Suffers Bad Fall.

Mrs. H. P. Roddie went to Brownwood Friday night to attend the bedside of her mother, Mrs. W. F. McCulley, who was painfully injured by a fall at her home that morning. While engaged in her house work Mrs. McCulley's foot caught under the edge of the floor covering, throwing her violently to the floor, severely wrenching her back and ribs. A telephone message yesterday morning from Mrs. Roddie stated that her mother was doing nicely, and it is thought that she will have fully recovered in a few days.

Tom Ball will buy all the eggs you can haul.

Davis-Lyle.

At the home of the bride's parents, Mr. and Mrs. N. G. Lyle, in North Brady at 5:30 Sunday afternoon Rev. I. T. Morris, pastor of the Methodist church, spoke the beautiful service which united in marriage Mr. George H. Davis and Miss Julia Lyle.

The groom is a popular young man of this city, a son of W. F. Davis, and has made his home here for several years, where he has a large circle of friends and admirers. For the past several years he has held a responsible position in the tailoring department of Mann Bros., and is held in highest esteem by all who know him.

The bride is a daughter of Mr. and Mrs. N. G. Lyle, prominent residents of the city, and a young lady of many charms and accomplishments. She is a popular member of a number of social clubs, and has a host of admiring friends.

Mr. and Mrs. Davis will make their home in Brady, and are at home to their friends at the residence of W. F. Davis.

The Standard extends congratulations and best wishes to the happy young couple for a long and happy married life.

Suffers Painful Injury.

Mrs. H. C. Samuel has been confined to her room for the past several days as a result of stepping on a nail while about the barn at her home in South Brady last Wednesday. The nail penetrated the ball of the foot to the bone and produced a very painful wound. She is reported as doing nicely at present and it is thought she will have fully recovered in a few days.

STARKEY HOME BURNED.

J. R. Starkey Loses Home and Contents by Fire Friday.

Fire was discovered at 12:10 p. m. Friday which destroyed the home of John Starkey in the southern portion of the city, together with all contents. The fire is supposed to have originated from a flue in the kitchen, as, when discovered, that portion of the house was in a mass of flames. Mrs. Starkey had just finished preparing the noonday meal and had gone to the front of the house and was engaged in other work when she heard the roaring of the flames, and so rapidly did the fire spread that it was impossible to save any of the contents of the building.

Aside from the loss of the building and furnishings Mr. Starkey reports the loss of about \$400 in currency, the result of his savings of the past six or seven years, and is a blow that is hard to bear. He estimates his loss of the house and contents at \$800, with insurance amounting to \$500.

Mr. and Mrs. Ed S. Clark are the happy parents of a bouncing boy, the young man having put in his appearance Saturday night.

Mr. and Mrs. W. W. Lewis are entertaining two bright little girls at their home in the southern portion of the city since Sunday night.

Bitten by Rattlesnake.

William, the 5-year-old son of Mr. and Mrs. Amel Samuelson, living in the East Sweden community about three miles east of the city was bitten on the hand by a large rattlesnake Sunday afternoon, and it was only through the heroic efforts of physicians that the life of the little fellow was saved. The child was out playing some little distance from the house and poked his hand into a prairie dog hole in which the poisonous reptile lay. He returned to the house and reported that something had bitten him, and upon investigation Mr. Samuelson discovered the snake and immediately sent to the city for

medical aid.

Attending physicians reported this morning that the condition of the child was serious, the arm having swollen and burst open and little hopes are held out for his recovery. The snake was killed later and was a very large one, being about five feet in length and having six or eight rattles.

HOME BURNED.

Residence of J. A. Watkins Totally Destroyed Yesterday.

Fire at 2:15 o'clock yesterday afternoon totally destroyed the home of J. A. Watkins in North Brady, together with all contents.

Mrs. Watkins and children are visiting in Pear Valley and Mr. Watkins was at home alone, having been confined to his room all day by sickness. A short time before the fire was discovered he had gotten up and rolled a cigarette and laid down again on the bed while smoking and fell asleep. A few minutes later he was awakened by the flames which entirely enveloped the bed, and it is supposed that the bedding caught from the lighted cigarette.

The entire building was a mass of flames before the arrival of the fire department, and about all that could be done was to protect adjacent property which was in danger on account of the high wind.

Mr. Watkins places his loss at about \$1750, with insurance on the building and furniture amounting to \$1500, the only articles saved being a center table and a lamp. In addition to the loss of the house and its con-

tents, Mr. Watkins also suffered the loss of a trunk containing all his private papers, included among which was \$2500 in notes and other valuable papers.

Sustains Bad Burns.

While engaged in re-charging the tank of the chemical engine at the fire at the Starkey residence Friday Ben Moffatt, a member of the local fire department narrowly escaped serious injury when the acids being used exploded, throwing the burning fluid into his face and on his arms. Had he not intuitively closed his eyes he would doubtless have suffered the loss of his sight, and he is congratulating himself on his narrow escape. As it was his right arm is a mass of blisters and the upper portion of the face is also severely burned.

Bring your fresh eggs to me every day, I'll give all I can pay. Tom Ball, That's all.

"THE TRAFFIC."

Booked for Saturday Night at Lyric Opera House.

At the opera house last night Barnes and Barnes pleased a good-sized audience with their act of fire-eating, talking and character work. Mr. Barnes' exhibition of "hot meals at all hours" was especially worthy, and the entire act won repeated applause. In conjunction with the act, a splendid 3-reel feature entitled "The Heart of Kathleen" was shown. Barnes and Barnes will be here for tonight and tomorrow night with an entire change of program each night.

For Saturday night the management has booked the much-talked of white slave drama, "The Traffic." This play has received the highest endorsements from all classes wherever shown and is equally highly recommended by Brady citizens who have witnessed the play. It deals with the white slave and low wage problems, and teaches a wholesome lesson that should be witnessed by everyone.

The following are a few of the many endorsements given the play:

"If 'The Traffic' remained in Fort Worth playing every night for a week, there would be such a thinning out of a certain class

of the male population that some street corners would not be recognizable. A week of 'The Traffic' would do more to change conditions than a month of revivals or the most rigid attempt to put on the lid."—Fort Worth Star-Telegram.

"The Traffic" teaches many great lessons and teaches them more clearly and convincingly than books or sermons ever could. Nothing but good can come of such an artistic presentation of deplorable conditions, and deeper insight, wider understanding, greater sympathy and renewed energy must result in any community where it is shown." Signed by members of Mothers Club and prominent citizens of Dallas, Texas.

"I am convinced the play 'The Traffic' teaches a forceful moral lesson which it would be well for all young women to see and hear."—From editorial by Hugh N. Fitzgerald, Fort Worth Record, Nov. 30th.

MAKE LAND DEAL.

Messrs. Young Purchase D. C. Pence's 240-Acre Farm.

Messrs. August and Willie Young of Whiteland last week closed a deal for the 240-acre farm of D. C. Pence, located about 7-1-2 miles northwest of Brady. The place is well improved and is considered one of the best in that vicinity, and its close proximity to Brady makes it one of the most desirable pieces of property to be had.

The deal was made through the McCulloch County Real Estate Exchange, which accounts for the expansive smile nowadays of Dick Dyer, the live-wire manager of the firm. Dick says that he has just begun to strike his gait, and if the folks keep their eye on him they will see him "going some."

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Braitcher, of this place, "and was down in bed for three months."

"I cannot tell you how I suffered with my head, and with nervousness and womanly troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me."

"At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing."

"I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

"If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years."

NATIONAL CORN EXPOSITION.

Special Day for Women February 20th. Complete Exhibit of Woman's Welfare Work Arranged.

How many excellent Southern housekeepers could pick out the best loaf of bread from twelve loaves of fair appearance and tell why the one loaf was best?

They will have a chance to try on Woman's Day, February 20th, at the Sixth National Corn Exposition, Dallas, Texas, where Michigan will have on display a dozen loaves of bread made from different types of wheat. The demonstrator in charge will tell why we have bread flour, pastry flour, red dog, graham and a lot of other kinds of flour from the same samples of wheat.

Colonel Joe Allison will show the Southern Sunshine Cotton Seed Flour, from which the most delicious breads, pancakes, biscuits, cakes and puddings can be made.

Of special interest will be the state and government new methods and new food demonstrations of milk, maize and kaffir corn grain ground up to make nutritious breakfast foods, as well as fairly good bread.

Home canning to reduce the high cost of living will be demonstrated at the Domestic Science exhibits of the various colleges, along with other home economics and conveniences. Here the housewife can learn how to detect adulterated foods and whether the milk she buys for the family is handled in a cleanly or a filthy manner.

The women of the state who want to do individual or club work that counts for something, should attend the Exposition on Public Health Day, February 12th, and also Country Life and Rural Welfare Day, February 18th, when all problems that affect the country home and housewife will be discussed.

The opening day of the Exposition, February 10th, will be Children's Day, and there will be plenty of things on the grounds to interest and amuse the little folks.

Mrs. Edgar L. Flippen, Dallas, Texas, chairman of Committee on Woman's Welfare, has charge of the program for Woman's Day, February 20th. Dr. Anna Shaw, noted suffrage leader and lecturer of New York City; Mrs. Percy V. Pennybacker, of Austin, Texas, president of the National Federation of Women's Clubs; and Mrs. Julia C. Lathrop, head of the Children's Bureau at Washington, D. C., will speak on Woman's Day.

Silos to Be Demonstrated at Corn Exposition.

"When you say silo in Texas now, you do not have to stop and explain what it means," says Prof. J. L. Thomas, Dairy Division, U. S. Department of Agriculture, and Texas A. and M. College. Two or three years ago you had to explain what you were talking about.

The silo furnishes the best feed for the Southern dairymen, winter and summer. It is needed more in Texas in summer than in winter. ensilage (silage) is valuable for fattening cattle, but it is more especially necessary for the dairymen who want to make a profit off his milch cows. I think dairymen of Texas are beginning to realize this, as there were 2500 silos sold in Texas last year, these were scattered widely over the state. The demonstration of silos at the Sixth National Corn Exposition, Dallas, Tex., February 10-24, 1914, will enable farmers and dairymen to learn still more of their uses and value which will result in much good to the dairying interests of Texas."

MODEL DAIRY DISPLAY.

Demonstrations of Best Methods of Feeding and Milking Cows Will Be Given at Corn Exposition.

Mr. C. O. Moser, president Texas Dairymen's association, in charge of the dairy department of the sixth National Corn Exposition, Dallas, Tex., Feb. 10-24, 1914, states that dairymen will meet at the exposition on Feb. 11, which is also Silo Day, Beef Cattle and Livestock Day.

"The dairying department of the exposition," says Mr. Moser, "will conduct a school of dairying on the best methods of feeding dairy cows for profit, the most sanitary manner of handling milk, and the conduct of a butter contest with entries from ever state in the Union."

"Liberal prizes will be offered for five pounds of butter in one-pound prints."

"Texas exports of butter are less today than Texas imports, and special attention will be given to the making of good butter in the hope of stimulating this industry in Texas. Seventy-five per cent of the butter made is sold to the country merchant for 12 or 18 cents when it sold to the creamery, it would bring 25 or 30 cents."

"The average cow produces less than 100 pounds of butter a year at a cost of \$20 for keeper. A few cows have produced more than 500 pounds of butter per year at a cost of between \$60 and \$70."

Mr. Moser wants the farmers of Texas to come in to the exposition on Feb. 11 and learn how to make the milk cows on the farm bring in better results for the feed given them.

INTEREST OF WOMEN

Women's Welfare Department Will Make Splendid Exhibit at National Corn Exposition.

Mrs. J. Doug. Scott considers the question of helping the boy to become more efficient, one that vitally concerns the home, and should enlist the interest and help of the wives, mothers, as well as the teachers of the state.

"As individuals and through our club work, we can take active part in making this sixth National Corn Exposition of great value to the homes of the state and to our boys and girls," she says.

"First of all, we can help by talking over the exposition, and what it will do for the country through spreading higher ideals of simpler and happier ways of living. Then we can help the most by attending it. The Women's Welfare Work Department which will demonstrate, through educational college exhibits and domestic science exhibits, how to make farm life more attractive to women and children, place more conveniences in the home and lessen the rural housewife's work and reduce the cost of living and should enlist our sympathies and our best efforts."

"All women who want to see the human race advance to higher ideals as it must always through the mother and child, will certainly be interested in the better babies contest to be put on by the Mothers' Council of Dallas, and in the rural welfare and domestic science exhibits put on by the Texas University and the College of Industrial Arts."

"Social centers and co-operative work alone, all lines of endeavor will receive a large share of attention at the exposition and certainly deserves the attention of the thoughtful women of the Lone Star State who stand for progress in all lines."

The Model Dairy

I WISH to announce that I have purchased the interest of Mr. Joe Hill in the above dairy, and will hereafter have full charge of same individually. As in the past, I will make special efforts to serve the very best and purest milk and cream, and will take pride in demonstrating and showing you the high tests my products make. Above all, cleanliness is a feature, and when you buy from the Model Dairy you may be sure your milk and cream is pure and wholesome.

LOSES HOME BY FIRE.

Ranch Home of J. W. Littlefield Burned Sunday Night.

A fire which occurred between 12:00 and 1:00 o'clock Sunday night completely destroyed the home of J. W. Littlefield in the Salt Gap community just over the line in Concho county.

The family, with the exception of two sons, Dee, aged 21, and Colly, 19, were in Brownwood, where they were in attendance on district court.

The flames had entirely enveloped the building before the young men were awakened, and before they could make good their escape the younger of the boys was overcome by smoke. The elder boy re-entered the house and found his brother unconscious on the floor and with serious burns on the face and arms. In being forced to enter the burning house to rescue his brother he also received painful burns, the back of his hands and his face being blistered, but his injuries are not considered serious. Attending physicians stated that the case of the younger boy was likely to prove serious and it was feared that pneumonia would result from inhaling the smoke and flames before his rescue from the burning building.

The fire is thought to be of incendiary origin, and Sheriff Puett of Concho county, who

was in Brownwood, telephoned Sheriff Wall early Monday morning to go to the ranch and investigate the matter. Deputy John Martin was detailed on the case and in company with J. L. Vaughn of this city, who owns a ranch adjoining that of Mr. Littlefield, left about 5:00 o'clock for the scene. Up to a late hour last night they had not returned and the result of their investigations were unobtainable at the time of going to press.

The house and contents were a total loss, not a single article of furniture being saved, and the two young men did not even save their clothing. They walked three miles to their nearest neighbor in their night clothes and barefooted where medical aid was summoned. The loss is estimated at \$2000, with no insurance.

Four fires in less than three weeks. The Brady Land Co. writes fire insurance. You had better see them now.

DID CHILD WAKE UP CROSS OR FEVERISH?

Look, Mother!! If Tongue Is Coated Give "California Syrup of Figs."

Mother! Your child isn't naturally cross and peevish. See if the tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermented food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company." Counterfeits are being sold here. Don't be fooled.

LIVE LOCAL LINEUPS IN RUSTLING ROCHELLE

From the Record.

Miss Georgia Williamson, of Brady who is a guest of Miss Verna Lou Willis, visited the school last Thursday week.

Mrs. J. C. Evans left Saturday for Neches, Anderson county, in response to a phone message stating that her brother, J. B. Davis, was very low, arriving there only in time to see him breath his last. He had been in poor health for some time, suffering with an acute attack of indigestion. In returning to his home from Oklahoma where he had gone for the benefit of his health, Mr. Davis stopped over here last month for a few days' visit to Mr. and Mrs. Evans. He leaves a wife and three sons to mourn his departure. Mr. Davis was a prominent railroad man, as likewise are all his sons.

MASON MAVERICKS.

From the News.

Oscar Doell accompanied his father, R. C. Doell, on a trip to Brady this week.

Mr. H. P. Roddie of Brady, passed through Mason Wednesday in his car on his way to Llano.

Last Saturday night Pontotoc met Fredonia in a spelling match at Fredonia. The Pontotoc community proved to be better spellers in the contest.

Mrs. Garrett Baze and little son, Roy, left Monday for their home at Blanchard, Oklahoma, after a pleasant visit here of several weeks with friends and relatives.

Last week the smoke house of Mr. Chas. Grote was burned and he lost about 100 pounds of sausage. He saved his hams and bacon, but some of it was burned very much.

Last Thursday night the boys of Mason met and organized a brass band of twenty pieces, known as the Mason Silver Cornet Band. The following officers were elected: O. A. Hensch, president; Eli Jordan, vice president; A. L. Bierschwale, secretary and treasurer, and Geo. W. Moneyhon leader.

EDEN ECHOES

From Eden Echo:

W. O. Schultz of Millersview came over this week and removed several head of yearlings that he had been pasturing on the McCall ranch. There were probably 200 head.

Mr. Ramsey of Brady, and his few of house movers are moving L. T. Cave's store to the lot formerly occupied by the Devenport & Morrow blacksmith shop. They are experts at house moving and are getting along nicely.

Just as we close our forms the news comes of the death of Prof. I. C. Fortune, an aged citizen of Melvin. He died of dropsy and is to be buried at the Eden cemetery this (Thursday) evening. The Eden Masonic lodge will conduct the burial services.

Mr. Dawson of Brady is attending to the Santa Fe's business here this week during the absence of Mr. Ratliff. Mrs. Dawson is here with him to keep him company. They attended church Sunday night and expressed themselves as being favorably impressed with our town and people. We were glad to meet them and hope that they may be with us again.

SAN SABA SAYINGS

From the News.

Mr. and Mrs. Simpson of Brady spent a few days here this week.

The annual fair for 1914 will be held Tuesday, Wednesday, Thursday and Friday, August 5, 6, 7 and 8th.

Mrs. Spencer Rouse and two boys went to visit in Brady Tuesday. Mr. Rouse left on the evening train for Marlin, where he goes for medical treatment.

Mr. and Mrs. Pete Campbell came down from Brady Sunday in their automobile and spent a couple of days with the former's parents, Mr. and Mrs. E. Campbell.

Mrs. Chas. Gray of Brady passed through last week en route to Llano for a visit with relatives. While here she was the guest of her sister, Mrs. G. W. Gray.

J. W. Griffin, county farm demonstration agent, was in the northern part of the county last week. He visited the Shiloh, Locker and Bowser schools and is pleased with the interest manifested in the corn club work in these parts of the county. Mr. Griffin exhibited at the News office Monday morning some model screeners for assisting the farmer in the selection of his seed corn, maize, etc. These helps are simple, in fact they are so simple that we rather expect that fact is one of the reasons that more farmers do not use them regularly. But Mr. Griffin can easily demonstrate to the skeptical the value and importance of their use. He gave the News reporter just one example wherein he succeeded in getting one farmer to let him float his maize seed last year. And in 11 pounds of seed there proved to be three pounds of defective seed. Had the test never been made that farmer might have been wondering today why he got a bad stand and why his maize did not make a strong, healthy yield.

From the Star.

This morning about 6:00 o'clock the home of Gregg Halden was destroyed by fire. The fire originated from a gasoline stove. His wife and children were in the country and he arose and lit the stove to prepare his morning meal and left the room to attend to his horse and when he returned to the house it was in flames. This is a serious loss to Gregg as his household goods and building were a total loss.

CALLAN CONCOCTIONS FOR MAGNIFICENT MENARD

From the Messenger.

Frank Wilhelm was in from the ranch the last of the week.

M. W. Shelly of Abilene has located in Menard and opened up a law office over the Bank of Menard.

About time for some one to start some one in the race for some kind of office in Menard county, don't you think?

Last Monday was a success from start to finish for Menard's First Trades Day for 1914. People were here from all the surrounding country and all reported the time of their lives. Everything on the program was carried out with great success, the slow mule race, the sack race and the apple eating contest were the main features, besides amusements of every description at the service of the public. The merchants reported good business and several trades of live stock were made. It has been proven that these days are a great thing for the country so let all the people get together and help make each Trades Day better than the last. Begin now by boosting our next great day which is the third Monday in February and the 16th day.
