ONION GAP HEARSAYS.

Cotton Picking Beginning, But Not Rushing.

Rochelle, Texas, Aug. 31. Editor Brady Standard: Well, I'll try and tell a small amount of our Gap happenings.

We had to hunt our coats and wished for a good old time fire-place here, in August. What will it be by February if the weather is as cold accordingly?

John Humphrey is on the sick list. He has something like remittent fever. We hope for his speedy recovery.

Clint Bell had another bad spell Tuesday night. Called in Dr. McCall; but Clint was about all right when the doctor appeared.

George Nix was called to Mason a few days ago to attend the funeral of his brother-in-law, Mr. Carr, who died very suddenly from heart trouble. While there one of his nephews, who had been ill of typhoid fever, was also buried. Mr. Nix has the sympathy of the entire community.

Mr. and Mrs. Humphrey of Rochelle were visiting their son, John, Sunday.

EAST SWEDEN.

Successful Revival Closed by Rev. Henderson.

Rochelle, Texas, Aug. 24. Editor Brady Standard:

(Too Late for Last Week.)

Here I am again, after such a long, long absence. Mr. Editor, how are you and all the readers and printers getting along?

Rev. Henderson and his able assistant, Rev. T. W. Davidson, of Santa Anna, recently closed a successful revival meeting. Nine new members were added to the church. If it hadn't rained several more members would have been added to the church. The rain closed our revival just when the interest began; nevertheless it was a "howling success"

Don't forget that the Brownwood Presbyterian meets here at the First Presbyterian church of East Sweden, Sept. 7-8. Come and bring your friends. You will hear some of the best preaching you ever heard in your life.

H. C. Johanson has as his guest his uncle and cousin, Mr. Claus Gustafson and Miss Nellie Gustafson.

Several of our good people attended the Confirmation exercises at West Sweden last Sunday.

Mrs. D. A. Hurd has as her guests her mother, Mrs. Chunkum of Taylor, and niece, Miss Matilda Mataka, of Rowena.

Mr. and Mrs. C. A. Johnson have as their guests Mr. and Mrs. August Anderson and sons of Williamson county.

Miss Ona Snearly of Brady spent last week visiting Miss Ellen Hendrickson. Miss Ellen will stay this week with Miss Ona.

Mrs. C. A. Engdahl and daughter, Pearl, and baby, Raymond, were guests of Mrs. Turn last Monday afternoon.

Good luck and happiness to all. AUNT SUSAN.

CARROLL COLONY.

"Twilight" Returns From a Trip Out West.

Brady, Texas, Aug. 29. Editor Brady Standard:

Well, here I come. I guess you think I am dead, but listen, and I will tell you where I have been. I went out West visiting; had one of the best times. We caught all the fish we could eat

and had a barrel of fun. But, O, my; the roads sure are rough. Before we got to Roosevelt the bows were jolted off of my slippers, but I sure did enjoy myself; saw kinfolks I hadn't seen in 19 years, so you know I had a good time.

Well, it doesn't forget to rain in Carroll Colony community.

Miss Nannie Bingham has returned home after a three weeks' visit with her uncle and aunt, Mr. and Mrs. E. Fish of Kimble county. Her uncle and aunt, Mr. and Mrs. Fish, accompanied her home the first of the week.

Mr. and Mrs. Jim Ritchie were in Carroll Colony Friday.

Mr. Jim Hims was in Carroll Colony community Friday evening.

Well, as news is scarce, I will ring off. So, good luck to the editor. TWILIGHT.

CALOMEL DYNAMITES

A SLUGGISH LIVER.

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a 50 cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

The Bureau Report.
Washington, Aug. 30.—Drouth followed by excessive rains in the cotton belt during August caused deterioration slightly more than the August average to the growing cotton crop. The department of agriculture today announced the condition as 69.2 per cent of a normal. That is 6.1 per cent below the July condition.

Unofficial calculations based on government averages for yield, condition and acreage, place the crop at 11,817,235 equivalent 500 pound bales against 16,134,930 bales last year.

While no official statement explanatory of the cotton figures was forthcoming from the department of agriculture, Leon M. Estabrook of the bureau, unofficially that the report indicated a yield this season of approximately 11,800,000 bales of cotton as compared with an actual production of 16,134,930 bales last season.

"The condition of 69.2 estimated today as compared with 75.3 on July 25 a month ago," Mr. Estabrook explained, is a trifle more of a decline than is normal. If the figures had been the same in today's estimate as on July 25 there would be an actual increase. There is always a decline between the July and August estimates. The figures today indicate a yield of approximately 11,800,000 bales, which is slightly less than the forecast of last month. The actual output for the 1914 season, as shown by the census figures, was 16,135,290.

"There is an estimated decrease in acreage of 15 per cent, due to the collapse of the market in the abnormal conditions respecting cotton during the past year. The drop in condition percentage from 75 per cent in July to 69 in August is due to the unfavorable weather during the last month and the reduction of about 40 per cent in the market of fertilizer used in the cotton fields."

Following is the condition by states: Virginia, 85; North Carolina, 76; South Carolina, 71; Georgia, 69; Florida, 70; Alabama, 65; Mississippi, 81; Louisiana, 65; Texas, 67; Arkansas, 72; Tennessee, 82; Missouri, 81; Oklahoma, 71; California, 83.

Passed under suspension of Rule 21, at a called meeting of the City Council of the City of Brady, Texas, called for the purpose on the 25th day of August, A. D. 1915.
Approved this the 25th day of August, 1915.

11,817,235 BALES 1915

NEARLY 4,000,000 BALES UNDER LAST YEAR.

Condition in Texas Only 69—Slump Results From Oversold Cotton on Market.

New York, Aug. 30.—Cotton broke violently on the floor of the cotton exchange today upon publication of the cotton report of the bureau of agriculture.

December cotton fell \$11.70 a bale within three hours. October cotton broke 30 points, selling from 10.02 down to 9.70. This is a drop of \$1.60 a bale.

The condition of 69.2 per cent as officially reported appears to be in line with bullish prediction, but had evidently been discounted by the recent big advance. The market was firm early in the day but met very heavy realizing after the official figures were received. Prices for October contracts then broke 20 points or about \$1 a bale under Saturday's closing figures.

Reports of Southern spot offerings contributed to the weakness and the close was at an average net loss of 22 to 24 points or \$1.00 to \$1.02 a bale.

Selling Studebakers.

Two handsome new model 1916 Studebaker automobiles have been delivered to proud purchasers within the past week or so by B. Simpson, manager of Simpson & Co., S. Goldwasser received a 6-cylinder, 50-h. p. touring car, and L. A. Williams a 4-cylinder, 50-h. p. touring car.

Simpson & Co. report numerous other deals merely awaiting arrival of the cars. Shipments are already a month behind, the August shipment not having been received until August was nearly gone, and prospects for the September shipment far-distanced. The fact that the output of Studebakers cannot meet the demand is best evidence of the popularity of this car, and those who have been able to secure, or have the promise of an early shipment of a Studebaker car, may consider themselves fortunate indeed.

BRADY, TEXAS, Sept. 3, 1915.

IF I WERE PRESIDENT.

Joseph Weldon Bailey was for ten years a congressman from Texas and for twelve years a United States senator.

Even his enemies admit that in all those years when it came to statecraft and knowledge and fearlessness he stood among the giants of this nation.

Mr. Bailey is a private citizen now, but he yet retains the confidence of millions of his countrymen and appears to be as influential as one of the shining lights of the American bar as in the days when he was one of the acknowledged leaders of the Democratic party of this republic and admittedly one of the foremost among statesmen.

His voice is not for war. His voice is for peace. He has neither lost his courage nor abated his interest in those of his countrymen who are the producers of wealth and who help pay the taxes for the maintenance of government.

His doctrine is that the American who goes into a dangerous position should take the consequences. In other words, an American should sail on a ship under the protection of his own flag or the protection of the flag of some neutral nation.

The Dallas banquet in his honor was a remarkable contribution to the political history of the day. This was one among the notable utterances of this former senator, and in his speech he said many notable things:

"If I were President of the United States I would summon congress tomorrow morning in extraordinary session and send a message asking that Great Britain and the allies, having made cotton contraband, should not be permitted to get an ounce of lead or a pound of powder from this country until their order in council had been revoked. (Great applause.) Our people have borne the American burden of this war. Splendid profits have been made in the North and East, but the losses have fallen on the farmers of the South. They have gotten little more than one-half price for one crop of cotton, they ought not be required to stand this again. If congress would do as congress did in Jefferson's day—lay an embargo on munitions—Great Britain would revoke that order in less than thirty days. (Applause.) But I do not criticize anybody until I know what they are going to do; then I am not afraid to criticize anybody. I hope that congress will act wisely."

The scene that followed baffled description. Thunderous acclaims of approval greeted the

words of the distinguished orator and the sentiment conveyed. He did not criticize the President of the nation, the lawmakers of the nation or the leaders of the Democratic party of today. He told them that "if I were President," something would happen. He harked back to the days of Thomas Jefferson, the illustrious founder of the Democratic party and the writer of the American declaration of independence, and those who are familiar with American history know the proud story of American valor and American achievement in the contest for the freedom of the seas and the supremacy of American rights and American commerce.—Fort Worth Record.

SOME "PEP" IN THESE.

Here's some concentrated wisdom perpetrated by the inimitable, unequalled, unparalleled Bob Gresham of the Temple Mirror:

Offer a girl a match and see her face light up.

Money has wings. That's why they put the eagle on the American dollar.

It's fortunate the giraffe is no gossip. His tongue is 18 inches long.

"Actress married 10 minutes after proposal." Why this unseemly delay?

Some of these presidential booms don't make enough noise to be heard without an ear trumpet.

National defense doesn't worry Mexico much. National offense is her specialty.

There's one comforting thing for the Russians. They can retreat as far as the Pacific ocean before they have to stop.

Almost everybody is willing to concede the right of others to their opinions, and everybody likes his own best.

An optimist is a farmer who can cheerfully turn his attention to raising bullfrogs when high water drowns out his corn.

With the war in Europe and the open season in Texas, there is no peace for the dove, though it be the emblem of peace.

To the kiddie who has been enjoying the vacation to the limit, the school bells on Monday will sound like "School Days, School Days, Bad Old Iron Rule Days."

Kansas can teach Texas a lesson in regard to handling paupers. Twenty of the 105 counties of the Sunflower state have no poor houses or poor farms and where these farms exist they are self-sustaining. For the year ending July 1, only 900 paupers were cared for in the entire state.—Waco Morning News.

Now that the danger of unpleasantness between the U. S. and Germany has virtually passed through Germany's disavowal and apology for the sinking of the Arabic, and offer of reparation and damage for the loss of any American lives both on the Arabic and the Lusitania, the problem of Great Britain's interference with cotton shipments looms large as the next diplomatic knot to untangle. The rather ingenious theory has been advanced that England's embargo on cotton is hurting England more than it has Germany or Austria for the simple reason that Germany and Austria have thus been enabled, or rather forced, to keep at home the millions of dollars they might have spent for cotton, and in the meantime they claim to have found a substitute for cotton in the manufacture of gun-cotton. Whether or not this fact will have any influence in the

raising of England's embargo, it is certain that Germany's offer of 16c for cotton delivered to German ports will force England to get behind the market in case she refuses to raise her embargo. The outlook for the Southern cotton grower brightens.

THE BRADY ENGINE.

In their efforts to secure adequate fire equipment the Brownwood citizens find in Brady's lead a most inspiring example. The Brownwood Bulletin has the following "nice thing" to say about Brady's fire engine.

"The city of Brady recently purchased an automobile fire engine and truck such as Brownwood is trying to buy. The equipment for Brady was bought by the city, there being sufficient funds on hand in the city treasury to permit this without difficulty. The equipment is eminently satisfactory, according to Rev. T. P. Grant of Brady, who was in Brownwood today. He says the engine has been thoroughly tested and has demonstrated that it can throw water higher than any building in town. Since Brownwood's water mains are larger than those at Brady, a similar engine could develop more pressure here than there."

PUNISHMENT.

If those Mexican bands ever cross the border, they'll play their last tune.—Dallas News.

And doubtless their eternal punishment will be to have to forever and forever play the psalm entitled: "He's a Devil."

Says the Beaumont Journal: "One of the deepest cravings of human nature is to lick somebody." Possibly so, but it is a craving that can be cured. A boy with reddish-brown specks on his face cured us twenty years ago. Since then we have become angry a number of times, but not once have we been mad enough to fight.

AT THE OPERA HOUSE.

Classy Pictures Put Standing Room at a Premium.

The opera house was full to capacity again last night and even standing room was at a premium, despite the fact that Manager Levy has raised the floor in the rear and provided more seats to please the public. This is caused by the high class of pictures he is running at popular prices.

Tonight (Friday) there will be four reels. A good Keystone comedy, "Her Pa Specializes in City Boarders," and two dramas, one, "The God of Love," in two reels; the other "False Pride."

Saturday night will, of course, be "The Black Box," with "Ambrose's Nasty Temper" as the comedy. "For the Honor of Betina," in two reels, will be the drama. There will be five reels Saturday night.

Here is the Tractor

We Have Been Telling You About

Its name is "The Light All Work Farm Tractor". It is called that on account of being built to do all classes of power work on the farm.

This is the Tractor that brought forth the most favorable comment at the Hutchinson, Kansas, and Fremont, Nebraska, Tractor contests. And justly so. It embodies more of the cardinal points of merit than any of its competitors.

- First, was strength of frame and general construction.
- Second, It is mounted on four wheels, therefore two drivers, giving a center hitch for all classes of farm machinery or road work, also giving a straight ahead pull.
- Third, Having all gears enclosed in oil, shutting out dirt and keeping the oil in.
- Fourth, Having a constant level force feed lubricating system built in motor.
- Fifth, Its cooling system consisting of oversize centrifugal water pump and fan which positively keeps motor cool under all loads.
- Sixth, It possesses a sliding gear transmission running in oil, also multiple disc-raybestos lined clutch built in belt pulley.
- Seventh, Has an oversized motor that develops far in excess of power rated, which gives a surplus of power when needed. Same being a four-cylinder vertical type having a 5-inch bore, 6-inch stroke and a normal speed of 800 revolutions per minute, transmitting its power directly off transmission shaft to differential gears.

With all the above this engine only weighs 4,500 lbs, is 12-22 horse power and sells for \$850.00 f. o. b. factory. It has many other points of merit, but we have not space to mention them. We are glad to demonstrate this engine to anyone interested and we believe if you will watch it work a while you will become as enthusiastic about it as we are.

EXCHANGE COMMENT.
CITY BROKE.

City broke and halter-wise are usually regarded as desirable qualities, but—

When a city is broke, it's time to get "wise."

Brownwood is "broke." The council, therefore, sees no hope of being able to buy an auto truck, much as the same may be desired and however badly needed. Brownwood has had some disastrous fires lately. In fighting the fires the firemen were badly handicapped by inferior and inadequate equipment. The losses were heavy—hence Brownwood and Brownwood citizens realize the importance of securing better equipment. But being "broke" has disadvantages.—Brady Standard.

It's just as necessary for cities to be "broke" occasionally as it is for kids to have measles. It gives strength and wisdom and better equips the city for proper handling of its riches when they come. Brownwood's crippled finances will be remedied here long with a brand new charter and then our Brady friends will be able to hear the hum of the wheels of progress as they turn 'round and 'round in the Bayou city.—Brownwood Bulletin.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

Organization to Be Completed—Contest Arranged.

Messrs. Chas. J. Poe, general organizer, and Robert A. Higgins, director of publicity of the Texas League of Home Industry Clubs, arrived here from Santa Anna yesterday and will complete the organization of the local club and arrange for a Pledge Card campaign.

These gentlemen have just completed the launching of a big home industry movement and campaign at Santa Anna and are in possession of testimonials from the Santa Anna business

men interested in the move, endorsing their work in the highest degree.

Messrs. Poe and Higgins are arranging a pledge card campaign for Brady and with the co-operation and assistance of Brady citizens, promise results in the form of keeping thousands of dollars in Brady and McCulloch county that would otherwise have been spent away from home.

Scott-Bumgardner.

One of the prettiest weddings of the season took place Tuesday evening at 6:00 o'clock at the home of the bride's parents, Mr. and Mrs. C. W. Scott, in the north part of town when Miss Annie Lee Scott and J. Cephus Bumgardner were united in marriage by Rev. J. M. Reynolds, pastor of the Baptist church.

The spacious rooms of the Scott home were decorated with pot plants, green vines and cut flowers.

Promptly at 6:00 o'clock Miss Bessie Scott, sister of the bride, played the opening strains of the Lohengrin Wedding March. The bride and groom entered from the living room and took their position in the south end of the parlor underneath an arch of green vines and clematis backed by a bank of pot plants. Rev. Reynolds then said the simple words that made them man and wife.

Following congratulations the newly wedded pair led the way to the dining room, where the guests were served with ices and cake. In the dining room the color scheme of green and white prevailed, the green vines and clematis being loosely twisted with green and white ribbons and drawn from the chandelier to the four corners of the table where large bows were tied.

The bride wore a dark green traveling suit, and the groom the usual black. They surprised

their friends by going by auto to Rochelle, where they boarded the train for Corpus Christi, Waco, Austin, San Antonio and other places of interest.

Only the immediate members of the family were present at the ceremony. Out-of-town guests were Mrs. L. B. Scott, Muskogee, Okla., grandmother of the bride, and a sister of the groom, Mrs. Jack Lindsey, with little daughter, Gladys.

Mrs. Bumgardner is one of Brady's fairest and most lovable young ladies, of sweet disposition and highly accomplished. Mr. Bumgardner is deserving of congratulations in his winning her for a bride. The groom is one of Brady's leading young men, and for the past several years has proven his splendid business ability in the successful management of his mother's ranch east of the city. Both are popular members of the young folks social set, all of whom wish them every happiness, and who will welcome their return to Brady. Mr. and Mrs. Bumgardner will be at home to their friends at the Bumgardner ranch after September 15th.

Double Shower.

Mrs. L. A. Williams gave a joint shower to the brides-to-be, Misses Annie Scott and Laura Landers, at her home in South Brady on Monday evening from 4:00 o'clock until 6:00. The

guests included the Y. W. A., the Baptist Ladies Aid and Mrs. Hughes, Sunday school class.

The Williams' home was beautifully decorated in flowers. Upon their arrival the guests were received by Misses Erin Yantis and Hollie Reynolds. Misses Bessie Scott and Annie Ray Shearin served the guests with punch and cake.

At the appointed time Miss Erin Yantis brought in two "hope" boxes prepared by the Ladies Aid, Mrs. Williams' Sunday school class and the Y. W. A., and presented them to the brides-to-be.

While they were being opened Miss Erin Yantis gave a toast to the brides, Miss Daisy Hill to the grooms, and Miss Bessie Scott to the girls left behind. Miss Pinkie Jones gave several piano selections, and Miss Helen Hill of Hico gave a reading.

Those present were Mesdames W. J. Yantis, C. W. Scott, S. W. Hughes, J. F. Biggs, W. N. Roberts, W. A. Westbrook, C. R. Alexander, J. L. Jordan; Misses Erna Woodard, Pinkie Jones, Kate Westbrook, Lucile Yantis, Mary Woodard, Annie Ray Shearin, Erin Yantis, Bessie Scott, Daisy Hill, Hollie Reynolds and the brides-to-be. Out-of-town guests were Mrs. L. B. Scott of Muskogee, Okla., Mrs. Sanderson of Waco, Miss Helen Hill of Hico.

Merry Maids and Matrons.

The Merry Maids and Matrons met on Wednesday afternoon with Mrs. Will Kennerly and Miss Trix Gay. "Forty-Two" was enjoyed at three tables. Members present were Mesdames Jess Irwin, Will Lyle, Albert Hennersdorf, V. L. Sessions, George Davis, W. J. Dawson; Misses Carrie Sessions, Sallie Joe Morrow, Minnie Elliot,

Fannie Lyle. Invited guests were Mesdames Tom Elliot, Claud Baker.

The hostesses served grape juice, sandwiches and olives.

Miss Minnie Elliot received two crepe de chine handkerchiefs for high score, and Mrs. Jess Irwin, consolation prize.

The club meets with Miss Fannie Lyle next Wednesday afternoon.

Honoring Bride-to-Be.

Honoring Miss Annie Scott, one of the week's brides, Miss Norma Samuel entertained delightfully Tuesday morning at her home in South Brady with a kitchen shower. The Samuel home was prettily decorated in roses and ferns. Upon their arrival the guests were served with ice cold watermelon.

Following a series of games of Progressive Forty-Two, the guests proceeded to the darkened dining room, where shaded candles shed a soft glow over the decorations of ferns and roses, and where the hostesses served ice cream and cake.

Miss Scott then received a letter from each guest directing her to the hiding place of a gift, and the search for the gifts afforded all surprises and pleasures.

Guests of the occasion were Misses Rachael Walker, Ruth Schaeg, Erin Yantis, Daisy Hill, Bessie Scott, Helen Hill of Hico, Alice Gholson of Fort Worth, Mary Estelle Thompson, Lessie Samuel and the guest of honor.

Mrs. Gansel Entertains.

Mrs. H. M. Brannum of Ft. Worth, and Mrs. Sam Dowty of San Angelo were honorees at a most enjoyable party given on last Friday afternoon by Mrs. G. V. Gansel.

"Five Hundred," at eight tables was enjoyed by the guests, Mrs. Dowty receiving guest prize, Mrs. Bailey Jones, score prize, and Mrs. C. T. White consolation prize.

Refreshments consisted of a salad course.

Guests included the following: Mesdames J. R. Stone, S. W. Moffatt, John Wall, G. R. White, C. T. White, J. S. Anderson, J. G. McCall, W. L. Hughes, S. S. Graham, W. D. Crothers, Lewis Brook, Bailey Jones, S. A.

Complimenting Bride-to-Be.

Complimenting the bride-to-be, Miss Erin Yantis gave a shower for Miss Annie Scott on Tuesday of last week. The guests enjoyed a series of games of "42", following which the hostess served refreshments of pimento sandwiches, chicken salad, potato chips, ice and olives.

Miss Scott was then given a pink-covered basket and directed to the library to gather in her clothes, the gifts having been hung upon a line. The gathering and inspection of the "clothes" afforded much merriment.

The guests included Misses Daisy Hill, Helen Hill of Hico, Norma and Lessie Samuel, Alice Gholson of Fort Worth, Margaret McGhee, Hollie Reynolds, Rachael Walker, Ruth Schaeg, Bessie Scott, the guest of honor and Mrs. C. W. Scott.

Parent-Teachers Association.

A meeting of the Parent-Teachers' association has been called for next Wednesday afternoon at 3:00 o'clock at the Central school building.

Important business is to come before the meeting in the electing of a corps of officers for the ensuing year and the planning of the year's work.

The association this year will lose one of its most enthusiastic workers in the removal of Mrs. J. A. Bevans from the city. Mrs. Bevans has served as president for the past year, and has been one of the most potent factors in the success of the organization. In leaving the city she urges that the work be not neglected, but that the attention its importance demands be given to the work of the association.

MRS. B. SIMPSON

At P. L. Burk's Store

WOMAN'S HOME MISSION SOCIETY.

Wiler H. Swift, child labor secretary for North and South Carolina, says:

"When I consider what remains to be done for the protection of the children in North and South Carolina, I am forced to conclude that up to the present we have not progressed, very far. North and South Carolina have a larger per cent of child workers in the manufacturing industry than any other state in the Union. If the persons engaged in these industries should march by, every ninth person would be a child under sixteen. These children leave school forever at twelve—often younger in North Carolina, where there is practically no law enforcement—to work eleven hours a day in our factories.

"Public opinion grows slowly, and law halts behind public opinion. The people of these states, as a whole, deplore the conditions under which children are working, and yet it is my firm belief that neither North Carolina nor South Carolina, if left to herself, will enact any real child-labor legislation within the next eight years. The cotton manufacturers as a class are actively opposed to all such legislation. They have dictated, can dictate, and will dictate what our laws regulating the employment of children shall be.

"Every one of our four best governors has declared for legislation on this subject; but when the bill comes up the legislative halls are crowded with child employers, and they win. You need not be surprised that our Senator Overman blocked the Palmer-Owen bill. He knew that his re-election depended upon it. The commissioner of labor is now making an effort to enforce the law in North Carolina, and I look for him to be enjoined from further activity in this direction or to be defeated at the next election. He is playing with fire.

"One difficulty is the fact that the mills of the South are new and have brought prosperity, for which, unfortunately, people are often willing to pay any price. Our men who build cotton mills believe that no mill can be successful without children under fourteen, and they are certain that no mill can be run if an eight-hour day for children under sixteen prevails. There is only one way to get these children out of the mills, and that is for the national government to do it."

Every town has its "Parson", and Brady's Parson was in Brownwood Wednesday. He is some thirty or forty years younger than Brownwood's Parson and his name is Rev. T. P. Grant. Mr. Grant was enroute to his home after spending Tuesday in Comanche on business. While in Comanche Mr. Grant bought a farm and a Ford. He declines to say whether he bought the car in order to escape remaining in Comanche all night, or because he was afraid to stay after buying a fine sandy land farm with fine improvements for \$15 an acre. — Brownwood Bulletin.

The Brownwood Presbytery will hold its semi-annual meeting with the East Sweden Presbyterian church next week, the session opening Tuesday morning and continuing until Wednesday night. PERSONAL & LOCAL

Mesdames W. W. Jordan and S. M. Richardson visited in Voca Tuesday.

W. T. House, member of the Brightman Cotton Co., is here for the season.

Bob Lindsay was over from Menard shaking hands with his many Brady friends.

Mrs. H. A. Carey and two sons are here from Brownwood for a visit with her sister, Mrs. R. G. Prater.

Mrs. O. S. Macy and Mrs. W. W. Walker have been the guests of Mrs. Fred Ellis near Menard this week.

C. W. Rowlett of Edna arrived in the city Wednesday for a short visit with his brother, H. J. Rowlett, and family.

Mrs. Josie Adkins and daughter, Miss Ettie, are spending a few days this week as guests of Mr. and Mrs. Jas. Finlay at Fife.

E. W. Williams, cotton man of Granbury, came to Brady Wednesday to look over the local field with a view of remaining here during the season.

Armstrong Cox returned last Saturday night to his home in Comanche after spending a week here as guest of his uncle and aunt, Mr. and Mrs. T. G. Parker.

Mrs. Dr. Jesse Lockhart spent several hours in the city Wednesday enroute from Austin to Edna, where she will join Dr. Lockhart in making their home at that place.

Messrs. E. B. Baldrige, F. M. Bradley and Jas. Finlay were Fife folks in town Tuesday. They invited the editor to buy them a cigar, but inasmuch as they had "nothing on" him, he positively refused.

Mrs. Paul Willoughby and son, Paul Hovey, arrived last night from the ranch in the Ozona country and will spend several weeks here as guests of her mother, Mrs. A. G. Walker, and other relatives and friends.

J. O. Ware was up from the Mercury community the first of the week, and reported a good rain down his way. He says the rain will not only benefit small grain, but will retard the too early opening of cotton, and also put out needed stock water.

Mrs. Dug Morrell and little daughter passed through Brady Tuesday night enroute from Menard to Throckmorton, where they will visit with friends before joining Mr. Morrell at Snyder to make their future home, they having sold their ranch at Menard.

J. H. Moseley, who has been located in Brady the past eight months representing the Pan-American Life Insurance Co.

A MOTHER'S GRATITUDE.

Many a Mother in Brady Will Appreciate the Following.

Many a strong man and many a healthy woman has much for which to thank mother. The care taken during their childhood brought them past the danger point and made them healthy men and women. Thousands of children are bothered with incontinence of urine, and inability to retain it is oftentimes called a habit. It is not always the child's fault—in many cases the difficulty lies with the kidneys, and can be readily righted. A Brady mother tells how she went about it.

Mrs. Lee McShan, Brady, says: "A younger member of my family was badly afflicted with kidney trouble. She was a healthy youngster, except for this weakness. Her kidneys acted so freely, especially at night and this was very annoying. A neighbor advised me to have her use Doan's Kidney Pills and the first box brought relief. I kept up the treatment and since taking two boxes, her kidneys haven't given any trouble."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McShan recommends. Foster-Milburn Co., Props, Buffalo, N. Y.

LOCAL BRIEFS.

C. H. Vincent left Tuesday night for Denison in response to a message from Mrs. I. G. Abney, stating that his little 7-year-old son, J. B., had the misfortune to fall on a picket fence, one of the sharp pickets inflicting an ugly wound in the groin. The injury is not thought to be serious, but Mr. Vincent is quite naturally concerned over the little fellow's condition. Mrs. Abney and Mr. Vincent's children are guests of Mr. Vincent's sister at Denison.

E. B. Kennedy was in from Waldrip and paid us a business call. Mr. Kennedy states that he has a good feed crop, and expects to have some cotton. None of his cotton is open, yet, the wet weather having retarded it considerably, although the bolls are big, and the plants, though small, are heavily loaded. As a matter of fact Mr. Kennedy states that he has rained so much since the latter part of August that he has been unable to get the weeds chopped out of 26 acres of corn, working every dry spell he had. He states the boll weevil is doing some damage in his community and that for the past two weeks there has been not a single bloom in his cotton.

Messrs. V. E. Bourland and E. O. Tindell have opened the Waldorf Cafe in the east end of the Syndicate building and next door to J. F. Tindell's store. They have a neatly arranged place and service in their motto. Not only will the hungry wayfarer be enabled to secure the very best of eatables, but no matter what time o' day or night he may

feel the pangs of hunger he will find Messrs. Bourland and Tindell ready to serve him, as they propose to keep open day, night and Sunday. In addition to serving the hungry, they also carry a full line of bottled drinks on ice, and the thirsty need thirst no longer. Another feature is that they have placed a number of tables where the lovers of the game may enjoy a quiet series of "42". They will conduct a strictly model and modern establishment and invite the public to call.

Get a 50c bottle, take a dose tonight and notice how much better you feel—you cannot afford to get along without Po-Do-Lax. "The Liver Tonic with Vegetable Calomel." 50c.

No More Nasty, Disagreeable Effects.

LIV-VER-LAX is now rapidly taking the place of calomel everywhere. It is just as effective, cleansing the system thoroughly of bile, toning up the liver; and making that sluggish feeling disappear like magic. Yet it is pleasant to take, and has none of the disagreeable after effects that make us dread calomel so much.

Feel fine all the time. Take LIV-VER-LAX regularly, and health becomes a habit.

TEMPLE CROWD SEP. 6

LIVE-WIRE BUNCH IN BRADY MONDAY AFTERNOON.

Y. M. B. L. Staging Big Booster Excursion—Music by Concert Band and Steam Siren.

The Young Men's Business League of Temple is staging a big booster excursion for next Monday (Labor Day) September 6th, the Fourth Annual Trade Trip of Temple, and the third visit to Brady. The league is working with the co-operation of the Central Trades Council and the hearty endorsement of all civic bodies. That the event will eclipse all previous efforts is assured from the fact that more than 300 representative business men of Temple will take part in the trip. A concert band will head the procession and furnish music at all stops, and the engine will be equipped with the regulation steam siren (for musical purposes, also, we presume).

Not only do the Temple boosters wish to meet and renew old acquaintances and make new ones, but they have a special mission to perform, and that is the boosting of the Bell County Fair to be held at Midway, between Temple and Belton, October 4th to 9th.

The following paragraph announces the spirit of the boosters: "We trust that when we have left your city you will be able in all fairness to say as did the Elgin Courier of June 4th, 1914: 'Yesterday afternoon Elgin was invaded by one of the finest sets of business men and jolly good fellows that she has ever had the honor of entertaining.'"

Every Brady citizen is invited and expected to be on hand to greet the visitors; also to have on hand a pocketful of information about Brady, the Bulliest Burg of them all, and be ready to distribute that pocketful to the best advantage and in the most opportune fashion. Every citizen with an auto will be expected to line up. Brady is desirous of having all the publicity possible, and we want to impress every Temple booster with the fact that Brady is made of the stuff that cities are built of.

While the exact hour of arrival has not been announced, this information will doubtless be furnished in due time. The excursionists will stop in San Saba for dinner, and will probably be in Brady about 2:00 or 3:00 o'clock. The letter announcing the coming of the trade excursionists follows:

"In a regular old time 'howdy do' shake hand trip over the Santa Fe on Labor day, Monday, Sept. 6th, three hundred business men of Temple and Bell county will join with the Central Labor Council members in telling the folks along the way about the Bell county fair and the industries of Temple that would be pleased to be remembered when the occasion arises.

It is in the nature of a joint trade trip, holiday outing of the union labor craft and a booster excursion for the Bell County Fair, which opens October 4th and closes October 9th, running six days, with a splendid racing program and attractions that will afford a delightful outing for the multitudes. The fair will be held at Midway, between Belton and Temple, which

is located on the Santa Fe, the Belton-Temple interurban, and on one of the best public pikes in Texas. The exposition site is one of the most beautiful and accessible in Central Texas. A great deal of interest is manifested in the exposition.

"The trade trippers out of Temple will be accompanied by a concert band which will render music at all stops. The following points will be visited: Nolanville, Killeen, Copperas Cove, Kempner, Lampasas, Lometa, San Saba, Richland Springs, Brady, Brownwood, Zephyr, Mullin and Goldthwaite."

Biliousness and Constipation.
It is certainly surprising that any woman will endure the miserable feelings caused by biliousness and constipation, when relief is so easily had and at so little expense. Mrs. Chas. Peck, Gates, N. Y., writes: "About a year ago I used two bottles of Chamberlain's Tablets and they cured me of biliousness and constipation." Obtainable everywhere.

LOCAL BRIEFS

Miss Margaret Todd, who has been visiting home folks in Columbus, Ky., will re-open her class in music Monday, September 6th, at Mrs. Day's, and invites all her former pupils and any others interested in music to be present.

Rev. J. T. H. Miller, knowing that The Standard editor was a sour and glum old bachelor, tried to sweeten our disposition by sending in a sample of his Home Made, Bottled in Bottles, XXX Cane Syrup. Naturally we passed the bottle around and let everyone take a "swig" of it, and all pronounced it as good as any home-made syrup they ever tasted, and a lot better than some of the "guaranteed under the pure food and drugs act" store-bought kind. This might suggest a "Make-It-In-McCulloch-County cane syrup factory."

The Lohn folks are planning a big jubilee tomorrow morning, afternoon and night to celebrate the completion of their handsome new school building. There will be a large attendance from Brady, quite a number of citizens having announced their intention of spending the entire day with the Lohn folks, while others will spend the afternoon and evening. It has been suggested that all business men who cannot leave their stores during the day, drive out to Lohn in a body after closing hours and spend the evening with the celebrators. This would assure a full representation on Brady citizens and business men.

His Rest Was Broken.
O. D. Wright, Rosemont, Neb., writes: "I was bothered with pains in the region of my kidneys. My rest was broken by frequent action of my kidneys. I was advised by my doctor to try Foley Kidney Pills and one 50-cent bottle made a well man of me." They relieve rheumatism and backache. Central Drug Store.

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Central Drug Store.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.
