THANKSGIVING SERVICES

of City to Participate.

in

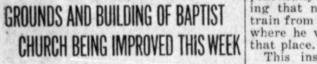

NATIONAL COMMANDER OF In the early days of the United States our forefathers gathered in the fall of the year to return thanks to God for the blessings they had enjoyed. These blessings would today them the enjoyment of health, peace James E. Drain, on Tour of Veterans' and sufficient food to keep the family through the winter was a blessing indeed.

How different from the world of today! Many of the people of the United States do not observe Thanksiving at all, and many of those who the day do so by way of former service men, James E. Drain, and observing some form of National Commander of the Amerisport.

But for those of the community who desire to observe a real old fashioned The National commander, accom-Thanksgiving Day, where opportunity panied by a party of State Legion of-will be given for real religious wor-ficials, will arrive from San Antonio ship, a service at the Presbyterian at 10 a. m. One of Strong High School Teams

of State-Del Rio Makes 6.

After four gruelling quarters the score stood 0 to 0 last Saturday and he football squad of Tivy High School had, showed the heavy Sonora team tax assessments will be less than half that the defeat administered to the not the result of the efforts of the Sonora players but rather the results of the long overland ride to keep the

> Seldom has any team gone on the field with seemingly greater odds against them than did Tivy last Saturday. Sonora beat the locals 32 to 0 in their last encounter and have been cleaning up on everything they tackled since. And they were not tired out from their ride, as the team came as far as Junction Friday and down here by easy stages Saturday morning. For a high school team Sonora has a husky bunch, easily outweighing the

But when the two teams took the field Saturday Tivy had something that the other team lacked-something that will carry a football team to victory when nothing else cangood old fighting spirit. Tivy went out there with the determination that they were as good as the big fellows from over the hill, and they demonstrated the fact through the entire four quarters of the game.

Sonora's main attack was through the light Tivy line but they could not gain sufficiently in this manner to even threaten the Tivy goal. On forand they signally failed every time reputation.

No Tivy player stood out as a particular star of the game. Rather the Lloyd did some extremely good work in returning punts and Secor at end played a masterly game for a little not been completely canvassed as yet by the committee appointed to handle this work, although several of the this work although several of the it is not fair to the other members of was certainly a victory for this light team to hold their heavier opponents Mound, Minn. looks like.

Shortage of Funds and Failure of Farmers to Make Use of Agent

Given as Reasons.

The high note of the adjourned session of the Commissioners' Court which met last Thursday at the Court House was a notice sent to the A. & M. Extension Service and the County Agent, J. C. Yeary, to the effect that the county's contract with the Extension Service in regards to the County Agent was thereby terminated, same to take effect at the close of the year.

No criticism was offered as to the work Mr. Yeary has been doing the Mountaineers and San Marcos Baptist past year, the objection being that Academy for next Saturday was canthe farmers were not availing them-selves of the work sufficient to justify eight of the San Marcos players are the expense to the county, and also ill with the flu. It had been the in-because of the fact that the county tention of President Delaney of funds were getting low and the Com-Schreiner to take the entire student missioners felt they should retrench body to San Marcos Saturday to wit-wherever possible. RED CROSS DUTY TO AID VETERANS BETTER-HEALTH BATTLE COST \$21,366,255

Spends Nearly Four Millions in Year to Lessen Burdens of **Disabled Soldiers.**

SERVES 63,700 IN HOSPITALS

Every Case Is Given Individual Service—Assists Families of These Men Everywhere.

Washington .- The need of individ nal assistance by ex-service men aud their families from the Red Cross & as pressing today as it was imme- public health to as many communidiately after the end of the World War. For six years this work has been foremost of all Red Cross ser vices, and in emphasizing the steady public support of this work the Red Cross National Headquarters urger the largest enrollment this year during the membership campaign opening on Armistice Day, November 11.

Nearly four million dollars of Red Cross funds spent for disabled veterans and their dependents during the year ended June 30 last presents some idea of the magnitude of this work. The current year, it is estimated, will call for still further disbursements of funds for the reason that the Red Cross, through more than 3,500 Chapters in as many communities in the United States, has been called upon to help the ex-service men in making out their applications for the adjusted compensation granted in the so-called bonus law.

58,767. Soldier Cases a Month

The Red Cross work for the disabled soldier is designated "home service," for it gives individual attention to the man and his family approximating the interest and loving care of the home. Such service in the hospitals, camps, soldiers' homes and sanatoria, averaged 33,951 cases a month during the year. Assistance work to ex-service men and their dependents averaged 58,767 cases a month. In addition, the Red Cross in the last | trol public health nursing services in twelve months provided 33,000 recreation and entertainment events in the hospitals and camps.

Thus the Red Cross, symbolized as the "Greatest Mother," still watches a proper municipal function and a duty the Chapters alone during the year exover these many thousands of men, of taxpayers. The Home Hygiene and comforts them, helps to lighten the te- Care of the Sick program has further dium of their physical reconstruction, penetrated into the schools as a defi- expended \$1,735,825-a total of \$3,735, and in their homes lifts some of the nite part of curriculums. During the burdens from their "own people." Work in Communities Increases The home service of the Red Cross was the most pressing duty of 2.609 Chapters, an increase of 182 communities where problems affected by the eating the Red Cross Nutrition Serwar veteran's condition required se- vice continued to promote individual lation through immediate and intelli- and community health, particularly the gent assistance. The Chapters alone health of mothers and children. This expended some \$2,000,000 in this work. The transfent disabled soldier, usually suffering from disability or tuber- teer workers. culosis, is almost everywhere a grave past year \$173,076.36 was expended in Red Cross Fighting problem. From national funds the helping the Chapters to care for these wandering men. According to government report there are 4,800 veterans in civilian institutions, and in the national homes for soldiers the complications are increasing. The large groups of patients whose claims have been disallowed, of veterans of foreign wars, and the great number of men permanently resident in these institutions call for Red Cross work which carnot be avoided nor denied.

Tireless in Services Advancing Nearly \$12,000,000 Devoted to Cause of Freedom from Human Suffering.

RED CROSS IS URGING

Not alone in preparedness for emergencies, but in a tireless offensive battle for better health is the Ameri-

can Red Cross nurse maintaining in peace time the high tradition of her war service. As in war, the same self-effacing service for humanity goes on its quiet, effective way content in its accomplishments, seeking no public acclaim. Enrolled in the Red Cross Nursing Service are 40,636 of these missioners of health, nearly 1.000 carrying the message of a finer ties and 1.100 teaching large classes in home hygiene and care of the sick. Exactly 100 Red Cross nurses are still on duty overseas, helping the struggle forward toward the high standard of American nurse efficiency in many countries.

In the Government services 3,117 enrolled Red Cross nurses are on duty with the Army, Navy, Public Health Service and the Veterans Bureau, while the entire active enrollment is maintained as a reserve for the Army Nurse Corps and available to the Navy in a national defense emergency. Nine hundred nurses were added to the roll the last year.

Red Cross nursing, however, has perhaps its finest expression out in the places laid waste by fire, flood and storm, and in the back reaches far from the centers of population. In every disaster the Red Cross nurse is first called for, first to respond, and the last to leave her post of duty among the suffering victims. In the isolated sections of Alaska, North Carolina, Virginia, Idaho, and among the bleak islands of Penobscott Bay. Me. her ministrations are making hard lives easier and working for a brighter future for the children. Her part in the human drama of the time is increasingly important, although it is subdued by the very nature of her

Aid to Disabled War Veterans Paramount and Reaches Nearly \$4,000,000.

Washington .- More than \$21,000,000 was the total of funds expended in all activities of the American Red Cross during the last fiscal year, ended June 30, says a statement in light, Sterling Bowman, son of Clarsued by the National organization. This expenditure was almost onesixth of the amount of money disbursed by the Red Cross in the war year, July, 1917, to June, 1918. Of boy delivering meat had seen the turthis extraordinary sum \$11,631,303 was keys fly into the tree and called Mr. Cross for relief of the Japanese earth- up from the Leona, a short distance general funds of the Red Cross, and it represented probably the largest spontaneous outpouring of beneficence of a single nation in the history of the

world. Over 3,000 active Chapters expended during the year \$4,869,000, the Na tional organization disbursed \$16.497,-255.35, making the total \$21.366.255.35 -all for humanitarian work which reached practically around the world. In announcing the year's record of American Red Cross industry the executive officials at Washington emphasize the fact that the extensive and never-halting work of the Red Cross depends almost wholly upon the nation-wide support of the organization from the memberships enrolled during the annual roll call which this year will be in progress from Nov. 11 to 27, when everyone is asked to join or renew their membership in the American Red Cross.

Soldier Service Paramount

Service in behalf of the disabled veterans of the World War and their families is a paramount obligation of the Red Cross. The organization, through its Chapters, is constantly in touch with this duty in 2,609 communities who are quick to take it over as ties throughout the United Statespending in service for veterans about \$2,000,000. The National organization \$25 applied to assisting war sufferers year 23.000 school pupils took this toward recovery from disability and

BIRTHDAY PARTY ON NORTH FORK SUNDAY Just before noon Sunday relatives began pouring in on Mr. and Mrs. Robert Merritt, at their home on the

North Fork of the Guadalupe about 20 miles above Kerrville. Since the visitors each brought baskets and parcels of good things to eat, tables were soon spread for the family and guests, and after the assemblage was seated Mr. Merritt realized that the party was in honor of his 60th birthday, which he had forgotten occured or

ents of five children, all of whom were present on this occasion, as well as numerous grandchildren and other relatives. All told 32 people were included in the surprise visitors. After a sumptuous feast and an aft-

ernoon of enjoyment the guests de-parted wishing Mr. Merritt many more happy birthdays.

Uvalde Leader-News, November 14: Monday morning a little after dayence Bowman, of Uvalde, shot two wild gobblers from the large pecan tree in the yard of Mrs. J. C. Turman on South Getty Street. This is about three blocks from the Court House. A America's contribution to the Red Bowman. It is supposed they came quake victims. This was increased back of the house. Wild turkeys are to \$11,768,803 by appropriations from more plentiful this season, but this is the first time we have known them to have been killed right in town.

Definite Service to 73,700

in hospitals and other institutions 73,-700 were rendered a definite and specialized service by the Red Cross. a conclousness of safety in the public In a single month 4,185 new cases mind and teaching approved methods were presented and a total of 20,125 which assure that competent hands was acted upon-figures which serve will care for injured persons until the to illustrate the magnitude of the information and claims service engaging the attention of Red Cross workers. New veteran legislation amending the War Risk act which extends many additional rights to disabled exservice men will reopen thousands or cases and require still greater Red Cross service.

When Congress granted a charter to the American Red Cross it charged the organization with the duty to act ed of 42,150 railroad men, 71,000 high as "the medium of communication between the American people and their Army and Navy." This responsibility clubs, and nearly 18,000 policemen, to the enlisted men and their families firemen, and other municipal emis met every year without restriction.

Serves Men on Active Service

The extent of this Red Cross activity during the last year embraced a total of 195,246 cases. There were 36,995 separate soldiers' and sailors' claims; 20,316 investigations of home conditions; 11,421 cases related to discharges, furloughs, etc. Assistance was given in 39,688 instances for personal, business or family problems; 744,220 visits were made to the sick or disabled, and nearly 40,000 letters and telegrams dispatched to the homes of enlisted men.

From June to September at the numerous military training camps the Red Cross provided information and home service to the trainees, also instruction in First Aid and Life-Saving. The entertainment and recreation events at the various Army and Navy pitals reached nearly 9,500 during the year, and occupational therapy in ine Naval hospitals gave construetive and beneficial results and occu ad the time of patients in the mak ing of useful and ornamental things.

Red Cross course. Three telephone distress. corporations adopted it and graduated

960 employe students. As good health depends upon right during the year and found work to do for several thousand Red Cross volun-

First Aid Battle

Reliable records establish the fact that more than 75000 accidental deaths occur every year in the United States. The records show that 206 American citizens are killed every day: that 28 of these deaths are due to automobiles. 35 to fails, 19 to drownings, 16 to burns.

Facing such distrassing sacrifice of Of a total of \$4,500 ex-service men life is the First Aid Service of the American Red Cross fighting through education and demonstration to instill arrival of doctors. Trained service in the first few minutes is vital in serious accidents and saves many precious lives

One of the most encouraging signs of the past year is the record of the Red Cross First Aid Insurance Car No. 1 which traveled 9,700 miles along trunk lines, stopping at 137 places, The car's staff of surgeons gave 911 demonstrations to audiences composschool and college students, 13 000 industrial workers, 2.000 members of ployes, a total of 147.000.

Red Cross First Aid certificates were conferred upon 13.865 persons who took the course last year, an increase of 4,000 over 1923. Telephone. employers of the country adopted the contests everywhere were witnessed by huge crowds with as much interest as develops at popular athletic games. In the industrial field the growth of First Aid practice to fight to reduce preventable accidents and unneces. Greece, \$200.887.18; Junior Red Cross sary loss of life has received wide recognition. The promise of an un precendented advance in this fine cause lies in the evidence of the great Aid has made throughout the country through the Red Cross Chapters and the the work of the experts in this service under direction of the national organization

Sign the American Red Cross roh this year for bumanity's sake.

This work is constant in hospitals, sanitariums, camps, soldiers' homes, in the community. For example, in helping disabled men and women in places where they were transient residents \$173.076 from national funds alone was required to help solve their service reached nearly 150,000 persons problems. Every Red Cross service is ever at hand ready to meet the individual need of these men and women.

The enlisted men in the Regular Army, the Navy, and the Marine Corps, with their home ties, mean a never-ending Red Cross service which figures cannot fully interpret. In this work a total of \$685.285 was applied To Conserve Life in meeting an obligation under the Red Cross charter which has been fulfilled for over 20 years.

Domestic Operations Extensive

In the past year Red Cross operations were almost wholly confined to continental United States and the insular possessions. Relief work following disasters called for immediate activities in 192 places and a total of \$737.603.87 was spent in this service alone. In 33 major disasters trained workers were kept at the work of

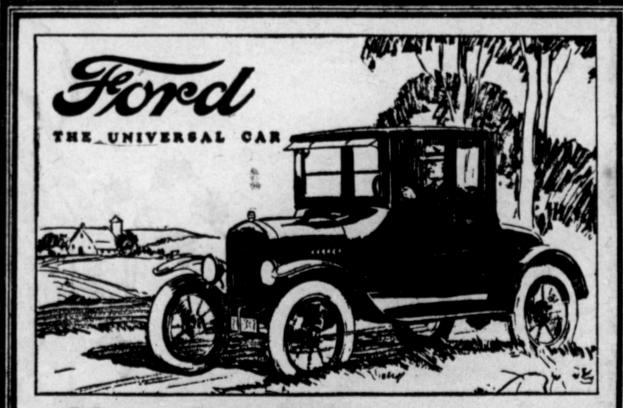

rehabilitation for many months. In carrying on the health activities a total of \$444,886.66 from Red Cross national funds, and \$808,000 from Chapter treasuries-approprimately \$1.252. 886 in all-was applied, giving some idea of the extent of Red Cross service in the fields of public health nursing, nutrition instruction, and spreading knowledge of personal hygiene and care of the sick in the home. For advancing the cause of human safety, the First Aid Instruction, locallv by Chapters and over extensive national territory by the Red Cross instruction car covering trunk line railroads, and in teaching watersafety and increasing the membership of the Red Cross Life Saving Corps. the total cost was \$288.234.71. of which \$216,234.71 came out of national funds.

Army of Over 5,500,000

The Junior Red Cross in the schools - with over 5.500,000 in its "I Serve" ranks-was aided with \$233,510.78 to which it is estimated the Chapters add gas and electric companies, public ed some \$277,000-a total of \$510,510,78. service corporations and other large. In various other domestic activities the Red Cross spent \$283.473.19, and the Red Cross course, and their team Chapters in their numerous voluntary services expended an additional \$1,048,000 during the year.

Foreign obligations, aside from Japan, were met with national funds as follows: Relief of refugees in projects, \$99.579.75; League of Red Cross Societies. \$165.000; other insular and foreign work, \$221,855.31. The American Red Cross budget for strides systematic instruction in First 1924-25 is \$4.647.790.85. or \$868,286.96 less than the budget for the year ended last June 30.

> In good deeds for all peoples in time of distress the American Red Cross never rests. Help this work with your membership dollar-join on Armistice Day.

More Comfort for Less Money

The Ford Coupe is the lowest priced closed car on the marketyet one of the most satisfactory.

Costing less to buy and maintain, every dollar invested brings greatest returns in comfortable, dependable travel

Sturdy, long-lived and adapted to all conditions of roads and weather-it meets every need of a twopassenger car.

Steadily growing demand and the resources and facilities of the Ford Motor Company have made possible a closed car, at a price millions can afford, rightly de-signed, carefully built and backed by an efficient service organization in every neighborhood of the nation.

Open a Joint Account

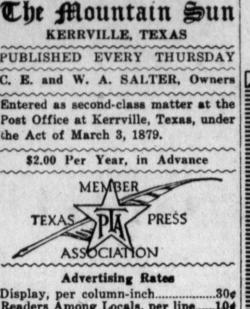

Many a man is following the sensible plan of opening a Joint Checking Account under which plan both he and his wife may write checks on the same account.

It helps a wife to learn the advantages of paying by check, thus keeping an accurate record of what she spends for household and personal needs.

FIRST STATE BANK A Guaranty Fund Bank Kerrville, Texas

No dinner is complete without cake to wind up the festive meal, and no cake has ever been baked that will take the place of Fruit Cake for the holiday season. It has a flavor all its own, being made from the choicest ingredients and containing, among other things, citron, raisins, currants, nuts, orange and lemon peels and other ingredients that make it especially palatable. Another important feature of Fruit Cakes is that they will not dry out as other cakes do, but remain moist and fresh, even after they are cut. Consequently you can order enough in advance to last you through the holiday season and never have to worry about this most important part of the holiday dinners. Either buy through your grocer or direct from the

TWO SIDES OF THE QUESTION

Every proposition has two sides, and the hunting of wild game is no exception. Complaints are numerous about the inability of sportsmen finding a place to hunt, even when they are willing to pay for the privilege. Viewed from the hunter's side of the controversy it looks like he should be allowed the opportunity of shoot-ing deer and turkeys, since the game is not private-owned but belongs to

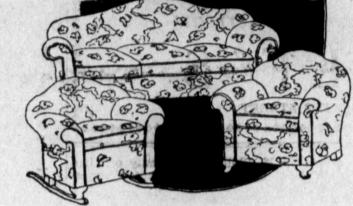

the people of the State. His contention is that he should have the privilege of shooting the game wherever found, the fact that it is on private property at the time being no bar to his shooting.

On the other hand, the man on whose land the game may be found has possibly protected same for a number of years, in order that the ****** species may not be exterminated in its wild state. Many ranchmen in the Hill Country have does on their ranches that have been there for several years and numbers of them have been feeding wild turkeys when dry seasons have made it impossible for the fowls to secure sufficient food from their natural sources.

Certainly a ranchman who has protected and fostered the game on his premises is entitled to backing from the State in his efforts to keep the game from becoming exterminated. Another matter that enters into the hunting proposition is the fact that many hunters destroy other than wild game while hunting. Frequently ranchmen suffer the loss of a cow or yearling when some over-zealous or inexperienced hunter mistakes it for a deer, and also numerous instances a can be cited each season where stock are killed on the ranches by stray ullets from the hunters' Surely a man who has protected the game on his land has the right to say what kind of hunters he wants to come on his premises and kill the game he has raised, and it is not unreasonable for him to charge them for the privilege, since he knows from past experience that the money he derives therefrom will no more than pay for the damage they will probably do to his property and live stock while hunting. But the biggest objection that can be raised to hunters from the viewpoint of the conservationists and ranchmen are the game hogs. Deer and turkey are protected by law, the limit being three buck deer per sea-son to each hunter and three gobbiers. Does and hen turkeys are protected at all times. Just over the line in Kimble County ast week Deputy Game Warden J. J. Dent arrested four men who had between them 22 turkeys, and included in the number were seven hens.. The game hogs were taken to Junction and paid fines of something over \$200 for violating the game laws. But they were wealthy men and afterward bragged that they had received value for their money in the pleaure of laughtering the game. Down in Brewster County about a week ago First Assistant Deputy Game Warden A. E. Peaty and Deputies Crawford and Miller arrested five men in whose camp they found hanging the carcasses of eight blacktailed does and two fawns. The hunters paid fines aggregating \$890 at Marathon for violating the law. And they, too, said the money paid in fines was well spent. Such acts as these are a stain upon he reputation of every sportsman in more reticent about allowing hunting or, their premises. The Sun believes that the statutes hould be amended to read that a man every year to pay for his groceries. State for a period of years. A few do not have the stock with which to

Brown County, according to the Brownwood Bulletin, last year marketed more than 100,000 turkeys, and the number this year may reach 150, 000. Local buyers are paying an average of 18 cents a pound, which brings the price of a turkey to about \$3.00. This means that something like \$400,000 of \$450,000 will be paid to Brown County farmers for turkeys in Texas that will market as many in Texas that will market as many turkeys as will be sold at Brownwood, but it is doubtful whether a dozen Texas counties will have any turkeys for shipment this year, although they can be grown as successfully in one when the farmers produce a good feature of the parade. HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, hy. far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calotabs at hed time with a swallow of water,-that's all. No salts. no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your sys tem feels refreshed and purified. Calotabs

Likewise our concrete curbing will be removed in order that the new one can be perfectly aligned when the whole width of the street is tarviated.

Tomorrow some of our Sisters and High School pupils will motor to Ban-dera for the celebration of St. Cecilia's Day. The students selected from our school have been assigned a part in the dramatical entertainment at St. Stanislaus School.

During this week the Nation at large observes Education Week. Monday was known as Constitution Day and called for a discussion of our duties to our civil and spiritual authorities. Patriotism was the theme on Tuesday. This was followed on Wednesday by considering the noble vocation of a religious teacher. Sub-sequent topics were the Parish School on Thursday, and Physical Education on Friday.

King Charivaried One of the soldier patients at Le-

gion, Eugene King, was married in

Conception, Mo., on Armistice Day to

Miss Margherite Allen. The newly-

weds arrived in Kerrville on Saturday evening, and that same night a crowd of fellow Knights of Columbus sur-

rounded the love-nest and captured it.

ents. Each carefully wrapped article had to be uncovered by Mrs. King, who nonchalantly hid her embarass-

not by storm, but by a shower of pres-

ment for she had run through a simi-

lar gauntlet at her homestead not

many days previous. She thanked the

Legion boys for their welcome and their forethought in the suggestive

array of gifts. Eugene, like a good

sport, let his comrades smoke up a

box of his best Havanas. No wonder

HOME DEMONSTRATION

Reservation community met at the objects with bricks or stones. He home of E. H. Kensing last Thursday takes his position about the center of morning for a meat canning demonstration. According to Mr. Kensing, a \$10 calf was converted into 90 cans gets the range on the target in his of steak, roast, chili, meat loaf and rear by the aid of a mirror over his soup stock, well worth \$30 of pack- shoulder which he holds between the ing house canned beef.

Another interesting feature of the day was the organization of the Reservation Community Club with the following officers: Mrs. Kott, president; Mrs. J. A. Peril, vice presi-dent; Mrs. G. C. Duderstadt, secre-tary. Membership and program com-mittee to be appointed later.

Last Friday afternoon the girls of the Center Point Community Agricultural Club conducted a very suc-cessful canning and jelly making dem-onstration at the school house auditorium. While giving the demonstration the girls explained the paramount importance of considering the following points when making jelly and canning: Selection of fruits sterilization; cause of spoilage and how to prevent; the extraction of fruit juices for jelly making; how to make the different pectin tests; when to add the sugar; how to test and de termine when the jelly is finished; storage, and the causes of poor jellies. Last Friday morning six girls of the Sunset Home Demonstration Club He pointed out that the last amendmet in regular session at the school ment to the law contained two distinct house. After the regular order of provisions; the one making it an ofbusiness a poultry tour was discussed. fense to manufacture liquor capable of Club members entering the judging contests at the Hill Country Poultry ing it an offense to manufacture liquor containing in excess of 1 per cent of alcohol by volume. Show at Fredericksburg, will partici-pate in this poultry tour for the pur-pose of studying the different breeds Mr. Brown, like other San Antonio of poultry.

Last Saturday afternoon six girls of the Cypress Creek Home Demonstration Club met at the school house. After receiving further instructions on the sewing which they had already begun, the meeting was called to order they were deliberating, they asked for the penalty clause of the Act. The latter part of that clause reads as follows: "The penalties provided in this act against the manufacture of liquor without a permit shall not apply to a by the president and the following

A Mighty Difficult Feat

One of the most difficult feats that "Ad" Topperwein, the world's great-est rifle shot, performs is that of shooting two revolvers simultaneously and breaking two targets. This would or delivered except to persons having Section 1 of the Volstead Act defines as intoxicating liquor any bevbe difficult if the targets were in front of him, but Topperwein likes his erage that contains more than one-

ACTIVITIES OF WEEK he breaks is behind him. He places two plates, saucers or to other siutable objects on chairs about Twenty men and women of the twenty yards apart, supporting the the two chairs. He takes deliberate aim at the target in front of him and

first two fingers of his left hand, pulling the trigger with his thumb when he gets the correct range. This isn't hard when you know how.

Topperwein has never missed breaking both objects. Get up early some morning and try it in the back yard. Anyone can do it with a little practice, says Topperwein.

This wonderful shot will give an exhibition of rifle, revolver and shotgun here next Saturday, November 22. in action it would pay you to take the time for this exhibition. It is free. Shooting begins' about 2:30 p.m. The exhibition will be given at the new Baseball Park.

You'd Be Surprised to Know the Results a Want Ad in THE KERRVILLE MOUNTAIN SUN Will Bring.

TEXAS WINE MAKERS FACE DISAPPOINTMENT

"What are you going to do if any liquid dangerous in the extreme. attention?" he was asked. San Antonio Light, November 14th: Texans who hailed with joy the ruling "Put them in jail," was his terse on home-made wines and ciders in the test case forced by Representative answer.

John Philip Hill of Baltimore, and who had decided to emulate that worthy's example, are doomed to bitter disappointment.

Even though the decision handed down in the case of the Congressmancider manufacturer should be upheld by the higher Federal tribunals and ecome the accepted law. Texas has a Dean law all its own that makes the Dr. Mellenthin brewing or distilling of any sort of liouid dangerous in the extreme.

The Dean law, according to Leon-ard Brown, lawyer, with offices at 306 Kampmann Building, and recognized as an authority on prohibition cases, prevents Texans from staging cider parties similar to the ones that drew the attention of the Nation to Congressman Hill.

"The Dean Law is very broad and very severe." Mr. Brown said. "It ab-solutely prohibits the manufacture of liquor of any sort for any purpose
