

BY BILL ELLIS

ONCE AGAIN Bull Town Days has been concluded, and as is the case almost every year, most observers have labeled the BTDC celebration just past as the "Best one Yet."

However, citations such as this don't just happen. They are usually earned, and as we stated here last week, a successful celebration generally is the result of some good advance planning and some old fashioned hard work.

Again, we commend BTDC general chairman Lewis McDaniel, along with co-chairman Stanley Robinson and past chairman Tom Bonds for their roles in guiding Bull Town Days, 1973, to its successful climax.

THE OTHER EVENING THE Hotline program on Channel 7 was getting sort of personal with the officials of Hereford's Diamond Jubilee (75th Anniversary) celebration, which is to be run off next week, in that the city had paid several thousand dollars to an out of state promoter to be in charge of the Jubilee.

Some residents, apparently questioned the wisdom of paying this sum of money, to a "furriner," to boot, to tell them how to run their celebration.

However, it is to be noted that among other things, Hereford is getting the "Spirit of '76" train from Santa Fe Railroad for the week; and Apollo 12 Astronaut Edgar Mitchell, who will make a personal appearance.

The Jubilee struck its own coins to commemorate the 75th anniversary of the "Town Without a Toothache," a handsome coin which area collectors no doubt would like to own.

So, who is to say whether or not the city received its money's worth from hiring outside promoters.

There are those who look at the money spent on the annual BTDC promotions as being wasted. But as we have pointed out before, it is good publicity for the community in the eyes of our region, plus being a healthy situation wherein the entire community works together for a common cause.

THE CURRENT high prices on farm commodities, coupled with the outlook for the best crops in several years, makes things look good for this area's economy for another year.

Prices to consumers may be high, but if the outlook continues favorable, this could be offset by the tremendous year for those in agriculture.

And when agriculture prospers, it's usually good for everyone's economy.

THE PRESIDENT'S anti-inflationary programs have flopped in their announced intents to curb inflation, but in our area, at least, returns from raw products have kept pace, and in some instances, outdistanced, the rate of inflation.

However, those on fixed incomes and older people on pensions have not been able to stay abreast of the price increases.

These are the areas of our economy that are suffering from the price freeze boomerang, which may turn out to be the worst boondoggle of the Nixon administration.

Cathy Trimble, left, was named first runner-up with Dian Roming, right, named second runner-up. The new queen is the daughter of Mr. and Mrs. Wendol Christian. Christi Trimble, 1972 Queen, presented a silver belt buckle, a leather crown and a dozen long-stemmed yellow roses to the new queen and plaques to the runners-up as they were announced at the intermission of Thursday night's Grand Ole Opry in Bovina Schools auditorium.

10th ANNUAL Large Crowds Attend Events

Bovina's 10th annual community-wide celebration, Bull Town Days, was staged here Thursday, Friday, Saturday and Sunday as thousands of people turned out for the four-day celebration which featured activities for all age groups.

The celebration was considered another great success by promoters as well as by those attending.

A crowd, estimated at between 2,000 and 2,500, packed Main Street Friday night for the free barbecue, which traditionally attracts more people than any other single function.

The meal, which featured boneless chuck beef, also included pinto beans, pickle and onion slices and Bovina-grown cantaloupe.

The cantaloupe and onions were provided by Gateway Produce Co. of Bovina. Remainder of the meal was paid for by donations from businesses and individuals and from income from other BTDC activities.

Perhaps the only disappointment in this year's celebration was the less-than-capacity crowd at the Grand Ole Opry Show Thursday night.

Named queen of Bull Town Days '73 was Tammy Christian, daughter of Mr. and Mrs. Wendol Christian of the Oklahoma Lane Community.

First runner-up was Cathy Trimble, daughter of Mr. and Mrs. C. E. Trimble. Second runner-up was Dian Roming, daughter of Mr. and Mrs. Ralph Roming. Miss Christian was sponsored by Isaac's Department Store in Bovina. Miss Trimble was sponsored by Bovina Woman's Study Club and Miss Roming by Gateway Produce Co.

The new queen was presented a dozen long-stemmed yellow roses, a leather crown and silver trophy belt buckle by Christie Trimble, 1972 BTDC Queen. The runners-up were presented plaques. Presentation was made at an intermission of the Grand Ole Opry Show Thursday night in Bovina Schools auditorium.

The queen's contest was conducted at the roping arena with the contestants performing on horseback. Sixty per cent of the judging was based on horsemanship and 40 per cent on beauty and personality. Two out-of-town judges selected the new queen. Five girls competed for the honor.

Winners in the cow calling contests, held Thursday afternoon at the roping arena, were Owen Patton in the men's division and Kathy Williams in the women's division. Miss Williams out-called her older sister, mother and grandmother to win the contest.

Second places went to Dolph Moten and Laura Bartlett. Third places were awarded C. E. Trimble and Julia Leake. Others entering the contests were Tommy Williams, Tammy Christian, Dian Roming, Kim Naegle, Lezli Williams, Diana Naegle, Christi Trimble and Kay Williams.

The winners were presented plaques for their accomplishments at intermission of the Thursday night show. R. B. Riley, who also received a plaque.

contest, also held at the roping arena. He was presented a plaque at the Thursday night show. Second place winner was R. B. Riley, who also received a plaque.

Only about 200 persons attended the Thursday night's program of the Grand Ole Opry Show from Roosevelt County, N.M.

About 200 people attended the Friday morning chuckwagon breakfast at Bovina Gin yard with cooks using coals left over from the barbecue fire of the night before. Vernon Estes was in charge of preparing the meal, which consisted of scrambled eggs, bacon, biscuits and coffee.

Old timers began registering at 10 a.m. Friday for the reunion a basket lunch at the Masonic Lodge Hall on Main Street. Some 80 old-timers and ex-residents registered for the reunion and luncheon, according to members of Bovina Woman's Study Club, who were in charge of the event.

Receiving the oldest old-timer award at the presentation of awards Friday night was Minnie Wells of El Paso, who moved to the Parmer County area in 1904. Frank Hastings, who moved to Bovina in 1902, had received the award previously and asked that someone else be recognized.

The trophy for coming the farthest distance to the celebration went to Mrs. Christine Norton Doherty and daughter Kathy from St. Louis, Mo., a distance of about 1200 miles.

Some 82 entries were recorded in the horsemanship activities at the roping arena, which also began at 10 a.m. and continued until afternoon. Belt buckles and ribbons were presented winners in each contest.

In the junior girls division, Kathy Williams of Bovina won the barrel race, Diana Gustin of Friona won the flag race race, Mary Leda Dorris of Farwell won the rescue race and Kim Naegle of Bovina won pole bending.

In the junior boys division, Levi Dorris of Farwell won the barrel and flag races with Eddie Don Lide of Bovina winning the rescue and poles.

In the intermediate girls division, Tammy Christian of Bovina won the barrels and poles with Lezli Williams of Bovina winning the flag and rescue races; in the intermediate boys, Rocky Bartlett of Bovina won the barrels and poles with Donnie Gustin of Friona winning the flags and rescue.

In the senior girls division, all contestants were disqualified in the barrels with Michelle Bonds of Bovina winning the pole bending.

In senior boys, Barty Bartlett of Bovina won the barrels, Bobby Englant of Bovina won the flag and rescue races and Al Kerby Jr. of Bovina won the pole bending. Cathy Trimble of Bovina took first place in western pleasure with Kathy Williams of Bovina winning the calf riding and Bill Calaway of Bovina winning the break-away roping.

The Bull Town Days parade wound through the streets of Bovina at 4 p.m. with entries from Friona, Farwell, Clovis, Littlefield and Muleshoe in the parade. Winner of the float division was Bovina Woman's Study Club with the Bovina 4-H Club winning second and Bovina High School FFA winning third.

Winning first place in the riding clubs was Friona with Bovina Roping Club taking second place.

Parade awards were made following the barbecue Friday night.

For those who were sports-minded, a good crowd was treated to a double-header slowpitch softball game between the Four-S Realty of Clovis and Big Nick's Traders, champions of the Bovina league. The Traders won the first game, 2-0, and lost the nightcap, 5-3.

Rodeo Tickets On Sale For Huntsville Show

HUNTSVILLE—Tickets are now available to the general public for all four Sunday performances here of the 42nd annual Texas Prison Rodeo in October, announces Ron Taylor, Texas Department of Corrections public affairs officer.

"These tickets will be available at the rodeo ticket office adjacent to the main administration building in Huntsville, at Foley's in Houston, at all Sear's stores in other Texas cities, and by mail," Taylor advises.

This year's rodeo will feature 40 convict cowboys contesting for the coveted all-around top hand title. Harry Southerland, Fort Worth, has won back-to-back titles and will return to defend his championship and hopefully become only the second prison performer to win three rodeo titles in a row.

Additionally, for the second year, the Gorie Cowgirls will perform at the annual rodeo. They will participate in the calf tussle, pig-sacking contest, and the donkey barrel race.

The redshirts, a group of 40 inmates divided into two-man teams, will vie in the wild-cow milking contest event, and will participate individually in the

Hard Money event. Hard Money involves the contestants trying to grab a Bull Durham-size sack from between a bull's horns. Cash prizes of \$50 and \$25 go to winners in this popular and exciting event.

Country western music will add to the rodeo when inmate recording stars and bands swing out for the midway show beginning at 9 a.m. and pre-rodeo show at 12:30.

The rodeo gets underway at 2 p.m. with the traditional grand entry parade. After that, it's two hours of Texas Prison Rodeo at its wildest and roughest.

Reserved seat tickets at \$3, \$4, \$5 and \$6 may be purchased by mail by enclosing check or money order to Prison Rodeo Ticket Office, Box 99, Huntsville, Texas 77340. Net proceeds go to finance rehabilitation facilities for more than 16,000 inmates of the prison system.

BANKING CHANGE—A new "Seasonal Borrowing Privilege" is designed to help rural banks expand loan fund sources where the local economy has a seasonal loan need, such as with grain sorghum, wheat, cotton or rice production. The lending change in the Federal Reserve System could make an estimated additional \$1 billion in loanable funds available to Texas residents from the state's rural banks, says an economist for the Texas Agricultural Extension Service.

Value Of A Smile

A smile is something that most of us wear most of the time without really a reason. The times when smiles really help to make us a better person is when there is not much inside to smile about, but for the sake of others, you will still keep holding onto the smile that wasn't thought about much when things were easy.

It is when things get tough and a little hard to take, you can still hold onto a smile. Then you can say that you've made yourself a little more mature, and a little more thoughtful and a little more like Christ. A smile can change you from a pessimistic person to an optimistic person. It can help you sometimes out of problems that seem impossible to accomplish.

Smiles are the only things that you can't buy, but can give anyway and still make a profit. A smile sometimes may be hard to express outwardly but in the end will pay great dividends. Really, there are few things that are of more value than a smile.

How easy it is for a smile to change us into a better person. In becoming a better person we make a better world. So, all in all, when you smile, the world smiles with you.

Farm-Ranch Profits Pared By Inflation

Although land values are increasing at a sharp rate throughout the country, it's difficult to live off of the appreciation! Net income is still the breadwinner!

Consider the plight of two ranch families in the Edwards Plateau of Texas who are reaping a mere 1.5 percent return on their land, labor and management. Despite high levels of management and effective enterprise combinations, the task of increasing net income seems futile, especially with rapidly rising production costs.

Although the two families are each netting about \$8,000, if this is assumed to be return on labor and management, there would be no return to the value

of the land, points out Kenneth Graeber of Uvalde, area economist in management with the Texas Agricultural Extension Service.

Seek Interest In AKC Club

A meeting will be held Tuesday, August 28, at 7:30 p. m. MDT at the First Federal Savings and Loan in Clovis, New Mexico, for the purpose of organizing the Eastern New Mexico Obedience and Kennel Club. This Club to be recognized by the American Kennel Club for sanctioned Kennel Club shows. All interested persons are invited and urged to attend.

"The question is, should these families stay in the ranching business and continue to earn a limited return, or should they consider selling the land at a good profit and invest their money elsewhere?"

There are also other alternatives to this situation which is becoming more common across the state and nation due to increasing land values. Increased recreational demands for land is a big reason for the jump in land prices, notes the Texas A&M University specialist.

One alternative might be to buy a larger operation where land values are lower in order to increase net income. It might mean selling the ranch and

investing in stocks and bonds and working off the ranch. Possibly the land could be leased to cover taxes, and employment could be found off the ranch.

"Whatever the decision, two important intangible factors must be considered-love for the land and the country life. These factors cannot be measured in dollars and cents," contends Graeber.

The economist believes that the decision should be made by all people involved so as to maintain the most essential asset of all-happiness and harmony in the family.

Cotton is the only major fiber that actually increases in strength when wet.

LABOR DAY HOLIDAY

DPS Predicts 48 Fatalities

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today warned that 42 persons may lose their lives in Texas traffic during the long Labor Day weekend.

The holiday officially begins at 6 p.m. Friday, August 31 and runs through midnight Monday, September 3.

Speir said the DPS is making preparations to cope with increased holiday travel.

"Every available Department of Public Safety patrolman will be on duty during this three-day weekend, utilizing all resources we can put our hands on to prevent accidents," he added.

The DPS director noted that special attention will be paid to hazardous traffic violations normally associated with a high holiday death toll.

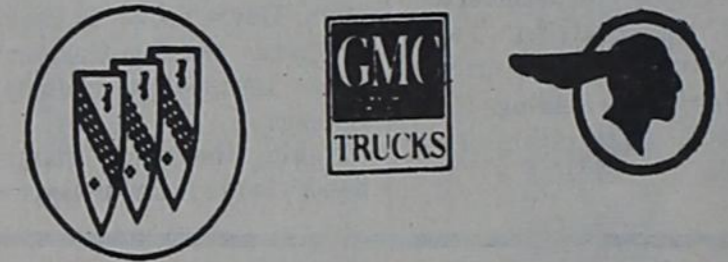

Patrolmen will be especially watchful for such offenses as speeding, driving while drinking, improper passing and driving on the wrong side of the road.

In addition to stepped-up enforcement activities, the DPS will also work with local law enforcement agencies and

the news media of Texas to conduct an accident prevention program called "Operation Motorcade."

During "Operation Motorcade," tabulations and pertinent

facts about all fatal holiday traffic crashes will be compiled three times daily and released to news media. Notation will be made as to where and why accidents are happening.
