Band Uniforms.

The members of the Brady Concert band made their initial appearance in their new uniforms last Friday night at the benefit given them by the Lyric theater, and the boys never played better than upon that occasion. The uniforms were received last Friday. They are dark blue with gold braid trimmings, and are striking and attractive in appearance. The band will be one of the features the first three days of the Brady fair.

NEEDED IT.

Magnificent Menard is still trying to emulate bully old Brady. They have even adopted our city ordinances for the government of their citizenship.—Brady Standard.

We only copied the ordinance relating to vagrancy, and that because we thought Brady an authority on such subjects.—Menard Messenger.

Brady's charity extends farther than cast-off clothing and alms. Yea, verily, when we reflect upon what great need Menard has of such an ordinance we willingly part with it, all the more willing because we have no need of it in Brady.

THERE'S THE RUB.

Refugees from Brady say that the only sign of life in that one time place is the back sliding carnival held by the recent converts.—Menard Messenger.

Which explains why the bottom of Claud Callan's pants are always "out." Evidently, he has been the star actor in all of Menard's carnivals of the above description.

If there was an impassable wall built around Mason county our people would still fare well, and have many luxuries; but it would be mighty hard on Brady and Menard to have to go without our fruit, melons, etc.—Mason Herald.

And yet old Mason would give her right eye to have the chocochoo cars give her connection with bully, beautiful, bountiful Brady. Come to the fair—the 9th to the 12th.

Jack McGaughey, of Brady, was spending yesterday and this morning in the city. He reports that Brady has already ginned and weighed 2500 bales of cotton, and the buyers are fully expecting to get 15,000 this season.—Brownwood Bulletin.

All parties knowing themselves indebted to me in accounts and notes past due must come forward and make satisfactory arrangements or their accounts will be placed in the hands of an attorney for collection. J. F. Schaege.

Wanted.

Mules from 4 to 8 years old, from 14½ to 16½ hands high, good flesh, broke to harness. Will be at Bumgardner's stable until Saturday, October 14. C. B. WHITE.

Jones Drug Co. has just received a large supply of pocket knives.

Alvin Hall, of Rochelle, has arrived in the city and was enrolled as a student of Daniel Baker today. Young Hall is an all round athlete and track man and will probably show to an advantage on the track team as well as in base ball. He came a little too late for foot ball, but will round into form for the other sports.—Brownwood Bulletin.

HARKRIDER PRODUCE CO.

Opens Branch in the Syndicate Building This Week.

The Harkrider Produce Co., with headquarters at Ft. Worth, are this week opening up a branch in Brady. The new concern will be quartered in the Syndicate building, having leased the 50 foot room on the east end, and part of the stock is already being placed. W. L. Petree, of Abilene, is looking after the business until the arrival from Brownwood of Mr. Forest

Adams, who will have the management of the business. The Harkrider Produce Co. have for some time had their eye on Brady and with the completion of the Santa Fe into this city, they lost no time in getting in on the ground floor.

Phone us your order for well casing and we will have it made when you get to town. O. D. Mann & Sons.

The Housewife May Use as Much "Gumption" in Spending the Family Income as the Husband Does in Earning It!

"Gumption is not a slang word, by any means. It is Americanese for the "practical sense."

If the housewife doesn't use it, generously, in making purchases for the home, she will find the family income always insufficient—growingly insufficient!

Imprudence—which is a form of non-gumption—will discount and make futile even an increase in the family income. For the easiest thing in the world is to drift along, paying a dollar too much for this thing and a dime too much for that! And this is the invariable practice of those buyers of family supplies who think it "too much trouble to read the ads."

For, you see, the ads are as important to the "buyer" of home supplies as are the market reports to a broker.

Railroad Proposition Off.

The Fredericksburg and Frisco railroad proposition, which has been pending for several months, was brought to a close on Friday of this week by our railroad committee receiving a letter from Mr. Yoakum stating in effect that the Frisco did not care to undertake the building of the road for the present.

Mr. Yoakum, however, stated in his letter that some time in the future the Frisco may undertake the extension of its line south from Brady, and would either go this way or Kerrville to San Antonio.

Our railroad committee has other proposition for the building of the road and no time will be lost in taking these up. We are informed that several railroad men will probably arrive here next week.—Fredericksburg Standard.

We have any size or weight wagon cover. O. D. Mann & Sons.

The ladies of the Epworth League will give a league festival for the benefit of the Epworth League on the court house lawn Friday evening, Oct. 6, 1911. Everyone is most cordially invited to come and help them out. A very elaborate salad course will be served, and you will get your money's worth.

George Darley gave us a brief call this morning. Mr. Darley says he is planning to bring some of his fine hogs to Brady to exhibit during the fair, and will also have some pictures of his cattle on display. The Voca people have the stuff to make a fine exhibit, and will doubtless have a splendid display.

* COMMERCIAL CORNER *
* By the Secretary. *

This is the last communication before the county and state fairs. We want to ask the good people of the county to help us make as good showing as possible here in Brady and at Dallas. The secretary is just in receipt of a letter from F. S. White, the agricultural and horticultural commissioner of the Frisco lines stating that our exhibits would receive special attention by reason of the fact that he advertised them well. At the same time he has promised to assist in the display of each exhibit from this section of the state. It is to the interest of the railroad company to do this much for us. Much, therefore, depends on what we do in the next few days. We are not often called upon to advertise our country with our products, so let us get busy and do something really worth while.

We want to call the attention of all to the list of premiums offered this week by the business men of Brady. These are in addition to those offered by the fair association. Remember the 11th is "Farmer's" day. On that morning the stock, poultry, agricultural exhibits and all others will be judged. There will be addresses made by competent men to the farmers. Don't forget to be there with something to show and get the benefit of every lecture.

The poultry exhibit this year will be worth seeing. A large number of fanciers have already spoken for space. This will be the largest exhibit in the history of the county.

The barbecue on the 9th will be for the veterans. This is not for all the people. The old soldiers and their guests will be the ones to have the barbecue.

A saving of 25 to 40 per cent and all new goods. See Wm. Connolly & Co.

A Feature Attraction.

Since the Brady fair association refused to accept Dr. Frederick A. Cook's offer to come to Brady and give a lecture upon his "trip to the north pole," the Lyric theatre management has come to the rescue, and will present the sensational drama-film "The Truth About the Pole." These pictures were posed by Dr. Cook himself, supported by an eminent cast of Vitagraph actors, and gives his version of the finding of the north pole, and also the conspiracy of a jealous rival to rob him of his laurels. Those who believe he reached the north pole and those who believe he did not, will alike find this feature motion picture the most interesting production of modern times, because of its unusual dramatic value and rare photographic beauty.

This feature attraction is scheduled for next Friday night, and a price of 15c for general admission will prevail, while 25c will admit to any chair in the house.

Our old friend, J. T. Wade, provoked us the other day by slipping a dollar into our hand. He expects the final paper on the patent this week. He feels certain that the future will see every railroad in the U. S. making use of his invention.

SWEDEN HAPPENINGS.

Rochelle, Texas, Sept. 27.
Editor Brady Standard:

Well, Mr. Editor, as we have received a light shower that kept us from picking cotton a few hours, my mind goes back to the dear old Standard. As Bright Eyes hasn't written in a good while, I guess she is busy picking cotton. We won't raise much cotton this year, but it takes a good while to gather the little dab.

Dr. and Mrs. Burgess, Mrs. S. L. Hurd and daughters, Mr. and Mrs. O. E. Engdahl and Mr. O. E. Hurd were the guests of Mr. R. B. Spears and wife last Tuesday evening. All report a most pleasant evening.

We hope we will get all to attend the Brady fair next month and see a good time, meet all our old friends and have a regular handshaking take place.

We had a right nice little shower last Wednesday night.

Everybody in our settlement is busy sowing oats for winter grazing.

There will be a Christian Endeavor rally at our church Oct. 8, at 7 p. m. A special program has been arranged for the occasion and we extend a cordial invitation to all who wish to attend. There will be, besides the program, several interesting talks and music throughout the evening. An enjoyable time is supposed to be had by all. Free? Yes, free for all.

Messrs. F. W. and O. E. Hurd went to Mercury last Sunday.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

HIS TROUBLE NOT OF HEART

Real Facts in Regard To F. R. Huffman's Illness. Relief Obtained By Curing His Stomach Ailments.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Theodor's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits. Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Theodor's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

Insist on Theodor's. Price 25c.

he reached forth his hand high above his head to pass a ladle full of melted rabbit metal to a man on the floor. Just at that moment the stairs broke through and the melted metal came pouring back upon him. A lot of it poured down his arm and in his shirt sleeve. He sustained some painful burns, from which he has suffered considerably.

W. J. Willis, who has a beautiful black land farm of about 100 acres lying on the river about three miles below Voca, will put in a large irrigating plant to be ready for the coming season.

Several families who have picked over their cotton the first time and while waiting on it to open up again have gone to Streeter to pick cotton a while.
