SUCCESSFUL PLAY.

Record Breaking Attendance at E. Q. V. Club Play.

Nearly every seat in the spacious Lyric-Vendome was taken Wednesday night by the fond mothers and fathers, the friends and acquaintances of the members of the E. Q. V. society of the Brady High school, and never was a program more pleasingly presented than was that of the society. Each number was rewarded with hearty applause, and each and every one of the young ladies distinguished herself by carrying out her part perfectly.

The songs by the members of the club were original and

catchy, and did not fail in their share of applause. The piano duets by Misses Bernice Hall and Bessie Scott, and Mary Snider and Rachael Walker were also highly appreciated. Miss Rachael Walker proved a most talented reader, and a favorite with all.

The play, "Young Dr. Devine" was cleverly rendered, all the players presenting their parts faultlessly, while Miss Hattie Pence proved a most attractive young doctor, even though a disappointment to the young ladies of the seminary, each of whom had set her cap for the young doctor whom they thought was sure to be young and handsome—and a man.

12,369 BALES.

McCulloch County Ginning Report Issued.

The Commercial Secretaries Association of Fort Worth furnishes the following interesting figures upon McCulloch county's cotton production:

McCulloch county's cotton crop in 1912 was 12,369 bales, counting round bales as half bales, and excluding linters, according to a report issued today by the federal department of Commerce and Labor. The cotton production of this county for the past six years follows:
1912, 12,369 bales.
1911, 12,641 bales.
1910, 9,389 bales.
1909, 14,526 bales.
1908, 36,733 bales.
1907, 6,535 bales.

Mothers Meeting.

The regular meeting of the mothers of the primary department of the Presbyterian Sunday school was held the latter part of last week, and proved a perfectly delightful event. After the business hour, the social feature of the meeting was enjoyed. It has been planned to have a picnic on Friday, May 23rd, in the Dutton grove, to which all the teachers and mothers and the children of the primary department are invited.

The next regular meeting will be held in the church parlors the first Monday in June.

School Board Meets.

The Brady School board met Monday night, the meeting being devoted largely to routine matters. Messrs. O. L. McShan and H. J. Lowrey qualified as members of the board. The next meeting of the board will be held Monday, the 28th, at which time the election of teachers for the coming year will probably be taken up.

That Canvas.

In an earlier issue of the Standard this question appeared: "What did the Brady High school boys do with the canvas they were to parade the streets with?" Answer: They saved it, and by Sir Wm. Ramsey's transmutation process converted it into baseball and endurance with which to beat Brady's ex-leaguers in a game of base ball.

3081 SCHOOL CHILDREN.

Scholastic Population of McCulloch County.

The following data is furnished by the Texas Commercial Secretaries association of Fort Worth:

The scholastic population of McCulloch county is 3081 according to the report just issued by the State Department of Education, and the total apportionment of \$6.81 per capita is \$21,104.85 for the 1912-13 term. All of our school children are whites. The total number of school children over seven and under seventeen years of age in Texas is 1,017,133, and 812,896 are white and 204,237 are colored. The males number 515,693 and the females 501,530. The total apportionments are \$6,967,361 for the state.

It is customary to multiply the scholastic population by five in order to ascertain the true population of the county, and on this basis McCulloch county has a population of 15,405, an increase of 2,000 over the federal census of 1910.

The scholastic population of the independent districts of McCulloch county is shown in the following:

COUNTY CORRESPONDENCE

SWEDEN SUNSHINE.

Rochelle, Texas, May 7.
Editor Brady Standard:
(Too late for last week.)

Now, "Ploncy," don't think I am so lucky as all that. I haven't a beau, much less a proposal. I have been trying to wink at "Sour Kraut" and the "Lonely Bachelor," but looks like it is all in vain. They can't catch a bread wagon.

Come again, "Daisy." We enjoy reading your letters, because we know some of your people.

"Blue Bell," quit throwing bouquets at me, but I will try to be more prompt hereafter. I didn't think my absence would amount to a pound of soap after a hard day's washing. Thanks to you for your invitation. I could not go, but there were a few from here who attended.

"Jerry," why don't you organize a literary society in your community? Then you can recite, debate and anything else that you wish to. You mentioned a debate in your last letter, the question read something like this: "Resolved, that Columbus Deserves More Credit for the Discovery of America Than Washington to Be the President of the U. S." Please let me know the decision of the judges in your next letter. That is a pretty hard question to debate on, anyway.

"Billie Yank," you should be proud of your boys if they beat poor Rochelle so awful, awful bad.

"Lonely Girl," I think it is time to say, "Cheer up, Sweden." Don't think because my boys didn't beat yours they can't beat anyone else.

"A Citizen," will say amen to your last letter, because I know that you know what you are talking about. Yes, Mr. Editor devotes too much of his precious time to we correspondents.

I will be glad when spring starts, for then "The Lonely Bachelor" will be "Gladdie" because he can eat "Sour Kraut" while "A Citizen" whips "Billy" "The Kid" for courting the "Lonely Girl." Just at this moment "Billy Yank" and "Ploncy" "Jerry" have returned from the "E. Z." "Chief" with "The Kid" "Eureka" lost, while she looked for a "Violet," "Daisy" and "Blue Bell" in the woods.

LOHN DOINGS.

Lohn, Texas, May 13.
Editor Brady Standard:
Well, how are you all by this time? Fine, I hope.

Say, how many of you correspondents were disappointed last week when you looked in last Friday's paper and failed to find our page? I was, for one.

A. B. Shields happened to a bad accident last Saturday while he and his family were returning from Lohn. One of the traces came undone and the horses got frightened and began to run. They threw all the family out, but none of them were seriously hurt. The horses tore the hack all to pieces.

Mr. E. B. Kennedy and son, Houston, passed through Lohn Monday enroute to Brady.

Mr. F. H. Williams is painting his house this week.

Mr. J. T. Bissett made a business trip to Doole Saturday.

Rev. Burrow filled his regular appointment here last Sunday.

Miss Lanning Batchelor was a visitor at Brady Saturday.

Cotton, oats and maize look fine now. I think oats will make pretty good if we can get another rain on them in a few days. They will be better this year than they were last year.

Miss Bonnie McMorries was the guest of Miss Irena Lohn Sunday.

Mr. and Mrs. F. H. Williams and Miss Hannah Hill were shopping in Brady last Monday.

Mr. A. B. Shields made a flying trip to Brady today and trailed out a nice hack. Look out, Mr. Shields, and don't let your horses get away with this one.

Well, as news is scarce this week, I will close by saying this: When the editor asks us to do certain things we ought to do so. I noticed last month he requested us to cast our votes for our favorite in our next letter and when our letters came half of them never contained votes for anyone. So let's all cast our votes for our favorite. PLONCY.

For the Weak and Nervous

Tired out, weak, nervous men and women would feel ambitious, energetic, full of life and always have a good appetite if they would do the sensible thing for health—take Electric Bitters. Nothing better for the stomach, liver or kidneys. Thousands say they owe their lives to this wonderful home remedy. Mrs. O. Rhinevault of Vestal Center, N. Y., says: "I regard Electric Bitters as one of the greatest gifts. I can never forget what it has done for me." Get a bottle yourself and see what a difference it will make in your health. Only 50c and \$1.00. Recommended by Jones Drug Co.

COW GAP MOOINGS.

Lohn, Texas, May 14.

Editor Brady Standard:
My, my! I am awfully sleepy, but will try to gather up all the mooings I can.

What is wrong with the correspondents? Our page is not half so interesting as it was some time back. I think everyone is getting too neglectful about writing. Come on, and let's make everything as interesting as it used to be.

Mr. and Mrs. Shaver were the guests of Mr. and Mrs. Bernshaw Sunday.

W. M. McMorries and family were guests at the Hemphill home the past Sunday.

Miss Bonnie McMorries was the guest of Miss Winnie Newton last Thursday night.

Mr. and Mrs. McShan visited Mrs. McShan's father near Brady Saturday night and Sunday.

J. N. Shaver and family were the guests of Mr. and Mrs. Hemphill Sunday.

Miss Lena Carroll entertained her pupils with a picnic the last day of school. Everyone reported a jolly good time.

Miss Anna Lee Dillard was a guest at the Huie home Sunday eve.

Several of the Gap youngsters attended the show at Lohn last Wednesday.

Miss Minnie Shaver, is visiting in Eden this week.

Misses Maud and Winnie McCombs attended church at Carroll Colony Sunday.

Mr. and Mrs. Brazleton were guests

NORTH BRADY ITEMS.

Brady, Texas, May 7.
Editor Brady Standard:

(Too late for last week.)
My, my! Rain? I guess! We had a big rain last Saturday night that has benefited the oats very much, but while we had about 1-1/2 inch rain, which mostly fell very fast, with some wind, it didn't do very much washing fields and roads like reports say it did in some places. Mr. and Mrs. Jim Cottrell made a trip to Calf Creek Monday, returning Tuesday, and report creeks up, and fields badly washed by the rain. The ground will be too wet to plant for a day or two yet, in this community.

Mr. J. M. Johnson is having some grubbing done on his farm this week.

Mr. Morgan Sanders returned from Marlin last week very much improved.

Mesdames Nannie Cottrell, Pearl McShan and Susie Johnson were visitors at Mrs. Idel Cottrell's Sunday evening.

Yes, I think all of us correspondents ought to be proud of the privilege to write for the good, newsy Standard.

Mr. J. M. Johnson and Will Galloway were fixing fence Tuesday.

Mr. and Mrs. Jonah Bell were callers at the J. M. Johnson home Monday evening.

Cotton is looking nice, and some just coming up, and some yet to be planted. Grass is growing lately, and is very good now.

I think everybody has plenty of stock water now, and we may have plenty of watermelons and garden later on.

Mr. Ed Stearns, who is attending his bees on the Graham farm, says they are doing well, which he should with that amount of wild flowers to gather honey from.

I must thank "Lonely Bachelor" for his vote. I don't think I am near so good a writer as I might be, and hope to get better and improve from "Lonely Bachelor" and other good writers. I am really glad to hear "Bachelor" say he loves flowers, for so many of them don't care for flowers.

Mr. W. F. Dutton was out at his farm Tuesday. One of his young mules died Saturday night of distemper.

Adieu for this time. DAISY.

Let us figure with you on mowers and rakes. E. J. Broad.

STACY SAYINGS.

Stacy, Texas, May 12.
Editor Brady Standard:

Nearly all the farmers have finished planting their cotton.

Miss Lillie Strickland of Coleman is visiting Miss Annie Dunn this week.

Mrs. M. Hammons is visiting her parents in Comanche this week and last.

The Stacy Literary society met again last Saturday evening and had an entertaining program, and a large crowd attended, and all enjoyed it very much.

Bro. Kerr preached here last Sunday morning—and a good sermon, too—to which everybody was very attentive and enjoyed very much.

Messrs. Doll and Miller Hammons went to Brady Monday on business.

Mr. Arthur Hall was seen in Stacy Monday.

Miss Alice Dickerson left Sunday morning for Sweetwater, where she will be with her sister, Mrs. Mary Williams, for several weeks.

Well, as news is short, will close. JERRY.

"I suffered habitually from constipation. Doan's Regulets relieved and strengthened the bowels so that they have been regular ever since."—E. Davis, Grocer, Sulphur Springs, Tex.

Are You Subject To Contipation.

Here is a Simple Way of Correcting
It Instantly Before It
Becomes Chronic.

Very few people go through life without some time or other being troubled with constipation. Thousands injure themselves by the use of strong cathartics, salt mineral waters pills and similar things. They have temporary value in some cases, it is true, but the good effect is soon lost, and the more one takes of them the less effective they become.

A physic or purgative is seldom necessary, and much better and more permanent results can be obtained by using a scientific remedy like Dr. Caldwell's Syrup Pepsin. It does not hide behind a high-sounding name, but is what it is represented to be, a mild laxative medicine. It is so mild that thousands of mothers give it to tiny infants, and yet it is so compounded, and contains such definite ingredients that it will have equally good effect when used by a person suffering from the worst chronic constipation. In fact, among the greatest endorsers of Syrup Pepsin are elderly people, who have suffered for years and have found nothing to benefit them until they took Syrup Pepsin.

It is a fact that millions of families have Syrup Pepsin constantly in the house, homes like those of Mrs. G. B. Pruitt, Berea, Ky., who used Dr. Caldwell's Syrup Pepsin as a laxative tonic.

You can obtain a bottle at any drug store for fifty cents or one dollar. The latter size is usually bought by families who already know its value. Results are always guaranteed or money will be refunded.

MRS. G. B. PRUITT.

active tonic. Mrs. Pruitt writes that it so strengthened and cleansed her system that she was quickly relieved of a severe cough which had troubled her for months. The special value of this grand laxative tonic is that it is suited to the needs of every member of the family. It is pleasant-tasting, mild and non-gripping. Unlike harsh physics, it works gradually and in a very brief time the stomach and bowel muscles are trained to do their work naturally again, when all medicines can be dispensed with.

You can obtain a bottle at any drug store for fifty cents or one dollar. The latter size is usually bought by families who already know its value. Results are always guaranteed or money will be refunded.

EAST BRADY.

Brady, Texas, May 15.
Editor Brady Standard:

Well, here I come again, saying that I am glad to see so many good writers' letters in the paper.

Mr. and Mrs. Hipp spent the night at Mr. Willie Bumgardner's Sunday night.

Miss Pearl Castleman left Sunday for Whiteland, where she expects to spend a few happy days with her sister, Mrs. Frank Davison, and her many friends.

Mrs. Callan and little son, Joe, have returned to their home at Menard. They have been here visiting her mother, Mrs. J. F. Tindel.

Miss Nola Tindel spent from Friday to Sunday with relatives and friends at Menard.

Miss Burna Avery and brother, Raymond, came over from Menard Sunday to visit friends. Burna will spend a few days here, while Raymond has returned home.

News is scarce, so I will close, with best wishes to The Standard and its many readers. GLADDIE.

We had a big rain in Baylor county May 4th, and everything is looking fine what isn't washed away. Lots of people are going to have to plant their feed and cotton over.

If any of my old friends see this I would like to receive a card or a letter from them, as this is my first attempt to write.

Relic of Spanish Armada.

An anchor of the Spanish armada period, recovered from the Walleit, a well-known "swatchway," three miles off Clacton, England, has been presented to Colchester (Essex) Museum. For generations this anchor has been an enemy to the trawls of local fishermen, but at length one of the flukes became worn partially away, and the last trawl that struck it thus lifted it from the ground.

All About the Frog.

"The frog is a very queer-looking animal which lives on land and in water. If we notice we will find that tadpoles develop into frogs. They first have a tail and no feet and legs; then it loses its tail and two pairs of feet and legs grow on it; and it comes from the water and lives chiefly on land."—From a Schoolboy's Essay.

Dust Laying in England.

The highway department of the city of Leeds, England, has recently treated portions of a macadam roadway with granular calcium chloride to combat the dust. Solutions of the latter had previously been tried at greater cost and without such satisfactory results. Monument to the Heroes of the Alamo

Combining beauty, grandeur and usefulness and representing the patriotic devotion of loyal Texans to the memory of the pioneers who fought for and won liberty, the Alamo Heroes Monument, to be erected in San Antonio on ground hallowed by the blood of the fortress' defenders who preferred death to surrender, will be one of the greatest works ever undertaken in Texas. Its graceful lines that emphasize rather than conceal the rugged strength of the structure will mark it as a work of art; its great height and the massive character of the base, its columns and statuary within and without will give it grandeur, and its usefulness to the people of the whole state will be realized in its galleries, its auditoriums, its museums, its art gallery, its halls for state and national patriotic societies or associations and its individual rooms for each county in

eter and seventy feet high, all of solid Texas granite. These pillars will be surmounted by heroic-size statues of Travis, Crockett, Bowie and Bonham, the four great leaders who died in the Alamo with the men in their commands who had followed them devotedly in the early days of the campaign for liberty, and who did not hesitate to follow them even to death. Above these statues will be placed the six flags that have waved at different times over Texas, the Lone Star and the United States flags in the center, and on each side the flag of the Confederate States of America, of Mexico, Spain and France. Place will be made, too, for an emblem representing the Indian tribes that possessed this land before the Spanish adventurers found their way here. The exquisite grandeur of design and the architecture of the structure will impress itself on

Texas for the maintenance of art or historical exhibits. The Alamo Heroes Monument will rise to a height of 802 feet, the highest structure in the world. It has been designed along modern lines to possess strength and stability such as would not have been possible when the tower of Babel was built, for modern engineering has made possible feats that were impossible then or, for that matter, were impossible only a generation ago; yet with all the advance the science of engineering has made this monument will be one of its greatest accomplishments. It will contain four spacious auditoriums, a museum, an art gallery and statuary hall and a separate room for every county in Texas to be devoted to the encouragement of art and history by the maintenance of exhibits along these lines associated with that county. Near the top balconies will be provided for visitors who wish to take a look into neighboring counties through the large telescopes to be provided for that purpose. is not by any means all to good mustard making. In the first place there's just one mustard seed that will make thoroughly satisfactory mustard—that seed comes from England. Then there has to be extraordinary care taken in the handling and the grinding of the seed so that strength and delicacy of flavor will not be lost.

White Swan Dry Mustard is made from the best selected English seed and is ground by a special process which retains all the "mustardy" goodness of the seed. A little White Swan goes farther and gives better results. Not only pure—better than the law requires.

Dallas - Denison - Fort Worth

will be to a height of 120 feet from the ground, and above that in the shaft, in which one will be placed in each corner and extending to the base of the dome. These elevators will have large carrying capacity, which will be necessary to accommodate the immense crowds that will visit the monument.

The rooms apportioned to the different counties of Texas, in number between 275 and 300, (for some will have to be provided for new counties that will be created in the years to come) will be located within the shaft of the monument, above the four floors in which will be placed the auditoriums, museum, art gallery and chambers for patriotic organizations. These will be reached by the elevators, one of which will be designated to serve them, while the other will run on express schedules between the first landing at a height of about 120 feet, and the balconies at the top.

The dome of the monument will not be open to visitors, but will be offered to the federal government for an observatory such as is now maintained at a few places in the United States and which is much needed in the South. At the very top of the great structure will be located a powerful searchlight, the strongest that it will be possible to obtain. The powerful light may be turned on far-away towns if so desired, but generally it will be turned towards the clouds and its rays will be visible at great distances, far beyond points from which the great tower itself may be seen.

For the maintenance of this monument an admission price of fifty cents will be charged to the museum and art gallery, and another admission price of fifty cents will be charged for a trip in one of the four elevators to the balconies near the top of the structure. These now are for sale at half price, that is, one ticket now being sold for the building fund will entitle the holder to admission to the art gallery and museum and to the elevator trip to the balconies and return. It is contemplated to raise the sum of two million dollars for its construction by and through the sale of four million whole admission tickets at half price. There are four million inhabitants in Texas and this association, with the aid of its county organizations which are now being formed, purposes raising fifty cents for each inhabitant in each county. The projectors of the monument believe that this amount may be raised within one year by hard work and estimate that three years will be required to construct the monument. On this basis they hope in 1918, the two hundredth anniversary of the building of the Alamo chapel, the cornerstone of Texas liberty, Texas may unveil the most magnificent and tallest monument in all the world. Then loyal Texans may feel that they have paid a debt of gratitude owed to those valiant and sacrificing men who gave their lives to free Texas from oppression.

Many persons may feel they cannot afford to give anything

to this great work and others may not consider it worth fifty cents to them to live in a free country where their lives and property are safe, forgetful that Travis and his brave band gave their lives in this cause, but there are many who will contribute not only for themselves, but for others also, will do far more than their share, each of them, because of being loyal Texans and above sectional pride or prejudice. That posterity may know who has helped to build this monument, a card index or register will be kept in the archives which will show each contributor to the building fund, each card bearing the signature of one donor and a record of place of birth, residence in Texas and amount contributed. These cards will be in the custody of the superintendent of the monument and will be preserved in the museum where they may be seen and studied by visitors.

Active work of raising the building fund was begun a few weeks ago, tickets having been placed in the banks and trust companies throughout Texas for sale to those desiring them, each bank retaining the money received on deposit until called for by the trustees to be put to use for which it is given. Already much interest in the monument has been aroused and county agents are explaining the plan and purpose to the people in their respective territories, arousing more interest every day, so the monument fund is increasing rapidly. Each day brings nearer the time when the actual work of constructing this new world's wonder may be begun, each ticket purchased makes this work possible.

COMANCHE VS. BRADY.

Comanche and Brady Playing Series of Games Here.

The first of a three-game series of base ball between the Brady High school team, reinforced by several local ex-stars of the game yesterday afternoon resulted in the defeat of the Comanche bunch of ball tossers in a hotly contested exhibition of the national sport at the cotton yard, the locals winning by a score of 8 to 6.

Steffins will pitch one of the games of the series. "Red" is "going good" now and with the article of ball the high school boys have been putting up lately should have no difficulty in winning his game.

The same teams play again today and tomorrow and good exhibitions are assured. Come out and show your loyalty by rooting for the home team and help them to win further base ball honors.

DR. C. S. POTTS HERE.

Talks of His Impressions of the Brady Country.

Prof. C. S. Potts of the University of Texas, who delivered the baccalaureate address to the graduating class of the Brady High school last night, was a pleasant caller at The Standard office this morning. He expressed himself as very much pleased with the Brady country.

"Our only trouble in Western Texas," said he, "is rain. If we could get the moisture on our land we would have a sort of paradise, as the soil is fertile and the climate is fine. We must overcome the handicap of our semi-arid climate by developing drouth-resisting crops and by taking care of the water that falls. I expect to live to see the time when practically all our storm waters will be impounded in reservoirs and later utilized in irrigation."

In speaking of the school situation Prof. Potts said: "I was pleased with the audience that gathered last night in spite of the threatening weather. It bespeaks a wholesome interest in the schools, which are the best asset any town can have. From what I learn, Brady is to be congratulated on the progress her schools are making. The University has recently recognized this progress by extending additional affiliation on account of the good work done in the high school. A generous spirit of cooperation on the part of the people and a determination to stand together for the best interests of the town always bring good returns."

Prof. Potts believes that the women's clubs or the school board should see to it that ample play ground facilities are provided for both sexes at the schools before the land becomes scarce and expensive. There is nothing that keeps up the spirit of a school more than wholesome and properly directed athletic games and sports. In each school there should be at least one teacher of each sex qualified to take charge of the sports and coach the children in their games—football, baseball and track athletics for the boys, and basketball and similar games for the girls. He told of a recent high school track meet and debating and declamation contest held at the University at Austin when some four hundred young men from seventy-five or a hundred schools entered the various contests. He said it was the greatest occasion of the kind ever held in Texas, and expressed the hope that Brady High school would be represented next year.

Prof. Potts is a very pleasant gentleman, an excellent conversationalist and an enthusiastic worker for education. He returned to Austin today.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Elvesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well. I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you.

It goes to the spot—relieves the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.

BRONCHITIS SUFFERER

Takes Druggist's Advice With
Splendid Result.

If anyone should know the worth
of a medicine, it is the retail druggist
who sells it over his counter every
day in the week, and is in a position
to know what remedy gives the best
satisfaction.

Mrs. Frank H. Ulms, of West Sand
Lake, N. Y., says: "For a number of
years I was a great sufferer from
bronchitis. Last July I had an attack
which was more severe than any, and
my friends thought I could not recover
from it. Then I was advised by my
druggist to try Vinol, which I did,
with wonderful results. My cough
has left me; I have gained in weight
and appetite, and I am as strong as
ever I was. I advise all who have
bronchitis, chronic coughs, or who are
run down to try Vinol."

It is the combined action of the
medicinal curative elements of the
cod's liver, without the greasy oil,
aided by the blood-making and
strength-creating properties of tonic
iron that makes Vinol so efficient.

Remember, we guarantee Vinol
to do just what we say—we
pay back your money if it does not.

Wonder Words From Wonder, Ore.
Dear Readers:

Perhaps you would like to know
what kind of weather we are having.
Last week we had two big white
frosts and thin ice; and yesterday
morning the ice was like a pane of
glass.

As the peaches had just shed, or
were shedding the bloom, it is quite
likely they are all killed, as that is
exactly the right stage for them to be
easily killed.

Apples and pears are not so far
advanced, so it is probable they are
not killed.

This morning (April 29) when we
got up the ground was covered with
snow; and it continued to snow all
day long. But as this is in the val-
ley or lowlands, it melted away as
fast as it fell. On the mountains it
doubtless piled up to a depth of sev-
eral feet.

Early spring flowers, such as vio-
lets, etc., are in bloom and blue bon-
nets are just beginning to peep out
a little in the most favorable places.

One good thing about this country:
If it is cold, we have an inexhaustible
supply of the best fire wood in the
world. Another good thing about the
snow, it keeps melting on the moun-
tains and sinking into the ground,
which keeps us supplied with ice cold
water all summer long. And it is as
clear as crystal.

Referring to the patriotism of Mr.
Ballou in unfurling "Old Glory" on
San Jacinto day, I will state that we
have a law requiring all public schools
to keep the banner floating during
school hours. And on the 4th of
July is to be seen everywhere the
stars and stripes. All of the places
of business are festooned with the
emblematic colors.

I wish you Texas "quill" men would
use your influence and prevail on the
legislature to enact a statute requir-
ing public schools to display "Old
Glory." I would like to furnish you
150 car loads of flag poles. We have
millions of them 50 to 75 feet long
and almost the same size at both
ends, and when the bark is stripped
off of them they are as round as a
stove pipe and smooth as an onion.

I will tell you more good qualities
next time, so goodbye for the present.
Yours truly,
O. I. C. U. R. RIGHT.

A man recently tried out the
guarantee which Jones Drug Co.
gives with every bottle of Dod-

bottle and then went back to
the drug store and said the medi-
cine hadn't helped him.

This druggist just reached in-
to his cash register and took
out a half dollar, the price of the
bottle of Liver Tone, and hand-
ed it back to the gentleman.
He owned up that he was just
trying the guarantee and, as a
matter of fact, he had found
Dodson's Liver Tone the best
remedy for constipation and bil-
iousness he had ever tried.
"Why," he said, "my wife
wouldn't be without a bottle in

that I prefer to take or give to

West Telephone Co.

"The System Reliable"

Mr. Farmer

There is no more fitting illustration of
that old adage, "Time saved is money made,"
than a West Texas Telephone.

A West Texas Telephone eliminates the
necessity of hauling your produce to mar-
ket only to find that the price at which you
expected to sell was no longer procurable,
forcing you to haul it home again.

It places you in touch with the market to
the minute.

It enables you to talk direct to your mer-
chant, making your bargains at home and at
your leisure.

It solves the problems of rural isolation.
It brings your friends both far and near
within the sound of your voice.

Let a West Texas Telephone do your
work and save you time, trouble and expense.

Sensitive Plant Life.
The craving of plants and trees for water has sometimes led them to terrible extremes. A poplar has been known to burrow beneath a wall, under a road, and down a well—all in search of water, and a pertinacious turnip which got the tip of its root into the crack in a field drain went on and on until it was six feet long in the drain. So sensitive is the tip of the root on the water question that Darwin declared it must have a brain in it.

Popular Sun Bath.
The sun bath is said to be so popular at present in Germany that in several cities one can buy a ticket for a sun bath just as in America one buys a ticket for a bath in the surf. The sun bath ticket entitles the holder to a room for disrobing, a bathing suit and a "place in the sun."

Method of Bleaching Ivory.
To bleach ivory ornaments or piano keys the following method works well. The ornaments are first washed or "soaked," if possible, in a bath of unslaked lime, which has in it a few ounces of bran and water. This should make a pasty solution if properly mixed, and will bleach the ivory which is discolored or stained. It should be rubbed off with a cloth and the ivory dried in magnesia powder. After a few minutes a few strokes with a cloth gives the ivory a brilliant polish.

WHERE THE WORLD LAGS

In Arts, Literature and Science It is Progressive—Why Not in Humanity?

In the acceptance and appreciation of the latest developments in the arts, literature, philosophy and the sciences, the modern world is truly cosmopolitan. It recognizes no boundary line of race or nationality where genius in these fields reveals itself. So closely are the various countries now bound together through international communication and commercialism and the universal diffusion of intelligence, that competition in the search for knowledge has been tremendously stimulated, says a writer in the Metropolitan Magazine. In the realm of the intellect and the senses emulation is encouraged and each new discovery or achievement that promises greater progress for mankind is hailed with impartial enthusiasm. The world is ready to pay homage equally to Marconi, Lister, Rodin, Reinhardt, Tolstol, Loeb, Peary or Amundsen. None will be denied the acknowledgment due him because he was born in one country and not in another. It is the patience, daring, endurance, persistence, wisdom and passion for truth and knowledge as manifested in his works that are accepted as the measure of his worth. It is only when economic and political supremacy is in question that the nations and races maintain hideous and barbaric relations toward one another. Then envy, suspicion and thoughts of mutual destruction are accepted as natural, logical and inevitable. Then the world divides itself into armed camps and group alliances are made as safeguards of one nation against the other. In everything but the one vital, human essential of the welfare of the people, who sustain out of their poverty the armaments in times of peace and give of their lives when war is rampant, the world's rulers are content to see amity and brotherhood prevail.

QUESTION FOR MUSIC LOVERS

Just What Do You Hear When You Attend a Concert or Listen to an Orchestra?

The above question was put to me many years ago, under circumstances that made it worth more to me than a full year of instruction under any master of the old world or new.

I was coming away from one of my first symphony concerts, when I met my violin teacher, and told him I had just heard the great orchestra. "Is that so?" he remarked. "Well, what did you hear?"

"Oh, the Unfinished Symphony and—"

"But you are only telling me what was on the program. What I asked was of more importance. I wanted to know what you heard."

I started to say that there were nearly a hundred musicians, that they played all kinds of instruments, but he interrupted again. "Yes, I know, but what did you hear? Was it a great noise or did it say something to you?"

Now I began to understand, and of course I had no words to express my feelings. But I thought about it very often for some time, and wondered what music really was; what other people heard; whether any one ever heard what I did; if they ever found themselves powerfully moved at a great climax in the music; if they preferred to go to concerts alone and sit in a dark corner and listen without looking in the direction of the stage. And as I gained more experience as a listener there were thousands of questions that arose from that one simple question. What did I hear? What did you hear when you listened to good music?—Exchange.

Roads Were Not Public.

A century ago all the larger towns in eastern Massachusetts were to be reached substantially only over toll roads, or turnpikes, along which one paid to pass. The roads were built and owned by corporations chartered by the commonwealth, and the fares, or tolls, were taken up every few miles at toll gates, which were usually established on the bridges, so that no one could get by without paying. There were turnpikes to Concord, to Worcester, to Dedham and Providence, to Noneset and Quincy, to Lynn and Salem, and to Newburyport. At the first toll gate out of Salem toward Boston, \$5,300 was taken in the year 1805, but the day of greatest travel on the road was June 1, 1813, when 120 stages and hundreds of carriages went over the road that their occupants might get a glimpse from hilltops of the fight between the Chesapeake and the Shannon, in which the dying Lawrence uttered his immortal words, "Don't give up the ship."

Russia's Hunting Bag.

The hunting season in Russia has come to an end, and the following particulars, says a St. Petersburg correspondent, relate to the booty, which has far surpassed that of the preceding year.

The largest number of animals killed are squirrels, which head the list with 4,525,300 victims. The most sought after fur is of course black sable, of which 12,250 were caught. Last year a clear profit of 2,500,000 francs was made on sables, which fetched as much as 1,000 francs apiece.

The remainder of the "bag" was composed of 200,000 ermine, 1,500 brown bears, 180,000 skunk, 100 blue foxes and 14,500 gray wolves.

VOCAL ITEMS.

Voca, Texas, May 9.

Editor Brady Standard:

Here I come again with Voca news, although there isn't much this week.

We were blessed with another good rain last Saturday night, which was a great help to the crops.

The singing at Mr. Square Elliott's Sunday night was well attended and enjoyed by all.

Miss Ruth Baze, who is attending school at Brady, visited in Voca from Friday until Monday.

Miss Annie Armstrong left Monday for Rochelle.

We had a party at Mr. Jess Ogles Saturday night, the first since October, and of course everyone had a fine time.

Mr. and Mrs. Switcher went to Lohn Saturday to take her sister, Miss Vera Neave, who has been with her for several months.

There will be services at Voca Sunday by Rev. Simpson.

Dr. and Mrs. Jackson, Mrs. Ed Spiller, Miss Winnie Ogles and Mr. John Deans were Brady visitors this week.

Mr. and Mrs. P. A. Campbell of Brady were here from Saturday till Monday.

Mrs. White of Miles, Texas, is visiting her brother, Dr. O. C. Jackson.

The singing at Mr. John Deans Sunday night was enjoyed very much.

Mrs. Appleton of Camps was here Sunday.

Well, as there isn't very much happens at Voca, there isn't anything to write about.

Will close for this time.

There is no use of our "beating around the bush." We might as well out with it first as last. We want you to try Chamberlain's Cough Remedy the next time you have a cough or cold. There is no reason so far as we can see why you should not do so. This preparation by its remarkable cures has gained a world wide reputation, and people everywhere speak of it in the highest terms of praise. It is for sale by all dealers.—Advertisement.

FIFE FINDINGS.

Fife, Texas, May 12.

Editor Brady Standard:

We are glad to report crops of all kinds looking good again. Oats are about past all danger, and will make about what was made last year. Cotton is coming up fine, and chopping will be the order of the day after this week.

Rev. Joyner, pastor of the Rochelle Baptist church, filled an appointment here Sunday afternoon at 3 o'clock.

J. W. Larkin and C. M. Coorrod attended the I. O. O. F. lodge at Waldrip Saturday night.

Mrs. L. P. Burrell returned last week from a visit to relatives in Burnett county.

Miss Beulah Mebus of Mason is visiting her friend, Miss Elva Payne, here this week.

A. E. Thurber received a telegram Saturday night advising him that his daughter was very sick. Mrs. Thurber left Sunday morning to be with her. We hope for her early recovery.

L. F. Dennis and family visited at Onion Gap Sunday.

John Mitchell made a business trip to Brady Monday.

F. M. Bradley is busy taking the scholastic census this week.

The editor will have to excuse short letters for awhile, as people are so busy they don't tell us any news, and we are too busy to gather it.

Will close for this time.

WALDRIP WHISPERS.

Waldrip, Texas, May 12.

Editor Brady Standard:

How disappointed we were when our letters failed to appear in our Friday paper. I am sure more than one missed the country letters, which are the most interesting part.

Rev. C. R. Joyner, the county missionary, was in our midst last week and preached Saturday night and Sunday morning. We are always glad to have Bro. Joyner with us.

Prof. Crowell and Mr. Woodress of Lohn were fishing this week in the Colorado. We wish them luck.

Mr. and Mrs. Ben Hickey have a new girl at their home, who arrived on the 8th.

Miss Mabel Winstead has been on the sick list with the mumps, but we are glad to note she is improving.

W. J. Powell died at the home of

his son, Dr. J. E. Powell, Friday morning at 10:15 o'clock. He had been ill for the past two months, and was very low for the past week, and his death was not unexpected. He leaves seven children, but none except the doctor were with him. We extend sympathy to all the bereaved ones, with the consolation that he is with his Maker.

Misses Jessie and Mattie Ramsey were shopping in Brady last Saturday.

Rev. Mayo, wife and daughter visited here Sunday, and Rev. Mayo preached Sunday night.

Mrs. A. B. Briscoe was in Brady Tuesday shopping.

N. R. Powell of Holt came in last Thursday to be at the bedside of his grandfather, who died Friday.

Best regards to all.

STORIES OF CAMP AND WAR

OPENING OF THE CIVIL WAR

Edmund Ruffin of Virginia Fired First Shot at Fort Sumter—Story Told by Judge Pryor.

"The first shot fired in the Civil war," said Judge Roger A. Pryor the other day, according to the New York Herald, "was fired by the hand of Mr. Edmund Ruffin of Virginia. It may be recalled that Virginia stood out long against secession. At the Virginia convention a majority opposed taking the state out of the union, and the secessionists knew that without the border states, of which Virginia was the leader, the cotton states would speedily be crushed. We all felt, I in particular, that the one way to get Virginia to unite with her southern neighbors was to strike a blow against the Union.

"After consultation with Mr. Jefferson Davis and others of the secession leaders I went down to Charleston, and from the porch of the Mills hotel delivered a speech to practically the entire population of Charleston. In that speech I urged the southern troops to strike the first blow, and assured them that once the conflict was on Virginia would secede 'within an hour by Shrewsbury clock.'

"The next meeting I was deputed by General Beauregard to demand the surrender of Fort Sumter. We knew, of course, that surrender was impossible, but I was instructed after surrender had been refused to go at once to the nearest battery and order the commandant to open fire.

"When I got to Battery Johnson and as met by the young captain in charge I presented my order, and he, with much emotion, embraced me and said that it was my impassioned speech of the previous evening that had made war possible, and he offered me the chance of fame by firing the first gun at Fort Sumter. It was an honor I could not well refuse, and yet I was not anxious for it.

"Back there in Virginia where the fight for and against secession had

The First Gun of the Civil War Went Off With a Roar.

been prolonged and bitter I had known Edmund Ruffin, a gentleman of considerable estate and owning many slaves. When the Virginia convention voted against secession Mr. Ruffin was so incensed that he shook the dust of his native state from his feet and became a citizen of South Carolina. Then, old as he was, he promptly enlisted as a private at Charleston. It was while I was in the midst of my quandary with the captain of Battery Johnson that I saw Mr. Ruffin, musket on his shoulder.

"To the commandant I said: 'Sir, I appreciate the honor you would do me, but I could not think of depriving others more worthy than myself. Here is the man whose devotion to the southern cause makes him worthy of the honor.' I introduced Mr. Ruffin to the commandant and explained the circumstances, and when I left the fort to watch, from the front, the effect of that first shot Mr. Ruffin had the lanyard of the gun in his hand, preparatory for firing.

"Scarcely had we got outside when the gun—the first gun of the Civil war—went off with a roar. We could follow quite distinctly the flight of the shell, and we watched it in its course until it burst with terrific force right over Fort Sumter.

"That was the first shot! Virginia seceded at once, when the first blow having been struck, President Lincoln called upon her for her quota of troops. Mr. Ruffin, as soon as the state had taken the course he deemed right, went back to Virginia and resumed his citizenship there. He lived during the rest of the war. He was on a large estate of his in Amelia county when the news came to him of the surrender of Lee at Appomattox and the loss of the southern cause.

"I cannot survive the liberties of my country," he said, with a resolution as firm as that of Cato. He loaded a double-barreled gun, and pulling the trigger with his toes, blew the whole top of his head off.

"Those were his first and his last shots in the Civil war."

COMMISSIONERS COURT.

Convened Monday—Sitting as a Board of Equalization.

Commissioners court met on Monday for the regular May term, with all members present. The following orders were passed by the court:

Election officers in the Voca, Mt. Tabor and Lost Creek precincts were allowed the sum of \$2.00 each for holding stock law election.

The returns of an election for the levying of a special school tax of 20c in the Liberty common school district held April 19, were canvassed and the result declared as follows: For the tax, 13; against the tax, 5. This brings the school tax in this district to 30c.

Returns of an election in the Rochelle school district for an additional tax of 5c on the \$100 valuation were canvassed, showing 21 votes cast for the tax and 13 against.

The quarterly reports of Justices of the Peace W. F. Roberts, Jr., Marion Deans, E. B. Conoly, N. G. Lyle and W. P. Burleson were examined and approved.

The report of County Attorney C. C. House for the quarter ending May 12 was examined and approved.

The resignation of Constable J. L. F. Burk of Precinct No. 7 was presented to the court and accepted, and the office declared vacant.

Report of Tax Collector S. H. Mayo for the month of April was examined and approved.

Upon examination of the annual report of Collector Mayo, it was found that the following amounts had been overpaid by him and was ordered refunded by the court: Road and bridge fund, \$108.18; jury fund, \$17.32; court house fund, \$12.97; old bridge bond fund, \$8.65; new bridge bond fund, \$34.63; total, \$181.75.

The court convened Thursday morning as a board of equalization, and this work will very likely require the greater part, if not all, of next week.

Mrs. Nussbaum Hostess.

Mrs. Jack Nussbaum was the charming hostess on Wednesday to a party honoring her mother, Mrs. Scharff, of New Iberia, La., who is her guest at present.

Five hundred and "42" were played throughout the afternoon. A delicious salad course of refreshments was served during the time to the guests.

Those partaking of Mrs. Nussbaum's hospitality were Mesdames S. S. Graham, E. E. Turner, J. S. Anderson, Jas. Stone, Sam Moffatt, W. L. Hughes, J. B. McKnight, J. G. McCall, Dimmitt Wood, Tom Donnell, G. R. White, J. W. Gilbert of Iowa City, Iowa, Freeman and Misses Chase Crothers, Laura Lee White, Gillie Macy, Lizzie Souther.

Tuesday Club Gives Picnic.

On last Friday the members of the Tuesday club, together with a number of invited guests, spent one of the most pleasant days of the season one and one-half miles from the Henderson ranch.

The party took the early train and were met at the station by Mrs. F. W. Henderson in a large dray wagon, and driven to a nearby creek, whose trees furnished an abundance of shade for the day. Mrs. Henderson had arranged chairs, carpet and tables for the comfort of the party, making the affair ideal altogether. At noon a most bounteous spread was laid which was delightful in every detail. The afternoon passed pleasantly in games and conversation, and at 5:30 supper was had, leaving only time enough to catch the night train back to Brady.

Those being fortunate enough to be included in this day of days were Mesdames J. H. White, Sam Hughes, S. S. Graham, W. N. White, Jas. Wiloughby of Eldorado, Jas. T. Mann, J. G. McCall, Tom Donnell, Ernest Noble, G. R. White, F. W. Henderson, Frank Hardin of Big Springs, Misses Mary Anderson, Louise Hardison, Maggie White and Estella Bradley; Messrs. F. W. Henderson and Una Hardison of Callan.

Birthday Party.

Little Elizabeth Ballou celebrated her fourth birthday anniversary on last Saturday with a party for her young friends.

The children played games in the yard and swing to heart's content. Music on the graph-

ophone also added to the pleasures of the afternoon. Refreshments of ice cream and cake were enjoyed during the time.

Some twenty guests were present, and the little hostess was the recipient of a number of pretty little gifts, for which she offered her thanks, and in her characteristic lady-like manner. On departing the children bade her a joyous goodbye, wishing for her many, many more such happy occasions.

Mrs. McCall Hostess.

The Ladies "42" club was delightfully entertained on Wednesday afternoon by Mrs. J. G. McCall at her home.

Profusions of wild flowers and roses made an effective decoration for the hall, parlor and dining room. The enthusiasm of the games ran high throughout the afternoon, four tables of players being included.

Delicious marshmallow cream cake and home made candy was served.

The invited guests present were Mesdames Dimmitt Wood, W. L. Hughes, J. S. Anderson and Mears of Menard.

Mrs. Jas. T. Mann will be the next hostess.

Beau-Nots.

Miss Mozelle Glenn was the pleasant hostess on Wednesday, when she entertained the Beau-Nots with "42."

The game was played at four tables, a dainty hand-painted card being used for tallies. Large bouquets of pink roses lent their beauty to the decorations of the parlor and sitting room.

The invited guests present were Misses Willie Duke, Clara Webster and Lois Ray Bradley. Refreshments of nut salad, bread and butter sandwiches, olives and iced tea were graciously served by the hostess.

The next meeting will be held on Wednesday afternoon at the home of Miss Mary Schaege.

Golden Wedding Anniversary.

Mr. and Mrs. Joe Souther celebrated their golden wedding anniversary on last Wednesday at their home in Crothers addition. The occasion was indeed a happy one for those present, as all felt glad to witness such a feature—that two lives have received such a blessing of fifty years companionship and happiness together.

The guests present for dinner were Mr. and Mrs. O. S. Macy and daughter, Miss Gillie,

Mrs. Macy being formerly Miss Nora Souther; Mrs. J. T. Ogden, formerly Miss Bee Souther, together with her children; Mrs. D. B. Chambers, formerly Miss Allie Souther, also her two sons, Chester and Bennie, of Corpus Christi; Misses Lizzie and Ida Mae Souther and Minnie Wiley. Other members of the family who were expected on that day, but who failed to arrive, were Mr. Will Souther and family of Big Springs, Mrs. Paul Orlopp of Fort Worth, formerly Miss Ollie Souther, and a son-in-law from Abilene.

Complimenting Miss Overall.

On last Monday afternoon Miss Nadine Overall was honored to a well planned party given by her class at Sunday school at the home of Mrs. Frank Ogden.

Blue bonnets were in evidence throughout the decoration of the rooms.

On arrival of the guests each was requested to register in a pretty hand-painted guest book which was later presented to the honoree.

The diversion of the afternoon was two very interesting contests. During the afternoon refreshments consisting of cream and angel food cake were served. Near the close Miss Pearl Cooper, president of the class, presented Miss Overall with an elaborate cut glass perfume bottle, to which she responded in her usual good manner. The occasion afforded an opportunity for the class to bid their faithful friend and classmate a last farewell, for she was to leave in a few days for her home in Murphreesborough, Tenn, having spent the winter here as teacher of Latin in our high school, during which time she has endeared herself to all who were fortunate enough to make her acquaintance.

E. Q. V. Club.

At the Lyric-Airdome on Wednesday evening the E. Q. V. club rendered a splendid program, the proceeds of which were given to the high school library fund.

The seating capacity of the Airdome was filled at an early hour, and never was an audience more charmed with the work produced by the performers.

The setting of the stage was a well planned living room, which was beautiful with numerous bouquets of pink roses, and the scene in the last act was especially attractive with the bevy of young girls in dainty frocks of pink and white.

The program was under direction of Miss Nadine Overall, who is to be praised for her excellent success. Following is the program:

Song, "Brady High School," club.

Piano duet, "Flower Song," Bernice Hall, Bessie Scott.

Play, "Young Doctor Devine" Club.

Characters—Rebecca, Grace Russell; Grace, Lessie Samuel; Elizabeth, Nola Tindel; Rose, Ruth Schaege; Marie, Sallie Miller; Laura, Grace Strickland; Maude, Mary Snider; Madame, Bernice Bell; Dr. Devine, Hattie Pence.

Reading, "Kentucky Philosophy," Rachael Walker.

Chorus, "When Life Is Brightest," Club girls.

Piano duet, Military March," Mary Snider, Rachael Walker.

Play, "Young Dr. Devine," Act 2.

Song, "E. Q. V. Club," club.

Stitch and Chatter Club.

Miss Fannie Embry entertained the Stitch and Chatter club at her home Wednesday, only members being present.

Refreshments of banana ice cream and cake were passed late in the afternoon.

The club will hold its next meeting on Wednesday after-

noon with Miss Bernice Bell at her home.

A man living at Auburn, N. Y., had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." His name is J. A. Farmer. Jones Drug Co.

Special for Veterans.

Rev. W. G. Caperton requests The Standard to announce that there will be a special service at the Baptist church Sunday morning at 11 o'clock for the ex-Confederates. All the old soldiers are cordially invited to be present.

LECTURE WEDNESDAY, 21st

At Christian Tabernacle by Jas. H. Mohorter of St. Louis.

The lecture announced for next week at the Christian tabernacle will be given on Wednesday evening by Jas. H. Mohorter of St. Louis, general secretary of the Benevolent Association of the Christian churches. The lecture will be illustrated by stereopticon views of the different homes for the aged and orphans which are maintained by the churches, and should be of great interest to the citizens of Brady. The lecture is absolutely free and everyone is cordially invited to be present.

Mr. Mohorter will be assisted by Rev. Otis Hawkins of Dallas, southwestern representative of the association and secretary of the Juliette Fowler Orphan Home at Grand Prairie.

We have for sale a complete line of driving wagons, spring wagons, buggies, delivery wagons and carts. E. J. Broad.

WEST TEXAS CHAMPS

HIGH SCHOOL BOYS PENNANT WINNERS.

Greatest Game Ever Played on Brady Diamond—13 Innings Unlucky for the Men.

"Champs of the diamond"—that's the title earned by the Brady High school base ball boys Wednesday. To them the business men must yield the palm.

It was a great game! Never was there such another one played on Brady ball grounds. A clean, hard-fought, any man's game from start to finish—a 13-inning battle royal that was a sight for gods and men.

There was a large attendance, practically every business in town closing its doors in order to permit the proprietors as well as the clerks to attend the game. And every boy and girl and every grownup who attended was a rooter—and how they did root! The business men had it on the boys somewhat in this respect, but what the boys lacked in numbers they made up in volume and earnestness.

The game was snappy and well played all the way through. Steffins pitched his usual fast ball, and as usual Fuller, Ballou and Spiller distinguished themselves, while Davidson on first base played like an old timer. Morris, the 14-year-old phenom, pitched a steady game for the boys and held up splendidly all through the last three or four trying innings of the long game, and back of him was a set of players that presented a stone wall front to the would-be hitters. Adkins on first was quite a favorite with all, playing his position with ease and letting nothing get by him, and in addition being right there with the stick work. Fuller came in for a round of applause by a one-handed stab at a high liner, while Hardison made the only double play of the game by nailing a high one and fielding it to second. Fahrenthold, Morris, Boyd and Jackson also did good stick work. As a matter of fact the entire team played well, not only playing excellent ball in the field, but proving hard hitters as well.

A remarkable feature of the game was the almost entire absence of two and three-base hits. While base hits were numerous enough, only two two-baggers were made, one by Fahrenthold and another in the ninth by Hardison, the latter bringing in the score that tied the game and made necessary the playing of four more innings.

Each side scored in the first inning, the men getting two runs and the boys one. Both sides blanked up until the fifth inning, when the men made two more runs. The boys secured one run in the sixth inning; another in the eighth inning, and in the ninth tied the score amid a tumultuous applause. In the eleventh inning both sides scored one each. Both sides blanked in the twelfth, and the men blanked in the thirteenth. With two men down, the boys ran in the winning score.

The total receipts from the game were \$30.30, which amount goes to the Commercial club to defray the expenses of making the fight against taking Brady out of the common point territory.

The following is the score by innings:

HANDICAPPED.

This Is the Case With Many Brady People.

Too many Brady citizens are handicapped with bad backs. The unceasing pain causes constant misery, making work a burden and stooping or lifting an impossibility. The back aches at night, preventing refreshing rest and in the morning is stiff and lame. Plasters and liniments may give relief, but cannot reach the cause if the kidneys are weak. To eliminate the pains and aches of kidney backache you must cure the kidneys.

Doan's Kidney Pills are for disordered kidneys. The following statement should convince every Brady reader of their efficiency:

W. L. McAlister, 722 Baker St., Brownwood, Texas, says: "I consider Doan's Kidney Pills a good remedy and I am glad to say a word in their praise. About a year ago I was seized with a sharp pain across my back and twinges darted across my loins when I stooped. Nothing seemed to give me relief and seeing Doan's Kidney Pills advertised I decided to try them. After taking the contents of one box, I felt great relief. I got another supply and since then I have had no trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

On account of the success of our big sale we reduced our stock of goods so we will soon be able to move into our new home, where we will be in a position to serve you as we have never been before.

BUT

don't think because our sale is closed that we won't have any more bargains to offer. We are here to do the business—we are going after the business—we will make prices that will surprise you. We are after your business. If you have the cash—it will go farther with us than any other place. If you want credit—we are here to take care of you. If you have anything to trade—we're your huckleberry. Come and see us and let us show you.

Our stock of goods is complete. We sell you anything from a shoe tack to a threshing machine. We furnish the home—sell the cradle for your first, then your comforts and necessities of after life.

This is our position in a nutshell:

- We handle the best lines
- We have experience
- We know your needs
- We make the price
- We can deliver the goods
- We will take care of you.
- What more do you need. But remember above all, "We want your good will as well as your trade."
