AUTO ACCIDENT.

Machine Turns Over on Mason Road Last Friday.

Last Friday afternoon while driving Lee Vaughn's car to Mason, Jeff Montgomery had the misfortune to turn the car over, and narrowly escaped serious injuries as a result. The accident happened 7 1-2 miles from town, and while the car was going at a good speed. In an attempt to keep his coat from blowing out of the car, Mr. Montgomery loosened his hold on the steering wheel for an instant. The car started off the high center of the road toward the gutter, and Mr. Montgomery in trying to regain the center of the road turned too sharply, crushing one wheel under the car and thereby causing the machine to turn over on its side.

Mr. Montgomery miraculously escaped with only a dislocated right elbow and several cuts and bruises. The car was damaged to some extent, the fenders having been torn off and other damage resulting. The victim of the accident is about, as usual, and is receiving the congrat-

THE SLAUGHTER CASE. Called Tuesday—Now on Trial at Paint Rock.

The Slaughter case was called for trial Tuesday and both the state and the defense announced ready for trial. Tuesday afternoon seven jurors were secured out of the regular panel. The sheriff was ordered to get a special venire of seventy-five men and have them report by 1:30 Wednesday. After two or three hours and the examination of some twenty men the jury was completed, and the trial proceeded. The following are the jury: E. E. Gates, B. F. Godwin, A. T. Eiland, W. A. Dabney, W. G. Currie, J. B. Carnes, T. M. Edmonson, G. W. Fisher, W. L. McClure, J. E. Greenfield, J. T. Wood, J. M. McClure. Goodson and Goodson, Joe Dibrell, of the firm of Snodgrass & Dibrell, Coleman, and J. E. Shropshire are assisting Walter U. Early, district attorney, in the prosecution; and Woodward and Baker, Brownwood, and Joe Adkins, Brady, are the lawyers for the defense.

Fred Slaughter is on trial charged with the murder of De Witt Craig at Eden on the night of Feb. 17, 1911. Slaughter shot Craig in a dance hall when there was a lull in the dancing that all might go to supper that had been specially prepared for the occasion. Craig fell at the first shot and Slaughter fired a second shot as Craig was on the floor. Craig got up

and walked down stairs before sinking under the wound. He died the next day in the afternoon. The trouble leading to the killing is said to have been of long standing in which the two principals in the tragedy had quarreled, and probably fought, several times.—Concho Herald, Paint Rock.

Meeting Postponed.

The Standard has been requested to announce that Evangelist McCarty will open the big revival meeting at the Church of Christ on Saturday night, September 13th, instead of Friday night as previously announced. The evangelist is holding a very interesting meeting at Keller at present, and has found it impossible to reach Brady on the date given out. Everyone is invited to come and hear the sermons by Bro. McCarty.

GOOD ATTRACTION.

Jack Wylie's Fun Makers at the Lyric-Airdome.

An unusual attraction in Brady is the musical comedy company appearing the first of this week at the Lyric-Airdome. The company is known as Jack Wylie's Fun Makers, and while their coming to Brady was unheralded and unannounced they were greeted with a large audience last night. The company had been billed in Brownwood this week, but other attractions there decided Mr. Wylie in cancelling the date and coming to Brady for Monday, Tuesday and Wednesday nights.

The company is composed of thirteen members—mostly girls—and Mr. Wylie prides himself in the clean and entertaining performances he gives. His show Monday night was passed upon and approved by the local board of censors and was far above the average musical comedy, and delighted those who attended.

For tonight and tomorrow night good attractions are offered, the bill being changed upon each occasion. If you like good singing, some clever dancing, and a chorus of pretty girls, don't fail to attend—and rest assured there will be nothing presented that will offend your sensibilities in the least.

P. A. Campbell, who visited in San Saba county Sunday, reports San Saba county about the driest place he has ever seen, and that cotton is going to be very short there. However, they are blessed with a big pecan crop, one man having already closed the sale of the product of one pecan grove for \$800, and that of another grove for \$500.

INTERESTING MEETING.

Brady Baptist Association Closed Saturday Night.

The Brady Baptist association, which convened at the Baptist church Thursday morning, closed its session Saturday night. Throughout the meeting there had been good attendance, with something like fifty delegates present, and great interest was shown, and many good sermons were enjoyed. On Saturday morning a splendid address on the laymen's movement by T. C. Yantis of Brownwood was had.

Rev. J. T. Hamilton was elected moderator of the association, and Rev. C. R. Joyner, missionary for the association, was re-elected clerk. Menard was chosen for the place of meeting next year.

Practically all the delegates remained over Sunday for the services, the pulpit being filled by visiting ministers. Rev. R. T. Hanks of Brownwood, one of the most prominent ministers in this section, occupied the pulpit Sunday morning, his sermon proving of unusual interest.

One of the most important acts of the association was the raising of funds to feed the orphans at Buckner Orphans Home, Dallas, for one day—September 14th. There are about 600 children being cared for at this great institution, and \$125 a day is required to feed them, consequently the members are due much praise for their liberality in contributing so generously to this worthy cause.

D. J. Malmstrom is one of the leading citizens of Melvin and for this reason we were not at all surprised to have him renew his subscription to The Standard. Every Standard subscriber is a leading citizen—and there is more truth than wind in this statement.

The Holy Spirit.

You hear many things said about the operation of the "Holy Spirit." It is discussed more and understood less than any other Bible subject, because there are so many conflicting theories and theories that are unscriptural which are used to confuse the ordinary bible reader. The Scriptures teach that there is "one faith, one spirit, one baptism" and if one spirit, then there is no need of confusion about it.

Are you interested in what is meant by the Holy Spirit and its operations? If you are come out and hear Evangelist McCarty give a plain, practical "thus saith the Lord" as it is written all must be taught of God.

Meeting begins the 13th of September, being Saturday before the second Lord's day in September.

Remember the date.

Everything you desire in our line—prices and quality right. E. J. Broad.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to give relief. SEEING THE SHOW.

The Del Rio Herald editor says that the tango garter, whatever that is, has not made its way into the West, but that he is looking for it. Not so with us. When we turn our eyes from the stars we never look lower than the rooftops, for fear of seeing slit skirt.—Menard Messenger.

Callan would have folks believe he is so modest that he couldn't visit a ranch for fear of seeing calves, but S. P. would hate to trust him. A man who will publicly mention the unmentionables will look at the same when no one is looking at him.—State Press in Dallas News.

We would not object to a stockman taking us out to see calves, but if State Press would be in position to more intelligently condemn the show.—Menard Messenger.

"ISCH KABIBBLE."
(Spelling not vouched for.)

For a good many months the "smart set," (and others) throughout the country have been heard to exclaim in a vain friendly indifference, or levity, as the case might be "I should worry." It has gone the rounds of thousands of newspapers; millions of readers and many more millions of conversationalists, but it has remained for a good old Hebrew of the Ghetto to start the latest when he said: "Isch Kabibble," meaning in Hebrew "I Should Worry." Now to greet your friends in any other way is "stale, flat and unprofitable."—The Linotype Slug.

BY PARCEL POST.

Under the new parcel post regulations a twenty pound package can be mailed to any post office within a radius of 150 miles from Brady for the sum of 24 cents. The same parcel can be mailed out from Brady on any of the rural routes originating here for 15 cents. Likewise the fellow at the other end can send parcels into Brady at the same rates.

The new regulation gives the local merchant a tremendous advantage over foreign mail order houses, and every local merchant should find it to his advantage to push his mail order department and let the folks in his trade territory know with what ease, dispatch and money-saving he can serve them. Boost your local mail order business through the columns of The Standard and you will have no need to fear the encroachments of the big city mail order concerns.

THE OLD-TIME PRINTER.

Many will remember the old-time printer, that genial, versatile prince, who regarded the world as his private park, and strolled through it at will. Sometimes he was broke, but he could mix medicine, and Midas had nothing on him in the matter of touch. Sometimes, in correct attire, he graced the banquet board and partook of the richest and choicest fruits of the earth, and sometimes, clad in the habiliments of a hobo, he ate gumpulligan by the lonely roadside. Sometimes he sang, and sometimes he preached. Sometimes he dreamed, and sometimes he drank, and sometimes he did both. Sometimes, with one foot on the railing, he orated, and sometimes he sat in council with the wisest and mightiest of the land. Sometimes he sat on a high stool and smoked a cob pipe while he corrected a bad galley in the still watches of the night. But as memory of him comes down to us through the mellowing influences of time, we forgive him the swear words he used when he bowed to the proofreader's dictum and made summer time two words and wintertime one word. Incidentally, Webster calls proof reader two words. The old-time printer called him more words than that.—Joe M. Johnson, in The Inland Printer.

Get your gun and go gunning for the flies—they are outlaws and desperadoes.

But turpentine irritates one's legs, so we don't believe we'll try it.—Judd Lewis in Houston Post.

RICHER PREMIUMS; BETTER EXHIBITS

1913 State Fair Conclusive Evidence of Southwest's Growth.

EDUCATIONAL FEATURES

Rich Prizes Offered For the Work of School Children of Texas.
Loan Art Display.

The State Fair of Texas at Dallas will celebrate its twenty-eighth anniversary Saturday, October 18, to Sunday, November 2, with wonderful exhibits in every line, each a conclusive evidence of the wonderful advancement of the Southwest in every branch of industry. Richer premiums always assure better exhibits, and the management of the fair, realizing this, is offering \$75,000 in prizes and awards.

The art, culinary and textile department of the fair afford a great educational feature and in which every woman visitor is interested. This especially applies to the division in which the work of the school children of Texas is shown and in which handsome prizes and premiums are offered. The management of the State Fair has made provisions this year for a larger exhibit of this sort, which will include a display of manual art, drawing, arts and crafts, fine art, original school work, domestic science and the work of children of kindergarten age. Medals are offered for displays of domestic science, domestic art, wood work and metal work; and cash prizes for mechanical and architectural drawings, designs for book covers, elevation and floor plans for eight room cottage, pencil drawings, metal work and craft jewelry. In the drawing division prizes are offered for drawings in pencil, charcoal, water colors and pastel. Domestic science displays of plain sewing and cooking will be more numerous than last year for the simple reason that better prizes mean more and better exhibits.

The culinary department will be housed this year in the Coliseum, the space occupied last year in the textile and fine arts building will be devoted to a larger and better textile display. Several hundred dollars in prizes will be awarded for exhibits of breads, cakes, preserves and jellies, frozen grapes and pickles. The best general display of cakes will receive a special prize of \$10. Brandy peaches, pickled cucumbers, pickled onions, chow chow, pear sweet pickles, all receive a first prize of \$1. A second of \$1; a general prize of \$12 being offered for the best display. Preserves of all kinds will be exhibited in pint jars and jelly in glasses. Under the heading of fancy preserves, fruits awards will be made for lemon butter, quince cheese, carved citron, canned plums, peaches, apples, pears, tomatoes, grapes, with a special prize of \$15 for the best general display of preserves, marmalades, jellies, conserved fruits, dried fruits and cordials.

For the last nine years the management of the State Fair has assembled for each annual exposition a showing of the best in American art. More than one million visitors have viewed these collections since their inauguration, and the influence it has had for a better understanding of the best in art has been marked. In fact it has been the custom for years past and will be followed this year for the various schools of the State to give their students a day at the fair for the special purpose of visiting the art exhibit. Numerous sales of paintings have been made to private collectors, the Fair Association appropriating a large sum each year to purchase paintings for its own permanent exhibit. The art gallery at Fair Park has been pronounced by experts one of the best in America, the provisions made for a proper display being unequalled. This year the showing will eclipse even that of previous years as Julian Onderdonk, one of the best known painters in America and who represents the management in New York, has received assurance that more than one hundred paintings from the studios of the greatest American artists will be in the collection. Colin Campbell Cooper, whose "Port of La Rochelle, France" attracted a great deal of the most favorable comment last year will send one of his best and most beautiful paintings. Among the famous artists that will be represented are Gifford Beal, E. Lampert Cooper, Childie Haxson, Robert Henry, Paul Cornoyer, Bruce Crane, Frederick Ballard Williams, Jane Peterson, Charles Melville Dewey, Carlton T. Chapman and Chas. C. Curran.

STATE FISH HATCHERIES.

Interesting Feature at State Fair of Texas at Dallas.

Dallas, Texas.—The state fish hatcheries at Fair Park will be in operation by the opening of the twenty-eighth annual meeting of the State Fair of Texas, Saturday, October 18, and which will continue up to and including Sunday, November 2. The State has expended in this great project more than \$20,000. A site in Fair Park was donated by the City of Dallas to the State for this purpose. The hatcheries consist of seven ponds, 50x150 feet in dimension, and two larger ponds triangular in shape 200 feet long and 150 feet in width at the widest point. These ponds slope in depth from six inches to six feet and have a continual flow of fresh water through them at all times. Water is supplied from a concrete reservoir 100 feet in diameter and three feet in depth which in turn is supplied by a large well on the grounds. Provisions have been made to regulate the water supply in each pond so that it may be increased or diminished at will. The two large triangular ponds are used for the varieties of bass indigenous to Texas waters and in the smaller ponds are sun fish, white perch, catfish and other varieties. The purpose of these hatcheries is to propagate fish for distribution and restocking of the lakes and streams of the State which have become depopulated through the use of dynamite and sedges. The fish are fed with prepared food and also graze on vegetation at the bottom of each pond. Paved driveways and walks make the hatcheries easy of access at all hours of the day.

Governor Will Preside.

Colquitt, governor of Texas, has been invited to officiate at the opening exercises of the twenty-eighth annual State Fair at Dallas, Saturday, Oct. 18, is opening day, the twenty-eighth annual meeting closing Sunday, Nov. 2. Prosperity and good crops assure the greatest agricultural exhibit in history. Entertainment features of the best have been provided

MORE THAN PLEASED WITH RESULTS.

THE FARMERS AND MERCHANTS STATE BANK.
Guaranty Fund Bank.
Childress, Tex., Feb. 21, '13.
Mr. W. B. Yeary, Vice Pres.,
Southern States Cotton Corporation, Dallas, Texas.

Dear Sir:—
In answer to your letter of the 12th inst. In regard to my views of the methods in which the Southern States Cotton Corporation is handling cotton, will state that this bank handled the account at Childress this past season, paying for three thousand and bales of cotton, and we are more than pleased with the results.

The fact that we are handling the account gives us a prestige over our competitors that we have been unable heretofore to secure, and has obtained for the bank the accounts and support of the majority of the substantial farmers in this county, a considerable part of whom we were unable to reach before this movement was commenced in this county.

Our deposits more than doubled in less than thirty days af-

ter we commenced handling the account, and those of our competitors were noticeably decreased, which we attribute largely to the fact that we were encouraging the farmers in the movement.

Aside from this feature, the farmers in this county are almost as a unit heartily in accord with the movement, and it is the intention of this bank to go into the proposition strong this year, and we feel that it is the duty of every banker in the South to give your organization the unqualified support it justly deserves.

Yours very truly,
(Signed) C. E. CREWS,
Vice President.

comes direct to America from Austria-
Hungary, the ballet will be seen by
fourth in the dances of all Nations.

Bandmaster Thaviu and his famous
organization of musicians and instru-
mental soloists are well known to pa-
trons of the State Fair and are excep-
tionally popular with those who love
the best in band music. In a letter
to the management Mr. Thaviu says:
"Have already started arranging my
programs for the 'Fair without an
equal." As much attention will be given
to popular airs as to classical music,
and we will have a band that will
please each and every visitor. My list
of instrumental soloists is not as yet
completed, but will include the very best
in the musical world. Have practically
completed arrangements for securing
vocal soloists of National reputation,
whose singing will be one of the big
features of the Fair."

Among the vaudeville acts of merit
that will feature the Coliseum bill are:
The Three Duttons, an equestrian act;
the Tetsuware Japanese Troupe, the Six
Gastrillians, Santuel, The Three Dut-
tons consist of three people and two
horses in "stunts" that will appeal. The
Tetsuware Troupe is billed as the very
best Japanese act in America, not only
in their ability as performers, but in
stage settings and costumes. The Gas-
trillians contribute the very best acro-
batic work on the vaudeville stage and
their performance each day will be
marked by marvelous feats. Santuel is
an accordion player and his instru-
ment is so constructed that he can play
the most intricate of classic music as
well as popular and ragtime airs.

SILOS AT FAIR.
Management Harveys Twelve Acres
of Sorghum for Demonstration
Work.

Dallas, Texas: Along with its other
many duties the management of the
State Fair of Texas at Dallas is ac-
tively engaged in farming. Twelve
acres in the race track infield were
planted in sorghum this year and the
yield averaged twenty tons to the acre.
The crop will be used in also demon-
stration work at the twenty-eighth an-
nual exposition which begins Satur-
day, October 18 and closes Sunday,
November 2. Silo demonstration work
will be one of the big educational con-
tents at the coming exposition. The
silos will be connected with the new
livestock barns erected this year at a
cost of \$40,000 and silage will be used
in feeding exhibit cattle, horses, sheep
and other stock.

One mammoth silo at Fair Park
alone holds 100 tons and there are sev-
eral others that were used in taking
care of the remainder of the crop.
Experiments carried on by the bureau
of animal husbandry of the state Agri-
cultural & Mechanical College have
shown that silage may be made from
either corn, sorghum, Kaffir corn or
milo maize and can be used profitably
in beef production. Since the first silo
was placed at Fair Park hundreds have
been erected in various portions of the
Southwest.

STATE FAIR DAIRY FARM.
Butter Making and Judging and Me-
chanical Milking a Feature.

Dallas, Texas: Butter making and
butter judging, mechanical milking
and a model dairy farm will feature
the dairy division of the 1913 State
Fair of Texas at Dallas, which begins
Saturday, October 18 and closes Sun-
day, November 2. The division is one
of interest to every man, woman and
child that visits the Fair, declares
President J. J. Eckford. He said:
"The model dairy farm will consist
of twenty cows which will be mechani-
cally milked twice each day. Silage
along with other feeds will be used in
milk production the model farm to be
connected with a silo by automatic
carriers. Automatic litter carriers
will deliver the bedding, etc., from the
barns directly into manure spreaders.
The product of these cows will be sepa-
rated, the cream will be pasteurized
and churned according to the latest sci-
entific methods, all of which will be in-
structive and interesting.

"We have made a change in the
classification this year in which the
one entry of butter will be permitted
from each herd. All other butter made
from the same farm by different but-
ter makers will be entered in another
class that will not be subject to com-
petition for the Holland trophy cup.
Premiums have been increased in every
class. The butter on exhibit will be
judged by an expert from the United
States agricultural department."

STATE FAIR REST COTTAGES.
Splendid Conveniences For Women
and Children at Coming Exposition.

Dallas, Texas: When the twenty-
eighth annual meeting of the State
Fair of Texas begins at Dallas Satur-
day, October 18, the grounds will be
equipped with seven rest rooms and
cottages for the accommodation of
women visitors and children. These
cottages are conveniently located. The
seventh structure of this kind is now
being erected in the livestock depart-
ment. Built of concrete and cement
stone it is 25x42 feet in dimension. It
is equipped with seven stationary
washstands and seven lavatories and
other conveniences. In each building
there are spacious rooms and numer-
ous accessories. A nursery for the visit-
ing babies with trained attendants in
charge at all times will be located near
the main entrance. In this respect the
management declares the State Fair
of Texas is better equipped than any
other Fair in the United States.

Additional benches and drinking
fountains are also being provided this
year. Whoever becomes tired at the
1913 State Fair will find a bench at
hand to rest upon. A score of new ones
have been ordered this year and are
now being placed on the main plaza
in the center of Fair Park. Additional
flower beds and shade trees will add
to the attractiveness.

W. T. Curtis, editor of the
Central Messenger, a Baptist
paper published at Brownwood,
was here last week attending
the Brady Baptist association,
and while here made The Stand-
ard a fraternal call.

The many Brady friends of
J. W. Morrow, the Melvin mer-
chant will regret to learn that
he suffered a stroke of paral-
ysis on Monday night of last
week. Fortunately the stroke
was only a light one, and he is
reported much improved again.

J. E. Shropshire returned Sun-
day morning from Paint Rock,
where he had been engaged as
an attorney for the prosecution
in the Slaughter case. He re-
ported that the arguments were
to be made Monday and that
the case would most likely go to
the jury Monday evening.

C. A. Thornbloom came over
from San Saba Sunday to visit
his brother, Arthur, who has
been quite ill the past two weeks
with typhoid fever, but who is
beginning to show some little
improvement. Carl holds a re-
sponsible position with the San
Saba Auto and Machine shops,
and his many Brady friends will
be glad to know that he is doing
well, and is pleased with his new
home.

W. A. Robertson was here
from San Saba last week pros-
pecting for a location. Mr. Rob-
ertson is credited with being
one of the finest bootmakers in
this section of the state, and
The Standard is pleased to an-
nounce that he has made ar-
rangements to open a shop at J.
F. Schaege's, and that he and his

time this week and become fel-
low citizens.

and gulf coast points. He re-
ports a splendid good time dur-
ing the entire stay. He reports
poor crops at Beeville, but bet-
ter along the coast country. The
finest crops he saw were on the
Taft ranch where more than a
bale to the acre has been made
this year. He states that it has
been raining there almost every
day and things are looking fine.
Mr. Ballou was glad to get back
to Brady and to note that Mc-
Culloch county crops were
among the best, if not the best,
along the entire route.

J. B. Hardin returned last
night to his home in Milford af-
ter a visit here of a few days,
he and his wife having been cal-
led here last Friday by the se-
rious illness of her father, J. A.
Temple, living three miles west
of town. Mr. Temple is improv-
ing nicely at present. Mrs. Har-
din will continue her visit here
for about a month. Mr. Hardin
is engaged in conducting a ma-
chine shop at Waco, and is prosper-
ing. He is a good booster,
and was inclined to think his
town the best in the state of
Texas. However, he was free to
admit that, judging from the
improvements and progress since
his last visit here, Brady her-
self must be a live-wire town
with the most progressive of
business men. While Mr. Hardin
never lived at Brady he recalled
the early days when he rode the
cattle trails of this country for
Chas. Shreiner before Brady was
even thought of, and the pro-
gress and development of this
country is a source of wonder

GALLAN CONCOCTIONS FOR MAGNIFICENT MENARD

From the Messenger.

Miss Mary McKnight of Brady has been visiting Miss Willie Fenley.

Misses Rosa Stallings and Chase Crothers were over from Brady this week.

Edison says he can build an auto that will run fifteen years. We'd hate to be in the son-of-a-gun when she started.

Boy Crothers, Fred Spiller, Wm. White, Mr. Tipton and Mr. Brook were over from Brady sparking the last of the week.

The parcel post limit has been raised to twenty pounds, and we may soon expect an additional raise so the Del Rio girls can have shoes sent them by mail.

Schwenker boasts that the Brady jail is empty. Of course. Times are so devilish hard over there the people haven't enough money to do anything to be put in jail for.

Cotton is rolling into Menard right along now. The first bale was brought in by Mr. Bowers of Hext, and besides receiving the top market price, he received a bonus in addition.

The people of Houston hold religious services on the roof of the Carter building. We love to see folks proud of their religion, but there is no use proclaiming it from the housetops.

Hep Blackman says we got in jail while in Fort Worth. Wrong. We did drive over to the jail in our car just to see Hep, but they told us he had been released long enough to renew a note and get out his rag.

During the rain Friday last lightning struck the residence of Lamar Wilkinson, demolishing two of the rooms. Mr. and Mrs. Wilkinson used the good judgment to be away from home at the time.

Editor Schwenker says the Brady people made up a dollar and were going to buy Menard, but the devil raised their bid. Whatever our people have against the devil they will certainly feel grateful to him for coming to their relief in this instance.

Following split skirts, split trousers are threatening to come in style. We have only to say that when anybody sees us following this style it will be entirely unbeknowns to us, and as soon as we find it out we'll get a needle and thread and sew ourself out of date.

The Houston Post says a Connecticut manufacturer frowns upon the slashed skirts. That is the spirit we rejoice in, and we only wish that we were in some place where they are worn so we could show the world our disapproval by frowning and frowning upon them until they passed out of sight.

Johnnie Baker came over from Brownwood to pay his subscription and report crop conditions on our congressional race. He says our political plant is needing rain badly, and advises us to make a speech at the Brownwood fair. If we should make one speech a flood would not save our crop.

The Hamilton Record says we don't have to be "single" to have a time in Hamilton. That is the kind of place we like. Just because a man happens to be married that's no sign his wife ought to make him go around wearing a blind bridle and pretending that he had rather sit down on a cactus than tie a pretty girl's boot or some other wicked thing.

In the "classified column" of the Fort Worthless Sunday Sandwich, which is named for the Earl of Sandwich, proving

Hep Blackman's devotion to royalty, we find an ad which says that Hep has a roll of bills in his sanctum and is anxious to locate the owner. Next week we presume he will publish a list of the Fort Worth people who do not claim the roll.

Speaking of the careless manner in which the farmers treat their machinery, the Lubbock Avalanche asks: "What would a man say to his wife if she were to leave her \$50 sewing machine out in the yard over night in a rain storm?" If we had a wife who was able and had the habit of hurling things as large as sewing machines out in the yard we think we'd say nothing, and we'd say that devilish low.

Lumbago and Rheumatism.

A quick relief from lumbago and rheumatism is had by the application of Hunt's Lightning Oil, the quick-acting liniment. A friend writes: "We have been using Hunt's Lightning Oil for 13 years and deem it above all others."—Mrs. J. T. Nevels, Gordon, Texas, Route 2, Box 31. 25c and 50c bottles. All dealers.

See us for knee pads. O. D. Mann & Sons.

You are going to need a plow of some kind. We have a large stock of farming implements and will sell on EZ terms. E. J. Broad.

MASON MAVERICKS.

From the News.

Miss Mamie Doell returned a few days ago from a visit to Brady friends.

Miss Mamie Bickenbach returned a few days ago from a visit to her aunt, Mrs. Jesse Ballou, at Brady.

Mason county cotton is believed to be much better than last year. Most of the gins are busy to their full capacity.

A shower of rain fell here Friday, amounting to .3 of an inch. Hilda got two inches, and several other spots had heavy downpours.

The Katemey telephone line is now completed and has fifty subscribers, giving good service and proving a great convenience to the people of that section. The Mason exchange is now serving 364 patrons.

Tuesday afternoon the fire alarm sounded, but before the fire boys could get their engine to the scene the blaze, which proved to be at the Mason Ice & Power Co. gin, was extinguished without much damage.

Clerk Brockman received a letter from Representative Kennedy relative to the rabbit scalp bill that our people asked for, in which he says he introduced and secured a favorable report on such a bill, but was unable to get it up, as there was some opposition to it.

NEAR DEATH

BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death."

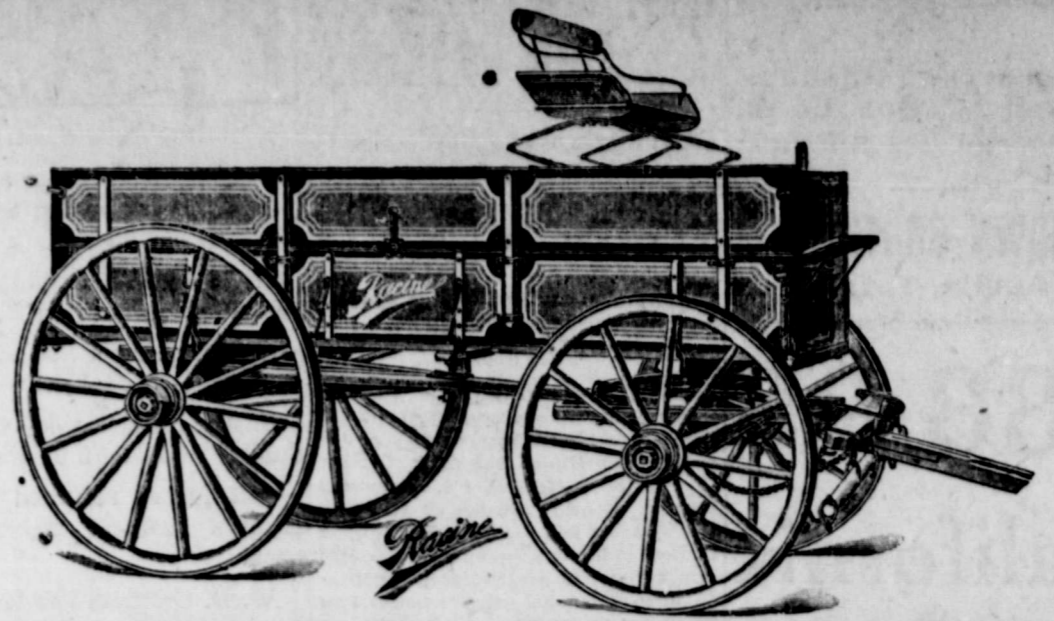

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles.

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength. If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui to-day.

A deal was consummated this week in our little city resulting in the purchase by John A. Smith of the Medley Mercantile business, the consideration not being made known. This firm is one of the oldest concerns in our town, and while we regret to see Mr. Medley quit the business we believe his successor will maintain the high standard set by him in the business, as Mr. Smith has had many years' experience in the mercantile field, besides being one of the earliest settlers in this part of the country. He is well and favorably known to all our people. Mr. Medley has nothing definite in view insofar as he is willing to give out at present.

SAN SABA SAYINGS

From the Star.

Mr. and Mrs. A. B. Wilson and children visited the family of A. N. Bryson, their relatives, at Brady the past week.

Contractor Park is putting the finishing touches on the Dofflemeyer building on the outside, which is one of the most modern buildings in this section. It is distinctly different from any other building here and the architectural design is very pleasing to the eye.

The Farmers Union Warehouse Co. have made application to state headquarters for 6 per cent money to loan on cotton. It will only require a few days to complete the arrangement by which they will have control of money sufficient to handle all the cotton that the farmers may desire to hold.

From the News.

The polecat farm of G. W. Edmonson is a flourishing institution. He now has something over 300 cats on the farm on the river near town and is constantly adding more. He says they are doing fine, but it keeps him rustling to get appropriate feed for them. The News reporter asked him what he fed them and he replied anything and everything. He says that those which were captured while quite young are perfectly gentle. They will come to him when feed time comes and are as docile as an ordinary house cat.

EDEN ECHOES

From Eden Echo:

J. B. Wallace had business at Brady last week.

Quite a number of people from Brady passed through town this week on their way to court at Paint Rock.

A. W. Wood, manager of the Bencini oil mill at Brady, was in Eden a few days ago in the interest of his business.

Good rains have fallen in many sections the past week, but they have not yet reached this far. A sufficient rain to put out water for the stock would be beneficial, but at the same time it would do considerable damage to the cotton crop.

Audie Turner, Rus Sallee and Monroe Coats passed through Eden last Sunday on their return trip from New Mexico, where they have been prospecting. They all were pleased with the country there and contemplate settling there in the spring. They now live near Camp San Saba in the southern portion of McCulloch county.

GIRLS! GIRLS! TRY IT, BEAUTIFY YOUR HAIR.

Make It Thick, Glossy, Wavy, Luxuriant, and Remove All Dandruff.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

Hooks and Eyes, Not Buttons.

The inspector in an English school was questioning the small boys.

"Can you take your warm overcoat off?" he asked.

"Yes, sir," was the ready response.

"Can the bear take his warm overcoat off?"

"No, sir."

"Why not?"

There was a perplexed silence. Then a little boy spoke up: "Please sir," 'cause God alone knows where the buttons is."

L. F. Harvey was here from Menard yesterday on business. Mr. Harvey is inclined to the opinion that Brady is about the best town on the map, and his folks feel the same way, consequently it is very likely that they may shortly return and again take up their residence here.

An Englishman was asked to speak at a club dinner in Chicago. He arose, stuck his monocle in his eye and told this story: "I was in Chicago at a dinner, you know," said he, "when they were to give a prize for the best story. One fellow got up and told a story and sat down. Another told another story and sat down, don't you know, then they asked me to tell a story. I arose and began: 'I am an Englishman with a sense of humor!' And to my amazement they gave me the prize before I could say another word. You see what I mean?"

MCHAIR GROWERS' MEETING.
 Will Assemble at State Fair of Texas Tuesday, October 28.

Dallas, Texas: A meeting of the National Mohair Growers' Association will be held at the 1913 State Fair of Texas at Dallas, Saturday, October 18, to Sunday, November 2. The meeting will be held Tuesday, October 28, in Convention Hall No. 1. The session will last for two days and it is declared that questions of vital importance will be taken up for consideration. It is expected that the National Angora Goat Breeders' Association will take part in the meeting. Relative to this Secretary W. C. McKamy of the State Fair said yesterday:

"This meeting promises to be one of the most interesting held at the State Fair this year. The Mohair Growers' Association has extended an invitation to Congressman John M. Garner of Uvalde and to United States Senator Morris Sheppard that they be present and that they make short talks. The former will probably talk about the tariff. To make the meeting a success, a campaign is now on to make the angora exhibits at the Fair the largest since the World's Fair in St. Louis, and special provisions have been made in the sheep and goat division for this exhibition.

"Entries of sheep are much larger than they were at this time last year. F. F. Pantz of New Hampshire, Ia., who will exhibit Shropshire and Southdown sheep. Alex. Allbright of Dundee will have a fine display of Karakule, Karalines and Lincolns. In the Karaline class, a variety secured by crossing the Karakule with the Lincoln, the management of the Fair offers over \$100 in cash prizes.

"In the angora goat department cash prizes are given by the State Fair of Texas and special prizes and silver cups by the National Mohair Growers' Association and the American Angora Goat Breeders' Association. The Dallas Chamber of Commerce has appropriated \$100 for a silver trophy for the best angora buck, any age, on exhibition. For the best doe, any age, a silver trophy is given by the National Mohair Growers' Association. The American Angora Goat Breeders' Association offers a silver cup for the best breeder's flock, consisting of four Angora kids, either sex, the get of one buck bred by the exhibitor. All stock competing for this prize must be registered in the Angora Goat Record of the American Angora Goat Breeders' Association."

BIG MACHINERY EXHIBIT.
 Implement, Vehicle and Machinery Dealers at State Fair.

Dallas, Texas—Wednesday, Oct. 23, will be Implement, Vehicle and Machinery Dealers' Day at the 1913 State Fair of Texas. The Fair this year will be held Saturday, Oct. 18, to Sunday, Nov. 2. The management is making arrangements for a feature program for the second Wednesday for the reason that the personnel of those that will be in attendance will be representative of one of the biggest factors that has contributed toward the upbuilding of the Fair. Director J. C. Duke of the Fair board of directors is himself an implement and machinery man, and is predicting the most successful day, not only from the standpoint of attendance, but from that of interesting features, in history. Mr. Duke said:

"Implement, machinery and vehicle dealers have always had a special day at the Fair. It is fitting that they should, for since the initial meeting they have been consistent workers for the success of the institution. The machinery and vehicle exhibit has always been one of the big educational features. Daily demonstrations of the very latest in agricultural devices have been a source of much benefit to the farmer. Irrigation machinery in operation has been of unusual interest to those who reside in the sections of the Southwest where irrigation is needed. In addition, a great many of the larger concerns have put up splendid permanent exhibit buildings, and in this way they have made the Fair park more attractive. Fair managements throughout the country recognize the importance of an exhibit of this sort. They realize that to gain the development in agriculture, sought it must be done through the means of the latest of agricultural machinery. For this reason the success of the Fair as an inspiration to farming depends to a large extent on the magnitude of the implement, vehicle and machinery displays. Dallas leads the world in the sale of agricultural implements, and this fact will be emphasized in the exhibits this year that will cover more than ten acres."

STATE FAIR AUTO SHOW.
 New Building Erected This Year for Big Event.

Dallas, Tex.: More than seventy great manufacturing concerns will be represented in the mammoth automobile show at the State Fair of Texas at Dallas this year. The twenty-eighth annual meeting begins Saturday, October 18, and closes Sunday, November 2. Automobile dealers and the management of the Fair got together this year and constructed a new automobile building, 140x290 feet in dimension. This building will be the scene of the big automobile show. Splendidly decorated and illuminated it will house the latest and newest type of automobiles, trucks, etc., as well as accessories. The exhibition will consist of brand new cars, cars never before exhibited, the very latest design, convenience and equipment. Fair managements throughout the country recognize the fact that automobile shows are big drawing cards that attract the automobile owner and the automobile dealer. Every one is interested to the extent of desiring to inspect the latest types of cars and equipment.

FOOTBALL AT FAIR.
 Three Big Games Scheduled For the Twenty-Eighth Annual Meeting.

Dallas, Texas: The 1913 State Fair of Texas at Dallas, beginning Saturday, October 18, and closing Sunday, November 2, will be the mecca of football enthusiasts of the Southwest. Three big games are scheduled—one for every Saturday afternoon in front of the race track grandstand. On Saturday, October 18, opening day, Trinity University of Waxahachie will play Polytechnic College of Fort Worth. On the second Saturday the University of Texas will play Sewanee, and on the third Saturday the game will be between the A. and M. College team and Mississippi. Arrangements are now being perfected so that the Fair will have an ideal field in front of the grandstand. The keen competition between the Texas and Sewanee teams, and an unusually good game is looked for.

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used.

After taking Black-Draught for a few days, I always feel like a new man." Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit. Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. N. C. B.

COME ON OVER.

Much interest is being mani-
fested in the proposed excursion
to Lometa, San Saba, Brady,
Menard and then home via the
Frisco. Committees are being
appointed, and the date decided
upon is Thursday, September
25th. It is hoped that some two
or three hundred citizens will
take this trip.—Brownwood Bul-
letin.

Bring the full three hundred

and some to spare, we might
want to keep some of the best
of 'em over here.

BROWNWOOD BOOSTERS.

Last Wednesday sixteen au-
tomobiles, containing seventy-
five Brownwood boosters passed
through here enroute to Lohn,
Rochelle, Mercury and then back
to Brownwood. Quite a crowd
of men were in town to receive
and entertain them during their
short stay. The band that came
with them played two up-to-
date pieces, which were enjoyed
by all present. Come again, all
ye boosters.—Waldrip Corre-
spondent.

The Santa Anna boosters
thought enough of McCulloch
county trade to visit the north
end of the county upon their re-
cent trades excursion, and the
Brownwood boosters, as will be
noted from the above item, had
thoughts startlingly similar to
those of the Santa Anna folks.
Since the idea appears contag-
ious, we have some small hopes
that the Brady merchants may
become likewise afflicted, and
arouse themselves to the neces-
sity of doing a little boosting for
Brady in the district rightfully
included in Brady's trade terri-
tory.

Brady merchants have too
long sat idly by letting trade
and trade territory slip away,
and while Brady itself is a crack-
erjack and a humdinger and will
pull trade in spite of this neg-
lect and inattention, yet her citi-
zens owe it to the town and to
themselves to do some active
boosting.

It is late in the season to or-
ganize a booster excursion—but

it is better late than never.
Let's get together and tell Mc-
Culloch county folks what a
good town Brady is and what a
bigger and better one she is
bound to become.

Hep Blackman last Sunday
used as a filler in his Sandwich
the first and only existing near-
photo of Claude Callan, which
showed Callan with such a pleas-
ed expression as might have re-
sulted from his falling in love

with a Brady girl. Hep also
dressed Claude up in one of the
latest X-Ray suits—at least we
suppose it was an X-Ray—all
we could see was the outline.

The Standard acknowledges
receipt of the catalogue of the
San Saba high school, an ex-
tremely neat and tasty product
of the San Saba Star job office.
The catalogue is one of the most
complete we have ever seen, and
a perusal of its pages leaves the

reader with a decidedly favora-
ble impression of San Saba and
San Saba school facilities.

The Junction Light, a newsy
6-column, 8-page paper has just
been established in the pro-
gressive little city of Junction
by J. D. Motley. The Light be-
gins life with every evidence of
having found a good home and
will doubtless do much good
work in promoting the interests
of that thriving place.

WRONG! WRONG!

It is reported that over Brady
way while two young men were
fighting over a young lady she
eloped with a handsome youth
from Menard. Knowing, as we
do, that Br'er Schwenker of The
Brady Standard is not a bene-
dict we at once suspicioned him
of being in some way mixed up
in the affair, and that caused us
to speculate considerably on
whether or not Br'er Callan of
the Menard Messenger is single
and handsome.—Hamilton Re-
cord.

Clearly a case of mistaken
identity all around. Brady boys
do not fight over the Brady girls
—they work for them; Brady
girls do not elope with Menard
youths—they prefer the Brady
boys; Callan is not single—ex-
cept when he is at the seashore.

The rain of the past few days
has caused puddles in various
parts about town, which neces-
sitates renewed activity upon the
part of Brady citizens in oblit-
erating such undesirable places
and thereby preventing a prolif-
ic breeding spot for mosquitoes
and disease. There are quite a
number of place about town that
continue as mud holes and pud-
dles long after each rain, and
special attention should be given
these spots at once. One of
the worst of these places is in
the gutter just in front of the
post office where hundreds of
citizens are daily obliged to pass
in sight and smelling distance
of the filth and stench occasion-
ed by this neglect. It will re-
quire but a few loads of gravel
to obliterate this spot, and The
Standard believes such a course
of action would receive the
commendation of every citizen.

POPULAR DRY GOODS COMPANY S. J. STRIEGLER Manager

SNUBBED.

The Standard feels that it is
voicing the sentiments of Brady
citizens when it states that we
feel that the Brownwood boost-
ers neglected us shamefully in
leaving Brady out of their itine-
rary upon the occasion of their
recent trades excursion, when
they visited Mercury, Waldrip,
Lohn, Rochelle and other points
here. We understand that they
fully intended to visit Brady,
but being unused to such excel-
lent roads as McCulloch county
has, they sought out a more dif-
ficult path through pastures and
fields, and by so doing missed
connecting with the best little
town in this section of West
Texas.

We learn, however, that they
intend to make amends by try-
ing another trade excursion to
include Lometa, San Saba, Bra-
dy and Menard, and if they will

give us an extra five minutes or
two in which to show them the
advantages of living is so good
a town as Brady, we will be in-
clined to extend them the olive
branch, and give them compli-
mentary mention in our col-
umns.

In commenting upon his re-
cent trip, Claude Callan men-
tions us as an object of interest
and states that our long legs
reached almost to our collar but-
ton. Since he defines us as an
"object" of interest, it is evi-
dent that Callan regards us as
a very solid and substantial af-
fair—a sort of pillar upholding
the renown of Brady. As for
our legs reaching to our collar
button, it is very evident that
collar buttons were made to fas-
ten to—why not then use them
as a means of attaching one's
lower extremities, especially if
they reach that far.

WOODS SURRENDERS.

Agrees to Explain Transactions.
Property Attached.

M. L. Woods, whose accounts
with the State National bank of
Fort Worth were short \$120,000,
arrived in Fort Worth Tuesday
morning and surrendered him-
self to the custody of Deputy
United States Marshal John Ho-
nea.

The coming of Woods was
presaged in a telegram from
his son dated at Berkley, Cal.,
Sept. 4, in which his son stated
that Woods would arrive in Ft.
Worth the middle of this week,
and that he would be at the dis-
position of the bank on arrival.
Woods came in on the Missouri,
Kansas & Texas passenger train
Tuesday morning, dropped off
the train in the yards, went out
to his house, fed his chickens,
then called on his pastor, break-
fasted there, and immediately

thereafter repaired to the fed-
eral building where he surren-
dered. He is naturally worn
and weary on account of his
trip, and declined to make any
statement. He did agree, how-
ever, if the officials of the bank
would permit him to make bond
so that he could get himself into
a condition of mental repose,
that he would make a full and
complete breast of his transac-
tions this morning. Bond was
made in the sum of \$5,000 in
one case and \$10,000 in another
and Woods was released after
waiving preliminary examina-
tion.

The State National bank has
attached Woods' property, some
of which is located in Brooklyn.
The officials of the bank were
not advised as to the value of
the Brooklyn property, but
Woods states that it is worth
approximately \$55,000. — Fort
Worth Record.

Will Sell Oakland Cars.

L. Lagle is in the city inter-
esting prospective purchasers in

has the agency. Mr. Lagle has
just returned from Fort Worth
where he placed an order for two

The new cars have been shipped
and will probably be received
here today or tomorrow.

Mr. Lagle has the Oakland
agency for McCulloch, Mason,
Menard, Kimble and Llano coun-
ties, and will make Brady and
Mason his headquarters in push-
ing the sale of the Oakland. The
1914 cars are beauties and con-
tain many features of interest
to parties desiring a good car at
a moderate price.

CITIZENS NATIONAL BANK, Cisco, Texas, Feb. 21, 1913. Southern States Cotton Corporation, Dallas, Texas.

Gentlemen:—

We are pleased to advise you that our relations this season have been entirely satisfactory to us, and the farmers who have turned their cotton in to you are also pleased with the way you have handled their cotton.

The bulk of our cotton crop had been marketed before you announced ready for business, and consequently, we have handled only about 100 bales for your account. We feel now that a large per cent of our farmers will turn their cotton to you this coming season as they are

now convinced that your plan of marketing the cotton/crop is practical and that it has already been a means of their getting a better price for their cotton.

Yours truly,
CITIZENS NAT'L BANK,
W. S. Michael, Cashier.

It will pay you to see our goods and get prices or terms. We have some bargains to offer you. E. J. Broad.

LEADING HORSEMEN WILL TAKE PART

Racing at State Fair of Texas Will Be Without Parallel.

GREAT DRIVERS COMING

Leading Men on the Grand Circuit Will Be Given Stakes and Purse.

Dallas, Texas: Many of the foremost horsemen in America will take part in the races at the 1913 State Fair of Texas at Dallas, which opens Saturday, October 18, and closes Sunday, November 2. Of the 350 harness horses entered in the ten big stake events, representing a total of \$27,000 and ranking from \$5,000 to \$2,500, more than 150 have marks around 2:05.

It is declared that the State Fair races this year have attracted more and a better class of horses than those of any fair in the United States. The fastest and best class of trotters and pacers in the world will take part and they will be driven by the greatest drivers. In the list of drivers are the following:

Ed Geers, of Memphis, Tenn., the grand old man of the grand circuit, whose name is a household word in every big state in the Union; T. W. Murphy of Poughkeepsie, N. Y., one of the biggest money winning drivers that ever went down the grand circuit; Walter Cox of Dover, N. H., another topnotcher; E. and J. Benyon of Memphis, who have always been in the front rank of grand circuit drivers; Charley Dean, driver of Minor Heir, 1:59 1/2; Rupert Parrier who has been so successful with Don Densmore, 2:07, and Bessie B. both of these horses having won at Dallas the last two seasons; George Castle, the Chicago millionaire, who drives for pleasure but likes to get the money; B. Shively of Sunny Jim fame; Oscar Ames, the famous driver of Joe Patchen, 2:01 1/2; W. O. Foote of Bonham, Texas, who always has high class horses, and W. B. Taylor of Early Alice fame. Al Russell, the famous California driver will be here with a string of good ones.

Mr. Castle has entered and will drive Baring, Lula Worth, Judson Girl, Peter Johnson and Lady Grattan. Lady Grattan was a Texas-owned horse, and at the Fair last year forced The Wanderer to a record of 2:08 1/4, equaling his record. Since then she has been sold to an Eastern party for a reputed price of \$6,000. She belonged to Dan O'Connell of Fort Worth.

Other horses that will represent Mr. Cox and will be driven by him on the local track are Del Ray, a very sensational racer that was brought from California this year and of whom great things are expected; Woodcliffe King, Cabel, Baron A. Branham Baughman (2:04 1/4), and Rough and Tear. Cabel won recently a \$5,000 stake race at Rockingham Park, Salem, N. H., when he was matched against Edna B. (2:04 1/4). Cabel is a one of the greatest sires of the turf world.

Thomas W. Murphy will bring a bunch of good ones from Poughkeepsie, N. Y., including Bessie B., Nellie and Frank B. Bonash, Jr., View Elder, Longworth B. Junior Dan Patch, Margold, Jean Arian and Ruth McGreer.

POULTRY FANCIERS AT FAIR.

Biggest Display of Chickens, Ducks, Turkeys and Pet Stock in History.

Dallas, Texas—Poultry fanciers of the State have selected Thursday, Oct. 23, as their special day at the twenty-eighth annual meeting of the State Fair of Texas at Dallas, Saturday, Oct. 18, to Sunday, Nov. 2. As judging of birds exhibited in the poultry department will start Monday, Oct. 20, it is expected that practically all awards will have been made by Poultrymen's Day. Plans are under way for a program of unusual interest and dealing with the latest developments in the scientific raising of poultry.

Usually at each meeting of the State Fair meetings of the various associations of fanciers of the State are held at the Fair Grounds. There will be representatives from every association in attendance at the meeting to be held Oct. 23. Walter Burton, superintendent of the poultry department, said: "We are planning to make Thursday, Oct. 23, a great day for the poultry fanciers of the State. Our display this year will be unequalled both in number of individual exhibits and in quality and it is expected that practically every exhibitor will be in attendance at the meeting. A number of valuable silver cups and other trophies will be awarded this year and these will be shown on Poultrymen's Day."

HORSES AT STATE FAIR.

A Record Breaking Showing is Predicted for Dallas This Fall.

Dallas, Texas: Director W. I. Yopp of the exhibit horse division of the State Fair of Texas at Dallas, is predicting a record breaking showing for his department at the coming exposition. Classes in his division have been re-arranged and made much more attractive than in previous years. The splendid results of last year's show have resulted in a larger number of exhibitors reserving space. Mr. Yopp reports an unusual amount of interest aroused among breeders in Kentucky, Tennessee, Missouri and Nebraska. Texas breeders will be more largely represented than last year. He said: "The showing in the fair this fall will be a representative one in every respect. Our prize list has undergone a general revision, and includes practically every variety of horse now raised in America. Entries already made for this year's exhibition indicate that this department will be even more attractive than ever. There are a number of special prizes put up by various associations, and in addition to these the State Fair management will award nearly \$7,000 in prizes. In the thoroughbred and standard bred and saddle horse classes the State Fair has always been a leader in the exhibiting of these useful types of horses. The entry list of this year denotes that the breeders of the East, North and Southwest are all preparing to send their horses to compete, giving assurance of a high class of exhibits.

The saddle horse class is extremely well looked after. The Texas Saddle Horse Breeders' association offers a special prize for the best saddle animal, foal of 1912, exhibited at the Fair. This prize is divided into four monies and totals \$50 in value. For the best stallion or mare, three years old or under, the American Saddle Horse Breeders' association will award a special prize of \$100. All entries in this class must be registered in the American Saddle Horse Register.

OVER INCH DOWNFALL COVERS LARGE AREA.

Followed by More Rain Thursday Night—All Parts of the County Are Visited.

An old negro, who for several years had conducted an illicit still among the mountains of Kentucky, fell a victim at last to the vigilance of the revenue officers, and was brought before the court.

"Ah," returned the judge, "I suppose, then, you are the Joshua who made the sun stand still."

"No, sah," was the prompt reply. "It's not dat Joshua at all; I's de Joshua what made de moon shine."

tendance, and the shower included linen, towels and many other articles both beautiful and useful.

As the guests arrived they were served with punch by Mrs. Roddie. Mrs. Thos. Donnell presided over the guest register—a dainty booklet of white bound with green ribbon, upon the back of which was a reproduction of Harrison Fisher's "The Trousseau" done in colors. Carrying out the color scheme of green and white, each guest inscribed her name in the register in green ink, and added a good wish for the bride.

After the arrival of all the guests, the bride-elect was blindfolded and seated beneath a large bell-shaped green bag, tied with white ribbons. The ribbons were drawn by Mrs. Roddie and Mrs. Mann opening the bag and showering the many gifts upon the delighted honoree.

After the many articles had been examined by the guests, a refreshment course of salad with ice tea was enjoyed.

Miscellaneous Shower.

Quite the prettiest event of last week was the miscellaneous shower tendered the bride-elect, Miss Nell Jackson, on Wednesday afternoon by Misses Bernice Bell and Fannie Jones at the home of the latter.

Dainty invitations, the cover of which bore a picture of a little girl with an umbrella and carrying a basket upon which was the word "Miscellaneous" had been sent out bearing the following inscription:

Honoring Miss Jackson.

Come rain or shine
When the clock points the time,
Come at thirty minutes past four,
But at 10:30 in the morn
Send your gifts to our door.
Wednesday, September 10, 1913.

at Fannie's.

As the guests entered they were greeted by two large hearts pierced by Cupid's dart, which was suspended in the center of the room, one heart bearing the initial "J." and the other the initial "C." In the room adjoining was a large bell signifying the wedding bells soon to ring out. The color scheme of green and white had been maintained throughout the decorations, and the rooms presented a most attractive appearance.

Hand painted favors were presented the guests, each one being requested to answer the twelve questions with words contained in the bride's trousseau. Following this contest, a tub containing the gifts was brought in and the bride-elect was invited to "hang out the clothes" upon a line fashioned in green and white. Following this the guests were asked back into the adjoining room and requested to name as many of the articles upon the line as they could remember. A number of clever contests were also enjoyed, and at the conclusion of the afternoon Miss Jackson was presented with the intertwined hearts.

WALTER C. WOODWARD FOR DISTRICT ATTORNEY

We take a special delight in making the informal announcement of Walter C. Woodward for our next district attorney. This statement is made from two distinct points—first, because Woodward is, without doubt, efficiently qualified for the place; second, because of special friendship and in view of the fact that we expect to heartily support him in his race. Doubtless he will have an opponent, perhaps from some other county in the district, nevertheless, his ability, together with his principles, will justify us in our decision.

Walter C. Woodward, son of Judge J. O. Woodward, who was formerly district attorney and judge of this district, is 31 years old, having been born and reared in Coleman county. Coming from a family with pronounced legal tendencies, at the early age of twenty years he was admitted to the bar and for the last eleven years he has been active in legal work in the county and state. In 1906 he was elected county attorney of Coleman county which office he held for four years. In 1911 he accepted a position in the Attorney General's office at Austin which position he held for one term. Walter stated in conversation, that at the proper time he would make his formal announcement in the papers and a thorough canvas of the district, which is composed of Coleman, Runnels, Brown, Concho and McCulloch counties, the last legislature having cut Mills county off the district. Upon being asked for a statement as to his campaign platform, he remarked that it would be closest attention to affairs of office and a strict enforcement of the law, regardless of who the defendant is or the nature of the charge.

Personally we don't believe that he will have much opposition, but in the event that he should, we predict for him an easy victory, such as has always characterized him in all his ambitions and undertakings.—Coleman County Herald.

For Sale—Buggies, hacks and surreys. Or will trade for wood or feed. See Broady Ogden.

CHALK RING MERCHANDISE

Maybe This is a Fable But You Will Agree With Us it Might be True. We Have Seen Less Reasonable Things

A traveling salesman told us once that he knew a merchant who had a big chalk ring in the rear of his store. Whenever a salesman came to sell chair, beds, furniture or anything he handled, he took him back to the ring, grabbed his photographs and threw them in the air over the chalk ring. He then bought the articles whose photographs fell in the ring.

Some merchants use the same plan without even providing the ring, but it is hard on the customer and will eventually be hard on the merchant. A successful merchant nowadays has to be continually on the watch for something new, something that is just coming out and which will please his customers. He has to watch the markets and the trade periodicals and when something comes out new be ready to nab it. No chalk ring merchandise for his. If he does, the other fellow gets his trade.

We claim to exercise judgment in the purchase of goods. We claim to know what the people want and get it, and sell it at prices that the people can afford to pay. If in need of anything in our lines we will be pleased to show you through and we know we can convince you if you are not certain.

Tells of Trip.

Jeff Meers, who has just returned from a trip to Lubbock out on the South Plains, speaks very encouragingly of the appearance of crops in McCulloch county, declaring them the best he has seen anywhere since leaving Brady. Between Brownwood and Bangs crops look good again and from Post City to Lubbock the country has a fairly prosperous appearance. The north plains he reports as being in bad shape.

Mr. Meers made the trip especially to look at the McCulloch county school lands, upon which the firm of Meers Bros. recently took an option, and he says a prettier body of land could not be conceived. The school lands are located in Hockley county, and one tract is said to be just as desirable as another. The entire body of land is underlaid

with water at a shallow depth. Mr. Meers reports some interesting scenes in the Lubbock neighborhood. At Slaton, 15 miles east of Lubbock, one man has 100 acres in peanuts and is making a big crop with dry farming methods.

The south plains corn will make about forty bushels to the acre; the cotton about half a bale to the acre, while fruit of all sorts is to be had, and grapes are grown in an abundance undreamed of in this country.

Water is to be had at a depth of from 40 to 60 feet in this section of the plains, one well ten miles east of Lubbock pumping water at the rate of 3,000 gallons per minute. The residences each occupy a block or a half block, as the case may be, and each is provided with a well and a windmill, assuring an abundance of water splendid for drinking purposes, and which

assures the finest of gardens when used in irrigation. Silos dot the plains in every direction. One of the most interesting sights is to be seen at Post City where the big cotton mill runs continuously. It is stated that the seed cotton goes into the mill at one side and comes out at the other as bolted cloth. Nothing but bed sheeting, pillow casing, and similar goods are manufactured at this mill. Mr. Post has built an ideal town there, and nothing is being left undone to make it one of the model, as well as one of the most prosperous cities in Texas.

After viewing all the country visited, Mr. Meers feels that the people of McCulloch county should be thankful that they have been so favored, and even though crops may not have been up to anticipations, compared with less favored sections they are as good as could be desired.

Cotton 15 Cents.

How can I help make 15 cent cotton? By selling through the Southern States Cotton Corporation. They will not sell for less. By each farmer waiting on one-fourth of the price of his cotton this Corporation can hold it till demands exist and obtain for you 15 cents per pound. Contract your cotton to R. DAVENPORT, Tucker, J. T. HAMILTON, Mercury, H. E. JONES, Rochelle, W. F. SPILLER, Voca, JAMES FINLAY, Fife, ROSS R. WOLFE, Brady.

A Good Investment.

W. D. Magli, a well known merchant of Whitewater, Wis., bought a stock of Chamberlain's medicine so as to be able to supply them to his customers. After receiving them he was himself taken sick and says that one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy was worth more to him than the cost of the entire stock of these medicines. For sale by all dealers.—Advertisement.

COMMERCIAL CORNER
By the Secretary.

The Brady Commercial club passed a motion at its meeting Monday to put on an exhibit in October for the special benefit of the farmers of McCulloch county. The motion reads: Moved and carried that we offer such premiums as can be secured to be given to an exhibit of agricultural, stock, poultry, textile and manufactured products for the encouragement of all parties engaged in these pursuits. We will do all we can to insure its success. The following committee appointed to fix dates and to arrange for premiums and program: D. R. Hardison, F. M. Richards, Lewis Brook, J. S. Wall, W. F. Dutton, Jack McLaughy, S. J. Striegler.

We hope all our farmers and stockmen, poultry fanciers and ladies who take interest in textile work will get busy and help in making this the best display we have had. It is not only interesting and helpful, but educational. Begin today to prepare something for this display. It will probably be in the latter part or middle of next month. Our poultry people have been great factors in these displays and we rely upon them for such assistance as they are able to give.

We call the attention again of our farmers who have cotton to sell that there is a set of government grades in this office that will materially help you to class or grade your cotton. It costs you nothing to come and bring with you sample and compare with the grades here and see what you have. It is to your interest to do so.

Again, we have a new demonstrator for the coming year. Mr. Zachary comes well recommended by such men as Homer D. Wade of Stamford and others. Give him a chance to help you during the coming crop season.

Quite a number of fine samples of farm and garden products have been put on display in the club rooms recently by such good farmers as Mart L. Williams, D. H. Henderson, S. M. Fleming, C. J. Hendrickson and others who have the welfare of their neighbors at heart by showing how things can be done. Drop in and look over these products while here.

"The Church of Christ."

The Scriptures tell us of the "Church of God," "The Church of Christ." Do you want to be a Christian—only a Christian? Are you interested in the things required of us in this world to become a Christian—live a Christian and die a Christian?

Will it interest you to know how to prepare to inherit the good things prepared for those who obey the "Word of God?" Those who hear His word, believe His word and obey His word and then add to their obedience the Christian virtues; those who live faithfully and godly in this present world, preparing for those mansions in the skies, and, like Paul, be able to say "I have fought a good fight, I have kept the faith; henceforth there is a crown laid up for me that fadeth not away."

Evangelist McCarty will begin Saturday night a faithful discussion of things pertaining to "Eternal Life."

Come and hear him—he will do you good.
