

## TO THE PEOPLE OF TEXAS:

A community of interest prevails between the railroads and the people. Unless the people prosper the railroads cannot hope to prosper. On the other hand, unless the railroads are permitted to earn sufficient money to give good service, the people cannot enjoy the full measure of prosperity.

Railroads are today operated under the strictest of regulations. They cannot charge one cent for any service that is not authorized by officers chosen by the people. In law and good morals, these officers of the people who fix the charges that can be collected by the railroads for services performed, must fix such charges high enough to pay all legitimate operating expenses, plus an amount that will pay a reasonable return upon the value of the railroad property devoted to the use of the public.

Suppose the Legislature should pass a law taking from the pockets of the people a million dollars a year to pay the salaries of the public officials not needed at all, nor whose services could be utilized in the interest of the public in any manner, would such a course be approved by the people as a whole?

We think not.

The operating expenses of railroads affect the public just as much as the taxes they pay. In one instance the taxes are collected by public officials; in the other instance the rates fixed by public officials are collected by the railroads.

It is just as impossible for the Legislature or the courts and juries to impose unjust burdens upon the railroads without, at the same time placing the burden upon the shoulders of the producers and shippers, as it is to create new public offices and expect the taxpayers to be relieved of meeting the expenses of such places.

Under the present system of levying taxes in Texas, the State Tax Board takes into consideration the appropriations made by the Legislature and levies a tax high enough to bring in sufficient money to meet the expenses of government.

In fixing freight rates, the same rule applies. The commission, after ascertaining what the railroads have to pay out for operating expenses, taxes, personal injuries, etc., fixes the rates high enough to pay all such expenses,

and in addition thereto, a fair return on the value of the property used for the public. Therefore, the higher the operating expenses, taxes, and personal injury payments, the higher must be the rates the people have to pay.

It is the sincere desire of the managers of the Texas railroads to give the public good service, and at the least possible cost to you. And we respectfully and earnestly ask you, in your own interest, to assist us in doing so, and thereby protect yourselves against unjust and unnecessary burdens.

We desire to express our appreciation to the producers of Texas who have made a study of the question, and have taken intelligent action to protect themselves against the infliction of unjust and unnecessary burdens.

We respectfully ask you to study this so-called "Railroad Problem" closely. We welcome the most searching and minute inquiry. There is so much in common between the railroads and the producers, that a better understanding and closer co-operation is bound to benefit all concerned.

RAILROADS.

### Runaway Tuesday.

The delivery wagon and horse belonging to the Cheap Cash Grocery store figured in an exciting runaway Tuesday, the horse starting at the top of Blackburn hill, and crashing into the curb in front of the Jones wagon yard. The lad driving was pitched out head foremost, alighting on his hands and knees, and but lit-

tle the worse for his experience. The wagon was overturned, the hind wheel was smashed and the shafts broken, but the horse and harness as well were uninjured.

### BOOSTERS MEET MON. NIGHT

#### CLEAN UP AND STAY CLEAN CAMPAIGN.

Brady Commercial Club Leads in Sanitary Campaign.—Brady Entered in Holland's Magazine Contest.

The Brady Commercial club has called a big booster meeting for Monday night, July 14th, at the court house, at which time plans will be formulated for an active campaign to place Brady at the head of the list of cleanest towns in Texas. It will be remembered that Brady has been formally entered in Holland's Magazine "Cleanest Town in Texas" contest, and Brady's reputation as one of the cleanest and healthiest towns is at stake.

All civic clubs, as well as religious and social clubs are expected to take part and assist in the campaign, and every citizen as well. Don't let anything keep you away from the meeting, but come out and join the "live ones."

Be a Brady booster!

The work must be done right and the prices reasonable. H. C. Boyd, Jeweler.

J. S. Brown, the Waldrip ginnee, was in town Tuesday all smiles because of the bright prospects. He reports that while he got a late start in the farming line and was an amateur besides, yet he already had a third of a bale of cotton per acre in sight upon his 20-acre patch. He is confident that the Waldrip country has the finest corn and maize in the county and feed crops of all kinds are the best ever.

Take it from us, when a man circulates the streets of Brady with that sort of a pleased look as is worn by A. W. Tipton, there is a reason. This time it is a girl—the prettiest ever (A. W. will vow), the young lady having arrived Monday last.

### New Gin for Pasche.

The Pasche Gin Co. has just let the contract for an up-to-date gin plant to replace the one destroyed by fire last year, and the work of rebuilding the plant will begin at once. The new equipment consists of an Eagle gin, comprising four 80-saw stands and is said to be the most modern made. Included in the plant is a patent cleaner which frees the cotton from all dirt and rubbish before the ginning takes place.

The plant, which was destroyed last October after ginning about 200 bales, was a comparatively new outfit of four 70-saw stands. The boiler and engine are still in good condition and will be used in the rebuilding of the plant upon a new location adjacent to the Santa Fe tracks, which will facilitate the handling and shipment of the cotton when ginned.

Mr. Hill, formerly manager of the company gin at Eden, will have charge of the gin for the Pasche Gin Co.

### To the Tax Payer.

If you believe that the people should vote upon each and every bond issue, vote against the bond amendment. Election Saturday, July 19th. This amendment confers upon the legislature full power to issue unlimited bonds without a vote of the people. Seventy members of the legislature are against it.

### Civil Service Examination.

Local Examiner L. E. Laurence, Jr., is in receipt of information from the Civil Service Commission at Washington that there are three applicants to stand examination for the position of postmaster at Katemcy, the office having become vacant through the resignation of Dr. Hicks Martin, the present incumbent. The examination will be held by Mr. Laurence tomorrow (Saturday) in Odd Fellow hall.

### Keith-Blount.

On Tuesday night at 9 o'clock at the Methodist parsonage, Rev. I. T. Morris performed the ceremony uniting in marriage Mr. Ivan Keith and Miss Dovie Blount. Mr. Keith is the popular and accommodating employe of the Brady Sanitary Dairy, while his bride is a young lady of charms and accomplishments. Both have a large circle of friends who extend every good wish to them in their journey along life's rugged paths. The couple will make their home in Brady.

### Suffers Broken Shoulder.

John McCleary had the misfortune to happen to an accident while at work at the ice factory Wednesday morning. While assisting in loading the wagon with ice he fell from the platform, his right shoulder being broken in the fall, his head was badly skinned, the left thumb nail torn off and his left side bruised. The victim was carried to his home where medical attention was given, and at last reports he was resting easy and it is thought that he will be able to be out within a few days.

## COUNTY CORRESPONDENCE

Notice to Correspondents—On account of a late rush of advertising, it is impossible to publish all the letters received this week, but they will appear in Tuesday's issue.

### DUSTY DOINGS.

Voca, Texas, July 7.

Editor Brady Standard:  
How is this warm weather serving you all?

The row binders and mowers are running in full blast now, as the feed crop is heavy and the weather for saving it is fine.

Mr. Carter is still very low. Mrs. Oran Neeves and children of Melvin are visiting relatives in our neighborhood at present.

Well, roasting ears are most all gone, but my, my, the corn dodgers and hominy will soon have!

Now, Mr. Editor ought to come down and see some fine country, but be sure when you come to keep in the road. If you get into the fields you might get lost in the corn, maize or cane patch; and be sure and do not mistake our cotton patches for a flower garden and get to gathering flowers, and do not mistake our pastures for some fine city park and get to gathering flowers or some of our fat cattle might hook you or run over you.

My, my, didn't our page double up last week? Nearly two pages.

Now, "O. I. C. U. R. Right," you must write often, for we people out here like to read letters from far away.

Well, as my business lies rolling toward the pear patch this week, will close with best wishes to the editor and correspondents of the best paper published in the best county in the best state in the union.

Will cast my vote for "Gladdie" this time. **SOUR KRAUT.**

### COW CREEK CALLINGS.

Lohn, Texas, July 7.

Editor Brady Standard:  
Here I come again with a handful of news from the creek. Thanks, "Lonely Bachelor," for your vote.

Rev. Sloan Bachelor and wife of San Antonio visited her sister, Mrs. Willie Young, the first of the week. Moody Smart attended the lodge at Lohn Wednesday night.

B. A. Cornils, J. W. Kinsel and Al Harrison went to the Farmers Union speaking at Lohn Thursday night. A crowd of the Creek folks went to the White tank on the 4th. All report a fine dinner, with plenty of fish.

Mrs. B. A. Cornils visited Mrs. Jim Smith Saturday.

Paul and Harold Irvine spent Saturday and Sunday in East Sweden. Sunday, after a week's visit with her mother, Mrs. Holman, in East Sweden. She was accompanied home by her sister, Miss Beulah Holman.

There is some talk of having a singing school at Dodge; we haven't learned any particulars, however.

We also hear a faint rumor that there is a possibility of our having a telephone line in our community. Why not? Nothing is needed more here. Why don't the brethren call a meeting and decide the question? The sooner the better.

### STACY NEWS.

Stacy, Texas, July 7.

Editor Brady Standard:  
Have not we been having some warm days? We are needing rain now, but think we will get one real soon.

Mr. Lee McShan of Brady was in this country Tuesday.

Mr. Ernest Blackburn of Ballinger, formerly of this place, came down Tuesday and went on to Pascho Thursday.

Mr. Oda Powell, who for the past five months has been in Konahasset, Texas, returned home last Friday.

Mrs. Earl Flannagan of Marble Falls, Texas, came in last Wednesday to visit her husband's grave in the Stacy cemetery. Mrs. Flannagan went on to Fort Stockton Saturday where she will visit relatives.

Thank you, "Ploney," for your vote. I appreciate it very much indeed. All of the correspondents were not out last week. What's the matter with you?

Mr. and Mrs. George Trott returned to Eden Wednesday.

Quite a number of the young people attended a party about six miles from town at the home of Mr. and Mrs. Sam Roe. Most all went on a hay wagon and all, the writer especially, enjoyed it very much.

Mercury, Texas, July 7.

Editor Brady Standard:  
As the debate is in progress now, having begun this morning at 10 o'clock, I haven't had any time to hunt up news for this week. Everybody is invited to attend the debate.

Dr. and Mrs. S. B. Locker and children celebrated Dr. Locker's father's 80th birthday last Saturday at Locker, and also had a family reunion.

Mrs. Curry of Winchell visited Mrs. Billie Sanson Sunday between trains. Bro. Joyner of Brady is among our people this week.

### PEAR VALLEY SAYINGS.

Pear Valley, Texas, July 7.

Editor Brady Standard:  
Good evening to you all, and how are you standing these hot days?

First, I want to thank "Jerry," the Stacy correspondent, for his vote. I appreciate it very much.

Mr. Brock and family spent Sunday with Mr. and Mrs. Trewitt.

Rev. Cumby filled his regular appointment here Saturday night and Sunday.

Mr. and Mrs. John Mayo of Waldrip visited Mrs. Mayo's parents, Mr. and Mrs. Nick, of this place Saturday and Sunday.

Miss Forna Inall of Bowser, who

has been visiting relatives and friends here for the past three months, returned home Monday. Her brother-in-law, Mr. Ed Gault, wife and baby and Miss Jessie Baisden accompanied her home.

There was not a very large crowd at the picnic here Saturday on account of the farmers being so busy killing weeds. I think most every one enjoyed themselves fine, even if there was only a few there.

Mr. Craven Ferguson and brother, Jack, went to Brady Saturday, returning home Sunday.

Mr. Jim Watkins of Brady was in Pear Valley Sunday shaking hands with relatives and friends.

Mr. and Mrs. Williams of Lohn spent Sunday night at the Faulkner home.

### The Bond Amendments.

Fife, Texas, July 8.

Editor Standard:  
I have been waiting for someone who could say more and was better posted than myself to give us something through the columns of The Standard about the pending constitutional amendments to be voted on July 19th, but for some reason all are silent, and we must infer that they are either afraid to say anything or are in favor of the amendment and are afraid to say so.

The amendment we should all be interested in is the last one on the official ballot, which gives the legislative power to vote bonds upon the taxpayers to help run the state institutions and the expenses of the state government.

Our legislature, it seems, has tried to catch all of us in the many different propositions in this amendment, and to cap it off they devised the ballot to read so that a man is led to believe that he is voting against the interests of education when he votes against it. This is not the case, for only the uneducated who have not read the different propositions are going to vote for it; the man who reads knows better.

This thing gives the legislature and the governor unlimited power to vote these bonds, no matter what the voters think about it and after it is done we must pay them off with interest; there is nothing to do only to sit and take it.

The only point any of the supporters of the amendment advance is that it will help the university and penitentiary out of the hole. Who put the penitentiary in the hole? The voters didn't do it, as they have had no voice as to how it was managed. The legislature put it there and will keep it there as long as the people send good money after bad. This proposition is included in this last amendment, and you have to swallow it along with the other stuff if you vote for it.

What assurance have we that the A. & M. college will not be sacrificed in building up the university? How many of the alumni of the university are members of the legislature? How do we know but what the various state buildings will be moved to Austin to enable the legislature to see after them better, and incidentally boost land values at the capitol city?

There has been a grand fight going on between the A. & M. and the university for a long time and if it continues and the amendment carries what have we to assure us—with the university's influence and membership in the legislature they will not kill the A. & M.?

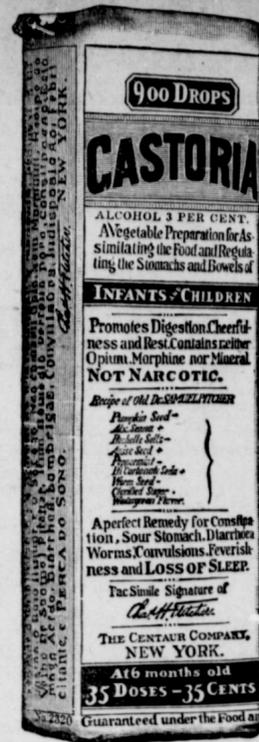

The only way to vote safe on this measure is to vote against it! Kill this and when the politicians see they can't fool the people they will give us something better. Don't swallow the first thing offered—they can give us something better than this. Let's make them do it. Make them separate the different propositions and allow us to vote for the good and against the bad.

If you don't vote you are casting a half ballot in favor of the greatest piece of humbuggery and deceit that was ever put up to the people. Don't let anybody tell you that you ought to vote for it because some politician you like favors it. He won't pay your taxes, and he won't thank you for your support of it either; but if he gets this privilege of voting your bonds he will use it, and don't you forget it.

Don't fail to be on hand early Saturday morning, July 19th, and put this thing to sleep under an avalanche of ballots.

JAMES FINLAY.

Jim Matthews has been dividing  
 his time and attention between the

 Brady, and we think his decision will  
 finally be in Brady's favor.

Hubbard says:  
**"THE word 'STETSON' has passed into the current coin of expression. If a man asks for a 'STETSON' in any civilized country in the world, the dealer knows what he wants. The 'STETSON' is the standard. It stands for beauty, durability, efficiency, and all that is worth while in the line of hats. It 'looks' and it 'lasts.'"**  
 We will back up what Hubbard says, so come in and see our splendid new line of STETSONS for Fall.

Ask to see our Palm Beach Clothing for men and boys—the newest, best and coolest clothing for summer. Will laundry like a shirt. Prices from \$3.50 to \$7.50.

 Wednesday from Mason while enroute  
 to Mineral Wells to spend a few  
 weeks. While here they were the  
 guests of the former's son, Sam Mc-  
 Collum.

Mrs. T. J. Bradley left on Tuesday

 been called there by a message an-  
 nouncing the serious illness of her

 Jenkins has been ill for the past sev-

Mr. and Mrs. C. A. Anderson, ac-  
 companied by their daughter, Miss  
 Esther, and Rev. T. P. Grant, will

 an extended visit to Austin, Geor-  
 getown and other places. Rev. Grant

Mr. and Mrs. G. C. Kirk returned  
 last night from a visit of a few days

 and stunted in growth and develop-  
 ment.

**Surprising Cure of Stomach Trouble.**  
 When you have trouble with your stom-  
 ach or chronic constipation, don't imagine  
 that your case is beyond help just because  
 your doctor fails to give you relief. Mrs.  
 G. Stengle, Plainfield, N. J., writes, "For  
 over a month past I have been troubled with  
 my stomach. Everything I ate upset it ter-  
 ribly. One of Chamberlain's advertisement  
 booklets came to me. After reading a few  
 of the letters from people who had been  
 cured by Chamberlain's Tablets, I decided to  
 try them. I have taken nearly three-fourths  
 of a package of them and can now eat almost  
 everything that I want." For sale by all  
 dealers.—Advertisement.

**LOHN GREETINGS.**

Lohn, Texas, July 8.  
 Editor Brady Standard:  
 Quite a crowd from Lohn attended  
 the picnic at Pear Valley Saturday  
 and they all report a nice time and  
 plenty of good dinner.

Mr. and Mrs. Jones and daughter,  
 Miss Pinkie, are visiting Mr. and Mrs.  
 Parker here this week.

Misses Myrtle and Jewel Butler  
 were guests of Misses Ruby and  
 Hannah Hill last Tuesday evening.

Mr. and Mrs. F. H. Williams and  
 Miss Hannah Hill attended church  
 at Pear Valley last Sunday night.

Last Friday evening the Odd Fel-  
 lows entertained a large crowd. Ev-  
 erybody present gathered up in the  
 hall and watched the Odd Fellows  
 elect some new officers in their curi-  
 ous way and after that was over  
 they invited the crowd downstairs,  
 where ice cream, cake and lemonade  
 was served. It was the best enter-  
 tainment we have had at Lohn in a  
 long time.

Mr. and Mrs. Chace Bissett are the  
 proud parents of a fine baby, which  
 arrived Sunday to make his home  
 with them.

Messrs. Ralph and Ovid Cryer  
 made a business trip to Brady last  
 Sunday, returning Monday.

Mr. Rudolph's thresher is in this  
 neighborhood now. Will thresh for  
 H. C. Bissett today.

Mrs. Ella Cryer was the guest of  
 Miss Josie Butler last Sunday.

**Land Owners, Attention!  
 LAND WANTED!**

We are in touch with several parties  
 in north Texas, who want to buy land in this  
 part of the state, and we want to list several  
 farms and ranches.

If you have either farms or grass land,  
 that you wish to sell, come in and list them  
 with us, and we will sell them for you, for  
 we have the buyers and expect to do a good  
 land business the remainder of this year.

## THE AMENDMENTS.

The constitutional amendments  
to be voted upon Saturday of next  
week are occupying a prominent po-  
sition in the limelight just at present.  
The proponents, as well as the op-  
ponents of the issue, are actively  
waging warfare in behalf of their  
views, and the ordinary individual as  
a consequence is at a loss which way  
to turn his vote in order to accom-  
plish the most good.

If there was nothing else objec-  
tionable about the last amendment to  
be voted upon, the fact that several  
propositions were incorporated in the  
one amendment would, in our opin-  
ion, be sufficient to defeat the same.  
The idea of permitting one bad propo-  
sition to ride in on the strength of  
several good ones does not appeal to  
us in the least.

We call attention to the article in  
this issue from the pen of James

Finlay of Fife, in which Mr. Finlay  
condemns the amendment in no un-  
certain terms.

On the other hand, the columns of  
The Standard are open to opinions  
from those who favor the amend-  
ment. There is but one way to settle  
a question, and that is to settle it  
right, and The Standard is willing  
and anxious to do its share toward ac-  
complishing this end.

## GOOD ROADS.

Every Brady citizen who had oc-  
casion to travel the Mason road last  
week, or at any other time, for that  
matter, will voice approval of the  
endeavor now being made to place  
this road in good, passable condition.  
The Mason road is one of the main  
arteries leading to Brady, tapping,  
as it does, that richly fertile section  
in the Camp San Saba and Katemcy  
country, and nothing is more impor-  
tant than that this road should be  
placed in first-class shape by the time  
crops are harvested.

That Brady citizens and merchants  
realize the importance of this work  
is attested by the liberal response  
upon their part to the subscription  
list circulated for the purpose of  
raising funds with which to do this  
work. McCulloch county needs good  
roads, and the Brady citizens will  
always be found ready to lend a help-  
ing hand to neighboring communities  
in the securing of good thorough-  
fares.

Attention is called to the half page  
advertisement appearing upon the  
first page of this issue, placed by the  
general managers of Texas railroads  
in a campaign of enlightenment of  
the people of Texas regarding the  
position of the railroads relative to  
the people. The fact that the devel-  
opment of Texas depends largely upon  
the building of more railroads, and  
that in turn the activities of the  
railroads depends largely upon favor-  
able legislation should be carefully  
considered. This advertising was se-  
cured through the efforts of the ad-  
vertising committee of the Texas  
Press association, which hereafter  
hopes to do the work between the  
general advertiser and the Texas  
newspapers, and to save the latter  
money on commissions heretofore  
paid advertising agencies. The ad-  
vertising is placed solely with mem-  
bers of the Texas Press association,  
which in itself is a forceful argument  
why every Texas newspaper publish-  
er should be a member.

There is more Catarrh in this section of the country  
than all other diseases put together, and until the last  
few years was supposed to be incurable. For a great  
many years doctors pronounced it a local disease and  
prescribed local remedies, and by constantly failing  
to cure with local treatment, pronounced it inoperable.  
Science has proven Catarrh to be a constitutional dis-  
ease, and therefore requires constitutional treatment.  
Hill's Catarrh Cure, manufactured by F. J. Cheney &  
Co., Toledo, Ohio, is the only Constitutional cure on  
the market. It is taken internally in doses from 10  
drops to a teaspoonful. It sets directly on the blood  
and mucous surfaces of the system. They offer one  
hundred dollars for any case it fails to cure. Send  
for circulars and testimonials.

THE PIN WHEEL MOVES IN THE  
FOUR DIRECTIONS SHOWN

The only machine made by which turning the crank in one direction the pin wheel (dasher) moves in four directions—forward and back, up and down. Both clothes and water are agitated more thoroughly than is possible by any other method, which means a decided saving in labor and time, compared with other machines. Has two speeds, high and regular. The high speed for light fabric, the regular speed for blankets, etc. Speed changed instantly. Gearing is enclosed in ribbed globe—absolute safety. Noiseless in operation. Best grade of polished white pine tub. You'd be surprised how simple this machine is constructed, and yet how quickly it disposes of your day's washing. Don't like you to see the "Blue Grass" first opportunity.

## Good Looking Crops.

It was something of a revelation last week to those who visited the Mason celebration to note the appearance of crops along the route, especially so to those who had not had occasion to make a trip in the country recently. Never were there better looking crops. From Brady to Mason the farms all along the route are veritable gardens. Corn is as fine as was ever known in this country; full in growth and every stalk with two and three ears. Maize and cane is there of an abundance and quality scarcely to be realized. And cotton—never have we seen cotton looking as good. It is true that the cotton was not looking quite so good in the sandy country as in the black land, its growth having been retarded by the heavy rains, but the crops were in fine shape, clean as a carpet and not a weed anywhere in the rows. And this was not the case with one farm, but every farm along the route showed the same care and attention. If there is anything in the laborer receiving his reward, the Camp San Saba, Katemcy and Mason folks will surely reap a big harvest.

## SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

## USE OF CALOMEL PRACTICALLY STOPPED.

Dangerous Drug Giving Way For Safer, More Reliable Remedy.

Hundreds of people in this vicinity alone have stopped the use of dangerous calomel when their liver is acting slowly, and take Dodson's Liver Tone instead.

Dodson's Liver Tone is always safe and has none of the bad after-effects which so often follow the use of calomel. It is a pleasant tasting vegetable liquid that starts the liver gently and surely, and relieves constipation and biliousness and causes no restriction of habit or diet.

Many preparations have sprung up that imitate the claims made for Dodson's Liver Tone, but remember Dodson's Liver Tone is the tried and tested remedy that has proven such a good medicine and is so satisfactory to every user—is the reason that these imitations are on the market.

Dodson's Liver Tone cannot hurt anyone and if it fails to do all that is claimed for it Jones Drug Co., who sell it, and will give your money back with a smile.

What a Heap of Happiness It Would Bring to Brady Homes.

Hard to do housework with an aching back.  
Brings you hours of misery at leisure or at work.  
If women only knew the cause—that  
Backache pains often come from weak kidneys.  
"I would save much needless woe. Doan's Kidney Pills are for weak kidneys."  
Many residents of this vicinity endorse them.  
Mrs. J. P. Martin, 208 Taylor ave., Brownwood, Texas, says: "For several years I had attacks of kidney trouble. During these spells, my back was very weak and there was a dull ache through my kidneys. The kidney secretions were also unnatural and I felt all out of sorts. Dizzy spells and headaches added to my misery. Doan's Kidney Pills were so highly recommended by my friends that I decided to try them and got a box. After using part of the box I began to get relief and in a few days I felt able to get around to attend to my work. I have never failed to get relief from this remedy when I have taken it since and I am only too pleased to recommend it."

#### COMMERCIAL CORNER.

In last week's papers we had a short article from Mr. J. W. Griffin, our farm demonstrator, stating that the Russian thistle had been imported through seed of German millet. This seed, we understand, came from Northwest Texas and has been sown with our millet seed and in this way may get a foothold in McCulloch county. I wish to add to Mr. Griffin's article a warning. We are fully convinced there is no greater enemy to our farmers than this thistle. The land owners of our county had better lose this year's promising crop rather than let this nuisance get a hold. Drouth, Johnson and Bermuda grass, hail and grasshoppers all combined are not as bad as the Russian thistle. This is no sensational statement. After the land is once set it is useless. There is no remedy. Nothing eats it and it spreads and multiplies faster than anything known. If the farmers are not acquainted with this pest, you can see a sample in this office. Come and see if you are among the unfortunate ones who have it in your oat field or millet patch. This is so important that it should not be put off, for the seed will mature in the next two weeks. Then it will be too late. Do it now.

At the last meeting of the Brady Commercial club the directors ordered the secretary to assist as far as possible the farmers in securing immigration through our federal director at Washington. We have orders for nine families so far. If a few more will apply they can secure enough for a car and therefore there will be cheaper transportation possible for these immigrants. It costs nothing to make application. There is no question about needing hands. With one rain in next month, a great crop of cotton will be raised and then there will be plenty of work for all that we can get. Place your application now so there will be no delay.

There is a call out for a mass meeting for the 14th for the purpose of planning a campaign for a general clean-up day, or rather a cleaner Brady. Usually a mass meeting does not appeal to the people, but as this concerns all of us, there should be a great meeting. I am told by the physicians that there has not been a single case of typhoid fever in Brady during the year. Let us get together and keep out of all sorts of ailments. There is but one way we can do it, and that is to clean up and stay clean.

Get a De Laval or Dome Cream Separator and Earn from \$10.00 to \$15.00 a Year More on a Cow Than by the Old Way.

A few years back nearly everything was done by hand. Since then machines have been invented to do this work and do it better and cheaper. Take the modern grain binder, threshing machine, gasoline engine and modern farm machinery. All these lessen the waste and increase the efficiency; or we will take the cream separator. Mother's and grandmother's way of getting the cream, the old springhouse, the bright pans sun-sweetening outdoors, are as fond memories possibly as the "Old Oaken Bucket." But there is a better way. From Scandinavia, the home of the centrifugal cream separator, comes the De Laval and Dome cream separators. As smooth running as a sewing machine, as simple as a coffee mill and as easily cleaned as a food grinder, with a range of sizes suited to use with a single cow or many. You cannot afford to be without one. If you have five or six cows it will absolutely pay for itself in a year's time.

We would be pleased to see you in our store for anything else you may need in our lines. We will appreciate your business and give you courteous treatment.
