NUMBER 18

CHAMBER OF COMMERCE IN ANNUAL MEMBERSHIP MEET

Regular Session Held Wednesday at St. Charles Hotel—President To Be Named Today.

Four members of last year's Board of Directors of the Kerrville Chamber of Commerce were re-elected and three new members added to the Board, after the constitution and by-laws of the organization had been amended to include the additional Directors.

The above, in brief, is a report of the annual membership banquet and election of officers of the Kerrville Chamber of Commerce held at the St. Charles Hotel Wednesday night.

The officials re-elected were Howard Butt, Julius Real, W. A. Fawcett and E. H. Prescott, and the new members added to the Board were E. Yarbrough, N. B. Smith and Chas. L. Mason.

The Board of Directors, now composed of fifteen members, will meet this forenoon and select from their number a president of the Chamber of Commerce for the ensuing year.

Mrs. Amy Wallace, secretary-treasurer of the organization, rendered a lengthy but interesting report of the previous year's work of the body. The report shows that the Chamber of Commerce has been a real vital power in the upbuilding of Kerrville and the Hill Country during the past year, the roster of their accomplishments showing many worth while projects put through to completion and many more in the process of construction at the present time. Her report is reproduced in full on another page of this issue of The Sun.

Herbert L. Crate had charge of the amusement features of the evening.

PROSPECTS NEVER BETTER FOR BUMPER CROPS IN HILL COUNTRY

Farmers and Ranchmen From All Sections Declare Conditions Best in Number of Years.

Day by day, in every way, the crop prospects of the Hill Country are getting better and brighter, and, barring some unforeseen calamity, the coming season should be a record-breaker in all respects.

While the farmers and ranchmen have learned by past experience that it is "best not to count the chickens before they are hatched," still they cannot help feeling optimistic over the flattering outlook.

With the spring clip of over a million pounds of mohair already sold at an average of better than 71 cents per pound; all indications pointing to one of the greatest wool crops in history with good price for same; stock of all kinds in good shape and range in excellent condition; wheat and oats looking fine, and prospects bright for all other field and truck crops, is it any wonder that when a farmer or ranchman finds time to come to town his face reflects general satisfaction and that he is ever ready to talk about conditions in his section?

In chatting with a representative of The Sun last Saturday, the following reported conditions in their sections as follows:

Henry Barton, Turtle Creek—"Wheat and oats in my section never looked better at this time of the year, and prospects are good for another fine crop. Stock of all kinds are in good condition regardless of the late cold weather."

Harry Williams, Lamb's Creek—"Everything looks fine out our way and prospects are better than in many years."

Wm. Boeckmann, Town Creek—"Things couldn't look any prettier than at the present time."

Wiley Anderson, Edwards County—"Sheep and goats doing fine and cattle actually getting fat already on the range. The last frost did not hit us."

Marcus Auld, Real County—"I'll say stock of all kinds are looking good, especially goats. Our section escaped the late frost and the timber is in full leaf."

Elmer Real, Divide—"Cattle, goats and sheep all doing fine and prospects excellent for a grain crop. The insects which destroyed the grass in the winter are still in evidence, but the grass is growing too fast for them to keep it down now."

W. R. Peril, Reservation—"Conditions in our section are the best ever for stock and grain crop. Cattle wintered well and are looking better than for many years at this time of the year."

Robt. Real, Live Oak—"Range conditions were never brighter for this time of the year than at present. Sheep and goats are in fine condition and wool will be exceptionally good on account of the sheep having wintered well."

John Massey, who had just returned from dipping cattle in the Cypress Creek neighborhood, reported grain prospects the best he had ever seen at the time of the year. Mr. Massey also reported stock of all kinds in that section doing fine.

WIDENING OF WATER STREET TO BEGIN WITHIN SHORT TIME

Width to Be Increased Approximately Nine Feet for Distance of Three Blocks on North Side.

Widening of Water Street for a distance of three blocks in the business section seems assured following a meeting of owners of property along that thoroughfare Tuesday morning.

The widening will affect property between Washington and Clear streets. Approximately nine feet will be added to the width of the main business artery on completion of the work.

Practically all of the property owners along Water Street within the three block limit were in attendance at the meeting, held in the Chamber of Commerce offices. The best of harmony prevailed and no friction was encountered in the proposals discussed for the project.

According to present plans, the entire strip to be added to the street will be taken from property on the north side of the thoroughfare, more space being available on that side without the necessity of remodeling buildings.

An agreement was reached at the Tuesday morning meeting for the dedication of the ground by the property owners on the north side of the street, with those on the other side paying for the expense of widening and rebuilding of curbs and gutters.

The plan was agreed on by all present, and a committee consisting of D. H. Compartment, W. A. Fawcett and Chas. Rawson, was appointed to present a written agreement to each individual property owner for signature. The work will get under way as soon as possible after all property owners have signed the agreement. It is believed all signatures will be obtained before the end of the week.

The work is to be done at this time in order to have the widening finished before the laying of pavement is begun in the downtown section, which is expected to reach here early in August.

With the widening of Water Street it is believed the present congested traffic conditions will be relieved considerably.

HOME DEMONSTRATION AGENT TO BE EMPLOYED FOR KERR COUNTY

Commissioners' Court Appropriates Necessary Funds at April Term Held Monday Morning.

Employment of a home demonstration agent for Kerr County was made possible by the appropriation of sufficient funds for that purpose by the Commissioners' Court in regular session Monday morning.

Miss Bennie Campbell and W. H. Darrow, district extension service supervisors, were here Monday in the interest of the proposal and succeeded in closing the contract.

No information was available as to who would be sent here to fill the newly created office, but an efficient trained worker will be sent within a very short time to assume the work.

With the creation of the home demonstration office the ladies of the County will receive the same help and advice concerning their household work as the men do in their farming and gardening duties.

The demonstration agent will conduct schools in canning, preserving, sewing and other similar work. She will, in other words, be a lady County Agent.

In addition to the appropriation of \$1,200 for a year for a demonstration agent various claims against the County were audited and approved at the April session. Among them were the bills for highway maintenance under the contract with the State Highway Department.

Road and bridge funding warrants totalling \$3,500 were also issued.

Arrangements were completed for the taking over by the State Highway Department on May 1 of the highway through Kerr County together with the machinery used in maintaining it. Such action carries out a mutual agreement between the State and County and cancels the county maintenance contract.

The school trustee elections held April 5 were cancelled and the results tabulated. Chas. Schmidt was declared elected in Commissioners' Precinct No. 3 and W. H. Page re-elected in No. 4.

VALUE OF RED CROSS SHOWN BY REPORT OF MONTH'S WORK

The service value of the Red Cross locally is clearly shown by the report of Mrs. G. M. Doyle, Executive Secretary of the Kerr County Chapter, covering the work for the month of March.

Forty-one interviews were held with ex-service men in the office of the chapter at 625 Water Street in addition to 14 visits to wives of ex-service men in their homes.

Mrs. Doyle also visited the Vocational Training Schools for war veterans in San Antonio.

Services of a minister and bugler were secured for funerals which were

attended by the secretary at which she acted as organist.

Between 50 and 60 letters were written. Compensation papers for three men were filed and affidavits for another secured.

Loans and grants to transients amounting to \$62.84, about half of which is uncollectable.

Mrs. Doyle helped to plan three parties for patients at Legion and was in attendance at each of them. She visited Scofield School and Tivy High School in the interest of Junior Red Cross.

Sheets, pillow cases, towels, blankets and wearing apparel were secured for a loan closet.

Employment for seven persons was found through the local Red Cross office during the month.

SEWER CONNECTIONS MUST BE MADE AHEAD OF PAVING

Ordinance Fixing Heavy Penalty for Cutting Pavement to Be Passed; Property Owner Pays Cost.

All service connections to the new sewer system must be made on Water Street before the pavement is laid or a heavy penalty will be assessed for cutting of the pavement to make the connections, according to Mayor A. T. Adkins.

All property owners are urged to make immediate arrangements to install connecting lines at least within the side walks limits, Mr. Adkins states.

This does not mean, however, that upon completion of the service connections the sewer can be used. The mains will not be opened for use until the entire system and disposal plant is finished. Hence the street connections are urged instead of connections all the way to the house. They may be put in, however, but cannot be used until the entire system is turned over to the city.

It is very important that all service connections be made in advance of the paving, not only because of the saving to the property owner but on account of the damage to the pavement and the cost of maintenance afterward.

A heavy cost is attached to cutting the asphalt pavement to be laid because of its hardness. Once a cut is made the cost of repairing and maintenance is also high. The dirt under the surface where the cuts are made settles and cause cracks in the pavement.

An ordinance is to be passed within a short time by the City Commission fixing a heavy penalty for cutting any pavement that may be laid in the city after it is finished.

"The proper thing to be done," said Mayor Adkins, "is for the property owners to make immediate arrangements to install their service connection in order that pavement will not have to be cut or torn up after being laid. Connections with fixtures can be made at a later date."

ADMINISTRATION BUILDING AT THOMPSON'S NEARS COMPLETION

New Structure Modern in Every Way to Provide Accommodations for Offices and 50 Patients.

The new fireproof administration building at Thompson Sanatorium, a short distance west of the city, is rapidly nearing completion and will be ready for occupancy early next month.

The structure is built of concrete blocks and is practically fireproof throughout. It is situated immediately in the rear of the present building used for offices, kitchens, etc., and faces about southeast.

The building is 200 feet long across the wings, 145 feet deep and two stories high. It is built in the form of a "T," but resembles the outlines of an aeroplane, having two short wings on the rear. The perimeter of the entire structure is approximately 765 feet.

Every modern convenience has been utilized to facilitate proper service for tubercular patients. A large sun parlor on the second floor and a roof garden add to the comfort and pleasures.

The patients' rooms are 12x14 feet in size with closed toilets, lavatories and screened sleeping porch adjoining. Two wide French doors open from each room onto the sleeping porches. Every room has two entrances and at least two windows.

An interesting item is that more than 200 doors are found in the building with approximately 165 large windows. Sleeping porches are 10x80 feet and give ample sunshine. The interior is finished in a pleasing gray with black trimmings.

The reception room is located in the central part of the building at the entrance. It is 26x42 feet in size with a large fireplace built of cobble stones. Opening into the reception room are the various offices, examination rooms, X-ray room, etc.

The dining room measures 34x28 feet and is back of the reception room and in the center section of the building. Back of it are the kitchens, dishwashing room, etc. In the rear section of the building is located the re-

frigerating plant, employing the Frick system, considered one of the best.

In the basement are located the steam heating plant, laundry, etc.

Quarters for nurses are also provided in the building. A narrow screened porch extends along the rear of each wing, used for service to the various rooms.

An annunciator system with call buttons in each room and in the tile cottages on the grounds is provided. The building is all electrically lighted with current supplied from the city light plant.

Floors throughout the building are made of composition, giving a finish similar to cement.

A standard Barret 5-ply roof covers the building with over 18,500 square feet of floor area.

The new building was erected with day labor under the supervision of R. K. Thomas of Cleveland, Ohio, who was also architect for the structure.

The electrical work was installed by the Van Horn Electric Co. and the plumbing and steam heating by W. B. Brown.

The total cost of the building is estimated to be \$70,000.

The old building will be razed and the material used in the construction of a dairy barn to house the herd of nearly 100 cows.

KERR COUNTY GAME PROTECTIVE ASSOCIATION BEING ORGANIZED

Local Sportsmen Banding Together For Conservation and Protection of Fish and Game.

Deputy Game Warden J. W. Gildart, assisted by several local sportsmen, is busy organizing the Kerr County Protective Association for the conservation and protection of the fish and game resources of this section. An entrance fee and assessment combined of a dollar for one year is being collected, and the fund thus raised will be used for the purpose of giving proper publicity to the game laws prevailing in the county for the benefit of the many visitors and campers, and asking their hearty co-operation and assistance. The members also agree to assist the authorities in the enforcement of the game and fish laws by reporting all flagrant violations of same that may come to their knowledge.

The membership lists will be circulated all over the county and carry the following heading:

"We, the undersigned citizens of Kerr County, being interested in the conservation and propagation of the fish and game and realizing the necessity for co-operation in order to protect same, have subscribed and paid the sum of one (\$1.00) dollar as an entrance fee and assessment for one year, in an organization to be known as the Kerr County Game Protective Association. The purpose of said organization is to assist in the enforcement of the game and fish laws by giving to the general public all information and assistance possible and reporting to the proper authorities any flagrant violations that may come to the knowledge of any of its members.

"It is understood and agreed that there will be no other assessments for a period of twelve months from May 1, 1924, and that the funds derived from the entrance fee shall be used for the purpose of giving proper publicity to the game laws and customs now in usage in this county, and such other purposes as its members may direct."

When the organization is completed the list of members will be published and a meeting called for the election of officers, round-table discussion of conservation and protection measures, etc. It is also expected that the Kerr County Game Protective Association will be of great assistance to the conservationists of the State in the matter of needed legislation looking to better protection in general.

KERR AND KENDALL COUNTIES FORM PURE SEED ALLIANCE

Boerne Man Heads New Organization of Farmers—Considered One of Best Agricultural Moves.

Nine progressive farmers of Kerr and Kendall Counties met in Comfort Monday morning and organized the Comfort Pure Seed Association.

Officers were elected as follows: Gus Wollschlaeger, Boerne, president; K. A. Holekamp, Comfort, secretary; Victor Boerner, Comfort; George E. Meeks, Center Point, and Fritz Sauer, Comfort, inspection committee.

Other members of the organization are Willie Sabban, Wm. Boerner, Wm. Karger and F. G. Holekamp.

According to A. K. Short, Extension Agronomist from A. & M. College, this is one of the best and most constructive steps in the whole South.

The members of the association have pledged themselves to keep their seed pure and improve that high standard of quality which the field seed of this country has already attained.

A general reception and celebration will be held in Louisville, Ky., June 16 to 22, and that week is to be known as Kentucky's 1924 Home Coming Week. All ex-Kentuckians are invited to attend the gathering and, if interested, should write Sam P. Cochran at Dallas.

We Laugh at Casey

Copyright 1922 by W. C. S.

Casey—"Phwat's a bank?"
Maloney—"Well, it works like this: For instance Oi puts money in the bank and ye draws it out."
Casey—"But how does the bank make anything?"
Maloney—"Sure an' it's like this, Casey. They either knock down part of phwat Oi put in or short change ye on phwat ye draw out."
We all like to laugh at the ignorance of Casey and his friends but it is a fact that nearly all the people would be better off if they KNEW MORE about banks and what the banks can do for them.

This is the first of a series of "Little Banking Stories" which will attempt to explain the many helpful things your bank can do for you if you will only give it the opportunity.

Read them carefully—think them over—they may be worth many dollars to you.

ESTABLISHED 1869
KERRVILLE, TEXAS

JUDGE REAL NAMED KERR COUNTY DELEGATE TO CENTENNIAL MEET

Convention Here Saturday Featured by Interesting Addresses—R. A. Franklin County Chairman.

Between 15 and 20 delegates from nearly every civic, municipal and educational organization in the city gathered at the Court House last Saturday afternoon and formed a permanent centennial organization for Kerr County.

An invitation had been extended to every school district in the county to send one delegate to the meeting, but only one or two were present.

Judge Julius Real was selected as Kerr County's delegate to the district convention in San Antonio Saturday afternoon. Raymond A. Franklin was named county centennial chairman.

E. H. Prescott, president of the Chamber of Commerce, acted as chairman pro tem and opened the meeting with an explanation of its purpose.

After explaining all the details of the centennial Mr. Franklin was asked to give a short summary of the history of Texas. He touched on some of the details of the vicissitudes of the Lone Star State and summarized the cause of the war for independence from Mexico, giving details of the main battles of the struggle.

Judge Real followed with a few words concerning the early history of Kerr County and heartily endorsed the centennial celebration.

A move was then made and seconded that a permanent organization be formed and R. A. Franklin was elected county chairman without opposition.

Then came the selection of a delegate in which Judge Julius Real was named. R. A. Franklin was also nominated, but requested withdrawal of his name although it was not accepted.

Judge Real will attend the Senatorial District Convention in San Antonio Saturday afternoon as Kerr County's delegate. Two directors for the permanent board will be named at the convention.

COUNTY-WIDE PECAN BUDDING WORK SLATED FOR FRIDAY AND SATURDAY

Four Experts to Assist County Agent Yearly With Campaign—6,300 Buds to Be Grafted.

The gigantic pecan budding campaign for the improvement of native pecan trees of Kerr County will take place Friday and Saturday, April 18 and 19, according to announcement by County Agent J. C. Yearly.

A budding demonstration will be given in each community at which time buds, knives, wax, etc., will be delivered to those who are participating in the work. Each man is expected to provide himself with a sharp pocket knife and a ball of cotton wrapping twine.

Four experts have been secured to assist County Agent Yearly with the work in order that it may be completed within the two days time. They are W. H. Darrow, District Agent; Frank Willmann of the State Department of Agriculture; J. A. Oswalt and R. S. Miller, County Agents

SCHOOL OF INSTRUCTION FOR EASTERN STAR NEXT WEDNESDAY

Worthy Grand Matron Guest of Honor—Delegates From Other Points Expected to Attend.

Next Wednesday Kerrville Chapter No. 24, Order of the Eastern Star, will entertain Mrs. Norton B. Wellborn, Worthy Grand Matron of the State of Texas, and other Grand Officers, in an all day meeting. Plans for the entertainment include a school of instruction to be held in the First Baptist Church. The program begins at 9 a. m. and includes a luncheon at noon, closing with a night session.

The program for the morning session follows: Invocation, E. Galbraith; welcome address, Hy. Swayze; response, Mrs. Leah A. Druff, treasurer of Center Point Chapter; exemplification of secret work, signs and passes, Mrs. B. Rawlings, member of Grand Examining Board; study of constitution, Worthy Grand Matron.

At 2 p. m. the afternoon session will begin with a study of the ritual, conducted by Mrs. Birdie J. Easterling, District Deputy Grand Matron, followed by a parliamentary drill under the leadership of Miss Estelle McDonald, assistant District Deputy Grand Matron.

The night session will begin at 8 o'clock with an exemplification of the degree work by the local Chapter, under supervision of the Grand Officers, which will be followed by an address by the Worthy Grand Matron. After a round table discussion by delegates to the school, which includes all the Eastern Star Chapters in the Hill Country as well as San Antonio and other nearby places. After the delegates have been given an opportunity to respond to the query "Helps I Have Received From the School," the school of instruction will be closed.

After each session examinations will be held on ritual, constitution and secret work by Mrs. B. Rawlings, member Grand Examining Board.

All members of the Eastern Star are cordially invited to attend one or all of the sessions.

Messrs. C. A. Gordon, S. D. Conner, A. G. Beach and E. J. Powell of Coleman were Kerrville visitors the first of the week on a prospecting tour. The gentlemen were all highly pleased with the Hill Country and the fact that they left for their homes with the promise of an early return indicates their selection of this city as a good location.

PITTSBURG GLASSERS WHITENASH
LOCALS IN LOOSELY PLAYED GAME
Stevens Lets Athletics Down With
Three Blows—Errors Frequent
in Domestic's Play.

Sunday's game was a disappoint-
ment to the several hundred rooters
who expected the Athletics to retrieve
the laurels they lost a week ago.

It was not possible for the locals to
win with Stevens putting the stop
valve to the extent of three scattered
hits and two possibly more runs
which were enough to win. The final
score stood 7 to 0.

As compared with last Sunday's
game it was interesting from a dif-
ferent viewpoint. There were no
breath-taking long hits. But one
three bagger was poked. There ap-
peared to be a "jinx" over the left
side of the infield which a change of
players did not offset. The visitors
seemed slightly affected by it also
and several put-outs which seemed to
admit of wide margins which were
barely accomplished.

It is seldom to be seen that in a
game where there are repeated set-
backs a player's putout can be
counted as a high point in his career.
There were no outstanding
errors in judgment, but plays seemed
to be mysteriously slowed up by some
unseen force or influence.

Perhaps the continued inability to
hit what pitcher Stevens offered sur-
prised the Athletics to the extent that
it threw them off their stride. Any-
way Manager Davis appears to have
the material for a capable machine
and will no doubt develop some con-
sistent hitting during this week's
practice.

A meeting of players was held
Monday night at Pampell's Hall at
which Eddie Karger was elected to
captain the Athletics this season.
Karger responded with a short talk in
which he pointed out the many defi-
ciencies in the playing and stated that
with earnest hard work on all of the
players' parts they could be removed
and Kerrville could have one of the
strongest nines in this section.

Karger is a former Major League
hurler, retiring from professional
baseball in 1920. He has played as a
regular with the St. Louis Browns,
Pittsburgh National League club, Bos-
ton Red Sox, Cincinnati Reds and St.
Paul. As a result he is an experi-
enced veteran and his selection to lead
the local diamond next Sunday after-
noon.

the local club is greeted with approval
by all the fans.
On top of his other accomplish-
ments Eddie is a home product, being
born and reared in the Hill Country,
and has a wide circle of friends here.

Box score table for the game between Stevens and Athletics.

W. W. Speckels received a shipment
of 500 White Leghorn baby chickens
Tuesday from Geo. D. Gray, proprie-
tor of the Valley Farm at Boeris, who
is the State's largest raiser of a
breeder of fine chickens.
Speckels has decided to raise poultry
in connection with the dairy business
and is making the start with the best
stock obtainable. Next season a large-
capacity incubator will be installed
and chicken raising will be undertaken
on a large scale.

Howard Butt returned from San
Antonio last Thursday where he had
been looking after business interests.
He purchased a Reo Speed Wagon to
be used in trucking fresh vegetables
from the San Antonio market to the
Butt Grocery here and to Butt & Gar-
rett at Junction. At present the new
truck is making three trips each week,
supplying both stores with fresh veg-
etables at the lowest market price.

A change in the schedule of the S.
A. & A. P. motor car between here
and San Antonio gives the "Tooner-
ville Trolley" a little more running
time. The car now leaves here at
7:30 a. m. on the return trip at 4:10 p. m.
It arrives in the Alamo City at 10:15
a. m. and here at 7:33 p. m. The daily
train now leaves here at 2:10 p. m.,
except Sundays, when it departs at
4:05 p. m.

A TRIBUTE TO PROGRESS

The Sun wishes to voice an approval of the actions of the citizens of Kerrville and the Hill Country for the many things of public nature accomplished during the past year, and also for the many more now under process of completion and those that are contemplated for the near future. Kerrville is indeed fortunate to be the home of such a live bunch of business men and citizens generally. No community could possibly remain dormant with such boosting and progressive spirits controlling the destinies of the commonwealth. Needless to enumerate the many wonderful things accomplished during the past year—you all know them and of the lasting beneficence they cannot help but be for the Hill Country in the years to come.

One of them most important matters locally that has been undertaken in a long time is the movement that is reaching a climax this week looking toward the widening of Water Street, the principal business artery of the city. And the property owners are to be complimented on taking this proposition up just now, before the paving of this important street is put in, and not waiting until it would cost the city many thousands of dollars to widen the street, as was done in so many instances in San Antonio and other Southern cities the past few years.

One of the best records of what has been accomplished in the Hill Country during the past few years is contained in the annual report of the Secretary of the Kerrville Chamber of Commerce, read at the annual election of officers of that organization held at the St. Charles Hotel Wednesday night.

And in this connection The Sun wants to express appreciation of one member of the Chamber of Commerce during the past year—E. H. Prescott, President of that organization. To him belongs a large measure of credit for the many laudable undertakings begun during the year and for many of those contemplated for the future.

Mr. Prescott is one of the hardest working men in the entire community, but this is another instance that carries out that old saying, "If you want something done, hunt up the busiest man you can find to do it." He has a natural knack of doing big things, and is a genius on organization, so much so that many of the things accomplished during the past year have been handled entirely by members of committees without friction among the members thereof or with committees working on other projects. Yes Kerrville is fortunate to have such a man as a citizen.

Another vital force in making the Chamber of Commerce a success during the past year has been its efficient secretary, Mrs. Amy Wallace. She has been on the job constantly during the past year and has worked without regard for union hours or any such thing, taking work home with her night after night when she was unable to handle it during office hours.

Here's regards and best wishes to the Board of Directors and the individual members of the Chamber of Commerce, as well as the business people and citizens of Kerrville and the Hill Country generally. The Sun is proud of the opportunity to work with you and for you.

THE PASSING DAY

Will H. Mayes, Department of Journalism, Texas University
Three hundred and seventy-five farmers of Gillespie County have budded 25,000 pecan buds on native trees, using the best known Texas varieties for that purpose. Over 75,000 buds will be placed before the season is over. Last year in the same County some 25,000 buds were placed and the growers are so pleased that they are increasing the number greatly this year. There are many thousand native pecan and hickory trees all over Texas, that are now producing hard, small nuts, that could be worked over into profitable nut trees with small expense and in three or four years time. By neglecting this, Texas is letting a vast resource go to waste every year. Any fourteen-year-old boy can be taught in fifteen minutes to do the work, and buds for top working can be had at small cost.

Mexia has subscribed \$500,000 to build a cotton mill, and work on the plant is to be started soon. Marble Falls will soon have a \$750,000 mill under way. El Paso is erecting a large mill. San Antonio, Austin and San Marcos are considering plans for cotton mills. Nearly 20 other Texas towns are seriously considering such

an undertaking. When Texas once goes to converting its raw material into manufactured goods, an era of prosperity will begin that will quickly make it the most prosperous State in the Union. For the first time in its history, Texas now has sufficient capital to build the necessary factories. Watch Texas grow, and see that your section keeps up with the procession.

Have you noticed the kind of school houses now being built all over Texas? In cities, towns and country districts—everywhere—substantial stone and brick buildings are taking the place of the crude shacks of a few years ago. In the towns and cities bond issues are being voted to get better school facilities for the children. Weak country school districts are consolidating and building community school buildings as good as those in the towns. The construction of good roads is making it possible for children to go several miles to school with much more ease and comfort than they could once go a half mile. Many school districts are gathering the children and taking them to school in motor busses. School terms in these large districts are being lengthened, and the country child is having opportunities that have long been afforded only town children. Texas is having a great educational awakening.

Five men students at Baylor University have signed for a course in household management, a course designed to give training in the conduct of the home on the budget system, methods of preparing formal and informal dinners, banquets, parties and social functions. The first inclination is to smile at such an announcement, but after all it is not bad for the men to have some ideas as to home management, for in spite of the efficiency of the wives, there are times when the men have to attend to household duties about which they know little or nothing. And housewives are not always as efficient as they might be. However, there are so many other things for the men to learn that they are not likely to crowd into this course in great numbers.

The Texas State Exposition directors at Austin have voted not to allow any gambling devices on the grounds at the next exposition, such as the well-known wheel contests and dozens of other like schemes for fleecing the public. In other words they propose to obey the law and to have the carnival company that plays the exposition do the same thing. It is hard to understand just why traveling carnivals have so long been allowed to violate State laws. The only reason is that they are held under the auspices of some local enterprise or club that is presumed to profit thereby. Is gambling for the benefit of an aggregation of people any more justifiable than gambling for private advantage? Should officers ignore law simply because a group of citizens, rather than the individual, desires the law violated? The petty gambling at carnivals is just a step toward larger gambling. Probably the worst feature is that it inculcates disregard for all law.

Perhaps while I am on this subject, I may be permitted to say a few words about bridge parties. The woman who attends bridge parties and gambles in small sums or for an inconsequential prize, has only herself to blame if her son, or some other woman's son, grows up a gambler. The only difference between society gambling in the most richly appointed homes of the land and the negro crap game in the creek bottoms is in the setting. The principle involved is identical in both cases.

On Every Basis Buick Satisfies

CATHOLIC CHURCH NOTES

By Father Kemper

GOOD FRIDAY OBSERVANCE

Tomorrow the anniversary of our Redemption is commemorated by all Christendom, irrespective of sectarian lines.

The Sorrowful Way of the Cross will be made in St. Mary's Church when the bell is tolled at 3 o'clock.

We have always had a very beautiful Repository for the Blessed Sacrament on Maundy Thursday, but this year we have excelled ourselves.

Many impressive ceremonies take place during the liturgical functions on Holy Saturday. Among others we may mention the blessing of the Paschal Candle, of the Sanctuary Light, and of the Baptismal Font.

A special musical program has been prepared by the St. Cecilia choir for Easter Sunday High Mass at 10:15 a. m.

Last Sunday the blessing of palms was held. For the donation of these palms we are grateful to one of our helpful parishioners who had a liberal supply shipped from his homestead.

According to an annual custom the Mexicans will hold their egg-hunt and picnic on Easter. Free barbecue for all their countrymen will be provided, and plenty of games are scheduled to keep the young folks amused till dusk.

Last Thursday another brave warrior was called by death, when the summons reached Albert W. Coleman of the U. S. Veterans' Hospital.

A comparison of the first quarter of this year with that of 1923 shows an almost incredible gain from every viewpoint—spiritual, financial and numerical.

Our Sisters presented a Lenten drama Tuesday of this week in the Palace Theater in San Antonio. In some respects this dramatization has a greater appeal than even the Oberammergau Passion Play.

EASTER BEGINNING OF PRESBYTERIAN SERVICES

The special Easter service arranged for the Presbyterian Church for next Sunday will be continued through the week under the leadership of Rev. Lawrence H. Wharton, pastor of the University Presbyterian Church of Austin.

At the Sunday morning service the choir will render a musical program for the occasion and the pastor, Dr. Dickey, will preach on the Resurrection.

The purpose of these meetings is to deepen the sense of faith and devotion of Christian people and to give to those who have not done so an opportunity of acknowledging Christ as Lord and Master.

Dr. Wharton is widely known as a pastor of marked ability who has been unusually successful in making religious truth plain and convincing, and who has been most helpful to men and young people.

In addition to the evening services at the church a service for those who can attend in the morning will be announced, and Dr. Wharton will speak at the Schreiner Institute at some hour each day.

All the people of Kerrville are invited to these meetings and the Presbyterian people are especially invited to attend. All who are not connected with the church, whether residents or here temporarily, are invited to attend and especially invited to make themselves known.

The evening services will be at 8 o'clock; the hours for other services will be announced.

All our friends of other churches are cordially invited to worship with us.

CHRISTIAN CHURCH NOTES

Next Sunday being Easter, the school will present a special program in connection with this reminder that Christ gave His life for us a free will offering will be taken to aid in the support of the homes for aged and orphans of our church.

Of these we are supporting six for children and six for the homeless old people. All of these homes are in the United States. In aiding the orphans we are helping to make good and worthy citizens. May we remember the words of our Savior, "Inasmuch as ye did it not to me, the least of these, ye did it not to me," Matthew 25:45.

We will have at the church a map of the United States. These homes will be located on the map and some information given about each of them.

We had an enthusiastic meeting Sunday, every one showing their interest in the work. Mrs. Tomlinson reported the acceptance at headquarters of our offering for State work.

Mr. and Mrs. Thomas Davis will go to Mounds, Okla., this week. After making arrangements they expect to return to make their home in Kerrville.

Major S. E. Bomar is also going to visit his old home in Washington, D. C. He contemplates locating permanently here.

Sunday School every Sunday morning at 10 o'clock in the Union Church Building.

EPISCOPAL CHURCH NOTES

The church year has now reached its most solemn and touching week beginning with Palm Sunday, the day on which our blessed Savior entered Jerusalem for the last time to keep the Passover with His disciples, the day on which He was greeted with such enthusiasm and joy by the multitudes—joy soon quenched in selfish fears which caused those who were honoring Him to forsake Him, deny all knowledge of Him and leave Him destitute of human companionship, to the fanatical hatred of His enemies.

The Bible lessons and hymns used on this great day brought these events clearly to the minds and hearts of all and must help to bind us closer to Him who lived and suffered for our redemption.

The sermon was on the text "I am the vine, ye are the branches." The topic was Religion, the being bound or grafted unto Him "in whom we live and move and have our being"; apart from whom we can do nothing.

Friday, the day kept in sacred memory as the one on which our Savior gave His life "not for our sins only, but for the sins of the whole world," will be observed by services at 10:30 a. m., 4:30 p. m. and 7:30 p. m. It is expected that every member of the church will attend at least one of these services to acknowledge their sins and show in a very small way that all remember Him and His great love in thus giving His life for all mankind.

Easter Day, the day of joy and resurrection which proves our Lord's complete triumph over Satan, sin and death will begin with a celebration of the Holy Communion at 7:30 a. m. followed by Sunday School at 10 regular morning service with special music at 11 a. m. and the Y. P. S. L. at 7:30 p. m. Every one is most cordially invited to attend any and all of these services.

The young people had a very good service Sunday night ably conducted by Chester Parsons, the president, Cyrus Dolph, being out of town. Come and attend these meetings.

Card of Thanks

We take this means to express our sincere appreciation to all our friends that have assisted and expressed their sympathy during the time of the illness and death of my beloved husband, Mr. David Schnerr, son and brother of Mr. David Schnerr.

Especially we wish to thank all our neighbors and friends near Ingram, also Drs. Fowler, McDonald and Palmer for their sincere efforts, Revs. Willmann, Houy and Gammethaler for their words of condolence, the Louis Jordan Post, American Legion for their kind service, and their Chaplain, Felix Stelling, for his kind words, and for the beautiful floral offerings.

MEN'S CLUB ENJOY MEETING AT HOTEL TUESDAY NIGHT

Tuesday night at the St. Charles Hotel occurred the monthly meeting of the Presbyterian Men's Club, which was transferred to the hotel because of alterations being done to the regular meeting place of the club in the basement of the new church.

The principal topic of discussion for the evening was the advisability and feasibility of undertaking, either by itself or with the assistance of other churches and religious organizations of the city, a survey of the boy problem in this community.

The orchestra, under the direction of H. C. Robinson and J. J. Charlier, rendered several numbers throughout the evening, to the delight and satisfaction of all.

Several guests were present at the meeting, among whom was Thos. Davis, who recently arrived here from Mounds, Okla. Mr. Davis favored the club with a talk about personal experiences in work similar to that being undertaken by the club here.

stellar roles, that of Mary Magdalene, was enacted by Octavia DeHymen who used to board at our convent. Miss Margaret Rose Cross, another old boarder, paid her Alma Mater a hurried visit last week. William Campbell, who was one of the Oblate campers at the Arthur Mosel ranch, was raised to the subdeaconate in Castroville by Bishop Drossaerts. He will be the first priest to be ordained in the new St. Mary's Church of San Antonio.

Miss Elizabeth Rothrock of Philadelphia, a sister of Major Rothrock, M. D., is rooming at St. Mary's Convent. Dr. Rothrock has very kindly taken some of the nuns with his sister on various auto trips during his free periods.

Tuesday of last week, one of the Convent boarders, Miss Wilhelmina Mosel, enjoyed a visit from her uncle, Louis Jung, of Petersburg.

Mrs. W. H. Blakeney, known here in her school days as Alma Ruff, was with us for the week end.

Personals

Mrs. Bruno Schott had for her guest Alois R. Flieller of Floresville. Terry O'Daniel of the Alamo City paid us a business trip on Tuesday.

Pat Whalen, another Irishman, but of Corpus Christi, was guest of his cousin, Jim Whalen.

Among recent additions to our parish we have Mrs. Walter B. Grona and Gus. E. Richter. The latter is employed as plumber at Legion.

MAKES RAPID HEADWAY

Add This Fact to Your Store of Knowledge

Kidney disease often advances so rapidly that many a person is firmly in its grasp before aware of its progress. Prompt attention should be given the slightest symptom of kidney disorder. If there is a dull pain in the back, headaches, dizzy spells or a tired, worn-out feeling, or if the kidney secretions are offensive, irregular and attended by pain, procure a good kidney remedy at once.

Your townspeople recommend Doan's pills. Read the statement of this Kerrville citizen.

Mrs. H. J. Moore, Water St., says: "I consider Doan's Pills a splendid remedy. They have benefited me when my kidneys were out of order and I had dull headaches and felt all run down. I read about Doan's and used them and they were just the thing to regulate my kidneys and relieve backaches."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Moore had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Advertisement)

Card of Thanks

On behalf of myself and children, besides other relatives, I wish to publicly thank the many friends and neighbors, who were so kind to us during our recent bereavement. It is times like the present when friends mean very much to one. I thank you.

MRS. DAVID SCHNERR. (Advertisement, 18x)

Card of Thanks

We wish to express our appreciation for the kindness and consideration shown us by the people of Kerrville during the illness and death of our dear wife and mother.

J. D. KOON AND FAMILY. (Advertisement, 18p.)

Practical Nurse Tells

Mrs. N. E. Snow, of Route 1, near Paris, Tenn., tells the story of her experience as follows:

"I am 62 years old and I have been a practical nurse for more than 20 years, taking mostly maternity cases. One of my daughters suffered from cramping at... She would just bend double and have to go to bed.

CARDUI

The Woman's Tonic

was recommended to her and she only had to take about two bottles, when she hardly knew that it was... she suffered so little pain.

"My youngest daughter was run-down, weak and nervous, and looked like she didn't have a bit of blood left—just a walking skeleton, no appetite and tired all the time. I gave her two bottles of Cardui. It built her up and she began eating and soon gained in weight and has been so well since."

Cardui, the Woman's Tonic, has helped suffering women for over forty years. Try it. At all druggists. E-100

F. E. Garrett of Junction spent Sunday visiting his family in Kerrville.

Misses Maybelle Roberts and Cleone Deaver were San Antonio visitors Wednesday.

KODAK FINISHING—The Professional Way. WHEELUS. (Advertisement 4-tc)

A marriage license was issued last Friday to Henry Goemmel and Rita V. Montgomery.

Cut glass at big discount at P. J. Dominguez Drug Store, Phone 5. (Advertisement, 17-18.)

Mrs. Merrill Doyle returned Wednesday to San Antonio after a visit with Mr. and Mrs. G. M. Doyle.

Mrs. J. B. Salyer arrived from her home at Taylor Sunday for an extended visit with her sister, Mrs. Chas. Mosel.

Rev. W. P. Dickey returned last Friday from Lockhart, where he attended the West Texas Presbytery, in session at that place last week.

Rev. H. I. Davis and wife arrived from Noxon, Mont., Sunday for an extended visit with the former's brother, Nelson Davis, and family of this city.

Frank Richards, who recently took over the agency for the Overland cars in this district, has sold the Overland Champion which he has been using as a demonstration car to Archie Merritt.

The Williams Boarding House is being repainted this week and new screens have been installed on all the windows and doors. The two small cottages and garage are also being given a coat of paint.

Rev. J. V. McCall returned Monday from attending the meeting of the West Texas Presbytery, which was held at Lockhart last week. He stopped on the way home and preached for the Presbyterian congregation at Encinal.

I. H. Burney of Fort Worth arrived Tuesday for his annual visit with his mother, Mrs. M. A. Burney, who resides out on Turtle Creek. Wednesday was his birthday and a dinner was served in his honor at his mother's home, attended by his brothers living in Kerrville and Center Point and their families.

Two more dollars were added to the Kerr County Bass Hatchery fund last Saturday when W. R. Peril and son, Chas. M., invested a dollar bill each. Mr. Peril stated that while he hardly ever fishes, the Hatchery was a good thing for the country and would be the means of attracting large crowds of visitors to the Hill Country.

Ivory goods at reduced prices. P. J. Dominguez Drug Store, Phone 5. (Advertisement, 17-18.)

Mrs. Will Leslie arrived last Friday from Sherman to visit her son and daughter, Mr. and Mrs. Lloyd Leslie.

Mrs. H. H. Kuhlmann returned Monday from a visit with Mr. Kuhlmann who is in San Antonio for medical treatment.

Comfort News, April 10: Benno Wiedenfeld and Egmont Schulze of Kerrville attended the barn dance on North Creek Sunday night.

Mrs. L. D. Garrett and little son, Earl, returned Wednesday from Nixon where they had been called a week ago on account of the illness of the former's mother, Mrs. C. W. Hampill.

Alfred McBryde underwent an operation for rupture at the Kerrville Sanitarium-Hospital Monday and at last reports was improving nicely. It will be about three weeks before he is able to get out and about again.

In the issue of April 3 credit for the excellent story "How We Cut Our Taxes" was erroneously given to Farm and Ranch. The article appeared in Farm and Fireside and should have been credited to that publication.

Miss Velma Spence returned from San Antonio last Saturday after completing a business course at the Alamo Commercial College. She was accompanied home by Miss Enola Callahan, who was her guest until Tuesday.

Bathing Suits for the rich and the poor. Don't forget to bob your hair, for the jelly beans will all be there, upside down with care. A big assortment; low prices. Burnett's Cash Store, Kerrville, Texas. (Advertisement, 18.)

C. C. Cooper of San Antonio, representing the Cleveland Metal Products Company of Cleveland, Ohio, was a Kerrville visitor Tuesday in the interests of his company. This concern manufactures the New Perfection Oil Cook Stoves and Ranges, of which the W. A. Fawcett Furniture Company and the Charles Schreiner Company are the local dealers.

A Noted Visitor

Comfort News, April 10th: Capt. Henry Schwethelm of Kerrville has been visiting relatives in Comfort. Captain Schwethelm is somewhere around 83, hale and hearty. His visit here must recall memories of days long since gone, for the old gentleman is one of the dwindling band of pioneer settlers in Comfort.

In the 'fifties Captain Schwethelm joined the Rangers, and in those early days took part in many of the stirring episodes incidental to border life at that time. Years ago he lived on Cypress Creek and played his part in the settling up of the section. Viewing Comfort and its surroundings today, Captain Schwethelm may well have feelings of pride, in that he took active part in the early development of this prosperous community.

ANNUAL REPORT OF SECRETARY, CHAMBER OF COMMERCE

In accordance with the constitution and by-laws of your organization, an annual report of the activities of the Kerrville Chamber of Commerce for the year ending March 31, 1924, is herewith submitted.

The last annual meeting was held in Pampell's Hall on March 15, 1923. After the annual report of officers of the organization, Ally Beitel, retiring president, appointed a nominating committee composed of Dr. S. E. Thompson, Dr. J. D. Jackson, W. G. Carpenter and L. W. McCoy, whose nominees of twelve men for the Board of Directors were unanimously elected. The Board was asked to meet March 15th to map out the year's work.

Directors
The Board of Directors elected E. H. Prescott as president; Howard Butt, first vice president; A. B. Williamson, second vice president, and employed Mrs. Amy Wallace as secretary-treasurer for the year.

Terms of office of Board members were drawn as follows: C. E. Salter, Hal Peterson, Milton Pampell and Walter Saenger, to serve three years; Scott Schreiner, Dick Eastland, A. B. Williamson and Ally Beitel, to serve two years; Julius Real, E. H. Prescott, W. A. Fawcett and Howard Butt, to serve one year.

ups are not destructive, keeps undesirable out of the park and impresses on tourists that local merchants support the park and not Sears-Roebuck & Co.

Retail Merchants' Association
At the first meeting of the year, in April, 1923, a resolution was introduced and was adopted that all business houses co-operate in having a retail merchants' credit rating system for Kerrville, for the guidance of credit business and for the higher credit rating of individuals; that a card index system be prepared by the secretary, assisted by a committee of credit merchants, containing information for the regulating of credit to residents, and to get ratings on newcomers from their home towns.

On May 15, 1923, this organization was perfected, officers elected and secretary employed. The Chamber of Commerce recognized this offspring, although this organization is operated under a separate fund. The result of having a Retail Merchants' Association has been a closer co-operation of business interests and a great help to individuals in obtaining credit under circumstances not so advantageous. Their budget for the year was about \$408, and included office expenses, \$305; National and State membership dues, \$61.25; stationery and stamps, \$39.00.

Committees
The following committees were appointed by the president and board: Finance, Scott Schreiner, chairman; Sanitation and City Improvement, Howard Butt, chairman; Streets and Roads, W. A. Fawcett, chairman; Trade Extension, Walter Saenger, chairman; Railways and Transportation, Dick Eastland, chairman; Agriculture and Ranching, Julius Real, chairman; Advertising and Publicity, C. E. Salter, chairman; Membership, Hal Peterson, chairman; Manufacturing, Irrigation and Mercantile Interests, Ally Beitel, chairman; Entertainment, A. B. Williamson, chairman; Legislative, W. C. Baker, chairman.

A campaign for members was put on by the Board of Directors at their first meeting, which resulted in 208 memberships, a splendid per cent of Kerrville's 2,500 population. Two rival teams were striving to win in this campaign, the losers to act as blackface waiters at a banquet for the membership. A fine spirit of fellowship started off the year's work. Membership cards were signed, \$12.00 dues to be paid quarterly, giving the Chamber of Commerce a budget of \$2,496.00.

The following report of the activities will show what worth-while committees the above named have proven. Also that a more liberal support of a newspaper staff could not be desired by the Chamber of Commerce than that given by The Mountain Sun. The value of the space contributed during the various campaigns and drives has been in a large measure responsible for the success of the projects mentioned.

Civic Improvement
Beginning with the first meeting of the Board of Directors, the Chamber of Commerce went on record as co-operating with the city officials in making clean-up week a success in Kerrville. On account of mosquitoes, Mr. Chandler, Government Health Inspector from El Paso, came to Kerrville to assist in the riddance of this danger, at the request of the Chamber of Commerce.

A committee from this organization working with the Civic League, planned and worked to beautify the Guadalupe River front, resulting in a beautiful park, extending the full length of the 900 block, on the river bank, with an entrance at each intersecting street, shades for picnickers, seats and boats on the river.

The Civics Class of Tivy High School offered their services in making a survey of the city and numbering the houses. The offer was accepted and the work was very creditably done.

Tourist Park
Although not of this year's growth, the Tourist Park is of much worth to Kerrville in progressiveness. It is conceded to be one of the best equipped and best kept parks of its kind in the State. A keeper, paid \$15.00 per month, does the following: Keeps the grounds clean, sees that garbage is put in barrels and hauled off, trees are trimmed and whitewashed, lights are turned on and off, that shower baths and sewerage is kept in sanitary condition at all times, puts out fires left burning, gives general information in answering questions, sees that children as well as grown-

Paving
At a meeting of the Board of Directors, May 3, 1923, a committee was appointed with D. H. Comporette as chairman, to formulate a plan for paving the six and one-half miles from Town Creek bridge to Silver Creek bridge, on the Highway, with asphalt, and to see the property owners on each side of this road about paying their part of cost of same. The result of this endeavor was that Capt. Chas. Schreiner volunteered to pay one-half of the cost of this paving, the State Highway Commission to pay the other half. A resolution was adopted at this meeting showing our appreciation of Mr. Schreiner's generosity.

Oiling of Streets
A further result of the earnest investigations of the Chamber of Commerce and the City Commissioners brought about the oiling of Kerrville's streets, which was so much praised by residents as well as visitors.

Kerrville-Junction Picnic
On August 28, 1923, the business houses of both Kerrville and Junction

Handy Home Remedies for Emergencies

Every home should have in its medicine cabinet an assortment of simple remedies and appliances for emergency use.

Our store is full of useful suggestions toward stocking the home medicine cabinet. Selection of these articles is an important matter and should receive your immediate attention.

HUNT HAPPENINGS

Quite a few from here attended the play at Ingram Saturday night. Mr. and Mrs. Larn Priour of the Divide were visitors here Monday. Mr. and Mrs. Vander Baldwin and son spent Sunday with his parents. Mrs. J. J. Sublett and son, Jordan, spent Sunday with her daughter Mrs. I. W. Zumwalt. Miss Mary Orr, principal of Reservation School, spent the week end with her parents, Rev. and Mrs. J. W. Orr. Mr. and Mrs. W. H. Winterborne and children of San Antonio spent the week end with her parents, Mr. and Mrs. W. H. Page. Professor Redford and pupils, John Orr, John Mogford, Charon Mayhugh, Jesse Sublett and Cecil Baldwin, spent the week end at San Marcos. The B. Y. P. U. entertained with a "Weenie" Roast Monday night. Quite a large crowd was present and all enjoyed the occasion very much. Rev. Sid Williams of San Antonio made a very interesting talk here Sunday and in the afternoon Rev. Brown of Kerrville preached to a very large crowd.

TURTLE CREEK CHIT-CHAT

Mrs. Max Below was shopping in the city Tuesday. Mrs. John Williams, who has been real sick, is reported some better. Bill Aaron and Guy James were callers at the Morrison Ranch Sunday. Mr. and Mrs. B. F. Denton were trading in the county seat last Saturday. Mr. and Mrs. Perry have sold their interests here and have moved to Austin. Joe Boudreaux and Joe Hebart have bought the Masterson Ranch and are moving on same. Mrs. A. K. McDowell and Mrs. Jas. Spicer Jr. were Saturday afternoon shoppers in Kerrville. Miss Alma Cowden of Center Point is spending a few days visiting her sister, Mrs. Milton Lamb. Fred Williams and Miss Ethel Norwood attended the dance at Lakeside Park last Saturday night. Ras Landry, Patrick McDowell and Jack Eastman were visitors in the Alamo City last Saturday. A crowd of young people from this community attended the ball game at Medina Sunday afternoon. Mr. and Mrs. M. Lamb were dinner guests of Mr. and Mrs. Branch Childs of Kerrville last Sunday. Grover James and family, Jess Patton and family and Tom James and family were all Sunday guests of their parents, Mr. and Mrs. P. B. James. Starr Bryden of Kerrville and Earl Cowden from Legion were Sunday visitors of Wm. Fleming and wife. Earl and Billie pulled some rodeo stunts while Bryden took pictures of them. There is quite a bit of road work going on in our neighborhood. Harry Williams with one crew of men are working on the Medina road while B. F. Denton and another crew are repairing the Kerrville road. This work was certainly needed badly. Planting of all kinds is about finished, even to cotton. Some of our neighbors are trying cotton this year. Gardens are coming in very fast. If the Easter frost stays away, we will soon be living out of our own gardens instead of Coast country gardens. Plenty of turkeys and chickens being raised here. There is no life like the Hill Country life. There were quite a number of cars driving in our neighborhood last Sunday from Kerrville. I am sure they were enjoying the beauties of springtime, for our hills are such a beautiful green, so fresh and tender, and the fragrance of our native wild flowers fill ones soul with a longing to be out among them. I am sure there will be quite a few picnics right away, as I hear of different ones planning to have them as soon as the fishing season opens.

INGRAM ITEMS

J. P. Freeman of Kerrville was a business visitor here Tuesday. The play, "The Daughter of the Desert," will be given at Reservation Saturday night, April 26. Mrs. Chas. Archer and baby are visiting in San Antonio, the guests of her sister, Mrs. Tom Niles. Mr. and Mrs. Alford Colbath left Sunday for several days visit in San Antonio. Mr. and Mrs. Will Hope and daughter of Grape Creek were Ingram visitors last Saturday. Delbert Ingram of South Fork Ranch visited his mother, Mrs. Sallie Ingram, the past week end. Mrs. Ben Stone and children from Live Oak Ranch are here visiting her mother, Mrs. M. Lee. Sidney Denton of Austin was the week end guest of his parents, Mr. and Mrs. Joe Denton. Grandma Massey is confined to her bed with acute indigestion. We hope for a speedy recovery. Registered at Camp Guadalupe are Miss Brown of Houston and Miss Newman of San Antonio. Miss Eloise Merritt visited her grandmother, Mrs. Ruby Kendall, the past week. Mr. and Mrs. John Carson of above Ingram visited Mr. and Mrs. L. Vann Wednesday night. Misses Pearl and Lizzie Nichols were dinner guests Sunday of Mrs. John Leinweber on Indian Creek. Mr. and Mrs. Nelson Hatch of Sunset motored to Kerrville Tuesday, stopping here en route. U. J. Edwards of Kerrville was an Ingram business visitor Monday and Tuesday. Mrs. Emma Roberts and children of Fort Worth arrived Sunday for a visit of several weeks with her mother, Mrs. Sallie Ingram. Mrs. John Leinweber and children of Indian Creek were guests of the former's parents, Mr. and Mrs. Ed Smith, Saturday night. Mr. and Mrs. Wesley Dowdy and little daughter, Valera, were Friday night guests of Mr. and Mrs. G. E. Colbath. Miss Mildred Calloway left Sunday for San Marcos, where she expects to visit a few days and then enter school for the summer. Mrs. Sarah C. George, who has been spending the winter at Mineral Wells, arrived Tuesday for several days' visit with Mrs. Pearl Nichols and other friends. Mrs. Ruby Kendall, son, Walter, and daughter, Miss Edna, of the Divide attended the play at Ingram Saturday night and were the guests while here of Mrs. Isaac Merritt. Mr. and Mrs. Hays Wharton and daughters, Miss Edyth and Willa, of the Divide were guests Saturday night of Mrs. Wharton's parents, Mr. and Mrs. J. D. McNealey, above Ingram. Miss Emma Eames left Friday for Kerrville, where she has accepted a position in the business office of the Kerrville Telephone Co. We wish for Miss Eames success in her new place. Mr. and Mrs. Isaac Merritt and children left Monday for a several days' visit with Mrs. Merritt's mother, Mrs. Ruby Kendall, above Mountain Home. Mrs. Ren Wachter and daughters, Misses Inez and Lola Fay, and Miss Augusta Burleson of the Divide were dinner guests Monday of Mrs. I. J. Wachter. Eloise Bittle went to San Marcos to attend the intercollegiate meet, and brought back third prize in junior girls' declamation. We are very proud of Eloise and see great promise in her. Mr. and Mrs. Harve Littlefield, Mr. and Mrs. Selan Dowdy and children, Mr. and Mrs. George Calvin and Mrs. Calvin and George Littlefield motored up from San Antonio, Saturday to visit friends and relatives here. J. O. McNealey celebrated his 72nd birthday last Friday. A nice dinner was served to the following: Mr. and Mrs. Earl McNealey and daughter, Miss Eleene, Mrs. Leah Hereford of Del Rio and Walter McNealey. We

wish for many returns of this day for Mr. McNealey. Miss Sue Robinson had as her guests Sunday Mr. and Mrs. Mitchell, Mr. and Mrs. Mason and the Misses Sanders, teachers in Westmoreland College, and Misses Neva and Margaret Lee, all of San Antonio. The play Saturday night was quite a success, \$58.48 being realized. A large crowd attended and we wish to especially mention that R. L. Mangum, Delco Light dealer of Kerrville, furnished the lights. Rev. Sid Williams of San Antonio preached here Sunday afternoon and Rev. Earls preached Sunday night. A large crowd attended both services. The church is shipping two crates of eggs to Buckner's Orphans Home.

MOUNTAIN HOME ECHOES

Edgar Oehler made his regular trip to Hunt Sunday. Mrs. A. E. Oehler called on Mrs. M. D. Henderson Sunday evening. Mr. and Mrs. Arthur Hyde were week end shoppers in Mountain Home. Misses Gussie and Courtney Kaiser of Kerrville are visiting at the Sproul Ranch. Tom Dundersadt, Chas. Eddins and J. W. Denton were elected school trustees for the Sunset School at the recent election. Among those enjoying the scenery out this way Sunday were Mr. and Mrs. Milton Pampell and Mr. and Mrs. Franklin of Kerrville. Sebord Henderson, Misses Mattie and Nona Smith, Marian Badger and Sidney Denton of Austin spent Sunday with their homefolks, returning to Austin Sunday night. F. H. Nelson took his son, Louie, Ernest Oehler, Mrs. Zachry and daughter, Lilla, to San Marcos Friday to attend the District Interscholastic Meet, ten counties being represented. Miss Lilla won second place in Senior Girls' Declamation; Louie Nelson, third in Junior Boys' Declamation. Eloise Bittle of Ingram also accompanied them and won third place in Junior Girls' Declamation. Ernest Oehler entered in pole vaulting. They returned as far as San Antonio Saturday and Sunday morning they were joined by Herbert Oehler, who is attending school there, and they visited the different parks in the Alamo City. They all report a wonderful trip and the experience was worth much to the contestants. This is the first year

our school has been represented at the District Meet and we believe that another year we will carry off some first prizes. Mr. and Mrs. A. A. Duderstadt and son, Johnnie Arthur, and Mrs. Ernest Duderstadt and son, Ernest Jr., spent several days visiting the Mrs. Duderstadt's people at Johnson City. Ernest was manager of Midway Station during their absence. Miss Yelita and Miss Allene Sanders, teachers at Westmoreland College, Eugene Sykes and daughters, Louise and Hazel, of San Antonio spent Sunday with the Lee girls and Miss Sue Robinson. They motored to Mountain Home Sunday evening. We are sad indeed to learn of the sudden death of Mrs. Ed. Cowser at Noxville. She had had an operation and was doing fine, but her heart caused her to pass away without a warning. One needed only to meet her to love her and her kindness and help during sickness caused us to love her like a mother. We can truly sympathize with the loved ones in this great loss. She leaves a husband and four grown daughters, besides a host of relatives and friends to mourn her departure.

BOY SCOUTS SELECT ALOIS REMSCHEL AS SCOUTMASTER

At a meeting of the Boy Scouts last Friday afternoon Alois Renschel was elected and installed as scoutmaster in lieu of Rev. Macdougall, who is to leave shortly for California. Mr. Renschel has had considerable experience in Scout affairs, being assistant to Rev. Macdougall last year, and is an addition vitally interested in the welfare of boys generally. The Boy Scouts, under the supervision of their new leader and James Rothrock, assistant scoutmaster, are planning a busy season's work. Already they have been on several hikes and plan on many more such trips and camping expeditions the coming summer. The geophone, a small seismograph-like instrument, is so sensitive that in the quiet of a mine, sledge-pounding has been heard through about 3,000 feet of solid rock. Talking has been detected through a 50-foot pillar of coal. Many Icelanders have never seen a train nor a trolley car, a drama nor a masterpiece of art; nor have they ever seen a tree; only saplings in some very sheltered nook. They have no gardens, fruit or grapevines.

ANNUAL REPORT OF SECRETARY, KERRVILLE CHAMBER OF COMMERCE

(Continued From Page Six)

closed for the day and a grand basket picnic was held at Rembold's pastures on the Johnson Fork of the Llano to celebrate the completion of the Kerrville-Junction Highway. The activities of the day included contests, baseball and a dance, music for which was provided by the Kelly Field Band, which was kept here for a week and paid by the Chamber of Commerce.

Kerr County Bass Hatchery
August 30, 1923, the matter of a fish hatchery for Kerr County was brought up at a Board of Directors meeting. A committee to promote the idea and do all in their power to get one here was appointed, as follows: E. Salter, N. B. Smith, Howard Butt, J. L. Pampell and M. E. Bogle. On Sept. 25, the committee reported the Federal Bureau of Fisheries desirous of co-operating with us in the matter of supervision of ponds, etc., and that the estimated cost of completing the plant was \$2,500. The Chamber of Commerce approved the report and their plan for raising a subscription for this purpose. The following notice in the local paper shows the appreciation in which this committee is held:

"The worth-whileness of any committee is determined by the result of their efforts. The Board of Directors of any organization are always encouraged to greater endeavors when the various committees in the organization are successful in their attempts to make a more progressive community.

"Of all committees who have been worth-while, the result of the Fish Hatchery Committee places them Ace High, as was reported at the last membership meeting of the Chamber of Commerce.

"We take this method of showing our appreciation to the above named committee, and especially to the chairman, C. E. Salter, who has given so much time and efficient personal service to this work.—Board of Directors, Chamber of Commerce."

The committee reported the ponds and flumes finished, the fish turned in the ponds on Dec. 21, 1923, and the completed plant to be named the Kerr County Bass Hatchery.

Methodist Encampment
The report that the West Texas Methodist Conference was looking for a site for the location of a permanent summer encampment was enough to occasion the progressive Chamber of Commerce Board of Directors to hold a meeting July 23, 1923, to consider getting them located at Kerrville. A committee was appointed to act with the one from the local Methodist Church to bring about this result. A proposition was made to deed them the site, and this was passed on at the annual Methodist Conference Assembly held at Gonzales, Oct. 24, 1923.

At this Conference Assembly, a committee of ten men, called the Board of Trustees, was entrusted with the locating of this site. After numerous meetings of this committee of ten with the Board of Directors of the Chamber of Commerce and the special locating committee, E. L. Sublett and A. B. Williamson, the Bud Porter tract, consisting of 160 acres, together with 40 acres from the hill of the J. J. Starkey tract, was selected and decided to this encampment association. The site cost \$11,500 and was donated by citizens of Kerr County and those whose interests are here. Feb. 22nd when the encampment fund list was canvassed it was noted there was an overplus of \$1,400, which was voted to be kept in the treasury to be used for some similar purpose, with the consent of the individual donors.

Sewer System for Kerrville
July 23, 1923, at a meeting of the Board of Directors, Mr. Chandler, Government Health Inspector, here in the campaign against mosquitoes, made the statement that within two

years sewerage would become a necessity in Kerrville if the U. S. Hospital was to be continued a plant near the city. Oct. 4th the board met with the city officials to endorse the proposition in the matter of a sewer bond election for Kerrville, in the amount of \$78,000. The election for the bond issue carried and Kerrville is now in the way of the construction of a modern sewer system, which will reach completion during July, 1924.

Country Club and Golf Course
At a membership meeting held March 29, 1923, a resolution was introduced by Scott Schreiner, chairman of a special committee to formulate a working plan to have a golf course; "that the Chamber of Commerce endorse this undertaking and call on the citizenship to aid and support the enterprise to the limit of their means and ability." This was passed. By October 22nd \$28,000.00 was raised, a most desirable course was under way of construction which will be completed in August, 1924, and will represent the expenditure of \$35,000.00 and will help Kerrville become the playground of Texas.

Advertising
On the 12th day of April, 1923, the Chamber of Commerce broadcasted a radio concert from Station WOAI at the invitation of the San Antonio Evening News-Express. The program consisted of musical numbers by Mesdames Doyle and Young, Misses Doyle, Garrett and Carey and Walter Saenger, also an address by Judge W. C. Baker. Besides the excellent publicity secured from the program itself the San Antonio papers gave space for the program announcement with pictures of participants.

Other agencies that have given publicity to Kerrville and its Chamber of Commerce during the past twelve months have been the S. A. A. P. Ry. and its agents, who have distributed our literature to every town on this line; Milton Everett, special representative of the same road, who has generously given the Hill Country first place in magazines giving space to this country. The Houston Post, Fort Worth Star-Telegram, Dallas News, Opportunity Publishing Co. of Corpus Christi, Highway Magazine at Austin, the San Antonio papers and The Mountain Sun have contained news stories with pictures of the projects furthered by the Chamber of Commerce, enumerated in the foregoing paragraphs, that have been of inestimable value in putting Kerrville on the map. Advertising was made of Kerrville in the American Legion number of the Fort Worth Star-Telegram on September 28, 1923; in Roads of Romance booklets and the folders showing camping sites mapped and lodged throughout Kerr County. All of these have a wide circulation or distribution.

At times outside speakers, who were conversant with commercial affairs, have come before your Chamber of Commerce—Fred P. Mann, Nat Washer, D. J. Woodward, Geo. P. Lupton, A. K. Ragsdale, J. H. Kirkpatrick—bringing messages, and have

gone away with praises of you to others. Pleased tourists, too, have advertised Kerrville by word of mouth.

Light Caravan Tour
In September of last year the San Antonio Light interested automobile sales agencies in touring the towns in the trade territory of San Antonio, and the towns in having these caravans arriving to spend the day with them. The news stories of towns to be visited increased the number of excursionists and in more ways than one added to the publicity given the towns visited. September 9th, the caravan visited Kerrville, the Chamber of Commerce acting as hosts to the delegation. All the places of general interest were visited and generously did the San Antonio Light advertise Kerrville as a result.

Committees and delegates from your Chamber of Commerce have attended conventions and meets in this trade territory, gaining experience in the lines advanced and at the same time advertising the progressive spirit of the city sending them. The Chamber of Commerce has entertained various committees from other towns during the year and have co-operated with every public-spirited move made by any organization of the county.

At the March membership meeting of the Chamber of Commerce, a petition from the Harper community for road improvement funds was given orally; that \$1,000 was imperatively needed to make the roads passable for loads; that \$400 had been raised and that Kerrville was asked to raise the balance. Motion was made and carried that Kerrville give this.

March 14, 1924, word came from the Camp Verde community that help for improvement of the Kerrville-Bandera road was imperatively needed, in the amount of \$1,000. The Board of Directors guaranteed this amount at this meeting.

These two roads have been improved in the amounts named and expressions of approval from both districts have come in to the Chamber of Commerce for their good work. The matter of the widening of Water Street for three blocks or more came up in a Board of Directors' meeting held in May. Much discussion of this matter came up at later meetings, transportation being halted because of the crowded condition of the streets during traffic hours. The result of these discussions and plans for improvement is that Water Street will be widened for three blocks, giving appreciable width in these blocks and doing away to a considerable extent with the blockading during business hours of the main streets.

Regular Office Work
The hotels in various cities—Houston, Dallas, Fort Worth, Austin, San Antonio—distribute literature sent by your secretary. Blank cards for information to tourists, sent by these hotels and tourist agencies, are filled in and returned. Fifteen hundred of

your folders of information about Kerrville are being sent out by Doc Stewart with his Coaching School prospectus, this institution being brought to Kerrville by efforts of the Chamber of Commerce.

More than 1,000 people have been housed through the office of your Chamber of Commerce; 3,500 copies of Grinstead's Graphic have been distributed, numbers at the request of visitors desiring them sent to their former homes; 5,000 information folders distributed throughout the different States. A letter in the form of welcome and an invitation to make use of all purchasing agencies in Kerrville to be sent by the secretary to newcomers, was decided on by the Board of Directors, 500 copies of which were sent.

The accounts of the Chamber of Commerce, with its auxiliaries, the Retail Merchants' Association and the Associated Charities, have been kept, all moneys paid in being receipted for, and all bills paid and a receipt taken therefor by your secretary-treasurer.

AEROPLANE FROM BROOKS FIELD ADVERTISES SALE

Rawson's One-Cent Sale went over big the past week end, Mr. Rawson reporting that more customers thronged the store during the three days than ever before during one of these semi-annual events.

One novel feature of advertising in connection with the sale this spring was an aeroplane, which came up from San Antonio last Friday and scattered over 2,000 pieces of literature advertising the sale and the National Balloon Races to be held in San Antonio soon. The plane was from Brooks Field at San Antonio, and was piloted by Lieutenant Hotchkiss.

In addition to scattering literature, from the aeroplane, Lieut. Hotchkiss also dropped a large balloon, attached to which was an order on Rawson's Drug Store for \$5.00 worth of merchandise. Eugene Butt was the lucky finder of the balloon and the order for goods.

BRICE & MASON

How Does Home Look to Tired Eyes?

DAYS end... home from work weary man... a rest well earned... that's the time when a bright, attractive home means everything to tired eyes and ragged nerves.

Whether it is a mansion or a cottage there can be no real rest or comfort in the midst of worn or dingy furniture and woodwork. Use Devoe Aquaspar Varnish and make the disquieting, drab surfaces cheerful and attractive.

Devoe Aquaspar Varnish is easy to apply and dries with a brilliant

lustre. It is extremely durable, and best of all is waterproof. This means that it will not turn white, blister or crack under the severe extremes of hot or cold water.

This Coupon is Worth 40 Cents

Fill out this coupon and present it to us within 30 days. We will give you Free a 40 Cent can of any Devoe Paint and Varnish Product you want, or a reduction of 40 Cents on a larger can.
