NOTICE—TRUSTEE'S SALE.

The State of Texas, County of McCulloch—Whereas, by virtue of the authority vested in me as substitute trustee named and appointed in a certain instrument in writing, dated January 13th, 1913, and a deed of trust dated March 1st, 1909, and recorded in Vol. H, on page 307, Records of Deeds of Trust of McCulloch County, Texas, and signed by S. A. Conley and Hannah Conley, which said deed of trust is in words and figures substantially as follows:

substitute duly appointed hereunder, any and all statements of fact or other recitals therein made as to the non-payment of the money secured, or as to the request to sell, the time, place, terms of sale, the property to be sold having been duly published, or as to any other act or thing having been duly done by any trustee or substitute, shall be taken by any court of law and equity as prima facie evidence that the said statements or recitals do state facts, and are without further question to be accepted, and we, the said grantors, do hereby ratify and confirm any and all acts that the trustee or substitute or his successors in this trust may lawfully do in the premises by virtue hereof.

Witness our hands this 1st day of March, 1909. S. A. CONLEY, HANNAH CONLEY.

And, whereas, on the 11th day of January, 1913, V. E. Oehler, the above named trustee, gave notice in writing to Ely & Walker Dry Goods Co., of St. Louis, Mo., that he would enforce the trust conferred upon him in the foregoing deed of trust, and, whereas, on the 13th day of January, 1913, the said Ely & Walker Dry Goods Co., did by an instrument in writing, duly and legally executed and delivered to the undersigned, appoint him as a substitute trustee to succeed to all the estate, rights, powers and trusts heretofore granted to and vested in the said V. E. Oehler, and, whereas, the said Ely & Walker Dry Goods Co. are the legal owners and holders of the indebtedness secured and provided for in the foregoing deed of trust, of which there was on the 11th day of January, 1913, and still is long past due and unpaid the sum of \$3,413.20, together with the interest thereon from January, 11th, 1913, at the rate of 6% per annum until paid and an attorney's fee of 10% on such amount as the property above described may sell for at the sale thereof under this trust, provided for in the above described deed of trust, and, whereas, I have been requested by the said Ely & Walker Dry Goods Co. to enforce said trust, I will offer for sale between the legal hours thereof, to-wit: Between 10 o'clock a. m. and 4:00 o'clock p. m., at public auction to the highest bidder, on the first Tuesday in September, 1913, (the same being the 2nd day of said month) at the court house door in the town of Brady, in McCulloch County, Texas, the following described property, to-wit: Beginning at the northwest corner of Block No. 4 in Brooks addition to the town of Brady, Thence east 70 feet. Thence south 100 feet to the place of beginning. Also beginning at the southwest corner of said Block No. 4 Brooks addition to Brady. Thence east 150 feet. Thence north 100 feet. Thence north 100 feet. Thence west 150 feet. Thence south 100 feet to the place of beginning. with all the rights and appurtenances thereto belonging.

Witness my hand this 25th day of July, 1913. E. P. LEA.

TUCKER TATTLINGS.

Tucker, Texas, July 28. Editor Brady Standard: The gospel mission Baptist protracted meeting closed here Sunday a week ago at 11 o'clock, p. m., and we are pleased to report one conversion.

On account of the poor health of Bro. A. M. Fagan, he had to return to his home before completing his appointment here, so it was left for our pastor, Bro. J. W. Wren, to finish the meeting, which he did to the benefit of the entire neighborhood.

Mr. George Walker, our Calf Creek blacksmith, left a few days ago on an extended visit to his daughter, Mrs. Frank Miller, at some point in New Mexico. The Calf Creek literary society met in regular session last Friday night, but there wasn't much of a program on account of the absence of the members of the program committee. The society was re-organized, and we have a nice program for next meeting night, which is Friday night, August 15th. This section of the county was visited by a light rain Saturday.

Misses Madie and Eunice Hodges are spending a few days in Waldrip at the home of their uncle, Tom Hodges. They were accompanied by Miss Pearl Kolb.

The Tucker ball team went over to Nine Saturday and pulled a good game of ball. The Nine boys defeated Tucker 6 to 5.

Messrs. Ira Deland, C. B. Whitehead, Frank Matlock, Bob Attaway, Jim Alexander and Mr. Brown attended the ball game at Nine Saturday.

Mr. T. R. McDowell umpired the ball game at Nine Saturday.

Mr. and Mrs. W. J. Docwra and daughters, Misses Lizzie and Pearl, left Sunday for a visit to some relatives at Millersview.

There was a baptizing at the Rock Water hole on Calf Creek Sunday, Bro. Wren officiating.

Bro. J. W. Wren, pastor of the Gospel Mission Baptist church, held his regular appointment Saturday night, Sunday and Sunday night.

Mr. and Mrs. Jess Everett of Gouldhusk were visitors at Mr. W. J. Docwra's Friday.

Well, Mrs. Cressett, ve. the entire community, offer our thanks to the Giver of all good things for your total recovery.

Gov. Colomitt has ordered a special session of the legislature, and tradition runs that the honorable vents are considerably stirred up about it. I will bet they are not half as much as the tax payers are before they get through.

Nearly all of our feed is safely housed and everybody is going fishing (and hanging that big one.) Well, as I haven't any more news, and being afraid to invent anything on anybody, I will close. CUPLEY.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors prescribed a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proved Catarrh to be a local disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is sold in bottles for 10 cents and 25 cents. It acts directly on the blood and cleanses the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Beware of cheap imitations.

NORTH BRADY ITEMS.

Brady, Texas, July 29. Editor Brady Standard: The weather continues dry. The cotton is still doing very well. The Christian meeting closed Sunday night. It was conducted by Rev. Allen. Mr. and Mrs. Morgan Sanders attended church Saturday night and Sunday in Huffman's pasture. Mr. and Mrs. W. T. Galloway attended church in Huffman pasture Sunday night also. There is an abundance of feed stuff already made and in the shock. Stacking will begin right away. Grass is drying up in the pastures real fast in the past few days. Mr. and Mrs. W. T. Galloway called at the J. M. Johnson home Monday night. Mrs. G. W. Knoy returned to her home Tuesday night at Rochelle after spending a week with her daughter, Mrs. J. M. Johnson. Mrs. Dan Cottrell and children returned home Sunday evening after a two days' visit with her mother, Mrs. McShan. Mr. G. A. Nelson is in the Prairie View neighborhood helping Carlson run the reaper. "Violet," you ought not desert us right now while times are looking so hard and news is scarce in most all neighborhoods. The weather has been threatening the past few days. **TO ARMS! TO ARMS!**

If that cry had sounded back in the revolutionary days, there would have been no sleepy rubbing of the eyes, and drowsy, indifferent response. It would have met with the rattle of muskets, and the sound of hurrying feet as the citizens rushed to the defense of their homes, their town, their lives.  
 Even more recently—in the days of the Indian—such a cry would not have passed unnoticed!  
 The Standard has sounded the tocsin—is sounding it now. To arms! To arms! Invaders are upon us. Are you ready to rush

to the defense of your home, your business, your interests?  
 Read the "Five Findings" on page two of this issue and you will note that a delegation of Santa Anna boosters were in the north part of our county last week boosting Santa Anna. Note further that despite bad roads, these trade evangelists entered our own trade territory to boost for a town much smaller than our own. Note that our correspondents says "on account of the roads north and across the river most of the trade they used to get now goes to Brady." This then appears to afford the only reason why Brady merchants are holding their own in this section of the county—they have the advantage of good roads.  
 We believe that Brady merchants owe it to themselves to awaken to their own interests. To sleep on their rights and let neighboring hamlets take our legitimate trade territory away right under our nose is folly of the most deplorable kind.  
 The Standard has heretofore advocated a trade excursion by Brady merchants to cover all of our trade territory, and we believe that we have sounded the warning, a ready response should be met with. Let us show the citizens of McCulloch county that we have the advantage not only of good roads, but of markets and marketing facilities. Let us show them a thousand and one reasons why it should be to their advantage to bring their trade to the capital of their county.  
**CLEAN-UP CAMPAIGN.**  
 It is indeed gratifying to note the wonderful improvement in the appearance of Brady during the past two weeks, or to be more specific, since the clean-up work was begun. Brady's streets have the appearance of clean-swept floors, and with but

few exceptions, the citizens have shown their willingness to cooperate for a "Cleanest Brady" by getting their property in like sanitary condition.  
 The attention of the few who have neglected their share of the work in the clean-up is respectfully directed to the warning given in this issue by the sanitary committee in which the penalty for failure to remove weeds and shrubbery from property is set forth. Not only will this ordinance be enforced strictly, but in its enforcement the sanitary committee will have the endorsement and assistance of every live and progressive citi-

zen of Brady. The committee will follow the plan adopted in Brownwood last year, viz: To assess penalties for failure to comply with the ordinance, against the owner of the property, the same being levied as a tax against the property.  
 You can establish your good citizenship by responding to this call at once, and thereby avoid the necessity for harsher action being taken by public spirited citizens who have nought but the city's best interests at heart.  
 The inspector begins his rounds today, and it is probable that he will reach Brady in a day or two. Prompt action is

necessary, and every citizen must do his part.  
**DOLLAR DAY.**  
 Don't forget that tomorrow is "Dollar Day" in Brady—the first of its kind, and the biggest thing ever attempted here. Come to Brady and spend the day with us; you will find it both profitable and educational. Bring your own folks, your neighbor and your neighbor's folks. Come to the cleanest town in Texas, and drink some of our 99% plus pure water cooled with Brady-made ice.  
 When you get the mulligrubs and feel right down-in-the-mouth, just remember how much more favored you are than many other citizens of Texas, and gratitude will fill your heart instead of despair. Talk with the folks who have visited in other sections of Texas and they will tell you McCulloch county has crops almost without equal in the state of Texas. True, there are a few spots that have been more favored with timely rains than have we, but there are countless others where crop prospects are nil. Cheer up, and even though the sun shines bright, you will find things all right when the rainy days do come.  
 Undoubtedly one of the handsomest and most artistic pieces of printing is "The Trail," the initial annual of Daniel Baker college, a copy of which has been received at this office. The volume is elaborately illustrated, both with photos of the faculty and classes, and with clever sketches representing phases of school life, and the printing is of the highest order. "The Trail" is a credit to its staff, the faculty and Daniel Baker as a whole and is a volume that is deserving of a place in any library.

**EVEN, STEPHEN.**  
 Commenting upon recent prohibition elections, the Ft. Worth Record says: "Williamson county remains wet by a large majority. Midland county remains dry by a two to one vote. Hoss and hoss."  
 Yes—pro and con, so to say.  
 If you have dollars and cents you will save dollars and cents and show good sense by subscribing for The Brady Standard on "Dollar Day"—fifteen months for \$1.00.  
 Bring your rusty dollars and swap them for good ones on "Dollar Day."  
 Live happily ever afterwards.  
 Drink Brady water.  
 Cut the weeds.  
 Swat the flies.  
 We will fill your orders promptly for cotton sacking. Big shipment just received at Abney & Vincent's.  
 In remitting for the subscription of G. P. Stewart of Tiplersville, Miss., our good friend, J. D. Stewart, of Rochelle writes: "I got a letter from G. P. stating that he could not come out this summer, so I am continuing The Standard." That ought to fetch him sure!  
 Only a few art squares left to close out at \$2.65. Abney & Vincent.  
 For the best carbon papers, call on The Standard. A new shipment just received.  
**Causes of Stomach Troubles.**  
 Sedentary habits, lack of out-door exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, overeating, partaking of food and drink not suited to your age and occupation. Correct your habits and take Chamberlain's Tablets and you will soon be well again. For sale by all dealers.—Advertisement.

**INTENSIVE CULTIVATION**  
 PRACTICED IN EUROPEAN COUNTRIES.  
 Herman Texas Says  
 not only the same time as the extensive cultivation that is seen here. I will explain why. Intensive cultivation here is the result of, first: Cheap labor; second, high rents; and third, high prices of farm lands. The whole of Europe, so far as we have gone, is not a farm, but a garden in which every inch of soil is cultivated and most frequently with the spade, the rake and the hoe. Nothing is wasted. All the straw is made into

manure, whether eaten by cattle first or trodden underfoot. The grass by the roadside is cut and carted in and fed to the cattle and then gathered as barn yard manure and put on the plots of ground called farms. Every farmer's wife and daughter makes a hand in the field. The hard work of these women make them short, stocky, coarse of features, with hands, feet muscles similar in size to those of men. But the children are not seen in the fields—they are in school—the laws compels the attendance of children at school between the ages of 6 and 14 in most European countries.  
 Back to the question of intensive culture of farms. One looking at the farms from a car window would no doubt become enthusiastic for intensive cultural methods. There is no division fences between farms. The whole area represents the appearance of a big farm. There

will be a strip of oats, a strip of wheat, another of rye, another of barley, another of hemp, another of hops, another of sugar beets, another of beans, etc. These strips vary in width from thirty to one hundred feet, and there is nothing between them except a narrow furrow. I was much puzzled to know why these little strips of land varying in width and in length should be planted to different kinds of products. Maybe one strip will be in wheat, the next in hemp, then wheat again. I wondered why they did not put all the wheat together, and all the hemp and all the corn on the farm together. Why put them in several little plots? I asked members of our commission who had traveled in Europe, and was told that such methods were adopted in order to secure proper rotation of crops and conservation of soils. I doubted this statement, so I went into the coun-

try and talked with the farmers. I learned that each of these little strips was a separate farm. A farmer might own several of these farms scattered widely in the community.  
 If a farmer owns say five of these plots varying in size from half an acre to an acre and a half, and he should have five children, he will bequeath one plot to each child. If he has more children than farms I presume he divides the strips into smaller strips so as to give each a farm.  
 These lands sell here in Germany at from \$200 to \$1200 per acre, according to location and productivity. They rent for from \$20 to \$90 per acre, but no houses are furnished to the tenants. But there are no tenants such as we have. All farmers own their own homes or rent one in the village. Such as do not own as many little plots of ground as he and his women

folks can cultivate, rent other plots of those who may have more than they wish to cultivate. A farm laborer, if a man, receives 50 cents and meals and 75 cents without meals per day; if a woman, 35 cents with meals and 50 cents without meals per day, and by the year a man receives about \$100 while a woman gets from \$40 to \$60 per annum.  
 So I am forced to the conclusion that intensive culture is the result of cheap labor, high prices of land and high rents.  
 You may not feel interested in these details which I have mentioned, but if you are going to understand the rural banks and rural finances of Europe you must wade through these little details. Whoever thinks he can understand the principles of rural credit here and undertakes to adapt them to American conditions will be an unsafe leader and instructor unless he

also understands the farming conditions which gave rise to and developed these rural banks. For instance, there is seldom any land for sale at any price,

Mr. and Mrs. G. R. White left on Wednesday night's train, Mrs. White going to Chicago for a visit with her mother, while Mr. White will join her after spending some time in Oklahoma looking after cattle interests.

Mr. and Mrs. John Marks of Kingstown, Ind., were here Wednesday morning from the Fife country, where Mr. Marks is superintending the removal of his well drill. The machine will be loaded on the cars and shipped to Oklahoma.

Mr. and Mrs. Joe Souther returned yesterday morning from a month's visit with relatives at Siloam Springs, Ark., and other points in that state. Mr. Souther also spent some time amidst boyhood scenes in Missouri. They report a most enjoyable trip and visit.

Mrs. J. F. Montgomery returned Wednesday from Brownwood where she has been the past week undergoing a surgical operation upon the nose. Mrs. Montgomery is reported as having made the earliest recovery from the operation that has yet been noted in Brownwood.

J. A. Harris returned Wednesday morning from Steamboat Springs, Colo., where he has been the past month on a big hunt, and spent the night here with his daughter, Mrs. J. B. Granville, and family. Mrs. Granville and little daughter returned with him to the ranch at London for a visit.

J. T. Wade will leave the first of next month for Greenville, where he will enjoy the Confederate reunion, and incidentally improve his time there by displaying and advertising his patented railway tie. Mr. Wade has one of the finest inventions of

recent years, and he is now preparing to place it on the market. He has a number of tempting offers for the exclusive rights to the invention, but so far has declined to consider any of the offers made.

**Surprising Cure of Stomach Trouble.**

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help. Just because your doctor fails to give you relief. Mr. G. Stengle, Plainfield, N. J., writes, "Over a month past I have been troubled with my stomach. Everything I ate upset terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now estimate everything that I want." For sale by all dealers.—Advertisement.

**ANYTHING FOR A CHANGE**

The Wonder Store has moved from the old stand into the J. Lou building next door to I. Ham's. The low prices increased the business so rapidly that it was necessary to secure larger building. The stock was also increased considerably. Everybody is cordially invited to come and get our prices; you will save money by doing so.

#### CROP DISPLAYS.

Enthusiasm in Fall Exhibit Already Awakened.

Commercial Secretary D. R. Hardison reports enthusiasm in the fall crop exhibit already awakening among the farmers of McCulloch county, and the commercial club room is being ornamented with a variety of splendid samples of McCulloch county products. New exhibits on display this week include some monster beets raised by dry farming methods by W. N. White, the largest of the beets weighing 5 1/4 pounds, while another tipped the beam at 3 pounds even, and a third weighs 2 3/4 pounds.

Some of the finest millet ever raised here is also a feature exhibit, the millet being the product of the farm of Eric Nelin. J. D. Parker, Voca's progressive farmer, shows some feterita

## The Necessities of the Home

Some one has said, "Man wants but little here below, nor wants that little long." He was mistaken. The children of man never do have all they really want.

It is sometimes hard to distinguish between what one wants and what one really needs. Home necessities are needed. The Indian and the savage got along with a few crude cooking vessels, a shelter that was sometimes nothing more than a few animal skins stretched over a pole and hardly enough clothes to keep them warm in hot weather. We could do the same if we had to, but we don't have to.

All we have to do to have an up-to-date furnished home is to go to town and tell our merchant our needs, make a few suggestions and we are completely equipped.

It is not what is in the home though that makes it look well, no matter how fine or expensive the furniture, but the arrangement.

## We are Furnishers of the Home

We have made a special study of furnishing and arrangement and are pleased to offer our advice and services on matters of this kind. No detail too small for our consideration, from the bath room to the garret.

We are constantly watching the market for something new in the way of comfort and usefulness, and have a stock of goods that will satisfy anyone.

Money talks. We know the language. We want to trade for stock, and your credit is good. Come to see us.

Good Plumbing in the kitchen is a matter of great importance because your health largely depends on the sanitary conditions existing in this room where all food is prepared.

#### CALLIOPE TRIO.

Special Feature Attraction at the Lyric Theatre.

The Calliope Trio is a special vaudeville feature secured by the management of the Lyric. Airdome for Monday, Tuesday and Wednesday nights of next week. The trio does a remarkable and unusual stunt in sweet singing, yodeling and comedy. Their original stunt, the human

calliope, is said to alone be worth the price of admission.

The Temple Telegram says "The Calliope Trio was greeted by packed houses. Their singing is good, and they were called back again and again. The act consists of real harmony singing and yodeling and talking, each singing a song."

In addition there will be the usual program of motion pictures.

#### Methodist Meeting at Lohn.

The Methodist protracted meeting will be begun at Lohn Friday night before the third Sunday in August at the tabernacle at Lohn. Preaching will be done by Rev. I. T. Morris of Brady. Services in the morning at 11:00 o'clock and at 8:45 at night.

All are invited to attend.

REV. R. R. CUMBIE,  
 Pastor.

#### FILLING SILO.

Interesting Performance at the Donnell Dairy This Week.

The filling of the 75-ton silo at the Brady Sanitary dairy was begun at 3 o'clock Tuesday evening, and has served as an attraction for a large number of citizens who have journeyed out to see the novel sight. Through the courtesy of T. O. Squyres and Mr. Donnell the editor had the pleasure of observing the operation Wednesday.

Mr. Donnell's silo has a capacity of about 75 tons, and under favorable conditions he should have been enabled to fill it in one day. The cane and maize is hauled to the scene and fed into a feed cutter where it cut up into small bits and blown thru a spout into the silo. Inside the silo it is distributed evenly and tramped down. When the silo has been filled it is covered over, forming an air-tight container for the feed. The silage is put up more or less green, and when enclosed in the silo a process similar to fermentation sets in, and the ensilage being veritably cooked by the spontaneous heat.

This chemical change preserves the ensilage much in the same manner as fruit that has been canned, and makes a splendid feed for cattle and horses during the winter months. It is stated that forty pounds of ensilage used in combination with cotton seed will fatten a steer, while thirty pounds is required to feed a milch cow.

The Standard—\$1.00 a year.

### WHEN YOUR LIVER GOES WRONG.

Nearly Everybody Needs a Liver Stimulant at One Time or Another.

Nearly everybody now and then is annoyed with a sluggish, lazy liver or by constipation or by biliousness.

It is for this reason that Dodson's Liver Tone is such a good medicine to keep always in the house.

Either children or grown-ups can take Dodson's Liver Tone without bad after-effects and without restriction of habit or diet. It is a vegetable liquid with a pleasant taste, but a reliever of constipation and liver troubles, and entirely takes the place of calomel.

Jones Drug Co. guarantees every bottle of Dodson's Liver Tone they sell. It costs 50 cents per bottle and if you are not satisfied that it is worth the money, they will hand your half dollar back to you with a smile.

Don't be fooled by preparations imitating the claims of Dodson's Liver Tone. Just remember Jones Drug Co. will give you back your money if Dodson's Liver Tone fails you. That is a guarantee that guarantees.
