## YES...WHEN

Strange doings there'll be in the sweet by and by, When Philander busts up a trust.
The east will be west and the wet will be dry, When Philander busts up a trust.
The pigs will be flying on wings of pure white, The sun will be shining through hours of the night, And machine politicians will strive to do right, When Philander busts up a trust.
El-e-phants will grow smaller than little black fleas, When Philander busts up a trust.
The moon will then furnish all men with green cheese, When Philander busts up a trust.
The trees will grow backwards with roots to the sky,
Old ocean's wide bottom will stand high and dry,
The false will be true and the truth be a lie,
When Philander busts up a trust.
The waters of ocean will turn into ink, When Philander busts up a trust.
Lead bars will float lightly and cork quickly sink, When Philander busts up a trust.
The works of the watch be outside the case,
The back of the head will grow over the face,
And the earth will reverse as it hurries through space, When Philander busts up a trust.
Philidelphia'll be run by true, honest men, When Philander busts up a trust.
The then will be now and the now will be then, When Philander busts up a trust.
The wolf will consider the lamb's plaintive cries, The truth will be told by the Father of Lies, And Hades boiled down to a poultice in size, When Philander bnsts up a trust.-Commoner.

## "OLD ABE MINE LOOKS GOOD

# Manager Rice Talks of Nogal Mining Camp-Rich Ore Is In Sight. 

J. M. Rice, general manager of the American and Eagle Mining companies of Nogal and White Oaks districts, arrived in this city this morning from White Oaks, N. M.

He was accompanied by George Ulrich and S. C. Pratt of White Qaks, and H. A. Whitman of Chicago, stockholders in the American Mining company.

Manager Rice stated that he had completed the purchase of the "Old Abe" mine at White Oaks for his company. He declined to name the price paid, saying the company preferred to keep that a secret. Col. Rice said:
"Our camp is showing up even better then we expected. We have a large amount of high grade free milling ore in sight and are running a fifteen stamp mill. We are working 200 men and now have 300 good claims under our control. I do not want to tell you what we intend to do,
as I do not think it is good busi ness policy. All I can say is that our companies now practically control the Nogal district, and that they are perpared to put in improvements as fast as they can be secured. We are now preparing a site for another stamp mill and we may make in 100 stamps before we quit.
"We are quarrying low grade ore out of Nogal mountain and treating it ourselves. we do not intend to ship any of it. The mines we control, the 'Helen Rae,' the 'Old Abe,' are the richest in New Mexico, the 'Old Abe' being the deepest dry mine in the world. It is down 1,300 feet. We think our camp will be rapidly developed and all of us look for great things to happen within the next two years.
It is reported that Mr. Rice is here to effect a settlement with A. B. McKie of this city, who claims ten per cent commission on $\$ 125,000$ the alleged sale price of certain property in the deal, on the ground that he had a deal going when the mines were withdrawn from the market ostensibly, but sold direct two weeks later.-E1 Paso Daily News.

## The Lincoln Forest Reserve

Whereas, it is provided by section twenty-four of the Act of Congress, approved March 3rd, 1891, entitled,"An act to repeal timber-culture laws, and for other purposes," That the President of the United States may, from time to time, set apart and reserve, in any State or Territory having public land bearing forests, in any part of the public lands wholly or in part covered with timber or undergrowth, whether of commercial value or not, as public reservations, and the President shall, by public proclamation, declare the establishment of such reservations, and the limits thereof:"
And whereas, the public lands in the Territory of New Mexico, within the limits hereinafter described, are in part covered with timber, and it appears that the public good would be promoted by setting apart and reserving said lands as a public reservation:

Theodore Roosevelit. By the President: David J. Hill, Acting Sect. of State. The majority of the people of Lincoln county are probably in favor of a forest reserve, embracing the head waters of the streams and sufficient adjacent timber lands to protect the water supply but it is outraging our people to include large areas of agricultural and grazing lands on which are already many homes and patented homesteads. This reseve takes in 500,000 acres of the public doman and includes most of the homesteads on the Carrizozo fltat, and other localities on which there is little or no timber to protect. This is a matter for the immediate consideration of all who are interested and the quicker the better.

## From Alto

We have had splendid rains that will make good crops and good winter grass. The V. V. are enlarging their Cedar Creek pasture several hundred acresE. W. Peebles is doing the work.

A 6-pound boy is reported at the home of Mr. and Mrs. Phelps Lacy.
Has the editor of the EAgle made up his mind as to who will be benefited by the Lincoln timber reserve? It appears that the President is especially solicitous about us mountaineers and desires to cut us off from the rest of the world and now places us on a reservation like the Mescaleros, and will prohibit any further settlement in our section of country. This reserve destroys two of our most thriving and prosperous stock interests, viz: the sheep and goat industries. It is alleged that sheep and goats destroy the young pines and other young trees. County officers are now in the field and the campaign promises to be a warm and interesting one.

## Plenty of Money

Uncle Sam does not seem to be in want of money. Ii perfectly able to carry on the several great enterprises recently inaugurated. The available cash balance in the treasury, at the close of the fiscal year, June 30, 1902, was $\$ 208,630$, 022. This is the largest balance in the history of the government. The stock of gold now in the treasury is believed to be larger than any similar stock in the world; this added to the amount of gold in circulation thoughout the country would make a total of not less than $\$ 1,200,000,000$. Notwithstanding the recent repeal of the war taxes by congress, which it is estimated will reduce the income from internal revenue about $\$ 70,000,000$ for the next year, there is likely to still be a surplus of about $\$ 17,000,000$ the close of next fiscal year

## McIVERS FOR REPRESENTATIVE.

In this issue of the Eagle the reader will notice the withdrawal of Hon. A. H. Hudspeth from the race for representative to the Territorial Legislature, and his endorsement of W. A. McIvers for the nomination for that honor by the representative convention of the 15 th legislative district which will be convened at Roswell some time in September.

The Lincoln county delegation stands 6 for McIvers and 2 for Hudspeth. Mr. Hudspeth recognizing this, shows his democracy to be true blue in submitting to the will of the majority and withdrawing from the race. This puts Mr. Hudspeth in position to command the greatest regard from the democracy of Lincoln county and this entire district, and his action will not be forgotten.
Mr. McIvers now goes before the legislative convention with the solid support of the Lincoln county delegation and both Chaves and Eddy counties have agreed that Lincoln county should name the legislative candidate. Lincoln county will support whoever Eddy and Chaves counties want for the council. Their candidate will probably be Hon. G. A. Richardson.

Democratic County Convention
Pursuant to call, the Democratic County Convention met at Lincoln last Saturday August 16th, at 10 o'clock a. m., and was called to order by R. P. Hopkins, Chairman. A temporary arganization was effected by the election of R. P. Hopkins Chairman and Jno. A. Haley secretary and Leslie Ellis interpreter.
On motion three committees were appointed, one member from each precinct on each committee as follows:
A committee on permanent organization and order of business: a committee on resolutions and a
committee on credentials. The committee on credentials. The 2 o'clock p. in.
Committee on permanent organization, S. F. Mathews, chairman, E. J. Coe Secretary recommended as permanent officers Paul Mayer, Chairman, B. H. Moeller, Secretary and Leslie Ellis interpreter, which report was adopted.

The Committee on resolutions returned no report.
The Committee on Credentials, through its chairman, Sipio Salazar, and Secretary E. J. Coe, reported 58 delegates entitled to seats in the convention and on motion the report was adopted.
The two-thirds rule was adopted in balloting and the order of nominations was as follows; Probate Judge, Sheriff, Clerk, Collector and Treasurer, Assessor, Superintendent of Schools, surveyor and Commissioners.

Captain Saturnino Baca was placed in nomination for Probate Judge and there being no opposing candidate, the rules were sus-
pended and he was declared the nominee unanimously.
For Sheriff, John W. Owen, of White Oaks, J. W. Whiteside and Peter Thompson, of Capitan, were placed in nomination and at the end of the 23 rd ballot J. W.
Owen received the required twothirds and was declared the nominee for sheriff.
Leslie Ellis of Lincoln and William Kimbrell of Picacho were placed in nomination for Clerk, Leslie Ellis receiving the nomination.
For Collector and Treasurer Ira Sanger of Nogal and Paul Mayer of White Oaks were nominated, resulting in the selection of Mayer.
Porifio Chaves was the unani-
mous choice of the convention for assessor.
E. J. Coe was unanimously declared the nominee for Superintendent of Schools.
Sol. C. Wiener and Ira Sanger were the nominees for commissioners from districts 2 and 3 respectively withont opposition. nee for county surveyor, but declining the honor, the vacancy is
to be filled by the executive committee and provided he will accept, A. E. Williams of Nogal will probably be selected
The usual vote of thanks was extended to the permanent officers, and on motion the convention adjournee sine die.
The convention was harmonious all the way through, and the greatest care and judgement exercised in the selection of candidates and one of the strongest and most representative tickets the democracy of this county has put into the field for years is the result. This ticket from top to bottom is composed of men well known throughout Lincoln county and some of them already have excellent records in official service. county central cnmmittee

## DOUGHERTY FOR CONGRESS.

While the newspapers of the territory are looking and inquiring for a candidate for Delegate to Congress, why do they not suggest the name of Hon. H. M Dougherty of Socorro. He is eminently fitted for this honor and is one of the most deserving democrats in the territory, able, active, honorable, aggressive and popular, and has for several years been prominent in democratic councils of this territory. He is acquainted with the interests of our people and commands the respect and confidence of both parties in this territory, a man of character, about which nothing can be said except it honor him The Eagle suggests Hon. ## Is Democracy Dead?

In answer to the question:'Is Democracy Dead?" an Arkansas paper submits the following:
When the lion eats grans iike an ox,
When the hon eats grans inke an ox,
And the fishing-worm swallows the whate,
When terrapins knit woolen socks. And the hare is out run by the snail; When serpents walk upright like men. And doodlebugs travel like frogs; When the grasshopper feeds on the hen And feathers are found on hogs; And elephants rosst uwims in the air When insects in summer are rare, And snuff never makes people sneez When fishes creep over dry land, And mules on velocipedes ride; When foxes lay eggs on the sand, And women in dress take no pride; And girls get to preaching on bee And girls get to preaching on time:
When Billy-goats butt from the rear, And treason is no longer a crime: When the humming bird brays like an a And limburger smells like cologne; When plowshares are made out of glass, And hearts of true Arkansas atone; When ideas grow in populists' heads Then the Democratic party will be de And this country wont be worth a d-m.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

## THE COMMONER.

Mr. Buyan s Paper.]
The Commoner has attained within six months from date of the first issue a circulation of 100 ,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic, and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his reviews of political events as they arise from time to time can not fail to interest those who study public questions.
The Commoner's regular subscription price is $\$ 1.00$ per year. We have arranged with Mr. Bryan whereby we can furnish his paper and White Oaks Eagle together for one year for $\$ 2.00$. The regular subscriptions price of the two papers when subscribed for separately is $\$ 2.50$.
