SCHREINER INSTITUTE OPENED DOORS FOR FIRST TERM TUESDAY MORNING

Good Enrollment for First Year; Oil
Painting of Captain Schreiner
Presented to School.

Tuesday morning witnessed the formal opening of Schreiner Institute, preparatory school for boys, for its first term. A fitting program was rendered, attended by the students of

DR. W. P. DICKEY

the new school, their parents, relatives, and friends of the institution.

The enrollment of the Institute for its opening year had reached a total of 85 boys. This is far in excess of the number anticipated and it is thought that before the term ends the registration will have reached 100.

Dr. W. P. Dickey was master of ceremonies at the opening exercises. The program was opened with the song "America," sung by the audience and was followed by a Scripture reading and invocation by Dr. W. L. Downing. Dr. Dickey then introduced the Hon. J. E. Grinstead.

Mr. Grinstead prefaced his remarks with a story which was a modern version of the admonition of Saint Augustine, wherein he said: "Go up into the tribunal of thy conscience, and set thyself before justice—

A silent court of thyself; thyself the judge and jury, and thyself the prisoner at the bar."

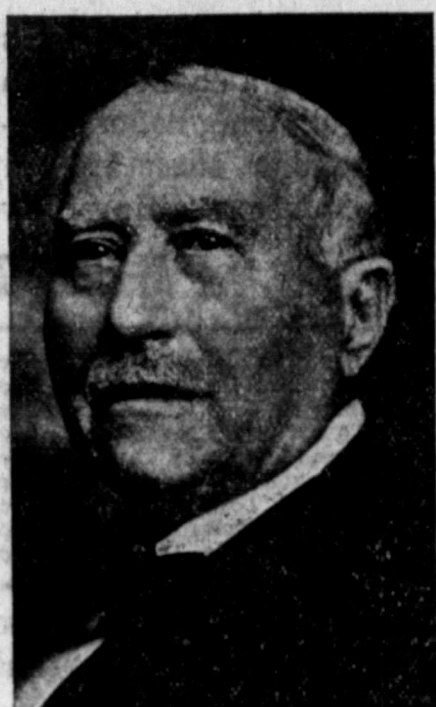

He talked about service, and in that connection paid a glowing tribute to Captain Charles Schreiner.

"A year ago, this spot was an open field. A crop of grain had been harvested from it, and I used to take walks out this way, and think it was a dreary place. And now, look at the beauty of it! Almost like the story of Aladdin and his wonderful lamp. When you think of how it came about, quite as wonderful. From the rough surface of a field, within a few months have sprung these magnificent buildings, this stately hall. True, there were many artists and artisans at labor, but in effect every brick, stone, tile and shingle was laid by a single man. A man who had devoted his life to service. He was half a century accumulating the materials for this great institution, and it was he in effect who, having the materials at hand, raised on this eminence a wonderful monument to service. From this gift of Captain Schreiner, there is a wonderful lesson for you—the lesson of service. Of service to God, to your country, and to your fellow man."

And again at the conclusion of his address, Mr. Grinstead said: "Captain Schreiner has done his part nobly and well. The masons and the carpenters and the electricians

have performed their labor. They have wrought a wondrously beautiful thing from the architect's designs. Let us hope that it may stand for many generations, a monument to the great and good man who made it possible, and a source of inestimable value to the students of the successive years. But—

"The building of the real edifice, the most beautiful thing of all, is just begun. You men of the first year of the Schreiner Institute are the foundation and corner stone of that more beautiful building, that shall grow and grow throughout the generations to come. A building of men whom, wherever they may be found, shall look back with pride and pleasure to the days they spent in this

CAPT. CHARLES SCHREINER

institution. You have opened the book, in which is to be written the history of Schreiner Institute. The pages are blank, and white. Write upon them with the pen of inspiration, drawn from earnestness of purpose. Emulate, throughout your labors here, that splendid example of unselfish service shown by the founder of your school."

In prophetic vein, the speaker pictured Schreiner Institute many years hence as a magnificent series of mighty buildings, covering the noble hill upon which it stands, the love and reverence which these first year men will have for the old school in the years to come, when the frost of winter has silvered their hair. Of the thousands that shall follow them, wearing hollow the old stone steps as the generations into centuries.

Following Mr. Grinstead's address Dr. W. P. Dickey made the presentation to the Institute of an oil painting of its founder. In presenting the portrait of Captain Schreiner, Dr. Dickey said:

"It is a custom sanctioned by centuries of practice to place in the halls of such institutions memorials of those who have rendered distinguished service in founding and perpetuating the institution. This custom serves not only to perpetuate the memory of worthy men, but also is a living incentive to noble conduct.

"On this day of beginnings for Schreiner Institute it is my privilege to present the first of these enduring memorials, the portrait of Capt. Charles Schreiner.

"It is far more to us than a reminder of a man who gives generously of his wealth that the youth of Texas may have the opportunities of education. It should be a constant inspiration to high endeavor to every man who passes through these halls.

"It is easy to envy Captain Schreiner the 'opportunity' and 'luck' and complain of our disadvantages. Young

men, the 'luck' of Captain Schreiner was to return after four years' hard service in the Civil War with nothing but what he had in his own spirit except a noble wife and two small children. His 'opportunity' was to wrest a living for them from an untamed wilderness with his bare hands or starve.

"The opportunities for you today are a hundredfold larger and the same qualities which have brought success to him will bring abundant fulfillment of any worthy ambition that burns in your hearts.

"I wish that we might inscribe under this portrait just these words, 'Integrity, Industry, Economy,' for it is to these and not to easy fortune his success is due.

"A like integrity in every concern of your work; an industry that has been unceasing and unshrinking, and an economy that moves to a purposeful use of time and money and effort, such as he has thrown into his work for sixty years, will insure an honorable success to every boy who enjoys this gift of his ambition for the boys of the Hill Country."

The presentation was followed by a vocal solo by Mrs. G. M. Doyle, with Mrs. J. B. Young as accompanist.

Herbert L. Crate, directors of Camp Rio Vista, the character camp for boys, and familiar with young men through his years of constant work and association with them, delivered

PROF. J. J. DELANEY

a stirring address on what Schreiner Institute means to the boys and young men of the Southwest. He illustrated very clearly how the boy should be developed in body, mind and heart and urged the students to put forth their best efforts that the name of Schreiner Institute might mean not only prowess in athletics, but also ability to do things with trained minds and to live the life as set down by the Savior, Jesus Christ.

Dr. Dickey then extended an invitation in behalf of the First Presbyterian Church to the boys of the Institute of that denomination, and any others who wished, to attend the service of the local church and assured them that they would be made to feel at home and be assisted in every way possible.

Dr. Dickey also called upon Rev. F. A. White of the Methodist Church and Dr. G. M. Macdougall of the Episcopal Church, who responded with invitations in the same vein. In the absence of the Baptist pastor, Dr. Dickey stated that he felt sure that

SCOFFIELD SCHOOL FOR GIRLS TO REOPEN NEXT WEDNESDAY

Misses Clara Shurley, Lorine Morris and Ruth Landry New Members of Faculty.

The Scoffield School for Girls will reopen for the new term next Wednesday, Sept. 26th, with some new pupils and three new teachers. Mrs. Howard and Miss Lipscomb will be in their old places, but the intermediate work will be in charge of Miss Clara Shurley, who has made special preparation for these grades. Miss Lorine Morris will teach the primary children and the sewing in the school. The vocal teaching and choruses will be conducted by Miss Ruth Landry, who comes highly recommended for this work. She graduated from the music department of Syracuse University and took post graduate work at the Emma Willard Conservatory in Troy, N. Y. She will be a resident teacher and will have some other classes besides the music. She is especially interested in girls' athletics and will arouse more enthusiasm among the girls for outdoor sports.

The Scoffield School stands for thorough foundation work, which requires good health, and therefore outdoor life is encouraged to the utmost. The former pupils who are returning are full of enthusiasm for their school year and with this spirit in beginning will doubtless have one of the best years in the history of the school.

A CORRECTION

The Sun wishes to correct a mistake in the list of donors to the Red Cross Japanese Relief Fund in last week's issue, wherein the name of the St. Mary's Auxiliary of the Catholic Church was omitted. This organization donated \$10.00 to the Red Cross fund. Owing to the lateness of getting the copy and the rush of going to press, this name was unintentionally overlooked, for which the Sun apologizes to the ladies of the Auxiliary and the officials of the local Red Cross.

GENERAL RAINS FALL OVER HILL COUNTRY THIS WEEK

Precipitation Here 3.90 Inches for Two Days—Guadalupe River Rises Fifteen Feet Tuesday.

Practically the entire country was visited by general rains Monday and Tuesday. Automobile traffic to San Antonio was cut off for about 24 hours, due to high water, but little damage has been reported as a result of the deluge.

Light showers fell intermittently all day Sunday in Kerrville and heavy banks of rain clouds formed on the horizon south and east of here Sunday evening and night. The main precipitation began here shortly after 7 o'clock Monday morning.

Rain fell in steady torrents until nearly noon and then slackened until Monday night. The downpour began anew late Monday night and continued until Tuesday morning. Intermittent showers fell during the forenoon of Tuesday but shortly before noon the skies began to clear and the day ended with not a cloud in sight. The total fall, as recorded by Davis Horne, Government observer, was 3.90 inches from 7 a. m. Sunday until the same time Wednesday.

Rainfall south and east of here was reported to have been much heavier than the sections north and west of this city. Comfort and Center Point reported heavy falls, with the Guadalupe River at flood stage. Reports from the western section state that good rains fell on the Divide, at Junction and Rocksprings, but above Ingram the fall was lighter, although Tuesday morning brought more.

The Guadalupe began to rise here early Tuesday morning and before noon had reached a height of a little over 15 feet at the mill dam. The waters began to recede before the middle of the afternoon and by dusk had fallen almost within the banks.

These rains are probably the heaviest that have fallen here in a period of about three years, although numerous showers have been recorded. It is the first time in that period that the Guadalupe has been over its banks and much benefit will be derived from the thorough washing out of the river bed.

To the farmers and ranchmen of this section the rains have proved a Godsend. The soil has been put in good season for planting and the ranges will be rejuvenated to the extent that they will be the best in several years. Several ranchmen say that the rains will mean the elimination of feeding the stock this winter if showers fall at a later date.

Little damage has been reported as a result of flood and storm waters.

REGULAR MEETINGS OF AMERICAN LEGION AND AUXILIARY TONIGHT

Refreshments To Be Served After Business Sessions of Organizations at Lake Side Park.

The American Legion and Legion Auxiliary will hold their regular meetings at Lake Side Park this evening at 8 o'clock. It is anticipated that a large attendance of members of both organizations will attend.

Several matters of importance will come before the Legion men for discussion and decision. The ladies will have a round table discussion on etiquette of the flag, following an article on this subject by Mrs. Payne Williamson. After the business sessions, the two organizations will join together for refreshments and a social hour. The organizations alternate in serving refreshments at these meetings and it is the ladies turn to entertain the men tonight. It is rumored that they are going to serve a sumptuous banquet tonight as an example to the men, and all members of the organizations will miss a treat if they fail to attend.

Hardly a day passed but some call is made on one or both of these organizations by former service men or some member of their families for assistance and relief, and both organizations are to be commended for the great amount of good they are doing.

—the three-quarter

You have seen our chime clock. We would like this big clock to be a symbol to the people of Kerrville of this Bank's broad, sound-minded helpfulness—to typify an institution where co-operation, efficiency and courtesy are at your command.

Our facilities are as numerous as our desire to serve is broad.

ESTABLISHED 1869
KERRVILLE, TEXAS

KERRVILLE IS INDEED ON THE OLD SPANISH TRAIL

National Highways Association Advises The Sun That Kerrville Will Be "On the Map."

Before accepting a Newspaper Association Membership in the National Highway Association, The Sun took up the matter as to why their maps failed to show the Old Spanish Trail through this section, and the following letter was received from John C. Mulford, Chief Cartographer, in explanation:

"Washington, D. C., September 10, 1923—C. E. Salter, The Kerrville Mountain Sun, Kerrville, Texas—Dear Sir:

"Your letter of August 25, 1923, addressed to C. H. Claudy, Director of Publicity of this association, has been referred to this office, and we hasten to advise you that Kerrville is indeed on the Old Spanish Trail. The map you received of Texas is an old one, but the latest we have at the present time. We are now preparing a new map of Texas, which will be ready for publication early next year. We also have in the hands of the printer a new map of the Old Spanish Trail, which will be ready for distribution in about two weeks' time. One of these copies will probably reach you shortly after publication of this new map, which I trust will be to your entire satisfaction, while remaining,

"Very truly yours,
"JOHN C. MULFORD,
"Chief Cartographer.

"Copy to Mr. Charles Davis, President National Highways Association, 117 East 31st Street, New York City."

COUNTY AGENT CONDUCTING CULLING DEMONSTRATIONS

Not Enough Eggs and Poultry to Supply Local Demand—Fair Exhibits Solicited.

The County Agent has had three calls for poultry culling demonstrations to be given this fall. The fall of the year is the time to conduct culling demonstrations and the County Agent would like to get in touch with all who are interested in the work. There is a demand in Kerrville for eggs and poultry. The merchants are having to ship poultry and eggs in to supply this demand. It is up to the farmers to get busy and supply this demand and not let this source of revenue go outside of the county.

O. C. Haworth, Farm Agent for the S. A. & A. P. Railway Company, is anxious to obtain some exhibits for the State Fair and Cotton Palace from Kerr County. All exhibits donated will be returned to the owner and due credit given him. This will be a good opportunity to boost Kerr County and find a better market for her products. The County Agent would like to get in touch with farmers having good wheat and oats and send a sample to these fairs, also good samples of wool and mohair are desired for the same purpose.

Some of the farmers of Kerr County grew seed oats under the supervision of the Extension Department last year. These oats proved to be a pure variety and heavy yielders. A few of the farmers who grew them have a few bushels for sale and the County Agent will be glad to assist any one in getting a start of these oats if they are interested. These oats proved to be a purer variety and more uniform than Hastings 100-Bushel oats.

MEMBERSHIP MEETING IS POSTPONED A WEEK

Owing to bad weather and the fact that several of the members were out of the city and could not get back on account of the high water, the Membership Meeting of the Chamber of Commerce, called for Tuesday evening at Lake Side Park, was postponed until the same night next week.

In addition to matters of importance to be discussed and acted upon, arrangements are being made to secure a good speaker from the San Antonio Chamber of Commerce to address the meeting. Make it a point to be there.

PRESIDENT COOLIDGE THANKS PEOPLE OF U. S. FOR GENEROUS QUAKE APPEAL RESPONSE

Washington, D. C., Sept. 16.—President Coolidge, in a message addressed to the people of the United States, Sunday expressed his deep gratification at their generous response to the appeals from the sufferers in earthquake-stricken Japan.

"The prompt and generous response of the American people to the urgent needs of a friendly nation in time of great distress has been most gratifying," the message read. "When the news of the tragedy in Japan first reached us, the American Red Cross, pursuant to a proclamation, asked the country for \$5,000,000 to meet this great emergency. The answer to this appeal was prompt and generous; in less than two weeks a sum far in excess of the original goal was given.

"At the close of this successful campaign, I wish to extend to the people of the United States my deep appreciation for this manifestation of their generosity and their willingness at all times to answer the call of suffering humanity."

Although the American people originally were asked for only \$5,000,000, returns to Red Cross headquar-

ters Sunday night totaled \$8,000,300 in cash and pledges and a great jump in the fund is expected from collections taken in churches throughout the country Sunday.

Of the fund received up to Saturday, it was announced almost \$4,000,000 had been expended for relief supplies now loading on ships or en route for Japan, including food, medical and hospital supplies, clothing, blankets and building materials.

The contributions by divisions to date follow:

Washington division	\$4,000,000
New England division	513,900
Southern division	206,500
Central division	1,141,000
Southwestern division	450,000
Pacific division	1,086,400
Insular and foreign	202,500
Total	\$8,000,300

THE WEEK IN SOCIETY

Announcements have been received of the marriage on July 29th of Miss Hilma Hamilton to Herbert G. Muller in Santa Monica, Cal.

Visitors Honored With Party

Mrs. M. M. McClung was hostess at a charmingly appointed bridge party at her home Wednesday afternoon of last week honoring Misses Oriole and Eloise Patterson of Houston.

The tasteful decorations in the rooms were ingeniously carried out in pink, blue and yellow. Prize for high score went to Mrs. R. J. Evans and second prize was won by Mrs. Philip Metz. Dainty boxes of stationery were presented the honorees.

Delightful refreshments of fruit salad with punch were served to the three tables of players.

Midnight Owls Entertained

Mr. and Mrs. Fritz Marx entertained the Midnight Owls in their charming home with a forty-two party Tuesday evening of last week. A long series of games were played, refreshments were served consisting of society punch and devil food cake.

The guests upon leaving expressed themselves as having spent an enjoyable evening. The following club members were present: Mr. and Mrs. W. B. Powell, Mr. and Mrs. E. N. Boeckmann, Mr. and Mrs. E. T. Self, Mr. and Mrs. Fred Everson, Mr. and Mrs. Henry Noll and Mrs. L. T. Davis. Mrs. Marx's sister and nephew were guests.

Shower for Bride-Elect

One of a series of charming entertainments for Miss Ellen Mason, a bride of early October, was given last Thursday afternoon by Miss Yolande Robinson at her home on Water Street.

The affair was in the form of a bridge party and kitchen shower. The honoree was the recipient of many useful and attractive gifts from the large number of guests.

The prize for high score at bridge was won by Mrs. Chas. Rawson. Second prize went to Mrs. Wm. Lee Secor and prize for low score went to Mrs. H. H. Kuhlmann. Delightful refreshments, a salad course, were served to those present.

The guest list included the following: Miss Ellen Mason, the honoree; Mesdames W. L. Secor, R. Holdsworth, Leonard Rawson, Carl Allen, Alois Remschel, J. O. Eastland, S. E. Thompson, W. C. Baker, W. C. Fawcett, Ally Beitel, E. H. Prescott, J. D. Jackson, E. L. Scherbeck, L. D. Garrett, W. G. Garrett Jr., L. San-

FORMER TEXAS WOMAN KILLED IN EARTHQUAKE

Victoria, Texas, Sept. 18.—The American consul near Yokohama has reported the death of Miss Elizabeth Dodson, the youngest sister of S. M. Dodson, a prominent farmer of the Lone Tree community. She was the daughter of Mr. Stephen Louis Dodson, who was the family physician of many Victorians when the family lived in Industry, Tex. Miss Dodson spent a week in Victoria visiting her brother before starting a tour of the world. The greatest part of her life had been spent in public service. She was one of the leaders in the woman suffrage movement in New York State several years ago and was widely known in woman's club circles. She spent much of her life in nursing service and practiced medicine. She was very active in the Red Cross Work in Kingston, N. C., her home town, during the World War.

She had been visiting her sisters in Shanghai and was at Yokohama awaiting a ship's sailing when she met her tragic death in the recent earthquake in Japan. One of her sisters, Miss Stella L. Dodson, is the retired president of St. Mary's College for Girls at Shanghai, China. Miss Mary Dodson is in China with her sister and Miss Elizabeth had arranged to be with her two sisters at Shanghai to attend the dedication of a large building named in honor of Miss Stella by the Episcopal Church authorities at St. Mary's School. No additional information has been received and it is believed she will be buried in the Orient.

New Duck Shooting Law

Austin, Tex., Sept. 18.—The open season for killing ducks, geese, brant and snipe in the North Texas zone begins October 16 and closes January 15, according to an opinion given Tuesday by the Attorney General's department. It will be unlawful to hunt this kind of game in the North Texas zone during any other period.

In the South Texas zone the open season begins November 1 and closes January 31. This is in conformity with both the State and Federal laws. The open season in the North Texas zone as fixed by the Texas statute begins October 16 and ends January 31. Under the Federal law it begins October 1 and ends January 15.

It is held in the opinion, which was prepared by Assistant Attorney General Bruce W. Bryant, that the Texas statute being in conflict with the Federal regulations must fall in so far as they are in conflict with such regulations, except the State is authorized to pass laws for a shorter closing season than that provided for the Federal regulations.

The Federal season opens October 1 in the North Texas zone, but under the Texas laws such season does not open until October 16. Therefore, it is unlawful to hunt the game men-

tioned in this note prior to October 16. The Federal season in the North Texas zone closes January 15, but under the State statutes the season does not close until January 31. "Here our law lengthens the season and is in conflict with the Federal regulations," the opinion holds. "Therefore, the open season in the North Texas zone will close on January 15."

The L. & G. N. Railroad from Laredo to Longview and the Texas & Pacific from Longview to Texarkana is the dividing line between the North and South Texas zones.

700,000 AUTO SEALS FOR 1924 ARE ORDERED

Austin, Tex., Sept. 17.—The State Highway Commission has ordered 700,000 automobile seals for 1924 and delivery is to be made October 1. The cost is \$21.50 per 1,000 and the purchase was made through the State Board of Control.

An innovation in colors in Texas auto marking will be in the new seal design. Its background will be red and the figures and letters will be in white. The year "1924" will appear and the words "registered motor vehicle." The seal will be rectangular in shape and will indicate that the auto license fee for 1924 has been paid.

Up to date approximately 620,000 automobiles have been registered in Texas and all draw original number plates. In the future, for a few years, the respective year's license payment will be indicated by a seal, as is starting in 1924, and which prevailed prior to 1924. Only few cars will be given new number plates.

By ordering 700,000 seals the Highway Department indicates that it expects the State to have nearly that number of cars by the end of 1924, though a small surplus is expected, the department being unable to buy the exact number, as that cannot be anticipated.

O. A. Herzog and family left Wednesday for their home in Tulsa, Okla., after a visit of several weeks with the former's parents, Mr. and Mrs. Nathan Herzog.

LOCAL AND PERSONAL

Items of Interest Gathered
Here and There

Louis Aubrey of Beaumont is visiting his son, Horace Aubrey.

Miss Lelia Newton returned last Sunday from a week's visit with friends in San Antonio.

Bruce Magee left Sunday for College Station to reenter the Agricultural and Mechanical College.

Mrs. Thad Jarrett and son, Thad, arrived Sunday from Comstock, the latter to enter Schreiner Institute.

Pictures on the wall makes a house a home. Have them framed at THE WHEELUS COMPANY. (Advertisement 4-tfc).

Miss Billy Peterson, who has been visiting her parents, Mr. and Mrs. Lee Peterson, for some time, has returned to San Antonio.

Bulk Turnip, Mustard, Spinach, Carrot, Radish, Lettuce and Rape Seed for fall planting. C. C. Butt Seed & Feed Store. (Advertisement 40).

C. A. Cline, an auditor of the Western Union Telegraph Co., was in the city Tuesday and Wednesday checking up the books of the local telegraph office.

J. C. Adriar and wife of Austin, who were here last week visiting their son at the Veterans' Hospital, have moved to Kerrville and are now located at the Sikes home.

U. Griffin of San Antonio visited friends in Kerrville last Saturday and Sunday. Mr. Griffin is a plasterer and worked at the Legion Sanatorium for about a year, and will probably help plaster the new Presbyterian Church.

Geo. E. Rouse went to San Antonio Sunday to meet Mrs. Rouse and little son, who were returning from a visit with Mrs. Rouse's parents at Corpus Christi. On the return trip from San Antonio they got caught in the high waters and did not get home until Tuesday afternoon.

Chas. L. Mason left Sunday on a business trip to San Antonio.

Jack Turner of Junction was here transacting business last Thursday and Friday.

Frances Melear left Tuesday for College Station to enter Texas A. & M. College for his first term.

Geo. H. McEntier of Sterling arrived last Thursday to enter his son, George Jr., in Schreiner Institute.

Edwin Pryor left Tuesday for Austin, where he will reenter Texas University as a sophomore the coming term.

Mr. and Mrs. C. A. Albright came up from Palestine Sunday to enter their son, Conrad, in Schreiner Institute for the coming year.

A photograph increases in value with age. You have pictures of loved ones that money cannot buy. THE WHEELUS CO. (Advertisement 16c)

Mrs. H. S. Affleck was in Kerrville Monday and Tuesday en route to her home in San Antonio from the Stowers Ranch, where she had been a visitor.

Mrs. A. P. Spillman came up from San Antonio Sunday to bring her son, Ray, who entered Schreiner Institute. Mrs. Spillman also visited Mrs. J. S. Wheelus while here.

H. E. Lockhart and wife, H. E. Blowers and wife, L. E. Blowers and L. J. Gittinger, prominent San Antonians, spent the past week end as guests at the St. Charles Hotel.

Milton Clapp returned home Monday morning from Las Angeles, Cal., where he had been employed for the past several months. Milton says that California is a great country, but he was pretty glad to get back to Kerrville.

Mr. and Mrs. J. C. Alexander, accompanied by their son and niece, who have been spending several weeks in the Hill Country, were in Kerrville Tuesday, waiting for the high waters to recede sufficiently for them to resume their journey to their home at Mathison.

E. H. Prescott motored to San Antonio last Sunday with Mrs. Prescott and Miss Ruth so that they could visit for a week with Mr. Prescott's sister, Mrs. Alida Prescott. Mr. Prescott planned to drive back to Kerrville Monday morning, but it was late Tuesday night before he made it, having to detour by way of Waring and Fredericksburg to get around the high water.

Center Point News, Sept. 12th: Mr. Holloway, one of our enthusiastic truck growers, was exhibiting a new variety of bean on the street yesterday. The bean, known as the "Mong," looks more like an English pea than it does a bean. The vine or stalk is said to be as good hay as alfalfa, and it is recommended highly to enrich the land on which it grows. Mr. Holloway will try out the feed value of the beans this fall.

If you have anything to sell, want to buy anything, rent property; in fact, no matter what your wants may be, try a classified ad in The Sun.

TRAINING SCHEDULES OF LOCAL GRID TEAMS HELD UP BY RAIN

All-Stars Had Good Workout Sunday But Other Elevens Confined to Light Programs.

The heavy rains of the past several days have interfered somewhat with the training programs of all three of the local football teams. Neither Tivy High School nor Schreiner Institute squads have been able to get in any scrimmage work since the latter part of last week, although the All-Stars were fortunate to have a good workout Sunday morning.

Manager Rex Redwine reports that good squads are turning out for the practices held Tuesday, Friday and Sunday. Several additional players have reported for work since last week's roster was given out, but their names were not available.

No games have as yet been booked by the All-Stars, but Manager Redwine states that he has had a number of challenges and expects to have a good schedule arranged within the next week or ten days. It is thought that the team will be ready for action in about two weeks, provided the ground dries enough to enable them to resume practice the latter part of this week.

Present indications are that the All-Stars will be stronger than they were last season. The men are all showing up well in the workouts and when they get into condition the prospects are that Kerrville will have a powerful eleven to represent her on the gridiron.

TIYV HIGH TO TAKE ON FAST TEAMS IN 5-GAME SCHEDULE

Coach Guy Moses of Tivy High School has announced his tentative football schedule for the coming season. Five games with strong elevens have already been booked, with the possibility that another contest will be arranged at a later date.

The Tivy squad has been tied up in its trainings because of wet grounds, although the men have been given light workouts in the form of signal practices and road work to keep their "wind" in shape.

Following is the tentative schedule as announced by the Tivy mentor:

Oct. 12—Poteet High School at Kerrville.

Oct. 19—Mason High School at Mason.

Oct. 26—Poteet High School at Poteet.

Nov. 12—Rocksprings High School at Rocksprings.

Nov. 29—Junction High School at Junction.

The game with Main Avenue High School, which was to have been played in San Antonio Sept. 29, was cancelled because of its being a school day and no other satisfactory date could be arranged.

Although nothing definite has been done, Coach Moses is waiting to hear from Sam Houston High School of San Antonio in regard to a game with that institution during the season. The San Antonio coach has signified a willingness to play the local High School, but was not in a position to name a date for the game when approached by the local coach. There is

a possibility that this team will be booked for at least one game.

OEHLER'S SQUAD GETTING INTO TOP SHAPE FOR FIRST GAME

Schreiner Institute's grid men are rapidly getting into shape so that a definite line can be obtained on their work. Coach Oehler put his candidates through a light workout Tuesday afternoon, following a two-day rest, although little actual training could be done because of the mud.

Signal practice was taken up the latter part of last week and good progress has been made, reports Mr. Oehler. The squad is fast loosing up and will be ready for the first game Sept. 28 with Junction High School here.

Scrimmage work will be taken up today, it is thought. The addition of six new men made it necessary to back up and give them the same coaching in the fundamentals of the game that had been given the men who first reported. The new candidates are Milton Dieter of Kerrville, Kelly, Fincher, Greenaway, Black and Shives.

The Institute mentor has his schedule pretty well lined up and has booked several of the fastest high school and academic teams in this section of the State. Such schools as Brackenridge High, St. Louis College, San Antonio Academy, St. Anthony College and West Texas Military Academy of San Antonio, the Texas University Shorthorns, Floresville High and Junction High, will be played by Oehler's squad.

A number of these teams have already been booked and negotiations are under way for the others. Present indications are that the Institute eleven will face a stiff schedule for the first year.

New "Pro" for Golf Club

D. E. Van Arsdale of San Antonio has been secured as professional for the Hill Country Golf Course at the old fair grounds. Mr. Van Arsdale arrived the early part of last week and is giving his entire time to instructing the club members with a view to improving their play.

The nine-hole practice course is becoming more popular all the time, according to indications. The highest number of players going over the links at one time is 23, it is said. This number was recently set as the record.

No official results of scores have as yet been available, but reports cir-

LET'S GO FISHING

The Farmer: The editor of The Farmer must confess to the fact that he thinks there are two things that afford a little bit more pleasure in life than any other forms of recreation. These two things are fishing and pitching horseshoes. There may be better sports in the world, but we have never found them.

As you put the last ounce of strength into the day's work, do you ever think of those lily pads down at the end of the lake where you know the bass are resting? Do you remember the place over just next the reeds where those big sunfish are waiting to take your line in an angry circle? Do you think of that place under an overhanging bank where that big trout lives? Do you know the place just outside the weeds where the trol always picks up a pickerel? Maybe you know the drop-off out in the lake where, close to the bottom, you always get the pike and the "muskie"? If you can understand this language, you're a fisherman.

I never met a burglar or a murderer or even an "ornery cuss" when I was fishing. Fishing just naturally takes the mean thoughts and cussedness and blues out of real folks. When you are reeling or pulling in a fish, you don't have either the time or inclination to think about the country going to the dogs or about the meanness or greediness or devilry of other folks. Fishing is the best antidote we have found for the mental poison one accumulates in living and dealing with other folks. Every fisherman I have ever met was a pretty decent sort of a fellow. Fishing makes him that way.

Let's go fishing, at least once in awhile. Take the folks along. If you don't like fishing way down in your bones, that's something your father forgot to teach you. Any old kind of fishing is good for the things that ail us. Try it and see.

WHERE RESPONSIBILITY RESTS

The Paint Rock Herald: We are the government. We are to be praised or are to be blamed with the effectiveness of the law being enforced and obeyed. We are not the office holders. We are the people of Paint Rock and Concho County. Next week the District Court meets. It is composed of the District Judge, the District Attorney, the District Clerk, the Sheriff and the grand jury, besides deputy sheriffs and bailiffs. These several officers are there to put the machinery of the law in motion to correct whatever of evil and of law breaking may be brought to their notice and whatever they can find of law breaking. If a case is brought into open court by proper and legal methods, the evidence and the law laid before you and me, the trial jury, then it is up to us to give justice. If some one goes free who should be punished, then you and I are the ones to be blamed and not the court. Do not let the court for dereliction that does not properly belong to it.

Bandera New Era: Our neighboring city, Kerrville, is getting a lot of good advertising these days. Kerrville has a live commercial club, and they are doing things over there. And results are already apparent in the steady growth of that town.

The Sun has received a copy of "Southern Farm Progress, As Depicted by Railway Presidents and Development Men," reprinted from the Manufacturers Record of August 2, 1923, compliments of the San Antonio & Aransas Pass Railway. The magazine is filled with interesting articles and views of the truck, fruit and farming industries of the South. "The Nation Dependent Upon the South for Food" is the heading of the leading article, and the rest of the issue bears out that claim.

San Antonio Express: It was criminal of the Texas Legislature to ignore public demand for a law stringently regulating automobile headlights. The 37th Legislature passed such a statute, but because of the usual carelessness in many matters of consequence the courts held it to be unconstitutional. The 38th backed and filled until all the dying hours of its numerous sessions and then yet a very voluble Senator talked the proposed law to death. Never the night passes that destruction of property, serious accidents and often death do not follow in the wake of the glaring headlight. It seems the acme of some people's ambition to outshine and blind all those they meet. This is as true on nights when the moon is riding full and high in a cloudless sky as when it is dark. A certain brand of car that is seeking to associate itself with the White House is a far more numerous offender than any other. The great public ought to yank out of his seat the next lawmaker who attempts to leave headlights used on public highways in the present unfettered state. They form a menace that must be removed.

NEWSPAPER ASSOCIATION
MEMBER NO. 3450

The Kerrville Mountain Sun has accepted a Newspaper Association Membership in the National Highways Association (Washington, D. C.), with which are affiliated two hundred and two road associations and organizations. It stands, not for any particular road, but for Good Roads Everywhere, through the establishment of National Highways.

The "Map Device" at the head of this column expresses The Sun's interest in roads, your interest in roads. It is the symbol of an association which for twelve years has worked faithfully and hard for the dissemination of road information, which has published thousands of maps, and millions of pamphlets, in the interest of good roads, and which believes that the future civilization of this great country will go forward as fast and no faster than we develop our systems of transportation. The motor and motor truck have come to stay. The farmer of twenty years ago on an isolated mud-wallow, miscalled a road, who today lives near a hard surface road and drives his car to town and back in an hour where formerly he required a day, knows what roads and cars mean to him. Good roads mean prosperity; they mean progress; they mean education; they mean a full life, worth living; they mean the greatest amount of goods purchased for the least amount of haulage; they mean greater profits from farm produce because they cost less to haul over good roads. Good roads everywhere mean prosperity and happiness everywhere.

CLEAN FAIRS IN OKLAHOMA

Carl Williams, in the Oklahoma Farmer-Stockman: Many of the county fairs in Oklahoma have cut out carnivals this year. Those in charge of the fairs know that most carnivals are unclean, that often the shows are immoral, that gambling games are permitted, that many of the wheels are fixed so that patrons seldom win, and that the whole purpose of the carnival is to clean up and get away with the coin.

The Oklahoma State Fair and Exposition at Oklahoma City has this year announced that it will permit only "clean" shows and games, whatever that means. The fair management at Muskogee has made no announcement, by which it is assumed that gambling games will be run as usual. Some of the county fairs also still stick to the carnival as a means of increasing income, regardless of its effect on the health, morals and pocketbooks of the patrons.

If you go to a fair which has a carnival this year, look it over. See whether you can find a clean show. And, if you decide that the carnival is unclean, know that it is so with the full knowledge and consent of the management.

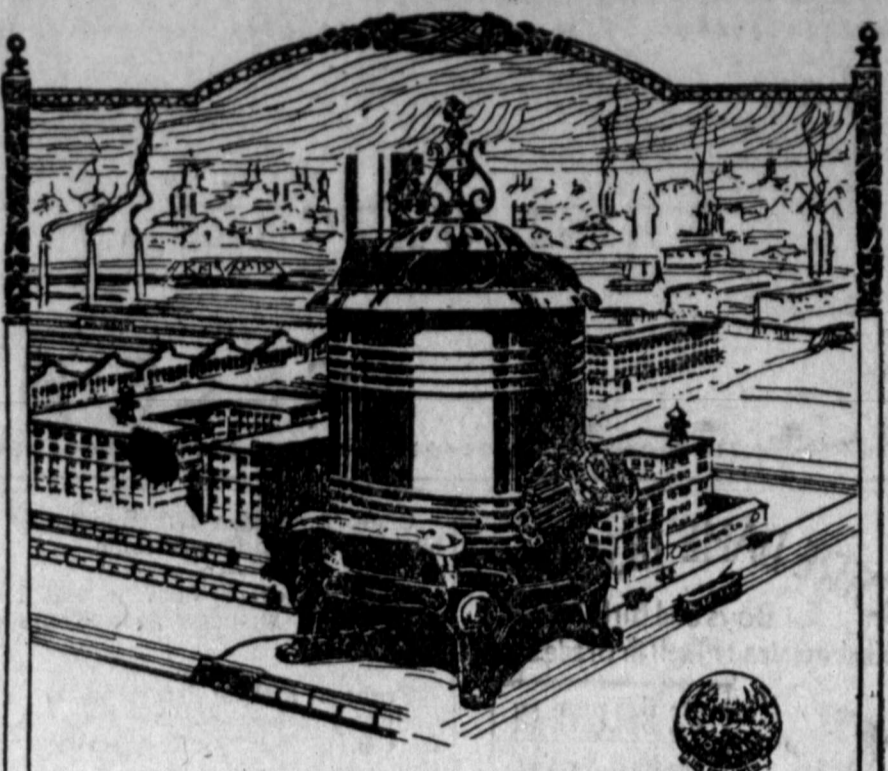

LIMITING THE FAKE SHOWS

Farm and Ranch: Ohio, Indiana, Minnesota and Wisconsin took the lead in cleaning up the State and county fairs by refusing concessions to carnival companies, wheels of fortune and other devices that give patrons about one chance in 100 to win some worthless prize. Now comes Iowa with an opinion from the Attorney General that any county fair organization which permits these devices and questionable shows will be refused State aid.

It begins to look as though the South and the Southwest combine to make the only territory left to concessions of this character. Like the hoboes who cannot stand cold weather, carnivals and fakers drift south in the fall. It begins to look as though they will have to remain in the South or quit business, for they will no longer find a welcome in the North. The South has been more liberal in matters of this kind, but even in the South sentiment is changing rapidly and many protests are made against making further concessions to these show men whose canvas depicts what there is not on the inside and whose "spiel" makes the welkin ring with his gongs and noise making devices. Some day our fair grounds will be devoted to legitimate enterprises. There will be no room for the men who devote their time to sharpening their wits in efforts to make a collection of nickles, dimes and quarters from the unwary.

The Sun received this week Vol. 1, No. 1 of the Frontier Times—a magazine devoted to Frontier History, Border Tragedy and Pioneer Achievement. It is published monthly at Bandera by J. Marvin Hunter, editor of the Bandera New Era. The initial number consists of thirty-two pages filled with interesting articles of early day history. The subscription price is \$1.50 per year and, judging from the first number, it is worth that and then some. Here's wishing Brother Hunter success with his new publication.

The Sun had an off day last week and quoted Mr. Grinstead as saying in his speech at the High School: "A democracy is a form of government in which the people rule, and which is known as an aristocracy." The statement should have been: "A democracy is a form of government in which the people rule, as opposed to one wherein a certain class of people rule, and which is known as an aristocracy." The Sun regrets making mistakes, but in the rush incident to even publishing a weekly issue they will happen, and the only wonder is that more do not get by.

CATHOLIC CHURCH NOTES
By Father Kemper

CONSTITUTION WEEK
By happy coincidence our National observance of Constitution Week corresponds with the anniversary of the framing of the Mexican constitution by Father Hidalgo, the George Washington of our sister republic. For this reason the Guadalupe parishioners held an elaborate patriotic celebration last Sunday eve and throughout the Sabbath. The program on Saturday night included eulogies to the American and Mexican flags by President Sotero Hernandez and other officials of the Fiesta Association. One of the smallest of the Mexican parochial students recited from memory the "American Creed," and was vigorously applauded by the Kerrville Americans who had accepted the free invitation to attend the musical, oratorical and social entertainment.

Sunday the Guadalupe sanctuary was adorned in the red, white and green of Obregon's country. Even the flowers on the altar carried out this color scheme. The men's choir was accompanied by Prof. Florin Sanchez' Orchestra. After Mass the entire congregation rose to sing the National hymn.
In the afternoon the Mexicans of Kerrville and outlying communities assembled at the Hidalgo Hall and as many as could be provided with automobile accommodations formed in line of parade. Banner-bearers, carrying "Old Glory" and the tricolor of Mexico, headed the procession. Then came a platoon of our war veterans in their khaki uniforms, under command of Juan Medrano. Behind the ex-soldiers came a large auto truck decorated in the National colors and emblems of both neighboring republics. A score of young ladies, dressed in white and with a big Mexican sash, were seated on this float, and constituted the girls' choir. Here also were some tiny midgets dressed in Mexican national costumes, who formed a very picturesque foreground.
Behind the float came the Guadalupe Orchestra and then the festival officers in decorated cars. Lastly followed a string of autos carrying some of the orators, actors and guests of the fiesta.
The line of march led along Francisco Lemus Street through the Mexican settlement, down the Old Spanish Trail to Notre Dame Institute, where the Sisters and boarders of St. Mary's Convent were given a surprise serenade. After the "Star-Spangled Banner" was sung by the Mexican children, the Red, White and Blue was raised on the lofty flag-staff, a double volley was shot by the firing squad. Despite the drizzly weather, another serenade was given at the Court House and at the southern boundary of "Little Mexico."
The Sunday night program started with a beautiful display of fireworks. Honors were paid with patriotic nicety by the Mexicans to their native and adopted fatherland in both English and Spanish. In conclusion all parishioners took the oath of undivided allegiance to the Constitution of the United States while residing under the protection of Columbia.

Notre Dame Observance
At the American parochial school Constitution Week began Sunday with a historical explanation of the birth and growth of civil liberty and religious freedom. Several phases of this big question were merely outlined and left to the respective classes for their history and civil government lessons. The Notre Dame program is so arranged that all pupils, from Kindergarten to Twelfth Grade, will become familiar with and learn to love that wonderful document on which our Ship of State is firmly anchored.
The eclipse predicted for Monday of last week was carefully observed by the teachers and pupils of the

upper grades, but the sky was too cloudy to satisfy the eager astronomers.
Norman Sultenfuss, who lives at the St. Charles Dairy, was kicked in the stomach by a cow, and suffered internal injuries that may necessitate his absence for the rest of the first term.
The Boudreaux sisters went to Beaumont on Monday with their brother, Joseph, and his friend, Miss Lee Berta Moore, who had spent about a week at the convent.
Sisters Hilda and Rose Terese spent the week end at the mother-home in San Antonio trying to get at least one more nun for our school, which is taxed as far as standard efficiency will allow.
Early in the week the Very Rev. Lieut. A. C. Dusseau, O. M. I., of St. Mary's parish, San Antonio, one of the largest congregations in Texas, came here to inspect Notre Dame Institute, and also the palatial Stowers' home above Hunt.

Father Taradellas, who had charge of our Mexican parish a few summers ago, was chosen to organize the new St. Agnes congregation in San Antonio. Our Boerne neighbor, Father Flanagan, was made chaplain at St. Peter's Orphanage by the First Mission, and our Bandera neighbor, Father Heffernan, was sent to San Fernando Cathedral. Rev. Dr. Ross, who stayed here for a mission and who is a lineal descendant of the designer of the American flag, was transferred from Texas University to the Paulist Novitiate in Washington, D. C.
Tomorrow (Friday, 21st), St. Mary's Auxiliary will hold a social in Washington Hall from 8:30 to 11:30 p. m. Admission is only by invitation, which must be presented at the Notre Dame entrance.
Miss Angeline Kemper spent the week end in San Antonio to see Tom Jefferson in "Lightnin'" at the Majestic. She was the guest of Mr. and Mrs. Menger, who stopped over last week on their return from the Stowers' Ranch.

Each year Americans drink 4,000,000,000 bottles of soft drinks, exclusive of such beverages as near-beers made of cereals.

"Feeling Fine!"
"I was pale and thin, hardly able to go," says Mrs. Bessie Bearden, of Central, S. C. "I would suffer, when I stood on my feet, with bearing-down pains in my sides and the lower part of my body. I did not rest well and didn't want anything to eat. My color was bad and I felt miserable. A friend of mine told me of

CARDUI
The Woman's Tonic
and I then remembered my mother used to take it. After the first bottle I was better. I began to fatten up and I regained my strength and good, healthy color. I am feeling fine. I took twelve bottles (of Cardui) and haven't had a bit of trouble since."
Thousands of other women have had similar experiences in the use of Cardui, which has brought relief where other medicines had failed.
If you suffer from female ailments, take Cardui. It is a woman's medicine. It may be just what you need. Write for it at your druggist's or dealer's.

WALTER T. PETMECKY PASSES AWAY AFTER LONG SICKNESS
Had Been Contractor of Rocksprings Mail Line for Past 12 Years; Was Well Known Here.
Walter T. Petmecky, aged 49, succumbed at 9 o'clock Wednesday evening of last week after a protracted illness of several months.
Deceased was well known throughout the Hill Country, having been a resident of this section for the past 33 years and contractor of the Rocksprings mail line for 12 years. It was with surprise and regret that his friends learned of his untimely demise.
Mr. Petmecky was born in Austin August 1, 1874, coming to Kerr County at the age of 16 years. He was married to Miss Blanche Hargus in 1898. Four children blessed this union, two of whom survive him.
The deceased was stricken with the fatal illness some four months or more ago. He was taken to Austin and placed under treatment in one of the leading hospitals there, returning home about three weeks before his death.
Besides his wife he is survived by two daughters, Mrs. Aaron Denton and Mrs. Archie Mays; his parents, Mr. and Mrs. J. C. Petmecky, of Austin; four brothers, Charlie, Howell, Jake and Fred Petmecky, all of Austin, and one sister, Mrs. Anna Bruce, of Los Angeles, Cal.
The funeral was held last Thursday afternoon at 4 o'clock with interment at the Nichols Cemetery near Ingram. Dr. G. M. Macdonough of the Episcopal Church conducted the services.
The Sun joins a wide circle of friends in extending condolence to the bereaved ones in their dark hour of grief.

ROBS CALOMEL OF NAUSEA AND DANGER
Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed, Perfected Tablet Called "Calotabs."
The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use.
In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.
Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Advertisement, 28-40c).

A 100 PER CENT INVESTMENT

The average grocery bill for the average family is \$40.00 per month.

Through paying cash and serving yourself we save you 10 per cent on this amount.

10 PER CENT OF \$40.00 EQUALS \$4.00
You save \$4.00 per month or \$48.00 per year.

The \$48.00 saved is equivalent to 8 per cent on a \$600.00 investment.

Why worry about investments until you are paying cash for your present needs—as you are earning money just the same?

We submit the following prices for your comparison:

Spuds, lb.	3 3/4¢	P. & G. Soap, bar	5¢
Yams, lb.	4 1/2¢	Maxwell House Coffee	39¢
Dried Peaches, lb.	12 1/2¢	Lion Macaroni, pkg.	6¢
Brazil Nuts, lb.	20¢	Wesson Oil, pint	29¢
Post's Bran	12 1/2¢	Wesson Oil, quart	55¢
Schepp's Coconut	12¢	Sea Gull Sardines	17¢
Dromedary Coconut	16¢	Castoria, bottle	33¢
Napalin Toilet Paper	10¢	25¢ Bayer's Aspirin	15¢
\$1.25 O'Ceard Oil	90¢	Syrup Pepsin	46¢
Knox Gelatine	19¢	Syrup Figs	46¢

Self service saves—and the delivery of a \$5.00 order free makes it convenient.

LOCAL AND PERSONAL
Items of Interest Gathered Here and There

Erbin Moser left Monday for a visit with relatives and friends at Valera.

Mrs. J. E. Grimstead returned last Sunday from a visit with relatives in San Antonio.

KODAK FINISHING—The Professional Way. WHEELUS. (Advertisement 4-tf).

Miss Myrtle Rose Dietert left Sunday for Denton where she will attend the College of Industrial Arts.

I have returned from my vacation and resumed my practice. Dr. L. Sandel. (Advertisement, 40-41).

Mrs. W. A. Salter and son, Forrest, returned Sunday from a seven-weeks' visit at various points in Oklahoma.

Miss Minnie Dietert left Monday for Denton to reenter the College of Industrial Arts for the coming school year.

Mr. and Mrs. E. C. Ely of Belton arrived last Friday for a visit of several days with Mr. and Mrs. P. G. Canfield and family.

Ever see a Cole's Original Wood Stove? For economy and comfort and easy control it's a wonder. Ask your dealer. (Advertisement).

Judge R. H. Burney returned the latter part of last week from holding court at Batesville. Next Saturday he will open court at Uvalde.

A. S. Cox, the shoe salesman at Chas. Schreiner Company, is enjoying a visit with his brother, Henry C. Cox, of St. Louis, who arrived in Kerrville Monday.

Dr. and Mrs. L. Sandel returned Monday from a month's vacation at Houston. They report a pleasant visit with relatives and friends, and that they also enjoyed some fine salt water fishing.

A. K. Ragsdale, general inspector of the San Antonio & Aransas Pass Railway Company, was a pleasant caller at The Sun office Monday afternoon. Mr. Ragsdale was in Kerrville checking up traffic conditions for his company.

Mr. and Mrs. Ed. Wells and daughter, Miss Bonnie Lee, and Mr. and Mrs. Chas. Giffin returned Wednesday evening of last week from a motor trip to Hays County. The return was made by way of Mason for a short visit with H. G. King and family.

Earl Denton and family returned last Thursday from Ellisville, Miss., where they had been living for several months. The trip was made in their car, and Mrs. Denton stated that they had to pull through mud most of the way, the going through the Beaumont section being especially bad.

J. J. Carson is a new clerk at the Miller Grocery, assuming his duties Monday morning.

I. A. Broussard left last Friday for his home in Beaumont, after spending the summer in Kerrville.

Mr. and Mrs. Taylor Beach of Barkton were among the arrivals Sunday who came to enter their son in the Schreiner Institute.

Mrs. C. F. Diener returned to her home in San Antonio Monday after spending the week end here with Mr. Diener, who is employed by the W. B. Brown Company.

Photographs of the children never grow up. Your babies will smile out of their pictures at you through all the years to come. THE WHEELUS CO. (Advertisement 16-tf).

Carpenters finished putting a new roof on M. F. Weston's residence the latter part of last week. The building is to be repainted and the interior repapered and decorated.

Burman Faris was in from the Harper community on business Monday and Tuesday. He expects to return the latter part of the week to accept a position at the hospital at Legion.

Mrs. E. W. Hearn, who has been in Kerrville for the past five months for the recuperation of her small son, Willis, left last week for San Antonio, where she expects to make her home during the winter.

The public is cordially invited to attend a box supper at the Ingram School House September 28th. Besides boxes, ice cream and cake will be sold. The proceeds of the supper will be used for the benefit of the school.

Bailey Henderson returned to Kerrville last Thursday after a visit of three weeks with friends at Chocorua, N. H. While on the trip Mr. Henderson also visited Montreal, Canada, stopping at New York City and Augusta, Me.

M. E. Bogie and mother, Mrs. Fannie Bogie, went to Austin last Sunday to look after business matters. They returned Tuesday, accompanied by their sister and daughter, Mrs. Frank Boles, of Jacksonville, who will visit here for some time.

After a business trip of two weeks in Southwestern Oklahoma, County Agent F. A. White returned to Kerrville last Thursday. He reports only fair crops in North Texas and Southwestern Oklahoma, and that the fall rains are seriously interfering with gathering the cotton.

Captain Duff, postmaster at Legion, has received a letter from Dan F. Connor Jr., vice commander, Veterans of Foreign Wars, Department of Texas, San Antonio, stating that he had been delegated by the Department Commander to organize and institute a post of the veterans at Kerrville some time in the near future. Mr. Connor was writing for advice and assistance in the matter, and the exact date will be set later.

A marriage license was issued Sept. 13 to Hurl H. Ehlera and Miss Louise Biermann.

Walter Minton returned to his home in Hennessey, Okla., after visiting a few days with friends in Kerrville.

W. G. Carpenter returned home last Saturday after a visit of several days with his mother at Manchaca, near Austin.

D. E. Hughes of Mertzon arrived Sunday with his son, Jack, Claude Tankersley and Winston Sheen. The boys entered Schreiner Institute.

The Woman's Auxiliary of the Presbyterian Church meets this afternoon at 3:30 at the home of Mrs. A. C. Schreiner, with Mrs. Miller Harwood as leader.

Miss Dorothy Doyle is expected home the latter part of this week after having visited friends for the past three weeks at Beaumont, Houston and Galveston.

Mrs. M. W. White and little son, Woodruff, of Rosebud, arrived last week to make their home in Kerrville. They are guests at the Williams Boarding House.

Ton W. Moore of Houston plead guilty before Justice of the Peace J. W. Orr at Hunt last Saturday to a charge of hunting without a license, and paid a fine of \$21.70.

O. J. and H. R. Bean of the Dietert Ranch on the Divide were Kerrville visitors last Friday. They report plenty of rain in their section and conditions favorable for good fall pasturage.

F. E. Brown of San Antonio is the relief agent at the American Express office in Kerrville while J. H. Morris takes a well earned 10-day vacation. Mr. Brown assumed charge Wednesday morning.

Superior Egg Mash is especially valuable to hens going through the molt as it helps them make their feathers quickly. Sprays and Sprayers. C. C. Butt Seed & Feed Store. (Advertisement 40).

Capt. L. W. Brown of Fort Sam Houston returned to Kerrville Wednesday after a ten days' visit with relatives and friends at San Benito and Mathis. He will visit with his parents, Mr. and Mrs. W. S. Brown, for another week or ten days before returning to his post.

Mr. and Mrs. Ed. Mosel, who had spent Sunday in San Antonio with their son, Clarence, started home in their car Monday morning and on arriving at Comfort found the Guadalupe River out of its banks. After waiting several hours, they drove back to the city and Mr. Mosel came on the train the next day, leaving Mrs. Mosel to spend the week.

The City Meat Market is selling choice cuts of prime fed steers from 12 1/2 to 28 cents per pound. However, if you want cheaper meats, they can supply you with cuts from choice grass fed cattle at from 8 to 18 cents per pound. All meat guaranteed by Henke Bros. to be butchered and sold under the most sanitary conditions possible. (Advertisement, 40-41).

Mr. and Mrs. H. I. Hardin of the Sherman's Mill community were in the city Wednesday. They report a good rain in that section, but that it was heavier above, especially in the South Fork neighborhood. Tuesday Mr. Hardin, aided by some of his neighbors, saved a large number of fish that had been cut off when the water went down. They were seined out and returned to the river.

News has been received of the death at Abilene Sept. 6 of Mrs. J. Q. Wheeler. No details were available for publication beyond the fact that her health had been on the decline since leaving Kerrville last July. Mr. and Mrs. Wheeler had made their home with their son, Charlie Wheeler, at Abilene. Burial was made in that city. A large circle of friends extended sympathy to the relatives of the deceased.

R. L. Mangum believes not only in the value of advertising, but also believes in the Delco Light plants, of which he is agent in this territory. He is so firm in his belief of the value of both these products that on page seven of this issue will be found a full page ad (one of a series) in which he is making a good proposition to everyone in need of lights. Delco is making an enviable record in the Hill Country and Mr. Mangum is pushing it in a manner that is bound to mean success.

The Most Extraordinary Farm Electric Plant Opportunity Ever Offered to the Farmers of This County

A Whole Carload of the Famous Delco-Light plants—Your Chance to buy at a big Saving!

Notice

The Delco-Light Plants referred to in this special offer are standard Delco-Light Plants, fully covered by the regular service guarantee as to material and workmanship, and fully protected by the liberal service policy. Each plant has the famous 4-cycle, air-cooled, valve-in-head Delco-Light engine, and the thick-plate, long-lived Delco-Light Storage Battery. Any one purchasing a Delco-Light Plant as a part of this special carload order is assured of the same satisfaction he would receive in placing his order individually, — the same satisfaction now enjoyed by 175,000 Delco-Light users.

You have visited your neighbors. You have seen the bright atmosphere of their homes,—happy, joyous children whose lives have been gladdened, the mothers from whose shoulders the burdens of toil have been lifted, the fathers whose interests in life have been broadened, and

whose profits have been increased,—all because of Delco-Light.

And now, folks, I come to you with an amazing offer. Only a few of you—only those of you who will join me in a great project of co-operative buying can share in this remarkable offer.

To you I am going to offer

Delco-Light—the standard electric light and power plant—installed, equipped, including the lighting fixtures, all ready to flood your home with the blessings of electrical sunshine at a price that has heretofore been unheard of. You can save by acting *now*.

Will You Join Your Neighbors In Buying a Carload of Delco-Light Plants?

I have made a proposition to the Delco-Light Factory. I have told them that I want to place a large quantity of plants in this county during the next few days. I have asked them if they will ship a whole carload of Delco-Light Plants direct from the factory to me.

I explained to them what a tremendous benefit it would be to me to have that many more satisfied users of Delco-Light in this county. These new users would show Delco-Light to their friends and neighbors and talk about it, and as a result it would help me wonderfully in selling more and more plants. The Delco-Light Company is willing to ship the carload, which will result in a great saving in freight. And I have added my generous bit I will do the wiring at a ridiculously low figure. I will give

absolutely at cost a generous part of the equipment that is needed to get the benefit from Delco-Light.

Are You Ready?

Due to this wonderful plan you can now have Delco-Light for less money than ever before—probably half of the cost that you expected.

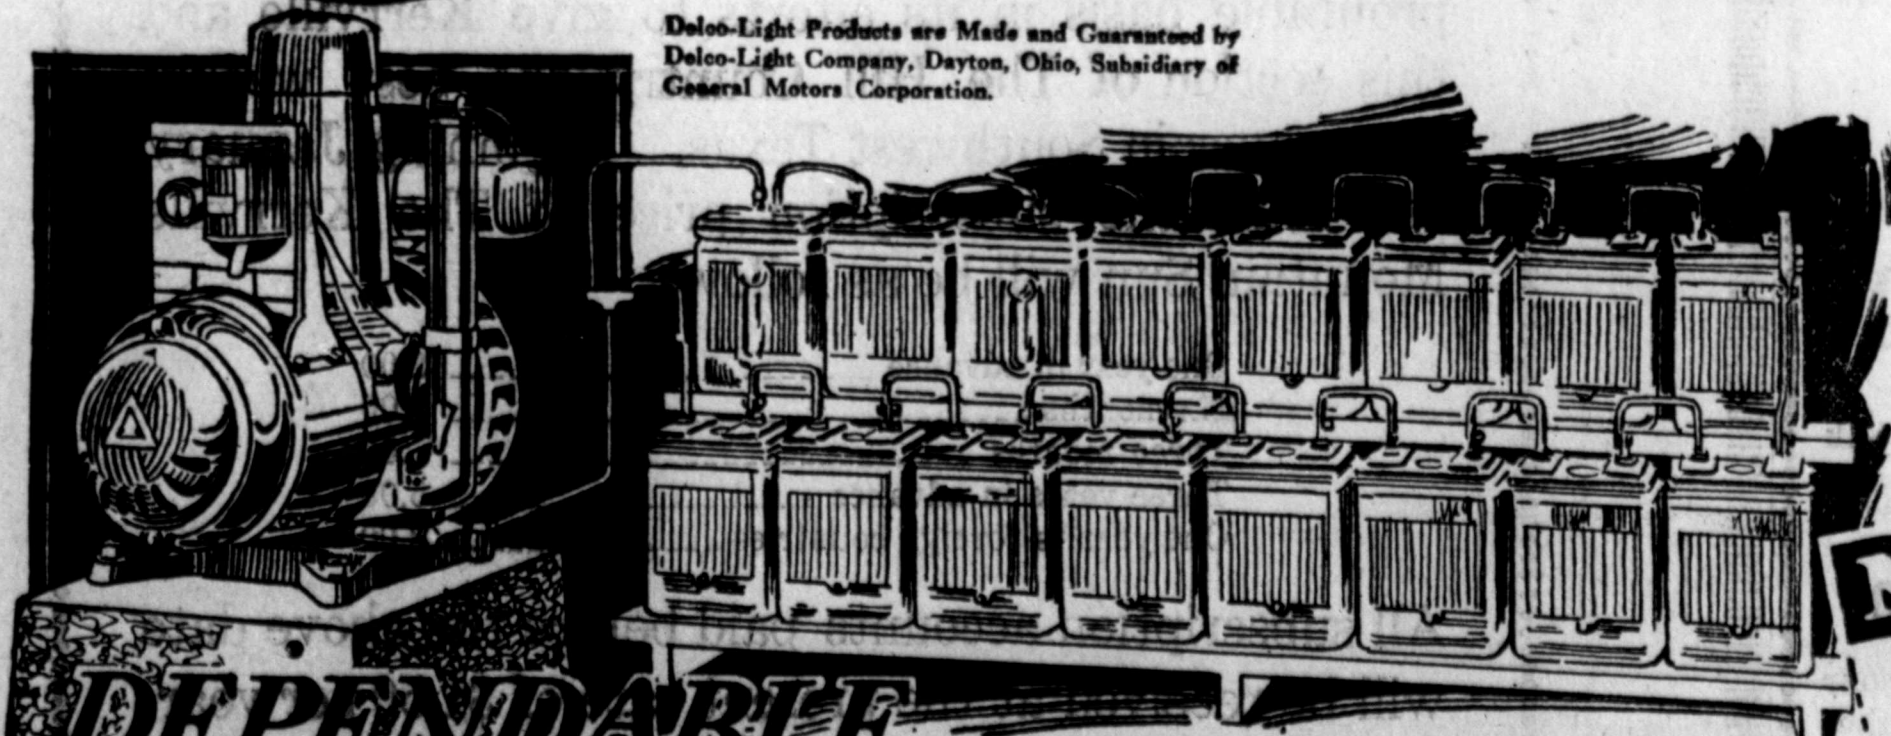

Through the wonderful benefits of co-operative buying you can now give your family that joy and happiness that is only possible through electric light and power. You will have power to do the chores, for the washing machine, the separator, the churn, the feed grinder; electricity to heat the iron, to pump the water, and light—clean, safe, economical light that transforms your home from a place of danger and gloom to one of cheerfulness and deep content.

The number of plants that we have arranged to get on this plan is limited. You will have to act quickly. You will have to respond immediately. But the terms are so generous, the price so low, the advantages so great that if you ever at any time in the future expect to modernize your home, to make it a better, healthier, happier place in which to live and work, *now* is the time to do it.

Don't wait one minute. Simply mail the coupon. This does not obligate you in any way. It merely indicates that you are interested, and we will send you full details of the plan; we will tell you of the wonderful savings, and quote you a price such as you have never believed was possible. Mail the coupon or telephone now. This is the first time such an opportunity has ever been offered, and it may be the last. Act *now* if you want to save.

**FRED P. MANN DISCUSSES
 ON BUSINESS OPPORTUNITY**

Dallas News: "Advertising is the greatest sales medium of the present day and without it there can be no real success." Fred P. Mann, wealthy merchant of Devil's Lake, N. D., who does a \$600,000 business annually in a town of 5,000, declared in an address before visiting merchants and Dallas business men in the auditorium of the Chamber of Commerce at Dallas recently.

He is accredited with being one of the outstanding business successes of the United States. He was brought to Dallas by the Dallas Wholesale Merchants' Association to speak daily before the buyers on questions, with which he has been confronted in his 31 years' experience in the operation of his store at Devil's Lake.

"In the early days I learned two invaluable lessons," he said. "The first was that doing business on a cash basis is one of the soundest principles in America today. The second, and equally important, was that, regardless of what a man has to sell, he must advertise it."

"People are most frugal and more saving when they are buying on a

cash basis. You will not lose your trade and will be helping yourself and your patrons by this system."

"Getting back to advertising. The man who figures he is throwing money away when he advertises is missing one of the greatest opportunities and making a serious mistake."

Here he told of the tremendous volume of merchandise handled daily by the big mail order houses, and attributed the bulk of their sales to their advertising.

"You cannot blame the people for buying mail order goods when you do not advertise at all," he said. "Few establishments, even the largest in the country, pay out more than 2 or 3 per cent of their gross receipts on advertising. But the heaviest advertisers reap the biggest profits."

"Let the people know what you have in stock," he declared. "Ask their support and consideration and you will get it. The silent message of advertising in the newspapers, the solicitations you make to the people through such medium, the information thus divulged, will mean a small or large fortune to you."

"In America today 95 per cent of the grocers do not advertise at all. They do not think it pays. But look at the daily papers at any time and you will find the Piggy-Wiggy stores prominently mentioned in well arranged and attractive ads. It has paid this system handsomely, and you can get the same results."

Touching on the departures from the old methods of business, he spoke of the new methods of placing the goods out where the customer can see them from a close-up view. This is a form of advertising and has proved that the people are becoming more and better educated in buying. The card system of showing prices on the various goods was also heartily commended.

"During my week's stay in Dallas," he said, "I hope to get the manufacturers, jobbers and retail business men of Dallas all together on one occasion. At this time I shall attempt to counsel with them on the advisability, the necessity, of the closer co-operation."

"The manufacturers and the jobbers are friends to the merchants of the Southwest. When your business goes wrong, and it seems impossible to meet your payments for goods, do not try to put the matter off. Go direct to the credit men of the institutions and tell them your troubles. You will find that they are more than ready and willing to help you. In closing, let me emphasize, as I did when I started—advertise and sell on a cash basis."

The San Antonio Wholesale Merchants' Association has arranged to have Mr. Mann spend a week in their city during next month, and have promised to send him to Kerrville for a two-hour talk to the local merchants.

The upper Mississippi bottoms are threatened by a drainage scheme. These bottoms are the most prolific spawning grounds for black bass and other game and food fishes, and to the Bureau of Fisheries they are invaluable for stocking lakes and streams. The bottoms are the natural feeding grounds for ducks, brant and geese, mink, muskrat, raccoon and many other kinds of wild creatures. The promoters have pledged \$7,000,000 toward the project and will ask Congress to appropriate \$14,000,000. Most of this drainage tract will produce farm land of little value even when drained, according to prominent experts of agriculture.

"If you had to pay the farm wife a salary based on her actual worth, she could command at least \$3,800 a year, as seamstress, laundress, cook, nurse, assistant hired man, general manager and several other tasks," declares Professor Ruby Green Smith of Cornell.

**"AIN'T WORTH A DURN,
 AND NEVER WILL BE!"**

The Progressive Farmer: In one of our Southern mountain counties there used to be a clerk of the court who administered oaths in his own peculiar fashion—translating the stilted language of the statute books into vigorous, every-day, home-spun English of his own. On one occasion he was officially "swearing" a man as to the latter's insolvency—the "debtor's oath."

"Do you swear," the clerk asked, "that you ain't worth a durn and never will be?"

"I can swear about the first part but I don't know much about the last," parried the applicant.

"Well, if you know you ain't worth a durn now, everybody else knows you never will be. Kiss the Book!"

This story has been told as humor—and it is indeed good enough humor. But to us the story also suggests a pathetic background of tragedy. In nearly every rural community there is some man who so far "has never been worth a durn," and consequently (like the court clerk in the story) he takes it for granted that he will never be. He farms in a slipshod way, is a slave to "time prices," and never gets ahead. He stays in a rut largely because he is not trying to get out. He lacks faith in himself. "Everybody else knows," as the court clerk said, "that he will never be worth anything."

The tragedy of such a life ought to appeal to all of us—and especially to the man himself. Just because a man has gotten to be thirty-five, forty, fifty or even sixty years old without amounting to anything—that is no reason why he can't yet do something if he will only take hold of himself and resolve to make the most of the years that are left to him.

In many such cases, the wife, by showing confidence in her husband—encouraging him and inspiring him by her faith—can get him to "turn over a new leaf." In other cases, the man's boys and girls, by enlisting in club work and getting their father to go along with them along new lines of progress—they may be able to turn the trick. In some cases a kinsman or neighbor may diplomatically lead the man-in-the-rut into adopting this or that new policy until after awhile he becomes a man-out-of-the-rut, ready for many a new adventure in progressiveness.

"That there should one die ignorant who had capacity for knowledge," said Carlyle, "that I call a tragedy, even though it should happen more than twenty times a minute—as indeed by some computations it does." In like fashion, we should say that for any man to die in the rut of poor, shiftless, out-of-date farming, "not worth a durn," when he had capacity to make a man of himself—that we call a tragedy. Maybe the man has failed because nobody has shown any faith

or confidence in him. Everybody has let him feel that he "ain't worth a durn and never will be," and he has simply given the world what it expected and asked of him.

Is there not within the acquaintance of each one of us some man of this type whom we might encourage, inspire, awaken, arouse, and so make over before it is too late? What finer satisfaction could we have than the knowledge of having enabled some human being to transform a lifelong failure into an unexpected triumph and worth-whileness at last? Should not such a rescue indeed entitle one to some part in the promise of the Ancient Prophet:

"And they that be wise shall shine as the brightness of the firmament; and they that turn many to righteousness, as the stars forever and ever."

**UVALDE RANCHMAN CAUGHT
 10,000,000 FLIES IN TRAPS**

Uvalde News-Leader: Ed Smith, ranchman, has been troubled more this year than for many past years with the fly pest. He has kept his hospital traps filled with goats and other stock suffering from worms. He has a large ranch, so he decided that he would do all he could to cut down the fly nuisance.

Whenever he finds the carcass of a dead animal he proceeds to burn it, rabbit or anything else that breeds flies. He also secured models from the United States Entomology Service at Uvalde and constructed a number of fly traps. These he baited with the egg preparation. "This preparation is the best I know of," said Mr. Smith. "It is easy to carry and will last ten days or so and the flies take to it."

"Have you any idea how many flies you have caught?" we asked him. He informed us that one day he kept count at a trap for 40 minutes and counted 4,200 flies that he caught. "It is not unreasonable to say that I have caught at least 10,000,000 flies," said Mr. Smith. "If all ranchmen would do the same thing and especially burn up their dead stock it would be a big saving and with the addition of the traps I believe that the fly nuisance could be abated to a great extent."

Some of the leading ranchmen of this section have taken up the campaign of trapping flies on their places and the movement is gaining ground rapidly. Chas. Real has taken up the work at his ranch on Turtle Creek and is getting his neighbors interested. Some of the large ranches on the Divide have used fly traps with great success, and the hearty co-operation of all the ranchmen in the Hill Country would result in a great annual saving from the fly nuisance if it could not be abated entirely.

The Kerrville Mountain Sun, \$2.00 per year, after January 1st, 1924.

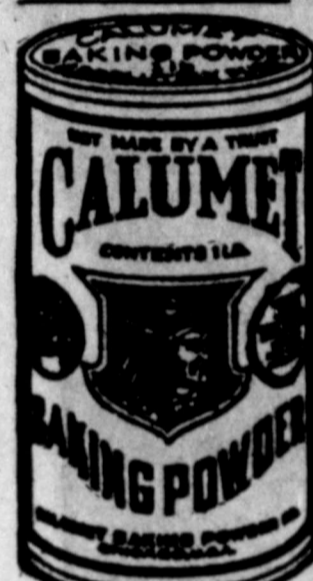

BUY

more of his products. Every sack of flour you buy gives the farmer a boost. It increases the demand for his wheat. He needs your support. Use more of the good, wholesome flour that is made from his wheat. Bake often but use

CALUMET

The Economy BAKING POWDER

because it is false economy to buy a leavener that sells for a little less, it many times means complete loss of the ingredients used on bake-day.

Practice real economy by using Calumet. It never fails to produce pure, sweet and nutritious foods. Costs less per baking. Goes further—lasts longer.

LEGION LIGHTS

Mrs. L. J. Brown, nurse, will spend her vacation in Mobile, Ala.

Miss Mildred Dobson of Newark, N. J., reported for duty at the hospital Sunday.

The motion picture program last Friday consisted of a Cecil B. De Mille production entitled "Forbidden Fruit."

A large number of the patients and personnel were present at the Red Cross recreation hall to receive news of the Dempsey-Firpo fight.

Miss Edna Ward, dietitian, will spend her vacation by visiting her former home in Maine.

A very interesting set of drawings was made by Paul John Kelly, who is a patient in the hospital.

Miss Helen S. Ryan, assistant librarian, was recently transferred to Veterans' Hospital No. 81, the Bronx, New York.

Col. Cook, the commanding officer, left Monday noon for Washington, D. C., where he was ordered for a personal conference with the Director of the U. S. Veterans' Bureau.

Miss Florena Cleaves will start upon her vacation at an early date, after the completion of which she will separate from service temporarily at least.

Mrs. Harold Creglow, formerly of the Grand Rapids, Michigan, Public Library, arrived recently to assume charge of the hospital library at Legion.

A large party of nurses, aides and dietitians formed a merry group of picnickers last Sunday afternoon.

Many of the patients being admitted to the Soldiers' Hospital at Legion are transfer cases from other institutions in various parts of the United States.

The Clinical Society of the U. S. Veterans' Hospital met in the officer's assembly room at 1 p. m., Friday, Sept. 14th.

Denver, Colo., Sept. 18.—The Moffatt Tunnel Commission Tuesday afternoon awarded the contract for the construction of the Moffatt Tunnel.

DIVIDE BREEZES

William Kinsing left Tuesday to enter Schreiner Institute at Kerrville.

Messrs. Sam Williams and Richard Holdsworth are here looking over and buying cattle.

Mr. Chas. Leinweber and daughters, Misses Dolly and Tilly, motored to Kerrville Saturday.

Mr. and Mrs. Walter Merritt were guests of Bryce Snodgrass at the Dietert Ranch last Sunday.

G. F. Schreiner of Kerrville was a business visitor at the Mitchell Ranch Wednesday and Thursday.

Mr. and Mrs. Dan Franks and son, Darrell, were dinner guests Sunday of Mr. and Mrs. I. J. Wachter.

J. N. Olliff of Bandera is a business visitor here at the homes of Hays Wharton and his uncle, I. J. Wachter.

Mr. and Mrs. I. J. Wachter and son, Charles Craig, motored to Kerrville Monday where the latter entered the Schreiner Institute Tuesday.

Mr. and Mrs. T. C. Hall, and Mr. and Mrs. Tom Priour and baby, Lola, were guests of Mr. and Mrs. J. J. Sublett at Hunt Saturday night and Sunday.

Mesdames I. J. Wachter and Lee Gibson motored to Kerrville last Tuesday to meet Mrs. Wachter's niece, Miss Emma Eames, who will visit her this winter.

Mr. and Mrs. George Anderson and son, Ted, left Thursday for San Antonio, where Ted will enter Lukin's Military Academy for another year, the former returning Sunday.

Mr. and Mrs. Archie Merritt and little daughter, Kathleen, motored to Kerrville Thursday afternoon returning Friday.

A shadow was cast over our community when the report of the death of Walter Petemack was received.

In the United States District Court for the Western District -- Texas.

In the Matter of Albert Raes, Bankrupt.

The creditors of said Albert Raes are hereby notified that he has filed a petition for a certificate of discharge in bankruptcy.

San Marcos, Tex., Sept. 18.—The San Marcos Times, a weekly paper, owned by the heirs of G. A. McNaughton, has been purchased by the American Forum Publishing Company, Inc.

Denver, Colo., Sept. 18.—The Moffatt Tunnel Commission Tuesday afternoon awarded the contract for the construction of the Moffatt Tunnel.

Coat, between Kerrville and Fredericksburg about 11:30 a. m., Sept. 7th. Finder return to Colins Company for regard. F. G. DULLNIG.

HUNT HAPPENINGS

(Received Too Late for Last Week) Miss Mary Orr returned home last week after attending the institute in San Antonio.

Miss Lorena Childs of the Johnston Creek community spent the week end with Miss Annie Orr.

Mr. and Mrs. W. H. Winterborne of San Antonio spent the week end with Mrs. Winterborne's parents, Mr. and Mrs. W. H. Page.

Miss Nettie Council of Center Point returned home last week after spending several days with her uncle and aunt, Mr. and Mrs. J. C. Sing.

Little Misses Ouida and Marguerite Evans returned to their home in San Antonio, after spending the summer with their grandparents, Mr. and Mrs. W. H. Page.

New Era, Sept. 13th: The belief that prevails that lightning will not strike twice in the same place was shattered last Monday afternoon.

Among the visitors to Bandera this week were L. H. Burney of Fort Worth and Mr. and Mrs. Lee Burney of Center Point.

Mr. and Mrs. H. Vanham and son, Joe, Kerrville Thursday afternoon, returning the guests of Mr. and Mrs. L. D. Garrett, Joe leaving Monday for San Marcos to attend the Baptist Academy for another year.

Commissioners' Court met in special session yesterday and decided to continue dipping operations in this county until October 1st.

Real Estate Transfers

Mrs. N. A. Cerda and husband to L. A. and E. V. Rodriguez, lot 568, block 55, Schreiner Addition to Kerrville; \$1,400.

Miss Peabody Dies From Undertermined Malady Tuesday

Miss Peggy Peabody, 24, daughter of Mrs. Charles Peabody of the publishing firm of A. H. Belo & Company, died Tuesday forenoon at Thompson's Sanatorium, where she had been a patient since last May.

On account of the rise in the river it was impossible to bring the body across until 2 o'clock Tuesday night. Funeral services were conducted at the Episcopal Church at 11 o'clock Wednesday forenoon, following which shipment was made to San Antonio for an autopsy to determine the exact cause of death, after which the body will be cremated Thursday and sent to Cambridge, Mass., for burial.

Mrs. Chas. Peabody, mother of the deceased, who has been with her since May 14th, accompanied the body to San Antonio, where she expected to be met by her daughter, Mrs. Le Grand Cannon Jr., of New Haven, Conn., and Ennis Cargill of Houston, a cousin of Mrs. Peabody.

Other surviving relatives are: Charles Peabody, the father, who now is teaching school in Paris, France; a brother, A. M. B. Peabody, who is attending Phillips Academy at Andover, Mass.; a sister, Miss Carryl Peabody, who is at Chocoma, N. H.

The nature of the malady from which Miss Peabody was suffering never has been determined definitely, although in addition to the physicians connected with the sanatorium, specialists from San Antonio and Boston had been called into consultation. For this reason the autopsy was decided upon, to be followed by cremation.

Miss Peabody was born in Vermont, November 14, 1898.

Subscription Honor Roll

Many new subscribers are being received by this paper every week, and renewals are coming in at a steady rate, which is very encouraging to the publishers, and leads to the belief that the readers appreciate the efforts being put forth to give them a good newsy paper. Many old subscribers are taking advantage of the opportunity to push their subscription ahead a few years now, before the new subscription rate takes effect the first of the year.

The following have either subscribed or renewed the past week to the Kerrville Mountain Sun:

D. C. McCleery, Jno. R. Leavell, B. L. Wiedenfeld, Otho Morris, W. H. Burrell and John Sturdivant of Kerrville; F. Ruth Maxwell and L. A. Leinweber, Ingram; Burman Farris, Harper; Minnie Dietert, Denton; A. G. Walker, Legion; Miss Edith Leinweber, Richards, and Mrs. Robt. Corby, Clarkie, Idaho.

Glycerine Mixture for Gas on Stomach

Simple glycerine, buckthorn bark, etc., as mixed in Adlerika, helps any case gas on the stomach in TEN minutes. Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel and removes all gasses and poisons. Brings out matter you never thought was in your system. Excellent for obstinate constipation. Guards against appendicitis. Kerrville Drug Company, Kerrville, Texas. (Advertisement.)

SCHREINER INSTITUTE OPENED DOORS FOR FIRST TERM TUESDAY MORNING

(Continued From First Page)

the young men would be as welcome to attend that denomination.

Prof. J. J. Delaney, president of the Institute, closed the program with announcements relative to the courses of study, etc., and called upon any one who wished to make any statement about the school. H. C. Robinson responded at the request of the president and praised very highly the outlook for the school and also the people of Kerrville and the Hill Country for their whole-hearted friendship and good will.

After the close of the program Director of Athletics J. C. Oehler called the boys together and fifteen cheers for Captain Schreiner and for Schreiner Institute were given.

Registration of the students and arrangement of the courses of study were then begun and actual work was under way Wednesday morning.

San Antonio Express, Sept. 17: On a day of late, a day notable in the annals of all Kerr County and of all Southwest Texas, visiting Presbyterians joined with all of Kerrville in laying the cornerstone of the new Schreiner Institute on a splendid site overlooking the stately flow of the Guadalupe.

It was an occasion filled with the makings of history that is more than local. It not only meant much to Kerrville, but it meant more to the youth of Southwest Texas and much to Capt. Charles Schreiner, the rugged pioneer in the development of much of this section, and to whose generous nature and continued benefactions the institute will owe its existence. Dedicated to and by Presbyterians, it is in keeping with Captain Schreiner's whole life that the school is to be open to all who subscribe to its course of study and obey its rules. There was never anything circumscribed in Captain Schreiner's activities and there is nothing of that nature in his latest and one of his longest-lived acts. Coming to America in his early manhood, this man who has lived the things that other Texans are wont to talk about, set about fashioning a State out of the wilderness. His energies are enfeebled through age, but the net results of his career will live long after those of many whose names have been blazoned more freely in the public prints are faded memories. Born in Alsace, a corner of Europe

that has been the starting point of many conflagrations, Captain Schreiner was bred with the qualities that have made his countrymen heroic through every trial of war and the greater trials of peace. That little piece of soil furnished Bonaparte with many of his brilliant generals. Discussing with accustomed sangfroid Marshal Kellerman, Napoleon once said, "He speaks in German, but he sabbars in French." Captain Schreiner, to borrow the "Little Corporal's" simile, was an American from the day he landed in America and all the favored land of San Antonio territory is bigger and better because he left Strassburg to come here.

GENERAL RAINS FALL OVER HILL COUNTRY THIS WEEK

(Continued From First Page)

An embankment a short distance this side of Center Point was washed out, but it is thought that it will be replaced before the end of the week. One of the abutments on the new bridge of Quinlan Creek settled a few inches, but was repaired at once and traffic suffered no inconvenience as a result of the settling.

All bus schedules were resumed Wednesday morning and, although running a little late, good time is being made. Service to San Antonio was cut off all day Tuesday, but the Junction schedule was never interrupted.

FRIO AT LEAKY SETS NEW HIGH WATER MARK

Uvalde, Tex., Sept. 18.—Heavy rains at heads of canyons have caused big rises in the Nueces and Frio Rivers. The Nueces reported 25 feet rise at Barksdale, washed off Rhodes' house below Barksdale and many head of stock. The river is up within five feet of the railroad bridge at Hacienda.

The main Frio at Leakey is higher than ever known and is running big at the crossing of Uvalde-San Antonio Road. Reports from Concan state a 30-foot rise. Several losses of goats are reported.
