Win From Rochelle.

The Brady High School team carried off the honors in the first game of the season at Rochelle last Saturday, where the boys crossed bats with the Rochelle High School team. The final score was: Brady, 8; Rochelle, 7. The Rochelle team showed up with unexpected strength, and until the latter part of the game had things going pretty well their way, but the Brady boys braced up at the critical moment and succeeded in pulling themselves out of the hole, and winning the game by one score.

Deep bay, all purpose stallion. Also good, medium sized Jack, maltese color, 5-years old, in good condition. Will have them in front Thompson livery stable next Saturday, April 8th. Will sell or trade for cash, good notes, mules or horses. J. G. MILBURN, Rochelle, Tex.

The City Council.

The city council met in regular session Monday, transacting routine business. Among the items of chief interest was the passing of a new ordinance defining the class of buildings which may be erected within the fire limits. According to the new ordinance all buildings hereafter erected must have the walls constructed of either brick, stone or concrete, and the roof must be of standard metal or composition construction. No party will be permitted to erect any building without first submitting the plans and specifications to the proper committee of the council and obtaining a legal permit. This ordinance will effectually put a stop to the construction of "iron-clad" frame buildings.

The city marshal and the city attorney were instructed to proceed at once to enforce collection of delinquent taxes for the years 1909 and 1910.

Bids were received for the erection of the bridge over Brady creek near the cemetery. The bids were not satisfactory and the matter was referred to a special committee.

The public funds having been exhausted the Mercury people have opened up a subscription school for two months. Mercury is thoroughly awakened to the necessity of good schools.

CENSUS FIGURES OUT

According to Government Statistics Brady Population is 2,669--Report a Distinct Disappointment.

The Standard is just in receipt of the Government Bulletin giving the statistics of population for the State of Texas, according to the 1910 census. The report gives Brady's population figures at 2,669, and for precinct No. 1, including Brady city, the figures show 5,408 as against 1,222 in 1900.

The report on the Brady population is a distinct disappointment to every citizen, and is the source of much dissatisfaction. That Brady is at least entitled to be credited with something more than 3,000 inhabitants is conceded on all hands, and is borne out by the scholastic census, which shows something over 700 scholastics. Multiplying this number by 5, which is the average proportion of inhabitants to children of scholastic age, would give the population of Brady at about 3,500.

The report, however, is in line with the figures accredited to neighboring cities, all of which claimed a greater population than the census figures credit them with. For instance, Ballinger which has been claiming a population of from 8,000 to 10,000, shows up with but 3,336; likewise Coleman, which is credited with 3,046 inhabitants, has been claiming a far greater population.

The following is the report for McCulloch county:

Dixie Male Quartette.

The Dixie Male Quartette entertained a good audience last Saturday night at the Cozy theatre, the entertainment being given under the auspices of the Brady Mothers' Club. As is usual with entertainments that come as highly recommended as did the Dixie Quartette, something decidedly above the average was anticipated by all who attended, and it is gratifying to note that the evening's entertainment not only came fully up to everyone's expectations, but every number rendered was enthusiastically received and heartily encored. While every member proved himself an artist of exceptional ability, special mention is due to Mr. Kellam for his impersonations, and readings which were among the most delightful numbers on the program.

The Standard hopes to see the Dixie Quartette visit Brady again some time in the future, and we can assure them a hearty welcome from all lovers of refined entertainment.

Still It Rains.

"April showers bring May flowers," and flowers ought to be plentiful this year, for April started in to outclass both February and March in the matter of rainfall. While the threatened rain last Friday night did not materialize, the heavens opened up early Monday morning and poured forth a flood, following up the first effort with more rain Monday evening and night. In all 7-10 inches fell in Brady. The rain is reported general all over the county, and puts the land in as fine shape as was ever recorded.

Oscar Bradley, the 12-year old son of Mr. and Mrs. C. H. Bradley, happened to a serious accident Sunday. The family were just starting to church and the lad was standing in the rear of the buggy holding to the seat, when he lost his hold. In falling his feet caught under the seat turning him completely over his head striking the ground with terrific force, and in this position he was dragged about ten feet before the vehicle could be brought to a stop. Fortunately his injuries were confined to severe bruises and contusions and it is hoped that he will be fully recovered within a few days.

A rather careful study of the architecture of the human face, both in picture and life, leads me more and more to the conclusion that the commonest element of what we term ugliness, or positive homeliness in a face, is under-hung, over-hung, or otherwise misformed or crooked jaws and irregular teeth.

KEEPING CLEAN.

The McKinney Commercial Club has recently had fifteen trash cans made for use throughout the city, and have placed them on the leading streets, for the purpose of encouraging the residents in keeping the city clean. The cans were paid for by advertisements of local merchants, one of which was placed on each side of the four sides of the can.

COMANCHE lost her road bond issue by a small margin, polling 758 votes for and 420 votes against the issue, which, while it gave a majority for the bonds, failed to give the necessary plurality. Not at all disheartened by the defeat, the friends of the measure have called a mass meeting to consider the re-submission of the question. While the defeat is a matter of regret to all advocates of progress and development, it is nevertheless inspiring to see such a demonstration of pluck as exhibited by the friends of the defeated issue at Comanche.

HUNDREDS of acres of cotton and other profitable crops will be grown in McCulloch county soil this year where the grass and mesquite trees flourished last year, and the county is thus gradually developed and her wonderful resources made known. The plow and the hoe are the instruments with which to touch the wealth producing power of an agricultural country such as grand old McCulloch.

A PIECE of Brady property is worth more now than ever before because it will soon be worth more to have the privilege of enjoying the conveniences the town will possess, and the prospectors will take all these matters into consideration as well as the price of property.

Dr. S. A. Knapp Dead.

Demonstrator John T. Love is in receipt of a letter from State Agent J. L. Quicksall announcing the death of Dr. S. A. Knapp at Washington, D. C., Saturday, April 1st, at the advanced age of 78 years. Dr. Knapp was one of the foremost experts of the Department of Agriculture, and was well known in Texas. It was he who took the initiative in combating the boll weevil upon its appearance in the state several years ago. The funeral will take place Wednesday at Ames, Iowa. We quote from Mr. Quicksall's letter as follows:

"A great man has passed off of the stage of action, but his deeds will live forever. This is not only a great loss to his family, but is a great loss to Texas and the nation as well, and I am quite sure that each of us will take this as a personal loss, and feel deep sympathy for the bereaved members of his family. I wish to ask each of you to observe Wednesday as a holiday out of respect for the memory of our great leader and great benefactor to Southern Farmers. I further wish to say that the Demonstration work will continue along the lines that it has been conducted for the past several years, and I wish to take this opportunity to urge you to put forth renewed efforts in carrying and pushing forward the great principle of agriculture that has been advocated by our great chief-tain." Very truly yours,
J. L. QUICKSALL,
State Agent for Central and West Texas.

The Jesse James show gave a performance in Brady last Friday night. The play had all the hair raising and blood curdling features common to plays of the Western melodrama type, but aside from this had little to commend it. They carried a splendid band which gave an open air concert on the streets at noon and also before the performance. Mr. and Mrs. Felix Keller and daughter, Verle, are members of the company. Mr. Keller being with the band, while Mrs. Keller took leading role in the play, and Miss Verle gave several pleasing specialties. These three are all clever people and outclassed by far the balance of the company.

Commissioner H. E. McBride was up from Mercury Monday attending Commissioners Court. He reports a terrific downpour of rain accompanied by a heavy hail storm in the Mercury community last Friday night, and says he hardly expected to find a stalk left in his fields. However the rain had filled the furrows full of water and prevented the hail from doing scarcely any damage at all. The rain fell in sheets and he says he never saw as much water standing on the ground at one time. The hail north of Mercury in the Cowboy community was even worse. Geo. "RUFUS"
THE GRAND PRIZE

Rufus is a handsome Shetland pony, clean built in every particular, with beautiful full mane and foretop, and a tail that sweeps the ground. He is as playful as a kitten, will eat anything from sugar to scraps from the table, and is, in fact, as much of a pet as a lap dog.

He is perfectly gentle, and can be driven by any child. Also he is as good a saddle pony as can be found, having been broken to ride by a cattleman to ride out on the range.

Rufus is as smart as a circus pony and can perform as many tricks as any educated horse. He shakes hands, counts with his feet, stands and walks on his hind legs, will lie down at command, or stand with his front feet on a pedestal. Turned loose in the lot he will come or go at the word of command.

At present, Rufus' sole occupation is hauling The Brady Standards to the post office twice a week. We are anxious to procure a good home for him, where he will receive the best of care and attention, and believe the contestant who will work the hardest for him will be the one who will give him the best home.

The trap was built on a special order, is constructed of the very best material throughout and will last a lifetime. It can be used for two persons, or by merely turning the back seat over and letting down the foot rest it will accommodate four. The simple removal of a bolt throws both seats into one, the front seat thereby forming a convenient rest for the feet.

Rules of the Contest

Announcement—This contest will be conducted on strictly honest business principles, with justice and fairness to all concerned.

Prizes—The first prize shall be the Pony, Trap and Harness complete. Other prizes may be added at any time, at the publisher's option.

Candidates—Any boy or girl in this or adjoining counties is eligible in this contest. The one who receives the most votes at the final count on Wednesday, May 10th, 1911, at 3 p. m., will be declared the winner, and to him or her will be awarded the pony, trap and harness complete. Contestants may secure help and assistance from anyone whom they desire.

Tie in Votes—In case of a tie, the value of the prize will be equally divided or a like prize granted to those tying, at option of publisher.

Classes of Votes—The votes are issued in coupons of the following denominations: New or Cash-in-Advance Subscriptions, 500 votes for \$1.00; Back Subscriptions, 400 votes for \$1.00; Job Printing, (Outside of Brady) 250 Votes for \$1.00; Advertising, (Outside of Brady) 250 Votes for \$1.00; 5-Year Subscriptions (in Advance) to One Address, 5,000 Votes for \$5.00. No Votes given for either job work or advertising secured in the City of Brady. No Votes given on subscriptions paid at this office prior to the opening of this Contest, Wednesday, February 1, 1911.

Right is reserved to add additional classes of votes, also to change or modify these rules and regulations as necessity demands.

General Instructions—Names of Contestants will be printed in order according to standing and the amount of their votes published regularly after first count is made.

During first 60 days no candidate will be permitted to cast over 5,000 Subscription Votes during any one week. Advertising, Job Printing or Free Paper Coupons may be voted in any quantity and at any time.

Votes once deposited in ballot box cannot be transferred to another.

No contestant will be allowed to take more than one of the Special Prizes that may be offered from time to time, but any contestant may secure one of the Special Prizes in addition to the Grand Prize.

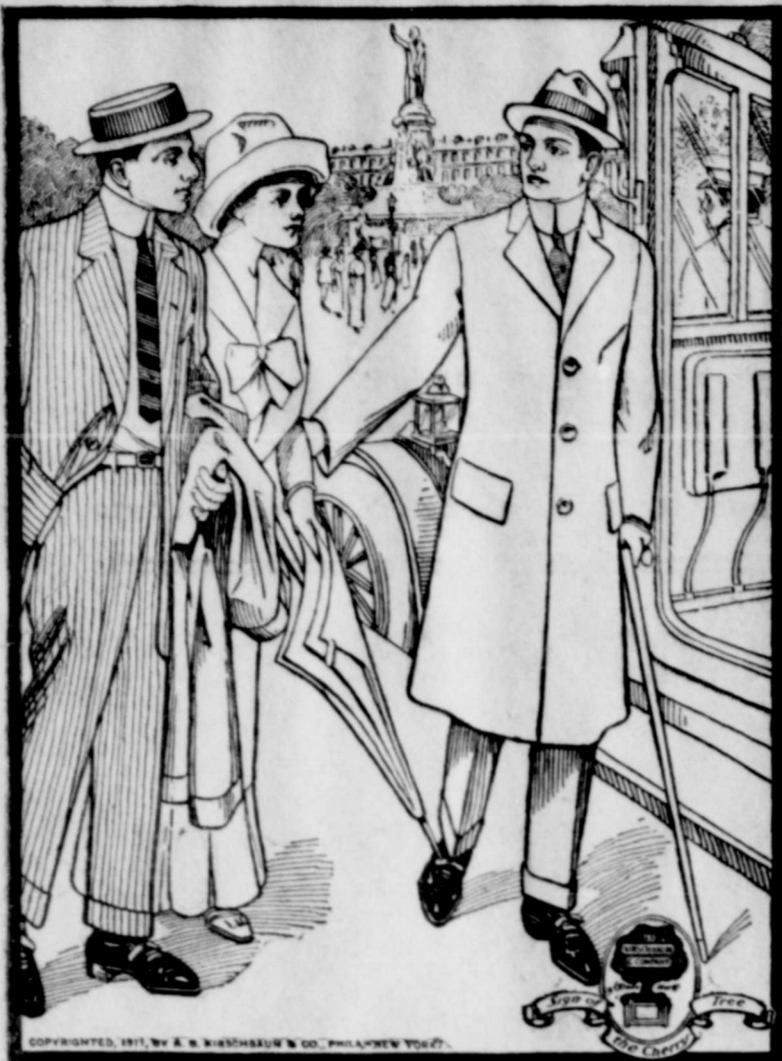

The publishers are not to tell for whom any one votes except in case of alleged error or irregularity.

Contestants should keep a list of their votes and see that the Publisher's figures verify it.

All coupons should be placed in envelopes, furnished by us, with Contestant's name written plainly thereon.

An Awarding Committee of three is to be appointed to make final count and distribution.

FIRE! FIRE! FIRE!

You may possibly soon hear the alarm that your dwelling or place of business is on fire, or that your store, office or shop will soon be destroyed by taking fire from some other building that is burning.

If your books, in which your accounts and records, your deeds, notes, receipts, mortgages, insurance policies, etc., are all in a Victor Fire-Proof Safe they will go through the fire in perfect safety and save you much loss, expense and worry.

B. W. Bigham, of Menard, is representing the Victor Safe & Lock Co., of Cincinnati, O., and will sell you any size safe you may desire and at a price that will suit you.

The testimonials here given are a few of the hundreds which show the true merits of the Victor safe.

San Francisco, June 4th, '06.
Victor Safe & Lock Co., Cincinnati, O.
Gentlemen:—I am pleased to inform you that my Victor safe stood the fire test O. K. It preserved the contents so well that the books and papers I had in it are not even colored. I opened the safe on the combination shortly after the fire, and I can say nothing but the highest praise for the safe. Respectfully,
M. MOELLER.

Victor Safe & Lock Co., Cincinnati, O.
Gentlemen:—Our company has in use at each one of their stores on the coast one of your fire-proof safes, and we were agreeably surprised upon rescuing the safe from our ruins at 210 Stockton street, five weeks after the fire of April 18th, from a pile of debris which was still warm, that the contents of the safe were in perfect condition, and the inside of the safe was perfect. Very truly yours,
SINGER SEWING MACHINE CO.,

Victor Safe & Lock Co., Cincinnati, O.
Dear Sirs:—I had one of your No. 4 Victor safes that went through the great fire of April 18th, 1896, and I am pleased to state that the contents were all preserved in good shape. The safe proved to be just what your agent represented it to be—fire-proof. Yours resp.
S. HESPODARSKY CO., 744 Minna St.

San Francisco, June 22, '06.

Gentlemen:—We are pleased to state that books, papers and other valuables taken from the Victor safe which passed through the earthquake and fire of April 18th to 20th, were in perfect condition. Papers and books were not even discolored. I think the Victor safe is all you represent it to be—strictly fire-proof. Would like to have your agent call, that we may place order for another safe. We are,

Victor Safe & Lock Co., Cincinnati, O.
Gentlemen:—I am pleased to state that the Victor safe No. 4, I purchased through your agent last January was the best investment I ever made. The paper on which this letter is written came out of the safe which went through the great fire of April 18th. This safe opened on the combination, and contents were in perfect condition.
Yours very truly,

San Francisco, June 12, '06.
Victor Safe & Lock Co., Cincinnati, O.
Dear Sir:—In reply to your inquiry as to how the safe came out of the fire on April 18th, will say that it opened on the combination, and the books and papers were preserved. In my opinion it stood the test better than safes of other makes that I have seen. When I start business, I intend to buy a Victor safe. Yours truly,
WM. MAGUIRE.

Fernie, B. C., August 20th, 1908.
E. G. Parnell, Agt. Victor Safe & Lock Co., Vancouver, B. C.
Dear Sir:—I am pleased to advise you that the Victor safes in use at the time of the fire here (which destroyed the entire town) came out O. K., having preserved their contents. In one instance the dial was melted off and the safe had to be broken open, the owner fearing the contents were destroyed; however, as soon as the door was broken open the contents stood intact, unharmed. You have, without doubt, the most reliable safes. Would advise your coming here immediately. P. Burns & Co. had a Victor safe which went through the fire and when opened up everything was in first-class condition; books and papers were not even discolored. Yours truly,
S. A. HUDSON.

Last week the team of comedy acrobats kept their audience convulsed with laughter by their antics, and never failed to bring the house down at a single performance. This week another good team appears in a singing and dancing act, the eccentric dancing proving a winner with all who attended Monday night. In addition the management has secured a line of moving pictures that never fail to please. Two shows every night.
