

Charged With Bootlegging.
 Deputy City Marshal M. P. Wegner Monday morning arrested Jno. Woodward, one of Brady's prominent colored citizens, on a charge of dispensing corn juice in prohibited territory. Woodward is said to have received a consignment of booze from someone on the Frisco train which arrived here at 9:00 o'clock Monday morning, and was seen delivering a bottle to one of his string of customers.
 Deputy Wegner arrested him, and when taken before Justice of the Peace Lyle, he could not remember just who had delivered the whiskey to him. In order to refresh his memory Judge Lyle fined him \$10 and sentenced him to ten days in jail, with a promise to repeat the dose until his memory was sufficiently refreshed to enable him to remember all the details of the transaction. Three and a half days' stay at the county hotel sufficed and Woodward yesterday afternoon told the officers that a negro named Dewayne Moore living in Brownwood had brought the whiskey. Upon further questioning, however, he finally admitted that he had taken the whiskey from the train porter's grip, and both he and Moore were released.
 No complaint has, as yet, been filed against the porter.

At The Airdome.
 Manager McCorkle of The Airdome is more than gratified with the reception accorded his offerings this week by Brady theatre-goers.
 On Monday, Tuesday and Wednesday nights Tracy and Mannine held the boards, and drew three of the best houses of the summer season. These talented young people are artistic exponents of all the latest dances, such as the Tango, Argentine, the Maxixe, Aeroplane waltz, the One-Step and the Hesitation.
 Last night Irwin, the Man of Mystery, and his company made their initial appearance before a Brady audience. Mr. Irwin is, as he advertises himself, a "hypnotist who hypnotizes," and seemingly has absolute control over his subjects, who do all sorts of ridiculous stunts at his bidding. One of his subjects was placed in a hypnotic sleep in the show window at the Central Drug store Wednesday night at 7:30, and remained in a seemingly unconscious state until awakened before the big audience at The Airdome last night.
 The Irwin company will be at The Airdome tonight and tomorrow night, and their performance is well worth the price of admission.
 Three reels of high-class pictures are shown in addition to the Irwin act.

Mother Dead.
 H. P. C. Evers returned Tuesday from Castell, to which place he was called last Thursday by a message announcing the death of his mother, Mrs. August Evers.
 Mrs. Evers has suffered for the past several months from catarrh of the stomach, and death came at 8:30 Thursday night as a relief from her suffering.
 The family is among the pioneer settlers of Mason county, having settled near Castell 40 or 45 years ago. Mrs. Evers was the mother of ten children, seven of whom are living, and all grown. They are: W. J. and N. H. Evers of McGregor, F. J. of Castell and H. P. C. of this city, Mesdames C. Kowierschke and W. L. McKelvey of near Castell and G. A. Schussler of Llano, and these together with the husband survive her.

 The rams received Wednesday are from the best flock in the United States, and are beauties.

 To the Voters of McCulloch County:
 I want to express my thanks for the support and splendid majority given me last Saturday in my race for County Judge. I sincerely appreciate the support of my friends throughout the county who supported me so loyally and faithfully. I shall at all times try to show my appreciation and gratitude, and hope that I may ever prove worthy of the honor bestowed upon me and the trust reposed in me.
 Faithfully yours,
 J. E. Brown.
 Mr. and Mrs. H. H. Sessions are receiving congratulations of their many friends upon the arrival of a fine baby girl at their home Tuesday.

Negroes Frightened.
 George Green, a worthy colored citizen of Brady, is considerably exercised over threats which have been made against himself and wife, and attaches so much importance to the threats that he left last night for Brownwood in company with his wife, where they will remain until they recover from their fright.
 Green lives in the negro settlement near the compress. On Monday night he was awakened by his wife screaming. She told him that someone was on the outside at one of the windows, and that she had overheard a conversation in which threats were made against both herself and her husband. Green grabbed his pistol and went out the back door to investigate, but the intruders had been frightened.
 On Wednesday night the or-away by the woman's screams. Green's wife was so badly frightened that she vowed that the next train out would not leave her in Brady.
 These threats against Green and his wife are regretted by the white people of the town, and an investigation is being made. Both are industrious, hard working negroes, and have always been law-abiding.

Gray of Brownwood was accepted by the board, and a formal contract was entered into. By the terms of the agreement Mr. Gray is to furnish all material and labor for the erection of the building, the trustees placing the material on the ground. Mr. Gray's bid was \$5,200.

(S. J. R. NO. 22.)

Senate Joint Resolution

To amend Section 7 of Article XI of the Constitution of the State of Texas authorizing the counties bordering on the Gulf of Mexico to build sea-walls by adding Section 7a, so as to authorize such counties to build sea-walls and designate sea-wall reclamation districts for the protection of life and property from storm overflow, and to build or condemn land for sea-wall and reclamation districts, the county to have State's title to the roads and bay shore line to low tide within the districts, and the right to issue district bonds for acquiring and developing the district and building the sea-walls, and when district is developed as townsite to sell such portions of the land as not reserved for public use by the county.

Be it resolved by the Legislature of the State of Texas:

That the following amendment to the Constitution of the State of Texas be proposed to the voters of the State of Texas for their adoption in accordance with law, and that the Constitution of the State of Texas be amended so as to add Section 7a of Article XI, and that Section 7a of Article XI shall read as follows, to wit: Section 7a. Where protection of against the waters of the Gulf of Mexico is needed for protection of life, health, property or the sea-wall, any county bordering on the Gulf of Mexico may acquire title to the land for said sea-wall or sea-wall reclamation district as designated by the county Commissioners' court by purchase or condemnation of all the land desired for sea-wall and land for the sea-wall reclamation district from the sea-wall to bay shore tide line boundary of the property abutting on the bay, and the State hereby cedes to the county, for such district, for reclamation and general uses of the district, the title to bay shore lands in the district between the property tide line boundary and the low tide line of the bay shore, and any land in the reclamation district that may have been retained by the Republic of (or) the State for roads when the lands adjacent were platted and sold, and the county is given the right to dredge in the bay or gulf for fill for the district, and right to sell the land when reclaimed and laid off as townsite or otherwise, and where condemnation is used to acquire the land the proceedings to be as under the Statutes for condemnation for railroads, provided that the condemnation shall vest the title in fee in the county, and county may issue bonds or other evidence of district indebtedness for acquiring the property, building the sea-wall, reclamation, developments and all incident thereto as expenses of seawall and reclamation district, with lien on land and such terms and conditions as county, through its commissioners' court may deem best, and the county commissioners' court shall appoint two persons who are owners of land within the district, and who desire to sell for reclamation and buy back from the county when reclaimed, who, with the county judge as chairman, shall continue a sea-wall reclamation district commission, whose compensation shall be fixed by the court, and this commission has power to make all rules and regulations for acquiring the land of district sea-wall building, reclaiming and plating land of district, issuing bonds or other evidence of indebtedness for same, subject, however, to all such rules, regulations and acts of the commission being authorized and approved and ratified by county commissioners' court. The district must bear all expenses of sea-wall and purchase of the land and expense of filing (filling) same and other expenses, and the same shall not in any way involve the county or be a basis for a tax by the county on general lands of the county unless authorized by a vote of two-thirds of the property taxpayers of the county voting at a special election thereof. It is further provided that any owner of land in a proposed district may subscribe and pay for the district commission when organized, as the pro rata of his land of the expense of the wall, reclamation, plating as town lots on a basis as such area of land is to be the whole land of the reclamation district and sea-wall, and at any time before the completion of the district may surrender the bonds and receive from the county a bond title for his land in town lots, less streets and alleys deducted therefrom, for which on surrender deed may be demanded from the county after the district is walled, filled and platted into streets, alleys and lots, and bonds so bought shall so provide. It is further provided that no district shall be formally designated by the county commissioners' court until owners of at least one-half of the proposed area of district petition thereof and subscribe out for bonds for repurchase from the county as herein provided. RICHLAND SPRINGS

The Pride of San Saba County, South Heights Addition the Pride of Richland Springs

Richland Springs is not a boom town and never was. Boom towns bust, and Richland Springs is not bust and never will be for her growth is steady and she is building on a foundation that is as firm as the Rock of Gibraltar. Richland Springs is backed up by a fine farming country and populated by a thrifty set of business men, who are toilers, town builders and town pushers. At a great expense we have had the Southwestern Engraving Co. of Fort Worth, Texas, to send their artist to Richland Springs for the sole purpose of making a true sketch of just how Richland Springs and South Heights Addition looks today. This drawing is not like one made by some artist that never saw Richland Springs and was perhaps a thousand miles off, but is made by having the artist right on the grounds in person. This is something that was never before done in a West Texas town, for as a rule such drawings are made by an overwrought imagination and usually pictures the future and not the grand present. We do not want to deceive you and we do not have to, for South Heights lots are worth 100 cents on the dollar and will be worth more as time rolls by, and there is no better investment in the Grand Old State of Texas than a few of these lots at \$40 each; not only do you get your money's worth as an investment, but at the same time you are assisting some worthy woman of your choice to win a fine electric-started and lighted Detroit automobile or a beautiful diamond ring or one of the fine \$50 gold watches free. Now, throw aside all selfishness and put your shoulder to the wheel and get right in the collar and help her get one of these grand prizes. This may be the only chance she will have during her life to own a similar present.

ENTER THE CONTEST AND WIN

Where is the woman, old or young, rich or poor, good looking or homely, that would not like to have this fine automobile and perhaps this is the only chance she ever had to come any way near getting one free, and as Mr. Opportunity only knocks once in a life time at each persons door, this may be the time he is pounding at yours. You can let him in easy—just get nominated or nominate yourself and get in this contest—if you do not win the Automobile, you may win the

Beautiful Diamond Ring

and diamond rings have been favorites with the feminine gender for time immemorial. Diamonds were worn thousands of years ago before automobiles were dreamed of and they have a set value that is always increasing, and diamonds never get old. But even if you should not be lucky enough to get either the automobile or diamond ring there is still the

Fine Solid Gold Watches

and two chances to win them for we will give the 3rd and 4th most popular woman in the contest each one of the \$50 solid gold watches and you know you can remember that long before you ever knew what an automobile or diamond ring was, daddy would put his watch up to your ear for you to hear the tick, tick and your early dream was that when you got big enough you wanted to have a tick, tick. Now, perhaps that day is in sight.

So Get in This Grand Contest and Win

WHO MAY ENTER

Lackland, at Richland Springs, for maps and application blanks and then get busy. Remember the old saying, that the early bird catches the worm, so get busy by getting an early start you may be one of the winning contestants in our Grand South Heights Addition lot selling contest. Our rules are simple, not red tape. Get in the contest today. Line up your friends so they will work for you, they will gladly do so. Then get them to line up their friends, have an endless chain of friends and friends of friends working to help you be a winner.

Enter the Contest and Win

We will also give you plenty of application blanks, maps, lot sale contracts and all the information we can that will help you win.

Third. As soon as you are nominated, get right out among your friends and get them to buy as many lots as you can, for the investment is worth 100 cents on the dollar, and they do not stand any chance to lose, and at the same time they will be helping you win.

BRADY, TEXAS, July 31, 1914

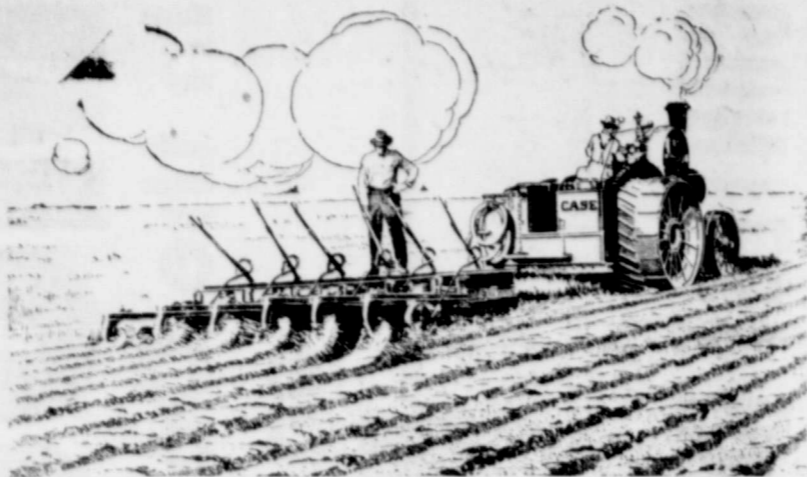

Again a delegation of business men has invaded Brady's trade territory for the purpose of pulling trade to their town. The business and professional men of Santa Anna this week conducted a two-days' trade trip into Brown and McCulloch counties, visiting Lohn, Fife and Waldrip in the northern part of the county Tuesday. We are firm believers in trade excursions and think that they are strong pullers of trade. We do not blame the business men of Santa Anna for invading our territory—we rather admire their enterprise in doing so—and we do not blame the citizens of this county for doing their trading in Santa Anna if given better trading accommodations—but we doubt the ability of Santa Anna to do this—but we do blame local business interests for sitting idly by and allowing trade which rightfully belongs to Brady to be diverted to other places. Why not wake up and let the citizens of this and surrounding counties know that we want them to come here to do their trading? Send out a delegation of business men and let the folks know that we appreciate and want their business.

Attention is directed to a big double page advertisement of Richland Springs South Heights addition lot sale contest appearing in this issue of The Standard. In the ad will be found the rules governing the contest, and any lady in this county more than 17 years of age may enter. Four big prizes are offered to the four ladies receiving the highest number of votes, the first prize being a five-passenger Detroit automobile, the second, a diamond ring and the third and fourth, a solid gold watch each. The gentlemen conducting this sale and contest are home men, and thoroughly reliable and honorable, and all who enter are assured a square deal. Get in the contest early and win one of these prizes.

Brownwood is making extensive preparations for their Fall Fair, and will send out two booster trains, the first to San Angelo within the next few weeks, and one early in September to Brady and Menard. The Brownwood fair attracts large numbers of visitors each year, and furnishes that progressive little city much valuable advertising which could be secured in no other way.

The Dallas News, Fort Worth Record and Star-Telegram are now engaged in a three-cornered word battle as to which publication furnished the best and most complete returns in Saturday's primary. In the light of past performances in this respect, we can't see that either of these papers has anything to brag about, much less engage in a childish controversy over.

The predictions made by the different papers of the state as to the results of last Saturday's primary furnish mute evidence of the fact that the majority of Texas editors are poor guessers. We have it on most of them. We guessed at the results, too—and missed about as far as any of

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess", says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, AMENDING ARTICLE XI, SECTION 7a, OF THE CONSTITUTION—PROVIDING FOR THE AUTHORIZING COUNTIES BORDERING ON THE GULF OF MEXICO TO BUILD SEAWALLS.
 (S. J. R. No. 22.)

Senate Joint Resolution
 To amend Section 7 of Article XI of the Constitution of the State of Texas authorizing the counties bordering on the Gulf of Mexico to build sea-walls by adding Section 7a, so as to authorize such counties to build sea-walls and designate sea-wall reclamation districts for the protection of life and property from storm overflow, and to build or condemn land for sea-wall and reclamation districts, the county to have State's title to the roads and bay shore line to low tide within the districts, and the right to issue district bonds for acquiring and developing the district and building the sea-walls, and when district is developed as townsite to sell such portions of the land as not reserved for public use by the county.

Be it resolved by the Legislature of the State of Texas:
 That the following amendment to the Constitution of the State of Texas be proposed to the voters of the State of Texas for their adoption in accordance with law, and that the Constitution of the State of Texas be amended so as to add Section 7a of Article XI, and that Section 7a of Article XI shall read as follows, to wit: Section 7a. Where protection against the waters of the Gulf of Mexico is needed for protection of life, health, property or the sea-wall, any county bordering on the Gulf of Mexico may acquire title to the land for said sea-wall or sea-wall reclamation district as designated by the county commissioners' court by purchase or condemnation of all the land desired for sea-wall and land for the sea-wall reclamation district from the sea-wall to bay shore tide line boundary of the property abutting on the bay, and the State hereby cedes to the county, for such district, for reclamation and general uses of the district, the title to bay shore lands in the district between the property tide line boundary and the low tide line of the bay shore, and any land in the reclamation district that may have been retained by the Republic of (or) the State for roads when the lands adjacent were platted and sold, and the county is given the right to dredge in the bay or gulf for fill for the district, and right to sell the land when reclaimed and laid off as townsite or otherwise, and where condemnation is used to acquire the land the proceedings to be as under the Statutes for condemnation for railroads, provided that the condemnation shall vest the title in fee in the county, and county may issue bonds or other evidence of district indebtedness for acquiring the property, building the sea-wall, reclamation developments and all incident thereto as expenses of seawall and reclamation district, with lien on land and such terms and conditions as county, through its commissioners' court may deem best, and the county commissioners' court shall appoint two persons who are owners of land within the district, and who desire to sell for reclamation and buy back from the county when reclamation is held, who, with the county judge as chairman, shall continue a sea-wall reclamation district commission, whose compensation shall be fixed by the court, and this commission has power to make all rules and regulations for acquiring the land of district sea-wall building, reclaiming and platting land of district, issuing bonds or other evidence of indebtedness for same, subject, however, to all such rules, regulations and acts of the commission being authorized and approved and ratified by county commissioners' court. The district must bear all expenses of sea-wall and purchase of the land and expense of filing (filling) same and other expenses, and the same shall not in any way involve the county or be a basis for a tax by the county on general lands of the county unless authorized by a vote of two-thirds of the property taxpayers of the county voting at a special election thereof. It is further provided that any owner of land in a proposed district may subscribe and pay for the district commission, when organized, as the pro rata of his land of the expense of the wall, reclamation, platting as town lots on a basis as such area of land is to be the whole land of the reclamation district and sea-wall, and at any time before the completion of the district may surrender the bonds and receive from the county a bond title for his land in town lots, less streets and alleys deducted therefrom, for which on surrender deed may be demanded from the county after the district is walled, filled and platting into streets, alleys and lots, and bonds so bought shall so provide. It is further provided that no district shall be formally designated by the county commissioners' court until owners of at least one-half of the proposed area of district petition thereof and subscribe out for bonds for repurchase from the county as herein provided. This amendment may be acted on without delay of legislation in aid thereof or legislative action may be had in furtherance thereof if desired by the county acting through its commissioners' court.

Be it further resolved by the Legislature of the State of Texas:
 That the foregoing proposed amendment to the Constitution shall be submitted to the qualified voters of the State of Texas for their ratification and adoption at an election to be held throughout the State on the second Tuesday in November, A. D. 1914, and at such election those favoring the ratification and adoption of said amendment shall have written or printed on their ballots: "For the amendment to Article XI, Section 7a, of the Constitution providing for the authorizing counties bordering on the Gulf of Mexico to build sea-walls;" and those opposing the adoption and ratification of said amendment shall have written or printed on their ballots, "Against the amendment to Article XI, Section 7a, of the Constitution providing for the authorizing counties bordering on the Gulf of Mexico to build sea-walls." The Talk Without the Walk

No doubt you often make trips to nearby towns and cities that means several hours, and often days, of your time, often times uncomfortable traveling and a walk at the end of the journey.

And when you reach your destination, isn't what you you have to say the most important part of your visit?

Why not talk with him without even leaving your home or office?

Why not have the advantages of the talk without the disadvantages of the walk?

A talk over the WEST TEXAS TELEPHONE is the economical way to reach your friends in the nearby or distant town. It puts you in touch with him in a few minutes, where a trip might take several hours, and the cost will be but a trifle as compared with railroad fare, and other expenses.

GOOD NEWS.

Many Brady Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of back sufferers in this vicinity are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling the good news of their experience with this tested remedy. Here is an example worth reading:

J. Walsh, engineer, 702 Rogan St., Brownwood, Texas, says: "Years ago, I suffered from pain and weakness in the small of my back and a constant feeling of languor. I steadily grew worse until I had to stop work. I had little energy and there was often a complete retention of kidney secretions. I had rheumatic pains in my limbs and continued to run down until I was a wreck. I heard of Doan's Kidney Pills and procured a supply. After I had taken two boxes, I noticed improvement. I continued using this remedy until my back was strengthened and my kidneys had become normal. I have had no sign of kidney complaint since."
