## STATE COLORS ON 1933 CAR PLATES

Motor vehicle registration plates for 1933 will be in the state's colors, with the numerals in red, State Comptroller Juan N. Vigil announced after a conference with Governor Seligman last week. On truck plates the colors may be reversed, but that point has not been decided as yet. The "Sunshine State" motto is to be eliminated and the large-sized Zia sun symbol, the device on the state flag, restored to the plates. Specifications for the 1933 plates are being gotten up and as soon as they are finished, Vigil said, he will call for bids. The official plates for state officials are not to be numbered. Instead the title of the official is to be used, such as "Governor," "State Treasurer," etc.

## GOVERNOR WILL CALL SPECIAL SESSION IF SOLONS SHOW SPEED

SANTA FE—Governor Arthur Seligman is willing to call a special session of the state legislature providing the taxpayers' proposed economy program is agreed upon in advance by a majority of the house and senate, and the special session would not require more than three or four days. Clarence C. Iden of Las Vegas, chairman, and other members of the legislative committee of the federation of taxpayers associations assured the governor that whatever program is finally agreed upon would be presented by the local taxpayers associations to their legislative members to insure its prompt passage. "I could not approve," the governor said, "of a special session which would daily around Santa Fe for thirty days or more, costing the state between \$25,000 and \$50,000, which finally reached no constructive legislation."

The taxpayers committee placed before the governor sixteen suggested pieces of legislation, with some measures intended for a special session and other to be recommended to the next regular legislative session. These sixteen points outlined in full previously ranged from reduction of salaries of county officials, to various items on tax revision, tax collection, and collection of delinquent taxes, elimination of special county road levies and such other measures on through to two proposed constitutional amendments, one to place control of the state institutions under a central board of finance and the other to place county board road construction under the supervision of the state highway department.

Mr. Iden presented to the governor an estimate arrived at by the committee, representing savings of \$1,060,800 to be gained through some of the legislative proposals. This included: reduction of salaries of county officers ten per cent, \$60,000 annually; reduction of state appropriations ten per cent, \$200,000 annually; elimination of county boards of appraisers, \$40,000 annually; elimination of fees for district attorneys serving jails; reduction in mileage allowances, \$25,000 annually; cancellation of the \$200 exemption for heads of families, \$50,000; cancellation of the property tax exemption for war veterans, \$350,000; savings possible in feeding county prisoners, \$25,000.

## HAGERMAN WINS TENNIS MATCH HERE FRIDAY

Much to the pleasing surprise of a sizable crowd of tennis fans the Hagerman mixed doubles team of Eleanor Paddock and Wilfred McCormick upset the dope bucket to win their match with Roswell here last Friday. The games were hard fought throughout with the local pair staging a comeback after dropping the first set 6-4. Their rally enabled them to take the second 6-1 and then annex the final 6-4 after a brilliant recovery by their opponents had nearly deceived the set from a 5-1 handicap. The Roswell players showed everything in the way of tennis that reports had indicated. For several days, Jim Dunlap had been getting the headlines as their sensational champion for 1932 and his partner, Lucille O'Neil, was co-winner of the women's doubles. They presented a smoothly working combination of stroking and experience that delighted the court enthusiasts who had turned out to witness their play. A number of people expressed the desire afterwards to see more of the valley celebrities brought to the local court for exhibition matches.

## BANK SHORTAGE AT SANTA FE INVOLVES GOV. SELIGMAN'S SON

Otis Seligman, assistant cashier of the First National Bank of Santa Fe, who father Governor Arthur Seligman is president of the bank, was, with nine other employees of the bank charged by United States Attorney Hugh Woodward with conspiracy to misapply moneys, funds and credits of the bank. The others named in federal warrants Tuesday were: Hugh P. Mera, teller; Charles Leyba, clerk; Eduardo Trujillo, bookkeeper; Tom Perry, general bookkeeper; Frank Pena, head bookkeeper; Manuel Romero, bookkeeper individual ledger; Joseph Donahue, bookkeeper individual ledger; Teodoro Esquivel, bookkeeper individual ledger.

The First National Bank case came to light following an investigation by bank directors, when Hugh P. Mera, bank teller, was charged with embezzlement while he was in St. Louis on vacation. A \$5,000 overdraft was found in Mera's account, covered by a spurious check, and a state charge against him was signed by Charles J. Eckert, cashier of the bank. Mera returned to Santa Fe voluntarily. The bank directors placed the entire case in the hands of the United States attorney and would not give out the total amount of shortage, pending advice from the comptroller of currency. It was understood, however, that the total shortage was in excess of \$27,000 noted specifically in the complaint drawn by Mr. Woodward. He said no large sums of money were involved at one time, but that the speculations alleged were carried on over a long period starting in 1925. Bank officials said that approximately fifty per cent of the shortages were incurred by Otis Seligman, and the remainder by six of the others charged. Trujillo, Esquivel and Pena, are joined, Mr. Woodward said, because of their assistance in concealing the shortages. They are represented not to have taken any of the money but to have had knowledge of the transactions.

## INCREASE IN MONEY ORDER RATES YESTERDAY

An increase of one cent on all money orders up to \$20.00 effective July 20th, has been announced by Postmaster C. G. Mason.

## TWO NEW RESIDENTS

Baby boys were born last week to Mr. and Mrs. Ernest Clyde Smith and Mr. and Mrs. Louis Bealer. The Smith baby arrived July 13th and the son of Mr. and Mrs. Bealer, July 18.

## READ THE MESSENGER

## CALLS FOR BIDS ON ROAD WORK

Bids on two highway projects of importance to eastern New Mexico—one an oiling job—have been called for July 28 by the state highway commission, it was announced at Roswell by Glen D. Macy, district highway engineer. Federal Aid Project 83-A and 83-B, modified, call for base stabilizing, top course surfacing and oiling, and seal coating of 17.8 miles between Carlsbad and the Carlsbad Cavern, the new road recently completed. Federal Aid Project 105-A calls for grading, construction of minor and major drainage structures, and base course surfacing of 11.3 miles on U. S. highway number 70 in Otero county between Tularosa and Alamogordo. The same work as in the Carlsbad Cavern job will be done on 10.8 miles of U. S. 70 between Portales and Clovis, immediately north of Portales in Roosevelt county. This is F. A. P. 24, reopened.

## TAXPAYERS PRESENT ELEVEN BILLS TO THE GOV. FOR PASSAGE

SANTA FE—Eleven bills which the federation of taxpayers associations wants passed at a special session of the New Mexico legislature were presented to Governor Arthur Seligman Tuesday by Ira N. Sprecker, chairman of the special committee, charged with drafting of the measures. Four of the bills provide for revision in salary schedules for state and county officers and employees, limitation of the cost of feeding prisoners in the county jails, mileage allowance and hours of work, reductions in appropriations for present fiscal year. The other bills provide for repeal of the county boards of appraisers law and transferring of the functions of the board to the county assessor's office. Revision of the delinquent tax collection law. Changing of the method of distribution of motor vehicle license plates, placing local distribution in the hands of the county treasurer.

Safeguarding public funds by making the board of county commissioners, the board of finance for all funds in the custody of the county treasurer. Enactment of a proper appropriation for refund of gasoline taxes to farmers. Legislation to relieve property owners from accumulation of delinquent taxes. Repeal of the district attorneys salary as juvenile attorney.

The federation legislative committee decided against asking the special session, if the governor calls it, to make any changes in the exemption laws for either heads of families or war veterans. The committee, Mr. Sprecker said, believes these subjects to be controversial and such as might prove a barrier to obtaining other legislation. Mr. Dollohon is quite ill this week at the Hagerman mineral wells.

## FRED SUTTON THOT TO BE THE NOTORIOUS OKLAHOMA ROBBER

Nine persons, officials of the Central National Bank of Porteau, Oklahoma and a number of customers of the bank, have definitely identified Fred Sutton as the man who on December 26, 1931 entered the bank and robbed it of \$10,500 in cash and securities, it was announced at Roswell Monday. Sutton is the man who was arrested at Carlsbad following one of the most spectacular bandit hunts in the history of the Pecos valley after he, together with W. H. (Buzz) Tarrant and Gene Walker had fired on Chaves County Deputy Sheriffs Sam McCue and Homer Dunagan after the officers had attempted to stop and question them in connection with the robbery of the Kemp Lumber Co., at Elida.

Sutton separated from Tarrant and Walker, one of whom later shot Jim Williamson after he had arrested the pair at a Lake Arthur filling station. Sutton rode a freight train to Carlsbad and there was arrested by Walter McDonald, sheriff of Eddy county. From photographs and fingerprints broadcast over the southwest it was learned that he was wanted in connection with the Oklahoma bank robbery and Oklahoma officers several weeks ago came to Roswell and returned him to Oklahoma for trial. E. G. Goodnight, president of the Central National Bank of Porteau, Oklahoma, was one of those who positively identified Sutton as the man who robbed the bank on December 26, 1931. Sutton was regarded as one of the most desperate men ever caught in the valley. Tarrant and Walker are now in Jail at Carlsbad charged with assault with intent to kill in connection with the shooting of Deputy Sheriff Jim Williamson.

## BACK YARD IMPROVEMENT

Another very attractive back yard is that of Mr. and Mrs. Willis Pardee. The yard is divided by a walk. On one side is a back ground of tall arborvitaes and hollyhocks, and in the foreground is the smooth carpet of green, one may rest in rustic seats under lilac bushes and "the old apple tree." Against the garage on the other side are climbing vines, next a tiny vineyard of black raspberries, a miniature cactus garden with its interesting variety of this native plant, century plants, shades from the tall popular Chinese elm, and a tiny silver spruce growing. A border of chrysanthemums and a fragrant red honeysuckle completes the scene, and leaves the pleasant and homelike atmosphere. Mr. Dollohon is quite ill this week at the Hagerman mineral wells.

## HIGHWAY DEBENTURES CAN BE ISSUED NOW

SANTA FE—The International Bond company of Denver, Colorado Monday advised State Treasurer Warren Graham that it has found a market for an additional \$17,000 worth of the second block of New Mexico highway debentures. This makes a total of \$31,000 of the second block of \$250,000 which has been sold by the Denver company, and it has until July 28 to fulfill its contract for sale of the entire block. In the event any debentures remain unsold at the time of expiration of the contract, they will be purchased by State Treasurer Graham and then re-sold by the treasurer's office, in order that there may be no delay in the highway department financial program.

## THE VALLEY BAPTIST ASSOCIATION ELECTS OFFICERS TUESDAY

A permanent organization of the Pecos Valley Baptist Association which convened at Artesia Monday and Tuesday was effected with election of the following officers: B. A. Bishop, re-elected moderator; The Rev. H. M. Weldon of Carlsbad, assistant moderator; Miss Madge Brown, Carlsbad, clerk and Mrs. E. A. Heron of Roswell, assistant clerk. The morning service Monday was taken up with the reports of the work from the various churches. The afternoon session was given to reports and discussions of the Sunday school work. Dr. J. C. Owen of Albuquerque secretary of the New Mexico Baptist convention and Frank Frazier chorister of Lake Arthur led the devotionals. Tuesday was the most interesting of the two day sessions with interesting reports on foreign missions. Mrs. T. C. Jester of Austin, Texas gave the principal address of the morning session on the subject of young people's work under the W. M. U.

The afternoon session Tuesday included an address by Allison Herron of Roswell, the B. Y. P. U. Report by The Rev. George Elam, state secretary of the B. Y. P. U., a report on the Baptist orphan's home at Portales by Supt. W. C. Grant. Five girls came with Mr. Grant and rendered a program of song and scripture quotations. A brief report of the Baptist state hospital at Clovis was made by Dr. J. C. Owen. A summary of statistics was read by the clerk and was very gratifying considering present conditions. One new church organized at Otis was admitted into the association. Another new church was reported organized at Dayton with the Rev. Gordon Sterling as pastor, but no report was made. Six new and visiting ministers were introduced to the body, two of them new pastors in the association. They are The Rev. H. M. Weldon, Carlsbad, The Rev. Gordon Sterling, Dayton, The Rev. Marvin White, Roswell, The Rev. Cookson of Roswell, The Rev. J. B. Parker, of Hobbs and The Rev. McCaskell of Texas. The executive board who will have charge of the associational affairs during the interim of the association are as follows: W. H. Cole, chairman, Roswell; J. A. Williams, Lake Arthur, W. H. Keith, Hagerman, C. E. Mann, Artesia; Archie Nelson, Carlsbad and Clayton Wyman, Loving. C. J. Stillwell, of Roswell, was elected treasurer.

The young peoples banquet served by the Y. W. A. in the church Monday evening to more than fifty young people and visitors deserves special mention. Others of the state workers who were present and took part on the program were John W. Williams, secretary Sunday school and laymen's work and Miss Charlotte Burnett, secretary W. M. U. work.

## FORMER RESIDENT IS SERIOUSLY INJURED

Word comes from Mrs. Ben Faust of Neodesha, Kansas, that her husband was recently seriously injured when a side of a wheat bin collapsed upon him, crushing him beneath 1,000 bushels of wheat. Mr. Faust suffered a broken back and is in a Neodesha hospital, paralyzed from the hips down. His life is apparently out of danger. Mr. and Mrs. Faust were residents here in 1926. Mr. Faust was employed at the depot. Hagerman friends of the young couple regret very much to learn of their misfortune, and hope for a speedy recovery of Mr. Faust.

## EASTERN OIL AREA HAS SLACK WEEK

Oil activity over the eastern terrain the past week has been more or less routine, with prospects slim that additional completions will be made before the close of the week. The State No. 62 of the F. W. & Y. Oil Co., center sec. 10-19-28, the last producer drilled in Eddy county has settled down to a production of approximately forty or fifty barrels daily, it was said this morning. Some plans have been made to drill another test in this area, but the location has not yet been announced. Materials are being moved in to start a new wildcat in the western part of the county, this being the McClelland No. 1 of the New Mexico Oil Syndicate, NE sec. 22-22-23. This well will be spudded in by the first of next week. Developments in the State No. 7 of Leonard and Levers, center SWSE sec. 19-17-30, Eddy county has so far been disappointing. This test is dry at 2,268 feet, but developed 100,000 feet of gas above this depth.

## THREE ARE HELD IN CARLSBAD ROBBERY LOOT IS RECOVERED

The office safe of the Peoples Mercantile Co., at Carlsbad was knocked open and \$1,000 in cash taken sometime during Sunday night in the first major robbery that has occurred here this year in Eddy county. The robbery was discovered early Monday morning and investigation showed that the robbers had entered the building through the sky light. A hammer was used to knock the knob off the safe and the combination was punched in. After the outer door was opened the inner door was pried open and money in currency and silver taken. The currency was in \$1.00 and \$5.00 bills and the silver taken was in various denominations. Officers began a search for a model A Ford coupe bearing a Kentucky license plate. The rear of the car was equipped with a smoke screen and auxiliary gas tank from which it was possible to put out a great smoke. The smoke screen, officers believe was calculated to make pursuit difficult. The car was in the Carlsbad Auto Co., garage for minor repairs Sunday morning.

## Three Arrested

Two men and a woman were arrested in Carlsbad Monday night, charged with the robbery of the Peoples Mercantile Co., safe and the loot consisting of approximately \$1,000 in cash was found buried in an auto shed of the Dixie Tourist camp in south Carlsbad and guarded by a large German police dog.

It was a rather peculiar circumstance that led to the arrest of the trio giving their names as Mr. and Mrs. Walter E. Bush and Cecil Miller. A vacuum handle hammer left in the car of the robbers gave officers a clue to follow up. This hammer was stolen from an Alamogordo garage about a week previous and in a conversation with Eddy county officers, Alamogordo officers mentioned the odd hammer. Chief of Police Tom Woods of Carlsbad who recalled the conversation and recognized the hammer. Mr. and Mrs. Bush were arrested as they came out of the picture show as an extra force of officers stood near, armed with sawed off shot guns. The other man, Cecil Miller was arrested at the Dixie camp.

These same parties are believed to have committed robberies in Roswell. A radio belonging to the Roswell variety store which was stolen sometime ago is said to have been positively identified. Early reports that the robbers were riding in an armored car with a mounted machine gun were denied here. However they did have a Ford coupe equipped with a smoke screen device. Dwight Lee former resident of Artesia and now in the employ of the Carlsbad Auto Co., was on a deal to trade the robbers, who posed as tourists, a new car. The trade would have been closed the morning after the arrest occurred.

## Bush Not Pretty Boy Floyd

After a careful study of the trio of robbers, Sheriff Walter McDonald announced yesterday that Walter Bush, leader of the gang was not "Pretty Boy" Floyd, the noted Oklahoma bandit. Bush does resemble Floyd in some respects, but the distinctive marks do not tally.

## Odd—but TRUE

### DEXTER BEAUTIFUL

Dexter has blossomed out this  
summer with fine lawns, well kept  
grounds, parks and grassy spaces.  
The little town is one of the  
prettiest in the state, and its residents  
are to be congratulated.

The Presbyterian church, and  
grounds, with the equally well kept  
property of Dr. E. J. Hubbard, on the north, is a beauty  
spot. Rev. John G. Anderson is  
to be complimented on the miracle  
he has wrought with ferns, vines,  
shrubs and flowers. Other homes  
and farms in and near Dexter reflect  
the pride and the industry of  
their owners.

It takes so little time, and  
money to make places beautiful  
that we all should strive to  
"brighten the corner where we  
are," with growing things.

### FRIEND OR FOE

The majority of the people consider  
me a friend; they come to me  
daily, though I conduct a great germ  
exchange.

Many people come to me daily  
and exchange the germs of any dis-  
eases they may have for those of  
someone else.

The person leaves his germs with  
me and I give him whatever else I  
may have on hand.

Among the germs that are left  
with me for free distribution are influenza,  
whooping cough, pyorrhea,  
venereal disease and tuberculosis.

I belong to the great unwashed.  
I am a law breaker.

But young people, old people,  
prosperous people, poor people, ig-  
norant people, intelligent people  
and flocks of school children, all  
come to my exchange.

I AM THE PUBLIC DRINKING  
CUP.  
U. S. PUBLIC HEALTH BUREAU

ENGRAVING at The Messenger

## That's That

### SIMMS ANNOUNCES FOR GOVERNOR

SANTA FE.—Alleging that a bi-  
partisan agreement exists between  
the present democratic administra-  
tion and United States Senator  
Bronson Cutting which he believes  
is "unsatisfactory to the rank and  
file of democrats," Attorney John  
Simms of Albuquerque Monday  
declared himself a candidate for the  
democratic nomination for governor.

While he did not offer his plat-  
form at this time, he talked briefly  
on items which he considers of par-  
ticular moment, placing emphasis  
upon reduction in property taxes,  
and advising taking the New Mexico  
highway department out of politics,  
and protecting the school system  
during the period of economic re-  
adjustment.

Sombody asked why ye ed's  
car always misses on one cylinder.  
Well, it's like this: We lacked  
one payment on it, and the man  
we bought it from came down and  
took away one piston, to sell for  
the last payment.

We have been given to under-  
stand that all of Hagerman's resi-  
dent ministers of all churches  
but one, are luke warm hypocrites.  
We can't speak for the rest, but  
how did they find out that the  
Baptist preacher was one. He  
thought he had the matter pretty  
well covered up.

Felipe, the vegetable man, came  
around to our place the other  
day and said that we owed him  
"quince centavos." We asked him  
if our wife owed him that much,  
and he said that he didn't know  
whether she was our wife or not,  
but it was that woman we lived  
with.

Our entry for the Olympic  
games this year is the local gen-  
t who qualified for the one hundred  
yard dash in eight seconds, the  
other night when a neighbor's dog  
got after him... that is, he  
would be our entry, if we could  
find him.

We'll trade one year's subscrip-  
tion to the Hagerman Messenger for  
a bale of cotton. Of course  
we realize that we are taking a  
chance on this fall's market, but  
our heart's in the right place.

### NEW MEXICO LEASES LAND EXCESS AREA

SANTA FE.—New Mexico has  
under lease more land than it  
owns, but nobody is the loser and  
it happens to be the only state in  
the west where such a condition  
can exist.

State Land Commissioner Jas.  
F. Hinkle, making a recent check  
of leases in the land office, found  
there are some tracts in the  
southeastern part of the state  
which have as high as four types  
of land leases on them. These  
include leases for grazing, oil  
wells, gas wells, potash deposits  
and in some instances sulphur  
mining. In such instances, he  
said, all lessors benefit from the  
same tract of land.

New Mexico is the only state  
where such a condition can exist,  
and the situation, made possible  
by the state's simplified land  
code, was interestingly discussed  
at the recent meeting of land com-  
missioners from western states.  
New Mexico owns virtually half  
of Lea county.

### SCHOOL FUNDS

Counties Monday were apportioned  
\$940,879 for school purposes on the  
basis of the school census at  
Santa Fe.  
The money is from the common  
school fund, and the per capita rate  
is \$6.489.  
The apportionment includes:  
Catron, \$8,111.50; Chaves, \$37,  
138.08; Dona Ana, \$37,417.05; Eddy,  
\$35,970.02; Grant, \$45,334.03; Hidal-  
go, \$10,837.08; Lea, \$1,015.50; Lin-  
coln, \$10,493.23; Luna, \$13,400.33;  
Sierra, \$10,579.84; Socorro, \$19,973.  
04; and Roosevelt \$35,256.00.

### NATIONAL CONGRESS ENACTED 500 LAWS

WASHINGTON, D. C.—Around  
five hundred laws were enacted by  
congress during the session ended  
Saturday night. They were  
chosen from 18,000 bills introduced  
one of the bumper bill crops in  
history.

Of this extraordinary total of  
ideas on what legislation the coun-  
try needed, 13,000 were presented  
in the house, 5,000 in the senate.  
Most were of minor importance.  
The house figure compares with  
only 7,700 for the last long ses-  
sion of congress.

Besides the bills in both houses  
this term there were simple resolu-  
tions, joint resolutions, concurrent  
resolutions which would add  
approximately another thousand  
thoughts on the public weal—  
that's 19,000 brain children.

The tally of the last long ses-  
sion showed 517 public laws, 281  
private laws and resolutions, 84  
public resolutions passed and signed  
by the president—a larger  
total than for any session.

Representative Crail of Califor-  
nia easily held the bill introducing  
record in the house. In the huge  
record book kept by Bill Clerk  
William J. McDermott, Crail fil-  
led up all his own pages and  
spilled over to the back of the  
book with a total of 533.

This record, to be augmented  
in the short session, appears like-  
ly to stand a long time, for it  
was amassed from Crail's Los  
Angeles constituency of 1,300,000,  
which will be divided into four  
full districts and part of another  
at the next congress.

In contrast to Crail, Representa-  
tive Busby of Mississippi; Drew-  
ery of Virginia; Ellzey of Missis-  
sippi; Granata of Illinois; Sulli-  
van of New York; Wood of Geor-  
gia introduced but one bill each,  
and Representative Briggs of Tex-  
as, none.

The house average per member  
was just an edge below thirty,  
the senate averaged per member 51.

### POTASH PERMITS EXTENDED

A letter sent out by V. B. May  
register of the United States Land  
Office at Las Cruces conveys the  
information that any potash pros-  
pecting permit may be extended  
two years from date of issuance  
of same on the proper application  
to the local land office where the  
land is situated. This is in ac-  
cordance with the act of May 7th,  
1932.

### United States Department of the Interior, General Land Office, Las Cruces, N. M., July 6, 1932.

Notice is hereby given that the  
State of New Mexico has filed in  
this office its Selection List  
217, act of March 21, 1932, Ser-  
ial No. 046357, for the following  
land:

Lot 4, SE 1/4 Sec. 19; N 1/2  
S 1/2 Sec. 20; Lot 3, Sec. 25; N 1/2  
S 1/2 Sec. 27, NE 1/4 SE 1/4, SW 1/4  
SE 1/4, S 1/2 SW 1/4 Sec. 28; Lot 1,  
S 1/2 SE 1/4, SE 1/4 NW 1/4, and E 1/2  
SW 1/4 Sec. 30, T. 18-S., R. 20-E.  
The purpose of this notice is  
to allow all persons claiming the  
land adversely, or desiring to show  
it to be mineral in character, an  
opportunity to file their protests  
against the approval of the selec-  
tion.

V. B. MAY,  
Register.

Notice is hereby given that the  
undersigned heretofore appointed  
Special Master in the decree en-  
tered herein on the 9th day of  
April, 1932, in Cause No. 8107,  
in the Court Docket of the Dis-  
trict Court of Chaves County,  
New Mexico, wherein F. L. Mehl-  
hop was plaintiff and Frank Phil-  
lips, Administrator of the Estate  
of Milton H. Elford, Deceased,  
O. A. Pearson, C. M. Pearson,  
Charles R. Elford, George C. Elford,  
Mrs. John Huffman, formerly  
Elford, and all unknown heirs of  
Milton H. Elford, deceased, and  
all persons claiming any interest  
in the real estate hereinafter de-  
scribed, were defendants, will as  
provided by the Court in said  
Decree, offer for sale and sell to  
the highest bidder for cash at  
the front door of the Court House  
in Roswell, Chaves County, New  
Mexico, at 10:00 o'clock a. m.,  
on the 16th day of August, 1932,  
all the following described prop-  
erty, or so much thereof as may  
be necessary to satisfy the sums  
of money hereafter mentioned,  
which have been awarded to the  
Plaintiff in said decree, and said  
property being situated in Chaves  
county, New Mexico, and described  
as follows, to-wit:  
All of Block (5), Burrs Ad-  
dition to the town of Dexter,  
New Mexico, as shown by the  
official plat thereof on file  
in the office of the County  
Clerk, Chaves County, New  
Mexico.

Notice is further given that the  
amount that will be due upon said  
judgment on favor of, plaintiff  
upon the date of sale exclusive of  
costs of sale is the sum of  
\$500.00, with interest on said sum  
from October 20, 1927, at the rate  
of ten (10) per cent per annum  
until paid, together with ten per  
cent additional on principal and  
interest as attorney's fees, to-  
gether with interest thereon at  
the rate of six per cent per an-  
num, until paid, together with  
costs, including costs of sale.  
Notice is further given that the  
proceeds of said sale will be ap-  
plied first to the payment of  
Plaintiff's Judgment herein, and  
any surplus remaining after pay-  
ment of said judgment will be  
paid to the Clerk of this Court,  
subject to the further action of  
the Court herein, and that upon  
the sale of said property and the  
approval thereof by the Court,  
that a Special Master's Deed will  
be executed and delivered to the  
purchaser at said sale.  
IN WITNESS WHEREOF, I  
have hereto set my hand as  
Special Master on the 18th day  
of June, A. D., 1932.  
(SEAL)  
M. E. NEIS,  
Special Master.

### NOTICE FOR PUBLICATION

United States Department of the  
Interior, General Land Office,  
Las Cruces, N. M., June 23,  
1932.

Notice is hereby given that the  
State of New Mexico has filed in  
this office its Indemnity School  
Land Selection list 9668, serial  
No. 046199, for the following land:  
SW 1/4 NE 1/4, Sec. 25, T. 14-S., R.  
29-E., with potash minerals re-  
served to the United States.

The purpose of this notice is  
to allow all persons claiming the  
land adversely, or desiring to show  
it to be mineral in character,  
other than potash, an opportunity  
to file their protests against the  
approval of the selection.

V. B. MAY,  
Register.

## Do These Hot Days

Make you wish you were on the sea  
shore or up in the mountains where a  
cool wind blows? We'll bet they do.  
If for some reason you cannot spend  
the summer on the sea shore or up in  
the mountains, why not bring the  
mountain breeze to you?

Remember any place in your home or  
office can be a cool spot.

So why not call or see your electrical  
dealer and have an electric fan in-  
stalled, then you can have that cool  
breeze whenever and wherever you  
want it.

FAMILY NEXT DOOR

SPECIAL POULTRY PROGRAM FOR FARM AND HOME WEEK

The program for the poultry work to be given during Farm and Home Week, July 25 to 29, is being arranged this year to give special attention to poultry diseases and marketing. Mr. R. B. Thompson, head of the poultry department of the Oklahoma Agricultural College, at Stillwater, Okla., will appear on the program and give some valuable contributions to these phases of poultry work.

Mr. Thompson had several years experience in poultry work in New Mexico prior to joining the staff of the Oklahoma A. & M. College. Since leaving New Mexico he has done some commendable work in Oklahoma, being very instrumental in getting the Oklahoma poultrymen to organize. His work with the experiment station of that state has attracted wide attention. Mr. Thompson is very capable of delving into the fundamentals of poultry science and, at the same time, holding the attention of the average poultryman and helping him with everyday problems.

There are so many interesting problems connected with poultry raising that all cannot be dealt with in one week. Disease control and better markets seem to be very timely this year. With the aid of Mr. Thompson and specialists of the Extension Service and Experiment Station, it is expected that poultrymen in attendance will get helpful ideas which will be of great benefit during these changing times.

HEALTH COLUMN

Conducted by Dr. J. R. Earp, Director, New Mexico Bureau of Public Health.

CHILLS AND FEVER

We showed last week that this disease is caused by a minute animal parasite that lives in the blood of infected persons. When the parasite breeds an attack of chills, fever and sweating follows. In between attacks adult parasites are still present in the blood. Certain mosquitoes when they suck this blood also become infected with the malaria parasite and when the infected mosquito later bites a healthy person that person too becomes infected.

The malarial parasite is killed by quinine and most popular remedies for chills contain this drug. If all the parasites are to be killed, it is important that quinine be given at the right time and in the right quantity. For this reason the patient should be under a doctor's care. Even with the best medical attention it is sometimes difficult to stamp out the infection.

If all cases of malaria in New Mexico were cured the disease would soon disappear because the mosquitoes would not be able to find any infected blood. Those who do not have malaria should therefore in their own interest help those who have the disease to get well again.

Malaria is found in New Mexico in the Rio Grande valley; in Espanola and surrounding villages and in Sierra and Dona Ana counties. There is grave danger of its spreading to Albuquerque. Malaria is also found in the San Juan valley near Farmington. Although a few cases have been reported from the valley of the Pecos river it seems probable that all of these cases got their infection elsewhere.

Subsequent articles will discuss the cost of malaria and the methods used to prevent the disease from spreading.

LEGAL PROCEDURE TO SAVE HOPE WATER USERS MUCH MONEY

ROSWELL—Establishment of a precedent in legal procedure marking the saving of thousands of dollars has been made during the hearings leading up to the final decree in the case of the United States against the Hope Community Ditch company and others involving the water rights of 3,500 land owners along the Pecos and its tributaries.

Senator George E. Remley of Raton, special master in chancery in the case, arrived in Roswell Thursday for the purpose of discussing the final decrees with the attorneys in the case. It will probably be two or three months before the final decree is presented to Judge Colin S. Neblett for final decision due to the great amount of work involved in drawing up a decree covering the rights of so many land owners.

It is expected that the decree will result in the saving of a great amount of water to the owners of land along the 600 miles of the Pecos involved and the 600 miles of the tributaries of the Pecos. Each man will know just how much water he is entitled to, thereby resulting in the saving of much water. It will also result in the appointment of a water master as an intermediary in such discussions as might arise, also leading to a more satisfactory and more equitable distribution of the surface water with which the case deals.

The remarkable thing about the case, according to Ethelbert Ward of El Paso, special assistants to the attorney general, working in the case, is the new legal precedent which not only saved taxpayers here thousands of dollars but will continue to do so in future cases elsewhere.

MARKETS

LIVESTOCK

KANSAS CITY—Cattle, 5,000; calves, 800; undertone weak; few loads fed steers and yearlings eligible to \$7 to 8.50; common to medium grassers quotable around \$4 to 5.50; few butcher cows 2.25 to 3.00; bulls, vealers and calves steady to weak; medium bulls around 2.50; best vealers 5.00; one load 1,009 lb feeders 6.10.

Hogs, 5,000; fairly active; mostly steady on 250 lbs and down; heavier weights steady to 10c higher; top 4.35 on choice 180-240 lbs; 270-325 lbs \$4 to 4.35; sows 2.85 to 3.50; stock pigs steady at 3.50 to 4.00.

Sheep, 4,000; lambs and yearlings around 25c lower; top native lambs 5.25; better grades mostly \$5 to 5.25; Texas yearlings 3.75; odd lots sheep steady.

WOOL

BOSTON—Texas wools are moving in moderate quantities at steady prices, but back of the 12 months line ranging around 35 scoured basis in original bags, with choice graded strictly coming offerings occasionally bringing 36 to 37 cents.

NEW YORK COTTON

NEW YORK—Cotton was generally lower yesterday under a renewal of the recent selling promoted by relatively easy Liverpool cables, a better weekly report than anticipated, and a favorable view of the weather news. October declined to 5.74 and the mid-afternoon market was within a point or two of the lowest at net declines of about 8 to 12 points. Futures closed steady, 8-11 lower; July 5.65; October 5.77; December 5.92 to 93; January 6.00; March 6.14; May 6.28.

GOVT. IN COMPETITION TO PRIVATE TRADE

WASHINGTON D. C.—A house committee investigating government competition with private business was told navy transports and battle-ships are used for smuggling goods into the United States.

The charge was made by L. F. Savage, Portsmouth, Va., merchant, representing a group of merchants in the vicinity of the Norfolk navy yard. A navy yeoman, he said, told him of the demand and collection of \$5,000 by the paymaster of a midshipmen's practice cruise ship for the handling of contraband.

Savage and T. P. King, another Virginia merchant, appealed to the committee for abolition of certain stores and service enterprises operated at Virginia naval stations for military and civilian personnel. Savage estimated business amounting to \$5,000,000 or more annually is lost by merchants.

Savage said the ships service stores, to which he objected particularly, branched out into a wide field, citing that there were at Norfolk barber shops, tailor shops, shoe cobblers and a small loan association, none paying taxes.

Smilin' Charlie Says

"About this time of the year the average golfer begins to wonder if he wouldn't have done better at gardenin'... and vice versa!"

"BULL" OF CONGRESS COSTS \$2,000 DAILY

The Congressional Record is costing about \$2,000 a day in the final rush to get political propaganda printed at Government expense. It was said at Washington this week.

About 35 pages in each issue of the Congressional Record are now given over to reprinting outside speeches, letters to and from constituents, addresses by eminent citizens and small type tables on every thing from war debts to the cost of Canadian bungalow siding. Most of it has no connection whatever with the proceedings of Congress.

Senators and Congressmen, by obtaining unanimous consent, can have anything printed in the Congressional Record—and do. In one volume of the Record can be found almost anything except comic strips. Anything printed in the Record can be reprinted and sent out as campaign literature under the Congressional franking privilege. Even political candidates not in Congress may have their speeches inserted in the Congressional Record and sent out from under the frank of some friendly senator or congressman.

Congressional printing is a large item in the expense of the government printing office—which uses a total of 1500 carloads of material every year. This is the equivalent of a train ten miles long.

One-third of the Congressional Record is devoted to matter other than the actual proceedings of congress. Senators and Congressmen will be allowed 10 days after adjournment of the last session to have material reprinted in the Record with the attendant privilege of free mailing.

Recent issues of the record show typical variety of material printed in what is appropriately named the "Appendix" to the regular proceedings. These include the opening campaign speech of Secretary of

Treasury Mills at Boston this week, two pages, cost approximately \$116; letters and statements from lumbermen containing four pages of small type tabular matter showing Canadian lumber prices on every cut of building material; endless speeches and "extensions of remarks" on relief, bonus, the tariff, agriculture and Philippine independence.

Senator Copeland introduced three pages of material on the alleged healing powers of radium water. Representative James M. Beck, Republican, Pennsylvania, who has just published a book condemning bureaucratic waste, is traveling abroad and an address he delivered in London is printed in one of this week's issues. Senator Davis, Republican, Pennsylvania, inserted a long speech by a banker of his home town.

Other items include a two-page newspaper article on disarmament, an analysis of the Democratic silver plank by Senator Pittman, Democrat, Nevada, nearly seven pages of reprinted Farm Board hearings, endless remarks on "Where the taxpayers' money goes."

**The Good of It**

When Benjamin Franklin saw his first balloon, some one sneered: "What good is that thing?" Ben replied: "What good is a BABY the day it is BORN?"

Franklin knew his stuff. He realized that every worthwhile thing had to have a beginning. That is true of a BANK ACCOUNT. Of what use are the few dollars with which you start an account? Not MUCH, to be sure. But wait until the account grows and you NEED the ready cash. Then's when it counts—and counts BIG.

### THE MODEL

#### UNEMPLOYED COLD ABOUT THE CITY TRUCK LOT

The unemployed of Carlsbad do not seem to be greatly interested in the elaborate preparations made for a series of municipal gardens, to provide vegetables for the trying periods of next winter. City Manager Ray Soliday, County Agent W. A. Wunsch and the service clubs, had made arrangements with property owners for the use of several acres, had provided for the water for irrigation, and was ready to provide the heavy plowing and the seed. It is expected that there will be seventy-five families dependent upon the community welfare next winter, and in this group there are at least 100 persons who are physically able to help in the gardens, for their own use. When it came to a show down, just one man appeared, ready to do his best, despite his age and lesser strength. The authorities, puzzled by this unwillingness to help themselves, are a good bit puzzled with the situation, but now that the way is open are going ahead with the work anyhow. They will plant several acres in turnips, carrots and other crops that do not require intensive cultivation, and these will certainly be served out to the applicants for seats next winter.

#### REVIEW OF OIL AND GAS RESOURCES N. M.

SOCORRO—A review of the oil and gas resources of New Mexico, being prepared for the state bureau of mines by Dean E. Winchester, consulting geologist of Denver, is virtually complete. Dr. E. H. Wells, director of the Bureau and State geologist, said recently. The bulletin will discuss the producing areas, approximately two hundred anticlines and domes, and the oil and gas possibilities of the various areas in which no oil or gas has been found to date. Mr. Winchester is now in Socorro working on his report.

#### MERCY SLAYER NOW SANE AND GETS FREEDOM

MASSILON, OHIO—James Stenhouse, 46, "mercy slayer" of his child, was released from the state insane hospital last Wednesday as normal both mentally and physically. Stenhouse was committed to the hospital last January when the grand jury at Millersburg refused to indict him after he confessed chloroforming his baby boy to death nearly three years ago. At the time, he said the child was suffering from an incurable brain disease and he "knew he was doing right" in ending its life.

### LOCAL ITEMS

Dennis Lattion was a business visitor to Roswell Monday.

Mrs. Eliza Floto, Miss Amy White and Elbert Floto made the trip through the Carlsbad Caverns last week on Wednesday.

Prof. Price Curd and wife left yesterday morning for El Paso, Las Cruces and other points south. They will be gone a week.

Mmes. A. M. Mason and C. G. Mason, Betty and Garner Mason spent the week-end in the cool breezes on the Penasco.

George Lange, who has been in the officers reserve corps camp near Denver, Colorado, returned the first of the week to Hagerman.

Mrs. Louie Burcke, who has been quite ill, and was for several days at the home of her mother, Mrs. Wm. James, is better and has been removed to her home.

Mr. and Mrs. Willis Pardee motored to Carlsbad last Sunday. Mr. Pardee had a consultation with Dr. Pate. They later returned to Artesia and had dinner there, before returning home.

Mr. and Mrs. Jack Sweatt, Dorothy and Lois Jean, Jim Wheat, Mrs. E. V. Sweatt, Carolyn, Merle and Edward, left on Thursday for Barstow, Texas. Mother Sweatt returning home with them.

Mr. and Mrs. E. A. White and children have returned from Las Vegas, where Prof. White has been teaching this summer. They have left again for their mountain ranch for a few weeks.

Mr. and Mrs. Cecil Barnett and son, Norman of El Paso, Texas are visiting in Hagerman for two weeks. Mr. and Mrs. Barnett plan several fishing trips, one up near Las Vegas after trout, and others closer to Hagerman, during their stay here.

Rev. and Mrs. Bryan Hall and son, Jack, are visiting in Gallup for a few days. Rev. Thurston is pastor of the Methodist church at Gallup. Rev. Hall will teach a training school in the Methodist church while he visits in Gallup.

Kenneth and Gordon McBride, of Holliday, Texas, nephews of Mrs. W. A. Losey, are visiting in the home of their aunt for a few days. The boys had an interesting trip from their Texas home, going by way of an oil truck as far as Plainview and then hitch hiking.

C. F. Frazier, who has been leading in the singing for the revival in the Baptist church, left Sunday afternoon for his home in Lake Arthur. The meeting in the Baptist church was very successful, attracted large crowds, awakened new spiritual interest in the church and resulted in seven additions to the church.

#### 14,463 CATTLE SHIPPED IN THE MONTH OF JUNE

Cattle shipments from New Mexico in June totaled 14,463, according to figures compiled by Walter Naylor, secretary of the cattle sanitary board. Shipments from the state a year ago in June totaled 17,820. More than 300 head of cattle shipped from New Mexico districts came to Albuquerque for slaughter. Most of the cattle went to markets at Los Angeles and Kansas City. Some went to grazing in Colorado, Wyoming and Nebraska. The shipments by districts were: Las Vegas, 135; Clayton, 176; Tucuman, 136; Alamogordo, 4; Roswell, 87; Farmington, 2,188; Deming, 801; Albuquerque, 116; Anton, 3,759; Silver City, 1090; Hobbs, 1,170; Colo., 78; Las Cruces, 1,300; Carlsbad, 29; Lovington, 690; Portales, 1,449; Vaughn, 203; Hachita, 049; Roy, 29; Jal, 647; Magdalena, 299; Raton, 190. Total, 14,463.

#### PRESIDENT TAKES A \$15,000 SALARY CUT

WASHINGTON, D. C.—President Hoover Friday ruled himself a \$15,000 a year reduction in salary and simultaneously reduced the salaries of his cabinet officers by 15 per cent.

The order, cutting cabinet members from \$15,000 a year to \$12,750 a year was issued while the President sat with them at his regular semi-weekly cabinet meeting.

Mr. Hoover himself, it was said, took a 20 per cent cut as the maximum allowed under the law. Ordinarily he receives \$75,000 a year.

#### \$6,000 BOOK FUND

Six thousand dollars has been set aside out of the rural school aid fund to buy books for children who cannot afford to buy texts. Mrs. Georgia L. Lusk, state school superintendent, stated recently at Santa Fe, and more will be put up if the amount is not sufficient. Last year only \$2,066.73 was needed for this purpose, but the state board of education believes that more will be necessary next term.

### DexterNews

Everett Stanley is home from Plainview, where he spent two weeks with school friends.

Mr. and Mrs. O. L. McMains made a business trip to Albuquerque Sunday returning home Monday afternoon.

Mrs. Tommy Wayne who is the house guest of Mrs. C. L. McMains spent Saturday in Roswell visiting friends.

Many of the farmers are in the midst of an excellent second cutting of alfalfa. Much of which is being placed in storage.

Mr. and Mrs. George L. Martin and sons, of Cleveland, Ohio, former Dexter teachers, were in Dexter Monday visiting friends.

Dexter is making plans for the county picnic, which will be held at Lake Van on tomorrow evening. A large crowd is expected.

Mr. and Mrs. O. L. McMains have as their house guest, Mrs. Doyle of Mountainair. Mrs. McMains and Mrs. Doyle are school friends.

Dr. and Mrs. J. B. Greever of Orchard Park, returned last week from Virginia where they spent three weeks, with friends and relatives.

Mr. and Mrs. Curtis Sharp, Miss Maxine Sharp, Warner Wilkes, Mrs. Maud Preston and Kay Preston spent Tuesday afternoon at Lake McMillan.

Mr. Bradley, who has been visiting his daughter, Mrs. F. L. Mehlich and family for several weeks left Sunday for his home in Kansas City.

The vocational training school of the Presbyterian church opened Monday morning, with a fair enrollment, and each day, new students are enrolled.

Oats and barley have been thrashed by many of the farmers, the yields being from 25 to 80 bushels per acre. Some oats are being stored.

Walter Stone returned home the first of the week after six weeks in camp in Texas. Walter was a student at New Mexico A. and M. last winter.

Mr. and Mrs. L. Martin and daughters went to Las Vegas on July 13th, returning home the fourteenth. Miss Josephine remained and will attend summer school for the next six weeks.

Mrs. Stap Wilburn was hostess to the Pla-More Bridge club on Thursday afternoon at the home of Mrs. Walter McMains. After several rounds of bridge, delicious punch was served to those present.

Mrs. B. O. Leftwich, Buddy and Mary Ann of Phoenix, Arizona are the house guests of Mr. and Mrs. C. N. Moore. Mrs. Leftwich will be remembered as Miss Helen Moore.

Mr. and Mrs. T. F. Nelson and Mr. Hines, left Saturday morning for various points in Texas. Mr. Nelson returned home Tuesday. Mrs. Nelson and daughter will visit relatives until about the tenth of August.

The church social held on the lawn of the Presbyterian church Tuesday night was well attended and very much enjoyed. A nice sum was realized for the church treasury.

Mr. and Mrs. Aubrey Lewis came in Tuesday night from Cloudford where they have spent the past ten days and are now located in one of the Lewis apartments in the east part of Dexter.

A number of friends gave Mrs. L. Martin a surprise miscellaneous shower at her home Wednesday afternoon. In the recent fire Mrs. Martin lost all her belongings, except the few things, which she had on the trip with her.

Miss Dorothy Berry, Miss Audrey Latimer, Miss Genn Hurst, Miss Rosie Hubbard and Miss Velma Lee Senn attended the bridge party given by Miss Elizabeth McKinstry on Wednesday afternoon, July 13th.

Mrs. J. E. Senn, Mrs. Clem Krukenmiller, and Mrs. John Bible were hostesses to a dance at the club house at Lake Van, last Thursday evening. There were twenty couples present. Ice punch was served during the evening.

#### TIME FOR CROP LOANS HAS BEEN EXTENDED

SANTA FE—Senator Bronson Cutting Saturday advised Governor Arthur Seligman that senate and house conferees had passed the bill providing for extension of crop production loans and that loans will be available to New Mexico farmers as soon as the president signs the bill and necessary forms have been printed.

#### ASSEMBLY OF GOD

The revival continues this week every night at 8:00 o'clock. Bro. St. John is still preaching. Come hear this red hot, Holy Ghost preacher. You can keep cool in this church with wings. Everybody welcome.

MR. and MRS. GEO. BIXLER.

### SOCIAL ITEMS

#### DANCING PARTY

At the lovely old Felix ranch home on last Friday evening Tommy Bogle was host to a dancing party. About twenty young people were present. Mrs. Hal Bogle was hostess, and other chaperones were Mmes. O. B. Berry, and E. J. Hubbard. From a unique bowl punch was served throughout the evening and later delicious cake was served.

#### BRIDGE PARTY

Miss Dorothy Sweatt was hostess to the young girls bridge club on last Thursday afternoon. Guests were: Misses Velma Lee Senn; Dorothea Berry, Rosa Hubbard, Jean Hurst, Elizabeth McKinstry, Audra Latimer, Merle Sweatt, Caroline Sweatt. Miss Velma Lee Senn was high score winner. Delicious refreshments of ice cream and cake were served.

#### ENTERTAIN GUESTS (Delayed)

Monday afternoon of last week, Mrs. Harry Cowan spent a very pleasant hour reminiscing over school days, with Mr. and Mrs. George Bryant and grandson of California. It had been twenty years since she had seen Mr. Bryant, and he was a pupil of hers in her girlhood teaching days. Mr. and Mrs. Bryant (nee Miss Ethel Russell) and grandson are visiting relatives and friends in Hagerman.

#### LADIES AID

The Presbyterian Ladies Aid met on Wednesday afternoon at the home of Mrs. E. E. Lane. Mrs. J. E. Wimberly the president led the devotionals after which there was a business session and social hour.

Ice cream and cake were served to the following ladies: Mmes. Aaron Clarke, J. F. Campbell, H. J. Cumpston, Robt. Cumpston, B. W. Curry, J. A. Hedges, A. A. MacKintosh, L. W. Garner, Cassie Mason, Howard Russell, J. E. Wimberly. Mrs. Lane was assisted by Misses Evelyn and Beatrice.

#### BRIDGE PARTY

After a pleasant round of games, ice cream and cake were served to the following members and guests: Misses Jean Hurst, Dorothea Berry, Velma Lee Senn, Audra Latimer, Rose Hubbard, Dorothy Sweatt and guests: Misses Betty Mason of Hagerman, Gertrude Huffman and Arline Duffield of Roswell and the hostess.

#### L. C. CLUB ANNUAL PICNIC

The L. C. club held its annual picnic on last Saturday evening on the spacious lawn at the Marion Woody home.

Between sixty and seventy were present of club members and their families. A few of the members were unable to be present. Mr. and Mrs. Lafe De-Weese recently returned from California were guests.

A picnic supper of fried chicken, pickles, sandwiches, cake, ice tea and lemonade was spread, and everyone reported they had all they could eat.

The evening was spent in visiting and games. The affair is looked forward to with great anticipation as a very enjoyable occasion.

#### EXTENSION CLUB PICNIC

The county extension clubs will hold their annual picnic at Lake Van in Dexter Friday night, July 22nd. There will be swimming between five and six o'clock, and the supper hour will be from six to eight. Each family will bring their own supper and eat when and where they like.

There will be recreational games during the supper hours for those wanting to play. At eight o'clock the program will begin. Each community will have one number on the program, and Miss Borchell will make a talk on her recent trip to Washington.

All members of the extension club and their families and all 4-H club boys and girls, and their families are invited.

#### CHRISTIAN CHURCH

Regular services Sunday morning, July 24th at eleven o'clock. Subject of the sermon will be: "The Preciousness of Religion." Bible school at ten o'clock. Christian Endeavor at seven o'clock.

The pastor attended the state convention of Christian Churches at Albuquerque June 19-21 and will give a brief report of same next Sunday morning. A welcome to everybody.

A friendly church, a worshipful service, a Bible message. C. C. HILL, Pastor.
