ROAD FROM THE NORTH

R. A. Love, Who Built the "Sunflower" Road, Wants to Build from Abilene Through Brady.

Brady is squarely up against another railroad proposition this week. R. A. Love has submitted a proposition to the railroad committee through its chairman, W. D. Crothers, to build a road from Abilene, through Coleman, Brady and Llano, San Antonio being the objective point. Mr. Love's proposition is that the first four towns named shall subscribe for \$750,000 worth of the bonds of the proposed road, give rightofway and depot grounds. The bonds are the 6 per cent article, 50 years, with option of redeeming same in five years. The \$750,000 thus subscribed is to be paid in installments of 15 per cent as the road is completed. San Antonio has been asked for \$400,000 on same

Mr. Love is the man who built the "Sunflower" road from Miles to Paint Rock. Just who is behind him in this later venture is not yet known here, but it may be a Santa Fe proposition, although that is simply a guess. That he built one road is a fact, and that the proposed road covers a fine territory and is one that will eventually be built by someone, is another fact.

A mass meeting was held Tuesday afternoon and Chairman Crothers was authorized to appoint a committee of five to go to Coleman today to meet with a like committee from Coleman, another from Llano and another from Abilene. This was the request made by Mr. Love, and it is expected that at this meeting the details of the proposition will be threshed out.

It is stated on good authority that Coleman has already agreed Brownwood was the scene of a to take \$200,000 of the bonds. deliberate murder last Wednes- Coleman wants the road. Llano SMASH HOG RECORDS day night when Cecil Keeble, of wants the road. Brady has got

Brady, Texas.

It is a Good One

THE work it has been called upon to perform, the service together with the satisfaction it has given has demonstrated beyond any doubt that the Case Planter is the planter for this country. About five years ago this planter was introduced into this country. At first, it was a good one and performed it's work in such a way that it established confidence, but time, experience and late improvements have added to its value until today it is the best planter that is offered on the market. We say the best, we mean it. Not one that is just as good, but better, and we want to prove it.

To invest your money in an inferior planter? Would you pay \$1.25 for a silver dollar. We think not, and we believe you should consider the purchase of a planter in the same way. The J. I. Case planter is not only worth one hundred cents on the dollar, but it is an investiment that will yield a return far in excess of the purchase price. You can't lose when you buy the Case, it will last, that is good; it will plant just like you want it to, that is better, and the best of all is that he who uses them is happy and contented.

vote for the bridge bonds.

FIFTEEN more days after today in which to pay your county and city poll tax. Get busy!

Do you want better bridges and roads? Then vote for the bridge bonds Saturday, the 15th.

UNLESS you pay your poll tax shown. by Jan. 31st you had just as well simply can't vote without a receipt.

THE San Angelo Standard suggests the organization of a Central West Texas Press Club. The suggestion is a good one, and such an organization would redound to the interests of this section of the state.

WE ARE in receipt of the "Texas Almanac" for 1910, published by the Dallas News. The book is a valuable one in many respects, but its chief value lies in the large bulk of information concerning Texas which it disseminates to the world at large. The Standard believes a better name for this annual work of The News could have been secured, but a "rose by any other name," etc.

Plans For the New Year

The Standard

Wishes all its readers a Happy New Year, trusting that 1910 will be a prosperous year for all. We are going to try and make The Standard a better paperduring 1910 than it was in 1909. In order to do this we have planned to better the news service, and our first step in that direction is taken this week by employing a local editor whose duty it will be to see that no good news item escapes us. Mr. S. M. Richardson will take this work, and with his assistance we hope to greatly improve the local features of the paper.

We Want Your Business.

We have the circulation justifying us in asking the business people of Brady for their advertising business. The Standard reaches the very people you want to reach. More than 90 per cent of our readers live in the Brady trade territory, and The Standard is the best medium you can use to reach the people.

In Job Printing

We are better equipped to handle your orders than any other print shop in this county. Our material is all of the latest design and is all brand new. Our new foreman, Mr. James Stevens, is an artist in his line of work, and we are in a position to do you the best work and make quick delivery of same. We want your business in 1910.

The Brady Standard

North Side Sq., Brady, Texas.

DIVERSIFIED FARMING

What One Small Farmer of the Great Brady Country Has Done in the Past Two Years.

The Standard, as often stated, statement compiled by one of Are you? the smallest farmers in McCulloch county so far as acreage goes, a man who "keeps books' on his operations with the same system by which all good business men retain a controlling grasp on their affairs.

This man has a small farm of 65 acres in cultivation one and one-half miles from Brady. For the past two years he has broken his land with a single disc plow, run one cultivator and had the assistance of two small boys with the hoeing.

In 1908 he planted 35 acres in cotton and sold 15,822 pounds of lint cotton. The remainder of his farm was planted in corn, oats, millet, cane, maize and kaffir corn. In 1909 his crop consisted of 37 acres of cotton from which he sold 8,599 pounds of the farm was planted to varied has been on a visit to his brother, 22nd inst. When this work has field crops, and aside from his R. M. Turner, and nephew, John been completed Locating Engifarm he has kept four good cows Munn. While there he enjoyed neer F. P. James will be transwhich have paid a good revenue a deer and turkey hunt just be- ferred with a part of his force to above home consumption; also fore the deer season closed, and East Texas. Tell Some Sick One

It Is Free If It Fails.

Will you do an act of Humanity? Tell him or her, that you have learned of a medicine so certain that its maker dare say to the sick, "It is absolutely and unconditionally free if it fails." free if it fails."

And you, no doubt, already know of Dz. Shoop's Restorative and its popularity.

For 20 years it has been the standard remedy for Stomach, Kidney and Heart aliments everywhere in America.

When the "inside" or controlling nerves of these vital organs begin to fail, it is Dr. Shoop's Restorative that has quickly vitalized, and strengthened, and brought these nerves and organs back to health again.

I do not dose the Stomach, nor stimulate

I do not dose the Stomach, nor stimulate the Heart or Kidneys—for that is all wrong.

Dr. Shoop's Restorative goes direct to the cause of these allments—the failing, faltering, inside or controlling nerves. And herein lies the keynote to my success.

When these nerves are all the state of the cause of the state of t
