RAIN GAUGE SAYS 1.15 INCHES.

Slow, Steady Downpour Friday, Followed by Sharp, Heavy Rain Saturday Night.

Brady and McCulloch county citizens are rejoicing over a splendid rainfall, and the already excellent prospects are brighter than ever. The first rain began falling Friday morning about 8 o'clock and continued throughout the day, falling slowly and steadily, and extending throughout McCulloch county. The total amount of precipitation according to the rain gauge at the Commercial National bank, was .6 inches. No rain was had Friday at Brownwood, but a fairly good rain fell there Saturday. In Brady the weather continued cloudy all day Saturday, with light drizzles of rain. Saturday night, and early Sunday morning a heavy rain fell, and farmers in various parts of the county report considerable stock water put out. The rainfall amounted to about the same as that of Friday. In all one and three-tenths inches fell, the fall being as follows: Friday, one-half inch; Saturday, one tenth; Sunday, eleven-twentieths inch.

The rain Saturday and Sunday morning appears to have covered all this section of the country, covering all the territory adjacent to the Frisco from Menard to Forth Worth, and also the counties of Tom Green, Coleman, Schleicher, Sutton, Kimble, Mason, and is reported to have extended as far east and southeast as Williamson and Milam counties.

Brady creek ran a little below town, the water coming from the Brady storm sewers, while Live Oak creek supplied sufficient water to fill the holes below the bridge. No water was secured at the dam.

Falling as it did, and being followed by cloudy weather and a comparative calm, the rains will be of inestimable benefit, all of Friday's rain going into the ground, while Saturday night's rain supplied some welcome stock water. Oats throughout this section could not be looking better, and grass and weeds are reported surprisingly good. More rain would, of course, have been welcomed, but everyone is well content with that which has been had.

Mrs. Walter Ake Receives \$22,500 in Legacy.

The many friends of Mrs. Walter Ake are pleased to learn that she has received a legacy amounting to \$22,500 left by an old friend of hers who died several months ago in the City of Mexico. The will divides an estate valued at \$45,000 equally between a daughter of the deceased and Mrs. Ake. Part of the estate consists of valuable property in England.

The daughter mentioned in the legacy lives in Winnipeg, Canada, and is at present looking after affairs in connection with the probating of the will in the City of Mexico. She will visit with Mrs. Ake in the near future upon her return trip to Canada.

Burned to Death.

A deplorable accident is reported on the Littlefield & White ranch below London last week, when a 19-year-old lad named McKinney was fatally burned. The young man, according to best advices, was engaged in burning prickly pears on what is known as the Seline ranch, and in some manner his clothing became saturated with gasoline to the extent that when he approached an open fire his clothing caught fire, and he was burned so badly that he died shortly afterward.

New Rain Gauge.

With characteristic enterprise the Commercial National bank has installed a rain gauge, which now assures an accurate system of keeping tally upon the rainfall in Brady throughout the year. The gauge has been placed in the show window of the bank, where it may be observed by passersby, and measures any amount of precipitation up to three inches, recording the downfall to the tenth of an inch, or even less. The gauge also includes a tally sheet for keeping record of each rain, and will be of unqualified service to all who are interested in keeping up with the amount of rainfall.

I. O. O. F. GRAND LODGE.

Attendance Numbered 1800 Odd Fellows; 600 Rebekahs.

Mr. and Mrs. H. R. Hodges returned Sunday from Houston, where they were delegates to the I. O. O. F. Grand Lodge and Rebekah Assembly respectively. They report a great meeting, with 1800 Odd Fellows and 600 Rebekahs in attendance, and among other noteworthy events, had the pleasure of shaking hands with the Grand Sire of the world, C. A. Kelley of San Antonio.

It was voted to hold the next meeting of the Grand Lodge in Fort Worth, the time of convening being changed from the first Monday in March to the third Monday in March. W. R. Francis of Fort Worth was elected Grand Master of the lodge. The report of the committee selecting Brownwood as the site for the location of the new Odd Fellows home was voted down, and it was decided to abandon the proposition for at least two years.

Brady folks will be particularly interested in the election of Jake Alexander, the well known cotton buyer of Cisco, as Grand Messenger, while Mrs. Jake Alexander was re-elected secretary of the Rebekah Assembly for the eighteenth consecutive year.

Mr. and Mrs. Hodges visited the stock show in Fort Worth upon their return, and while in the city witnessed the inauguration of President Wilson as portrayed in moving pictures for the first time in Fort Worth. The inauguration occurred Tuesday, and the motion pictures of the event were on exhibition in Fort Worth on Saturday—just four days later.

CONFIDENCE IN OIL FIELD.

Renewal of Oil Leases May Be Made by Northern Parties.

A. L. Gallop of Smethport, Pa. arrived in the city Thursday to look after some oil leases held by prominent oil men in his section of the country. He was successful in securing renewal of leases from W. R. Pence on 1600 acres, originally leased about a year ago. Mr. Gallop did not represent any one company, but rather a group of men all of whom are active operators in the Pennsylvania field and who are interested independently in the local field. The fact that the leases were secured for a cash consideration indicates the confidence these men have in future developments here, and Mr. Gallop spoke very hopefully of McCulloch county's prospects.

He stated that he was confident that drilling had not proceeded to a depth sufficient to give a thorough test of the field, and he expressed the hope that there might be a combination of interests here with a view of sinking a well and making the test more thorough.

Before leaving on his return home Monday night, he stated that he liked the country and the people he met here splendidly, and his fondest wish was that affairs might take a turn so as to enable his return with machinery capable of making an exhaustive test.

Mr. Gallop made a very favorable impression among those whom he met in Brady by his quiet and tactful manners, and his apparent knowledge of the oil business, and his new-found friends here would be pleased with nothing more than his early return.

BRADY, TEXAS, Mar. 11, 1913

BRADY'S WELCOME.

The welcome extended the
visitor in Brady the past few
days has not been the most cordi-
al imaginable.

Strange, but true, neverthe-
less.

The rainy weather caused
Bridge street from the square to
the railroad tracks to become
as muddy a place as could be
found—and Bridge street is the
first impression the newcomer
receives of Brady. There is not
the sign of a walk along this
most important thoroughfare,
and as it affords the only con-
necting link between the north
side and the downtown district,
not only are the visitors obliged
to wade the mud, but the pedestri-
ans from the north side as
well.

In addition to the foregoing
discomforts, at night the entire
length is threatened with illu-
mination by a single, lone and
lonesome 16-candlepower incan-
descent light.

Brady's welcome to the city
should be made more hearty
and more inspiring to the stran-
ger, and by so doing the con-
venience of our home people
would also be greatly increased.

A GENIUS, HE SAID.

Harry Schwenker of The Brady
Standard is one of the most un-
scrupulous dollar-getters in the
country. He gets a dollar from
every man he meets whether
the man really wants the paper
he prints or merely wants to
get rid of Schwenker. In proof
of this statement we offer the
following from this week's
Standard:

"While in Brownwood recent-
ly J. T. Baker approached us
with the information that he
read the Menard Messenger, and
that everyone in his store did
likewise. Also he said he was
going to support Callan for con-
gress and his store force had
unanimously decided to follow
suit. Instead of weeping bitter
salty tears over this startling
example of misguided patriot-
ism, we immediately proceeded
to take a dollar away from him
and started The Standard his
way in a campaign of enlighten-
ment."—Brownwood Bulletin.

Whether you're from Brown-
wood or Boston, we'll take your
money. Bring us your unscrup-
ulous dollars.

Boost and the world boosts
with you; knock, and we let you
entirely alone.

Prosperity smiles in some
places; in McCulloch county
Prosperity reigns (rains.)

ABOUT FACE.

The worm has turned.
The long lane has ended.
Heretofore we have been
preaching diversification to the
farmers, and the reduction of
the cotton acreage.

Now, to judge from the im-
mense acreage in oats, we are
going to have to preach the
planting of more cotton. The
farmers have "right about fac-
ed" with a vengeance.

If you have a vacant acre or
two, put in some cotton—and
plant the best seed. It means
bigger and more profitable re-
turns for the same amount of
labor.

SPIRIT OF WEST TEXAS.

Rain in McCulloch county
doesn't dampen the ardor, on the
contrary it is certain to have
the opposite effect. Last Friday
we met one of our prominent
citizens and hailed him with,
"Well, what do you know about
rain?" "Rain," he replied, "you
don't call this rain; this is only
a sprinkle." Fifteen minutes
later we found him thicker'n
two brothers with an auto sales
agent, and about to close a deal
for an auto.

OLD FASHIONED PARENTS.

It is entirely proper to name
your youthful heir "Wilson"
and no one will accuse you of at-
tempting to be original. Some
few old-fashioned parents will
insist, however, upon calling the
defenseless innocent "Bryan."
This name is just as much in
vogue today, dear reader, as it
was sixteen years ago, and, it
possible, a rival of "Wilson" for
first honors.

There is nothing we would
rather see than a rain, unless it
be a farmer's smile. Just at
present the two seem to go hand
in hand.

We note in an exchange that
"the bride wore a pair of \$50
stockings, but that only \$36
worth of them showed." We are
divided in opinion as to whether
it was a stocking show or a
shocking show.

The past several days of mudd-
y and sloppy weather demon-
strated the splendid foresight of
those progressive business men
who had cement crossings con-
structed near their places of
business, and likewise the need
of permanent crossings at a
number of street corners. Boost
for better walks by doing your
part toward providing Brady
with permanent walks and street
crossings.

FACTORY BURNED.

\$700 Loss for J. A. Cameron at
Brownwood.

The mattress factory belong-
ing to J. A. Cameron at Brown-
wood was completely destroyed
by fire last Thursday afternoon,
entailing a loss of \$700. Mr.
Cameron was at one time en-
gaged in the mattress making
business in Brady, and only lo-
cated in Brownwood about three
months ago. The Brownwood
Bulletin gives the following ac-
count of the fire:

"The mattress factory of the
Sanitary Bedding & Fixture Co.,
occupying a frame building on
Lee street, was destroyed by fire
this afternoon at 2 o'clock,
the fire having originated, it is
thought, in the gasoline engine
used as motive power for the
factory. The entire factory was
destroyed, only two or three
mattresses being taken from the
building. The fire department
made a fast run and had a
stream of water playing on the
fire within half a minute after
their arrival, but a strong wind
was fanning the flames and, to-
gether with the fact that the
building itself was an old wood-
en structure and contained in-
flammable materials, made it
impossible to do more than save
the charred walls.

Mr. Cameron, manager of the
plant, estimates his loss at some-
thing like \$700, with no insur-
ance. He states, however, that
the work of the factory will
proceed without interruption,
the machinery of the old Em-
pire Furniture Co. mattress fac-
tory being used while his own
machinery is being repaired.

"It is his belief that the fire
which destroyed his plant yester-
day was caused by friction of
old cotton and shucks combined,
instead of from the gasoline en-
gine. The cotton and shucks, in
the process of cleaning and gin-
ning, are subjected to great
friction, it is said, and this is
believed to have caused the fire
of yesterday."

BIG RABBIT DRIVE.

Nets 600 Bunnies in Rockwood
Community.

Messrs. H. D. and E. W. Brad-
ley were in from Fife Saturday,
and reported a big rabbit drive
in the Rockwood community a
few days previously. The boys
were out on the roundup three
days, and the first day's work
netted them 300, while the sec-
ond and third days showed
about 150 for each day, making
a grand total of 600.

Rabbits are numerous in that
community, and rabbit drives
are popular sport, as well as nec-
essary for the protection of the
crops. All through Coleman
county these drives are made
every now and then.

In speaking of the situation,
Henry Bradley stated that he
was in hopes the commissioners
would again place a bounty on
rabbit scalps, as the animals
were becoming an intolerable
pest. In newly ploughed land,
they would have beaten trails
within a few days, and the far-
mers are threatened with the
loss of their feed crops unless
some steps are taken to extermi-
nate the vermin.

YEAR BOOK of Stark Bro's Nurseries & Orchards Co. MAILED TO YOU FREE

Just say on a Postal Card: "Send me a copy of Stark Year Book for 1913."
When writing, also tell us how many trees, shrubs, vines, etc., you will probably
plant this season.

This Year Book is more than a mere catalogue of Stark nursery products, it is a
practical, easy to understand text book for the guidance of the man who plants trees.
Our own experience of nearly 100 years, the reports of experiment stations and the
opinions of planters from all sections are condensed and reproduced for the benefit of
busy people. An encyclopedia of orchard information, containing full size color
illustrations of gloriously tinted fruits and many photographic reproductions in black
and white; also information on many subjects in which the orchardist is interested.

Hundreds of varieties of apples, pears, peach, plum, cherry, apricot, quince,
grape and all small fruits are described; weaknesses of each variety are pointed out
and good points are explained. We feel that planters should know both.

Those interested in growing fruits or flowers or shrubs or shade trees will find this
book of inestimable value; totally different from the average nurseryman's publica-
tions. It is a book you will keep for reference, and one on which you can depend
as being absolutely accurate. Write today for your copy.

Dame Fashion's Latest Dictates in Millinery Styles

Will be Found Here in Every Imaginable Variety

Friday Our Millinery Section Will be One of the Greatest Attractions in the City of Brady

Here we have assembled what we firmly believe to be the most beautiful collection of millinery ever shown in this store. No one will have the slightest difficulty in finding a hat that is both becoming and satisfactorily priced. You will find many original imported models personally selected by Mrs. Benham on her recent trip together with many charming productions from our own workrooms and from leading American designers. Many of the hats this season are very small and are composed mostly of crown, with but a suggestion of a brim. The shapes are saucy and chic in appearance and are styles that date from early in the last century.

New Spring Neckwear

In the neckwear section we have gathered a beautiful collection of novelties for spring and summer wear, among which are included bows, jabots, beads, hair ornaments and the like.

GALLAN CONCOCTIONS FOR
MAGNIFICENT MENARD

From the Messenger.

After a long illness, Johnnie Bigham died at his home in Menard Thursday, February 27, 1913, and was laid to rest in the Menard cemetery on the following day, the services conducted by the Masonic lodge, of which he had been a member for many years. He was also a member of the local camp W. O. W., and the members of this order marched with the Masons to the cemetery. Deceased was born in Bell county, Texas, January 26, 1864, and on March 28, 1888, was married to Miss Elizabeth Vaughan, who, with one son, Johnnie, survives him. Fourteen years ago he moved with his family to Menard, and during this period has made many friends who deeply regret his death. Besides his wife and son, he is survived by a sister and brother, Mrs. C. M. Bunn of San Angelo, and Oliver Bigham of Nolanville, Texas.

Fritz Wilhelm was down in Del Rio last week buying up their sheep. He bought only 5,000 head this trip, but will buy more soon. He didn't want to turn loose too much money there at one time—it might excite those poor people.

Frank Wilhelm was in from the ranch Monday.

They had a big Martha Washington dinner in Del Rio last week to raise money to buy new door knobs for the court house. The whole town, including the Herald editor and family, turned out to patronize the supper and it was a howling, rip-roaring success. The gross receipts were 98 cents.

A Northern minister declares the world will come to an end in 1913. By that time the progressives will have extended the recall to Divine decrees, and they may decide to run it on a few years longer.

President Wilson's first congress will convene on all fools' day.

Two cars of bats were shipped from Oregon to the Texas coast to eat the mosquitoes. If the mosquitoes down there are what we have been hearing they are they will eat up the bats, but maybe they will give the people a few nights' rest while they are doing it.

Calomel Is Bad.

But Simmons' Liver Purifier is delightfully pleasant and its action is thorough. Constipation yields; biliousness goes. A trial convinces. (In yellow tin boxes only). Tried once, used always.

SAID SHE
WOULD FAINT

Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles."

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint. I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did. Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women. It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

N. E.—Write to: Ladies' Advisory Dept., Carter's Medicine Co., Chattanooga, Tenn. For Special Instructions, a 64-page book, "Home Treatment for Women," in plain wrapper, on request.

LIVE LOCAL LINEUPS IN
RUSTLING ROCHELLE

From the Record.

One of the saddest funeral corteges that has ever been witnessed in this town was that of Mr. Willie Floyd, who departed this life at Fort Worth, where he was attending school, at 6:15 o'clock Tuesday evening, and whose remains were sent over the Frisco to this place, and from here were taken to Satuit, where they were then sent over the Santa Fe to Eden for burial in the Eden cemetery beside that of the departed's sister, little Mabel Lucretia, who was buried there two years ago Easter Sunday. He leaves a father, mother and four brothers to mourn the departure of their son and brother.

G. P. Moore of Brady is putting up the gutter around the new depot this week.

A glorious rain commenced gently falling about the middle of this morning and has continued incessantly up to the time of going to press—late in the evening, and bids fair to continue for some little time yet. This is another one of those slow-falling rains which is making this section of the state famous. Watch the wheat and oats and other winter crops grow—and the people smile—the kind of a smile that's catching.

Mrs. Nora Clark made a business trip to Brady today.

Miss Hazel Townsend of Brady is visiting relatives and friends here this week.

Chas. Schaeff of Brady is in Rochelle this week in his car.

E. E. Willoughby was in from Brady the first of the week.

SAN SABA SAYINGS

From the Star.

J. H. Turner, with a force of hands, started putting down the concrete gutters last Tuesday, and the work will be pushed until the job is completed.

W. H. Gibbons was here this week on business.

Rev. J. T. Hamilton of Mercury was here on business Tuesday.

Rev. Jno. Power baptized nine Sunday evening at the Episcopal church.

From the News.

R. B. McClure is here from Brady this week. He sold his grocery business there in December and has been on a trip to the old home in Georgia. Bob, the News would welcome you back to San Saba; come along.

Rhodes G. Heath and wife of Rochelle are spending a few days in San Saba, guests in the home of Mr. and Mrs. G. D. Heath.

Mrs. Mary Tom of Stanton is here on a visit to her brother, E. Campbell. Mrs. Tom is past 80 years of age, and is remarkably active for one of her age.

R. J. Hensley, formerly of Brady, is opening up a skating rink on Wallace street today. He comes to San Saba well recommended as a live and energetic rink man of experience.

Miss Mabel Thompson of Brady is a guest in the home of her uncle, E. Campbell, this week.

C. E. Anderson, who works on the T. A. Nored ranch, reports a most remarkable hail storm out near the head of Wallace creek last week. He was in the pasture when the hail began falling, and hurriedly dismounted, taking shelter under a large tree. He says that the hail stones were as large as hen eggs, and the ground was perfectly covered for a distance of several miles. One peculiar thing was that there seemed to be no rain at all falling, while the hail came down in torrents. A light rain followed the hail.

Shipping Palace Drug Stock.

The stock of drugs and sundries and store fixtures comprising the bankrupt Palace drug stock, and which were bought in some weeks ago by Messrs. H. J. Lowrey and W. H. Adkins, has been purchased by the Thornton-King Drug Co. of Richland Springs, and is being packed preparatory to shipment to that place.

Messrs. Thornton and King have been engaged in the drug business in Richland Springs for a number of years, having built up a splendid business, and being well and favorably known throughout that section. On the 9th of last January their store, among others, was completely destroyed by fire, but with characteristic energy, they are preparing to "come again."

The Palace drug stock includes a handsome set of fixtures, and a clean and well selected stock of goods, and Messrs. Thornton and King are to be congratulated upon having made so lucky a purchase.

BRADY DRUGGIST DE-

SERVES PRAISE.

Central Drug Store deserves praise from Brady people for introducing here the simple buckthorn bark and gleeberine mixture, known as Adlerika. This simple German remedy first became famous by curing appendicitis, and it has now been discovered that A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. Its quick action is a big surprise to people.

More Mad Dogs.

A couple more dogs thought to have been afflicted with rabies were killed last Sunday, City Marshal Jim Anderson being executioner of one, while Will Dutton played hangman for the other. One of the animals belonged to Rev. W. G. Caperton. Neither had harmed any one, but showed every indication of being mad.

Death of Mrs. G. G. Armor.

The subject of this sketch was born in Maryland February 22, 1830 and moved with her parents to Alabama when quite young. At the age of 17 she joined the Baptist church and ever lived a devoted Christian life, until her death February 7, 1913.

She was married to Rev. G. G. Armor November 13, 1852, in Alabama, and they together moved to Louisiana, thence to Texas, where he served as pastor of various churches until his death, which occurred three years ago.

To them nine children were born. Only one son, Mr. V. L. Armor of Rochelle, Texas, and one daughter, Mrs. M. E. Williams of Fife, Texas, survive her. Being blind for eighteen years, and with other trying afflictions, she bore her suffering with Christian fortitude.

She made her home with her daughter, who loved and cared for her mother with such infinite care that our hearts go out in sympathy to her for the loss of such a dear mother. But it will not be long before you will meet again "around the great white throne."
