BIG BUSINESS.

Farming in McCulloch County On a Large Scale.

When the automobile first came into use, it was predicted that the faithful old horse would soon be relegated to the bone-yard—yet old Dobbin, and Jude and Beck as well, are still serving mankind as efficiently and faithfully as before. The reason for this is that as with any other invention, gasoline merely serves mankind to a greater advantage—it opens up newer and greater fields of work. The reaper and binder, when it supplanted the cradle and the scythe, did not take labor away from a number of farms hands, as it was at first thought might result, but it gave labor to a multitude more, because it enlarged the scope and magnitude of the labors.

Hence, gasoline is a welcome and appreciated addition to the servitors of man.

As an illustration of one of the many uses to which gasoline is being put in McCulloch county, it may be stated that outfits consisting of a gas engine and separator have been sold during the past three months to the following: J. H. and J. M. Smith, Melvin; J. R. Herd, of Doole, J. T. H. Miller, Brady; Gus and Robt. Carlson, Brady. Tractors have been sold to O. D. Mann, Brady; A. E. Helge, Brady. Threshing machine to W. T. Molloy, Eden.

All these sales were made through O. D. Mann & Sons of this city for the Case people by Ira Sewell of Coleman. Mr.

Sewell has been making his headquarters in Brady the past several months, and the above sales give an indication of the interest he has awakened among our citizens in his line of farm machinery.

Marriage Licenses Issued.

Permits to wed have been issued by County Clerk W. J. Yantis to the following couples since last report:

Ivey Young and Miss Ida Russell.

B. F. Worrick and Miss M. L. Keel.

J. G. Mooring and Mrs. Martha Aldora Mooring.

C. D. Hensley and Miss Margaret Reese.

C. D. Robertson and Miss Linnie Bingham.

Showing Civic Pride.

Again the people of Christ's Church west side of South Blackburn street have shown a pretty civic pride in their church property. Like a number of places on that street, a year ago it was overrun with grass and weeds. A new and inviting stretch of cement sidewalk having lately been put down, the weeds were about to take full possession of the boulevard and the grass and weeds surrounding the church was about to again hold sway. But all this has been remedied, the grass cut, and the last weed removed presenting a neat appearance that suggests that if the ditches and walks along the opposite side of the street had the same treatment, would vastly improve South Blackburn street.

ENTHUSIASTIC MEETING

BRADY LIVE WIRES DECIDE ON TRADE TRIP.

Route for 850 Miles Adopted at Mass Meeting—100 Citizens to Participate.

An enthusiastic meeting of Brady business and professional men was held last night at the court house for the purpose of beginning the active work in connection with the big booster excursion train which is to be run from this point to Galveston, Houston, Austin and other South Texas points about June 8th.

In attendance at the meeting were 35 or 40 of Brady's live-wires, all of whom seemed of one accord in the matter of sending out this special train to show to the people of the southern part of the state the golden opportunities offered them in the Great McCulloch country.

The meeting was called to order by W. D. Crothers, after which Judge F. M. Newman was chosen as chairman and S. M. Richardson secretary.

R. W. Lee was called upon to state the object of the meeting, and responded briefly by giving an outline of the proposed trip, the individual cost of same and the immense amount of good which would accrue to this section of the state as a result of such a trip.

County Superintendent E. L. White made an excellent talk in favor of the excursion, and showed the advantages to be derived by the school interests of the county, as well as the agricultural and commercial industries, as a result of such a trip.

Rousing and enthusiastic speeches were made by Judge Harvey Walker, Postmaster A. B. Reagan, Jack Savage, R. G. Prater and others, after which a motion was made and carried providing for the appointment of a committee of three whose duties are to formulate a contract and circulate same among the citizens of the town and county for signatures of those who will make the trip. The chairman announced the appointment of Messrs. R. W. Lee, E. L. White and S. M. Richardson to constitute this committee.

Of the three itineraries pro-

posed by the committee, the meeting voted unanimously to adopt the third. This trip totals 850 miles Brady to Galveston and return, stopping at the following named towns: Alvin, Houston, Rosenberg, Sealy, Bellville, Brenham, Somerville, Caldwell, Cameron, Rogers, Temple via Santa Fe. Transfer to H. T. C. at Brenham, thence to Giddings, Elgin and Austin. Transfer to I. & G. N. to Round Rock, Taylor, Thrall. Transfer to M., K. & T. to Granger, Bartlett, Holland, Temple. Transfer to Santa Fe to Belton, Copperas Cove, Killeen, Lampasas, Lometa and Brady. This is a four-day trip, making all night stops at Houston, thirteen hours in Galveston, all night stop in Austin, two hours at Thrall oil fields, two hours at Temple and 50 minutes in the smaller towns visited. The fare, including Pullman accommodations for the entire trip, is \$18.50.

The arrangement committee has established headquarters at the Commercial National bank, and requests that all who can make the trip call at the bank and register their names with S. S. Graham. On account of the limited time in which to make the necessary arrangements, the committee requests that all names be in by next Saturday afternoon at 4:00 o'clock.

Birth Report.

The following births during the month of April have been reported to County Clerk W. J. Yantis:

Joe Stewart and wife, Leaday, April 1; boy.

J. M. Jennings and wife of Doole, April 4; girl.

Gus Herberg and wife, Stacy, April 22; boy.

Edward Hamone and wife of Leaday, April 24; a girl.

G. A. Jones and wife, Doole, April 23; girl.

Coming to Summer Normal.

The inquiries received by those in charge of the Summer Normal at Brownwood indicate that this will be one of the largest normals in point of attendance ever held in this section of the State. Teachers from every county surrounding Brownwood are writing inquiring about the Normal. Conductor T. H. Hart of Brownwood requests that all who desire information concerning the Normal or a boarding place, write him at once.

Died in Michigan.

Word was received here Sunday of the death of Henry Tipton of Menard, which occurred Saturday at the Battle Creek Sanitarium in Battle Creek, Michigan, to which place he was taken several weeks ago for treatment.

Death was due to Bright's disease, from which Mr. Tipton had been a sufferer for a number of years. Arrangements for the funeral are not known here.

Don't miss the performance by the Brady High School Dramatic club at the opera house tomorrow night.

When you want anything in the feed line just ring 295. We'll do the rest. Macy Grain Co.

We can absolutely sell you a buggy cheaper than you thought you could get one. O. D. Mann & Sons.

John Armstrong is here from Fort Worth, where he is now located, shaking hands with his many Brady and McCulloch county friends.

Capt. and Mrs. H. W. McGhee returned this morning from a visit of a few days with friends in Brownwood.

TO BEGIN REVIVAL.

Methodists Will Open Series of Meetings Friday Night.

The big revival meeting at the Methodist tabernacle will begin Friday night, with Rev. Dow W. Beene in charge. The meeting will continue for an indefinite period, or so long as the interest manifested will justify its continuance.

Rev. Mr. Beene is an excellent revival speaker, has been eminently successful in this field of work the past few years, and the members of the local congregation are looking forward to one of the best series of meetings in the history of the church.

The co-operation of all the churches of the city is asked, and a special invitation extended to the singers to assist in the meeting.

To the Public.

Mrs. M. J. Moore will close her store the 5th of June, and wants all her friends and customers to come and get hats. She has in a new stock to select from, and will sell them right. So come early and get new hats.

BRADY, TEXAS, May 18, 1915

PAYING THE PENALTY.

Just as surely as a man takes the wrong track he will have to pay the penalty. That is Biblical information; likewise it is every-day experience.

What has been the penalty of the credit system in the South?

Read the following experience of a McCulloch county citizen.

This citizen, while on a trip up north became very much impressed with a silage cutter he saw there. After his return home he wrote a friend in the northern city and requested that he go to the manufacturer and purchase the silage cutter and have it shipped to him at Brady. The friend sought the machine for something like \$175, but when he gave instructions to have it shipped to McCulloch county, Texas, he was informed that Texas was outside their territory, and he was referred to the Kansas City branch of the firm.

Our McCulloch county citizen then took up the matter with the Kansas City house. What was the difference? They merely asked somewhere in the neighborhood of \$250 for the identical piece of machinery. Think of that! A penalty of nearly 50 per cent levied against the South. Of course, some will argue that the freight rate made a difference—and it did—but not a difference of \$75 on an original cost of \$175.

This story merely illustrates the hardship placed upon the merchant in the South, and in turn upon the citizen of the South, just because the South is upon a credit basis. Credit is an unstable basis—it must be so recognized by everyone—it is so recognized and rated by the northern manufacturers. Just so long as the South persists in maintaining the credit standard—just that long will it pay the penalty—just that long will they handicap their merchants and themselves.

Reflect upon this, and if you would be a true patriot of the South, then help to place the South upon a cash basis—it's the solid rock foundation of prosperity, better business and a greater country.

And another thing, BUY AT HOME. Give your home merchant an opportunity to serve you. Remember the handicaps that he is laboring under—handicaps that, perhaps, you were partly to blame for. Remember, he, too, wants to see a better and more prosperous

South, and that he will co-operate with you toward that end. Next issue we will take up the matter of National Advertised goods—the protection they afford the purchaser—the danger of non-advertised goods, and other matters of universal interest.

LAWS THAT ARE WRITTEN

If a man steals a cow pony worth \$20.00, or even a razor-back shoat worth \$5.00, if he happens to be a poor white man, a Mexican or a negro, and if the fact of the theft is proven in court, or even if the circumstantial evidence is rather against him, that man is reasonably sure of a term of two to five years in the Texas penitentiary. But if he steals an automobile, that may be worth thousands of dollars, his offense is only a misdemeanor. There are some laws that should be amended and materially—the law in the instance here outlined notably.—Waco Tribune.

And, too, had you ever thought about it? A man steals a yearling, and is caught. He

collection.—Ft. Worth Record. As this editor wants to be a "perfect gentleman, correctly dressed", we are now seeking to obtain the 148 dollar requisite. In case of failure to do so, we will, nevertheless, be a "model man". A "Model", as we understand it, is an imitation of the real article—a miniature reproduction. So, as before stated, we are nevertheless going to be a man. A "model", as we understand it, is an imitation of the real article.—P. S.—We have the 85c.

What has become of the citizen who, just a few months ago, saw the entire U. S. ruined because of the European war? We saw him on the street corner the other day jingling more coin than he had seen in a year, and taking the advantages of living in a peaceful and prosperous country.

SENIOR EDITION.

A Coupon Book Saves Time and Money

WHEN YOU BUY ICE FROM US. ASK OUR DRIVER.

When the weather gets hot you want your ice early. The coupon system saves time for the driver, which enables him to make deliveries earlier, is less annoyance to you, and saves you money besides.

Mann Bros. Ice Co.

gets 10 years, most likely. A man kills another, and he comes scot free! But then, as one Brady citizen very aptly elucidates, there is no chance to plead the "unwritten law" in the case of the yearling.

A PERFECT GENTLEMAN.

Forget the war in Europe. Forget the war in Mexico. Forget the insurance war of the politicians at Austin. Forget the mosquito and the chiger, strive to be a perfect gentleman. To be a perfect gentleman one must be correctly dressed. This summer it is going to cost him \$148.

This is the estimate placed on the perfectly correct gentleman's outfit—only one, at that—by John Spann, secretary of the central organization of arbiters of the Merchant Tailors' association. Here is the list:

Suit, \$75; shirt, \$12; neckwear, \$4; underwear, \$12; socks, \$2; shoes—buckskin—\$18!!!; walking stick, \$10; hat, of sea grass, \$18.

Silk is the predominant feature of the outfit, Spann said. The shirt will have a soft roll collar, worn just low enough to reveal—in a perfectly nice manner—the contour and complexion of the shoulder. Of course, cheaper outfits can be secured—say, about \$23.85—but the above is the correct

complimentary mention upon all hands, and is a distinct credit to its producers, and its general excellence would give rise to the opinion that the Seniors can boast of journalists of future great renown.

Especially comment-worthy is the work of Editor-in-Chief W. A. Shropshire, who develops a vein of wit and humor in his writings that rank quite with those of Claude Callan or Jud

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for special instructions on your case and 64 page book, "Home Treatment for Women," in plain wrapper. N.C. 181

CLASSIFIED ADS

SOLD BY ALL DRUGGISTS EVERYWHERE

A Correction.

In reporting the death of Lee Jordan in last Tuesday's issue of The Standard, several statements were made which later proved to be erroneous, and in justice to all parties concerned the following letter from W. D. Jordan, a brother of the deceased, is reproduced in full:

"It is to be regretted that when Dr. Barton had the correction made about the doctors probing for the bullet in the case of my brother, Lee Jordan, that he didn't call attention to the two other errors, one of much importance. First, you stated that his parents heard him come in about 10:00 o'clock. He was not heard to come in at all. Second—and of much consequence—you stated that the act was caused by a disappointment in a love affair. This is very misleading. However, we understand perfectly that the error was unintentional on your part, and that you gave the news just as you received it, but we feel that we owe the correction to the young lady whom he had gone with and to her family, and for the vindication of Lee himself, because the young lady is very much grieved by the newspaper report, as she and Lee were still good friends, and, furthermore, no one in this world really knows the cause. It will always remain a mystery.

"At this time there are at least a dozen rumors of the cause—all different.

"They are all suppositions and conclusions quickly drawn out, and we feel that a correction of this statement would be very much in order.

"You have the thanks of both her family and ours, also the entire community for a correction of this."

It is never the intention of The Standard to say anything in its news or editorial columns that will wound the feelings of anyone, and in the report of this case we merely published the facts as they were given us by those whom we thought were in position to know the circumstances surrounding the sad affair.

Space is gladly given to the letter from Mr. Jordan in order that the true facts may be known.

S. W. Colton returned last week from St. Louis, where he had been spending the past three months, and his many friends are pleased to know that

TEXACO

How much can we save you?

SOUTHWESTERN PORTLAND CEMENT COMPANY

MEMBER ALL BUSINESS ORGANIZATIONS IN THE STATE

El Paso, Texas, August 12th, 1914.

Mr. A. F. Fegan,
c/o The Texas Company,
El Paso, Texas.
Dear Sir:

Confirming conversation with you regarding use of "Crater compound" on our kiln gears, beg to say that for two years we tried to lubricate them with your and other black oils without much success.

At that time, two years ago, you put in your "Crater" and I doubted the advisability of attempting to run the main girth gear any longer, but am pleased to say that the wear was stopped almost completely by the use of "Crater". The same gears are running today with promise of a long time yet. You can see the value of this, as this gear and pinion cost us about \$400.00 without expense and loss of time in replacing.

Our gear lubrication on kilns and coolers was reduced in cost over 50% by use of "Crater" in addition to the above benefits.

Yours truly,
SOUTHWESTERN PORTLAND CEMENT COMPANY

A. F. Fegan

he will again make his home among us.

Miss Olga Schaege arrived home Saturday morning from Hochheim, Texas, where she has been teaching school the past term, and will spend the summer with her parents, Mr. and Mrs. C. W. L. Schaege.

Mr. and Mrs. S. J. Striegler and son, Cecil, accompanied by Mrs. Karl Steffins, returned on Friday afternoon from a few days' visit with Mr. Striegler's parents, Mr. and Mrs. F. C. Striegler, at Fredericksburg.

News has been received here that Miss Jessie Bacon is very low with fever at Stamford. Her mother left for Stamford last week in response to a message announcing her illness, and

is attending her. The many friends of Miss Bacon hope for her speedy recovery.

Miss Elwyr Douglas, who has held a position with the millinery department of the Popular Dry Goods Co. the past several months, left Saturday night for a visit with relatives and friends in Houston and Galveston before returning to her home in Dallas for the summer.

Postmaster A. B. Reagan and brother, B. Reagan of Big Springs, who is here for a short visit, spent Saturday and Sunday in Richland Springs, where the latter taught school some twenty-one years ago. They report the trip as having been one of the most enjoyable of their lives, having met with

many of Prof Reagan's former students, school patrons and friends.

J. H. White returned Saturday morning from a short visit in Silver City, New Mexico, having been called there the first of the month by a message advising him of the serious illness of his sister, Mrs. Venable. The many Brady friends will be pleased to know that Mrs. Venable's condition is somewhat improved. Mr. White spent a few days in Kansas City on business before returning home.

To Drive Out Malaria And Build Up The System
Take the Old Standard GROVE'S TASTELESS chill TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

The Ford car is built to serve and to save. It is low in first cost, but its greater economy is in the after-cost of operation. No extravagant upkeep charges—no heavy tire and repair bills—just the satisfying day after day ability to go anywhere, over any kind of roads—in any kind of weather—and get back again—less than two cents a mile.

More than seven hundred thousand Ford owners are enjoying Ford service and experiencing the reality of Ford economy.

Buyers of Ford cars will share in profits if we sell at retail 300,000 new Ford cars between August, 1914, and August, 1915.

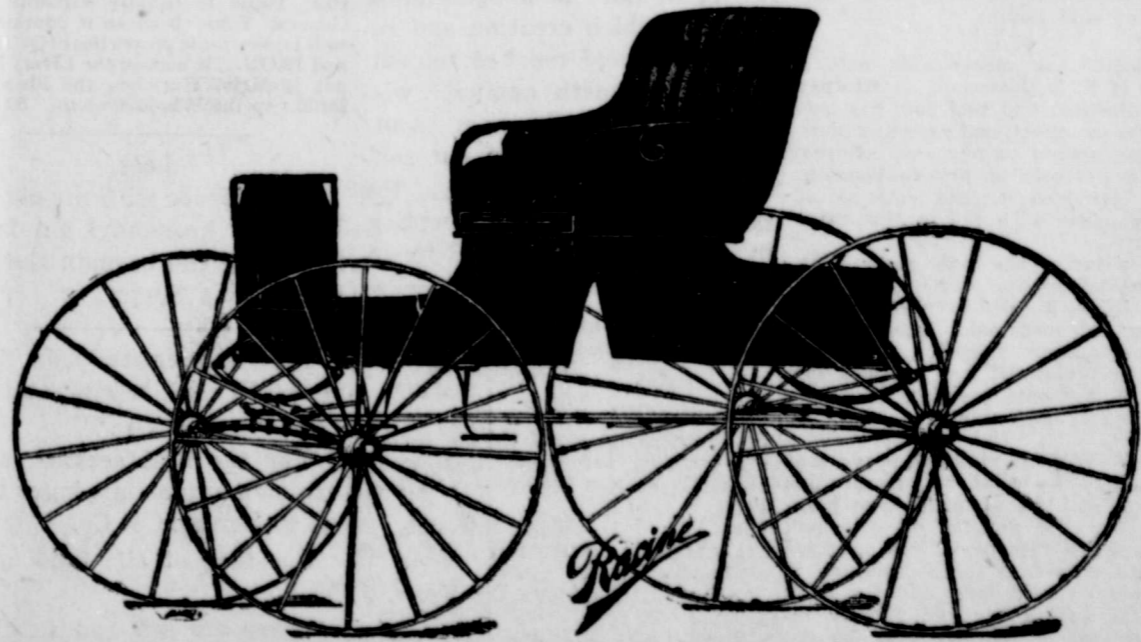

Touring Car \$490; Runabout \$440; Town Car \$690; Coupelet \$750; Sedan \$975, fully equipped f. o. b. Detroit.

C. W. L. SCHAEGE

THE STATE OF TEXAS.

To the Sheriff or any Constable of McCulloch County,—Greeting:

You are hereby commanded to summon W. T. Robbins and J. L. Shelton by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 35th Judicial District, then in a newspaper published in the nearest District to said 35th Judicial District, to appear at the regular term of District Court of McCulloch County, to be held at the Court House thereof, in Brady, Texas, on the Third Monday in September, A. D. 1915, the same being the 20th day of September, A. D. 1915, then and there to answer a petition filed in said Court on the 8th day of May, A. D. 1915, in a suit, numbered on the docket of said Court No. 1523, wherein W. D. Crothers is Plaintiff, and W. T. Robbins and J. L. Shelton are Defendants, and said petition alleging:

STATE OF TEXAS,
County of McCulloch.

In the District Court of McCulloch County, Texas:

W. D. Crothers, plaintiff herein, complaining of W. T. Robbins and J. L. Shelton, defendants herein, says:

(1.) Plaintiff resides in McCulloch County, Texas, and the residences of defendants are unknown to plaintiff.

(2.)

On or about January 12, 1911, and by deed of that date, W. F. Shultz, joined by his wife, Annie M. Shultz, conveyed to defendant W. T. Robbins all that certain tract of land situated in McCulloch County, Texas, and in the South half of the N. W. quarter of Block No. 86 in Lühr Addition to town of Brady, being part of H. Lühr Survey No. 405; and beginning at a point on the West line of said Block 86, which point is 87 1-2 feet South from the N. W. corner said Block 86. Thence East 100 feet. Thence South 87 1-2 feet. Thence West 100 feet to West line said Block No. 86. Thence North 87 1-2 feet to the beginning. The maps of the City of Brady now in general use are here referred to and made part hereof for description. Said deed is of record in Vol. 25, page 561, Deed Records of McCulloch County, Texas, and said deed and record are here referred to and made part hereof for all purposes. The defendants are hereby notified to produce said original deed on trial of this case or secondary evidence thereof will be offered.

(3.) As part of the consideration for the conveyance of said land by said deed the defendant, W. T. Robbins, executed and delivered to W. F. Shultz a note for Fifty-two and 50-100 (\$52.50) Dollars, dated Jan. 12, 1911, due six months after date, payable to order said W. F. Shultz at the rate of ten per cent per annum from date said note, and a vendors lien was retained in said deed and note on said land to secure payment of said note, and it is provided in said note that all past due interest shall bear interest at the rate of ten per cent per annum. It is also provided in said note that if same should be placed in the hands of an attorney for collection by suit that ten per cent additional on principal and interest should be added as attorney's fees.

(4.) For a valuable consideration paid to said W. F. Shultz by plaintiff the said Shultz endorsed said note by writing his name across the back thereof and delivered same to plaintiff and plaintiff is now the legal and equitable owner and holder of said note.

(5.) The defendant, J. L. Shelton, for a valuable consideration to him paid by said W. F. Shultz, assumed and agreed to pay said note and defendant J. L. Shelton is setting up some claim to said land, the nature of which is not known to plaintiff, but he is claiming under above mentioned deed.

The defendants have failed and refused to pay said note or any part thereof except as follows: \$5.00 on December 6, 1911, and \$5.85 on July 21, 1912. Nothing else has been paid on said note, though plaintiff has often demanded of defendants payment of said note.

(7.) Plaintiff has placed said note in hands of F. M. Newman, an attorney, for collection, and this suit has been brought to collect said note and plaintiff has agreed to pay said attorney the ten per cent on principal and interest provided in said note as attorney's fees as a fee in this case.

(8.) By virtue of the facts above alleged the defendants promised and became liable to pay to plaintiff the amount of principal, interest and attorney's fees specified in said note, and plaintiff has a valid lien on said land and premises to secure payment of said note.

(9.) WHEREFORE plaintiff prays that defendants be cited to answer this petition and the plaintiff have judgment for the amount of principal, interest and attorney's fees specified in said note and for foreclosure of his lien on said land and for costs and for such other and further relief to which plaintiff may be entitled.

F. M. NEWMAN,
Attorney for Plaintiff.

I, W. D. Crothers, plaintiff in the foregoing petition, do solemnly swear that the residences of the defendants W. T. Robbins and J. L. Shelton are unknown to me and that the allegations in the foregoing petition

BACCALAUREATE SERMON

Rev. I. T. Morris Delivered a Forceful Address Sunday.

Commencement week for the Brady High school opened Sunday morning at 11:00 o'clock at the Methodist tabernacle, when Rev. I. T. Morris, pastor of the M. E. church, delivered the commencement sermon to the class of 1915.

The seating capacity of the new tabernacle was taxed to accommodate the immense crowd of friends and patrons of the school present for the service, the attendance numbering about 800.

The entire High School membership marched in a body to the tabernacle, followed by the graduating class, the members of which wore the regulation caps and gowns, and were seated on the platform.

The following program was rendered:

Anthem—"Lead Us, O Father," High School.

Invocation—Rev. R. M. Bailey.

Quartette—"Savior Again to Thy Dear Name."

Scripture Lesson—Rev. Bailey.

Anthem—"O Be Joyful In the Lord," High School.

Prayer—Rev. I. T. Morris.

Solo—"The Great Beyond," W. R. Henderson.

Sermon—Rev. Morris.

Sextette—"Praise the Lord." Benediction.

Rev. Morris chose as his subject "Christian Education," the text being taken from Proverbs 8:34, 35 and 36. He said in part:

"Solomon said that in his day 'Fools make a mock at sin'. It is just as true now as it was then. People make light of sin. Not only so, but we fail to give Christian education its proper place in the preparation of children and young people for the future responsibilities of life.

In the recent sinking of the Lusitania, the last words of Mr. Alfred G. Vanderbilt to his valet were 'Come and let's save the kiddies.' This refrain should be taken up by every superintendent of public instruction, every teacher in the public schools, the ministers, Sunday school workers and all parents until it echoes around the world. 'Come, let's save the kiddies.'

"This is the chief purpose of Christian education. Save them from illiteracy and from a false conception of life.

"There is a divine purpose in every soul that enters this world. Sin is revealed as being both a missing of the divine purpose and also a process of self-destruction. For, to miss Christ, either by reason of engaging the heart's attention with other things, by the fatal power of careless inattention, or by engrossment in the search of merely secondary things of life is to fail in apprehending that for which creation and redemption have marked us out.

'He that sinneth against wisdom wrongeth his own soul.' Sin is but long drawn out self-destruction. It confuses the powers of spiritual perception by which we are enabled to de-

termine the will of God, and so to steer a safe course. Sin outrages conscience and paralyzes the conscience.

"It also robs the soul of its only possibility of development. "Christian education recognizes the necessity of a well educated conscience. Mere literary training does not guarantee individual or national peace and safety. An individual or nation without a well-regulated conscience is like a ship in the great sea without a rudder. Moral conviction is an indispensable necessity.

"The public schools, the church and the home are the three institutions for the moral and Christian training of the young people of our land. The open Bible is the fountain head of all moral conviction. It should 2—Baccalaureate Sermon . . . have its place in every home and school in all our land."

In closing, Rev. Morris complimented the members of the class highly upon their faithful endeavors in completing the course of study, and exhorted them as they come to face the duties and responsibilities of life in their chosen fields of activity to strive to attain ideals held up before them by the faithful and efficient instructors during the days of their school life.

The exercises of the week will be concluded on Thursday night, at which time the commencement address by Dr. H. T. Musselman of Dallas will be delivered. On Wednesday night the Brady High School Dramatic club will present "A Soldier of Fortune," a comedy-drama in five acts at the opera house, the proceeds from which will be used in paying for the piano recently purchased for the High school by the student body. The club possesses extraordinary dramatic talent, and Wednesday night's performance will be one of more than ordinary merit.

The program for Thursday evening will take place at the Methodist tabernacle and is as follows:

Chorus—"Awake With the Lark," High School.

Invocation—Rev. R. M. Bailey.

Girls' Chorus—"Dance of the Pine Tree Fairies," High School Girls.

Commencement Address—Dr. H. T. Musselman.

Boys' Quartette—"Away, Away," Messrs. Jackson, Henderson, Henderson and Baze.

New Street Foreman.

The street committee of the city council at a meeting yesterday morning closed a contract with T. L. Bodenhammer to take charge of the work of the street department of the city for the coming year, assuming the duties of the position yesterday afternoon.

Mr. Bodenhammer has been in the employ of the street department the past several months and is well qualified for the position to which he has been appointed. He succeeds S. M. Wootan, who has held this position with the city the past three or four years, and whose resignation was filed and accepted by the city council last week.

The Magic Washing Stick. "The Magic Washing Stick is the thing—it sure will do the work. It makes the clothes so white and clean, says Mrs. M. L. Beaver, Canton, Texas. We want you to try this article at our risk. If you don't like it, it don't cost you one cent. It washes clothes without rubbing. Makes washing a pleasure instead of a drudgery. Call and let us tell you about the Magic Washing Stick. The Jones Drug Co., Brady, Texas.

Say, Bill; my wife has that smile since I got her a Singer from H. T. Pace.

To the Housewife.

For the convenience of our customers, we have purchased one of the best vacuum cleaners on the market and will rent same very reasonably. Just the thing for cleaning lace or portiere curtains, draperies, carpets, rugs, matting, linoleum, etc. Easily operated—a child can run it. We will deliver to your residence and call for it when you are through with it. Brady Water & Light Works. Phone 102.
