Mountain Remnant Brigade.
The Mountain Remnant Brigade of United Confederate Veterans will hold its annual reunion in the Gun Club park at Brownwood, Wednesday, Thursday and Friday, August 5, 6 and 7, 1914.

This is the brigade of ex-confederate soldiers of Lampasas, Mills, Brown, Coleman, Runnels, Coke, Tom Green, Concho, Menard, Schleicher, McCulloch, San Saba, Burnet, Llano, Mason, Sutton, Kimble, Edwards, Gillespie, Kerr, Kendall, Blanco, Comal and Hays counties. The people of these counties are expected to maintain the great reputation of the Mountain Remnant reunion by coming in wagons to camp on the grounds, and thus have an old fashioned summer outing. Pleasant shady grounds for ten thousand campers have been provided; wood and water will be furnished free; rations will be issued to the veterans.

Friends of the veterans are requested to announce the meeting at all picnics and gatherings; the ministers are requested to announce it from their pulpits. Brownwood is preparing to give the old soldiers three days of good entertainment. It is expected that ten thousand visitors will attend this reunion. All union soldiers living within this district will also be entertained. Prominent speakers from over the state will address the veterans; a full three days program has been arranged.

I. B. Smight,
M. L. McFarland,
Geo. Adams,
Committee of Veterans.

THANKS, THANKS, THANKS.

I surrender the palm to no one when it comes to appreciating friendship. And in this connection I want to thank the 970 friends in this county who voted for me last Saturday, and in company with them I want to include the 794 loyal friends in McCulloch county who cast their ballot for me. And if there are any suffragettes who want to vote for me, I want to thank them also. By duty well performed, I hope to win the esteem of those who opposed me.

It will be my ambition to represent ALL the people of the 114th district. If vigilant attention to business and constant work will amount to anything, I hope to be able to make a report after two years that will confirm the trust reposed in me last Saturday in the primary.

With grateful acknowledgments, I am,

Your obedient servant,
W. D. COWAN.

We are ambitious to fill your wants in every line and will do so to your satisfaction. O. D. Mann & Sons.

Since the 24th ult., most of the spare moments of Mr. and Mrs. L. D. Morris are taken up with the entertainment of a new son.

You can save money on groceries at Acosta Bros.

SOLID FOR FERGUSON

DELEGATION TO EL PASO FERGUSON SUPPORTERS.

Both National and State Administrations Endorsed by County Convention Saturday.

Twelve of the nineteen voting precincts of the county were represented in the Democratic county convention which met in the district court room Saturday afternoon at 2:00 o'clock. The meeting was one of the most harmonious in the history of local politics.

Jas. Finlay of Fife was selected as temporary chairman, and L. Ballou as secretary.

A committee on credentials composed of John R. Beasley of Mercury, W. S. Dickerson of Stacy and E. B. Kennedy of Waldrip was named by the chairman. Following the report of this committee permanent organization was effected by the election of the temporary officers as the permanent officers of the convention.

Chairman Finlay announced the appointment of the following committees:

On Resolutions: Evans Adkins Brady; John R. Winstead, Waldrip; C. W. Tucker Tucker.
On Delegates: D. E. Valliant, Fife; A. Reissner, Brady; J. F. Tindle Brady.

The committee on resolutions reported as follows and the report was unanimously adopted: To the Chairman and Gentlemen of the Convention:

We, your committee on resolutions, beg to report as follows:

1st. We, the Democracy of McCulloch County, assembled in convention, reaffirm our allegiance to the ancient and time-honored democratic doctrines of our forefathers; wherein it was taught that all men are born equal, in so far as life, liberty and pursuit of happiness, are concerned.

2nd. Be it resolved that we indorse the administration of President Wilson, believing it to be wise, patriotic and statesman-like, and that in the short time as President he has done more for the great masses of people than any administration in more than 60 years.

3rd. Resolved that we indorse the able manner and the patriotic stand taken by our Secretary of State, William Jennings Bryan, in all questions coming before his department, and we rejoice with those who have an abiding faith in his sincerity and statesmanship.

4th. Resolved that we indorse the official acts of Texas' own native son, Hon. Albert Sidney Burleson, our Post Master General. No man who has filled this position has done more to lift the burden of exorbitant express rates from the backs of the merchant, the farmer and the day laborer, than our present P. M. General by his work in perfecting the parcels post system, for by so doing one express company has quit business and it will be but a short time until the people will come into their own, by reason of his valiant service.

5th. Resolved that we indorse the state administration of Gov. O. B. Colvitt as wise, patriotic, humane and in keeping with the good old doctrine of the right of

the people to govern themselves locally.

6th. Be it further resolved that we, as democrats, recognize that our state has just gone through a bitter campaign and we now appeal to all patriotic citizens to lay aside bitterness and let us unite for the great good of the people and we condemn any effort on the part of any man of our party trying to inject National questions into our State Democratic convention to be held at El Paso.

We do not believe it right at this time to start a national campaign in opposition to our president but we think it the duty of all democrats to patriotically stand by the administration Nationally, and not attempt to run a Republican aid society.

Resolved that the delegates to our state convention be instructed to vote for every measure advocated by our nominee, Jas. E. Ferguson, for governor, in the construction of a State Democratic platform.

EVANS ADKINS,
J. R. WINSTEAD,
C. W. TUCKER,
Committee.

The committee on the selection of delegates reported the following:

State—John R. Beasley, Joe A. Adkins, A. Reissner. Alternates—C. H. Bradley, R. B. McClure, John H. Hill.

Congressional—A. B. Reagan, W. D. Crothers, Sam McCollum. Alternates—W. R. Davidson, S. A. Benham, Lee McShan.

Judicial—John R. Winstead, C. W. Tucker, Tom Alexander. Alternates—Evans Adkins, J. K. Shelton, Tom Case.

Representative—John R. Winstead, J. F. Tindel, D. E. Valliant. Alternates—Jas. Finlay, C. H. Bradley, Joe McCall.

Short talks were made by Evans Adkins, J. F. Tindel, Jas. Finlay, W. K. Gay and E. B. Kennedy, in which the importance of the delegates elected attending the several conventions was emphasized, and they were urged to work in the interest of the adoption of resolutions in harmony with those adopted here.

House Destroyed by Fire.

Guy White was here yesterday from Placid and reported the loss by fire of a house in which he was keeping back, the blaze occurring Monday of last week.

The fire is thought to have originated from the stove in the kitchen, although on fire had been started in the house since the preceding Saturday.

The loss on building and contents is estimated at between \$400 and \$500, with no insurance.

Better see Brady Land Co. today about that insurance policy.

HEAVY RAIN FALLS

COUNTY VISITED BY DOWN-POUR YESTERDAY.

Will Greatly Benefit Cotton, but Too Late for Corn—Lohn Has Small Waterspout.

Rain fell throughout the county yesterday afternoon, the precipitation varying from light showers in some localities to small waterspouts in others.

At Brady the rain fell for something like thirty minutes, and was accompanied by a brilliant electrical display and a light wind from the northwest. According to the gauge at the Commercial National bank the fall here amounted to .25 of an inch.

In the Lohn community northwest of this city the heaviest rain of the year is reported, it being estimated that 3 1-2 inches fell there, while around Waldrip, a few miles to the north, the dust was barely laid.

According to reports received by the West Texas Telephone Co., good rains were had at Hext Brownwood, Ballinger and Camp San Saba, while at Rochelle, Melvin and Mason the precipitation only amounted to good showers. Eden reports a three-quarter inch rain and San Saba a very heavy one.

No damage has been reported from the wind or rain outside of Brady. A team of horses in the Conner wagon yard in the western portion of the city was killed by lightning. One of the horses was hitched to a buggy and standing under one of the sheds in the yard when the bolt struck. The other was tied to a post nearby. No one was injured further than receiving severe shocks.

The rain came at a most opportune time for the cotton crop which would have soon begun to suffer for lack of moisture. The plant has stood the drouth remarkably well, never having stopped fruiting, and still retains a good color. This is accounted for by the unusually deep season of the winter and early spring. No complaint of worms or weevils has been reported, and it is asserted by many who are familiar with general conditions of the county that the average yield for the county will be around three-fourths of a bale to the acre.

To Water and Light Customers.

Water and light rentals for the month of July are now due and payable at the office, Room 5, Brady National bank building, and if not paid on or before the 10th service will be discontinued without notice. A penalty of \$1.00 will be charged for turning on service when discontinued.

BRADY W. & L. WORKS,
J. M. LYLE, Supt.

Brady Standard \$1.00 a year.

THE STREET CARNIVAL.

Open Week's Engagement Here Saturday Night.

The big shows comprising the Dyer Amusement Co., carnival attractions arrived in the city Friday afternoon from Goldthwaite, where they showed at the fair Monday, Tuesday Wednesday and Thursday, and opened here Saturday night for a week's engagement for the benefit of the local fire department.

The company is one of the best and cleanest attractions ever visiting this section of the state, and the reception given them Saturday night by the Brady and McCulloch county people was all that could be expected. There is absolutely nothing in connection with any of the shows to offend anyone, while on the other hand there is much that is educational and elevating.

One of the best attractions is a trained wild animal act, in which black bears and lions are the principal factors, and their trainer puts them through many feats which always bring forth applause from the audiences.

Other attractions which are proving popular are the negro minstrels, the crazy house, menagerie, snake show, carousel and ferris wheel. Souvenir stands are also in evidence and did a thriving business on the opening night.

No performance was given last night on account of rain, but all attractions will be open and ready for business tonight and each night the remainder of the week.

Texas High Schools.

Georgetown, Texas, July 31.—A report issued from the National Bureau of Education at Washington contains some interesting information about Texas high schools. There are 604 high schools in the state and 510 of them are public high schools and 94 are private institutions. The public high schools employ 949 male and 847 female teachers. They instruct 39,718 secondary pupils. The 94 private schools employ 257 male and 256 female teachers. The enrollment of these schools is 3,361 boys and 3,162 girls.

Texas Cities Get Publicity.

Austin, Tex. July 31.—One of the leading magazines published in the United States, a publication devoted exclusively to city building, contains many items about Texas in its last issue. The front cover of the July number is entitled "A City's Approach to a State University" and a photograph of University Avenue in the background. A comprehensive write up under the caption of "Municipal Improvements in Austin" by Will L. Vining, of the Chamber of Commerce, is one of the leading articles and a story about the Municipal Abattoir of Paris, Texas is also a leading feature.

Foreign Born Texans.

Washington, D. C., July 31—
There are 125 persons living in
Texas that were born at sea.
Among the residents of this
state there are also 241,813 per-
sons that were born in foreign
countries. The statistical bu-
reau of the Texas Business Mens
Association has just completed
a distribution of the foreign el-
ement of Texas population and
the result of its efforts are
shown as follows:

The bulk of the foreign born
population of Texas was born in
Mexico, the total number being
125,016; Germany is second
with 44,929 and Austria takes
third place with 20,570. Other
countries contributing to the
foreign born element of Texas
population are Italy 7,190; Rus-
sia 5,739; Ireland 5,357; Sweed-
en 4,706; Canada 3,534; Scotland
2,038; Norway 1,785; Switzer-
land 1,773; France 1,821; Den-
mark 1,289; Turkey in Asia 1,
125; Hungary 926; Spain 848;
Greece 756; China 492; Nether-
lands 424; West Indies 359; Bel-
gium 328; Bulgaria 122; Portu-
gal 89; Africa 89; Australia 77;
South America 71; Montenegro
60; Servia 58; India 46; Oceanic
Islands 44; Central America 30;
New Foundland 26; Luxemburg
14; not specified 315.

NEW DEPARTURE.

Texas Industrial Congress To
Promote Dairying.

The Texas Industrial Con-
gress is ready to begin its work
of promoting the dairying indus-
try in Texas under the "Moser
Plan," which was indorsed by
the Farmers Congress and the
State Dairymen's Association at
College Station. The Moser plan
named for C. O. Moser, of Dallas,
who devised it, provides for fi-
nancing the purchasing of ani-
mals, silos, and equipment nec-
essary for any town to have a
dairying industry, for seeing
that the purchasers get good
cows, etc., for their money, and
for the dairying to be carried
on in the most modern, profit-
earning way. Every town that
wants an industry which will
change its farmer trade from a
credit to a cash basis is interest-
ed in this proposition, and the
Congress will send a copy of the
Moser Plan to every person who
asks for it. The Congress will
go further. It will send a man
to any town whose business men
desire to have the matter gone
over at length with view of pro-
moting dairying there, and we
will assist in organizing guar-
antors associations and in the
other steps necessary to set the
proposition under way.

A dairying industry will auto-
matically bring about hog rais-
ing and poultry growing, because
the skimmed milk that is not
used in raising calves can be
marketed most profitably in the
form of pork or poultry. Every
dairymen can raise two hogs a
year for each cow he keeps, and
sour milk is one of the best poul-
try feeds in the world.

The dairying-promotion work
of the Congress will be under
the direction of C. O. Moser,
president of the State Dairymen's
Association, and who, for
several years was the represen-
tative in Texas of the U. S. De-
partment of Agriculture, Dairy
Division. He is probably best
known to the people of the state
through having been for years
in charge of the dairy show of
the State Fair at Dallas. Mr.
Moser is, of course, by training
and business experience an ex-
pert in the work he will have in
charge.

What town will make the first
application?

FIRE PREVENTION.

By S. W. English, Austin, Texas,
State Fire Marshal.

It has well been said that "As
the fire waste is, so must the in-
surance tax be." A burned city
cannot replace itself, neither can
an insurance company replace
lost property. Insurance acts
as a distributor of funds that
come from the pockets of the
people, and it is of much import-
ance that our citizenship, both
private and official, take notice
of the vast loss brought about
by the destruction of property
by fire in this state.

No one will be found to ques-
tion the statement that annual
fire loss of some \$10,000,000 in
Texas is a public reproach. The
trouble is that while we feel and
know the situation, we are in-
clined to submit in a helpless
sort of way, and have rather
contented ourselves in the be-
lief that all of these values have
gone up in smoke as the result
of conditions due to our compar-
ative newness and rapid growth
as a state.

It is the duty of organized so-

Will Own Whole Town.

A smelting town of 3,000
people, that will have no red-
light district; where disreputa-
ble characters will be escorted
far beyond the city limits within
less than twenty-four hours;
where saloon concessions will
be granted under the most rigid
restrictions; houses will all be
of the latest in modern equip-
ment; where attention is paid
to large roomy schools and the
door yards are made large
enough for the children to romp
and play, is the dream of for-
mer Senator W. A. Clark. He is
putting his ideal into practice at
Clarkdale, Ariz., some twelve
miles from and 2,000 feet lower
than his famous United Verde
Mines at Jerome. Clarkdale is
to be the home of the smelter
employes. The smelter will be
finished about September 1st.

The building of an entire town
for 3,000 people has long been
the ambition of Senator Clark.
He will own every thing in it.
The town will be policed by his
men according to his idea of
justice. There will be no poli-
tics in his department.

"I will grant concessions for
several saloons," says Senator
Clark. "It is hot down there
and the people have to have
their beer. On account of the
various nationalities it will be
necessary to grant several con-
cessions. There will be no red-
light concessions. I own thou-
sands of acres of land around the
town so that I can send any bad
characters far beyond its limits.
"We have just finished build-

The Real Needs of Mexico.
Foreigners in Mexico, as a
rule, not only are interested in
improving the lot of the peon,
but they have done much to
make life easier for him through
a general increase in wages and
by providing him with more of
the conveniences of civilization
than he has ever had.

But the idea that the peon
wants or will appreciate or will
work more or longer or better
because of an increase or even
the doubling of his stipend, has
been disproven innumerable
times by the inexperienced en-
thusiasts. Double the peon's
wages and as a rule he labors
three days instead of six, quit-
ting content with his regular
weekly income, and he cannot
be induced to work longer, no
matter what your necessities
may be.

Messrs. Max Wilmann, Claude Cavaness and R. C. Doell were here yesterday from Mason enroute to the San Saba fair.

Mrs. T. D. Quinn and children will leave tomorrow for Izora, Lampasas county, where they

will spend some time as guests of relatives and friends.

C. G. Cowan of Pear Valley was here Saturday to attend the meeting of the executive committee of the Socialist party.

L. D. Lane of San Antonio is here this week in the interest of the San Antonio Life Insurance Co.

Martin Loring spent Friday, Saturday, Sunday and Monday here visiting friends while enroute to San Saba to attend the fair.

Marion Hardison of Lampasas arrived Saturday afternoon for a visit of a few days with Howard Campbell and other friends in the city.

Mr. and Mrs. W. J. Webster of Pontotoc were guests of their daughters, Mesdames J. F. Davis and Firman Jackson Friday and Saturday.

Miss Loise Bradley left yesterday morning for Temple, where she will be the guest of her aunt, Mrs. John Garlick, and other relatives for a month.

Misses Rachael Walker and Nola Tindel returned yesterday morning from Brownwood, at which place they have been attending the summer normal for the past two months.

Mrs. W. T. Melton arrived home yesterday morning from an extended visit with her daughters, Mesdames Dr. T. P. Doole, at Eagle Lake, and Will Vaughn, of Alpine.

Mr. and Mrs. D. E. Jones and two daughters, Misses Grace and Love, of Rising Star arrived last Thursday for a visit of a week or ten days with Mr. and Mrs. H. S. Snearly.

Mr. and Mrs. Ray Lovelace and children arrived Saturday morning from Indian Creek, where they have been making their home for the past several months, and will again take up their residence in Brady.

Mrs. Will Ellebacht and her daughter, Miss Gladys, of Mason were here last week enroute to Melvin for a visit with the lady's sister, Mrs. C. J. Danielson. They will also visit the San Saba fair before returning home.

SEED SELECTION.

One of the Most Important Factors of Successful Farming.

Farmers are beginning to recognize the fact that "blood will tell" in plants as well as in animals and the evidence of this fact is shown in the increased demand for good seed every year. But too many farmers depend on "the other fellow" to provide this good seed when, as a matter of fact, everyone can, by the expenditure of a little time, not only insure his own supply of better seed, but the best seed that can be used. Plants are extremely sensitive to a change in soil and climatic conditions and because a man made a good yield of cotton or corn twenty miles away, or, for that matter, on a neighboring farm, is no sign that seed from that yield, when planted under other conditions is going to make the best yield. The only way a farmer may be sure of having the best seed is to breed and select the seed from his own fields and the time to go about this selection is right now while the plants are to be the parents of the seed are growing in the field. If like produces like, then the farmer knows something of the parentage of the seed that he is going to plant and the only way to do this is to watch the development of the plants in the field. This is true of plants but particularly so of cotton and corn, and it is none too soon to commence going through the corn fields now and selecting the plants that are to be the parents of the seed to be planted next year. Study and learn what constitutes an ideal stalk of cotton or corn and with this ideal firmly fixed in your mind's eye, take a little spare time to go through your field and study the individual plants. When you find one that comes near fitting the image that you have in your mind mark it in some way so that when the time comes for gathering, the fruit from this plant may be kept separate from the rest and especially taken care of. Select for parent plants only such as are growing under average conditions and avoid those that have been especially favored either in the matter of distance or land fertility. In the same way avoid those plants that, while themselves of fair development and in close proximity to diseased or notably inferior plants. Remember that seldom is a seed fertilized by the plant that bears it, but this fertilization is apt to come from the neighboring plants. If these are of inferior development then we are breeding from a scrub and scrub blood is no more desirable in seed than in animals.

Much corn this year, while attaining normal growth of the plant, was injured just at the time that it was perfecting the fruit. Under these circumstances much of the corn so produced is going to be of low vitality, so it is particularly important, in selecting corn seed, we do so from some field that has either, by reason of better soil, more fortunate climatic conditions, or better cultural methods escaped this damage. The ideal stalk of corn and the one from which it is generally best to save the seed is that one of medium height, stocky and well provided with leaves, showing that it has good root development and that it bears its fruit at a moderate height from the ground. If it bears one good ear we should be satisfied, but if there are more than one ear when it comes time to gather the ears, take the best one, if both are equal value take them both. Wait until the corn is well matured before gathering and then when it is gathered place it where it can dry out rapidly, where there is no danger of heating and where there will be a good circulation of air. It will be time enough some months hence to begin the gathering of seed for cotton but time can be well spent now in watching the growth of the plants and selecting the parents of the next year's cotton fields. Especially is this important if it is desired to increase the earliness of the plant.

No occupation the farmer can engage in will pay him better than time spent in selecting seed for next year's crops. A single selection of corn in the field will easily increase the yield next year by five or ten bushels and in one day enough corn can be selected to plant ten acres. Fifty bushels of corn for a day's work and the satisfaction of having something better than your neighbor, and for which he will be willing to pay you a premium, is well worth working for.—Bulletin No. 11, Texas Industrial Congress.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16. Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it. Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64 page book, "Home Treatment for Women," in plain wrapper. R.C. 131

G. M. BENNETT, Agent BRADY, TEXAS

County Judge's Proclamation.

Whereas the Commissioners Court by order of date, July 18, 1914, as recorded in Book 6, page 147, did order an election in a subdivision of McCulloch County with the following boundaries, to wit: Beginning at the northeast corner of Survey No. 499, thence west three miles; thence south one mile; thence west three miles; thence south two miles; thence west one mile; thence southwest along the section line to the northwest corner of Survey No. 51; thence west along the section line five miles; thence south along the section line about four miles and one half, to the McCulloch and Mason County line; thence along the said county line to the east line of P. Hohfield Survey No. 212; thence north to the place of beginning, all of which described land and territory is embraced in McCulloch County, Texas; and whereas the Commissioners Court ordered that said election be held at Camp San Saba School house and in the west room thereof on August 8th, 1914; therefore it is ordered that the polls be opened according to law for the purpose of holding said election and that the ballots for said election shall have written or printed thereon:

For the Tax.
Against the Tax.

All legally qualified property tax payers, under the Constitution and laws of Texas, within said subdivision shall be permitted to vote at said election.

Witness my hand at Brady, Texas, this 27th day of July, 1914.

Harvey Walker,
County Judge.

A Studebaker wagon is not the lowest priced, but the best, and in the end the cheapest. E. J. Broad.

EDEN ECHOES

From Eden Echo:

Dr. McCann was a Brady visitor on Thursday.

Some good work has been done on the Eden-Menard road within the incorporation line.

A diminutive rain fell on Friday evening and a more generous one was given us on Saturday afternoon. It came in time to do much good to the cotton, corn and vegetable growth generally as well as cooling the atmosphere for the primary being held on that day.

Simmons Liver Purifier.

The mild and pleasant liver medicine, is Simmons' Liver Purifier. It's action is thorough, but pleasant. Does not gripe or sicken like other medicines. Sold in 25c boxes at your druggist.

Acosta Bros. is the place to get your groceries. Don't be misled.

We want to figure with you on your paint, varnish and wall paper bills. E. B. Ramsay's Paint and Wall Paper Store.

LIVE LOCAL LINEUPS IN RUSTLING ROCHELLE

From the Record.

Will Smith, J. F. Crew, John Meadows and V. L. Armor went to Brady Thursday.

Miss Verna Lou Willis visited in Brady Wednesday.

Miss Bell Hall went to Brady Wednesday.

Paul Harrow made a business trip to the county hub Monday.

Mr. and Mrs. Willoughby and son, Edward, came over from Brady Wednesday.

It was our pleasure to attend the barbecue at Brady, Thursday, the 24th, and will say, that in our opinion, it was one of the best barbecues that we have ever attended. It seemed that everybody was out for a good

time and they apparently were enjoying themselves.

Last Friday evening, Chas. Bratton was stung by a very poisonous spider, which caused much pain and suffering. The doctor was called, and Chas. is doing nicely now.

J. W. Cole went to Brady Monday to attend County Court.

Robert Haddow returned last Friday night from Brady, where he held down the F. U. W. H. a couple of weeks, while the manager was off on a vacation.

Mr. and Mrs. O. E. Rice went to Brady Thursday.

T. D. Watkins of Brady, representing the Walker-Smith Grocery Co., transacted business in Rochelle Tuesday.

Misses Nora and Ethel Neal attended the show at Brady Monday night.

Mr. and Mrs. H. S. Byrd were among the Brady callers Tuesday.

Stop that Rheumatism.

Get a bottle of Hunt's Lightning Oil. This is the remedy that everyone is talking about because it stops the pain so quickly. For neuralgia and headache there is nothing better. Ask your druggist.

Phone 295 when you want any feed or coal, and we will make prompt delivery. Macy & Co.

Our price in every case means a saving to you. E. J. Broad.

We want to supply your oat bags this year. Prices right. Macy & Co.

For Sale—Stock of dry goods and groceries in live McCulloch county town. Good proposition for right man.

Also have stock of groceries and merchandise in McCulloch county for sale either together with building, or separate. Postmastership goes with stock. See McCulloch County R. E. Exchange, R. D. Dyer, Manager.

Charcoal. O. D. Mann & Sons.

SAN SABA SAYINGS

From The News.

The Lackey men, W. F. and G. C., were in town Saturday with about the most striking span of mules it is often one's pleasure to see. This is a span of two year old black mare mules. One brother raised one of the mules and the other the next. Saturday the mules were placed on the scales and balanced in the same notch. The measuring stick was placed beside them and they measured in the same notch. They weigh each 1170 pounds and are 16 hands and 3 inches high. They are simply beauties and will be on exhibit at the fair next week. They are worth seeing and especially so those who take a delight in raising and seeing good stock.

The second primary will be held Saturday, Aug. 8th. Let every citizen go to the polls and vote. Your friends need your help now as bad as they did in the first primary.

From The Star.

About all the necessary arrangements have been completed to have the best street parade that has ever opened our fair. The parade will form near the college building and will proceed down Commerce around court square and up Wallace to High street and thence to the grounds. Dennis Sullivan has been untiring in his efforts to get the people interested and has succeeded beyond his expectations.

W. C. Edwards has purchased Henry Galloway's interest in a 1200 acre ranch he bought some time ago, paying \$8 per acre for it. Also 300 3 and 4 year old steers. Mr. Edwards will build a nice home on the place right away.

J. S. Seag, the affable sales-

man at the Dry Weather store is visiting at Placid in McCulloch county.

Mrs. Welhelm and daughter, Miss Clara, of Menard county, passed up the road Tuesday on their way home from Lampasas.

Skin Disease Cured.

Sold under the positive guarantee to refund the money, Hunt's Cure has become the standard remedy for skin diseases. You run no risk in giving it a trial, because it is guaranteed. Ask your druggist.

We have purchased the stock of the Craddock Grain Co. and will consolidate same with our present stock and continue the business at our old stand. We will appreciate a liberal share of your business. C. D. Allen Grain Co.

Deering rakes. O. D. Mann & Sons.

Try Wright's Silver Cream for cleaning gold, silverware, nickel, enamelware and bath tubs. No grit. Gives fine polish, and is guaranteed not to injure the most delicate plating. Oscar T. Doell, Jeweler. At Jones Drug Co.

Good Roads Train.

The Texas Good Roads Demonstration train operated by the Texas Good Roads Association, the Missouri, Kansas and Texas Railway and the A. & M. College, will begin its trip through the State tomorrow, starting from Dallas, and will end its journey at Galveston, August 15th. Following the arrival of the train at Galveston, the Mid-Summer meeting of the Texas Good Roads Association will take place, the dates being August 17th, 18th and 19th.

The object of the demonstration train is to diffuse knowledge upon the subject of Good Roads and to exploit the Galveston meeting.

MASON MAVERICKS.

From The News.

Jamie Brook and Miss Mary Brook of Brady and Miss Sansom of Alvarado have been visiting at Block House ranch this week.

Fire swept the pasture of Lewis Brook near Brady Tuesday and did much damage.

Miss Margaret Bierschwale had as her guests at her house party this week, Misses Myra Slator and Ottilie Moss of Llano, Miss Fay Wall of Brady, and Miss Laura Ator of Stephenville.

Mrs. Will Ellebracht left this morning for Melvin, where she will visit her sister, Mrs. C. J. Danielson for a few days.

J. F. Montgomery, wife and baby were here from Brady Sunday to visit relatives.

Friday morning early the big barn of T. A. Rolston, living 16 miles west of Mason, was entirely consumed by fire. The contents, including a horse valued at \$500, were lost, as the fire had made so much headway when discovered that nothing could be saved. Mr. Rolston did not have his new feed crop in the barn, but several stacks of old feed nearby were

burned. The loss is about \$1500 with no insurance.

Miss Laura Ator of Stephenville and Miss Fay Wall of Brady are here attending the house party of Miss Margaret Bierschwale.

J. W. White was called to Austin last week, where Miss Jennie was operated upon Saturday for appendicitis. She is reported getting along nicely and Mr. and Mrs. White returned Wednesday.

Milton, the little son of Mr. and Mrs. Max Reichenau had his left arm broken one day last week from falling off a saw trussel. Dr. Thompson set the arm and the little fellow is doing nicely.

Howard and Wes Smith were here Saturday from their ranch and report good rains both on Friday and Saturday.

When you want anything in the feed line just ring 295. We'll do the rest. Macy Grain Co.

If you buy from us you have the assurance of getting quality and satisfaction. E. J. Broad.

Only One "BROMO QUININE"

To get the genuine, call for full name, LAXATIVE BROMO QUININE. Look for signature of E. W. GROVE. Cures a Cold in One Day. Stops cough and headache, and works off cold. 25c.
