REDUCED SCHOOL TAX RATE

Twenty Per Cent Lower Than Last Year--School Board Moves High School.

The school board of the Brady Independent School district held one of the most important meetings in local history last Tuesday afternoon, at which time it set the tax rate at 40c on each \$100 valuation of taxable property, which is 10c lower than has ever been made in the history of the Brady Independent schools. The reduction of 20% from the tax rate of last year followed recommendations to this effect by the members of the board of equalization composed of Messrs. A. W. Tipton, Tom Bell and J. S. Wall. The new tax rate, it is thought, will be sufficient to cover all current and running expenses of the schools for the year to come, and this is all that is desired.

Another important action of the board was the ordering of the placing of the high school department in the north side building, all other grades to be placed in the central building. This action will meet with the hearty approval of the school children, especially those in the high school department, as it

will enable more efficient work to be done in this department than before it was segregated. Also the promotion of the students from the grade school to the high school will have more meaning and significance than when the change merely meant advancement from the seventh grade to the next higher grade.

Still another important action of the board was the appropriation of \$100 toward the cleaning up and improvement of the yard at the central school building. This work was inaugurated Wednesday morning, all the loose rocks on the school grounds, as well as the weeds and rubbish both inside and outside the school grounds, being cleaned up and hauled away. The work was placed in charge of Messrs. Ed Broad and H. J. Lowrey, the latter volunteering his services in overseeing the work and lending his personal assistance free of charge. Not only were the school grounds placed in A1 condition, but another needed improvement was added—the laying of a cement

walk from the southeast entrance of the school to the gate. The school board, and the gentlemen composing the committee on improvement of the school grounds, have shown their interest in the welfare of Brady by their co-operation for a better, cleaner and bigger school, and have thereby added to the efficiency of the schools and the pleasure of the pupils who attend, and for so doing are deserving of the commendation of every citizen.

Editor Brady Standard:

And correspondents: After an absence of about two weeks, I will come again, though the editor may cut me out for non-attendance; though maybe not.

We are sure having some hot, dry weather here now; feed stuff is suffering for rain.

Now correspondents, how do you all feel when you miss a copy of The Standard? I missed my last Friday's paper and I feel like I had missed a letter from home.

SAVE DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

S. S. Graham reports a fine stand of cotton on his stubble land north of town. The cotton was planted about the first of July, and following the rains the latter part of last week, the new cotton took on a remarkable growth. Between the visits of Mr. Graham on Monday and again on Wednesday of this week, Mr. Graham states the cotton grew fully one and a half to two inches. With another good rain this month he is anticipating a splendid crop off of this cotton.

GOOD ADVICE.

A Brady Citizen Gives Information of Priceless Value.

When you suffer from backache, Headaches, dizziness, nervousness, Feel, weak, languid, depressed, Have annoying urinary disorders: Do you know what to do? Some Brady people do. Read the statement that follows. It's from a Brady citizen. Testimony that can be investigated. Mrs. B. P. Brown, Brady, Texas, says: "My kidneys were badly disordered. My back ached a great deal, especially when I was on my feet and any exertion caused sharp twinges to dart through me. The contents of two boxes of Doan's Kidney Pills, procured at the Palace Drug store, cured me. I take pleasure in recommending this remedy to my neighbors."

Summer Foods As Cause Of Dyspepsia.

Many Also Get Diarrhoea—What to Do in Either Case.

Summer ought to be the months of most perfect health, but owing to contaminated water and milk, unripe fruit, germs and insects the average of health is not good at this time of the year. There is much skin trouble from acid fruits, and much dyspepsia and diarrhoea from cold foods and iced beverages.

The skin trouble is easily stopped by discontinuing fruit for a few days, and by the use of a mild laxative to clean the bowels and tone the blood. The dyspepsia is likewise corrected by the use of a laxative that has combined with it the elements of a digestive tonic. Hence the best remedy to use is Dr. Caldwell's Syrup Pepsin, which, as its name indicates, is a pleasant laxative combined with the virtues of pepsin, which we all know is the best cure for indigestion.

Use Syrup Pepsin also for summer diarrhoea. Avoid astringents, physics and cathartics, as they are unnecessarily harsh. Thousands of good American families prefer Dr. Caldwell's Syrup Pepsin, among them those of Mrs. W. A. Taylor, Beloit,

Wis., who finds that she can give it to her baby without causing cramps or pains, and Mrs. Wm. O. Richter, Clayville, Va., who considers it a laxative tonic absolutely unexcelled. They know of no pleasanter cure for constipation, liver trouble, indigestion, summer diarrhoea, etc. It is valuable to all the family from infancy to old age. Children like its taste. All druggists sell it at fifty cents and one dollar a bottle, the latter being the family size.

Families wishing to try a free sample bottle can obtain it, postpaid, by addressing Dr. W. B. Caldwell, 413 Washington St., Monticello, Ill.

paper printed in McCulloch county. I have decided to do my duty even though death be my portion. I can't write such a fancy hand or such interesting letters, but I can take up space.

I was very much surprised when I saw how many votes I had in the correspondents' contest. I am so slow and poky I don't deserve a single vote. Many thanks to you good, good correspondents for your votes.

Mr. Editor, I cast my vote for that bright-eyed "Daisy" of North Brady for the month of July.

Quite a crowd of Sweden's most elegant-looking citizens attended the W. O. W. picnic and barbecue last Friday at Melvin, and let me assure you that jolly old "Aunt Susan" was among the merry party. I cannot begin to mention the good time that we had. There were representatives from all over the county there that day. Especially must I mention that beautiful dinner. We had everything that was good to eat on the table. All that we had to do was to help ourselves.

Mr. Forest Commander acted as master of ceremonies, he being an able man, you know things went along nicely. Mr. Sam McCollum, one of Brady's good looking bachelors, gave the welcome address. The grandstand was artistically decorated with the stars and stripes, which made Mr. McCollum feel quite patriotic, so he gave us a good address. The Eden band furnished music throughout the day. There was something very remarkable about this band—there were eight girls, besides the boys that played. All the visitors report a fine time. Hurrah for Melvin!

Mr. Clay Price of near Fort Worth was visiting in our settlement last week. We extend to Mr. Price a hearty welcome, but we wish that he could visit us oftener.

Little Miss Bada Hendrickson has been visiting little Miss Beatrice Dial the past week.

Miss Eva Prickett was visiting Miss Ellen Hendrickson Saturday afternoon and it began raining, so she had to stay over night.

Our literary and Endeavor societies are still on the road to progress.

Mr. Oscar Johnson of Melvin was the guest of home folks Sunday.

Mr. and Mrs. W. J. McCartney of Melvin were the guests of home folks last Tuesday and Wednesday.

Best wishes from

AUNT SUSAN.

P. W. Williams for "hurry-up" cleaning and pressing of the better kind.

S. S. Graham reports a fine stand of cotton on his stubble land north of town. The cotton was planted about the first of July, and following the rains the latter part of last week, the new cotton took on a remarkable growth. Between the visits of Mr. Graham on Monday and again on Wednesday of this week, Mr. Graham states the cotton grew fully one and a half to two inches. With another good rain this month he is anticipating a splendid crop off of this cotton.

MORE STREET LIGHTS.

Council Responds Favorably to Requests for Lights.

At a meeting of the Brady city council last Tuesday night, an order was passed granting the petition of the Elite Dry Goods Co., et al for a street light on the postoffice corner. The council also ordered a light placed on the corner of First and Blackburn streets, near Macy & Co.'s store and one block south of the square. Owing to the great amount of work necessitated by the changing of the light wires to the city's new poles, it has been impossible so far to place any of the lights, but this will be done within the next few weeks. The selection of fixtures for the street lights has been left with the street committee.

The council appointed Henry Miller to investigate prices, size, etc., of a rock crusher and Mr. Miller will make his report to the council. The purchase of a rock crusher jointly by the city and the county has been proposed by the county commissioners, and the proposition is viewed with favor by the council.

It was ordered that \$200 be transferred from the general fund to the street fund.

The ordinance committee was instructed to draw up an ordinance prohibiting the distributing of circulars on the streets, and also the placing of cloth or paper signs on buildings.

The ordinance committee will also draw up an ordinance requiring all future building of any nature to be done under the supervision and by the consent of the building committee. The purpose of this ordinance is to prevent the placing of outbuildings facing streets.

THE BRADY IDEA.

The plan of asking the co-op-
eration of the various social and
religious clubs of the city in the
move for a sanitary Brady is
not an erratic idea, as some may
have been led to believe, but one
that has been adopted even in
the city of San Antonio. The
idea was original with the lead-
ers in the Klean-Up Klub, the
plan being to ask all social and
religious clubs to contribute a
sum of money to the clean-up
campaign equal to 25c for each
member in such club.

In San Antonio the various
clubs have formed a city-wide
association for the promoting
interest in a cleaner and more

sanitary city. The following
item from the San Antonio Ex-
press tells of the move:

"More than a dozen civic clubs
of San Antonio formed on June
10 a city-wide association in
the interest of a cleaner, a
more sanitary and a more beau-
tiful San Antonio. Dr. Wm. M.
Brumby was elected chairman
of the organization. Work was
planned to begin at once. The
organizations composing the
federation are: City Federa-
tion of Women's clubs, Young
Women's Christian Association,
Woman's Club, Mothers Con-
gress, Kindergarten Associa-
tion, Equal Franchise Society,
Playgrounds Association, Cham-
ber of Commerce, Daughters of
the Confederacy, City Board of
Health, Daughters of the Amer-
ican Revolution, School Board,
Bexar County Medical Society
and Citizens' Auxiliary to the
Board of Health."

Not until you have cut the
weeds, cleaned up the rubbish
and gotten your premises and
thereabouts in apple-pie order,
are you entitled to membership
in the "I Should Worry Club."

Newspaper reports from Fort
Worth place the fortune of one
late Anthony M. Brady on a par
with that of the late J. Pierpont
Morgan. We have never heard
of a man named Menard dying
and leaving so much as a sou.

Honest to goodness, now,
don't you feel better after you
had chopped the weeds, gather-
ed together the rubbish about
your place, and had your prem-
ises looking plum decent? Of
course you did! And you won-
dered how your neighbor on the
right could be so slovenly as to
permit his premises to run to
weeds and rubbish. Just a
week ago your neighbor on the
left had the same thoughts
about you.

THE SMALL TOWN MERCHANT SHOULD ADVERTISE

[By Holt Harris, Chairman Mercantile Com-
mittee, C. S. Association.]

No store is so small or town so in-
significant that it does not pay the
merchant to advertise. He should send a
weekly message into the homes of the
people of his trade territory. They
are all interested in bargains and con-
sistent and conscientious advertising
cannot fail to pay for itself over and
over again during the year.

The country merchant oftentimes takes
it for granted that the people know his
line of goods and will come to the old
stand to make their purchases, but the
wise merchant knows that business fol-
lows an ad. The merchant who does
not advertise cannot do business in
competition with one who advertises.

No business is so small that a mer-
chant cannot afford to take a half page
or page ad the year around. Try it
and watch your business grow.

OFFICIALLY BRANDED "O. K."

Beautiful Brady wants a
steam laundry, says Harry
Schwenker, who gets out The
Standard there. Also a large
rattlesnake skin with rattles at-
tached. Who has either of the
above to contribute to such an
o. k. little town?—Hep Black-
man in the Sunday Sandwich
of the Fort Worth Star-Tele-
gram.

Enlightenment is the word,
Hep, and we're the lamp lighter.
That laundry is needed in beau-
tiful Brady to remove the mi-
crobes from our abundant sup-
ply of greenbacks so that they

may pass muster in the "Clean-
est Town" contest. The rattle-
snake skin with rattles attach-
ed is necessary to provide a sash
bathing suit for one of Brady's
mermaids, while the rattlers
will sound a warning to those
who might be shocked at the
latest of Fashion's decrees.

Brady—neat as a pin.

Brady—cleanest town.

Brady—a town to tie to.

Brady is going to make a
showing in the "Cleanest Town"
contest like a pretty girl dressed
for her first party.

LITTLE INTEREST AT BROWNWOOD.

The Bulletin regrets to say
it, but there is very little evi-
dence of any concerted action
looking to the winning of the
Holland honors this year. The
Federated clubs have appealed
to the people to get their prem-
ises in shape for an early in-
spection, but if the people have
heeded the injunction, The Bul-
letin has overlooked the fact.
Dr. Carrick started out on his
rounds inspecting the various
towns in the contest on August
1st, and ere long he will be in
Brownwood, and we'll not be
ready for him; in fact, we who
are most interested in this clean-
up campaign, will be sorry that
he came—unless something
more is done than we have done
so far.—Brownwood Bulletin.

OTHER OPINIONS.

A petition is being circulated
in Taylor county asking for an
election to close the billiard
halls of the county. Go it, old
Puritans, let's close up every-
thing, and call in the embalm-
er.—Coleman Democrat.

Don't feel so bad about it—
there is a silver lining to every
cloud. You can still play hide
and seek on your pastor's lawn.
—Menard Messenger.

Watch for the next Trades
Day announcements.

A town ought to be built just
like a beautiful garden is grown.
There is need for a great deal
of pruning, a great deal of weed-
ing, a great deal of cultivation
and a great deal of care of ev-
ery kind. You can't expect much
of one that is turned loose wild
hog fashion to just grow up in
any old way. The truth of the
matter is that every town, from
its birth, should have a civic
league for a nurse.—Del Rio
Herald.

SHOW APPRECIATION.

No one appreciates a word of
commendation, or of praise, now
and then than does the man who
gives his service to a public
cause without hope of remun-
eration other than the knowledge
that he has done his dead level
best for the welfare of the mass-
es. A kindly word spoken now
and then to such a citizen can-
not but help to inspire him to
greater zeal and to more praise-
worthy efforts.

What calls this fact to mind
in particular is the splendid
work being done for the city of
Brady in the interest of a
"cleanest town." In this move-
ment the Brady city council, the
school board, the commercial
club, the Klean-Up Klub and the
city health officers, as well as
other organizations and individ-
uals have combined forces, and
have devoted both time and ef-
forts to the success of the move-
ment. To them is deserving
words of praise; a glad hand
by every citizen of Brady, and
the assurance of both financial
and physical support and moral
influence.

Let but each citizen of Brady
take a minute fraction of the
interest in the work that these
men and organizations have
done, and Brady will win "hands
down" in the Holland's Maga-
zine contest.

Boost Trades Day.

The tango garter has not yet
made its way into the West, but
we are looking for it.—Del Rio

serve a column, or so little of a
column as may be necessary, in

those Brady folks who fail or

ises. This column will be de-
dicated not to the Hall of Note,

O, MY PRO-PHETIC SOUL!

"A car load of empty beer bot-
tles was shipped from Falfurri-
as one day this week, a thing
we would call 'going some' for
a 'dry' town," denounces Falfu-
rias Facts. Coincidentally, the
hard-hitting Harry of Schwen-
ker, in Brady Standard, repar-
tees at the expense of Brown-
wood's importation of casks and
kegs of St. Louis and Texas
brew. Who has not learned that
when a Texas town goes dry it
becomes deceitful? Heaven pro-
tect the Honorable Allison and
hasten the day when Messrs.
Webb-and-Kenyon's work will
be made manifest in this saint-
ly-thirsty state.—Waco News.

Honest to goodness, now, we
admit the charge of undue cru-
elty toward Brownwood. After
one look at the tapoled, microb-
ed, unfiltered bayou water of
Brownwood, anyone is justified
in the opinion that water is
scarcely fit to wash in, much less
to use as a thirst-dispenser.

It is reported that O. B. Col-
quitt and Jake Wolters have
fallen out. That is a good deal
like trouble between a stein and
a beer mug.—Del Rio Herald.

THE BRADY SPIRIT.

There is something admirable
in the Brady spirit. Her citi-
zens are united in any move for
the good of the town, and work
with harmony and unity that
set a brilliant example to the
world. The Standard has noted
the progress being made in oth-
er town of Brady's class in the
"Cleanest Town" contest, as re-
ported by their local papers, and
can truthfully say that nowhere
has such ready response been
met with, nor have the citizens
of any town been more united
in the work than has been the
case in Brady. It is this spirit
that has given Brady her re-
markable growth, and it is the
spirit that makes the town of
today the city of tomorrow.

A PRETTY HOW-DE-DO.

The Hamilton Herald says
the latest salutation of the Fort
Worth ladies is: "Good morn-
ing! Have you shot your hus-
band yet?"—Waco News.

In Menard they vary the sal-
utation just the least bit. Over
there it is: "Good morning! Is
your husband yet half-shot?"

ADVERTISING.

It has been decreed by the
courts that newspapers have the
right to decline objectionable
advertising. The Bulletin has
believed all along that it had this
right, and has persistently de-
clined to insert advertisements
that were obnoxious. The par-
ticular case in which the deci-
sion was rendered was that of a

newspaper suing a department
store to recover money due un-
der a yearly contract which the
management of the store had
declared was void because cer-
tain portions of its advertising
copy had been rejected by the
paper.—Brownwood Bulletin.

A trip most anywhere in Tex-
as will speedily convince you
that McCulloch is the best of all.

To the Voters of Brady in Behalf of My Business

I am running a billiard parlor. A majority of you
have been knowing me for a number of years. I
have been here in the fruit and confectionery
business for two and one half years, and I stayed
in this business until hard times hit me. I tried
to pull through and I couldn't. I not only lost all
I had, but I ran heavily in debt.

I moved to Brownwood, and as soon as I got on my
feet I sent back every cent of indebtedness against
me. Later I sold out in Brownwood and came to
Brady putting all I had in the billiard hall busi-
ness, and now some folks would force me to lose
that.

I am running a strictly up-to-date business. There is
no harm in billiards whatever. So when you go
to the polls to vote, think kindly of me, and vote
for me to stay with you.

Thanking you for past favors, I am,

Yours respectfully,
HARRY PHARES.

SANITARY WORK.

Plan Evolved to Handle Proposition Satisfactorily.

Following the strenuous clean up campaign of the past few weeks, a plan has been evolved which, if put into effect, will improve the sanitary service of the town and at the same time take care of the weeds and rubbish on the streets and alleys without one cent of additional cost to the citizens. The plan is similar to that in effect in Lometa and a number of other places, where it is used with great success.

Under the new method the overseeing of sanitary work of the city would be placed in the hands of a committee composed of members of the city council. The committee would let the contract for scavenger work in the city, the contract including the removal of the weeds and rubbish from the streets and alleys. The funds for the maintenance of this work would be collected from the property owners the same as is now done

by private individuals for sanitary work. It is estimated that 600 citizens contribute 25c each per month for this service, which would total \$1800 per year. Should the city take over the collection of this amount of money it would provide funds amply sufficient to hire the work of cleaning the streets regularly and systematically in addition to the scavenger work.

Recommendations to this effect will be made at the next meeting of the the city council and there is small doubt but that favorable action will be taken in the matter.

In the meantime the work of cleaning the streets and alleys continues. The funds on hand assure the continuance of the work for the balance of the week, but after that time nothing more can be done until new contributions come in. While the city is in fairly good shape for the first inspection, there remains much work still to be done, and prompt action will have to be taken upon the recommendations of Dr. Carrick, inspector in the "Cleanest

Town" campaign, if Brady expects to continue in the contest.

All organizations and all churches, as well as individual citizens, are urged to do their part in contributing toward the clean-up fund. Do it today!

TO SAN SABA FAIR.

Big Delegation From Brady Will Attend.

Present indications are that a big delegation of McCulloch county citizens will take advantage of the special excursion on the Santa Fe next Tuesday and visit the San Saba fair. The Santa Fe has placed the fare for the round trip at \$1.70, the special train leaving here at 8 a. m. Tuesday morning and reaching San Saba at 9:45 a. m. Returning the train leaves San Saba at 7:15 p. m., thus giving the excursionists practically a full day's time in San Saba.

The San Saba fair is expected this year to excel all others, and a good program of races is assured. On their behalf, the Brady citizens will do some effective boosting among the visitors at the fair for the Brady fair to be held in October, and a good return attendance should reward the efforts of the boosters.

Surprising Cure of Stomach Trouble.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mr. G. Stengle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertisement booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.—Advertisement.

BEER SHIPMENTS IN SOAK.

Shipped to Brownwood C. O. D. and Failed of Delivery.

An unquenchable, consuming thirst has invaded the constitution of several Brownwood folks during the past few days, caused by the new law regulating intrastate shipment of liquors. The fact that the beer was actually in Brownwood, and was held where the consignees might see it, feel the casks, read their names on the labels—but nary a bottle of the bubbling fluid could they obtain, adding to the misery and caused the thirsty ones much foaming at the mouth and other well known signs of madness.

Since the first of July beer has been obtainable from Kansas City, St. Louis and other points out of the state, and owing to the distance to be traversed, it has been ordered in large quantities and shipped by freight. The shipments were at first made in the same manner as other freight—sent out with a draft attached to a bill of lading, to be handled through the local banks. At first the banks handled the business, but they soon developed cold feet; and quit the practice, when it was pointed out that this made bootleggers of the bankers and enabled people to buy beer in Brownwood.

Recently nearly fifty casks of beer were shipped to Brownwood from Missouri, and the drafts, with bill of lading attached, were sent to a local bank. The shipper was slick. Attached to the draft was a plain, sealed envelope containing the bill of lading, without any writing to denote the nature of the contents. Two or three of these bills of lading, it is understood, got by the banks, and then the big holdup came. The brewers were notified of the trouble, and

offered to reduce the price to about five dollars a cask for the deal. This, of course, was impossible, and the reduced price offer only served to increase the misery. Ten dozen bottles of bubbling, sparkling beer right here in town where one could look at it every day for the insignificant sum of five dollars net! It would be criminal to turn down such a bargain; but the long arm of the law reached out, terminated the time limit for holding the shipments in the local railway warehouse, and they were returned to the shippers.

It is said that in the shipment were one or two casks of beer consigned to minors.—Brownwood Bulletin.

Causes of Stomach Troubles.

Sedentary habits, lack of out-door exercise, insufficient mastication of food, constipation, a torpid liver, worry and anxiety, overeating, partaking of food and drink not suited to your age and occupation. Correct your habits and take Chamberlain's Tablets and you will soon be well again. For sale by all dealers.—Advertisement.

We are pleasing others and can please you. R. K. Hallum & Co.

PAINFUL ACCIDENT.

J. M. Fuller Has Nail Torn From Thumb Wednesday.

While working with some farm machinery in Wm. Connolly & Co.'s warehouses on the west side Wednesday, Millard Fuller had the misfortune to get the thumb on his left hand caught between two wheels, the nail being torn out by the roots. The injured member was dressed by a doctor, and while it is doing nicely, several weeks will have elapsed before it will be sufficiently healed to be of service.

Petition for Pro Election.

A petition has been circulated in Menard this week praying the commissioners court to order an election to be held for the purpose of voting on whether or not saloons shall be prohibited in Menard.

To The Voters Of Brady:

Do you know what a billiard hall means to your town?
It means good money to your city, county and state in the form of taxes paid.
It pays big water and light bills which help to pay the indebtedness of the city.
If you should vote the billiard halls out of Brady, you would not really hurt the billiard hall men so much as you would hurt the property owners from whom they rent.

Think the matter over before you go to the polls to vote, and vote for them to STAY.

Their mother, Mrs. M. J. Sneed, of Lucas, who came with them, will continue her visit with her daughter, Mrs. J. A. Snider, here for some time.

C. A. Russell arrived Tuesday from Abilene for a visit with his daughter, Mrs. R. M. Russell, in the Ward community. Mr. Russell reports his section of the country very dry and in great need of rain. The best crops he saw along the route were in McCulloch county, with the single exception of the crops between Coleman and the river. From the river this way to Waldrip the crops are equally as good as in Coleman county.

Brady sent a good delegation to represent her at the convention of county officers which meets in Fort Worth on Thursday, Friday and Saturday of this week, the number including County Judge Harvey Walker, Commissioners Henry Miller, G.

B. Awalt, J. L. Smith, H. E. McBride, County Attorney C. C. House, Sheriff J. C. Wall. They were anticipating a great time at the convention. C. W. L. Schaeg accompanied the bunch as chaperone, and after he gets them properly received in Fort Worth he expects to take a run over to Dallas on business.

W. J. Wilkinson spent yesterday here while returning to his ranch near Menard from an extended visit, covering a period of three months, with relatives in Mississippi. While on the trip Mr. Wilkinson enjoyed a stay of several weeks at Mineral Wells. Mr. Wilkinson is one of the old timers in this section, as well as one of the most prominent citizens of Menard county. He clearly recalls the time when the site now occupied by Brady was quite a lively prairie dog town, and he is chuck full of reminiscences of that period. While here Mr. Wilkinson took occasion to advance his subscription another notch and to insure the visits of The Standard for another twelve months.

Mr. and Mrs. Bud Crawford and children were in town yesterday, and Mr. Crawford reported his section very dry and in need of rain. However, he was far from being dispirited and says he never loses heart. Moreover he has 1300 bushels of oats safely stored away in the granary, and more feed than he knows what to do with or that he can use the coming year. Last year he not only lacked having any oats, but had to buy 118 sacks of chops. His cotton is also better than last year, having a larger stalk, and the late cotton being in fine shape and promising to make a heavy yield with another rain. His crops are looking fully as well, according to Mr. Crawford, as any crops in the Brady vicinity.

"Tales of Honey and Tar" from West and East.

Wm. Lee, Paskenta, Cal., says, "It gives universal satisfaction and I use only Foley's Honey and Tar Compound for my children." E. C. Rhodes, Middleton, Ga., writes, "I had a racking lagrippe cough and finally got relief taking Foley's Honey and Tar Compound." Use no other in your family and refuse substitutes. Jones Drug Co.

Chas. H. Jones, poet, traveler and gentlemanly scholar, has written a song entitled "Old Glory," which has been published by the Dugdale Co., and which Mr. Jones has placed on sale at the Jones Drug Co. Mr. Jones has written a number of songs, but his latest is by far the most catchy and a good sale should be his reward.

Horses to Cuba.

C. B. White is here this week from Cleburne buying horses, and dropped in The Standard office to place an ad with us. The ad specified horses of such nearly uniform weight, size and build that our curiosity was aroused as to the object Mr. White had in view with the horses. Our reward was the information that the horses were to be shipped to Cuba, to be used by the Cuban mounted police.

With McCulloch county horses and mules shipped to South America, Europe and South Africa, as well as to every part of North America, and with McCulloch county horses on dress parade in Cuba, it would appear that Grand Old McCulloch is getting quite extensively on the map.

Kidney Trouble Began With a Lame Back.

J. L. Hackl, 915 Eighth St., Lincoln, Ill., was recently cured of a bad case of kidney trouble that started with a lame back, and says, "I am certainly thankful in getting a cure for my kidney trouble by using Foley Kidney Pills." Try them yourself. Jones Drug Co.

ELECTION CURIOSITY.

If You Are "For", You Vote "Against" and Vice Versa.

The pool hall election to be held tomorrow presents something of a paradox, and unless the voter exercises care and judgment he is almost certain to vote the direct opposite of his intentions. To explain: If you are "for" the pool halls, let the line reading "against the prohibition of pool halls" remain unscratched; if you are against the pool halls, let the line "for the prohibition of pool halls" remain and scratch out the other line. In other words, if you are "for," vote "against;" if you are "against," vote "for."

The daughter of A. Mitchell, Bagdad, Ky., had a bad case of kidney trouble and they feared her health was permanently impaired. Mr. Mitchell says, "She was in terrible shape, but I got her to take Foley Kidney Pills and now she is completely cured." Women are more liable to have kidney trouble than men and will find Foley Kidney Pills a safe, dependable and honest medicine. Jones Drug Co.

**To the Farmers and Business
 Men of McCulloch and Ad-
 joining Counties:**

The most vital and important
 question before the people of
 the South today is the market-
 ing of their cotton by and thru
 a system that will give them a
 profit which their toil deserves.
 In a few weeks our cotton will
 begin to move. Shall we syste-
 matize our marketing as all
 other producers have done, or
 shall we "glut the market," as
 we have been doing?

The opportunity which the
 South has been awaiting for fifty
 years is now within its grasp.
 The Southern States Cotton
 Corporation has established the
 desired system and has the ap-
 proval of spinners, farmers and
 business men. This corporation
 is buying cotton in all parts of
 the six cotton growing states,
 viz: South Carolina, Mississippi,
 Arkansas, Oklahoma, Georgia
 and Texas.

Over one thousand men are
 busily engaged in Texas getting
 the amounts very satisfactorily.
 They propose to secure at least
 five million bales of cotton and
 hold it until such a time as the
 price paid will reward the grow-
 er.

The Corporation has foreign
 money to handle cotton with.
 They have eleven million dol-
 lars capital.

They have unquestionable en-
 dorsements.
 Their management is in the
 hands of fifty directors who are
 elected each year by the stock-
 holders; each 300,000 bales en-
 titling a state to a director.

Every employee is not only
 the most capable and responsi-
 ble obtainable, but heavily bond-
 ed in the strongest bonding com-
 panies to insure us against
 fraud.

They will absolutely sell no
 cotton until it will net the farmer
 fifteen (15c) cents mid-
 dling basis.

They will put into the chan-
 nels of trade as much cotton as
 the world needs at a price that
 will give a fair return for its
 cost.

They will withhold from the
 world all the cotton not needed
 at a fair price.

As all great battles are won
 by the people, we want the co-
 operation of all. Every South-
 erner is interested in breaking
 the bonds of commercial slav-
 ery. Contract your cotton; urge
 others to contract. We are anx-
 ious for everyone to investigate
 thoroughly. List of farmers
 and bankers who did business
 last year gladly furnished.

I will be in Brady at Commer-
 cial National bank on Saturday.

From Mrs. Francis.

Crockett, Texas, Aug. 4.

Editor Brady Standard:

Every week Mr. Francis and
 I read with interest your paper.

We are glad to note the efforts
 to make Brady a clean town.
 Crockett and some other towns
 need to emulate your splendid
 example.

Last week there was a state-
 ment to the effect that a peti-
 tion was being circulated ask-
 ing that the women of Brady
 buy ice and meat on Saturday
 for Sunday's use and thus give
 the delivery boys and salesmen
 a day of rest and an opportu-
 nity of attending church services.

I want to say our town of Croc-
 kett is a much larger place than
 Brady and not a pound of meat
 or ice is ever delivered on Sun-
 day. The people get along nicely
 with the plan, and these deliv-
 ery men and boys have their
 rest day. I am glad to say that
 while I lived in Brady I never
 had ice nor meat delivered to
 my home on Sunday, and I know
 housekeepers can supply these
 necessities Saturday for Sun-
 day's use.

"Six days thou shalt work,
 but on the seventh thou shalt
 rest." is the bible teaching.

I certainly hope the promo-
 tion of this petition will suc-
 ceed in their mission.

MRS. E. M. FRANCIS.

Editor's Note—The statement
 above referred to appeared
 among the items clipped from
 the San Saba paper, the petition
 having been circulated in that
 place. So far as we are aware,
 no effort has been made in Bra-
 dy to have the meat markets
 close, the markets here remain-
 ing open until 9:00 o'clock a. m.

VALUATION OF PROPERTY.

Fixed By County Board of
 Equalization Hots.

There has been a difference
 of opinion among citizens of
 Brady regarding the power of
 boards of equalization for inde-
 pendent school districts placing
 property valuation higher than
 the values fixed by the county
 commissioners sitting as a board
 of equalization. The following
 opinion has been furnished The
 Standard by one of the leading
 attorneys in the city: "Inde-
 pendent school districts are
 bound by the valuation of prop-
 erty as fixed by the county tax
 assessor and the commissioners
 court sitting as a board of equal-
 ization, and the board of equal-
 ization for independent school
 districts has no power to assess
 property for taxation at a higher
 valuation than such property
 is assessed by such county as-
 sessor and county board of
 equalization." Authorities: G.

 dependent School District, 143

 rehearing.)

Election Tomorrow.

The election for the prohibi-
 tion of pool halls in Brady is
 scheduled to take place tomor-
 row, and the polls will be open
 from 7:00 a. m. to 7:00 p. m.
 The ballots used read as follows:
 "For the prohibition of pool
 halls."

"Against the prohibition of
 pool halls."

If you view the pool halls
 with favor, scratch out the first
 paragraph; if you are opposed to
 the pool halls remaining in Bra-
 dy, scratch out the last para-
 graph.

THE IRISH FARMER.

By S. A. Lindsey, Chairman Texas Farm Life Commission.

I have spent a week in Ireland and shall spend three days more. Not that Ireland has much to offer in the way of accomplishment, but to me conditions in Ireland are of much value. Her agricultural conditions are, in some respects, more like ours than any country we have visited. Irish people, like Texans, lean upon and look much to politics for remedies. Here lordism has done its work and demonstrates what the end in Texas, where tenantry is on the increase, may become. Here every effort to organize the farmers terminated in politics and was opposed by middlemen, who took, it is claimed, about one-half of the value of the farmers' products in profits, victimizing both the producer and the consumer. Here chambers of commerce were finally won over to the cause of agriculture and gave and are still giving support to organizing agriculture. Here the farmers left the soil and flocked to the cities and public works, and the rich lands grew up in meadows for the lack of laborers to cultivate them. Not because the fields would not yield, but because the market for farm products offered too small returns to the farmer. This, it is openly asserted, resulted from the unorganized Irish farmers being an easy prey to organized dealers. Here, under such conditions, the small farmer became discouraged, suspicious of his fellow man and almost unorganizable. Here there was poverty, inactivity and drunkenness. The little town of Killarney, with 3500 population, has eighty saloons, but I am told it is not so bad now as formerly. Indeed, temperance societies are being organized everywhere. On a street in Dublin there stands a magnificent monument erected to Father Mathews. I asked what this Father had done, and my guide replied that he had been a great temperance leader. In Dublin is located the largest brewery in the world, yet the temperance cause is gaining in that city. On the continent of Europe there are no saloons as we have them in America. Everybody drinks beer and wine, but mostly at meals, and I never saw one single case of drunkenness. The Irish temperament is very much like ours, and the problems of Irish agriculture are much like ours in Texas.

The lands in Ireland are better than the lands of Holland; the climate is better. Indeed no where in Europe have I seen more favorable conditions for agriculture than in Ireland, yet no where in Europe is there such poverty, lack of enterprise and degradation of the agricultural classes as here in Ireland.

As I said, lands and climate are better in Ireland than in Holland, yet the Holland farmers are the most wealthy, while the Irish are the poorest in Europe, so far as I have seen. Why? The answer, in part at least, is because the Holland farmers have owned the lands and are organized, while until recently the Irish farmers have been tenants and were unorganized. And again, because the

The Necessities of the Home

Some one has said, "Man wants but little here below, nor wants that little long." He was mistaken. The children of man never do have all they really want.

It is sometimes hard to distinguish between what one wants and what one really needs. Home necessities are needed. The Indian and the savage got along with a few crude cooking vessels, a shelter that was sometimes nothing more than a few animal skins stretched over a pole and hardly enough clothes to keep them warm in hot weather. We could do the same if we had to, but we don't have to.

All we have to do to have an up-to-date furnished home is to go to town and tell our merchant our needs, make a few suggestions and we are completely equipped.

It is not what is in the home though that makes it look well, no matter how fine or expensive the furniture, but the arrangement.

We are Furnishers of the Home

We have made a special study of furnishing and arrangement and are pleased to offer our advice and services on matters of this kind. No detail too small for our consideration, from the bath room to the garret.

We are constantly watching the market for something new in the way of comfort and usefulness, and have a stock of goods that will satisfy anyone.

Money talks. We know the language. We want to trade for stock, and your credit is good. Come to see us.

Good Plumbing in the kitchen is a matter of great importance because your health largely depends on the sanitary conditions existing in this room where all food is prepared.

"Standard" Sinks and our plumbing insure kitchen hygiene. Let us quote you.

O. D. Mann & Sons

WE APPRECIATE YOUR GOOD WILL AS WELL AS YOUR TRADE.

Holland farmers looked to industry for relief, while the Irish have looked to politics.

But Ireland is being redeemed, thanks to the efforts of Sir Horace Plunkett and a score of other far-seeing patriotic Irishmen.

In 1896 through the efforts of Sir Horace a commission to study the agricultural methods of the people was sent to Denmark, Holland, Germany, Aus-

tria - Hungary, Switzerland, France and several other European nations. This committee did its work and made its report. Out of that report the best organized agricultural department was devised for Ireland, I think, of any country in the world. Sir Horace and Mr. Gill had studied our system in the States and the devisers of the Irish system had the experiences and examples of the

world before them. The system embraces co-operation in agricultural finance, preparation of farm products for market, and marketing, also co-operative purchases of seed and fertilizers. It will be noted that seeds and fertilizers are usually purchased by farmers about the same time of the year. These can be bought in car lots and distributed without keeping a store. The Irish system recog-

nizes agriculture is one thing and merchandising is another.

I must reserve for another paper a detailed discussion of Irish agricultural redemption now in progress. Yet I may mention that the last report of the Irish Agricultural Organization Society shows 413 co-operative creameries, 170 agricultural societies, 19,505 members of agricultural credit societies, three co-operative bacon curing

societies, poultry keepers and egg societies, flax societies and industrial societies.

The act by which Irish tenants may purchase their lands was enacted a dozen years ago. Under this bill the government purchases the land from the landlord and sells it to the tenant on 60 years' time at 2 1/2% interest per annum, and 330,000 Irish tenants have become owners of their homes.

There are winter schools for farmers, farmer boys and schools for training Irish girls in domestic science and household economics in every community in Ireland. There are one to four traveling teachers of agriculture to each county. These teachers correspond in their methods to those of our co-operative farm demonstration agents in Texas. And there are experienced and expert organizers in the field organizing farmers in every line of agriculture.
