## ENTIRE SOUTHWEST TEXAS IN GRIP OF HARD NORTHER

### Friday and Saturday Severe Weather Hill Country Has Experienced for Many Years.

Last Thursday night about 9 o'clock one of the worst northers of many years swooped down on the Hill Country and raged without cessation until Sunday. Thermometers in Kerrville recorded as low as 16 degrees above zero, which is indeed cold weather for this section of the State.

Possibly the worst day of the storm was Friday. While not as cold as Saturday, the air was more penetrating because of the wind accompanying the cold. Saturday, the wind had died down, so the cold was not felt to such a marked degree.

The backbone of the blizzard was broken Sunday, when the sun appeared from behind the hazy clouds late in the afternoon. However, the weather since has had a real Christmas twang to it that made the shopping throngs hasten on their holiday missions.

Not much damage is reported to stock in the Hill Country as a result of the storm. Cattle were the principal sufferers, but they were not hit as hard here as they were in the lower country, where the blizzard swooped down on them and froze them to death by the hundreds.

Sheep and goats got off light in the storm. One reason is that the stock are in exceptionally fine condition just now. One who has watched the sheep and goat industry for years states that the stock are generally in better condition this year in spite of the dry fall than he ever knew them to be. Another reason is that the cold snap was not preceded here by ice and sleet as it was in some sections of the State.

The storm was apparently general all over the United States. From the New England States, the North, East and West, come reports of the worst weather seen for many years. At Amarillo the thermometers went down to eight and ten degrees below zero. Indications are that the winter garden crops in the Gulf Country were entirely destroyed by the cold.

Lockhart, Tex., Dec. 20.—Snow, sleet and a 40-mile gale for the past 20 hours broke all Lockhart records for 10 years for cold weather. This entire section of Southwest Texas is blanketed with sleet or snow from two to three inches deep. Jitney service is demoralized and railway lines are having difficulty in maintaining schedules. The lowest temperature in Lockhart at 7 o'clock Saturday morning was 10 degrees above zero.

Laredo, Tex., Dec. 20.—The severest cold weather of the season prevails in Laredo and this section of the State. During the early hours of Friday the mercury dropped to 28 degrees above zero, and stood at that figure at day break, when it rose to 30, remaining there most of the day.

Heavy sleet fell at intervals during the day and all open receptacles with water in them were covered with ice. It is feared damage has been done to citrus fruit trees exposed to the cold, although many of them are protected, the amount of damage to vegetation cannot be determined, depending on the weather conditions to follow.

low. The cold weather extends far into Mexico. Continued cold was predicted for Saturday night and Sunday.

Eagle Pass, Tex., Dec. 20.—The coldest weather for years is prevailing throughout the Winter Garden District and thousands of dollars of damage has been done to growing truck of which winter shipments had begun.

The thermometer fell from 28 degrees above zero Friday morning to 18 Saturday morning with continued cold weather forecast. Freezing rain and sleet fell Friday. There is much suffering among the poor an account of a scarcity of fuel. No loss has been reported among live stock, as all ranges are in good condition.

Bastrop, Tex., Dec. 20.—Bastrop was in the grip of the coldest wave of the season Friday with the thermometer dropping from 75 degrees to 24 within eight hours. The norther struck here about 8:30 Thursday night and between the hours of 9 and 9:30 the mercury dropped 22 degrees. It is stated that this is the coldest spell in this section since February, 1923. All vegetation has been killed, but so far no losses have been reported among live stock. However, it is feared that cattle will suffer on the ranges.

Comfort, Tex., Dec. 20.—After a week of warm weather, the thermometer dropped 60 degrees between 9 o'clock Thursday night and early Friday. All day Friday the thermometer registered 21 degrees above zero, with a cold wind blowing. Saturday morning the thermometer registered as low as 16-18 degrees above zero, and sleet was falling.

Kingsville, Tex., Dec. 20.—The cold spell struck Kingsville about 4 o'clock Friday morning, followed by rain, with prospects of freezing weather. Over half an inch of rain has fallen, which will be of untold benefit to this section if the weather clears. Icicles are hanging from the palm trees in the parks and some snow has fallen.

Rio Grande City, Tex., Dec. 20.—The cold wave which suddenly struck this section Friday morning developed into one of the coldest spells of many years. Two degrees below freezing were registered Saturday morning. A slow drizzle of rain accompanied the cold. No damage is expected here.

Mission, Tex., Dec. 20.—With the thermometer hanging around 32 degrees above zero all day Saturday, the Valley is experiencing the coldest weather of the past two years. Cloudy weather which continues to prevail has prevented any damage to citrus fruit.

### TO OUR FRIENDS AND FELLOW TOWNSPEOPLE

With hearts full of rejoicing and gladness we greet you again this Christmas Season as the proprietors of the St. Charles Hotel. Our only regret is that Mr. Morris' health will not permit us to be with you in person during this glad season, but you may rest assured that we are with you in spirit and that our thoughts today are with our friends and old acquaintances in Kerrville and the Hill Country.

We wish to thank one and all for the many kind expressions of friendship tendered us last week when we resumed the management of the hotel, also the evidences of support

we received then and since from Kerrville citizens as well as the traveling public.

We realize that it is going to be a hard proposition to put the hotel again on a paying basis, and to this end we solicit the good will and patronage of the people of the Hill Country and the traveling public.

While we are not with you today, we hope that those of you who are guests of the St. Charles will receive every courtesy and will feel in your hearts that our best wishes for a Merry and Happy Christmas are yours at this season of the year.

In conclusion let us say that our hearts are too full to permit us to utter just the words we wish to say to all our old friends. May every happiness possible be yours, is the wish of

Yours sincerely,  
MR. AND MRS. GEO. MORRIS,  
118 Eads Avenue,  
San Antonio, Texas.

### OLD MANAGEMENT OF ST. CHARLES GREETED BY FRIENDS AND PATRONS

#### Dining Room Re-Opened Last Thursday Evening for First Meal With Seventy-One Guests Present.

In spite of the inclemency of the weather the dining room of the St. Charles Hotel was the scene of a rather festive occasion last Thursday evening, when a number of the old friends and patrons of the hotel partook of the first meal served in the dining room for several months.

Mr. and Mrs. Geo. Morris resumed charge of the hotel last Wednesday, after having same leased to N. F. Chapman for the past eight months, and had announced the opening of the dining room for the evening meal Thursday. Just to show their appreciation of the former efforts of the owners of the St. Charles and their friendship for these fine people quite a few Kerrville citizens dropped in to supper.

In spite of the fact that the dining room had been closed, the organization disrupted and that the larder had to be restocked entirely, Mrs. Wm. Thorburn, who has had charge of the culinary department of the St. Charles for years, was equal to the occasion, and delighted the guests with a well balanced, delightfully prepared and served repast.

Possibly the principal reason that she was able to serve such a large number of guests without a hitch in either the kitchen or dining room, was because she had her entire retinue of former days back on the job.

As soon as it was announced that the Morrises had resumed charge of the hotel, all former employees of the establishment proceeded to quit the jobs they were then occupying and came back home. No finer tribute could be paid to the owners of the hotel than this eager acceptance by the former employees of the opportunity of again working for the St. Charles.

With Mrs. Go. Morris greeting the guests in the lobby with a hearty handshake, Al Manny's familiar face behind the desk, Mrs. Al Manny seeing that every guest's wants were looked after in the dining room and Mrs. Thorburn seeing that the most important department of all, the kitchen, was running smoothly, the St. Charles was functioning as smoothly

as if the organization had been permanent instead of a matter of a few hours.

Music was furnished throughout the evening by Harlod T. Jones' Orchestra.

Those registered at the St. Charles Thursday were: Mr. and Mrs. H. E. Butt, Mrs. Amy Wallace, Mr. and Mrs. Henry Weiss, Mr. and Mrs. G. M. Doyle, Mr. and Mrs. E. H. Prescott, Mr. and Mrs. J. J. Delaney, Mr. and Mrs. W. B. Brown, Mr. and Mrs. S. K. Mason, Mr. and Mrs. W. A. Salter and son, Miss Lucille Taylor, Miss Yolande Robinson, Mr. and Mrs. P. L. Williams, Dr. and Mrs. J. D. Jackson, Mr. and Mrs. L. W. McCoy, Miss Ruth McCoy, Mr. and Mrs. J. E. Grinstead, Dr. and Mrs. S. E. Thompson, Mrs. Anna Faulkner, Miss Dorothy Faulkner, Ally Beitel, M. F. Weston, Dr. J. E. McDonald, Chas. Rawson, W. E. Saenger, A. E. Williamson, Cecil Robinson, E. B. Buron, Jas. C. Robinson, John Massey, A. T. Adkins, Pam. Grinstead, John H. Ward, Kerrville; E. ### LOCAL RED CROSS DRIVE NETTED 512 MEMBERSHIPS

#### Report Sent to National Headquarters Shows Over 100 Per Cent Gain for County Over Last Year.

According to the report sent to the National headquarters of the American Red Cross, Kerr County Chapter now has a membership of 512 members as the result of the intensive drive made during November. This is over twice the number of memberships held locally last year.

The drive started November 11th and ended with Thanksgiving. However, a number of memberships have been received at the office of the local secretary since that time and will probably continue to come in even after the first of the year.

The memberships in Kerr County are apportioned as follows: Annual memberships (\$1.00 each), 509; contributing memberships (\$5.00 each), 1; supporting memberships (\$25.00 each), 2; total, 512. During the drive the only town outside of Kerrville that contributed materially to the roll call was Center Point, where 43 members were added as the result of the work of the Junior Red Cross. Scattering memberships were received from all over the county, but a majority of them came from Kerrville. Only a few memberships were received from Legion, as no organized drive was staged there.

As a result of the drive a total of \$564 was collected, \$256 of which was sent to the National headquarters and \$308 kept in the local treasury to be used as the chapter sees fit. In addition to this amount the local secretary's office receives \$100 per month for the maintenance of the office and for relief work among the families of former service men in this community.

Since the expenses of operation of the secretary's office require about half this monthly amount, the money derived from this source assists materially in the relief work during the year, especially as part of the money is only loaned to tide the needy over until their compensation check comes, and is then available for further relief work.

In addition to the relief work, the local secretary's office has been busy recently in assisting the ex-service men in filling out applications for the Federal bonus. This work is gratis; and all who desire this service will be accommodated providing they call at the office during the regular hours, from 9 a. m. until 12 m.

### Christmas Gifts

Fort Worth Star-Telegram, December 20th: Christmas cattle are bringing more money in Fort Worth this year. In fact, prices being paid for steers, heifers and yearlings suitable for distribution by packers as Christmas beef, are more lofty than in December in any year since 1919 and 1920.

Fifty head of corned steers, averaging 988 pounds, sold on Thursday's market to Armour & Company at \$8 per 100 pounds. The sale was made by Ben Young of the National Live Stock Commission Company for W. T. Speegle of Duncan, Okla. Speegle was for many years numbered among the leading hog shippers to this market, and also has sold a large number of cattle in Fort Worth.

The best Christmas steers selling here last year brought only \$7.60, but steer yearlings in carlots reached \$7.75, and some baby heaves brought \$10. Baby heaves clearing Wednesday notched \$12.

Yearlings brought \$13.50 in December, 1919, and steers sold up to \$9.25 in December, 1920.

## He Was Surprised

Copyright 1922 by W. C. S.

A FARMER WALKED into the bank one day and handed the cashier a small, dirty sack containing \$1,200 in gold. The money had evidently been hidden for a long time.

The cashier gave him a Certificate of Deposit and then tossed the bag of gold into the back corner of his big, steel safe.

Many months passed before that farmer called for his money. But he wanted gold.

The banker went to the big safe and took out that dirty little sack and counted out those same pieces of gold for the farmer. He also laid beside it more than \$100 of interest money which that certificate of deposit had earned.

But that man did not take the money. He looked first at the gold and then at the profit it had earned for him. Then he pushed the money back to the cashier and asked for another "C. of D."

Think it over.

### STATE HIGH SCHOOL INSPECTOR PRAISES WORK OF LOCAL SCHOOL

Urges Necessity of Additional Quarters in Near Future—Praises Cooperation of Entire School.

According to report of the State High School Inspector who inspected the Tivy High School about two weeks ago, the citizens of Kerrville have a right to be proud of the local school system. His report, made to the State Department of Education, was one of the most flattering made on any school in the State this year, according to advices received from Austin last week.

Two paragraphs of the inspector's report are reproduced herewith:

"That the people of Kerrville be congratulated on the quality of work observed, and the spirit of co-operation between faculty members and faculty and students, and the excellent organizations of the school.

"That the community give earnest heed to the rapidly approaching necessity of more school room. While at present there is no serious crowding, practically every teacher has the maximum of pupils and with a rapidly growing town, the condition will soon be serious."

Under the direction of Supt. R. A. Franklin and his excellent corps of teachers, the schools of the Kerrville Independent School District have done a great work so far this year, with indications that when the term ends it will have been the best from the standpoint of harmony between faculty, parents and pupils of any previous term, as well as the best from a scholastic standpoint.

Utmost harmony and co-operation has prevailed in all departments, without which no school can hope to succeed.

The report of the supervisor pertaining to the crowded condition of the school rooms is no news to the faculty or the school board. In fact the board has been facing this problem for several years. Plans for next year's school are to get along with present buildings if possible, but the following year something will have to be done for additional room.

The report of the High School Inspector, while gratifying to the board, faculty and patrons of the schools, is no news locally. However, it is gratifying to know that the work being done in the Kerrville Schools is receiving the appreciation from the State Department that it is entitled to.

### TEXAS RECEIVED \$28,640,627 FROM WAR FINANCE CORP.

According to figures filed with Congress last Saturday by the War Finance Corporation, loans made for the relief of agriculture and live stock industries in Texas amounting to \$28,640,627. Of this amount, all but \$8,849,895 has been repaid, according to the report of the corporation.

The live stock industry of the State received the greatest amount of Government aid, for besides the \$4,636,198 loaned to the banks, most of which was to care for cattle paper, the loans to live stock associations amounted to \$22,281,329. It is with these that the Government is having difficulties in making collections, \$3,738,379 of such loans being still due.

In explanation, however, it is pointed out that "prices on range cattle have not followed the trend of other agricultural commodities, and that conditions in the breeding end of the industry are still far from satisfactory."

As an extenuating circumstance, the drought in West Texas, Southern New Mexico and Arizona are cited, and it is urged that Congress extend the privilege of granting of returning duty free cattle taken into Mexico for pasturage during that period.

Co-operative associations in Texas received advances amounting to \$1,230,100 and repaid them in full. The amount still due from loans to banks is \$111,485.

### J. M. Roberts Purchases Interior Wiring Business of Light Co.—to Be Located at 210 Sidney Baker.

A new firm will be added to the business roster of Kerrville the first of the year, when J. M. Roberts opens up an electric shop at 210 Sidney Baker Street.

Mr. Roberts has had charge of the house wiring department of the Kerrville Ice & Electric Company for several years and is thoroughly competent in all branches of his profession. He is branching out for himself by reason of having purchased the interior wiring business and stock of his former employers, the electric company hereafter devoting their entire energies to furnishing current. The only wiring they will handle in the future will be the outside lines.

In addition to the stock he is purchasing from the light company, Mr. Roberts is adding a full and complete stock of inside fixtures and chandeliers and will be in position to handle all classes of house wiring, both by job or by contract.

### W. W. Boyd of Austin, State Game Warden; L. C. Shaw of Comanche, and P. O. Dickson, R. Fullingam and L. C. Boyd of Decatur composed a party of hunters in the Hill Country last week. They went through Kerrville last Thursday evening on their way out and stopped here Sunday night en route back home.

THE WEEK IN SOCIETY

Ethridge-Rustenburg

Last Thursday afternoon in the pastor's study of the Presbyterian Church, Rev. W. P. Dickey spoke the words that united in marriage Miss Lois Ethridge of this city and Fred Rustenburg Jr. of Brownsville.

The happy young couple left that evening for San Antonio and other points on a honeymoon trip, planning to be at home in Brownsville after January 1st.

Mrs. Rustenburg is the daughter of Mrs. Pearl Ethridge of this city and has won a host of friends by her happy, cheerful disposition.

The Sun joins their friends in congratulations and good wishes.

Surprise Shower

Tuesday evening of last week at the home of the bride's mother, Mrs. T. Holdsworth, members of the Philanthropy Class of the Methodist Sunday School gave a surprise shower, honoring Mr. and Mrs. Howard Butt of this city.

The home was beautifully decorated for the occasion, a color scheme of green and white being used throughout.

The first part of the evening was devoted to games and contests, after which Cupid, with his bow and arrow, pointed the way for the bride to find the surprise of the evening, and it was indeed a surprise.

After the gifts had been opened and inspected by the bride and groom a small note book was passed among the guests, in which each wrote a few words of advice to the bride.

Dainty refreshments were served, banquet style, to the guests. Then good wishes and congratulations were in order and the old-fashioned custom of kissing the bride followed.

Those present were Mr. and Mrs. Howard Butt, Mr. and Mrs. Wm. Reed, Mrs. Minnie Mae Swann, Mrs. L. T. Davis, Mrs. Ernest Boeckmann, Mrs. Tom Hollar, Misses Nan and Mary Swayze, Bessie Biehler, Maggie Lowrance and Willie Holdsworth, and J. J. Starkey.

Birthday Party

Mr. and Mrs. W. A. Salter entertained with a Christmas party last Friday afternoon in honor of the fourth birthday of their little son, Forrest.

The red and green Christmas motif was used in decorating the living and dining rooms.

In the contest of pinning stockings on the mantle, Paxton Noll won first prize for the boys and Kathleen Matthews won first prize for the girls.

These prizes were little Christmas Stockings. In a second contest Arnie Mitchell won first prize for the girls and Paxton Noll again won the prize for boys.

Miss Anna Neblett Thorburn, the beloved Sunday School teacher of the little boys, told the story of Dickens' Christmas Carol and other Christmas stories to the children.

The table with its birthday cake and candies was placed in the sun parlor. After ice cream, cake and candy had been eaten a knock was heard at the door and Santa Claus entered.

The lights were turned on and a pretty Christmas tree, with horns for the boys and purses for the girls, was seen.

Many pretty gifts were received by the little honoree in remembrance of the occasion.

Those invited to meet Santa Claus were little Misses Cornelia Fawcett, Arnie Mitchell, Olgie Worley, Julie Ann and Irene Jackson, Jane Marx, Lois, Florence, Inez and Myrtle Butt, Charlotte Sher, Maxine Meisel, Elizabeth Williamson, Jessie Louise Mason, Mary Jane Garrett, Evelyn Fisk, Ruth Leavell, Eloise Weid, Fannie and Clara Baldwin, Frances Jones, Sibyl White, Ruth and Lois Jackson, Thelma and Lucille Taylor, Anna Neblett Thorburn, Tinsy Richards and Kathleen Matthews of Spearfish, S. D.; Roger Thorson, Earl Garrett, Seaborn Eastland, Leonard Rawson Jr., J. C. Yeary Jr., Jimmie Beddingfield, Woodrow Jackson, L. T. Davis Jr., Richard and Francis Swayze, Joseph McDonald, Renschel Allen, Jimmie Lochte, Henry Weid, Salter Ridgeway, Paxton Noll Wheeler Mosty, Harry Schwethelm, Cleveland Wheelus Jr. and Billy Allen of Junction.

Each of the world's peoples have their own standards of modesty. Chinese women wear trousers and believe the skirt immodest. Certain Mohammedan women of the Sahara region will tear off their last garment to cover their faces upon the approach of a stranger.

Our word "ship" is derived from the Dutch word "schip." The Dutch mariner used to be known as a "schipper," and to this our sea captains owe their nickname of "skipper."

Samuel Gomper, the great labor leader, has gone to receive the full reward for his life spent in the service of others. He was truly a great man, and evidenced his greatness in his intense desire to better the condition of the masses. That the people love him was shown by the fact that in spite of all criticism brought against him they continued to entrust him with their leadership. They had faith in Gomper. He may have made mistakes—for no man is perfect—but his sincerity and honesty were never doubted even by those not in accord with his policies. The work of a man like Gomper is perfect. It will live like Gomper's deeds; it will live on to continue to bless the world. Those who take up his labors will build on the foundation he has constructed.

A recent report of the State Board of Health contains the startling announcement that the Board has discovered twenty cases of misbranding covered in roasting coffee in whole-sale quantities. The report further stated that at least half of the plants inspected were not properly prepared for cleaning coffee. The Board has taken steps to correct these conditions, but that does not solve the problem for the harm already done to the public. A concern that misbrands coffee or adulterates any food product should be prosecuted and exposed. These practices are harmful to the public and work a hardship on honest consumers that will not resort to such methods.

The Christmas spirit is fast taking the place of Christmas spirit, so popular in the pre-Volsky days. It is a very indifferent sort of person who does not open his heart and his purse at the Christmas season. Whatever may be said as to the evils that have followed the World War, it must be admitted that the people generally are more sympathetic toward those in distress and more generous in the aid of suffering. A comparative study of the Christmas of today with that of even a quarter of a century ago means bring any one to the conclusion that the Christmas of today is getting better and that the Christ spirit is more evident.

An evangelist is passing through Texas on his way to California and is proclaiming that the world will come to an end February 6, 1925. He exclaims that he is in California at that time. Doubtless his reason for not leaving in Texas is that he would be so in love with the State that he would be reluctant to leave it for the next world.

## CATHOLIC CHURCH NOTES

By Father Kemper  
MIDNIGHT MASS

Advantage will be taken of the rare privilege of reading three masses on the anniversary of our Savior's Nativity. The first of these holy sacrifices will be celebrated on Wednesday at midnight in St. Mary's Church, where will be held at 11:30 a. m. the count of the late program at the Mexican School, second Mass will be read in Our Lady of Guadalupe Church at 10:30 a. m. This arrangement will permit the faithful to attend the Santa Claus program for the poor Mexican children on Christmas Eve, and will also make it convenient to assist, if they wish, at all three sacred services.

A beautiful life-like statutory representation of the mystery that took place on the first exhibition from the parish general public in the Convent Chapel and also in the Mexican Church. Everyone is invited to visit these artistic Biblical scenes.

During the Yuletide vacation, which lasts till Monday, January 5th, the Angelus bell will ring at 7 a. m. in the Convent Chapel, and the daily Mass in the Convent Chapel will be changed accordingly. The Christmas program of the parish will be held in the Mexican Church next year's school resumes.

## First Precinct Returns

Mother Precinct, who has been elevated to the provincial board, and the first precinct board, of the city, held its first meeting on Thursday with a pleasant visit in company with Mother Nativity, head of the local province. Both Sisters were delighted with the current improvements made during the current season especially in extending the play-grounds to the Old Spanish Trail which is our city's main artery of traffic. The property in all front and in the rear of the Old Spanish Trail is being beautified and of the advantage of this residence and of the parish school.

## Mother Provincial and Mother Crescenta returned to San Antonio on Friday, taking Sister Hilda with them for a brief rest.

Each in the past week, Sisters Joseph and Mechthildis of the Carmelite Order were here on their annual visit for the charity work. They were accompanied especially for the Mexicans in San Antonio. The Sisters, on leaving, expressed themselves deeply grateful for the customary generosity and friendliness that they experienced from Catholics and non-Catholics.

## Another solicitor of the past week, was D. Kerth who was canvassing the parishioners in the intervening days. He brought with him a copy of the Holy Bible Illustrated edition of the Holy Bible.

Details of the Notre Dame Christmas play will be chronicled next week. The faculty seizes the present opportunity to wish their countless loyal friends a Merry Christmas and a Happy New Year.

## Personals

Mr. Poth of Poth, Texas, was with us again for the week end. Another old-timer was Elias Fannette of Fannette, Texas.

Mrs. R. Dimick came with her daughter and son-in-law, Mrs. and Mr. Clarence Mosen, on Monday for the last week. The last-mentioned excursion that did not lessen the number of parishioners.

## Christmas guests, Miss Bessie N. Whicker.

M. E. Bogie, former Deputy Game Warden in Kerr County, but now Auditor of the State Penitentiary System, C. V. Terrell, State Comptroller, A. J. Ehlers of Austin and Mr. Birdwell of Buda composed a party of visitors who arrived in Kerrville Monday and will participate in the Hill Country annual days' hunt.

METHODIST CHURCH  
C. E. WHEAT, Pastor  
The cold weather cut down our Sunday attendance considerably, but we had a good Sunday School and fine Christmas services. The pastor, Mr. Wheat, preached a very good sermon on Christmas morning. In the evening the pastor spoke to a very good crowd on "The Language of Life."

First Baptist Church  
Rev. R. W. Merrill, Pastor  
Despite the cold weather of last Sunday we had reasonably good services. The pastor, Mr. Merrill, preached a very good sermon on Christmas morning. In the evening the pastor spoke to a very good crowd on "The Language of Life."

Remember this Christmas day that love is the strongest thing in the world, and that the blessed and life which began in Bethlehem is the image and the brightness of the Eternal Love.

DINAH DONT CARE  
DINAH DONT CARE was a carefree Ethiopian. The china cups that passed through her hands fell to the floor and many a plate bore the nick of the time when she had handled it. The meat was scroved in the oven and the gravy was up set out of it, but Dinah merely said, "What's got ter be, is got ter be," and dismissed the unpleasant incident. The bathroom tap flowed on after her departure, to the release of a large area of plastering, but Dinah only thanked "de good Lawd" that she wasn't under it when it fell.

**Good Will and Good Cheer go Together**

GOOD cheer and good will go together. Swift & Company puts its good will into acts of service, which extend from year's end to year's end, and are not confined to holiday seasons.

City homes that had to depend upon the country cousin for holiday fowl, and country homes that had to shoot wild game to make a feast for the assembled family clan—both now draw upon Swift & Company's vast supplies of delicious, fine-flavored roast beef and steaks and

**Premium Milk-Fed Chickens Golden West Fowl Premium Hams**

The system of the old days was good—for those times—but today's method is infinitely better. With the increase in number of homes throughout the land, only a big organization, such as Swift & Company, can assemble and distribute enough fine holiday meats to make good cheer for everyone.

Ideals are of no avail unless translated into action. Swift & Company's ideals of service go into practice every day.

Look for the mark "U. S. Insp'd & P's'd" on fresh meats and "Premium" and "Golden West" identifying tags on poultry.

**The Economy of the Best**

The economy of using the best possible materials is made apparent in the upkeep problem. A house or business building may be "thrown together" with cheap material and it may "look all right," but after it's stood the shock of weather, the real test comes.

Long ago we learned that it is false economy to use poor materials and we so advise everyone who buys of us. Our success is due to honesty in materials and prices.

Mr. and Mrs. Moritz Hokekamp of the Fall Creek Ranch were in the city buying supplies last Saturday.  
Mr. Terry from near Bluff has bought the Walter Baker place and is building a new bungalow on same.  
There was a Christmas tree at the Turtle Creek school house Wednesday evening for the pupils and patrons of the district.  
W. H. Fleming and wife and Mrs. John Moore went over to see Santa Claus and buy Christmas supplies Monday evening.  
Mr. and Mrs. Billie Skinner and children, little Billie and Harry G., were dinner guests of Mr. and Mrs. Billie Fleming last Sunday.  
Mrs. P. B. James was called to the bedside of her son, Grover, in Kerrville last Thursday. He was quite ill with the flu, but is reported better at this writing.  
Miss Dorothy Stubblefield spent last Saturday and Sunday with her mother at Legion, who was real sick with influenza but is better again.  
Last Sunday morning the wild turkeys, knowing that Henry Barton never hunts, came up to his back door and gave him a dare. He grabbed his old shotgun and took a shot, and to his surprise accidentally killed a nice gobler. How is that for good luck and a Christmas bird?  
Well of all the cold snaps the past week end seemed to be about the worst for this time of the year that has ever visited this section. The thermometer went down to 16 degrees Friday and there didn't seem to be enough wood or overcoats to keep a fellow warm. However, no serious damage was done to the stock.

As the sun sinks to the horizon its rays strike us on the slant, shining through myriads of particles of dust and water vapor, breaking them into their component parts and coloring them. This makes for sunsets of brilliant coloring.

### HUNT HAPPENINGS

E. L. Sublett of Kerrville is spending this week end hunting with Mr. and Mrs. G. W. Baldwin.  
A. B. Hardin has been on the sick list for the past week, but seems to be some better at this writing.  
Tom Priour and Herman Sublett of the Divide community were Kerrville visitors Monday, stopping here for a short visit.  
Jasper Moore, who has been attending the Schreiner Institute, is spending this week with his parents, Mr. and Mrs. T. J. Moore.  
The Boys' Basket Ball Team of Sunset played Hunt at the latter's school last Thursday evening. The score was 30 to 14 in favor of Hunt.  
Miss Lois Sublett entertained her friends of this community with a singing last Thursday night. It was very much enjoyed by those who attended.  
Miss Mable Hardin, who has been attending school in San Marcos, has returned home to spend Christmas with her parents, Mr. and Mrs. A. R. Hardin.  
Mr. and Mrs. Alvie Griffin's little daughter, Ruby May, has been very sick for the past week, but we are glad to report her being some better at this writing.  
Emmitte Redford and cousin, Lois Marshall, left last Saturday morning for their home in Johnson City, where they will spend the Christmas holidays with relatives and friends.  
The B. Y. P. U. Social, which was given at the home of Mr. and Mrs. T. J. Moore last Friday night, was very much enjoyed by those who attended. The house was beautifully decorated with Christmas bells and other holiday trimmings. Hot chocolate and cake were served and every one present reported an enjoyable time.

### JOHNSON CREEK KID ON TENANT FARMERS

Mr. Editor: As there are no letters from the men in your last week's issue, I will ask you to give me a seat beside some of your good lady correspondents. I am not particular which one, either, for I never have much trouble getting along with the women.  
I enjoy reading letters on tenants and landlord problems, as most of them differ.  
A tenant and a so-called tenant are two different classes of men.  
Two-thirds of the tenants today are Bermuda grass spreaders, weed breeders, boll weevil partners, landlord cussers, neighbor abusers, and, to tell the truth, a stumbling block and a disadvantage to a real man.  
They fear hammers and staples, post hole diggers and barbed wire; they use boxes and rocks for doorsteps; they side-line their hogs rather than build a pigpen; they get mad at their landlord because he has rented them out. They scatter their implements all over the field, and if anything is lost they say the neighbors will steal.  
They pile their cotton up under a tree to have a nice shady place to weigh and talk. If you work your land right, as any real man should, they say you are crazy and killing yourself and making it hard on all the renting class.  
Now I am a renter; never owned a foot of land in my life. I have always

found that if a renter will do his part nine out of ten landlords will do theirs, and more.  
We need more men as renters; not merely house seekers and moon hunters. Most renters expect the landlord to furnish hammers and nails and lumber, and bring it to them and do half the work, besides paying full time at a good price to build gates, steps, and such things for them to tear up before they leave.  
As I have stayed too long already, I had better go before I have made enemies, for truth hurts sometimes. I would like to hear from more renters and landlords. RED BIRD.

### ORPHAN CHILDREN LOOKING FORWARD TO CHRISTMAS

BUCKNER ORPHANS' HOME HAS TASK OF BEING SANTA CLAUS TO 700 CHILDREN.

### LARGE GIFTS NECESSARY FOR DAILY SUPPORT

Three New Buildings for Coming Year Goal of Home.

Right at this time more letters are being addressed to Santa Claus out at Buckner Orphans' Home, near Dallas, than to any other one person. Naturally that is to be expected—especially in a family where there are 700 children! And the wants of the children are various and multitudinous. One little fellow, who had secured the help of an older child to write his letter, dictated his wants to his little stenographer in the following words: "Jee' anything."

There was the customary assurance, of course, that he "had been a good boy" during the year.

Many communities, churches, and organizations in Texas are now making offerings in cash and in merchandise to send to Buckner Orphans' Home, so that these dependent children will have good cheer at Christmas time.

Cash Offerings Most Valuable. Dr. Hal F. Buckner, one of the co-managers of the institution, in a special interview, emphasized the importance of making gifts to the in cash wherever possible. However, some communities are making up car-load lots of merchandise, including groceries and clothing, and sending direct to the Home. These gifts are appreciated, but the purchasing power of the Home is greater than that of the individual, and where money is sent direct it can be used in the most economical way.

Five Hundred Dollars a Day to Run Home.

Outside of the responsibility of Buckner Orphans' Home to take care of the children on special occasions like Christmas, there is the ever-recurring need to provide for the daily needs of the children year in and year out.

It has been estimated that it takes approximately \$500 a day to care for the running expenses of the Home. For each child in the Home \$300 per

year is necessary. This runs up a total bill of nearly \$200,000 a year, not including money needed for building and permanent improvements. This large amount must come entirely from the free-will offerings of the people of Texas, as the institution has only a very small endowment.

83,000 Loaves of Bread to Feed Children.

Some idea of the great task it is to feed 700 children for one year's time may be gained from the following figures:

83,000 loaves of bread; 34,000 rolls; 6,000 pies; 20,000 muffins; 3,200 gallons of ice cream; 295,000 pounds of milk; 170 tons of ice. In addition to this the children have biscuits for breakfast every morning of the year, and this item alone would figure a grand total of nearly six million biscuits a year!

Home Has Never Turned Away a Destitute Child.

In the receiving of children into Buckner Orphans' Home the institution is guided by certain fundamental principles. They can not take children that are not absolute destitute; the child must be normal, mentally and physically; but the Home has never finally turned away a white full orphan child who came within the limits of the above requirements. The Home is non-sectarian in its ministry and children of every religious denomination, and of no denomination, are welcomed into the Home.

New Dormitories Needed

Two new dormitories for girls and one for boys, are greatly needed for the coming year. The Home is seeking contributions for the erection of these buildings. A modern school building is needed to take care of the educational activities of the Home. The school is of academy rank and graduates from the Home school may enter without examination, any college in the State. Many of the older boys and girls are now in various colleges and universities over the State, completing the education begun in the Buckner Academy.

One other vital need of the Home is the drilling of an artesian well. The estimated cost of this is a little below \$25,000.

Information in detail covering the entire history and activities of Buckner Orphans' Home is being sent throughout the State and to those who request such information from the administration office at Dallas.

### RUNNING A NEWSPAPER AT CHRISTMAS TIME

Hurrying throngs of late Christmas shoppers; children happy in anticipation of the expected arrival of Santa Claus and filled with the keenest curiosity over what he will put in their stockings; busy tradespeople, tired but happy over the service they are able to render the buying public and the cheer they are able to assist in bringing to the parties for whom the gifts are being selected; harassed postal clerks, handling at least four times the amount of work they usually do, and at all times maintaining a spirit of courtesy and helpfulness toward those wanting to mail packages or worrying because the expected box from "back home" did not arrive.

Children of well-to-do parents, already surfeited with gifts, wondering what Santa can think of to bring them this year that they already do not have; children of lesser means, wondering whether they will be fortunate enough to get a present at all.

Older children, who have been disillusioned about the Santa Claus fable, but who know that a bad act on their part will bring displeasure and a curtailment of gifts from their parents; others who have been disillusionized for many years, but who are living again the Christmas spirit in the lives of their own children—

These are a few of the many things the newspaper man runs into when he attempts to edit a paper Christmas week.

However, the reading public must be served and The Sun must reach its readers regularly once a week fifty-two times a year. Hence this issue of the paper coming out Christmas morning.

Still running a newspaper at Christmas is not without its compensations. Many people wish the editors a Merry Christmas and many more drop in to renew their subscriptions for another year. It's easy to work hard in a community where your efforts are appreciated, and The Sun has no complaint to make on that score.

Quite a few people last year sent the paper to out-of-town relatives and friends as a Christmas present, and the number has greatly increased this season. Lots of those who sent the paper last year have already been in to renew the subscriptions.

Still others have been too busy preparing for Christmas to have time to renew their subscriptions and will be in the coming week to do so before their paper is discontinued the first of the year.

To these The Sun wishes to state that the paper is now on a strictly cash basis and all subscriptions not renewed on or before the expiration date printed on the address wrapper will be discontinued. If your paper is marked 1-1-25 your subscription is paid to that date and automatically expires unless you renew same.

The following has either subscribed or renewed their subscriptions during the past week:

- A. Enderle, A. G. Platte, Kerrville; Walter Real, Rural Route; John Walker, Ingram; J. H. Vanham, Hunt; Jim Turner, Center Point; Albert Schellhase, Louis Wiedenfeld, Confort; B. L. Enderle, Fredericksburg; Mrs. A. T. Gotthard, Miss Emma Enderle, Don G. Diebner, L. A. Enderle, San Antonio; Mrs. T. W. Read, Marietta, Ga.; George Nordtran, San Francisco, Calif.

### Sick Headache

"I have used Black-Draught when needed for the past 25 years," says Mrs. Emma Grimes of Forbes, Mo. "I began taking it for bad case of constipation. I would get constipated and feel just miserable—sluggish, tired, a bad taste in my mouth, . . . and soon my head would begin hurting and I would have a severe sick headache. I don't know just who started me to taking

Theford's

### BLACK-DRAUGHT

but it did the work. It just seemed to liver. Very soon I felt like new. When I found Black-Draught so easy to take and easy-acting, I began to use it in time and would not have sick headaches."

Constipation causes the system to re-absorb poisons that may cause great pain and much danger to your health. Take Theford's Black-Draught. It will stimulate the liver and help to drive out the poisons. Sold by all dealers. Costs only one cent a dose. E-104
