## A. E. HELGE DEAD.

### Well Known McCulloch County Farmer Passed Away Saturday.

A. E. Helge, one of the most prominent citizens of the county, died Saturday afternoon about 4:00 o'clock, at his home in the Nine community, following an illness covering a period of several years. Death was due to cancer, from which Mr. Helge had been a sufferer the past three or four years.

Deceased was a native of Sweden, where he was born 61 years ago. He came to America when about 33 years of age and settled in Travis county, where he lived until 1907, when he removed with his family to this county, settling first in the East Sweder community east of this city. About three years ago he moved to his farm in the Nine community and made his home there up to the time of his death.

Mr. Helge was twice married and was the father of twelve

children, ten of whom are living, and are as follows: Mrs. Jennie Servin of Dallas, Mrs. Henry Hanson of Austin, Gus, Will, Edward, Oscar, Eric, Ernest, Edna, Edith and Freda These, with his wife, survive.

Funeral services were held at the home at 2:00 o'clock Monday afternoon in charge of Rev. Abner Hanson, pastor of the Swedish Methodist church of West Sweden, of which Mr. Helge was a member, followed by interment in the West Sweden cemetery.

The Standard joins the many friends of the family in extending sympathy to the bereaved ones in their sad loss of husband and father.

## ERECTING AIRDOME.

### New Open Air Theatre for Brady Will Open July 9th.

Contractor E. R. Ramsay has a large force of workmen engaged this week in the construction of an airdome on the Sammons lot on the block south of Brady Lumber Co. for W. W. Woodson, late manager of the Savoy theatre in Fort Worth.

The airdome will be 50x100 feet and will have a seating capacity of 600. In the north end of the building a commodious stage with a 10x24 opening twenty feet deep will be put in, and for this a full setting of scenery has been ordered. In addition to a program of high-class motion pictures, Mr. Woodson will book some of the best stock companies touring the South, and will also book vaudeville whenever he is able to secure talent that will be appreciated by Brady theatre-goers.

A new Powers 6A picture machine has been ordered for the airdome, and arrangements are being completed for the best film service obtainable.

The opening date is announced for Friday night, July 9th, with a high-class program of feature pictures. On this night the entire gross receipts of the performance will be donated to the barbecue committee, according to a statement given out yesterday afternoon by Sam McCollum, a member of the soliciting committee who is raising the funds for the big celebration to be held here the 14th inst.

Mr. Woodson is an experienced show man, having been engaged in that line of business all his life. For a number of years he had the management of the Savoy theatre in Fort Worth and succeeded in making it one of the most popular amusement places in the entire city. For the past two years or more he has been engaged in business in El Paso, selling out there several months ago to return to North Texas, and while visiting in McKinney a copy of The Standard's special edition fell into his hands, and so favorably impressed was both he and Mrs. Woodson with this section of the state that they at once decided to spend the summer here.

After coming to Brady Mr. Woodson decided to enter the amusement business, feeling that exceptional opportunities were offered a modern and up-to-date place of amusement, such as he has planned here. He is a most pleasant and affable gentleman, and both he and Mrs. Woodson have won a host of friends since coming to Brady.

More enduring than chrome vanadium steel, more wonderful than the finest Workmanship, is the idea that dominates an industry.

In this day when more Buicks are being built than before it is interesting to remember that the distinguishing characteristic of the Buick, the Valve-in-Head Motor, has existed as an idea for twenty-five years and been built into Buick cars for thirteen years.

From 1903 to 1907 the Buick Valve-in-Head was a two cylinder engine. From 1908 to 1914 four cylinders dominated the field and the Buick Valve-in-Head Four dominated other types. The Buick Valve-in-Head Six was first put on the market in 1913. Fours were also continued—but the Valve-in-Head Six had stirred the imagination of the car buying public. The demand from the start outpaced the production.

Ray was apportioned to take the place of a Judge who was to decide some cases at Wadsworth. Through some inexplicable whim Eugene asked to accompany her father on his trip to that place. Little did the judge suspect that it was because of Walter that Eugene was so intent on becoming his companion on this special journey.

So it was at Wadsworth that Eugene and Walter again met. Walter was glad and Eugene was happy, although she strove to conceal her true emotions from parent and friend alike. The young people met frequently, for the little hotel where the Rays put up was the center of activity in the town and Walter called there every evening.

Walter appeared in several cases before Judge Ray. Then came on one in which another attorney appeared as counsel for the defense. The county was seeking to oust a gang of notorious squatters, who swore that if the judge ruled against them they would have his life. He did rule against them. Just after dusk one day Walter came hurriedly to the hotel and set up word to the judge that he must see him immediately.

"You will have to leave Wadsworth at once, Judge Ray," he spoke hurriedly.

"I was arranging to start for home in the morning," announced Eugene's father.

"Delay may be fatal," pronounced Walter gravely. "Perhaps it will be too late now. The back hills men, infuriated at your decision against them, have sworn that you shall never leave the place alive. Here," and Walter placed a bundle on the table, "is a disguise. Don it at once and leave the hotel by the rear exit. Do not take the east course. It is guarded at every point. Strike due west."

"But that leads directly across the bad lands."

"Where you will not be suspected of venturing. In your disguise you will be safe—with that and the high sign."

"The high sign?" repeated the judge, vaguely.

"Yes, I am about to impart to you what I have no right to disclose, but—"

He glanced at Eugene. Her very soul was in her face. He led the judge aside and made a motion with a finger to his lip, then described a peculiar motion with the same hand lifted high over his head.

"Deliver that sign whenever challenged."

"But Eugene—my daughter!" cried the judge, agitatedly.

"No harm will come to her. She will be safe in charge of the hotel matron. Besides, the marshal is trying to get a posse together to drive away the rustlers, if possible."

Judge Ray departed unobserved from the hotel. The following morning, as Walter stood in front of the hotel, a cavalcade of desperate-looking men drove up furiously. Their leader, a brawny giant, confronted him.

"Judge Ray—where is he?" demanded the ruffian.

"Gone. You are too late," answered Walter. "One moment, friend; I am a man of honor. The judge by this time is safe. I saved him. I gave him the high sign. It has doubtlessly enabled a safe trip homeward."

"You—you did that?" fairly shouted the incensed leader.

"To save a friend—yes. Gentlemen, if that makes me a traitor in your eyes I am willing to accept the penalty."

With a great snarl the leader struck out with his heavy riding whip and dealt Walter a blow that sent him prostrate to the ground, senseless.

"Hang him to the nearest tree!" he growled out vengefully, but at that moment there was a new commotion. The marshal with a posse from the next town appeared on the scene, and then began a struggle that ended in a battle fatal to the last one of the desperate group.

Eugenie came running from the hotel, white and frantic. She knelt beside her wounded hero. She pleaded for help as his head lay in her lap. Weeping, distressed, she leaned over and pressed her lips to his cheek—the cheek she had once dealt with so cruelly.

"Oh, he may die!" she cried. "And I—"

He opened his eyes. He smiled up into her own.

"My queen!" he murmured raptly. "This moment is worth all!"

BUY CONLEY HOME.

Messrs. B. Simpson and J. E. Wiley Acquire Property.

Messrs. B. Simpson and J. E. Wiley have purchased the S. A. Conley home in the south part of the city and will occupy the same on January 1st. The residence is one of the most completely and comfortably finished homes in the city, containing six rooms, porches and other conveniences. The lot is 130x135, and contains a garage, barn, peach orchard and other improvements. The splendid location makes the property very desirable.

Mr. Conley is vacating the place this week, and it is with great regret that his many friends learn of his removal to Austin, where he will, in future, have his headquarters. Mr. and Mrs. Conley have been highly esteemed citizens of Brady for a number of years, and in their new home they have the best wishes of all their friends for success and happiness.

To the Voters of McCulloch County.

Notice is hereby given that the Tick Eradication Election will not be held. Heretofore, on November 17, 1916, a petition was presented to the Commissioners Court asking that an election be ordered in order that the people of McCulloch might determine whether or not McCulloch county should take up the work of Tick Eradication, and as said petition was signed by more than seventy-five land owners of the County, the Commissioners Court granted said petition and ordered that said election should be held on Saturday, December 30, 1916. On December 20, 1916, the parties who presented said petition to the Commissioners Court, and represented those who desired that an election should be held, came to me and informed me that they desired to go no further with the matter and that I call off said election, if I had the power to do so, and then I convened the Commissioners Court in special session, and the Commissioners Court passed an order rescinding, vacating, annulling, and revoking said order for said election, in so far as it might be within the power of the Commissioners Court so to do, and ordered that no election be held upon said question on Saturday December 30, 1916.

I am therefore giving this notice to the people, through the press, that all may understand that no such election will be held.

Witness my hand at Brady, Texas, this 21st day of December, 1916.

men are well known and enter-  
prising young business men, Mr.  
Fleming having been associated  
with Mr. Ball for the past year  
or so, and having a full knowl-  
edge of the business, while Mr.  
Kennard has been engaged in  
the restaurant and market busi-  
ness in Brady at various times  
during the past several years  
and understands every phase of  
the enterprise.

They expect to continue a  
neat and attractive place of busi-  
ness, and will look after the  
wants of their customers in a  
careful and painstaking manner.  
The patronage of all the old  
friends, and new ones is invited.

Mr. Ball retires from the busi-  
ness because of the close confine-  
ment detrimental to his health.  
He expects to spend the winter

**BRADY WATER PURE.**

**State Bacteriologist Says Free From Bacteria.**

Superintendent of the Brady Water Works, J. M. Lyle is in receipt of a letter from Malcolm Graham, state bacteriologist, which declares Brady water to be pure and wholesome. Mr. Graham's recommendation is contained in the following words:

"We have received and made analysis of the specimen of water sent us and desire to report that we find it free from harmful organisms or other bacteria, and is, in our opinion, entirely suitable for drinking purposes."

The sample submitted was of the water at present being furnished local patrons. This water is secured from the old waterworks company well, and a sample of the water direct from the well sent the state department some months ago brought the reply that it considered decidedly suspicious, and advised against using same unless boiled. When it was found necessary to use water from the old well, it was pumped to the filter plant and run through the filtration system with the result that the state department now finds it entirely pure and free from harmful organisms.

Accordingly it will be entirely safe to use the water without boiling.

This information is very gratifying to the citizens, and especially to Mr. Lyle, and again proves the importance and value of the filter plant.

**Sloan's Liniment Eases Pain.**

Sloan's Liniment is first thought of mothers for bumps, bruises and sprains that are continually happening to children. It quickly penetrates and soothes without rubbing. Cleaner and more effective than musky plasters or ointments. For rheumatic aches, neuralgia pain and that crippling soreness after colds, Sloan's Liniment gives prompt relief. Have a bottle handy for bruises, strains, sprains and all external pain. For the thousands whose work calls them outdoors, the pains and aches following exposure are relieved by Sloan's Liniment. At all druggists, 25c.

**Bray-Webb.**

Mr. Iru Bray and Miss Lola Webb of the Lohn community were united in marriage Sunday afternoon at 4:00 o'clock at the Baptist parsonage here, Rev. J. M. Reynolds officiating at the services. The ceremony was witnessed by quite a number of relatives and friends of the contracting parties, who accompanied them from Lohn.

Both Mr. and Mrs. Bray are popular young folks of Lohn, Mr. Bray being an enterprising and progressive young stock farmer, and having a reputation for highest integrity and industry. His bride is the daughter of Mr. and Mrs. D. A. Webb, and is a young lady of accomplishment and many charming womanly graces which have endeared her to old and young alike.

Mr. and Mrs. Bray will make their home at Lohn, and in their journey through life may every happiness and success be theirs.

**Beach-Saunders.**

The marriage of Mr. Morton Beach and Miss Gertrude Saunders was quietly celebrated on Christmas day at the home of the bride, Squire J. T. King saying the words that united them for better or worse.

Mr. Beach is a son of Mr. and Mrs. A. T. Beach, and has been engaged in the confectionery and lunch stand business with his father for the past year or so, and is engaged at present in running an auto service. He

is a splendid young man, and has favorably impressed all with whom he has had dealings. His bride is the daughter of W. H. Saunders and has grown to womanhood in this city.

A large circle of friends extends best wishes to the newlyweds for every happiness and success.

**Entertain With Dinner.**

Members of the Brady school board and several friends of the school were honored on last Friday with a 12:00 o'clock dinner given by the Domestic Economy department of the Brady High school, card invitations for the affair having been sent out. The interest in the school, and more particularly in this branch of the school work was emphasized by a full attendance of the invited guests at the appointed hour.

The dinner was served in the dining room of the domestic science department, which had been prettily decorated with mistletoe and greens, while dainty ferns and flowers added a touch of brightness to the dining table. Covers were laid for twelve, and place cards consisted of dainty Christmas cards with a holiday wish and the following menu:

- Oyster Cocktail
- Celery
- Roast Turkey
- Mashed Potatoes
- Pear Salad
- Mince Pie a la Mode
- Nuts
- Coffee
- Olives
- Cranberry Jelly
- Onions in Cream
- Mints

The guests included Rev. J. G. Forester; Messrs. Lee McShan, W. D. Crothers, E. E. Polk, A. A. Lang, W. L. Hughes, R. B. McClure, A. L. McShan, Ed Broad, H. C. Samuel, M. S. Sellers, H. F. Schwenker.

The dinner, served in five courses, was prepared in its entirety by the pupils in the Domestic Science department, of whom there are 16, under the personal supervision of Miss Herring, and was most excellent as the empty plates of the visitors testified. Not only were the guests highly gratified at the splendid menu, but the fact that this department had made such splendid progress in the short time it has been established was cause for further gratification, and Miss Herring and her pupils were not only highly complimented upon their achievement, but Rev. Forester, acting as spokesman for the guests, expressed their pleasure in a few well-chosen words.

Members of the department serving the dinner were Misses Nautie Mae Day, Alice Samuel, Scot Shropshire, Euna Shaeg, Willie Florence Yantis, Fay Alexander La Rue Bellamy, Ruth McShan, Edith Meers, Gladys Squyres, Jean Stearns, Edna Schaeg.

The domestic science department is a recent innovation in the local school, and is proving one of the most popular of the branches. While there are many more pupils desiring to take up the work, sixteen is all the class can, at present, accommodate. Superintendent Hughes is hopeful that he may persuade the school board to build an addition to the school next year, thereby enabling an enlargement of the class and its usefulness. The pupils are taken from the various grades of the school enthusiastic over the work, and those completing their last year's work. All the pupils are enthusiastic over the work, and to Miss Herring is due credit for this spirit and the excellent results obtained.

**New Phone System.**

J. Johnson, traffic manager, S. A. McKie, plant superintendent, of the West Texas Telephone Co., were in the city Wednesday. Mr. Johnson reports work of placing the new lines having been about completed, and much new cable is being installed. The new quarters in the second story of the Masonic temple are nearing completion, and will be ready for occupancy January 2nd. Delay in the work of moving is caused by the non-arrival of the new switchboard which was supposed to have been shipped on December 1st. It is thought this will be received within the next week or so, when the installation of the new phone system will proceed rapidly. The new phone instruments are of the very latest type, are classy in appearance, and have many points of superiority. When the work of installing the new system is completed the change from the old to the new will be made overnight, thus accomplishing the great task without even an interruption of the service. Blue prints outlining all the improvements are now in the hands of Mr. Johnson, and the work will proceed systematically and not a single detail will be overlooked.

Many diseases often advance so that many a person is firmly grasped before aware of its progress. Prompt attention should be given to the slightest symptom of kidney trouble. If there is a dull pain in the back, headache, dizzy spells or worn-out feeling, or if the secretions are offensive, irritable and attended by pain, proper kidney remedy at once.

townspeople recommend Doan's Kidney Pills. Read the statement of this Brady citizen:

RESOLUTIONS OF RESPECT.

The Brady Baptist Sunday school of Brady, Texas, has adopted the following resolutions: Whereas, the All-wise and loving Father removed from earth on June 12th our brother and friend, Grady Jones,

Resolved, That we extend to the family in this their time of grief and bereavement our deepest sympathy. Words in times like these seem cold, they are the best we have to give. Christ alone can heal the wound and make whole the broken heart. His infinite love like sunshine will tip the peaks of life with light and drive the clouds away.

Resolved, That Grady Jones was faithful to the trust committed to him, a young man of exemplary life, one who feared God and kept his commandments. His life work was short, yet 'tis well, for God took him, and He makes no mistakes. It is the lives like the stars, which simply pour down on us the calm light of their bright and faithful being, up to which we look, and out of which we gather the deepest calm and courage. Be it further

Resolved, That a copy of these resolutions be placed upon the minutes of our Sunday school, that a copy be sent to the family, and also that a copy be sent to The Standard and the Sentinel for publication.

From Brady Citizens.

Dear Old Standard:

On Monday, June 3rd we packed our Ford and, accompanied by Miss Velma Metcalf and Mr. Wiley Baze of Millersview, started for Austwell, Refugio county, about 7:00. Came through Mason and on to the Llano river for dinner. There we found we had a tack in our tire. Put in a new tube and came through to Fredericksburg. We found the road very rough and mountainous. Came to Waring and camped out next morning. We found we had a flat tire. Patched the tube and came on to Borene, then we struck graded roads into San Antonio, where we arrived at 11:00 o'clock. Stayed until 1:30 and went on to Hobson City, camping on the San Antonio river. Next morning we came to Karnes City, 13 miles, where we had breakfast. Here Miss Metcalf took the train for Corpus Christi. We came on through Goliad, on to the old Fannin battle ground and on to Austwell by 5:00 o'clock Wednesday evening. We found everything all right and are putting in today resting. Will go to Corpus Christi before we start for home. Have had a very pleasant trip. Found crops very good in places and some places sorry, but needing rain all the way. Hope everybody and everything in Brady will get on all right until we get back. My daughter, Mrs. Beasley, takes The Standard and we will read it and enjoy hearing from home.

Will Move Back to Brady.

W. H. Dial, a former well known McCulloch county citizen, was here Friday from Sterling City, where he and his family are now residing, to make arrangements for again making his home in Brady.

Mr. Dial and his family resided in this county for about twenty-five years, living in the East Sweden community the greater part of this time, and still retains considerable property interests here. He decided that other sections of the state offered better opportunities, however, and moved his family to Sterling City about four years ago and engaged in the ranching business.

While he has been uniformly successful in his new home, he states that he and his family have never ceased to look upon Brady and McCulloch county as "home" in its truest sense, hence their decision to return.

Mr. Dial has leased his Sterling county ranch to Albert Balou, formerly of this city, and states that he and his family will come to Brady about July 15th to reside. They have many friends throughout this section, and all will be delighted to learn of their return here.
