BUYS McCULLOCH FARM.

Frank Vester Buys 101 Acres From A. J. Kinney.

McCulloch county has acquired another citizen and land owner, Frank Vester having last week closed a deal for a 101-acre farm on the Waldrip road, purchasing the same from A. J. Kinney, R. D. Dyer, the hustling manager of the McCulloch County Real Estate Exchange made the deal. The farm is considered a splendid investment and purchase, comprising some of the best farming land in the county, and having good improvements in the way of house and outbuildings.

Mr. Vester is a new citizen of McCulloch, having come here about a month or two ago from Austin, with Paul R. Bayer, by whom he has been employed. He was not slow to see the great advantages of living and working in McCulloch, and accordingly was not long in deciding to get located here.

Phone 295 when you want to see the new line. Macy & Co.

H. B. Murphy Sells Place.

H. B. Murphy has sold his home place to C. P. Gray, the deal having been closed last week. The property comprises 320 acres about eight miles south of town in the Davis community, and the consideration was \$4500. The place is one of the best in the county, being well improved, and Mr. Murphy's many friends are surprised that he should agree to dispose of it, but are glad to know that he will remain in the Brady country another year, remaining on the same place.

Payments Are Slow.

There seems to be quite a dearth of interest upon the part of the citizens of the city and county with reference to qualifying themselves for the right of suffrage for the coming year—and this is election year, too.

In the city, with a voting strength of about 375, Collector J. M. Anderson reports that up to yesterday only 78 of the citizens had provided themselves with poll tax receipts, while in the Brady voting precinct Tax Collector S. H. Mayo has issued less than 200 receipts, with something like 750 voters.

Only thirteen days remain for the payment of poll taxes and all citizens are urged to attend to this matter in order that they may be allowed to express their choice in the elections to be held during the year.

J. W. McCracken DEAD.

Former Brady Citizen Dies in Sherman Yesterday.

L. H. Ragan this morning received a message from Sherman stating that J. W. McCracken died there yesterday afternoon at 4:00 o'clock, and will be buried today. The deceased was for many years a citizen of Brownwood, being employed at various times by the Santa Fe, the oil mill and the Wells Fargo Express company. From Brownwood he went to Brady, and from that place to Sherman. He was a member of the local camp W. O. W. at the time of his death.—Brownwood Bulletin.

Mr. McCracken and family lived in Brady for several years, he being superintendent of the compress at the time. About two years ago the family removed to Sherman. Their many Brady friends will sympathize in their loss.

Sticks Nail in Foot.

Si Proctor is suffering considerable pain and no little inconvenience this week as a result of stepping on a nail. Mr. Proctor was engaged in his work about the grocery department of Abney & Vincent and stepped upon a pile of paper in which a board with a small shingle nail lay concealed. The nail penetrated the shoe sole and to the bone of the foot, causing a very painful wound.

BANK ELECTIONS.

Local Institutions Name Officers and Directors.

The regular annual meetings of the city held Tuesday and elected their boards of directors for the coming year. The directors also named officers at meetings held on the same day. Practically no changes were made at either of the banks, with the exception of the promotion of L. P. Cooke to be an assistant cashier at the Brady National bank.

The following officers and directors were named:

Commercial National—G. R. White, president; Lewis Brook, vice president; W. D. Crothers, cashier; E. L. Ogden and S. S. Graham, assistant cashiers. Directors—G. R. White, W. F. Dutton, W. N. White, J. S. Wall, D. F. Savage, W. H. Gibbons, Lewis Brook, W. D. Crothers.

Brady National—F. M. Richards, president; F. W. Henderson and John P. Sheridan, vice presidents; J. F. Montgomery, cashier; Clarence Snider and L. P. Cooke, assistant cashiers. Directors—F. M. Richards, F. W. Henderson, John P. Sheridan, E. E. Willoughby, C. P. Gray, J. E. Bell, J. L. Vaughn, J. F. Montgomery, A. N. Bryson.

Remodeling Store.

Abney & Vincent are having the shelving and fixtures in their dry goods department remodeled and rearranged this week, preparatory to the opening of a millinery department the coming season. Mr. Vincent has frequently been urged by his friends and customers to add this department, and has at last consented, believing that it will prove a valuable feature to the store in connection with the lines already carried. The department will be in charge of a competent milliner, and no efforts will be spared to make it popular with the trade.

Died in Brownwood.

R. W. Lee of the Brady Compress Co. returned yesterday morning from Brownwood where he had been the past several days at the bedside of his father, J. F. Lee, who died Tuesday morning at 9:45 o'clock as a result of a nervous breakdown. Mr. Lee was 66 years of age, and had been a resident of Brownwood for the past fifteen years. He took an active part in all matters for the advancement of the best interests of the community and was classed as one of the city's best citizens.

Surviving Mr. Lee are his widow, Mrs. M. E. Lee, one daughter, Mrs. S. M. Robinett, and two sons—F. E. Lee of Brownwood, and R. W. Lee of this city.

AUDITING BOOKS.

A. B. Reagan Conducting Audit of Accounts of County.

The commissioners court this week engaged the services of A. B. Reagan of this city to make a complete audit of the accounts of several of the officers, and Mr. Reagan entered upon his new duties yesterday morning.

The work is being done on account of some errors in the apportionment of the county school funds, and will cover some three or four years. Mr. Reagan states that he cannot tell how long it will take him to complete the task as the work is very tedious, slow and intricate, but that the various accounts will be gone over thoroughly in an effort to properly apportion these funds to the different schools of the county.

WEEK ECHOES.

Texas, Jan. 14th. Editor Brady Standard. I have settled down in this part of the county. All got a late start on so much wet weather, but if this weather stays good, all will soon catch up.

I suppose there is more good heavy bacon put up in this part of the country this winter than there has been for some time, owing to the fact that there was a fine corn crop made and everyone made his hogs just as fat as he wanted to make them—and there have been many dandies, several having claimed to have had four and five hundred pounds.

One night last week Mr. I. W. Wershams residence with comparatively all of its contents was destroyed by fire. The origin of the fire is unknown. Mr. Wershams had just sold his place in this community and had moved farther up the creek near Fredonia.

Dennis Armor, a young man with lots of get up and get about him, has just bought the 80-acre farm of Mr. Bishop on the river, paying \$21.50 per acre. Mr. Bishop will soon leave for South Texas.

Mrs. Arledge, wife of F. M. Arledge, one of the early settlers of this part of the county, died a few days ago after an illness of long standing.

The people of the community have again organized a literary society. Our literary is made so lively every winter that it attracts a large crowd, and we are planning to make it more interesting and entertaining this winter than ever before.

Our school is large this winter, crowding two teachers to their utmost. There is an enrollment of about eighty pupils.

D. H. and W. W. Henderson went to Brady today to get their tax receipts, and to attend to other business.

With best wishes to all from
A CITIZEN.

MELVIN MIXUPS.

Melvin, Texas, Jan. 12th. Editor Brady Standard. Well, we have had a long clear spell, and I am afraid that cold spell I have been predicting is coming now.

Miss May Moore spent the week with her sister, Mrs. P. G. Hanes.

Mr. J. W. Morrow is still not improving much, we are sorry to report.

Dr. D. D. Smith is building a spanking new office on the east side, which adds much to the business appearance of the same.

Mr. Tom Jeans was stricken with appendicitis Friday night, and was taken to the hospital at Temple Saturday to be operated upon.

Mr. McBride, from Noyes ranch, was buried Saturday in the Melvin cemetery. He was eighty years old and died of pneumonia.

We will have services on next Sunday by Rev. H. P. Wilsford. Everybody come out and hear him.

Mrs. Annie Phillips was indisposed for a few days last week, but is all right at the present writing.

IN SUNSHINE.

Rochelle, Texas, Jan. 11th. Editor Brady Standard: Mr. C. J. Nelin and family have been on the sick list, but am glad to report them on the road to recovery.

"Catching cold and getting well. That's about all there seems to tell Of this life, it seems to me. All the way from A to Z. Someone asks you, 'How d'ye do?' And you've only got just two Answers, if the truth is told: 'Getting well,' or 'Catching cold.'"

When your throat is feeling sore And your head begins to roar, Then you know that if you wait Patiently, you'll feel first rate; And you know, when free from pain, You'll be catching cold again; That's about all there is to tell: 'Catching cold,' and 'Getting well.'"

Miss Agness Plahn of Richland, Miss Hilda Johnson, and Mrs. Olson of Williamson county are visiting in our community and we wish them a happy time while they are with us.

Mr. E. G. Nelin and his good wife royally entertained the young people with a party a short while ago honoring Miss Agness Plahn. Shortly after the arrival of the guests all kinds of amusements were enjoyed. At the proper hour refreshments of coffee and cake were served. After this Mr. J. S. Abernathy and Miss Plahn rendered some splendid music. The hour for departure came too soon.

On last Wednesday evening at 5:30 o'clock Mr. Oscar Johnson and Miss Ruby Hurd were united in the holy bonds of matrimony. The beautiful ceremony

took place in the First Presbyterian church of this place. The church was beautifully decorated in evergreen and white. Rev. Thos. P. Grant spoke the eloquent words which united the happy couple. Just as Mrs. W. F. Dutton began the "I do's" March," the bridal party made their way to the altar. First came Mr. Wm. Hurd and Miss Victoria Johnson, followed by Mr. Walter Hurd and Miss Sigred Johnson. Then came the bride and groom. After the ceremony the guests were invited to assemble at the home of the brides parents, Mr. and Mrs. D. A. Hurd, where the wedding supper was enjoyed. A three-course luncheon was served, and about one hundred and thirty guests were present. Many beautiful presents were received. The bride and bridesmaids wore charming gowns of shadow lace over white silk, while the groom and attendants wore the conventional black.

The bride is a charming young lady possessed of all the womanly qualifications that go to make one admirable, while the groom is well worthy of the jewel he has won. With all his gentlemanly traits he has won a host of friends who wish him and his bride all happiness possible.

Mr. and Mrs. Johnson will make their home in the Live Oak community.

Mrs. W. J. McCartney has been on the sick list, but is some better at this writing.

Mr. and Mrs. O. E. Engdahl entertained the young folks with a party last Friday night. Out-of-door games were begun at

once. Refreshments of sandwiches, cake and coffee were served. After much merriment the departing hour came. Each one reported a fine time, Mr. and Mrs. Engdahl having proved a charming host and hostess.

Mr. and Mrs. R. B. Spears visited home folks last Sunday.

Mr. and Mrs. C. O. Johnson, Jr., were callers at the J. E. Wilson home last Sunday.

I want to thank the correspondents who were so nice as to give me a few votes. I think I deserve a few votes if I write such letters as this one all the time. Don't you think so, Mr. Editor?

Are You One Of Those Who Habitually Catch C

Investigation Shows That Certain Occupations and Professions Are Constantly Prolific Causes For Frequent Colds. What Can Be Done About It?

We read a lot of medical literature that only entertains, but does not instruct. In this strenuous period, when life is put to such a severe strain, need light and facts how to prevent disease more than talk that entertains.

Do you know that the clerk and the shop girl, the merchant and the professional man, confined to sedentary work, are daily creating those conditions that conduce to colds?

Mental fatigue, worry, heavy strain, nervousness resulting from desk or store work are the easiest means for the development of colds. The average life of a clergyman is less than that of a farmer—cause, sedentary work.

Sedentary life, especially where it means the consumption of brain tissue, often leads to over-eating; there is no more common cause of colds than over-eating.

When the digestive organs are weighed down with an excess of food, the liver and kidneys and other important vital organs are overworked, vitality is lower and there is less resistance; slight exposure, which under ordinary conditions causes no harm, results in a bad cold.

To relieve a cold, a good expectorant or cough remedy such as PERUNA should be conveniently at hand to be taken at the very first attack of the cold. But what can be done to stop the frequency of colds to such people that are confined to sedentary work?

Start with a cold water towel bath, walk to your place of business, or devote an hour of each day to outdoor life, take a dose of PERUNA before each meal to tone up your system, eat moderately, retire early and sleep in a room full of fresh air.

Mr. L. A. Richardson, a substantial druggist from Marine, Illinois, commenting on the merits of proprietary medicines, writes as follows: "I have been engaged in the retail drug business here for the past forty years. During this time I have seen many patent medicines come into use, flourish for one or two years and then gradually disappear. There are very few of these remedies that possess enough real merit to insure them long life. Peruna has always been a good seller with us, with a marked increase from year to year. The change in the formula some years ago, by the addition of the slightly laxative properties, has made it a reliable remedy for constipation and for colds. I take pleasure in urging my brother druggists to recommend it for these two ailments."

Those who wish to begin the cold water towel bath should have a copy of the Ills of Life. Sent free by the Peruna Co., Columbus, Ohio.

Miss Nola Tindle of this place joined a crowd Friday night and they all went to East Sweden to a party. They report a jolly good time.

Many thanks to "Blue Bell" of Melvin for your compliments but I was satisfied to get second prize, but glad to know some one thinks I deserve first prize, although "E. Z." was a prompt writer. I certainly missed his letter last week—the first time they have missed this year. I

am like "Blue Bell," I have promised myself I will be more prompt this year than last. I hope all the old correspondents will continue to write and we will have more new ones to welcome to our page. They certainly will be welcomed by me. The kind editor asks us to help him give the rules. I think the same rules we had this last year are as good as could be, for they will be more prompt at writing.

I will ring off and give space for a better writer.

Do you have backache?
Are you tired and worn out?

Read the Brownwood testimonial.
Mrs. Molly Pierce, Brady Ave.,
Brownwood, Texas, says: "For nearly
a year I endured torture. The phys-
icians didn't know what ailed me
and said that I would have to have
an operation. I came to Brownwood
for that purpose, but the change made
me feel better and I put off the oper-
ation. Finally I got to feeling bad
again and suffered from intense
pains across my back. I saw Doan's
Kidney Pills advertised and sent for
a box. The third day after I began
using them, I passed three gravel

been feeling good ever since. I will-

"A Trip to the Garden of Allah" To Be Presented Tonight.

For tonight the Gem will pre-
sent a splendid feature picture
in the "A Trip to the Garden of
Allah"—a picture that has en-
joyed great runs in Dallas and
all the larger cities, and is con-
sidered one of the best features
on the circuit. In writing of
the picture, the author gives the
following interesting descrip-
tion:

"The last reel shows my ar-
rival at the "Garden of Allah"
itself, a veritable garden of
Eden, situated amongst the sand
dunes in the blazing desert of
Sahara. I secured over 500 feet
of wonderful photography, tak-
en by one of the best operators
to be found in Paris. In order
to secure the operator I had to
postpone the start of my trip
for over two weeks, but my
judgment was well repaid, as
the photography is truly phe-
nomenal. I covered over 2000
miles in my auto, and spared no
expense or time to secure the
most vital and interesting scenes
of the many hundreds I had to
choose from. An audience in
one hour's time can see what
would have taken them over two
months, and several thousand
dollars in expense to witness."

GIRLS! GIRLS! TRY IT BEAUTIFY YOUR HAIR

Make it Thick, Glossy, Wavy Luxuriant and Remove all Dandruff

Your hair becomes light, wavy fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few week's use when you will actually see new hair—fine and downy at first—yes—but really new hair grow all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

Good to Look At.

Having in mind that the "best way to reach a man's heart is through his stomach," is undoubtedly the reason why Wm. Graham has used special endeavors to arrange such an attractive show window at his cafe. The enticing array of good things to eat appeals to everyone who passes that way, and more than one citizen of McCulloch has been caused to stop in by reason of the enticing exhibit.

The showing includes the most appetizing and tenderest of steaks, chops, dressed chicken, as well as cakes and pastries that are as delicious as their looks. Not to be overlooked is the "Graham Special" bread, made to Mr. Graham's own order, and the array of canned peas, corn and like products denote the quality that prevails throughout the service given the customers of this cafe.

An unusual feature will be seen tonight and all day tomorrow among the exhibits, being a pig frozen in ice. Probably so unique a specimen has never before been seen by the citizens of McCulloch county, and will therefore be of special interest to all. Don't fail to see the pig, and take note of the other good things at the same time.

We can clean and reblock that hat and make it look like new. Branscum & Williams.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering, from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my household work."

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

VANITIES BROUGHT TO LIGHT

Prof. Petrie, Among Other Antiquities, Has Found Long-Hidden Secrets of the Toilet.

What is believed to be the oldest ass in the world has recently been found among a great many valuable Egyptian antiquities which have recently been dug up by Prof. Flinders Petrie. The ass must be at least 7,400 years old, according to the antiquarians who date the time in which the ruins of the beast were found at 5500 B. C. Only the head of the beast was found, but that was in an excellent state of preservation. It was discovered in the courtyard of a family burial place which had evidently belonged to an Egyptian of consequence. Not far from the ass' head the skeleton of a duck was found. The excavations were made on the sites of Memphis and Tarkhan.

Many implements used in making the toilet were found, among them the palettes which were used when the eyes were painted. These palettes were of slate and shaped like birds or animals. There are many beautiful small pots, such as are used to this day for holding ointments, creams, etc., and today, as in the time of the Pharaohs, these pots are often made of alabaster. A trace of the antimony used by the Egyptians for eye paint is still to be found in some of these pots.

TEA OUTDOORS IN ENGLAND

Idea of Spreading Tables in the Open Grows—Common in Other European Countries.

Tea in the open air is not a usual London spectacle, but recently, according to the Bystander, there has been an essay in this direction in Hyde Park. The picturesqueness of the practice is everywhere admitted and its superiority over tea indoors in the pleasant weather. The tea table under the trees and doubly protected from the sun by a vividly striped lawn umbrella almost as large as a small pavilion, is a most inviting feature of the landscape. Comfortable wicker chairs complete the necessary equipment, and the actors in this pleasant function include girls and women in charming summer frocks and flower garlanded picture hats, and devoted swains of all ages. In London and New York everyone is always asking why not more provision for luncheon, dinner and tea out of doors, but the seasons roll by without very much being accomplished in this direction. Meanwhile in all Continental countries summer would not be considered summer unless there were limitless arrangements for taking one's meals in attractive surroundings out of doors.

What Did She Expect?

"Did you send for me?" demanded the beautiful and haughty stenographer.

"Yes," replied the boss. "My wife left for Europe yesterday."

"Oh, I'm so surprised. I didn't know it was to be so soon."

"She made up her mind suddenly. Her health is bad and the doctor thought a trip might help her."

There was a pause while the boss looked over some papers. The beauty sat impatiently tapping her pencil. Then he went on.

"I hardly think she will gain much, however. I think she put it off too long. If she never comes back I want you—"

The telephone rang and he went to the wire. When he was through he seemed as if he had forgotten what he was saying. The stenographer prompted him.

"You said if she never came back you wanted me."

"Oh, yes. If she never comes back I want you to remind me to send her mother a check every three months. I am forgetful about such things."

And he never noticed the disappointment that settled on the beautiful face, but coldly continued dictating his letters.

Beginnings of Blackpool.

Blackpool, on the king's visiting list today, has been called "the Brighton of the north," and for rapidity of growth it compares well with its southern rival. "Here, in 1750," Colonel Fishwick tells us in his "History of Lancashire," "were a few scattered clay-built cottages with thatched roofs, which could by no effort of imagination be called a village." And still, forty years later, about sixty houses were scattered over a mile of seashore; but Blackpool had then 400 visitors, scanty forerunners of the hordes that nowadays render its promenades almost impassable. Curious bathing costumes there were. "Of bathing machines there were but few; a bell was rung when ladies went to bath; and if, during the time set apart for them, a gentleman was seen on the beach, he was fined a bottle of wine."—London Chronicle.

Funeral Omnibuses.

The high cost of dying is to be lowered in Chicago with the advent of motor "buses, each large enough to contain the coffin and a funeral party of ordinary size. The funeral bus will have a compartment to the right of the chauffeur's seat for the coffin, and above it a place for flowers. Near the driver will sit the minister and the undertaker, and there will be accommodations for 27 mourners. One of the principal items in the cost of funerals is transportation. The funeral bus, it is said, will reduce the cost by \$20. Ten of the buses are to be in operation soon.—The Argonaut.

With The Candidates

Public Weigher.

The attention of the voters is called to the announcement of Bob Sparks as a candidate for the office of Public Weigher of Precinct No. 1. Mr. Sparks has been a resident of Brady all his life, having been born and reared in this city, and has proven himself valuable to the community as a first-class citizen.

He made the race for the office two years ago and was defeated by only a small margin, and feels that the support he received in the former campaign and the encouragement he is receiving at this time that he will be successful in the coming campaign. He promises the voters, if elected, that he will give all the attention to the duties of the office necessary to the proper conduct of same, with polite and courteous attention and honest weights to all. His announcement is made subject to the Democratic Primary, July 25.

J. L. Smith.

J. L. Smith of Lohn makes his announcement this week as a candidate for Tax Assessor of McCulloch county, his announcement being subject to the action of the Democratic primary. Mr. Smith scarcely needs introduction to the voters of this county as he has lived in this section of the state for the past 22 years, which practically entitles him to be known as an old-timer. Since 1906 he has lived in the Lohn community, where he has won the confidence and esteem of his neighbors and all who know him, by his sterling traits of character and his straight-forward, sincere manner. Mr. Smith has served as County Commissioner for the past two terms, filling the place with credit to himself and to his constituency as well. His faithful endeavors to serve the people of his community, and the citizenship of McCulloch county as well, to the best interest has served to increase his popularity, and gives him a strong recommendation for like good service to the people should he be elected to the office to which he aspires.

Mr. Smith requests careful consideration of his claims, and the voters will make no mistake should their decision rest in his favor.

J. W. Attaway.

In this issue appears the announcement of J. W. Attaway as a candidate for County Treasurer, subject to the action of the Democratic primary. Mr. Attaway is one of the old and most highly respected citizens in the county, having made his home in the country between Nine and Tucker for the past twelve years. During his long residence in the county he has gained the acquaintance and friendship of practically all the older settlers, and is well known in every section of the county to all but the citizens who have come to McCulloch in the last few years. As Mr. Attaway puts it, he has been here so long that he feels like he "helped haul the dirt to make Brady." So far as the newcomers in the county are concerned, Mr. Attaway states that he does not long expect to remain unknown to them, but will push his candidacy for all that it is worth. Mr. Attaway has never before run for office, nor asked favors at the hands of the voters, and feels that the citizens should give him due consideration from this fact. That Mr. Attaway would make a conscientious and capable officer there can be no doubt, and his candidacy should receive the careful consideration of the voters.

J. M. Anderson.

The many friends of J. M. Anderson will be pleased to learn that he is again a candidate for City Marshal, an office which he has filled in a most capable and creditable manner for the past two years. In seeking re-election Mr. Anderson can well point with pride to his record. Ever watchful and mindful of the best interests of the city and the citizens, he has never faltered in the faithful and punctual performance of his duties, and his genial disposition have made him at once respected and admired by all. Possibly at no time have the records shown a more orderly citizenship than during the past two years, and the good behavior and general peace and prosperity of the city has brought forth numerous and favorable comments from visitors here. Bearing in mind that an officer's duty is not only to protect, but to advance the interests of the citizens, it must be readily admitted that Mr. Anderson's claims to the office are strong ones, and are deserving of the careful consideration of the voters of Brady.

WILL BE OF BENEFIT TO TEXAS STOCKMEN

Says J. Boog-Scott, Who Was Organizer Of

FIRST BABY BEEF CLUBS.

Later Says the National Corn Exposition, to Be Held at Dallas Feb. 10-24, Will Be of Great Value to Livestock Farmers.

J. B. Scott, who organized first Baby Beef club, Coleman, Tex., says National Corn Exposition, Dallas, Tex., Feb. 10-24, will benefit stockmen of the state.

Mr. J. Boog-Scott, well known breeder of fine stock, who organized the first Baby Beef club in Texas, and later raised the money among the cattle raisers to send some of the Baby Beef club boys to Washington, D. C., on a sight-seeing tour, maintains that a one-crop country with only its own little ideas will never become great. "Farmers and stockmen," he urges, "should get together as a great educational institution, like the sixth National Corn Exposition, coming to Dallas in February, 1914, and learn more about diversified farming and better stock breeding as practiced in other states which will bring their best exhibits to this gathering. The grand round-up is going to be worth our close attention and study."

"On account of the shortage of beef," he advises, "the farmer should get interested in stock raising and the stock raiser who feeds must be interested in the cheapest way of producing the best feed."

Mr. Scott quotes Prof. Boreford, beef specialist of Iowa, who has made a study of beef on the farm:

"Twenty-four farms where baby beef was being grown, showed an average profit of \$7 per head for beef and the keep of the cow and calf was charged at regular market prices. The average profit in 1913 was \$16.10 per head. The average beef farmer showed an increase of 22 per cent crop gain per acre over the best exclusively grain farmers in the same neighborhood. They not only made more money on the cattle, but grew bigger and better crops from the fertilization of the land with the manure furnished by the stock."

As the average cotton farmer knows all too little about the raising of livestock, its value to his farm, so too many of the old stockmen do not yet realize their relation to, and dependence on, agriculture and the agriculturist. Conditions are changing so that our coming men will have to be farmers as well as stockmen, and so should be educated in farming as well as stock raising.

"All school teachers," thinks Mr. Scott, "who are to instruct children of farmers should attend this National Institute of Farming, to be held at the Fair grounds in Dallas. They should learn all the newest facts in scientific farming and how to present them in an attractive and interesting way to their pupils, as agriculture is now being taught in the best of our country schools."

"We don't need Latin and French in the schools of Texas half as much as we need to have the children trained to be intelligent, independent, contented producers, tillers of the soil from which all our wealth must come. We need in this country more trained farmers and fewer doctors and lawyers. The more the farmers we have the fewer doctors and lawyers we will need."

"Our boys are ready for the right kind of teaching to make them more efficient. Last year, when our Baby Beef club was organized it was a dry year, and we had only eleven head of baby beef exhibited from the whole state. This year, of the thirty entries for prizes, twenty came from Coleman and they sold on an average of 35 cents a pound, which shows the increased interest of the boys in raising baby beef."

"To have the very best products of the land from the United States brought to Texas as in this Corn Exposition gives an opportunity for learning which no stockman or farmer or his boy should miss."

EXPOSITION IN FEBRUARY.

Sixth National Corn Exposition Opens in Dallas February 10th—Two Weeks of Instruction and Entertainment.

Texas, next February, will be the host to the Sixth National Corn Exposition. This Exposition is not a mere display of large or small, good or poor or freakish ears of corn; it is merely an assemblage of samples of grains, forage and other crops, nor is it a land-show exploitation of any particular section or sections of country. An exposition not in name only but also in scope, magnitude, its purpose and its lasting effects. Dallas is extremely fortunate in securing the co-operation of the National Corn Association in promoting and conducting this national agricultural congress of educational exhibits and entertainment features.

Mr. T. E. Sturges, manager of the Third National Corn Exposition, held at Omaha in 1909, states that Omaha and the state of Nebraska received more developmental benefit from the holding of the second and third National Corn Expositions than from any other one undertaking. If it is no other good than that of showing the close dependence and inter-relationships between the city or town and the surrounding rural districts, it would have been worth the cost, but it did vastly more; it taught the city man agriculture, showed him the dignity and importance of the calling, and taught the farmer better methods by which he could improve his farm, his crops, his stock and his home.

Mr. Gonzales, editor of The State, Columbia, South Carolina, said: "That the Fifth National Corn Exposition was worth more than a million dollars to the state of South Carolina."

Thirty-seven states with educational exhibits and the mammoth exhibit of the U. S. Department of Agriculture will be worth the price of admission. Says the Texas Press, but those who have been with Expositions before know the visitors will be given more. Thousands of ears of corn, samples of wheat, oats, barley, flax, potatoes, hay and other forage will be brought from all parts of the United States and Canada; there will be dairy exhibits and a butte scoring contest, Canadian Grand Opera, bucking broncho contest, aviators, addresses, each afternoon, by men and women of national reputation, track meets, stock sales and many amusement features, to instruct and entertain the visitor.

Disappointment.

Some one remarked many years ago that "true love never runs smooth." There are those today who believe this is just as true as when the statement was first made and the realization of it was brought forcibly to the attention of two young lovers who appeared at the office of County Clerk Yantis Monday afternoon, and tremulously requested the issuance of the necessary document for the linking of their lives "until death do us part." Up to this point everything had gone smoothly enough for the lovers, but here they met with the disappointment that brought to their minds the old saying.

A short time previous to their arrival in Brady Mr. Yantis had received a long distance call from the father of the young lady, saying that she was enroute to Brady in company with two young men, one of whom she intended marrying, but he didn't know which one, and forbidding the issuing of the license Mr. Yantis being an obliging soul, and not wishing to disappoint the young people immediately found that he had urgent business with the county commissioners, who were in session on the second floor of the court house and left the unpleasant task to his deputy. When informed that the license could

not be issued the trio sorrowfully departed with a full realization that indeed "true love never runs smooth."

How to Overcome a Bad Constipation

There Is A Mild Laxative That Will Bring Safe and Pleasant Relief Over Night.

It is only natural that the simplest of ailments should be the most general, and so we have a constipation and indigestion, for they are closely allied. But common as constipation is many people do not seem to know they have it. They will complain of headache, drowsiness or biliousness, all unconscious of the cause of the trouble.

You should have a full and free movement at least once a day. If you pass a day you are constipated, and the result will be that you will catch a cold easily or have a more serious ailment. To cure the constipation and forestall still graver trouble take a dose of Dr. Caldwell's Syrup Pepsin at night before retiring and by morning relief will come, without disturbance from sleep or any inconvenience.

Legions of people use it regularly in such emergencies, some of them formerly chronic invalids who had suffered from constipation all their lives. Mrs. N. Frantz, 67 Eighth St. Salem, Ohio, took physics for years, and, worst of all, without much avail. Finally, she began to take Dr. Caldwell's Syrup Pepsin and today she is no longer troubled and eats what she likes. Many others will tell

MRS. N. FRANTZ.

you that they have tried most things recommended for this purpose but have found Syrup Pepsin the only one always reliable. A bottle can be obtained at any drug store for fifty cents or one dollar, the latter size being bought by families already familiar with its merits.

Syrup Pepsin is mild, pleasant-tasting and non-gripping. Mothers give it to tiny infants, and yet it is effective in grown-ups. It is for everyone who suffers from any form of stomach, liver or bowel trouble, constipation, dyspepsia, biliousness, etc. Its action will so delight you that you will forever avoid harsh cathartics, purgatives, pills and salts.

Families wishing to try a free sample bottle can obtain it post-paid by addressing Dr. W. B. Caldwell, 419 Washington St. Monticello, Ill. A postal card with your name and address on it will do.

AT THE OPERA HOUSE.

Feature Films Make Hit.—Stock Company Monday.

The feature films at the Opera House this week furnished by the Warner Feature Film Co., have met with the approval of all who have visited the show, and have proven fully up to expectations, being undoubtedly among the best ever shown in Brady. For tonight a special feature is presented, James J. Corbett, the world-famous athlete, in the only moving picture for which he has ever posed—"The Man From the Golden West." This will undoubtedly serve to attract a big attendance.

On Monday night of next week the Marie Williams Company will present "Roanoke." This is a beautiful story of the South, and one that will appeal to all. The company presented a very pleasing performance here upon their last visit, and gave general satisfaction. In changing their program from Wednesday

day to Monday, they will be enabled to give even better satisfaction, as the new arrangement will permit them to give the last performance on the circuit instead of first, as heretofore. Prices of admission to the show will be 25c, 35c and 50c.

The management also announces the appearance in the near future of "Satan's Isle," a play that has been enjoying a phenomenal success in all the larger cities. Also "The Traffic," the play about which all have heard and read so much, and which is sure to prove a great attraction.

DON'T LET CONSTIPTION RUIN YOUR HEALTH.

It Deadens The Brain and Weakens The Body. Nature Needs Real and Harmless Aid to Overcome It.

Nature does her best to fight constipation and its evil effects. She fights to the last atom of her strength, but usually she has to have assistance.

To avoid the sluggish brain and weakened body, the sick headache, coated tongue and biliousness, it is unwise to use unpleasant calomel, a medicine so strong that it leaves most people "all knocked out." Don't take chances with your health.

A great number of people have learned that Dodson's Liver Tone (50c.) makes one brighter, healthier and happier in a perfectly easy and natural way, with no pain nor gripe and no bad after effects.

Jones Drug Co., guarantees it without condition and will refund purchase price if you are not entirely satisfied. Dodson's Liver Tone is an absolutely safe, pleasant tasting vegetable liquid and a wonderful liver stimulant which takes the place of calomel, but be sure you get Dodson's

Compliments J. F. Quicksall.

The Cleburne Morning Review under date of January 8th, published the following comment complimentary to J. F. Quicksall, a citizen of Brady and at present farm demonstrator for Johnson county, and to his work there:

"J. F. Quicksall, the government demonstration agent for Johnson county, will have charge of this work for another year. This will be a matter of congratulation to those who fully appreciate the great importance of better agricultural methods. It takes some time to achieve results in this, as in most other constructive works, but Mr. Quicksall is enthusiastic in this work, understands his business, and is a hustler. He is an able, conscientious man in a responsible position, and the Review is very glad that he is to be at the head of this work in Johnson county for another year."

Will Remain in Brady.

Wilansky Bros. announce this week that they have decided to remain in Brady permanently. Shortly before the first of the year the firm announced that, owing to their inability to renew the lease on the building occupied by them, and not being able to secure other quarters, that they would close out their stock and seek a new location. A few days ago, however, they closed a deal with M. Simon for a lease of three years on the building, and their many friends will be pleased to learn of their decision to remain here.

VERY MUCH ALIVE.

Letter From Chas. Harcourt—A Lively Corpse.

Since the announcement of his death, and later the advice that he was still in the land of the living, the many friends of Chas. Harcourt are reviving pleasant memories of the days when he was numbered as one of the citizens of McCulloch county. Consequently the following letter written by Mr. Harcourt in person and addressed to his friend, C. J. Hallett, at Brighton, Colo., will prove of interest, all the more so since Mr. Harcourt is inclined to the opinion that the newspapers not only "greatly exaggerated" the report of his death, but decidedly overrated his record and achievements. The letter also indicates that Mr. Harcourt still maintains active interest in life, in spite of his advanced age, and has in contemplation the accomplishment of greater things than ever before.

The letter was furnished The Standard through courtesy of F. Haberer to whom it was forwarded by Mr. Hallett, his son-in-law.

Los Angeles, Calif. Jan. 4, 1914. Mr. C. J. Hallett, Brighton, Colorado.

Dear Friend Charley:—Your ever welcome letter came duly to hand. I was indeed glad to hear from you and that you were all well, as for myself I have been sick but at the present time in better health than I have been since I have been here. I was in the hospital for three weeks, suffering from congestion of the kidneys and lungs; of course I am still somewhat weak, but improving every day.

That was a great obituary they wrote up. I never knew that I was such a celebrated character. They gave me credit for things that I never heard of before, but it seems that a person has got to die or run for office in order to find who and what they are and have been. Another thing, I always supposed that a man had to be at his own funeral, but as they did not notify me of the time or place of course I was not present.

Well Charley, I see by the papers that you have had heavy snow storms in Colorado this winter. Julia writes me that there is four feet of snow on the level there now, with drifts in some places from 15 to 20 feet deep, and that the mines are closed down as they cannot get coal or gas or cars. Texas has also suffered severely from heavy rains. Altogether I think that 1913 has been a disastrous year all over the country. I was very glad to get Annie's letter and will write to her in a few days. The writing in her letter is so dim that owing to my eyes being weak, I have not yet been able to decipher it all. I presume the pencil she wrote it with was frozen or had been.

Charley this is a great country. I have been here since the 18th of March and we have not had a cold day since I have been here. I have found lots of old friends here from

Cripple Creek. I found some of my first wife's relatives here, an old lady I had not seen for four years. We have a Colorado Society with about 200 members. I am chairman of the Colorado delegation from Cripple Creek.

I may return to Colorado about May unless I go to Arizona with Jim O'Hare. He is here now and has just sold a mine for \$50,000. He has some other mines and wants me to go down there with him. I cannot go until some time in March but I have a good notion to go then. I know it is a fine mineral country and I might become a bloated bond holder yet before I die. I shall be glad to hear from you at all times, and will promptly respond. Trusting that you spent a merry Christmas, and wishing you all a happy and prosperous New Year and many of them, and with my kindest regards to all.

I remain fraternally thine,
Charlie Harcourt.

"CASCARETS" CLEANSE LIVER AND BOWELS

Feel Bully! No Headache, Sour Stomach, Bad Breath Constipation.

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermented food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.
