## Our Correspondents Over the County.

### Lincoln.

Regular Correspondence.

The infant child of S. F. Mathews died on Monday Sept. 8.

B. H. Moeller returned from a trip to Rabenton on Monday.

John Owens, the Democratic nominee for sheriff, visited Lincoln last week.

D. Perea arrived from Roswell last week.

Henry Hall came in for a load of provisions.

I. L. Analla has opened his store and saloon at Picacho.

Aragon Bros. & Co. are putting in a well on their livery stable property.

Romaldo Montano is nursing a sprained arm resulting from a run-a-way team.

E. W. Hulbert, Republican nominee for Treasurer and Collector is out putting up his political fences.

Gus Schinzing, one of White Oaks representative citizens was a passenger to Roswell, on Tuesday of last week.

A vagrant phrenologist, has declared that the best speaker in Lincoln county is Alfredo Gonzales, the Republican nominee for Clerk. Strange is it not?

L. B. Walters our Post Master and Justice of the Peace is suffering from a severe hemorrhage of the lungs which attacked him a few days since. He is improving.

Lincoln school opened on Monday the 8th., with the following teachers: Pofirio Gonzales principal, Miss Craig and Acasio Gallegos. The attendance at opening was 45 pupils, and more coming in each day. The board of directors consisting of J. J. Jaffa, J. J. Aragon and F. Greago are the best we have ever had and they are exerting all their influence and power to have a large enrollment of pupils at an early date. This school district can congratulate themselves on the staff of teachers it has. Pofirio Gonzales has made a study of teaching in a practical and progressive manner and already has shown his ability as a teacher of experience. He is ably assisted by Miss Craig and Acasio Gallegos in a way which will ultimately result in a decided manner directly beneficial to all pupils.

### Jicarilla.

Regular Correspondence.

Jack Greer of Capitan visited the the camp this week.

McKeen of Spence Bros. lower ranch, was looking Jicarilla over this week.

Jerry Dalton of Bonito, was in camp, looking for a site for a Baptist church.

Gabriel of Roswell, was here again with melons, apples and pears, which he readily disposed of.

C. F. Goddard of Ancho, is drilling a well four miles from his home ranch. Indications for water are good.

Mrs. Joseph Ross is reported very sick. Dr. J. F. Mains of White Oaks, was called to see her, Tuesday.

William Lane and H. C. Cray have struck water in Ancho gulch about two miles northeast of Ancho station. There seems to be plenty of it and of a splendid quality.

E. W. Hulbert, candidate for collector and treasurer, was here fixing his fences for the 4th of November. Capt. P. L. Krouse, candidate for commissioner, 3rd district was among our voters.

Geo. W. Harbin of Rico Mining & Milling Company, has ordered a well drilling outfit to prospect for water on his company's placer grounds recently purchased. The machinery will be here in a few days.

Messrs. McIvers, Frost and Weisher have struck good ore on their group of claims southeast of the Jicarilla store. The lead is copper-iron ore; they have about 8 feet of ore on another claim near the group; it is about the same character of mineral as that of the other.

Comrey Brothers' well, since our last writing is 40 feet deeper. They are now in a hard blue slate formation with oil indications much more pronounced than at any time since they began sinking. The water is very salty. The country is now located for miles around them and the rush is just beginning.

The Board County Commissioners met at Lincoln on the 24th of August and the proceedings of that meeting have not yet been forwarded for publication.

### Picacho.

Regular Correspondence.

We hear of the sale of 1,800 head of sheep by Dan Beckett, of Hope, Eddy county, at \$2.50 per head for grown sheep and \$1.50 for lambs. The purchasers being Messrs. Daugherty and Beckett.

The wolves are very troublesome on the ranges South of Picacho, several head of gentle stock having been destroyed by them during the past week.

Mesdames Anderson and Miller of Alamogordo, are visiting Mrs. Wm. Lumbley. The ladies return home next Thursday.

Messrs. J. H. Clement and Carl Anderson are receiving sheep in the vicinity of Hope.

The efforts of Deputy Brady were rewarded on Saturday night. The dance was a success.

The fruit crop in the valley is finer than for many past years. Fruit trees breaking beneath the weight of their own production, hogs run in the orchards for the want of any better use for their surplus fruit.

The public school is in progress. Attendance on the increase.

Wm. Blackwood of Roswell, bought of Martin Chavez 1,000 head of lambs at \$1.25 per head.

Sheep are a good price and have a ready sale in this part of the country.

### Investigate All Minerals.

Some time ago we called the attention of prospectors to the value of not overlooking any mineral, even though it be unknown, as an analysis might prove it of value to them. The United States are as rich in the precious stones as any other country in the world and prospectors should pay attention to every class of material found in nature with which they are not familiar. Some years ago one of the profession picked up what he thought to be a copper float. Today the world's largest turquoise mine is located in that vicinity. For years the blue-gray material found in the stream beds of Oregon and California was thrown away because its identity was unknown. The same gravel is now being washed over in search of platinum. If the prospector will save his curious specimens with some data with reference to the locality from which they were obtained, a vigilance exercised in every day life in the hills may be rewarded in a substantial manner.—Reporter.

### THE IOWA IDEA.

Walter Wellman in Chicago Record-Herald.

One new idea has been contributed to the politics of the United States this year. It is known as "the Iowa idea." Very simple, very practical it is. One short sentence will suffice to express it: "Whenever the tariff is a prop to monopoly, knock it out." A broader statement might be: "Whenever combination at home destroys competition in a protected article, remove the protection and thus induce competition from abroad." There is nothing complex about this. A school boy can understand it.

Under the leadership of two or three men this idea has become the slogan of Iowa Republicanism. What the Republican party of a state like Iowa stands for, the Republican party of the nation must give heed to. Already many anxious and inquiring eyes are turned toward Iowa. The idea is beginning to attract attention. It is not strictly a new idea. Last year it was promulgated at the Cedar Rapids convention. This year it was reaffirmed. Now appears what the French are fond of calling the psychological moment, the moment in which the public mind, not only in Iowa, but elsewhere, is in a state of receptiveness. There is general unrest on the tariff question and the trust question. The two questions run together in one in many minds and many applications.

### Lincoln County Exhibit.

S. T. Gray of Capitan, N. M., called at the International Miners' association office this morning and asked the permission of President Juan Hart to move a portion of the exhibit of minerals which was sent from Lincoln county, to the fair at Albuquerque, Oct. 14. The permission was granted on the condition that the consent of the owners of the specimens could be obtained. Mr. Gray is the vice president of the fair committee from Lincoln county.—News.

### Our Mineral Wealth.

Our agricultural products, of course, constitute the chief source wealth, but at the same time our minerals bring us an immense sum of money every year, though in looking over the official reports of our mineral output one cannot fail to be impressed with the comparative insignificance of the precious metals. During the last year we produced \$80,218,800 of gold and \$77,126,382 of silver, but our output of pigiron was worth \$242,174,000. Our copper product was worth \$86,629,266.

**A Clubbing Offer.**

The EAGLE has just effected a clubbing agreement with the Daily Mining Record, Denver and Cripple Creek, Colo., whereby we can give new subscribers or those renewing their subscription, the EAGLE and the Saturday issue of the Daily Mining Record one year for \$2.00. The regular subscription of the Record's Saturday edition is \$2.00; that of the EAGLE \$1.50; price of the two papers \$3.50; by taking advantage of the clubbing offer \$1.50 may be saved.

The Saturday edition of the Record is a compendium of mining information and makes a summary of the matter published in the daily during the week. The Record is the only daily mining paper in the world and the Saturday is 7 columns and 20 to 30 pages, containing, besides valuable editorials on mining and metallurgy, mining news from all over the world, and is devoted especially to the mining enterprises of the Rocky mountain region. Stock quotations are given and all substantial mining concerns listed, while all wild cat schemes and black leg companies are exposed.

If you are interested in mining you can't afford not to take advantage of this offer.

A petition is being circulated at Deming, asking that the U. S. land office be removed from Las Cruces to that city. Reasons alleged for removal are, that Deming is more centrally located and that its rail road facilities are such that those of the district wanting to do business with the land office can reach Deming in much less time than is required to reach Las Cruces.

Sheep men at Torrance have made 80 per cent of increase in their flocks and hope to get that per cent through the winter as rains have been plentiful recently and grass is getting well matured.

### LIGHTFOOT AGAIN VILIOUS.

If we remember correctly, about three years ago the White Oaks Eagle was a very enthusiastic advocate of the formation of a forest reserve. Its articles were strongly worded in favor of a reserve and were used as an argument before the department that the measure was favored by the people of Lincoln county. The Eagle is still under the same editorial management as then but its tone is changed on the forest reserve question.—Nogal Rep.

The Republican's memory as to the EAGLE's position three years ago is correct, but as to change, not so. The EAGLE has always been in favor of a timber reserve at the head waters of the streams of the White mountains of Lincoln county, of sufficient magnitude to protect the water supply, but the EAGLE was not, never was, and is not now, in favor of putting our entire county on a reservation, and we have clearly and explicitly given our reasons in previous issues of this paper. Neither do the people of Lincoln county favor it, nor do they consider Gramma grass, on our plains, pine trees, needing the protection of the government to grow it into lumber value.

The withdrawing of 500,000 acres of lands of this county from

the public domain, as the EAGLE has before said, is an outrage against our people, and must necessarily retard our industrial development.

### A MONOLOGUE OF MAX FROST.

The Editor of the New Mexican relapsing into a morbid stupor, after having read one of Mr. Rodey's statehood speeches, presumably, dictates the following gibberish to his stenographer and evidently overlooked the silly nondescript when he read the proof:

"This is the stereotyped slur cast against New Mexico by easterners: 'What, you people out there still a territory? What's the matter with you? I guess you are not fit for anything else or you would do something else. I wouldn't invest a dollar with you. I'll put my money in a sovereign state, where the people have gumption enough about them to govern themselves and not remain a territory for half a century.' You may try to explain, but you hear it just the same wherever you go. In order to stop this and obtain a proper place in the estimation of the entire country, the people of New Mexico owe it to themselves and their children to work for statehood now and in season and out of season until this territory is admitted into the sisterhood of states."—New Mexican.

If there is an easterner who has no more sense than to deliver himself of such stuff, his influence will never hurt any body.

Such monologue as this makes a New Mexico man look the other way and laugh, as he at once realizes how childish such statehood argument is.

New Mexico is receiving her share of capital and in fact eastern capital is coming into our territory at a rate that is really wonderful. All kinds of industrial enterprises are receiving marked attention and we are having the greatest era of mining development now that New Mexico has ever had. The territory is prosperous and the people are happy and contented and have few cares whether it is the state of New Mexico or the territory. Statehood will come soon enough and in the meantime let us go on developing our mines, putting out our orchards, stocking our ranches and settling new homes. Capital is coming and is coming to Lincoln county in a hurry, the easterner's statehood argument to the contrary notwithstanding.

### LEGISLATIVE CONVENTION CALL.

Notice is hereby given that the Democratic Representative Convention for the Fifteenth Legislative District of the Territory of New Mexico, composed of the counties of Lincoln, Chaves and Eddy, will be held at the town of Roswell in the County of Chaves at 7:30 p. m. September 24, 1902, at the Court House in said town for the purpose of nominating

the Democratic candidate for the legislative assembly of the Territory of New Mexico from the said Fifteenth representative district.

In said convention Eddy county will be entitled to fifteen delegates, Lincoln twenty-two and Chaves twenty-five. Which apportionment of delegates is based upon the votes cast for Mr. Larrazola for congress in the election of 1900, being one delegate for every twenty-five votes, or fraction thereof of not less than thirteen. In the election of 1900 Eddy county cast for congressman 376; Lincoln, 561; Chaves, 629. Provided, however, that the number of delegates already selected by any county in the district, or which may hereafter be selected by any county in the district, shall represent the number of votes that it is entitled to in the convention, but such county may seat in said convention the number of delegates indicated in this call, and no county hereafter selecting delegates in the district shall be entitled to more than its proper proportion of votes, to be governed by the number already selected heretofore by the committees in the district.

G. A. RICHARDSON,  
Chairman,

Attest:  
C. L. BALLARD,  
Secretary.

### DEMOCRATIC COUNCIL CONVENTION.

A Convention of the Democrats of the 9th Council District is hereby called to meet at Roswell, New Mexico, on the 24th day of September, 1902, at 10 A. M., in the Court House.

One delegate will be allowed for each one hundred votes, cast for the Democratic Nominee, for Congress in 1900. This gives the Counties of said District representation as follows:

COUNTY	DELEGATES
Dona Ana,	10
Chaves,	7
Otero,	7
Lincoln,	6
Eddy,	4
Grant,	8
Luna,	5
Total.	47

Any Delegate present in person or by proxy will be allowed to cast a full vote of their respective Counties.

J. A. MAHONEY,  
Chairman Committee.

The republican papers of the territory have taken "we demand statehood of the 57th congress" from their editorial mast heads and it now reads: "B. S. Rodey for Delegate to congress."

A. R. Shepherd, known as Boss Shepherd, former territorial governor of District of Columbia, died at his home at Batopilas, Mexico, on the 12th inst.

## LINCOLN COUNTY N. M. MINES.

### W. A. McIVER TALKS FOR HIS HOME COUNTY.

Albuquerque, N. M., Sept. 9.—Speaking of conditions in Lincoln county, Mr. W. A. McIver, the mining magnate, waxed eloquent. He said that a mining revival, the like of which had never been seen in the district, had taken place. Millions of dollars were being expended and great results would follow. The Nogal-White Oaks district, Lincoln county, Mr. McIver believes, is not to be surpassed by an equal area of country in the west as a mining region.

“When the Albuquerque Eastern road is completed,” he asserted, “and connections made with the Rock Island, Albuquerque will be an ideal place for a big smelter. All the output of my section of Lincoln county, which now goes to El Paso, will be available for Albuquerque. And the output should be enormous.”

Mr. McIver is president of the Gallinas Mining company and the Helen Rae Placer company and general manager of the New Mexico Oil and Development company and of the Free Gold Mining and Milling company, all doing business in Lincoln county. The various companies are backed by immense capital and will do much for the development of the county and territory.

**Thrice-a-Week World.**

Time has demonstrated that the Thrice-a-Week World stands alone in its class. Other papers have imitated its form but not its success. This is because it tells all the news all the time and tells it impartially, whether that news be political or otherwise. It is in fact almost a daily at the price of a weekly and you cannot afford to be without it.

In addition to news, it publishes first-class serial stories and other features suited to the home and fireside.

The Thrice-a-Week World's regular subscription price is only \$1.00 per year and this pays for 156 papers. We offer this unequalled newspaper and **WHITE OAKS EAGLE** one year for \$2.00.

**Pecos Valley Stock Trains.**

Beginning on last Monday, July 28, 1902, and continuing every Monday thereafter up to and including November 24, 1902, we will run a weekly stock train for Kansas City, St. Joseph and Chicago markets, on the following schedule:

Where connection will be made with train No. 428 on the A. T. & S. F. Ry. We shall make every endeavor to run this train promptly on above schedule, but this notice is not a guarantee that we will do so. Shippers should file orders for cars at least three days before the date on which they expect to load.

The Fort Worth & Denver City Co. will run a similar train to connect with our train at Washburn at midnight Monday.

We will continue to handle trainload shipments, with proper notice, on any day of the week, as suits shipper.

**ALAMOGORDO BARD'S EARTHQUAKE SONG.**

A short time ago some El Paso Rock Island Ry. men at Capitan say that while they were in Carrizozo one night the place was shaken up in a lively manner by an earthquake. A few stories of the reported earthquake were sent out from Capitan, but no confirmation of the report could be secured here.

But at last Carney O'Dowd of Alamogordo mounts the railroad pegasus and furnishes the public some information regarding the alleged earthquake, in poetic meter. O'Dowd has evidently arrived at the conclusion that the earthquake was only in the minds of trainmen who reported at Capitan. Here is his version of the affair written for the El Paso News:

There was a mighty earthquake  
In Carrizozo town  
With houses sailing in the air  
And people coming down  
The eating house a can-can waltzed,  
Section house a pigeon wing;  
The coal chute danced a kind of hop  
Called the highland fling;  
The big store danced a good horn-pipe,  
The saloon did dance a reel  
And depot danced a railroad jig  
When the earthquake 'gan its spiel.  
There were box cars soaring in  
in the air  
And engines coming down,  
Cats and dogs and guinea hogs  
To smite you on the crown;  
And old Sixty-four in charge of Moore  
Kept bucking up and down,  
And I'm here to say she flew that

That's a fact hero worship has the country grabbed, and there is little use in selecting a presidential candidate at this time unless he has a war record to his credit.
