The Beneficial Boomerang

You give your home bank your business, and receive in return your share of the community's benefit besides immediate and direct personal service from the bank.

An intelligently managed bank that has ample capital with which to do business is a decided benefit to the community. Each individual man and woman is better off for the bank's existence.

This is what the bank does:—

Keeps the people's money safely;
The people's money is made more productive;
The people receive most of the benefits.

Each man's business, given to his home bank, adds just that much more to the advantage of the community in general. When the farmer is able to secure capital to advantage his interests, the people are benefited. When the business man is able to get funds to carry on his business, the people again are benefited.

The Brady National Bank aids all classes, and by so doing is a benefit to the entire community. Whatever business you give the bank helps your business and the business of the community. The better the condition of the community, the better it is for you individually. Think this over!

Mann-Smith.

Jim Mann, a member of the Elks Lodge at this place and a prominent business man at Brady, was married on Sunday night to Miss Hazel Smith, of Dallas, the ceremony taking place at the Ervay Street Methodist church. Mr. and Mrs. Mann have gone on a honeymoon trip to Chicago, the Great Lakes, Niagara, New York and

will return by water to Galveston and home. Mr. Mann is an exemplary young man and his bride is a charming young lady who taught school in Brady. Friends in Brownwood extend congratulations and good wishes. —Brownwood Bulletin.

FIRST BALE AT 17 1-2c

D. B. Mayse Markets First Bale 1910
Cotton Wednesday—Tipton &
Striegler the Purchasers.

The first bale 1910 cotton for McCulloch county was brought to town late Tuesday afternoon by D. B. Mayse from three miles east of Brady. There were 1470 pounds of seed cotton and the McAnally & Wells gin turned out the bale Wednesday morning, weighing 486 pounds. The cotton classed No. 1 and sold to Tipton & Striegler at 17 1-2 cents per pound, the bale netting \$85.05.

Messrs. Tipton & Striegler paid a good deal more for the cotton than the market quotations justified, but they wanted that first bale—and got it. They also circulated a subscription list and made up \$63.50 as a premium, which amount added to the price of the bale made the net total amount \$148.55.

School Opens Sept. 19.

The school board was in session several hours Tuesday discussing various matters of interest to the school. It was decided to set the date for the opening of the fall term at Monday, Sept. 19, this date being selected for the reason that the contractors promise to complete the new ward school building and turn it over to the board by that time.

The board also authorized Supt. R. N. Wilson to have a catalogue printed, same to be issued at as early a date as possible. Prof. Wilson has let the contract and the books will be delivered about Sept. 1st.

A Monster Cabbage.

The biggest head of cabbage this scribe ever saw was brought to town Wednesday by W. B. Brown, a Camp San Saba farmer. The head was perfectly formed and solid and sound. It weighed just twenty pounds and measured 47 inches in circumference one way by 40 inches the other way. Mr. Graham, the grocer, bought it for the Commercial Club exhibit, paying \$1.00 for it, which was the market price at 5c per pound.

Mr. Brown had a quarter-acre patch this year which has yielded handsomely. He has sold a number of heads at 50c each to parties who came after them, and has also marketed a lot in Brady. He says he has another large head which he believes will eclipse this one and which he is saving for the McCulloch County Fair.

J. M. C. Cain, accompanied by his sister and visiting nephews and niece of Eastland and Comanche counties, joined Lawyer Bishop and family of Gorman on a fishing excursion to the San Saba a couple of days this week, together with the family of J. G. Witherspoon of Camp San Saba, and oh, such a time as only Irish know how to have.

A. P. Haynes and brother, S. N., of Gorman, accompanied by their sister, Miss Susie, and cousin, A. T. Cain, are visiting their uncle and aunt, J. M. C. and Miss Cassie Cain, of extremely South Brady.

J. C. Irwin, late of Ballinger, has located in Brady and has bought the Pure Food Meat Market which he has re-opened for business this week.

On account of a burned bridge between Dallas and Fort Worth the Dallas News failed to put in an appearance in Brady Monday.

FIRST BALE OF 1910 COTTON

The Grand Leader is the firm that leads as cotton buyers as well as in the dry goods business, paying 17 1-2c for the first bale of 1910 cotton. We are the farmers' friend and here's hoping that you will get even more for your entire crop.

August 7th, 1910, commences our second year as the Grand Leader Dry Goods Co., of Brady. And to say that the past year has been a most pleasant year's business in every respect is putting it mildly. Our trade has been nice, our customers have been loyal; we have just completed our annual invoice and we are well pleased with our business showing. We wish to thank our host of friends and loyal customers for their kindness and their influence, as well as their business, and we wish to assure you that we will strive harder to make year No. 2 more successful, more pleasant and, if possible, a more profitable year to you as well as ourselves. We will at all times handle the very best merchandise that can be had in the great wholesale markets and factories. We will handle nothing but late style and up-to-date merchandise and we extend the glad hand of welcome to competition. We have no mud to sling, as it will take two-thirds of our time attending to our own business and the other third letting other people's business alone, so you see we expect to be very busy.

Our new fall goods are being received and we have no hesitancy in making the assertion that the Grand Leader will lead in style, quality and desirable merchandise in Brady. Buy your New Gingham for school dresses now, we have our stock. Let your boy and girl start right when they start to school by wearing a pair of Red Goose School Shoes. Some say it will rain, some say it will not rain. If it rains, we will stay in Brady; if it does not rain, we will stay in Brady. We are here to help boost Brady and to serve the best people in the world—the people of Brady and surrounding country. Buy your cotton sack duck at the Grand Leader.

The People With Confidence in Brady Country and People.

D. F. McCollum, was a pleasant caller at The Standard office Wednesday. Mr. McCollum was principal of the Junction school last year. He will attend the State University this winter, finishing the course.

Chas. Samuelson left Tuesday night for Wichita Falls where he will visit his sister-in-law, Mrs. Jimmie Richards.

Mr. and Mrs. O. S. Macy were among the excursionists to Galveston Wednesday.

Excursion To Galveston.

Agent Hundley, of the Frisco, reports twenty-eight tickets sold for the excursion to Galveston last Wednesday. Among those who took advantage of the occasion to enjoy the cool sea breezes were: Mr. and Mrs. J. W. Townsend and children; Mr. and Mrs. O. S. Macy; Mr. and Mrs. E. W. Harris and grand-daughter, Helen Berry, of Broadmoor; Mrs. R. W. Turner; Mrs. W. K. Gay and daughters;

Floss and Trix; A. F. and Julian Behrens; P. J. Martin; J. W. Starkey; Fitz Jordan; E. W. Woods; Bill Kennerly.

Meers Land Co. Tuesday traded 640 acres in Uvalde county to Henry Rodgers for 228 1-2 acres in Pear Valley. Mr. Rodgers will remain in McCulloch county another year at least.

Wm. Nichols shipped two cars of cattle to Fort Worth market Wednesday; also Phillip Schmidt shipped one car.

Thomas Defeated.

Galveston, Aug. 9.—For the first time in the history of Texas, according to Secretary McNeal, of the executive committee, the complete returns from every county in the state where an election was held have been received and compiled.

Wheeler county returns came in tonight, completing the list. In this county A. S. Davidson received 99 votes and H. B. Thomas 107. This leaves Davidson's plurality 1,575, the final figure.

The total vote of the two candidates was: Davidson, 123,381; Thomas, 121,806.

Where the People Trade

Return From Outing.

Our good friend, E. B. Baldrige, headed a party of five boosters on a ten-day camping trip to Kimble county, the party passing through Brady yesterday on their return. Others in the party were I. H. Lawson, W. A. Neal, Tom Bradley, Ed Mitchell, Dair Baldrige and H. W. Smith. Messrs. Baldrige, Lawson and Neal made The Standard a pleasant call and loaded the editor down with details of the trip, some of which we frankly state we are afraid to print. That they had an abundance of fish and *seasonable* game we are confident—because Baldrige said so himself and what Baldrige says goes though we wouldn't believe him on oath when he talks about crops. He had a kodak film which shows something hanging up on a pole and which he said was a wild hog, on which the party feasted during their entire stay. When asked how he managed to keep fresh pork in such hot weather Baldrige replied that the meat was "jerked"—and we guess it was.

All the party report a fine time and say the Llano is the river that supplies the fish. They report that country in good shape as to crops also. The editor has accepted an invitation from E. B. to join his party on a return trip next December, on which occasion we expect to be shown several stunts that will be worth while.

Proposed Amendment to the State Constitution Authorizing the Establishment of a Home for Wives and Widows of Confederate Soldiers and Sailors.

HOUSE JOINT RESOLUTION No. 7.
Joint Resolution to amend Section 51, Article 3, of the Constitution of the State of Texas, as amended in 1903, so as to authorize the grant of aid in the establishment and maintenance of a home for the disabled and dependent wives and widows of Confederate soldiers and sailors and such women as aided the Confederacy, and making an appropriation.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. That Section 51 of Article 3 of the Constitution of the State of Texas, as amended in 1903, be so amended as to hereafter read as follows:

Article 3, Section 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever; provided, however, the Legislature may grant aid to indigent and disabled Confederate soldiers and sailors who came to Texas prior to January 1, 1880, and who are either over sixty years of age or whose disability is the proximate result of actual service in the Confederate army for a period of at least three months, their widows in indigent circumstances who have never remarried and who have been bona fide residents of the State of Texas since March 1, 1880, and who were married to such soldiers or sailors anterior to March 1, 1880; provided, said aid shall not exceed eight dollars per month, and provided further, that no appropriations shall ever be made for the purpose hereinbefore specified in excess of five hundred thousand dollars for any one year. And also grant aid to the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy, under such regulations and limitations as may be provided by law; provided, the grant to aid said home shall not exceed one hundred and fifty thousand dollars for any one year, and no inmate of said home shall be entitled to any other aid from the State; the Legislature may provide for husband and wife to remain together in the home; and provided further, that the provision of this Section shall not be construed to prevent the grant of aid in case of public calamity.

SEC. 2. The Governor of the State is hereby directed to issue the necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at the regular election of State officers, in November, 1910.

The sum of \$5,000.00, or so much thereof as may be necessary, is hereby appropriated to pay the expenses of carrying out the provisions of this Resolution.

W. B. TOWNSEND,
Secretary of State.

Rochelle Revival Closes.

Rochelle, Tex., Aug. 9.—The revival held here by Rev. A. R. Lowry, of Fort Worth, at the M. E. Church, South, closed Monday afternoon. During the ten days there were more than 100 conversions. Most of these are men and women, that are from 16 years of age up. Many heads of families are among the number. The three denominations represented here worked in harmony.

At the close of the service a start was made to erect a new building for the Methodist Episcopal Church. About \$3000 was subscribed.

Over the County News Notes of Interest From
Our Country Correspondents

MERCURY MUSINGS.
Mercury, Texas, Aug. 8.
Editor Brady Standard:

Here we come with the Mercury
news.
W. M. Moore and sons, Joe and
Rance, were in Mercury the past week
looking after Dr. J. W. Moore's business.
Messrs. W. M. and Joe Moore
are of McGregor, and Mr. Rance
Moore is a ranchman of Hamilton
county.

Prof. Willie Hamilton returned
from Austin where he has been attend-
ing the Summer School. Rumor says Mr.
Hamilton visited his girl while away,
and if he really did, we hope he had a
nice time.

Miss Bailey, of Winchell, was here
last week visiting Mrs. Ernest Poole.
Mr. and Mrs. Wm. Littleton, of
Winchell, have returned home after a
pleasant visit with their son, Mac Lit-
tleton, of our town.

John Berry, son of E. C. Berry, is
now in town boarding with Mr. Little-
ton. Mr. Berry is our public cotton
weigher and we are glad to have him
with us again.

Mrs. Willie Coleman, of Snyder,
Texas, arrived here Saturday, after
spending a few days at the San Saba
fair. She will visit her sister, Mrs. A.
C. Wright of this place, before return-
ing home.

The Baptist meeting will begin Sat-
urday night before the second Sun-
day. We hope to have a splendid
meeting.

Mrs. Lillie Beasley and sister, Miss
Emma Moore, are on a visit to friends
in Fort Worth. Miss Emma will go
from there to Dawson, where she will
take charge of her millinery business.

The N. A. Perry Gin Co. are mak-
ing some improvements on their gin
preparatory to ginning the fall crop.
For they are expecting quite a quanti-
ty of cotton to gin this fall. J. C.
Penn is manager for this company.

Frank Bradley and Joe Catter, of
Fife, spent Sunday in Mercury.
Little Herbert Littleton was report-
ed quite sick Sunday afternoon, and
our new physician, Dr. Martindale of
Hope, Ark., was called in to see him.

Fife won 1 to 0. The admission
comes reluctantly enough, of course,
but being very true must be told. Fri-
day's game was a close one, as well
as an interesting one. Although
Mercury has been beaten twice by the
Fife boys, we invite them to come
again and feel sure Mercury will wear
the palm of victory next time.

IF SICK--WHY PAY

Unless Health First Returns.
Here is what should and can be done!
Now you would not willingly pay for food
that was worthless—would you?
Then why pay for medicine until that medi-
cine first proves to you its actual worth?
Positively knowing what Dr. Shoop's Res-
torative can do for the sick, I say to all "don't
pay unless health first returns". And I back my
Restorative with a signed and sealed 30 day "No
help, No pay" contract.

I positively pledge to the sick everywhere
that "Dr. Shoop's Restorative is absolutely
free if it fails". Let others do the same—
or else pass their prescriptions by.
If you need more strength, more vitality,
more vigor or more vim, use my Restorative a
few days and note the immediate improvement.
When the Stomach, Heart, or Kidneys go
wrong, then test Dr. Shoop's Restorative. I do not
doubt the Stomach nor stimulate the Heart or Kid-
neys, for that is wrong. You save I cast away that
mistaken idea in medicine. The books below will
best tell you how I am succeeding.

These books also tell of a tiny hidden "in-
side nerve," no larger than a silken thread. They
tell how that nerve, until it fails, actually gives
to the Heart its power, its tone, its never-ending
action or impulse.
These books will open up new and helpful
ideas to those who are ill. They tell how
the Stomach, and Kidneys each have their "inside"
or power nerves. They tell how the Restorative
was especially made to reach and revitalize these
weaker or falling inside nerves. All of these facts
tell why I am able to say, "It is free if it fails".
This is why I say "take no chances on a
medicine whose maker dare not back it
just as I do by this remarkable offer."

So write me today for the order.
I have appointed honest and responsible
druggists in nearly every community to issue my
medicines to the sick.
But write me first for the order.
All druggists sell Dr. Shoop's Restorative,
but all are not authorized to give the 30 day test.
So drop me a line please—and thus save
disappointment and delays. Tell me also which
book you need.

A postal will do.
Besides, you are free to consult me as you
would your home physician. My advice and the
book below are yours—without cost.

Perhaps a word or two from me will clear
up some serious ailment. I have helped thousands
upon thousands by my private prescription or
personal advice plan. My best effort is surely
worth your simple request. So write now while
you have it fresh in mind, for tomorrow never
comes. Dr. Shoop, Box 12, Racine, Wis.

WALDRIP WHISPERINGS.
Waldrip, Texas, Aug. 7.
Editor Brady Standard:

Just what we lose annually in truck
will be hard to estimate. What can
we ever expect to accomplish unless we
organize ourselves and make an united
effort? We need a produce com-
mission house in Brady much worse
than we need a railroad. Dry and un-
favorable as this year has been, yet
there has been a bumper fruit crop that,
with the exception of the amount that
the already busy housewife could put
up for home use, has wasted, a total
loss.

Several progressive farmers planted
large watermelon patches. The melons
did well, were of a fine variety. The
seed was the very best that could be
purchased anywhere, being furnished
by Southern seed houses; and with fa-
cilities for handling the crop would
have netted the farmers a neat sum.
As it was, every surrounding town is
surrounded by good farms and farm-
ers that could supply the local demand,
consequently all the surplus was lost
and the man that lived at a distance
of ten or more miles could not find a
sale at all.

The amount of poultry and eggs that
this section produces with the amount
of the increase that the business would
put on would lift many mortgages.

Shame on a people that will not look
a few months to the future!

That creamery at Brady is a crying
shame on the farmers inasmuch as it
was put there with an eye to increase
profits to the farming people. Every
merchant should feel it his duty to
keep that butter exclusively. The peo-
ple that trade there should demand
home butter. It should be a matter of
pride that every pound of butter serv-
ed is a home product from the cow that
gave the milk to the creamery that fin-
ished it. Nature has been so lavish in
her gifts that it seems as though mere
man fails to appreciate and profit by
it. Let us work for that produce
house and then see that it has a lib-
eral patronage.

The Union meeting under the effi-
cient leadership of Bros. Blanton and
Kelley of Lohn, is progressing nicely.

Mr. Loggin has been quite ill, but
is much better at present.

Mr. and Mrs. Knox Hays of Lohn
are visiting Mr. and Mrs. G. E. Metz.

Mr. and Mrs. White of Copperas
Cove are here on a visit to relatives.

Mr. Hardie Glascock, accompanied
by Misses Clyde Wright and Paddie-
ford of Coleman attended church here
Sunday.

PROGRESS.
President Helps Orphans.
Hundreds of orphans have been
helped by the president of the Indus-

cellent medicine for stomach, liver and
kidney troubles. We regard it as one
of the best family medicines on earth."
It invigorates all vital organs, purifies

SALT GAP SIFTINGS.
Salt Gap, Texas, Aug. 8.
Editor Standard:

Dry, dry, is still the complaint in
this part of the community. But not
too dry to have that Holiness meeting
that is being conducted by Bros.
Beetle and Carron. Everybody in-
vited to attend.

Myrtle and Edna Croft are visiting
at Stacy this week.

Elmer Duncan and Tom Burrow
made their visit short in Mexico and
have returned home.

Dave Conoly is visiting his brother
Malcom at Santa Anna this week.

Mr. Boysden and family from the
Valley, attended the meeting here Sun-
day night.

Mattie Rogers visited the home of
Mr. Peels in the Valley last week.

Well, as news is scarce will ring off
for this time. Come on, Gee Whiz, of
Pear Valley. Don't get discouraged.

NINE NUGGETS.
Nine, Texas, Aug. 9.
Editor Brady Standard:

J. W. Wilder and family have been
visiting in Brady and attending a big
meeting.

Everything is fearfully burnt with
the hot winds and sun and we are all
blue but then nothing is ever so bad

but that it could be worse. Then we
all know God knows best, so we try
to be cheerful and know all will be
best in the end.

Mrs. Percy Dutton is visiting her
mother, Mrs. D. Harkrider, who is on
the sick list this week.

Mr. and Mrs. Clark and the Misses
Gillstrap are visiting their grand par-
ents, Mr. and Mrs. Alcorn.

Miss Maude McCoy, with Mr. and
Mrs. Deland and family of Calf Creek
are visiting their sister, Mrs. Tom
Smith, at Eldorado.

Mrs. W. I. George and babies have
returned from a ten days' visit to re-
latives at Brownwood.

Stock water is getting short and ev-
en good wells are going dry in this
section, and we would all be glad to
have a cloudy, cool, rainy day to
freshen things up.

O. W. Duncan and family are visit-
ing in Eastland county until the busy
season of cotton picking.

Mrs. Eliza Espy was called to the
bedside of her father who is danger-
ously ill; but a card received Tuesday
states he is some better.

The Baptist meeting conducted by
Bro. L. R. Byrum of Lee county,
Texas, will begin Sunday, August
21st. Let all who can attend and
let's have a big meeting.

August time tells on the nerves. But
that spiritless, no ambition feeling
can be easily and quickly altered by
taking what is known to druggists
everywhere as Dr. Shoop's Restora-
tive. Within 48 hours after beginning
to use the Restorative improvement
will be noticed. Of course, full health
will not immediately return. The
gain, however, will surely follow. And
best of all, you will realize and feel
your strength and ambition as it is re-
turning. Outside influence depress
first the "inside nerves" then the stom-
ach, heart and kidneys will usually
fail. Strengthen these falling nerves
with Dr. Shoop's Restorative and see
how quickly health will be yours
again. Sold by Jones Drug Co.

New Hook and Ladder Truck.

The new hook and ladder truck
ordered recently by the city
council was received Saturday
and has been put in commission
by Fire Chief Shropshire. It is
a hand truck, the best of its kind
made, and is fully equipped with
hooks, ladders, buckets, etc. It
will prove of much value to the
fire department, and will serve
very nicely with the hand reels
until such time as Brady can af-
ford a more modern equipment.

The city also recently received
an additional 500 feet of the best
hose. This gives the depart-
ment about 1250 feet of service-
able hose. Mr. Shropshire says
they ought to have another reel,
as they now have 400 or 500 feet
more hose than the reels will ac-
commodate.

Mr. Shropshire, as fire marsh-
al of the city of Brady, asks The
Standard to call the attention of
the public to the fact that his
duties require him to report to
the council any extra hazardous
conditions that may exist by
reason of carelessness in the
matter of flues, old paper and
trash accumulations, etc. He
asks the co-operation of all our
people in this matter. You can
greatly assist him by keeping
your own premises in proper
shape and reporting to him any
violations of the requirements
which may come to your notice.

CURE YOUR KIDNEYS

**Do Not Endanger Life When a Bra-
dy Citizen Shows You the Cure**

Why will the people continue to suf-
fer the agonies of kidney complaint,
backache, urinary disorders, lam-
eness, headaches, languor, why allow
themselves to become chronic invalids
when a certain cure is offered them.

Doan's Kidney Pills is the remedy to
use, because it gives to the kidneys
the help they need to perform their
work.

If you have any, even one, of the
symptoms of kidney diseases, cure
yourself now, before diabetes, dropsy
or Bright's disease sets in. Read this
Brady testimony:

Thomas Bell, of Brady, Texas,
says: "I often felt miserable on ac-
count of sharp pains in my kidneys.
Doan's Kidney Pills, procured at the
Central Drug Store, relieved me
promptly. I am positive that this
remedy is one of great merit."

For sale by all dealers. Price 30
cents. Foster-McBarn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—and
take no other.

I WILL GO YOUR BOND

You either embarrass your
friend and jeopardize the prop-
erty he would leave to his chil-
dren, or you place yourself under
grinding obligation to another,
when you ask him to go your
bond.

Don't do either---stand on
your own feet like a man and pay
for your bond just as you pay for
your groceries.

I make official bonds, cost
bonds, appeal bonds, administra-
tor's bonds, employe's bonds---
any and all kinds of bonds.

Brady, Texas, Friday, Aug. 10, 1910.

In this issue appears a communication from D. H. Henderson, a substantial farmer from the southern portion of the county. Mr. Henderson favors a bond issue for road construction in McCulloch county. He speaks from experience, having been road overseer and having worked on the roads of his county for a number of years, and when he says that the money paid out each year for repairs on farm vehicles would more than pay the bond tax for any farmer who is now compelled to travel over the rocks and ruts he makes a point that the anti-good roads men can hardly get around. Mr. Henderson thinks that if we build good roads for the next generation to use it is only right that the next generation should help to pay for same. In this point there are few who will disagree with him. A road bond issue would settle this point and is the only satisfactory way in which it may be settled.

The following paragraph is going the rounds of the Texas press just now. Standard readers are extended the liberty of accepting it with the amount of salt which best suits their individual tastes:

A great many people have wondered what the object of J. Martin Jones was in running for governor. Uncle Pete Hamlin explains it thusly: J. Martin was in Austin some months ago and in discussing the race a rich fellow offered to bet \$40,000 that Davidson would be the last man in the race. Jones called the bet, staked the money, went home and announced for governor, made one speech and put in the balance of the summer scared to death he'd be elected.

Methodist Meeting.

The revival meeting of the Methodist church began last Sunday in the large tent on the lot adjoining the church. Rev. M. J. Allen, conference evangelist, who has charge of the meeting is a forceful speaker and his efforts are being rewarded by large attendance and increasing interest as the meeting progresses. Up to Thursday there had been eleven additions to the church, besides a large number of conversions. Rev. Allen will continue in charge of the meeting until Sunday night.

A cordial invitation is extended everybody to attend the various services. The tent is large and the seating capacity ample. The arrangements have been made with a view to having everybody comfortable regardless of the weather.

For Good Roads.

Voca, Texas, Aug. 5, 1910.

Editor Standard:

As the columns of The Brady Standard are open to the subject of good roads, I will let you know what I think about building roads.

The present system of road working is practically a failure. I have worked the roads ever since I was old enough; have done many hard days' work only to be destroyed ever time it comes a big rain, and the work has to be done over and over, and still we bump over the rocks and drag through the sand. I am not a man to condemn a system or practice without presenting something that I believe better. I believe that every county in Texas should issue road bonds and make good, substantial roads. But I am afraid I will scare some one to death. Well, I dislike debts as bad as any one, but when my mind reaches out and grasps the thought of good roads, I forget debts. A debt for a worthy cause should never be regretted. If my neighbor owns an automobile and I a single buggy, we both enjoy the good roads. He pays his hundreds of dollars taxes and I my tens, so the burden is equal.

I should not favor a bond indebtedness that would burden the rising generation unless it be a worthy cause and one that would benefit them as well as us. If we vote the bonds and build the roads and travel them till we get ready to lay it down and the rising generation takes it up and travels the same good roads and helps pay for same, who can object? No one but a knocker.

There is not a man in the country but pays more for repairs on wagons and vehicles every year than his part of the tax would be, if we had the bonds. If we had the money that will be paid out on vehicles the next forty years to come in our county, we could build concrete roads all over the county.

A CITIZEN.

To The Public.

After Saturday, Aug. 6, on account of the water panic we are compelled to charge five cents per head day fees for stock watered or fed in our yards. We think this is nothing but justice to ourselves, as we have to pay for keeping our yards cleaned, besides a high rent. We believe this will meet the approval of our patrons as we will be able to give better service and cleaner yards, and so live and let live. So hoping for a big rain and a bumper crop, and thanking you one and all for your past patronage, we remain, yours for business,

ROCHELLE RECORDS.

S. C. Cole and Henry Sanders, brother and half brother of J. W. Cole of this place, returned to their home at Leonard Monday night, after a few days visit here. They were both favorably impressed with this prosperous little city and one or both of them may decide to locate here in the near future.

The Brownwood Bulletin says they'll have no fair over there this year. They can attend the Brady fair this year and come to the Rochelle fair next year. By doing this the Brownwood people will have the pleasure of attending two good fairs.

Get your exhibits ready for the Brady fair and Dallas fair. Every little bit of advertising helps.

Mrs. Barton's house caught fire Tuesday morning but was saved by quick and effective work. A good size hole in the floor was the only damage.

Miss Emma Sellman is here from Galveston on a visit to relatives and friends. Miss Sellman was raised in Rochelle and has many friends here who are always glad to see her.

Mrs. C. W. Carr returned the first of the week from a visit to friends in Brookesmith.

Mr. and Mrs. Bob Clark and little son left Tuesday for Brady after a visit to Mrs. Clark's parents, Mr. and Mrs. J. S. Neal.

R. W. Haddow is still confined to his room from the effects of injuries received last week. He is still improving, however, and his many friends hope for his speedy recovery.

A GREAT CLEARANCE SALE

Closes
Saturday,
Sept.
3rd,
1910

This Great Sale will open in Brady, Texas, Saturday, August 13 on the most attractively priced stock of superior merchandise ever offered. This sale is a merchandise mover and will cause you to loosen your purse strings, as the values offered are astounding and will stagger all competition. Never before have you had an opportunity to buy good goods so cheap. We are going to sell regardless of value. Come and see for yourself.

THIS STORE A PRICE SMASHER

We claim to sell cheaper than any other house in Brady every day in the week--we sell strictly for cash. We buy for six big stores and we make it a business to clean up our stocks at every point each season. This time has come in Brady and we are clearing this store of all goods, preparatory to receiving a gigantic fall stock already beginning to arrive. Store too small; must have more room; will sell at half price rather than rent warehouses. This sale will save you dollars if you will attend.

This great sale is not without a reason, but is without a parallel in the history of Brady merchandising. We have a state-wide reputation for being the highest class of merchants. We have been thirty years building our great business. We have always made our word our bond and we positively allow no misrepresentations in advertising. You find us fair in all dealings, ready to refund your money or exchange all purchases made of us. This sale is held, not to make money, but rather to lose money and clear our store quickly of all merchandise, widen our acquaintance and advertise the best lines of goods sold in Brady which we will continue to sell for less.

WOMEN'S BEAUTY

Imperfect Digestion Causes Bad Complexion and Dull Eyes

"The color in your cheeks won't fade, the brightness in your eyes won't vanish if you keep your stomach in good condition.

This was the advice of a prominent physician to a woman's club in Boston and it is good advice.

Belching of gas, heaviness, sour taste in mouth, dizziness, biliousness and nausea occur simply because the stomach is not properly digesting the food.

The blood needs nourishment to carry vigor, vim and vitality to every part of the body and when food ferments in the stomach enough nourishment is not supplied.

Mi-o-na stomach tablets give instant relief to upset stomachs, but they do more; they put strength into the stomach and build it up so that it can easily digest a hearty meal without giving its owner hours of misery.

Mi-o-na is sold by druggists everywhere and by Central Drug Store at 50 cents a large box. It is guaranteed to cure indigestion or any stomach distress or money back.

Prayer of the Horse.

To thee, my master, I offer my prayer: Feed me and take care of me. Be kind to me. Do not jerk the reins; do not whip me when going uphill.

Never strike, beat or kick me when I fail to understand what you want of me, but give me a chance to understand you. If I refuse to do your bidding see if there is not something wrong with my harness.

Do not give me too heavy loads. Never hitch me where water will drip on me. Keep me well shod. Examine my teeth when I fail to eat; I may have an ulcerated tooth; that, you know, is very painful. I am unable to tell you in words when I am sick, so watch me and I will try to tell you by signs. Pet me sometime; I enjoy it and will learn to love you.

Protect me in summer from the hot sun. Keep a blanket on me in winter weather and never put a frosty bit into my mouth, but hold it in your hands a moment first.

I carry you, pull you, wait patiently for you long hours, day or night. I cannot tell you when I am thirsty; give me clean, cool water often in hot weather. Finally, when my strength is gone instead of turning me over to a human brute to be tortured and starved, take my life in the easiest and quickest way and your God will reward you in this life and in heaven. Amen.—Our Dumb Animals.

Disagreeable at Home.

Lots of men and women who are agreeable with others, get "cranky" at home. Its not disposition, its the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by Jones Drug Co.

Death of Mrs. Letetia Barber.

(Continued)

After being sick for over two months, Wednesday evening, July 27, 1910, about 4:00 o'clock, the Great Father called to rest forever and forever, Mrs. Letetia Barber, the wife of Mr. Hugh S. Barber, and the mother of Leslie H. and Wallace Barber, of Cherokee and Rudd, Texas, and four daughters Mrs. Laura Ray of Artesia, N. M., Mrs. J. B. Thaxton, of Cherokee, Mrs. Annie Martin, of Eldorado, Mrs. Bernice Williamson, of Rochelle, Texas, who survive her to eternal rest with God.

Mrs. Barber was born Dec. 1845. Was Miss Letetia Williams, the daughter of David M. Williams, of Cherokee, Texas, and was married to Hugh S. Barber at Cherokee, July, 1864. Afterwards moving to Pontotoc, where she lived till about four or five years ago, several years after the death of her beloved husband, Hugh S. Barber, who was laid to rest in the Latham cemetery near Pontotoc.

Mrs. Barber left Pontotoc four or five years ago and went to live with her son, Wallace Barber, at Rudd, Texas, near Eldorado. She was sick something over two months with slow fever, which caused her death. It was her request that she be buried in the Latham cemetery, at Pontotoc, and her remains were carried there. The services were conducted by Brother Geo. Sytest. That was a sad hour to her relatives and friends, but we should think of this hour being a sweet one to her, as she lays in the arms of Jesus, for she was a Christian, a member of the Christian church. Nothing more could be said of her than a Christian. Can this be said of us? If not our prayers should be more often, and cling to him.

DIFFICULT TO SHOOT.

Birds That Test the Skill of the Best Marksmen.

We often hear the question as to which is the most difficult bird in the world to shoot. The answer is usually given in favor of the pheasant descending with closed wings from a higher level of flight though a few give the preference to the second barrel shot at teal scared by the discharge of a first barrel and darting upward and in any direction but that which is expected.

A bird which we have never seen mentioned and which yet might take a high place in the category is the sand grouse. It is not to be rated as an English bird of sport, but is familiar to shooters in the east, where it is shot as it comes fighting to water holes to drink. Its flight is something like that of a pigeon, with very swift curves and undulations, and in its ease again, as in that of the Virginian mosquito hawk, it is said that those who have acquired the knack can kill it with a comparative certainty which is the despair of the novice.

After all perhaps our pheasant acoplaning downward must still be given the highest marks for difficulty, for we hear of no one who presumes to say he has discovered any infallible knack by which this most perplexing and yet apparently simple shot can be brought off with any great assurance.—Country Life.

LORDLY FORMALITIES.

Preparing a New Peer For His Seat in House of Lords.

Numerous formalities have to be gone through before any new peer is entitled to take his seat in the house of lords.

One of the most important matters is the preparation of the patent, a long strip of parchment, to the end of which is affixed the wax seal, the color of which varies, according to the rank of the new member. Another item is the robe, made of scarlet cloth with three doublings of ermine, the number of bars varying according to rank. Thus a duke has four bars in front and the same number behind, a marquess one less, and so on.

Then there are preparations in regard to making or changing coats of arms in connection with which fees to the extent of about 50 guineas are paid by the recipient of a summons to the house of lords.

Altogether the annual disbursements amount in the case of a new earl to between £900 and £1,000, some of which finds its way to the chancellor of the exchequer and some to the crown as represented by the college of arms. A considerable portion of this expenditure is, of course, incurred in the purchase of the coronet.—London News.

A Left Handed Man.

"I never realized how unpopular a left handed man can be until I joined a fishing club," said the man who cannot do much with his right hand. "So socially I was all right, but when we began to fish the rest of the fellows couldn't get far enough away from me. There was another left handed man in the party, and we were shunted upstream, away beyond the best fishing holes. I am a good fisherman. When alone I can manage rod and line as skillfully as the next man, but when I go fishing with a lot of right handed fishermen our lines tangle and we get into a regular muddle. I have tried to learn to manage my pole with my right hand, but I haven't made much headway at it; also I have noticed that right handed persons who tried to become ambidextrous could learn to do everything with their left hand better than to fish."—New York Times.

The Antiquity of the Ballet.

Strictly defined, the ballet is properly a theatrical exhibition of the art of dancing in its highest perfection, complying generally with the rules of the drama as to its composition and form. It was in existence in Italy as far back as A. D. 1500, the court of Turin in that day making especial use of it and the royal family and nobles taking part in it. The ballet was first introduced in France in the reign of Louis XIII, and both that monarch and Louis XIV occasionally took part in its dances. About the year 1700 women made their first appearance in the ballet, which up to that time had been performed exclusively by men, as was the case also with plays and operas, but no woman ballet dancer of any note appeared until 1750.

How She Caught Them.

"How did you happen to get four times as many letters as I did?" said one washerwoman who had advertised for work by the day to another who had advertised for the same thing.

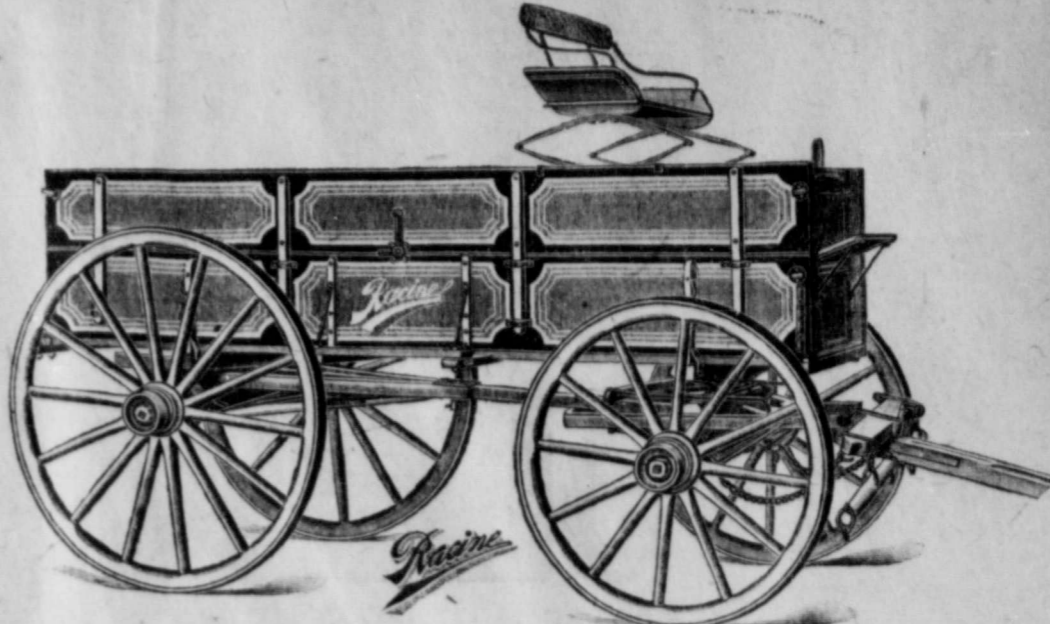

"Would up my advertisement by saying I was on a diet," said the lucky one. "That 'on a diet' notice goes right to the heart of stingy souls who are trying to cut down expenses. They hate to figure on a washerwoman's meals and jump at the chance of getting one who doesn't eat."—New York Sun.

Often the Case.

"You can pretty safely bet," began the man who thought he knew, "that any woman who doesn't gush over a pretty baby is a confirmed old maid." "Not always," replied the real wisecrack. "She may be a mother who has a baby she thinks is prettier."—Catholic Standard and Times.

MANN-SMITH.

A wedding of great interest to a wide circle of friends not only in Brady and Dallas but throughout the state, was that of Mr. James T. Mann of this city and Miss Hazel Smith, of Dallas, which took place Sunday evening at 9 o'clock at the Ervay Street Methodist church in South Dallas immediately after services. The church was beautifully decorated with pot plants, ferns and smilax, carnations and roses peeping out from among the banks of green. The bridal party approached the altar to the strains of Mendelssohn's wedding march. The bride wore an exquisite white satin merrilline gown, entraine, of point lace and pearls. Her veil was of white point lace and was arranged in coronet effect, with a garniture of lillies of the valley, with arm bouquet of same. The groom wore the conventional black. Miss Clara Smith, of Dallas, maid of honor, and Mr. Duke Mann, best man. Misses Nell Jackson, of this city, and Lola Virette, of Waco, were bridesmaids, wearing dresses of Point de spray made over blue liberty satin, with arm bouquets of lillies of the valley. They were accompanied by Messrs. Lee Walker, of Brady, and W. D. Dobbs, of Brownwood.

Little Miss Grace Lucile Bevans was flower girl and was dressed in a very pretty blue silk dress with valenciennes lace. Master Jim Mann Bevans was ring bearer. After the ceremony the bridal party was driven to the Metropolitan hotel where an elaborate ten-course luncheon was served in the private dining room. The groom is one of the most substantial young business men in West Texas and besides being the head of Brady's largest mercantile establishment is connected with various other business enterprises. Although a young man he has demonstrated thoroughly his capabilities in the business world. His long residence in Brady has given him a wide acquaintanceship in both business and social circles, and he is by all regarded as a man well worthy of the prize he has won. The bride is the beautiful daughter of Mr. and Mrs. E. Sturdevant Smith, of Dallas, Texas. Miss Smith taught in our public school all last term and endeared herself to all she chanced to meet by her most charming manner and winning ways. She is a young woman of many accomplishments and a prize in the lottery of marriage that any man might be proud to win. Mr. and Mrs. Mann left for a wedding trip which will include Chicago, New York, Niagara Falls, Buffalo, Washington, Philadelphia, South Bend and Moline, coming home down the Hudson and by the way of Galveston. They will be at home in Brady to their friends Aug. 25.

Miss Ima Carroll entertained her friends Wednesday night with a very delightful party. Contests and games were the evening's diversion. Refreshments of cream, cake and fruit were served to the following: Misses Gladys Yeager, Mamie Purdom, Verfurth, Helen Elliott, Jennie Hauskins, Mary Johanson, Esther Anderson, Estella Bradley, Iva Goodson, Leva Turman, Minnie Elliott, Jackye Walker, Floss Gay, Mary Lee Mayse and Fannie Lyle. Messrs. N. G. Lyle, Willie, Lyle Will Kennerly, Ika Rainbolt, Curtis Coleman, John Moffatt, Chas. Bogush, Firman Jackson, Burette Tipton,

Loyce Callan, Lee Goodson, George Irving, Wroten and Kimbrough.

The largest and most enjoyable party which has been given during the midsummer season was the birthday party given by Miss Estella Bradley, Monday evening Aug. 8th, in honor of her 18th birthday. The reception and dining rooms were beautifully decorated with pot plants, pink being the color scheme. The charming hostess did herself proud in entertaining such a large crowd. A contest using the name of the hostess, taking each letter as it came and writing a prophesy of her life was presented each guest. The couple writing the best prophesy was Mr. Evans Adkins and Miss Zelma Ballou who were presented with "Milton's Paradise Lost." Games of all kinds were played on the well lighted lawn and gallery, interspersed with much merriment made the evening a most pleasant one for all. At a late hour the guests were invited into the dining room where maple and vanilla cream and cake were served to the following: Misses Mary Johanson, Mary Schaege, Jennie Hauskins, Era Myers, Leva Turman, Mamie Purdom, Olive Verfurth, Ethel Elliott, Maude McCann, Zelma Ballou, Gladys Yeager, Olga Schaege, Sydney Smiley and Lucile Yantis. Messrs. Boy Crothers, Paul Calvert, Steve McClellan, John Moffatt, Evans Adkins, Clyde Hall, Chas. Bogush, Ike Rainbolt, George Irving, Lee Goodson, Loyce Callan, Oscar Thompson, Guenther Kiehne, N. G. Lyle, Burette Tipton, Virgil Lee Session, Ward Yeager. Miss Estella's popularity was well shown by the beautiful presents she received. The most elegant birthday presents that the writer ever had the pleasure of gazing upon were there, from gold headed parasol, handkerchiefs by the dozen, box candy by the wagon load, pins and fans of every conceivable description, handkerchief receiver down to chafing dish and so many more, too numerous to mention.

Mrs. F. M. Richards entertained her Sunday school class last Friday night in honor of her guests, Misses Pearl King and Myrel Richards. The lower floor was thrown into one large room. Pot plants and ferns were the decorations. Several contests furnished the evening's amusement. An evening of unusual pleasure was spent, each guest declaring Mrs. Richards a most charming hostess. Refreshments of cream and cake were served.

Mr. Lee Quicksall and Misses Chase Crothers, Helen Walker, Rosa Stallings and Sadie Hudson formed a jolly party that left town Saturday for the Block House ranch on the San Saba river in Mason county where a house party of Mason, Menard and San Antonio people was being held. The party broke up on Monday after a two weeks round of indescribable pleasure. Horseback riding, tennis, fishing games and bathing were participated in.

Mrs. W. W. Spiller entertained the Birthday Club Monday afternoon from three to six. A beautiful battenberg table scarf was presented the hostess from the club members. A delightful three course luncheon was served. Mrs. Ella Jones of Beeville guest of honor.

Mrs. A. G. Walker arrived Tuesday from Fort Worth where she has been with her daughter,

Mrs. Paul Willoughby, who was operated on for appendicitis. Mrs. Walker states Mrs. Willoughby is doing nicely, and that she will be able to return home the last of this week or the first of next. This will be good news for Mrs. Willoughby's many friends.

Mr. and Mrs. Bob Rutherford and Mr. and Mrs. Jim Matthews returned Sunday from a four day's camping trip on the mouth of Onion Creek. This jolly party report a fine time with plenty of fish and lots of good things to eat. Games, fishing and swimming made the time pass all too quickly.

The Calvary Circle met Thursday the 4th with Mrs. Henry Jordan in a social way. After the business hour was closed contests were indulged in and thoroughly enjoyed by the Circle ladies. Refreshments of sandwiches and fruit ice were served.

Mr. and Mrs. Wroten and daughter, Miss Nellie, Mr. and Mrs. S. G. Caperton and daughter, Miss Jewel, returned Monday from Ballinger where they have been visiting the past ten days.

Mr. Duke Mann, Mrs. J. A. Bevans and Misses Lela and Eula Bevans of Menard, Mr. Lee Walker and Miss Nell Jackson returned Monday from Dallas where they attended the Mann-Smith wedding.

Miss Minnie Whitfield, of San Angelo, is visiting her sister, Mrs. Shad Simpson, near Rockwell. In company with Mr. and Mrs. Simpson she was in the city Thursday, guest of Mrs. Chas. Globber.

Miss Mary Courtney, of Temple, who has been visiting friends in Junction, came in Tuesday enroute home, and was the guest of the family of Rev. D. R. Hardison while here.

Mrs. J. W. Townsend and children left Sunday night for Brownwood, from there they will go to San Angelo and on to Galveston, taking advantage of the excursion rates.

Mrs. G. W. Vierling returned Friday from Evansville, Ind., where she had been called by the illness of her mother. Mrs. Vierling reported her mother doing nicely.

Miss Raymond Bozeman, who has been visiting her brother, D. W. Bozeman, and family left Saturday for her home at Rosebud, Texas.

Dr. A. S. Holley and wife went over to Eden Tuesday to be guests of Mrs. Holley's brother, Mr. Jim Westmoreland and family.

Misses Minnie and Helen Elliott left Thursday of last week for Mason where they will spend a week with their grandmother.

Mrs. Hugh Espy left last week for Gonzales where she was called to the bedside of her father who is seriously ill.

Mrs. D. L. Willis returned to her home at Rochelle after a few days visit with her brother, W. L. Perkins and wife.

Mrs. John Tulk returned Friday from a month's visit with her parents at Muskogee, Okla.

Ladies, Why Not Preserve Your Youth and Beauty?

Parisian Sage, the quick-acting hair restorer, is now for sale in Brady at the Central Drug Store and is sold with a rigid guarantee at 50 cents a large bottle. Parisian Sage has an immense sale, and here are the reasons: It is safe and harmless. It cures dandruff in two weeks by killing the dandruff germs. It stops falling hair. It promptly stops itching of the scalp. It makes the hair soft and luxuriant. It gives life and beauty to the hair. It is not sticky or greasy. It is the best, most pleasant and invigorating hair dressing made.

Dr. Mose Jones was brought in from the farm house near Rochelle Tuesday night and is now recuperating at the residence of Mrs. T. H. Marsden. His physicians report him doing as well as could be expected, although the extent of his internal injuries, if any, cannot yet be stated. He has been suffering considerable pain from the broken rib, and the trip to town had to be made very slowly and cautiously, taking about four hours. The Standard, in common with Dr. Jones' many friends, hopes to see him out again soon, well and hearty as ever.

Saved From Awful Pain!
"I never felt so near my grave," writes Lewis Chamblin, of Manchester, Ohio, R. R. No. 3, "as when a frightful cough and lung trouble pulled me down to 115 pounds in spite of many remedies and the best doctors. And that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 160 pounds and can work hard. It has also cured my four children of croup." Infallible for coughs and colds, it's the most certain remedy for lagrippe, asthma, desperate lung trouble and all bronchial affections, 50c and \$1.00. A trial bottle free. Guaranteed by Jones Drug Co.

ON TO MELVIN, THE GRAY

Track Laying Gang on Santa Fe Has Passed the Junction—Bridges Now Being Erected.

Engineer R. C. Brewster, who has charge of the construction work on the Santa Fe, reports the track completed to a point about a mile beyond the junction. The bridge over South Brady on the Melvin route is now being erected, and as soon as it has been completed the track will be laid to the next bridge, which will be likewise built, and so on until the grade has been tracked clear to Melvin. Mr. Brewster received seven cars of creosoted pilings Wednesday to be used in the bridges along the route.

The track laying gang is engaged in going over the twelve miles already built leveling it up and straightening out the kinks. By the time the bridge is ready they will have completed this work and will be ready to continue the laying of the rails. It looks like Melvin will have a railroad within a very short time, and those who have backed their judgment with their money out there are doubtless feeling good.

Takes Carbohc Acid.

The whole community at Winchell was shocked Sunday morning when it became known that Mrs. Hugh Rousey, living two miles north of that town, had taken carbohc acid and was then in a very critical condition. Mrs. Rousey took the carbohc acid about 10 o'clock Sunday morning and lingered until 6:00 o'clock in the afternoon before death came to relieve her sufferings. Details concerning the tragedy are very meager, but it is rumored that a letter was left to the husband giving a reason for the rash act. The deceased leaves a husband and a five months old babe.

Mrs. Rousey was a refined, educated young woman, and had taught school in this county before her marriage. She came to Brown county from Sheffield, Texas. Her maiden name was Dot Sheffield.—Brownwood Bulletin.

Draughts Bussness College Seeks Location.

Mr. Frank Bennett, District Manager for Draughts Business College has submitted the Commercial Club a proposition to establish a business college in Brownwood if guaranteed a limited number of scholarships. The matter is being threshed out by the public institutions committee of the commercial club, the acceptance depending largely on where other business colleges are to be located, the corps of teachers to be employed and several minor details.

The Draughts people now have 31 colleges in 7 different states and are recognized as high class business schools, and Brownwood with its splendid public school systems and two colleges with the addition of a high grade business school would further the centralization of educational development.—Brownwood Bulletin.

Miss Francis Tisdale of Brady, is visiting in the city this week, the guest of Miss Bess Clingman.—Brownwood Bulletin.

Starts New Well.

The Brady Water & Light Co. has closed a contract with Moore Bros. to put down a well 500 feet deep, work on which was to have begun yesterday. Moore Bros. were at work on a well for the Santa Fe people here, but secured permission to drop that and go to work on the water works well at once. Work will be rushed with a double force of men, keeping the machinery constantly in action, and it is thought the well will be completed within a week or ten days.

Placid is Growing.

Mr. S. W. Turnell and son, Clarence, and Messrs. J. L. and W. R. Moore, prominent citizens of the Placid community, were here Tuesday and made The Standard a pleasant call. They report Placid rapidly coming to the front in many particulars.

Mr. Turnell has only been a citizen of Placid a little more than a year, and he says the improvements are marked since he located there. Whereas at that time there was only a section house and one little store there are now three good stores with good stocks, a splendid church building, a fine gin and a number of residences. On the 16th of last month the citizens voted bonds for \$3000 for the construction of a school building, which will give them one of the best school houses in the county. The enrollment is about 50, and the teacher for the next term, Mr. Harry Haynes, of Cass county, has already arrived and is making preparations for opening the school about the first of October.

Mr. Turnell says the farmers of that community have very good crops. They made some splendid corn and the cotton outlook is very good indeed considering the extremely dry weather of the past month. With a good rain any time this month the farmers are sure of a good cotton crop, and a fair crop will be made even with no more rain.

SOME LIVE WIRE FLASHES

BY J. WALKER GREEN

Referring to my letter of last week I am informed that I have been flinging bouquets at the feet of graven images, that I have been attributing unusual supplies of gray matter to men who did not deserve the soft impeachment. And I am informed by some of these men themselves that I have not given them a square deal; that while at this present writing they would not be likely candidates at a beauty show, that it was not always thus. S. M. Young of Lohn for instance, informs me that he was real pretty once, but that he had a sun-stroke that ruined his complexion and turned his hair red. J. O. Ware, of Mercury, says that his mirror gave forth a very pleasing reflection in his courting days, when he wore shoestring ties and high-heel collars, but when lightning struck him it made him bare-footed on top of his head, and flung his features out of plumb, in a way that nobody would believe, so he never speaks of his departed loveliness any more, and does so now only to keep the record straight. Jim Finlay offers no explanations or excuses; he does not claim to be a "has-been" but presents himself to the world just as he is without one single plea; he chortles happily over his good luck, but attributes it to an over-watching providence, modestly disclaiming any over-weening or fascinating powers of persuasion. So it goes! While up at Lohn Young is shaking hands with himself every morning before breakfast, while making the fire in the kitchen stove. Ware away over at Mercury—while working at the same job—is surveying serried ranks of jares, filled with the most luscious preserves that ever tempted a man to his undoing, and both are wondering, wondering! But old Jim Finlay keeps the even tenor of his way, smiles beatifically and credits it all to God-Almighty's friendship for a good man.

John Editor and Richardson, with an ever-present consciousness of great responsibility to a waiting world for wisdom and fore-guidance, have neither time nor patience to waste in frivolity. The deep solemnities of life are alone worthy of their thought. Hence they are unanswering. But if their lips could be unsealed we would get the truth—for being born and raised as newspaper men, and having cut down whole forests of cherry trees with their little hatchets they have shaped the habit, wrought out of the iron of life, and the necessities of the great profession of journalism. And so, having been always associated

with the truth, they have no acquaintance with the other thing, and would not know a prevarication if they were to meet it in the middle of the road. Our genial and vivid friend Dave Dooie, tanded me the following screed yesterday—sic—Bings said to Jings: "I knew a man once, forty years old, of indefinite character, who could not read; who was just slashing around in the world, a typical ne'er do well. He married a woman who tightened his belt, braced him up, taught him to read and write and think and in a short time he became the leaven that lifted the community to the highest levels of civilization. The business men sought his advice in conducting their affairs, the women adored him as a commission and begged his assistance in the arrangement of their back-hair, the babies cried for him etc., etc., ad infinitum. Said Jings to Bings: "I knew a man once, of splendid presence, of fascinating manners, of lofty ideals, brilliant, successful, honored and beloved by all. He married a woman who in less than one short year destroyed his character, besmirched his honor, shamed his ideals and sent him through the streets of his native city a bedraggled and filthy creature, too horrible for even the finger of scorn to indulge its wonted activity."

I have not used the words, but appropriated the idea just as I caught it and then asked.

"Appropos of what?"

"Appropos of nothing! Just a string," he replied.

But our talented P. M. does not usually permit his alert and scintillant mind to linger in a vacuum, and the point in this instance of lucid understanding was so bright and outshining that it could not be overlooked. It is true! Woman's character, intellect, temperament and beauty are the four most potent forces on this planet of ours. They make and unmake men in a day or an hour. Man is the ostensible ruler but woman is the real monarch. I was once struck with the reply of Mrs. Roosevelt to a suffragette who approached her on the subject of "Votes for Women". "I would rather rule the voter than to be the voter." That is it exactly. The man who marries a woman of high character and intellect nine times out of ten will be a patriot and an honored citizen; and the man who marries the other kind will as often become of the other kind.

The hand that rocks the cradle is still the hand that rules the world.

The influence of the mother, and of the wife is immeasurable. But of the two the wife-force is the more potent in shaping the lives of men, and the destiny of nations. The position woman occupies in the life of a nation is the exact measure of that nation's standing in progressive civilization and civic righteousness, as well as in moral and spiritual well-doing.

Tom Moore, the Irish poet, once said, "Let me write the songs of a nation and I care not who makes the laws." But it would have been a safer and saner proposition had he said, "Give me the education and training of the women of a country and I care not who makes the laws." J. W. G.
