PROPOSED BRADY R. R.

COMMERCIAL CLUB RECEIVES INQUIRY THURSDAY.

Matter Will Be Taken Up Next Meeting of Directors—Proposal Sounds Interesting.

Secretary Hardison of the Commercial club is in receipt of a letter from W. V. Helms of Novice, Texas, stating that he represents parties interested in the building of a railroad from Mason via Brady to a junction with the Santa Fe at Ballinger or Coleman, and inquiring as to whether Brady citizens would be interested in the proposition, and also whether suitable grounds for shops and terminals could be given.

Mr. Helms adds that a company will be organized during the Dallas Fair and that they expect to be ready for business about November 1st. With proper inducements the road could be built within twelve months according to Mr. Helms.

The proposition has aroused considerable interest and will be the chief topic for consideration at the meeting of the Commercial club Monday. The road is one that could be made of incalculable value to Brady, opening as it would a gateway from California to the Gulf, and giving the Santa Fe a route overland that will be of immense impor-

tance now that the Panama canal is ready for use. Other important features of the road are that it opens the way to the sand pits and the granite fields in the south part of the county, besides giving access to the farm and garden products in the Voca, Camps and Mason communities, while to the north it will pierce the oil fields at Lohn and the coal fields in the north end of the county.

The road is universally recognized as being of such great importance to Brady and McCulloch county that there is small doubt but what any reasonable proposition will be met with instant favor and acceptance.

A. A. Lange reports considerable interest manifested by the citizens on Trades Day in the premium offered for the largest family registering at the Star Cash store. J. M. Jackson, living on Route 1, was adjudged the winner, he having registered ten as members of his family, and as a consequence received a plate, cup and saucer for each member.

MELVIN MIXUPS.

Melvin, Texas, October 8.
Editor Brady Standard:
My, how it has rained! And still looks like rain this afternoon. Most of the farmers are bemoaning the fact that their cotton is wasting and they can't get to it to pick it. Only about half of the crop is gathered around here.
We had splendid services at the Baptist church Sunday in spite of the muddy roads. Quite the largest crowd in some time Sunday night. Bro. Dunsforth has built up and done a wonderful work here the past year, and we are glad to learn the church has called him for another year.
A good many of our good citizens went to Brady Saturday shopping. Among the number was John Smith, Johnnie Womble and Lee Graham.
The little daughters of Bro. Smith returned to Priddy Saturday, after a two weeks' visit with their uncle.

DON'T DELAY.

Some Brady People Have Learned That Delay is Dangerous.

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over fifty years. Doan's Kidney Pills are used and recommended throughout the civilized world. Convincing testimony follows:
W. E. Gideon, 201 Mesquite St., Coleman, Texas, says: "I was troubled with severe pains in my back. My kidneys were weak and there was an almost complete retention of the kidney secretions. I tried several remedies, but found Doan's Kidney Pills better than anything I had ever taken. Should the trouble ever return I will know what to do."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

YOU CAN'T EAT APPETITE POOR

Multitudes of people lose their appetite. Simply don't care for anything to eat. The dinner bell has no interest to them. They loathe their breakfast. They may nibble a little of this and a little of that, but they do not care for it.
Lunch has lost all of its charms, although they try to eat something. Dinner about the same.
There is something positively wrong, of course, but no disease that can be named. Just out of sorts. That is all.
It is in this kind of a condition that Peruna acts very beneficially.
After using Peruna, interest in food is revived. Beginning with a teaspoonful of Peruna before each meal will generally quickly improve the appetite and help the digestion.
Thousands of people can testify to this. Liberated from a slavery that is almost unbearable. The slavery of having no interest in life. All used up. Yet one does not know exactly why. Take Peruna before each meal. Skies will get blue again. Fields will look green once more and life will be pleasant. You will feel that you are good for something and the world is a good place to live in. Peruna will do it. Not as an artificial stimulant. Simply a tonic that stimulates appetite in a natural way.
Those who object to liquid medicines can now obtain Peruna Tablets.

FIFE FINDINGS.

Fife, Texas, October 7.
Editor Brady Standard:
Well, everybody has started picking cotton again. Complaint is made that the rain damaged cotton considerably and some farmers claim to have lost three or four bales by the rain.
Small grain is looking fine now, with some more to be planted this week.
Practically all of Fife went to Brady Monday to trades day.
James Finlay and Henry Martin have bought out T. R. Poole's blacksmith shop and dwelling here. It is reported that Henry is going to start housekeeping at once.
Tom Beasley of Mercury was a business visitor here Tuesday.
E. B. Kennedy of Waldrip was shopping here Tuesday.
T. R. Poole returned Monday from a business trip to Stephenville, Texas.
Jeff Lane of Brady was a visitor here Monday.
The recent rain and damp weather has hatched out millions of small black flies which are causing considerable damage to milk cows and work horses. We would like to know a remedy for them. E. Z.

The changeable weather of early fall brings on coughs and colds that have a weakening effect on the system, and may become chronic. Use Foley's Honey and Tar Compound. It has a very soothing and healing effect on the irritated and inflamed air passages, and will help very quickly. It is a well known family medicine that gives results. Jones Drug Co.

NORTH BRADY ITEMS.

Brady, Texas, October 7.
Editor Brady Standard:
The rain which began to fall last Thursday evening, lasted until Saturday morning about 9:00 o'clock. Cotton wasn't damaged very much, but the ground is still too wet to pick in the field and the weather threatening. By Friday evening some of the cotton seed in the bolls had begun to swell, but the sun shone out Saturday and stopped all that.
Aunt Ann Bell is at Pontotoc visiting her sister, Mrs. Jim Hall, at that place.
Rev. Mayo of Pear Valley was in Brady Tuesday on business and got caught in the rain, and has been spending a few days at the home of his daughter, Mrs. Ella Bell.
Mr. and Mrs. A. P. Eklund have been visiting in East Sweden the past week.
There is a considerable lot of feed stuff in the stack damaged by the continued rains of last week, some being entirely ruined.
Mr. G. A. Nelson and wife spent Sunday with his parents, Mr. and Mrs. A. J. Johnson, in the Live Oak community.
Mr. and Mrs. Dan Cottrell and children attended Sunday school at Carroll Colony Sunday.
Mrs. Nannie Cottrell sat up with Mrs. Jones in South Brady Saturday night. Mrs. Jones has suffered terribly during her spell of sickness, and her life has been despaired of for a long while.
Mr. O. A. McShan and family have moved to North Brady and he is going to rent his farm this year.
Mr. Alto McShan and wife visited J. M. Johnson and wife Sunday evening.
Trades Day in Brady must have been a success all right, if as many went into town from all other directions as from the north side. They began to go in Sunday evening, so as to be ready for the affair.
It now looks like we may have plenty of good old turnip greens if the rains don't get too heavy and wash some of them away.
Mr. E. D. Stearns is getting some nice compliments on his fine strain of chickens, which have the reputation of being as fine layers as the Leghorns, and are very pretty to look at.
As this is a very busy season of the year, will have to close and get to work.

Best wishes to the editor and readers.

As this is the last of my stationery, will have to close.

LOST CREEK ECHOES.

Voca, Texas, October 6.
Editor Brady Standard:
It has been some time since I wrote to The Standard, but all will know that at this time of year all farmers are very busy and do not have time for writing, but I hope to soon be where I can again give the news from our part of the country more regularly.
The weather has just cleared up from one of the longest wet spells I ever remember seeing—three days. Week before last it rained for three days, and again last week it began raining Tuesday and continued almost a steady downpour until Saturday about noon. Sometimes it fell fast and hard and then steadied down to a slow rain. For the five days last week the precipitation was six inches. The creeks were all booming for five days. The ground is thoroughly soaked and is seeping out on all the hillsides. Considerable damage was done to feed stuff that was stacked out without any covering. It may be worse than we just now think it is. Cotton, of course, suffered its share of the damage. Some report cotton sprouting in the bolls, but a few clear days will stop all that. But anyway, we got the rain, and fall grain can be sowed and will not be likely to be frozen this winter as it is some dry winters.
The little week-old baby of Mr. and Mrs. Gus McBee died one day last week.
Alex Arledge happened to a serious accident one day last week while enroute to Mason. Some years ago he got one leg broken and had to have it amputated just below the knee and has been using a wooden leg to walk on. The team he was driving became frightened and made a dash and the vehicle was about to turn over and in attempting to jump out Mr. Arledge got the wooden leg tangled in the wheel and broke the thigh bone just above the knee. At last reports he is doing well.
This writer one day last week was happily surprised by receiving a box of fine fresh prunes just as they were taken from the vines by parcel post from an old friend, J. T. Roberson. He was an early settler of this part of the county and resided here for a number of years.
Brady's first trades day is drawing the people from this part. It seems that almost everyone is going.

Avoid Sedative Cough Medicines.
If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia, use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. It cleans out the germs or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world wide reputation for its cures. It contains no morphine or other sedative. THE STATE OF TEXAS.
To the Sheriff or any Constable of McCulloch County, Greeting:
You are hereby commanded to summon B. F. White by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 35th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 35th Judicial District, to appear at the next regular term of the district court of McCulloch county, to be holden at the court house thereof, in Brady, Texas, on the 3rd Monday in February, A. D. 1914, the same being the 16th day of February, A. D. 1914, then and there to answer a petition filed in said court on the 6th day of October, A. D. 1913, in a suit, numbered on the docket of said court No. 1438, wherein Beulah White is plaintiff and B. F. White is defendant, and said petition alleging:
STATE OF TEXAS)
COUNTY OF McCULLOCH)
In the District Court McCulloch County, Texas, February Term, A. D. 1914.
To the Honorable John W. Goodwin, Judge of said Court:
Your petitioner, Beulah White, hereinafter called plaintiff, complaining of B. F. White, hereinafter called defendant, represents that plaintiff is an actual bona fide inhabitant of the state of Texas, and has been a bona fide inhabitant of said state for a period of twelve months next preceding the filing of this suit, and has resided in McCulloch County for a period of six months next preceding

the filing of this suit, and plaintiff has been a bona fide inhabitant of the state of Texas and McCulloch County for many years next preceding the filing of this suit; that the residence of defendant is unknown to plaintiff, and for cause of action plaintiff represents,
FIRST:

That on or about the 15th day of November, 1908, plaintiff was legally married to defendant in McCulloch County, Texas, and continued to live with defendant as his wife until about the 30th day of November, 1908, when defendant, without fault on the part of plaintiff, left plaintiff with the intention of abandoning her, and did abandon plaintiff, since which time defendant has never returned to plaintiff to live with her and since which time plaintiff has never heard of or from defendant and has never known his whereabouts from the date of said abandonment to this time, and does not know the whereabouts of defendant. During all of the time that plaintiff and defendant lived together as husband and wife she conducted herself with propriety, and managed the household affairs of her said husband with prudence and economy, and at all times treated her said husband with kindness and forbearance, and plaintiff never, during said time, gave defendant any cause or provocation or excuse to abandon her, and plaintiff neither caused, procured nor consented to such abandonment; but defendant, disregarding the solemnity of his marriage vows to plaintiff, went away from plaintiff, telling her at the time he left her that he was going away on some sort of business for the day and would return at night or in a short time, but did not return at the time he told plaintiff, but then and there abandoned plaintiff wholly without provocation or excuse and without any fault whatever on the part of plaintiff. Defendant left plaintiff more than three years prior to the filing of this suit, and left her with the intention of abandonment, and did abandon her; all of which was wholly without cause, excuse or fault on the part of plaintiff. Plaintiff has never seen defendant since he abandoned her on or about the 30th day of November, 1908, as aforesaid, and since said abandonment they have never lived together as husband and wife, nor co-habited together in any manner, and defendant has never contributed anything whatever to the support of plaintiff since said abandonment.
SECOND:

When plaintiff married defendant she was a single girl by the name of Beulah Pell, and she uses for the restoration of her maiden name in this action as well as for divorce.

Wherefore, premises considered, plaintiff prays that defendant be cited as the law directs to appear and answer this petition, and that on final hearing plaintiff have judgment dissolving the marriage contract between plaintiff and defendant, and that plaintiff be restored to her maiden name, Beulah Pell, for all costs of this suit, and for such other and further relief, general or special, either at law or in equity, as plaintiff may be entitled to receive.
J. E. BROWN,
Attorney for Plaintiff, Beulah White.

Herein fail not, but have before said court at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.
Given under my hand and the seal of said court, at office in Brady, Texas, this 6th day of October, A. D. 1913.
P. A. CAMPBELL, Clerk,
District Court, McCulloch County.

FALLING HAIR MEANS DANDRUFF IS ACTIVE.

Save Your Hair! Get a 25c Bottle of Danderine Right Now.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

BRADY, TEXAS, Oct. 10, 1913.

Sidewalks are said to be badly
needed on the north side in the
vicinity of and approaching the
high school building. Sidewalk
building is one of the best known
methods of enhancing property
values, and in this instance the
luxury of sidewalks becomes an
actual, pressing necessity. Let's
build sidewalks to and about our
school buildings.

A BUSINESS TALK TO THE BRADY BUSINESS MEN.

This is a talk on Brady Stand-
ard advertising, but it is an
unusual talk at that, and we
trust you will spare a few min-
utes to read and reflect.

Our visits among the mer-
chants and business men this
week convinces us that there is
not a single one but who is high-
ly elated over the success of last
Trades Day, not only from the
standpoint of attendance, but of
business done. Everyone tells
of a big rush all during the day;
of bigger cash sales than any
time during the year, and of bet-
ter collections. Did you ever
stop to think that no advertis-
ing of the event was done with-
in McCulloch county other than
that of the publicity given by
the local newspapers? That is
some recommendation for the
pulling power of the Brady news-
papers, is it not?

It is true that circulars and
cards advertising the event were
gotten out by the managers of
the Trades Day, but almost
without exception these were
sent out of the county and to
northern and eastern points.
The managers showed their good
judgment and their faith in the
newspapers by depending en-
tirely upon them to advertise
the event in McCulloch county.

YOU WILL HAVE TO AD-
MIT THAT THEY USED EX-
CELLENT JUDGMENT.

Now, there is a moral to this
tale, as well as to most tales.
We want you to get better ac-
quainted with Brady Standard

advertising. The Brady Stand-
ard has a subscription list
throughout the county that
should win the commendation
and liberal patronage of every
business man of Brady. Our
subscription books are open to
inspection at any time. We
reach the people.

WE REACH THE RIGHT
CLASS OF PEOPLE.

Our paper is paid for in ad-
vance, which means that every
reader is a representative, reli-
able citizen, who pays for the
paper because he wants it, and
who reads it because it is paid
for. That's what makes The
Standard worth while.

We can make your advertis-
ing pay you big returns if you
will but invest in your advertis-
ing the same care and attention
that you give to the most im-
portant detail in your business.
It is a significant fact that our
heaviest advertisers are the ones
best pleased with results.

THERE IS A REASON.

We want to get together with
you on this advertising proposi-
tion—for our mutual benefit.

With the advent of street
lights there should be an awak-
ening of civic pride among our
citizens as never before. Let us
have good walks everywhere
about town—they are needed—they
are valuable additions to a
growing and prosperous commu-
nity. And a sidewalk—a good,
permanent stretch of walks from
the square to the union depot
would give visitors to Brady a
hundred per cent better "first
impression" of our town.

MARKET SQUARE.

The market square is the next
important move for Brady. Let
us provide a place convenient to
the business section where the
farmers and traders may con-
gregate, and where the teams
and wagons may be taken care
of without blockading and litter-
ing the square. Every city of
any consequence has long since
abolished the court house square
hitching rack.

The court house square should
be a grassy, shady park, provid-
ed with slightly walks and bench-
es where the visitors and citi-
zens may rest and enjoy them-
selves when they see fit.

Another good feature and re-
commendation for Trades Day
was the orderliness of the big
crowd. It was a happy, busy,
good natured bunch, and the
pleasure of having them with
us was one of the biggest fea-
tures in the success of the day.

We have it all figured out. A
quail flew into The Standard of-
fice just the other day, and took
refuge under our chair. That's
what we call a harbinger of good
luck. Just as soon as the quail
season opens we are going to
train a big covey of quail to do
this very act every morning.
Maybe the editor pro tem and
the ex-editor of the Menard Mes-
senger won't be jealous when
they hear of us enjoying our
daily tidbit of quail on toast and
nary a buckshot to grit our teeth
on or to remove under the cover
of our napkin.

POPULAR DRY GOODS COMPANY S. J. STRIEGLER Manager

NOT OUR FAULT.

The editor of The Brady Standard tries to get us in trouble by declaring how sweet and pretty the Brady girls are, hoping that we will take issue with him and thereby earn the scorn of the lovely ladies. The fact is that every girl there is as pretty and gentle and perfect as the heroines in our best novels, and if they were not kindly disposed a bunch of them might mob Harry for presuming to sing their praises, yet electing to live alone on limburger cheese, ragout and blood sausage, instead of marrying one of their number and giving her a chance to feed him something civil.—Claude Callan's Cracks at the Crowd.

Since moving to the city Claude has become a perfect, polished gentleman as the foregoing literary gem will testify, and his testimony as to the perfect and flawless qualities of the Brady girls shows that his ideal of beautiful woman is a Brady girl. As for our electing to live

alone, we can only say that we have voted "agin" the proposition at each and every election, but the suffragette vote was too strong and overwhelming for us. Hence we are now and forever opposed to woman suffrage upon any question affecting man's life, freedom and the pursuit of happiness.

THANK YOU.

Brady needs a town clock.—Brady Standard.

When we saw Brady last she was traveling too fast to get her time from a slow-going town clock. What you need, no doubt, is an air ship.—Del Rio Herald.

As we bow our head to our toes in grateful acknowledgment of this deserved but unexpected tribute to the best and bulliest burg in Texas, our assurance of the need of a town clock wavers. The editor of the Del Rio Herald is an excellent judge of Mexican warfare and good towns. In his efforts to be an innocent bystander in the former he moved away from

Brady, which is a true, living and lively example of the latter. But when he left Brady, the only timepiece here was a sundial. So in order to prove our advance with the progress of the age we must show some improvement over the old, even in method of telling the time o' day. Brady must have a town clock.

BANG UP AFFAIR.

After all, a lighted match is one of the best ways to find a gas leak, if that is all you want to know.—Four States Press.

It was a Brady man, we believe, who stuck a match in a keg to see if it contained powder and the whole business came near burning up before he could extinguish it.—Claude Callan's Cracks at the Crowd.

The Brady man was excusable. The keg had but recently arrived from Fort Worth, and the man was "Klean Keg Inspector." Brady being a dry town, it was quite natural that he should have found the keg as dry as a powder house.

Let's have more cement walks.

Let's abolish the unsightly, unsanitary and "backwoods" hitching place about the square and make it a beauty spot and a joy to behold.

Menard (we regret to say it) is an insignificant burg. Why, every time a bunch of Brownwood "drys" get over there, they very nearly wipe the place off the map.

Now that we can see the value and beauty of the new street lights, as well as the service to be derived from them, would it be out of order to kindly and in good spirit call the attention of the railroad officials to the fact that the present lighting of the union depot mars the beauty of the "prettiest depot on the road" to an extent that leaves chagrin instead of pride in the hearts of Brady citizens? The union depot is too beautiful and valuable piece of property to the railroads and the town alike to be thus defaced.

Card of Thanks.

To our friends and neighbors who were so kind to our dear wife and mother during her illness we want to take this method of expressing to you our heartfelt thanks. May the tender care and love you bestowed be returned to you and yours ten fold. May God bless each of you, and in time of care and trouble may you be sustained by His helping hand.

Yours sincerely,

WONDER WORDS.

Wonder, Ore., Sept. 25.
Dear Standard Readers:
I will take the time to write you another letter, for I assure you I also take pleasure in doing so.

If any of you want to know the particulars of any part of a subject upon which I have written if you will write to me personally I will take great pleasure in answering your questions individually, or in The Standard, whichever you may prefer.

Thank you, "Gladdie," for your compliment.

We have already had several light frosts, but dry weather up to the present time. You see this is one part of the world that the changes of the moon cut but little figure with the weather man so far as a change is concerned. In the summer, as a rule, it is very dry, no matter how many "wet moons" we may have, while in winter it is the reverse. It just keeps on raining, and pays no attention whatever to the "dry moons." This winter it will rain and snow both at the same time. It does so every winter here.

It is time now for us to register for the coming election in November. You see we have the Australian ballot system in Oregon. We also have woman suffrage here. I was surprised that the measure carried last election, as the suffragettes had tried to vote it in several years ago and it was defeated by a

large majority. They tried it again four years ago and it was voted down again by an overwhelming majority. But last election it carried against the wishes of the better class of women. I do not think the men did right in voting suffrage on the women against the wish of the majority of the women just because a few egotistical ones sought notoriety. Do you?

The leading and most prominent women of the higher class of society organized clubs of remonstrance, but to no avail. The first municipal elections of the state were patronized liberally by the women, owing doubtless to the novelty of the thing, and to woman's curiosity. But the first woman jury that was drawn six of the ladies could not be found, two were sick (?), three refused to serve, and one responded.

Purchase Tailoring Business.

Messrs. J. T. and Duke Mann have purchased the interest of R. E. Luhn in the tailoring business of R. E. Luhn & Co., taking the business over Tuesday. The business will be continued at the same stand under the firm name of Mann Bros., and A. W. Tipton has been placed in charge and will conduct the business.

Mr. Tipton is too well known and popular a business man to need introduction to the citizens of Brady, and it is merely necessary to state that there can be no doubt of his promise to make things hum in the tailoring business being fulfilled.

Mr. Luhn has accepted a position in the office of O. D. Mann & Sons as assistant book-keeper and will again greet both his friends and those of the firm at his old post of duty.

A Marvelous Escape.

"My little boy had a marvelous escape," writes F. F. Bastians of Prince Albert, Cape of Good Hope. "It occurred in the middle of the night. He got a very severe attack of croup. As luck would have it, I had a large bottle of Chamberlain's Cough Remedy in the house. After following the directions for an hour and twenty minutes he was through all danger." Sold by all dealers.—Advertisement.

Sheriff Wall yesterday arrested C. W. Alexander, wanted in Llano on a charge of jumping a board bill. A deputy sheriff of Llano came for the man yesterday, and took him back this morning.

P. C. Dutton left a dollar with us the other day, mostly because he wants to read Standard news another year.

Henry A. Johnston, a business man of L'Anse, Mich., writes: "For years Foley's Honey and Tar Compound for coughs and colds has been our family medicine. We give it to our children, who like it on account of its pleasant taste. It is a safe cure for coughs and colds." It contains no opiates. Jones Drug Co.

Henry Johanson was in Brady yesterday and reported that while he had lost about six bales as a result of the recent heavy rains, his cotton was filling out and making wonderfully, and that he expects to gather a number of bales yet.

Place your order for winter coal now with Macy & Co. Just phone 295.

Mr. and Mrs. Claud Wood are the proud parents of a fine 10-pound girl who came to bless their home Tuesday morning.

Mrs. C. R. Alexander tells us to send The Standard to her address, and such advice as this is always pleasing to us.

PERSONAL & LOCAL

Will Callan passed through here Wednesday enroute from Menard to Fort Worth, and carrying with him a square meal for Claude Callan—a luxury the latter has not enjoyed since becoming one of the notables.

G. W. Keen is here from Rockdale greeting his many friends. G. W. announces that he and his family will soon move back to the bully west and that he expects to raise his triplets as dyed-in-the-wool, proud-of-the-fact McCulloch citizens.

W. O. McCully was here yesterday from San Saba enroute was accompanied from here by to the fair at Brownwood. He his nephews, Jack and Frank Roddie, who will enjoy the fair sights while the guests of their grandfather, W. F. McCully.

R. Millerkin of Bakersfield, Calif., who has been in McCulloch county the past several weeks visiting his sisters, Mrs. J. S. Abernathy of East Sweden and Mrs. J. N. Baxter of Rochelle, expects to return to his home Sunday night.

Messrs. Joe Flack, L. D. Kuykendall and Geo. C. Breazeoles came over from Llano in a car Wednesday, the trip requiring twelve hours as a result of heavy roads. The party was stuck in a mud hole for five hours before they were able to extricate themselves.

J. L. Ogle made us happy by coming up all the way from Voca just to give us a nice U. S. dollar. He reports a heavy rain down his way again Tuesday night, and says the rain was reported heavier farther south. The rains have done considerable damage to feed that was exposed, as well as to cotton, and many farmers did not have their corn gathered.

Ben Hartley, traveling representative of the Southwestern Paper Co. of Dallas, and prominent member of the Order of Good Fellows, hiatused with us Wednesday, and spent a number of hours very pleasantly engaged in renewing old acquaintance with work in the form of "typesetting". For the valuable service rendered us, we are giving him this complimentary notice.

R. K. Hallum came over from Brownwood Tuesday to assist in invoicing his jewelry business here. Mr. Hallum has been getting along splendidly the past week or so as a result of taking the "rest" cure and careful dieting, and his many friends will be glad to know that he is gaining strength and hopes to be fully restored to health within a few weeks. Mr. Hallum returned to Brownwood Wednesday night, where he is under treatment by specialists.

Descending upon us unawares, and bringing in their midst Elmer Mitchell of Fort Worth, Messrs. C. E. Wynne, O. B. Preston and W. C. Preston spent Wednesday visiting the business men and citizens of Bully Brady. Mr. Mitchell is the new division freight agent of the Frisco, having formerly been city passenger agent at Fort Worth, and while this was his first visit to Brady he established himself in the good graces of our citizens with ease and dispatch. Mr. Wynne is division freight agent of the Frisco and a replica of the "fat railroad man" who was induced by Claude Callan to pilot Claude about the brewery in Fort Worth. Messrs. Preston and Preston are facsimiles (nearly) of one another, the main distinction being that O. B. is division freight agent of the T. & B. V., while W. C. is general freight and passenger agent of our own Frisco.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year. Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

Miss Tauch's Exhibit.

Mrs. J. H. White held open house Tuesday afternoon from 2:00 till 5:00 in honor of Miss Waldine Tauch, and quite a number availed themselves of the opportunity to inspect the work of this talented young artist. Miss Tauch's exhibit proved of great interest, her drawings being wonderfully well executed, while the modeling showed the various steps taken by the beginner, starting with the nose, advancing to the mouth, ears and eyes, and continuing step by step until such difficult pieces of work as models of "Mother Grundy," "The Flying Mercury," "Death Mask of Julius Caesar," and other reproductions of the works of famous sculptors were accomplished.

Miss Tauch talked entertainingly of her work during the two years and a half she was the pupil of the famous sculptor, Copini, in San Antonio, and her discourse upon the various models and drawings proved of absorbing interest. She expects to organize a class in drawing and modeling at once, and in order to make the venture a success, hopes to secure at least fifteen pupils for the beginning. In order to give those who were unable to attend Tuesday an opportunity of seeing and learning more of the work of this talented young lady, Mrs. White has kindly offered to permit the exhibit remain until next Tuesday, and those interested in the work are cordially invited to call.

The afternoon with Mrs. White was made all the more delightful by a number of piano selections by Mesdames Paul Willoughby and J. S. Anderson and Misses Fannie Jones and Louise Hardison. Refreshments of coffee and sandwiches were served.

PROPOSE CITY PARK.

City Council Endorses Move for Establishment.

At the meeting of the city council last Tuesday night the securing of a park for Brady was taken up for discussion and the proposition evoked considerable interest and approval among the members. Mayor F. M. Richards has offered to head the list with \$300, and it is thought that the amount required for the purchase and preliminary improvements of a suitable place could easily be raised by popular subscription. While no action was taken upon the matter by the council, the plan will be taken up again at some future meeting, and in the meantime a canvass among the citizens of Brady will be made to determine how interested the public is in the question.

The following financial reports were read and approved: City Marshal J. M. Anderson—General fund, \$48.50 (occupation taxes \$32.50; fines, \$16.00); City Treasurer S. M. Richardson—General fund, overdraft, \$447.89; street fund, overdraft, \$371.79; bond fund, \$6,203.61; officers fund, \$301.29; waterworks sinking fund, \$3,357.59; waterworks bond fund, \$51.40.

ORGANIZE ASSOCIATION

TRADES DAY ASSOCIATION TO BE FORMED.

Plan to Raise \$1000 to \$2000 for Pens and Improvements. An Assured Success.

The success of the last Trades Day in Brady, and the apparent need of better and permanent organization to handle the day's features properly, has led to the proposed organization of an association with this purpose in view. Those interested in the move will meet at the Commercial club rooms next Monday night at 7:30 o'clock, at which time the organization will adopt a constitution and by-laws and begin arrangements for the next Trades Day. The task of writing the constitution and by-laws has been placed in the able hands of Judge Joe Adkins and same will be submitted on Monday night for the approval of those interested.

It is proposed to raise \$1000, or, if necessary, \$2000 for the purpose of building pens and making other improvements necessary for the successful handling of stock at the auction sale. Twelve directors will be elected at the meeting and entire charge of the day and occasion will be placed in their hands. Among those interested in the proposed organization and who will possibly be included among the directors of the association are the following representative citizens and business men: W. F. Dutton, C. W. L. Schaege, Howard Broad, H. P. Roddie, J. E. White, W. D. Crothers, Joe A. Adkins, J. H. Hill, D. F. Savage, E. E. Polk, Duke Mann, D. R. Hardison, Lewis Brook, J. F. Montgomery.

The foregoing gentlemen are all greatly interested in the success of the trades day feature, and in fact a number of them were active in making the arrangements for and contributing to the success of the last trades day. Their greatest regret is that more buyers were not at hand, but this fact is not due to the fault of the managers of the sales day feature. As a matter of fact two of the best buyers were here intending to remain for the day, but left Saturday night under the impression that the continued rains would make a postponement of the day inevitable. Other buyers who promised to be here failed to come for the same reason. With the sales end in charge of a permanent organization these disappointments will be avoided, and full assurance may be given that buyers galore will be in attendance upon our next Trades and Sale Day.

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear or impaired hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. The cases out of ten are caused by catarrh, which is a standing but an inflamed condition of the mucous lining.

We will give One Hundred Dollars for the case of Deafness induced by Catarrh that cannot be cured by Hall's Catarrh Cure. Write for circular.

New Globes Arrive.

The city's new street light globes arrived the first of the week and have been placed. The result is a decided improvement in the lighting of the streets, and all who have observed the new lights express themselves as highly gratified with the excellent service obtained.

The new globes are about four times the size of the ordinary Mazda globes, and have 250 candle power. The reflection from the lights placed at each of the corners of the square now serves to fully illuminate the blocks from one end to the other, and gives Brady that long-sought improvement—well lighted streets.

**GLAUDE CALLAN'S COLUMN
"CRACKS AT THE CROWD"**

Always look on the bright side of everything. Even if you are blessed with twins, you can rejoice that the stork quit at that.

A Chicago man, trying to locate a lost nephew, describes him as being a republican. If he is a republican, of course he's lost.

The St. Louis Republic has an editorial on "The Poor Man's Money." As a companion piece it should publish an article on "The Bald Man's Hair."

The Four States Press says it will soon be time to begin advising people to do their Christmas shopping early. It is time wasted. Men do very little shopping, and the women always shop early—and late.

The fire loss in the United States is only \$2.55 per capita, but that doesn't help the fellow who loses his home. The rate of hangings is very low, but still a man will be dissatisfied if it happens to fall his lot to be hung.

An Alabama editor has no pants. This is a sad case. There are some garments that a man can go without and still hold his head unbowed, but when he must move among his fellows without his pants, dignity comes down from her throne.

Joe Taylor of the Dallas News says that if the ladies adopt the diaphanous gowns the men will have to wear blinders. We just have 30 cents left and are ready to invest it at six to one that Deacon Taylor would manage to get a diaphanous blinder.

The Rosenberg News-Herald says: "Money never did any permanent good in the world." Money is so universally despised that it ought to be easy to borrow a bit of it occasionally without going through the formality of getting some able-bodied taxpayer to sign your note.

The McKinney Courier-Gazette advises us that it's about time to be baking fruit cakes for Christmas. In this connection we volunteer the information that a fruit cake will be 90 per cent better if the brandy and rum are poured on by the husband. The wife should get everything ready and then leave the room while he does the work.

The Brownwood Bulletin says the stove season is here and before putting them up to see that your flues are clean. Not only should a man be sure that his flues are clean before the stove is put up, so as to save his house from burning, but he should give something to charity to offset what he said while putting up the stove, to save himself from a conflagration.

Private Mike Harris, who works at the Waco Morning News office, except when he occasionally takes a few weeks off to get married, has pulverized our war record by reducing our title from colonel to corporal. The loss of full, rich and merited honors is bad enough, but with the winter season and a circus at hand, the loss of the colonel's salary is a calamity that none but a man reared on the tented field can bear. Envy is one of the greatest curses of civilization, and the world is full of people who are jealous of us patient and perfect men who have achieved material and glorious success. If Mike were a miserable old bachelor, his envy would not be surprising, but he is a new fledged married man—still waving his handkerchief toward home for ten blocks, and sometimes in his office, wondering if Joshua has not again given stop orders to the slow-moving sun.

**AND NOW
THE LADIES**

Last week we called attention to many good things "for men only." In this issue we wish to call attention to the many home articles carried by "The Big Store" that the ladies will be especially interested in.

**Have "Hubby" Call

and inspect these articles of special merit, such as Seally Mattresses, Darling Ranges, Wilson Heaters, Furniture, etc., and last but not least a tool chest for the boy with which to keep him busy the long winter evenings.

More Heat at Less Cost **Perfect Control Over Fire**

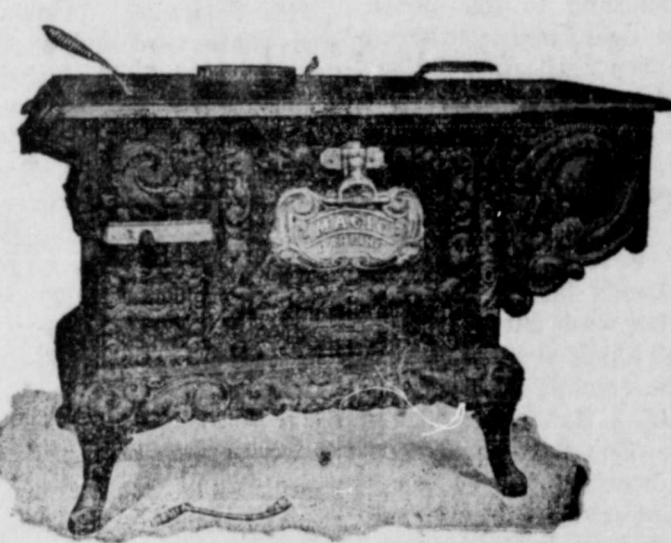

The fumes which ordinarily arise from the fuel and pass unburned up the chimney in other heaters are all consumed in the

WILSON HEATER

on account of the celebrated Hot Blast Down-Draft. With a given amount of soft coal the Wilson will produce about twice the heat of any other heater.

The dampers are so constructed on the Wilson that you have perfect control over the fire which can be regulated to throw out an enormous amount of heat in a short time, or the fire can be held at a moderate heat or by closing the dampers it can be held at a faint glow for a great length of time. If you have a Wilson your rooms may be always kept at a healthful, even temperature.

O. B. Colquitt, governor of Texas, has issued a proclamation designating November 5th and 6th as road working days on the public highways of our state. In compliance with the wishes of our local Commercial organization and many others of our state and the above by the governor, I urge all public spirited men of Brady to accept those days as free work days for the improvement of our public roads and that we go and assist in whatever way we can in the improvement of all roads leading into our city.

BIL. Mrs. Jones Dead.

The death of Mrs. W. H. S. occurred at the family home on Blackburn street Tuesday, October 8th, at 1:20 a. m. Funeral services were conducted at the Brady cemetery by Elder L. D. Ferguson Wednesday afternoon.

Mrs. W. H. Jones, whose maiden name was Harriet Elizabeth Bigham, was born in Tennessee October 5, 1838. She was married to W. H. Jones Feb. 5, 1866. They moved from Hickman county, Tenn., to Texas in the fall of 1870, and for the past 28 years had made their home in McCulloch county, ten years of the time having been spent in Brady.

Mrs. Jones was baptized into the Church of Christ in 1860, and ever afterward had a strong faith in her Creator and Savior, and lived a true, practical Christian life, dying in the full assurance of eternal happiness. She had been ill for a number of years, and about twenty days ago was taken to her bed, and during this period her life was despaired of time and again.

Mrs. Jones was the mother of nine children, six of whom are still living. They are: Mrs. J. R. Baze of Millersview, Mrs. G. W. Sheppard of Fort Worth, Miss Minnie Jones of Millersview, S. E. Jones of Lelia Lake, T. B. Jones of Millersview, R. C. Jones of Brady. Besides her children, she is survived by her husband and three sisters, Mrs. M. J. Moore of Brady, Mrs. A. J. Scott of Brownwood and Mrs. Melissie Work of Dixon, Tenn., and one brother, B. W. Bigham of Millersview.

All her children were present at the funeral except S. E. Jones of Lelia Lake, who attended her during the greater part of her illness, but who was unable to be present at the funeral. She was also attended during her illness by her brother and sisters of whom only Mrs. Work of Tenn. could not come. Her grandsons, Ernest Jones of Blanket and Lee Jones of Rochelle were here for the funeral.

The sympathy of the entire community goes out to the relatives in the loss of this good woman.

W. M. Ramsey came over from Gouldbusk, Coleman county, to trade on Brady trades day, and we traded him a perfectly good subscription to The Standard. Part of the consideration was that he should move back to McCulloch—that was the easiest part of the trade, at that. W. M. says he just can't stay away another year from the best McCulloch county in the United States.
