"MY TURN"

By Carol Ellis

COLUMBUS SAILED the ocean blue in fourteen hundred ninety-two, and on Monday, October 12, we celebrate the 500th anniversary of his voyage to the New

Actually, more than Columbus as an individual, we celebrate the impact that Columbus' voyage had on joining the old and new world which changed the face of our globe forever. Human life is more varied and interesting everywhere today because of the exchange of goods and ideas made possible by Columbus' accomplishments.

He really didn't set out to prove that the world was round, his real name was not Christopher Columbus and Queen Isabella did not actually pawn her jewels to finance his expedition, according to a recent article in Modern Maturity maga-

In Spain, where he spent most of his adult years, gained fame, and died, he was known as Cristobal Colon. The Latinized "Christopher Columbus" has been bestowed on him by English historians.

Since the time of the ancient Greeks, people had realized that the world was shaped like a globe, but Columbus, being a man of ideas and an adventurer, wanted to do something about it. He hoped to prove that ships could reach the Orient by sailing westward.

At that time, ships from Portugal were traveling to the Orient by sailing eastward around the southern tip of Africa. Columbus was simply trying to find a shorter route. Most of the experts of that day believed the distance he would have to cover on such a voyage was too great. He would run out of supplies and his crew would die at sea before reaching the Orient.

Queen Isabella of Spain was interested in his idea because the riches of the Orient, its gold, silver, weis and spices, would greatly aid the failing financial condition of her country. The Columbus expedition would be a business investment, so she offered to pawn the royal jewels, if necessary, to equip the voyage. But the chief financial head of the Spanish court came through with a loan to start things off, so Isabella kept her jewels.

He didn't actually set foot on the North American continent but reached the Carribean Islands. He returned to Spain with small amounts of gold, ornaments, plants, birds and captive natives from the islands and was honored for having found what he proclaimed as a group of islands off the east coast of Asia. He was sent back immediately to further explore and bring back the wealth and riches that he had missed on the first trip.

He sailed to the area of the Americas three more times, in 1493, 1498 and 1502, and died four years later (1506) without ever knowing exactly where he had been or that he had explored a new continent.

Our native American Indians now deplore the fact that Columbus' "accidental discovery" of this country brought about diseases, tools of destruction, religious zealotry, and hunger for land, gold

and power. But with the amount of exploration which was being done during that era, it was only a matter of time until some other European would have established the Americas as the new frontier and the results would have been the same. Otherwise, our native Americans might still be getting around in canoes and dog-drawn travois. Remember it was the Spaniards who brought the horse.

Rather than focus on the negative, we should celebrate the profound impact that Columbus' voyage had on the entire world and how we have all been enriched by the exchange of ideas from many diverse cultures. From Columbus' idea of finding a shorter route to the Orient, grew the worldwide exchange of agricultural products, medical knowledge, and technological advancements which today make all our lives more enjoyable.

Virginia Steele Is Weekly Winner

Virginia Steele was the weekly winner in the Bovina Blade's Football Contest. She was one of three players who correctly picked 13 of the 14 contest games.

Mrs. Steele claimed the top weekly cash prize of \$10.00 on the basis of the tie-breaker system, when her prediction on the Phoenix-Washington tiebreaker score was 13 points away from the actual score. Her only miss was the Farwell-Anton contest, won by

Robert Tapia captured second place, after he missed the tiebreaker score by 18 points. Tapia, whose only miss on the regular lineup of games was the Kansas City-Denver cliffhanger, was awarded \$7.50

Carmen Porras had to settle for third place, when her tiebreaker prediction on Washington-Phoenix was 31 points off. She just didn't expect the Cardinals to upend the Redskins. Her only miss on the contest slate was also Kansas City-Denver. She received \$5.00.

Eleven contestants correctly picked 12 games, missing by just one point at having a shot at one of the weekly cash prizes. They were Richard Beauchamp, Dennis Field, Jay Grisham, Tommy Cathey, Kay Roach, Al Kerby, Jr., Frances Johnson, Dwayne Acker, Susan Kerby, Isiah Oliver and Jimmy

Seventeen other contestants had the good score of 11 for the week, which allowed them to move up in the contest standings. They were Del Ray Sudderth, Ella Jo Stormes, Art Hunter, Richard Grisham, Charles Steele, J.T. Roach, Mike Raymond, Bret Whitten, Mike Read, Joe Harris, Ruby Jones, Carl Harris, Darren Hromas, Ronnie Cary, Cheryl Howell, Dianne

Coach Rock Stanley had hoped Stanley said, pointing out the fact that the Bovina roster contains just four seniors, and mostly sophomores, juniors and freshmen.

In addition, each of the seniors has had an injury at one time or another this season, the Mustang coach said.

Bovina had a crushing blow to start the season when senior captain Isabel Marrufo broke his leg. He's missed not only for his ability but also for his leadership.

Then, at the six-week mark, the team lost another couple of varsity players and one or two from the junior varsity, due to grades. That left the varsity with 17 suiting up for last week's game.

"We feel we can improve, and we should win some games. We just need to be more determined. We haven't lost faith," the coach

In last Friday's game, Bovina scored first when Jimmy Bonham scooped up a Lubbock Christian fumble and ran 45 yards for a

touchdown. But the Eagles scored the next St. Ann's Catholic Church in 43 points, before the Mustangs could dent the scoreboard again. Bovina's final tally came when Mike Willis tossed eight yards to Mellisio Marrufo in the end zone for the final margin. Bovina's PATs failed after both scores.

The Mustangs were outgained, 270-95 yards. The Eagles improved their record to 2-3.

Bovina's Homecoming opponent, Nazareth, is unbeaten at 5-0, and the following week the team faces Hart, also 5-0. Sudan, at 4-1, has lost only to class AA power Springlake. All three of these teams are rated by the Harris system in the state's top ten. -- And all three are district mates.

Police Protection On Agenda

The Bovina City Council will meet on Tuesday, October 13 at the City Hall at 8 p.m. A citizens group has been put on the agenda for that night to discuss the subject of police protection.

If you are interested in Bovina's police protection and want to have some input, you should plan to go to the meeting, or if you can't be there, see one of the council members and let them know how you

The council members are Joe Olvera, Bob Owen, Leon Ware, Galen Hromas, Charlie Teague and Mayor Keith Knight.

Commodities Distributed

Commodities will be given out on Thursday, October 15 at the County Barn. They will start giving them at 8 a.m.

CONTEST WINNER. . . Virginia Steele was this week's winner of the Blade Football Contest. She is shown here as she received the winning check from Phillip Johnson at Northside Motors, one of the contest's sponsoring merchants.

Motorgrader Bids

Awarding of a bid to purchase a motorgrader for Precinct 3 highlighted the meeting of the Parmer County Commissioner's Court on September 28.

Four bids were received, and of these, a bid of \$99,053 by West Texas Equipment Company was accepted by the court as the best bid. The bids ranged from \$89,500 to \$124,859 for various graders.

The County Treasurer's report was accepted. A certificate of deposit from Precincts 3 and 4, for \$150,000 was re-deposited, to mature on January 11, 1993, at six per cent interest.

A motion was passed to install NTS long-distance telephone service in the courthouse, and test it for cost savings to the county. This service can be discontinued at any time with no charge if it does not prove successful.

Another motion was passed to conduct early voting in Friona and Bovina for the General Election on November 3.

All four county comissioners: Ernest Anthony, Tom Ware, Robert White and Raymond McGehee were in attendance, along with County Judge Bonnie Clayton and County Clerk Bonnie Warren.

Other routine matters were also taken care of.

4-H GROUP. . . Members of Bovina's 4-H Club wore their club t-shirts to school on Tuesday to commemorate National 4-H Week. Later, they all toured the Town and Country Vet Clinic with Bret Whitten as their host. The group enjoyed a busy week filled with activities.

BUSINESS OF MONTH. . . Excel Corporation was named Bovina's "Business of the Month" by the Bovina Chamber of Commerce. Pictured is Carol Aistrup, who is employed as the office manager. Bill Rupp is plant manager. Excel is a division of Cargill. The plant opened its doors for business on May 1, 1968 and at that time was valued at 3.5 million dollars. Disaster Program Extended

Producers applying for U.S. Department of Agriculture disaster payments under Phase II and Phase III of the Disaster Assistance Program will be able to receive payments in a more timely manner.

President George Bush had the USDA extend the disaster signup and ensure that producers who qualify for benefits under Phase II and Phase III of the Disaster Assistance Program will receive a payment rate of 50.04 percent of the payments for crop losses approved for coverage.

U.S. Senator Phil Gramm said, "This streamlined approach will immediately provide funds for losses suffered in recent years. This will enable producers to meet current obligations and prepare for the new crop year. The continued stability of agriculture is important to every American."

The Agricultural Stabilization and Conservation Service is extending the period for producers to file for benefits under Phase II of the program to February 12, 1993, for those crops planted in 1991 for harvest in 1992. The original deadline was October 2. Payment of benefits up to 50.04 percent will be made to producers as soon as they have furnished the required documentation and the application is approved by their local ASCS Committee.

The extended signup period does not change the requirement for producers to purchase crop insurance on the same crop for 1993 if this year's crop loss was more than 65 percent, as required by the 1990 farm bill. The extension gives producers adequate time to file their claims under the disaster

Jerry D. Harris, chairman of the Texas State ASC Committee, said "Today's announcement shows this Administration's desire to improve program delivery and help American agriculture. This will help eliminate hardships on family farms caused by 1992 crop losses and add stability to Texas agriculture."

The payment rate is the same used to determine disaster payments under USDA's 1990-1991 distaster program announced April 13. Applications will be processed and checks mailed to qualifying producers as soon as possible. Producers desiring more information on the Disaster Assistance Program should contact their local office of the Agricultural Stabilization and Conservaiton Services.

almost 100 workers in the general ceremonies Friday night at the campaign of Bovina Clinic Fund raised cash contributions and pledges totaling over \$14,000. Monday and Tuesday pledges brought the amount now on hand to \$38,500.

> It took the first half for the Mustangs to get the thoughts of an injured teammate out of their minds last week, but once they did, they rebounded with a fury, pounding visiting Dexter, N.M. 44-8 for a Homecoming victory.

Tom and Janie Beauchamp hosted the Foust reunion in their home over the weekend of September 18.

5 YRS. AGO--SEPT. 30, 1987 The Bovina Mustangs improved their season record to 2-1 with a 14-8 win over Hale Center Owls in the team's home opener last Friday.

It will be homecoming for the Bovina Mustangs on Friday when they host Amarillo Christian at Mustang Field.

It seemed like the absence of the National Football League games on the contest helped the scores out in the Bovina Blade's football contest this past week.

First place went to Cathie Lanham, on the basis of her tiebreaker prediciton.

Citizens Meet Here

The senior citizens met for their regular business meeting and luncheon on September 30. They did their usual visiting and played some games.

It was decided to have a Back-to-School Party on October 31, at 6:00 p.m. Everyone is to dress as they did in school, bring a school picture, and they will have a bucket

Crock Pot Cooking

By CARLA McKEOWN

you're too tired too cook that you could most use a hot, home-cooked

Eating out is expensive and gets boring after a while, and frozen entrees or "TV dinners" just don't live up to the picture on the package. However, there is an alternative: slow cooking.

Basically, there are two types of slow-cooking appliances: the crock pot and the slow cooker. The crock pot is a round pot with heating coils that heat the pot from the sides, almost eliminating the threat of scorched foods. A slow cooker generally is a rectangular-shaped pot that is placed on a heating base that heats from the bottom.

Either appliance allows you to put all the food in the pot before you leave for the day and offers a fulfilling meal when you get home at night. It's perfect for everyone on the go.

Slow cooking also allows you to use less expensive cuts of meat since the long cooking time results in a more tender and flavorful meat. Keep in mind the following tips

when slow cooking: * Little moisture evaporates during slow cooking, so you may need to adjust some of your recipes. As a general rule, reduce the amount of liquid in a traditional recipe by half. For soups, add only enough water or broth to cover the other ingredients. You also may

have to adjust the seasonings. * In most cases, add dairy products near the end of the cooking time to avoid separation.

* If the traditional methods recipe calls for the dish to be cooked at 350 degrees for one hour, cook it on the low setting for 6 to

Before plugging it in, place the cooker on a dry, level surface.

* Rice and pasta are best when cooked seperatly and add to the time. However, if you are using a higher cooking setting, rice or pasta may be added uncooked during the

THE LIFE OF A PETTY KING

KINGS WERE NUMEROUS IN BIBLICAL DAYS. EVERY CITY HAD ITS OWN KING MUCH AS TODAY WE HAVE MAYORS TO CONDUCT AND OFFICIATE THE BUSINESS OF THE CITIES. HOWBEIT, THE MODERN MAYOR MUST CONSULT THE CITY COUNCIL, ALDERMEN, ETC., THE BIBLICAL KINGS AND THEIR AURA OF ROYALTY ENABLED THEM TO ASSUME MUCH GREATER AND DICTATORIAL POWERS. WHEREAS MODERN MAYORS ARE CONCERNED WITH BUDGETS, UNION DEMANDS, TRADE AGREEMENTS, AND COMMERCE FOR THE CITY IN GENERAL, THE BIBLICAL SMALL-TIME KING WAS MORE CONCERNED WITH WHAT CITY HE WOULD MAKE WAR ON FOR THE PURPOSE OF PLUNDERING, TAKING SLAVES, AND ANNEXING TERRITORY. HIS NEXT CONCERN WAS WHAT ENEMY MIGHT ATTACK HIS CITY FOR THE SAME REASONS. ALL OF WHICH FORCED THESE ANCIENT KINGS INTO A SERIES OF ALLIANCES WITH THEIR NEIGHBORING CITIES TO FORESTALL SUCH A CALAMITY BEFALLING THEM, THE END RESULT WAS A MAZE OF COMPLICATED POLITICAL RELATIONSHIPS WHICH TODAY MIGHT TAKE A COMPUTER TO UNSCRAMBLE! KINGS WERE NUMEROUS IN BIBLICAL DAYS. EVERY CITY HAD ITS OWN KING MUCH AS TODAY WE

MONEY TALK

Kay Bailey Hutchison Texas State Treasurer

Editor's Note: Texas State Treasurer Kay Bailey Hutchison addresses various issues related to personal finance and state government. However, these views are not intended to replace the advice of reputable financial advisers or other professional counselors.

Q. I am a small business owner and am wrestling with a number of questions regarding the management of my operation and compliance with government mandates. I don't have money to hire a professional consultant. Do you have any suggestions?

A. You are not alone in your predicament. Many small business owners need assistance navigating the confusing web of government and IRS rules and regulations.

There are groups to which you can turn for this type of help. One organization in particular stands out in my mind; SCORE.

The Service Corps of Retired Executives (SCORE) is a non-profit 12608, Austin, Texas, 78711.

Volunteers are paired with small business owners who are in need of their specific talent and advice. For example, if you are confused by the myriad of rules governing worker's compensation you would be matched with a volunteer who is well versed in that area.

In addition to free counseling services, SCORE provides training and sponsors workshops and seminars covering a variety of business-related issues. If you are interested in learning more about SCORE and the location of the chapter closest to you call the national office at 202-205-6762 or write: SCORE, 409 Third St. Suite 5900, Washington, DC 20024.

economic development coalition has voted to incorporate, opening the door to possible grants and donations, according to coalition president Rick Osburn.

The incorporation vote came at the marketing coalition's quarterly meeting in Tulia on September 1.

"We wanted to set up a method by which High Ground might Nisbett of Dalhart, Rick Osburn of receive grants and donations from organizations that might be interested in industrial development in the High Plains region," said Grady Elder, High Ground by-laws committee chairman.

If a charter is granted by the state, the High Ground will be coded a "501 C6" by the Internal Revenue Service, meaning the group is a non-profit organization, said Elder.

Another reason for the incorporation is to create a more organized structure for the coalition, with a board of directors, by-laws and officers, he said.

THREE CLOVIS MEN HELD

Arrests Made In Excel Bomb Threat

(Note to Friona Star readers: In order to make this late story available to our Bovina readers, it had to be repeated in your edition)

For the past several months, Friona's Excel Corporation has been wrestling with a touchy problem--one of bomb threats.

Thanks to an arrest this week by Parmer County Sheriff Rex Williams, the Friona packing facility is hoping to put an end to this problem.

Arrested Wednesday were Daniel Ibarra, 23, Billy Ochoa, 24, and Ronald Towres, 25, all of 1121 West Ninth Street, Clovis, N.M.

Calls were traced by going through the U.S. West Telephone Company. The call was traced to the Clovis number at the residence of the three Excel employees. Two of the subjects were talked to by Sheriff Williams, and they admitted making calls this past Tuesday evening.

Apparently the main reason for the bomb threats is so the employees will be sent home. Excel had been paying salaries for the employees for the rest of the shift when the threats occurred. "When somebody decided they wanted the day off with pay, they would call and make a bomb threat," Sheriff Williams said.

The cost to Excel for checking out a bomb threat has been astronomical. It has been estimated at \$1,000 per minute.

The trio has been charged with making terroristic threats, a class A misdemeanor. If convicted, the charge carries a \$2,000 fine plus a year in the County Jail. In addition, Williams said the county would attempt to seek restitution for the \$50,000 lost by Excel in Tuesday's lost time incident.

Plant records show that the threatening call was received at 9:21 p.m. CDT on Tuesday.

Williams worked with area received some eight bomb threats telephone companies in tracing calls, and was successful in locating the culprits.

different telephone companies in this area: GTE, West Texas Rural Telephone Co., Southwestern Bell, U.S. West and the Five-Area Telephone Co. We had excellent cooperation this time, and were able to trace the calls to the Clovis address," the Parmer County Sheriff

Williams said according to records obtained from the companies, it appeared that Ochoa, who was on his shift at Excel, called the Clovis number where he and his two friends live, telling them to make the threat call.

From what they told him in questioning, Williams indicated that Ibarra made the call, handed the telephone to Towres, who then made the threat.

And the two calls are duly recorded by the two different telephone companies at the appropriate times.

Williams said that it was quite expensive to the county to deal with these threats as well as to Excel, since the Sheriff's department sends a couple of deputies out to the plant to help with crowd and traffic control.

"I hope this will stop this situation, but we will continue to monitor the telephone calls into and out of Excel for some time to make sure," Williams said. "Excel is a good citizen. They

deserved to be treated in this manner Baptist Church in the 1940s. by unscrupulous employees," Williams said. A spokesman for Excel said that

apparently Ochoa, who was working at the time the bomb threat was made, was wanting to attend a party that night in Clovis.

prior to the one Tuesday. The management had kept the threats on a low-key basis, since it was "We have to work with five generally believed that this was a ploy by certain employees to get some time off. Yet, the threats had to be checked out as if they were sincere, and the plant's security squad had to be alerted each time.

Ex-Resident Dies Suddenly

Services for Joe E. Wilson, 75, of Lubbock, were held last Friday in Ford Memorial Chapel of the First Baptist Church with the Rev. John Ballard, associate pastor, officiating. Graveside services were con-

ducted in Floyd County Memorial Park with the Rev. Hal Farnsworth, pastor of First Baptist Church in Floydada, officiating. Burial was directed by Sanders

Watch out for those power lines!

odern farming requires the use of large, complex machinery. Each year a tragic number of accidents are caused by careless handling of farm equipment around electric power lines. Deaf Smith Electric Cooperative urges you to use caution at all times. Watch for overhead power lines and utility poles and avoid any contact with this potentially lethal power equipment.

Insist that family members and hired hands learn to survey their work areas carefully. Although you may not have power lines in your fields, you certainly have them present around equipment storage areas. Be sure there are safe routes from the equipment storage areas to the fields. Before extending the height of or transporting farm equipment, look up and check the clearance. Be extremely cautious when moving or raising portable grain augers, aluminum irrigation pipe, bailers, combines, front end loaders, cable or hydraulic dump trucks, cotton strippers, cotton module

builders, and large tractors pulling "fold-up" plows with row markers. If you have a question about whether equipment will clear a power line, assume it won't and take action to avoid contact.

Watch for power lines on or near your property lines. They could possibly be hidden by trees or brush, so when turning your equipment at the end of your field there's a very good chance power lines and guy wires could be nearby.

If construction of new storage bins is in your future plans, take the placement of existing power lines into account. If you can't find adequate space for construction away from the power lines, contact DSEC for advice. Your complete safety and comfort are prime concerns of DSEC. We will be happy to assist you in developing a safer

So, remember, when moving your equipment into your fields to tend your crops, think safety, and make your harvest as safe as it is rewarding.

Linda's Lines By LINDA MARSHALL

Did anyone besides me notice that Mrs. Moore and Mrs. Jennings look an awful lot a like. Yes, we made a boo-boo and we apologize to Mrs. Jennings and Mrs. Moore.

I want to encourage everyone to voice their opinion on our city's police protection to the city council. This is your chance to either put up or shut up.

Radford and Kay Venable had company over the weekend. Kay's mother, Delores Stone from Plano, and Kay's grandmother, Leona McElwany from Amarillo, came down for Bud and Lori's shower. Kay said they had a real nice visit.

Sammy Stormes packed his camper and took his boat to Eagle Nest over the weekend. He caught 28 rainbow trout and 6 salmon while he was there.

Laura Tritsch's daughter and her husband were here visiting. They are Mr. and Mrs. Clarence Kaeufman from Fontana, California. Laura said they are now at Lubbock visiting her son.

Jay and Sue Barrett had a nice surprise on their 40th wedding anniversary. Her son and daughter and their families surprised them with an evening meal and a reception for this big event.

The families were Jay Be, Jana, Joel, and Jordan Barrett from Farwell and Lloyd, Jana, Cheryl, and Catherine Headrick from Lubbock.

Sue said they also celebrated Jay and Bonnie Barrett's birthdays. All had a good time and the Barretts were really surprised.

Mark Anthony, the son of Tony Bob Englant, had a tonsillectomy and some work done on the tubes in his ears last Friday. He is home and doing fine.

Bill and Suezy Smith had company Sunday. Dean and Georgeina Smith from Lovington, New Mexico came and went to church with them. Dean is Bill's brother and while he was here they also went to Farwell to see their mother, Elsie.

Galen, Judy, Darren, and Matt Hromas went to Baylor University over the weekend. Matt had been invited to a college promotion event based on his S.A.T scores.

Judy said that on Friday they went to a banquet and then to a motel that was provided courtesy of the university. On Saturday they

Running stocker calves on wheat pasture?

Now, more than ever, IVOMEC can build your profits.

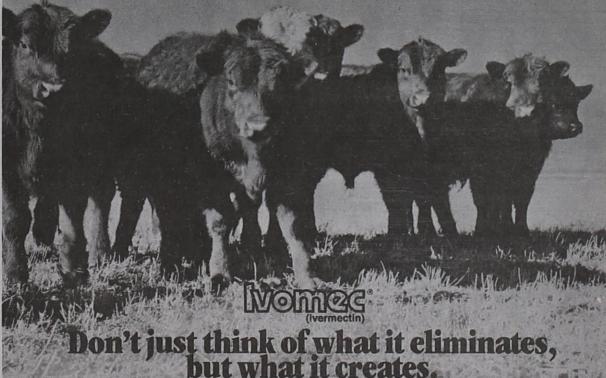

At this year's beef prices, every pound you put on your calves is worth good money. And with IVOMEC® (ivermectin) you can put on plenty of extra pounds.

Whenever you have cattle on pasture, you're bound to have parasites. And if your calves have been sold and resold before shipping, you can't know what parasites they've picked up. And parasites steal weight.

But one shot of IVOMEC kills 31 different kinds of parasites-more than twice as many as TRAMISOL® and WARBEX® combined.

IVOMEC kills mature and immature worms, so you don't have to use it again in a couple of weeks. And IVOMEC gets external parasites, too. It does it all with just one simple shot under the skin. No wrestling. No Mess. No stress.

So go with your best shot. Get IVOMEC.
