Secure a Home in McCulloch County, the Land of Opportunity. Do it Now!

HOW!

THE BANKER CONSIDERS YOU

This bank is a public institution, organized to serve the people, to better the financial conditions of this community.

The banker's purpose is to further the business interests of each of his customers. To each man and woman, not a customer of the bank, the banker wants to give the benefits of his service, and invites every individual to take advantage of what he offers.

WE KNOW YOUR WANTS and WANT YOUR BUSINESS.

1300 CARS ORDERED CAPITAL IS INCREASED

Spring Shipments for Brady Promise to be Heavier than Last Season and Will Begin This Month.

Agent W. M. Handley reports about 1300 cars ordered to handle the spring shipments of cattle from the Brady country to Oklahoma pastures. The shipments will begin about the 23rd inst., and the indications now point to a heavier movement even than was had last year. This comes somewhat in the nature of a surprise to the local office as the shipment of cattle all during the year has been heavy and it was thought that a great part of the stuff had already been shipped out. With 1300 cars now ordered and others yet to come Brady bids fair to more than maintain her reputation as the largest cattle shipping point in the world for range cattle. There are now about 200 cars on hand and others will be coming constantly to fill the orders placed and to be placed.

D. M. Lawrence, principal of the Rochelle High School, was in the city Saturday and Sunday. He reports school interests in the best of shape in his little city, the enrollment now reaching 280, with a daily average attendance during February of 220. The new \$10,000 public school building will be ready for the opening of the new term next September. The Standard \$1 per year.

Brady National Bank Places Additional Capital Stock to Amount of \$25,000.

The capital stock of the Brady National Bank has been increased from \$75,000 to \$100,000, the additional \$25,000 being taken by local capitalists not already among the list of stockholders. The directors voted to increase the stock at their regular meeting on Feb. 1st, and since that time the stock was placed. So eager were the people to buy this stock that many applications had to be refused, and twice the amount involved could have been placed with ease. This speaks well for the management of this popular banking institution, showing the confidence felt by the general public in its stability.

W. H. Kay, of Abilene, assistant superintendent of insurance department of K. of P. in Texas, was here the first of the week in the interest of the order.

Mrs. Ed Hall, of Brownwood, was here the past week closing up the sale and demonstrating the use of a new Cadillac automobile sold to W. F. Roberts. Mrs. Hall was a guest of the Roberts household at the ranch near Lohn.

Mrs. Chester Hale, formerly of this city, died last week in Colorado where the family had gone for the benefit of her health.

THE question was asked us several times the past week if we had on a sale by people coming into our store and seeing the crowd of busy buyers, and also telling us that we are the busiest store in Brady. Our answer was that we did not have on a special sale, but just a nice, steady business--about all that seven clerks can attend to.

Why is it the Grand Leader enjoys the large trade from the best people in Brady and surrounding country? Our answer is:

The Grand Leader Has the Correct Merchandise

and our prices meet the approval of our trade. We don't object to competition pulling off their great hurrah sales, but just watch the Grand Leader while these great sales are supposed to be going on. We are not pitching pebbles at competition when we say we do not deal in remnants, do not handle shoddy goods. We do not advertise a single article unless we can produce the merchandise, but we want the good people of Brady and surrounding country to thoroughly understand our position. We don't sell at cost, neither do we sell at below cost, but ask you to compare Grand Leader prices with all others, quality considered, and you will understand why the long pole gets the persimmon. We are in a position to show you the largest stock of strictly spring goods in Brady. We bought no seconds, we bought no job lots or auction goods, as we don't need them in our business.

IS IT TOO EARLY?

We think not, and invite you to call, inspect and compare the many points of superiority possessed by the Standard and Case Cultivators. Can you afford to invest your money in an article that does not meet every requirement, just to save a few dollars in the first cost? The Standard cultivator has stood at the top since its first appearance and so rapidly has the CASE gained popularity that today the demand is greater than the supply. Is this a good cultivator? Material and workmanship perfect. Lightness of draft, easy of operation, performing its work in a way that is both pleasing and perfect.

THE DEMAND

For good buggies and runabouts has been steadily increasing and to meet this demand we have searched the buggy markets for the best, and do not hesitate to recommend your consideration such buggies as the Hynes, Columbus, Staver and Studebaker. They stand at the top, representing all that is good in a buggy, both as to Quality and Style. We invite a careful inspection of these lines, believing that an inspection will only add to their popularity. You can't afford to invest your money in a buggy that has no reputation, nor one that is not backed by the strongest of companies. These buggies are built by the leading makers of the day, and even the name is a guarantee of quality.

Wool Growers' Accumulative Association Brady, Texas

We beg to state that we have organized the Wool Grower's Accumulative Association of Brownwood and Brady, Texas.

We expect to get several hundred thousand pounds of wool accumulated at each of the above points to offer to our group of buyers who represent the largest woolen mills in America and one large buyer from London, England, who we have recently interested in Texas Golden fleeces.

We have begun receiving stock wool clips at Brady already, and when your consignments of wool are received at our warehouse, you then become a member of the Wool Grower's Accumulative Association. One certain day will be set apart for the sale of these large bodies of wool and any member of this association will be permitted to be present if he so desires and make his own sale, do his own figuring and receive his cash before the close of the day. If you are not present at this sale, your neighbor can tell you all the details of that wonderful wool sale day in next June, 1910.

The association charges one cent per pound for selling, storing and furnishing you with free information each month as to the future outlook and the market at that time, and advise you practical ideas as to the caring of wool growers of the world.

Gentlemen the day come that the middle man's profit is destroyed, and the large manufacturers are getting their supplies direct from the producer and that's you.

Last year was the grandest value in wool in the history of our present generation, and all the dealers in Texas realized an immense profit whereas if we had been in operation last season, all of the wool growers in this section of the Southwest would have some extra cash for the orphans. Now for you to succeed in this life of wool raising just consign all your clips to us and receive free information the year round each month by which you will know exactly how to figure all along and many errors will be avoided in your life-time of wool growing and selling.

The association has wool bags made especially for them, well made and weigh full 3 pounds each, and when you are ready we will furnish them to our members at cost.

SOCIETY NOTES

MRS. A. G. WALKER, Editor
PHONE 149

Mrs. McMullin left Monday for a visit of a week with her home friends at Fort Worth.

Miss Bernice Wolf spent from Saturday until Sunday with her friend, Miss Ora Hurlbut, at Brownwood. Miss Nita joined her there on a return trip from Galveston and Lampasas, arriving home Sunday.

Mrs. L. Ballou is expected home from an extended visit with her son and family at Midland, Texas, this week.

Mrs. Dr. Holley entertained at high noon dinner on Sunday last, Misses Gillie Macy, Addie Conner, Walker and Westmoreland.

A party of young people enjoyed a horse back ride on Saturday evening.

Miss Clara Wilhelm will return from Houston on Saturday, where she has been visiting the past two weeks. She will be the guest of her friend, Miss Addie Conner, for a few days on her return.

Miss Allie May Anderson entertained the members of the sewing club on last Saturday afternoon. Games of various kinds with a contest in which all took a lively interest were enjoyed indoors. They were then invited to the lawn for an old-fashioned childish romp. The guests were delighted with the afternoon's pleasures, as the little hostess served so graciously chocolate cake and fruits before leave taking.

The following friends were guests of Miss Ima Carroll on last Friday evening: Misses Ruby Wood, Helen Elliott, Mary Johanson, Nettie Lumorison, Leta Thurman, Iva Goodson, Estha Anderson, Wright and Myers;

Messrs Thurman Jackson, Chas. Rogers, Joe Hunter, Harry Patterson, Kirk Coleman, Willie Lyle, Edward Myers, Lee Goodson and Thurman. The evening was spent in games with an interesting contest, Miss Leta Thurman winning honors in the contest. Refreshments of cake, fruits and sweets were served by the hostess.

Sunny South Chapter, No. 717, Daughters of the Confederacy, combined its regular monthly meeting with that of Ben McCulloch Camp, No. 463, U. C. V., on last Saturday afternoon at Odd Fellows Hall. Quite an interesting program was carried out. Resolutions on the death of Col. T. H. Marsden, late member of the camp, were presented by the daughters, as well as by the camp, which resolutions, after being read and appropriate remarks by Tom Bell and Joe Adkins in behalf of Sons and Daughters, and A. G. Walker in behalf of Comrades, were unanimously adopted.

Mrs. Sam Hughes entertained Saturday evening from eight until eleven-thirty o'clock in honor of the Baptist Young People's Union. The home was beautifully decorated with spring plants. The hostess soon had her guests interested in games and contests. Interspersed with fruit nectar and nabiscos, the evening proved one of those pleasing features of church socials that keep the young members in closer unity and leads to higher development intellectually. The members present on this occasion were: Misses Mamie Doell, Maggie Drinkard, Modena Sansom, Martha Chadwick, Ninnie Westbrook, Floice King, Erna Tauch, Lucile Yantis, Jessie Bacon, Waldina Tauch, Ethel Elliott, Robnet Marion, Ima Carroll and Nettie Whitney. Messrs. Anderson, Leonard Sansom, Evans Adkins, Oscar Westbrook, Vernon Elliott, Marshal Rankin, Dock Sellers and Pierce Turman.

The Mother's Club was delightfully entertained on Friday afternoon at the home of Dr. W. C. Jones, Mesdames A. R. Crawford and Jones being the hostesses. The decorations were hot house plants, and the Club colors white and orange were displayed in artistic skill, being draped and tied in love knots in reception room and continued to dining room and punch bowl where fruit nectar was served during an exciting contest of who should be voted the Club poet. The hostesses having provided their guests score cards to write an original stanza in poetic rhyme in regard to the Mother's Club or its work. There was displayed so much ability that a ballot was taken and Mrs. Lowrey receiving the greatest number of votes was elected and presented by the hostesses with a hand painted nut bowl. A salad plate was served—nut salad, cheese straws, olives, crackers, fruit ice, nabiscos and cream chocolate. The evening shadows were lengthening as the twenty members and their guests drank a farewell toast to the health of their hostesses and future success of their Club.

The Court's Decree.

Know all men by these presents: That the good citizens of McCullough and surrounding counties are hereby given notice that they have the right and should avail themselves of the opportunity of lending their patronage to such institutions as afford the fairest treatment and where the greatest amount of courtesies are given. In consideration of the foregoing and knowing that the largest and best selected stock of Drugs, Medicines, Window glass, Wall Paper, School supplies and stationery is carried at Jones Drug Co., and that the said Jones Drug Co. are better equipped in every way for handling the business, both for cash and on time, it is hereby recommended that the people everywhere in this section give their most liberal patronage and hearty co-operation to the live and progressive firm of Jones Drug Co. The above is worthy of your careful consideration.

ELECTED VICE PRESIDENT MILLION DOLLAR INSURANCE COMPANY TUESDAY.

M. L. STALLINGS.

BRADY MAN HONORED

Prof. M. L. Stallings Elected Vice President of a Million Dollar Life Insurance Company.

Prof. M. L. Stallings, superintendent of Brady Public School, was on Tuesday elected vice president of the Amicable Life Insurance Company, which company effected organization at Waco on that date. The company will have \$500,000 capital

stock and \$500,000 surplus, and the temporary trustees reported at the meeting \$414,000 cash in the bank, which is being added to every day. The men composing this company are the very best business men and capitalists of Texas, and the organization is due to the efforts of Artemus R. Roberts, a prominent Waco citizen, who was elected president and actuary.

The selection of Mr. Stallings as one of the vice presidents of the company is quite an honor, not only to Mr. Stallings, but to

Brady and the great Brady country. Mr. Stallings is recognized all over this section of the state as a man of acute business acumen, strict integrity and educational ability. He is, furthermore, a christian gentleman and an honored citizen, and The Standard joins his numerous friends in extending congratulations in his new honors at this time. The position of vice president of the company will not in any way interfere with Prof. Stallings' duties as official head of the city's schools.

To be satisfied with your year's crop you should plant it with a Canton Riding Planter to get the results. We do not claim that there is a planter on the market that is as good as the Canton, either in strength or durability, and that is what you want. Broad Mer. Co.

Marion Deans was elected as delegate to the State Sunday School Association at Dallas by the local Christian church Sunday, with A. B. Reagan as alternate. The association meets in Dallas on March 17, continuing till the 20th.

If you want to look well on Easter and have not ordered that suit yet the next best thing to do is to bring in your last spring suit and let me clean and press it. Old clothes made to look like new. Kirk, the tailor, nuf sed.

Bridge Matters.

County Commissioners Gault and Armor, accompanied by Mayor G. V. Gansel, returned yesterday from a trip to Weatherford and Dallas where they had been to investigate the relative merits of various styles of bridges with a view to placing the order for the erection of the new bridge at Voca. The Standard goes to press too early to get the results of the investigation, the commissioners court being in session today to settle the matter finally.

BRADY, TEXAS, MARCH 10, 1910

ABOUT BROOM CORN.

The Standard has consistently preached diversification and has times without number called attention to broom corn as a profitable "side line" for the farmers of McCulloch county. Broom corn is a drought resisting plant, easily cultivated and harvested, and sells always at a fancy price. It will grow in McCulloch county and produce as fine a brush as can be grown anywhere, and the farmer who plants it and attends to its cultivation properly can be assured of a yield of from one-third of a ton to a full ton per acre, and a ready market at not less than \$100 per ton.

So thoroughly convinced are we that broom corn will be a success if taken up by our farmers that we have been casting about for a plan whereby the crop might be given a thorough trial in this locality, and we are now ready to make the following proposition:

If five farmers living within four or five miles of Brady, and if possible in the same locality, will agree to plant each ten acres of broom corn The Standard, with the assistance of certain other parties, will see that they are supplied with the best seed absolutely free of cost to them. They must plant and cultivate the crop under the direction of someone who knows how it should be done, and this man will come to Brady, talk to the farmers interested, giving them instructions as to planting and preparing the soil, and will from time to time during the growing of the crop come here and instruct them as to best methods of cultivation, harvesting, etc.

We have recently talked with a broom corn man who thoroughly understands the crop, and he assured us that if fifty acres are thus grown they will, with anything like a fair season, make

sufficient brush to justify local parties in putting in a small broom factory. This factory, on a small scale, of course, will not cost over \$200 to install, and will afford a local market for the brush. This gentleman says the seed may be planted any time from now until the 15th of April, and the crop will mature in July and can be harvested and gotten out of the way in time not to interfere with the cotton crop.

If this matter is to be taken up it is important that the five farmers get busy at once. If you are interested call on the editor of The Standard at your earliest convenience and the plan will be fully explained. It is desired that not less than fifty acres be planted in order that a complete test may be the result, and the fifty acres could be divided up among ten men with five acres each, if necessary, although the parties behind The Standard in this matter prefer five ten-acre tracts, and those tracts located as close to town as possible and on the same road or in the same neighborhood if possible. We trust that this plan will appeal to our farmer readers and that we may hear from a number of them at once. Don't delay, but let's get busy.

OVER at Ballinger last week they had a big banquet, reorganized their commercial club and raised about \$5,000 to put into the work. And they did it "right now." No foolishness about it. Brady must get busy along the same line.—Brady Standard.

Childress didn't have a banquet or re-organization of their new club. It simply got down to bed rock that something had to be done and a new club out and out was organized. There'll be a noise soon at Childress that will be heard even beyond Brady way. Just listen.—Childress Index.

Second hand furniture store. We have anything to sell. Headquarters for Singer Sewing Machine Co. One door east of Scott Grocery Co.

Dr. Z. T. Goolsby, of Mexia, was here last week and bought residence lots in the Crothers & White addition through the firm of W. T. Melton & Co. The lots adjoin Prof. Stallings' property on the south, and Dr. Goolsby will likely move to Brady and build thereon.

St. Clair's new studio is the place to get the best photo work ever turned out in Brady.

S. A. Conley left yesterday for San Antonio to meet Mrs. Conley's sister, Mrs. Dr. Geo. C. Pitzler, of Los Angeles, Cal., who is coming out for a visit.

The Rockwood Road.

Some twenty representative citizens of Brownwood attended the meeting that resulted in the appointment of a committee to contract with Col. R. A. Love for the building of the road to Rockwood. They were unanimously of the opinion that Brownwood could raise the amount of \$50,000 as a bonus, and that it would be the best investment the town could possibly make. Col. Love felt that Brownwood should do better than that and give him \$80,000, but when the matter was gone over in all its details and it was explained that \$50,000 was quite a sum for the town in view of its investment in the Brownwood North & South line he finally agreed to accept that amount. It is now up to the town to raise the money and it should be done as soon as possible and in a way to equalize the burden upon all the people. Let there be no shirkers in this matter.

This road will prove a great thing for Brownwood and will beyond all doubt give it a prestige that will be worth much more to it than the cost of the road. The building of two lines into the town at one time will attract the attention everywhere and show that we have a town here that not only does things, but that it is destined to become more than a local place with a local business.

It will put the town right close to a fine coal field that will be developed at once and will make it possible to get coal here for manufacturing purposes at a cost of from \$3.50 to \$4.00 a ton. With this advantage the town can become a great manufacturing and distributing center and will soon become such. There is no doubt whatever that there is coal in abundance and of good quality at Rockwood. The road will touch one of the finest agricultural sections of Texas and make it tributary to Brownwood and a feeder for the town.—Brownwood Bulletin.

In our furniture department we are unexcelled. We carry anything you could wish in this line. Broad Mercantile Co.

For County Attorney.

The Standard is authorized to announce E. P. Lea as a candidate for the office of county attorney of McCulloch county. Mr. Lea is a life-long democrat and his candidacy is subject to the action of the democratic primary in July.

Judge Lea is at present serving the people as justice of the peace of the Brady precinct, and in that capacity has made for himself a record for ability and strict attention to business. That he is qualified to fill the office of county attorney is borne out by a letter of strong endorsement which he bears, signed by the district judge, district attorney, four ex-county judges, the present county judge, all members of the legal fraternity, and other prominent citizens of Somerville county. This letter states that Mr. Lea practiced law in that county for nine and one-half years, seven years of that time serving as county attorney, and recommends him as a lawyer of sound and closely discriminating judgment, and an officer who always works up his cases well and goes into court in good shape. It further states that not a single charge of unfair or improper dealing was ever registered against him during all these years.

Judge Lea's motto is, "Law is the recorded will of the people. If properly enforced, rights of person and property are safe." To this motto he will closely adhere if elected to the position of county attorney, and he solicits your support on that basis.

McCulloch county has no citizen of stricter integrity than E. P. Lea, and the affairs of the county attorney's office will be in able hands if he is elected.

GUINEAS AND POUNDS

More Than the Mere Shilling Difference Between Them.

MONEY CASTE IN ENGLAND.

The Pound is Straight Business Money, but the Guinea is the Gentleman's Money—A Nice Distinction in Charges and in Payments.

"Funny thing," said the writer, who had just received a check for £2 2s. from London, "how the editor over in England paid me in guineas, not in English pounds. In fact, it would be an insult if the editor had simply paid me £2."

"They've two kinds of money over there. One kind is straight business money. An even £2 would have meant in effect that I had performed a routine job of some kind, such as compiling a table of statistics for the editor, and that I was being paid for mechanical labor."

"But the editor adds an extra shilling to every pound he pays me. This means that I am not supposed to have performed any labor at all, but to have created a work of art and submitted this work of art—otherwise literature—for art's sake."

"My check is written 'Two guineas,' and the envelope in which it is sent me is addressed 'John Smith, Esq.' This in effect is a second recognition that I have submitted a piece of literary art. Yet the figures on the check are '£2 2s.' to prevent errors in book-keeping."

"If I'd been on the staff of the periodical my salary would be paid me in pounds sterling, for then I'd be supposed to be working for pay and, according to English ideas, no longer a gentleman."

"These two kinds of money, guineas and pounds, show up in many curious ways. All professional men are paid in guineas. If you are running a big private school you make a charge in guineas for tuition, and parents of your pupils pay you in guineas because you're supposed to be merely engaging in an altruistic, philanthropic project of building brawn and brain for Britain. But you pay the teachers in your school in pounds sterling, for they're supposed to be working for pay, not for love."

"If you're a doctor you make your bills for professional services out in guineas. Barristers are paid in guineas. Horse race prizes are given in guineas for all gentlemen's races."

"The most curious mixture of all is the clergyman's pay. This is a queer mixture of commercial and professional ideas. The charge of a parish is known as a living and is paid in pounds sterling, but if a wedding or a christening takes place in the parish the clergyman receives a personal fee, always guineas instead of pounds."

"Artists are paid in guineas. The late James MacNeill Whistler, who had a delightful habit of turning a keen wit on friends and making enemies thereby, was once paid for a work of art in pounds sterling, a delicate implication that Whistler was a dauter and a tyro."

"Two trades are paid in guineas for goods purchased, but other trades are paid in pounds sterling. These trades are the interior decorator and the jeweler. The jeweler's goods are supposed to be works of art, and such commercial articles as watch chains and watches are priced in guineas. Certain swell and exclusive London tailors, to whom you have to be introduced, by the way, charge you in guineas for the coats and trousers they consent to make for you."

"Directors of companies were formerly paid in guineas for their attendance. They are now paid in pounds sterling, but when a pound sterling is in minted gold it isn't a pound sterling any more, but a sovereign."

"The idea is that directors of companies are always fed in gold, and as sovereigns only are coined now they are paid in sovereigns. The only exception is the directorate of the Bank of England. The members of the board are paid in golden guineas, part of a small store kept in the bank and dated in the early years of the last century."

"A gentleman wagers with his friends in guineas. He buys a hunter or a pony polo from a friend in guineas, but in pounds from a horse trader. But if he is buying a work horse from a friend and equal he pays in pounds sterling."

"If a gentleman wagers with a bookmaker at a race track he posts his bet in pounds. If he tries to break the bank at Monte Carlo he puts up his wagers on the roulette wheel in gold twenty franc pieces and speaks of his winnings or losses in pounds sterling, while he mentions his winnings or losses at bridge, paid in gold, in guineas."

"There are hundreds of delicate distinctions in British etiquette in the matter of money. One of the most curious is that of a certain London club where the members receive their change in gold, silver and penny postage stamps, neither paper money nor copper being given, and gentlemen are not supposed to know any money except coined gold and silver.—New York Sun.

News Notes of Interest From Our Country Correspondents

East Rochelle News.

East Rochelle, Texas, Mar. 3.
Editor Brady Standard:

As it has been some time since I gave any news from this part of the world, I will try to tell a few things that has transpired lately.

The health of the community is not very good at present, some sickness, colds and la grippe in nearly every family and some very severe.

Mrs. McVeigh is at this writing very dangerously ill at the home of her mother, Mrs. Cates, near Rochelle and while she seems very low still we hope she will soon recover and be herself once more.

Corn planting will be the order of the day now for a while but it is so dry it is feared that it will not come up. We sure do need rain to wet the top of the ground to melt the clods, then people could plant with some satisfaction, still we have not given up but are in hopes we will yet get rain in time to bring up the crop.

Mrs. Frank Wicker and children spent Saturday night and Sunday at the home of her parents, Mr. and Mrs. J. P. Waddill.

J. C. Rogers, wife and little daughter, Miss Annie, visited at the home of their son Will Rogers, Saturday and Sunday.

Grandpa and Grandma Logan have been visiting their daughters, Messdames Tom Rogers and Henry Long for several days.

Several children around and in Rochelle are reported to have the chicken pox, but hope it will not scatter sufficiently to interfere materially with the school as it is getting along nicely and all the rooms seem to be doing good work.

Miss Lora Wicker visited friends at Rochelle this week and returned home Sunday.

G. W. Young has been quite sick but is convalescent at the present time.

Mrs. G. W. Anderson visited in Hall Valley last week among relatives and friends.

Miss Kittie Ranne, who is teaching the Round Mountain school, spent Saturday and Sunday with home folks.

Bro. Ross filled his regular appointment here Sunday and Sunday night to a full congregation.

As news is scarce, I will ring off for this time, with best wishes to The Standard and its many readers.

AUNT HESTER.

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle aid and curative properties. Sold by Jones Drug Co.

Rev. Mercer G. Johnston will be here Sunday, March 13, in the interest of West Texas Military Academy, of San Antonio. He will conduct morning and evening services at the Episcopal church. Bishop J. S. Johnston will pay his annual visit to the church on the 23rd inst.

Are you frequently hoarse? Do you have that annoying tickling in your throat? Does your cough annoy you at night, and do you raise mucus in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by Jones Drug Company.

The contractors are getting along nicely on Charley Vincent's new home in West Brady. This will be one of the handsomest bungalows in the city when completed.

A Swollen Jaw

is not pretty nor pleasant. Whether it's caused by neuralgia, tooth ache or accident, Ballard's Snow Liniment will reduce the swelling and relieve the pain. The great and sure cure for rheumatism, cuts, burns, bruises, sealds—any and all aches and pains. Sold by Jones Drug Company.

John Walker, of Comanche, is visiting his brother, A. B. Walker, for a few days.

NINE NUGGETS.

Nine, Texas, March, 7, '10.

Editor Brady Standard:
R. F. Pearson and son, Clarence, are away on a business trip for a week.

Mrs. McCoy and Mrs. Pearson have each ordered an incubator and will try chicken raising this year without the aid of the clucking biddy and thus avoid some of the chick troubles.

Mr. and Mrs. Stanton left Sunday to spend a week with W. R. Alcorn and family.

Mr. and Mrs. Wilder, Mr. and Mrs. Ben Smith, Prof. Hamilton and the Misses McCoy attended Sunday School and singing at Dodge Sunday afternoon and had a nice time.

Sunday the 27th Bro. Moran had a hard chill and had to leave for home thus missing his night appointment, several not knowing this came out to church anyway, so they had a singing instead of preaching. Come again young folks, you are always welcome.

Mr. and Mrs. O. W. Duncan are rejoicing over the arrival of a five pound boy Saturday.

Dave Harkrider Jr. is again able to be out after a five weeks illness.

R. F. George made a trip to Brady last week and says there are many new building improvements there, but Nine is not the only dusty place in the county.

Now sister readers do you know anything of a blue Monday? No, well Eliza does, she even let the baby fall from the high chair into the slop bucket, burned the bread, turned over the churn, salted the pie, spanked the children numbers four and five, and went to bed with a sick headache and missed writing Nine Nuggets.

Mrs. Rose has returned from a month's stay in Kimble county and says Mrs. Wood and baby are doing fine.

Mrs. Drago and daughter and son and Bob Seward visited the school Friday.

Ben Thornton and children, of the Ford ranch spent last week visiting her father and brothers at Nine.

John Wood is at home and has been quite sick for some days, but is now clear of fever.

Little Ruth Smith, four years old won the testament for knowing perfectly the Lord's prayer last Sunday.

Most of the oats in this locality are killed and we will either have to re-plant or put the ground in early cotton. We are badly in need of rain both for stock water and crops.

The Nine S. S. are planning an Easter hunt for Saturday before Easter, so save up the eggs for Bunnie.

ELIZA.

Miss. covers, typewriter papers, carbons, onion skins and typewriter ribbons at Standard office.

VOCA VOICES.

Voca, Texas, Mar. 6.

Editor Brady Standard:
Farmers are getting along nicely with their work, nearly every one have planted their corn.

John Owen and wife, near Mason, have been visiting his folks this week near Voca.

Ed Darley of Brady visited his parents, near Voca the first of the week.

We are sorry to note that G. E. Brown has been real sick, but are glad to say he is some better now.

Rev. Brytes preached at Voca Saturday night, Sunday and Sunday night, a large crowd attending.

Miss Georgia Brown visited her brother and sister, Saturday night and Sunday.

We are sorry to say Leslie Allen is right sick.

Was glad to see the Voca correspondent come through after so long a time. Every body take part and help us.

WATER LILLY.

A Neighbor of Yours

as well as yourself is liable at any time to have rheumatism. We're all liable to have cuts or burns, bruises or scalds, crick in the back, neck or side—some kind of an ache or pain. Then heed this advice and tell your neighbors—Ballard's Snow Liniment relieves all aches and pains and heals all wounds. Jones Drug Co.

An Explanation.

I would not have announced for the office of Justice of the Peace if I had not supposed that Mr. J. E. Brown would be a candidate for re-election, and he only announced his final decision after March 1st. Had he been a candidate I should not have opposed him, but his declination has appeared to me a call to the higher duty, and I trust that the people will select a proper man to fill the justice office.
Respectfully,
E. P. LFA.

A negro by the name of Homer Gaines was arrested by Deputy Sheriff Latta Sunday night charged with unlawfully appropriating to his own use the horse and buggy of J. D. Branscum. While Mr. and Mrs. Branscum were at church the negro went to their home, hitched up their horse and buggy and proceeded to have a joy ride. Neighbors who saw the negro hitching up reported the matter and the arrest followed shortly. It developed later that this was not the first time the negro had been guilty of this offense, and only the night before the horse had been hard driven.

District Court.

District court wound up its business for the term and adjourned Saturday. Judge Rice appointed jury commissioners as follows: E. E. Polk, A. C. Russell, F. M. Hopkins.

Of the 34 bills returned by the grand jury thirty had been docketed up to Monday. Of this number there were 18 for violating local option law, 1 forgery, 2 swindling, 1 theft over \$50, 2 aggravated assault, 1 malicious mischief, 4 gaming and 1 for keeping and exhibiting gaming table and bank.

The following proceedings were had during the last few days of the court's sitting, all other transactions having been heretofore reported in these columns:

State vs. Babe Huff, burglary; dismissed on motion of district attorney.

State vs. Chas. Wood, horse theft; plea of guilty and punishment assessed at two years in penitentiary by jury.

State vs. Chas. M. Deans, theft of cattle, 4 cases; attachment ordered for L. M. Baker, witness for state, in each case.

State vs. Wesley Spiller, murder; continued by agreement.

State vs. Mary Daniels, murder; continued by agreement.

State vs. Bob Corbell, murder; trial by jury and verdict of not guilty.

State vs. Jas. Galbreath, burglary; continued by operation of law.

State vs. C. E. Myrick, theft of hogs; continued by operation of law.

State vs. Lee Young, theft of cattle; continued by agreement.

State vs. Lee Myrick, theft of hog; continued by operation of law.

State vs. Viola McCoy, murder; dismissed; defendant dead.

State vs. Jim Smith, alias "Yellow Rose," murder; continued.

State vs. Jim Smith, habeas corpus; bond fixed at \$1500.

State vs. Jesus Arina, keeping and exhibiting gaming table and bank; continued by operation of law.

Capt. Bogardus Again Hits the Bull's Eye

The world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln, Ill. Recently interviewed, he says: "I have suffered a long time with kidney and bladder trouble and have used several well known kidney medicines all of which gave me no relief until I started taking Foley's Kidney Pills. Before I used Foley's Kidney Pills I was subjected to severe backache and pains in my kidneys with suppression and oftentimes a cloudy voiding. While upon arising in the morning I would get dull headaches. Now I have taken three bottles of Foley's Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and once more feel like my own self. All this I owe solely to Foley's Kidney Pills and always recommend them to my fellow sufferers."

For County Attorney.

The name of C. C. House will be found in our announcement column this week as candidate for the office of county attorney of McCulloch county, subject to the action of the democratic primary July 23. Mr. House is a young man of intelligence and strict integrity of character, and the greater part of his life has been spent in this county. He has been engaged in the practice of law in the county for the past year and is in all respects qualified to fill the office of county attorney. He pledges his best efforts, if elected, to so conduct the business of the office as to meet the requirements of law without fear or favor, and he respectfully asks at the hands of the voters a careful consideration of his candidacy and will appreciate your support.

We are handling goods with a reputation, but if you want something cheaper or something not so good we have it. No use not to come to see us because you think we only handle high priced goods. This is a mistake for we have goods for every pocket book and we want your business. Broad Mercantile Co.

Auditor Makes Report.

Expert Accountant Oglesby completed his work of auditing the books of City Secretary A. R. Crawford and City Assessor and Collector Sheridan and the report was made to the city council Tuesday. The report shows Mr. Crawford's books to be out of balance 54 cents and Mr. Sheridan's \$1.76, the former being due the city 54 cents and the latter having over paid his account \$1.76, for which amount a warrant was immediately issued Mr. Sheridan.

This is a good showing for both officers, as during the two years more than \$30,000 has been handled, being paid out in amounts ranging from 15 cents up. The report shows the treasury to have on hand at the present time about \$4500.

The Political Ball Game.

Davidson is now on third base, Johnson at second, Poindexter on first and Colquitt still at the home plate, trying to hit Rankin's benders.—Waxahatche Light.

Davidson and Johnson tried to effect a double steal; Davidson was caught at the plate and Johnson was run down between second and third. Rankin eased up and put one squarely over, Colquitt lined it out for three bags, scoring Poindexter.

The reason Davidson and Johnson got on bases first was because they have been running longer than Poindexter and were naturally first up in the battle order. Colquitt had already been up once four years ago, but struck out. That gave the others all a time at the bat ahead of him.—Ennis Local.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babies. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days rest will tell. Sold by Central Drug Store.

To the Teachers of McCulloch County.

We, the Summer Normal Committee, appointed by the chairman of our Institute desire to make the following report:

After duly considering the question of having a summer normal in our county, decided that it would be impossible under the existing conditions to have a normal at Brady. We had a proposition submitted by Mason and also one by Brownwood. We considered the conveniences of both of the above named places and decided to join the Brown county normal under the condition that McCulloch county is to have a representative on the faculty.

We, the committee, submitted the name of Mr. W. B. Gibson, of the Brady High School to the conductor and county superintendent at Brownwood which was satisfactory to both of the above named gentlemen. We, your committee earnestly solicit the support of all teachers of McCulloch county.

Yours truly,
C. R. Sutton,
Com. Mrs. Ethel Abernathy,
W. J. Gault,
Annie Williams.

A falling tiny nerve—no larger than the finest silken thread—takes from the heart its impulse, its power, its regularity. The Stomach has also its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity, druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway, don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by Central Drug Store.

Withdraws From Race.

Brady, Texas, March 5, 1910. Editor Standard:
Dear Sir:—You are hereby authorized to withdraw my announcement as candidate for the office of County Judge for McCulloch county.

I thank those who have voluntarily tendered me their support and would appreciate it an honor to serve the people as their County Judge. But I have accepted the position of attorney for the Gulf, Colorado & Santa Fe R'y Co. for the district composed of Lampasas, Mills, San Saba and McCulloch counties, which position I prefer to that of running for office. Yours truly,
A. G. WALKER.
