### COLORADO TO THE GULF

#### BRADY MAY GET NATIONAL HIGHWAY.

Opportunity to Secure Colorado to Gulf Highway Placed Before Commercial Club.

Brady and McCulloch county have an opportunity to secure the Colorado to the Gulf Highway which is to be built from Denver, Colo., to some point on the gulf coast of Texas. The matter was placed before the directors of the Brady Commercial Club at their weekly meeting Monday afternoon, and after due consideration it was decided to appoint a committee to get in touch with those in charge of selection of route of the proposed highway, and to ascertain what would be necessary for them to do in order to secure the construction of the road through Brady and McCulloch county. Vice President W. D. Crothers and Secretary T. P. Grant were named on this committee.

The route has been selected from Denver to San Angelo, the next objective point being San Antonio. Although a route through Brady would not be the shortest possible one, yet those in charge of the selection say

that on account of indifference on the part of citizens through which the most direct line would pass, it is not improbable that the longer route would be finally adopted, provided, of course, that proper interest was manifested in the project by the citizens of this section.

Under the plan by which this highway is to be constructed each county through which the road passes is required to pay an initiation fee, and the local commercial club will obligate itself to pay this, although it is not known here just what sum is required.

Secretary Grant of the Commercial Club has received a letter from D. E. Colp, vice president of the Colorado to the Gulf Highway, who is now in San Antonio waiting for improved road conditions before starting over the route through Brady to San Angelo in which he states that his party will leave San Antonio just as soon as conditions will permit to inspect the route through Brady, and that he is very anxious for the citizens here to meet his party upon arrival. The party has three cars, and the work of logging the route is in charge of Col. Westgard, a highway engineer of national reputation. The party also carries a motion picture camera, and is desirous of securing several views in

different portions of the city, and especially of an auto parade which will be a feature of their visit. Mr. Grant will be advised by wire when the party leaves San Antonio.

The following, extract from Mr. Colp's letter to the Commercial Club places the proposition squarely up to Brady as to whether or not they will secure the highway: "Now, it is up to you people if you want to get in on this proposition. I am doing more for you all than I have one for anyone else, and the reason I am doing it is because two of the towns on the other route are not showing the proper interest and my policy is that Texas is large enough to go around any county or counties that do not think enough of themselves to do their part."

The matter of route will be definitely decided at the annual meeting of the Highway association which will be held in Plainview upon the arrival of Mr. Westgard and Mr. Colp, and the local club decided to send Secretary Grant to the meeting to look after Brady's interests in the matter. Mason is co-operating with Brady in her efforts to get this route selected, and it is believed here that the plan on which the club is working will bring the desired results.

In case the highway comes through here, Brady and the Brady country will receive much valuable advertising from the log book of the route which will be published and placed in the hands of the members of auto clubs throughout the United States.

Later—A telegram received this morning from Mr. Colp at San Antonio stated that his party would leave Monday morning coming this way, providing that rain did not interfere with their present program but that uncertainty as to road conditions precluded the possibility of stating just when they would arrive here. The message also stated that all towns on the route had complied with the requirements exacted by him, and that indications pointed to adoption of the route.

It will be necessary for the Commercial Club to raise about \$500 to meet the expenses incurred in securing this road, and a committee will be appointed in the next few days to undertake this task. This money will be used in surveying the road through the county, putting up mile posts, signs, etc., and for necessary expenses incurred in connection with the securing the adoption of the route. This is a matter of much vital importance to the citizens of

Brady to which they cannot afford to be indifferent, and it is to be hoped that the committee will meet with ready responses.

#### Painful Accident

W. F. Davis, the popular janitor at the court house, happened to a painful though not serious accident Monday afternoon, while engaged in mowing the grass on the lawn at the court house.

Mr. Davis was working near some steel road drags piled in the southwest corner of the yard, and in some unaccountable manner fell his head striking the sharp edge of one of the blades of the drag. A large gash was cut in the right temple and a finger of the left hand was badly cut.

The wounds bled profusely but prompt medical attention was received, and no serious results are anticipated.

### NERVOUS HEADACHE

Heavy Feeling, as if My Was Pressing Down

Mrs. Hill says: "I cannot tell you how much I have suffered during the past twelve years. Twelve years is a long time for any one to suffer. A great multitude of women in this country know exactly what Mrs. Hill means when she says, 'Heavy feeling, as if my brain was pressing down. So nervous I could get my rest at night. Would sinking spoils and then so weak I could not do my work.' A many women in the United States will recognize in this description their own experience.

Mrs. Hill found a remedy. A taking four bottles of Peruna gained in strength and flesh and was that she was a well woman again. She says, 'I cannot thank you enough for my recovery.'

This is no ordinary ailment. Twelve years suffering. Four bottles of Peruna. Restored to perfect health. If Peruna can do this for one woman why can it not for another? Is not worth your attention? Is not worth trying?

Those who object to liquid medicines can now obtain Peruna Tablets.

Well, we allow as how it  
do. Further than this, Mar-

## THE HARVEST.

In McCulloch county the "harvest" is plentiful and the laborers are few. In Brady, ditto. We might modify the latter statement slightly by saying the harvest is plentiful, the laborers are plentiful, but the laborers seem a little indifferent about laboring.

The bounteous rains which we have had during the past few weeks produced a bumper crop—right here in Brady. The crop, however, is one of no commercial value, but on the other hand is one which if not harvested in the very near future is going to prove a menace to the health and comfort of the citizenship of the entire city. We speak of the weed crop.

Practically every street in the city is lined its entire length on both sides with the rankest growth of weeds. During the rainy season these weeds form an ideal breeding place for mosquitoes. It has been thoroughly demonstrated that mosquitoes are disseminators of disease germs. Therefore, it behooves the citizens of Brady to destroy the breeding place.

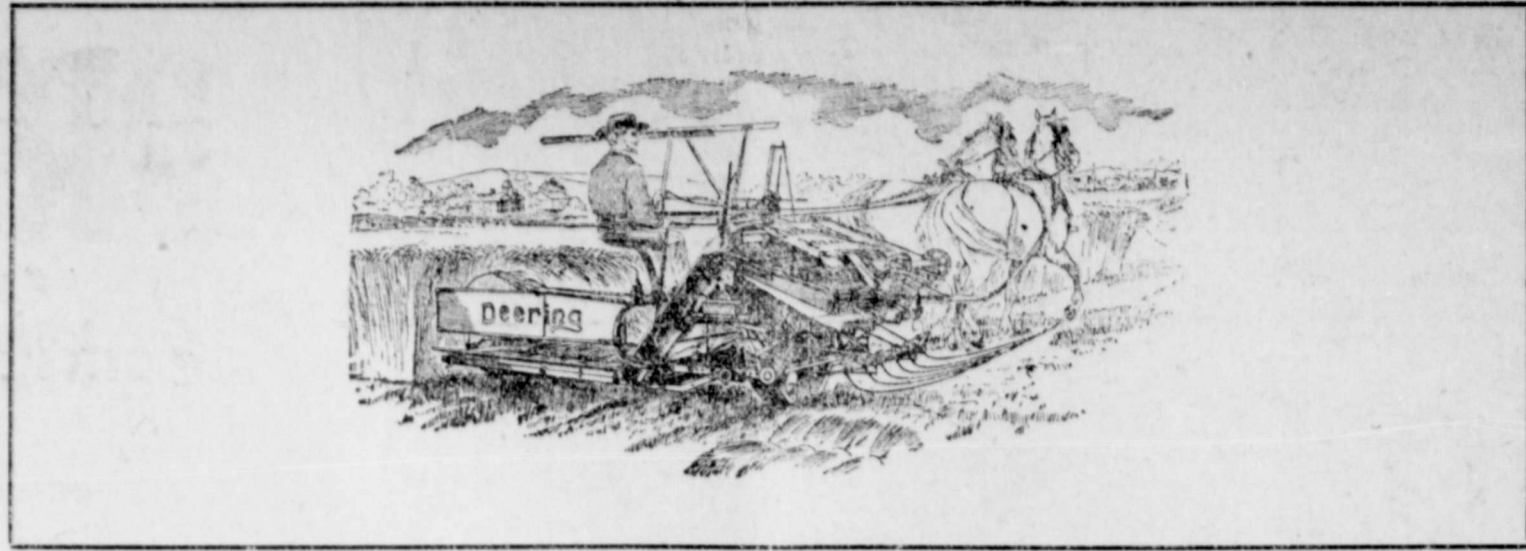

cut the weeds. To be most good, cut and to forestall an disease this summer on cutting them today.

few weeks we have an inclination on the part of the editors throughout the county commenting upon the C. W. Post, to be sarcastic in their articles. Mr. Post probably attained the ideal of a Texan, and like the faults, yet he has the development of agricultural possibilities in the semi-arid section of the state's cover his shortcomings with a mantle of charity. Remember the things that he attempts to accomplish for the benefit of his fellowman.

The Rochelle Record says that "Callan is, it would seem, ed by the Fort Worth Star-Telegram to write foolish stuff its pages." We are glad the word editor has solved the mystery. We had just about red it out that Claud read his handsome salary for privilege of adorning the editorial page with his tintype mess.

## WATER CARNIVAL.

There is to be a water carnival at Tullia, Swisher county, on June 17, and State Press has been invited to attend and participate in the water orgy. Being a prohibitionist all the way

from inch-wide to world-wide, S. P. heartily endorses the Tullia Water Carnival, and hopes that every man in Texas to whom water is comparatively a stranger will be present at that entertainment and get acquainted with the sort of thing the fish admire so. As for himself personally, State Press has been rained on so often lately (785 times) he is getting kind of skittish of everything that looks wet.—State Press, in Dallas News.

## CHEWIN' AND SPITTIN'.

Dear Confidante: This will be a stunner, but it can't be helped. I am up against it and need your advice. I am a farmer's wife, but farmers' wives are human and have some feelings as well as anyone else. My man chews tobacco, something

awful, but it's not the chewing I care so much about as the spitting. He spits on everything he sees. He boasts he is the crack spittist in the township. He spits on the cat, the dog, and the other morning he spit in a crock of fresh milk. That was the limit. On rainy days he sits and spits at cracks and bottles until I have got to admit he is an expert. But there is no money in expert spitting, and I am getting tired of it. Now tell me what to do with that kind of a man? Western Kansas.

If this man was not your lawfully wedded spouse, I would advise you to shoot him, cut his throat and then hang him. But since he is the head of the family and contributes to your support, I would suggest that you go to the mat with him on this tobacco business. Throw his to-

bacco away as soon as he gets it. If this does not work, dope his "chewin'" with something that will make him a bit sick at the stomach. Or you might stop it by chewing yourself. He probably would raise a howl to the stars if he saw you with a cud in your mouth. If everything else fails, you might have him arrested.—Kansas City Post.

It might help to remove all the cracks from the neighborhood, so that he would have nothing to spit at. It must indeed be provoking to have a man spit into the milk and put you to the necessity of straining it all over again. It is a rather difficult case, but instead of putting dope in his "chewin'" you might try pounded glass in his pie. We heard of a man once who ate pounded glass once and

he never spit, spat or spitted again. Have you tried enacting an anti-spitting ordinance? In Houston we have one that works fine except in the moving picture houses and a few other important places.—Houston Post.

Referred for solution to Claude Callan of the Star-Telegram, the well-known authority on "chewin' and spittin'."

Screen wire and screen doors. We can give you an extreme low price. Broad Mer. Co.

### RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

### THE BAPTIST REVIVAL.

A Few Remarks From the Pastor of the Baptist Church.

Just a word as to the revival services now in progress at the tabernacle under the auspices of the Baptist denomination.

Evangelist J. B. DeGarmo of Blue Mountain, Miss., doing the preaching, with Sam Raborn of Waco conducting the song service. Mr. DeGarmo brings a simple, direct message from God's word at each service, and holds his listeners spellbound with the same sweet story of God's redeeming love, proving that the gospel has lost none of its charms since Apostolic times, but is ever "the power of God unto salvation to everyone that believeth." His manner is simple, his message direct, his reasoning logical. Every position taken is sustained by God's Holy Word.

His sermons "The Sinner Has No Heavenly Father" and "Degrees in Hell" have no doubt called forth more comment than any sermons ever preached in Brady.

Bro. Raborn sings the gospel. His solos bear a message direct to the sin-sick soul. He is a wonder as a leader of song. Some say of him: "He is the greatest gospel singer in America." Come and hear these men of God. Nothing will be said to wound anyone. If unsaved you will see the plan of salvation made so simple that a little child can understand. If a Christian, you will find new beauty in many old truths. Come up to the house of the Lord and let us join in prayer and praise to God for His wonderful love and mercy to a sin-cursed world.

Subject for tonight, "The Moral Man"; Saturday morning at 10:00 o'clock, mass meeting for children; Saturday night, "No More Sin Charged to the Christian"; Sunday at 11:00 "A Bought Slave"; at 3:00 o'clock Sunday afternoon, "The Alabaster Box"; Sunday evening at 8:00, "The Justice of God."

All are personally invited to attend these services.

W. G. CAPERTON,  
Pastor Baptist Church.

### A Correction.

In reporting the deal whereby S. H. Mayo acquired the Hopkins wagon yard property and the Hopkins tract of land north of the city in last Friday's issue of the Standard, we find that we are in error as to the trade being closed.

While the trade has been tentatively agreed upon, it has not been finally closed, and, according to interested parties, there is a possibility that it will not be.

### A CONFESSIO

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Peid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

# STOP YOUR BUYING UNTIL WAIT

## WEDNESDAY, JUNE 10

THE GREATEST and MOST SENSATIONAL MERCANTILE EVENT the BUYING PUBLIC HAS EVER KNOWN  
**THE CASH BARGAIN STORE, LLANO, TEXAS**  
 Has been turned over completely to the Arthur Lesser Co., St. Louis, and will be sold out and liquidated by them at retail

# PUBLIC SALE

Sale takes place at the Cash Bargain Store's well known premises, Llano, Texas. Every article of the immense \$35,000 general merchandise stock will be placed on sale and must be sold regardless of cost or value.

Sale Begins WEDNESDAY, June 10, Lasts Until SATURDAY, June 27

### THE REASON

Continued sickness, coupled with old age, has made it necessary for Mr. Hackworth to retire from active business, and he has therefore turned over the entire stock of the Cash Bargain Store to the widely known merchandising experts, the Arthur Lesser Co., of St. Louis, Mo. The stock is not to be moved away, but is to be sold out and liquidated at retail on the premises occupied for the past several years by the Cash Bargain Store in Llano.

The Cash Bargain Store's business will be dissolved completely and every article of the big stock must be turned into cash before Saturday, June 27. This gives only sixteen days to dispose of a stock invoicing \$35,000 worth of merchandise, such as Groceries, Hardware, Crockery, Dry Goods, Notions, Shoes, Furnishings and Ready-to-Wear Garments for Men, Women and Children. In fact, all articles usually carried in a first-class general store.

This enormous stock must be closed out completely within sixteen days and it is clearly not a question of what the stock will bring.

Can you realize, can you conceive just what this means? Here are hundreds, yes thousands, of bargains literally staring you in the face, new high grade merchandise thrown completely at your mercy. You will find bargains such as you would not dream of even in your most exalted moments of imagination. The entire Cash Bargain Store stock must be closed out before June 27. This is the object, price does not matter. Sale starts Wednesday morning, June 10, at nine o'clock.
