#### BUYS BRADY HOME.

#### W. F. Roberts Retires From Business at Lohn.

W. F. Roberts, Sr., Tuesday closed a deal for the purchase of the S. A. Conley home in North Brady, and he and his family will shortly move to Brady to take up their permanent residence among us. The deal approximated \$7,200, Mr. Conley taking in exchange for his residence a 240-acre farm lying three miles northeast of Lohn.

The Conley residence is one of the most modern and complete, as well as handsomely finished homes in Brady, and is a most desirable piece of property. Mr. Roberts, it is understood, will leave his business at Lohn in charge of his son, W. F., Jr., and will move to Brady within the next thirty days. For a number of years he has been one of the most prominent and influential citizens of the Lohn community, and in addition to his mercantile business, has engaged in farming upon an elaborate scale. He is one of the liveliest wires in McCulloch county, and as such will be a welcome addition to the Brady citizenship.

The farm acquired in the trade by Mr. Conley is one of the finest pieces of property in the Lohn valley, having a splendid 5-room dwelling upon it and being well improved. Mr. Conley has not yet arranged for another

home, but expects to close a trade for a smaller place within the next few days.

#### Painful Accident.

While at work at J. F. Schaege's saddle shop last Saturday, A. C. Clark had the misfortune to stick a knife into his wrist, the sharp pointed blade cutting an ugly gash, and it being found necessary to take up the artery. The injury inconvenienced Mr. Clark considerably, and he was unable to work for several days.

The Standard—\$1.00 a year.

NEARLY 2500 BALES.

#### Ginners Show Good Increase Over Last Week.

The Brady ginners are more optimistic than ever that the ginnings of this season will far exceed those of last year, and are already near the half-way mark on the total record for the year 1912. Although this season opened up at least a week later than that of last year, the cotton has been coming in much more lively, and J. C. Koerth reports his receipts up to Wednesday night as having been 405 bales better than at a corresponding date last year.

The report is as follows:

Embry	790
Koerth	931
Bauhof	740
<b>Total</b>	<b>2461</b>

## THE BABE.

Don't Let Baby Suffer With Eczema and Skin Eruptions.  
Babies need a perfect skin covering. Skin eruptions cause them not only intense suffering, but hinder their growth. Dr. Hobson's Eczema Ointment can be relied on for relief and permanent cure of suffering babies whose skin eruptions have made their life miserable. "Our baby was afflicted with breaking out of the skin all over the face and scalp. Doctors and skin specialists failed to help. We tried Dr. Hobson's Eczema Ointment and were overjoyed to see baby completely cured before one box was used," writes Mrs. Strubler, Dubuque, Iowa. All druggists or, by mail, 50c. ## EAST BRADY.

Editor Brady Standard:  
Here comes Gladdie of East Brady with the news of this place.  
It certainly has been blustery in this part of the world this week. The wind from the south

has blown a gale.  
Am glad to report the McMillan family all up and doing nicely, but very sorry, indeed, to say the Death Angel called Sunday morning about five minutes till 4:00 o'clock and took their little darling, Tiddie, to the golden gates of Heaven. Tiddie was 12 years, two months and fifteen days old. She was a real bright little girl. She leaves father, brother and sisters to mourn her loss, all of her family being here except her mother, who was called to rest the 15th of July. They have the sympathy of the entire community.  
Mrs. Perkins, the nurse who was waiting on the McMillan family, left Sunday night for her home in Brownwood.  
I am very glad, indeed, to report Mr. J. F. Tindle up and a-going again. They thought he had the fever, but I am glad to report it false.  
Mr. Arthur Hall of Lohn was in Brady on business Monday. He was called about six to the bedside of his sister, Miss Allie, who was taken suddenly ill. I didn't learn the cause. He left about 10:30 Monday to go to her at Pontotoc.  
Mesdames Robert Dacy and Haines of Broadmoor were in town Monday shopping.  
Come on, "Violet", it is time you are letting us hear from you. I haven't heard a word in two months.  
Mrs. Jim Westbrook and children of Lightner were guests of Mr. and Mrs. A. W. Wood Wednesday.  
Mr. Roy Davison of Whiteland was in East Brady Tuesday. He was on his way to Ft. Worth where he will visit his sister, Mrs. Joe Chastine, and family.  
Mrs. Buddie Callan and son, Francis, returned to their home in Menard Wednesday, after a few days' visit with her parents, Mr. and Mrs. J. F. Tindle.  
Mr. and Mrs. Will Callan of Menard were in East Brady on Wednesday. They left that afternoon with their little son, Joe, for Dallas where he is taking a treatment.  
Miss Millie Castleman returned from the Wilhelm ranch Friday morning.  
Mr. King Davison of Whiteland was in town Wednesday on

## Don't Sleep Well No Good Reason Just Can't Sleep

Some people can't sleep. There seems to be no special reason. They have no disease of the nervous system. Digestion is fairly good. Their habits are pretty good. They may smoke a little or drink a little, yet their habits are fair. Still they can't sleep well.  
Just a little unbalanced in the nerve centers. That is all. They should have a little "righting up."

A tonic will generally do this. The right sort of a tonic. Peruna is exactly the tonic. Disruption is hurried by Peruna. The stomach is empty and ready to rest for the night. The circulation is equalized. The brain is relieved of all congestions and irritations.

The Peruna acts on every blood vessel in the system. It acts on all of the nerve centers. One begins to sleep and hardly knows why.  
Take a teaspoonful to one tablespoonful of Peruna before each meal. Sometimes another tablespoonful at bedtime is necessary, where the sleeplessness is very pronounced.

Just try it, neighbor. You will be glad if you do. One bottle will convince you. Peruna is no sleep medicine. It is not a narcotic. It contains no narcotics. It is nothing of that sort. It is simply a regulative tonic. Every home should be provided with the last edition of the "Bills of Life," sent free by the Peruna Co., Columbus, Ohio.

For Bilious Attacks, Constipa-

 Dangerous Calomel Gives  
 Way to Dodson's Liver  
 Tone.

Every druggist in the state  
 has noticed a great falling off in  
 the sale of calomel. They all  
 give the same reason. Dodson's  
 Liver Tone is taking its place.  
 "Calomel is often dangerous  
 and people know it, while Dod-  
 son's Liver Tone is perfectly  
 safe and gives better results,"  
 says Jones Drug Co.

Dodson's Liver Tone is per-  
 sonally guaranteed by Jones  
 Drug Co., who sell it. A large  
 bottle costs 50 cents, and if it  
 fails to give easy relief in every  
 case of sluggishness, you have  
 only to ask for your money  
 back. It will be promptly re-  
 turned.

Dodson's Liver Tone is a pleas-  
 ant tasting, purely vegetable  
 remedy—harmless to both chil-  
 dren and adults. A bottle in the  
 house may save you a day's  
 work or keep your children from  
 missing school. Keep your liver  
 working and your liver will not  
 keep you from working.

BRADY, TEXAS, Sept. 26, 1913

CENTRAL TEXAS PRESS ASSOCIATION.

The organization of a Central Texas Press association is a move now on foot, and while the editor of The Standard overlooked earlier comment upon the subject, we hasten to add our commendation of the plan, and to signify our willingness to be a "jiner". The Bulletin proposes to hold the organization meet-

ing during Brownwood's Free Street fair. Being most centrally located of the towns that are to be included in the organization, Brownwood is the logical meeting point, and the fair will afford a good excuse for the editors deserting their posts of duty, and at the same time give Brownwood an opportunity to "look her best" for the visitors.

## WE STILL SAY IT.

Col. Claude Callan, Concocter of the "Cracks at the Crowd" column in the Star-Telegram says: "Editor Schwenker of The Brady Standard says we came to the city to acquire wealth. Not much—expenses are too high. Everything is cheaper in a city all right, but there is so much more of it."

We stick to our guns, metaphorically speaking. We merely stated that Claude went to the city to acquire wealth—of the fact that he might spend it faster than he made it we maintained utmost secrecy.

The premium list of the Fat Stock Show to be held in Fort Worth November 22-29th gives new classes on feeder cattle. In changing the dates of the show to fall, the directors feel that these classes will attract particular attention.

The Brownwood Bulletin reports the committee in charge of the San Saba, Brady and Menard trades excursion as having the success of the trip practically assured, and it is very likely that Brady boosters will shortly have an opportunity to put in a good word for the town with the live wires of Brownwood.

## THE LITTLE THINGS.

In any business it is the small and apparently insignificant details that contribute largely toward success. In the printing business we have made a careful study of the small matters. If you want shipping tags, we have the tag wires to go with them; if you want programs, we have the program pencils; if you want a special grade letter head, we have the envelopes to match. We are prepared—and "Service" is our watchword.

Brady is the town; now is the time.

McCulloch county — better the best expectations.

We are informed that the indictments returned by the last Grand Jury contain not a single bill against any Brady citizen. Could you wish better evidence that Brady is one of the most orderly, moral and law-abiding

cities in the state of Texas?

great District Sunday School convention to be held at Belton The Standard is in receipt of a copy of the program of the October 2nd to 5th. McCulloch county is included in the district which comprises some 20 counties in this section of Texas Railroad rates of one and a third fare are offered those who desire to attend.

## RIGHT SORT OF TOWN SIGN.

The Post would like to second the motion of the Dallas-Galveston News that all towns in Texas, especially in this section of Texas, should place large bulletins at their railway stations on which should be painted in a conspicuous manner some of the more important facts about the town and the country around it. These might consist of elevation, rainfall, population and a short summary of the principal resources of the community. Such an arrangement would supply the passing traveler with much information, and would also serve as valuable advertising for the town. Of course, all facts stated should be truthful and conservative, just what the traveler would find when he came to stop off and investigate. This would be good work for the Commercial club, and we are sure the Denver road would readily give consent to place the board on its property.—Children Post.

There are some such town signs in Texas, but most of them are bad. Some of them are too close to the track to give passengers a chance to read the matter. Most of them are poorly painted, evidently by amateurs, and the effort is made to tell so much about the town that the very purpose is defeated. The few most salient facts about the town, well arranged, well painted and put in large, plain letters is both sufficient and enough. That sort of sign, without itself, tells of a town's enterprise. Facts, not hot air, is what impresses people. The tobacco signs scattered along the railways are good examples of what

we have in mind.—Dallas News.

As a town sign for Brady we are going to advocate the following:

BRADY  
"A Town to Tie To."  
Ideal Climate  
Purest Water  
Center Good Roads District  
Altitude 1760 Feet  
2665 Live Inhabitants  
The Biggest Market in the World for Pecans, Cattle and Cotton Combined.

Don't you think that would fetch 'em?

Come to McCulloch.  
To get a line on some live wires, get in touch with Brady citizens.

Always room in McCulloch for citizens with push and ability. McCulloch county will do her part toward success if you but do yours.

Somebody says that Morris Sheppard believes in "clothing woman with the ballot." The general election ballot might be all right, but we would be horror-stricken indeed when the school trustee ballots became fashionable.—Menard Messenger.

Claude Callan of the Star-Telegram editorial staff is running Hugh Nugent Fitzgerald of the Fort Worth Record staff a hot race as to who can show up the longest and mostest columns of nice things said about themselves by the newspaper fraternity. If Claude had only tipped the game off to us, darned if we alone wouldn't have been good for a whole column.

### IT IS TO THE DEATH.

Leave it to Sir Harry Schwenker of Brady Standard to josh out the old Claude Callan from the sanctum of Menard Messenger to the satiricum (long shot) of Fort Worth Star-Telegram, and hurrah into the Messenger's chair of paragraphs the new editor, Loyce Callan. As far as Schwenker is concerned, the two cities tale of Brady and Menard, through Standard and Messenger exchanges weekly, will know no staling. We dare say Loyce, the successor of Claude, will respond the more vigorously as Harry tries his mettle in each issue. We hope so. The state's press for long has had its grin o'er this friendly, town rivalry contest; it would be a distinct loss if the Schwenkerisms and Callanisms should pass into nothingness. "The Menard Messenger," touches Schwenker, "last week appeared under the

editorial charge of Loyce Callan, who quite fully maintained the paper's reputation for wit and brilliance. Loyce will doubtless prove a worthy successor to his uncle, Claude Callan, and while avowedly eschewing politics, will doubtless some day be in line for governor or ambassador to the Hitchy-Koo Islands—the latter job being of somewhat lesser rank than the Brady postmastership. Let the happy "hurrah"ing go on!—Waco Morning News.

If "Viewpoints" of the Waco News is not in favor of intervention; if he wills it that the dove of peace shall not bring its branch of olive; if he wants us to give Menard what Sherman said war really was; then here is where we raise the black flag—Menard girls in no way compare with the Brady girls who are acknowledged the brightest, wittiest and prettiest girls in Christendom.

W. J. Kuykendall paid us a dollar yesterday on the grounds that there was plenty of news in The Standard to justify his doing so. Of course we looked pleased—just the same as if we were about to have our picture taken. Next in importance to his paying us the subscription was the fact that Mr. Kuykendall was in town with some cotton.

COTTON RECEIPTS.

Average 250 Bales Per Day at Public Cotton Yard.

Public Weigher Tom Jordan reports cotton coming in better than ever before, the receipts at the yard averaging 250 bales a day, as compared with considerably less than 200 bales a day last year. In fact, during 1912 Mr. Jordan came near to reaching the 200-bale receipt mark only upon three occasions, once receiving 199 bales, and twice 198 bales in one day. He now estimates the season's run at 10,000 bales, as against something over 6,000 last year. In common with the farmers he is hoping for favorable weather to continue to enable the getting out of the cotton which is almost sure to be lost if a dashing rain should come.

Mr. Jordan gives the following report:

Church of Christ Meeting.

The Christian meeting being conducted by Evangelist A. J. McCarty continues in interest, each and every sermon has been a feast for those who love to hear the plain scriptural teachings of the Word of God and the lessons being taught are having their effect on those who hear it, as all will concede who have heard the truth and want to believe the truth.

An evidence that Bro. McCarty's teaching is good and sound "gospel preaching" is the fact that some have become alarmed at it as those in authority did during the personal ministry of Christ and the Apostles.

My dear friend, won't your teaching and preaching stand the test before the judgment bar of God? If it will you need not become alarmed, but hold on steadfastly to the end, but if your foundation is dangerous or not in accord with the Word of God, then you had better make it as sure as you can in order to stand in the last day. God said, "Make it as sure as you can," and if you make it sure and according to God's eternal truths then be assured that you will, by continuing in well doing, "make your calling and election sure with God."

Bro. McCarty preached on last Sunday night to an overflowing house of attentive hearers on the subject of "Jacob's Ladder," showing its great significance to the plan of salvation in such a way as the people of Brady never heard before.

On Wednesday night those present heard him on the subject of "The New Birth," and this great and celebrated conversation of Nicodemus with Jesus was taken up and handled according to God's truth in a masterly manner and entirely in accordance with the teachings of God, and in the course of his sermon he showed that Jesus was talking to Nicodemus in figurative or symbolic language and that the plain teachings of Christ did not commence until after the crucifixion and resurrection of Christ, and first began to be preached on the day of Pentecost, and that those on Pentecost were the first to hear the plain and never-changing plan of salvation—that is, they were the first to learn what they must do in order to be saved.

Sunday at 11:00 o'clock his subject will be "The Tabernacle," and he will illustrate the subject by showing just how The Tabernacle was finished and just what was authorized to be placed in it, and will also show that the things that were authorized to be put in it were the only things that God's Word will authorize to be placed in it and that it was finished and the things put in it exactly according to the divine plan, and that The Tabernacle is a type of the true "Church of God," and in order to be identified as the true "Church of God" we must use only the things that are authorized in the work and worship of God, and therefore if we use anything in the worship that is not according to God's Word, then we will not be the true "Church of God," but will be under the old law and therefore under condemnation. You certainly want to hear him on this before you decide the question and if you think you are authorized, just come out and hear him and if you are satisfied to do anything contrary to the teachings of God's Word then he will have done his duty trying to set you right in the matter.

Sunday night his subject will be "What is the Gospel?"

Can you think of a subject that is of more importance to a dying world than the subject of "What is the Gospel." You want to know what it is surely, and how it saves people and what all must do to come in contact with the saving power of the Gospel, and also what it takes to constitute the Gospel of the Lord. You certainly want to hear him on this as well as other subjects, as there will be preaching every night this week, and be assured when you hear him you will hear something from the bible, and not man's theology.

Do not put off this great opportunity of hearing him and compare what he preaches with the preachings of the Apostles and see if he keeps to the old paths.

### Cooke-Jackson Nuptials.

An unusually interesting wedding was solemnized last Tuesday evening at the home of the bride's parents, Mr. and Mrs. O. E. Jackson, when Rev. I. T. Morris read the marriage service for Miss Nellie Alva Jackson and Mr. Lewis Porter Cooke.

The Jackson home was beautifully decorated in pot plants, ferns and smilax. Festoons of smilax entwined with white ribbon gracefully hung from either side of the opening of the folding doors to the large wedding bell, under which the bridal pair stood during the ceremony.

After the guests had assembled, Miss Lucy Morris, in her usual charming way, sang "Beloved, It Is Morn," her accompaniment being played by Miss Eva Broad of Fort Worth.

The bridal pair approached the altar to the strains of Mendelssohn's wedding march.

The bride wore an exquisite gown of white lace draped over charmeuse. She carried an arm bouquet of bride's roses and lilies of the valley. The groom

wore the conventional black.

When the service was over, congratulations were extended to the happy couple.

The groom is one of Brady's most reliable young men and he is regarded by all as a man well worthy of the prize he has won.

The bride, the beautiful daughter of Mr. and Mrs. Ed Orval Jackson, is one who has endeared herself to all who have chanced to know her by her charming manners and winning ways. She is a young woman of many accomplishments, and a prize in the lottery of marriage that any man might be proud to win.

Before their departure the guests were served a delicious course of angel food cake and cream.

Those present were Mrs. Cooke, Taylor; Mrs. Snell, Waco; Mrs. Gillespie, Bartlett; Mrs. Tarrant, Brownwood; Miss Ruby Smith, Brownwood; Mr. Harry Broad, Brownwood; Mrs. E. J. Broad and daughter, Miss Eva, of Fort Worth; Mr. and Mrs. Ed Broad and family, Mr.

### Shower for Miss Jackson.

One of the prettiest showers given Miss Nell Jackson was on last Saturday morning from 9 until 11 o'clock at the home of Mrs. O. D. Mann, with Mesdames Mann and Bevans as hostesses.

The guests were met at the

door by Miss Grace Bevans and were given a pen and ink sketch of the bride, underneath which was the following verse:

Happy have we met,  
Happy have we been  
Happy do we part, and  
Happy meet again.

The guests then were asked to register in the bride's book, the cover of which bore a sketch of the bride-to-be also. After this, punch was served throughout the morning.

At 10 o'clock Miss Morris, accompanied by Mr. Melton, sang "Because I Love You." Immediately following this Miss Neil was blindfolded, led into the dining room and seated beneath the "Rainbow of Promise" which arched across the room. An immense white gift bell was suspended just above her head. Little Miss Luella Adeline Bevans pulled the ribbon which showered the gifts. While they lay about Miss Jackson, appropriate toasts were given, among them being:

"The Bride," by Mesdames Donnell and Callan and Miss Lucy Morris.

"The Groom," by Mesdames Melton and Marsden.

"The Girls Who Are Left Behind," by Mrs. J. B. McKnight.

"To Love," by Mrs. J. P. Jones

"How to Preserve a Husband" by Mrs. J. B. McKnight.

"How to Cook a Husband," by Mrs. J. F. Schaege.

"To the Mother," by Mrs. J. T. Mann.

Then the bride-to-be, with the aid of the guests, began to open and admire the gifts. Everything was there that heart could wish, from cut glass bowls and silver, embroidered and crocheted linen, dust caps and aprons to bath towels and gifts for the groom.

Miss Jackson wore Alice blue messaline with trimmings of lace, and blue hat to match.

Delicious coffee, with bread and butter and nut sandwiches, was served to some seventy-five guests.

COTTON RECEIPTS.

Average 250 Bales Per Day at Public Cotton Yard.

Public Weigher Tom Jordan reports cotton coming in better than ever before, the receipts at the yard averaging 250 bales a day, as compared with considerably less than 200 bales a day last year. In fact, during 1912 Mr. Jordan came near to reaching the 200-bale receipt mark only upon three occasions, once receiving 199 bales, and twice 198 bales in one day. He now estimates the season's run at 10,000 bales, as against something over 6,000 last year. In common with the farmers he is hoping for favorable weather to continue to enable the getting out of the cotton which is almost sure to be lost if a dashing rain should come.

Mr. Jordan gives the following report: Total Receipts 3744 Shipped 2174

Bales in Yard 1570

Ed Jacoby, manager of the Farmers Union Warehouse gives the following report:

Cotton Received 1535

This brings the total number of bales received in Brady up to 5279.

Church of Christ Meeting.

The Christian meeting being conducted by Evangelist A. J. McCarty continues in interest, each and every sermon has been a feast for those who love to hear the plain scriptural teachings of the Word of God and the lessons being taught are having their effect on those who hear it, as all will concede who have heard the truth and want to believe the truth.

An evidence that Bro. McCarty's teaching is good and sound "gospel preaching" is the fact that some have become alarmed at it as those in authority did during the personal ministry of Christ and the Apostles.

My dear friend, won't your teaching and preaching stand the test before the judgment bar of God? If it will you need not become alarmed, but hold on steadfastly to the end, but if your foundation is dangerous or not in accord with the Word of God, then you had better make it as sure as you can in order to stand in the last day. God said, "Make it as sure as you can," and if you make it sure and according to God's eternal truths then be assured that you will, by continuing in well doing, "make your calling and election sure with God."

Bro. McCarty preached on last Sunday night to an overflowing house of attentive hearers on the subject of "Jacob's Ladder;" showing its great significance to the plan of salvation in such a way as the people of Brady never heard before.

On Wednesday night those present heard him on the subject of "The New Birth," and this great and celebrated conversation of Nicodemus with Jesus was taken up and handled according to God's truth in a masterly manner and entirely in accordance with the teachings of God, and in the course of his sermon he showed that Jesus was talking to Nicodemus in figurative or symbolic language and that the plain teachings of Christ did not commence until after the crucifixion and resurrection of Christ, and first began to be preached on the day of Pentecost, and that those on Pentecost were the first to hear the plain and never-changing plan of salvation—that is, they were the first to learn what they must do in order to be saved.

Sunday at 11:00 o'clock his subject will be "The Tabernacle," and he will illustrate the subject by showing just how The Tabernacle was finished and just what was authorized to be placed in it, and will also show that the things that were authorized to be put in it were the only things that God's Word will authorize to be placed in it and that it was finished and the things put in it exactly according to the divine plan, and that The Tabernacle is a type of the true "Church of God," and in order to be identified as the true "Church of God" we must use only the things that are authorized in the work and worship of God, and therefore if we use anything in the worship that is not according to God's Word, then we will not be the true "Church of God," but will be under the old law and therefore under condemnation. You certainly want to hear him on this before you decide the question and if you think you are authorized, just come out and hear him and if you are satisfied to do anything contrary to the teachings of God's Word then he will have done his duty trying to set you right in the matter.

Sunday night his subject will be "What is the Gospel?"

Can you think of a subject that is of more importance to a dying world than the subject of "What is the Gospel." You want to know what it is surely, and how it saves people and what all must do to come in con-

tact with the saving power of the Gospel, and also what it takes to constitute the Gospel of the Lord. You certainly want to hear him on this as well as other subjects, as there will be preaching every night this week, and be assured when you hear him you will hear something from the bible, and not man's theology.

Do not put off this great opportunity of hearing him and compare what he preaches with the preachings of the Apostles and see if he keeps to the old paths.

### Cooke-Jackson Nuptials.

An unusually interesting wedding was solemnized last Tuesday evening at the home of the bride's parents, Mr. and Mrs. O. E. Jackson, when Rev. I. T. Morris read the marriage service for Miss Nellie Alva Jackson and Mr. Lewis Porter Cooke.

The Jackson home was beautifully decorated in pot plants, ferns and smilax. Festoons of smilax entwined with white ribbon gracefully hung from either side of the opening of the folding doors to the large wedding bell, under which the bridal pair stood during the ceremony.

After the guests had assembled, Miss Lucy Morris, in her usual charming way, sang "Beloved, It Is Morn," her accompaniment being played by Miss Eva Broad of Fort Worth.

The bridal pair approached the altar to the strains of Mendelssohn's wedding march.

The bride wore an exquisite gown of white lace draped over charmeuse. She carried an arm bouquet of bride's roses and lilies of the valley. The groom

wore the conventional black.

When the service was over, congratulations were extended to the happy couple.

The groom is one of Brady's most reliable young men and he is regarded by all as a man well worthy of the prize he has won.

The bride, the beautiful daughter of Mr. and Mrs. Ed Orval Jackson, is one who has endeared herself to all who have chanced to know her by her charming manners and winning ways. She is a young woman of many accomplishments, and a prize in the lottery of marriage that any man might be proud to win.

Before their departure the guests were served a delicious course of angel food cake and cream.

Those present were Mrs. Cooke, Taylor; Mrs. Snell, Waco; Mrs. Gillespie, Bartlett; Mrs. Tarrant, Brownwood; Miss Ruby Smith, Brownwood; Mr. Harry Broad, Brownwood; Mrs. E. J. Broad and daughter, Miss Eva, of Fort Worth; Mr. and Mrs. Ed Broad and family, Mr.

### Shower for Miss Jackson.

One of the prettiest showers given Miss Nell Jackson was on last Saturday morning from 9 until 11 o'clock at the home of Mrs. O. D. Mann, with Mesdames Mann and Bevans as hostesses.

The guests were met at the

door by Miss Grace Bevans and were given a pen and ink sketch of the bride, underneath which was the following verse:

Happy have we met,  
Happy have we been  
Happy do we part, and  
Happy meet again.

The guests then were asked to register in the bride's book, the cover of which bore a sketch of the bride-to-be also. After this, punch was served throughout the morning.

At 10 o'clock Miss Morris, accompanied by Mr. Melton, sang "Because I Love You." Immediately following this Miss Neil was blindfolded, led into the dining room and seated beneath the "Rainbow of Promise" which arched across the room.

An immense white gift bell was suspended just above her head. Little Miss Luella Adeline Bevans pulled the ribbon which showered the gifts. While they lay about Miss Jackson, appropriate toasts were given, among them being:

"The Bride," by Mesdames Donnell and Callan and Miss Lucy Morris.

"The Groom," by Mesdames Melton and Marsden.

"The Girls Who Are Left Behind," by Mrs. J. B. McKnight.

"To Love," by Mrs. J. P. Jones

"How to Preserve a Husband" by Mrs. J. B. McKnight.

"How to Cook a Husband," by Mrs. J. F. Schaeg.

"To the Mother," by Mrs. J. T. Mann.

Then the bride-to-be, with the aid of the guests, began to open and admire the gifts. Everything was there that heart could wish, from cut glass bowls and silver, embroidered and crocheted linen, dust caps and aprons to bath towels and gifts for the groom.

Miss Jackson wore Alice blue messaline with trimmings of lace, and blue hat to match.

Delicious coffee, with bread and butter and nut sandwiches, was served to some seventy-five guests.

GAME LAWS

Passed by the Congress of the U. S. in March.

Austin, Texas, Sept. 13.—In answer to many inquiries Chief Deputy Game, Fish and Oyster Commissioner J. D. Cox has written the following letter:

The congress of the United States passed a protective game law last March. It provides for rules and regulations to be made by the Department of Agriculture. These rules and regulations have been made and are effective on and after October 1, 1913.

By these regulations all geese, ducks, swan, rai, crains, curlews, plover, sandpipers, snipes, willet, woodcock, yellowlegs, pigeons and doves are classed as migratory game birds and closed seasons against killing them are as follows:

Geese, ducks and brant, January 16 to October 1 each year; rai, December 1 to September 1 next following; woodcock, January 1 to November 1; shore birds, including all blackbreasted and golden plover, jack snipes, yellow legs, December 16 to September 1 next following.

These regulations to kill ducks and geese are not effective any time during 1913.

It is unlawful to kill any kind of migratory bird after sunset and before sunrise all the time.

There is a closed season until September 1, 1918, against killing the following migratory game birds: Band-tailed pigeons, little brown sand and whooping crain, swans, curlew and all shore birds except the black breasted and golden plover, wilson and jack snipe, woodcock and the greater and lesser yellow legs.

Under the federal laws it is unlawful to kill migratory insectivorous birds, and by this law the following are designated as such birds: Bobolink, cat-birds, chickadees, cuckoos, flycatchers, crossbeaks, humming birds, juncos, meadow larks, night hawks or bullbats, nut hatches, robins, shrikes, swallows, vireos, warblers, waxwings, whippoorwills, woodpeckers and wrens.

The federal game laws do not in any way relate to game animals, and therefore regulations for killing and taking them in Texas are wholly under the state laws.

While doves and wild pigeons of all kinds are included in the federal law's list of migratory game birds, there is no specific closed or open season designated for them except the band-tailed pigeon, and the regulation for killing doves and pigeons will be wholly those of the state law.

Under the state law the open seasons for killing quail and doves begins November 1 and closes January 31. There is no closed season on the whitewing and big blue Mexican pigeons, under the state law, and no closed season for them under the federal regulations as yet.

What is Home?

A large daily newspaper once offered a prize for the best answer to this question. A number of good answers were turned in but they gave the prize to this answer:

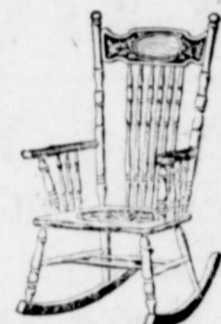

"The Place Where We Are Treated Best and Grumble Most"

And so it is, but should not be. We should be as cheerful at home as we are away. We should try to make our home as cheerful, comfortable and pleasant as we can.

Have you done that? Have you provided for your wife the conveniences and labor saving devices for her work that you have for yours? If you haven't, she is entitled to them, and more than that, it is your duty to see that she gets them.

This store offers exceptional bargains along these lines. We make a specialty of furnishing the kitchen, dining room, bath room and, in fact, the whole house from top to bottom with furniture that is not only comfortable and serviceable, but cheap as well. What about that stove, that table, kitchen cabinet, rocker, rug or something else wife has told you she needed? Wake up, Mr. Man! Don't put off any longer, but come in at once and see us in our new building and buy some of the nice things we are offering. Not only are we offering conveniences for the house, but for the farm as well. Get a new buggy and take your wife driving. We can sell you a cracker-jack buggy for \$49.50. Come in and see them. Then we have the Peter Schuttler wagons and you know what they are—or maybe you need a Sampson windmill or a Fuller & Johnson farm pump engine to pump water for you.

Our Store is Full of Bargains

And we are glad to show you anything in our lines. If you don't want to buy, we are just as glad to show you, and if you do buy we will make your money last the longest. If you have any stock to trade, come to see us.

The 1914 Buick.

B. A. Hallum, manager for the Brady Auto Co., Monday received the first of the 1914 model Buicks, and the handsome appearance of the new car excited much favorable comment in Brady. The car was delivered on Tuesday to Willie Bevans of Menard, who would be satisfied with nothing but the first new model received in this country, and much as he was loath to do so, Mr. Hallum was obliged to give it up. He expects a car load of the new models within the next week or two.

Expresses Appreciation.

Dublin, Texas, Sept. 22. Editor Brady Standard:

To the jury of the February term of district court of McCulloch county in the case of Mack Harris, charged with forgery, and sentenced to two years in the penitentiary, I wish to say I am now at home. I was discharged on the 3rd day of September, and I am very thankful to the people for their kindness shown me, and I am going to show my appreciation by right doing. I got into trouble unthoughtedly, and I am now out and expect to stay out. I have only had a short experience, but it is enough to convince me that I had much rather be a free man than to be a prisoner, although I was nicely treated while in prison.

I send this card of thanks to the jurors, officials and citizens of McCulloch county.

Yours truly, MACK HARRIS.

WORDS FROM HOME.

Statements That May Be Investigated—Testimony of Brady Citizens.

When a Brady citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Brady resident. No stronger proof of merit can be had.

J. D. Blackburn, farmer, Brady, Texas, says: "Six-years ago I suffered from pains across my kidneys, so severe that I had to give up and go to bed. My wife rubbed me with liniments and did everything to relieve me, but nothing helped me until I got a box of Doan's Kidney Pills. I was in bad shape when I began taking them, but after a few doses I felt relief, and my kidneys began to get back to their normal condition. Since then I have always had a supply of Doan's Kidney Pills in the house and they have given the best results when I have used them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
