

BACK TO SCHOOL

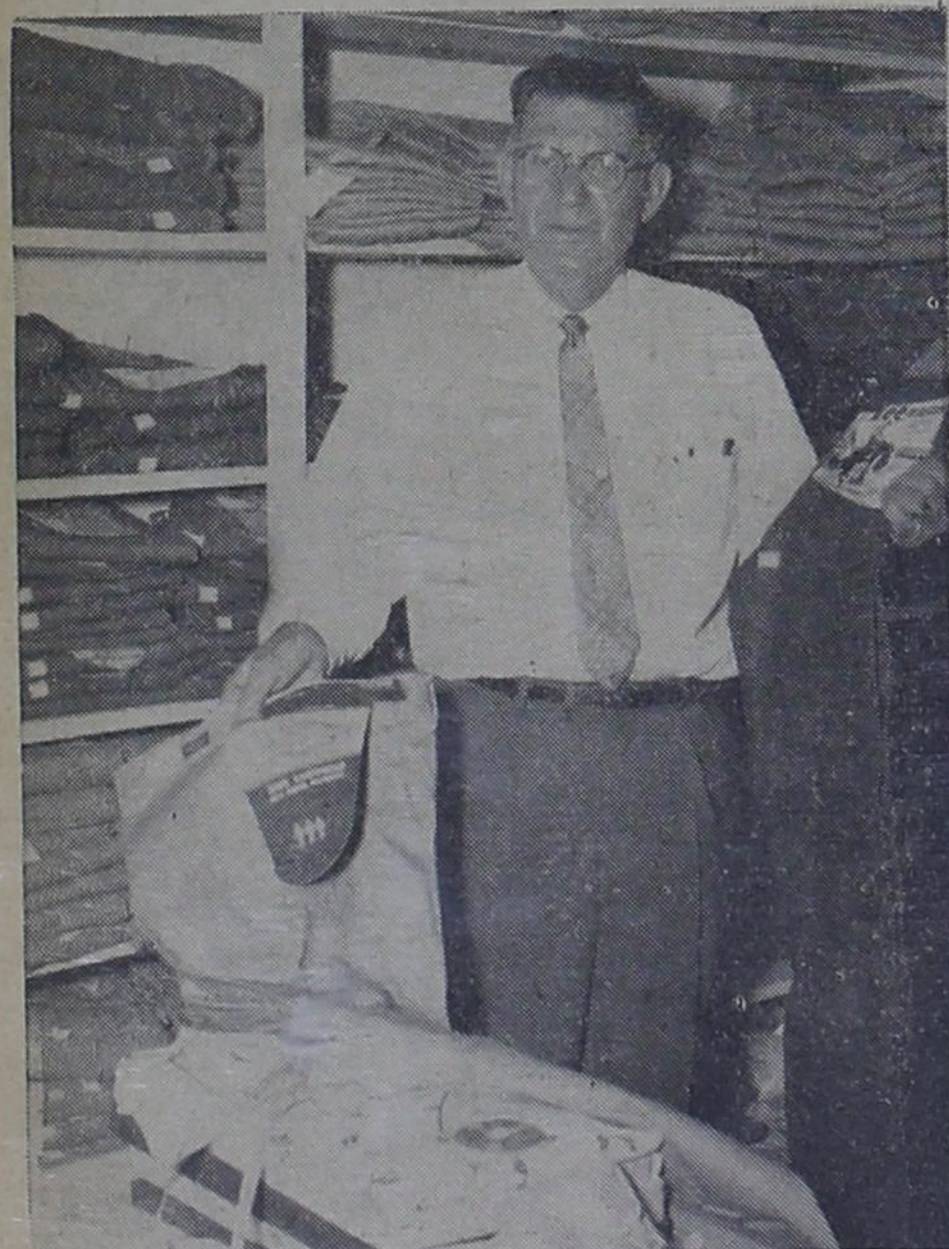

Buy It in Bovina!

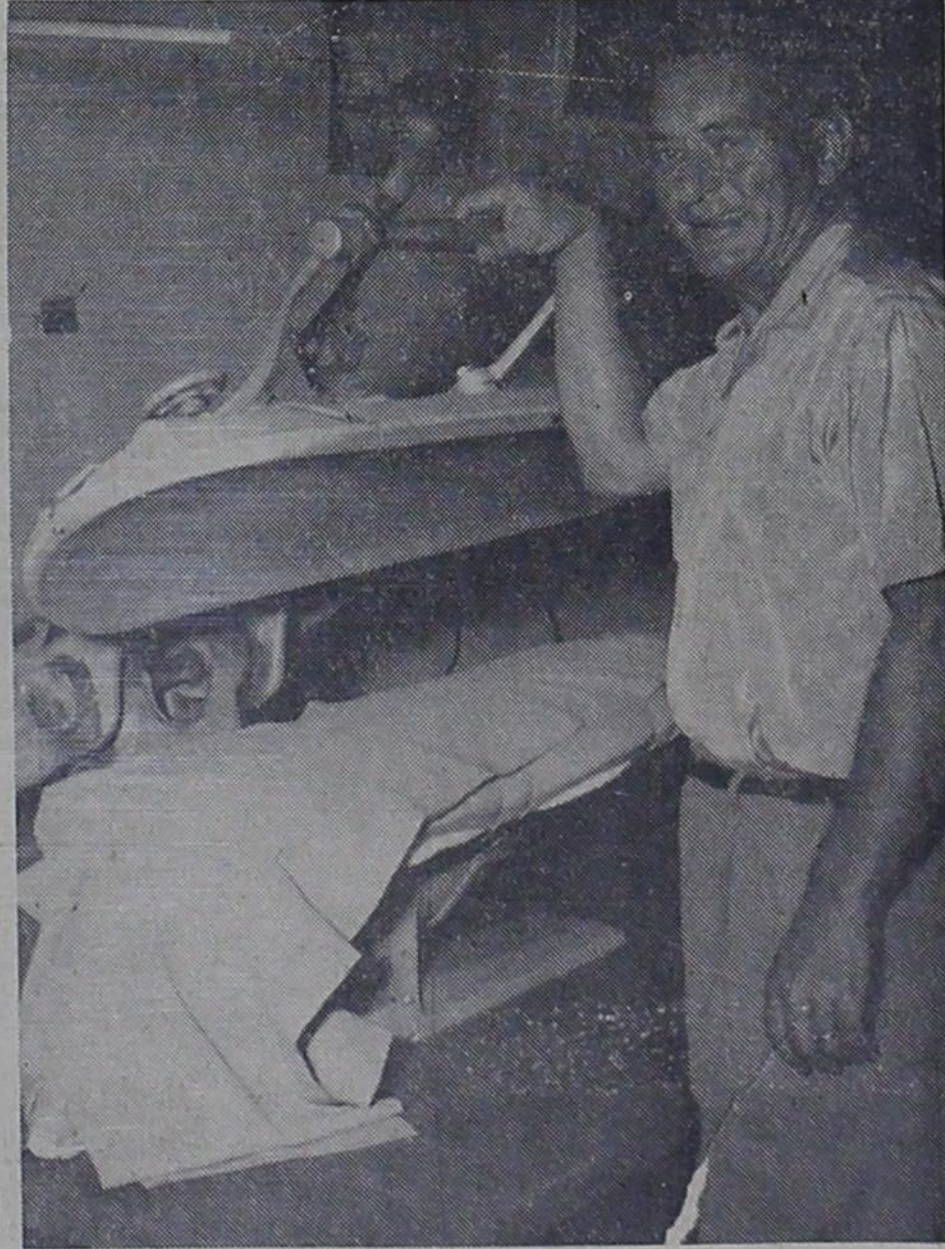

NEWS ITEM:

**BOVINA SCHOOL
STARTS STUDIES
SEPTEMBER 2**

Your friendly Bovina Merchants are ready and anxious to make "School Days," 1957-58, the happiest ones ever. Get what you need—at a price that's right—from Bovina Merchants. They are genuinely interested in you.

"We have back-to-school merchandise on our shelves right now," says Willie Williams, owner of Williams Mercantile Company, as he displays a pair of khaki pants and a pair of blue jeans, which are very popular for school wear. Williams Mercantile offers a complete line of boys' and girls'—and teachers', too—school clothing.

Elton Venable poses at a press in Venable Cleaners as he invites the folks who are figuring to go back-to-school in a few short weeks to bring in their cleaning now and be ready for school and fall. In addition to quality cleaning, Venable's business also offers a line of western wear, much of which is ideal for school wear.

The manager of Artistic Hairstyle Salon, Jesse McSpadden, invites girls and teachers to make an appointment now with her new business for a back-to-school permanent or hair set. The latest hair styling methods are used in Mrs. McSpadden's shop. She and Joa Dawn Horton are operators. Girls, go back-to-school with your hair styled by Artistic Hairstyle Salon.

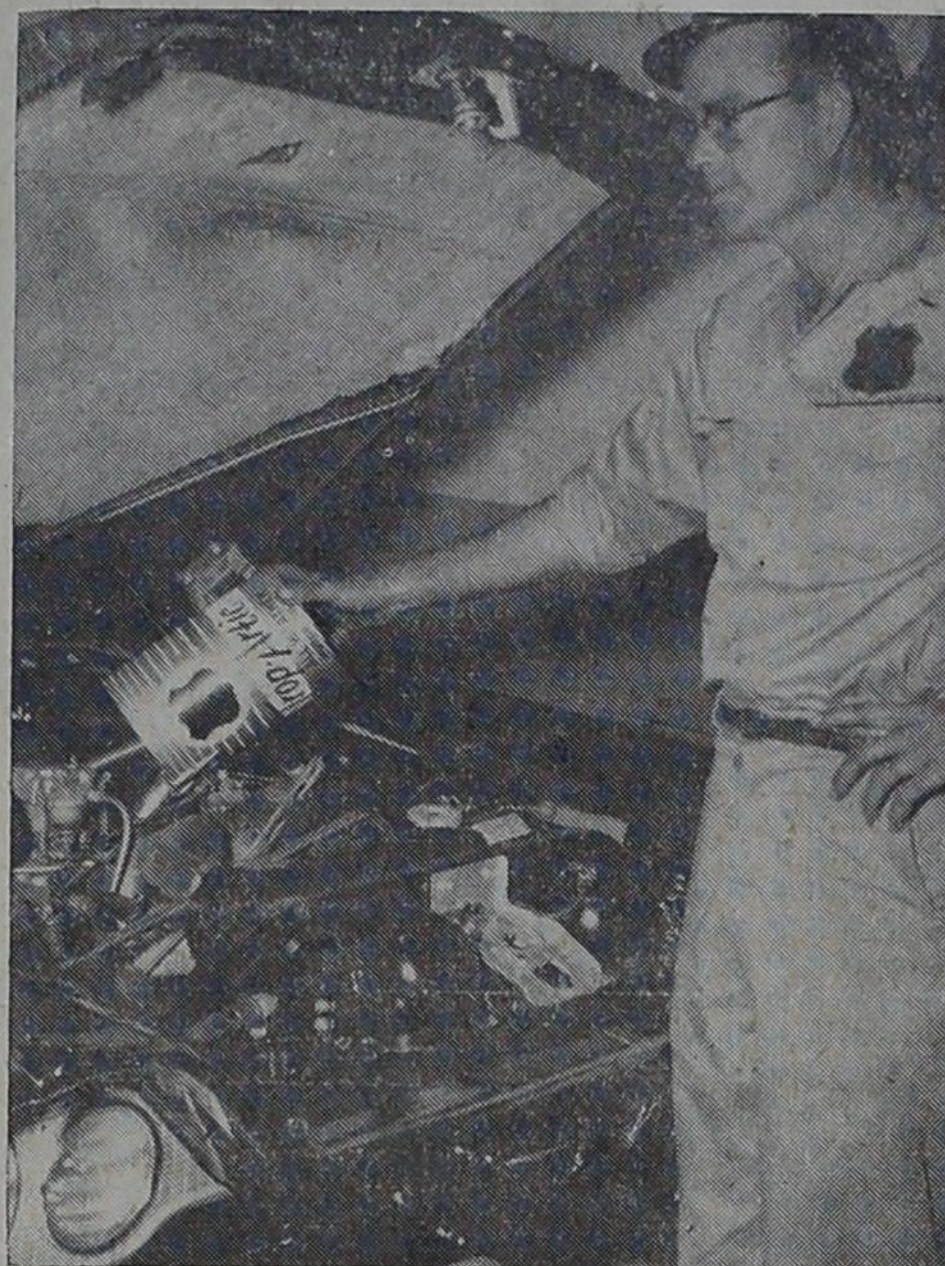

Through this doorway will walk our customers, the mamas of the greatest school kids on earth, says A. M. Wilson, as he poses in the doorway of his new super market which is now under construction. School is scheduled to begin before the contractor puts the finishing touch on the new building, but "we plan to be open sometime in September," Wilson says.

"Double guarantee" and "assures high quality" says the sign on the door of Charles Oil Company's tire center. A sign on the other door says, "buy now, pay later." "Take your children back to school on new, safe, long-wearing, Phillips or Lee tires," Pat Kunselman, in picture, advises. And Charles Oil has a big tire sale going right now.

★ ★ ★
These are only a few of the outstanding back-to-school items and services offered by Bovina businesses.
★ ★ ★

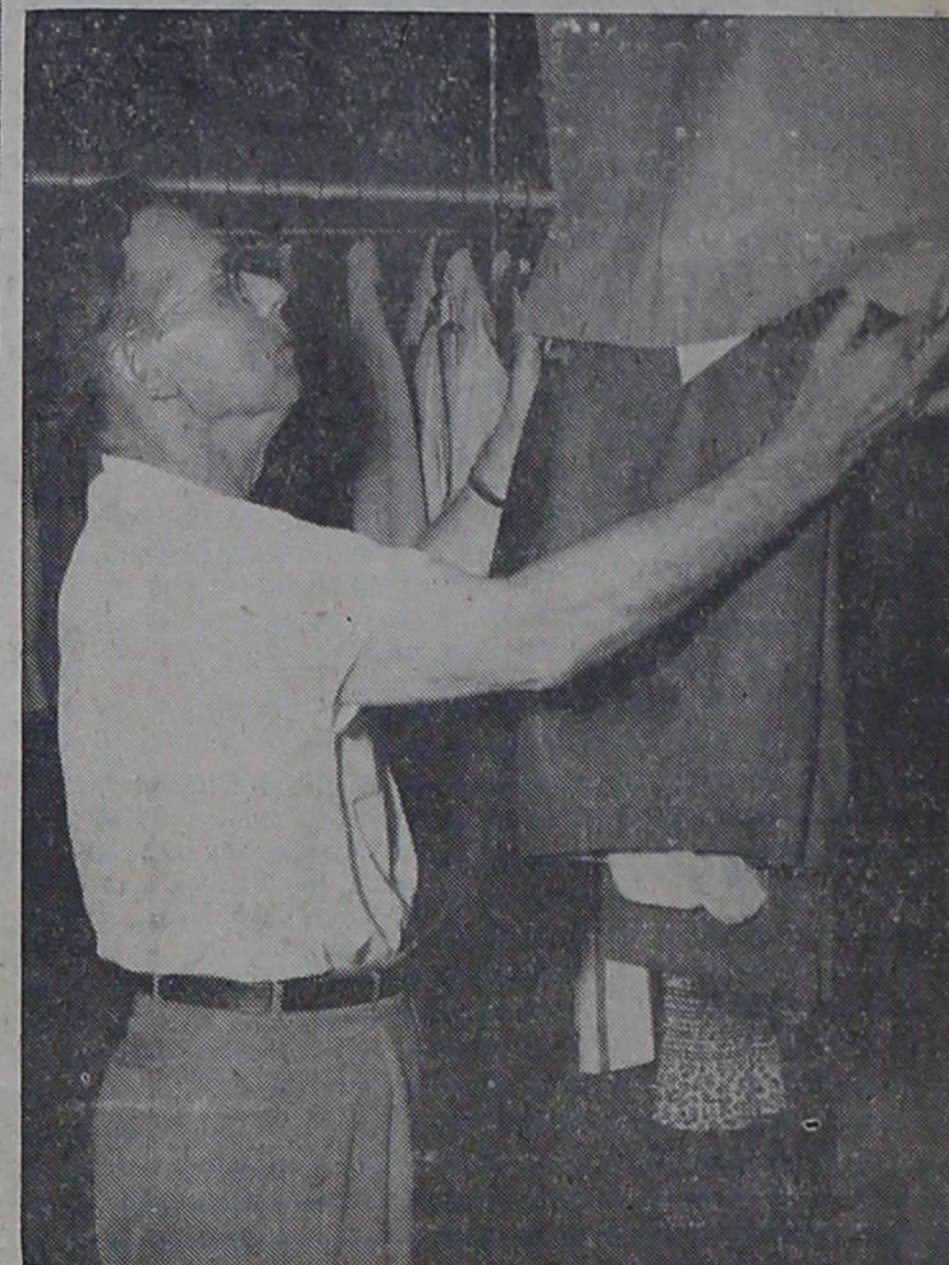

For back-to-school driving, or driving anytime, let Ed's '66' Service keep your car serviced with quality Phillips '66' products. Here, Ed Hutto, station owner, is pictured servicing a new car with Phillips Trop-Artic Motor Oil in his new station on Highway 60.

Bovina's newest business, Moore's five and ten cent store, which will observe its Grand Opening this week, already has a large assortment of school supplies in preparation for back-to-school business. Alice Moore poses with a book satchel which is just one of many items students will use in their school work that may be purchased at Moore's.

Before you buy for back-to-school, shop the merchants of boomin' Bovina.
★ ★ ★

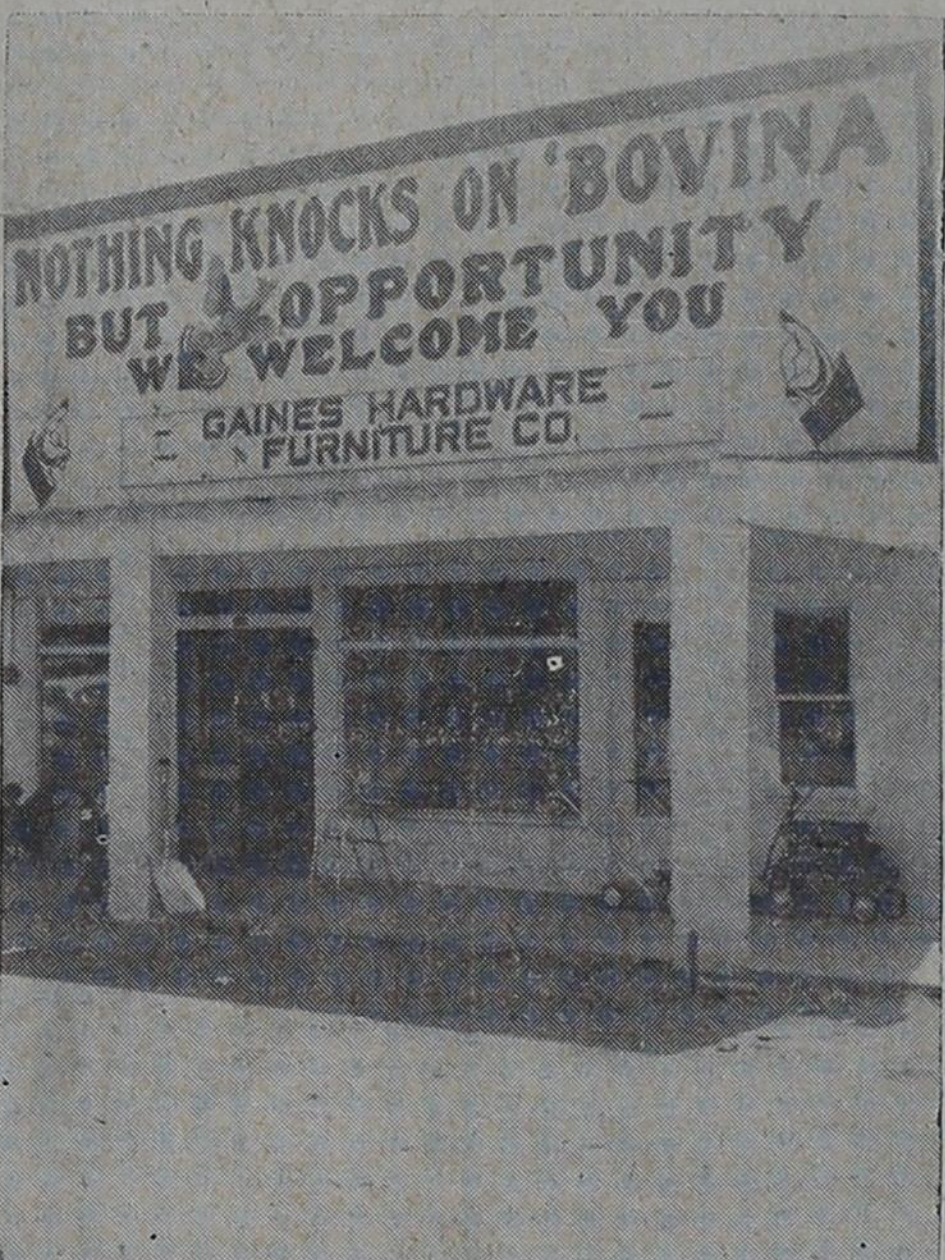

"Let us get your clothes ready to wear back-to-school," says John Rea of Rea Esquire Cleaners as he "sacks-up" some cleaned clothes. Rea Esquire Cleaners feature fast, thorough cleaning backed by a desire to please the customer. All through the school year, let Esquire Cleaners keep your clothes with that fresh-pressed look.

Always eager to help Bovina Future Farmers of America with their crop projects, Troy Fuller, Bovina Farm Chemical owner, reminds farmers that it'll soon be cotton defoliating time. Bovina Farm Chemical will be ready to do defoliating for Parmer County farmers as well as supply them with a complete line of fertilizers.

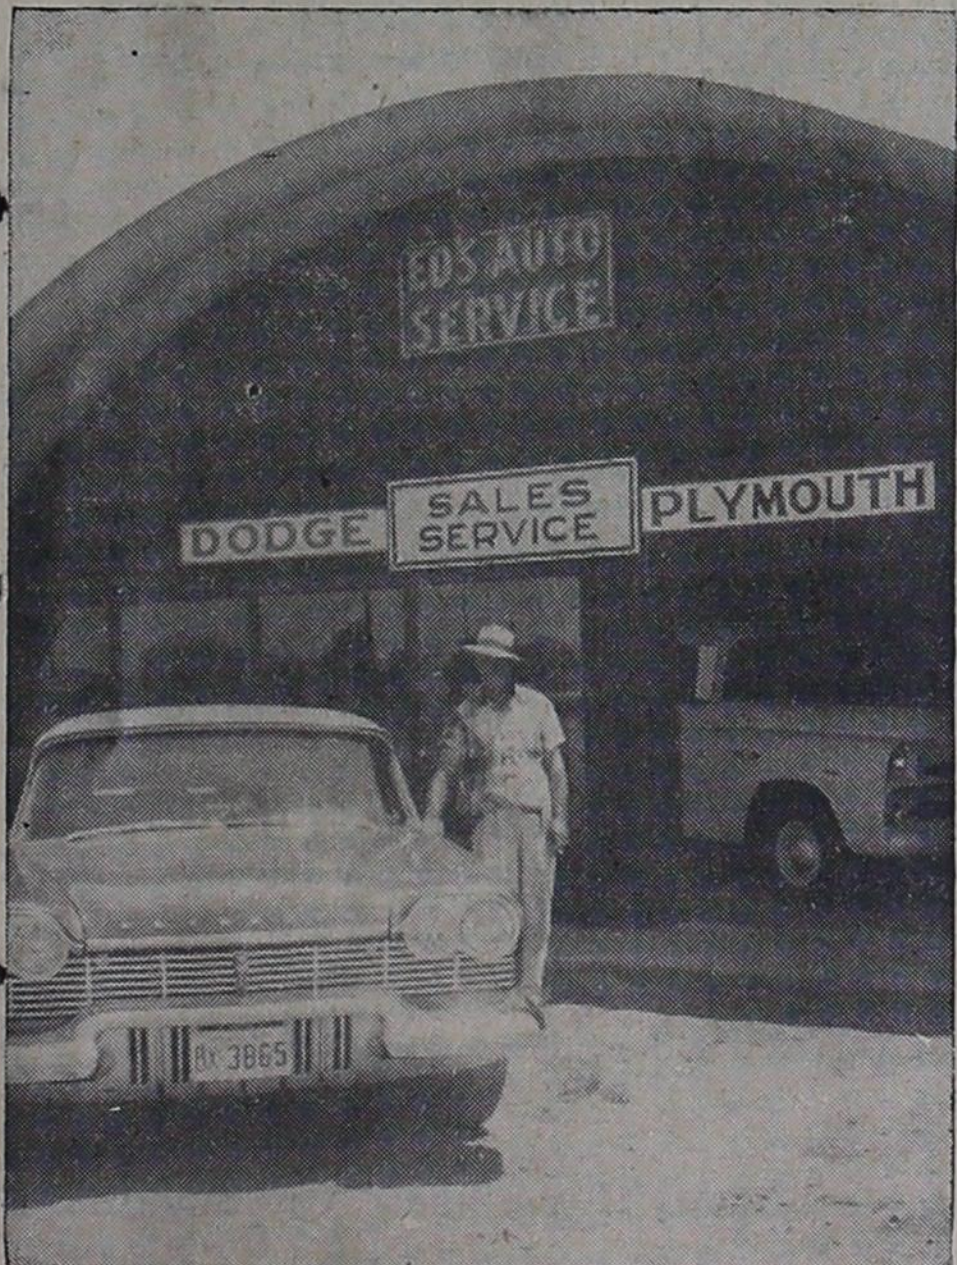

Say, mothers, when you have to get up early to get the children off to school, what is better than a good cup of coffee to begin the day. J. E. Sherrill, Cicero Smith Lumber Company manager, displays a coffee maker that will prepare coffee just to your liking. Cicero Smith offers a complete line of cookware to aid in preparing evening meals for hungry students, too.

Gaines Hardware Co. is the home of many items useful throughout the year and back-to-school time is no exception. In preparing for school days to begin again, parents will find everything from Kelvinator ranges and refrigerators to alarm clocks and study lamps to help them prepare meals, get up on schedule and help the children see better when they're studying at night.

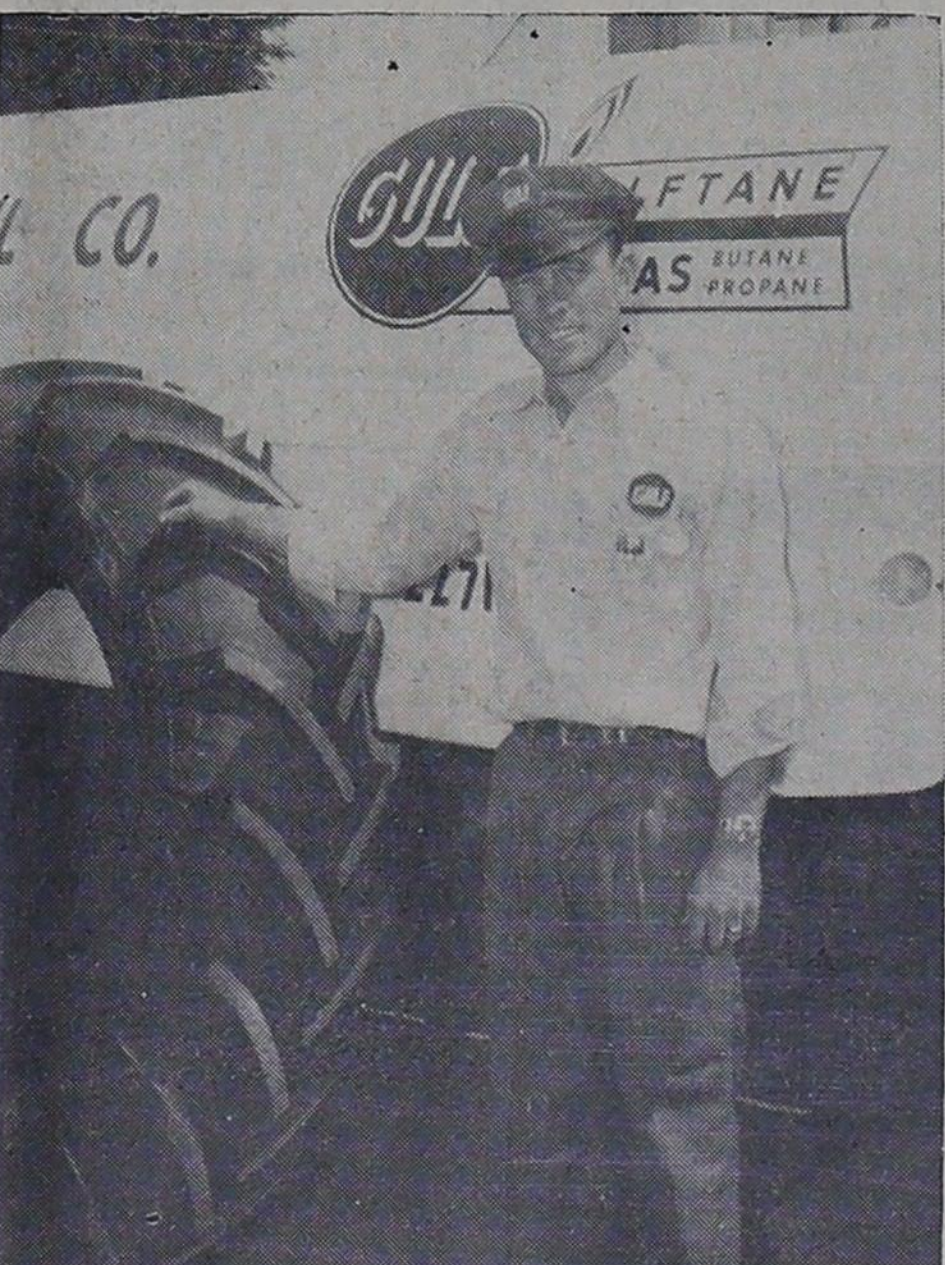

If you take your children to school in your car, let Paul Jones keep it supplied with Texaco Sky Chief Super-preme gasoline and for safer driving, a set of new Firestone tires. Here, Jones fills another car with Texaco gasoline with the featured Firestone tires in the background. For complete automobile service, it's Paul Jones Texaco Service Station.

What could be nicer than a new Dodge or Plymouth to take the kids back-to-school in? Ed Paetsch, Ed's Auto Service owner, has recently been named a dealer for Dodge and Plymouth cars and Dodge pickups. This picture shows Ed standing beside a new Plymouth station wagon in front of his building. A Dodge pickup may be seen in the right background.

★ ★ ★
A desire to please you because you're a member of their community — That's what you'll find out about Bovina Merchants.
★ ★ ★

"The best possible service to the farmer" is the theme of Bonds Oil Company as shown here by Tommy Bonds, owner, as he stands beside a Gulf farm tractor tire and a Gulftane, butane and propane, delivery truck. In addition to these items, Bonds Oil Company offers Gulf gasolines, oils, and passenger car tires from its North Street location.

★ ★ ★
Congratulations from Bovina Merchants to students beginning school this year for the first time.

«The High Plains Farm and Home»

At Last! General Rains Come Back To County Area

Low-hanging clouds were almost as welcome as the cotton blooms when they drifted over the sunbaked horizon last weekend, bringing with them the first general rain to the Parmer County area since planting time.

Thunderheads threatened to break up the dry spell for two days before they finally did, and most area points didn't get any rain to speak of until Sunday. From Sunday through the first three

days of the week, though, the showers kept up steadily, hitting here and there.

The only spots in the area still on the short side of an inch or more of moisture are in the southeastern part of the county. Other than that, it is difficult to find a place where the rain has not been more than an inch.

Most measurements are running from one and a half inches to slightly over two inches, and isolated spots have topped two and a half in a three-day period. Note the accompanying moisture map for pinpointing of rainfall amounts.

conditions. Most irrigated wheat is "dusted in" and watered up.

SOIL CONSERVATION DISTRICT NEWS

More about the conservation of our irrigation water: "Tail water is not the only loss of water. Many farmers have rows that are too long. In order to get the water out to the lower end of the rows, it has to stay on the upper end longer than necessary. The results are that the upper end is wet deeper than the roots will go. All water that goes deeper than the root zone is wasted water.

Most fields have a good crop at the upper and lower ends with a poor crop in the middle. The poor crop in the middle is probably due to lack of moisture. More than likely, had the water been used properly, there would be a uniform crop throughout the field. In other words, enough water is being wasted at the upper and lower ends of the field to properly irrigate the middle.

There are many types of systems that can be used to conserve our underground water. A few methods are proper length of rows, level rows, to prevent loss of rain water and to obtain an even distribution of irrigation water, watering when needed and applying only the amount of water needed.

If you are interested in analyzing your irrigation system, the SCS will be glad to go over your system and discuss with you the good and bad points.

If you have been thinking about planting alfalfa this year, now is the time to start that land preparation. Land needs to be in perfect condition if maximum yields are to be obtained. Another important factor is the application of super phosphate fertilizer each year. Also inoculate the seed.

The Texas Agricultural Experiment Station has released a leaflet announcing the development and release of a Perennial Sweet Sudangrass. It is a cross between Sweet Sudan and Johnsongrass. Seed may be available for farmer planting by the summer of 1958.

Afghanistan is approximately the same size as the state of Texas.

Dryland and irrigation farmers both breathed a sigh of relief and thanks for the showers, which hadn't been as numerous since late May. Back in the spring, the Parmer County area shared in the drought-breaking rains on the High Plains, but not to the extent that many areas to the east and south did.

Locally, the six-year dry spell was considered only "dented," although the timing of the spring moisture was perfect for getting row crops off to a start and putting a finish on the best wheat crop since 1949.

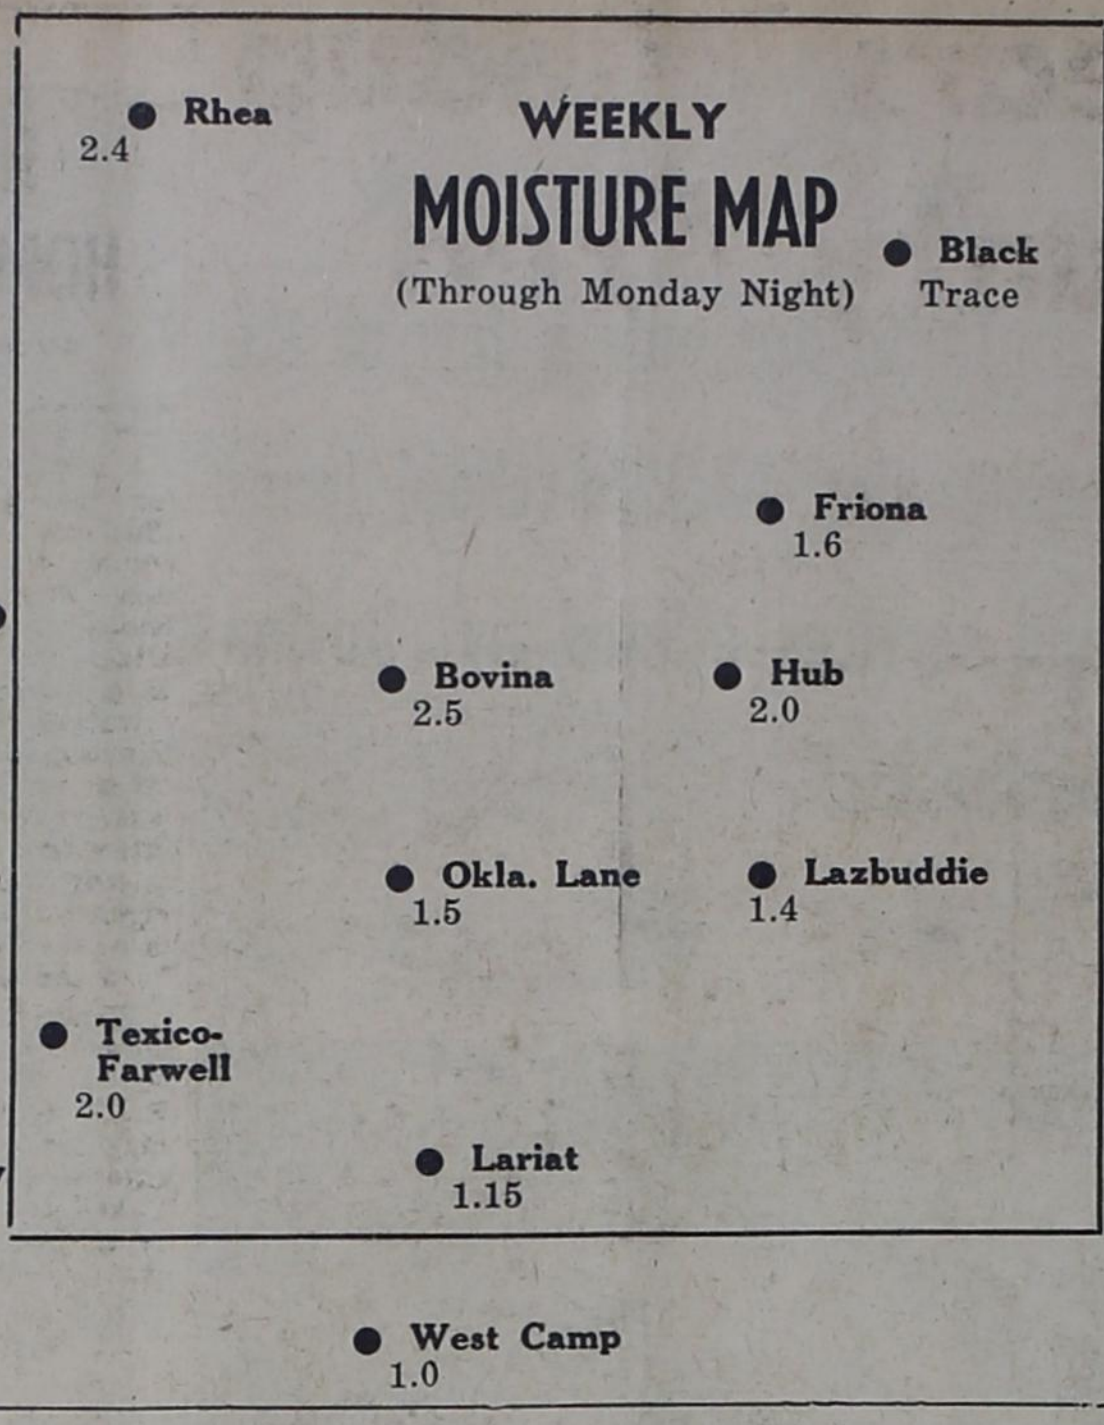

After the spring showers ended as abruptly as they began, the weather suddenly turned very hot and dry, and has been that way until just the past week, when the most recent band of showers broke it up.

Practically all irrigation farmers were running behind schedule with their watering, and not able to get over their crops fast enough to keep them from firing. The rain in some places has caused wells to be shut off, but for the most part, they are still running around the clock, their owners figuring that this may be the only chance they have to "catch up" on their irrigation schedules.

Many residents of the area (not connected directly with farming) had been thinking that 1957 is a "wetter than normal" year, but that hasn't been the case for the Parmer County area. In fact, records indicate that this summer has been the driest of the past four years, so it is understandable how badly farmers want rain.

This is not considered a wheat-planting rain, but will speed up fertilization of stubble and other land preparations for next year's wheat crop. Farmers had been relatively inactive in this respect because of the hardness and dryness of the land.

Another rain — about a month from now — will be needed to sow dryland wheat under ideal

Farwell Girl To Represent County At Dress Review

Judy Billingsley will be honored by representing Parmer County at the district 4-H dress revue in Amarillo Tuesday. The winner of the Tuesday revue will go to state competition.

Twelve counties comprise the district in which Miss Billingsley will face competition next week. A member of the Farwell chapter of Parmer County 4-H clubs, Miss Billingsley competed against 30 county members for honors which gave her the opportunity to go to Amarillo.

The Parmer County girl's winning dress and her 4-H record will be sent to Amarillo Monday, and the construction of the dress will be reviewed then. Then on Tuesday, Miss Billingsley will be in the Panhandle city to model the ensemble in the "best-dressed" class. Not only will the garment which she made be judged, but she will be judged on posture, personality, and poise. Also

Internal parasites can take a slice out of the livestock producer's profits, warns Extension Veterinarian C. M. Patterson. They lower the resistance of animals to disease, cause animals to use feed inefficiently and lower the market value of infected stock.

U. S. Naval Academy was established at Annapolis, Md., on the site of an abandoned army fort.

4-H News

LAZBUDDIE JR. 4-H NEWS

The Lazbuddie Junior 4-H Club met on Friday, August 2, in the home of Steven Young at 2 p.m. The meeting was called to order by the president, Calvin Mason. The minutes were read by Eugene Houston. Glendale King, pledge leader, led the club in the 4-H pledge.

Steve Young gave a report on how to keep your news clippings in order in your record book. Joe Jones, county agent, gave a talk on the tour that we are going to have to see the crops entered in the county crops contest.

Cooper Young told us about the signs that the senior boys are going to sell.

Lazbuddie FFA Boys Camping

Eight Lazbuddie FFA boys are camping out this week on the upper Pecos River in the New Mexico mountains. They left Monday and plan to return Friday.

Supervising the camping trip is Jack Black, chapter adviser. The boys and sponsor are making the trip in a pickup donated by Muleshoe Motor Company.

Participating in the annual trip are Bobby Hall, Sherry Ivy, Dwayne Teague, Jerrall McGehee, Clifford Hugg, Ronny Jones, Ronny Ivy, and JeDon Gallman.

Anglo-Saxon is the name given to Angeles, Jutes and Saxons who migrated to Britain from Germany in the fifth and sixth centuries.

Iron forms five percent of the earth's crust.

Rain Is Big Factor

Crop prospects likely would have been turning down in the Parmer County area this week had it not been for the general showers. Most crops were on the verge of suffering serious damage from lack of moisture.

Cooler weather is expected to allow fuller and more even development of grain sorghum heads, too, and farmers welcome this by-product of three days of damp weather.

Cotton is blooming in all areas, and is making steady progress toward maturity, although still later than normal. Insects have not been too serious.

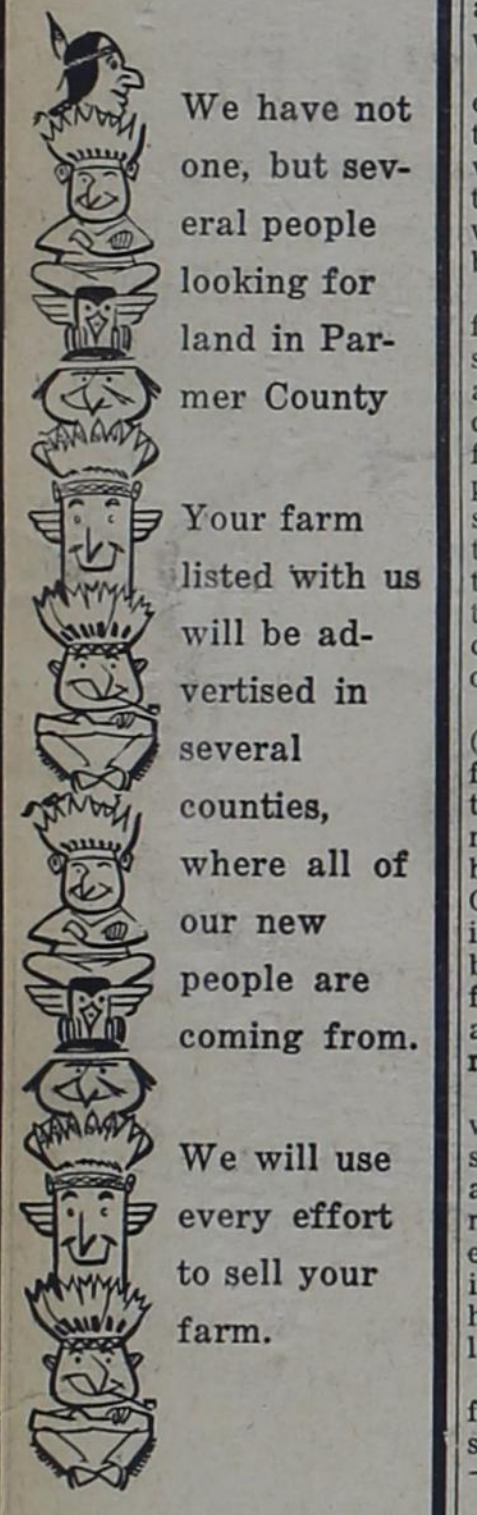

Corn, where irrigation water has been sufficient, is holding up very well in spite of the lengthy dry spell, and prospects continue good for that crop. Corn ear worms have not been as bad as some anticipated.

Bleeding from a vein or an artery may be recognized by the dark color from the vein, the bright red spurting flow from an artery.

Onion Deal Nears Windup In Parmer County Area

Some Parmer County farmers who have pioneered onion growing on a big scale in the area can finally see "daylight" this week on the 1957 onion deal. Although their fortunes have had some ups and downs, it can be considered a successful year for them.

Euvon and J. T. Ford and sons plunged into the business this year with 80 acres of onions, knowing that they had some obstacles to overcome. Good prices last year meant plenty of competition at the market place, and there's no more unwanted commodity than onions in surplus.

They saw some of their crop hit \$2.80 a sack this year, and also saw some of it selling for \$1 a sack just last week. It has been an erratic year.

Right now, the Fords are winding up operations east of Farwell, harvesting 28 acres on Burl's place. Prospects for high tonnage are good, since the last 15 acres taken from J. T.'s farm yielded over 900 sacks per acre.

The market is showing some improvement, too, and this week, onions were moving at about \$1.35 a sack. J. T. says big tonnage makes the difference in profits on a fairly cheap market. Processing is costing 68 cents a bag now, which leaves the producer 67 cents a bag gross profit.

The rain over the weekend caught 11,000 sacks of onions on the ground, and it will be a day or two before they can be hauled to market because of drying requirement. These are sweet Spanish onions, and from 80 to 85 percent will grade "jumbos," says J. T.

On the sweet Spanish crop, Ford is grossing (after processing) about \$600 per acre, and says his production costs amount to \$125 an acre. That is leaving a fairly respectable profit.

Since about 40,000 sacks have yet to be marketed, it's too early to count money in the bank, but the Fords are anticipating an average per-acre profit of \$400 for their 80 acres of onions.

They emphasize that volume helped them to do that well in spite of this being a "rough" year.

We buy, sell, trade . . . Used Furniture & Antiques **PETE'S TRADING POST** 108 Main Street Ph. 5252 Clovis

Just before loading, the sacked onions present an unusual appearance as they sit in symmetric rows awaiting transportation to the marketplace. These onions are the wind-up of the 80-acre harvest on the Euvon and J. T. Ford and sons farms east of Farwell.

It had been planned to follow through with carrots on the onion land, but because of delay in harvesting, and a lagging market, there won't be time to work the carrots in this year, and that has been given up.

"But we're ready to get back into the onion business again next year," says J. T. "We plan to have our land ready to go so we can get started about February."

J. T., Doyle and Burl all expect to plant about 50 acres of onions next year.

At one time much earlier in the season, J. T. had been offered \$750 an acre for onions in the field, which he turned down. At the time, heavy rains in North Texas were making the High Plains onion prospects look very good.

He says he would have made more money if he had taken the offer, but at the time the outlook was so good it appeared to be a risk worth taking. He isn't bitter about his decision.

Chemical treatment of lumber is advised by Extension Farm Forester C. W. Simmons as a means of controlling termites and rot and retarding fires in homes and other farm buildings.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

A new angle to the chain letter idea is being circulated. This one we really like. Of course, it had the usual notation, "This is not a chain letter because no money is involved" attached to it, but the contents of it proved very interesting.

Instead of sending money, hankies, aprons, pot holders, or other articles, the gimmick was recipes. Surely would be interesting to whom a copy is sent would send recipes to the person whose name is on the top of the list and just keep the thing going.

We are using our first "chain letter" recipe this week. It was sent to Mrs. A. R. McCown at Erick, Okla., from a former neighbor of hers at Denver. The title of it is "Crazy Chocolate Cake" and after you read the recipe, you will surely agree that it sounds that way.

Crazy Chocolate Cake
1 1/2 cups all purpose flour
1 cup sugar
3 tablespoons cocoa
1/2 teaspoon salt
1 teaspoon soda
6 tablespoons melted shortening or salad oil
1 tablespoon vinegar
1 teaspoon vanilla
1 cup cold water

Sift flour, then measure and sift again with sugar, cocoa, soda, and salt into an ungreased 10 inch baking pan. Make three depressions. Into one hole put vinegar. In the second hole put shortening or salad oil. Put vanilla into the third hole and pour water over the entire mixture. Mix with a fork. Do not beat. Bake in the same pan used for mixing in a 350 degree oven until thoroughly cooked. Cool in the pan and then ice. The cake is very soft, so should be iced and served in the same pan it was baked in.

Who ever heard of a chocolate cake with no milk, no eggs, and mixed, baked and served in the same pan? Several persons with whom we are acquainted vouch for its goodness, so we plan to try it real soon.

One product that we have been reading about that we surely intend to keep on our shelves as soon as it is available is minced onion. There is no more delightful flavor that can be used in so many different ways. Just imagine having onions ready to add to meats or vegetables without having to peel or dice them.

When minced onion is available everywhere, there surely will be a lot of meals prepared without nearly as many tears as we shed when preparing onions for different things now.

The beef growers are actively campaigning for more beef to be eaten, so maybe Parmer County homemakers should begin doing the same thing for the promotion of carrot sales. If Mrs. Hardy May, Mrs. Bob Jones, and Mrs. Kenneth Neill read this column, maybe they will take the hint.

One recipe that could be printed in a leaflet promoting the consumption of more carrots was given to us this morning by Mrs. Rene Snead. Her husband doesn't grow carrots and we don't know where she got the recipe, but since she also gave us a sample of the cookies, we know it is good.

Carrot Cookies
1/2 cup shortening
1 cup sugar
1 egg unbeaten
1 teaspoon lemon extract
1/2 cup finely shredded carrots
1/2 cup raisins
2 cups flour
2 teaspoons baking powder
1/2 teaspoon salt

Cream sugar and shortening. Beat in egg and lemon extract. Stir in carrots and raisins, then sifted dry ingredients. Drop by teaspoonfuls onto greased baking sheet or roll into small balls. Bake 400 degrees 10 to 12 minutes.

Most homemakers we know use card files and cards for their recipes. The idea is very good and makes keeping up with them much more simple. If you use the card system and have trouble with drops of water, milk, or other liquid collecting on the cards when they are out of the file, just go to any five and ten cent store and buy cellophane covers for the cards. This idea makes your file much neater and does away with having smears make the instructions illegible.

There are 80 small islands in the Aleutian chain.

Corn, Sunflowers Studied At Station

The idea here is to "top" the onion by slicing off the green shoots, and drop it into the basket. Then the basket is dumped into burlap bags.

One hundred varieties and strains of corn have been planted in observation test plots at the High Plains Station at Halfway. These varieties are in tests of 25 with 2-row plots 22 feet long. Each plot is repeated four times. The varieties and strain include both white and yellow hybrids, supplied by Extension farms, plant breeders, and the Texas Research Foundation at Renner.

A breeding and cultural study of sunflowers has been conducted at the Texas Research Foundation during the past nine years by Dr. Earl Collier and his staff. The objective of the breeding program has been to develop high yielding varieties adapted to mechanization from planting through combine harvesting.

Several experimental varieties have been developed which meet the general requirements of a commercial crop. The plantings at the station at Halfway include many of the strains developed at Renner.

Water will boil at less than 212 degrees F. at high altitudes because of the reduced atmospheric pressure.

Organize Certified Growers

Fourteen Parmer County farmers have banded together to grow, boost, and plant certified seed in the Parmer County area. Their title—Parmer County Certified Seed Growers Association.

The organization was formed at Bovina in a recent meeting. They elected Trutt Johnson of Friona president, who has for several years produced planting seed on his farm about five miles south of Friona.

Other officers are Glenn Phillips of Farwell, vice-president; County Agent Joe Jones, secretary; and F. W. Holcomb of Friona, treasurer. A committee set up at the organizational meeting to advertise the work of the organization includes Harold Lillard of Friona, chairman; and Harold Joe Wells, Bob Jones, and Steve Bavousett.

Members besides officers are Charles Seale of Farwell, and Nelson Welch, Wayne Gouth, Walter Reithmayer, Weldon Minchew, Eugene Boggess, and Doyle Shearer, all of Friona.

Purpose of the association, according to Johnson, is to promote cooperation with the Texas Experiment Stations and build an area noted for producing good quality seed. Better marketing is another aim of the group, through joint effort of the association.

"Parmer County is a good place for producing certified seed," Agronomist Jack King of the Lubbock station tells the group. "This area has about the best potential of any county in the Southwest for growing good seed and building a reputation for good seed production."

The organization sponsored a roving school Friday at the Wayne Goss farm, attended by about 15 area farmers. Plans for a county field day, including a tour of seed growing farms, are in the making. Seed buyers over the nation are to be invited, Johnson says.

CAREERS IN NURSING

The Texas State Committee on Careers in Nursing wishes to announce vacancies still exist in the September classes of professional schools of nursing in Texas.

The nurse of today goes everywhere. She is in the hospital, in the home, in schools, in industry, in Public Health agencies, and in the Military nursing service, both in this country and abroad. The nurse has become an important part of the health team as it strives to protect and improve the health of the community, state, country and world.

Men and women interested in a career in nursing may write for information to the Texas State Committee on Careers in Nursing, c/o your local Postmaster. It is suggested that those who desire to enter a nursing school in September indicate same on their request for information.

In medieval times the age of consent for a girl was 12.

Charles Ray, young farmer, helps his dad with the annual chore of turning under wheat stubble. Parmer County wheat stubble has been especially bulky this year, following generally good yields. The farm is northwest of Friona.

THE PARMER FARMER

By LELAND BOYD

is about four miles west of Friona, the other night and learned he has been doing the same thing for the past four years. Shirley Smith, who operates a ranch about 12 miles northwest of Bovina, says last week's rain hit his place pretty good. About two inches fell on the east portion of his section. Nearly four inches fell on the western portion.

He wasn't sure all of four inches fell on the western part because "the gauge had a bunch of bugs in it, and made guesswork out of telling exactly how much fell."

There was enough to make the pastures look like a sheet of water, and seven water gaps were washed out from his place on Frio Draw, he said.

L. C. Johnson, Porter McGee and Leo Ruzicka had a good aerial view of their places and the surrounding area Saturday. Elvie Jennings of Benger Air Park took them flying over their places. This wasn't the first time for either of the three, but they agreed that it was a thrill.

A machinery inventory of a typical dryland farmer on the High Plains includes the following: two tractors, one pickup, three trailers, two knifing sleds, one rotary-hoe, one stalk cutter, one sand fighter, and one-half a combine, according to a survey taken by the Texas Agricultural Experiment Station.

The average age of the equipment is four to six years, and the average life expectancy is from 10 to 12 years, six years more. This means that by 1962 or 1963 most of the equipment will need to be replaced, requiring an approximate outlay

of \$12,700 within this period, or about \$2,500 a year. Parmer County still has a few scattered dry-land farmers, but if weather conditions do not become more favorable, there's still a rough road ahead for those that are left.

My, the rains are wonderful! And they have come at the right time, too. Well, really they could have come earlier, but then, should we complain?

There certainly is a difference in the amount of slope a crop can be successfully irrigated on, and the type of soil seems to make more difference than anything. The tight lands in the northern two-thirds of Parmer County are very fertile, and can really "put a crop on" under ideal conditions. However, in many cases the tight soil, coupled with a low organic matter content and a sloping field, makes it very difficult to get enough irrigation water into the soil to do the crops enough good. That's one of the basic reasons for our excess runoff water.

Boy 4-H Clubbers Now At Camp

Parmer County 4-H Club boys braved prospects for rainy camp-out weather Monday morning, as they "saddled up" at the courthouse and made off for the New Mexico mountains. It was raining here intermittently, and chances appeared good for a wet trip — perhaps as wet as the one they made last year. This year, as in 1956, the boys will be camping out near Cowles, on the upper Pecos River.

They will be back this weekend. Leaders making the trip include Dee Chitwood, Nelson Foster, John Getz, J. T. Jones, James Mabry, Earl Stevenson, Gilbert Watkins, J. B. Young, Bernard Nelson, Dee Brown, and County Agent Joe Jones.

Here are the boys making the trip: BLACK — Maynard Greeson, Tommy Lee Tatum.

BOVINA — Julian Ray Berry, Joe Jones, Tally Don Kelson, Jerry Lorenz, David Lowrie, Gary Stevenson, Ronnie Sud-

derth. FARWELL — Charles Carthel, Robert Carthel, Mike Carthel, Frankie Coffman, Benji Dial, Dickie Gerles, Jerald Guber, Roy Hammonds, Errol Johnson, Marshall Lee, Jerry Lovelace, Leon Lovelace, Michael Nelson, Bill Owen, Kenny Smith, Murrell Smith, Scotty Ray Turner, David Watkins, Jackie Williams, Mike Getz, Dale Gober.

FRIONA — Mike Ellis, Johnny Mabry, Weldon Massey, Dewain Phipps, Larry Van Potts, Charles Ray, Pete Carter.

LAZBUDDIE — John Agee, Odus Neal Bradshaw, Gary Mac Brown, James Brown, Richard Chitwood, Bobby Daniel, Daryl Foster, Gary Foster, Gerald Foster, Billy Hardage, Glendale King, Ronald Ben Scott, Cooper Young, Steven Young.

Delaware is sometimes called the Diamond State.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

August 15 is the date of the Annual ASC cotton meeting...

The future for cotton producers looks much better than it did a year or so ago...

On a more local basis, many farmers have wondered why cotton acreages could not be pre-measured...

The State Convention will be held at the Adolphus Hotel in Dallas, beginning on November 17.

CONSIDER THIS: Whoso causeth the righteous to go astray in an evil way...

Insects comprise the largest group of all living creatures.

Dr. B. R. Putman OPTOMETRIST

Muleshoe, Texas

Renner, Mingus Find Price Weak For Cabbage Crop

Twenty-one acres of plump cabbages are being cut by two farmers south of Friona...

Raising the cabbage this year (their first try at cabbage) are John Renner and Glen Mingus...

They are making the first of what will probably be three cuttings this summer...

Cabbage has seen better days on the Plains. Prices often run \$50 a ton...

Renner and Mingus planted the cabbage April 25. Maturity is usually expected within 74 days...

The farmers say cabbage isn't especially hard to grow, although dusting for insects...

The men's investment in the crop will run around \$135 to \$140 acre they say...

But, as often occurs in vegetable markets, the price is down.

There's no shortage of material for cole slaw on the farms of John Renner and Glen Mingus south of Friona...

Laborers pick the nicest heads as they stride down the rows, deftly slice them off at the bottom...

Thirty-Four Girls Have 4-H Camp

A highlight of the past week-end for members of Farmer County Girls 4-H clubs...

The delegation from Lazbudie was in charge of registration for the weekend's festivities...

Craft was planned for the first afternoon also, with girls completing key rings and coin purses of leather...

Nine girls were in charge of the recreation from 4:30 to 5:30 that evening...

The second day of the camp began at 7:30 in the morning, with a well-rounded breakfast...

Sign-Up Begins Aug. 26

Farmer County farmers may sign up for the 1958 wheat acreage reserve under the soil bank program...

The county manager received instructions on the sign-up program via a telegram from the state department of agriculture...

He said that there would be a maximum payment of \$3,000 per farmer and that the payment in Farmer County will be \$20.32 per acre on irrigated wheat and \$9.31 on dryland.

Alfalfa is native to Asia, did not reach this country until 1850.

Inspiration for the Bloomer Girls was Mrs. Amelia Jenks Bloomer, 19th century advocate of abolition, temperance, and women's rights.

The term bluestocking to describe a learned woman was first used in Boswell's 'Life of Johnson.'

Elevator Being Built At Lariat

A 1,300,000 bushel expansion program is underway at the Sherley-Anderson Grain Co., Lariat. Work on the 21 new concrete tanks started two weeks ago...

Chalmers and Borton of Hutchinson, Kans., are the contractors and it is hoped the project will be completed by October 20, says Penny Anderson, company representative.

It is the largest single expansion project ever undertaken by the firm, which also has elevators in Farwell, Bovina, Summerfield, and Hereford. When completed it will give the company 6,830,000 bushels of storage at its three elevators in Farmer County.

Though the automobile today is the principal means of travel in Bermuda, there are still the horse-drawn carriages which carry tourists between Ye Olde Towne of St. George and the 'new' city of Hamilton...

Girls Attending Band Camp

Three girls from Bovina left Sunday morning for Canyon where they will attend a two-week band camp at West Texas State College.

Attending the camp are Marilyn Brandon, daughter of Mr. and Mrs. C. R. Brandon; Verna Marie Estes, daughter of Mr. and Mrs. Vernon Estes; and Charlotte Hromas, daughter of Mr. and Mrs. Arnold Hromas. The three girls will spend the two weeks attending classes in musical instruction and Miss Estes will also study twirling. She plays the oboe in Bovina Mustang band, Charlotte plays the bassoon and Marilyn plays the clarinet. They are living in Randall Hall.

Congratulations

A son, Richard Bruce, was born to Mr. and Mrs. Art Mast Sunday morning, in Farmer County Community Hospital in Friona. The new baby weighed 8 lbs., 11 ozs. Maternal grandparents are Mr. and Mrs. A. B. Wilkinson of Bovina. Paternal grandparents are Mr. and Mrs. G. B. Mast of Valley Center, Calif.

In Pesch Home

Visiting over the weekend in the home of Mr. and Mrs. L. H. Pesch was their son and family Mr. and Mrs. C. E. Stark and children of Lubbock.

Also arriving Sunday for an overnight visit were relatives from California, Mr. and Mrs. K. D. Stark of Riverside.

Bible Class Has Picnic Sunday

Members of Young Married Bible School Class of Bovina Church of Christ met Sunday afternoon in the city park for a wiener roast, games and visiting. Following the picnic, the group went to the home of Minister and Mrs. J. C. Hartsell for homemade ice cream.

"IF I BE LIFTED UP . . ."

Jn. 12:32

ESTABLISHMENT OF THE CHURCH

The proposition that the church was established on the day of Pentecost, 33 A. D., in the city of Jerusalem is before us. It is our intent to establish this proposition, not by "words of man's wisdom," but by the Word of God.

Contrary to the doctrine of many, the church was not an accident. It was, rather, the "eternal purpose" of God. (Eph. 3:10-11). Hence, the prophets of God looked down the corridors of time and saw its birth. In Isa. 2:2-3, the man of God establishes three items in connection with the birth of the church. First, it was to begin in the "last days." Second, its doors were to be opened to "all nations." Third, the "law" or "word of the Lord" was to go forth from Jerusalem. When we find the fulfillment of these three items of prophecy, we shall have found the day the church was established.

Notice in Luke 24:47 that Christ, after his death and resurrection, charged His apostles to preach the word of God among "all nations, beginning at Jerusalem." Indeed, we find in this a charge to fulfill the prophecy of Isaiah; to establish to "house of the God of Jacob," the church. Notice when these things were done. In Acts the second chapter we find the apostles: No. 1, in the right place—the city of Jerusalem. No. 2, it is the right time—"the last days." (Acts 2:15-17). No. 3, they were preaching for the first time the "word of the Lord" which reconciled "all nations" into one body, the

church. (See Acts 10; Eph. 2:11-22). Thus, according to Isaiah, the church was established on the day of Pentecost.

In Acts 11, the apostle Peter is rehearsing the conversion of Cornelius, a Gentile, with the brethren in Jerusalem. In Verse 15, Peter informs them that the Holy Spirit fell on them (Cornelius and his household), as it did on the apostles "at the BEGINNING." At the BEGINNING of what? What else but the church, the body in which both Jew and Gentile were made one new man. Hence, Peter said that the Holy Spirit fell on the apostles "at the beginning" of the church. If we want to know when the church began, we need but to find when the Holy Spirit fell on the apostles. In Acts 2:4 we learn that the Holy Spirit fell on the apostles on the day of Pentecost. Therefore, the church began on the day of Pentecost.

Let me say this also, before the day of Pentecost not one scripture can be produced which speaks of the church as being in existence. But, in Acts the second chapter and in verse 47 we find the church mentioned as being in existence for the first time in the sacred record. Furthermore, before the day of Pentecost all scriptures referring to the establishment of the church point forward. After the day of Pentecost the church is always referred to as being in existence.

J. C. Hartsell, Minister
Bovina Church of Christ.

WMU Has Social Tuesday Afternoon

Members of both circles of the Women's Missionary Union of First Baptist Church met Tuesday afternoon in the annex of the church for a social. These afternoons of visiting and games are held on each fifth Tuesday in the month.

Mrs. Ovid Lawlis was in charge of the devotional and reviewed the life of the Biblical woman, the wife of Lot.

Following the devotional, an hour of visiting and games was held and refreshments were served by Mrs. Bobby England and Mrs. Roy Fuller. They served chocolate cake and pink lemonade.

Those present were Mrs. Fuller, Mrs. England, Mrs. Lawlis, Mrs. R. N. Williford and Mrs. Leslie McCain.

To Be Released

Dee Ellison will be released from a Muleshoe hospital sometime this week. She underwent major surgery about two weeks ago and friends report that she is doing well. Anyone wishing to write her may address letters to Route 3, Muleshoe, in care of her mother, Mrs. S. T. Tipton.

Kerbys Return From Vacation

Mr. and Mrs. Al Kerby and children returned home Thursday from a vacation in New Mexico and Colorado. They left here Wednesday, July 24, and went to Albuquerque, N. M. where they were guests in the home of Mr. and Mrs. Dave McCurdy. They then went to Grants, N. M. and visited with Kerby's brother and family, Mr. and Mrs. Bill Kerby.

From there, they went to Ground Hog Lake, in Colorado, for fishing. They returned home through Pagosa Springs, Colo., Santa Fe and Las Vegas, N. M.

To Wedding

Mr. and Mrs. Joe M. Brown left Wednesday morning for Memphis, Tenn. to attend the wedding of their nephew, Morgan Thomas McReynolds, to Mary Florence White. The wedding will be Saturday and the local couple will return home the first of next week. The young couple will move to Bovina about the first of September. He will be affiliated with Joe M. Brown Gin.

Janie Alverson

Engagement Announced

Mr. and Mrs. H. W. Alverson of Fremont, Calif., have announced the engagement and approaching marriage of their daughter, Janie, to Glendon Sudderth, son of Mr. and Mrs. Billie Sudderth of Bovina. The wedding will be Saturday, August 17, in Fremont.

In Paetsch Home

Visiting in the home of Mr. and Mrs. Ed Paetsch are her nieces, Misses Judy and Sherri Smith of Wellington. The two young ladies arrived Sunday and plan to spend the rest of the summer here.

Also visiting in the Paetsch home recently were her sister and husband, Mr. and Mrs. C. C. Taylor, also of Wellington. The couple were weekend guests of the Paetschs with a brother and family, Mr. and Mrs. Bill Moore and daughter.

Mr. and Mrs. Bud Crump and family were Sunday dinner guests in the home of Mr. and Mrs. Billy Marshall and children.

Surprise Party For H. Hawkins

Harold Hawkins was honored with a surprise birthday party Monday evening of last week. The guests gathered in the yard of the Hawkins home for games and refreshments of cake and homemade ice cream. Later, the group gathered around the Hawkins' organ for a "song-fest."

Those present for the party were Mrs. Mary Ruth Martin and daughter, Sandra, Sandra Rhinehart, Kay Leake, Tom Ware, Mr. and Mrs. Roy Hawkins and Mr. and Mrs. Charles Hawkins and daughters, Janie and Darla.

Sunbeams Have Birthday Party

Members of the Sunbeams of First Baptist Church met Tuesday afternoon in the annex of the church for a regular meeting. They also helped Beth Hutto to celebrate her seventh birthday. Beth is the daughter of Mr. and Mrs. Eddie Hutto. Following the usual games, songs and story telling, Beth cut her surprise birthday cake and punch was served, with it, to the children. Leaders for the day were Mrs. Hutto and Mrs. Earl Dean Boyd.

Youngsters present were Beth, Roxie, Nancy and Twila Hutto, Dala and Gale Boyd, Carol and Debra Kirkpatrick, and Cirrissa England. Visitors were H. R. and Darlene Denney.

Ezells To Canada

Mr. and Mrs. Gene Ezell, Joan Kay and Roger, left this morning (Wednesday) on a tour of the northwestern United States and southern Canada. Going first to Los Angeles, Calif., the local family will then drive along the Pacific Coast, through Oregon and Washington. They then plan to enter British Columbia, Canada and head east. On their return home, they will tour Yellowstone National Park. The vacationers plan to be gone about 15 days.

Mr. and Mrs. Roy M. Crawford and family will leave the latter part of this week for Houston and Alvin. He will attend the state-wide summer conference for vocational agriculture teachers in Houston August 12-16. The family will also visit relatives in Alvin during the trip.

To Convention

Mr. and Mrs. Roy M. Crawford and family will leave the latter part of this week for Houston and Alvin. He will attend the state-wide summer conference for vocational agriculture teachers in Houston August 12-16. The family will also visit relatives in Alvin during the trip.

In Combs Home

Visiting last week in the home of Mr. and Mrs. J. O. Combs was their daughter-in-law and children, Mrs. Douglas Combs and Sherri, Dean and Kathy, of Roswell, N. M. They were joined by Douglas Combs last weekend and returned home Sunday.

To Abilene

Spending two days of last week in Abilene were Mr. and Mrs. Melvin Sudderth and family. They were making arrangements for entering college this fall at McMurry College. Mr. and Mrs. Sudderth plan to move to Abilene about the middle of this month.

Mr. and Mrs. Francis Chesbro and sons of Haskell, Okla. visited overnight Thursday in the home of Mr. and Mrs. Joe M. Brown. Chesbro is a nephew of Mrs. Brown.

In Edens Home

Guests in the home of Mr. and Mrs. Robert Edens recently were Mr. and Mrs. Tom Ogden and family of El Monte, Calif. The visitors were on their way to Oklahoma, where they will make their home.

Also visiting last weekend in the Edens home were Mr. and Mrs. Lovell Jackson and daughters of Morton.

Mr. and Mrs. Warren Morton and family, Danny and Janice, returned home a week ago Monday from a vacation in Colorado. They spent their week's vacation in Colorado Springs, Colo., and Estes Park, Colo.

Reception Planned For Stagners On 50th Anniversary

All friends of Mr. and Mrs. John H. Stagner of Clovis are invited to join the couple in celebrating their 50th wedding anniversary on Sunday, August 18, at their home at 1106 Main St.

An open house is planned from 2 o'clock until 5 o'clock

in the afternoon (Clovis time), and hosts and hostesses for the social occasion will be the children of the honored couple. They are Mrs. H. L. Tidenberg, J. L. Stagner, Jack M. Stagner and Mrs. Carroll McCleskey.

The Stagners are well-known in this area, having resided in Farmer County until 1940 when they moved to Clovis.

HD Club Plans Friday Picnic

Members of Bovina Good Neighbor Home Demonstration Club will meet Friday evening at the American Legion Hall for a picnic. The members and their families hold this picnic each August. Each family is asked to bring supper for their family, and all covered dishes will be spread together. Games of "42" will be played after the meal.

From Lubbock

Edmund Hobdy of Lubbock visited several days of last week in the home of his sister and family, Mr. and Mrs. Bill Lane and children. Hobdy is a former resident of Bovina, moving from here about two years ago.

Return From Trip

Mr. and Mrs. J. D. Stevens and children, Joe Don, James Early and Betteyae Mae, returned home, Thursday, July 25, from a week's vacation in East Texas and Arkansas. The local family went first to Dallas where they spent two days and then drove on to Johnstown and Clarksville to visit with friends and relatives. They were guests in the home of Stevens' cousins and families and visited with people he knew when he was a child.

From East Texas, the Stevens' family went to Ashdown, Ark., where they visited several days with former Bovina residents, Mr. and Mrs. Jim Ed Stover.

The local family returned home through Madill, Okla., where they visited with Mrs. Stevens' cousin and family, Mrs. Lavena James and children. Betteyae Mae stayed in Madill for a visit and will return home sometime this week.

Judy, was hostess, which was in honor of Miss Leslie Jane Fourmentin. Leslie is spending the summer here with her aunt and uncle, Mr. and Mrs. J. P. Macon.

The group of girls started the party with a swim at Muleshoe and a picnic supper at the park. They then went to the Roach home and spent the evening visiting, playing records and games.

Those present were Brenda Jones, Marilyn Turner, Penny Lloyd, Charlotte Hromas, Patricia Patton, the honoree and the hostess.

Party Held For Rhonda Barbee

Rhonda Barbee, two-year-old daughter of Mr. and Mrs. S. A. Barbee Jr., celebrated her birthday July 20 in the home of her paternal grandparents, Mr. and Mrs. Troy Armstrong of Bovina. The Barbrees live in Lubbock.

Present for the celebration were Rhonda's two great grandmothers, Mrs. J. Sam Gaines of Bovina and Mrs. John Buckner of Arch, N. M. Grandparents present were Mr. and Mrs. Guy Sanders of Arch, N. M. and Mr. and Mrs. Armstrong of Bovina.

Others present were Mrs. Pat Lawson and daughters, Becky and Debbie of Lubbock; Derry Sanders, Arch, N. M.; Mrs. Rick Adams, Paris; Mr. and Mrs. Neil Mager, Spokane, Wash.; Troy Armstrong Jr.; and Mr. and Mrs. Carl Rea and Duane of Bovina.

Visit Here From Odell

Visiting several days of last week in the home of Mr. and Mrs. E. H. Moody and family were Rev. and Mrs. Gene Hawkins and family of Odell. Rev. Hawkins is the son of the Roy Hawkinses and his wife is the daughter of Mr. and Mrs. Moody. The Odell guests arrived Thursday and returned home Saturday.

Mrs. J. W. Moody, mother of E. H. Moody, returned Thursday to her home in Dallas. She has spent the past two weeks visiting friends and relatives here.

Barbara Taylor Attends Band Camp

Barbara Taylor, daughter of Mr. and Mrs. Boye Taylor, returned home Monday, July 29, from Abilene. She had spent the previous two weeks at McMurry College, attending a band camp.

Barbara, who plays in the school band here, took private lessons in twirling.

While there, she was a guest in the home of her sister and husband, Mr. and Mrs. Bob Jackson, who brought her home and spent a few days visiting relatives here.

In Hospitals

Greg Hromas, son of Mr. and Mrs. Glenn Hromas, was admitted to Clovis Memorial Hospital Thursday suffering with a throat infection.

Also admitted Thursday to a Lubbock hospital was E. H. Moody.

Judy Roach Has Slumber Party

The home of Mr. and Mrs. James Roach was the site of a slumber party Tuesday evening of last week. Their daughter,
