TO INCORPORATE BUSINESS

Dr. Lindley Will Organize Company to Sell Marking Ink.

Dr. R. A. Lindley is promoting a \$100,000 stock company to take over the manufacture and sale of Dr. Lindley's marking ink, and reports gratifying success and encouragement so far met with. Dr. Lindley has engaged W. H. Caldwell as his secretary, and the work of completing the organization will be pushed as rapidly as possible.

That Dr. Lindley has a remarkable product is universally conceded by every cotton buyer, gin man, cotton yard man, and by the leading compress men of the state as well. It is said to be undoubtedly the best marking ink made, and, in fact, the only successful one aside from such inks whose cost of manufacture makes their general use prohibitive. Although the ink was given its first practical and thorough test the past season, its merits were recognized at once, and Dr. Lindley has received any number of offers for the outright sale of the ink, having recently refused an offer of \$25,000.

The doctor is all the more certain that his ink will meet

with the greatest demand in view of the recent ruling of the state warehouse and marketing department to the effect that the markings on cotton bales must be such as to remain intact and visible, and suggesting that a good quality of indelible marking ink be used. The department also advises that the use of lamp black and kerosene oil should be discontinued, as it will not stand even one heavy shower.

In view of the position taken by the state department, there is certain to be a tremendous demand for Lindley's marking ink, as it not only is one of the cheapest on the market, but stands up under the most severe tests of wind, water and weather.

POULTRY EXHIBIT.

Postponed One Week—To Be Held January 28-29th.

The McCulloch County Poultry exhibit, scheduled for Jan. 21 and 22nd, has been postponed one week, and will be held on Friday and Saturday, January 28th and 29th instead. The postponement was made necessary because it was found impossible to complete arrangements in time for the first-named date.

It has also been decided to invite poultry raisers of adjoining counties to participate in the exhibit, and such exhibitors will likewise be allowed to compete for the prizes. This feature was thought desirable in order that the whole of McCulloch county's trade territory might be included.

Two sets of prizes will be offered—one for town-raised birds and the other for country-raised birds, and every kind of bird is expected to be included in the list of prizes.

Exhibitors are requested to send a list of the breed and number of birds they intend to exhibit, to Secretary Rowlett of the Brady Y. M. B. L., at the earliest possible moment, in order that ample provision may be made to take care of all birds to be placed on exhibit.

PEAR VALLEY SAYINGS.

Mr. Jess Nicks and Miss Effie Heaton Married Sunday.

Pear Valley, Texas, Jan. 3.
Editor Brady Standard:

Well, Christmas has come and gone, with its joys and sorrows, and the New Year is here. We should all be thankful for past blessings. Let us all exert greater efforts to make the world better and happier as the year goes by.

We are under many obligations to the editor for his remembering us with the nice little present, which we appreciate very much. May it sharpen our wits as well as pencil, that we may be able to give the "doings" of the Valley in an intelligent and interesting manner.

Wedding bells are still chiming. Last night about 8 o'clock, as L. D. Ferguson sat musing over the past, he was suddenly aroused by someone who hallowed at the fence (too dark to find the gate) and a voice called out: "Is Bro. F. at home?" Mr. F. picked up a lantern, walked out to the fence, and who should he find but Mr. Jess Nicks and Miss Effie Heaton. "What's up this time of day?" inquired F. "Oh, just thought we would trot over and get married for a Christmas trick," and Nicks produced the necessary papers to that effect. Mr. F. called his wife and son to come out and act as witnesses, then proceeded to make of the "twain one flesh," and they went on their way rejoicing. But uh-uh, Jesse, you can't get by that easy if you are in the dark, and young Ferguson was soon on old Brown, making for central. There he called the boys of the Valley to arms, and soon a little army of youngsters were collected, armed to the teeth with tubs, pans, buckets, bells, horns, chains, chickens, geese, ducks, turkeys, fiddles, banjos, guitars, a hound pup or two, a donkey, in fact everything and everything that would or could be made to make a noise, and the youngsters sallied forth to the task of the hour, and Jess and his new bride were given the benefit of a regular old-fashioned Arkansas charivari. Everything passed off pleasantly and everybody is extending congratulations to the newly-weds.

The stork arrived at the home of Mr. and Mrs. L. D. Ferguson December 16th, leaving a fine little miss as a Christmas present.

Again at the home of Mr. and Mrs. Pat Reed Dec. 29th, leaving a bouncing boy, and Jack Jones has been to "Grandpa's" boy ever since.

Most every farmer is stirring early and late preparing for another crop. Now, brother farm-

ers, don't lose your heads because cotton is bringing a good price. Let us raise a living at home and keep cotton a good price and have something for the rainy day.

Several new smoke houses have been built lately in the Valley, and they all have something substantial in them. It is stated by those who claim to know, and we believe it, that there is more good hog and hominy put up in the Valley than in any three years previous.

Lots of la grippe in the Valley. J. A. Faulkner's entire family was down last week, but all are reported better today.

Pear Valley is still booming. Fowler Bros. are erecting a new store building, which will be ready for occupancy by the last of this week. They will do a general mercantile business. The boys are energetic and deserving, and we predict for them a successful business.

Homer Hodge, who assisted his father in his move to Wilson, Texas, returned last week. He says Pear Valley is God's country, and is good enough for him.

Well, the chaps have all had their say and do for the holidays and school re-opened this morning, with a full attendance and several new students. And right here we want to say that Pear Valley has a school second to none in the county, which speaks credit for Prof. Taylor and his assistants.

Mrs. Monta Haywood, who has been visiting relatives in Burnet and Travis counties, returned a few days past, bringing with her a severe case of la grippe.

Cravens Ferguson made a business trip to Brady today, preparatory to entering Pear Valley school this week.

Henry Smith says he will have to have 14¢ per pound for his 86 bales of cotton to make it figure out just right. But, look out, buyers, some of you are going to get some cotton when it reaches the 12½¢ mark, or Henry will have lost his head.

George Vineyard says if old Jack don't break all of his single trees he's "sho gwine to turn some of old terra firma in the next short time."

Now, Mr. Editor, as to our suggesting some method for making the paper better, we think it's pretty good now, and if all we scribes had it to fix up don't you know it would be a dandy. We suggest, in addition to Bible questions, let us have questions on History, Science, Agriculture and things like that. Something that will bring town and country closer together socially. What say you?

TRAFFIC LAWS.

There is an insistent demand upon the part of a large number of Brady citizens that traffic laws be enacted, and, better still, enforced. Quite a number of accidents in the nature of collisions, have occurred recently, and unless some method is adopted to require auto drivers, and drivers of vehicles in general, to keep to their side of the road, a serious accident is going to result some of these days that will cause anguish and distress to those who have neglected this warning.

It is but a simple matter to provide traffic flags at the street intersections; it is no superhuman task to teach drivers to observe these flags. It means safety, and in this present day "Safety First" has become a slogan from one end of the country to the other, and with the day laborer as well as with the greatest corporation.

THE STREETS.

In speaking of traffic ordinances, there are many reasons that add to the danger of driving in Brady, aside from the natural carelessness. One of the most important of these is the lack of thoroughfares in the downtown district that might even be called decent. With the streets in such frightful condition it is little wonder that the driver of anything on wheels should seek out the better paths

in the streets. He may drive on the left-hand side of the road in so doing—and that is where the danger arises.

Brady should make 1916 a notable year in her history by improving the square and by grading up the main thoroughfares in first-class condition.

ANOTHER THING.

If a state of health and sanitation inspector should visit Brady right now—today—where would Brady stand in the rank of "Clean Towns?" We haven't the hardihood to venture a guess. It is certain that Brady would not score as she did when Dr. Carrick visited here during the "Cleanest Town in Texas" campaign.

There can be no excuse offered for allowing Brady to fall so far behind in the matter of sanitation. Let's start a clean-up campaign that will make the welkin ring.

PESTS.

Pest crusades are being started in Texas. A crusade against rats in San Francisco has saved thousands of lives in that city. One of the greatest pests in this section is the sparrow. He is a great disease spreader and crop destroyer. One man killing sparrows does not check the pest. A sixty-day concerted effort by the farmers of Texas would forever destroy the sparrow pest. The move has started—pests will be fought.—Comanche Chief-Exponent.

There is nothing so effective as concerted action, whether it be for the fighting of pests or for the furtherance of a project for the benefit of the community. And rat killing and sparrow killing demand concerted action—and such action will result in benefit to a community. McCulloch county citizens should not be left in the rear when a movement of this kind is undertaken. Set a day and exterminate the pests. It means the saving of thousands of dollars of feed and property.

And another thing in which concerted action is needed is in stamping out the ticks. A number of neighboring counties have voted for tick eradication. McCulloch, Mason and adjoining counties should join in the work. All that is needed here is a Moses to lead the way.

AN EXTRA DAY.

Someone has suggested that the great mint of Time has coined for us an extra day in 1916, and that by reason of this ex-

tra day the United States will become millions of dollars richer. People who are paid for labor by the day and people whose income is reckoned by the day will receive an extra day's revenue and throughout the United States millions of dollars will be added in wealth. This extra day of time comes on February 29th—Tuesday. Let us begin now to plan to use it profitably. Let the merchants plan and make the day count for all that it is worth. It is an extra day given you; how will you use it?—Ballingier Ledger.

That is a bright idea. Some special effort might be well spent in using the extra day to the best advantage. Suppose we compete for a prize to be given to the community that makes the best showing in observance of the day.—Temple Telegram.

Many newspapers are discussing the burning question, "What are you going to do with the extra day this year?" the question arising from the fact that there are twenty-nine days in February this year. One organization suggests that February 29th be set aside as national prosperity day; another organization wants to celebrate it as pay-up day; another wants the nation to pray for peace on that day; another would devote it to a general clean-up campaign, and others have still other propositions. After all the discussion is over, most of us, however, will do on February 29th just about what we did on the last day of February last year, except that we will wonder why the calendar is such an irregular contraption.—Brownwood Bulletin.

WANTA FORD AUTO?

Well, it was a good deal like old times the way Santa Claus failed to find our stocking.—Temple Mirror.

Bob Gresham, the fairy-like editor of the Temple Mirror, weighs but 'steen hundred pounds, avoirdupois. Little wonder Santa failed to find, or fill, his stocking. Santa only makes one trip on Christmas eve, and he doesn't carry threshing outfits nor Ford automobiles either to fill such stockings as Bob Gresham must hang up.

To kill the nerve pain of sciatica you can always depend on Sloan's Liniment. It penetrates to the seat of pain and brings ease as soon as it is applied. A great comfort too with Sloan's is that no rubbing is required. Sloan's Liniment is invaluable for stopping muscular or nerve pain of any kind. Try it at once if you suffer with rheumatism, lumbago, sore throat, pain in chest, sprains, bruises, etc. It is excellent for neuralgia and headache. 25c at all druggists.

Show Me!

While probably only a small number of men that come to our store to look at sulkies and disc plows are born in Missouri, yet there seems to be no remark that applies more perfectly to the condition of mind of these prospective customers of ours than the one that is nationally associated with the state of Missouri: "Show me." That is what we can do and are doing.

If it is a disc you want, we have the Standard. You want a plow that does your work and one that pulls the lightest. Among other improvements the Standard disc has ball bearings, reducing draft that way.

If it is a sulky plow you want, we have the New Casaday and Pilot. The New Casaday sulky is well known in this country, in fact most of the best farmers have one, and we find the demand for them is growing every year.

Editor Brady Standard:

As the old year has passed and forever gone and the New Year has dawned upon us, and realizing, as we do, that the year that has just passed into history has been so gloriously prosperous and that peace has reigned throughout our nation, while the old world beyond the sea has been filled full of shot and shell and powder smoke, death and destruction, we should bow our heads and ask the God of heaven and earth to give us peace and prosperity through

the New Year. Joy and happiness seemed to reign supreme here throughout the holidays.

This writer had the good luck to be at four fat turkey dinners. One of them a wedding dinner, if you please, at the home of the bride's mother, Mrs. G. W. Armor, where Mr. Clarence Drinkard of Eden and Miss Ola Armor were united in marriage last Sunday evening. A beautiful ceremony was spoken by Squire Deans that joined the hearts and hands of the couple together for life. Miss Iva Spiller was first lady and Mr. Dennis Armor first gentleman. Mr. Drinkard and bride left the same evening in his car for Eden, where they will be at home to their friends.

A CITIZEN.

A DANGEROUS MISTAKE.

Brady Mothers Should Not Neglect Kidney Weakness in Children.

Many children have weak kidneys. An early warning is bed-wetting. Often followed by backache, headache, languor.

'Tis a mistake to neglect these troubles. To blame the child for its own distress.

Seek to check the cause. Save the child from dangerous kidney ills. Doan's Kidney Pills are especially for weak kidneys.

Brady parents know their worth. Mrs. J. T. Ogden, Brady, says: "A younger member of my family was afflicted with kidney weakness and she had headaches real often. She used two boxes of Doan's Kidney Pills, which I got from the Jones Drug Co., and they relieved these symptoms of kidney complaint and proved beneficial in every way. Since then, her kidneys have remained normal."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ogden recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

\$17,179.31 AWARDED

CITIZENS OF MASON TO BE RE-IMBURSED BY FRISCO.

Agreement Filed in Federal Court Monday for Forfeiture of Contract to Extend Road.

Citizens of Mason are to be re-imbursed by the Fort Worth & Rio Grande branch of the St. L., S. F. & T. Ry. Co., for forfeiture of contract, according to an agreement filed in federal court last Monday.

Some time in 1912 the citizens of Mason entered into an agreement with the Fort Worth & Rio Grande Ry. Co. to extend the road from Brady to Mason, such extension to be completed by June 30, 1913. About the time set for the completion of the road into Mason, the Frisco went into the hands of receiver, and in the meantime lack of finances prevented the beginning of the contemplated work. The citizens of Mason had raised the required bonus, had secured and deeded right-of-way and depot grounds, and had built highest hopes on the anticipated securing of a railroad.

Following the forfeiture of the contract, the Mason railroad committee filed suit against the Frisco, and in federal court the attorneys for the road explained to Judge Meek that lack of finances was what had kept the Frisco from living up to its contract. Judgment for \$13,179.31 was agreed upon, and the company also agrees to deed back to the donors numerous strips of land which were given as right-of-way.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Every Family Needs This Splendid Remedy

Compound of Simple Laxative Herbs Recommended for Constipation.

When a remedy has stood the test of critical analysis and strong competition for over a quarter of a century and establishes itself as the indispensable household remedy in thousands of homes, it is pretty good evidence of its efficacy.

Dr. Caldwell's Syrup Pepsin has been on the market since 1889, its use being gradually extended until now it is generally regarded by druggists as the staple family laxative. It is a combination of simple laxative herbs, free from opiates or narcotic drugs, gentle in its action and positive in effect. It costs only fifty cents a bottle and can be purchased in drug stores everywhere.

Mr. Frank Klima, of 2309 Ashland Ave., Baltimore, Md., wrote Dr. Caldwell recently that he had tried about everything

With the Candidates

For City Secretary.

W. J. Blair is a candidate for the office of City Secretary, and in this issue presents his name to the voters of Brady. Mr. Blair has made his home in Brady since 1904, working first for the firm of Rainbolt & Plummer for some five or six years in the capacity of bookkeeper. Since then Mr. Blair has held positions with some of the leading Brady firms, doing clerical work, and has given entire satisfaction in

each instance. Mr. Blair feels that he not only possesses all qualifications required to fill the position of City Secretary in a capable and satisfactory manner, but he needs the position. He has never before asked for public office, and if the voters of Brady name him as their choice he will use every effort to return the favor in faithful and efficient service. He asks the support and influence of every voter of Brady.

LOCAL BRIEFS.

J. L. Jordan, who has been in ill health the past several months, was taken to Temple last night, where he will undergo an operation for appendicitis in an effort to afford relief. Mrs. Jordan accompanied him, making the trip by way of Brownwood.

R. K. Finlay returned this morning from Fort Worth where he marketed a car load of home-raised hogs. To quote R. K., "McCulloch county hogs are in demand, much the same as McCulloch county pretty girls." He is well pleased with the results of the sale, and says he found a good market. Nine other car loads of hogs, besides

several car loads of cattle composed the train load upon which Mr. Finlay shipped his hogs. Dan Bickenbach of Mason and F. Brooks of Fredonia were the other shippers of hogs, the latter having charge of seven car loads. Mr. Finlay reports a heavy rain in Fort Worth this morning, and is sanguine that McCulloch county is due for some moisture before this spell is over.

Ginners and the Law.

To the Editor of The Standard: The warehouse and marketing department desires to state, in answer to many inquiries and for the benefit of all concerned, that that part of the law pertaining to bagging, as prescribed in section 6 of the law, which is mandatory and reads as follows, will be enforced to the letter the coming season:

"Sec. 6. Each and every bale of cotton ginned by a public gin in this state shall be wrapped in bagging so as to completely cover same, and leave none of the cotton exposed. The bagging in which the same is wrapped shall be of such a character of fiber and texture that all the markings placed on same will, under ordinary conditions, remain intact and visible, etc."

In the matter of marking the bales so that the marks will, under ordinary conditions, remain intact and visible, we suggest that if a bagging of good strong fiber is used, as required, a good quality of indelible marking ink will last until the cotton reaches its destination. The practice of using lamp black and kerosene oil should be discontinued, as it will not stand even a heavy shower and is often the cause of misunderstanding between customers who leave their cotton on the gin yard.

In regard to section 46, which is not mandatory, and which reads as follows: "The board of supervisors shall have the power one year after this act takes effect to provide the character of bagging to be used in baling cotton," the department fully appreciates the importance of the above section, and has, at much expense and for some time, investigated the advisability of carrying out this provision the coming season. Representatives have been sent East to make a thorough investigation of the matter, and upon their reports it has been decided that in the face of inflated values in imported jute and owing to the impossibility of arranging with unsettled foreign markets a legitimate tare under the new conditions this provision would create, it would be unwise and unjust at this time to enforce this discretionary provision.

We are of the opinion, however, that later on, when the cotton trade is normal, the enforcement of this section of the law will mean a saving to producers of Texas in tare alone several million dollars annually.

Taken to Temple.

The many friends of Mayor A. C. Baze will regret to learn of his illness, necessitating his removal to Temple, where he will undergo examination, and possibly an operation. Mrs. Baze accompanied him to Temple yesterday noon. Mr. Baze has been in ill health the past several weeks, and efforts to secure relief have so far proven unavailing.

2. Be it further resolved, that as a token of respect for the family, a copy of these resolutions be sent to them, a copy to each of the home papers, and a copy be published in the Battalion.

Best for Liver and Bowels, Bad Breath, Bad Colds, Sour Stomach.

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

Reported Improving.

R. G. Prater was over this week from Brownwood where he spent the holidays attending Mrs. Prater, who has been quite ill. Their many friends will be pleased to learn that Mrs. Prater is making an excellent recovery, and that she expects to be able to return to Brady within the next week or two.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.
