MECHANICAL INVENTION.

Ballinger Boy's Patent a Great Success.

W. H. Roark, a young Ballinger boy, has patented a music leaf turner and today received the blue prints of the new design from the patent office at Washington. Practically all of the holder and turner is constructed of wood and bronze. Comments have been received by the young inventor to the effect that the turner will be sold and is much in demand by the best of musicians.

The music leaf turned is constructed for the piano or organ. The base is similar to many holders in that it is constructed of heavy wood. The upper part of the turner is made of light bronze wire. At the base are several buttons which may be pushed and the leaf of music turned when the proper time comes in the playing.

Several flattering offers have been received by Mr. Roark for the new patent, but he has not, as yet, closed a contract for its disposal. It is probable that he will hold on to the new device and sell it himself. He has placed an order with the manufacturers for the making of quite a number of them. They are expected to arrive in Ballinger within the next few weeks. They will be first introduced in Ballinger and be distributed to the musicians of the city.

Several publishers and manufacturers wrote Mr. Roark after they had seen the blue prints of the patented turner that the device will sell readily and has been in demand for some time. Many turners and holders have been constructed and patented by persons lately, but none have met with much success. Those who have written Mr. Roark state his patented article will be much in demand when put on the market.—Runnels County Ledger.

Will Roark is a brother of Mrs. Frank Biggs of this city, and is quite well known here, he and his sister, Miss Zella, having visited here quite a number of times.

MEXICAN SHOT SUNDAY

DISPUTE OVER \$40 ENDS IN KILLING.

Tragedy Occurs Near Colton Ranch House—Mexican Held for Crime on \$700 Bond.

Sheriff Wall Sunday received word of the killing of a Mexican named Raphael Marco on the farm of Amel Fahnestrom just west of Colton's ranch house, the tragedy having happened that morning between 10 and 11 o'clock.

Upon his arrival at the scene, Mr. Wall found Luis Sanchez, who had done the shooting, in charge of a number of fellow-men, who turned him over to the sheriff. After the shooting Sanchez had tried to make his escape, but a couple of shots fired at him brought him to a halt, and he submitted to arrest. The man was brought to town and placed in jail awaiting the preliminary examination which was held yesterday afternoon in Justice N. G. Lyle's court.

The facts developed in the examining trial were that Sanchez claimed Marco owed him \$40. Upon trying to collect the debt, Sanchez claims Marco made a gesture as though to draw a knife on him. Sanchez opened fire with a 38 Colts, firing three shots, one of which struck the victim in the left cheek, another in the neck entering on the left side, while no trace could be found of the third shot. The Mexican apparently was killed instantly, his neck probably being broken by the second bullet.

Marco was an aged man, apparently between 50 and 60 years of age. He had formerly worked for Billy Gibbons in San Saba county, and had been in the Colton community two weeks. He was unmarried. His possessions consisted of a good wagon and team, and some good clothes. No weapon was found upon his person, but a gun was discovered among his effects.

Sanchez is a native born Mexican, 23 years of age and has a wife. The gun with which he did the work was a fine piece of workmanship, having a 6-inch barrel and being apparently new.

At the examining trial yesterday his bond was placed at \$700 and he was remanded to jail in default of the sum.

Ice Cream Supper.

The Sunbeams of the Baptist church announce an ice cream supper on the court house lawn tonight from 8 to 10 o'clock, the proceeds to go toward a fund for repairing the church building. The Sunbeams are an energetic and enterprising little bunch of workers and the citizens should encourage them by responding to the invitation to attend.

The work must be done right and the prices reasonable. H. C. Boyd, Jeweler.

Our construction crew is here and are now preparing to string cable and do other work necessary to place this exchange on an all cable distribution plan, making all of our stations metallic instead of grounded, as they now are, and in doing this work it will necessarily cause some interruption in service. This is to ask that you be just as patient with us as possible. We hope to be able to put the system in such shape as to give you a telephone service second to none in this part of the state. GOOD VAUDEVILLE.

Curran and Milton Entertainers at Lyric-Airdome.

For laugh producers Curran and Milton, assisted by Miss Heleine Fay, at the Lyric Airdome, take the palm, and their act on Monday night won the universal approval of the large audience in attendance. "Jimmy's Girl" was a most ludicrous bit of comedy and kept the audience in an uproar from start to finish. "The Dumb Belle," the second act of the troupe, was likewise a most laughable bit of farce, and was enjoyed accordingly. The company will close their engagement here on Wednesday night, presenting a complete change of program both tonight and tomorrow night, and presenting a double bill at each performance. Don't worry and get a wrinkle, but come out and see and hear these clever people and all your troubles and the worst case of blues in the world will disappear.

The San Angelo Standard gives the company the following extremely complimentary mention: "Pretty little Madge Milton and her clever vaudeville partner, Edward Curran, appeared at the Roof Garden Thursday night with one of the best vaudeville sketches that has been seen in San Angelo in many months.

"The little golden haired actress is the personification of all that is dainty, amiable, coquettish, tempting and teasing, while her companion, as a country boy who discovers the witchery of the first kiss, does his part in a manner that is true to nature, at least what appears to be so to those who have never been fortunate enough to have a little charmer teach them. Cupid's art."

For Friday night Manager Beck announces having secured one of the greatest feature films ever produced, being entitled "From the Manger to the Cross." The picture is shown in six reels, and is a graphic portrayal of the life of the Savior from the time he was born in Bethlehem to the time of His crucifixion on Calvary. This picture will be presented one time only in this city—on next Friday night.

DOG GONE RIGHT.

The Josh Billings-gate as to
dogs that has been making the
rounds of the Texas press in the
fortnight past, tempting even
Waco, Beaumont, Dallas, Fort
Worth and San Antonio para-
graphers to fresh ungrammati-
cal absurdities is given a cur-
rish tone by a frog-throated
Clarion in little Sugden, Okla.,
thus: "Sum dogs in Sugden,
Okla., suck aigs, and so do sum
men; an' any ole yaller dog can
git a offis in Texas or Oklahoma
if he are a Democrat." We have
not the slightest objection to
Oklahoma joshists importing
Texas tykes (excepting the one
that occasionally gets Tom
Gooch of the Dallas T.-H.), but
we do draw the line at compar-
isons of Oklahoma's political
purps with Texas's, for even this
product is superior this side the
boundary line and the activity
of the Oklahoma legislature's
investing committee likely will
show just how much superior.
But for political or any other
kind, our conclusion must be the
conclusion of Harry Schwenker
of the Brady Standard: "Dogs
as is muzzled and dogs as is
dead is good dogs."—Waco News

TAKING AWAY.

Schwenker avers that we are
"the misprint who put mess in
Messenger." Maybe so, but if
Harry is really an old maid in
disguise he can't deny being the
individual who put the gal in
gallowes, and some day he may
hang his pants in the pantry,
take the dress out of his ad-
dress, and with the net from his
bonnet try to catch the man in
his manuscript.—Menard Mes-
senger.

Take the mess out of Messen-
ger, the men out of Menard, the
"l out of Callan, and the ugly
out of girls and we would have
a pretty good respectable sort
of place at the end of the Frisco
extension.

OUR STAND-IN.

We can condone much of Call-
an's lambasting because of his
being exiled from the beauties
and bounties of Bully Brady;
and also because he does not en-
joy such popularity in Menard
county as do we with the 13,405
inhabitants of McCulloch coun-
ty. Such being the case, it is
but natural that he should be
soured and embittered against
the world. Our popularity is at-
tested by the fact that just the
other day P. M. D. Doole, Uncle
Sam's chief stamp canceller in
the world in McCulloch county,
remarked that some McCulloch
county girl might just as well
marry and make a living for us
as to be fooling her time away.

ONE OR TOTHER.

The base republican editor of
the Del Rio Herald says that
we are about to fall out of the
glorious old democratic party.
We never even thought of such
a thing, but we are very seri-
ously considering the proposi-
tion of tossing President Wilson
and Messanger.

Some boys are just naturally

Mr. Durnett's complaint aris-
es from the fact that some boys
while in swimming in his water
hole filled the end of the intake
pipe on his pump with mud. As
a result the pipe is clogged up
and will have to be taken apart
and cleaned out. In the mean-

a little dusty, and gives assur-
ance that he will be back on the
job as soon as conditions per-
mit.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death. Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken. I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been a medicine, and never will be, a medicine to compete with Cardui. I believe it is a good medicine for all womanly troubles." For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength. If you are a woman, give it a fair trial. It should surely help you, as it has a million others. Get a bottle of Cardui to-day.

Editor Brady Standard: My, my, what warm weather we are having! How did the correspondents spend the 4th? Little Master Layton Snow has been suffering this week with the scrofula on his jaw. We hope for his speedy recovery. "Lonely Bachelor." Grandmother Whitehead was very ill Tuesday. Well, I will ring off for this time and give room for one more good letter from "Aunt Susan." Come on, auntie. GLADDIE.

Editor Brady Standard: Quite a bunch of folks from here attended the big barbecue at Mason last week. All report a royal time, and have nothing but the highest praise for the Mason folks. The people of the Lost Creek community are planning a big picnic for the 12th inst, and an exhibit of farm produce as one feature of the occasion, the proceeds to go toward enlarging and otherwise improving the school building. It might be interesting to some to know a little of the history of our school. Seven years ago we began at the ground, and now we have a neat school house at a cost of \$600 to us, neatly painted, and we will add about \$200 this year to the building. All this is done by individuals interested in school work. Recently we voted a 30c school tax. We have always maintained one of the best one-teacher schools in the county, and have now grown to a two-teacher school. The trustees have employed Prof. Otto Armor as principal and Miss Carrie McLaughlin of Melvin as assistant. And before I close on this subject I must say that Lost Creek has some of the best school workers and builders to be found anywhere—men who are willing to sacrifice for the cause of education. Our school building is one of a few country school buildings carrying insurance. Mr. and Mrs. A. L. Holloway gave an ice cream supper last Saturday night especially for the old folks, and there was a big bunch to enjoy their hospitality. Mr. and Mrs. Holloway are always getting up something to entertain their many friends. Miss Minnie Taff and little brother, Master Henry, of Goldswaiter are here for a visit among relatives. Miss Myrtle Deans came down from Voca Sunday to spend a few days visiting Miss Iva Spiller. Otto Armor and wife went to Brady Monday shopping and to attend to other business. A CITIZEN.

A Good Investment. W. D. Magli, a well known merchant of Whiteland, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of the entire stock of these medicines. For sale by all dealers. Surprising Cure of Stomach Trouble. WALDRIP WHISPERS.

Waldrip, Texas, July 7. Editor Brady Standard: Aren't these afternoons warm? But we are going to have a refreshing shower before long. Elbert Briscoe, who has been with the railroad grading hands in New Mexico for the past ten months, has been visiting his parents, Mr. and Mrs. T. R. Briscoe. Mr. B. D. Wright of Jackson, N. M., has returned to our good country. Mr. Wade Kerr of Stacy was a pleasant visitor at the Walker home and in Waldrip Saturday and Sunday. Mr. and Mrs. A. E. Briscoe of the Woodward ranch were visitors at Dr. Powell's Saturday night and Sunday. Mr. B. L. Hughes of Mercury visited here from Friday until Monday. Miss Shirl Hayes was a guest of Margaret Powell Saturday and Sunday. Among the crowd from Waldrip that attended the picnic at Gouldbusk were Messrs. Jeff Bratton, Houston Kennedy, Lit and Guy Walker, Mr. E. L. Hughes and Miss Mabel Winstead. All report a jolly time. Dr. and Mrs. J. E. Powell visited Mr. and Mrs. T. C. Ramsey Friday. Mrs. Laura Brewster is visiting relatives here. Miss Mabel Winstead visited her cousin, Miss Bernice Winstead, at Lohn from Saturday until Wednesday. Mr. and Mrs. J. B. Wright are going to attend the Presbytery at Trickham. Mrs. Frost and little son, Jake, have the mumps. Mr. J. R. Winstead, Jr., spent Saturday night with Mr. Lum Daniels. Friday night to play "42". An ice cream supper given at the home of Mr. and Mrs. J. R. Winstead on Saturday evening was enjoyed by quite a crowd. The visiting guests were Misses Mossley of Santa Anna, Miss Emmerson of Bell county, Mr. Wade Kerr of Stacy and Mr. B. L. Hughes of Mercury. Miss Margaret Powell spent Sunday at Mr. and Mrs. J. B. Wright's. Mrs. Cora Dupree is visiting Mr. H. L. Bratton and family this week. Mr. B. L. Hughes, Mr. G. T. Gattis and Miss Powell spent a few pleasant hours with Miss Winstead Thursday evening. I'll try not to miss writing another week. I cast my vote for "E. Z." of Fife. THE KID.

I think the East Brady people, that is the most of them, spent the day canning beans and pickling cucumbers, and all were thankful they had them to save. This part of the earth is getting dry again. We sure need a good rain now to cool off the atmosphere. Mrs. Marion Miller and daughter, Mrs. John Deans, of the Voca community were shopping in Brady Monday. Master Vester and Miss Larue Wood went to Mason Thursday to the barbecue. They were accompanied by Miss Pearl Cooper. They returned Saturday and reported a big time. Mr. Jimmie Wade made a business trip to Mason Monday. Mrs. June Cooper is on the sick list this week. Messrs. Edwin and Hilary Tindal were in East Brady Saturday and Sunday. Little June McKee is on the sick list this week. We hope for his speedy recovery. Mr. Albert McMatt was in East Brady Saturday. He returned to his home at Richland Springs Sunday. Mr. Roy Barton was in East Brady Thursday. Misses Bell and Flossie Castleman spent the 4th at home. They returned to Whiteland Sunday. Mr. Arthur Hall passed through East Brady Friday enroute to Lohn. He spent the week with home folks at Pontotoc. Grandma Wade has been very ill this week, but is better at this report. Mrs. McCloud of Richland Springs spent Wednesday and Wednesday night with her granddaughter, Mrs. W. B. McMillan, of this place. Master Vester and Miss Lela Bumpgardner spent the 4th of July with their grandparents, Mr. and Mrs. Lee of Mountain View. Mr. and Mrs. W. B. McMillan spent the day Sunday with her parents, Mr. and Mrs. Bob Brown, of West Brady. They were accompanied by Miss Pearl Castleman. I made a mistake last week in voting. I got the wrong name—it was "Daisy" instead of "Penny." Mrs. William Downs and daughters, Misses Lizzie and Pearl, of Calf Creek dined with Miss Pearl Castleman Thursday. I would like to know what has become of "Penny." I think she has surely gotten married and changed her name. I would like to see a letter from you, "Penny." Little Master Layton Snow has been suffering this week with the scrofula on his jaw. We hope for his speedy recovery. "Lonely Bachelor." I certainly appreciate your invitation to come and eat string beans, but we have them to throw at the birds, and we are certainly thankful that the good Lord has given us plenty of garden so that we could raise plenty of vegetables. Grandmother Whitehead was very ill Tuesday. Well, I will ring off for this time and give room for one more good letter from "Aunt Susan." Come on, auntie. GLADDIE.

CALLAN CONCOCTIONS FOR MAGNIFICENT MENARD

From the Messenger.

Mrs. J. S. Anderson of Brady visited Mrs. Frank T. Glascock last week.

Judge Harvey Walker was over from Brady Saturday enjoying a day in the real town.

Joe Matthews was up the last of the week to see if the democrats are arranging to distribute money free.

Times are so good in Menard that even the people who know all about running the government can pay their bills.

Brides get their first intimation that "life is real, life is earnest" when it falls their lot to patch the seats of the groom's trousers.

A Missouri paper quotes a minister as saying that hell is crowded. This is cheering news, unless the devil decides to build an addition.

Louisville officers are arresting women who wear slit skirts. If State Press were an officer he would probably wink at such violations of the law.

We wonder if editors who criticize ladies clothes have little enough sense to expect them to change. We wouldn't give a snap for a woman dressed to please an old, old minister.

Some new wise man has discovered the old saying that married men live longer than single ones, but it is hard to tell. We've tried living both ways and have failed to note any difference.

Hep Blackman asks why it is that one page in our paper is blank each week. That page, Hep, is a beautiful steel engraving of the expression on the faces of the sheep men who contributed their dollars to the Wilson campaign fund.

The morning german was well attended and a big success, but we didn't attend. We love to dance and are very graceful and swan-like on the floor, but when we roll out of bed at 4 a. m. to dance it is going to be St. Vitus dance that gets us up.

Hep Blackman, bugler for the Fort Worth Sunday Hardtack, says that we must be a very wealthy cuss. We are rich indeed, but it will do Hep no good. We don't lend money to newspaper men, politicians or poets, and we never play poker.

We dislike to be always talking about ourself, but when we were a boy we made it a rule not to steal watermelons on Sunday. Just a little extra work Saturday night and one can carry enough melons to a cool, shady place to last over the Sabbath.

Governor Carranza last week denied that he had committed suicide. He ought to be positive of his ground before making such a statement. The report was circulated and we can hardly believe that the people who spread the news were mistaken.

Just to make the people living in the deserts feel good we will inform them that when you take one out of its snug bed in this extra cold Menard ice the frost on the outside is a quarter of an inch thick, and the contents cools ably off and knocks the blues into a cocked hat. Go try a glass of your germ laden branch water, will you?

Virginia has given 621,693 of her natives to other states and has received in return 141,356 natives of other states, and George Bailey of the Houston Post says he suspects, all things considered, that Virginia feels she has out traded her sister commonwealths. Our better half is from the mountings of Virginia, and armed with this statement from George and a dozen hatpins she will shortly be in Houston.

A religion that doesn't make folks better and happier in this world is a failure. God never intended that man should disfigure His world with a long face. Like mankind made in His image, He wants His children to romp and play, and enjoy every hour the precious gifts He has poured out over the whole earth. If we take a false step occasionally He will forgive, for His love and mercy are greater even than that which causes us to kiss the babies we have scolded, and secretly love them a little better because they have been a little bad.

Two silos are to be the starter for San Saba county in the silo campaign which is sure to come. The two first to purchase are Will and Russell Doran and A. Behrens. The first is a 150-ton silo and the latter a 200-ton silo.

Jim Gunter happened to quite a painful accident Monday. When he shot a rabbit with his shotgun the gun kicked with such force as to leave him with a broken collar bone and badly bruised shoulder.

Archie Doran reports his turkey gobler has hatched out thirteen little chicks and defended the brood heroically when they were taken from him. The gobler is still staying with the turkey eggs, and no hen was ever more faithful to the task.

News comes that Joe Bailey and Loom Up, both well known harness horses which have made the San Saba fair in former years, were winners at the 4th of July races at Brownwood. They were driven by T. T. Wood and will be here again in August. Joe Bailey is a pacer and Loom Up is a trotter.

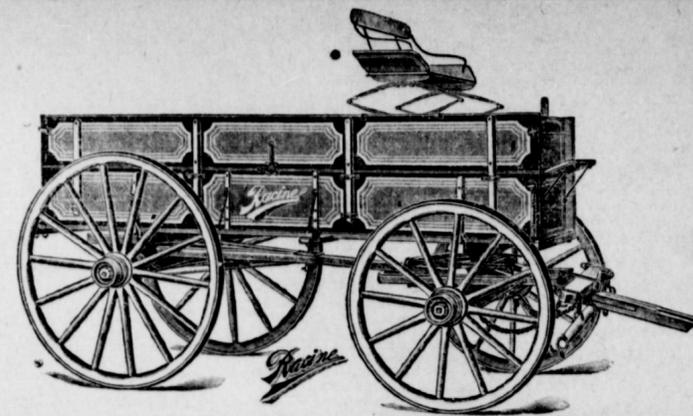

An outing party from Dallas and Grandview passed through town Wednesday enroute to the Brady fishing and rusticiating. The party was composed of L. H. Harrell, president First National bank, and wife; C. C. Hayden, merchant, and wife; and Lester Ingle and wife of Grandview, and A. A. Hayden, a real estate dealer, and wife of Dallas.

S. W. Williams and Miss Myrtle Tippie of Brady were married Tuesday night. The party drove down to the revival meeting and Rev. Barb performed the ceremony after the services had been concluded. Accompanying the couple from town were Mrs. Pete Graves, Misses Mary Gregg Faver, Woodie Williams and Beulah Elkins and Mr. Herman Elkins.

Thos. Elliot thinks The Standard is a good safety valve for excess enthusiasm, all our statements being so absolutely accurate as to furnish a good example for the citizens of Brady to follow.

Uriah Jones, Hezekiah Brown and John Peter Smith all say that Hunt's Lightning Oil stops neuralgia, rheumatism and other pains. Just try a 50c or 25c bottle from your druggist.

C. H. Vincent, who returned Monday morning from Palo Pinto county, where he had attended the funeral of his brother-in-law, reports that section of the country suffering greatly from the hot winds, the old corn all along the line from Fort Worth to Mineral Wells being burned. On the other hand, in the Dallas neighborhood everything was looking fine, and again in the immediate Brady country crops were good to look upon. During the few days interval between the going and the return trip, Mr. Vincent says the deterioration of the crop because of the heat was plainly noticeable. Rain is beginning to be needed all through this section.

The Carey-Lombard-Young & Co. of Chicago read The Standard with pleasure and minuteness as well. In fact, they read it so closely as to be able to tell whether you have paid your lumber account or not. They also enjoy sending us a dollar every year for renewal subscription. Julian Davis gave us the dollar sent by them the other day, and we thought for a while that they might engage in some extensive advertising in our unsurpassed medium. We are sure they are only waiting to saw up a few more logs so they will have no trouble in supplying the immense demand that is sure to follow advertising in The Standard.
