Following the acceptance of the constitution and by-laws by the directors, the committee was discharged.

### J. L. Sinclair Promoted.

Friends of J. L. Sinclair, the popular manager of the South Texas Lumber Co., will be pleased to learn of his promotion to the management of the lumber yard for the same company at Texas City, although regretted that the promotion will necessitate the removal from Brady of Mr. and Mrs. Sinclair. Mr. and Mrs. Sinclair have been very popular with Brady and McCulloch folks, and have won a warm spot for themselves in the hearts of all. They expect to leave for their new home tomorrow.

The local yard is now under the management of J. B. Coe, late of Tucumcari, N. M., who arrived last Saturday. Mr. Coe is a most agreeable business man, and no doubt will prove equally as popular with McCulloch county folks as did his predecessor. Mrs. Coe and two children are visiting home folks at Colorado, Texas, for the present, but will join Mr. Coe in making their home in Brady within the next two weeks. The family will occupy the home being vacated by Mr. and Mrs. Sinclair.

### Death of Chas. Stowe.

No further particulars of the death of Chas. Stowe at Austin have been learned by Brady relatives aside from the information contained in the following article reprinted from the Fort Worth Record:

"Word was received in Fort Worth Tuesday of the death by asphyxiation of Charles Stowe, 38 years of age, at Austin. Stowe was a well known bricklayer and had lived in Fort Worth eight years, having been a member of Bricklayers union No. 6 of Fort Worth for fourteen years, and had served in various official capacities, once as president. He lived at 909 West Fifth street at the time of his death.

"Stowe was working in Austin, having arrived there, after a visit to his home here, Sunday night. A hose connection with a gas heater became disconnected during the night and he was found dead in his room Monday morning. His body was lying on the floor near the door, indicating an effort to escape the fumes after he had awakened.

"A pulmotor was used in an effort at resuscitation, but without effect.

"Stowe is survived by a wife and three children, all girls, age 11, 5 and 2 years. The widow left Tuesday for Austin and will accompany the body to San Antonio for burial. His former home was in the Alamo city.

"The executive committee of the local union wired orders that a floral wreath be sent to San Antonio for the funeral.

"While in Fort Worth Stowe was elected alternate delegate to the national convention of bricklayers to be held in Toronto, Canada, in January."

Mr. Rosenberg was located in Brady last fall, and while he desired to continue in business here, his extensive interests in Taylor forced him to return to that town.

The Rosenberg store will again be located in the Syndicate building, and J. C. Harber will again have charge of the business. Mr. Harber is a business man of many years experience in the mercantile line, and is popular with all the Brady and McCulloch county folks who made his acquaintance last year.

## Tidwell-Morrow.

The marriage of Mr. Herman B. Tidwell and Miss Nettie Lou Morrow was solemnized on Wednesday evening at 6:00 o'clock at the Christian church, Rev. R. M. Bailey officiating. The ceremony was informal, and was witnessed by only a few friends of the contracting parties.

Following the ceremony a wedding dinner was served the newly-weds at the Morrow hotel by the bride's parents, Mr. and Mrs. P. W. Morrow, the happy couple leaving on the night train, amidst the congratulations of friends, for their home near Texarkana.

Mr. Tidwell is a splendid young man, and has visited in Brady upon several occasions, during which he won the friendship and esteem of all with whom he met. He is associated in the drug business with his father at Maude, Texas, where he and Mrs. Tidwell will make their home. His marriage to Miss Morrow was the culmination of a romance of several years, they having known one another since early childhood. Mrs. Tidwell was one of the most popular of Brady's young ladies and a leading member of the Merry Maids and Matrons club. He is a man of sterling good qualities and is esteemed most highly by all who know him. For the past three months he has been visiting in the North, and his marriage comes as a pleasant climax to the pleasures of his sojourn there.

His bride is said to be a lady of great refinement and charm, as well as having been a close friend of Mr. Savage and his sister. As such, she will find a most hearty welcome awaiting her in Brady social circles, as well as from the citizens in general.

**TRIBUTE TO McCULLOCH**

PROSPERITY OF THIS SECTION BEING BOOSTED.

J. M. Lybrand, Jr., Representative of Dun & Co., Tells of Business Conditions Here.

J. M. Lybrand, Jr., traveling representative of R. G. Dun & Co., returned Monday from a week's investigation trip southwest on the Frisco in the Brady, Menard and San Saba sections of the country.

"Conditions could not be improved upon in the sections visited by me," said Lybrand. "Merchants are prospering, the farmers and stockmen are in fine financial condition, and business is booming. While away I came in contact with every class of business man and found them all busy."  
"The banks report collections good, and bankers told me there was more money on deposit to the credit of customers than ever before in the history of those sections. Quite a few traveling men were in Brady when I was there, and all of them were busy selling goods. Several times I had to wait for two hours to interview a merchant. He and his clerks were all busy waiting on the trade. Merchants told me that they were collecting debts three and four years old, besides collecting all accounts made this year."

"When cotton was up to 12 cents and above farmers turned loose their holdings, but since it has gone down they are holding. They paid their debts with the first cotton and have the remainder of the crop as surplus. They are in position to hold this year."

"The ranges were never better, and quite a few of the stockmen are coming to Fort Worth and buying cattle to stock up the ranches. Feed crops are good and farmers are buying cattle to utilize it for a profit, without putting it on the market as grown."

"The pecan crop in the San Saba section is the largest ever gathered and farmers are bringing them into town by the wagon loads to sell. The same condition prevails at Brady. Buyers are on hand from Ft. Worth, Dallas, Houston, San Antonio and other points bidding on pecans and buying them at good prices."

"What impressed me more than anything else was the general good demand for all kinds of goods, agricultural implements, automobiles and builders' hardware."—The Fort Worth Record.

Brady Standard, \$1 a year.

**SEVERE PUNISHMENT**

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."  
"I tried most every kind of medicine, but none did me any good."  
"I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together."  
"My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."  
"Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling?"  
"If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century."  
"Begin taking Cardui to-day. You won't regret it. All druggists."

### WHICH SHALL IT BE?

Do you intend to continue laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove?

You KNOW that old stove eats up a lot of fuel each year.

You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation—

### THE GREAT MAJESTIC MALLEABLE AND CHARCOAL IRON RANGE

You make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos—parts being malleable can't break—has a movable reservoir and an oven that doesn't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen"; you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300% stronger than other ranges where most ranges are weakest.

### WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building- tonic, free from alcohol or any harmful drugs. Try it. Scott & Bowne, Bloomfield, N. J.

### SAN SABA SAYINGS

A deal was closed last week by which F. F. Edwards sold his ranch of 4000 acres at \$10 an acre, about eight miles north of town to Fritz Kothmann of Mason. Between 700 and 800 head of Hereford cattle were also included in the deal and brought the handsome price of \$40 around. Possession will be given April 1, 1916.

Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally, and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. **MASON MAVERICKS**  
From The News.  
Tom Elliot and wife and daughters, Miss Minnie and Mrs. Baker, and children, were over a few days the past week from Brady visiting relatives.

Saturday afternoon Will Zirliax and family had a narrow escape from serious injury while returning home from Mason in their car. Just after crossing the bridge on the Llano river the young man driving the car lost control of the machine and it rolled back down the incline approach to the bridge, running about 30 feet onto the bridge and then pitching over the curbing of the bridge into the water. The water was about seven feet deep and was a protection to the occupants of the car, so that none of them were injured out little. Those in the car were Mr. and Mrs. Zirliax and baby, Miss Elsie Zirliax, Miss Carrie Geistweidt and John Zirliax.

L. F. Eckert started 1200 turkeys to market Thursday and enroute added about 500 more to the bunch. This is the biggest bunch of turkeys ever driven from Mason.

Mrs. N. E. Berry left Saturday for Brady where her grandson, Will Gentry, was to have his leg taken off. The young man had his leg crushed in an oil mill several years ago, and it was amputated below the knee, but it has continued to give him trouble, and it was decided to amputate it above the knee.

Dr. Bell's Pine-Tar-Honey which goes to the very root of cold troubles. It clears the throat and gives relief from that clogged and stuffed feeling. The pines have ever been the friend of man in driving away colds. Moreover, the pine-honey qualities are peculiarly effective in fighting children's colds. Remember that a cold broken at the start greatly reduces the possibility of complications. 25c.

E. O. Perry, who lives some six miles this side of Brady, was the guest of his uncle, A. M. Perry, and family for a few days last week. "Flowers for the living" was a reality with him, for we caught him with the goods—a large bouquet of real flowers.  
On October 25th Concho county had ginned 6974 bales. Same date last year, 8973. This shows nearly one-fourth off and the cotton is almost out now. Last year's crop was not finished until in the spring. The yield is about half what it was last year.

## NEED A BAND.

The thought has occurred to The Standard editor a number of times that Brady's most noticeable deficiency was in the matter of a band. Upon a number of occasions bands have been organized in Brady, but evidently the civic temperature was not sufficiently warmed to the proposition to make it thrive, and each successive band was disorganized before it became properly acclimated. Perhaps it was because the Brady citizens were not temperamentally attuned to the need of a band.

Whatever the cause, it is a self-evident fact that Brady's horn is not being blown, because we have no band to assist in the blowing.

Brady needs a band. Every town needs a band, for no public affair is complete without music—and no music more inspiring or thrilling or ennobling than that of a brass, or silver band.

Ballinger appreciates her band. Ballinger appreciates the value of the band from an advertising standpoint, and with this object in mind, the city of Ballinger is spending \$500 to send its band to the Waco Cotton Palace, where they will play throughout the celebration advertising Ballinger. The band numbers more than 25 members, and should be worth thousands of dollars to the town of Ballinger.

Brady citizens should put forth every effort to encourage Brady boys musically inclined to organize a band. There are a hundred and one occasions in the course of a year's time when a band is needed and when its services are invaluable.

Brady is the bull's-eye of the 42-centimeter Prosperity boom.

Prosperity in McCulloch is daily making more farmers better farmers, and more and better farmers.

Bell county went dry in last Saturday's election by a decisive majority. The contest was one of the hottest ever waged, and both pros and antis were liberal in their use of printers' ink, every side and angle of the question being thoroughly discussed. There is heaved a general sigh of relief now that the contest is over, and while, no doubt, there was much bitterness engendered during the fight, the fact that the result is decisive will no doubt do much to restore matters to normal.

## THE MASON ROAD.

A good highway from Brady to the Mason county line is an imperative need.

The Mason folks say they only ask of Brady a road equally as good as that from Mason to the McCulloch county line. Brady citizens have their doubts about the excellence of the Mason county road; they do not believe it will stand up under a spell of rainy weather. But the Mason folks give assurance that they do not intend to allow the roadbed to deteriorate; that they will keep it up and improve it still further as time and opportunity permits.

In the meantime it goes without saying that the Mason county road is at least better than several stretches of the McCulloch. The road must be improved. The road must be improved before we can ask favors of others.

We should not be satisfied with making the road "just as good" as the Mason county road. We should make a permanent improvement. One that will stand up in all kinds of weather and under all kinds of conditions.

In the meantime the Mason merchants have pledged themselves not to give their business to Brady, but to give it to Llano instead for the reason that Llano has been the first to come forward with an offer to improve the roads in the Mason direction. This act, upon the part of the merchants of Mason should not be considered in the building of the road. The road should be built because we need the road, and because unless the road is built Brady will lose her place on the route of the National Highways. The action of the Mason merchants is as foolhardy as it was hasty. Had they investigated the conditions that confront the Brady citizens with regard to the building of the road, they would never have taken the position they have. It is equally as foolish to imagine that the Mason merchants will bind themselves to such an agreement for any considerable period following the improvement of the McCulloch end of the Mason county road.

Brady's next move should be a step towards extending the piked road already built in Road District No. 1.

When this move has been made, the question of advocating wide tired wagons, reciprocity upon the part of the Mason merchants, and extension of road improvement may be considered.

The latch-string always hangs on the outside of the door of trouble, where any fool can reach it.—Temple Mirror.

Many a public utility company has been wrecked on the shoals of might-have-been only because it refused to throw out the anchor of publicity.—Public Service Magazine.

"I wish I was running a paper here in Eagle Lake for a while," said a local citizen yesterday. "I'll bet I'd stir things up." You'd stir up the dust down one of these streets trying to outrun a load of buckshot, that's what you'd stir up.—Eagle Lake Headlight.

There are three million prisoners of war in the hell camps of Europe and it has been discovered that music is all that prevents them from becoming insane. Queer old world. In this land of peace there are musicians who are constantly driving men insane and who are themselves accused of being loose nuts looking for wrenches.—Fort Worth Record.

Build a home in Brady—none can be rented.

The Brownwood Bulletin scored another "hit over the fence" Sunday morning when it reported the result of the Bell county election, the Bulletin reaching Brady at least five hours ahead of the Temple Telegram and some twenty-four hours ahead of the other city dailies. The Bulletin is making the effort required to constitute a real newspaper.

## The Only Car at its price with 40 h. p.

This new Studebaker 4-cylinder car absolutely dominates its field. It has set up new Standards of value for 4-cylinder cars. It has vastly increased the purchasing power of each dollar. It has given MORE power, MORE comforts and size, MORE quality for every dollar of its price than any other car ever offered in the history of the industry.

**Studebaker**  
40 horse power. 7 passenger  
Four **\$8.85**

**Four-Cylinder Models.**  
Touring Car, 7-passenger \$885  
Roadster, 3-passenger 850  
Landau-Roadster, 3-passenger 1185  
**Six-Cylinder Models.**  
Touring Car, 7-passenger \$1050  
Roadster, 3-passenger 1000  
Landau-Roadster, 3-passenger 1350  
Coupe, 4-passenger 1550  
Limousine, 7-passenger 2250  
F. O. B. Detroit.

This Studebaker at \$885 is the ONLY 4-cylinder, 7-passenger car with a 37/8-inch borex5-inch stroke, FORTY Horse Power motor that has ever been offered in America or Europe for less than \$1000. In POWER and flexibility it equals most of the Sixes now on the market. And in quality it stands ALONE. For while the price has been reduced from \$985 to \$885, the car itself has been GREATLY INCREASED in power, size and quality, and wherever materials have been changed, BETTER materials have been used.

We urge every man in Brady who expects to buy a car, to see this Studebaker FIRST. For no other 4-cylinder car offers such dollar-for-dollar value.

# GREAT STOCK REDUCING SALE

T. B. Cobb, the ginner at Doole was in Brady Wednesday and reported having ginned up to that time 1416 bales, which was a little better than half of the total run made by him last year. He estimates that 25 or 30 more bales will clean up his 1915 ginnings.

Brady friends of Tom Case will regret the misfortune which befell him in Brownwood, as recounted in the following item in Tuesday's Brownwood Bulletin: "Tom Case of Brady, who came to Brownwood to look after business matters, was stricken with appendicitis this morning, and will be operated upon this afternoon."

Prof. J. C. Robbins announces a recital by his pupils at the Methodist church on Thanksgiving night, Thursday, the 25th. Mrs. T. J. King received a message Tuesday morning about 9:00 o'clock announcing the death of her youngest brother, R. W. Easterling, at Halletts-Texas. "winners," if blue ribbons and red ribbons count for anything. During the past month or so, Mr. Cathey's leghorns have captured prizes as follows: At Brownwood Free Fall Fair, October 5th to 9th—1st cock, 1st cockerel, 1st, 2nd, 3rd and 4th pullets. At State Fair, Dallas, October 16th to 31st—1st, 2nd, 3rd and 5th pullets. At San Angelo Fair, November 2nd to 6th—1st, 2nd, 3rd and 4th pullets.

Messrs. John Mayse, Arthur Wood and Stewart Francks have proven themselves the champion huntsmen so far, and their prowess entitles them to tell any sort of hunting yarn without interruption and without question or doubting. They sallied forth on Monday, and upon their return Wednesday, after being out only two nights, exhibited two deer and the greater part of the remains of a third deer. Arthur Wood is credited with one of the three, while Stewart Francks takes the blue ribbon for bagging the other two.

Dr. Hicks Martin, the sage of Katemcy, was in Brady Tuesday, and, as usual, brought with him something good. This time it was his good friend, Geo. T. Kidd, one of the prominent and successful farmers of the Katemcy community. Mr. Kidd is a specialist on Duroc-Jerseys, and recently sold a bunch of about a dozen head of these hogs to Mr. Kothman of Mason, who declared them the finest he had ever seen. It is nothing unusual for Mr. Kidd to have a nine-months' old shoat tip the scales at 160 pounds, and in this statement Dr. Martin will bear us out, for he bought just such a shoat from Mr. Kidd several months ago for \$5.00, and now the doctor declares he wouldn't take \$25.00 for it.

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All counterfeits, imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

**A Clogged System Needs Attention.**

Are you bilious, dizzy and listless? Dr. King's New Life Pills taken at once seize upon constipation and starts the bowels moving naturally and easily. Moreover it acts without griping. Neglect of a clogged system often leads to most serious complications. Poisonous matters and a body poorly functioning need immediate attention. If you wish to wake up tomorrow morning happy in mind and entirely satisfied, start your treatment.

We can save you 25% on tents and wagon covers. Make us prove it. Abney & Vincent. Grain drills. O. D. Mann & Sons.

**The Boll Weevil.**

There are more boll weevils in the cotton fields of Texas than at any time in the history of the state. The menace to next year's crop is very great. All cotton stalks should have been plowed under or burned before this time, but if this has not been done no time should be lost in attending to this important matter. If the weevils are not destroyed before they go into winter quarters it will be hazardous to plant cotton on the land next year.—State Extension Service Farm News.

**DOUBLY PROVEN.**

Brady Readers Can No Longer Doubt the Evidence.

This Brady citizen testified long ago. Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. Mrs. B. P. Brown, Brady, says: "My back ached a great deal, especially when I was on my feet or after any exertion. The kidney secretions caused me annoyance. Two boxes of Doan's Kidney Pills, procured at the Central Drug Store, soon cured me of these troubles. (Statement given October 23, 1911).

On April 29, 1915, Mrs. Brown said: "I haven't had any return of kidney complaint since using Doan's Kidney Pills. I still recommend this medicine very highly."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Brown had. Foster-Milburn Co., Mr. Guber had. Foster-Milburn Co., Props., Buffalo, N. Y.

**Next Year's Cotton Seed.**

Anthracnose, or cotton boll rot, has infected all cotton seed grown east of a line running from Wichita Falls south thru Llano, Austin, Bastrop and Bay City. All farmers east of that line should plow under or cut and burn all cotton stalks and get seed for next year's planting from points west of that line. To plant infected seed will mean disaster to the crop next spring and summer. An opportunity for profitable cooperation is presented to farmers on both sides of the line. Those on the infected side should get together, combine their orders and buy seed in bulk. Farmers in the non-infected area should unite and seek a market for their surplus seed.—State Extension Service Farm News.

**How to Prevent Croup.**

It may be a surprise to you to learn that in many cases croup can be prevented. Mrs. H. M. Johns, Elida, Ohio, relates her experience as follows: "My little boy is subject to croup. During the past winter I kept a bottle of Chamberlain's Cough Remedy in the house, and when he began having that croupy cough I would give him one or two doses of it and it would break up the attack. I like it better for children than any other cough medicine because children take it willingly, and it is safe and reliable." Obtainable everywhere.

**Senior Press Report.**

The Dramatic club was most delightfully entertained at the home of Miss Fahrenthold on last Friday evening. An interesting program was carried out. Mrs. Anderson giving one of her ever-welcome readings. The jokes on the club members were read by Edna Schaege and a playlet, entitled "Twenty Minutes Under an Umbrella," was given by Annie Rae Shearin and O'Farrell Craddock. After a pleasant social hour the hostess served dainty refreshments of hot chocolate, cake, sandwiches and salad. The next meeting of the club will be at the home of Miss Bernice Hall Nov. 26th.

The practice of the First team of basket ball is now progressing nicely, and within the next few weeks they hope to be able to challenge Rochelle or Eden to a matched game.

The High School Spaniards have been holding a conference with the director, Mr. Donnell, every afternoon from 4 o'clock until dark. Other pupils had better keep an eye on them, they may be plotting an insurrection.

Mrs. Anderson: "Permanent alliances are dangerous." Senior: "That's the reason a fellow always gets into trouble when he enters the matrimonial world."

**Junior Report.**

There are few who realize the

good that our superintendent has done for us. We get very badly disappointed when the mathematics examinations come around, and sometimes think we deserve better grades. But Mr. Hughes has done wonders in conducting the school since he has been superintendent. It has developed from an educational side as well as from an athletic side. Better teachers have been employed and a better standard of work set. Since Mr. Hughes has become the head of the school Brady High school has become affiliated with State University, which is a great honor to Brady High school, as well as a benefit to those going from here to the university. We should always remember that if we only do our part and duty Mr. Hughes will do all in his power to help us and work for our good.

The Junior class lacks loyalty or they would aid the reporter by handing in a report occasionally.

A number of the important people are discussing the question of changing the time of Thanksgiving from Thursday to Saturday, thereby giving the business people two days' rest instead of one. This change cannot take place this year, as it is too late, but will more than likely do so next year.

**TRY "CASCARETS" FOR LIVER AND BOWELS IF SICK OR BILIOUS**

**Tonight! Clean Your Bowels and Stop Headache, Colds, Sour Stomach.**

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and bad colds—turn them out tonight and keep them out with "Cascarets."

Millions of men and women take a "Cascaret" now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let "Cascarets" cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A "Cascaret" tonight will straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love "Cascarets" because they never gripe or sicken.

**GINNINGS IN McCULLOCH.**

**More Than Two-Thirds of Those of Last Year.**

Dimmitt Wood, collector of the census of ginnings in McCulloch county for the federal government, gives out the following report:

Ginnings in McCulloch county to November 1, 1915, 14,257. Ginnings up to corresponding period in 1914, 20,129.

While this year's ginnings show better than two-thirds of those for the same period last year, the proportion will be materially decreased from now on, as the present season is just about completed, while that of last year continued for two months or more.

**MENARD MESSAGES**

From The Messenger.

L. E. Callan has installed his fixtures and stock of liquid refreshments in the old Henry Vander Stucker stand and is today ready for business. We had him opening up in the Otto Vander Stucken feed store building, but inasmuch as that is already occupied by the Callan & Dodd tin shop and Loyce had already rented his present quarters he would not make the change to make our statement correct, so we are changing the statement to better fit the facts in the case.

B. L. Malone of Brady and J. W. Ragsdale of Brownwood were Menard visitors Tuesday, and paid this office a call. Mr. Malone is a jeweler and well known throughout this section, while Mr. Ragsdale is an optometrist and optician with the Malone jewelry store of Brownwood. Both men are firm believers in advertising and back their belief up with generous newspaper ads.

Chas. Montgomery of Hext was in town Saturday saying goodbye to his friends here. Mr. Montgomery has moved into Kimble county and from now on will receive his Messenger via Noxville, Texas. He told us while here that his sister-in-law, Mrs. Minnie Montgomery, has secured her teacher's certificate and is now living at Calf Creek, McCulloch county, where she has charge of a school.

W. P. Bevans and Chas. Speck last week received 1500 head of cows which they had purchased of Paul Willoughby of Crockett county. The price paid was \$53 around, making a total of \$79,500. This is one of the largest deals pulled off in this section in some time.

Beware of Cheap Substitutes. In these days of keen competition it is important that the public should see that they get Chamberlain's Cough Remedy and not take substitutes sold for the sake of extra profit. Chamberlain's Cough Remedy has stood the test and been approved for more than forty years. Obtainable everywhere.

## Splendid Laxative for Elderly People

Has Been Prescribed By Well Known Physician for Many Years.

The infirmities of age are especially manifest in a tendency to constipation, and call for treatment that will afford relief in an easy, natural manner. The rapid action of cathartic remedies and purgatives that shock the system should be avoided, more especially as the relief they offer is only temporary and is usually more than offset by disturbance to the vital organs caused by their violent action.

Nearly thirty years ago Dr. W. B. Caldwell, Monticello, Ill., prescribed a compound of simple laxative herbs that has since become the standard household remedy in thousands of homes. It acts easily and gently, yet with positive effect, without griping or other pain or discomfort. Mrs. Rachael Allen, Galesburg, Kans., is 71 years old, and after using a bot-

tle of Dr. Caldwell's Syrup Pepsin, wrote that it had done her

MRS. RACHAEL ALLEN.

a world of good and that she intends to keep it in the house always.

Druggists sell Dr. Caldwell's Syrup Pepsin for fifty cents a bottle. It is a splendid remedy and should be in every home. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

**ROCHELLE RUSTLINGS**

From the Record:

Born November 7th, a daughter to Mr. and Mrs. Robert Haddow. This young miss has the honor of being a niece to Paul, Laurence and Earl, and the joy and privilege of being a grandchild of Mr. and Mrs. R. W. Haddow of this place, and F. M. McCuistion of the Platid neighborhood.

Rochelle now has what it has long since needed, a second-hand store. Mr. S. H. Bruce has opened up a business of that kind in the pink store building opposite the Bank of Rochelle.

Miss Annabelle Davis and Dewey Pence of Prairie View surprised their friends and parents last week by quietly coming to Rochelle and entering into the holy bonds of matrimony. Rev. J. L. Burns performing the ceremony at that latter's home. J. W. Cole went to Brownwood Tuesday night, returning Wednesday morning to Brady. He,

with the Brady marshal, had gone up the line to capture two young men who were trying to escape, one being under bond and the other working out a fine for some offense committed at Brady.

To relieve it buy the dollar size BAL-LARD'S HOREHOUND SYRUP; you get with each bottle a free HERRICK'S RED PEPPER POROUS PLASTER for the chest. The syrup relaxes the tightness and the plaster draws out the inflammation. It is an ideal combination for cutting colds settled in the lungs. Sold by Central Drug Store.
