On the Corner. "Where the People Trade"

Returns to Brady

Dr. W. L. Huckabay, a former well known Brady physician, who left here about thirteen years ago, has returned, and, with his family, is now domiciled in the C. W. L. Schaeg place, in the southern portion of the city.

Dr. Huckabay first came to Brady in 1897, and during the five years he spent here, he built up a very lucrative practice. Just prior to the advent of the railroad, he was stricken with the "western fever", however, and the past twelve years has been spent in search of a location which offered more advantages than did this section of the state. A year ago he located in Mason, but about the first of the present year, decided not to resist the impulse to return to Brady any longer, and now that he is here, announces that he expects to remain permanently.

He has established offices with Jones Drug Co. on the east side of the square, where he is meeting many old friends and making new ones.

Banks Show Business is Much Better Than Two Months Ago

Bank deposits show the condition of business, in a city or town, just as accurately as pulse beats indicate to a physician the security of his patient in time of crisis. No better indication that business in Brady is far and away better than it was two months ago can possibly be furnished than is found in the official reports of the two national banks of this city, published in The Standard of last Friday. Not only do the reports show these institutions in good prosperous condition, but the deposits of the banks show a most decided increase over the last statements. The Brady banks have about half a million dollars on deposit at this time, an actual increase of \$113,332.46 over those of two months ago. This is a very fine showing for the business interests and prosperity of this city and cannot but be most gratifying to the directors and officers of the banks themselves. As well as showing a great improvement in business it shows the people have more money to do business with.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

New Mail Box

Postmaster A. B. Reagan last week received a new mail box to replace the one in front of the Popular Dry Goods Co. store on the north side of the square, which was destroyed a few weeks ago when a team of horses ran away and collided with the box.

The new box is of extra capacity, being three or four times as large as the one it is to replace, and will amply accommodate the north side patrons. Delay in replacing the box has been caused by the fact that the first one ordered by Mr. Reagan was broken in shipment and was unfit for use when received.

The new box will be put up within the next few days. The same hours for collecting mail as were formerly in force will be observed.

Attention Notaries

Notaries public, and those desiring commissions for the same are notified to send their applications for appointment to County Clerk W. J. Yantis, without delay, so that he can furnish and forward the list in time to be in Austin not later than Feb. 15th.

"PEG O' MY HEART" COMEDY

Company Coming to Brady Opera House Soon

The successful comedy, "Peg O' My Heart," recently concluding its second year in New York, is said to be one of the prettiest and cleanest plays seen on the stage in years. The story concerns a young Irish-American girl who has been brought up in poverty and who is suddenly transplanted to the home of unknown and aristocratic relatives in England. Her unfamiliarity with the ways of high society gets her into all sorts of trouble and leads to numerous comic situations. There is an abundance of clever Irish wit and a beautiful love story. This company has been sent out by Mr. Morosco, who has taken great pains in selecting a cast that would in every way rival the one that captivated New York city.

The Black and Tan Minstrels are putting on a very acceptable show and will furnish a

BITTEN BY MAD DOG

Six Children in Dodge Community Taken to Pasteur Institute

Considerable excitement was occasioned in the Dodge settlement last Wednesday when a dog belonging to J. S. Garey suddenly developed a case of rabies, and before it could be killed, bit six children who were at play on the campus at the Dodge school house.

The six children who were bitten are: Jim, 12-year-old son of Mr. and Mrs. Dan Zimmerman, Doc and Kenneth, sons of Mr. and Mrs. J. S. Garey, Corner and Ernest, sons of Mr. and Mrs. J. S. Cathey, and Raymond, a son of Mr. and Mrs. Will Cathey. Most of the injuries sustained were on the arms and legs, but one of the children was bitten a number of times on the face, the flesh being painfully lacerated by the vicious animal.

The dog was killed and the head sent to Austin Thursday to the Pasteur institute for ex-

Taken to Temple.

"Uncle Joe" Elliott of Voca, accompanied by his son, E. H. Elliott, was here last Wednesday enroute to Temple, where he entered a hospital for treatment and possibly an operation.

Last summer Mr. Elliott suffered the loss of his left foot by amputation through a peculiar malady. He was taken to Temple for treatment, where surgeons told him that his only hope for relief was through amputation of the foot. The operation was performed, and although Mr. Elliott is past 70 years of age, his recovery was prompt and satisfactory. The hospital surgeons diagnosed his case as being clogging up of the veins and arteries of the foot, the malady being so uncommon that there is no known remedy other than the one resorted to.

A few weeks ago the other foot became affected in the same manner, and it is feared that a second amputation may become necessary. E. H. Elliott returned Sunday afternoon from Temple, and in conversation with a reporter for The Standard, stated his father would undergo treatment in an attempt to avoid amputation of the foot, but that the hospital authorities were of the opinion that an operation was unavoidable.

On account of his age, it is feared that Mr. Elliott will be unable to withstand the second operation, and his many Brady and McCulloch county friends trust that this may be avoided.

Mexican Arrested

City Marshal J. M. Anderson Saturday morning arrested Antonio Marceda and lodged him in the county jail on a charge of theft.

The Mexican, in company with several others of his race, went into Wilensky Bros.' dry goods store Saturday morning and asked to be shown some clothing. While being waited on Marceda is alleged to have stolen a pair of trousers which he passed on to one of his companions. The loss was discovered before the men left the store, and Marshal Anderson was immediately notified.

Marceda was arrested on the streets a few moments later and the trousers recovered.

BRADY, TEXAS, Jan. 19, 1915

It's Governor Ferguson today.

Mexico has a new president
this week.

Don't be a "Chink." Pay your
poll tax. For fear you forget it,
pay it today.

Reduce your cotton acreage
this year—and don't forget to
pay your poll tax.

The political pot is at the
boiling point in many Texas
cities just now. Somebody will
be kindling the fire in Brady
within a few days now.

There are one hundred silos
in San Saba county. The farm-
ers who have silos have saved
all of their feed crops and also
a great deal of what usually
goes to waste and are making
money fattening cattle on si-
lage. Next year there will be
more silos in that county.

Trade territory, that is the
surrounding farm country, is to
business what the heart valves,
arteries and blood vessels are
to the body, with the exception

the former may be decreased by
neglect or increased to furnish
richer returns. Extension of
trade territory needs planning
far ahead, and systematically.
The rewards are the year
around, but richest in the fall.
It not infrequently occurs that
one city saps the very life blood
from another before the latter
realizes what is happening. Ex-
tension of trade territory pays.
What can we do to extend that
of Brady, in order that business
may pay better next fall than
ever?

Colonel Joseph W. Allison of
Ennis, Texas, prominent cotton
seed oil man, who usually makes
his headquarters in that city,
is predicting that the high price
of wheat and the relative in-
crease in the price of corn will
result in a growing popularity
for cotton seed flour biscuits.
Its popularity, he says is grow-
ing in Belgium and other lands
where used and the cotton seed
flour is found just as palatable
and nutritious as wheat flour.
He predicts the time is coming
when the people of the South
will wake up to the fact."

Physiology is the art of the
study of the body. Anatomy
the dissecting of the same. The
art of "doing without" is the
key to the study of the finan-
cial condition. It is surprising how
the study of "doing without,"
adhered to, will show the stu-
dent how many of the things
deemed imperatively needed at
the moment, were never abso-
lutely necessary, but were either
gratification of a momentary
whim, or could be avoided. One
soon realizes that "the things
we think we need today, we find
we did not need, tomorrow."
Yet very many of us give little
or no thought to analyzing our
home business affairs in their
relation to income and outgo
until debt looms ahead like a
danger signal. As a matter of
fact the income of the coming
day has partly been mortgaged
in obligations of rent, light,
fuel, water, provisions, etc., be-
fore the wage earner has awak-
ened in the morning. It is re-
membering these things that
should cause heads of families
to use the yardstick of income
in measuring outgo, before en-
tering upon needless extrava-
gance or willful waste, thereby
hastening the evil days when
the worries of debt draw nigh.

PUNCTUATION

The Waco Morning News
says, under Houston date:
"The city attorney has recom-
mended that the city pay \$50 to
Miss Margaret Bosworth for
damages to her clothes when
she fell into an open ditch
where the city was grading,
and left uncovered over night."
Poor girl. What an unfortu-
nately embarrassing condition
that comma placed her in.

If a demonstration agent in
McCulloch county did nothing
more than to cause the girls of
this county to learn how to can
tomatoes and beans and put up
bottled cucumber pickles next
summer, he would pay the
county \$100 for \$1 on the in-
vestment.

MONEY-GETTING A DUTY.

The wealth of the United
States being \$3,402,477,000, the
per capita would be \$34.80. This
is a very high pro rata. The
situation is this: There are not
less than twenty million men
in the United States who are
after the dollar we want. Most
of us do not realize this. At
birth, so much time was given

each man, every minute of
which, after maturity, is worth
so much money. We call this
time life, or lifetime. So time
is the factor; life the limit.
In other words, when we ex-
change time for a dollar we
give so much life. When we
idly waste that much time we
not only waste a dollar, but ac-
tually throw away that much
life. Follow it a little further.
If time is money, and it takes
a fraction of life to get it, then
money is condensed life. Canned
life. In the scramble for dol-
lars, then, the fellow who gets
most has canned down not only
the essence of his own life, but
that of the fellows who care-
lessly waste their own life and
opportunities. While money-
getting is not the object of life,
it is a sacred duty every man
owes himself, his wife and his
children, and if one man has
more than another, honestly
gotten, it is simply because he
realized early what so many of
us awakened up to too late or
not at all. He is no wise to
blame, if honest, for our mis-
fortunes, but to be commended
for his thrift. This is a serious
way of looking at it, but comes
pretty near being a fact. Then,
let's all hustle for the dollar the
other fellow is after, realizing
that it is not only our privilege
but a sacred duty.

WISHED SHE COULD DIE

And Be Free From Her Troubles,
but Finds Better Way.

Columbia, Tenn.—"Many a time,"
says Mrs. Jessie Sharp, of this place,
"I wished I would die and be relieved
of my suffering from womanly troubles.
I could not get up, without pulling at
something to help me, and stayed in bed
most of the time. I could not do my
housework.

The least amount of work tired me
out. My head would swim, and I would
tremble for an hour or more. Finally,
I took Cardui, the woman's tonic, and I
am not bothered with pains any more,
and I don't have to go to bed. In fact,
I am sound and well of all my troubles."

Cardui goes to all the weak spots and
helps to make them strong. It acts with
nature—not against her. It is for the
tired, nervous, irritable women, who feel
as if everything were wrong, and need
something to quiet their nerves and
strengthen the worn-out system.

If you are a woman, suffering from any
of the numerous symptoms of womanly
trouble, take Cardui. It will help you.

The January term of county
court convened yesterday after-
noon at 1:30, with County Judge
John E. Brown presiding.

The criminal docket was tak-
en up and the case of George
Liverman, charged with carry-
ing a pistol, was the first to
go to trial. A verdict of guilty
was returned by the jury and
punishment assessed at a fine
of \$100.

The case of the State vs. J. F.
Tindel, aggravated assault, was
also disposed of yesterday af-
ternoon, the jury returning a
verdict in which the offense was
reduced to simple assault and
assessing the punishment at a
fine of \$10. Tindel acted as his
own attorney in the trial of the
case.

NERVOUS DYSPEPSIA, GAS OR INDIGESTION

"Pape's Diapepsin" Settles Sour,
Upset Stomachs in Five
Minutes.

Time it! Pape's Diapepsin
will digest anything you eat and
overcome a sour, gassy or out-
of-order stomach surely within
five minutes.

If your meals don't fit com-
fortably, or what you eat lies
like a lump of lead in your stom-
ach, or if you have heartburn,
that is a sign of indigestion.

Get from your pharmacist a
fifty-cent case of Pape's Dia-
pepsin and take a dose just as
soon as you can. There will be
no sour risings, no belching of
undigested food mixed with
acid, no stomach gas or heart-
burn, fullness or heavy feeling
in the stomach, nausea, debili-
tating headaches, dizziness or
intestinal griping. This will all
go, and, besides, there will be
no sour food left over in the
stomach to poison your breath
with nauseous odors.

Pape's Diapepsin is a certain
cure for out-of-order stomachs,
because it takes hold of your
food and digests it just the
same as if your stomach wasn't
there.

Relief in five minutes from
all stomach misery is waiting
for you at any drug store.

These large fifty-cent cases
contain enough "Pape's Diapep-
sin" to keep the entire family
free from indigestion for many
months. It belongs in your
home.

PERSONAL & LOCAL

W. M. Allen renewed again for The Standard.

R. P. Powell of Mercury was in town yesterday.

W. D. Peterson of Whiteland was in Brady yesterday.

Charlie Bratton was here yesterday from Rochelle.

Dr. R. A. Lindley made a business trip to Lometa yesterday.

Mr. and Mrs. Marion Deans of Voca were shopping in the city Saturday.

Wm. Turner, Camp San Saba ranchman, was here Saturday on business.

County Commissioner J. M. Carroll was in the city Saturday from the Lohn community.

Miss Rublee Thornton of San Saba is a guest this week of her cousin, Mrs. C. W. Clark.

C. R. Daniels of Waldrip was in town Saturday and while here renewed for The Standard.

J. H. Martin and son, Will, of Brownwood are here this week re-organizing the local Praetorian lodge.

Chas. Steelhammer, out on the Waldrip route, called and showed his subscription to The Standard up a year.

C. R. Simmons, proprietor of the Coleman Steam Laundry, was a guest last week of Mr. and Mrs. C. W. Clark.

O. E. Hurd of Rochelle was a Brady visitor yesterday and while here paid a pleasant call at The Standard office.

W. F. McCully of Brownwood spent Sunday and Monday in the city as guest of Mr. and Mrs. H. P. Roddie and family.

R. G. Prater of Brownwood spent Friday and Saturday in the city on business for the cotton firm of Crawford-Gosch.

Ed. Campbell is spending a few days here this week from his ranch near Fredonia looking after business interests.

Ed A. Campbell of Lohn was in Brady Saturday and among other business matters advanced his subscription to The Standard.

W. A. Weldon of Mercury was a business visitor to the city Saturday, and while here paid The Standard office a pleasant call.

J. V. Chandler was here Friday from Rochelle on business,

and while in the city called at The Standard office to advance his subscription another year.

Mr. and Mrs. Laurence Callihan and children returned Sunday from Tuskahoma, Okla., where they spent the past two weeks as guests of Mr. Callihan's parents.

W. M. Harris of Brady parted with a dollar yesterday rather than miss his twice-a-week visitor, The Standard. He says the dollar does not count but to miss his paper would.

Billie White came in Sunday morning from Mercersburg, Pa., where he has been a student in Mercersburg Academy, to spend a few days with his parents, Mr. and Mrs. J. H. White.

S. D. Hogan, who has been in very bad health for quite a while, arrived in Brady last Sunday on his way to the sanitarium at Temple, but finding his mother very sick when he arrived, he remained over for a few days. He left Friday morning on the 11 o'clock train for the sanitarium at Temple, for treatment. He was accompanied by his brother.

Arrested Friday

Jim Allen, well known in and around Brady, was arrested Friday afternoon by Sheriff J. C. Wall and Deputy John Martin and lodged in the county jail on a charge of bootlegging.

According to the officers, Allen had engaged in the booze peddling business on an extensive scale, having opened up his stock in his room at a local hotel and was enjoying a lucrative business when interfered with by Messrs. Wall and Martin.

When arrested, Allen was attempting to make his getaway and was telling some friends that he was going to the Pecos country.

One case was filed against him.

MOTHER! THE CHILD IS COSTIVE.

Look, Mother! If Tongue is Coated Give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally — look, mother; see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

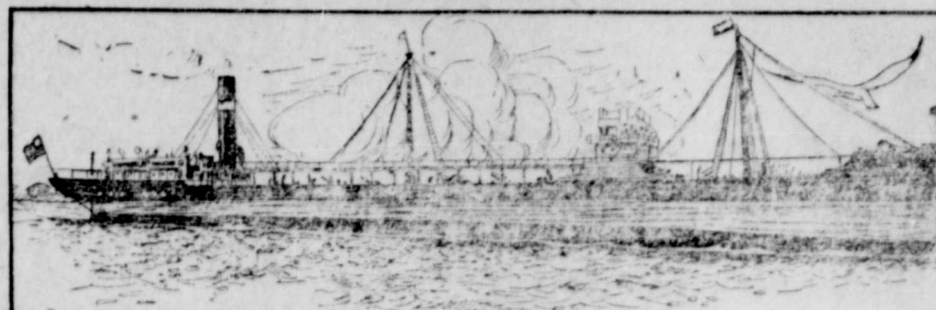

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

Old Gentleman's Lucky Find

A good story is told of an old gentleman, who was traveling along the highway, and happened to fall in with three young men. As the young men saw the old man approaching, one of them said: "Now, for a bit of fun. One of us will say, 'Good morning, Father Abraham,' another, 'Good morning, Father Isaac,' and the third, 'Good morning, Father Jacob.' This program was at once agreed to and was carried out to the letter. The old man eyed the young gentlemen critically, and replied in his quaint manner: "Gentlemen, I am neither Abraham, Isaac nor Jacob, but, am Saul, and was sent on the hunt of my father's asses, and lo, I have found all three of them."

Mrs. McClain's Experience With Croup.

"When my boy, Ray, was small he was subject to croup, and I was always alarmed at such times. Chamberlain's Cough Remedy proved far better than any other for this trouble. It always relieved him quickly. I am never without it in the house for I know it is a positive cure for croup," writes Mrs. W. R. McClain, Blairsville, Pa. For sale by all dealers. —Advertisement.

World-Wide Distribution of Oil Products From Texas

Since the war began papers and magazines of all kinds have been talking about the opportunities in the foreign field for goods made in the United States.

Texas is already sending products manufactured in this State over the whole world, and of these, oils made at Port Arthur and Dallas by The Texas Company go further afield and into more corners of the world than other manufactured products made in the State.

From Port Arthur and Galveston, stowed in the vessels belonging to The Texas Company, in ships chartered by them, or other vessels which load there, these oils go to China, India, South, East and West Africa, Australia, South America and Europe. In darkest Africa, the interior of India, and China, the trade-mark of The Texas Company is recognized as a mark of quality.

A large fleet of vessels is required to carry these oil products, and the fleet of The Texas Company, appropriately headed by the S. S. "TEXAS," flagship, illustrated above, represents an investment of many millions of dollars.

Wherever the Texas citizen may go the products manufactured by The Texas Company are apt to greet him, reminding him of home, and indicate to the natives, by their known quality, the greatness of the State and its manufactures.

Right in your own town you can secure the same high quality oils which have made The Texas Company famous in foreign fields. Try them, they are worth while.

EVER SALIVATED BY CALOMEL? HORRIBLE

Calomel is Quicksilver and Acts Like Dynamite on Your Liver

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

WOULD TAX NO BUILDINGS

Plan to Amend State Constitution to Change Tax Law

Encouraged by the success of the single tax idea as in operation in the city of Houston, J. J. Pastoriza has framed two joint resolutions to change by constitutional amendment the plan of taxation in Texas. These resolutions will be introduced at the present session of legislature. After reciting the advantages to Houston and the claim that the change will benefit the great majority of homestead owners in towns, since the improvement values exceed the land values, one of them, applying to cities, towns and villages, briefly stated, is as follows:

Be it Resolved, That Article VIII of the Constitution of the State of Texas be amended by adding thereto Section 21 to read as follows:

Section 21. Any municipal corporation in the State of Texas, by ordinance duly ratified by a majority of the qualified voters voting at any election, may exempt from taxation for municipal purposes personal property, buildings and other improvements on land, in whole or in part.

This would mean local option single land tax for cities, towns and villages:

The second proposed amendment applies to farm buildings and improvements, exemption from taxation and the taxing of vacant lands held for speculation at their true value, and is as follows:

Be it Resolved by the legisla-

ture of the State of Texas, That Article VIII of the Constitution of the State of Texas be amended by adding thereto Section 20 to read as follows:

Section 20. All building improvements and all other improvements, including fencing and the clearing of land and breaking and reducing same to cultivation lying outside of the boundaries of incorporated cities, towns and villages, shall be exempt from all taxation, and all such lands shall be valued for taxation, whether improved or not, according to the site or raw land value of the same, regardless of any improvements thereon.

The effect of the above would be absolute single land taxation on land values alone.

Ragged wounds are painful and cause much annoyance. If not kept clean they fester and become running sores. Ballard's Snow Liniment is an antiseptic, healing remedy for such cases. Apply it at night before going to bed and cover with a cotton cloth bandage. It heals in a few days. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists.

WARNS BUSINESS MEN.

E. R. Kone Points Out How to Increase Business Next Fall

Ed. R. Kone, state commissioner of agriculture, has issued most valuable suggestions to business men, in a bulletin entitled "Money Crops in Place of Cotton." In it he seems to have adopted the slogan, "The Lord helps those who help themselves," and he urges business men to unite. In brief and locally applied, his pleadings follow:

Business men of Brady can do a magnificent thing for the farmers of this section and at the same time not only hold, but increase their trade territory and incidentally do their own business much good, by aiding co-operative marketing of crops. Just now farmers are being urged to raise crops other than cotton. This does not mean no cotton, but that there will be no hope of profit in cotton except under greatly decreased acreage in 1916. Cotton marketing is easy. But markets for new crops must be found. To find these markets, if new crops are grown they must be grown in such acreage or bulk as to attract buyers, and to secure large acreage some sort of co-operation or agreement to grow acreage of specified crops best adapted to this section should be planned and carried out that not only the crops shall be here, but buyers at hand and the farmer find ready cash markets and profit in decreasing cotton acreage, so strenuously urged upon them.

This would seem to be work cut out for the public spirited Brady men who so successfully handled the Cotton Warehouse Law as to make Brady the first to take advantage of the plan, the urgent need of their services at this present moment being business systematizing of agreed acreage of two or more crops to be worked out to mutual profit, organization and markets. It should be remembered, if it is desired that other crops be had, the farmers who have cultivated cotton as their money crop have formed habits difficult to overcome, and that they can not overcome their methods and habits in a day or a month, any more than can a dry goods merchant become a hardware or furniture dealer in a week.

The State department of agriculture, Ed. R. Kone, commissioner, points all this out and calls on business men to unite. The department, with a view to suggesting practical money crops without large outlay, has divided the state into seven sections, the effort being to show crops best adapted to each section, soil and climate considered, McCulloch county, in this division of the state into sections, is classed as group No. 5, and the crops best adapted as money crops to supplement cotton are given as grain, sorghums for seed and feed, silage crops, Sudan for hay and seed, broom corn, melons, cowpeas, alfalfa and peanuts.

The utility and business advantage of agreeing on some other than cotton crop, co-operating with farmers, securing pledged acreage of two or more crops of some sort in bulk to attract buyers, the securing of this trade territory will mean much to merchants of Brady next fall, and will mean a great deal more to farmers.

To farmers, the commissioner offers "Money Crops in Place of Cotton" free of cost if they will write Ed. R. Kone, Commissioner of Agriculture, Austin, Texas, asking for it. For a man who owns and lives on an average farm of 50 acres in West

BRADY, TEXAS

Texas Mr. Kone advises the following plan:

25 acres grain sorghums, 10 acres fall oats, 5 acres cotton, 5 acres peanuts, 1 acre cowpeas, 1 acre sweet and Irish potatoes, 1 acre home garden.

Number of animals which should be kept in such farm: 3 work mares, 5 milch cows, 5 sows, 30 to 50 pigs, 100 laying hens.

For tenant farmer: 20 acres grain sorghum, 10 acres fall oats, 10 acres cotton, 5 acres Sudan grass, 1 acre sweet and Irish potatoes, 1 acre home garden, 2 acres peanuts, 1 acre cowpeas.

Number animals for tenant: 3 work mares, 1 or more milch cows, 2 sows, 10 to 30 pigs, 100 laying hens.

Following are his suggestions for growing such crops, where uninformal:

Grain sorghums for feed and seed.—Prepare land in fall, cultivate to keep down weeds and to absorb rainfall. Plant dwarf milo or feterita soon after April 1st, in rows 42 inches apart in the row. Cultivate well and in the same manner as for corn.

Peanuts.—Prepare as for corn. Plant Spanish variety on or after April 1 in rows 35 inches apart with plants 7 to 9 inches apart in the row, using 2 bushels of unhulled seed per acre. Plant by hand or by use of community planter, which can be jointly purchased for \$15.

Broom Corn.—Preparation of land and planting should be the same as for grain sorghums. Uniform stands produce uniform brush.

Cowpeas for Planting Seed.—Prepare as for corn. New Era, Groit and Whippoorwill are good varieties. Plant on or after April 1, in rows 36 inches apart with plants 3 inches apart in row. Cultivate as for

cotton; pick seed early, thresh with flail or jointly purchased pea huller, which can be bought for \$25.

Stock Melons.—Plant same as watermelons.

Sudan for Hay.—Prepare land as for corn. Plant soon after April 1, using corn planter with special plate (holes 1-16 inch), in rows 36 inches apart, using three pounds of seed per acre. Cultivate as for corn. Harvest when first in full head, for hay. If grown for seed, delay harvest until first seed begins to shatter. N. B.—Sudan grass seed is advertised in some newspapers at from 25 to 50c per pound. At this rate \$1.50 would seed an acre.

Silage Crops.—Prepare land as for corn. Plant soon after as for corn. Sumac or red top sorghum is the heaviest yielding silage crop, and is, therefore, recommended. Plant on or after April 1, in cultivated rows 3 1-2 feet apart, using 10 to 15 pounds per acre. Fertilize with equal mixture cotton seed meal and acid phosphate at the rate

of 300 pounds per acre.

In casting about for a system of farming that will yield greater profits farmers will find the raising of beef cattle and hogs to be among the most profitable they can engage in.

* Next to rice the potato is the most extensively grown and most valuable crop in the world. The warring nations grow about two-thirds of the world's supply. If the war continues it means that next year will see the smallest crop of potatoes that has been known for the past generation, with the highest prices known during the past twenty-five years.
