A Correction.

The Standard erred in the statement in last Tuesday's issue to the effect that C. D. Kiser and brother had leased the Jones Bros. ranch, the ranch leased having been that of Mrs. John I. Jones at Tucker. The error was the fault of the editor, and we take pleasure in making correction.

A select stock of silverware just arrived. H. C. Boyd, Jeweler.

One of the biggest rains reported for last Wednesday morning was at Gansel's ranch, where a four-inch downpour filled the big tank. Gansel had a good rain about six weeks ago, and the oats were far ahead of the Brady country, according to Mr. Gansel, and cotton was coming up as fast as it was planted.

Episcopal Church Benefit.

There will be a party for the benefit of the Episcopal church at the residence of Mrs. Lewis Brook on the night of May 3, 1913, from 8:00 to 10:00.

There will be a musical program. Refreshments will be served. All are cordially invited.

We do have to pay any percent to put on a sale, and we give our customers this, which is better than sending it out of the country. All we ask is a trial; we will show you the price. Broad Mercantile Co.

G. C. Kirk reports having made splendid time upon his trip to San Antonio. The 143.7 miles were made in seven hours and forty minutes on the down trip, while the return trip was made in exactly seven hours.

ONE TO FOUR INCH RAIN

SPLENDID DOWNPOUR COVERS McCULLOCH CO.

Rain at Brady One and One-Half Inches—Heavier in Other Parts of the County.

Following several days of windy and threatening weather, a splendid rain covered McCulloch county Wednesday morning, and extended all through this section. The rain gauge at the bank showed 1.45 inches, or one-twentieth of an inch less than an inch and a half of rain. Another sharp shower of short duration Wednesday night added one-fourth of an inch to the total.

Tuesday was threatening all day, and prospects appeared excellent for a rain in the morning, slight sprinkles and misting rain falling at intervals. A good shower was reported at San Angelo during the morning, and this brought increased hopes for a rain in McCulloch. The hopes were not realized until about two o'clock Wednesday morning, when a light pattering rain soon increased to a regular downpour and continued almost unabated until after 5 o'clock.

Better than all else was the fact that the rain was general, not only in McCulloch county, but throughout this section, extending all up and down the line of the Frisco from Dallas to Brady and Menard, and along the line of the Santa Fe from Lometa to Eden. South of Brady in the Mason country a splendid rain was also had, while the San Angelo and Coleman country also received a generous

downpour.

Not only was the rain of immense benefit in saving the oats, and other feed crops, but much stock water was put out throughout the county, and this alone is a great boon to the farmers and stockmen. Grass should be plentiful in a short while, and with another good rain in a couple of weeks a good oat crop should be assured.

The heaviest rain reported is at the Gansel ranch, where the tank was filled, and it is said a 4-inch rain is required to do this. At Stacy and Junction both three inches is reported, and at Menard a 2 1/2 inch rain, while most places in the county report a rain about the same as at Brady. Brownwood reports .87 of an inch.

About two and a half feet of water was put in the dam, and the big hole at the filter plant was filled. This assures an abundant supply of water until at least August 1st. The hole immediately at the dam had been dry about two months, but there had been sufficient seepage from the upper holes to keep the town abundantly supplied during all the period.

The following is the report furnished through the courtesy of the West Texas Telephone Co.:

Big rains at Dallas, Dublin, Coleman, San Angelo, Eden, Menard, Stacy, Mason and Junction.

Good rains at Fort Worth, Comanche, Brownwood, Winchell, Mercury, Rochelle, Waldrip, Fife, Tucker, Nine, Katemey, Camp San Saba, Voca, San Saba, Lometa, Richland Springs, Santa Anna, Paint Rock, Goldthwaite and Lampasas.

You will do well to investigate our method before buying a buggy. E. J. Broad.

Jurors Excused.

Judge Harvey Walker advises that all jurors for the second week of county court beginning Monday, April 28th, are excused, for the reason that after the rain the judge feels every farmer ought to be in his field. Non-jury cases will be tried next week, and in cases where a jury is required, the same will be picked up about town.

Pleasant ironing during hot weather is assured when you use an Imperial self-heater. See T. O. Squyres at E. J. Broad's.

Dressers—just take a look at them if in the market. We can please you as to quality and price. Broad Mercantile Co.

Occupy New Quarters.

The building formerly occupied by the Fair Racket store has been leased jointly by H. P. C. Evers and the Excelsior Shoe store, and will be occupied by these firms about the first of the month. The new location is but two doors east of the present location of the firms, and offers additional room and more conveniences.

We don't like to cut and slash prices, but we can do it if it is necessary. Broad Mercantile Co., down on the square.

CALF CREEK PICKUPS.

Brady, Texas, April 21. Editor Brady Standard: Here I come for the first time since Christmas. I suppose you have forgotten me, but I haven't forgotten you. All the farmers are through planting their feed, and have the most of their cotton planted. Mrs. Olga Knight of Sterling City is visiting her parents, Mr. and Mrs. Bridge, of this place. Misses Leathia Wren, Pearl Kolb and Ethel Attaway; Messrs. Paul Coy, Dell Bowers, Bruce Wren, Fred Newson, Bill Mason and Mr. Boyd took supper last Sunday night with the newly-weds, Mr. and Mrs. Jesse Bradshaw, after which they all went back to prayer meeting. All said they had a jolly time, especially Ethel. Mr. R. Davenport and wife are preparing for an entertainment the last of school the 2nd of May. Every body is invited. Mr. Dell Bowers was seen going over toward Mr. Attaway's last Thursday night. This part of the country had a very good little rain last week. Some of the little maize, cane and cotton is peeping up through the ground. Mrs. N. C. Cottrell was over to spend the night with her sister, Mrs. J. W. Attaway last Tuesday night. Mr. and Mrs. J. A. McCoy have moved to Eden, where they will make their home for the coming year. Well, as news is scarce, and the kid is tired, will quit. Love to all. BILLY, THE KID.

Pains in the Stomach.

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the best stomach and kidney medicine made. H. T. Alston of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended to me and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. PRAIRIE VIEW GOSSIP.

Brady, Texas, April 22. Editor Brady Standard: The clouds look a little threatening this morning, and we hope that will put everybody in better spirits. But Socrates said that if all the misfortunes were cast in public stock and equally divided among the whole people those who think themselves the most unfortunate would prefer the lot they now possess in preference to that which would fall upon them. But we think some of our farmers would contradict this now in reference to the rain question, especially those who have oats. Preaching here Sunday afternoon and evening by Rev. Allen was well attended both services. Miss Georgia Williamson spent Sunday night with Miss Annie Bell Davis. Omer Pence was the guest of Ruby Huffman Saturday night and Sunday. Among the visitors to your city Saturday were: O. T. Baird, Leslie Boyles, Dewey Pence, Kirby Huffman, Omer Pence and Ruby Huffman. The sock social here Friday night was well attended, the committee taking in something over \$9.00. Mr. and Mrs. H. N. Davis spent Sunday with Mr. and Mrs. Kirby Huffman. Mr. A. J. Priddy, who is at Marlin under treatment for rheumatism, is reported doing fine, and will probably be home in a few days. Mr. and Mrs. Robert Lee spent Sunday with her parents, Mr. and Mrs. J. D. Holmes. Mr. and Mrs. Joe Hambrick and Mr. and Mrs. C. E. Terry were guests of J. T. Terry and family Sunday. Among those from Rochelle who attended the sock social here were: Messrs. Bertie Burk, Paul Haddow, Reginald Bergquist and Misses Ocie Kincaid, Annie Evans and Lella Anderson. Quite a number of Carroll Colony youngsters attended church here Sunday night. J. A. Patterson has been visiting in our vicinity recently. L. L. Boyles spent Sunday night with W. A. Baird. Mr. and Mrs. D. C. Pence visited in Onion Gap Sunday. Mr. and Mrs. Bud Phillips and family spent Saturday night with H. N. Davis. Bert Priddy was among the Rochelle visitors Saturday. Dewey Pence and Amos Campbell went somewhere Saturday night; haven't learned where, but heard them returning in the wee hours of the night. Must have gone a long way, boys, eh? Misses Josie, Jessie and Velma Oliver and Clara Pennington spent Saturday night and Sunday with Miss Georgia Williamson. Miss Ella Moore spent Sunday with Miss Agnes Baird. Mr. W. E. Benson and Mrs. Belle Taylor were visitors at Rochelle Saturday. Mrs. W. R. Pence was a visitor EUREKA.

MIDWAY DOINGS.

Brady, Texas, April 21. Editor Brady Standard: Please allow me a little space in the best paper in the world. Cotton planting is the order of the day in our community. Feed is looking fine. Farmers are all smiles. Mr. and Mrs. Chesley McDavid are on the sick list. We hope for them a speedy recovery. We have organized a Sunday school at the Midway school house, which meets at 10:30 o'clock. Everybody cordially invited to come. The ball game between Sweden and Midway resulted 4 to 2 in favor of Midway. Cheer up, Sweden, maybe you will beat next time. Mr. Gano Brooks visited at the home of John Mooring Sunday. Miss Cora Adams spent last week with Miss Ella McDavid. Mr. Ed Barker and family spent Sunday with Mr. Bentley's family. Mr. Clyde Terry and family and Mr. Bob Ake and family attended church at Prairie View Sunday. Mr. Arthur Wingo was a guest of Mr. Ab Jacobs Sunday evening. Messrs. Lige Jowers, Malloy Huff, John Green and Roy Young and Misses Lula Huff and May Jowers attended the Christian Endeavor at Sweden Sunday night. Mr. Carl Hurd and family of Sweden were the guests of Mr. M. Green and family Sunday. Mr. Grover Young and wife of Lohn visited the home of Mrs. L. A. Young from Friday until Sunday. Mr. Freeman Green and wife and Miss Hazel Townsend of Brady were in our midst Sunday. Well, I will ring off. If this escapes the waste basket I will come again. Success to all. LONELY GIRL.

LOHN NEWS.

Lohn, Texas, April 21. Editor Brady Standard: Well, after an absence of two weeks, will try and gather a little more of the Lohn news. Rev. Cumby filled his regular appointment here Sunday and Sunday night. Quite a crowd of the Lohn people attended the entertainment at Waldrip Friday and Saturday nights. Miss Laming Bachelor was on the sick list last week. In spite of the dry weather, Mr. J. T. Bissett is putting up a nice fence around his yard. Messrs. R. H. and O. L. Cryer and wives visited at Waldrip last Sunday. Mr. Leon Barton and sister, Miss Carline, were the guests of Miss Hannah and Mr. Hal Hill Sunday evening. Many thanks to Blue Bell for her vote the month of March. The debate at Lohn Friday night was fine. Ernest Tetens thinks so, any way. Miss Velma Hill was the guest of Miss Clara Milburn Saturday night. The Misses Kennedy of Waldrip are spending this week with Mr. and Mrs. O. L. Fryer. Mr. and Mrs. C. C. Horne visited at Fife Sunday. Say, I wonder what has become of Aunt Susan. She must have gotten married. How about it, Aunt Susan? There was a dance at Mr. A. J. Cottrell's Saturday night. Mesdames Ella Cryer and Nannie Williams visited in Brady last Tuesday. Quite a large crowd from here attended the unveiling at Brady Sunday. Well, as news is short this week, will cut this letter short. Now, about publishing each correspondent's vote—I think that is best. By doing so everybody can see who gets the largest number of votes. I think that is the fairest way. Well, if the wind doesn't blow me away I will come again next week, so here's good luck to one and all. PLONCY.

DODGE NEWS.

Brady, Texas, April 20. Editor Brady Standard: Perhaps this wind will blow us a rain. We need it; in fact small grain will not make much unless we get it pretty soon. The farmers have been making good use of the ideal planting weather, and most of them will have all their seed in the ground in another week. Marion Williamson was up last week from Sautit. Marion expects to locate here permanently. He thinks he can enjoy himself here as well as at Sautit or Rochelle, except on Saturday and Sunday. Paul Irvine came very near having his residence destroyed by fire one day last week. He had just made a big fire in his cook stove when the pipe fell. He succeeded in replacing the pipe, however, before much damage was done. The pretty country home of Mr. and Mrs. Abner Hanson was thrown open last Friday evening to the members of the Epworth League of West Sweden and the young people of Dodge. A short program was rendered by the members of the League, after which the young people engaged in various games till a late hour. Refreshments consisting of a salad course and coffee were served. All present had a most enjoyable time. Tom Meador came in Saturday for a visit with home folks. Tom has been employed as night watchman by the O'Neil Engineering Co. at Mart, Texas, for several months. Quite a number of our young people attended the closing exercises of the West Sweden school. John Little came home Saturday from Pasche, where he has been building fence on the White ranch. Walter Garey is in our midst again after an absence of several months. Walter has many friends here to welcome him back. CHIEF.

NORTH BRADY.

Brady, Texas, April 23. Editor Brady Standard: It is looking like rain today, and oats are needing rain badly. Mr. and Mrs. J. B. Cottrell went to Camp San Saba last Wednesday on a fishing trip and were visitors at Lucian Anderson's while down there. Mr. G. A. Nelson has given up hopes on his well. He went 80 feet and got no water. He says he wishes he had spent some of the money on making a tank. This is the second place he has tried for water, and no water yet. Messrs. J. M. Johnson and Will Galloway were among the eight citizens who planted cotton for Morgan Sanders last Friday. Mrs. Sanders' father is here from Burnet county staying with Mr. Morgan at Marlin. A letter from him last week said he was improving very fast and would be home before long. The third ward school of Brady will be out in about four weeks. Mr. Dan Cottrell went to Carroll Colony Sunday. Mr. and Mrs. Alto McShan visited friends at Carroll Colony Sunday. Mrs. Laura and Bessie Sanders were callers at Mrs. Pearl McShan's one evening last week. Mr. and Mrs. J. B. Cottrell visited Mr. and Mrs. J. M. Johnson Sunday evening. I am glad to see the letters of the correspondents improving so much. Since I started my letter it has come a fine rain, and everyone should be thankful, for it will help oats greatly. Adieu. DAISY.

MELVIN MIXUPS.

Melvin, Texas, April 22. Editor Brady Standard: Hello, everybody! Aren't we glad this morning? Such a fine, dandy rain as we had last night, and we sure did need it. The Baptists revival being conducted by Rev. Dunsforth and Rev. Willford of Rochelle is progressing nicely. Mr. Lively of Dallas is here removing the boiler from the O. C. Utsey gin. Mr. R. G. Armor of Eden was sight-seeing in Melvin Sunday. We will have the school exhibition Saturday night. All you correspondents come, and the editor, too. We will find him a girl out here. Say, what has become of Aunt Susan? We miss her from the paper very much. Mr. J. W. Bryson shipped in six hundred head of cattle from Georgetown to his ranch here. Well, as news is scarce, will close. BLUE BELL.

Fine Remedy for A Backward Child.

Continue It For Only a Brief Period and the Good Results Will Surprise You.

A low state of the general health is now the accepted cause of backwardness in children. So in the case of a backward child it is best to look towards building up its health. It will usually be found that the main trouble is in the food, in lack of assimilation and digestion. Hence care should be taken in the kind of food given to the child. This, with plenty of air and exercise, should bring about a change for the better.

Watch the condition of the bowels to note whether the waste is being passed off or not, or whether it is being passed too freely. If either condition prevails give a small dose of that gentlest of all laxative tonics, Dr. Caldwell's Syrup Pepsin. Thousands of mothers will testify to the wonders it has wrought in the lives of their own children, and for that reason legions of families like those of Mrs. J. E. Brunty, 1903 9th Ave., Nashville, Tenn., are never without it in the house. Mrs. Brunty writes: "Harry has always been constipated until I gave him Dr. Caldwell's Syrup Pepsin. I am certainly going to keep this medicine in the house in future for I know it to be good." It is pleasant to the taste and so perfectly safe that it is given to infants, and yet it is equally effective for grown people. All druggists sell it

HARRY BRUNTY.

and the price is only fifty cents and one dollar a bottle, the latter for families who need it regularly.

Syrup Pepsin has no equal as a cure for constipation, indigestion, biliousness, headaches, sour stomach, gas on the stomach, liver trouble and kindred complaints. It has so many advantages that those who once use it forever after discard cathartics, salts, pills and other coarse remedies, for they are seldom advisable and never to be given to children.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

STACY SAYINGS.

Stacy, Texas, April 21. Editor Brady Standard: Well, here I am, a week later than usual, and glad to say that we have had a nice rain since I last wrote. All of the farmers are very busy planting their cotton these days. Rev. Burleson filled Rev. Shirley's regular appointment here Saturday evening and Sunday. A large crowd was out at each service. Mrs. Will A. Robertson of Brownwood visited her sister, Mrs. M. Hammons, last week. Bro. Pearce of Comanche is here visiting his son, Mel. Messrs. Joe and Lige Coffelt left this country last Wednesday for Coleman, where they will stay a few days with relatives and then go to their old homestead in their native state of Tennessee. We are very sorry to hear of their departure from this country, and trust that they will reach their destination safely. There will be a debate next Saturday evening at the tabernacle. The subject is, "Resolved, That Columbus Deserves More Credit for the Discovery of America Than Washington to be the President of the United States." All have a special invitation to attend. Mrs. Dr. Mannerling visited relatives in Coleman last week. JERRY.

ONION GAP ITEMS.

Rochelle, Texas, April 19. Editor Brady Standard: Well, here I come with a few happenings from old Onion Gap. Cotton planting is the order of the day. The Rochelle youngsters came over and gave the boys of the Gap a ball game, and the result was 20 to 6 in favor of the Gap boys. Mr. George Sallee visited Gladys Howard Sunday. Messrs. Curtis Reynolds and Arthur Wingo went to Live Oak to church Sunday. Miss Ola Anderson went to church at Live Oak Sunday night. Mr. and Mrs. E. J. Howard visited Mr. A. B. Crump Sunday. Mr. Glenn Harris is visiting at Camp San Saba this week. Mr. Sam Crider is reported much better at this writing. Mr. George Sallee visited Mr. Irvin Crider Sunday. Mr. and Mrs. O. P. "Yes, our new wagon's a Studebaker—the only kind we KNOW"

"The Studebaker idea has been in our family for sixty years. We have never thought of buying any other kind of a wagon."

"It's true, we're continually being offered other wagons costing a little less, with lots of promises as to what they will do. But we know in our family what a Studebaker will do. A few dollars difference in price doesn't mean much. It's the service a wagon gives that we consider most."

"Long service for a fair price means more every time than short service for a few dollars less."

"That's why we stick to Studebaker—and 'Stick to Studebaker' is a pretty good motto for a man who uses wagons."

"Studebaker wagons are built of good stuff. They're made right by people who've had years and years of experience in making them right—people who are trusted the world over."

"Studebaker wagons last, because they're made to last."

"Look out for the dealer who tells you his wagon is just as good as a Studebaker. That's my advice after a good deal of experience—and the experience of all of my people. You get a Studebaker and you've got a safe investment."

With apologies to The Brady Standard we print the following:

In the last issue of The Brady Standard the Civic League of this pretty little city of Brady had a heart-to-heart talk with the citizens of this little town, in which it is claimed that it is impossible to make a clean town of Brady without the loyal support of the community—not the kind of support that consists of head pats and flowery words, but genuine, dig-deep-down-into your-pocket financial support. The citizens of Brady are acting very unwisely indeed in failing to maintain life in this ambitious League, and it is to be hoped that they will awake to the situation and give the corpse or body a decent burial, at least, and watch with loving care over the little mound, and water the little grasses and flowers that the greenery may keep waving and shedding its fragrant perfumes in honor of the living.—Rochelle Record.

J. D. Tinsley, Santa Fe demonstration agent, returned to Brady yesterday from Georgetown and other points, and has already popularized himself with Brady and McCulloch county citizens by his engaging manner and his willingness to give information upon subjects of interest to every farmer and agriculturist. One of the most interesting of Mr. Tinsley's suggestions is the building of underground silos, it being his contention that a mere dug silo will pay the builder sufficiently the first year to warrant the building of a better one the next. The underground silo can be built very cheaply, it being necessary only to plaster the walls, and the ensilage may be hoisted by the same windlass used to draw the dirt from the hole, while in filling the silo it is only necessary to dump the fodder in. He has promised to furnish a complete description of the plan of building in the near future, and also to give other hints of value to every stock-raiser and farmer.

Waldrip, Texas, April 21.

Editor Brady Standard: We are having symptoms of a rain this afternoon, but it may be a sand storm.

Grain is looking shabby, and cotton almost refuses to come up. School closed last Friday, and it is wisely called the best term of school we have had for years. Trustees, patrons and pupils are well pleased with the results, and the entertainments Friday and Saturday nights were finishing touches, and the teachers, as well as others, have reason to be proud of it. Friday night the tabernacle was full, and the little folks royally entertained their elders. Saturday night the crowd was estimated at five hundred, and the play was splendid. No one had cause to regret coming out.

Lohn, Texas, April 20.

Editor Brady Standard: Thanks, Louest, for your vote. Oh, if you writers don't quit flattering so I am going to have the "big head" sure enough. I am very glad everyone likes my letters. I must say I do my best, although they are very simple.

By the way, I am mad, because I voted for The Kid, and he did not even say "thank you." I bet I don't vote for him again. I am sure he will be sorry. Ha, ha!

Mr. and Mrs. Chas. Steelhammer made a flying trip to the city of Lohn Saturday evening.

Mr. and Mrs. N. C. McShan were the guests of Mr. and Mrs. McMorries Tuesday.

Mr. and Mrs. W. A. Newton and family, Mr. and Mrs. Hemphill and Mr. and Mrs. J. N. Shaver were guests at the Shaver home the past Sunday.

My, yay! We sure had a nice rain last night. I guess the farmers will feel more like planting cotton now.

Miss Lola and Mr. Monroe Webb spent Saturday night at Mr. Kuykendall's.

Mesdames Webb, Shields, McShan and children were the guests of Mrs. Kuykendall Sunday.

Well, I believe the editor asked the correspondents to decide whether to vote in the letters or vote secretly. I think it would be best to vote secretly, and not let the writers know how they stand in the contest.

I am under the impression that this will land in the waste basket, for not much to write this week, but maybe the editor will be kind enough to pardon me this time.

Beg pardon, Sour Kraut, I had set my cap for you, but, alas! for me it is always my luck.

Ploncy, you surely haven't quit writing. You haven't written in two weeks.

I must say good bye until next week. VIOLET.

LOST CREEK ECHOES.

Voca, Texas, April 21.

Editor Brady Standard: I have thought for some time that The Standard had a mighty good bunch of correspondents, in fact I knew it, but when the editor steps up and says the best in the U. S. it made us feel good, and I'll wager a button he knows. The Brady Standard is out and out the best county paper that I know of, and the people of Brady and McCulloch county should well be proud of it and give it their hearty support, for it is doing more for Brady and McCulloch county than anything else combined.

Through its columns can be seen full reports of all events happening in nearly every section of the county, and no wonder the correspondents do good work when the editor takes so much interest in them.

We are needing some rain on oats and grass. Most all the cotton is planted and quite a lot is up. Corn and other small plants are growing fine and the moisture is sufficient to keep them growing some time yet.

Gardens, of course, would be benefited by rain. I can see more and more the need of a little expenditure by every family in preparing to irrigate a home garden through these dry spells, as a home garden goes a long way toward lessening the expenses of the family. I know by experience.

Dr. Jackson got flowing water on his farm, but not in sufficient quantity. The cause was encountering granite at four hundred feet, and the drilling would be too slow and expensive, so he will install a pumping plant if the well tests out sufficient.

A mass meeting of the citizens of Voca, Lost Creek and Liberty is set for next Saturday at Liberty. E. L. White and J. F. Montgomery of Brady are invited to be present, and are expected to be there.

Miss Annie Henderson went to Brady one day last week to have some dental work done.

Mr. J. E. Spiller was shearing sheep last week.

Harvey Henderson went to Brady Monday with a load of wool for J. E. Spiller.

The cut worms are doing some damage to young cotton.

FIVE FINDINGS.

Fife, Texas, April 22.

Editor Brady Standard: Little Miss Ada Horne has been quite sick the past few days with a complication of whooping cough and pneumonia, but is some better at present. We hope for her early recovery.

The primary department of our school closed Wednesday, Miss Ruby Payne, the teacher, leaving for her home at Mason Saturday. Miss Elva Payne will teach another month, at the end of which the school will close for this session. The Misses Payne are to be congratulated upon the success they have made of the school this session, and the trustees have shown their appreciation by offering them the school agate.

Mrs. M. L. Burrell and children are visiting relatives at Oakalla, Texas, for a couple of weeks.

A. E. Thurber and family are here this week from Calf Creek visiting their daughter, Mrs. Donald Finlay.

James Finlay, wife and James, Jr., visited with Mr. and Mrs. John Wall at Brady Sunday.

The entire population of Fife attended the closing exercises of the Waldrip school Friday and Saturday nights. The exercises were as well conducted as any we have ever seen, and Waldrip should be proud of her coming generation.

T. C. Case spent Saturday and Sunday visiting relatives at Brady.

Blake Gattis was a pleasant visitor here Tuesday.

I think it would be all right to publish the vote of the different correspondents once in a while; also their standing in the contest.

EAST BRADY.

Brady, Texas, April 22.

Editor Brady Standard: Well, here I come again as dry as ever and with just a few items this week, as news is scarce in East Brady.

Mr. A. S. Hall was in Brady on business this week.

Say, Penny, your letters are splendid. And how I do love to read them! Little Master Fred Miller, the 9-year-old son of Mr. and Mrs. Ed Miller, was called by death last Tuesday, April 14th, after his many sufferings.

Fred was sick just ten weeks and four days. He was taken to Dallas Friday for an operation. They operated Tuesday about 9 o'clock, and about 11:15 the death angel called him to a higher home. He was a faithful member the Christian Sunday school in Brady. He left three sisters and two brothers, mother and father and many friends to mourn his loss.

Mrs. June Coopender has returned from a week's visit to Mason.

Mrs. Ed Wade is up and able to go again.

Miss Carrie Berry and her Sunday school class of the Christian Sunday school all went to the dam Saturday. Each one invited a friend, and all took their lunch. Those in the party were Misses Lillian Mayo, Louise Richardson, Lula Bee Wiggington, Katie Schultz, Irene Lowrey, Fay Franklin, Opal and Olea Tippie, Larue Wood, Dora Lang, Lela Bumgardner, Flossie and Eda Bell Castleman. The invited guests were Misses Louella Walters, Frances and Alice Samuel, Mary Morris, Nannie Vaughn, Bernice Hall, Bessie Scott, Zula and Nola Meers, Sigua Ford, Doyle Tindal, Fay Alexander, Mamie Spiller, Ella Mae Bumgardner. They all reported a jolly good time.

Mr. and Mrs. Ed Miller and children have returned from a few days' visit with Mr. Miller's parents, Mr. and Mrs. Marion Miller, at Voca, which accompanied them home for a short visit.

I will ring off for this week, hoping all a good rain, as it looks like it might pour down at any minute. GLADDIE.

DUSTY DOINGS.

Voca, Texas, April 19.

Editor Brady Standard: I've just finished reading The Standard, especially the letters. They are all interesting and newsy.

It is time for daisies, and the one that has bloomed in The Standard certainly is a fine writer.

Jerry I agree with you. Violet's letters are far from being nonsense, but they are good and full of news. I am one of the correspondents who would enjoy reading letters from Camps and all other places the editor named, for we can then hear from most all over old McCulloch county. Come on and join our page.

A few youngsters enjoyed themselves at a singing at Mr. Henry Behrens' Sunday night.

Misses Pearl Hopkins and Willora Sheffield visited Miss Pearl Carter Sunday.

Well, Kid, I didn't intend to be flattering. You write such good letters I thought you deserved a compliment.

Many thanks to you for your vote, Lonely Bachelor. You are a fine fellow. If all the bachelors were as good as you, it would pay everybody to be a bachelor. Ha, ha!

Mesdames Pat Word and Zirixia visited Mrs. S. P. Allen Wednesday afternoon.

Mrs. Vance visited her grandparents, Mr. and Mrs. J. U. Carter, Wednesday.

Well, I have just read the Lonely Bachelor's letter of this week, and I think him for his compliment. I'm sure I don't write very good letters, but I'm glad someone likes to read them.

Well, Mr. Editor, I prefer having the votes printed. I think it helps the letters to be more interesting.

Mr. and Mrs. Wilson Brown gave a party last night. They say people from everywhere were there, so you can imagine what a large crowd they had.

Fine Remedy for A Backward Child.

HARRY BRUNTY.

and the price is only fifty cents and one dollar a bottle, the latter for families who need it regularly.

Syrup Pepsin has no equal as a cure for constipation, indigestion, biliousness, headaches, sour stomach, gas on the stomach, liver trouble and kindred complaints. It has so many advantages that those who once use it forever after discard cathartics, salts, pills and other coarse remedies, for they are seldom advisable and never to be given to children.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

Continue It For Only a Brief Period and the Good Results Will Surprise You.

A low state of the general health is now the accepted cause of backwardness in children. So in the case of a backward child it is best to look towards building up its health. It will usually be found that the main trouble is in the food, in lack of assimilation and digestion. Hence care should be taken in the kind of food given to the child. This, with plenty of air and exercise, should bring about a change for the better.

Watch the condition of the bowels to note whether the waste is being passed off or not, or whether it is being passed too freely. If either condition prevails give a small dose of that gentlest of all laxative tonics, Dr. Caldwell's Syrup Pepsin. Thousands of mothers will testify to the wonders it has wrought in the lives of their own children, and for that reason legions of families like those of Mrs. J. E. Brunty, 1903 9th Ave., Nashville, Tenn., are never without it in the house. Mrs. Brunty writes: "Harry has always been constipated until I gave him Dr. Caldwell's Syrup Pepsin. I am certainly going to keep this medicine in the house in future for I know it to be good." It is pleasant to the taste and so perfectly safe that it is given to infants, and yet it is equally effective for grown people. All druggists sell it.

Studebaker

"Yes, our new wagon's a Studebaker—the only kind we KNOW"

The Studebaker idea has been in our family for sixty years. We have never thought of buying any other kind of a wagon.
"It's true, we're continually being offered other wagons costing a little less, with lots of promises as to what they will do. But we know in our family what a Studebaker will do. A few dollars difference in price doesn't mean much. It's the service a wagon gives that we consider most."
"Long service for a fair price means more every time than short service for a few dollars less."
"That's why we stick to Studebaker—and 'Stick to Studebaker' is a pretty good motto for a man who uses wagons."
"Studebaker wagons are built of good stuff. They're made right by people who've had years and years of experience in making them right—people who are trusted the world over."
"Studebaker wagons last, because they're made to last."
"Look out for the dealer who tells you his wagon is just as good as a Studebaker. That's my advice after a good deal of experience—and the experience of all of my people. You get a Studebaker and you've got a real investment."

AS OTHERS SEE US.

With apologies to The Brady Standard we print the following:

In the last issue of The Brady Standard the Civic League of this pretty little city of Brady had a heart-to-heart talk with the citizens of this little town, in which it is claimed that it is impossible to make a clean town of Brady without the loyal support of the community—not the kind of support that consists of head pats and flowery words, but genuine, dig-deep-down-into your-pocket financial support. The citizens of Brady are acting very unwisely indeed in failing to maintain life in this ambitious League, and it is to be hoped that they will awake to the situation and give the corpse or body a decent burial, at least, and watch with loving care over the little mound, and water the little grasses and flowers that the greenery may keep waving and shedding its fragrant perfumes in honor of the living.—Rochelle Record.

J. D. Tinsley, Santa Fe demonstration agent, returned to Brady yesterday from Georgetown and other points, and has already popularized himself with Brady and McCulloch county citizens by his engaging manner and his willingness to give information upon subjects of interest to every farmer and agriculturist. One of the most interesting of Mr. Tinsley's suggestions is the building of underground silos, it being his contention that a mere dug silo will pay the builder sufficiently the first year to warrant the building of a better one the next. The underground silo can be built very cheaply, it being necessary only to plaster the walls, and the ensilage may be hoisted by the same windlass used to draw the dirt from the hole, while in filling the silo it is only necessary to dump the fodder in. He has promised to furnish a complete description of the plan of building in the near future, and also to give other hints of value to every stock-raiser and farmer.

Waldrip, Texas, April 21. Editor Brady Standard: We are having symptoms of a rain this afternoon, but it may be a sand storm. Grain is looking shabby, and cotton almost refuses to come up. School closed last Friday, and it is wisely called the best term of school we have had for years. Trustees, patrons and pupils are well pleased with the results, and the entertainments Friday and Saturday nights were finishing touches, and the teachers, as well as others, have reason to be proud of it. Friday night the tabernacle was full, and the little folks royally entertained their elders. Saturday night the crowd was estimated at five hundred, and the play was splendid. No one had cause to regret coming out.

Mrs. Sam White of Copperas Cove is visiting her brothers, Jim, Alex. and Hubert Lafferty. Mrs. N. S. McBride and daughter, Ruby, of Christoval are visiting Mrs. L. B. Hays. Miss Ethel Moseley of Santa Anna is visiting her uncle, E. W. Frost. Bro. Burrow filled his regular appointment here Sunday morning and night.

Messrs. Roscoe and Willie Ware and Mr. Hamilton of Mercury came up last Saturday to visit Mr. Grover Gattis and attend the school exercises.

The bible conference met Sunday afternoon at 3:30 o'clock. Mrs. John R. Winstead is on the sick list with the mumps.

Messrs. Fred and John Slaughter are moving their store to Hardin this week. Miss Madge Powell visited her sister, Mrs. T. C. Ramsey, of Lohn last week.

Mr. and Mrs. Travis Bundick of Pear Valley visited Mr. and Mrs. E. W. Frost Friday. Misses Mary McKnight and Ruth Schaeff of Brady visited Miss Selma Walker last week.

Miss Vivian Jordan returned to her home in Brady Sunday afternoon with Misses Payne and Alma Wright in the McKnight car.

Miss Willie McMorries was a guest at the Dillardi home Thursday night. Mr. and Mrs. Chas. Steelhammer made a flying trip to the city of Lohn Saturday evening.

Mr. Dave Campbell was a guest at the Shaver home Sunday evening. Mr. and Mrs. N. C. McShan were the guests of Mr. and Mrs. McMorries Tuesday. Mr. and Mrs. W. A. Newton and family, Mr. and Mrs. Hemphill and Mr. and Mrs. J. N. Shaver were guests at the Shaver home the past Sunday.

My, say! We sure had a nice rain last night. I guess the farmers will feel more like planting cotton now. Miss Lola and Mr. Monroe Webb spent Saturday night at Mr. Kuykendall's. Mesdames Webb, Shields, McShan and children were the guests of Mrs. Kuykendall Sunday.

Well, I believe the editor asked the correspondents to decide whether to vote in the letters or vote secretly. I think it would be best to vote secretly, and not let the writers know how they stand in the contest. I am under the impression that for this will land in the waste basket, for not much to write this week, but maybe the editor will be kind enough to pardon me this time.

Beg pardon, Sour Kraut, I had set my cap for you, but alas! for me it is always my luck.

Ploicy, you surely haven't quit writing. You haven't written in two weeks. I must say good bye until next week. VIOLET.

Voca, Texas, April 21. Editor Brady Standard: I have thought for some time that the Standard had a mighty good bunch of correspondents, in fact I knew it, but when the editor steps up and says the best in the U. S. it made us feel good, and I'll wager a button he knows. The Brady Standard is out and out the best county paper that I know of, and the people of Brady and McCulloch county should well be proud of it and give it their hearty support, for it is doing more for Brady and McCulloch county than everything else combined. Through its columns can be seen full reports of all events happening in nearly every section of the county, and no wonder the correspondents do good work when the editor takes so much interest in them.

We are needing some rain on oats and grass. Most all the cotton is planted and quite a lot is up. Corn and other small plants are growing fine and the moisture is sufficient to keep them growing some time yet. Gardens, of course, would be benefited by rain. I can see more and more the need of a little expenditure by every family in preparing to irrigate a home garden through these dry spells, as a home garden goes a long way toward lessening the expenses of the family. I know by experience.

Dr. Jackson got flowing water on his farm, but not in sufficient quantity. The cause was encountering granite at four hundred feet, and the drilling would be too slow and expensive, so he will install a pumping plant if the well tests out sufficient.

A mass meeting of the citizens of Voca, Lost Creek and Liberty is set for next Saturday at Liberty. E. L. White and J. F. Montgomery of Brady are invited to be present, and are expected to be there.

Miss Annie Henderson went to Brady one day last week to have some dental work done. Mr. J. E. Spiller was shearing sheep last week. Harvey Henderson went to Brady Monday with a load of wool for J. E. Spiller.

FIVE FINDINGS.

Five, Texas, April 22. Editor Brady Standard: Little Miss Ada Horne has been gone since the few days with a complication of whooping cough and pneumonia, but is some better at present. We hope for her early recovery.

The primary department of our school closed Wednesday, Miss Ruby Payne, the teacher, leaving for her home at Mason Saturday. Miss Elva Payne will teach another month, at the end of which the school will close for this session. The Misses Payne are to be congratulated upon the success they have made of the school this session, and the trustees have shown their appreciation by offering them the school again.

Mrs. M. L. Burrell and children are visiting relatives at Okalla, Texas, for a couple of weeks. A. E. Thurber and family are here this week from Calf Creek visiting their daughter, Mrs. Donald Finlay. James Finlay, wife and James J. Finlay, visited with Mr. and Mrs. John Wall at Brady Sunday.

The entire population of Five attended the closing exercises of the Waldrip school Friday and Saturday nights. The exercises were as well conducted as any we have ever seen, and Waldrip should be proud of her coming generation.

T. C. Case spent Saturday and Sunday visiting relatives at Brady. Blake Gattis was a pleasant visitor here Tuesday. I think it would be all right to publish the vote of the different correspondents once in a while; also their standing in the contest. E. Z.

Brady, Texas, April 22. Editor Brady Standard: Well, here I come again as dry as ever and with just a few items this week, as news is scarce in East Brady.

Mr. A. S. Hall was in Brady on business this week. He says, Penny, your letters are splendid. And how I do love to read them! Little Master Fred Miller, the 9-year-old son of Mr. and Mrs. Ed Miller, was called by death last Tuesday, April 14th, after his many sufferings. Fred was sick just ten weeks and four days. He was taken to Dallas Friday for an operation. They operated Tuesday about 9 o'clock, and about 11:15 the death angel called him to a higher home. He was a faithful member of the Christian Sunday school in Brady. He left three sisters and two brothers, mother and father and many friends to mourn his loss.

Mrs. June Coopender has returned from a week's visit to Mason. Mrs. Ed Wade is up and able to go again. Miss Carrie Berry and her Sunday school class of the Christian Sunday school all went to the dam Saturday. Each one invited a friend, and all took their lunch. Those in the party were Misses Lillian Mayo, Louise Richardson, Lula Bee Wiggington, Katie Schultz, Irene Lowrey, Fay Franklin, Opal and Olea Tippie, Larue Wood, Dora Lang, Lela Bumgardner, Flossie and Eda Bell Castleman. The invited guests were Misses Louella Walters, Frances and Alice Samuel, Mary Morris, Nannie Vaughn, Bernice Hall, Bessie Scott, Zula and Nola Meers, Signa Ford, Doyle Tindel, Fay Alexander, Mamie Spiller, Ella Mae Bumgardner. They all reported a jolly good time.

Mr. and Mrs. Ed Miller and children have returned from a few days' visit with Mr. Miller's parents, Mr. and Mrs. Marion Miller, at Voca, who accompanied them home for a short visit.

I will ring off for this week, hoping all a good rain, as it looks like it might pour down at any minute. GLADDIE.

DUSTY DOINGS.

Voca, Texas, April 19. Editor Brady Standard: I've just finished reading The Standard, especially the letters. They are all interesting and newsy.

It is time for daisies, and the one that has bloomed in The Standard certainly is a fine writer. Jerry, I agree with you. Violet's letters are far from being nonsense, but they are good and full of news. I am one of the correspondents who would enjoy reading letters from Camps and all other places the editor named, for we can then hear from most all over old McCulloch county. Come on and join our page.

A few youngsters enjoyed themselves at a singing at Mr. Henry Behrens' Sunday night. Mr. and Mrs. Monroe Carter of Menard are visiting relatives and friends in our midst this week.

Miss Bertha Hipp, who has been visiting in our community, returned to her home at Melvin Thursday. Miss Lois Worsham went home with her to spend a few days.

Misses Pearl Hopkins and Willora Sheffield visited Miss Pearl Carter Sunday.

Well, Kid, I didn't intend to be flattering. You write such good letters I thought you deserved a compliment.

Many thanks to you for your vote, Lonely Bachelor. You are a fine fellow. If all the bachelors were as good as you, it would pay everybody to be a bachelor. Ha, ha!

Mesdames Pat Word and Ziriak visited Mrs. S. P. Allen Wednesday afternoon. Mrs. Vance visited her grandparents, Mr. and Mrs. J. U. Carter, Wednesday.

Well, I have just read the Lonely Bachelor's letter of this week, and I thank him for his compliment. I'm sure I don't write very good letters, but I'm glad someone likes to read them.

Well, Mr. Editor, I prefer having the votes printed. I think it helps the letters to be more interesting. Mr. and Mrs. Wilson Brown gave a party last night. They say people from everywhere were there, so you can imagine what a large crowd they had.

Wishing good luck to the editor and readers of The Standard, I'll close. SOUR KRAUT.

We Want Your Business

BIG SALE OPENS.

O. D. Mann & Sons Have Splendid Business Yesterday.

Probably no one could be better pleased with first results than are Messrs. Jim and Duke Mann with the opening day of their big removal sale. The opening of the doors at 9:30 yesterday morning found a big crowd of eager purchasers on hand, and all through the day business in every department was rushing.

The beginning is all the more pleasing because the sale marks a new campaign for business, Mann Bros. having adopted this plan for the first time in eleven years of business. During this period they have enjoyed a splendid growth of business, and while results have been very satisfactory, they have realized that in order to assure continued growth and development of the business new methods of attracting attention to their goods must be adopted, and after a careful study of the various plans, they have followed the plans approved by the largest firms throughout the state—namely, to make sweeping reductions in all lines, and make up in volume of business for the cutting of the profits. In other words, they want to realize cash upon their immense stock, and to do so immediately, the inevitable slashing of prices resulted.

The sale will continue for fifteen days, with Mr. Jack London of the Fleig Sales Co. in charge, and Mr. London has followed to the letter instructions to allow cost to cut no figure in making the reductions, but to reduce the stock at all hazards before the removal to their new quarters is begun.

Healthy Old Age Is What Dr. Hartman Advocates

S. B. HARTMAN, M. D. These out of four of the young men of to-day have just such symptoms as you describe. What does it mean?

Look at me. I am eighty-two years old. Sound as a nut. Tough as hickory. Do not know what it is to be tired. While I cannot do as much physical work as I used to when a young man, I can do a great deal. Probably twice as much as the average young man of to-day.

What has kept me so strong and well? I will tell you. I do not use tobacco. I do not use alcoholic stimulants. I do not use tea or coffee habitually. I go to bed early. I get up early. I am always doing something; something that occupies my body and mind. I love to work. I take a cold water towel bath every morning, winter and summer. It is these things

that have kept me well and strong. You could be just as well and strong as I am if you would do as I do. You may ask, do I never get sick, have I never had occasion to take medicine at all? Yes, I have got sick. Sometimes I feel a little touch of climatic trouble, like cold, malaria, slight catarrhal symptoms, but my only medicine is Peruna. I always keep a bottle of Peruna in the house. I keep a bottle of Peruna on my desk in my office. Once in a while I take some. I do not take it habitually. Take it only when I feel a little out of sorts. One swallow will perhaps be all that will be necessary, but it is always handy by.

It is a sorry sight to see the young men of to-day begin to peep out physically when they ought to be in the glory of their vigor. Eat plain food. Live frugally. Give up all weakening habits. Live as God intended you to live. Take Peruna when you do not feel as well as usual.

If you want me to I will send you a book which will tell you a great many more things about yourself and about matters that may be of great value to you. Enclose a two-cent stamp for postage and the book will be sent in a plain wrapper and you will not be troubled with any follow-up letters or advertisements. PERUNA IS FOR SALE AT ALL DRUG STORES.

SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be glad to send you a free booklet.

Mr. and Mrs. G. C. Kirk returned Tuesday evening from San Antonio, where they spent several days very pleasantly. They report the Battle of Flowers having been postponed until today, but nevertheless they had a most enjoyable time. The return trip was made through showers of rain almost the entire trip from San Antonio.

Rufus Adams, who has been with the Jones Drug Co. the past year or so, has resigned his position, effective the 1st, and will return to his home at Brownwood, where he has accepted the position of city salesman with the Harkrider Produce Co. The new position is quite an important one, and provides a splendid opening for advancement. Rufus is a live wire and a hustler, and during his stay in Brady has been popular with old and young alike. His many friends here rejoice with him in his good fortune, and trust that he may rise to the top of the ladder.

SAFER THAN CALOMEL.

Dodson's Liver Tone at Night Will Straighten You Out by Morning.—Calomel May Knock You Out of a Day's Work.

If you are a calomel user next time you are tempted to buy it ask your druggist if he can absolutely guarantee the drug not to harm you. He won't do it, because he CAN'T do it.

But here is a perfect substitute for calomel which the druggist does guarantee—the famous Dodson's Liver Tone. Jones Drug Co. will refund your money without question if you are not thoroughly satisfied.

Go to Jones Drug Co., with whom you are acquainted—and find out about the great number of people who are taking this remarkable remedy and feeling better, keener, healthier and better able to enjoy life than they ever were when taking calomel.

Why? Because calomel is a poison—one that may stay in the system, and while seeming to benefit you temporarily, may do harm in the end. If you haven't felt these ill effects so far, it is because you are fortunate enough to have a strong constitution.

Don't take the risk any longer. Get a bottle of Dodson's Liver Tone (50c) and note how easily and naturally it corrects all bilious conditions, how it clears away the sick headache and coated tongue, how it sets you right without ache or gripe. The most wonderful thing in the world for constipation.

All this without the slightest interference from your regular habits.

Excuse Me!

Four days of fun and frolic on board a trans-continental limited train with sixty laughs to the minute—and then some.

Mrs. Fosdick, rushing out of her stateroom and not finding her luscious-eyed husband, laid hold of Jimmie Wellington and ordered him to go to the rescue of her spouse. Mrs. Wellington tore her hands loose, crying: "Let him go, madam. He has a wife of his own to defend."

Jimmie was trying to pour out drying messages, and only sputtering, forgetting that he had put his watch in his mouth to hide it, though its chain was still attached to his waistcoat.

Anne Gattie, who had read much about Chinese atrocities to missionaries, gave herself up to death, yet rejoiced greatly that she had provided a timely man to lean on and should not have to enter Paradise a spinster, providing she could manage to convert Ira in the next few seconds, before it was everlastingly too late. She was begging her first heathen to join her in a gospel hymn. But Ira was roaring curses like a pirate captain in a hurricane, and swearing that the villains should not rob him of his bride.

Mrs. Temple wrung her twitching hands and tried to drag her husband to his knees, crying:

"Oh, Walter, Walter, won't you please say a prayer?—a good strong prayer?"

But the preacher was so confused that he answered: "What's the use of prayer in an emergency like this?"

"Walter!" she shrieked.

"I'm on my va-vacation, you know," he stammered.

Marjorie was trying at the same time to compel Mallory to crawl under a seat and to find a place to hide Snoozeleums, whom she was warning not to say a word. Snoozeleums, understanding only that his mistress was in some distress, refused to stay in his basket and kept offering his services and his attentions.

Suddenly Marjorie realized that Kathleen was trying to faint in Mallory's arms, and forgot everything else in a determined effort to prevent her.

After the first blood-sweat of abject fright had begun to cool, the passengers came to realize that the invaders were not after lives, but loot. Then came a panic of misery effort to conceal treasure.

Kathleen, finding herself banished from Mallory's protection, ran to Mrs. Whitcomb, who had given Ashton up as a hopeless task.

"What shall we do, oh, what, oh what shall we do, dear Mrs. Wellington?" she cried.

"Don't you dare call me Mrs. Wellington!" Mrs. Whitcomb screamed; then she began to flutter. "But we'd better hide what we can. I hope the rah-rah-robbers are gentlemen."

She pushed a diamond locket containing a small portrait of Sammy into her back hair, leaving part of the chain dangling. Then she tried to stuff a large handbag into her stocking.

Mrs. Fosdick found her husband at last, for he made a wild dash to her side, embraced her, called her his wife and defied all the powers of Nevada to tear them apart. He had a brilliant idea. In order to save his fat wallet from capture, he tossed it through an open window. It fell at the feet of one of the robbers as he ran along the side of the car, shooting at such heads as were put out of windows. He picked it up and dropped it into the feed-bag he had swung at his side. Then running on, he clambered over the brass rail of the observation platform and entered the rear of the train, as his confederate, driving the conductor ahead of him, forged his way aft from the front, while a third masquerader aligned the engineer, the fireman, the brakeman and the baggage men.

CHAPTER XXXVIII.

All this time Lieutenant Mallory had been thinking as hard as an officer in an ambulance. His harrowing experiences and incessant defeats of the past days had unnerved him and shattered his self-confidence. He was not afraid, but intensely disgusted. He sat absent-mindedly patting Marjorie on the back and repeating:

"Don't worry, honey; they're not going to hurt anybody. They don't want anything but our money. Don't worry, I won't let 'em hurt you."

But he could not shake off a sense of nausea. He felt himself a representative of the military prowess of the country, and here he was as helpless as a man on parole.

The fact that Mallory was a soldier occurred to a number of the passengers simultaneously. They had been trained by early studies in those beautiful works of fiction, the school histories of the United States, and by many Fourth of July, to believe that the American soldier is an invincible being, who has never been defeated and never known fear.

MEETING CONTINUES.

With Splendid Attendance and Increasing Interest.

The meeting being conducted at the Baptist church by Rev. J. C. Newman of Goldthwaite continues to attract large attendance at both the morning and night services, and the members are highly pleased with this evidence of interest in the meeting. The meeting will continue through the week with services at 11:00 o'clock each morning and at 8:00 o'clock at night, and a cordial invitation is extended to the citizens of Brady to attend.

Rev. Newman was called as pastor of the Baptist church on Sunday, April 13th, a week before the meeting began, but has not yet decided to accept the call. He has just undertaken a number of tasks at Goldthwaite, among which is the building of a new church, and is loath to leave the work just begun, and this fact may decide against the call. Aside from this, he is more than pleased with Brady and the hearty welcome accorded him here, and speaks in terms of highest praise of Brady and her citizenship.

Dawson-Page.

A surprise wedding of the week occurred Wednesday night when Mr. W. J. Dawson and Miss Hazel Page were quietly married. The wedding took place at 8:30 o'clock at the home of the bride's parents, Mr. and Mrs. J. M. Page, and only the members of the family were present. Mr. and Mrs. Dawson left on yesterday noon's train for Copperas Cove, where they will visit Mr. Dawson's parents for a few days before returning to Brady to make their home.

Mr. Dawson has held the responsible position of cashier at the Santa Fe depot ever since the first trains were operated into Brady, and during his residence here has won the confidence and esteem of Brady citizens by his uniformly courteous and accommodating manner. He is an earnest, ambitious young man, and his many friends foresee a bright future for him in his chosen work.

The bride is one of Brady's most charming young ladies, a musician and vocalist of no mean ability, and her sweet disposition has gathered about her a large circle of admiring friends and acquaintances.

In their journey through life the happy young couple have the very best wishes of all.

Birthday Party.

Little Eulalia Gavitt celebrated her ninth birthday anniversary Saturday afternoon with a party for her numerous little friends.

Games were played indoors and on the lawn, after which the little hostess invited her guests to the dining room, where cake and cream were graciously served by the child's mother.

Some fifteen children were included in the afternoon's pleasures. Little Eulalia was the recipient of a number of pretty presents.

Sayle-Ballou.

On Sunday morning at 7:00 o'clock the beautiful words were spoken by Rev. T. P. Grant that united Miss Stella Sayle and Mr. Steve Ballou in the holy bonds of matrimony, the ceremony being performed at the home of Mr. and Mrs. Grant.

Those witnessing the ceremony were Mrs. E. R. Sayle and Mrs. Howard Broad, mother and sister of the bride, and Mrs. Tom Holmesley of Comanche, sister of the groom.

The happy couple left immediately afterwards in an automobile, accompanied by Mrs. Holmesley for Hamilton, where they will make their home in the future.

The bride wore a tailored frock of blue, with hat to match, which was so becoming to her particular style of beauty.

Complimenting Miss Jones.

Miss Esther Anderson gave a pretty party on last Friday afternoon at her home in honor of the bride-to-be, Miss Emma Jones.

Forty-two was the feature of the afternoon. At the end of the game Miss Olga Schaege received a pretty silk fan for high score, while the honor guest was presented with an exquisite pin cushion of blue satin and net.

In the dining room, where decorations of white maline and tinsel silver were in evidence, a dainty salad course, with iced tea was served. The plate favors were little dolls clad in pink and white satin, the honoree's doll wearing a veil and wreath of orange blossoms.

The guests present were: Misses Ruth Campbell, Ruby Wood, Estella Bradley, Mary Johanson, Vera King, Mozelle Glenn, Carrie Berry, Olga Schaege, Clara Webster, Ruth Wood, Sarah Johanson, Sallie Nance, Mamie Spiller, Ferol Ford, Lucile Yantis, Carrie Sessions, Minnie Elliot, Graham and Mrs. J. Miss Jones was prettily dressed in white and pink, and wore a drooped leghorn hat trimmed in pink rosebuds and black velvet.

Miss Emma Jones, the bride-elect was the charming honoree at a miscellaneous shower given on Wednesday afternoon by Miss Minnie Elliot at her home in Crothers addition.

ANGER FROM GRIPPE

Lies in That Cough and Weak, Worn-out Condition.

Grippe, pleurisy, pneumonia, these are greatly to be feared at this time of the year.

To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system quickly.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.

Mrs. A. A. Grabill, of Strasburg, Va. says: "Grippe left me weak, run down and with a severe cough, from which I suffered four years. I tried different remedies, but nothing seemed to do me any good until I took Vinol, from which I received great benefit. My cough is almost entirely gone, and I am strong and well again, and I am glad to recommend Vinol to others who suffer as I did."

Try Vinol with the certainty that if it does not benefit you we will give back your money. Central Drug Store, Brady, Tex.

blue crepe paper and laid with hearts of white lace with which she was told to proceed to the parlor and gather in her clothes. Two wires wrapped in blue and white extended across the room, on which was pinned a choice collection of linen, hand-embroidered, together with numerous other dainty and useful gifts.

The ceiling of the room had an effective arrangement of blue and white and suspended above the piano were the initials "V." and "E." encircled by two hearts pierced by a golden arrow.

Following this the hostess drew aside the heavy tapestry curtains leading to the parlor, revealing a picture of pink and green and white. A pink heart placed within one a size larger formed of green made a centerpiece for the table which was laid in hearts of white lace paper. Four cut glass candlesticks with pink crystal shades gave light while a course of cherry ice cream, white cake and mints was served. The place cards were a photograph of cupid seated beneath an umbrella during a shower of rain. For favors of the occasion a corsage bouquet of sweet peas and ferns tied with white satin ribbon was presented.

Miss Jones received a miniature bride and groom as plate favor. During the afternoon delicious grape punch was served.

Miss Elliot was clad in pale blue messaline with trimming of white lace, and Miss Jones wore an afternoon gown of tan silk with touchings of nell rose and lace.

Those present were Misses Vera King, Mozelle Glenn, Ruth Wood, Olga Schaege, Esther Anderson, Nettie Lou Morrow, Lucile Yantis, Ruby Wood, Carrie Sessions, Mary Johanson, Estella Bradley, Ferol Ford and honoree and Mesdames W. C. Baker, J. C. McShan and Cleve T. Jones.

SCHOOL CONSOLIDATION.

Information From One of the County School Trustees.

The consolidation of small schools and of the benefits are too great to mention all in one short article, or even a dozen, as to that matter.

We have had this consolidation subject up for some time in this part of the county, and now we see a few men, though happily not interested directly in the schools, as they have no children to educate, who say it is the most foolish thing that a lot of smart men could get into. Now, it is for a lack of investigation and thorough understanding of this great and all-important subject that this opinion is formed.

We give a clipping from Bulletin No. 15: "The consolidation of smaller schools into larger ones is an essential factor in the adjustment of our local system to the needs of an expanding life. Our small, short term, poorly housed, inadequately equipped and inefficiently taught schools must give place to larger schools having longer terms, better houses, more adequate equipment and genuinely capable teachers."

Now, really, isn't this true? But it matters not how efficient the teacher is, he cannot do justice nor satisfactory work where he has fifty or sixty boys and girls and thirty or more classes and in three or four or more grades.

Among the fundamental weaknesses of our small rural schools are a lack of systematic organization and gradation of the schools and the absence of uniformity in the course of study.

"The consolidated school makes possible proper gradation and classification."—Bulletin No. 15.

Under the system of small schools, our boys and girls are dragged along and by the time they reach the seventh or eighth grade they have become discouraged and are ready to give it up, or if our little school is only a one-teacher school or a two-teacher, is not much better, they will have to be sent to a high school or drop out of school into the wide world without a completed education and not many people in the rural districts are able or willing to send their boys and girls off to a city high school.

If we let our children drop out of school without any education they will not take up with the better class of citizens that you would like to see them with.

A consolidated rural high school will prepare our boys and girls for any class of citizens, and not only so, but will prepare them for business men and women. Every child in the state is entitled to equal educational opportunities with every other child in the state.

The consolidation of small schools and the establishing of rural high schools is an essential prerequisite to this condition. There is no influence set in motion but extends and widens to the eternal shores; then we should be careful of the influence and environments placed around our boys and girls. The usual high school is the place for our boys and girls—away from the evil influence of the city.

But the greatest problem is in locating a high school. Some will let their personal interests control them to the detriment of the school and some will want the school located close to them for convenience, and not consider his neighbor over yonder on the other side of the district.

But the state department of education held and now holds that money raised by local school taxation may be used in

COMMERCIAL CORNER
By the Secretary.

In the industrial news column of our big daily papers much is being said in praise of the split log drag. One of the best correspondents for the special news service says, "The drag has done more toward the economic maintenance of the public highways than any implement of modern usage." That is placing a great claim upon its work, yet it is about true.

McLennan county announces that through popular subscription and a generous appropriation from the commissioners court that they are now operating one hundred and fifty split log drags at this time. This is a mighty good example to follow.

McClulloch county has good road beds, good grades, etc., but unless we protect them by the split log drags, they will soon deteriorate. They will last much

longer with just a little care of this kind.

Mr. J. D. Tinsley, agricultural demonstrator for the Santa Fe, has been in McClulloch county for several days preaching the gospel of silo construction and the proper care and storage of ensilage. He "put one over me" when he told how to construct the underground silo. In other words we can have a silo if we will dig 'em. This will enable us to dispense with the machinery to blow or carry the ensilage to the top of the silo—we will be on a level with the top at the very start. When the feed is taken out and begins to get low, we can use a common windlass or sweep or rope to raise the feed to the surface. This makes the ideal "tin can" for the dumb animals. It also puts the cost of the silo within reach of every fellow that can dig a hole in the ground. We ask the farmers to come in and let us talk it over with them.

This office has been receiving

letters lately from the secretaries of Texas towns asking the cost of lighting our business and residence sections of Brady. They ask for the initial cost of our lamps, also the source through which the funds come to maintain them, etc. All such questions are somewhat embarrassing. We are not out much for the maintenance of our "system of lights" nor are we well up on the cost of the moon and stars. But we want to say that we would feel very proud of our city council if they would put in lights like other towns of equal population and many of them less than Brady.

HOW ONE WOMAN WON

Her Health and Strength Back Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.

Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.
