the Baptist Church.

WOMAN AND MAN WHO SAW LINCOLN VIEW FUNERAL CAR principal feature of the meeting was ed shouldered, gray haired woman was among the first arrivals at the Kedzie Avenue Station to wait for the Harding train and refused to give up her position when police attempted to clear a space on the platform. "I saw Lincoln's body lying in state," she said. "I have been here since 7 o'clock this morning and I'm not going to move for any policeman." She gave her name to police as Mrs. Jane White, 82. She was allowed to remain on the platform. Albert Bergman, 82, another who was present at the Lincoln ceremonies, left his home for the first time in 20 years to stand for hours in the hot sun that he might catch a glimpse of the coach in which lay the fallen chieftain. B. B. Forbes, commercial agent for the Western Union, took aboard the train more than 2,000 telegrams for Mrs. Harding and others in the party.

A French professor has discovered a process of grafting plants by means of which perfumed flowers grafted on plants that heretofore had no scent at all results in the product of the grafting smelling like the original. A wormwood grafted on a chrysanthemum produced flowers which gave off a perfume much more powerful than that of the original plant.

Highway Named for Harding Suggested Aurora, Ill., Aug. 7.—A suggestion made by James Lino, secretary of the Aurora Automobile Club, that the name of the Cannonball Trail, connecting Chicago and Los Angeles, be changed to Harding Highway, has met with favor in this section of Illinois.

Behind the suggestion was the thought that the late President was nominated for the Presidency at a Republican convention in Chicago, the eastern terminus of the trail, and that he died in California, where the highway ends.

REVOLUTION? NOT IN NATION OF SUCH HEART

On Board Harding Funeral Train, Aug. 6.—A farmer standing among his corn rows, his head bare and his rough straw hat clasped to his breast; a wounded ex-soldier, standing as much at attention as his crippled condition would permit; an engineer, standing with bowed head beside his locomotive, and an aged woman crying softly to herself. Thus Monday was the truth made known to those aboard the Harding funeral train, that America need fear no threat from radicalism—because America's heart is sound and true.

PRaises HOSPITALITY OF CITIZENS OF JUNCTION

Passing through Kerrville footsore, weary and hungry, dependent upon the charity of hotel and restaurant keepers and what little money he could panhandle out of newspaper men one Sunday, and returning through the next Sunday, in a special car of the Ford species, which was driven by the High Sheriff of Kimble County, and with a Deputy Sheriff of the same county sitting by his side to entertain him, was the novel experience of Captain (accet the first syllable) Lovell U. Grant Jr., formerly of Detroit but recently of the Kimble County Jail at Junction, who, with his escorts above named passed through Kerrville last Sunday en route to San Antonio, where he was turned over to the authorities as a suspect in several criminal cases.

When interviewed by a reporter of the Sun Sunday, Captain Grant said that he had often heard of the hospitality of Southwest Texas, but that the people of Junction demonstrated same fully and to his entire satisfaction, and opined that he would never forget that thriving little metropolis even if he lived to be 108 years old. He says they were so hospitable up there that they entreated, yea, insisted that he remain over night with them, and despite his statements of urgent business elsewhere, they carried their point, and he was prevailed upon to accept their hospitality.

When asked concerning the charges he was being held for, Captain Grant said: "That bird described in the circular the Sheriff has sure looks like me," and the Deputy chimed in with: "Yes, and he has the same scars on his body, too."

WHAT ABOUT "UNSEEN" PLUMBING?

It's unseen, but it's there—between walls, under floors, buried in the ground. One-third of the cost of any good plumbing job is for that unseen work.

We believe that no part of a plumbing job is more important than the "unseen" plumbing. We know that unless the "unseen" work is done right the first time, using the proper material and workmanship, there is sure to be costly trouble later.

Our "unseen" plumbing stands the test of time and constant use. Our customers will tell you so. It will be to your advantage to consult us about any new installation or remodeling job.

ROUSING AMERICAN LEGION MEETING HELD AT LAKE SIDE

(Continued From First Page)

was a guest at the meeting and made a very interesting address, assuring the membership of his hearty support and co-operation, and promised that all men in the hospital who were not confined to their beds would be granted passes to attend all meetings of the Legion in Kerrville.

A short musical program was rendered before the business session, and Rex Redwine, chairman of the entertainment committee, promised a program for the next meeting that will be equally as good, or better, although on different lines. Just what the program will consist of, nobody but Rex and the rest of the committee know, but the membership is assured that it will be a red-blooded program and full of pep.

During the business session, the proposition of sending a delegate to the State Legion Convention at Galveston the latter part of the current month was discussed at length and it was decided that Garrett-Baker Post send one delegate. The election of delegate resulted in the selection of the Post Commander, Cecil Robinson, with Chas. Mason as alternate. The membership committee reported good progress in securing memberships, but asked for more time to complete a canvass of the prospects, which was granted.

After the business session, the Legion boys joined the ladies of the Auxiliary, who also met at the park, in a social hour, during which refreshments were served. The next meeting of the American Legion is to be held at the same place Thursday evening, August 16, and all former service men, whether now members of the Legion or not, are cordially invited to be present.

O. E. Bauer, principal of the Alamo Commercial College of San Antonio, paid a short visit to Chas. Wesch Jr., last Friday afternoon. Mr. Bauer was one of Charles' instructors while a student at the college last year.

HOSPITAL TO RECEIVE 100 MORE PATIENTS WEDNESDAY

Tubercular Ex-Service Men in This Section to be Admitted Next Week Before Any Others.

U. S. Veterans' Hospital No. 93 will be ready to receive 100 additional tubercular ex-service men beginning next Wednesday, August 15th, according to Dr. R. L. Cook, Medical Officer in charge of the institution.

This contingent will be composed of all ex-service men in this section who have been waiting for the official opening of the hospital. Dr. Cook states that if there still remain any accommodations after these men have been taken in, a number sufficient to fill out the 100 will be sent here from other places by the Veterans' Bureau.

It is thought that henceforth accommodations will be completed much faster for the reception of additional patients and every effort is being made by Dr. Cook and his corps of assistants to rush this work to completion. It is thought that contingents of patients will be received in close succession shortly after Sept. 1st, and that the sanatorium will have its full capacity filled within a short time after that.

Work is now progressing rapidly with the grounds. Leveling and sod-

ding of the earth around the buildings and the landscape work is being given careful attention and when finished the institution will take its place among the greatest and most beautiful of its kind in the country.

A large passenger bus, called a "Big Bertha," has been received at the sanatorium and will be used as a pleasure bus for the patients when taken on picnics or similar outings and to convey local people to Legion for the entertainments in which they take part.

LET'S PASS AROUND PROSPERITY

My Name Is Old Man Dollar

The grocery man paid me to a farmer for two pounds of butter.

The farmer gave me to a restaurant man for two meals he bought for his wife and himself.

The restaurant man owed for a neck-tie in a clothing store, for which he made me pay.

The clothing merchant bought four quarts of oil for his automobile and gave me to the garage man.

The garage man paid me to the furniture store where his wife had bought a floor lamp on the installment plan.

The furniture man gave me to the barber for a haircut, shampoo and shave.

The barber was in the country and paid me to the farmer for eggs.

HERE IS THE QUESTION:

How many dollars worth of merchandise have I bought, and how many dollars worth of debts have I paid?

Moral: If you pay out more than you take in, you will be hard up. If you continue to do so, you will go bankrupt. So it is with a community, your town, your county, of which you are a part—all will prosper if you put punch and aim into your lazy dollar and spend your money in the community which provides you with your livelihood.
