## MAKING PLANS

THE beginning of the year is always the time to look backward and forward—backward at what has been done; forward at what we intend to do. If you are laying plans, be sure that they include a good bank account. With a comfortable sum in our bank, 1910 will offer more opportunities than any previous year. If you have never had an account with us get started with the new year and let us help you as we are helping hundreds of your neighbors and friends. One dollar is enough to make the start.

WE KNOW YOUR WANTS and WANT YOUR BUSINESS.

## OPEN ABOUT JAN. 15

First State Bank and Trust Company Will Be Ready for Business About the Above Stated Date.

The work of remodeling the Marsden building on the southeast corner of the public square in which the new First State Bank and Trust Company will be located will be completed in a few days and officers of that institution stated to a Standard reporter Monday that the new bank would be ready for business about the 15th of the month. The management had fully expected to be ready for business by January 1st, but on account of some of the material to be used in remodeling the building failing to arrive it was impossible to do so. This material came in a few days ago and is being put in place as rapidly as possible. The entire front of the lower floor has been removed and a plate glass front put in and two large windows have been put in on the south side of the building.

The big vault arrived several days ago and has been put in place and a portion of the furniture and fixtures have also been received and the balance of it is expected by the last of the week. The bank will have a capital stock of \$50,000 and will be operated under the assessment plan of the State Bank Guaranty law. W. N. White is the president and S. S. Graham, cashier, and these two gentlemen, with Hon. James Callan, of Menardville, D. C. Randals, of Waldrip, and J. S. Wall, of Brady, compose the board of directors.

### W. G. Joyce.

W. G. Joyce announces in this issue as a candidate for the office of Tax Assessor of McCulloch County, subject to the action of the Democratic primary.

Mr. Joyce is a native Texas product, reared on a farm in northeast Texas, where plowing was done with one horse to a single stock. He battled with adversities till he obtained education enough to enter the profession of teaching which he followed in connection with farming for a number of years and is now a diversified farmer near Brady. He also has a fair knowledge of the duties of the office, having served as deputy in that capacity for two years. He asks the voters of McCulloch County to investigate his record of citizenship and qualification to fill the office and if found worthy heartily solicits your support and promises, if elected, to put forth his best efforts to make the best public servant possible.

Little Misses Nautie May and Inez Day entertained their little lady friends with a new year's party last Saturday afternoon. The time was happily spent in playing various games and refreshments of chocolate and cake were served.

### John Rainbolt.

That good citizen, John Rainbolt, announces this week as a candidate for the office of County Treasurer, subject to the democratic primary in July. Mr. Rainbolt was raised in this section of the state and has been one of Brady's leading men for the past ten years. He has never held a county office nor asked for political favors before, and is led into this race by the solicitations

### J. F. Quicksall.

In this issue appears the announcement of J. F. Quicksall for the office of tax assessor of McCulloch county, subject to the democratic primaries, July 1910. Mr. Quicksall is the present assessor by appointment, and the efficient and impartial work done proves that the commissioners court made no mistake in selecting him. He asks election on his ability to do the work correctly and fairly. His motto—"Equal and exact justice in taxation." He has lived in this county nineteen years, and is one of our best citizens, and respectfully solicits your vote and influence.

### Prolongs His Stay.

Dr. J. Harvey Moore, the Eye, Ear, Nose, and Throat Specialist of San Antonio, will remain in Brady until next Tuesday, Jan. 11th.

On account of the great amount of work he has on hand and because some of his patients require his attention longer, Dr. J. Harvey Moore will remain until next Tuesday. This will give those who have not consulted him a chance to see him. He has treated quite a number of cases and has operated on some of our leading citizens. His office is at Shropshire's Drug Store. He makes a free examination and will not treat you unless he is sure he can effect a cure.

### Buggy Bargains.

To start off the new year I am making the following offer: To the first two parties calling at my store after reading this ad I will sell a good buggy, with guaranteed all-hickory wheels, quarter-leather top, etc., for \$55—CASH. I want to make 1910 a big year and this is to start it off right.

of numerous friends. Mr. Rainbolt has been "working for nothing and boarding himself" for the past four years as city alderman, having been elected to that position by his friends when the town was first incorporated, and being returned to the office the second time in a similar manner. He has ever been alive to the best interests of Brady and McCulloch county, and if elected to the position of county treasurer will, we feel sure, give satisfaction. He asks for your support and your vote.

### A. G. Walker.

A. G. Walker's name as candidate for County Judge of McCulloch county, appears in the announcement column of this issue. Mr. Walker's ability as a lawyer is well known to the Texas bar and the judges of the higher courts, as is manifest by his appearance, both in person and by briefs, in the Superior Courts of the State. He has been practicing law in the state for over thirty years. Many old citizens of this and adjoining counties knew him when he lived in Lampasas from 1875 to 1890, and are ready to vouch for his honesty and integrity. He desires the voters to consider his claims as being competent to serve them as County Judge.

## POSTOFFICE RECEIPTS

A Most Creditable Showing is Made by the Local Office in the Past Nine Months.

Along with the many other evidences of the growth and prosperity of Brady and McCulloch county might be noted the increase in the volume of business transacted by the local postoffice during the first nine months of the fiscal year which ends March 31, 1910. Postoffices throughout the country are rated by the postoffice department at Washington by the amount of business transacted by them and this is the only basis for promotion to an office of a higher class. For the postal year ending on March 31, 1909, the receipts of the local office only lacked \$421.22 of reaching a total of \$8000, the amount necessary for promotion to the second class, the receipts for the year totaling \$7578.78.

By a comparison of the receipts for the first three quarters ending December 31, 1908, with the first three of 1909 it will be seen that the increase has been \$2087.20, a gain of nearly thirty-five per cent. Figuring that the last three months of this year will show the same per cent of increase as the first nine months of 1909 showed over the like period of 1908—and it's not unreasonable—the receipts of the office will total more than \$10,000, which will not only make it an office of the second class, but will place the city in line for free city delivery.

The exact figures might be of general interest locally and they are given below:

QUARTER	1908	1909
June 30	\$1279.85	\$1725.02
Sept. 30	1726.10	2237.11
Dec. 31	2100.26	3231.28

TOTAL \$5106.21 \$7193.41

The receipts for the quarter ending March 31, 1909, were \$2,472.57, and if the coming three months of 1910 are equal to the like period of 1909—and it's reasonable to suppose that they will be at least twenty per cent more—the receipts for the year ending March 31 will total \$9665.98, or \$1665.98 more than the

## Difficult Breathing

"I could not lie on either side, my heart fluttered, and I was so weak I could scarcely walk. Dr. Miles Heart Remedy did wonders for me. I can sleep, eat, and do more work than I have in ten years."  
AGNES LEWIS, Lawrence, Kans.

Short, quick breath—when going up stairs, singing, or when you are angry or excited means that your heart action is weak.

Dr. Miles' Heart Remedy is a safe, sure remedy for these symptoms. It strengthens and builds up the weakened nerves and muscles.

The first bottle will benefit; if not, your druggist will return your money.

amount necessary for promotion to the second class.

Probably the biggest showing of any month over the same month of the preceding year is for December 1909. The receipts for December 1908 were \$709.88, while for the month just closed they totaled \$1546.65, an increase of considerably more than 100 per cent.

From these figures it is very easy to see that the local postmaster has been operating a second class office on a salary for an office of the third class, but with the most excellent showing made thus far, it is not unreasonable to suppose that within the next few months the Brady postoffice will become a star of sufficient magnitude in the U. S. postal constellation to attract the attention of those in authority at Washington and cause them to give us the better facilities to which we will be entitled.

If your stomach, heart or kidneys are weak, try at least a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the stomach, nor stimulate the heart or kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity falter. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by Central Drug Store.

## The Majestic Opens.

The Majestic Theater opened Monday night as per announcement, regardless of the weather and the fact that the interior arrangements of the house were not completed. Good motion pictures were shown and the vaudeville was also first-class.

Opera chairs have been ordered for this theater but have not yet arrived; neither has the special scenery, but regardless of this fact the house has been made attractive and comfortable, and good houses greeted the opening bill Monday night. Tuesday night the weather was fierce, but the attendance was satisfactory and the show was good.

Tonight and the balance of the week RePass & Wells, the 'Rah, 'Rah Boys, will be the feature. North side square, next to Standard office.

## New General Manager.

A. M. Martin, of Bisbee, Arizona, arrived in the city Monday to take charge of the Brady Water & Light Company's business as general manager. Mr. Martin will have entire supervision over the affairs of the company, and comes highly recommended as a man of wide experience in problems that beset the life of water and light plants, and the officers of the plant feel that they have placed their plant in capable hands.

The plant will be greatly improved. In fact, the term "re-built" might be used in connection with the contemplated improvements. The water service will be greatly extended, and improvements in the light plant now in contemplation include an all-day current for supplying power for our various manufacturing industries, run fans, etc.

The first work will have to do with the new deep well now being sunk. This work is progressing as fast as possible. The well is 14-inches in diameter, and the contractor will go down till he gets good water and plenty of it. New pumping machinery will be installed, and a big bunch of money spent around the power house in other items.

Mr. Martin will get right in the harness immediately and will soon have things humming. He will be a permanent fixture in Brady and will bring on his family as soon as he can provide a residence for them. He recently bought some lots in the Crothers & White addition, and may erect a modern home in the near future. The Standard extends a warm welcome to Mr. Martin and family.

## A Traveling Salesman

H. F. Beers, 617-7th Ave., Peoria, Ill., writes: "I have been troubled for some time with kidney trouble, so severely at times I could scarcely carry my grips. After using one bottle of Foley's Kidney Pills I have been entirely relieved, and cheerfully recommend them to all." Foley's Kidney Pills are healing and antiseptic and will restore health and strength. Sold by Jones Drug Co.

J. M. Anderson asks The Standard to place his name in our announcement column as a candidate for city marshal at the April election. Mr. Anderson is a citizen of some ten years' standing in Brady, and during that time he has at various times held commissions as deputy sheriff, deputy marshal and night watchman, and in every instance his work has been found satisfactory. He is recommended as a good officer by those who ought to know, and he asks for the office of city marshal because he needs the office and feels that he can fill it as it should be filled. He respectfully solicits your support.

SYNDICATE BUILDING ON RIGHT, DAMAGED IN LAST NIGHT'S FIRE.

## LAST NIGHT'S BLAZE

A Serious Fire in Syndicate Building is Narrowly Averted by Efficient Work of Firemen.

Fire was discovered last night at 10:25 o'clock in Weeks' restaurant in the Syndicate building, on the southeast corner of the square, which resulted in a loss of several hundred dollars to the building and the different stocks of goods contained therein. The blaze was discovered and the alarm given by members of the Standard force, who had been at work at the office and were returning home for the night, and had it not been discovered in its incipiency a most disastrous conflagration could have hardly been averted.

Excellent work was done by the firemen and citizens, handicapped, as they were, by the dense smoke, one young man—Jack Frazier—being overcome by the smoke and was unconscious for several minutes.

The building is a very large one—90x200 feet—two stories in height, the lower floor being occupied by Anderson & Moffatt, grocers; Weeks' restaurant, Bourland Music Co., the Smoke-house pool and billiard hall and the Walker-Smith wholesale grocery. The upper story of the building is used for offices and quite a number of persons have sleeping apartments there, but very little damage was done on this floor.

Anderson & Moffatt probably sustained the heaviest loss. They had just received a shipment of three cars of flour and this was badly damaged by water. Mr. Moffatt said this morning that he could place no estimate on the loss of his firm for several days yet, but that it would be rather heavy. The loss is fully covered by insurance.

In the Weeks' restaurant, where the blaze started, the loss is estimated at \$400 to \$500, and a policy of \$750 was carried on the stock and fixtures.

The Bourland Music Co. occupies space adjoining the restaurant on the east, with a stock musical instruments and had a number of fine pianos and organs on hand, but sustained no loss whatever.

The stocks of the pool hall and the Walker-Smith wholesale grocery, who occupied the last two buildings on the east, were only slightly damaged by water. Both are fully covered by insurance.

The building is owned by a local company composed of W. D. Crothers, G. R. White, F. M. Newman, A. Ogden, C. C. Bumgardner and Dr. J. G. McCall and is valued at about \$75,000. Mr. Bumgardner stated this morning that he he could not estimate the damage to the building, but that he thought that \$400 would cover the loss. Insurance to the amount of \$10,000 is carried on the building.

The Standard \$1 per year.

Will endeavor to give you what little news I can gather this week, and

that is not much.

### WALDRIP WARBLINGS.

Waldrip, Texas, Jan. 1, 1910.

Editor Standard:

Once more it is "Happy New Year" all round, and to wish any one a repetition of last year's joys and successes seems enough, but in a country so full of opportunity as this one, the happiness and prosperity each year always exceeds the last one. We have the most promising outlook for success this year that I have ever been permitted to see. A large acreage in small grain in fine condition. Stock in splendid shape, much ground broken for the new crop and such a wealth of moisture in the ground, and the health of the community good, what more could we ask?

Christmas passed off quietly and every one has settled down to work or moving.

Henry Metcalfe will occupy the Bratton place this year.

Lewis Hickey has moved to his new home just purchased from W. T. Stacy.

Sam Glascock has leased one half the Kellett place and moved there.

Bob Rabae has moved on Mrs. Hay's place.

So much changing I can not give the whole list.

Mr. and Mrs. Jno. Lowe have returned to their home at Madge after a pleasant visit here with relatives and friends.

A big show in town tonight and everybody attended. All report a fine time.

School will begin afresh next Monday.

Most everyone is at home again after spending the holidays elsewhere.

PROGRESS.

Voca, Texas, Jan. 3, 1910.

Editor Standard:

The old year with its joys and sorrows is now in the past, and the new year 1910 is upon us. I wish for the Standard and its many readers a prosperous New Year.

The industrious farmers of this prosperous community are preparing the soil for a bountiful harvest which they are sure to reap. The small grain crop is doing well.

J. B. Sessom and family returned Sunday from a trip to Field Creek, Llano county, where they went to spend several days with Mrs. Sessom's mother.

D. F. Somers, of Oklahoma, who was here last spring, has again returned and will make this his home.

D. H. Henderson has just completed a large reservoir to store the water from his flowing well from which he expects to irrigate several acres of land.

When this part of the country secures a few more flowing wells she will blossom as the rose.

The high price of hogs the past season is causing several of our citizens to build hog pastures. Walter Mill-sap, Roy Armor and Frank Crisman are all putting up wire netting.

### Harvey Walker.

In the proper column this week appears the name of Judge Harvey Walker as a candidate for re-election to the office of county judge. Judge Walker is too well known to need any introduction at our hands. He is serving his first term as county judge, and everyone familiar with court records knows that he has "made good." Judge Walker was formerly a newspaper man in Mercury and later in Brady, but the fact that he was elected to office shows that the people of McCulloch county have forgiven him for that and hold him in high estimation. He is a man who gives deep study to his calling and is fully alive to the honor and dignity of his position, at the same time showing the humblest of his constituents the same courtesy, fairness and impartiality that the rich man receives. Judge Walker has made a good officer, and the county judgeship will be in safe hands if again entrusted to him. He respectfully asks your consideration of his candidacy, your vote and your support.

Best for coughs and colds is Kennedy's Laxative Cough Syrup. It moves the bowels freely yet gently and thereby drives the cold from the system. It stops the cough. Children like it pleasant to take. Sold by Central Drug Store.

## That Lame Back Means Kidney Disease

And to Relieve the Lame and Aching Back, You Must First Relieve the Kidneys

There is no question about that at all—for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: Extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt. They regulate, purify, and effectually heal and restore the kidneys, bladder and liver, to perfect and healthy condition—even in some of the most advanced cases.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return mail postpaid.

## THE NEW YEAR.

The New Year 1910 is here and the good old year 1909, with all its possibilities, its seasons of joy and its hours of sorrow, has passed into history. The old year will be a memorable one in history, made so by notable discoveries in the scientific world, for it was in this good year, after long years of effort, that the North Pole was reached. This event alone, without mentioning the other advances made, is enough to give the year just closed a prominence not to be overlooked in the history of the world.

Locally the old year has been a good one. It's true that the crops of this country were not up to the usual standard, but, when compared with other parts of Texas, our people have cause for congratulations. We only raised about half a crop of cotton, but on account of the advanced prices of the product our farmers, as a rule, made more clear money than they did in former years, with bumper crops.

In the local business world only one charge was made on the first of the new year—the United States Express Co., succeeding the Wells Fargo—indicating prosperity and contentment among the business people.

The advent of the new year was welcomed by the younger population of Brady in the customary noisy manner, calling in to use all the noise-making implements at their command and the din was kept up for several hours.

New Year's Day was not generally observed in the business section of the city, the two national banks and the postoffice being the only institutions observing the holiday.

Of course, the usual number of good resolutions were made, but that is natural, and here's hoping that you will be able to keep the good ones and that no bad ones were made. May misfortune follow you through 1910, but ne'er o'ertake you.

### A GREATER Brady for 1910.

A BROOM factory would look good in Brady's list of 1910 industrial acquisitions.

THIS weather is fine for ducks. It is also fine for farming interests. Get ready for a bumper crop—it's coming.

FIFTY new pupils at school Monday! Come on with the school bonds and let's have a new ward building.

THE season for sowing spring oats will soon be on us. Plant oats! There never was a better outlook for small grain in McCulloch county.

BULLY, bustling, building Brady added many new enterprises to her list during 1909. Many more should be added in 1910. Brady can have almost anything she wants, so let us all get busy.

THAT flouring mill! Let's have it. We need it and can get it by going after it. There is always outside capital looking for such industrial investments. We can find it and locate it by only using a little diligence.

There is no better congressional timber in the state than Johnson. He is big in mind and body, and would make a valuable man in the senate and we hope to see him elected. Mr. Johnson is at present president of the State Press Association, and is widely known among newspaper men all over the state.

### Change in Schedule.

The time of arrival and departure of the Frisco passenger train between Brownwood and Brady was changed Sunday, the morning train arriving fifteen minutes earlier and the afternoon train leaving thirty minutes later. The morning train now arrives in Brady at 11:30 and the afternoon train departs at 4:30.

It was currently reported here the past week that a through sleeper was to be put on from Fort Worth to Brady, but inquiries at the local station yesterday elicited the information that if such change was contemplated no such notice had been given out by the officials.

The Breckenridge Coal Oil Burner burns coal oil and generates a gas which is consumed and heats the stove. It is sure, safe and cheap. See A. B. Walker at Graham's store.

## Get Well First

Don't risk even a penny—until health first returns.

And I mean just exactly that. I am the one physician who says to the sick "I will not out of my own pocket pay for your medicine if it fails to bring you help." And for 25 years Dr. Shoop's medicines have been used and recommended in every city and hamlet in America. They are positively standard in every community—and every where. Then why pay the cash, and at your risk, for other unwarranted and uncertain medicines? Thousands upon thousands have in the past successfully used Dr. Shoop's Restorative. When the stomach nerves, or the heart or kidney nerves fail, these sick ones know how quickly health again. But best of all, they positively take no money risk whatever. They know that when health fails to return, Dr. Shoop will himself gladly get for them. And for that test a full 30-day treatment is freely granted. But write me first for an order.

This will save delay and disappointment. All druggists sell Dr. Shoop's Restorative and Dr. Shoop's Rheumatic Remedy, but all are not authorized to give the 30-day test. So drop me a line please—for I have appointed an honest and responsible druggist in almost every community, and I will help, no pay, to get you well. The books below will surely open up new and helpful ideas to those who are not well. Besides you are perfectly free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best advice is to write me now, while you have it fresh in your mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.

### Local Building Notes.

The brick work on the Fitzgerald building on the west side of the square is nearing completion, and with favorable conditions this portion of the work will probably be finished in the early part of the coming week. In conversation with a Standard reporter Tuesday, Mr. Fitzgerald stated that he had contemplated making the building two stories, but that on account of being under contract to deliver the building to his tenant on the first of the coming month, he had decided not to do so, for the present at least. The north part of the building will be occupied by A. B. Watters & Co., of San Antonio, with a big stock of dry goods and gents' furnishings, and the stock will be here on Feb. 1st.

Work on the new jail is progressing very satisfactorily now, after some delay occasioned by the non-arrival of some material. The walls are now up to the floor of the second story and the work of transferring the steel cells from the old jail will be begun in a few days.

Don't trifle with Kidney and Bladder trouble. Take DeWitt's Kidney and Bladder Pills as directed and you will at once notice satisfactory results. DeWitt's Kidney and Bladder Pills are antiseptic, healing and soothing. Be sure to get DeWitt's Kidney and Bladder Pills when you ask for them. Refuse substitutes and imitations. Look for the name on the package. Sold by Central Drug Store.

Jim Wall reports people falling over themselves to rent the business house he is building on Bridge street opposite the post-office. Among the applicants is a San Antonio man who wants to establish a pool hall; some young men from Colorado City who desire to put in another barber shop; and another party who wants to get into the restaurant business.

Enos Polk went to Dallas Tuesday afternoon on business.

## EASY TO ENUMERATE

Applicants for Positions of Census Enumerators Not Required to Pass Rigid Examinations.

Nat M. Washer, of San Antonio, has been appointed Census Supervisor for this district, the 14th Congressional, and the following will be of interest to those expecting to make application to him for places as enumerators: Washington, December 27.—

Any person of good judgment, who has received an ordinary common school education, can readily and easily pass the test to be given applicants for census enumerators' places on Saturday, February 5th, the date finally set by U. S. Census Director Durand, according to an announcement from the Census Bureau today. This will be a comforting assurance to the several hundred thousand who are believed to be contemplating application for the places.

It was emphatically stated at the bureau that the test will be an eminently reasonable and practical one, similar to that applied to applicants at the Twelfth Census. It will consist of filling out a sample schedule of population from a description, in narrative form, of typical families; and, in the case of enumerators whose work will be in the rural districts, they will be called upon to fill out an additional sample schedule of agriculture, from information furnished by the Census Bureau.

All persons, whether women or men, who may desire to become census enumerators must be citizens of the United States; residents of the supervisor's district for which they wish to be appointed; must be not less than 18 nor more than 70 years of age; must be physically able to do the work; must be trustworthy, honest and of good habits; must have at least an ordinary education and must be able to write plainly and with reasonable rapidity.

Those who can comply with these requirements are invited to put in their applications, as there will be at least 68,000 enumerators' places to be filled by the middle of March in preparation for the enumeration beginning April 15th.

Application forms, with full instructions for filling-in, and complete information concerning the test and the method of appointment, can be secured by writing to the supervisor of census for the supervisor's district in which the applicant lives. All applications, properly filled-in must be filed with the supervisors not later than January 25th as any received after that date cannot be considered.

### To the Public.

I desire to thank the public for their very generous share of business accorded me during the year 1909, and to assure one and all that your patronage is appreciated. I trust that each and all may have a happy new year and a prosperous year during 1910. I solicit a continuance of your business favors for the new year, promising prompt and courteous attention, and, as before, the best goods in my line for the least money. Just remember to think of Evers when you think of harness, saddles or anything else in the leather line.

LEWIS, Salesman.

Silas Mayo.

Silas Mayo asks The Standard to say to the people of McCulloch County that he would appreciate their votes and support for the office of sheriff and tax collector. He will abide the result of the Democratic primary in July. Mr. Mayo has been deputy sheriff under Sheriff Sansom since that gentleman was first elected three years ago, and he has made a good officer. Not only in the field, catching criminals, but also in the office work has he showed his ability, and all who have had occasion to do business with the sheriff's office know that Mr. Mayo understands fully the duties pertaining to this important office. He pledges his best efforts to make as good a sheriff as the county has ever had if elected, and his friends have ample confidence in his ability. Your most careful consideration of his claims is asked.

Probably the greatest coffee substi-  
tute yet produced is that now known  
to grocers everywhere as Dr. Shoop's

third farther than all others, and be-  
sides it is "made in a minute." No  
20 to 30 minutes tedious boiling is at  
all necessary. Pure toasted grains,  
malt, nuts, etc., have been so cleverly  
blended as to give a wonderfully sat-  
isfying, true genuine coffee flavor and  
taste. And not a grain of real coffee  
is used. 100 cups, 25c. Sold by all

### NEWS AT COURTHOUSE

Items of Interest to the General Public  
Gathered at the Temple of Justice  
For Busy Readers.

Matters have been rather  
quiet about the courthouse this  
week, with the possible excep-  
tion of the Sheriff and Tax Col-  
lector's office, the force in that  
office being kept on the jump is-  
suing tax receipts and the rush  
will last, most likely to the first  
of February, after which time  
the ten per cent penalty becomes  
effective on all unpaid taxes and  
poll tax payers are disfranchis-  
ed.

#### County Court.

The January term of the coun-  
ty court convenes next Monday  
morning, Judge Harvey Walker  
presiding. The civil docket is  
rather lengthy this term, but the  
criminal docket is unusually light.  
The following jurors have  
been summoned for the first and  
second weeks:

#### FIRST WEEK

Jim Owens, W. R. Yates,  
Josh Epps, J. D. Milbourn,  
Kid Jeffries, J. P. Williamson,  
Jas. Finlay, S. M. Young,  
A. R. Clardy, Geo. Faught,  
R. L. Burns, T. J. Whitlock,  
S. W. Esdy, Carl Johnson.

#### SECOND WEEK

F. M. Bradley, G. B. Awalt,  
Tom Allen, T. L. Bodenhammer,  
Geo. McLean, E. E. Mitchell,  
Clint Ward, D. A. Webb,  
C. O. Johnson, W. H. Floyd,  
W. H. Seymour, C. P. Gray,  
P. C. Dutton, R. E. Scales.

#### Justice's Court.

In Judge E. P. Lea's court  
very little business was transac-  
ted this week, only a few minor  
civil cases coming up for atten-  
tion. Last Friday morning the  
preliminary hearing of Jim  
Smith, charged with the killing  
of Jim Desmuke on Christmas  
night came up before Judge Lea  
and after hearing the evidence in  
the case, Smith was granted  
bail in the sum of \$1,000,  
which, up to Tuesday night had  
not been made. Both parties in  
the case were negroes.

#### Marriage Licenses.

Marriage licenses were issued  
this week to the following par-  
ties: Roe Evans and Miss Callie  
Moody.

#### John B. Kerr.

Through oversight we failed to  
mention last week the candidacy  
of John B. Kerr for sheriff and  
tax collector, although Mr. Kerr  
was the first to authorize us to  
announce him for that office.  
Mr. Kerr has been a resident of  
this section for the past 27 years,  
and has served repeatedly as de-  
puty sheriff of Mason and Men-  
ard counties. He feels that he  
understands thoroughly the  
duties incumbent upon the sheriff  
and tax collector, and he assures  
the public that if elected he will  
do his best to fill the office with  
credit alike to himself and his  
constituents. He respectfully  
solicits your vote and support,  
and announces subject to the ac-  
tion of the Democratic primary  
in July.

#### Snow Last Night.

Snow is getting to be too com-  
mon to mention, but we must  
say that the snow fall last night  
was one of the prettiest and  
heaviest, while it lasted, that we  
have ever seen. There was  
about one inch on a level, and the  
weather this morning is bright  
and the sun shining.

Dr. and Mrs. A. S. Holley and  
little daughter, Lois, returned  
Monday from a Christmas vis-  
it to Houston, reporting a most  
elegant trip.

Mrs. J. L. Jordan and daugh-  
ter, Miss Vivian, returned Mon-  
day after spending the holidays  
with relatives and friends in Ft.  
Worth and Waxahachie.

#### THE FARMER AND THE STORK.

A farmer placed nets on his newly  
sown plow lands and caught a quan-  
tity of cranes which came to pick  
up his seed. With them he trapped  
a stork, also. The stork, having his  
leg fractured by the net, earnestly  
besought the farmer to spare his life.  
"Pray, spare me, master," he said,  
"and let me go free. My broken  
limb should excite your pity. Be-  
sides, I am no crane. I am a stork,  
a bird of excellent character—aye,  
one of renown. For was I not hon-  
ored once by a special message from  
Theodore?"

"Pooh, pooh!" said the farmer.  
"Your own words convict you. I am  
a Democrat. Moreover, if legend be  
true, you have visited this place too  
often, for I have ten children. Get  
ready for the ax."

And he slew the bird.  
Moral—It's a wise stork that  
knows when he has worn out his  
welcome.

#### Will Stock Ranch.

"I am ready to settle down to business now and get in the ranching game to the limit," said Paul Willoughby, one of the Willoughby Bros., who purchased the Murchison & Silliman ranch in Schleicher county several weeks ago.

"We are to take charge right away," continued Mr. Willoughby, whose home is in Brady. "We are rather old hands in the ranching business and expect to get things ship shape from the first."

"We will likely add more cattle, in fact, a large amount, within a short time, and be prepared to do things up in style. We may erect a large ranch house out there, a splendid residence that we may entertain friends."—Brownwood (29) Bulletin.

C. W. RAMSAY,

P. P. Phillips is in from London, Kimble county, where he has been for the past two weeks painting and decorating the ranch home of John E. White. He will go back next week to do a similar job for the Wheelless ranch. Mr. Phillips reports fine hunting and fishing down there.

—Have you a weak throat? If so, you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another and the last is always harder to cure. If you will take Chamberlain's Cough Remedy at the outset you will be saved much trouble. Sold by Jones Drug Co.

C. J. Nelin, one of McCulloch's best Swede farmers, made The Standard a pleasant call Saturday, reporting nearly everyone in his section taking a holiday just now but almost ready to go to farming. Mr. Nelin says there will be a heavy acreage in oats this year. Much land was sowed to winter oats and they are doing fine, and within a few weeks the spring oats will be put in the ground. Indications all point to a heavy crop of small grain this summer.

"Where is Dr. Cook?" Gone back to the north pole to get that Keen Kutter hatchet which Peary bought at Satterwhite & Martin's, of course.

Miss Patty Richardson returned home to Denton Thursday after spending the holidays with her brother and family. S. M. Richardson.

Chamberlain's Cough Remedy is not a common, every-day cough mixture. It is a meritorious remedy for all the troublesome and dangerous complications resulting from cold in the head, throat, chest or lungs. Sold by Jones Drug Co.

Louis Baker and Will Davidson are the proud possessors of new Model 38 Overland "Scout" autos purchased the past week of the Carey Auto Co., of Brownwood. Dyke Ward, formerly with the Brady Auto Co., is representing the Brownwood company here.

Mr. and Mrs. Joe Horn left last Thursday for their home at Clarendon after spending the holidays with the family of John E. Cooke. Mr. Horn arrived in Brady during the recent cold weather, and was surprised to find it as cold here as it was, saying that it had been very little colder in Donley county. The big reports of a bad blizzard up in that country were greatly exaggerated, he said, and cattle interests had not suffered to any extent. Mr. Horn is a cowboy and ought to know.

## MAKING PLANS

THE beginning of the year is always the time to look backward and forward—backward at what has been done; forward at what we intend to do. If you are laying plans, be sure that they include a good bank account. With a comfortable sum in our bank, 1910 will offer more opportunities than any previous year. If you have never had an account with us get started with the new year and let us help you as we are helping hundreds of your neighbors and friends. One dollar is enough to make the start.

WE KNOW YOUR WANTS and WANT YOUR BUSINESS.

## OPEN ABOUT JAN. 15

First State Bank and Trust Company Will Be Ready for Business About the Above Stated Date.

The work of remodeling the Marsden building on the southeast corner of the public square in which the new First State Bank and Trust Company will be located will be completed in a few days and officers of that institution stated to a Standard reporter Monday that the new bank would be ready for business about the 15th of the month. The management had fully expected to be ready for business by January 1st, but on account of some of the material to be used in remodeling the building failing to arrive it was impossible to do so. This material came in a few days ago and is being put in place as rapidly as possible. The entire front of the lower floor has been removed and a plate glass front put in and two large windows have been put in on the south side of the building.

The big vault arrived several days ago and has been put in place and a portion of the furniture and fixtures have also been received and the balance of it is expected by the last of the week.

The bank will have a capital stock of \$50,000 and will be operated under the assessment plan of the State Bank Guaranty law. W. N. White is the president and S. S. Graham, cashier, and these two gentlemen, with Hon. James Callan, of Menardville, D. C. Randals, of Waldrip, and J. S. Wall, of Brady, compose the board of directors.

### W. G. Joyce.

W. G. Joyce announces in this issue as a candidate for the office of Tax Assessor of McCulloch County, subject to the action of the Democratic primary.

Mr. Joyce is a native Texas product, reared on a farm in northeast Texas, where plowing was done with one horse to a single stock. He battled with adversities till he obtained education enough to enter the profession of teaching which he followed in connection with farming for a number of years and is now a diversified farmer near Brady. He also has a fair knowledge of the duties of the office, having served as deputy in that capacity for two years. He asks the voters of McCulloch County to investigate his record of citizenship and qualification to fill the office and if found worthy heartily solicits your support and promises, if elected, to put forth his best efforts to make the best public servant possible.

Little Misses Nautie May and Inez Day entertained their little lady friends with a new year's party last Saturday afternoon. The time was happily spent in playing various games and refreshments of chocolate and cake were served.

### John Rainbolt.

That good citizen, John Rainbolt, announces this week as a candidate for the office of County Treasurer, subject to the democratic primary in July. Mr. Rainbolt was raised in this section of the state and has been one of Brady's leading men for the past ten years. He has never held a county office nor asked for political favors before, and is led into this race by the solicitations

In this issue appears the announcement of J. F. Quicksall for the office of tax assessor of McCulloch county, subject to the democratic primaries, July 1910. Mr. Quicksall is the present assessor by appointment, and the efficient and impartial work done proves that the commissioners court made no mistake in selecting him. He asks election on his ability to do the work correctly and fairly. His motto—"Equal and exact justice in taxation." He has lived in this county nineteen years, and is one of our best citizens, and respectfully solicits your vote and influence.

### Prolongs His Stay.

Dr. J. Harvey Moore, the Eye, Ear, Nose, and Throat Specialist of San Antonio, will remain in Brady until next Tuesday, Jan. 11th.

On account of the great amount of work he has on hand and because some of his patients require his attention longer, Dr. J. Harvey Moore will remain until next Tuesday. This will give those who have not consulted him a chance to see him. He has treated quite a number of cases and has operated on some of our leading citizens. His office is at Shropshire's Drug Store. He makes a free examination and will not treat you unless he is sure he can effect a cure.

### Buggy Bargains.

To start off the new year I am making the following offer:

To the first two parties calling at my store after reading this ad I will sell a good buggy, with guaranteed all-hickory wheels, quarter-leather top, etc., for \$55—CASH. I want to make 1910 a big year and this is to start it off right.

Mr. Rainbolt has been "working for nothing and boarding himself" for the past four years as city alderman, having been elected to that position by his friends when the town was first incorporated, and being returned to the office the second time in a similar manner. He has ever been alive to the best interests of Brady and McCulloch county, and if elected to the position of county treasurer will, we feel sure, give satisfaction. He asks for your support and your vote.

### A. G. Walker.

A. G. Walker's name as candidate for County Judge of McCulloch county, appears in the announcement column of this issue. Mr. Walker's ability as a lawyer is well known to the Texas bar and the judges of the higher courts, as is manifest by his appearance, both in person and by briefs, in the Superior Courts of the State. He has been practicing law in the state for over thirty years. Many old citizens of this and adjoining counties knew him when he lived in Lampasas from 1875 to 1890, and are ready to vouch for his honesty and integrity. He desires the voters to consider his claims as being competent to serve them as County Judge.

### POSTOFFICE RECEIPTS

A Most Creditable Showing is Made by the Local Office in the Past Nine Months.

Along with the many other evidences of the growth and prosperity of Brady and McCulloch county might be noted the increase in the volume of business transacted by the local postoffice during the first nine months of the fiscal year which ends March 31, 1910. Postoffices throughout the country are rated by the postoffice department at Washington by the amount of business transacted by them and this is the only basis for promotion to an office of a higher class. For the postal year ending on March 31, 1909, the receipts of the local office only lacked \$421.22 of reaching a total of \$8000, the amount necessary for promotion to the second class, the receipts for the year totaling \$7578.78.

By a comparison of the receipts for the first three quarters ending December 31, 1908, with the first three of 1909 it will be seen that the increase has been \$2087.20, a gain of nearly thirty-five per cent. Figuring that the last three months of this year will show the same per cent of increase as the first nine months of 1909 showed over the like period of 1908—and it's not unreasonable—the receipts of the office will total more than \$10,000, which will not only make it an office of the second class, but will place the city in line for free city delivery.

The exact figures might be of general interest locally and they are given below:

QUARTER ENDING	1908	1909
June 30	\$1279.85	\$1725.02
Sept. 30	1726.10	2237.11
Dec. 31	2100.26	3231.28

TOTAL \$5106.21 \$7193.41  
The receipts for the quarter ending March 31, 1909, were \$2,472.57, and if the coming three months of 1910 are equal to the like period of 1909—and it's reasonable to suppose that they will be at least twenty per cent more—the receipts for the year ending March 31 will total \$9665.98, or \$1665.98 more than the

### Difficult Breathing

"I could not lie on either side, my heart fluttered and I was so weak I could scarcely walk. Dr. Miles' Heart Remedy did wonders for me. I can sleep, eat, and do more work than I have in ten years."  
AGNES LEWIS, Lawrence, Kans.  
Short, quick breath—when going up stairs, singing, or when you are angry or excited means that your heart action is weak.

Dr. Miles' Heart Remedy is a safe, sure remedy for these symptoms. It strengthens and builds up the weakened nerves and muscles.  
The first bottle will benefit; if not, our druggist will return your money.

amount necessary for promotion to the second class.

Probably the biggest showing of any month over the same month of the preceding year is for December 1909. The receipts for December 1908 were \$709.88, while for the month just closed they totaled \$1546.65, an increase of considerably more than 100 per cent.

From these figures it is very easy to see that the local postmaster has been operating a second class office on a salary for an office of the third class, but with the most excellent showing made thus far, it is not unreasonable to suppose that within the next few months the Brady postoffice will become a star of sufficient magnitude in the U. S. postal constellation to attract the attention of those in authority at Washington and cause them to give us the better facilities to which we will be entitled.

If your stomach, heart or kidneys are weak, try at least a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the stomach, nor stimulate the heart or kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity falter. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by Central Drug Store.

#### The Majestic Opens.

The Majestic Theater opened Monday night as per announcement, regardless of the weather and the fact that the interior arrangements of the house were not completed. Good motion pictures were shown and the vaudeville was also first-class.

Opera chairs have been ordered for this theater but have not yet arrived; neither has the special scenery, but regardless of this fact the house has been made attractive and comfortable, and good houses greeted the opening bill Monday night. Tuesday night the weather was fierce, but the attendance was satisfactory and the show was good.

Tonight and the balance of the week RePass & Wells, the 'Rah, 'Rah Boys, will be the feature. North side square, next to Standard office.

#### New General Manager.

A. M. Martin, of Bisbee, Arizona, arrived in the city Monday to take charge of the Brady Water & Light Company's business as general manager. Mr. Martin will have entire supervision over the affairs of the company, and comes highly recommended as a man of wide experience in problems that beset the life of water and light plants, and the officers of the plant feel that they have placed their plant in capable hands.

The plant will be greatly improved. In fact, the term "re-built" might be used in connection with the contemplated improvements. The water service will be greatly extended, and improvements in the light plant now in contemplation include an all-day current for supplying power for our various manufacturing industries, run fans, etc.

The first work will have to do with the new deep well now being sunk. This work is progressing as fast as possible. The well is 14-inches in diameter, and the contractor will go down till he gets good water and plenty of it. New pumping machinery will be installed, and a big bunch of money spent under the power house in other items.

Mr. Martin will get right in the harness immediately and will soon have things humming. He will be a permanent fixture in Brady and will bring on his family as soon as he can provide a residence for them. He recently bought some lots in the Crothers & White addition, and may erect a modern home in the near future. The Standard extends a warm welcome to Mr. Martin and family.

#### A Traveling Salesman

After using one bottle of Foley's Kidney Pills I have been entirely relieved, and cheerfully recommend them to all." Foley's Kidney Pills are healing and antiseptic and will restore health and strength. Sold by Jones Drug Co.

SYNDICATE BUILDING ON RIGHT, DAMAGED IN LAST NIGHT'S FIRE.

## LAST NIGHT'S BLAZE

A Serious Fire in Syndicate Building is Narrowly Averted by Efficient Work of Firemen.

Fire was discovered last night at 10:25 o'clock in Weeks' restaurant in the Syndicate building, on the southeast corner of the square, which resulted in a loss of several hundred dollars to the building and the different stocks of goods contained therein. The blaze was discovered and the alarm given by members of the Standard force, who had been at work at the office and were returning home for the night, and had it not been discovered in its incipency a most disastrous conflagration could have hardly been averted.

Excellent work was done by the firemen and citizens, handicapped, as they were, by the dense smoke, one young man—Jack Frazier—being overcome by the smoke and was unconscious for several minutes.

The building is a very large one—80x200 feet—two stories in height, the lower floor being occupied by Anderson & Moffatt, grocers; Weeks' restaurant, Bourland Music Co., the Smokehouse pool and billiard hall and the Walker-Smith wholesale grocery. The upper story of the building is used for offices and quite a number of persons have sleeping apartments there, but very little damage was done on this floor.

Anderson & Moffatt probably sustained the heaviest loss. They had just received a shipment of three cars of flour and this was badly damaged by water. Mr. Moffatt said this morning that he could place no estimate on the loss of his firm for several days yet, but that it would be rather heavy. The loss is fully covered by insurance.

In the Weeks' restaurant, where the blaze started, the loss is estimated at \$100 to \$500, and a policy of \$750 was carried on the stock and fixtures.

The Bourland Music Co. occupies space adjoining the restaurant on the east, with a stock musical instruments and had a number of fine pianos and organs on hand, but sustained no loss whatever.

The stocks of the pool hall and the Walker-Smith wholesale grocery, who occupied the last two buildings on the east, were only slightly damaged by water. Both are fully covered by insurance.

The building is owned by a local company composed of W. D. Crothers, G. R. White, F. M. Newman, A. Ogden, C. C. Bumgardner and Dr. J. G. McCall and is valued at about \$75,000. Mr. Bumgardner stated this morning that he could not estimate the damage to the building, but that he thought that \$400 would cover the loss. Insurance to the amount of \$10,000 is carried on the building.

The Standard \$1 per year.

### WALDRIP WARBLINGS.

Waldrip, Texas, Jan. 1, 1910.

Editor Standard:

Once more it is "Happy New Year" all around, and to wish any one a repetition of last year's joys and successes seems enough, but in a country so full of opportunity as this one, the happiness and prosperity each year always exceeds the last one. We have the most promising outlook for success this year that I have ever been permitted to see. A large acreage in small grain in fine condition. Stock in splendid shape, much ground broken for the new crop and such a wealth of moisture in the ground, and the health of the community good, what more could we ask?

Christmas passed off quietly and every one has settled down to work or moving.

Henry Metcalfe will occupy the Bratton place this year.

Lewis Hickey has moved to his new home just purchased from W. T. Stacy.

Sam Glascock has leased one half the Kellett place and moved there.

Bob Rabae has moved on Mrs. Hay's place.

So much changing I can not give the whole list.

Mr. and Mrs. Jno. Lowe have returned to their home at Madge after a pleasant visit here with relatives and friends.

A big show in town tonight and everybody attended. All report a fine time.

School will begin afresh next Monday.

Most everyone is at home again after spending the holidays elsewhere.

PROGRESS.

Voca, Texas, Jan. 3, 1910.

Editor Standard:  
The old year with its joys and sorrows is now in the past, and the new year 1910 is upon us. I wish for the Standard and its many readers a prosperous New Year.

The industrious farmers of this prosperous community are preparing the soil for a bountiful harvest which they are sure to reap. The small grain crop is doing well.

J. B. Sessom and family returned Sunday from a trip to Field Creek, Llano county, where they went to spend several days with Mrs. Sessom's mother.

D. F. Somers, of Oklahoma, who was here last spring, has again returned and will make this his home.

D. H. Henderson has just completed a large reservoir to store the water from his flowing well from which he expects to irrigate several acres of land.

When this part of the country secures a few more flowing wells she will blossom as the rose.

The high price of hogs the past season is causing several of our citizens to build hog pastures. Walter Mill-sap, Roy Armor and Frank Crisman are all putting up wire netting.

### Harvey Walker.

In the proper column this week appears the name of Judge Harvey Walker as a candidate for re-election to the office of county judge. Judge Walker is too well known to need any introduction at our hands. He is serving his first term as county judge, and everyone familiar with court records knows that he has "made good." Judge Walker was formerly a newspaper man in Mercury and later in Brady, but the fact that he was elected to office shows that the people of McCulloch county have forgiven him for that and hold him in high estimation. He is a man who gives deep study to his calling and is fully alive to the honor and dignity of his position, at the same time showing the humblest of his constituents the same courtesy, fairness and impartiality that the rich man receives. Judge Walker has made a good officer, and the county judgeship will be in safe hands if gain entrusted to him. He respectfully asks your consideration of his candidacy, your vote and your support.

Best for coughs and colds is Kennedy's Laxative Cough Syrup. It moves the bowels freely yet gently and thereby drives the cold from the system. It stops the cough. Children like it—pleasant to take. Sold by Central Drug Store.

## That Lame Back Means Kidney Disease

And to Relieve the Lame and Aching Back, You Must First Relieve the Kidneys

There is no question about that at all—for the lame and aching back is caused by a diseased condition of the kidneys and bladder. It is only common sense, any way—that you must cure a condition by removing the cause of the condition. And lame and aching back are not by any means the only symptoms of derangement of the kidneys and bladder. There are a multitude of well-known and unmistakable indications of a more or less dangerous condition. Some of these are, for instance: Extreme and unnatural lassitude and weariness, nervous irritability, heart irregularity, "nerves on edge," sleeplessness and inability to secure rest, scalding sensation and sediment in the urine, inflammation of the bladder and passages, etc.

DeWitt's Kidney and Bladder Pills are an exceptionally meritorious remedy for any and all affections or diseased conditions of these organs. These Pills operate directly and promptly—and their beneficial results are at once felt. They regulate, purify, and effectually heal and restore the kidneys, bladder and liver, to perfect and healthy condition—even in some of the most advanced cases.

E. C. DeWitt & Co., Chicago, Ill., want every man and woman who have the least suspicion that they are afflicted with kidney and bladder diseases to at once write them, and a trial box of these Pills will be sent free by return.

For Sale by Central Drug Store.

## THE NEW YEAR.

The New Year 1910 is here and the good old year 1909, with all its possibilities, its seasons of joy and its hours of sorrow, has passed into history. The old year will be a memorable one in history, made so by notable discoveries in the scientific world, for it was in this good year, after long years of effort, that the North Pole was reached. This event alone, without mentioning the other advances made, is enough to give the year just closed a prominence not to be overlooked in the history of the world.

Locally the old year has been a good one. It's true that the crops of this country were not up to the usual standard, but, when compared with other parts of Texas, our people have cause for congratulations. We only raised about half a crop of cotton, but on account of the advanced prices of the product our farmers, as a rule, made more clear money than they did in former years, with bumper crops.

In the local business world only one charge was made on the first of the new year—the United States Express Co., succeeding the Wells Fargo—indicating prosperity and contentment among the business people.

The advent of the new year was welcomed by the younger population of Brady in the customary noisy manner, calling in to use all the noise-making implements at their command and the din was kept up for several hours.

New Year's Day was not generally observed in the business section of the city, the two national banks and the postoffice being the only institutions observing the holiday.

Of course, the usual number of good resolutions were made, but that is natural, and here's hoping that you will be able to keep the good ones and that no bad ones were made. May misfortune follow you through 1910, but ne'er o'er take you.

### A GREATER Brady for 1910.

A BROOM factory would look good in Brady's list of 1910 industrial acquisitions.

THIS weather is fine for ducks. It is also fine for farming interests. Get ready for a bumper crop—it's coming.

FIFTY new pupils at school Monday! Come on with the school bonds and let's have a new ward building.

THE season for sowing spring oats will soon be on us. Plant oats! There never was a better outlook for small grain in McCulloch county.

BULLY, bustling, building Brady added many new enterprises to her list during 1909. Many more should be added in 1910. Brady can have almost anything she wants, so let us all get busy.

THAT flouring mill! Let's have it. We need it and can get it by going after it. There is always outside capital looking for such industrial investments. We can find it and locate it by using a little diligence.

Our good friend, W. A. Johnson, editor of the Hall County Herald, has announced his candidacy for the office of state senator from the Panhandle district. There is no better congressional timber in the state than Johnson. He is big in mind and body, and would make a valuable man in the senate and we hope to see him elected. Mr. Johnson is at present president of the State Press Association, and is widely known among newspaper men all over the state.

### W. J. Gault.

W. J. Gault, of Placid, this county, authorizes The Standard to announce him as a candidate for the newly created office of County Superintendent of Public Instruction, subject to the democratic primary. Mr. Gault has been a citizen of McCulloch county for twenty years, and for ten years of that time has been actively engaged as a teacher in the public schools of the county. He is a graduate of Howard Payne College, of Brownwood, and stands high as a citizen and a school teacher. He asks your support at the polls, promising a strict attention to the duties of the office if so honored.

### Change in Schedule.

The time of arrival and departure of the Frisco passenger train between Brownwood and Brady was changed Sunday, the morning train arriving fifteen minutes earlier and the afternoon train leaving thirty minutes later. The morning train now arrives in Brady at 11:30 and the afternoon train departs at 4:30.

It was currently reported here the past week that a through sleeper was to be put on from Fort Worth to Brady, but inquiries at the local station yesterday elicited the information that if such change was contemplated no such notice had been given out by the officials.

The Breckenridge Coal Oil Burner burns coal oil and generates a gas which is consumed and heats the stove. It is safe, and cheap. See A. B. Walker at Graham's store.

Jim Stone is figuring on putting up a stone or brick business house on the lot adjoining The Standard office on the west. This is a splendid lot and we would be glad to see it occupied.

## Get Well First

Don't risk even a penny—until health first returns.

And I mean just exactly that. I am the one physician who says to the sick "I will not of my own pocket, pay for your medicine if it fails to bring you help." And for 20 years Dr. Shoop's medicines have been used and recommended in every city and hamlet in America. They are positively standard in every community—and everywhere. Then why pay the cash, and at your risk, for other untried and uncertain medicines? Thousands upon thousands have in the past successfully used Dr. Shoop's Restorative. When the stomach nerves, or the heart or kidney nerves fail, these sick ones know how quickly Dr. Shoop's Restorative will bring them back to health again. But best of all, they positively take no money risk whatever. They know that when health fails to return, Dr. Shoop will himself gladly pay the drug cost for that that lost a full 30 day treatment is freely granted. But write me first for an order.

This will save delay and disappointment. All druggists sell Dr. Shoop's Restorative and Dr. Shoop's Rheumatic Remedy, but all are not authorized to give the 30 day test. So drop me a line please—for I have appointed an honest and responsible drug-gist in almost every community, to issue my "no money back" medicine to those who are not well. Besides you are perfectly free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my personal advice plan. My best efforts are yours. Write now, while you have it fresh in mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.

## EASY TO ENUMERATE

Applicants for Positions of Census Enumerators Not Required to Pass Rigid Examinations.

Nat M. Washer, of San Antonio, has been appointed Census Supervisor for this district, the 14th Congressional, and the following will be of interest to those expecting to make application to him for places as enumerators:

Washington, December 27.—Any person of good judgment, who has received an ordinary common school education, can readily and easily pass the test to be given applicants for census enumerators' places on Saturday, February 5th, the date finally set by U. S. Census Director Durand, according to an announcement from the Census Bureau today. This will be a comforting assurance to the several hundred thousand who are believed to be contemplating application for the places.

It was emphatically stated at the bureau that the test will be an eminently reasonable and practical one, similar to that applied to applicants at the Twelfth Census. It will consist of filling out a sample schedule of population from a description, in narrative form, of typical families; and, in the case of enumerators whose work will be in the rural districts, they will be called upon to fill out an additional sample schedule of agriculture, from information furnished by the Census Bureau.

All persons, whether women or men, who may desire to become census enumerators must be citizens of the United States; residents of the supervisor's district for which they wish to be appointed; must be not less than 18 nor more than 70 years of age; must be physically able to do the work; must be trustworthy, honest and of good habits; must have at least an ordinary education and must be able to write plainly and with reasonable rapidity.

Those who can comply with these requirements are invited to put in their applications, as there will be at least 68,000 enumerators' places to be filled by the middle of March in preparation for the enumeration beginning April 15th.

Application forms, with full instructions for filling in, and complete information concerning the test and the method of appointment, can be secured by writing to the supervisor of census for the supervisor's district in which the applicant lives. All applications, properly filled in, must be filed with the supervisors not later than January 25th as any received after that date cannot be considered.

### To the Public.

I desire to thank the public for their very generous share of business accorded me during the year 1909, and to assure one and all that your patronage is appreciated. I trust that each and all may have a happy new year and a prosperous year during 1910. I solicit a continuance of your business favors for the new year, promising prompt and courteous attention, and, as before, the best goods in my line for the least money. Just remember to think of Evers when you think of harness, saddles or anything else in the leather line.

Respectfully,

### NEWS AT COURTHOUSE

Items of Interest to the General Public  
Gathered at the Temple of Justice  
For Busy Readers.

Matters have been rather quiet about the courthouse this week, with the possible exception of the Sheriff and Tax Collector's office, the force in that office being kept on the jump issuing tax receipts and the rush will last, most likely to the first of February, after which time the ten per cent penalty becomes effective on all unpaid taxes and poll tax payers are disfranchised.

#### County Court.

The January term of the county court convenes next Monday morning, Judge Harvey Walker presiding. The civil docket is rather lengthy this term, but the criminal docket is unusually light. The following jurors have been summoned for the first and second weeks:

#### FIRST WEEK

Jim Owens,	W. R. Yates,
Josh Epps,	J. D. Milbourn,
Kid Jeffries,	J. P. Williamson,
Jas. Finlay,	S. M. Young,
A. R. Clardy,	Geo. Faught,
R. L. Burns,	T. J. Whitlock,
S. W. Esdy,	Carl Johnson,

#### SECOND WEEK

F. M. Bradley,	G. B. Awalt,
Tom Allen,	T. L. Bodenhammer,
Geo. McLean,	E. E. Mitchell,
Clint Ward,	D. A. Webb,
C. O. Johnson,	W. H. Floyd,
W. H. Seymour,	C. P. Gray,
P. C. Dutton,	R. E. Scales,

#### Justice's Court.

In Judge E. P. Lea's court very little business was transacted this week, only a few minor civil cases coming up for attention. Last Friday morning the preliminary hearing of Jim Smith, charged with the killing of Jim Desmuke on Christmas night came up before Judge Lea and after hearing the evidence in the case, Smith was granted bail in the sum of \$1,000, which, up to Tuesday night had not been made. Both parties in the case were negroes.

#### Marriage Licenses.

Marriage licenses were issued this week to the following parties: Roe Evans and Miss Callie Moody.

#### John B. Kerr.

Through oversight we failed to mention last week the candidacy of John B. Kerr for sheriff and tax collector, although Mr. Kerr was the first to authorize us to announce him for that office. Mr. Kerr has been a resident of this section for the past 27 years, and has served repeatedly as deputy sheriff of Mason and Menard counties. He feels that he understands thoroughly the duties incumbent upon the sheriff and tax collector, and he assures the public that if elected he will do his best to fill the office with credit alike to himself and his constituents. He respectfully solicits your vote and support, and announces subject to the action of the Democratic primary in July.

#### Snow Last Night.

Snow is getting to be too common to mention, but we must say that the snow fall last night was one of the prettiest and heaviest, while it lasted, that we have ever seen. There was about one inch on a level, and the weather this morning is bright and the sun shining.

Dr. and Mrs. A. S. Holley and little daughter, Lois, returned Monday from a Christmas visit to Houston, reporting a most elegant trip.

Mrs. J. L. Jordan and daughter, Miss Vivian, returned Monday after spending the holidays with relatives and friends in Ft. Worth and Waxahachie.

#### Fifty Dollars to Fire Department.

Just as we go to press Anderson & Moffatt phone us to state that they have given \$50 to the fire department in recognition of the efficient work done last night.

#### THE FARMER AND THE STORK.

A farmer placed nets on his newly sown plow lands and caught a quantity of cranes which came to pick up his seed. With them he trapped a stork, also. The stork, having his leg fractured by the net, earnestly besought the farmer to spare his life. "Pray, spare me, master," he said, "and let me go free. My broken limb should excite your pity. Besides, I am no crane. I am a stork, a bird of excellent character—aye, one of renown. For was I not honored once by a special message from Theodore?"

"Poch, pooh!" said the farmer. "Your own words convict you. I am a Democrat. Moreover, if legend be true, you have visited this place too often, for I have ten children. Get ready for the ax."

And he slew the bird.  
Moral—It's a wise stork that knows when he has worn out his welcome.

Probably the greatest coffee substitute yet produced is that now known to grocers everywhere as Dr. Shoop's Health Coffee. It actually goes a third farther than all others, and besides it is "made in a minute." No 20 to 30 minutes tedious boiling is at all necessary. Pure toasted grains, malt, nuts, etc., have been so cleverly blended as to give a wonderfully satisfying, true genuine coffee flavor and taste. And not a grain of real coffee is used. 100 cups, 25c. Sold by all Grocers.

#### Will Stock Ranch.

"I am ready to settle down to business now and get in the ranching game to the limit," said Paul Willoughby, one of the Willoughby Bros., who purchased the Murchison & Silliman ranch in Schleicher county several weeks ago.

"We are to take charge right away," continued Mr. Willoughby, whose home is in Brady. "We are rather old hands in the ranching business and expect to get things ship shape from the first."

"We will likely add more cattle, in fact, a large amount, within a short time, and be prepared to do things up in style. We may erect a large ranch house out there, a splendid residence that we may entertain friends." — Brownwood (20) Bulletin.

C. J. Nelin, one of McCulloch's best Swede farmers, made The Standard a pleasant call Saturday, reporting nearly everyone in his section taking a holiday just now but almost ready to go to farming. Mr. Nelin says there will be a heavy acreage in oats this year. Much land was sowed to winter oats and they are doing fine, and within a few weeks the spring oats will be put in the ground. Indications all point to a heavy crop of small grain this summer.

The big reports of a bad blizzard up in that country were greatly exaggerated, he said, and cattle interests had not suffered to any extent. Mr. Horn is a cowman and ought to know.
