Be More Than Safe

The check account does more than furnish the user safety.

There is the convenience of writing the check for the exact amount to be paid. In addition to having indisputable evidence in each transaction, the man who pays by check has a simple method for accuracy in business.

The check account is a safe, simple and convenient--it will be all this for you.

WE KNOW YOUR WANTS and WANT YOUR BUSINESS.

Fair Postponed.

At a meeting of the directors of the Brady Fair Association Saturday it was decided not to attempt to hold a fair this fall, and the dates previously set were canceled.

The directors took this action only after a careful study of the situation. The fair has, since its inception, been strictly a business proposition and self-sustaining in every particular. The present crop prospect throughout the Brady Country is not the best, as the recent drouth has cut all crops short, and this being the case [the directors faced the alternative of holding the fair at a loss or calling on the business people for donations as is generally done by all county fairs. It was decided not to do this, as it was thought best to miss one fair rather than violate the rule of making the fair pay its own expenses. The 1910 fair was simply postponed until 1911, and the association will continue its work and make every preparation for the biggest and best entertainment ever given in West Texas in the fall of 1911.

Miss Joe Nance, of Menard, is the guest of Mr. and Mrs. Wm. Bauhof this week.

A Correction.

In the full page ad of Scharff & Nussbaum last Friday The Standard made an error in the date. The ad announced the opening of the new store for Wednesday, Sept. 1st. It should have read Thursday, Sept. 1st.

Our readers are requested to bear the date well in mind. Your attendance at the opening of the new establishment will be greatly appreciated by Messrs. Scharff & Nussbaum, and they have a beautiful store for you to inspect. All lady callers Thursday will receive a nice souvenir.

E. A. Davis of McCulloch county, made these sales on the Ft. Worth market last week: 56 cows, 701 pounds, \$3.15; 43 calves, 167 pounds, \$6.25; 17 calves, 430 pounds, \$3.10; 6 heifers, 485 pounds, \$3.10.

Mr. H. C. Samuels and Miss Ida May Souther have accepted positions with the Conley Mercantile Co. and will be found at that establishment after the 1st.

Tom Baker made a business trip to Menard Monday.

Some idea of the amount of ice used in Brady these hot days can be gathered from an item which appeared in a Stephenville paper last week to the effect that Clay Sandidge, the ice man of that city, had been shipping an average of 400 cakes of ice to Brady each week. That makes 120,000 pounds of ice used in Brady each week in addition to the entire output of the Brady Ice Factory which has a capacity of about six tons per day. Mr. Sandidge is the gentleman who will put in the new ice factory here for next season.

Mr. and Mrs. J. H. Huey, accompanied by their daughter, Miss Mattie, and Miss Martha Chadiek are spending a week's outing in the San Angelo neighborhood.

Walter Caldwell took Contractor Faubin of the Frisco out over the Menard extension Sunday in his auto. They found the grade work progressing rapidly all along the route, and there now remains but about three miles untouched. Mr. Faubin stated that he would be ready to begin laying the rails in about thirty days.

The editor is in receipt of a card from Austin Benham at Chicago in which he says it is nice and cool up there and that he is enjoying it. He will be home Thursday.

Prof. O. H. Robbins, of Melvin, was in the city Monday and made us a pleasant call. His school will open some time in October, the exact date not having yet been set.

OUR COMMERCIAL CLUB.

The Standard desires to call the attention of the members of the Brady Commercial Club to the importance of extending the organization a hearty and united support. Just at this time is a critical period in the town's life, and the success or failure of the Club will undoubtedly have a bearing on the future welfare of our city. The present secretary of the club is making good in all that the term implies. He is doing his work well and faithfully, and the board of directors not only have no change in contemplation, but are really desirous of making arrangements looking to his indefinite continuance in office.

Every member of the club should rally to the support of the organization at this time. Have you allowed your monthly dues to become delinquent? If so, resolve right now to pay up and keep your account in the clear. It takes money to run the club successfully, and the secretary has plans for the spending of the club's finances in a way which will bring returns many times over. In a few days the collector will make his rounds again, and The Standard would urge every member to pay promptly and in good spirit, while those who are not members are urged to align themselves with the organization and take a hand in the work.

Again, give the secretary your moral support. You can greatly encourage him and can probably give him some valuable aid in his work by dropping in to see him frequently. Talk to him, give him your views and learn his. It will be well worth your while to call at the club headquarters once in awhile and learn something of the work in progress.

Above all—keep your membership, pay your dues, boost all you can and don't knock.

The Independent school district of Brady raised their assessed valuation from \$1,250,000 to \$1,795,000 because a tax of 50c on the original assessment would not run the schools the nine months the town wants and requires. This is heroic action on the part of Brady's school board, but we feel sure that the citizens will not complain.—Eden Echo.

Mr. Advertiser:—Figure up what it would cost you to print 2500 circulars, buy stamps and envelopes and address them to 2500 people. Then call The Standard's advertising man and get prices on a display ad. The Standard goes to 2500 people in Brady's trade territory twice a week. And there is no dead timber on the list, while your mailing list probably would contain names of people who have left the country, changed postoffices or died since it was compiled. The Standard is read and appreciated, and the best and cheapest way to advertise is to place your ad in our columns. —tf.

Favors Good Roads.

Waldrip, Texas, August 22.
After all the jabbering is over what are you going to do for a job? This road bond issue is being discussed pro and con. Moss-back and green-back, what are you howling about any way? We want those roads and what is more to the point, we are going to have them. It is not a matter of burdening posterity; the real question is, will we bless or curse them? Humanity is much the same the world over and it matters little if it be across the pasture in search of a milk cow or to market on a load of produce, we enjoy a good road and dread a bad one.

Just look at our country; rich in most all of nature's bounty, but the poorest freaks for roads to be found any where. Our roads have been worked by the people in road squads, each man subject to road duty to put in five days annually. Now pick up the average man and what does he know of scientific road building? His work may last until the next rain, but rarely longer. There you have five day's labor thrown away. Usually the day comes around when the road hand wants to work in his crop and then the enforced labor on the road causes his farm work to cease. He gives his time unwillingly and abuses the government with more vigor than he works the road. Some seem to think bad roads will keep the automobilist in his place. Not much. The automobile is a permanent fixture—a monument to man's forward march to the higher goal. The use or abuse depends upon who is running it. A gentleman respects the rights of others, in driving either an ox cart or an automobile, and the other kind of fellow respects no law except the law of might, and in an automobile he gets by quicker and stands a chance of ridding us of his presence by a lucky accident.

We had just as well fix these roads while we live so we may use them during our life, then hand them down to posterity with the marks of civilization on them, as to hoard our tax money, travel in misery and leave perhaps our children to travel the same road until they get sense enough to do what we should have done for us.

All this rot about burdening posterity with debt sounds nearly as sensible as a father saying he would not make any money to leave his son lest his son have to pay an income tax. Yes, we will build these roads and enjoy and pay for them and leave posterity to do the same. If they are worth using they will be worth it. In the mean time let's urge the automobilist to learn a little sense or refrain from making a public performance of his lack of it. Every national convenience and improvement has met with public disapproval by moss backs until proven a success, then they are the main ones benefitted.

A ROAD ADVOCATE.

Mr. and Mrs. W. J. Moore returned Friday from a month's visit to their old home in Georgia. Mr. Moore seems to have been greatly benefitted in health by the trip, and both of them enjoyed their vacation to the utmost. Mrs. Moore will open her millinery business at the store of C. B. Watters & Co. soon.

Editor Herbert Adkins, of Rochelle, was here Monday on business. Mr. Adkins is figuring on putting in a moving picture show at Rochelle in the near future.

Grady Wilson, son of our new superintendent, will teach the West Sweden school this winter. His duties will begin this Monday in October.

Rev. H. C. Maynor, pastor of the Presbyterian church at Sweden, was a pleasant caller at The Standard office Monday. Assisted by Rev. W. T. Salmon, of Blanket, he has just closed a week's revival meeting Sunday night. During this meeting there were fifty conversions, about 30 reclamations and twenty additions to the church. The interest was good, all denominations taking part in the services. The congregation raised \$115 for Bro. Maynor and his assistant Sunday night. Rev. Maynor makes his home at Blanket and holds regular services here twice each month—on 2nd and 4th Sundays.

STATE OF TEXAS,
COUNTY OF McCULLOCH.

To the Sheriff or any Constable of McCulloch county:—Greeting:

You are hereby commanded to summon Annie Heffernan by making publication of this citation once in each week for four successive weeks previous to the return day hereof in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 35th Judicial district; but if there be no newspaper published in said Judicial district, then in a newspaper published in the nearest district to said 35th Judicial district; to appear at the next regular term of the District Court of McCulloch county to be holden at the courthouse thereof in Brady, on the 3rd Monday in September, A. D. 1910, the same being the 19th day of September, A. D. 1910, then and there to answer a petition filed in said court on the 11th day of August, A. D. 1910, in a suit numbered on the docket of said Court No. 1241, wherein James Heffernan is plaintiff and Annie Heffernan is defendant, and said petition alleging that plaintiff and defendant were married in August, 1900, and separated in June 1902. That defendant was ill-natured and quarrelsome towards plaintiff, and her conduct was of such a nature towards him as to render their longer living together as husband and wife altogether insupportable and impossible. That plaintiff and defendant have been separated for more than three years.

Plaintiff prays that on hearing of said petition that the bonds of matrimony existing between him and defendant be dissolved and that they be divorced, and for costs of suit and for general and special relief. Herein fail not, but have before said Court at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at my office in Brady this 11th day of August, A. D. 1910.

VOCA VOICES.

Voca, Texas, August 23.

Editor Brady Standard.

It sure has been a time since I last wrote you, but will try to do better in the future. We have been going to church and eating fried chicken till we haven't had much time to write.

Revs. Mayo and Moran held a meeting at old Dusty school house last week. There is a big meeting going on now at Voca.

The health of this community is good at present.

We were visited by a good rain last Saturday which was appreciated by all, but not enough rain to put out much stock water.

Hauling corn and picking cotton is the order of the day. Corn is tolerably good, cotton is cut short on account of the two months of extremely hot weather.

Mr. Carter has some friends visiting him from Jones county. They are looking for a location.

We had quite an accident here last week. A horse pitched Lodie Lewallen off, fracturing two ribs, but he is able to be up now.

Well, as news is scarce I will quit, and try to search better for news in the future.

DUSTY DODGER.

Quit sending out of town for legal blanks; get them at the Standard office. If we haven't what you want in stock we can print it on short notice.

Here I come once more after an absence of several weeks. Have been busy trying to keep cool.

We had a good rain Friday. It came just in time to save the feed crop, as well as the young cotton. Prospects are some brighter now.

The new gin put out the first bale last Thursday. They expect to be pretty busy this season.

Mr. and Mrs. Metts spent the week end with relatives at Lohn.

Misses Jesse and Mattie Ramsey returned home Saturday from an extended visit to relatives in Mississippi. Mr. and Mrs. Stevens of Bell county, are visiting Mr. and Mrs. E. W. Frost.

Mrs. Shultz and daughter, Kate, are visiting Mrs. Pearl Hickey.

M. T. Bratton left last week for Ft. Worth.

MALARIAL DISEASES.

How to Avoid Them and the Serious Consequences of Neglect.

"Fix me up something to knock the malaria, doctor," remarked a shalowed, sickly looking man, entering a prominent physician's office the other day.

The doctor stepped to his medicine case, took down a couple of bottles, mixed a preparation which he handed to the patient with the customary advice to "shake well and follow directions," and resumed his seat.

"Such cases are frequent," replied the doctor in answer to a question. "The warm days and damp, chilly nights are certain malaria breeders and are most serious in those who have neglected to keep their stomach, liver and bowels in good condition. Such persons are full of the impurities on which the malarial germ thrives, and it is from this class that typhoid fever, pneumonia, Bright's Disease, small pox and yellow fever claim most of their victims whenever these diseases are prevalent.

The proper way to guard against the malarial germ and the serious diseases which follow it is to get into good condition by taking a reliable remedy that will keep the bowels clear and the liver healthy, and to continue with it at frequent intervals during the sickly season.

A dose of Prickly Ash Bitters three or four times a week will do all of this, besides stimulating the digestion, improving the appetite and keeping the bodily energy at the highest pitch.

Prickly Ash Bitters is known everywhere as a system tonic and bowel regulator. It not only removes all traces of malarial poison from the system, but tones up the vital organs, gives new strength and vigor, makes the body strong and the brain active.

"Prickly Ash Bitters is the best all-around medicine for the family I ever used. During the past ten years I have always kept it in my house. Whenever any of my family show signs of malaria, kidney trouble, indigestion or constipation a few doses is all that is needed to make them well and hearty again."—W. H. McWILLIAMS, Pickering, Ia.

We thank the editor for his kind comment on our good roads article of last week's issue. It makes my article doubly strong. We hope the time is close at hand when every citizen of McCulloch county will be ready to vote bonds to build good substantial roads that will still be good when our great grandchildren inhabit this country.

The Christian meeting held here by Elder T. L. Allen, of Brady, closed last Sunday night.

Misses Mary and Margarette Spiller will leave the last of this week for a month's visit at their old home in Kentucky. Miss Mary has been employed to teach our school this fall.

Our artesian well has already begun to attract the attention of people from a distance.

Prof. C. E. Griffith and father, of Winters, were here this week prospecting with the intention of buying. Some fancy prices were offered but no deal was closed.

Waldrip, Texas, Aug. 15.

Editor Brady Standard.

That new gin is complete and is a thing of beauty, and looks as if it might be a joy almost for ever.

No rain, yet few complaints. We are the best natured and most optimistic people in the world. Just at present we are in imminent danger of a downpour that would be highly appreciated.

Rev. J. B. Wright filled his regular appointment here Sunday with an appreciative audience. Bro. Wright has been one of us since pioneer days, and his sermons are always substantial food to the hungry soul. God

bless him and give us more like him. The longer we know him the better we love him.

Knox Hayes and daughter, Miss Syble, were visiting their friends and relatives here last week, but returned to their home at Lohn Sunday evening.

Abner Glasscock, wife and mother, are visiting relatives at Madge this week.

W. C. Bumgardner and daughter, Miss Vina, of Brady, are here on a visit to friends.

Mr. and Mrs. Foden, of San Angelo, are here on a visit to Mrs. Foden's parents, Mr. and Mrs. J. B. Wright.

Mr. Loggin has sold his crop to Mr. Hutto and will move to Coleman the coming week.

Bob Rabe and family, Mrs. Hays and family and Mr. McBride, and family spent Saturday and Sunday night on the river fishing. All report a fine time, quite the reverse of the report issued by one Willie Young in last week's paper. We think he is pessimistic anyway. Only use to fishing for crawfish and tadpoles. What better could we expect of a dry-lander?

A. J. Basset attended the U. C. V. reunion at Paint Rock, and reports a fine time.

H. D. Bradley and wife, of Fife, visited Mr. and Mrs. Winstead here Sunday.

Most all of Waldrip turned out Sunday to witness the big baptising, at the Chaffin crossing, of the new converts from Rockwood.

Let's all vote for the bridge bonds as the people in this country are almost prisoners in their own county, as the Colorado river is to be crossed in many places, yet there is not a ford on the river that would be even called a fair crossing for a half loaded wagon. Brady wants a bridge and no doubt they need it. We have needed ours for four years. Now Brady take a hint. We can't afford to play fair always, unless you do some times.

Cotton picking is the order of the day with most of the good farmers.

R. A. Sims and family have moved to the Sonora country where Mr. Sims has a contract to build several tanks. C. E. Turner and son accompanied them to assist in the work.

Geo. Nix and family visited at the home of U. E. Turner Sunday.

The singing at Katemey Sunday evening was well attended and enjoyed by all.

A. F. Turner and wife, of Camp San Saba, visited at the home of Henry Custer Monday.

The Katemey boys have organized a base ball nine, and with a little practice will be able to beat the Camp San Saba boys even if they do get a little help from Brady and Voca. Hurray for the Katemey boys.

A Baptist meeting will begin at this place Friday night. Everybody invited.

Mrs. M. D. Morris is on the sick list this week. We hope for her a speedy recovery.

Mrs. Burrough returned last Friday from Stonewall county where she has been visiting her daughters.

The good people of Bethel are very proud of their new church benches and I am afraid Bro. Epps will have some trouble next meeting day trying to keep the people still.

A FOOS PORTABLE GASOLINE ENGINE

is the ideal engine for well drillers. Thirty to forty cents per day for gasoline will operate any standard well drill and drill from twenty to fifty per cent more than can be done with a horse power. You can change speed of engine without stopping engine.

Write for catalogue and learn a dozen other reasons why the Foos is the best gasoline engine. Responsible parties can buy one of these engines by paying part cash and balance on easy terms. HALL MACHINERY CO., Brownwood, Texas.

Young Lady Drowned.

Wednesday evening about 6:00 o'clock Miss Ella Patterson of Pontotoc lost her life in the Llano river at the ranch of Sheriff Gibbs. The young lady was one of a camping party. At the hour stated Miss Patterson and Mrs. Lumbley were wading in water not over two feet deep when the former stepped into a hole and disappeared. The body failed to rise and help was called for, Henry Airhart, who lives on the ranch responding, and after diving and using a long fishing pole finally brought the body of the unfortunate young lady out of a 15 foot hole where it had lain a half hour or more. The victim of the heart rending accident would have been 20 years of age next month, and had just prepared for teaching, having a school in Llano county. The shock is a very severe one to the family who have the sincere sympathy of all in the sudden awful bereavement.—Mason News.

Work of Rural Preachers.

The pastor of the country church is a great factor for rural development. He is the spiritual adviser of the community, and his influence is powerful with the people, old and young. His daily walk and godly conversation lead men to higher and nobler lives. In addition to the gospel he gives in its simplicity and power, the country pastor is always on the alert for civic improvement. He emphasizes those things that advance the interests of rural society. The pulpit can always be depended upon to warn the people against poor sanitation, lack of interest in education, and selfish interests. The minister is a leader of a social unit which inaugurates reform and works for definite ends.

These country preachers should have the hearty support of the people, for they are worthy examples for emulation. For meager pay they labor for the cause of others, and often deny themselves the comforts and necessities of life. No nobler example of Christian fortitude could be given, no better service for rural uplift could be rendered.—Granbury News.

The Standard calls attention once more to its bona fide list of 2500 subscribers. Business men who desire to get their announcements before the people of the Brady territory can do so through these columns cheaper and better than in any other manner.

The Vendome.

Felix Keller and wife came in Monday from Indiana to take charge of the music at the Vendome theater. Mr. Keller is a son of our townsman, A. W. Keller, and is a musician of note, as is also his wife who plays the piano while Mr. Keller plays the cornet. The program this week will consist of new motion pictures and good music, with possibly a vaudeville the latter part of the week.

Be Your Own Landlord

Every cent that you pay out for rent is money actually thrown away. You may not always be able to earn a salary. When sickness or old age comes, you will be "up against it". We make it possible for you to build and own a home of your "very own" and pay for it in monthly payments just the same as you now pay rent. When you know that in the course of a short time your home will be YOURS, the payments are easy.

Write for details of our plan. We also loan money to lift mortgages and to buy real estate. Address Jackson Loan & Trust Co. 155 E. Capitol St. Jackson, Miss.

HEARSE IN CONNECTION

The Spooner Dramatic Company closed its week's engagement at the Vendome Saturday night, after playing the entire week to full houses and satisfied audiences. Friday night's bill was something entirely out of the ordinary for repertoire companies, consisting of vaudeville features entirely. The largest house of the week saw this bill. After the show Dad and Mike put on a 5-round sparring con-

test that was pronounced good. The Spooners have made a host of friends here, and they will be welcomed back the latter part of next month.

Dr. Dyer, of Abilene, was here last week and rented office rooms in the Syndicate Building, having decided to locate permanently in Brady. Dr. Dyer is an eye, ear, nose and throat specialist. He will open his office next week.

To the Farmers

Our gin is now ready for business and we solicit a share of your patronage. Our plant is new and all the machinery is modern, and we are equipped to do your ginning promptly, with a good, clean sample. When you come to town remember the new gin near the depot. We guarantee satisfaction.

We Want Your Business

We are in business in Brady to stay, and not only do we want your wool, but also your hides, poultry, pecans and other produce which can be shipped. Next season we will be prepared to handle all classes of garden truck and we desire, at this time, to ask the farmers of the Brady Country to co-operate with us in securing a market. If you will raise the stuff in sufficient quantities we will buy, either on commission or outright, making shipments to the best markets and affording, to the best of our ability, a ready market for all truck. However, there must be more raised to make the venture a success.

"SQUEALER" SPECIAL SURVEY IS COMPLETED

Frisco Hog Demonstration Train Visited
Brady Saturday and Sunday and
Attracted Good Crowds.

The Frisco's hog demonstration train came in Saturday at noon and remained on the siding in Brady until Sunday night. It was in charge of Tom Frazier, of Morgan, Texas, one of the best posted hog men in Texas. The special had been announced for Sunday afternoon, therefore the attendance Saturday afternoon was not large as few knew it was in town. In fact, the Frisco made a big mistake in not giving notice of the coming of the train sooner than was given. However, considering the fact that the visit was too hasty the attendance of visitors was satisfactory. Fully two hundred people visited the train Sunday, among the number being many farmers who had read the announcement in last Friday's Standard.

Mr. Frazier did not deliver a set lecture, but talked interestingly of hogs and hog raising to all who called Saturday. He was called home on account of illness in his family Saturday night, and the crowds Sunday were given booklets and other literature in line with the purpose of the exhibit, which is to stimulate the hog industry among the farmers of West Texas.

The hogs on exhibit were fine specimens of the Poland China and Duroc Jersey breeds, taken from the Fort Worth stock yards where they had been shipped on open market. They were finely bred and fully illustrated the money-making value of good hogs on the farm. The visit of the special can but be of great value to the Brady country. There is no finer hog country on earth than this, and all it needs is development. If the farmers can be interested in raising more hogs and better hogs the prosperity of the country will be increased in direct ratio to the increase in hog raising.

Druggist D. W. Bozeman, with his guest, S. W. Weaver, of DeLeon, spent several days last week on a fishing trip to the Blue Hole on the San Saba river. They returned to town Friday night, reporting a pleasant outing and the capture of about 75 pounds of fish.

The Coleman North & South Crew Completes Survey From San Antonio to Coleman and Starts North.

Regarding the work of the surveying crew on the Coleman North & South Railroad, which crew worked through Brady a few weeks ago, the Coleman News has the following to say:

The surveying crew of the North & South road reached Coleman last Monday. But they did not delay here only long enough to get their bearings through town and then headed north.

It is now the intention to complete the survey to Seymour as early as possible. Albany is the next town it will strike north of this. The line will cross the T. & P. road about eight miles north of Baird, thence run west of the Texas Central on to Albany.

It is not known just when the grading will commence on this road, but it is safe to say not until the survey is fully completed. However, it is semi-officially given out that work will be under full headway on this line early in the coming year.

This road has many of the Coleman people guessing. The officials, who are Coleman people, give out nothing tangible. They seem to have all the money they need and are asking few favors. Their bills are paid promptly by drafts on Ft. Worth banks. Some think the Santa Fe is behind this proposition and others that it is the Rock Island. There are indications that point both ways. But all this is a mere surmise and may be wide of the facts.

Notice to the Public.

After Sept. 1st we will charge no day fees at our respective wagon yards, but the following schedule of prices will be in force for the night:

25c for wagon and team.
15c for single buggy and horse.
10c for saddle horse.

5c per head for all extra horses. These prices are a little higher than have heretofore been in force, but cutting off the day fees brings it down to a reasonable basis and will enable us to make a small profit. Feed is higher, rent is high and water is scarce, and we trust that our patrons will see the necessity for this small increase in price.

Dr. C. H. Standifer, of Louisville, Ky., was here last week, guest of his old friend and college frater, Dr. T. P. Doole. Dr. Standifer holds the position in the U. S. Marine Hospital at Louisville vacated by Dr. Doole a year or so ago, and is now looking for a location in West Texas. He has picked upon McCulloch county as the best of West Texas, and will probably locate at Mercury. Dr. Standifer is a splendid physician and a polished gentleman, and Mercury citizens will be fortunate if he decides to stop with them.
